This image displays a grid of empty rectangular cells, typical of a spreadsheet or a table. The grid is composed of 20 rows and 100 columns, creating a total of 2000 individual cells. Each cell is outlined with a thin, light blue border. The cells are arranged in a uniform pattern across the page, with no text or data present inside any of them.

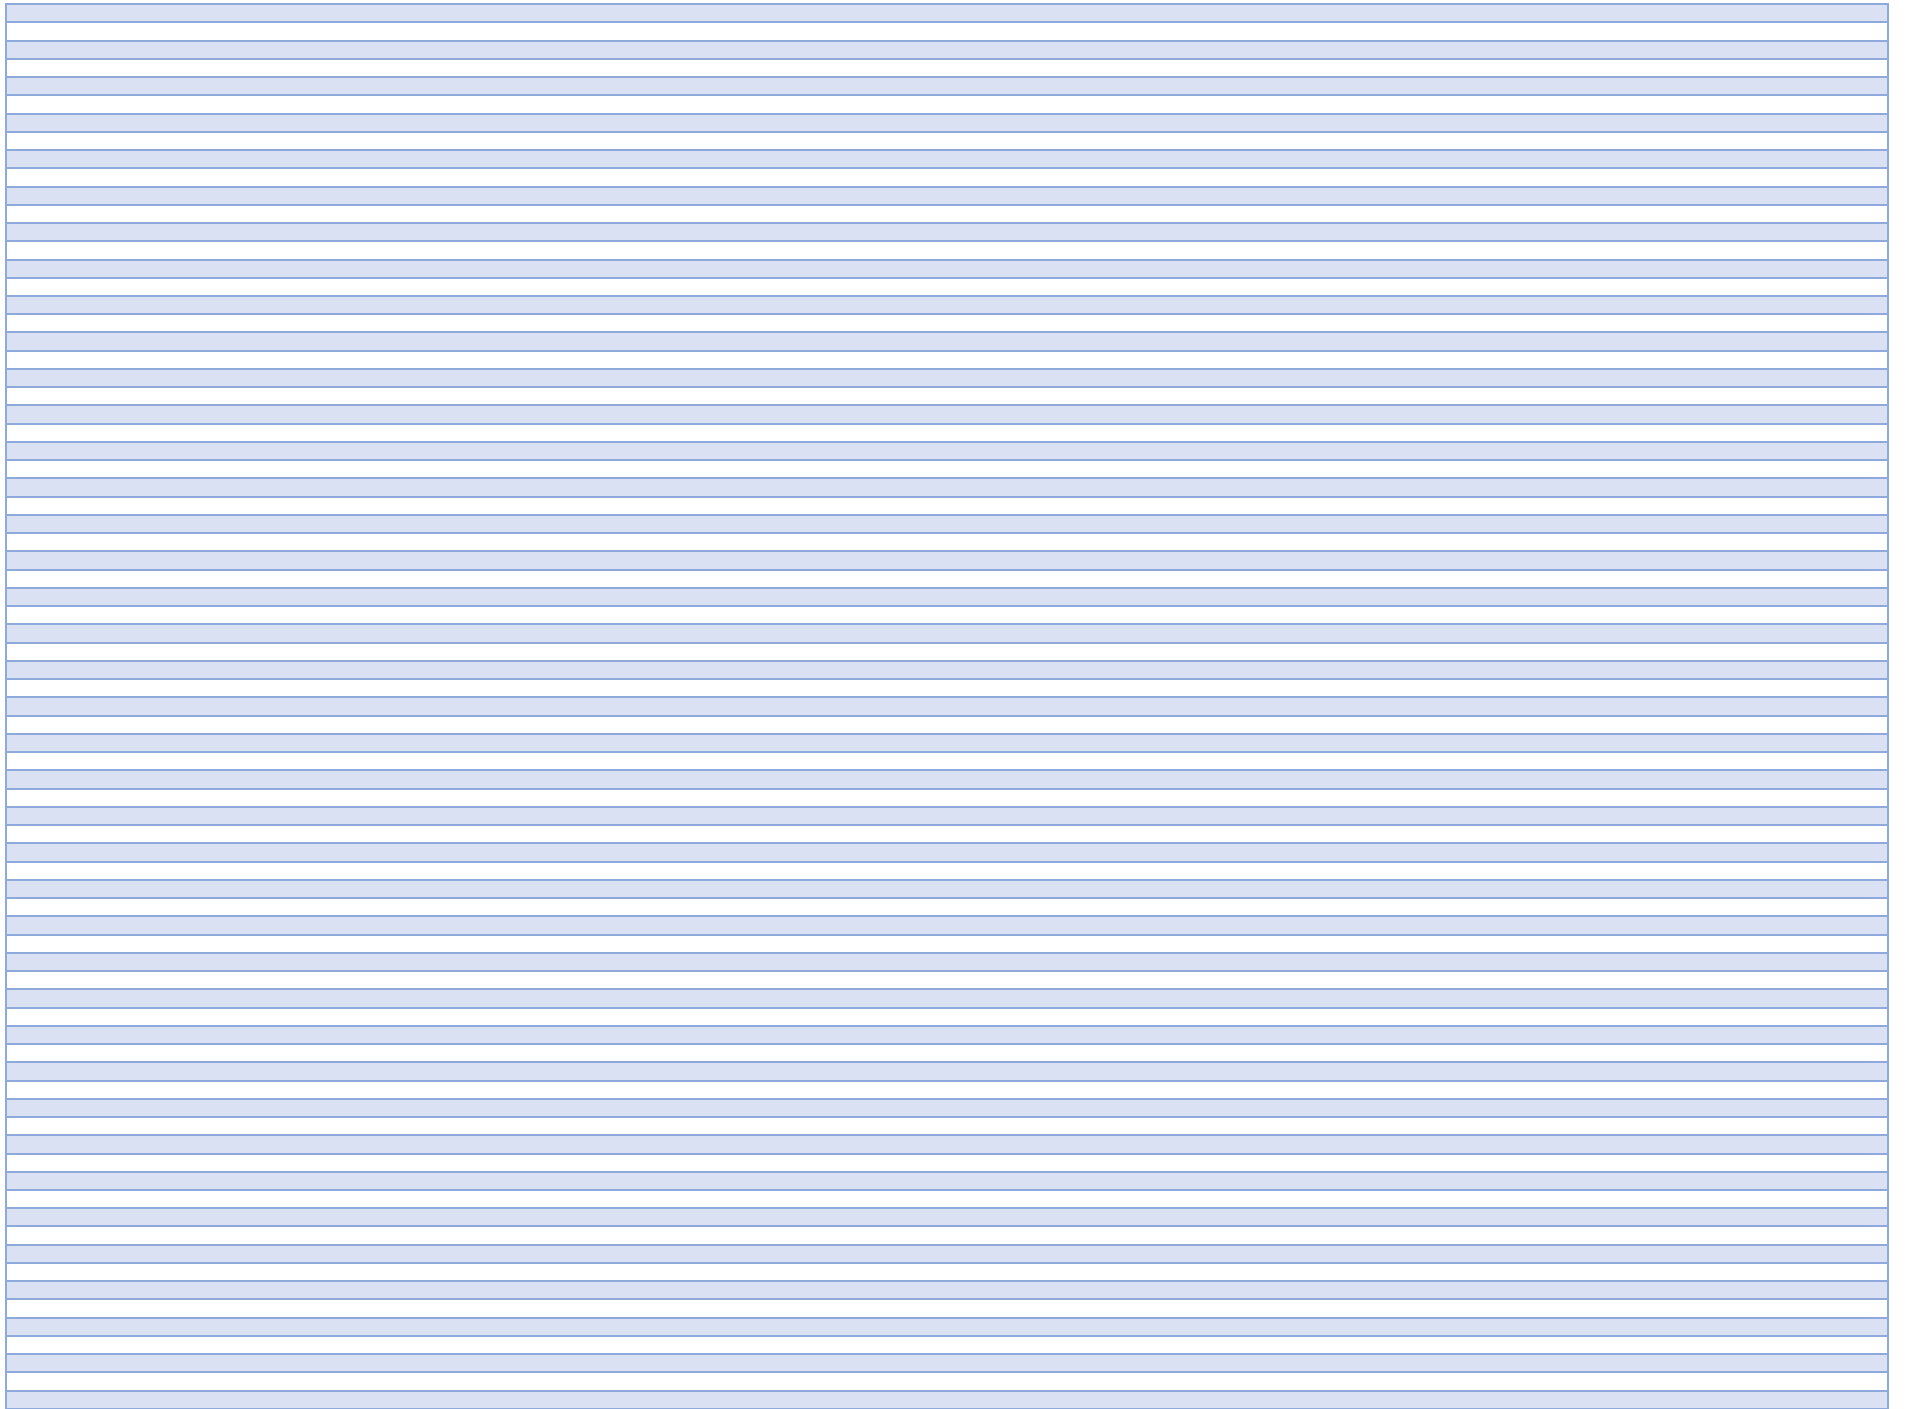

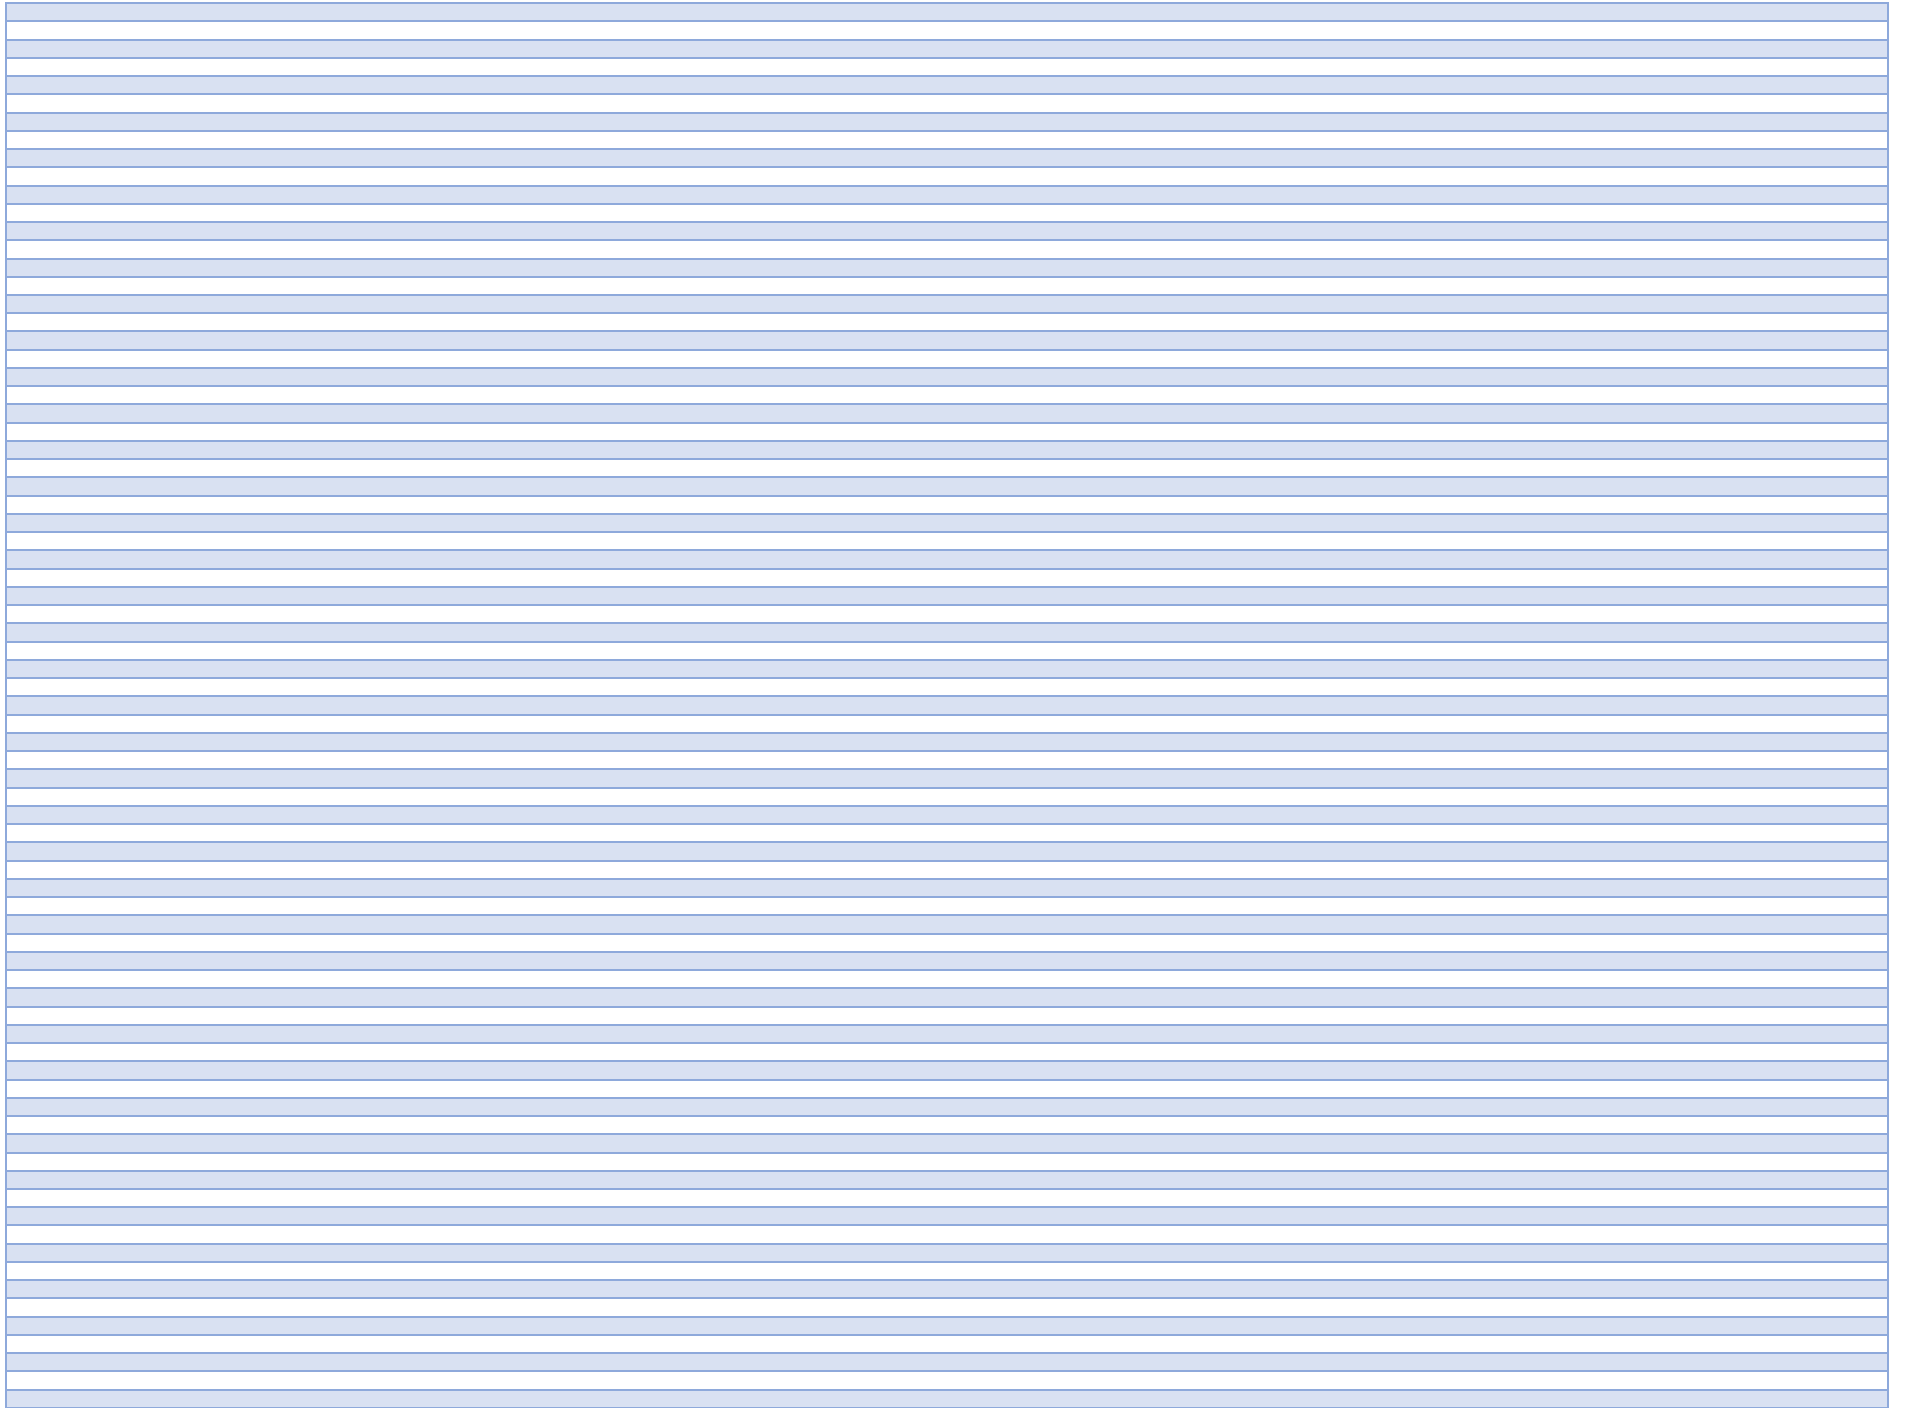

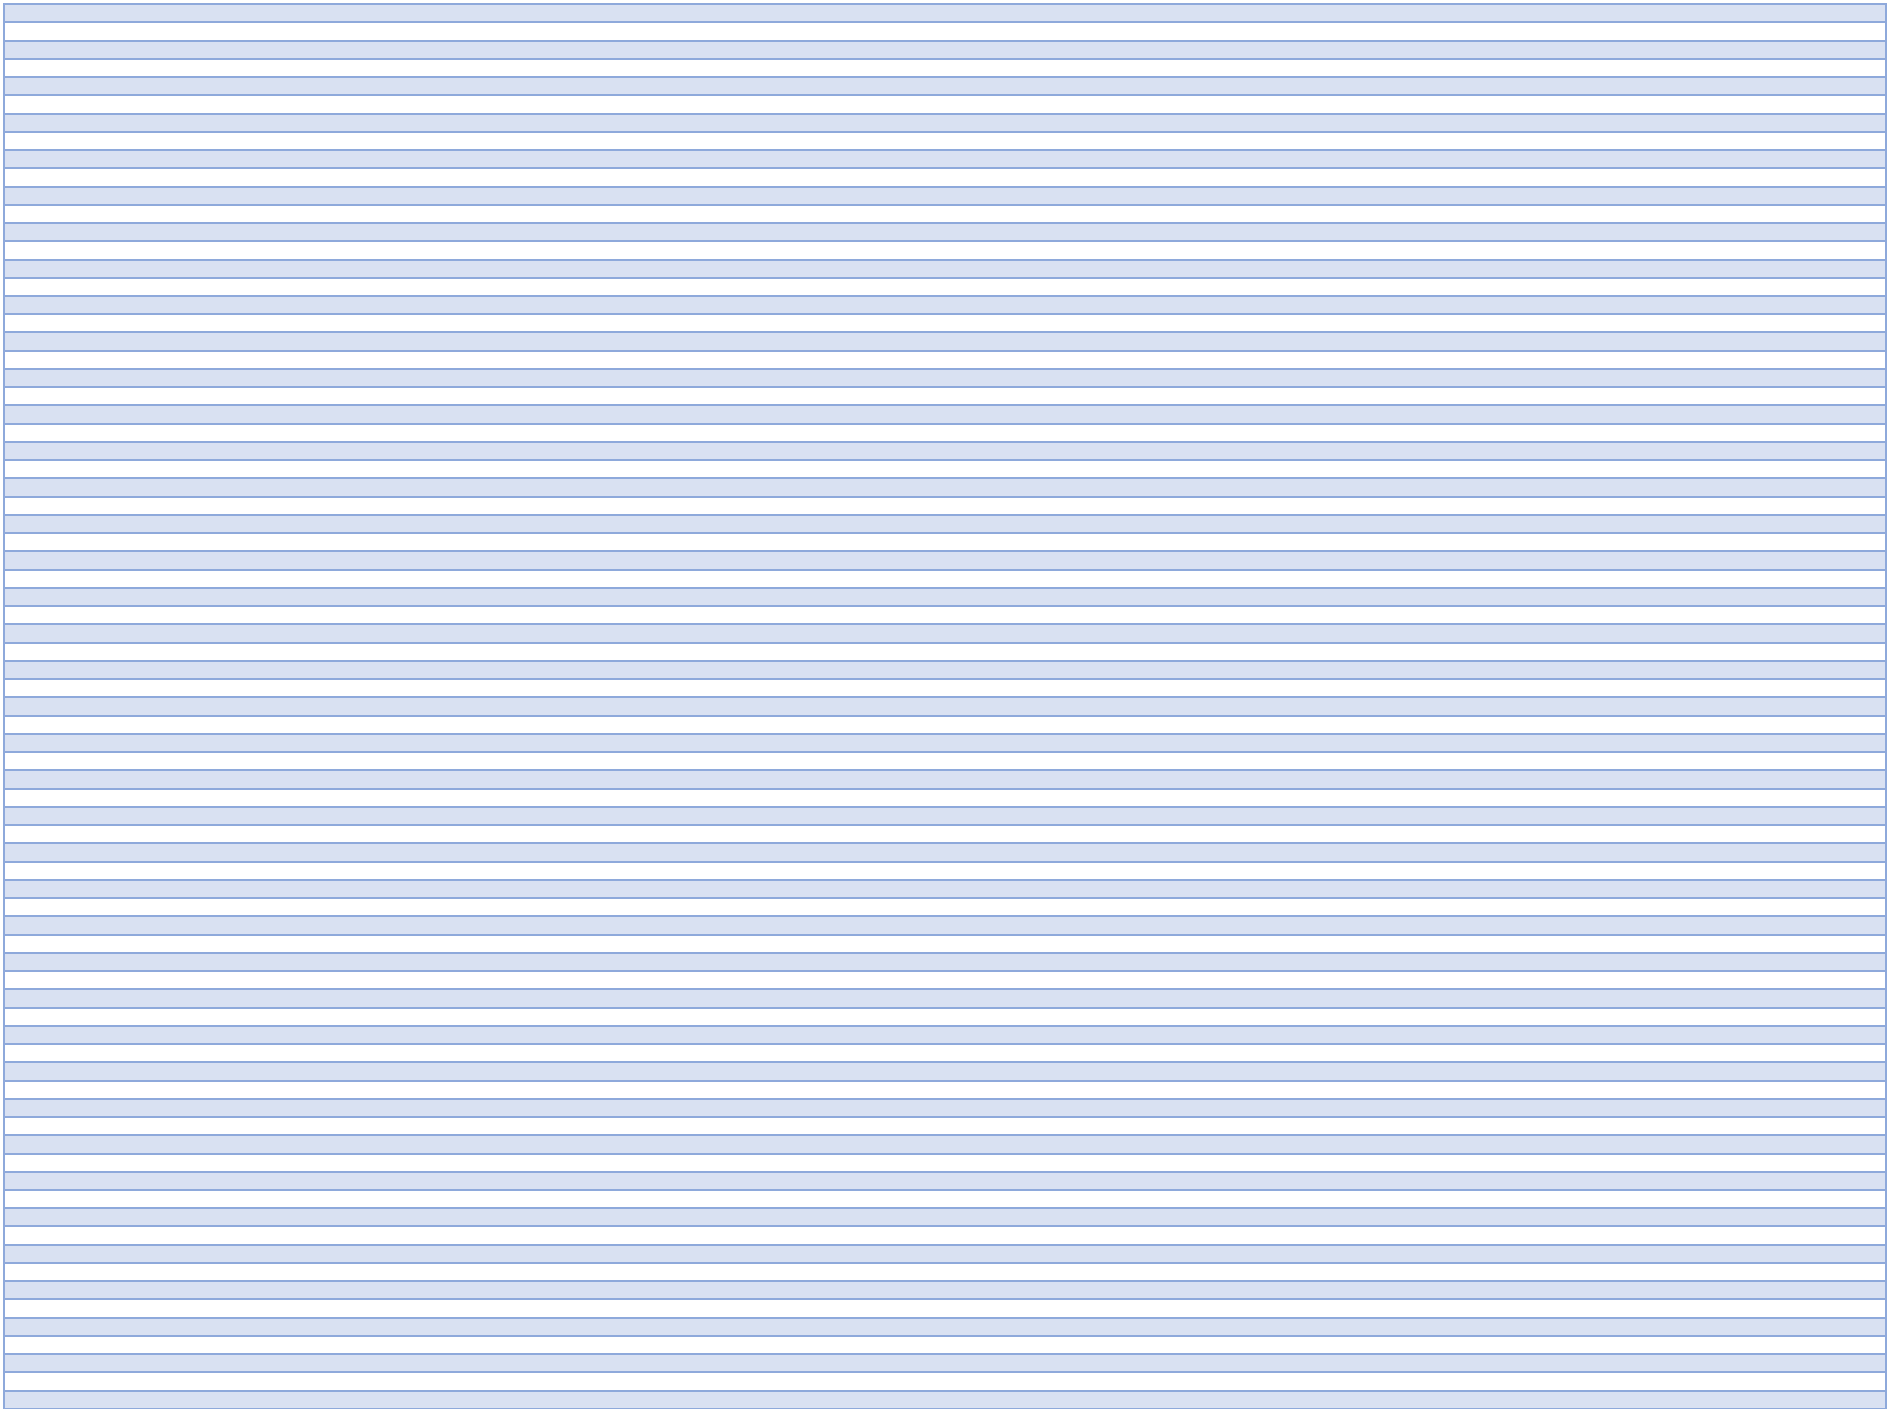

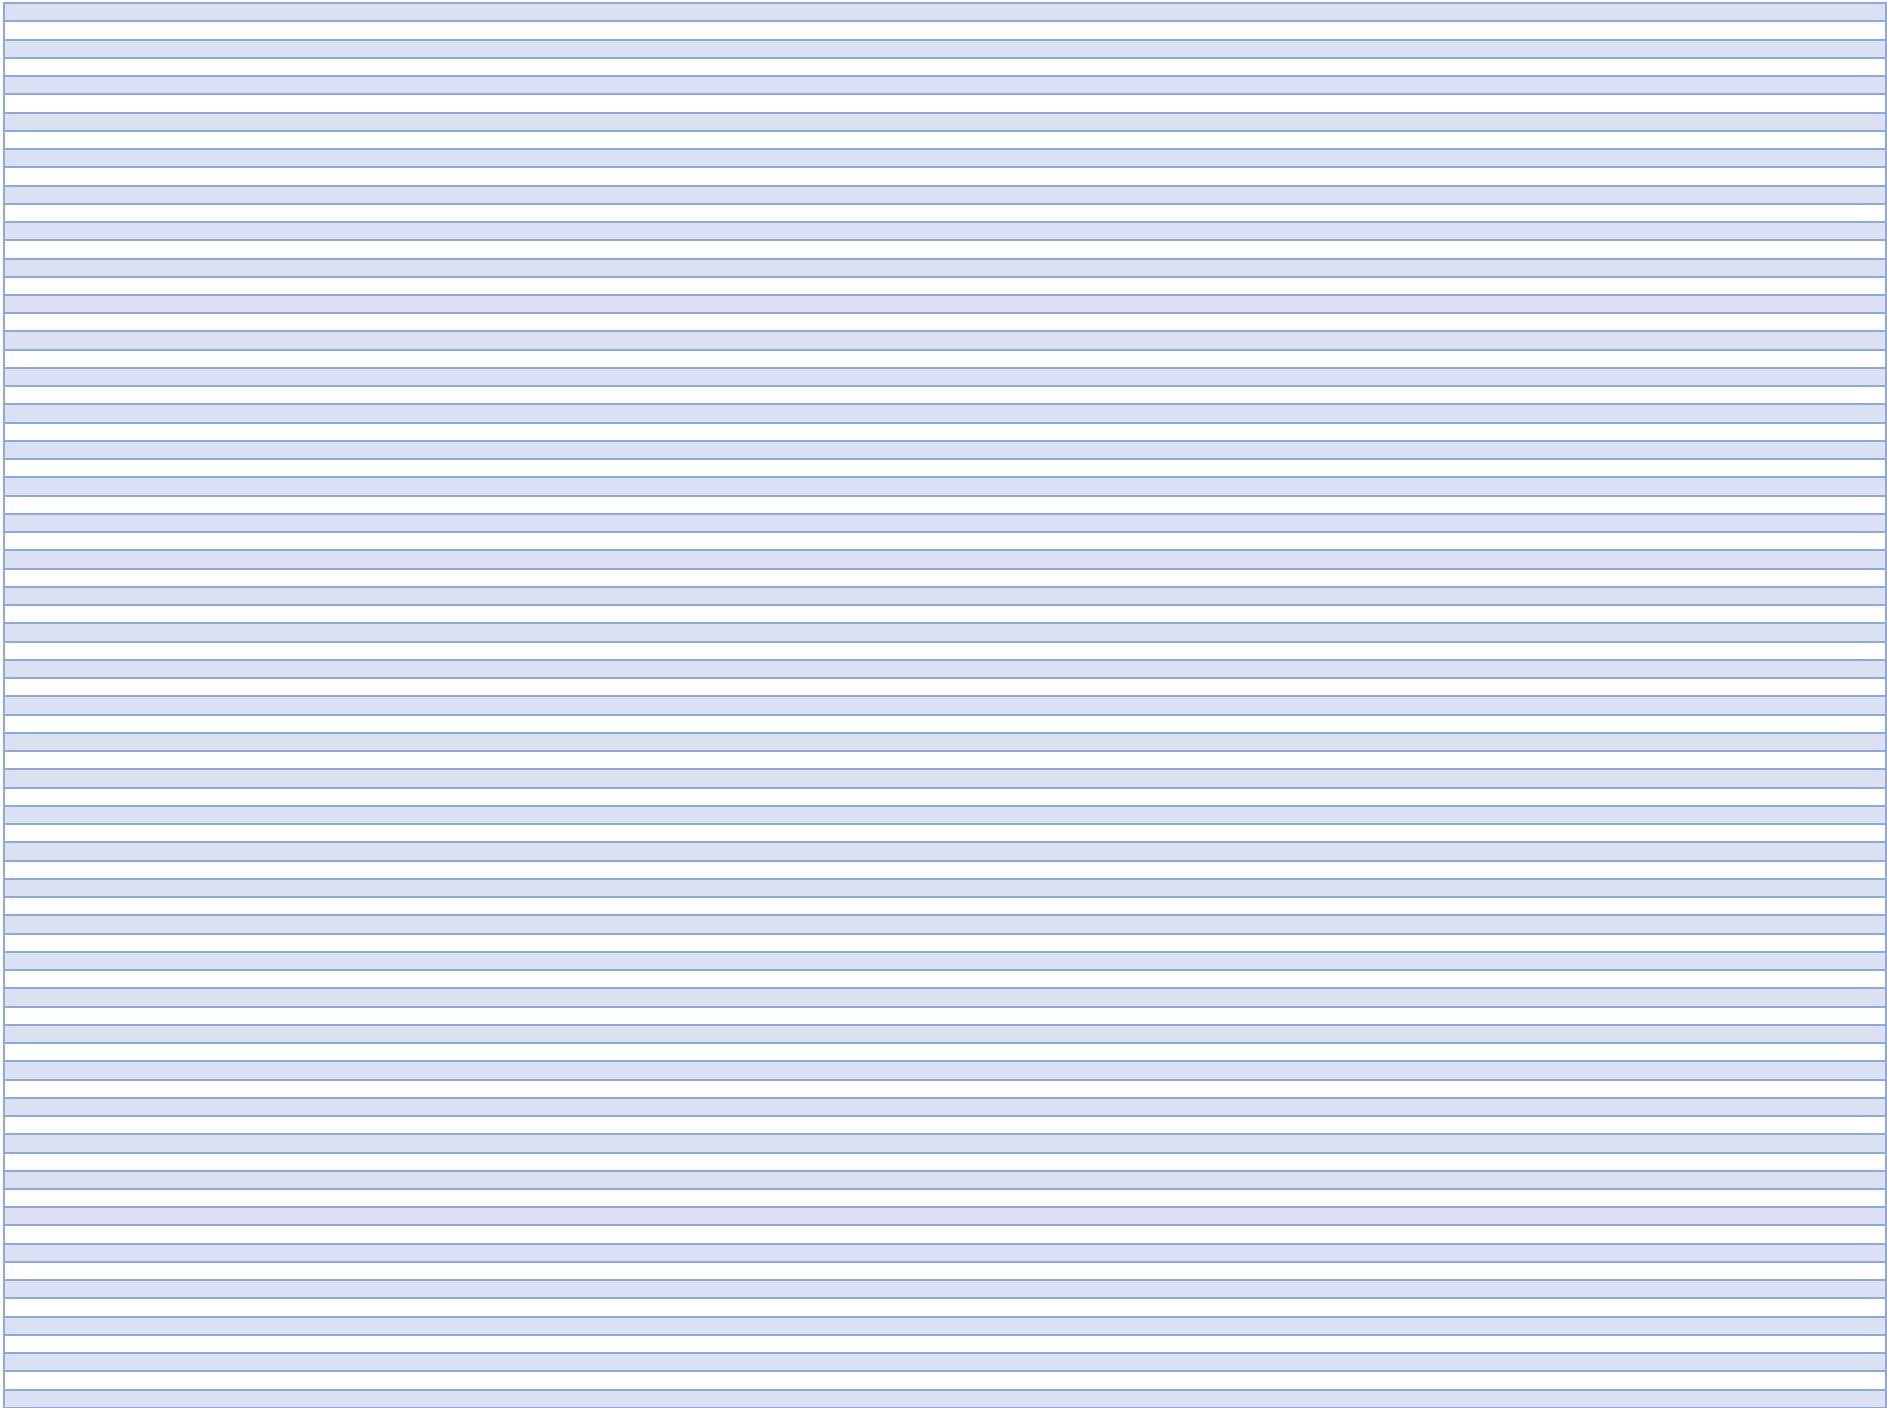

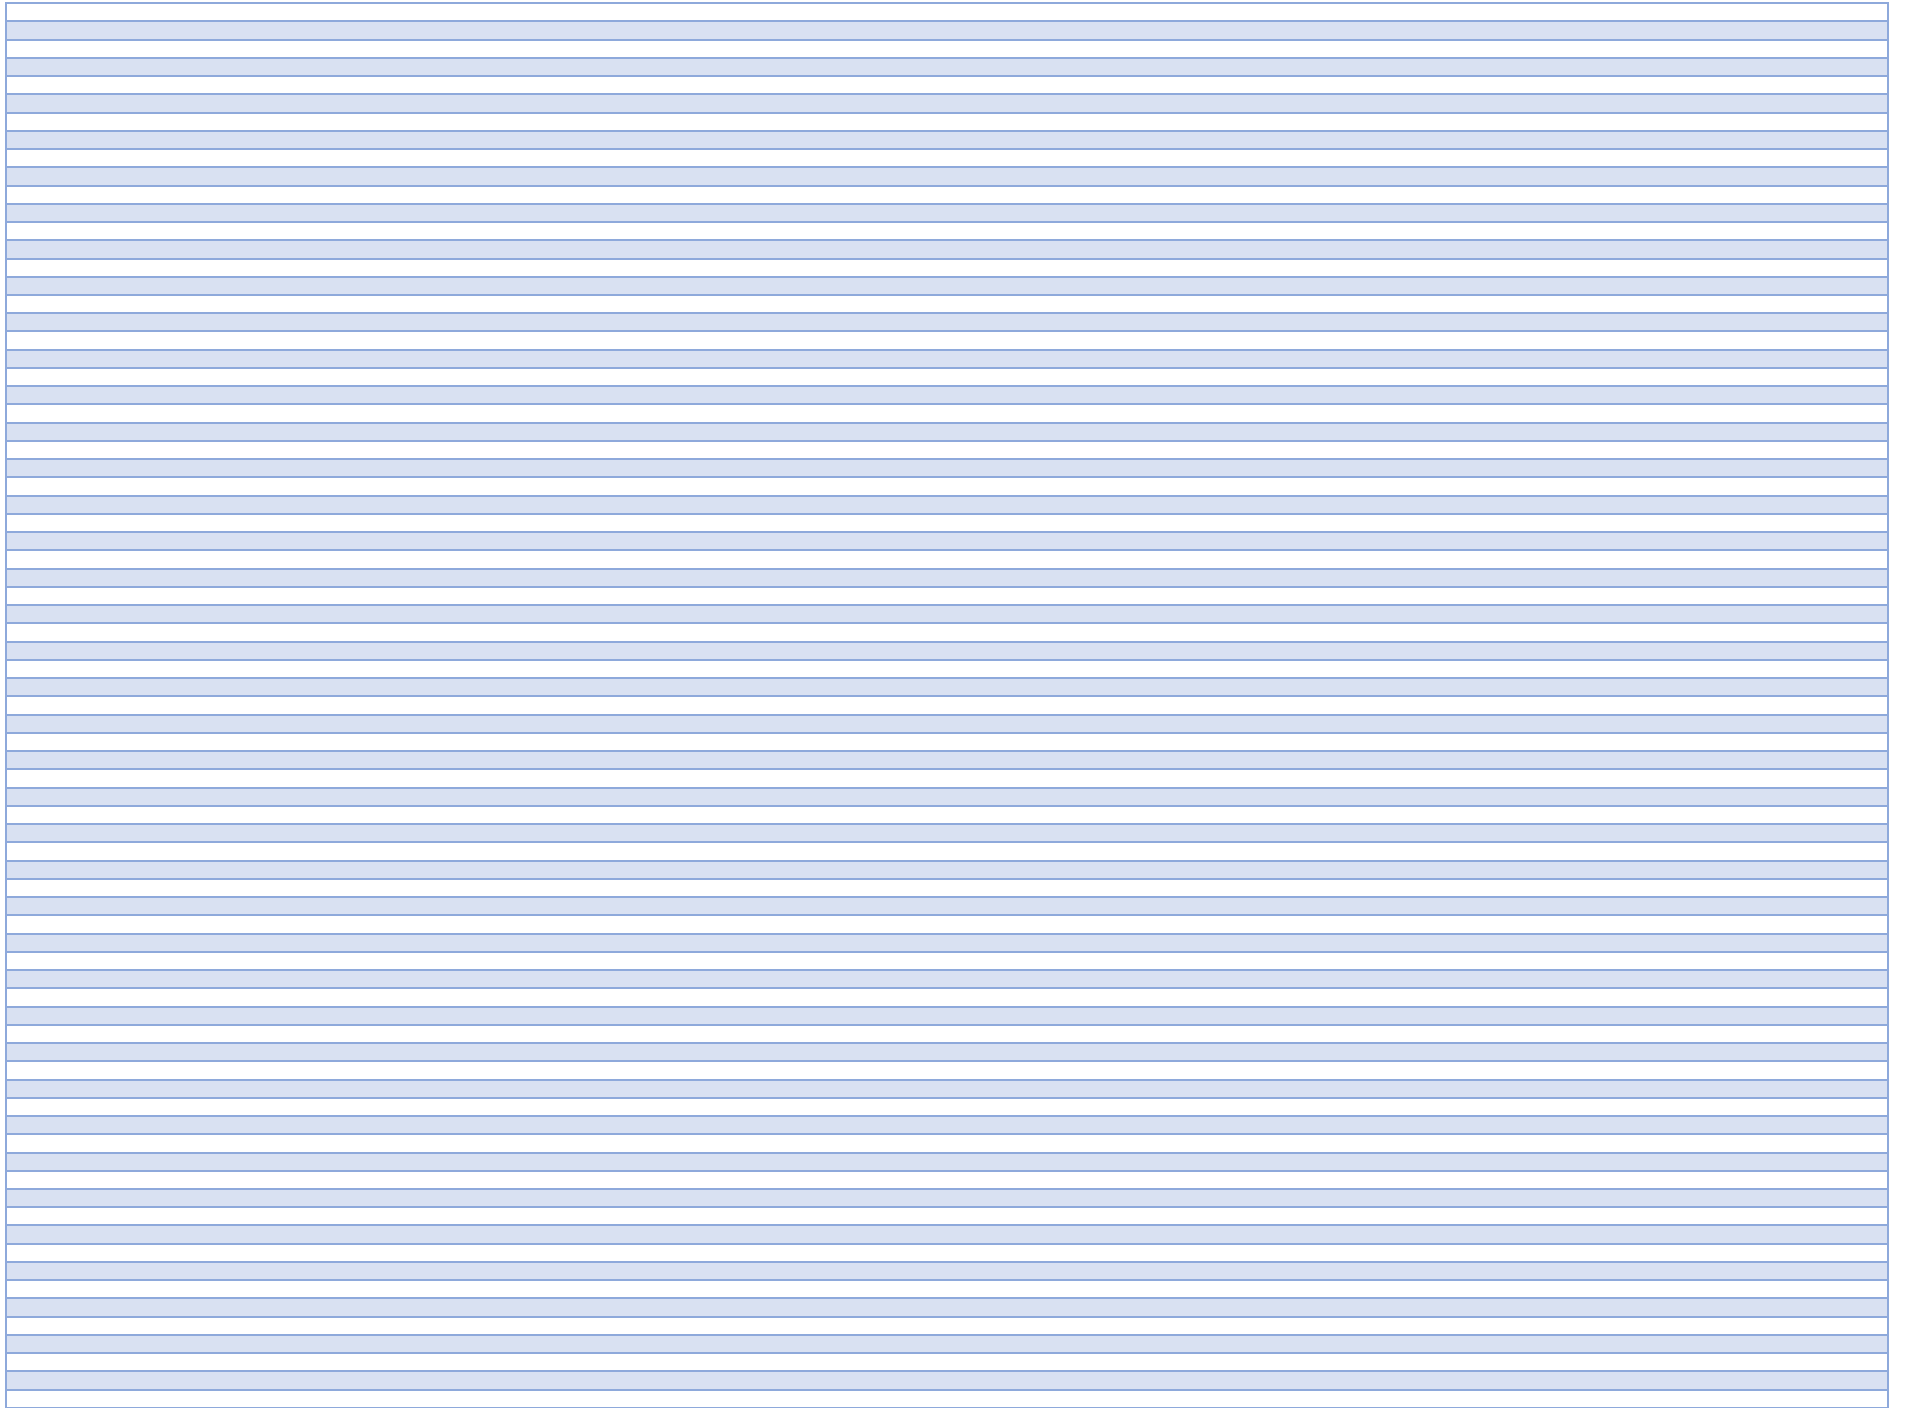

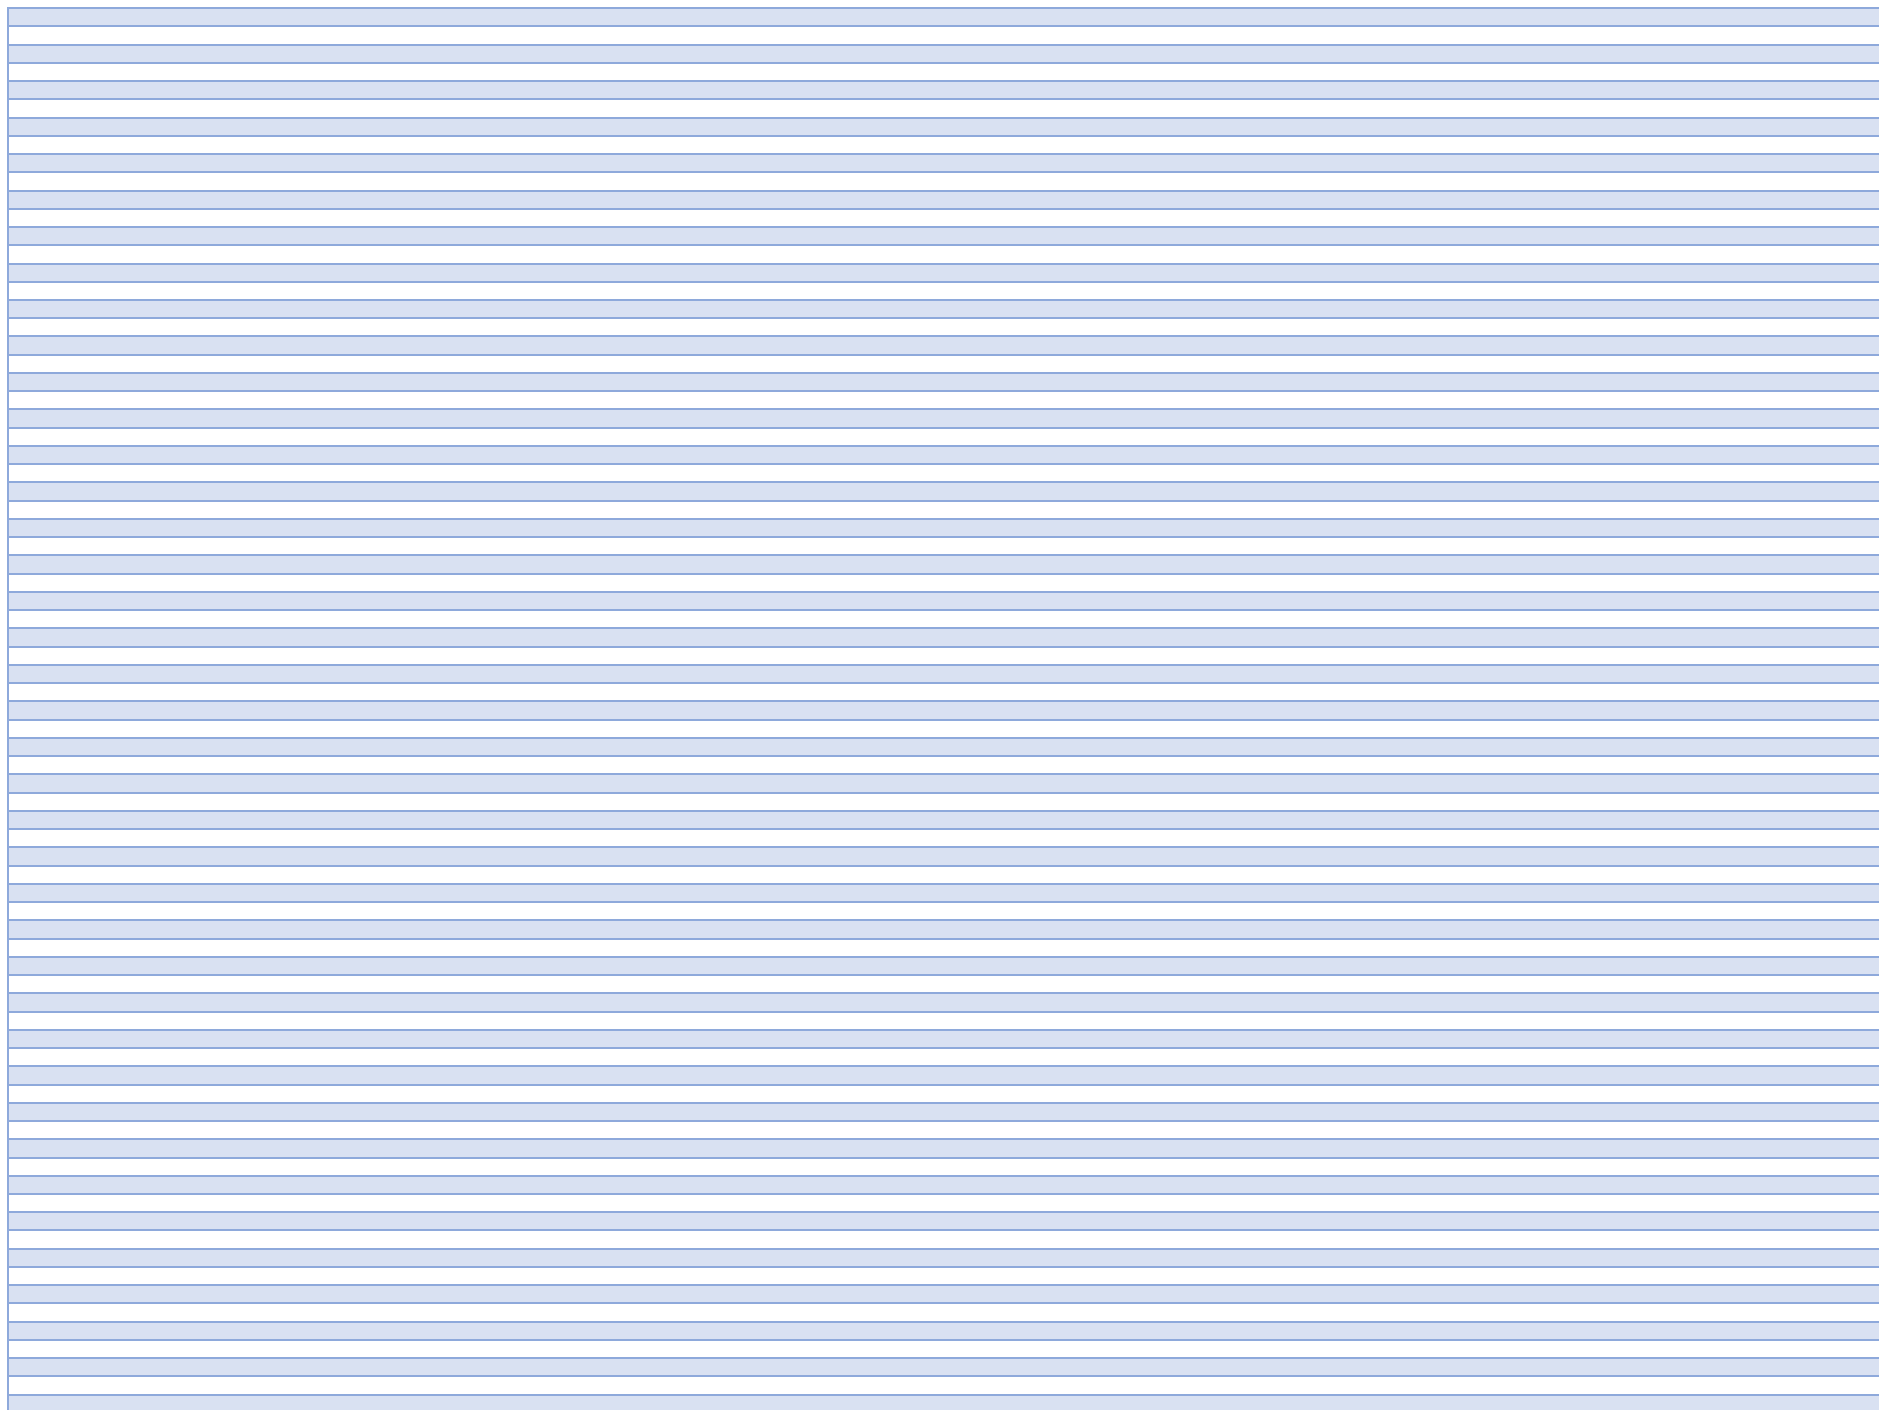

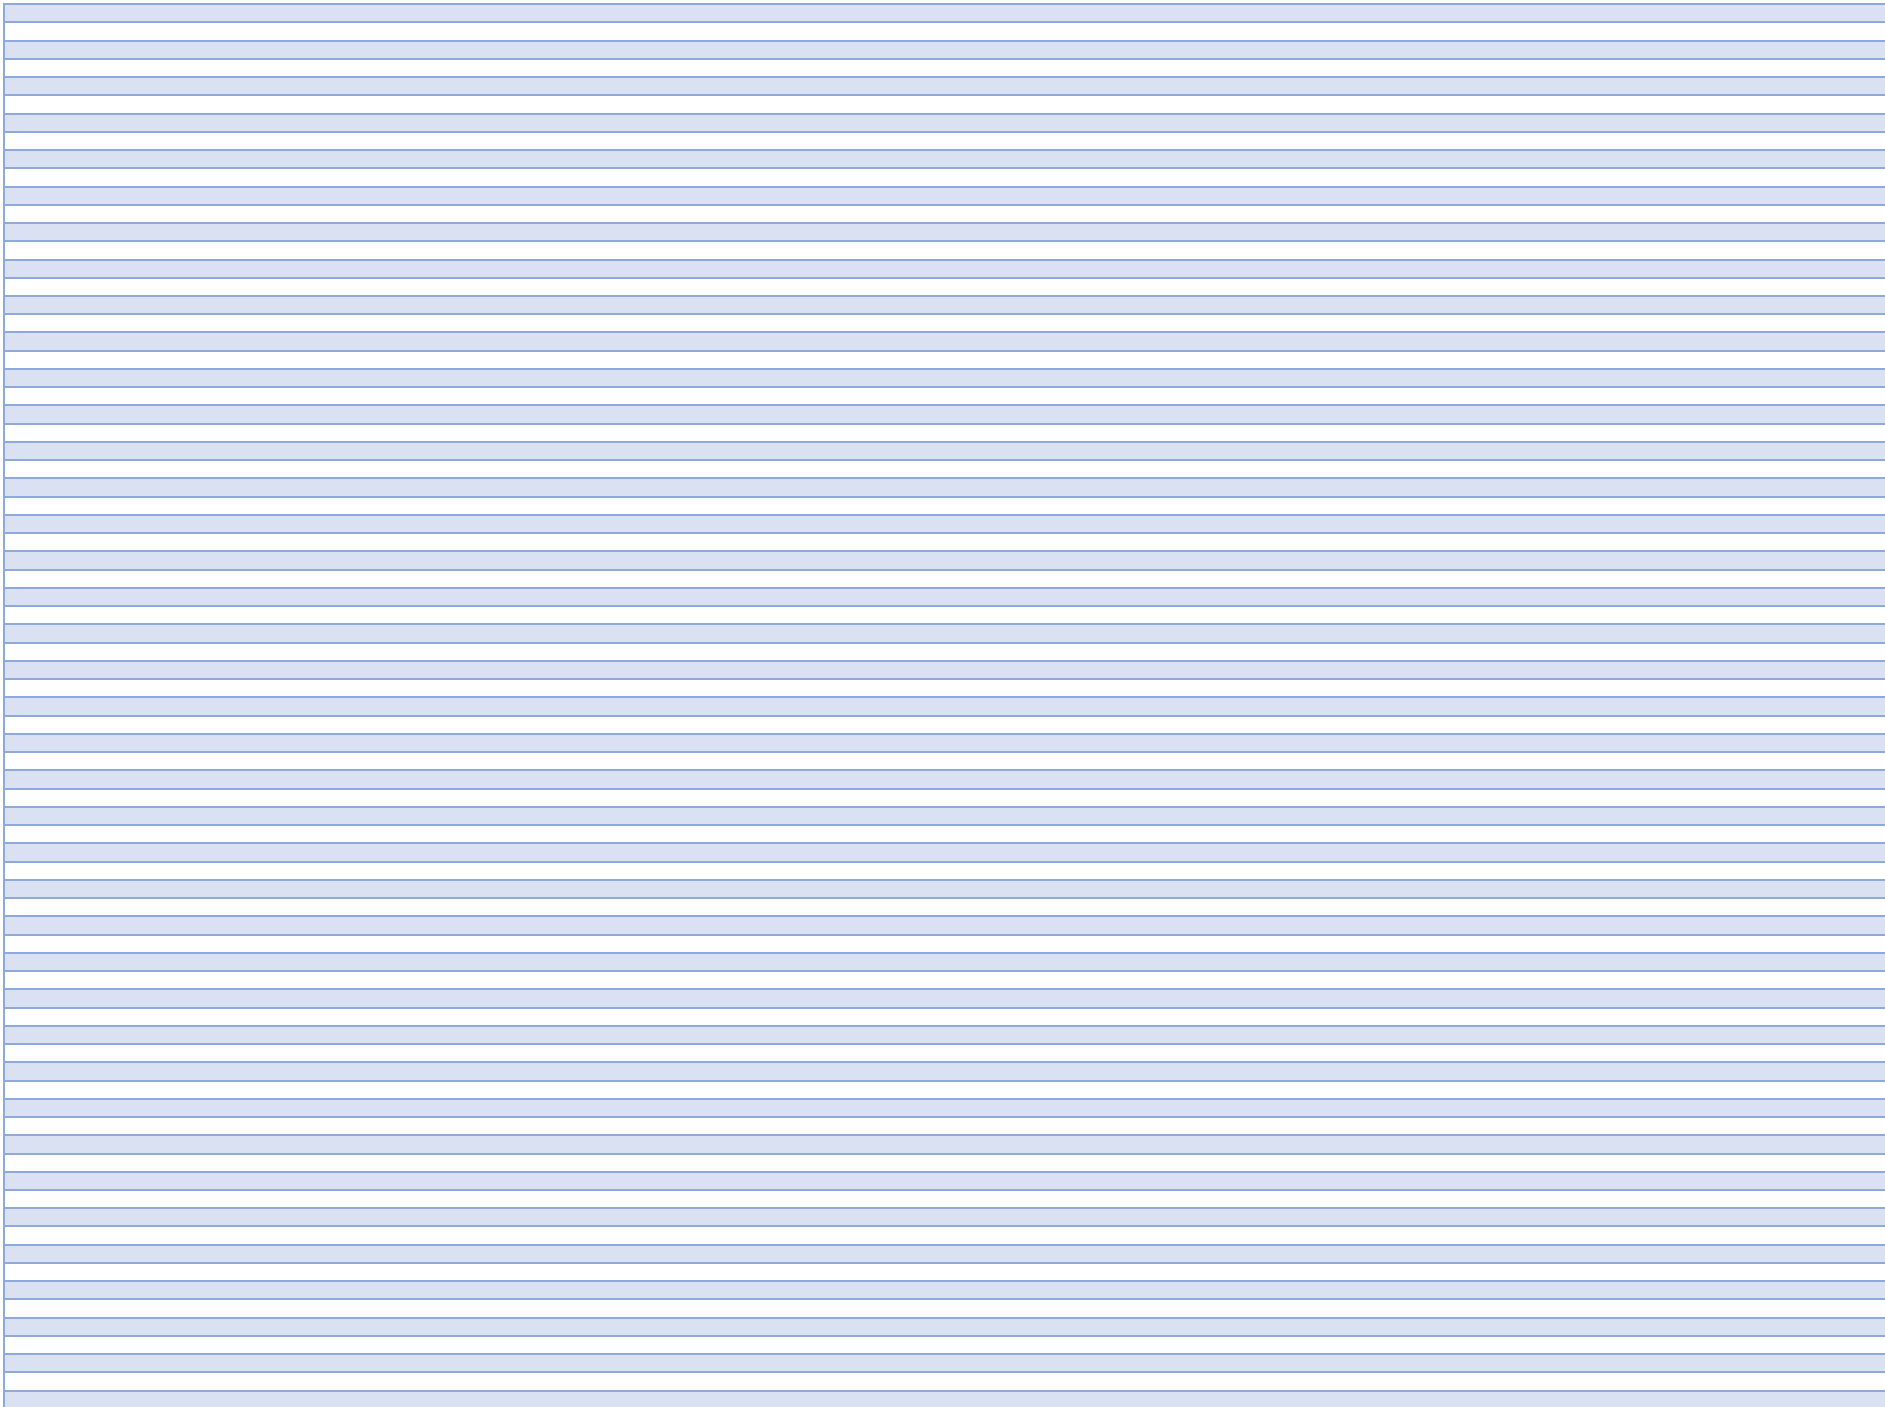

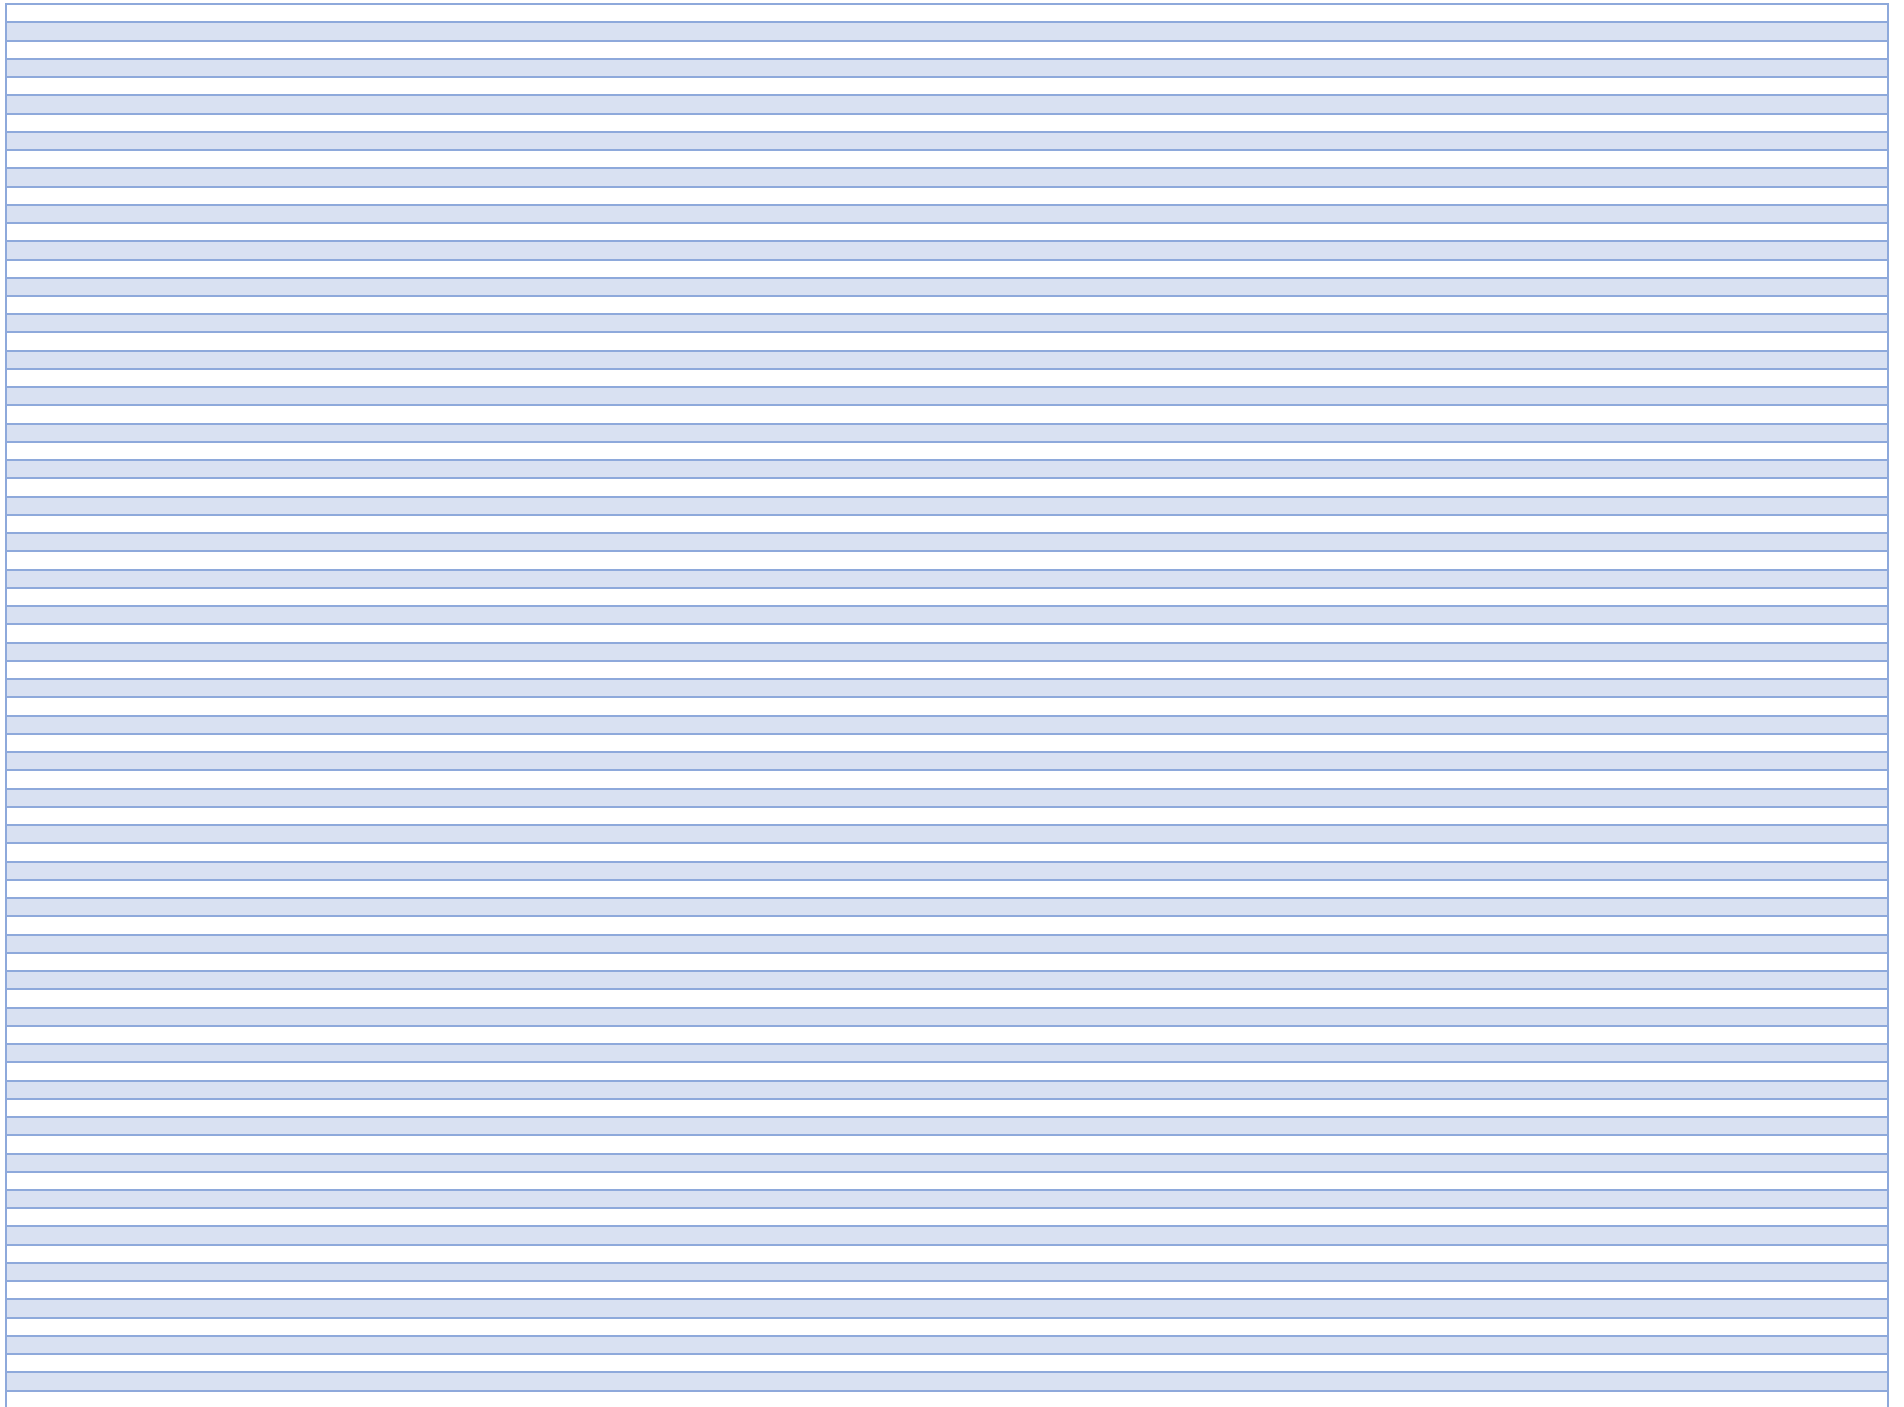

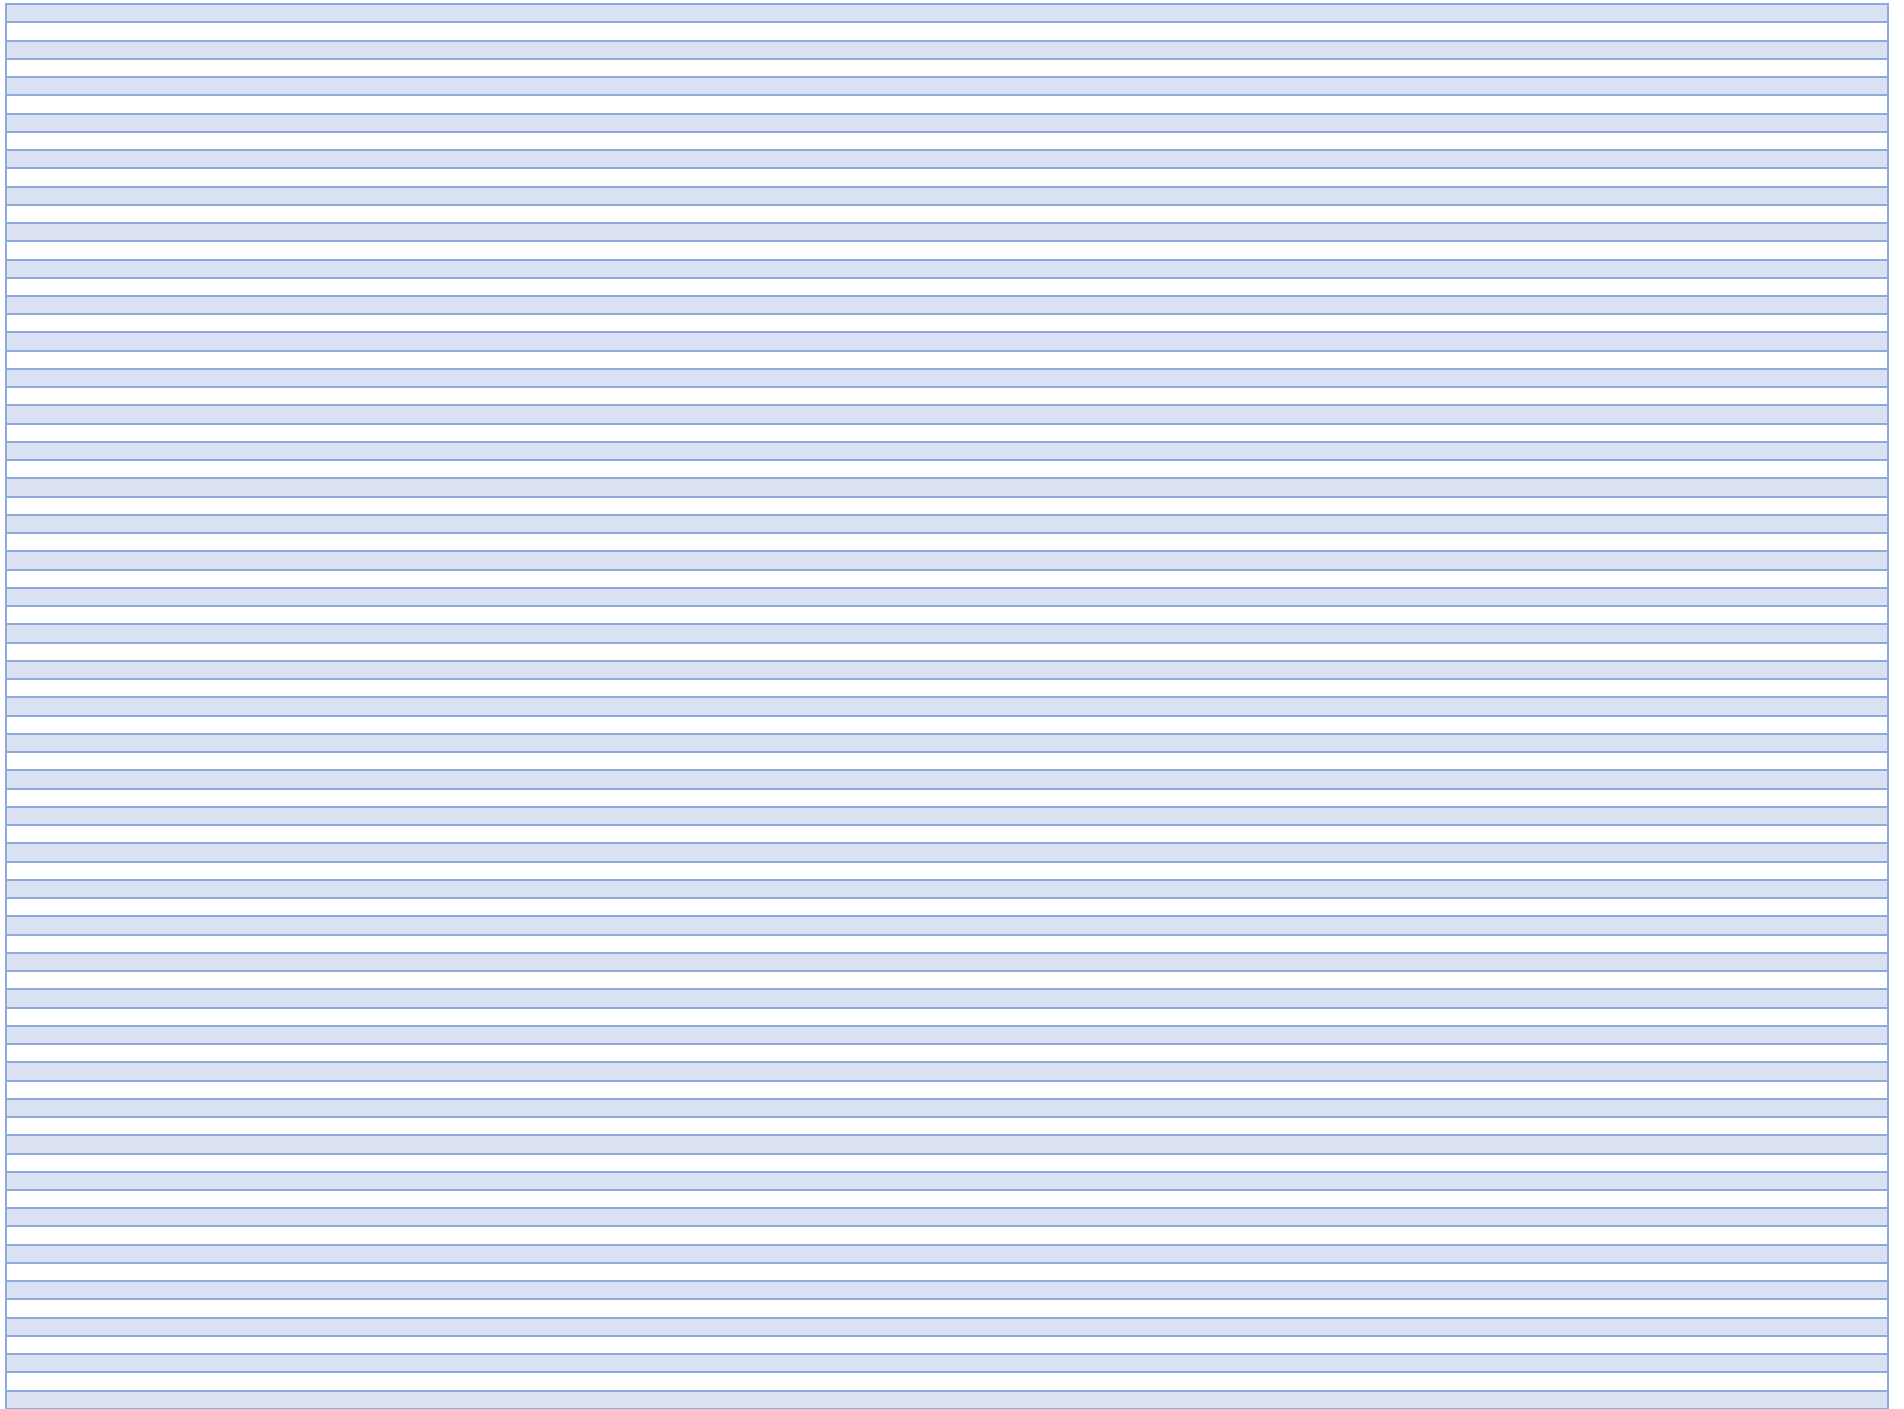

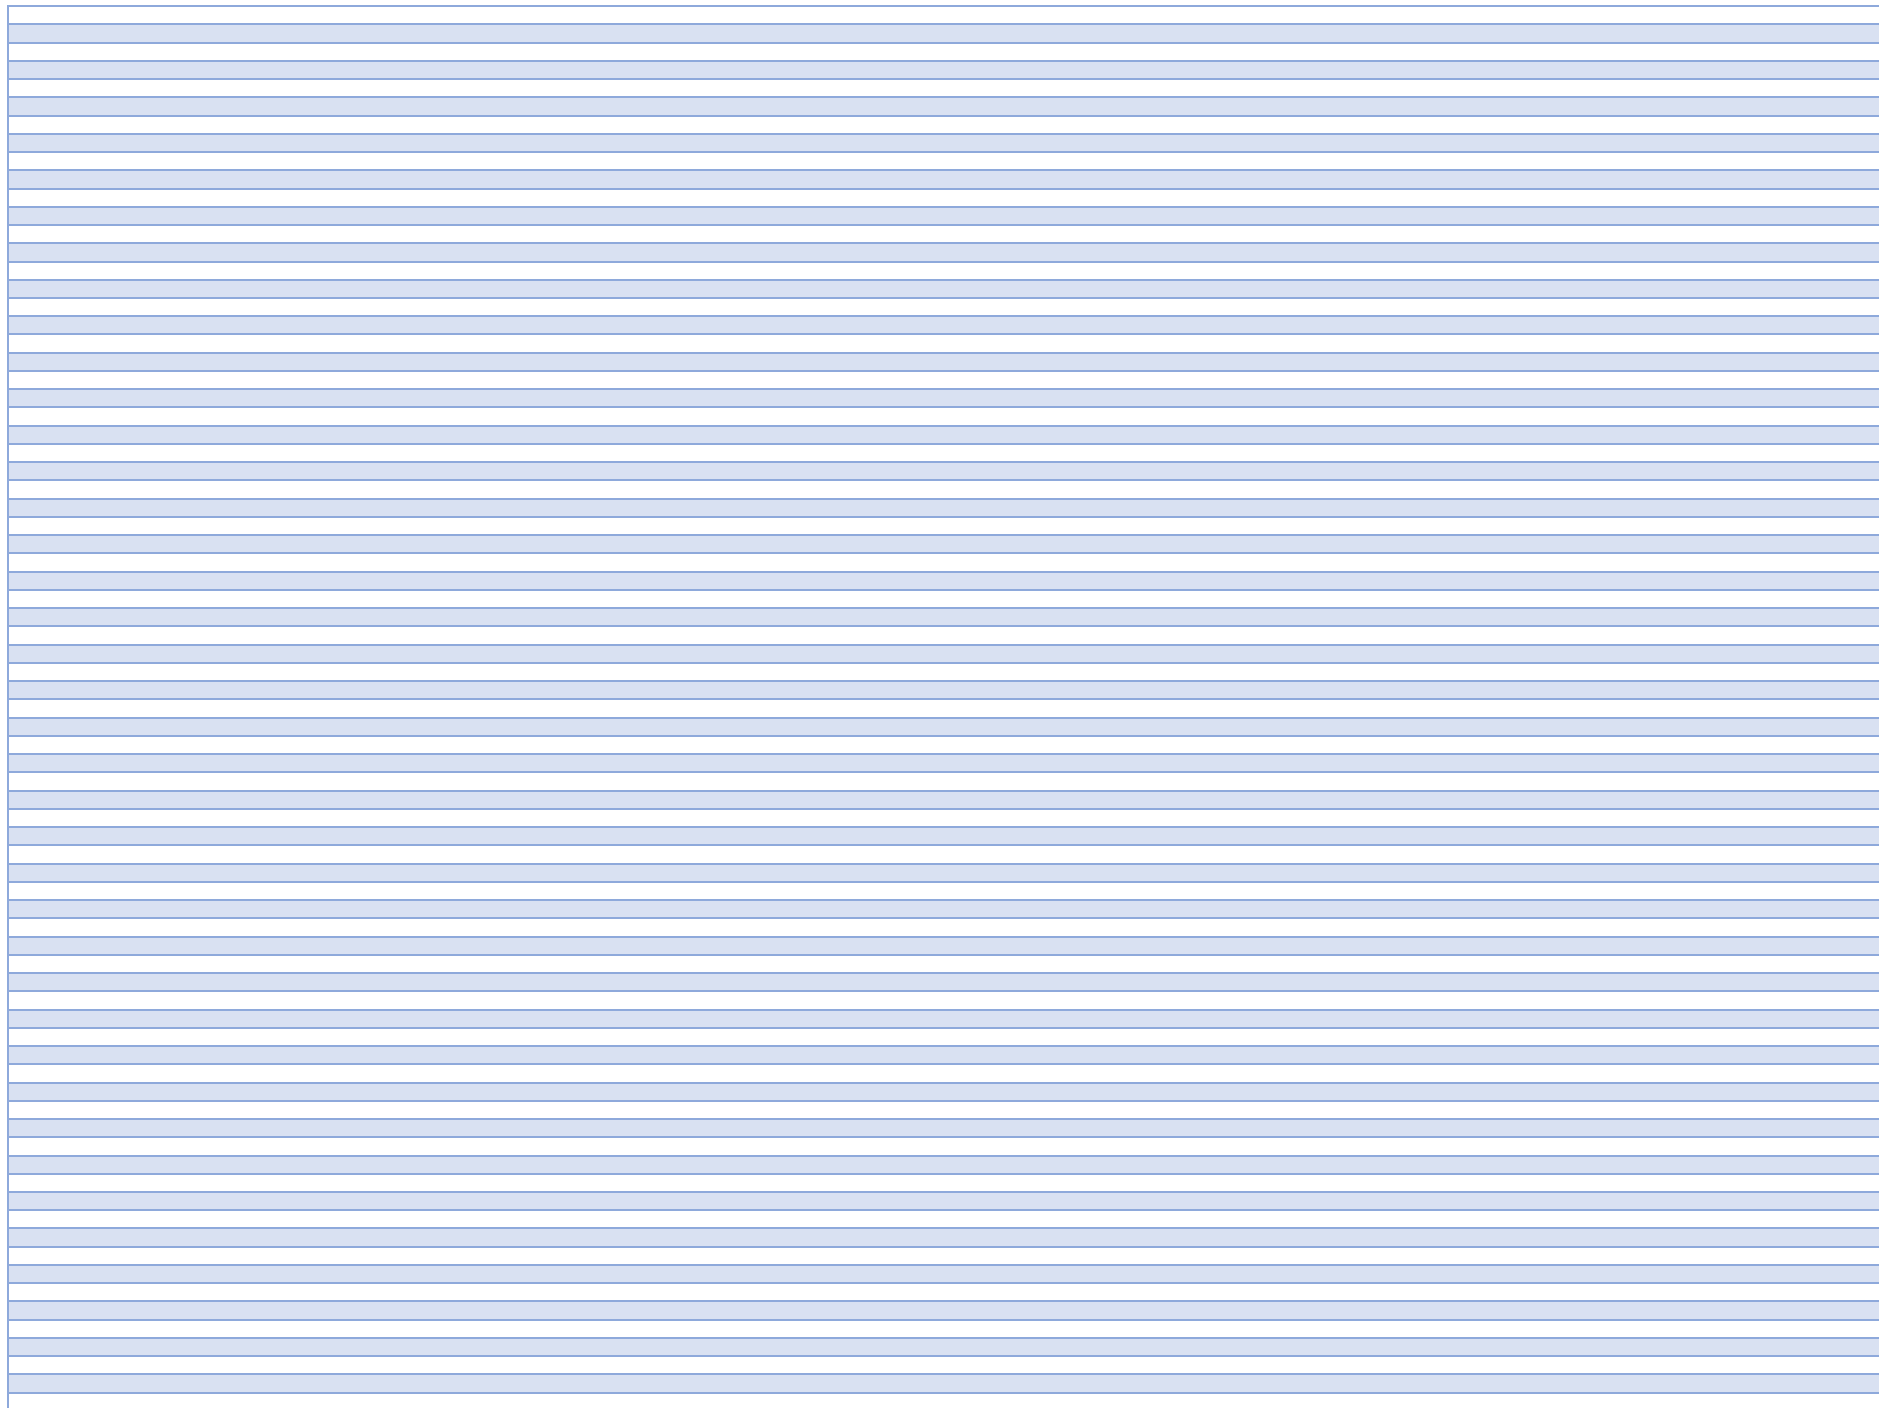

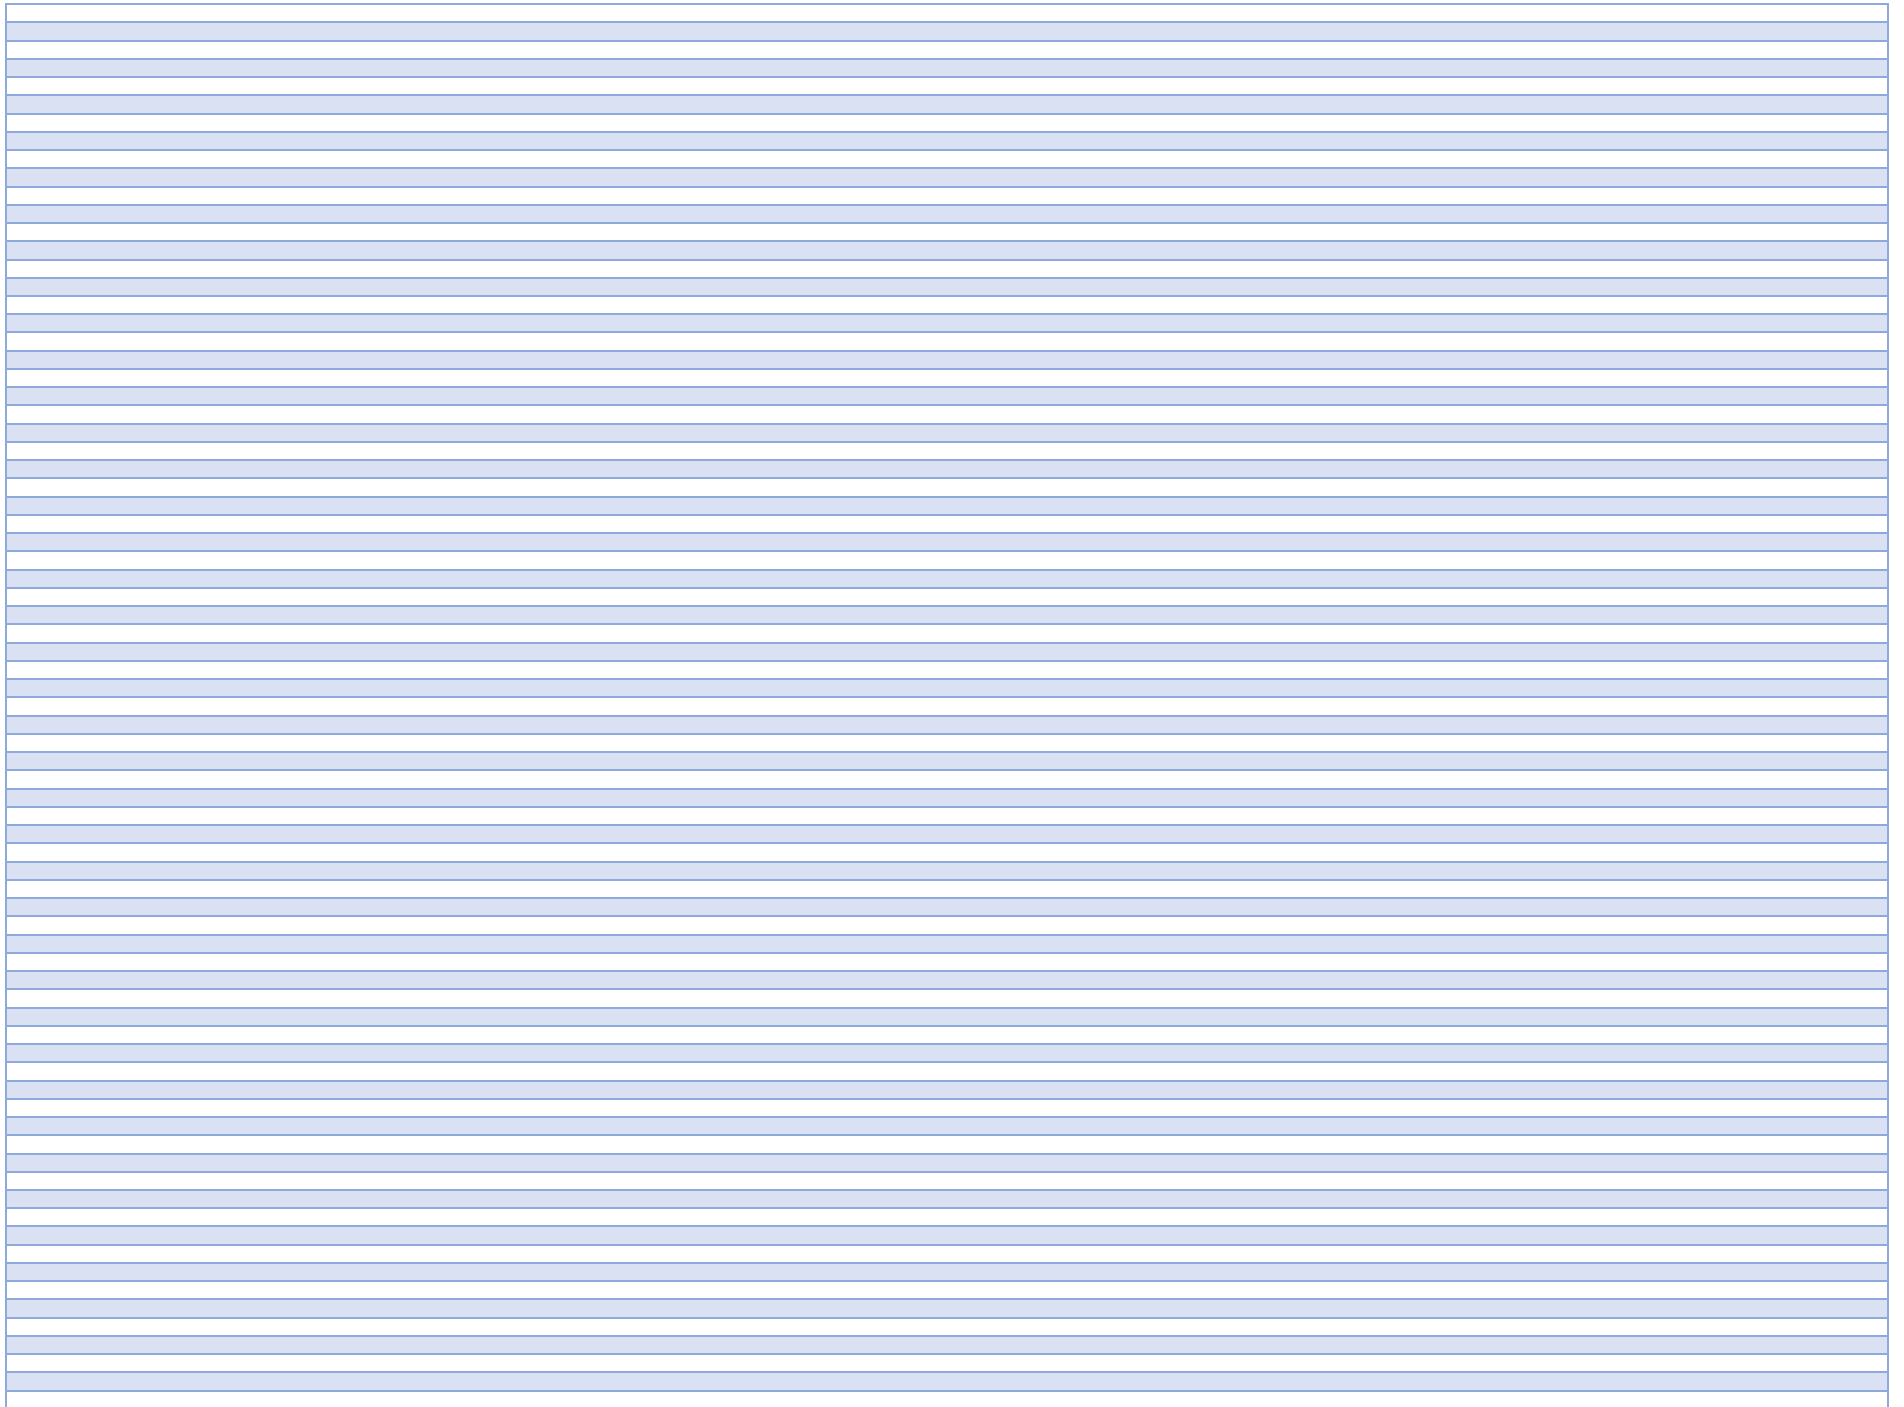

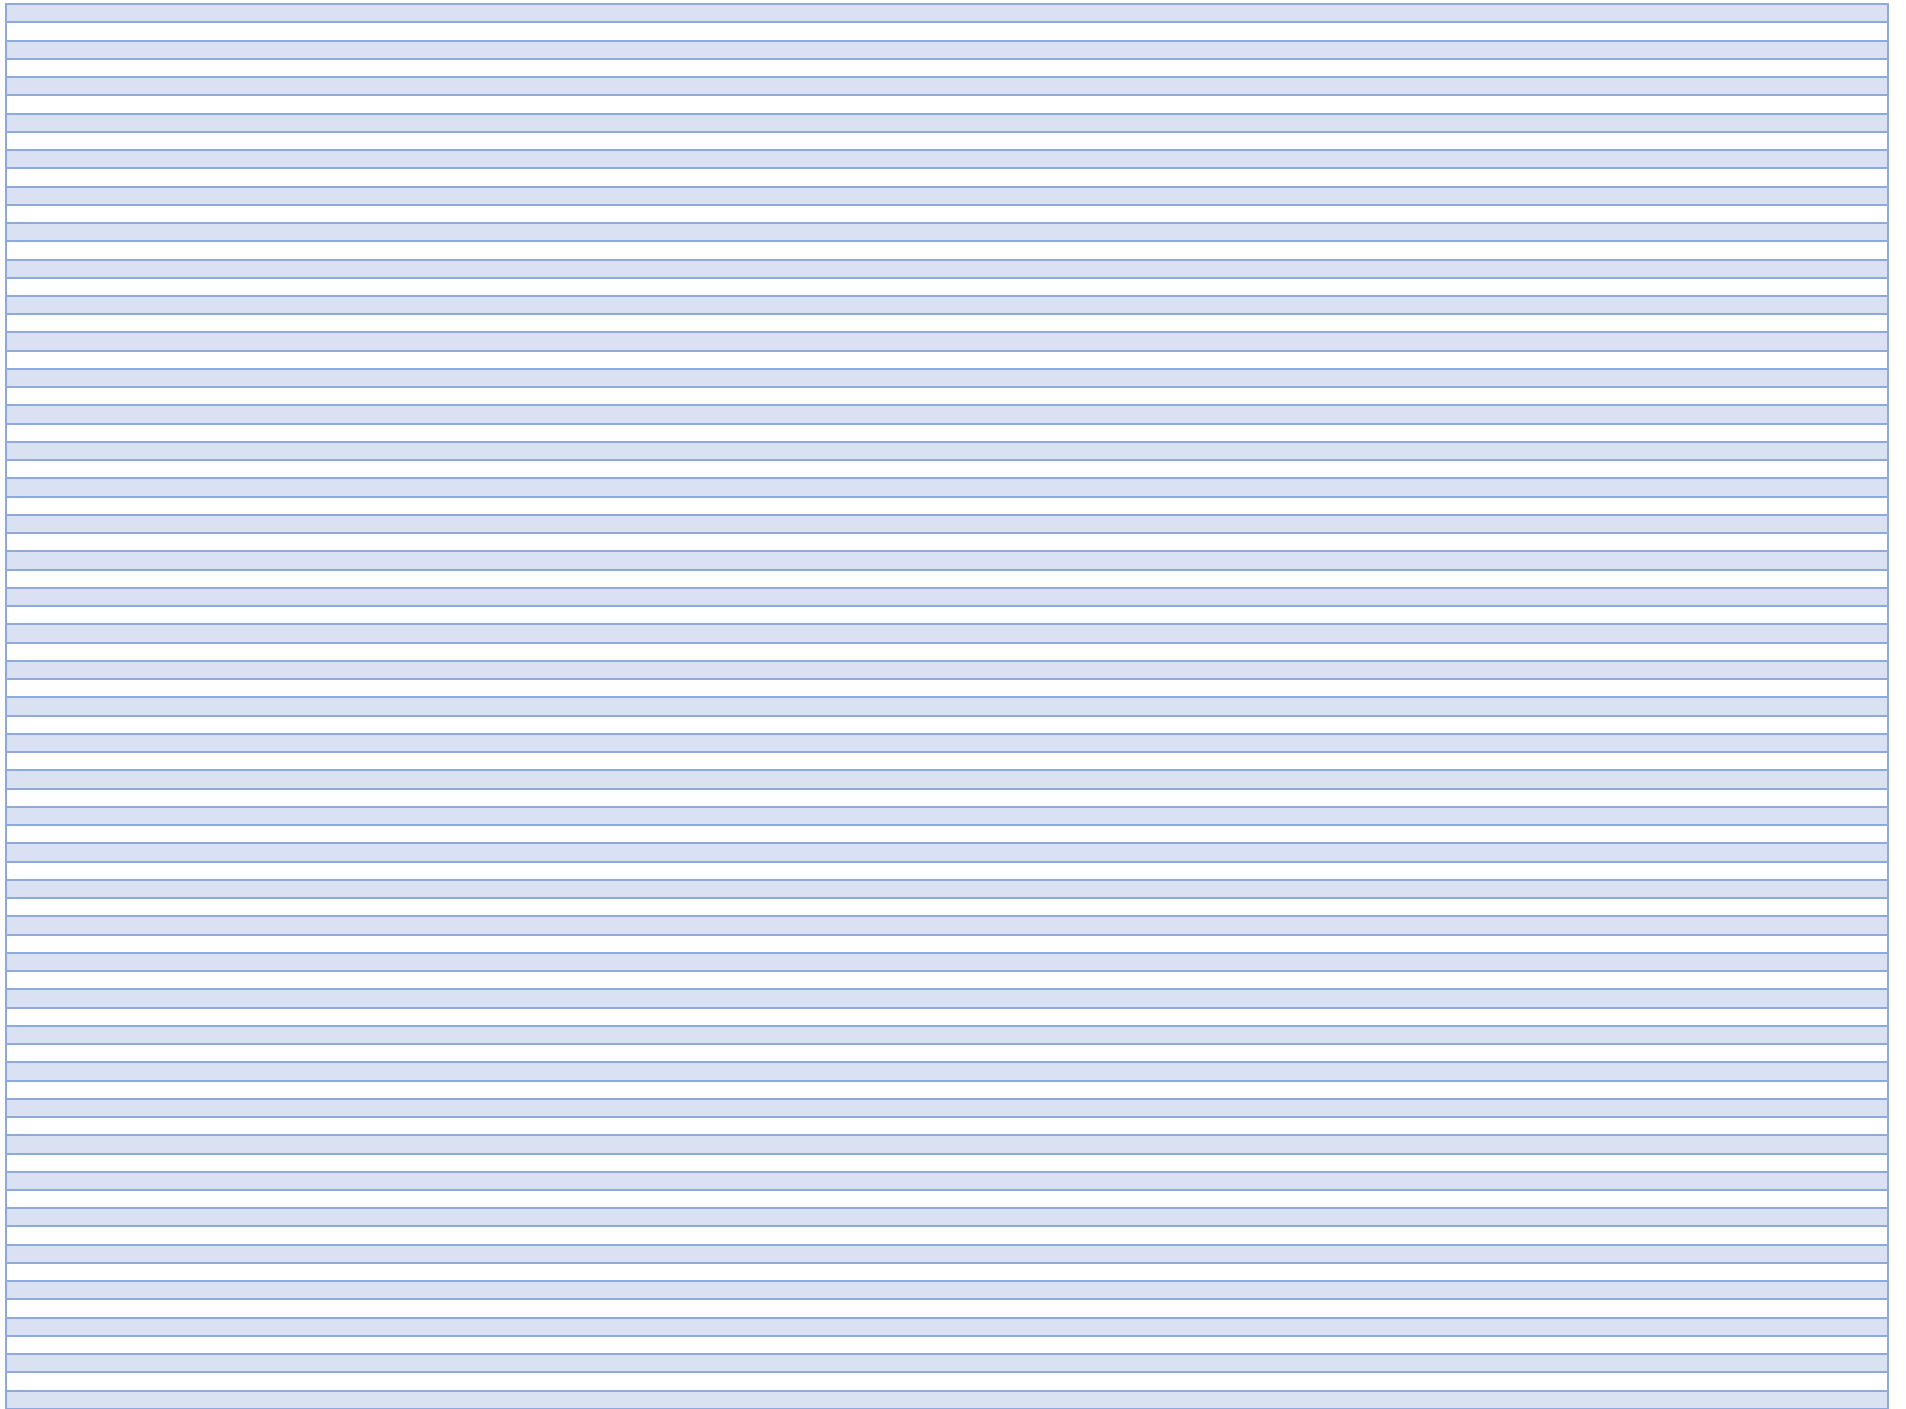

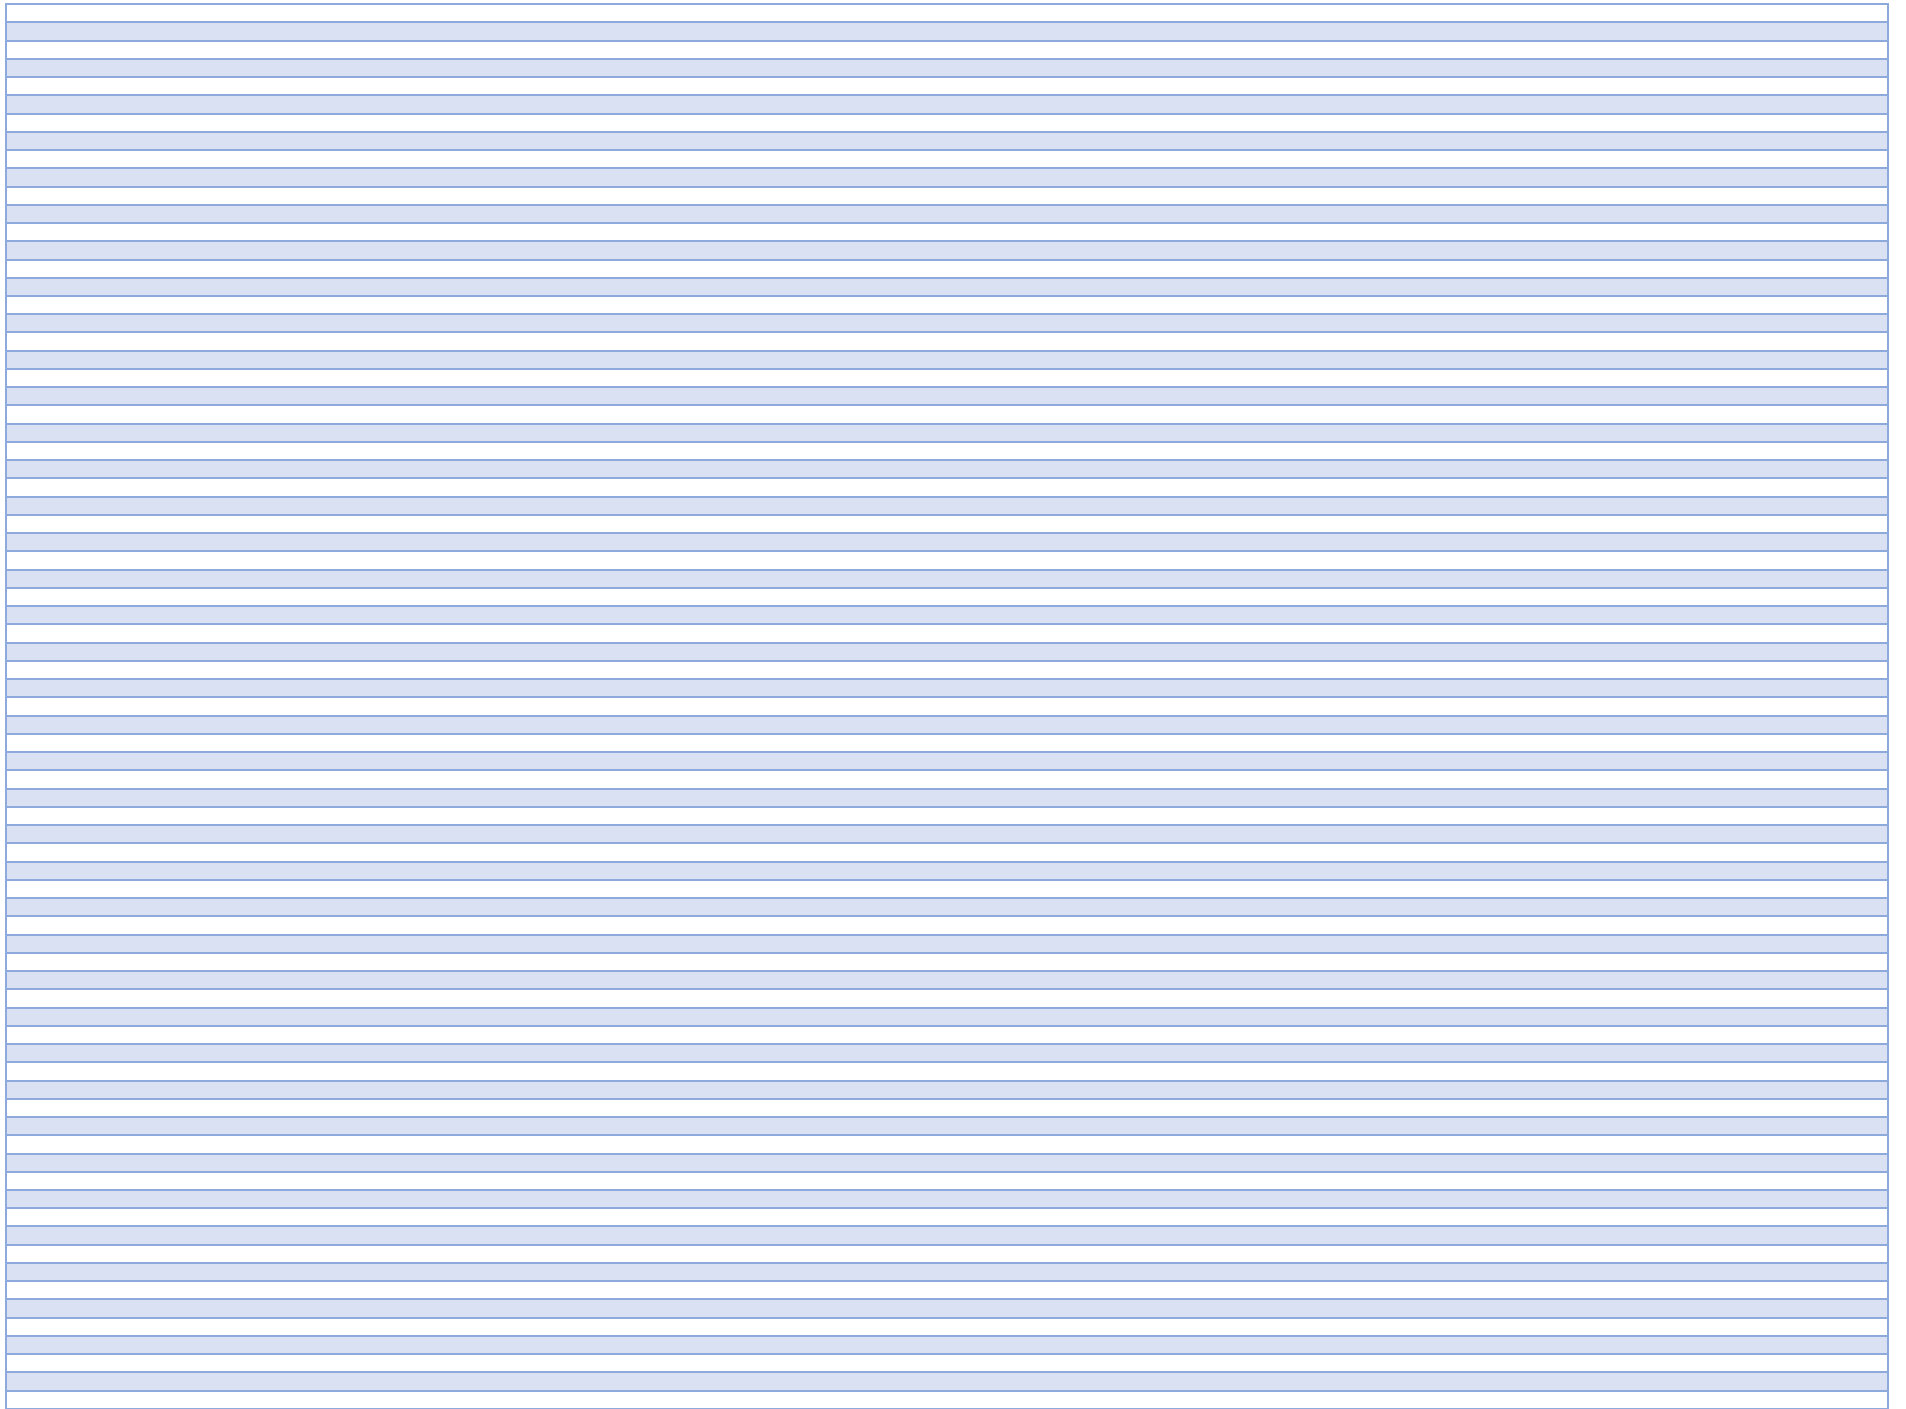

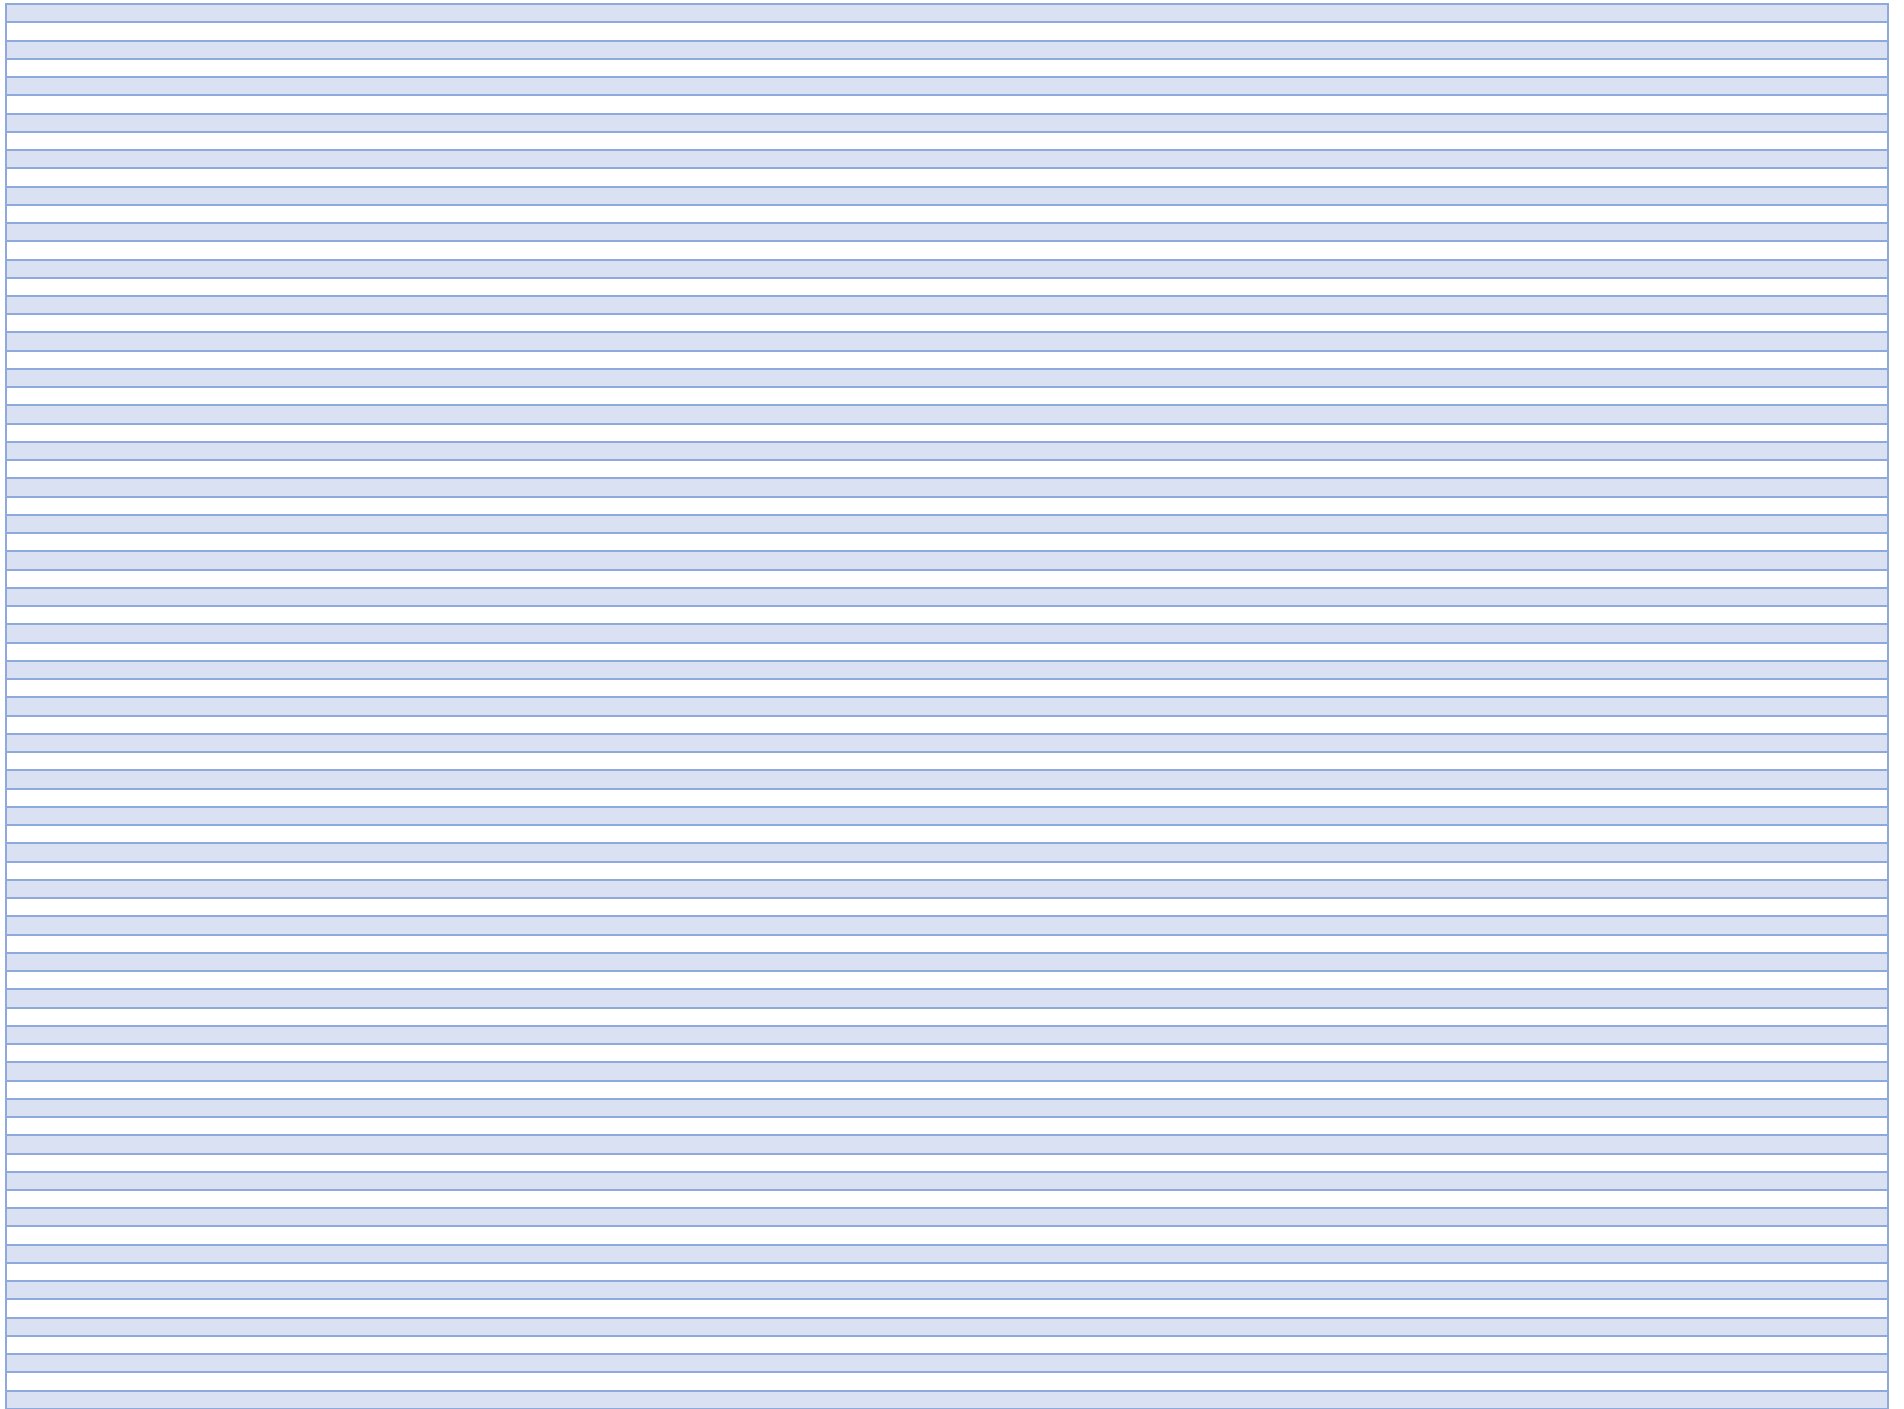

A large rectangular area with horizontal blue lines, resembling a grid or a placeholder for a table. The lines are evenly spaced and run horizontally across the entire width of the page, creating a series of thin, light blue bands that separate rows of content. There are approximately 30 such lines visible, creating a structured layout for text or data entry. The lines are consistent in color and spacing, providing a clear visual guide for where to place content.

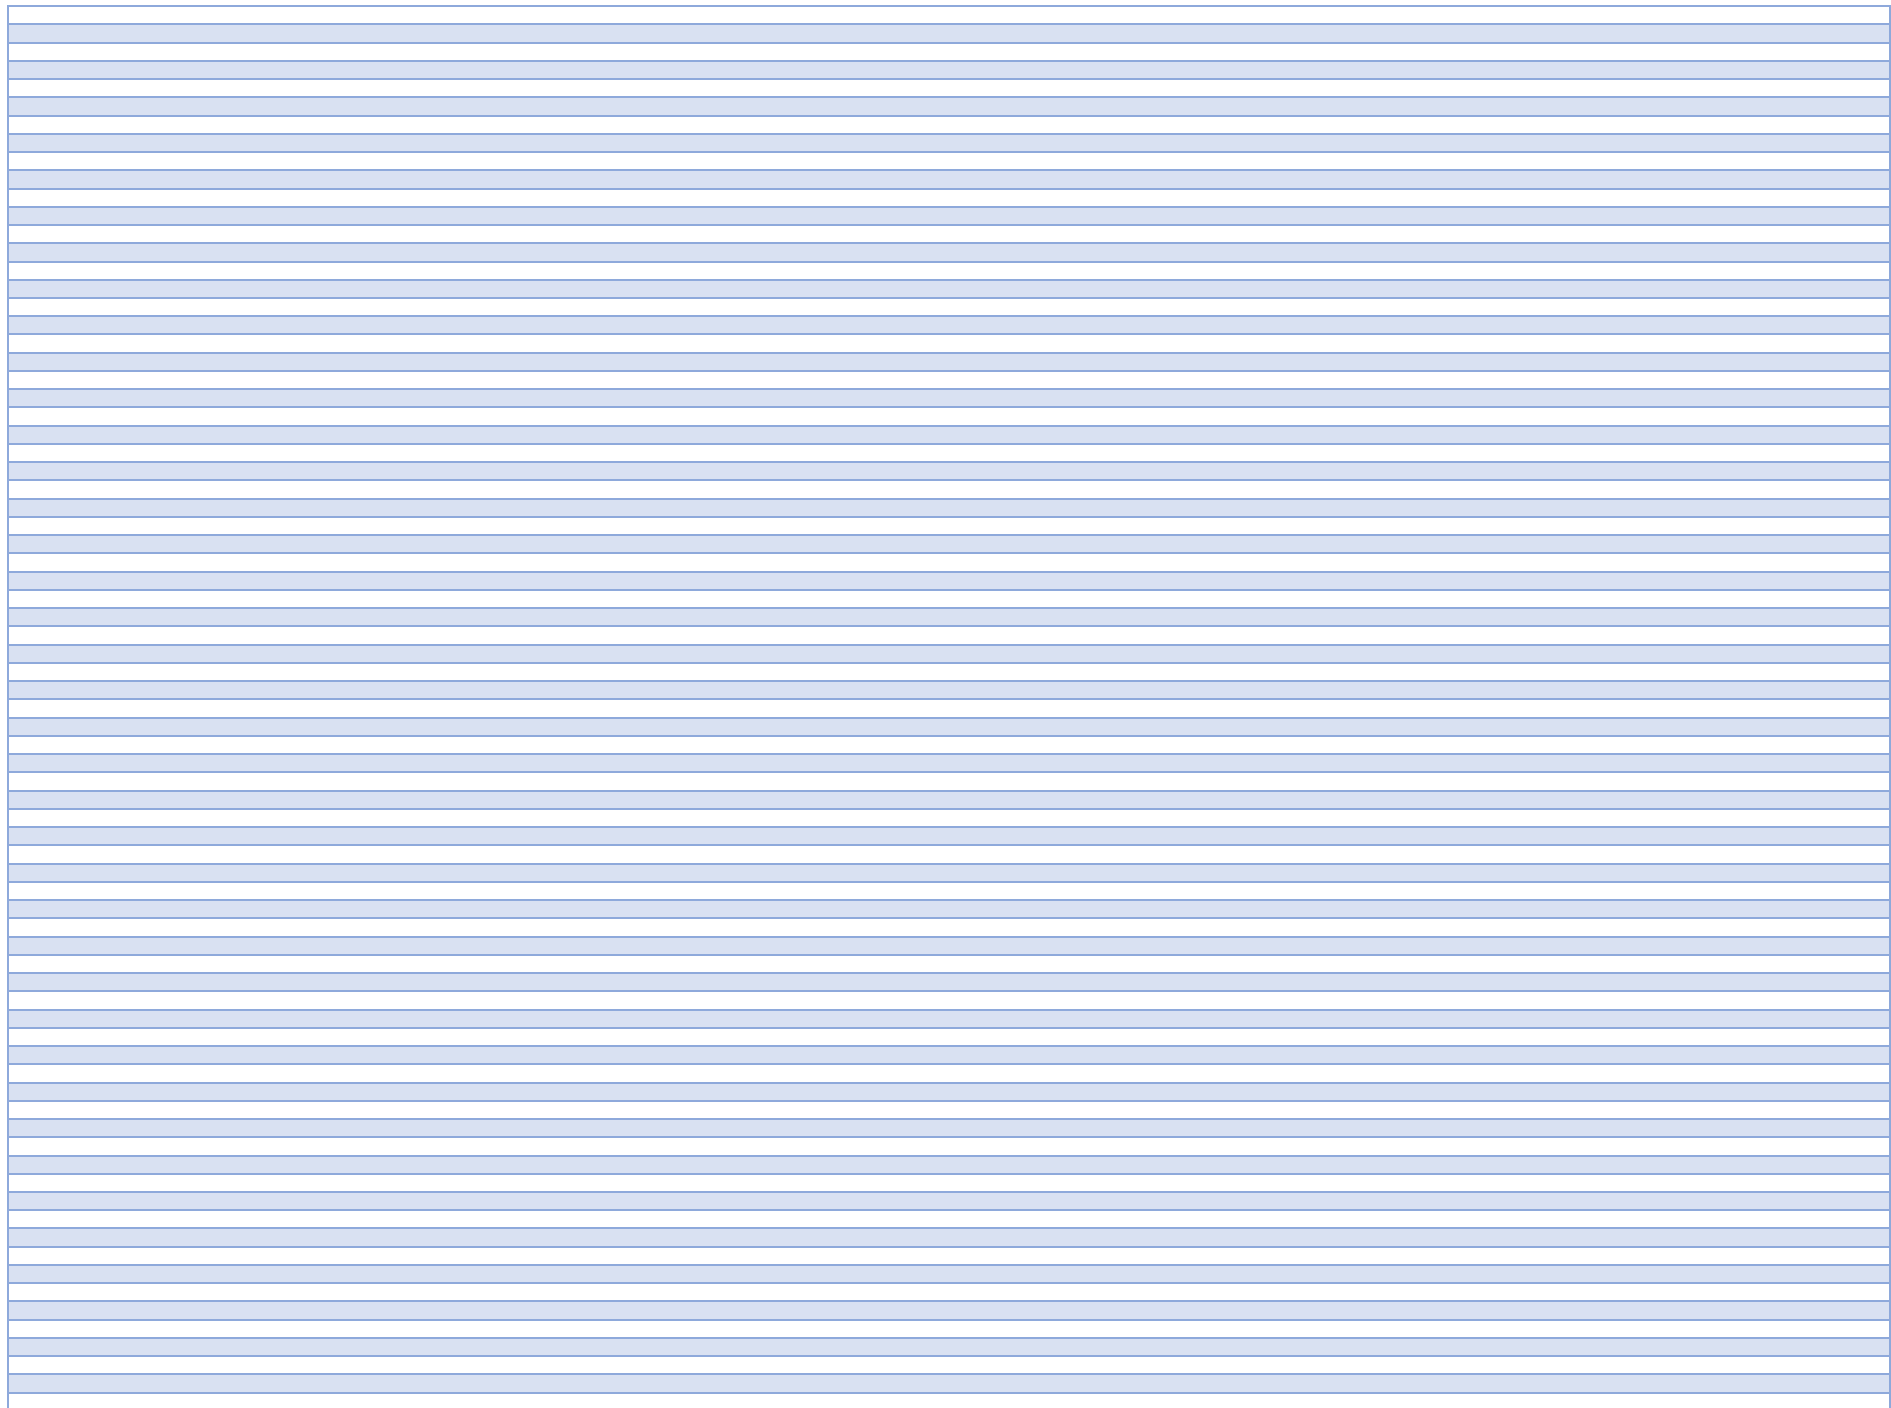

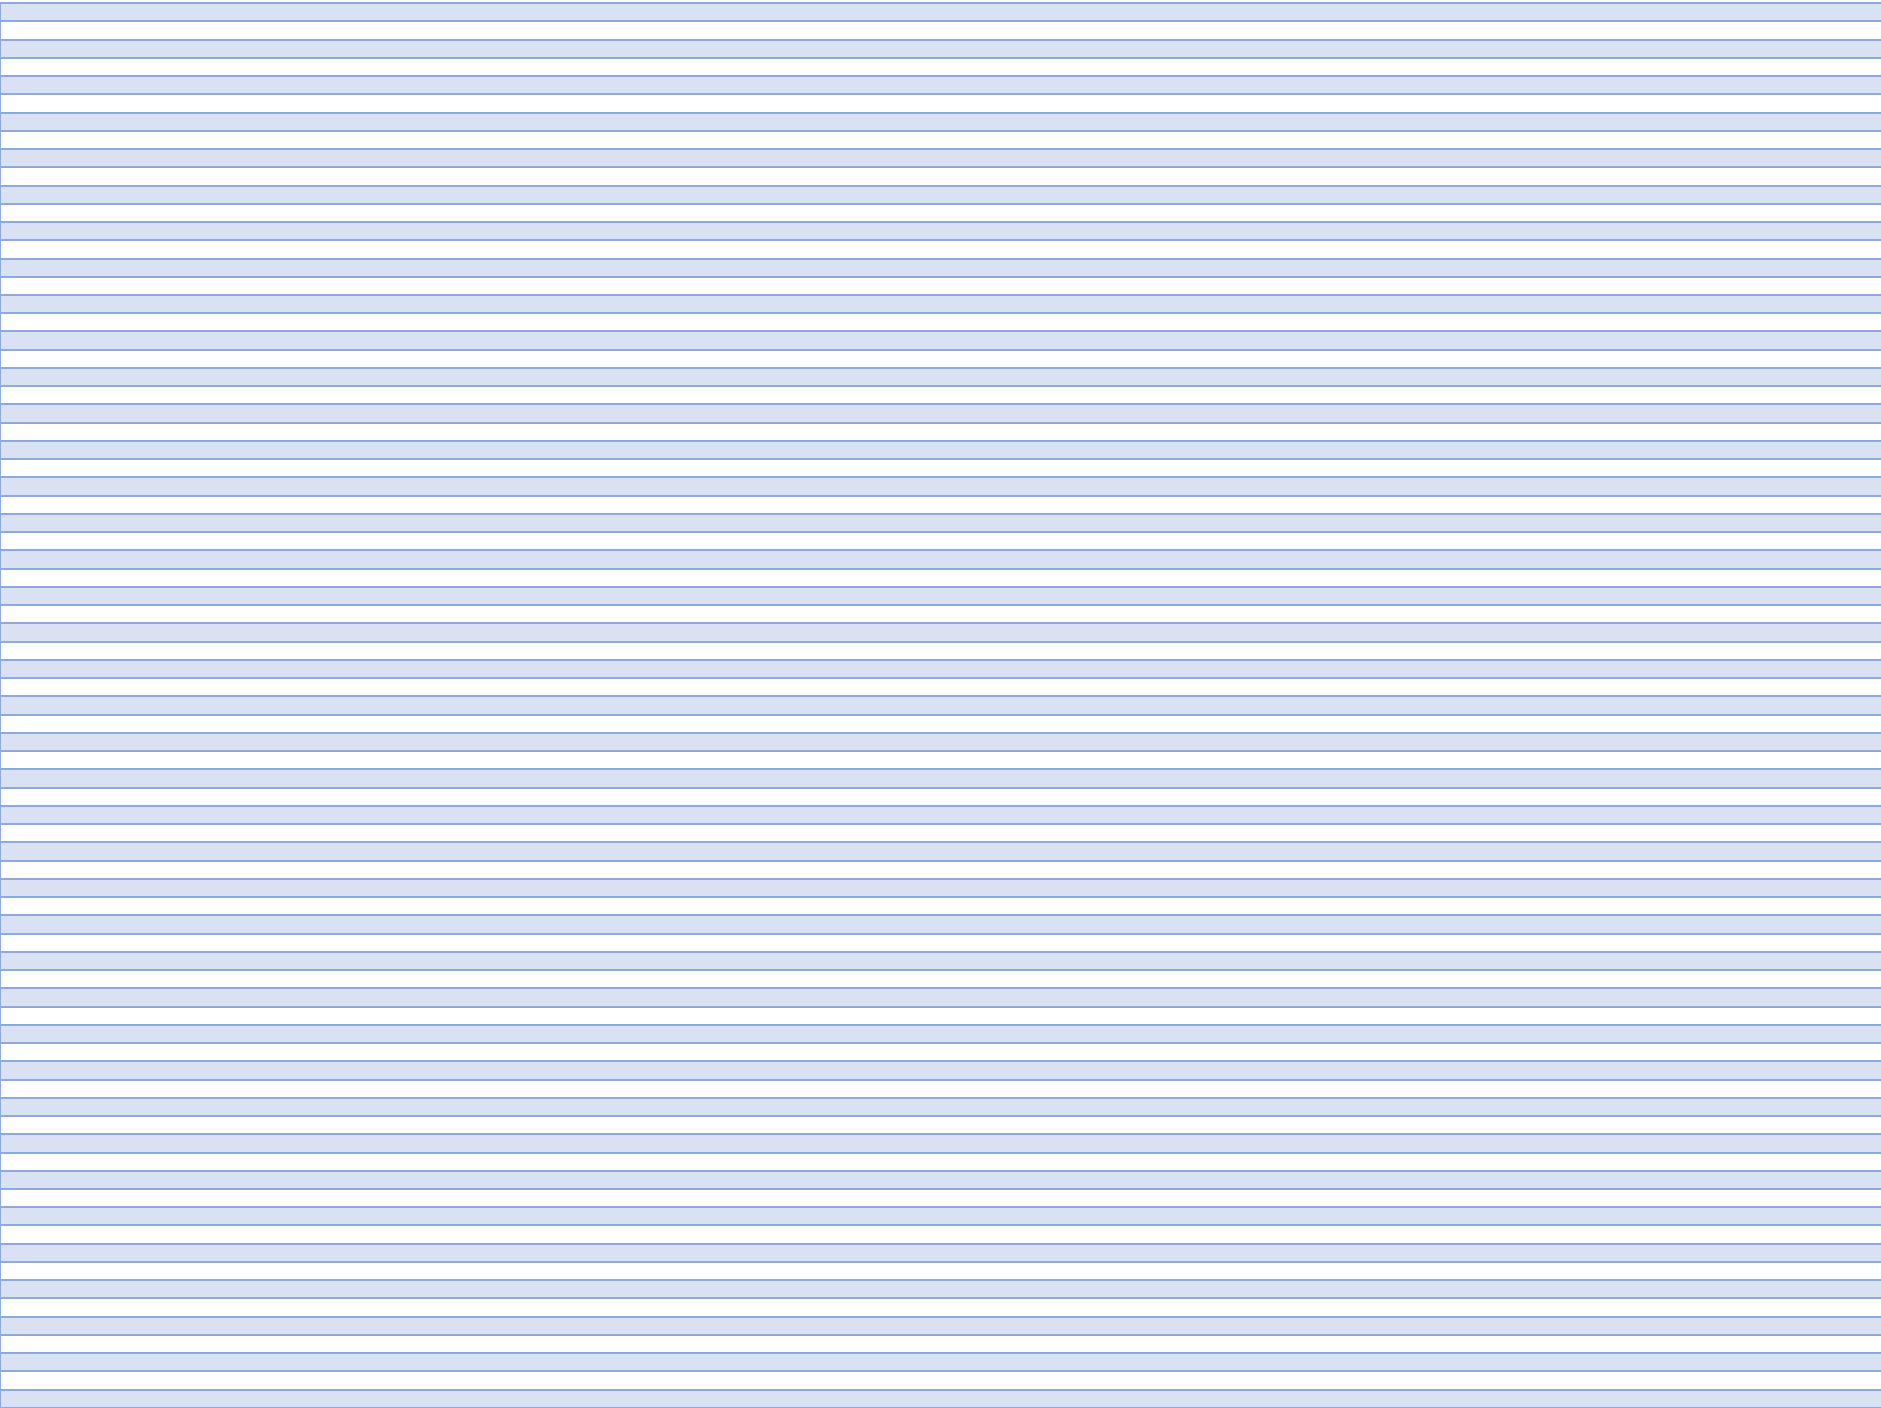

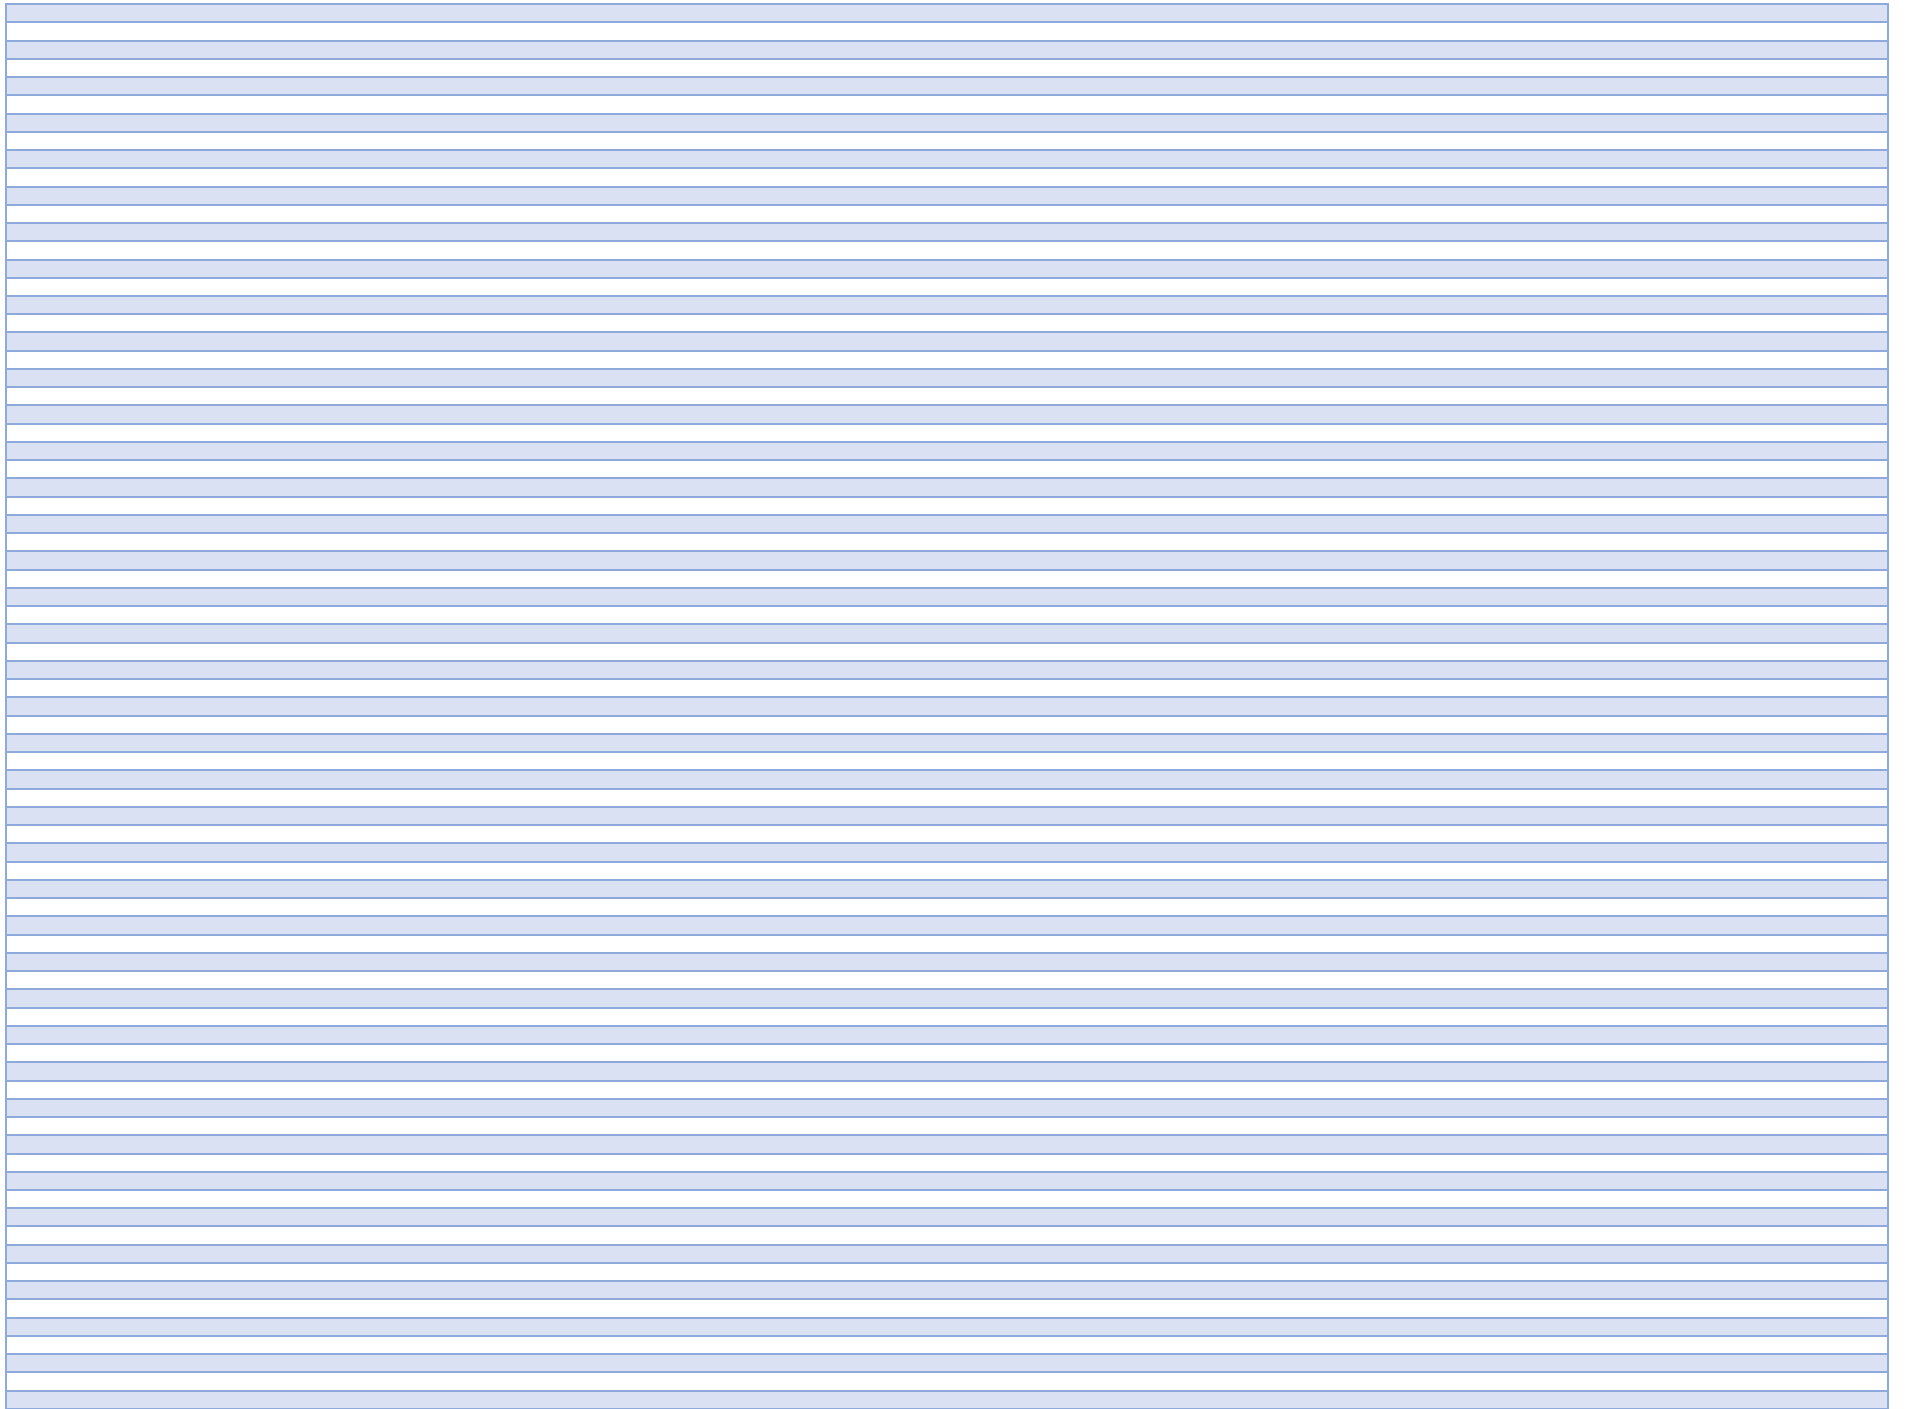

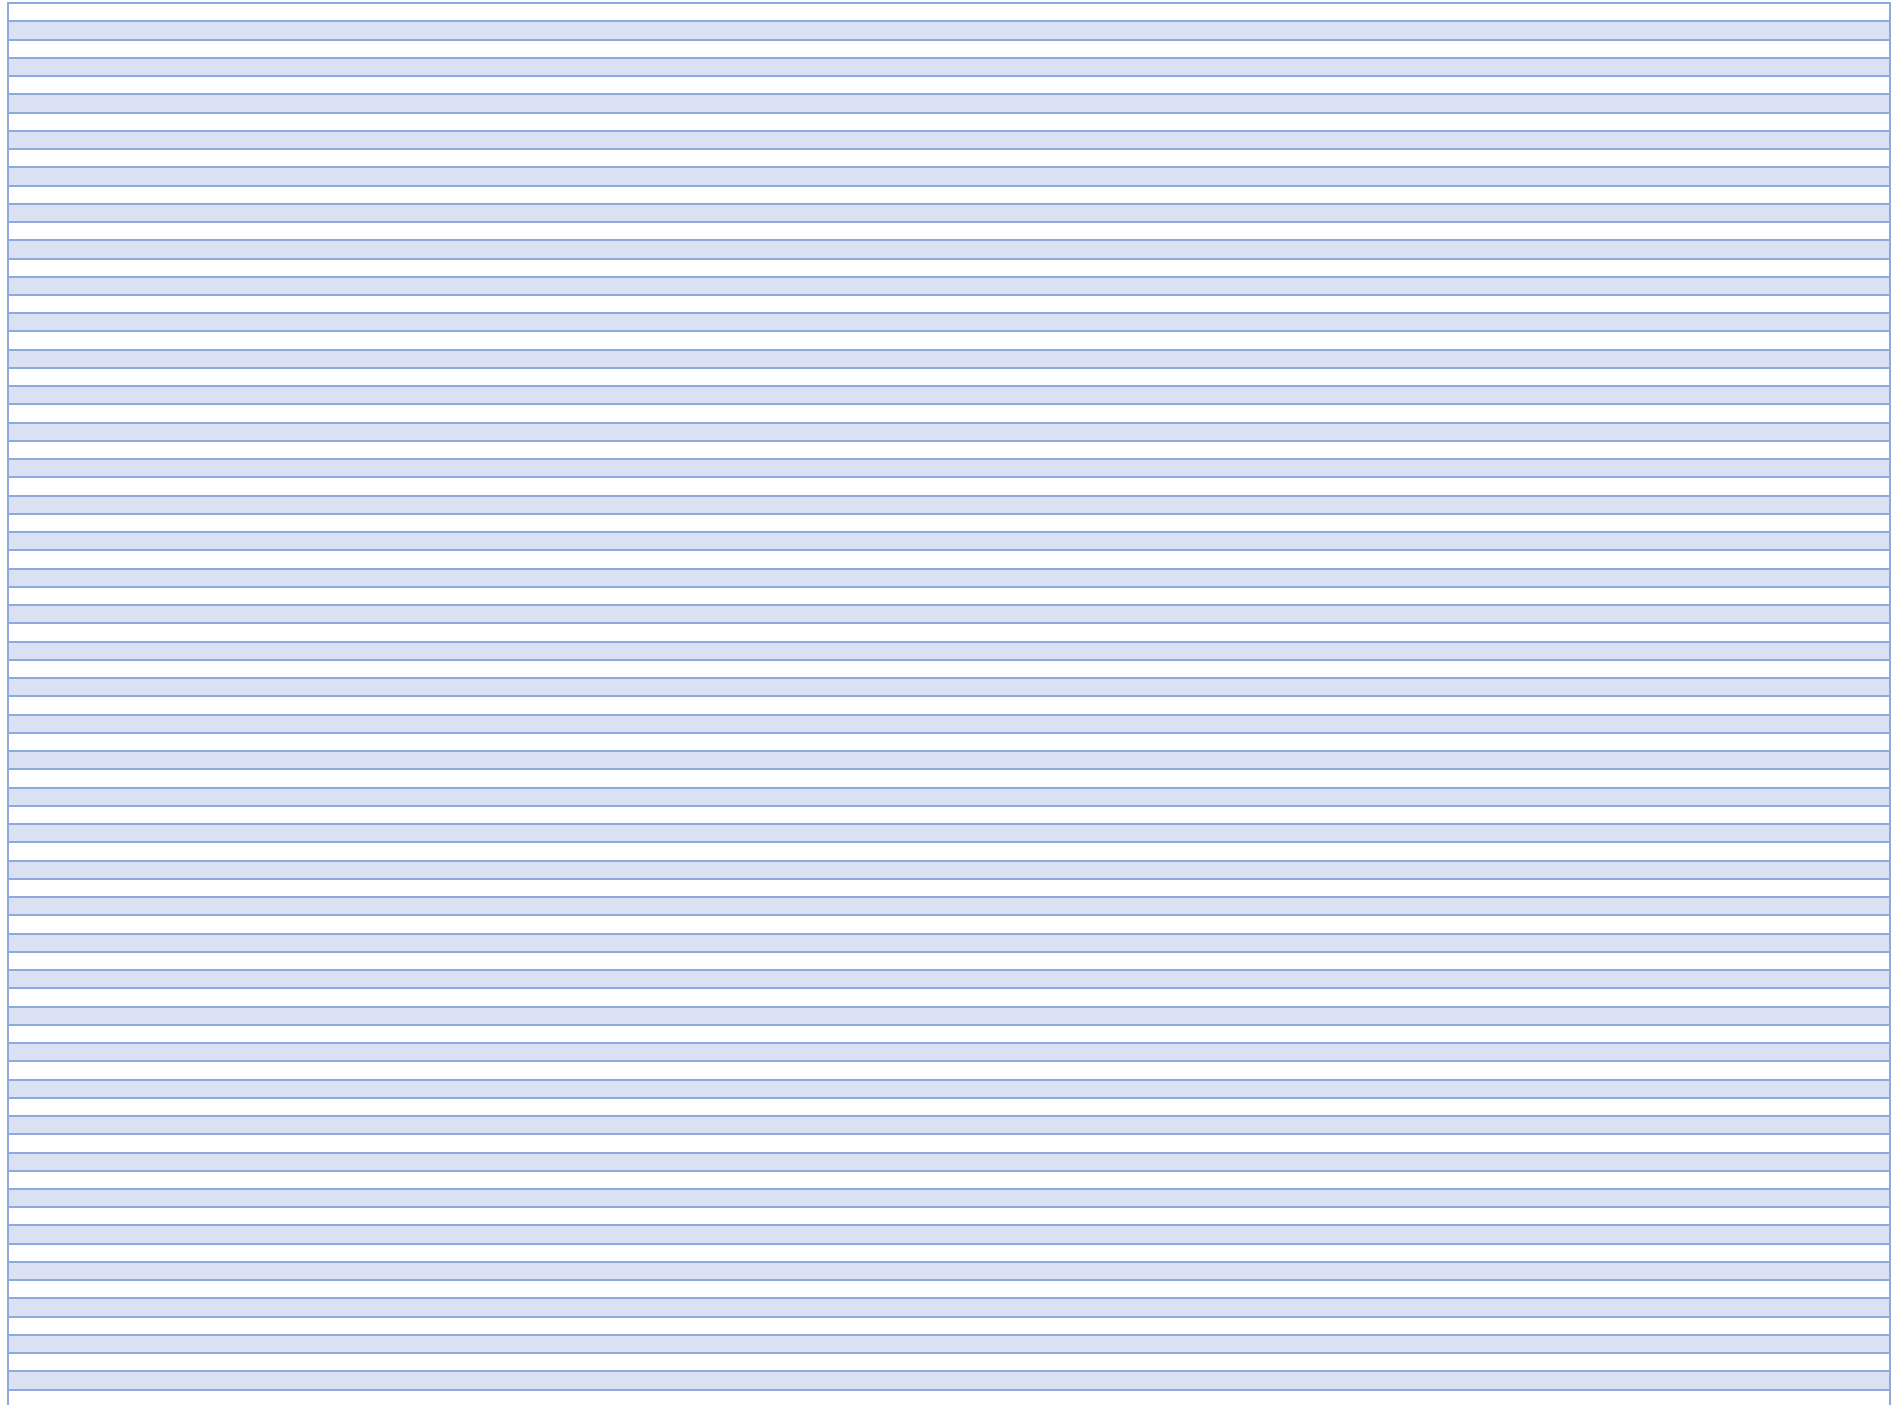

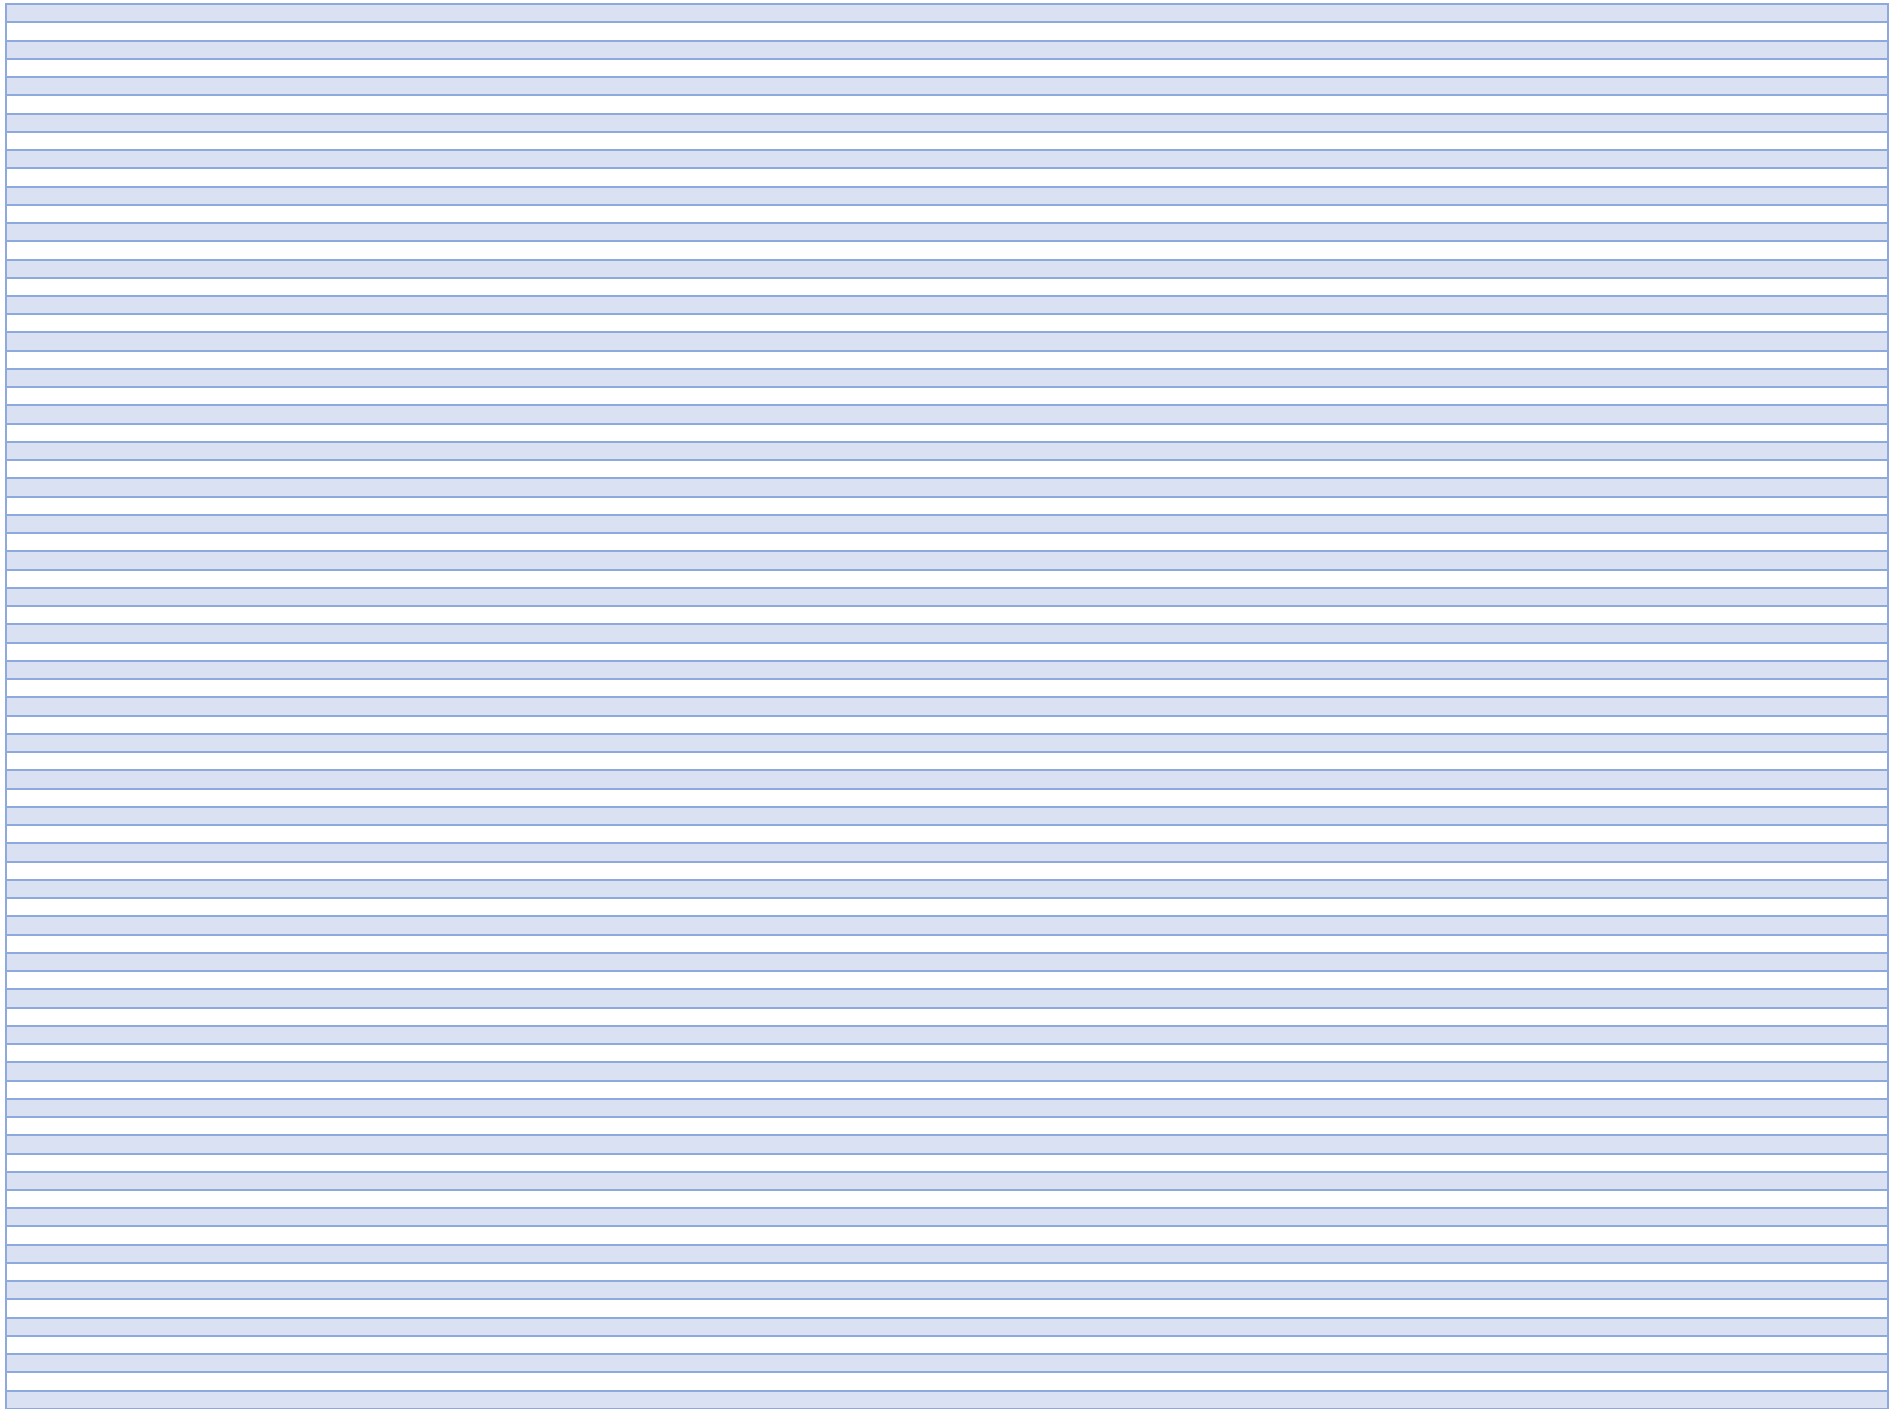

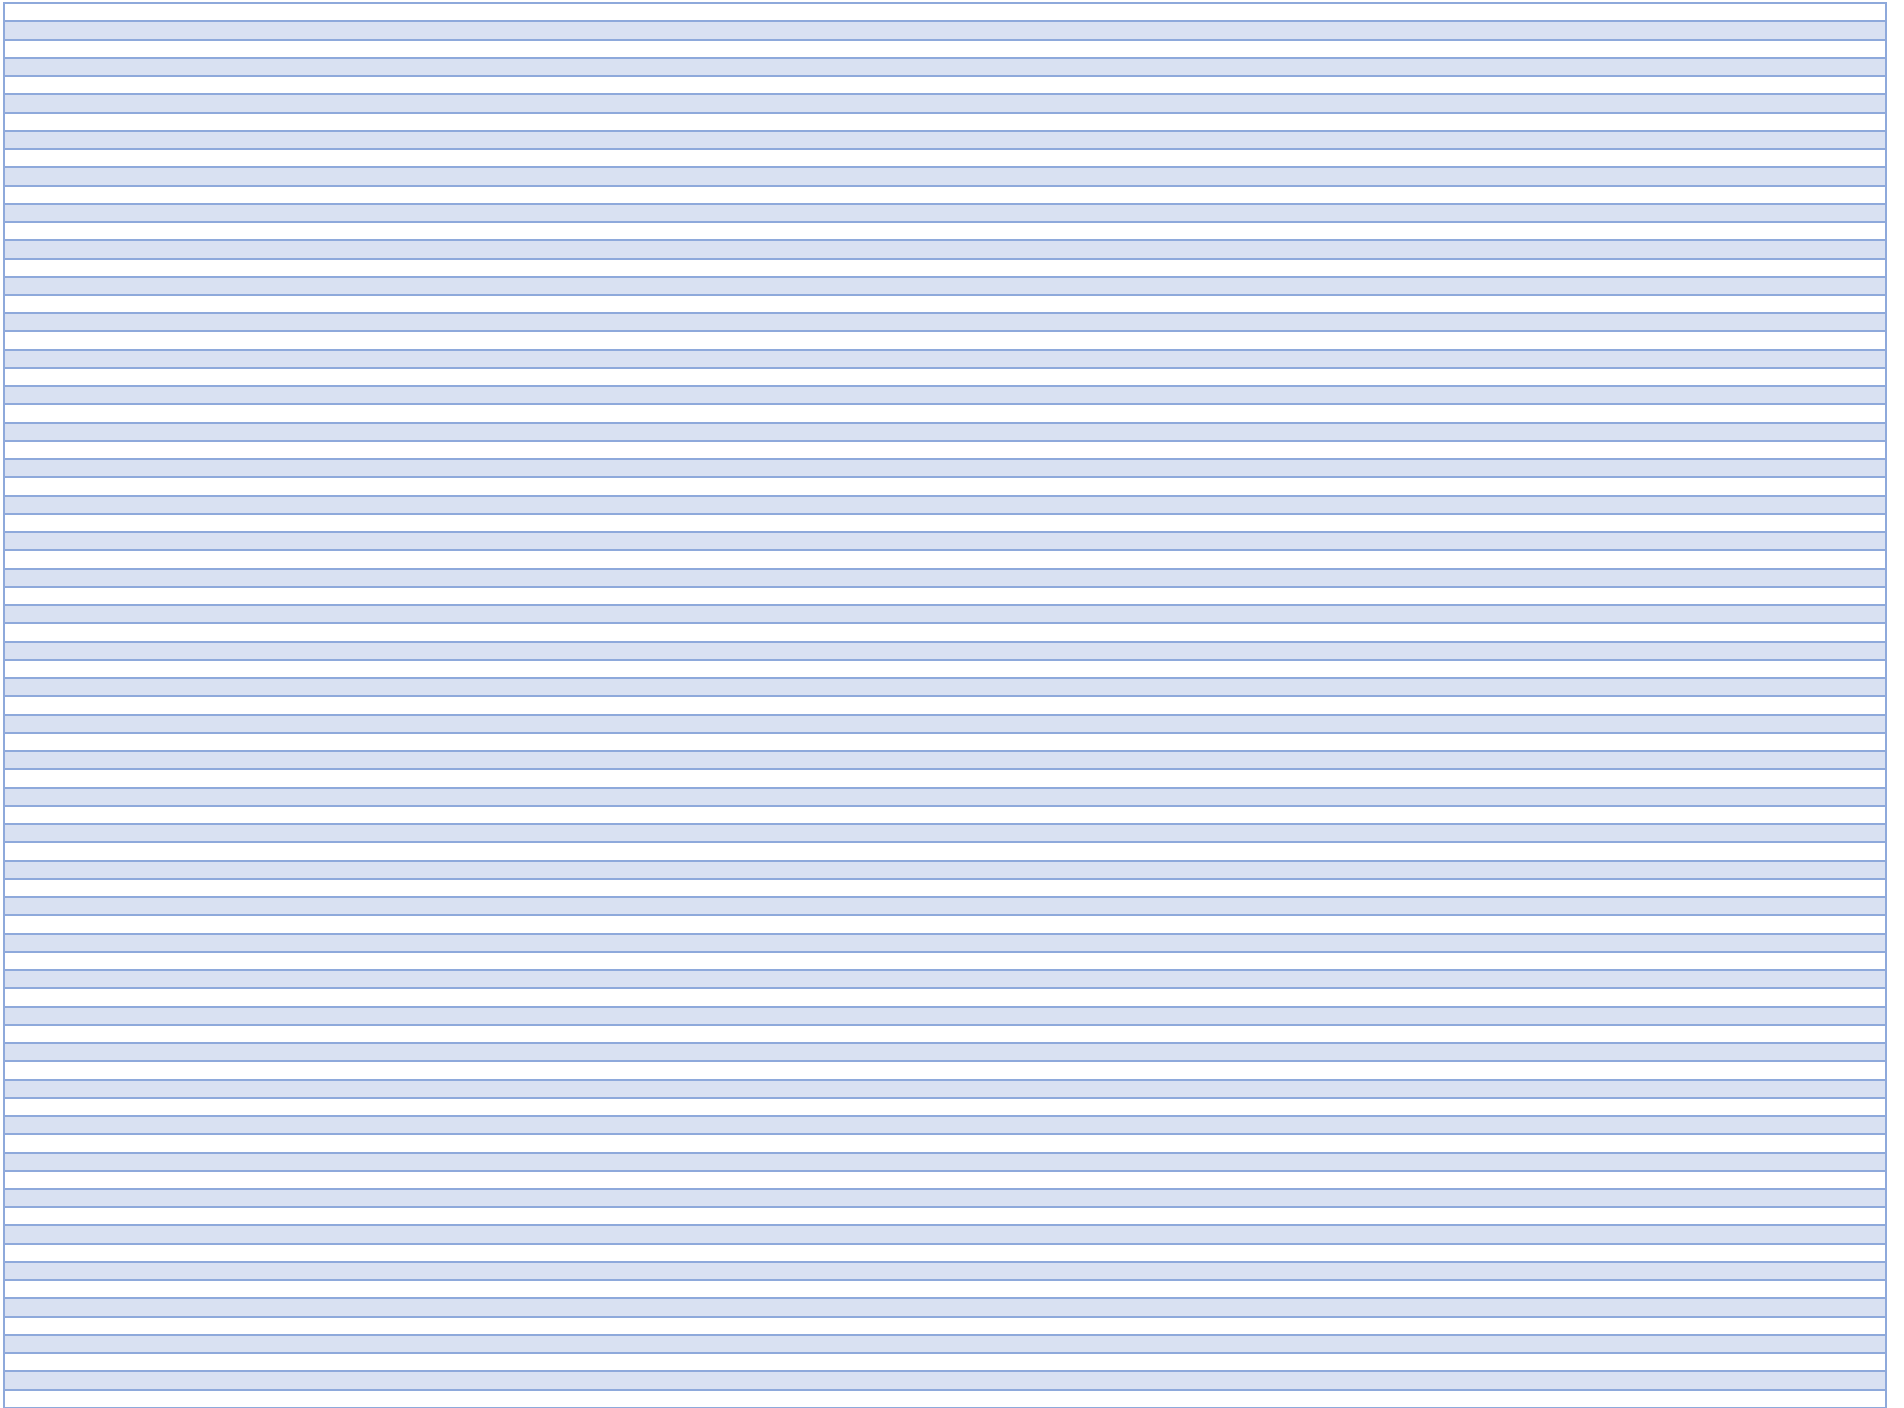

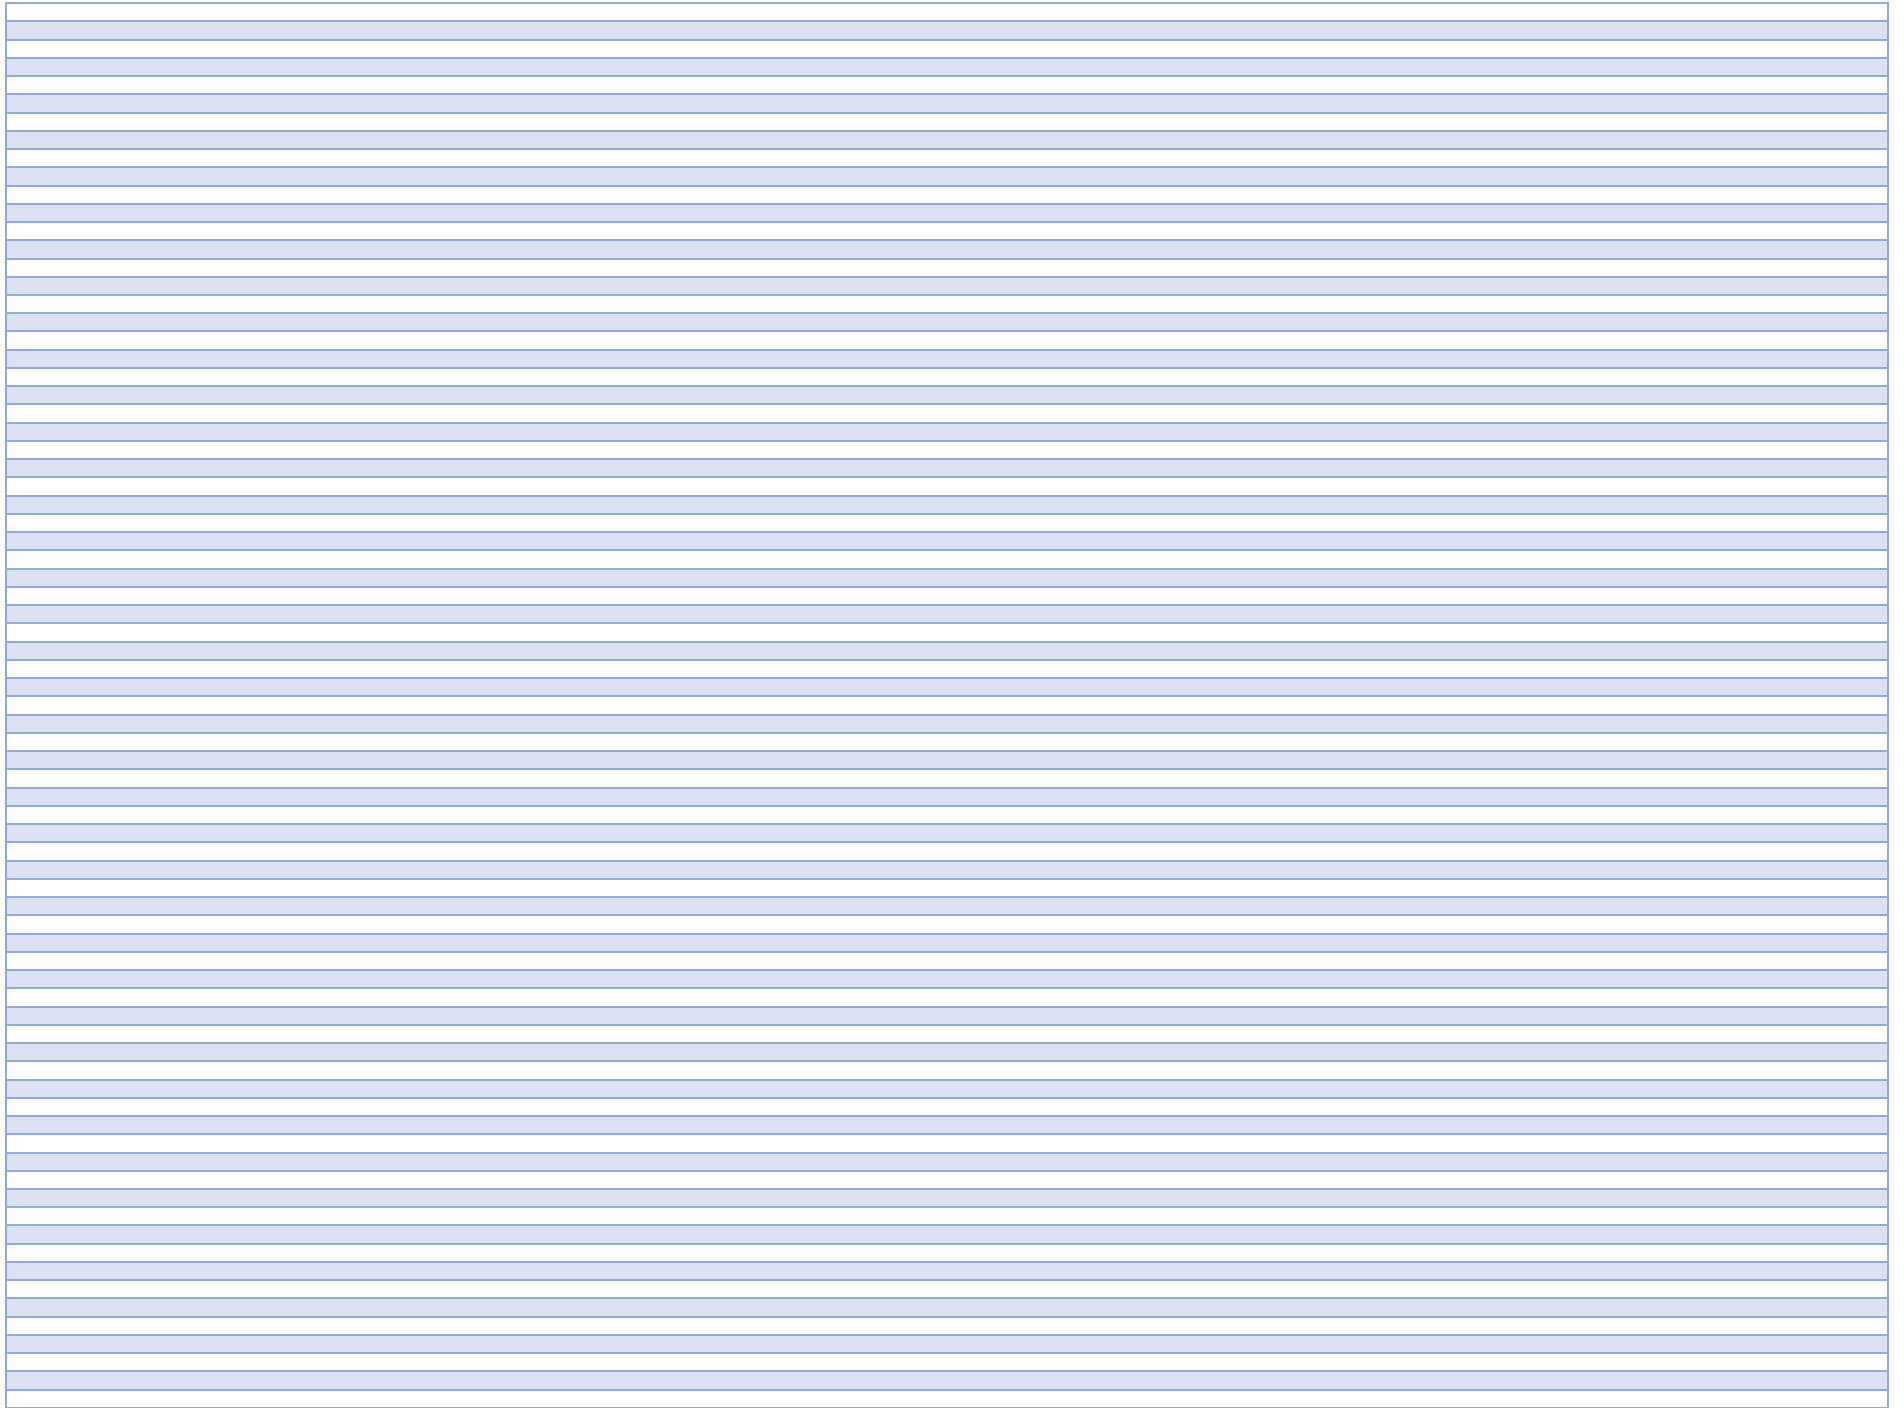

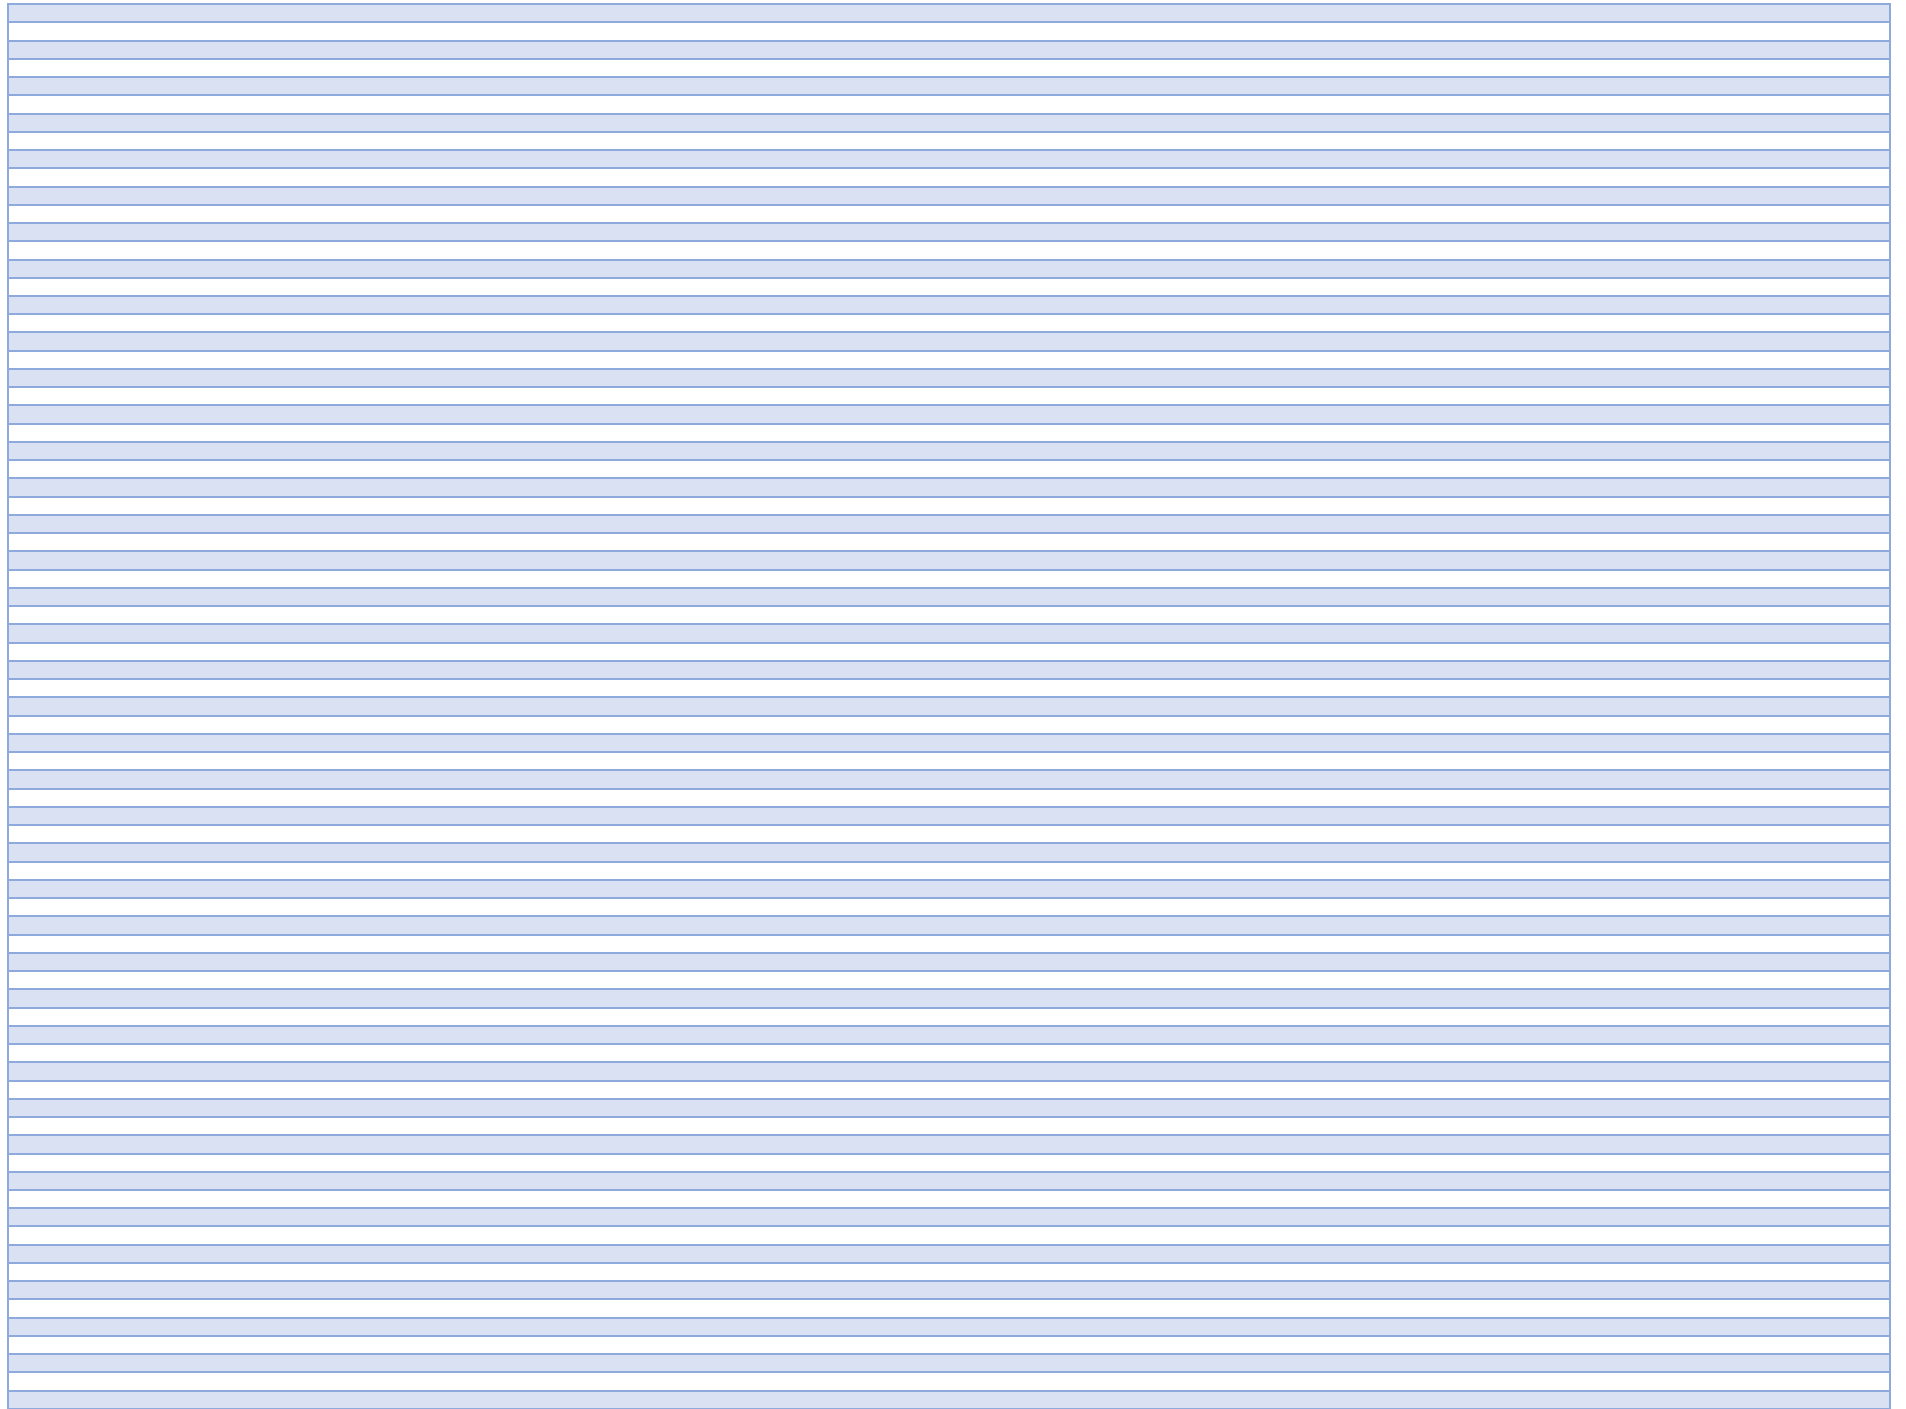

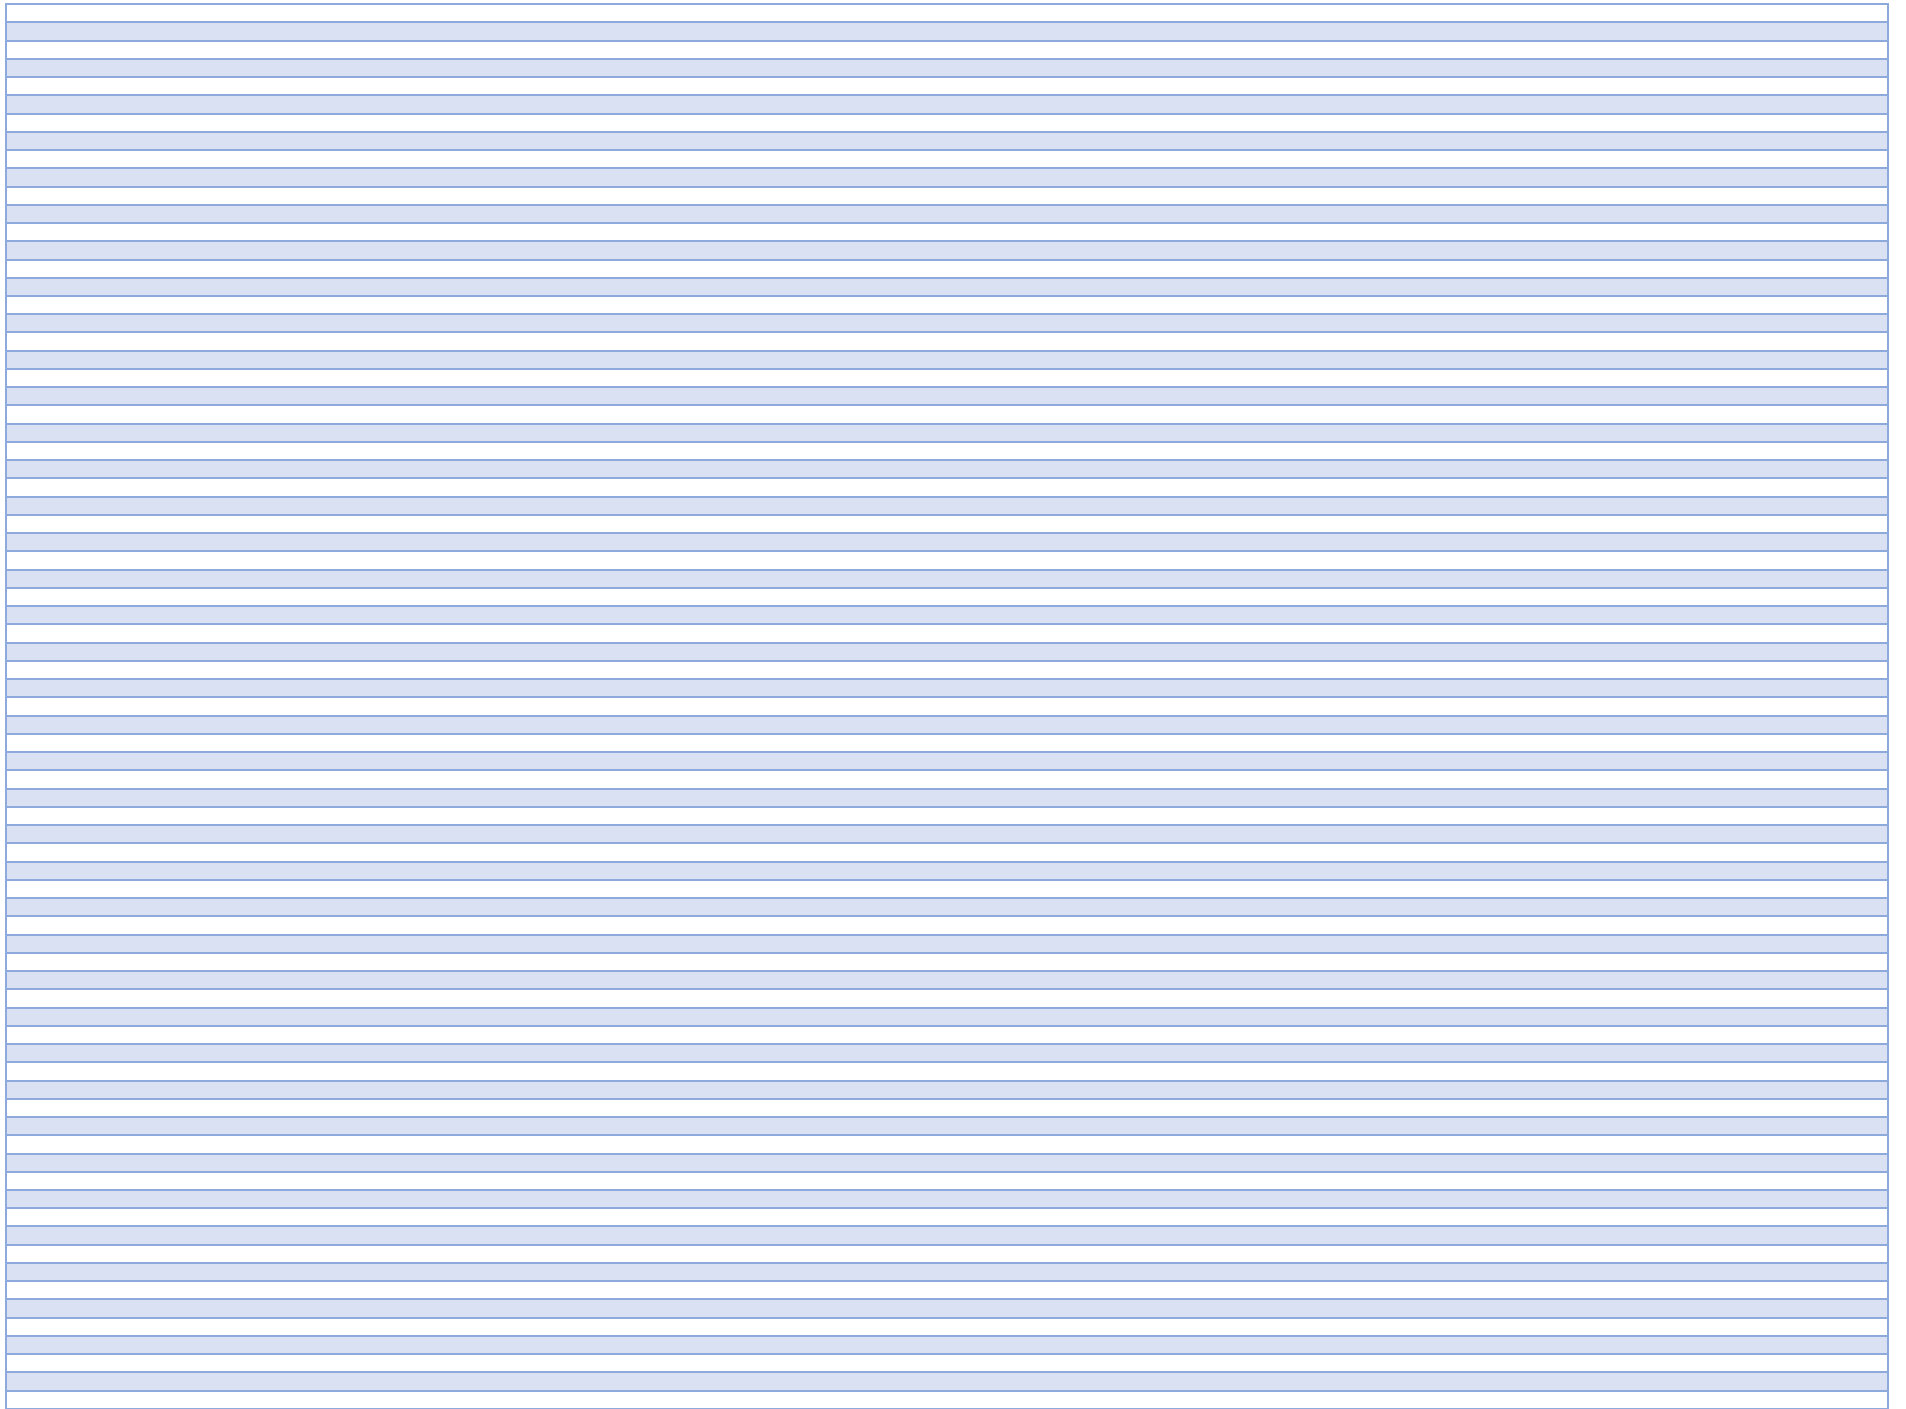

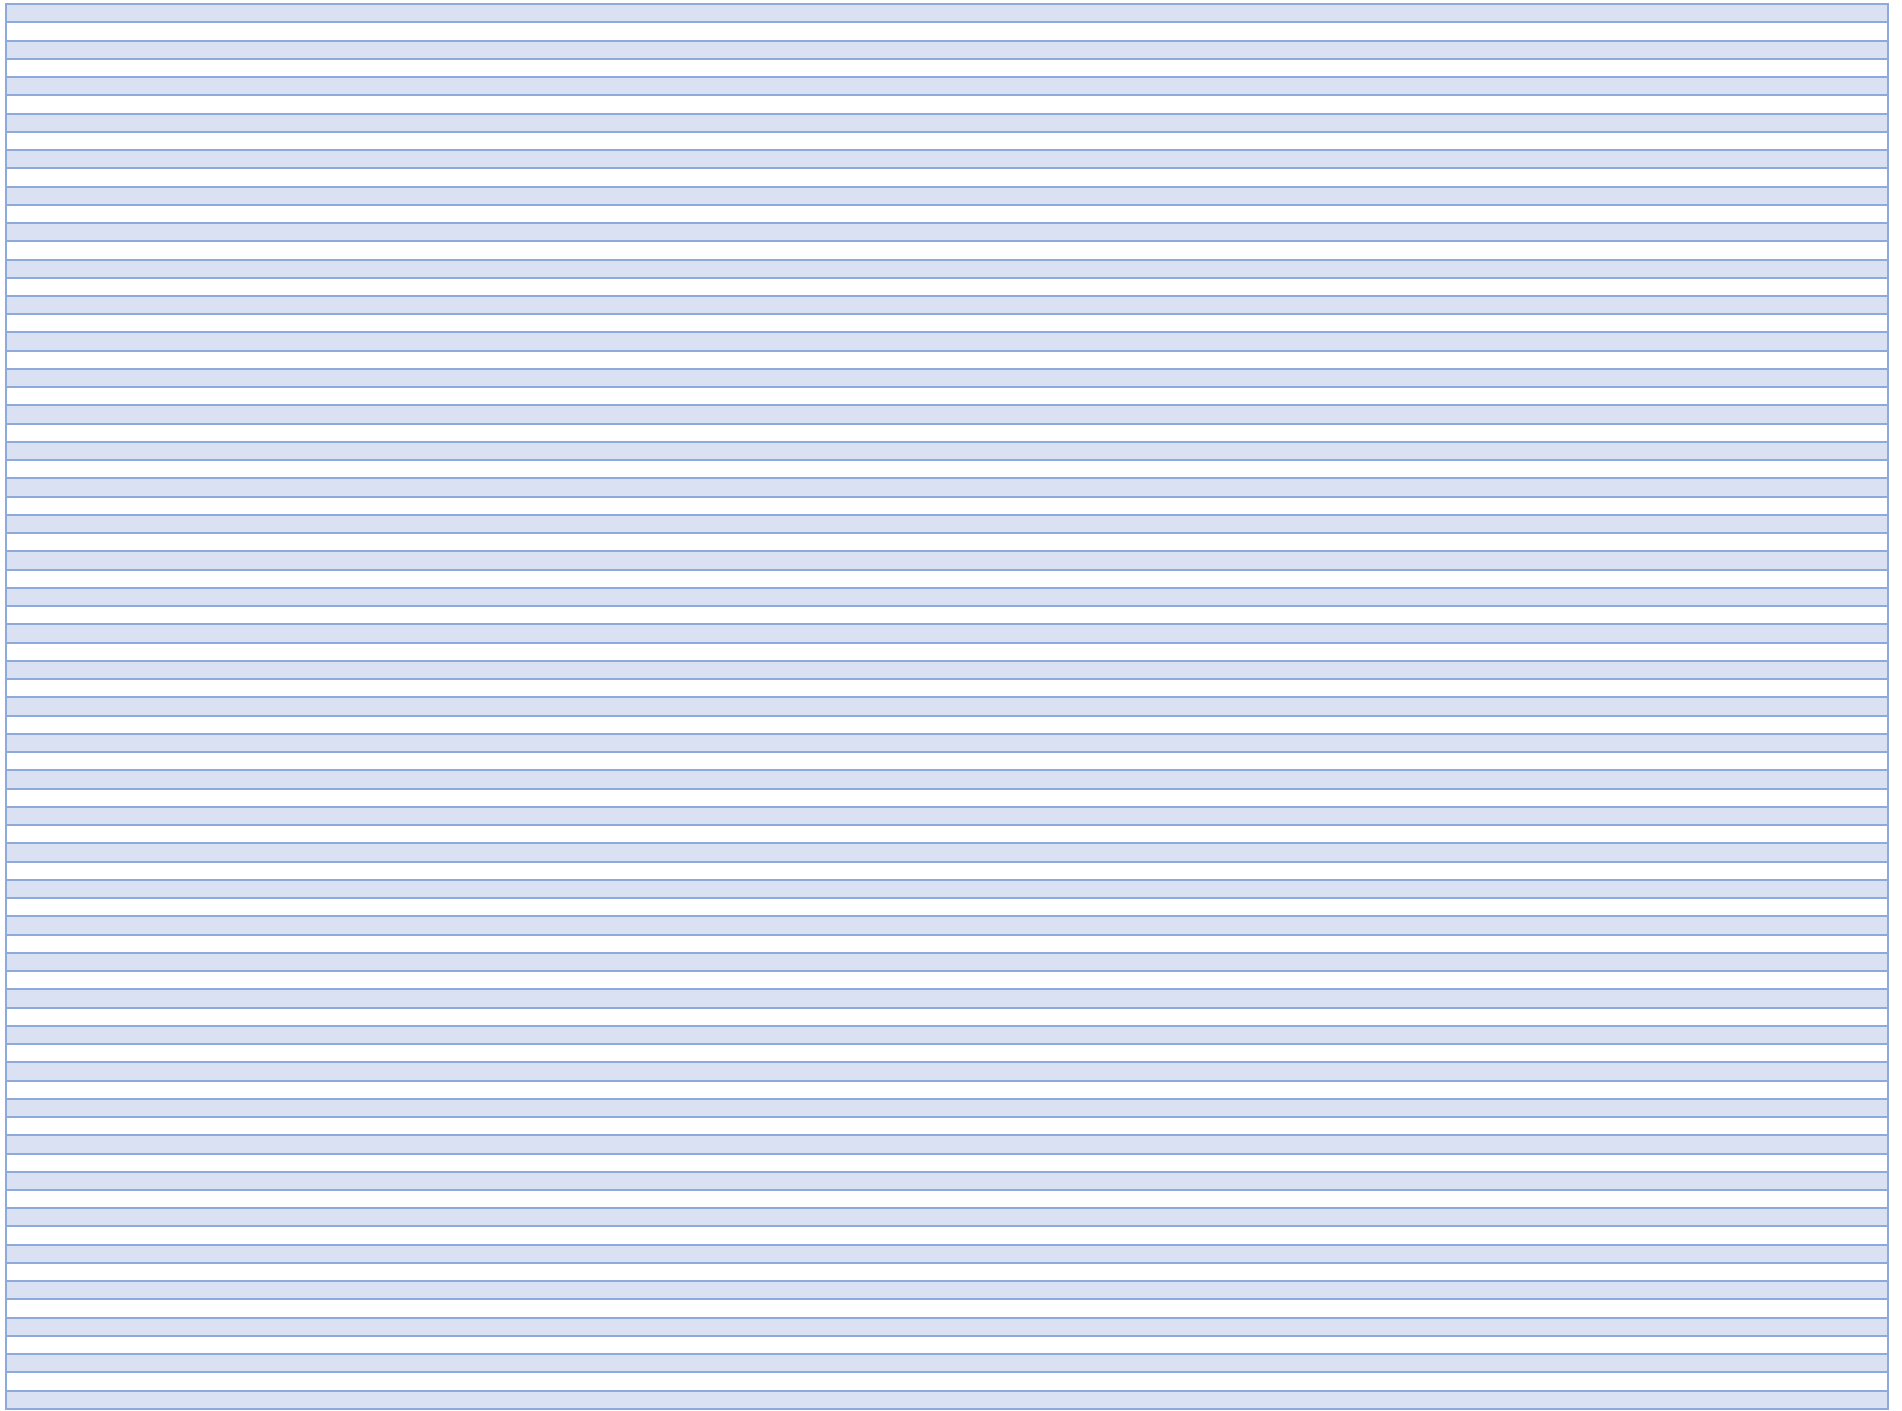

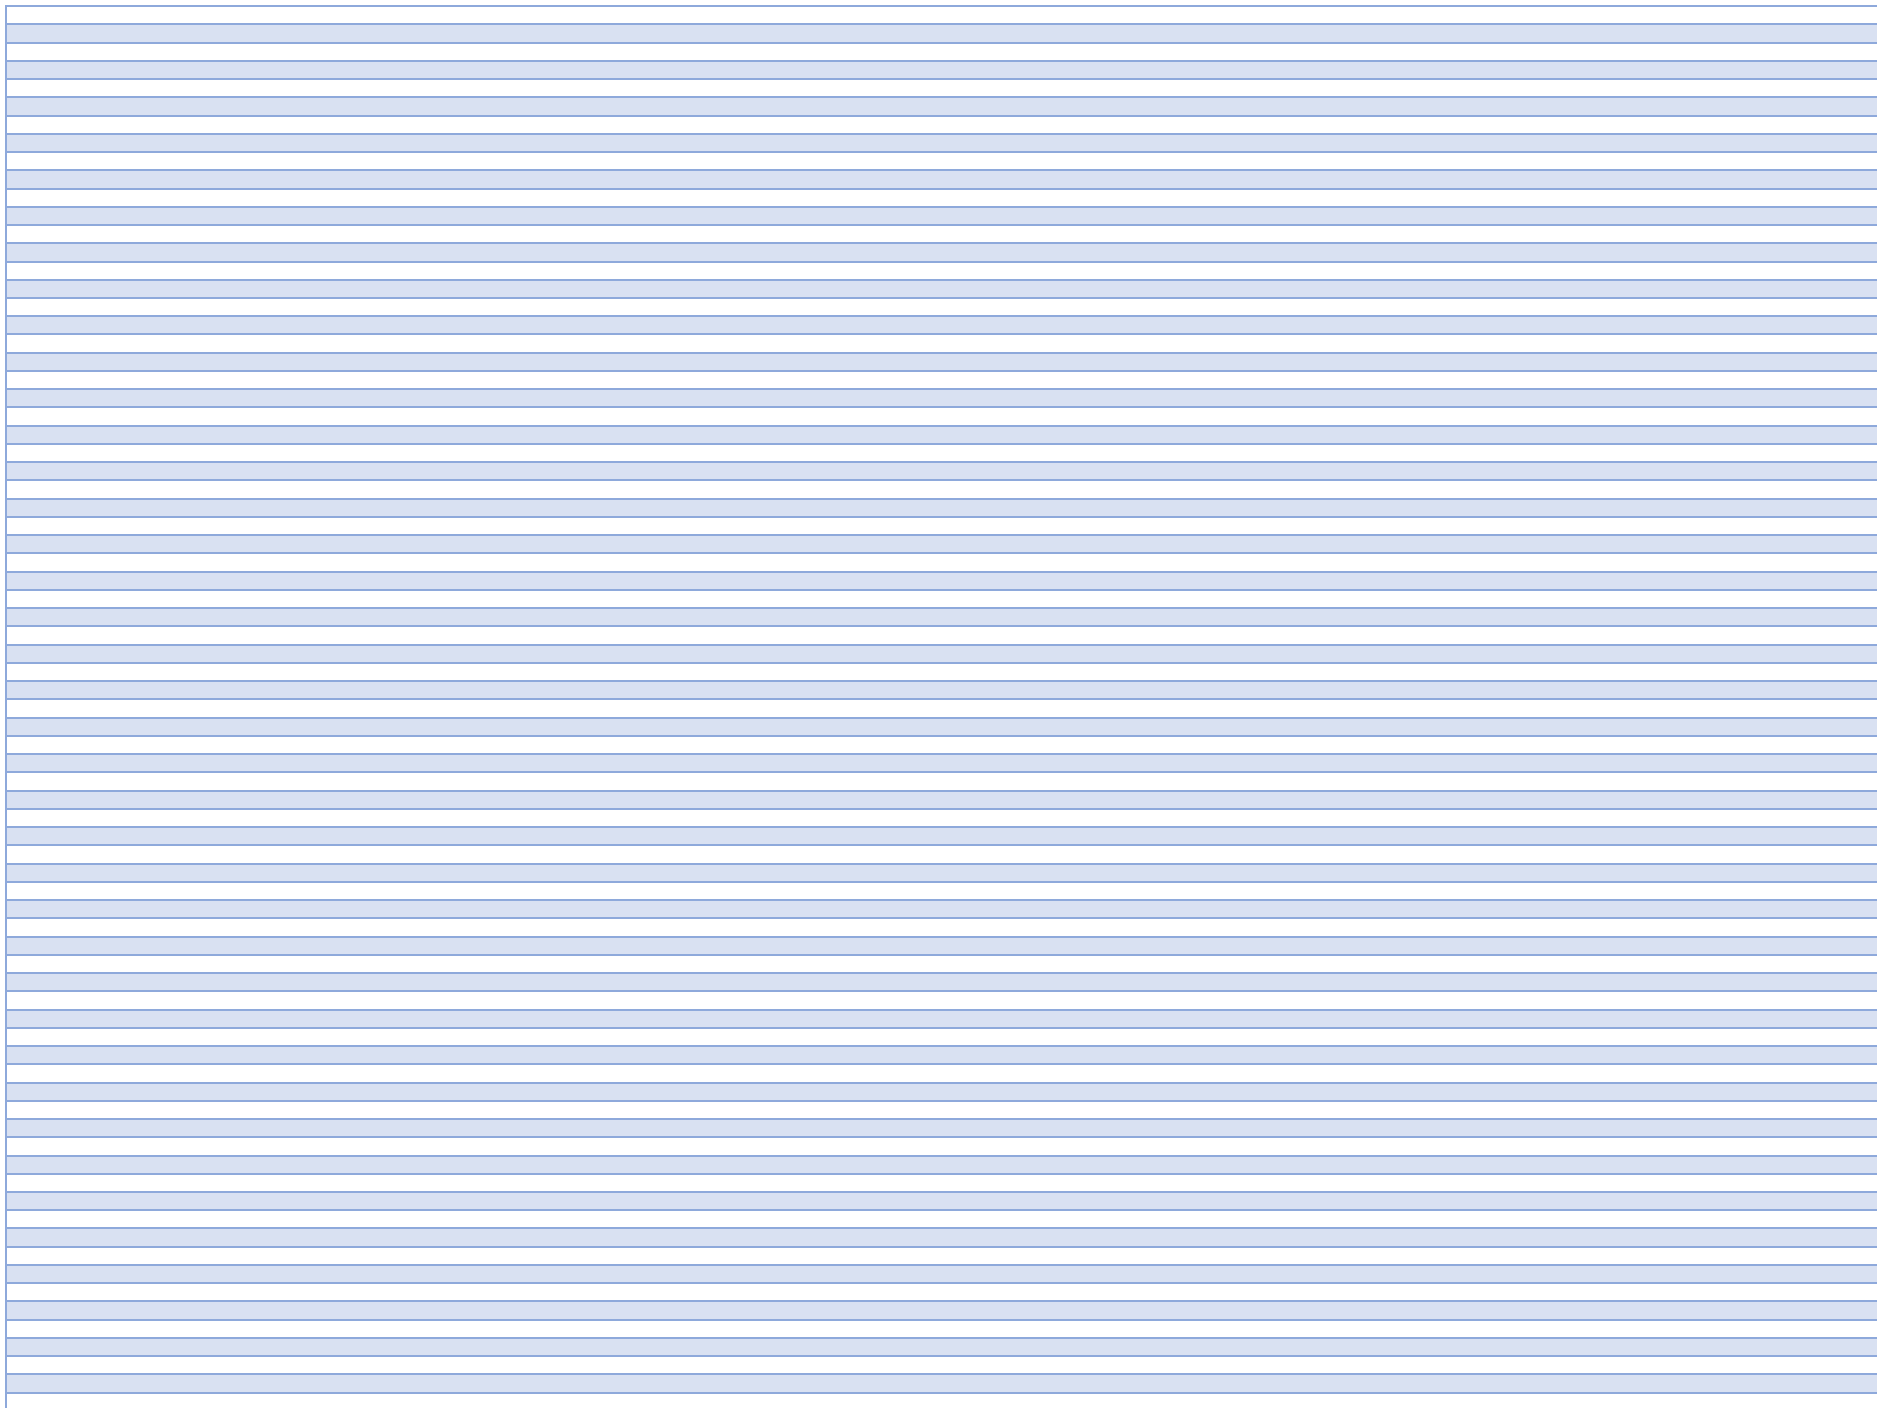

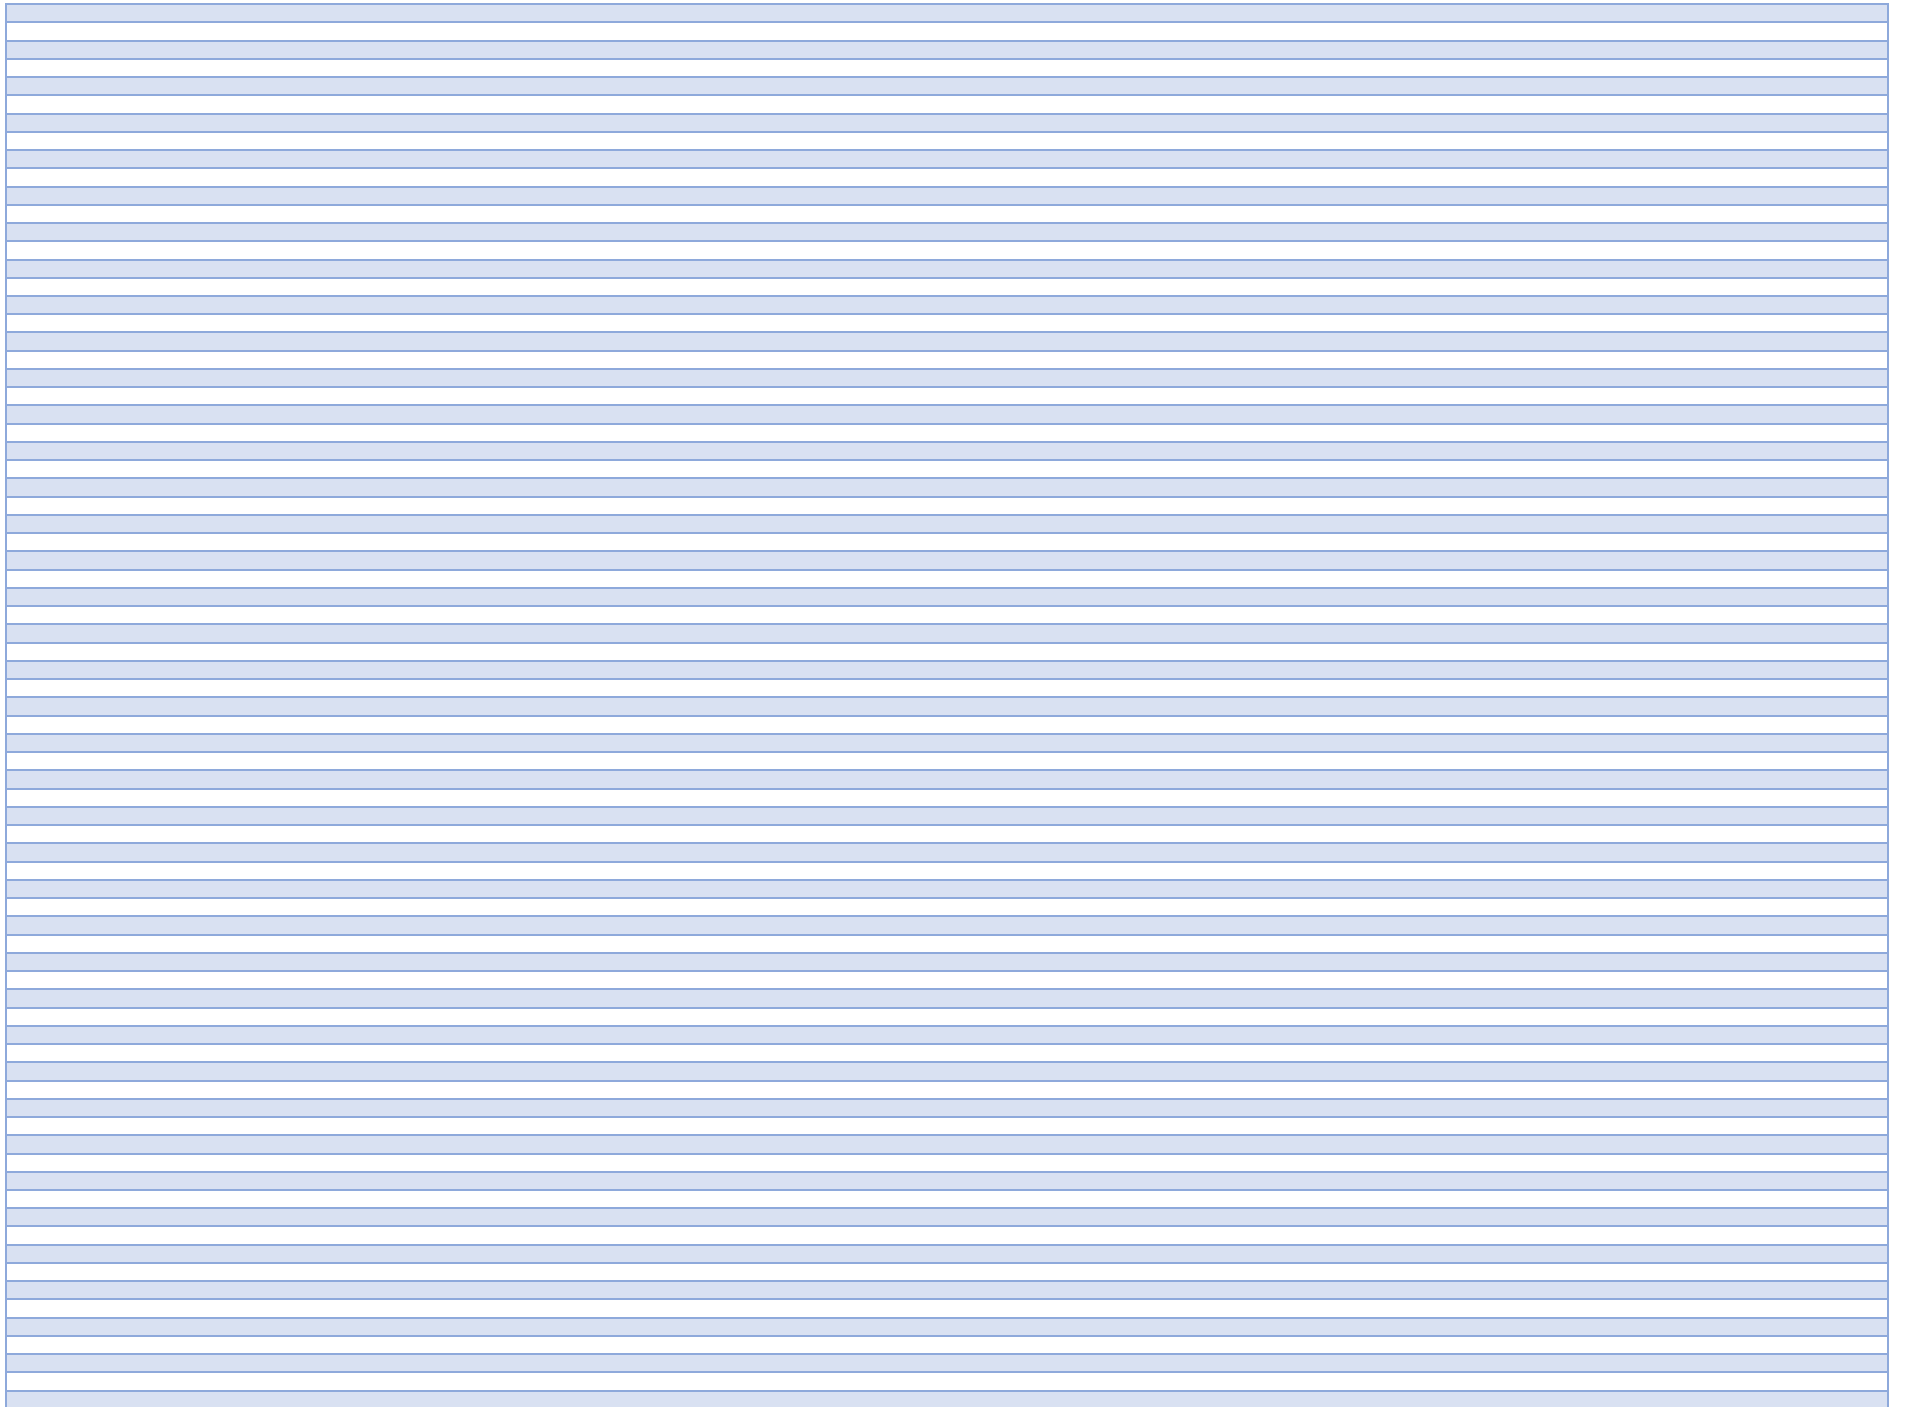

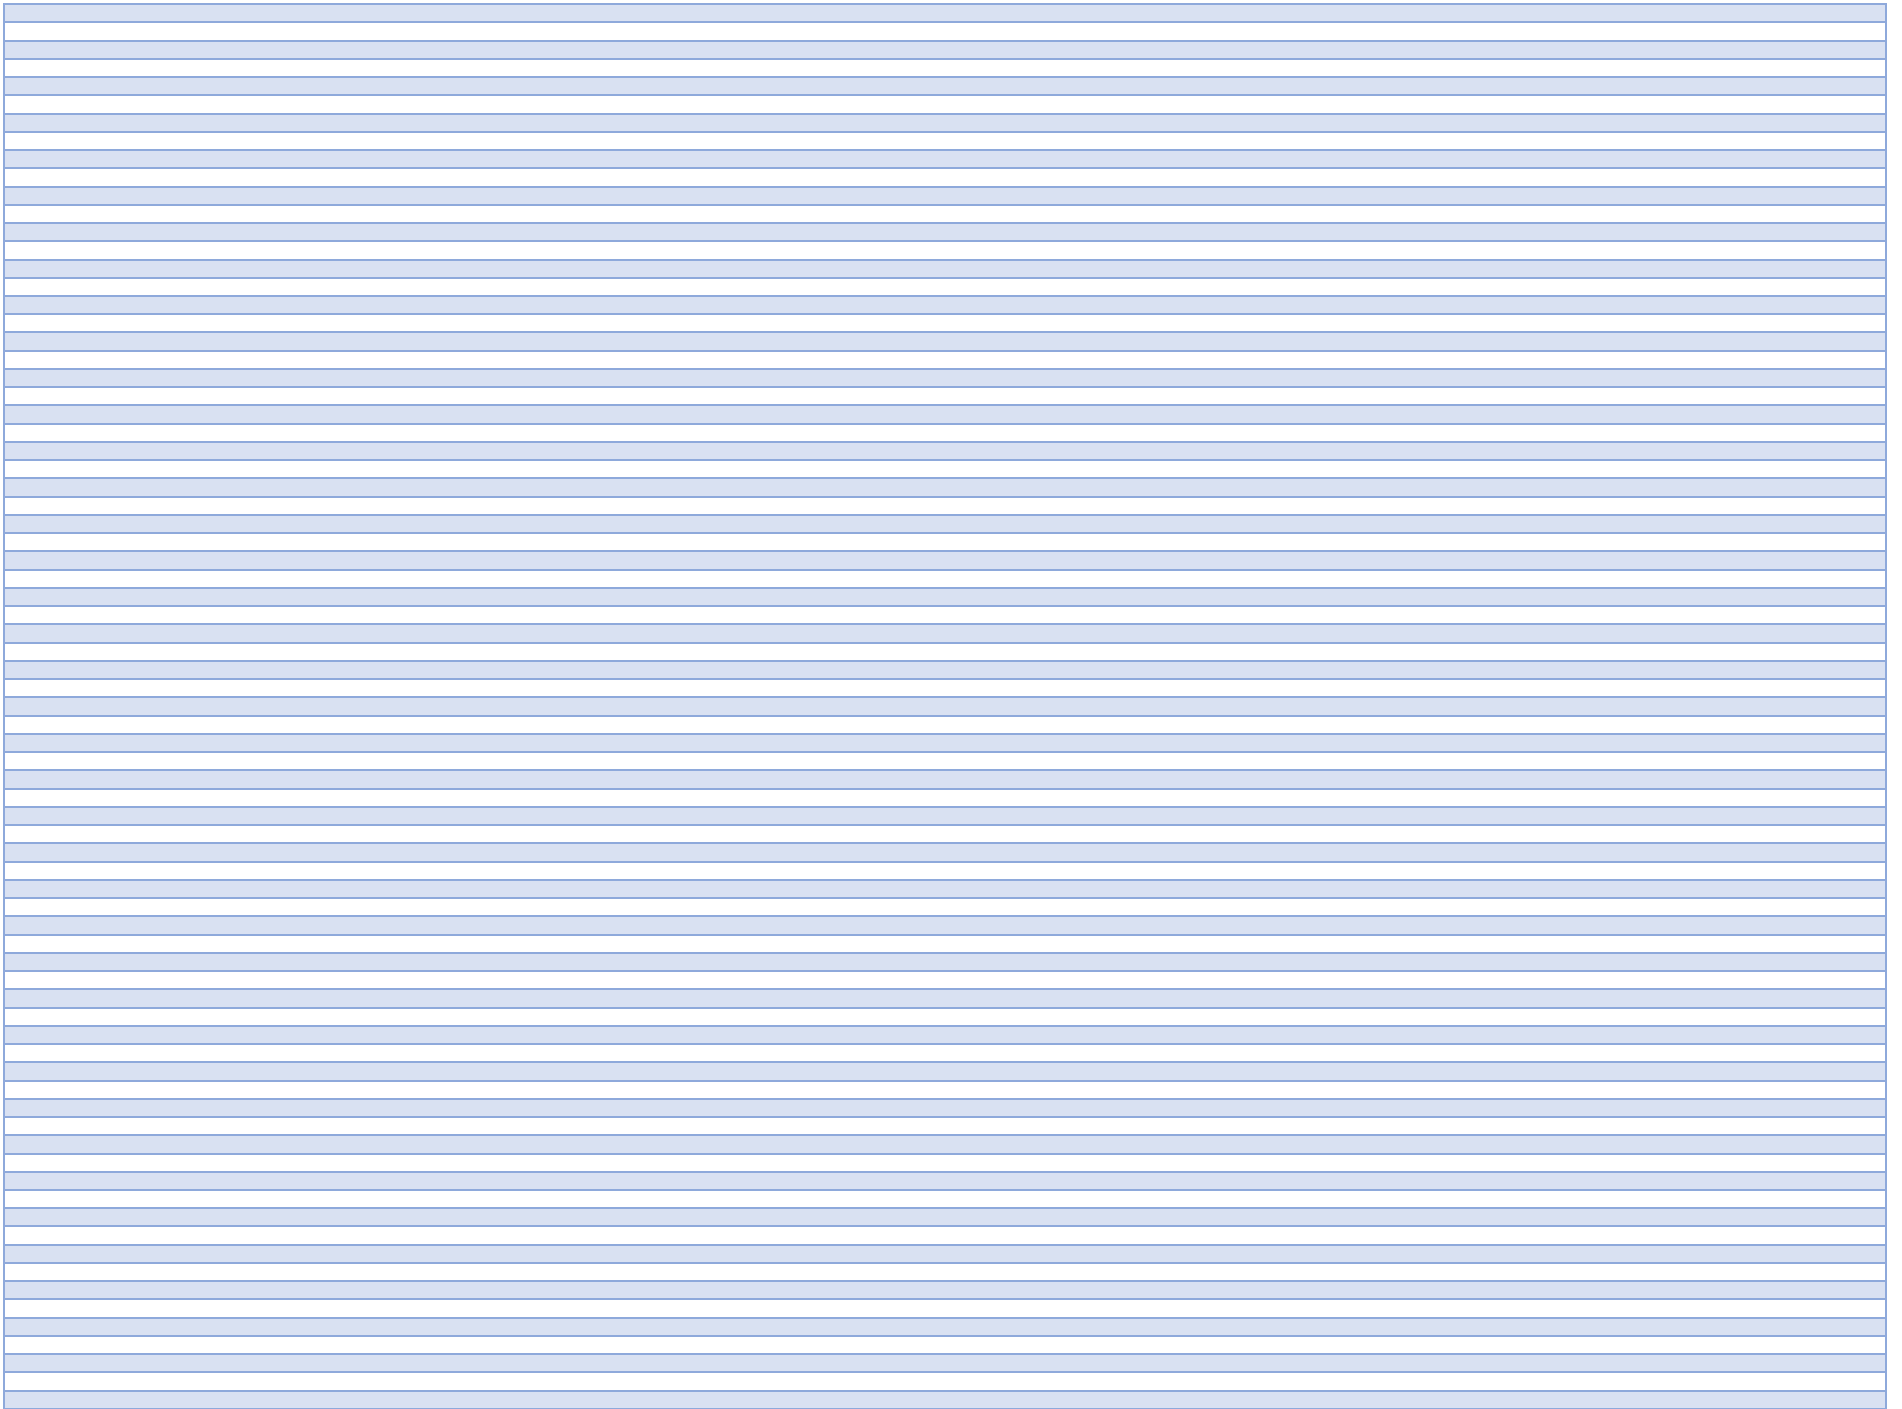

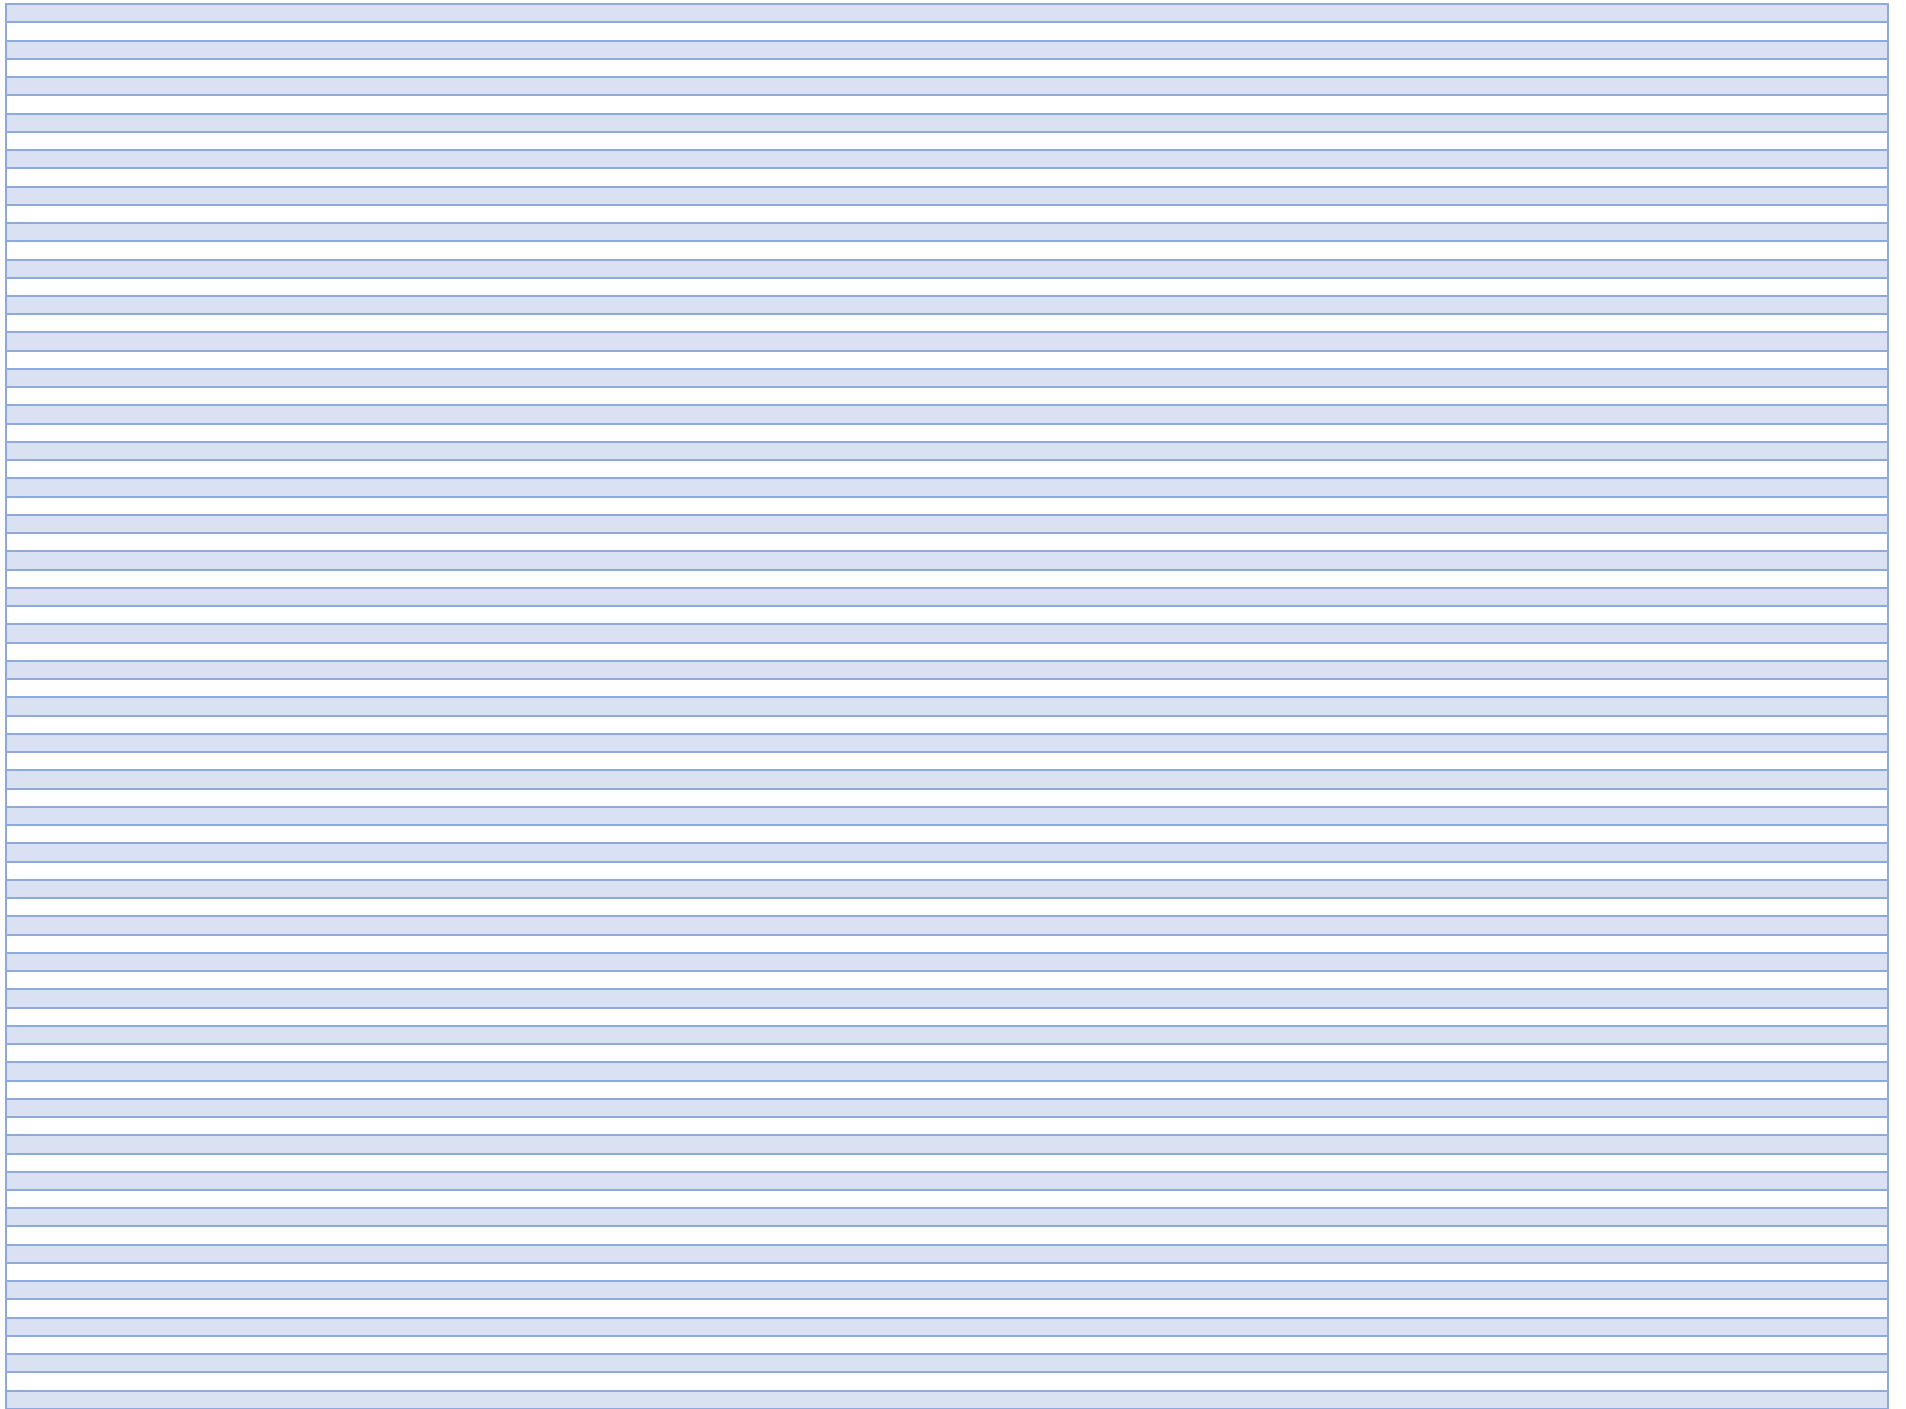

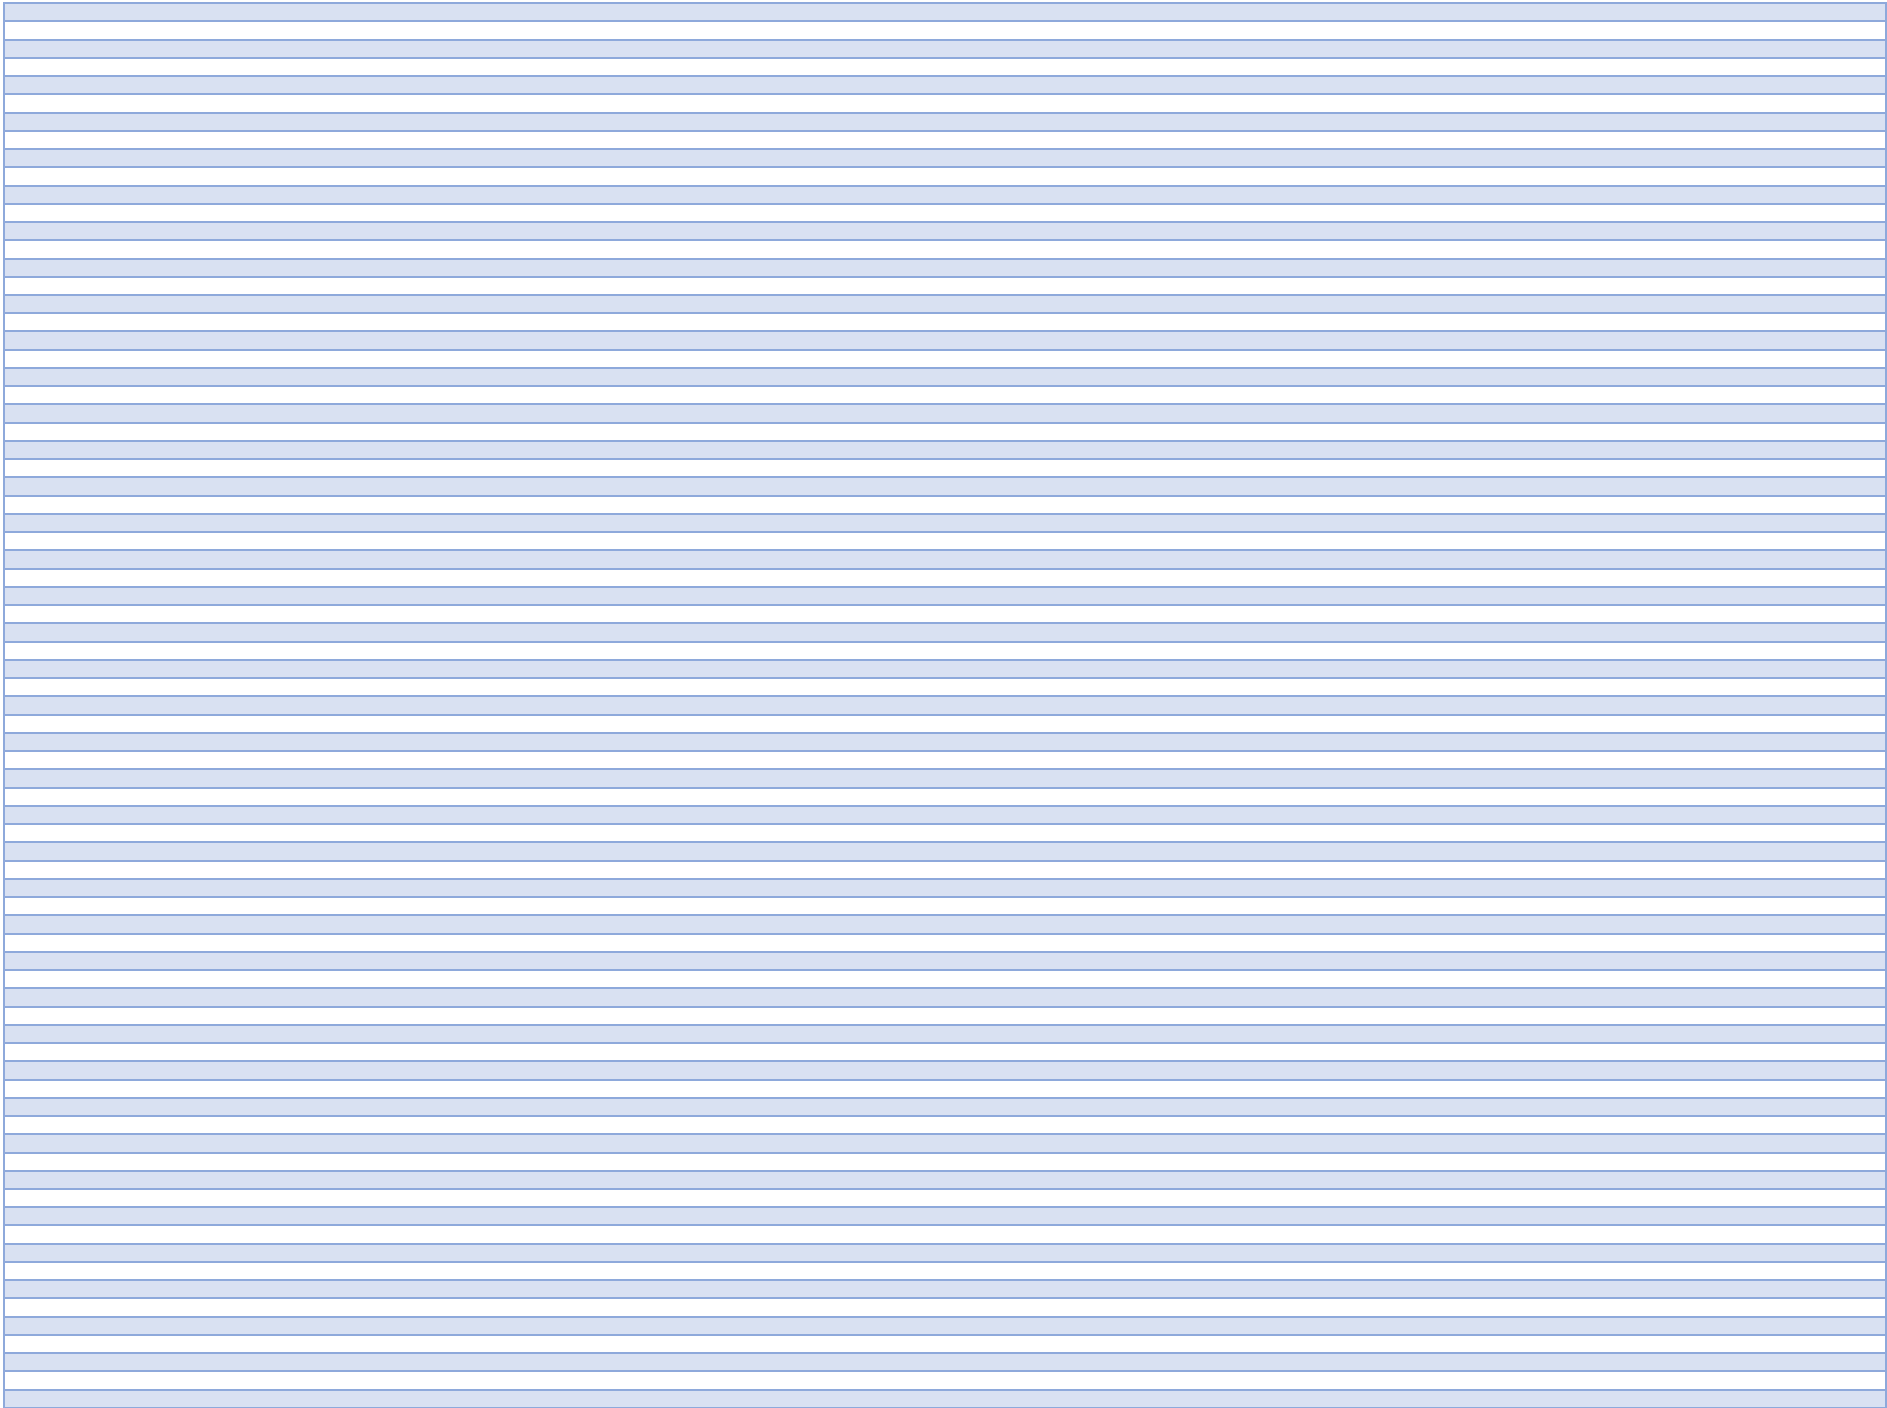

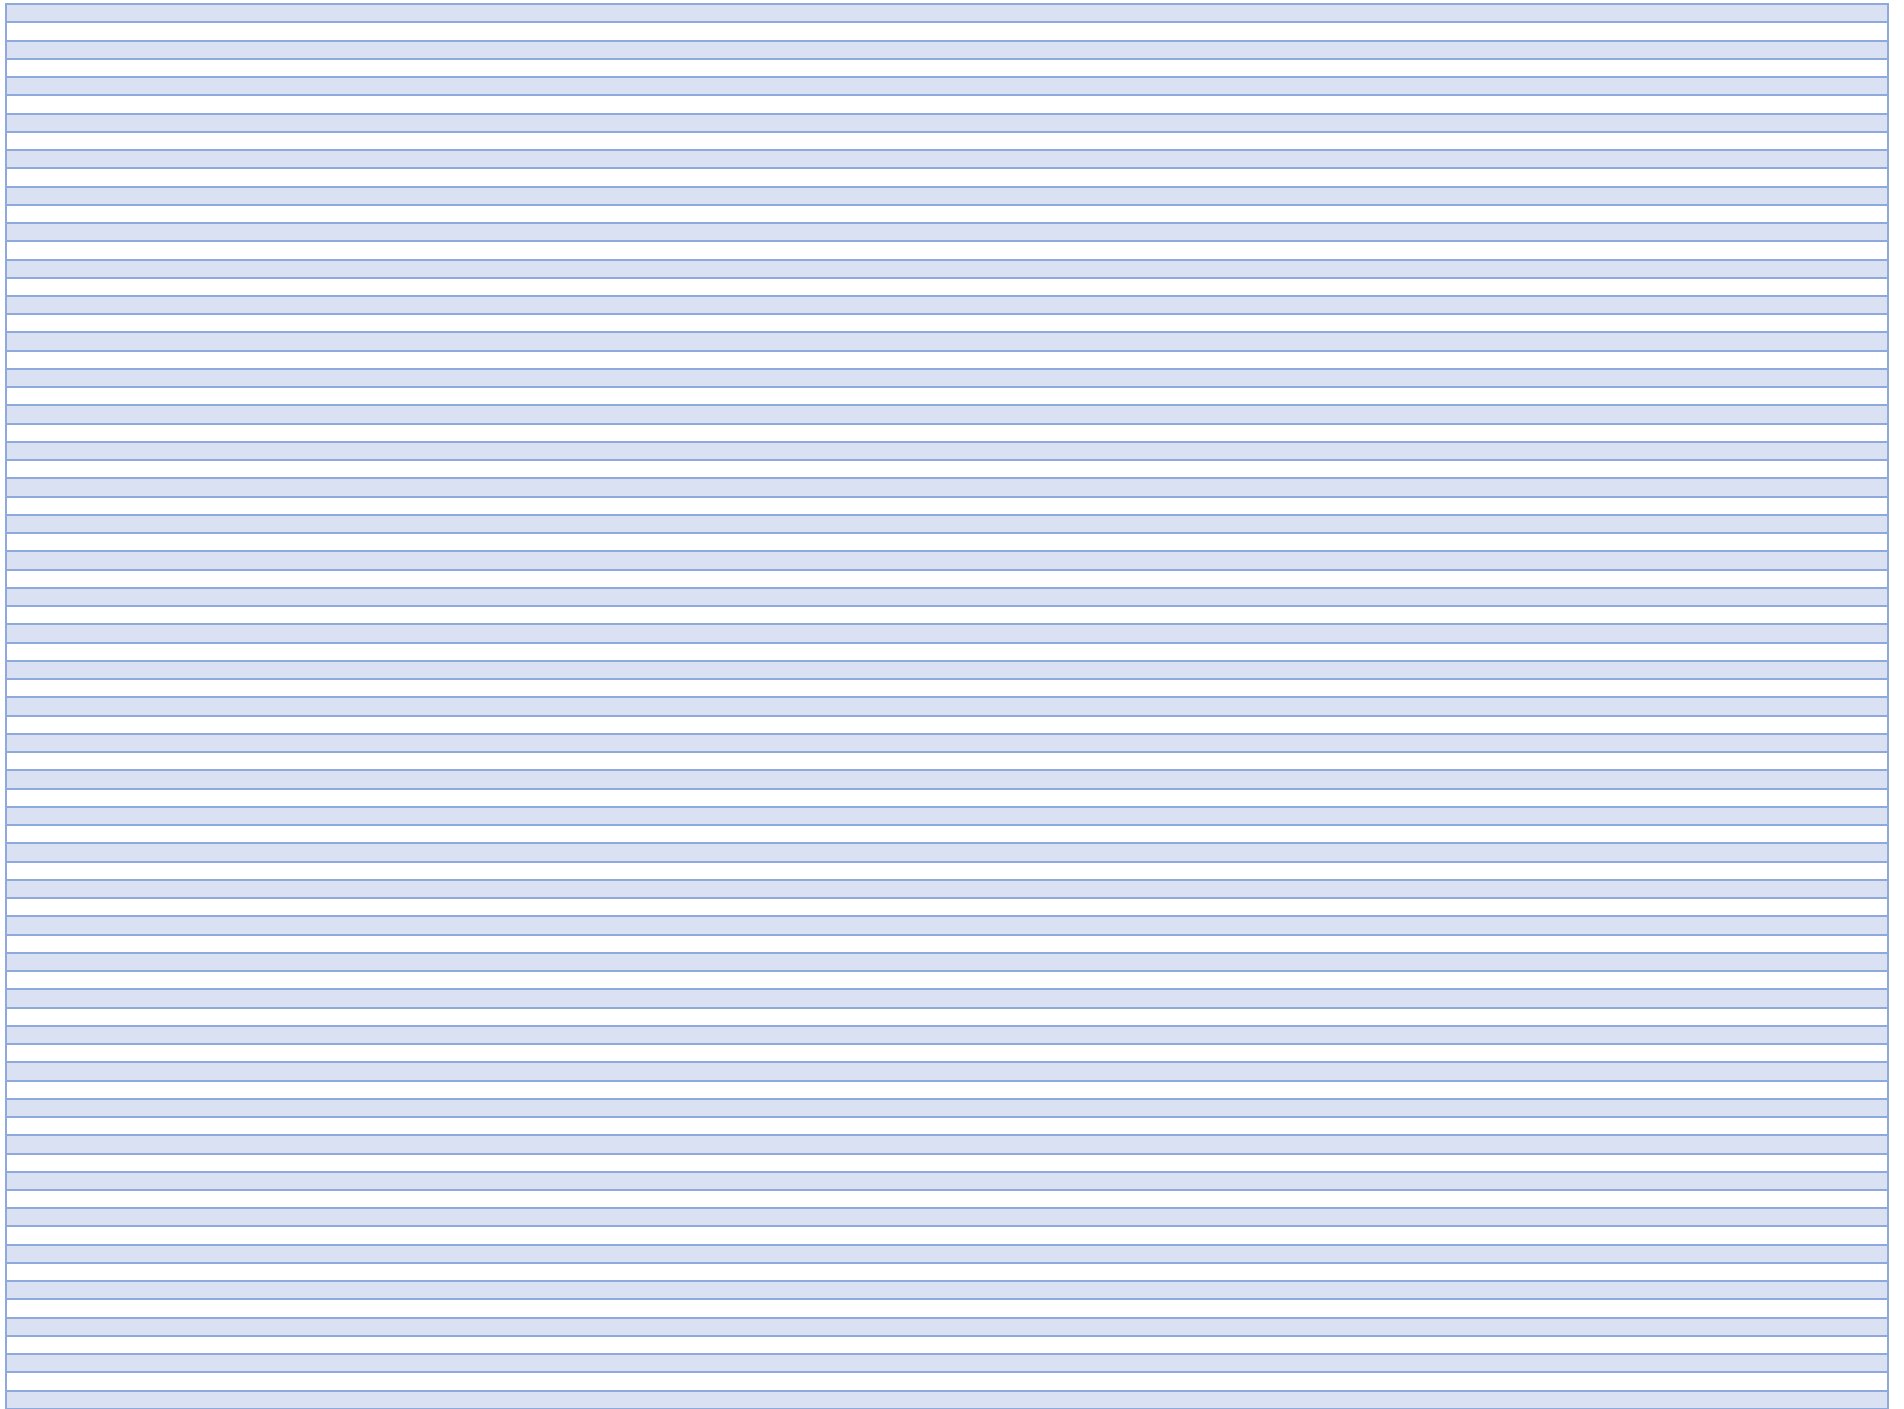

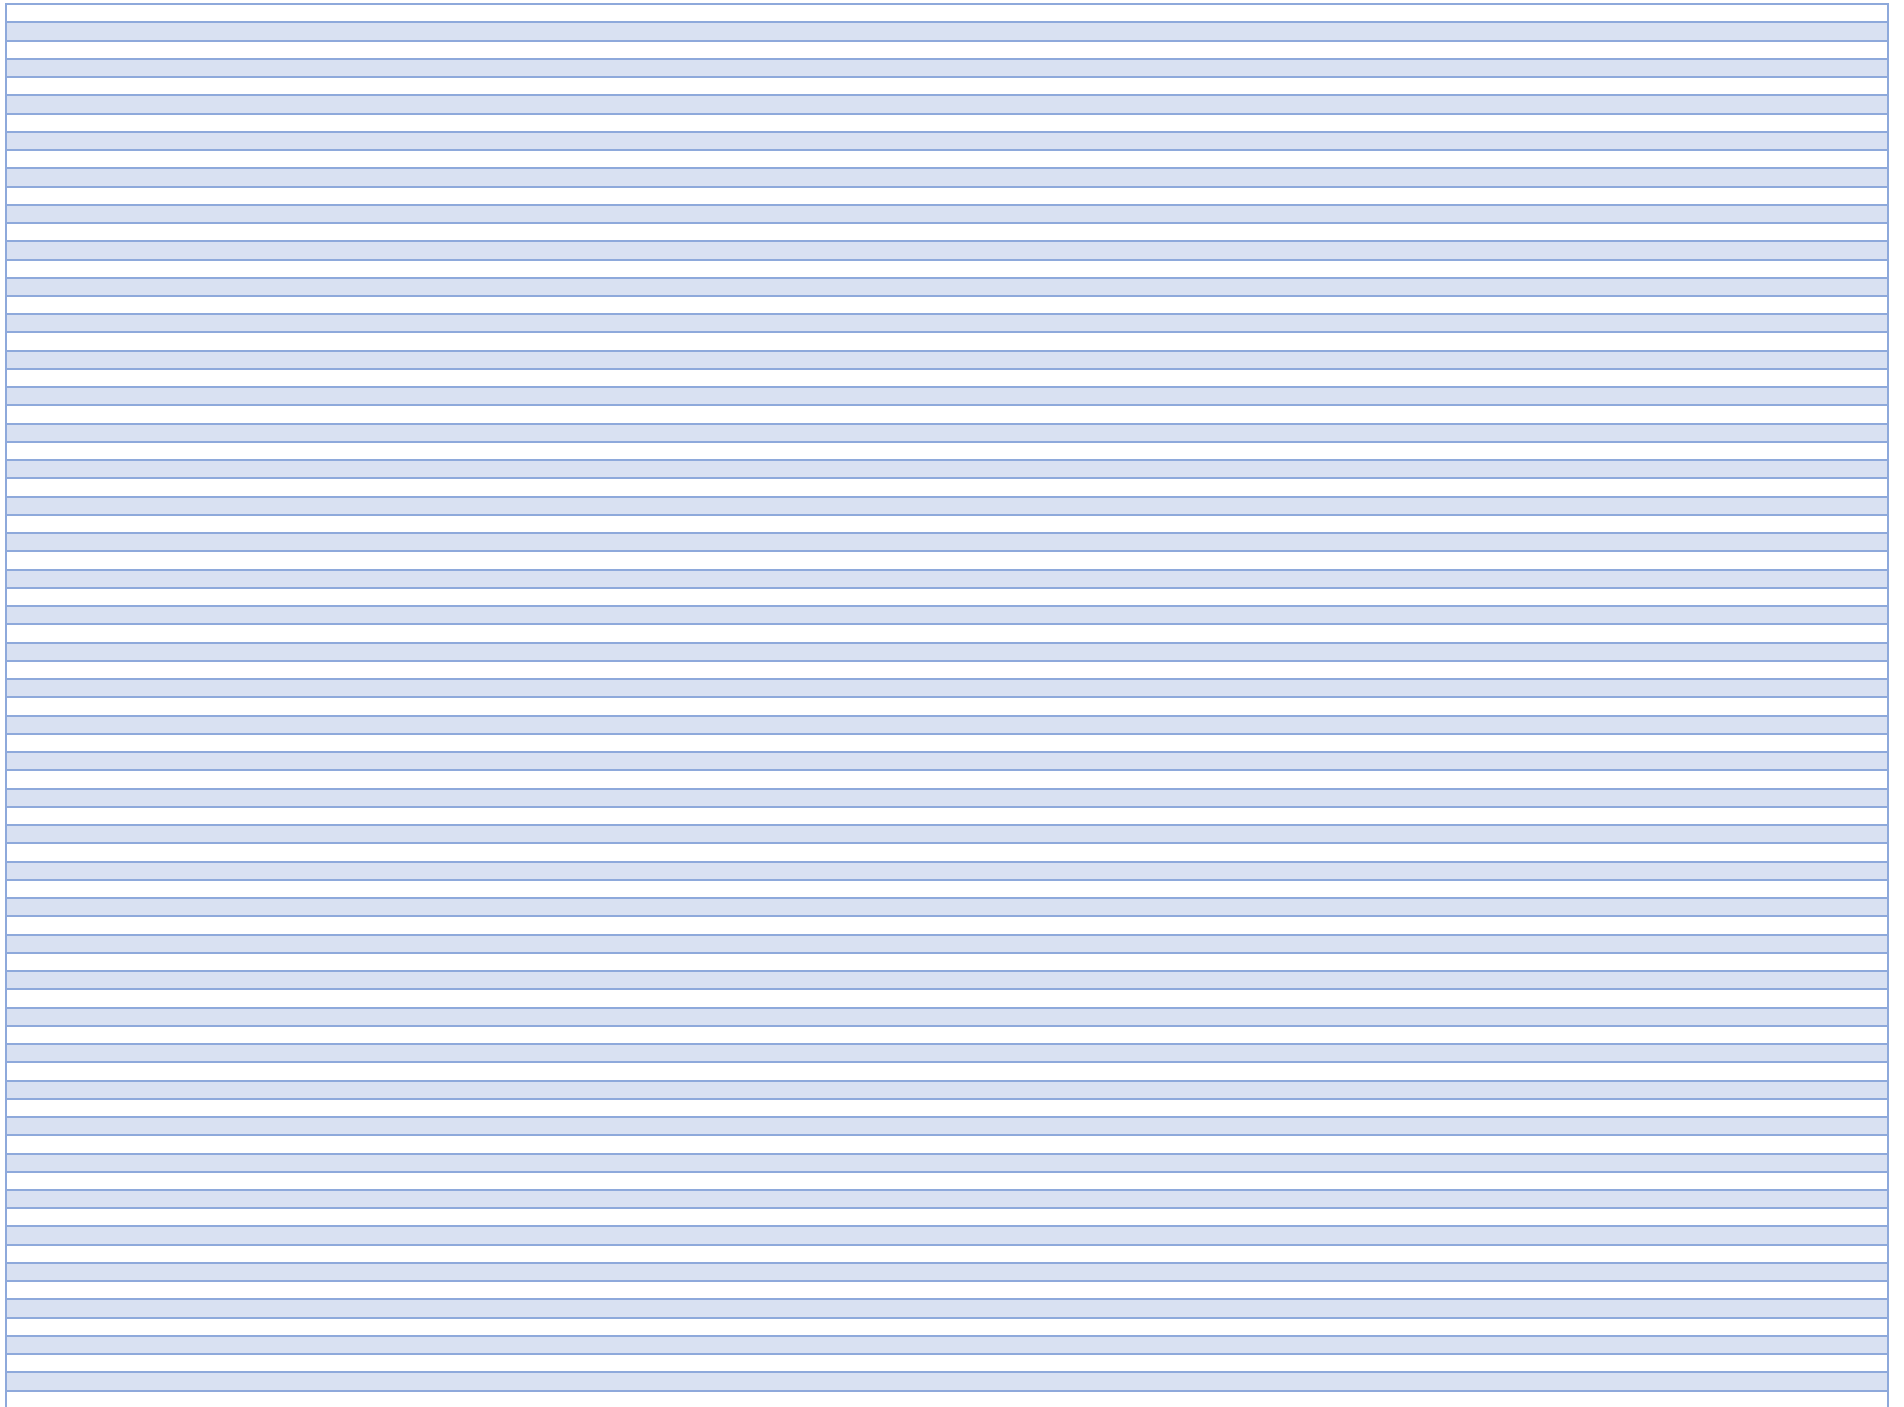

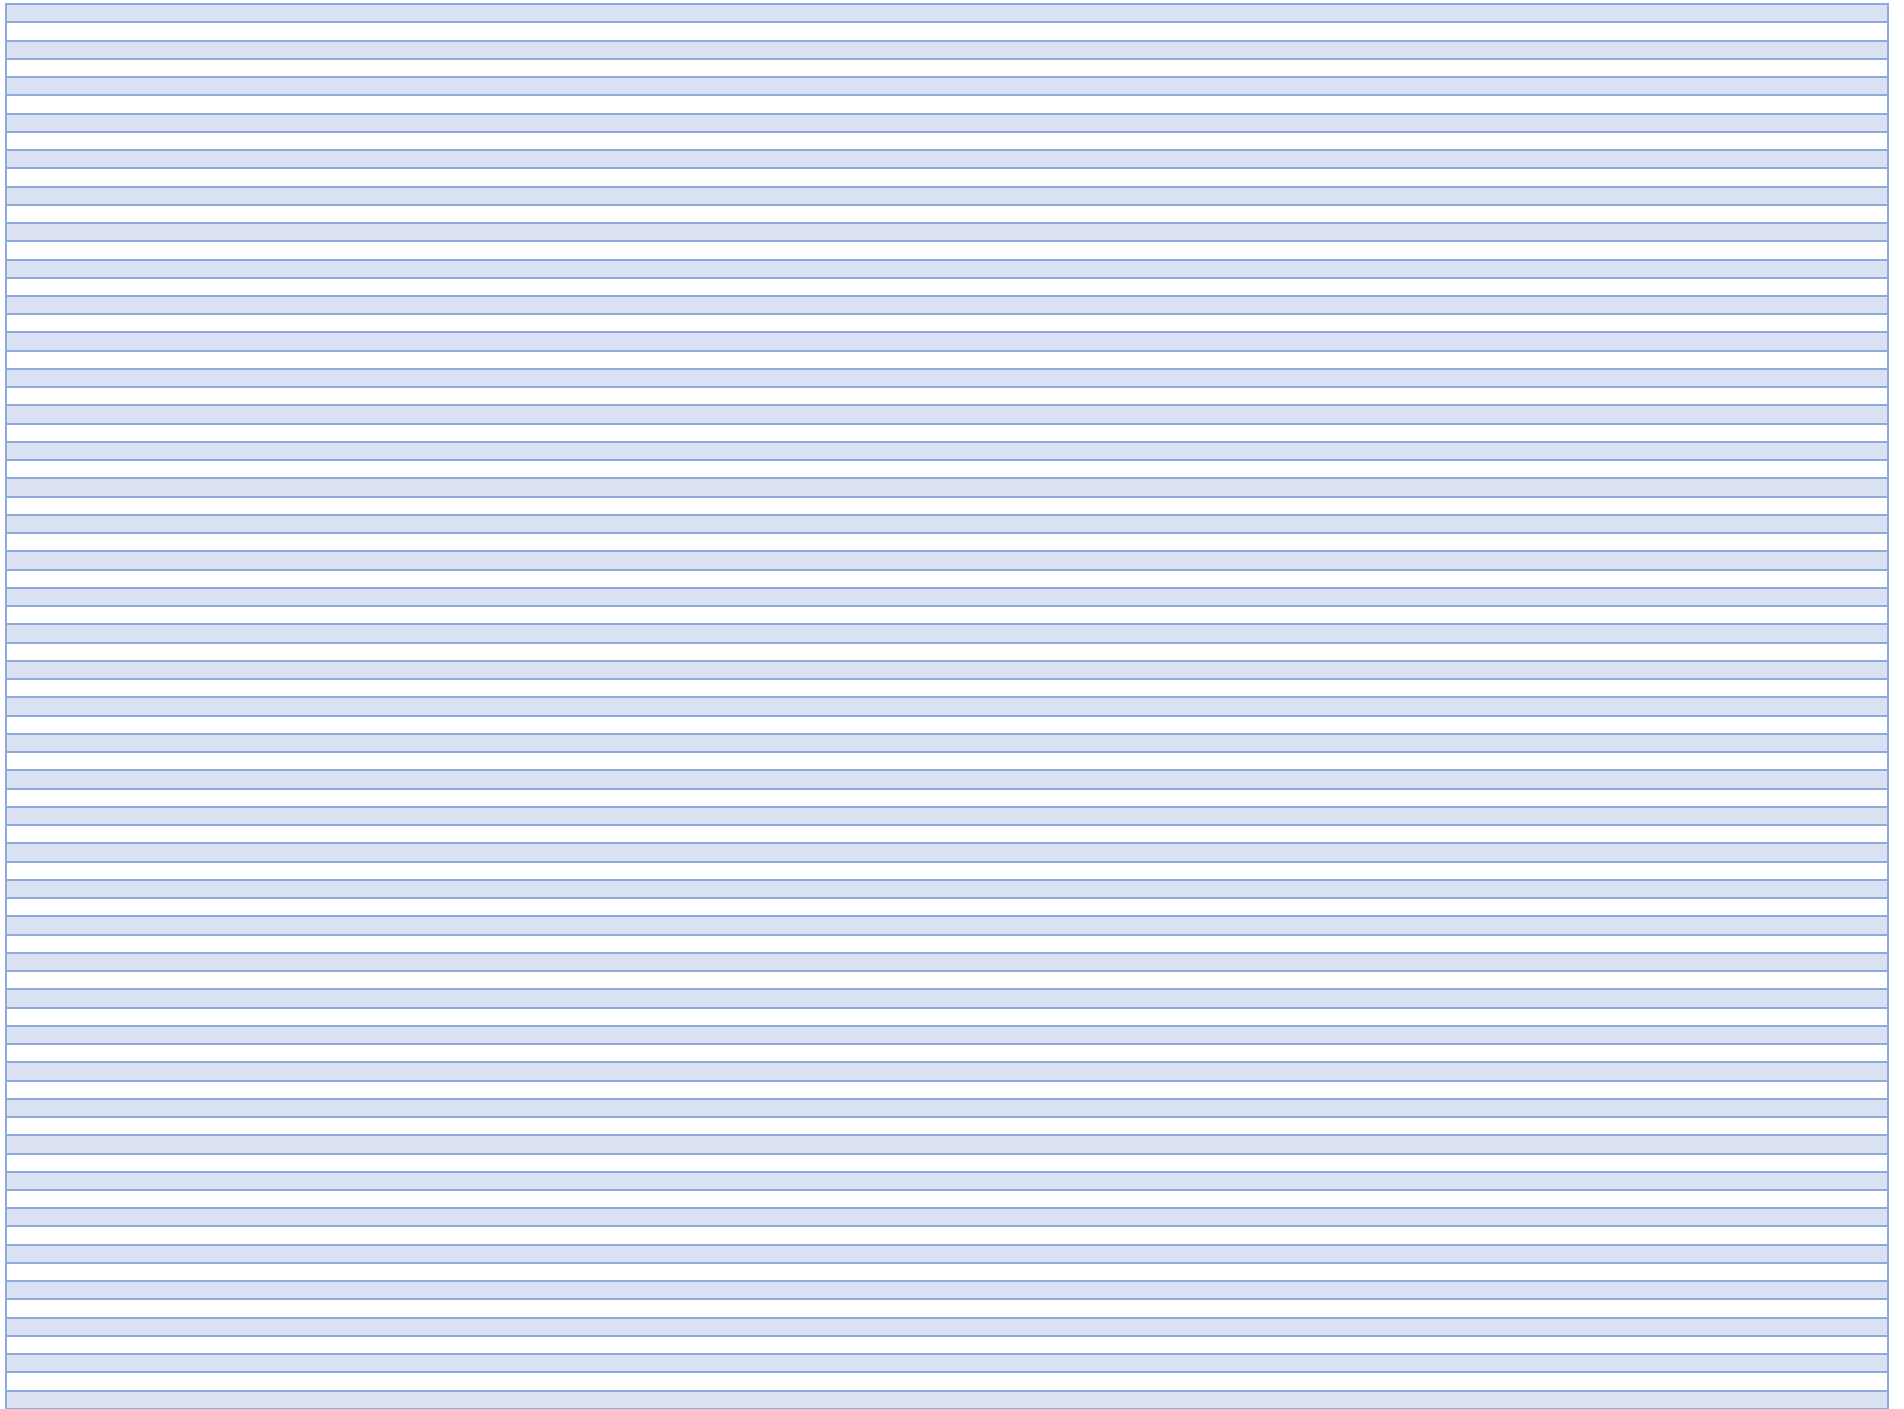

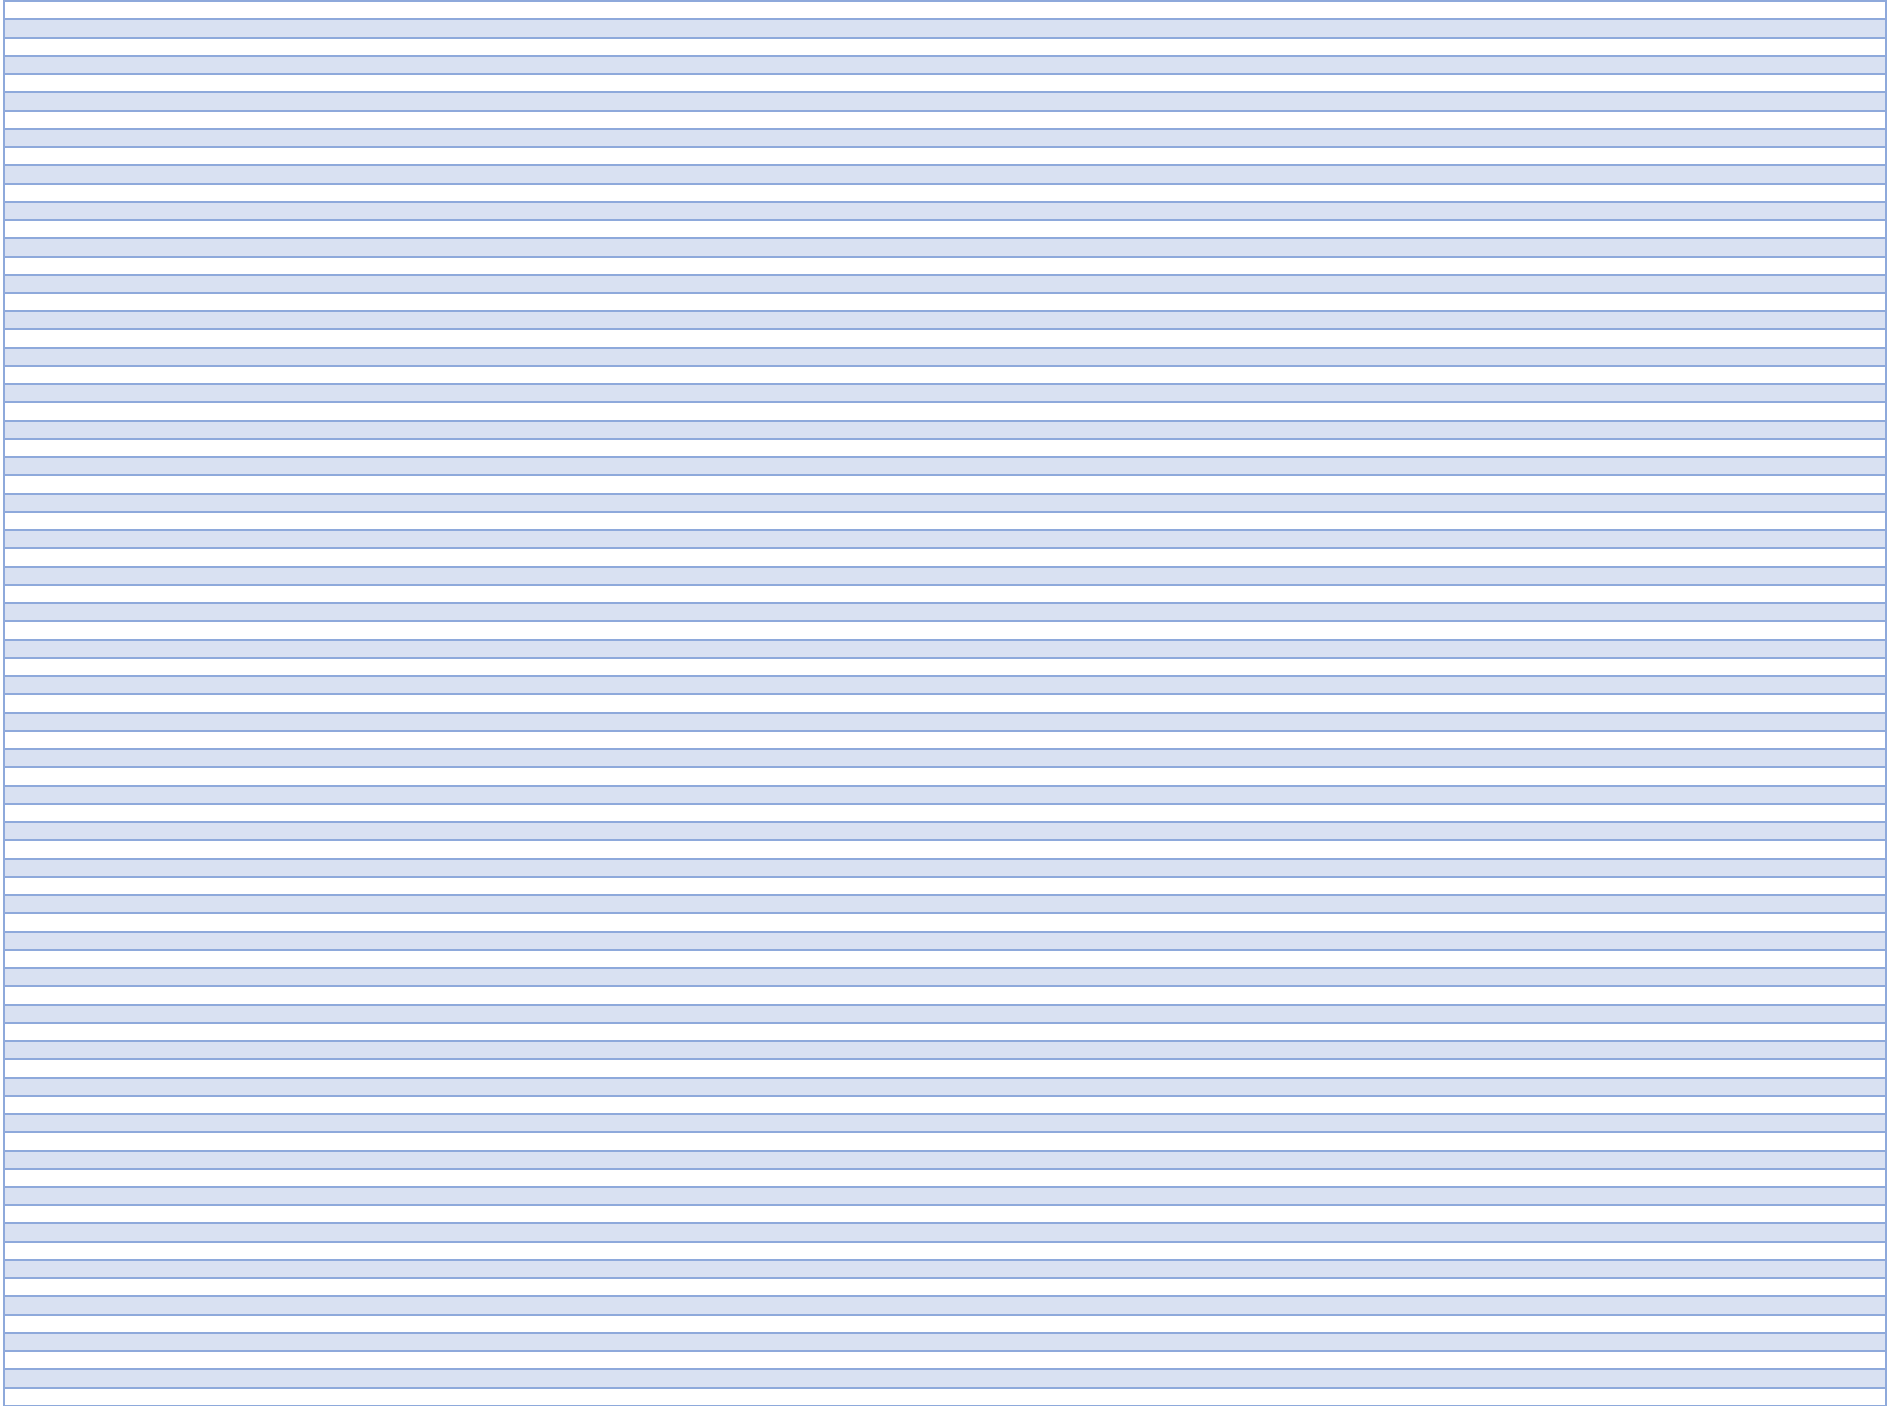

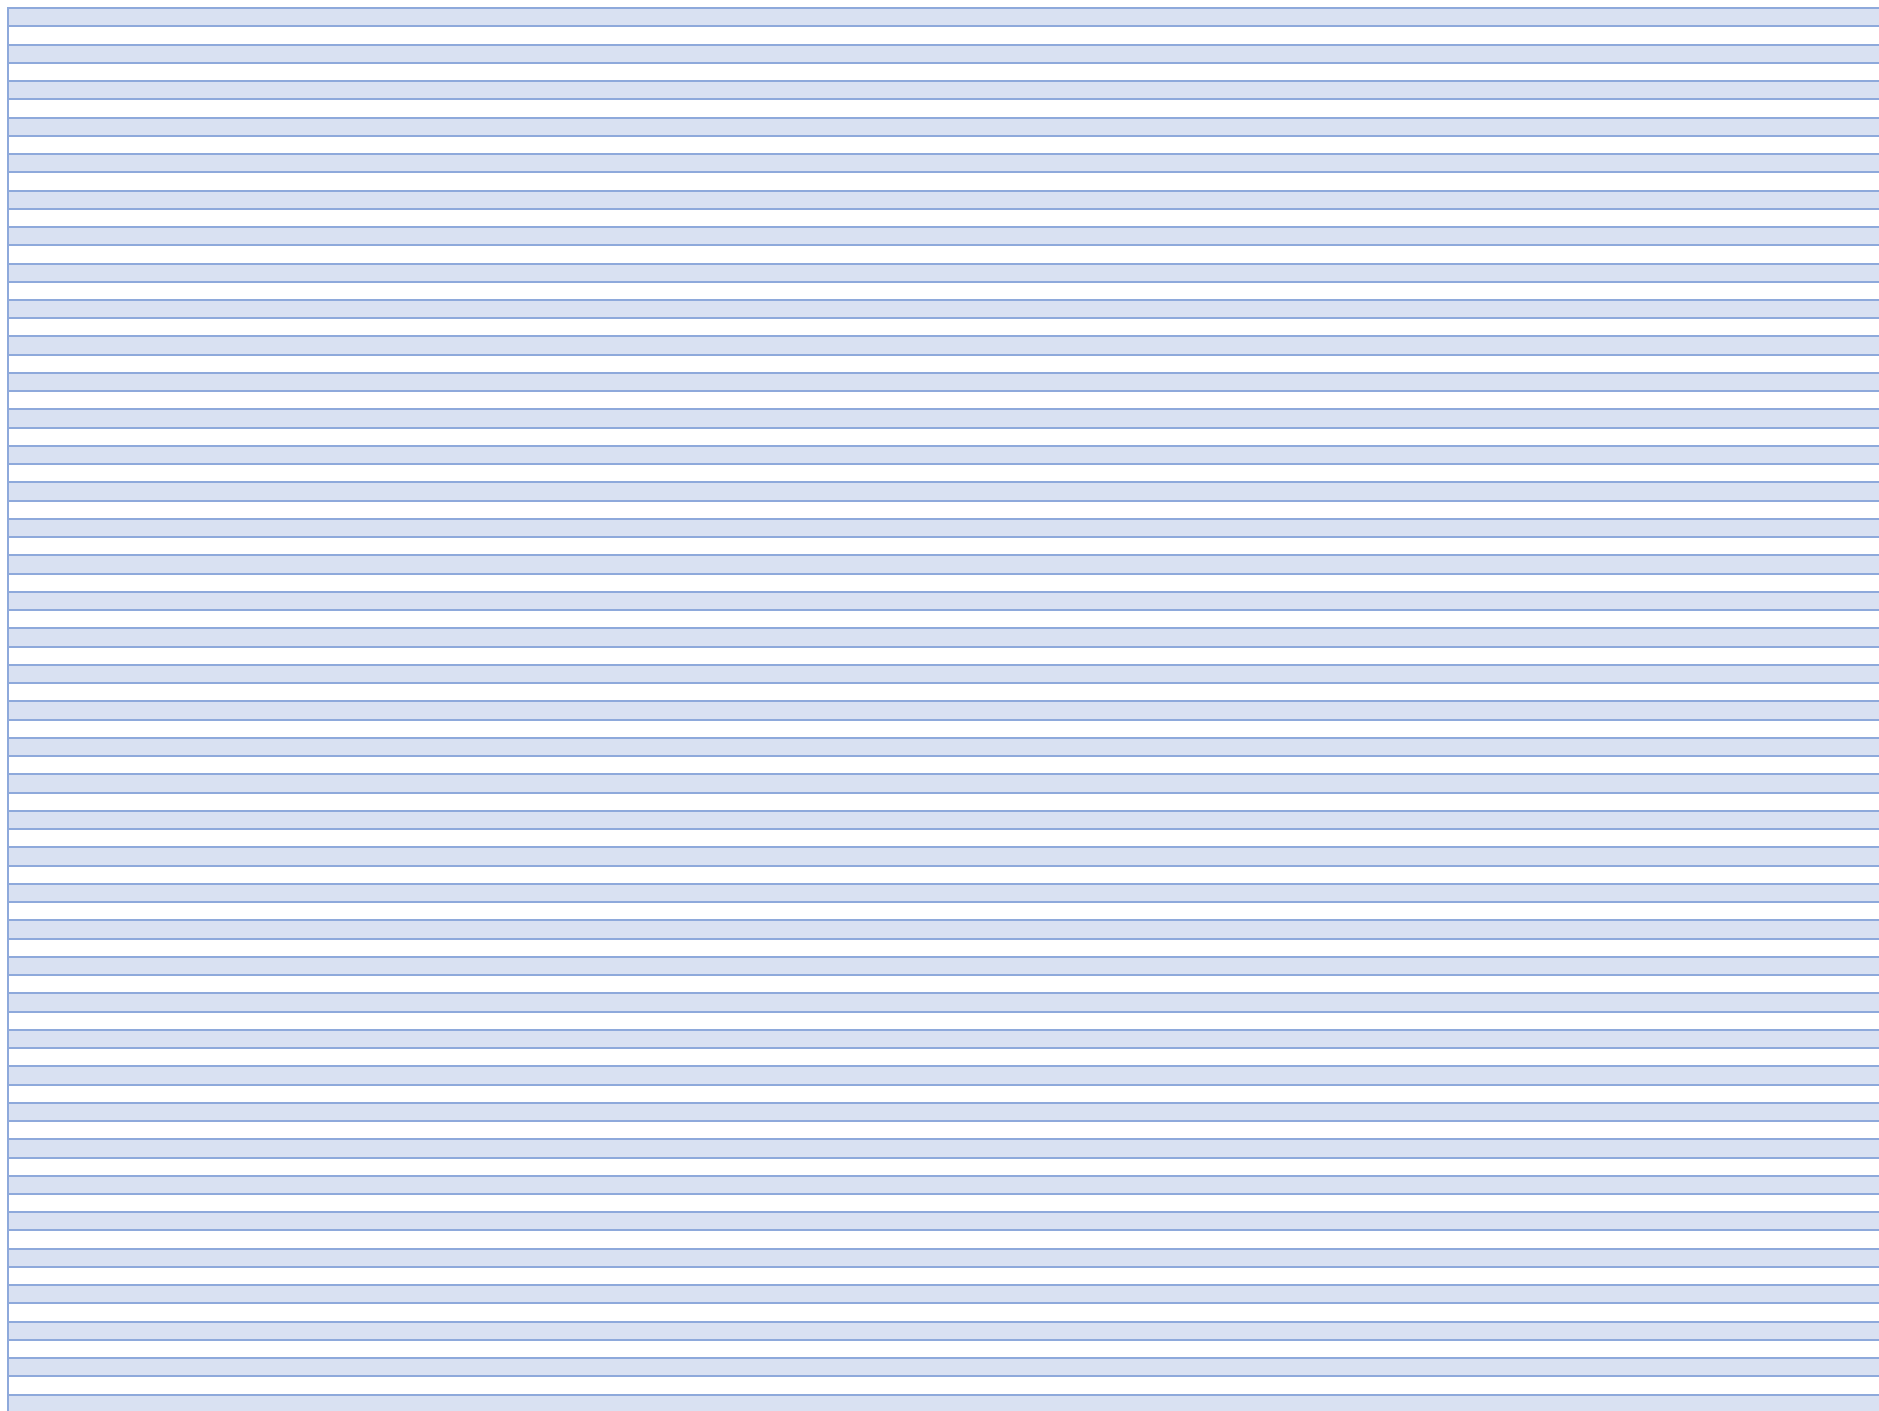

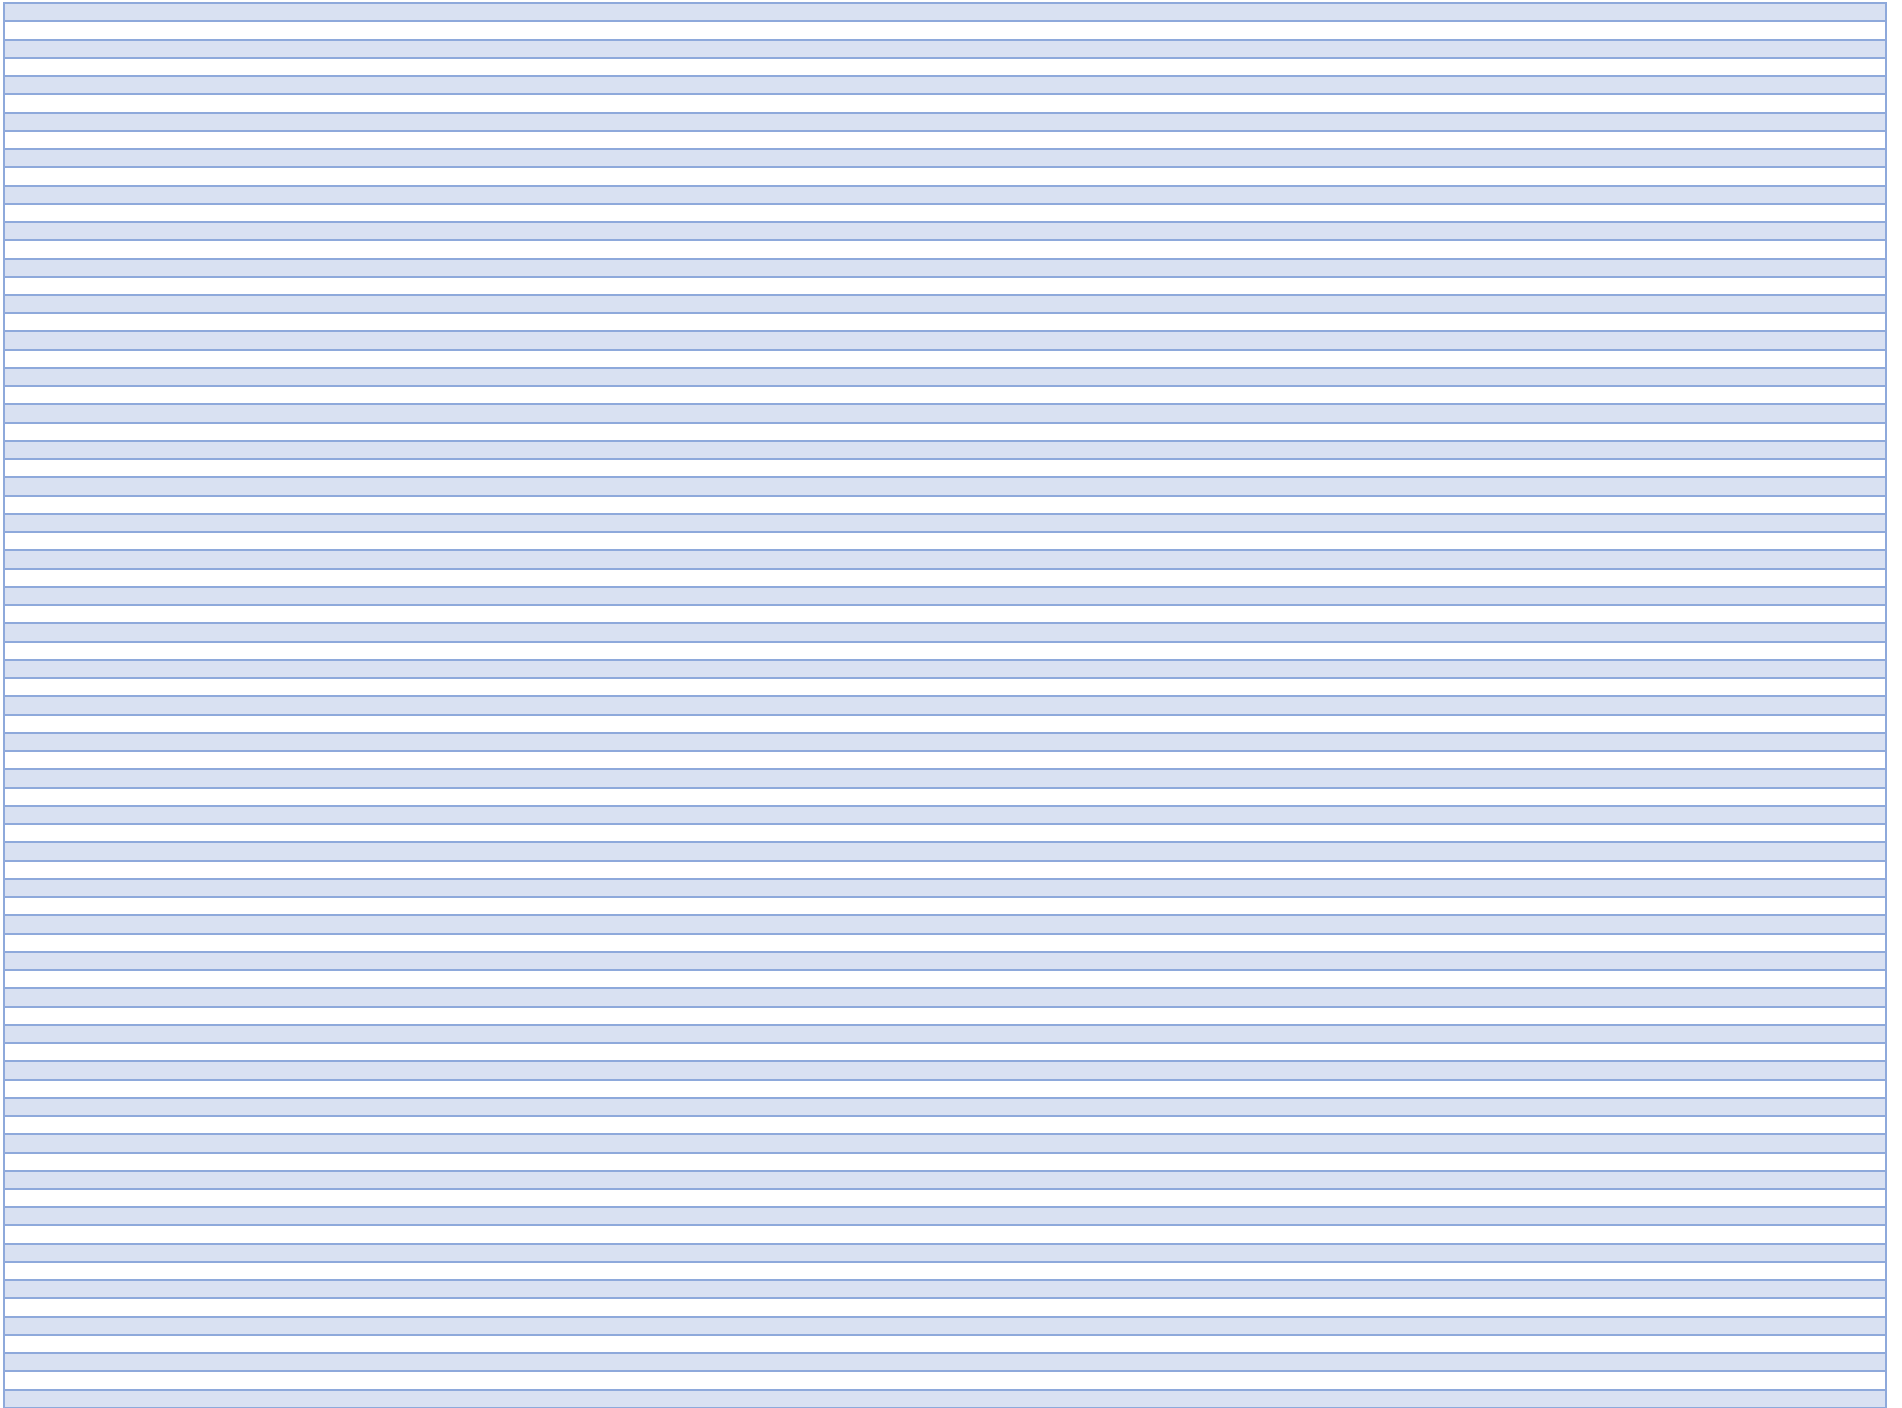

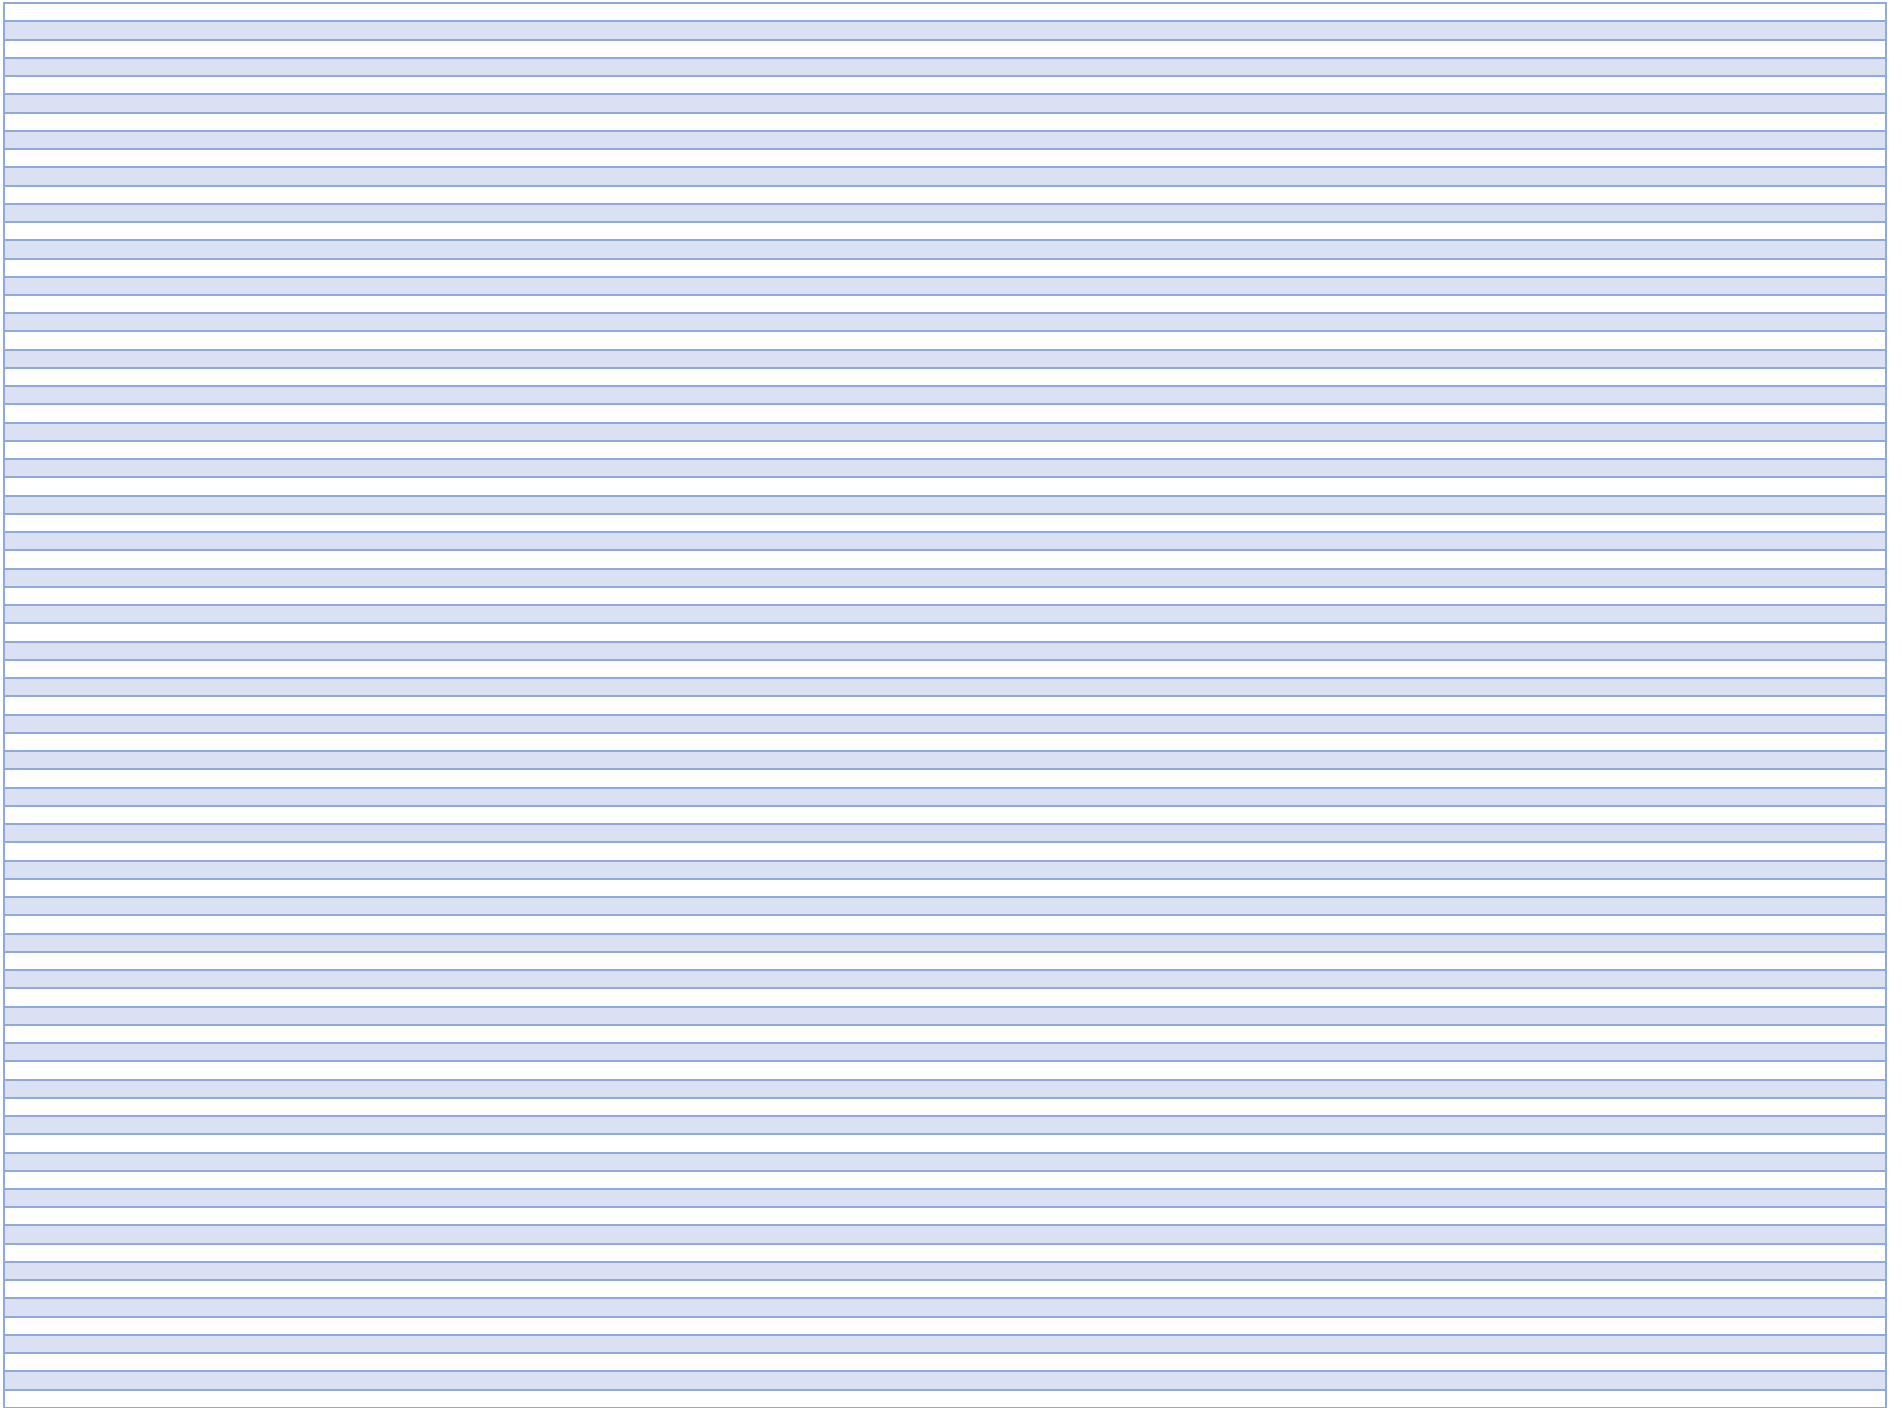

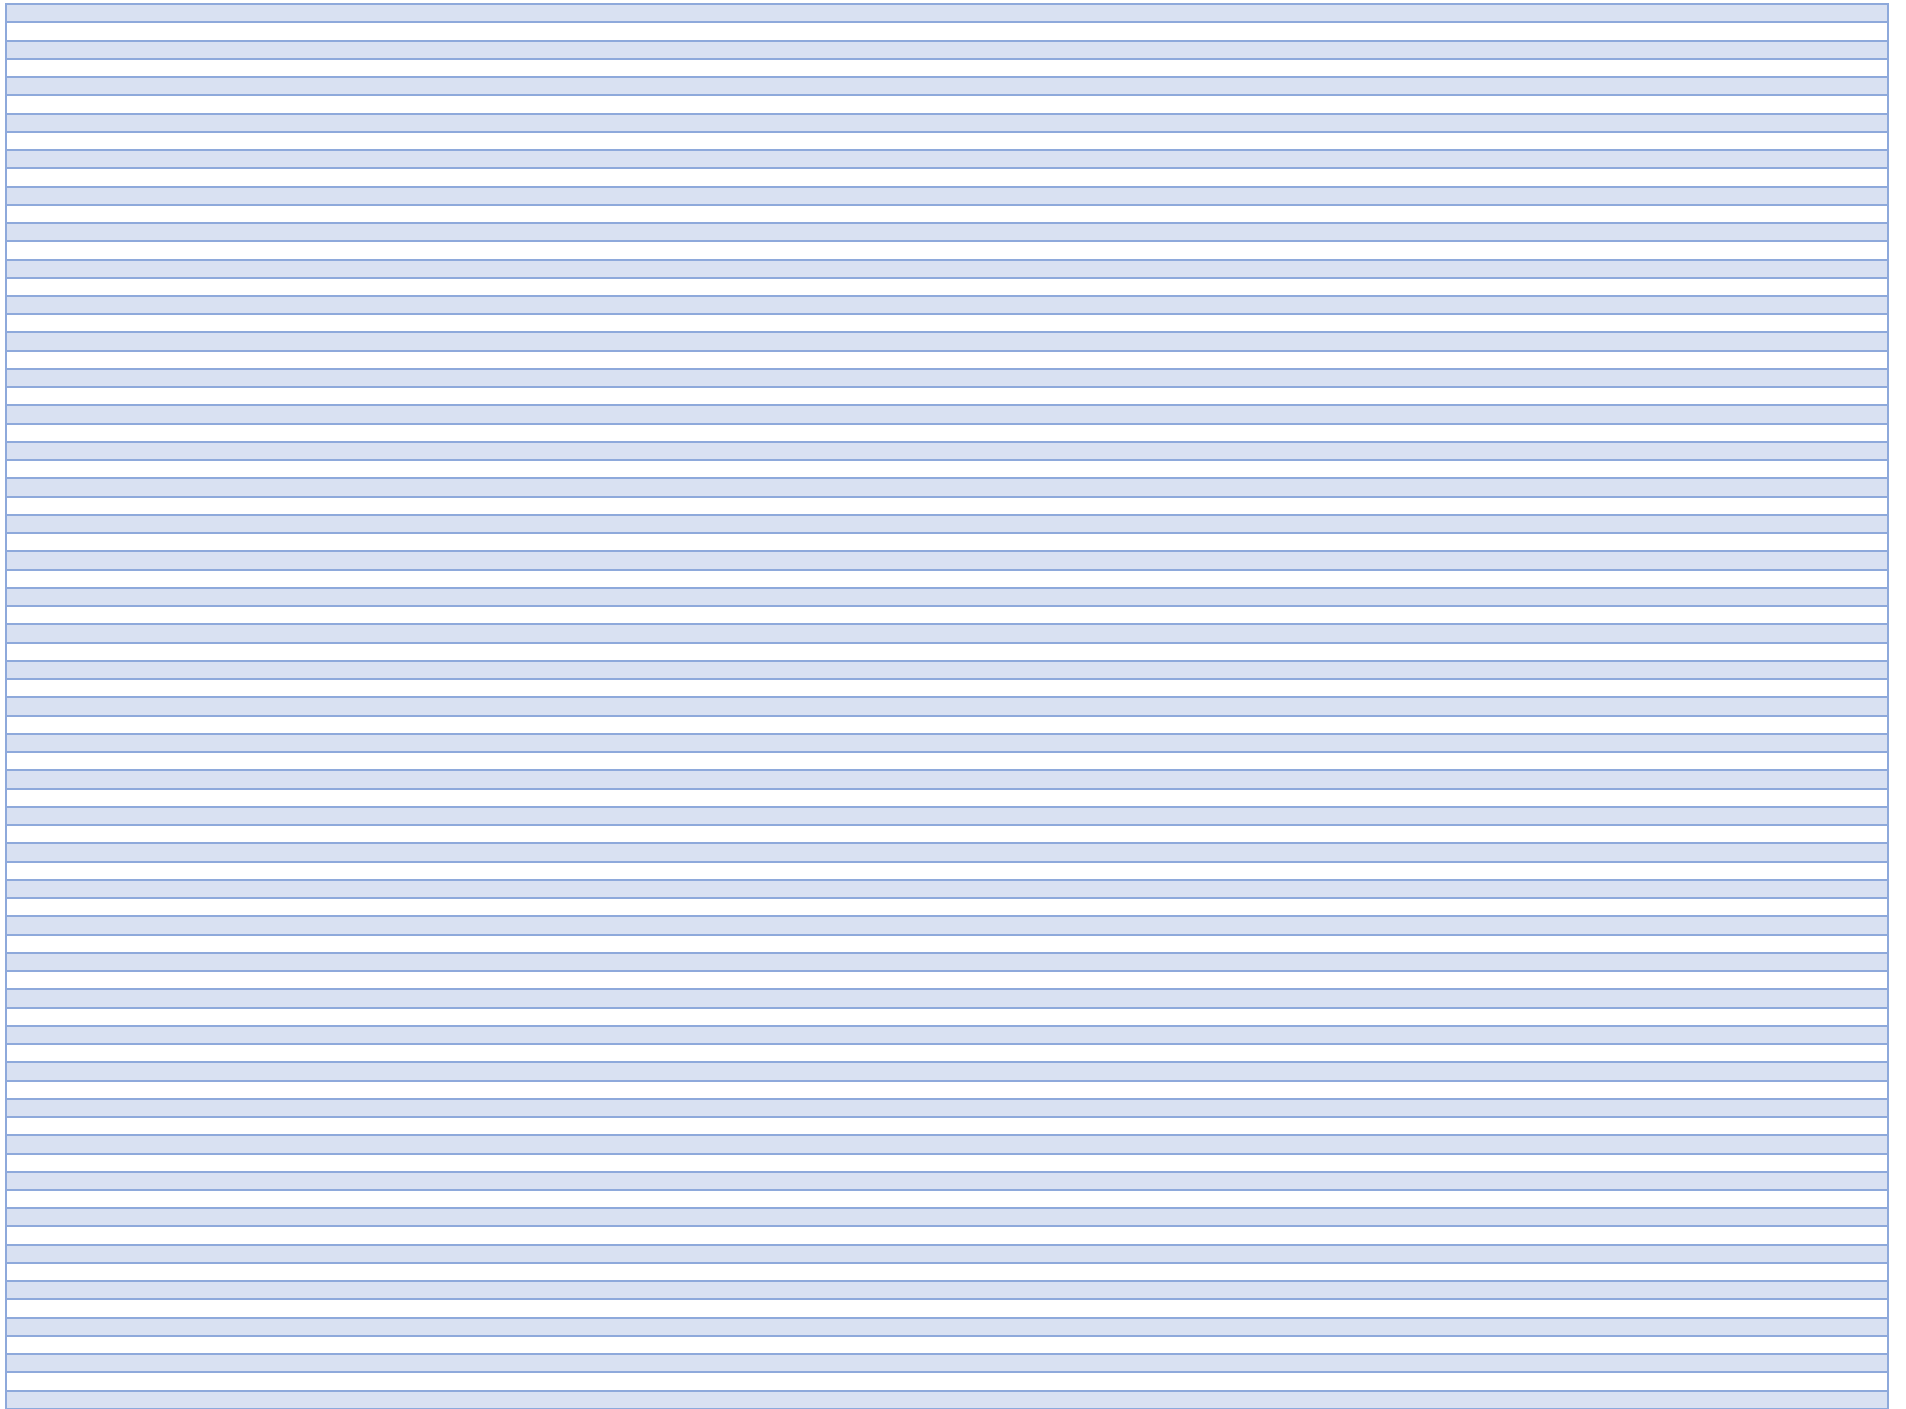

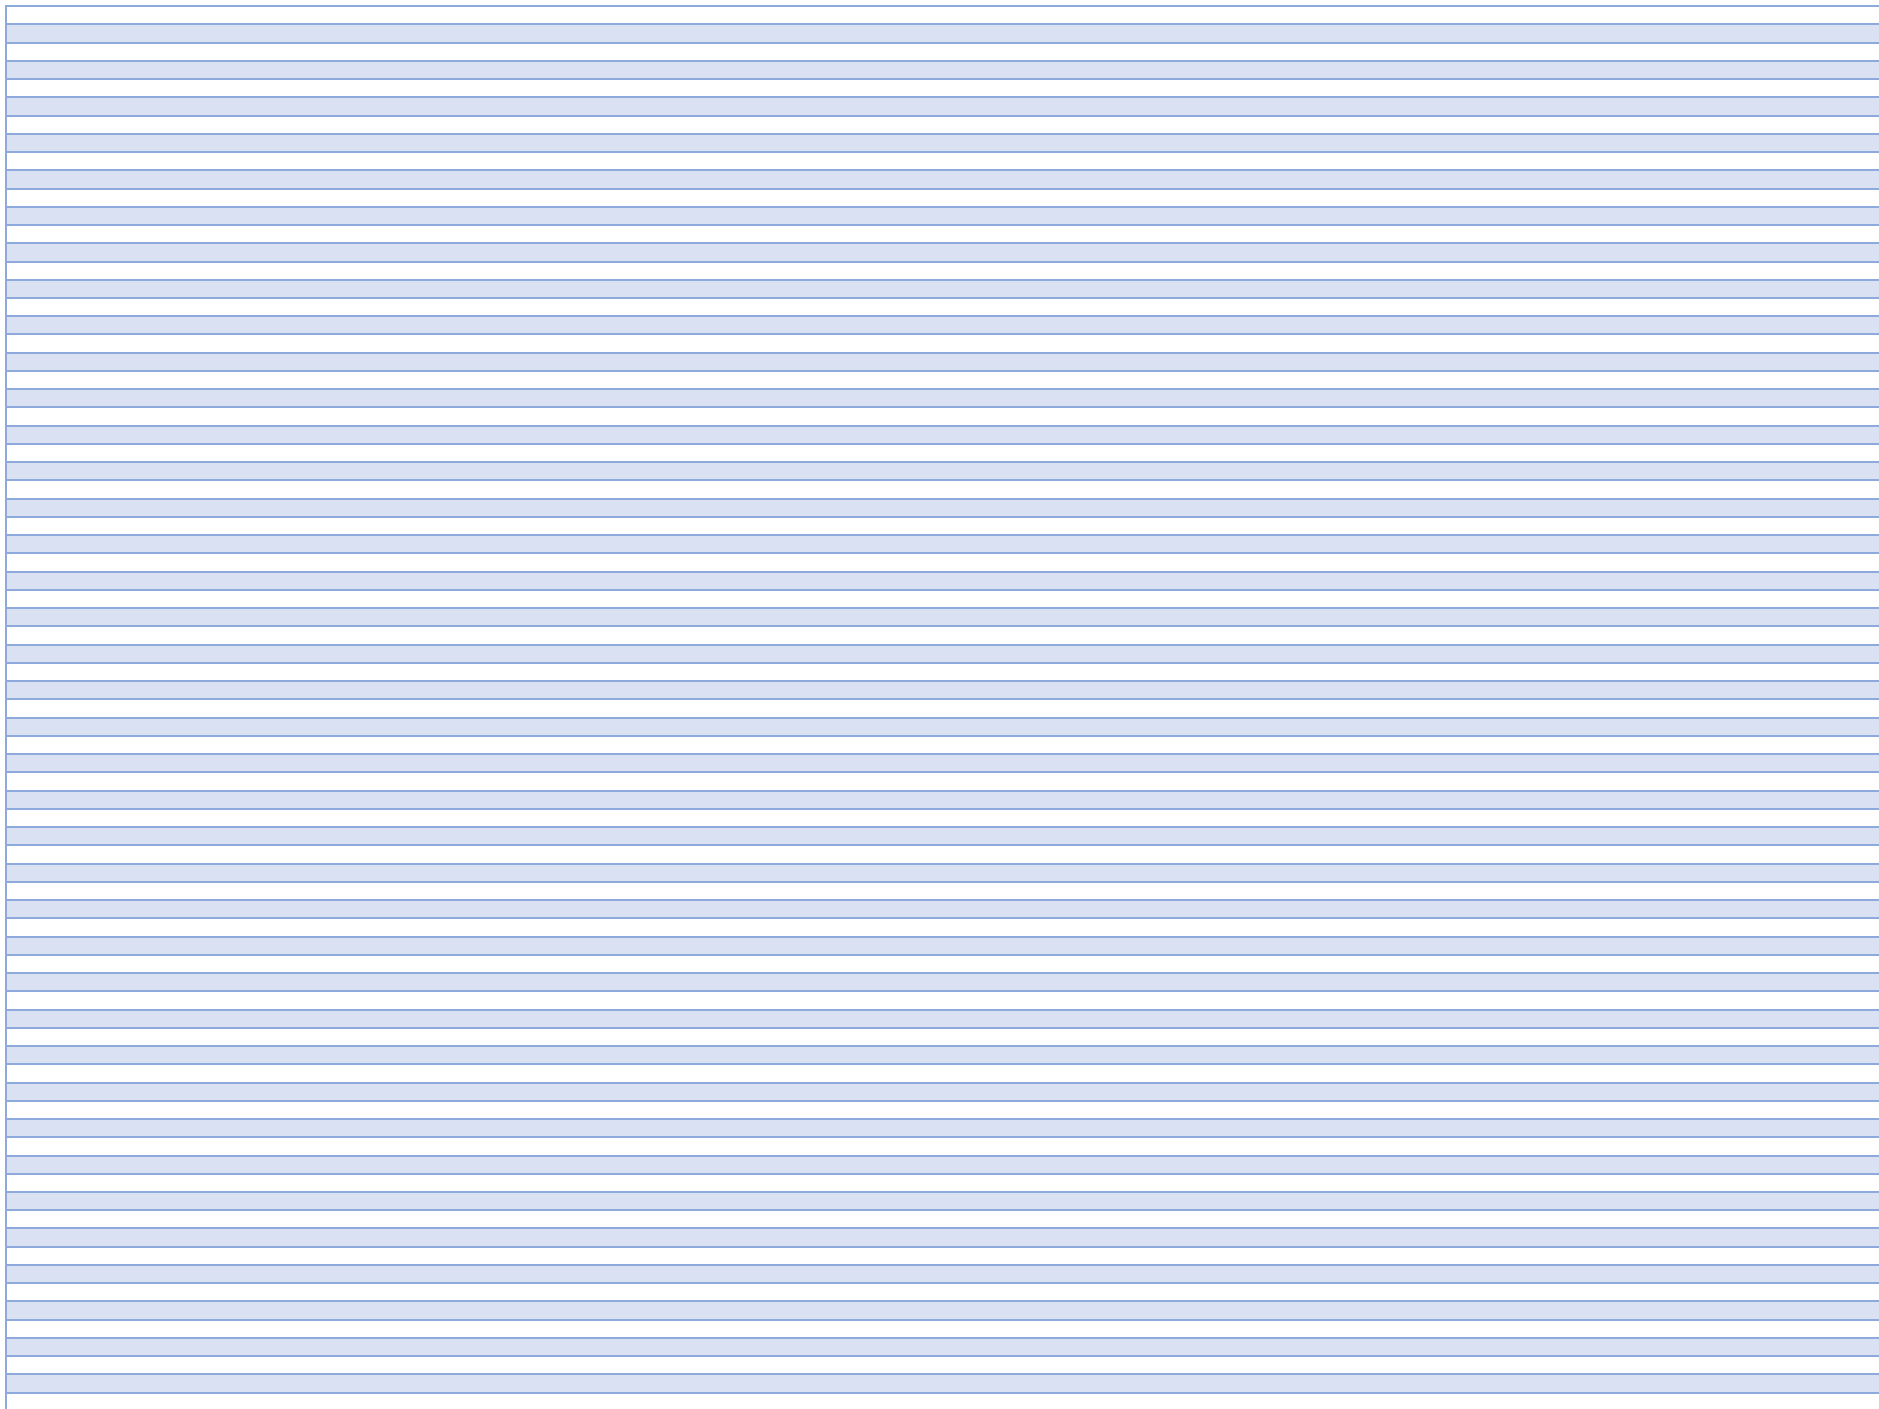

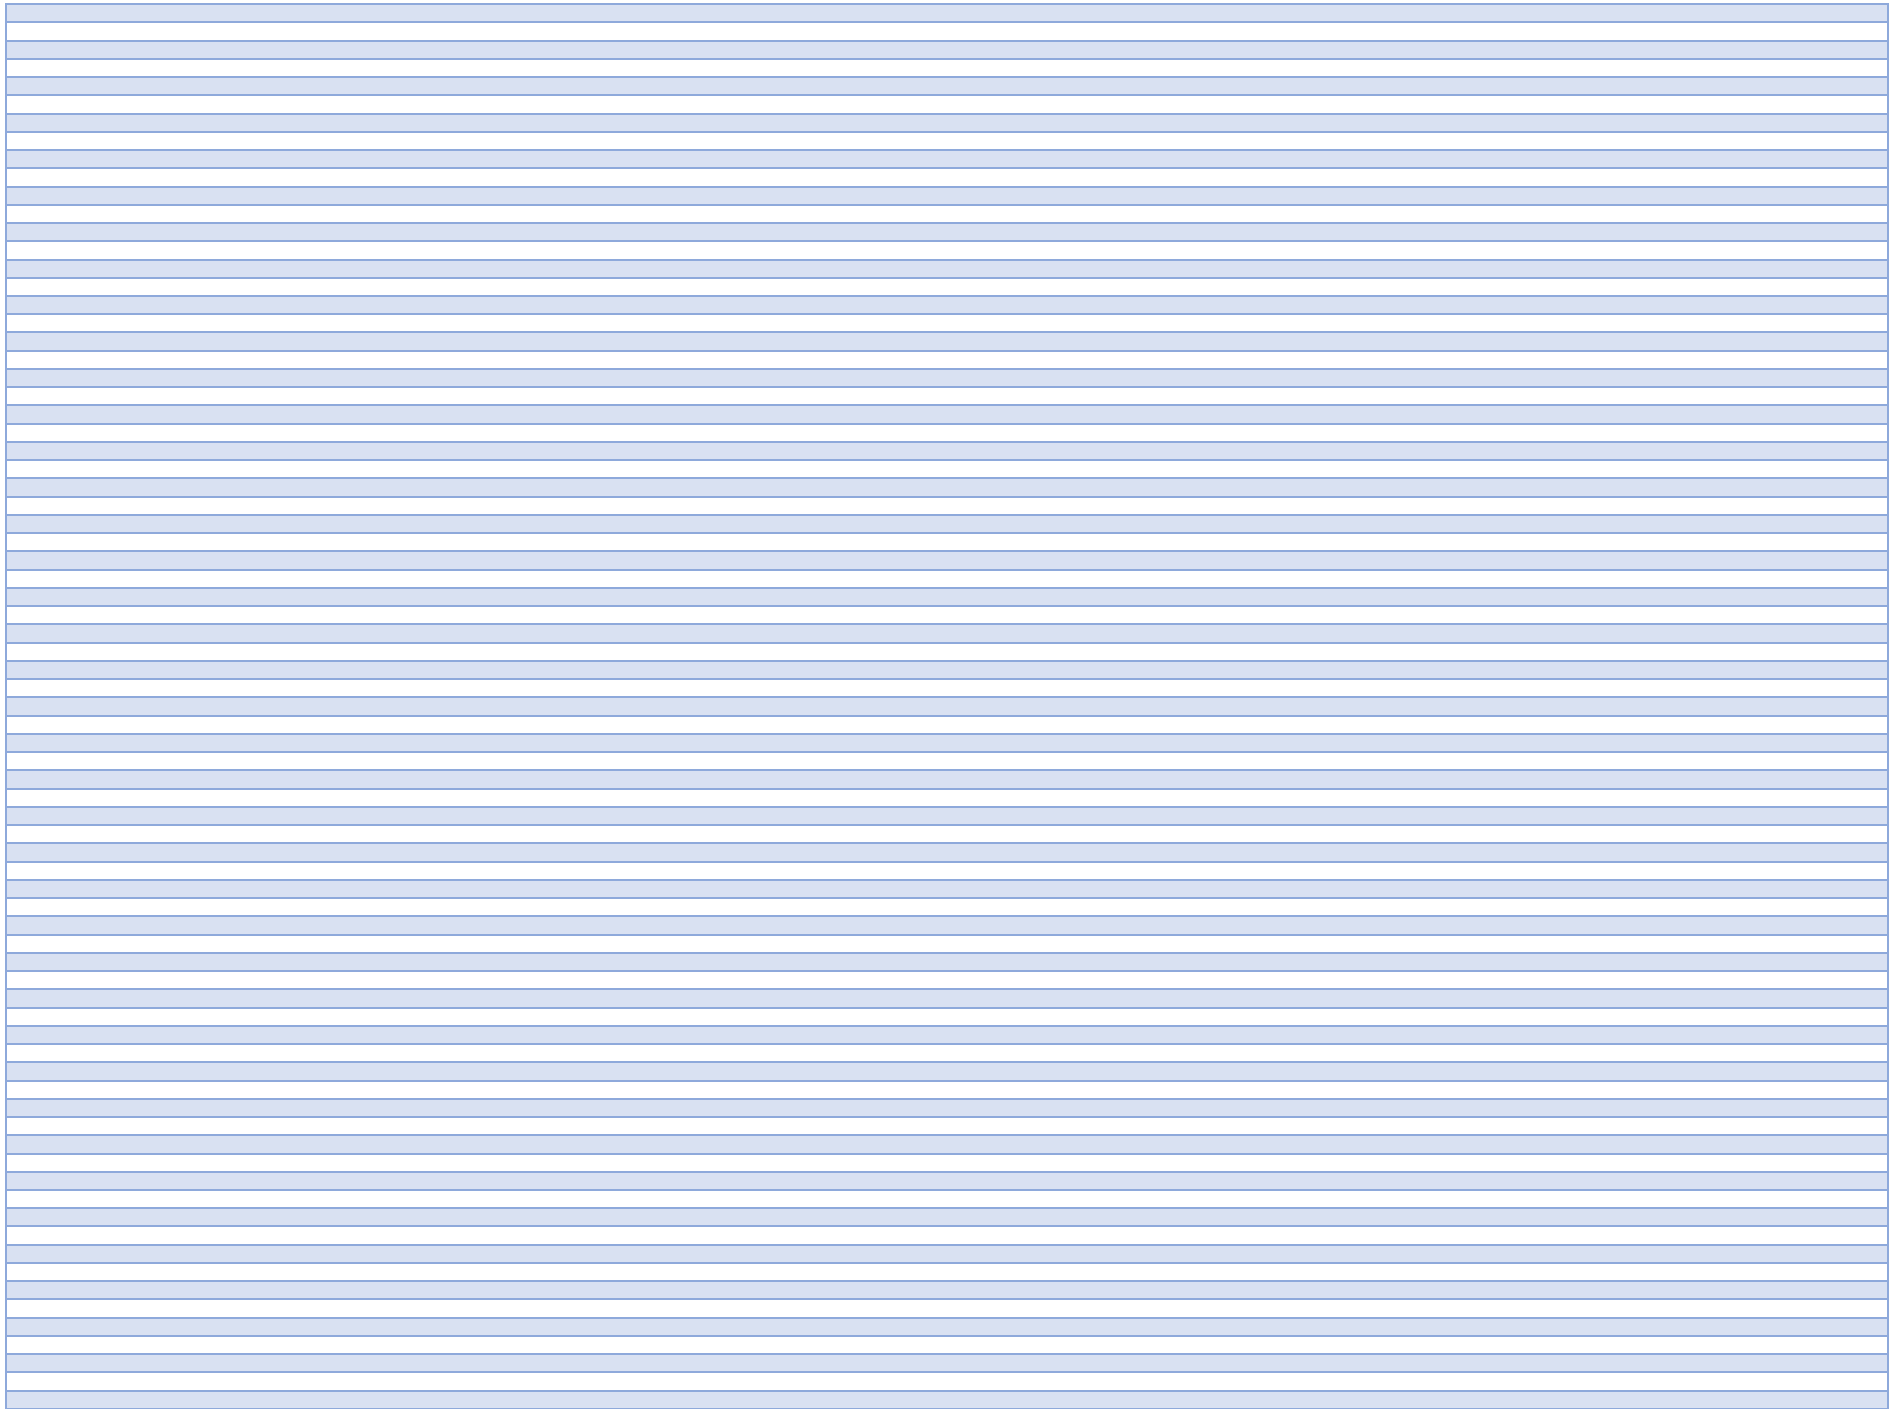

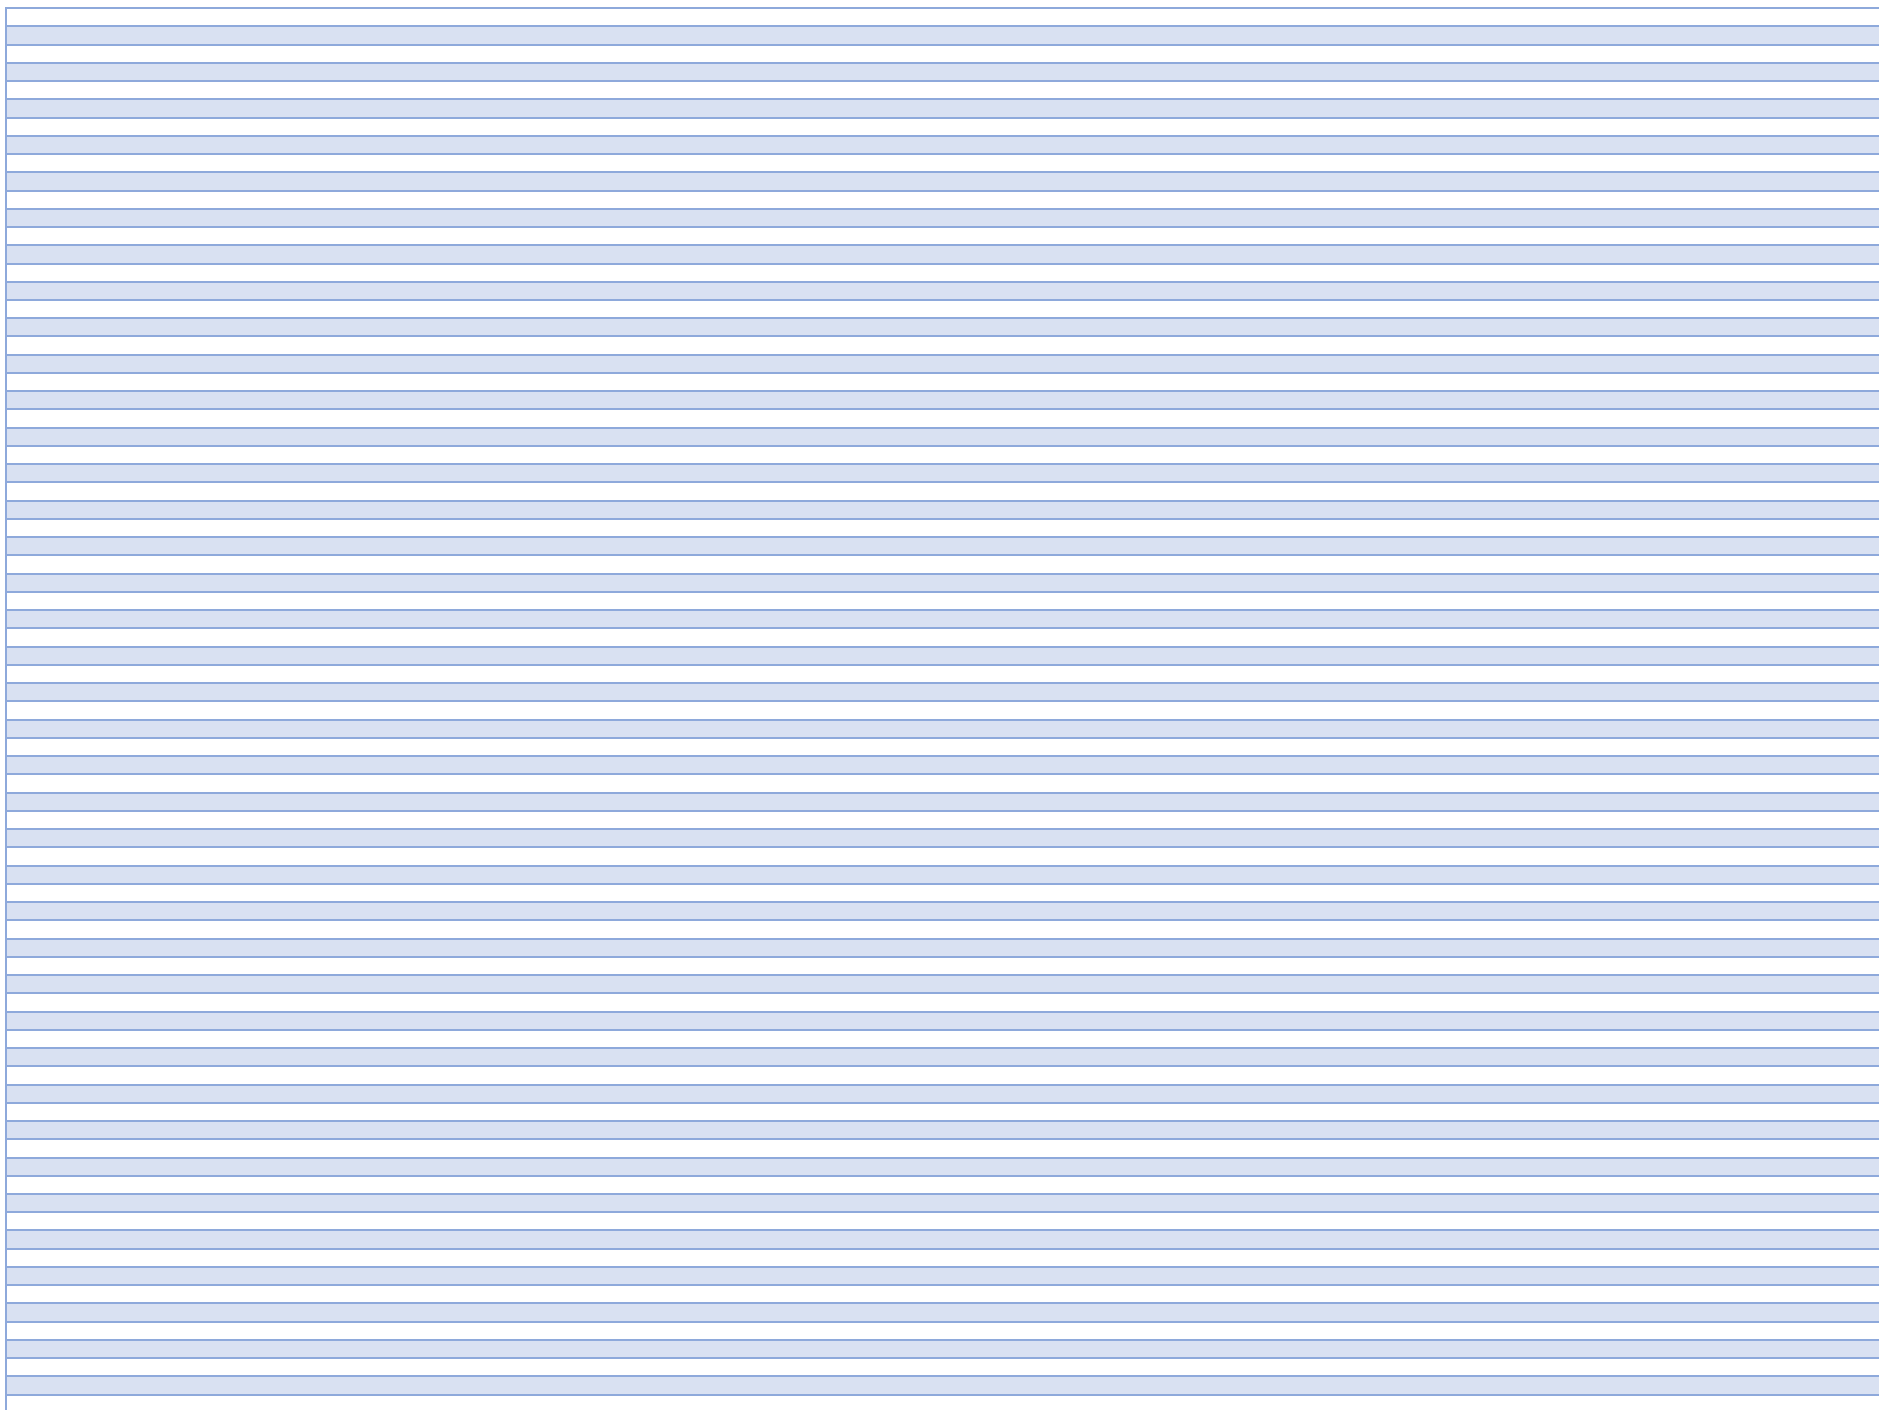

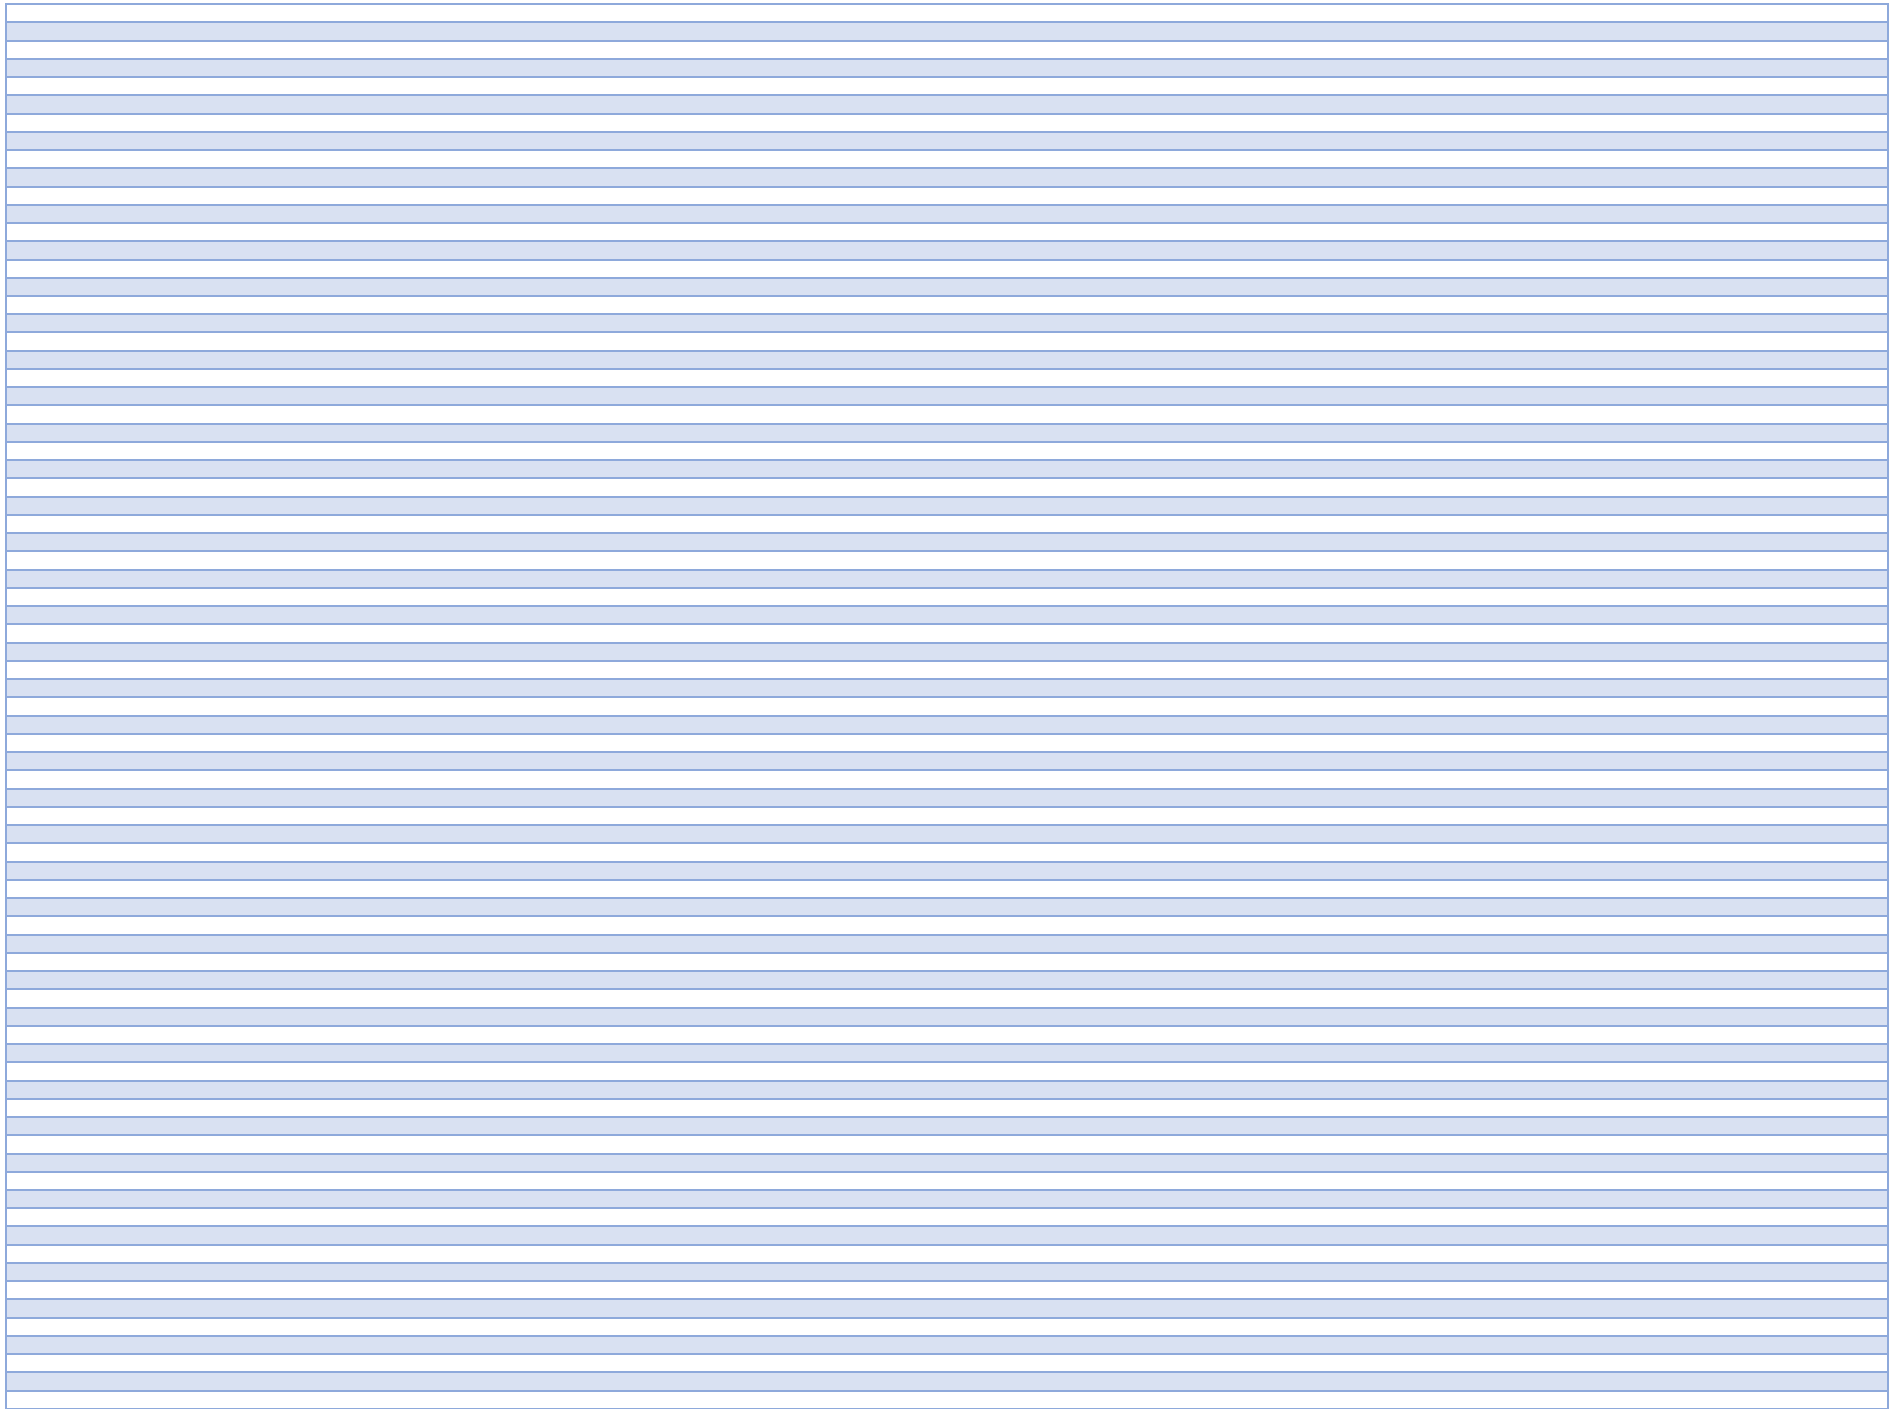

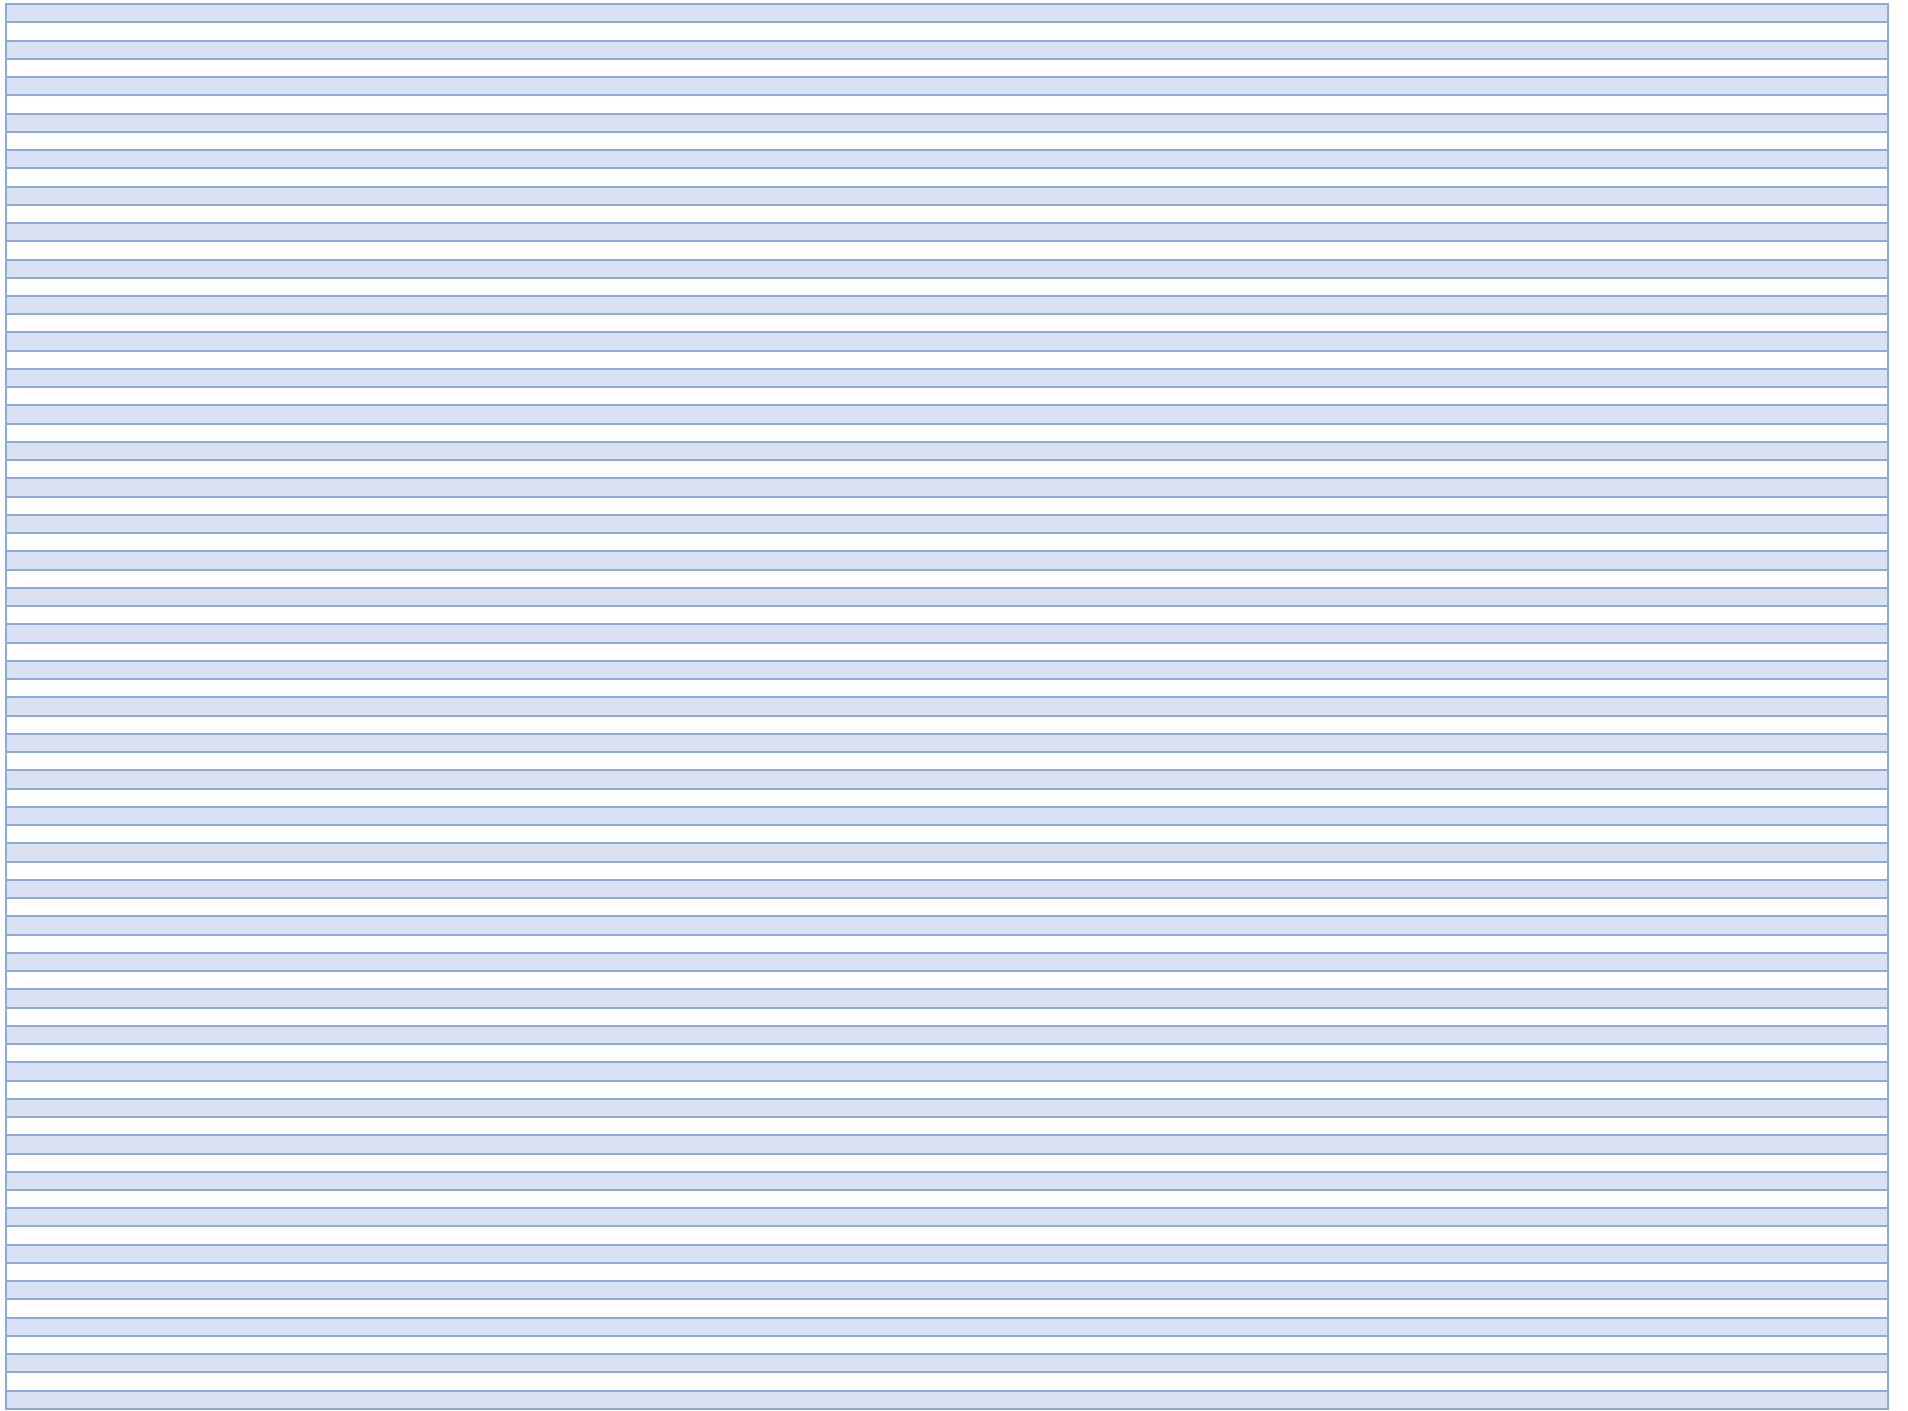

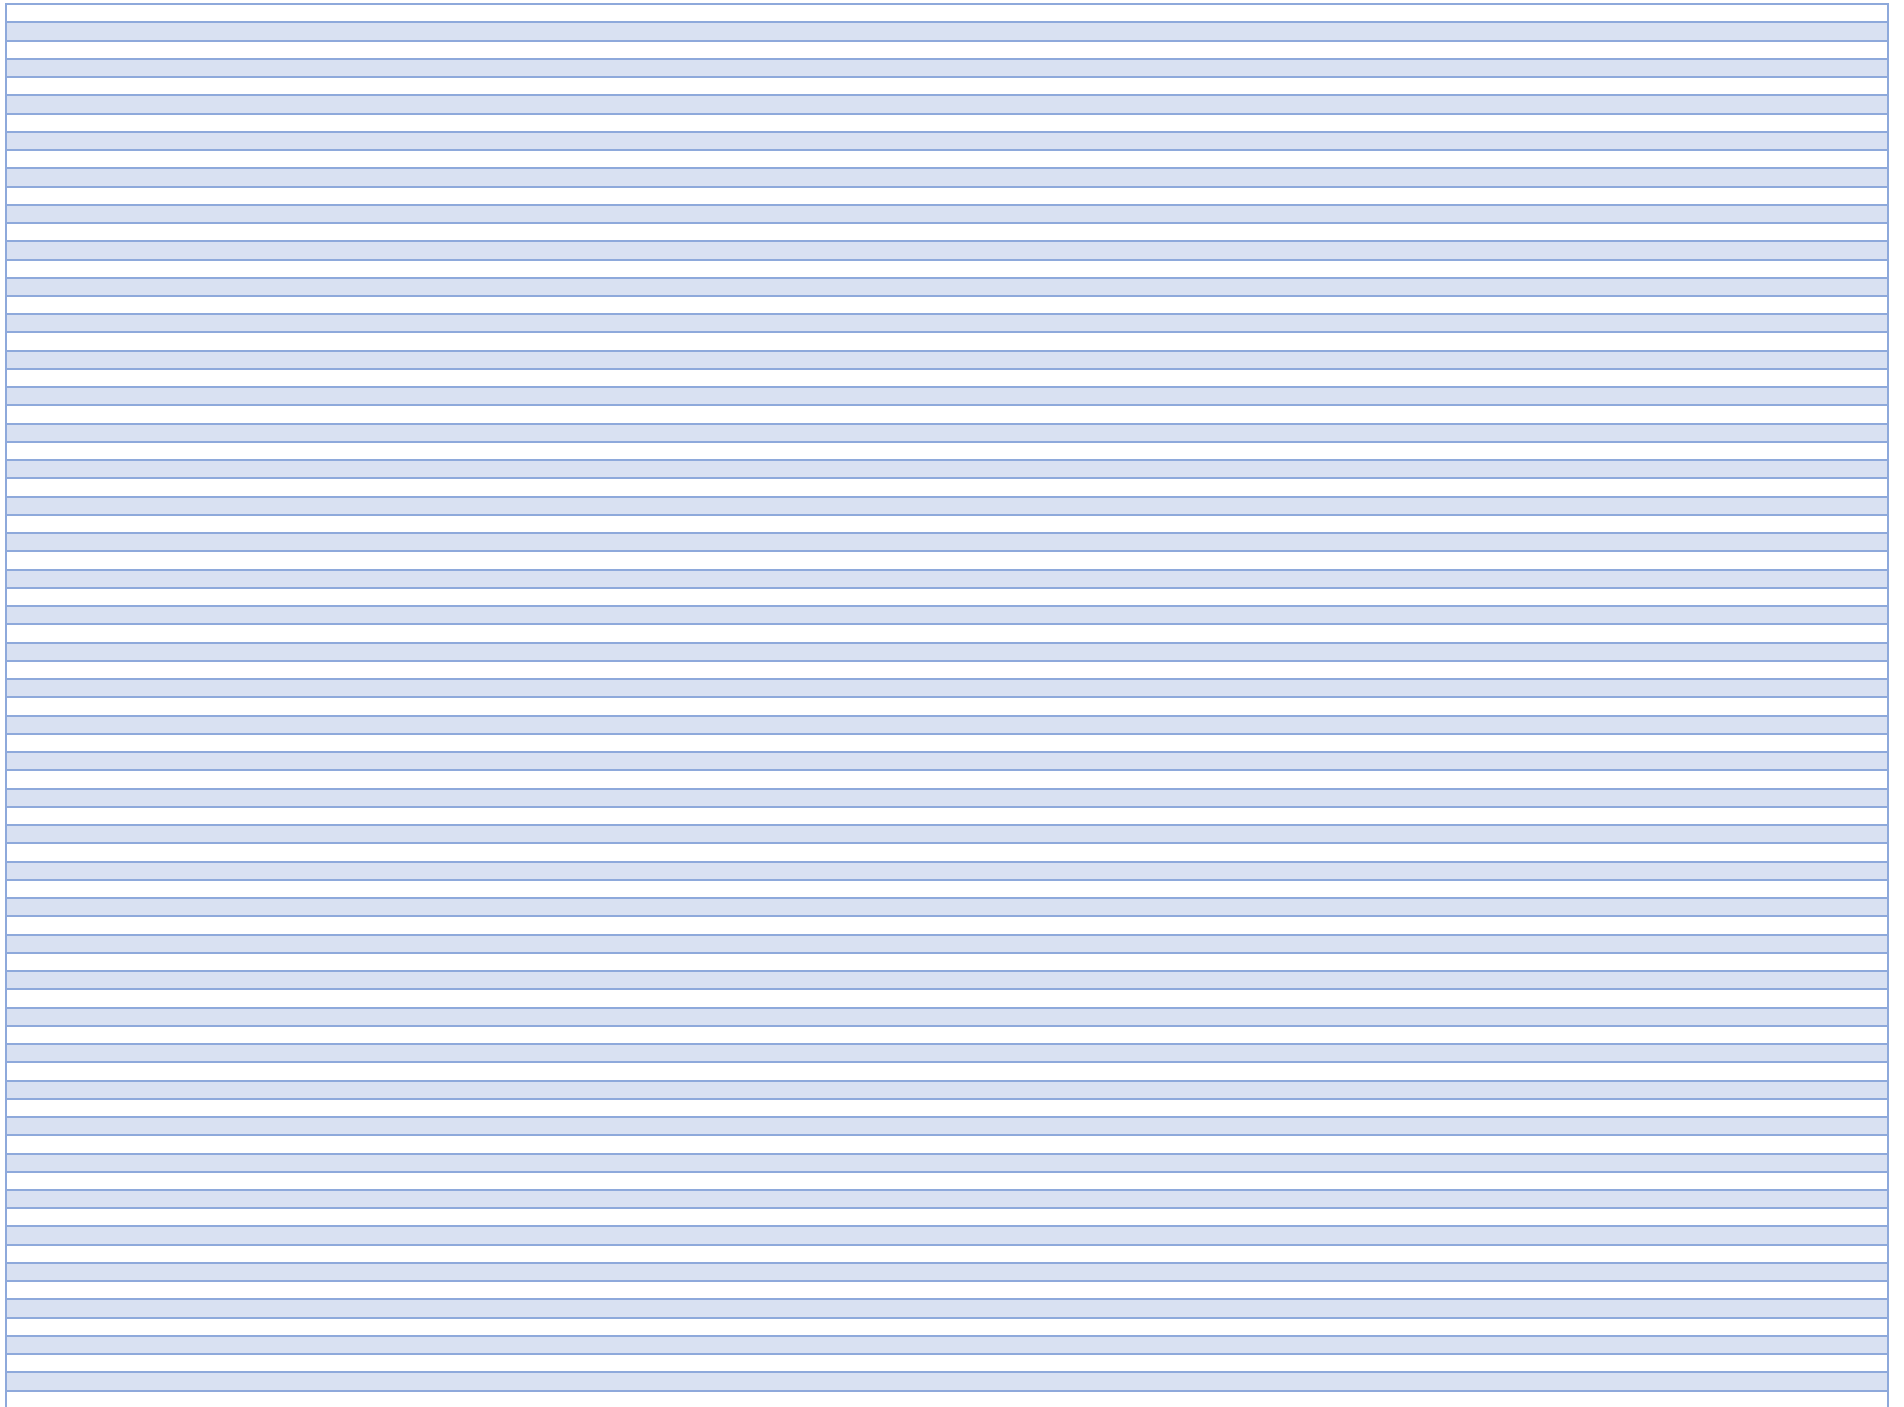

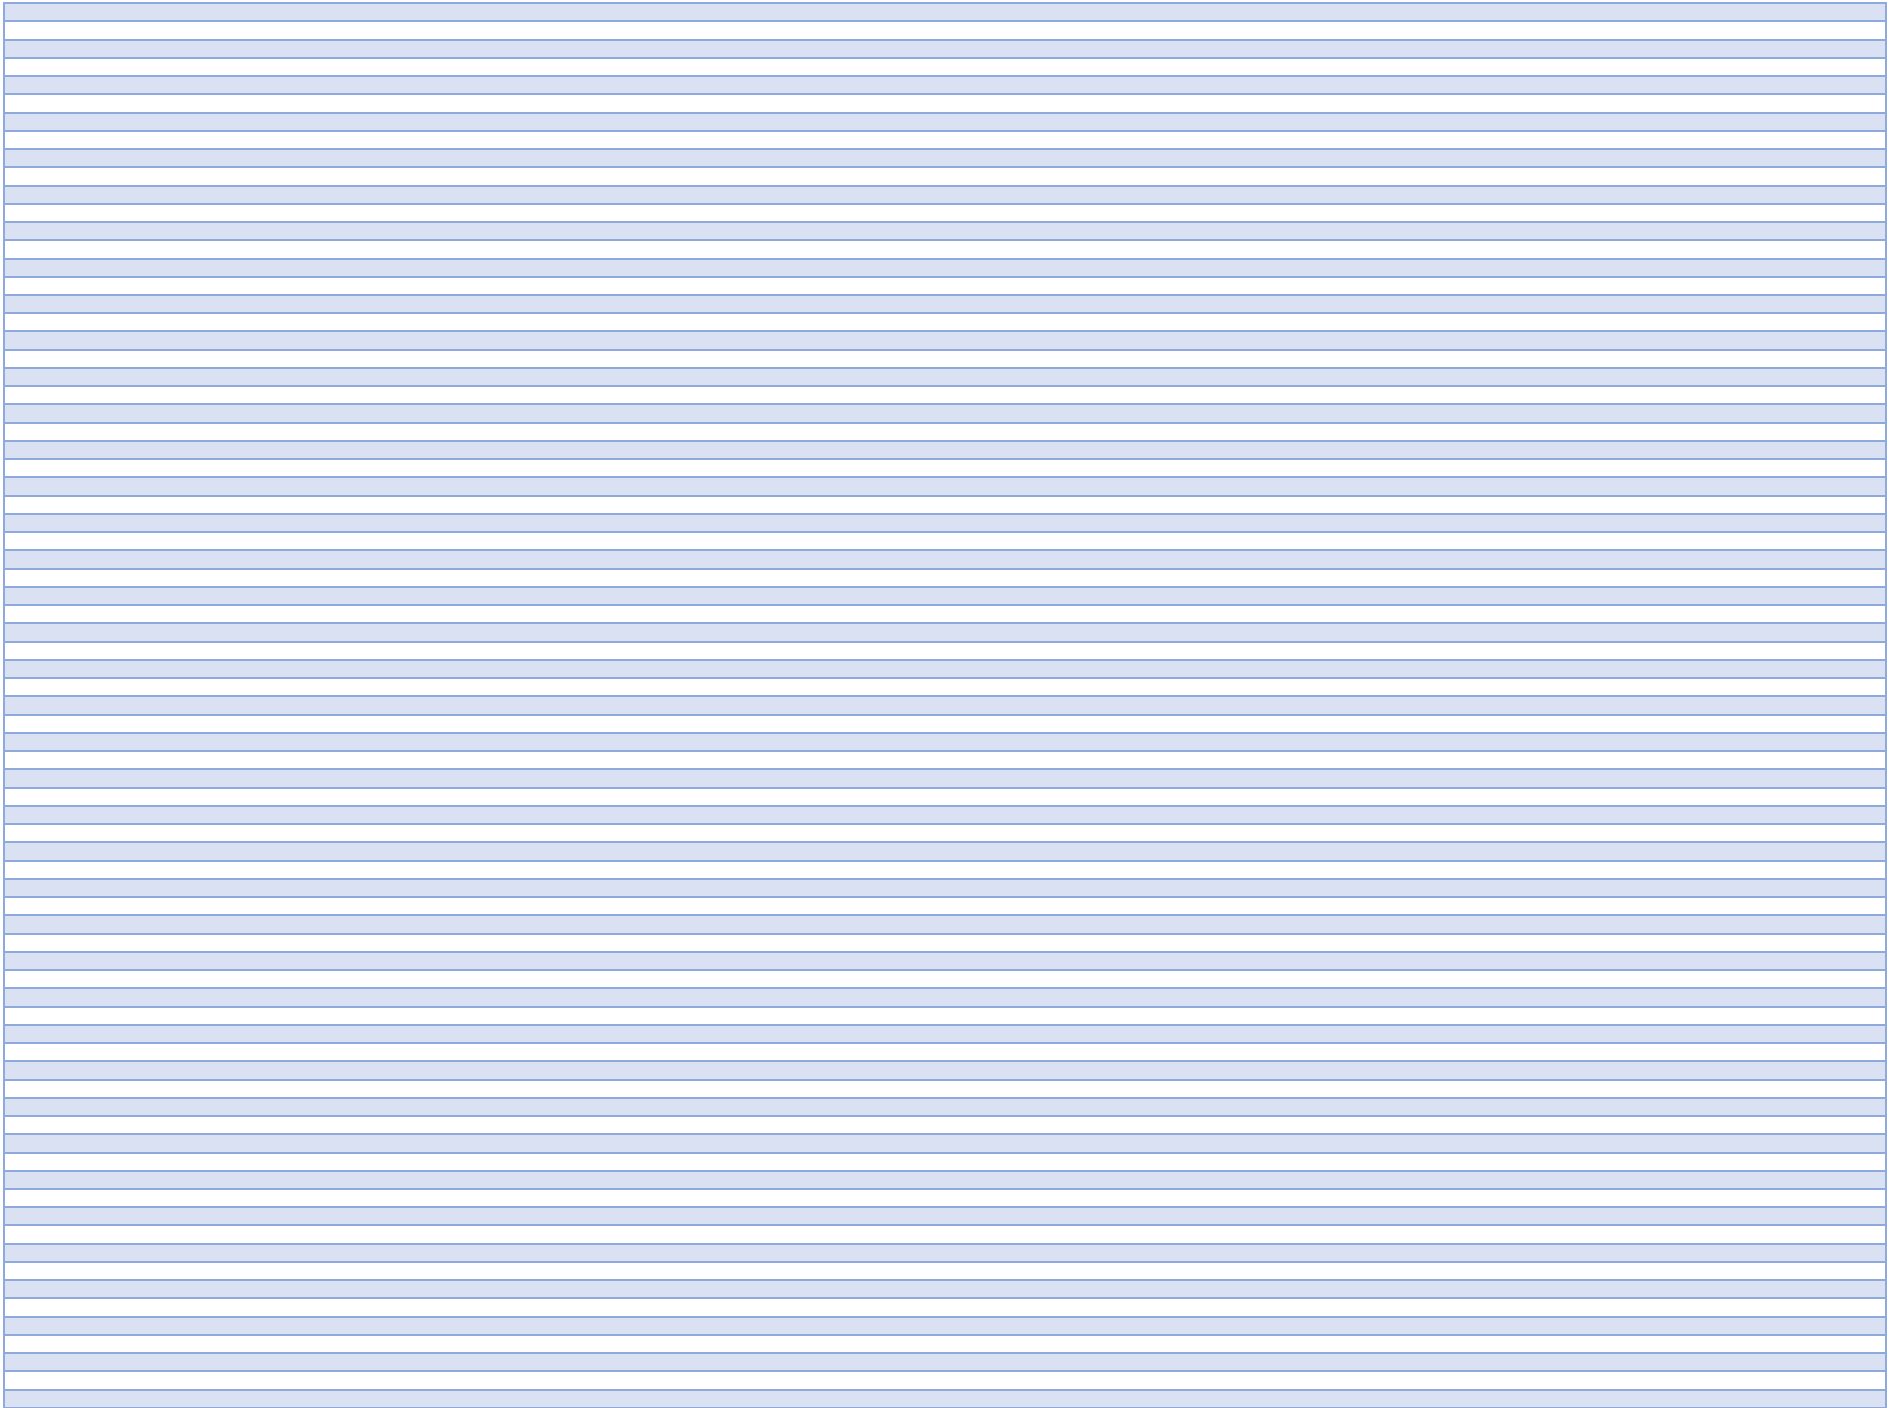

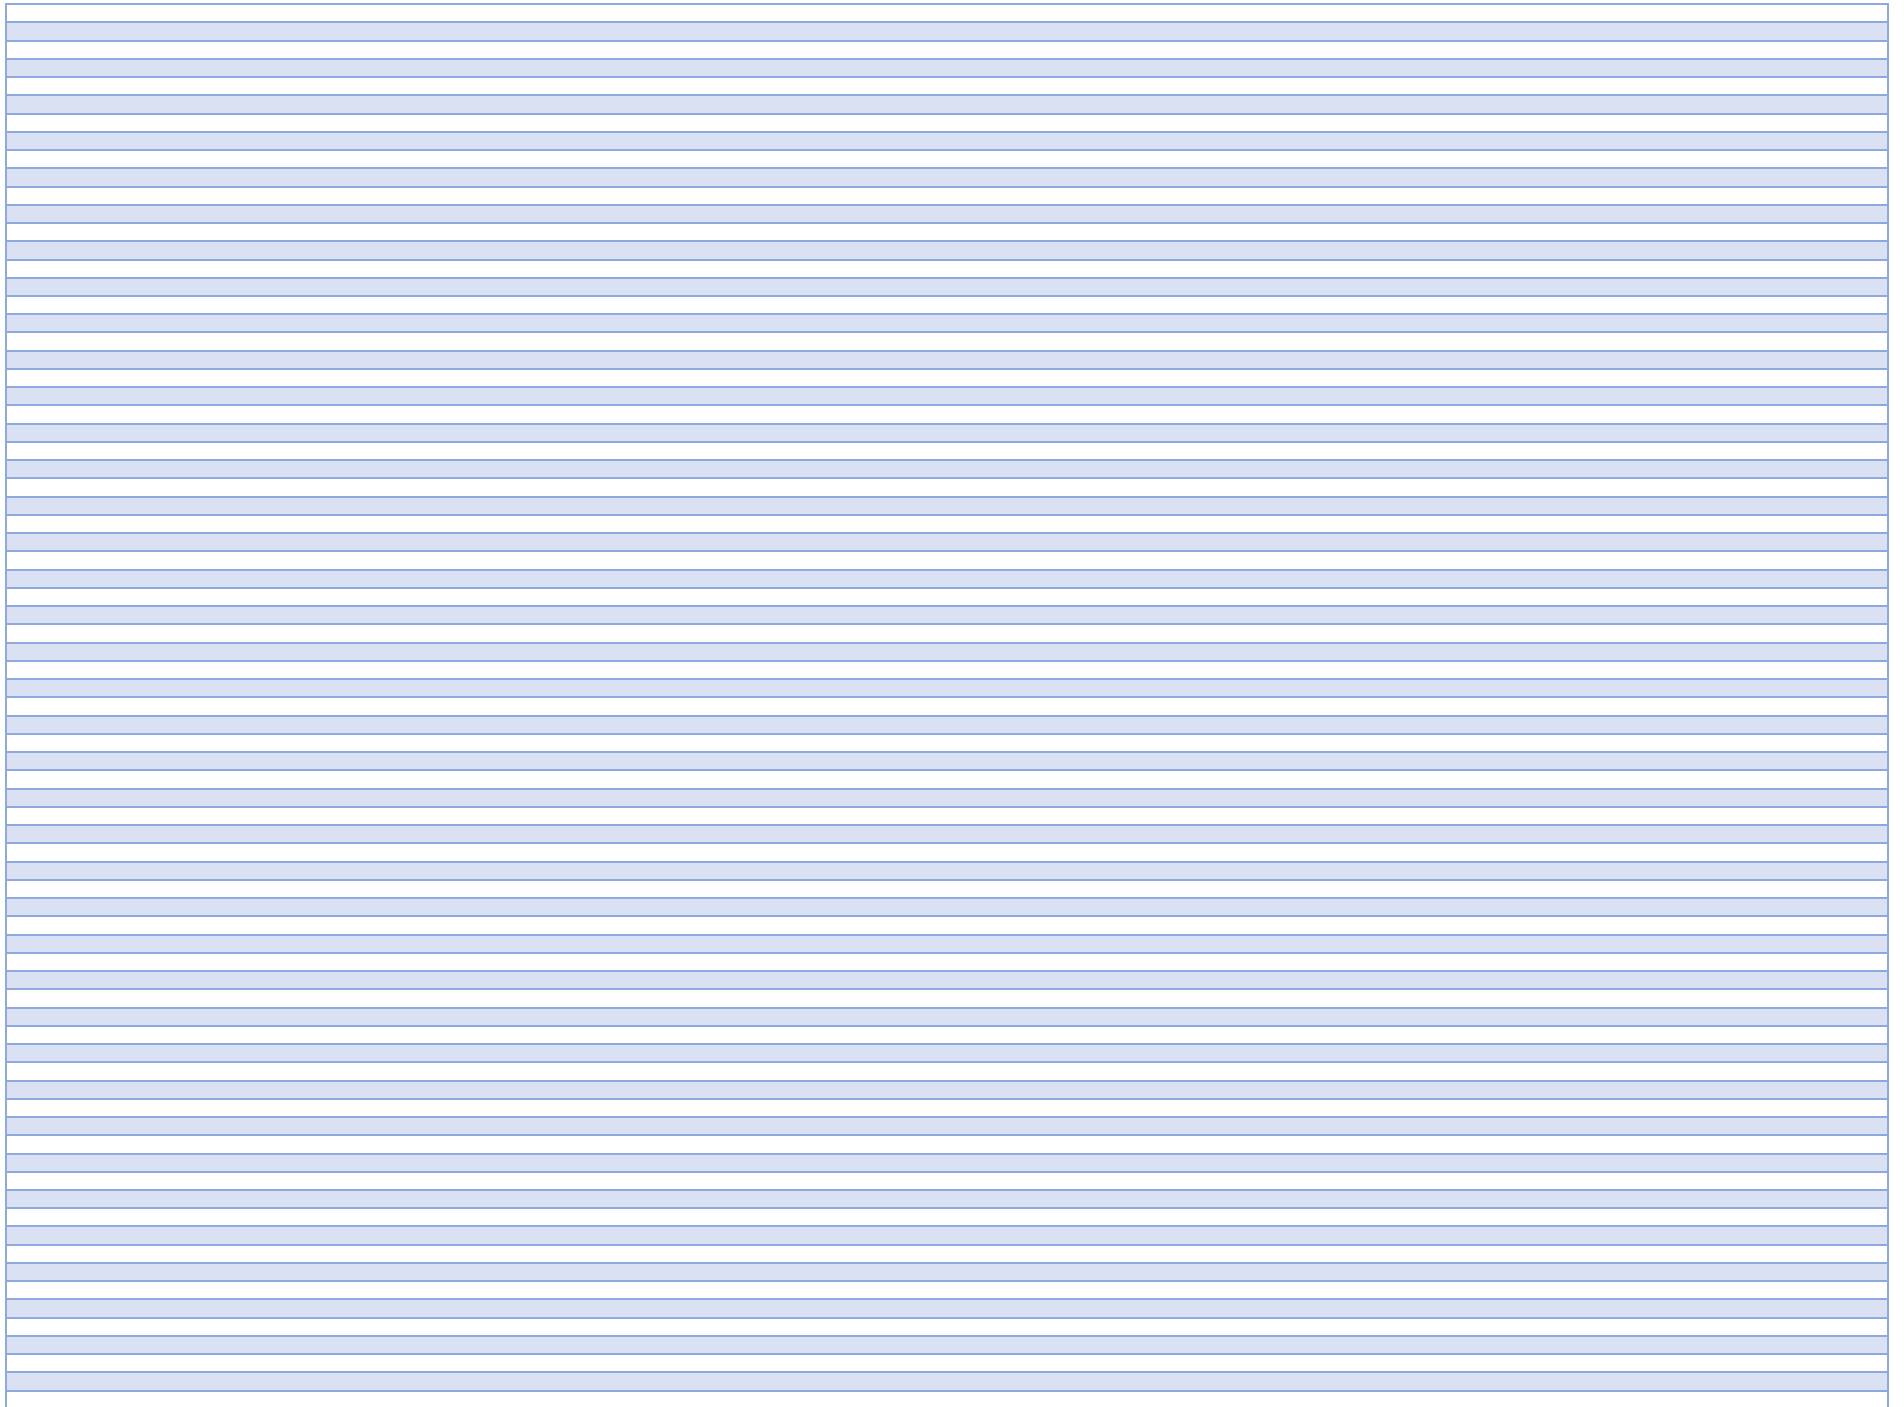

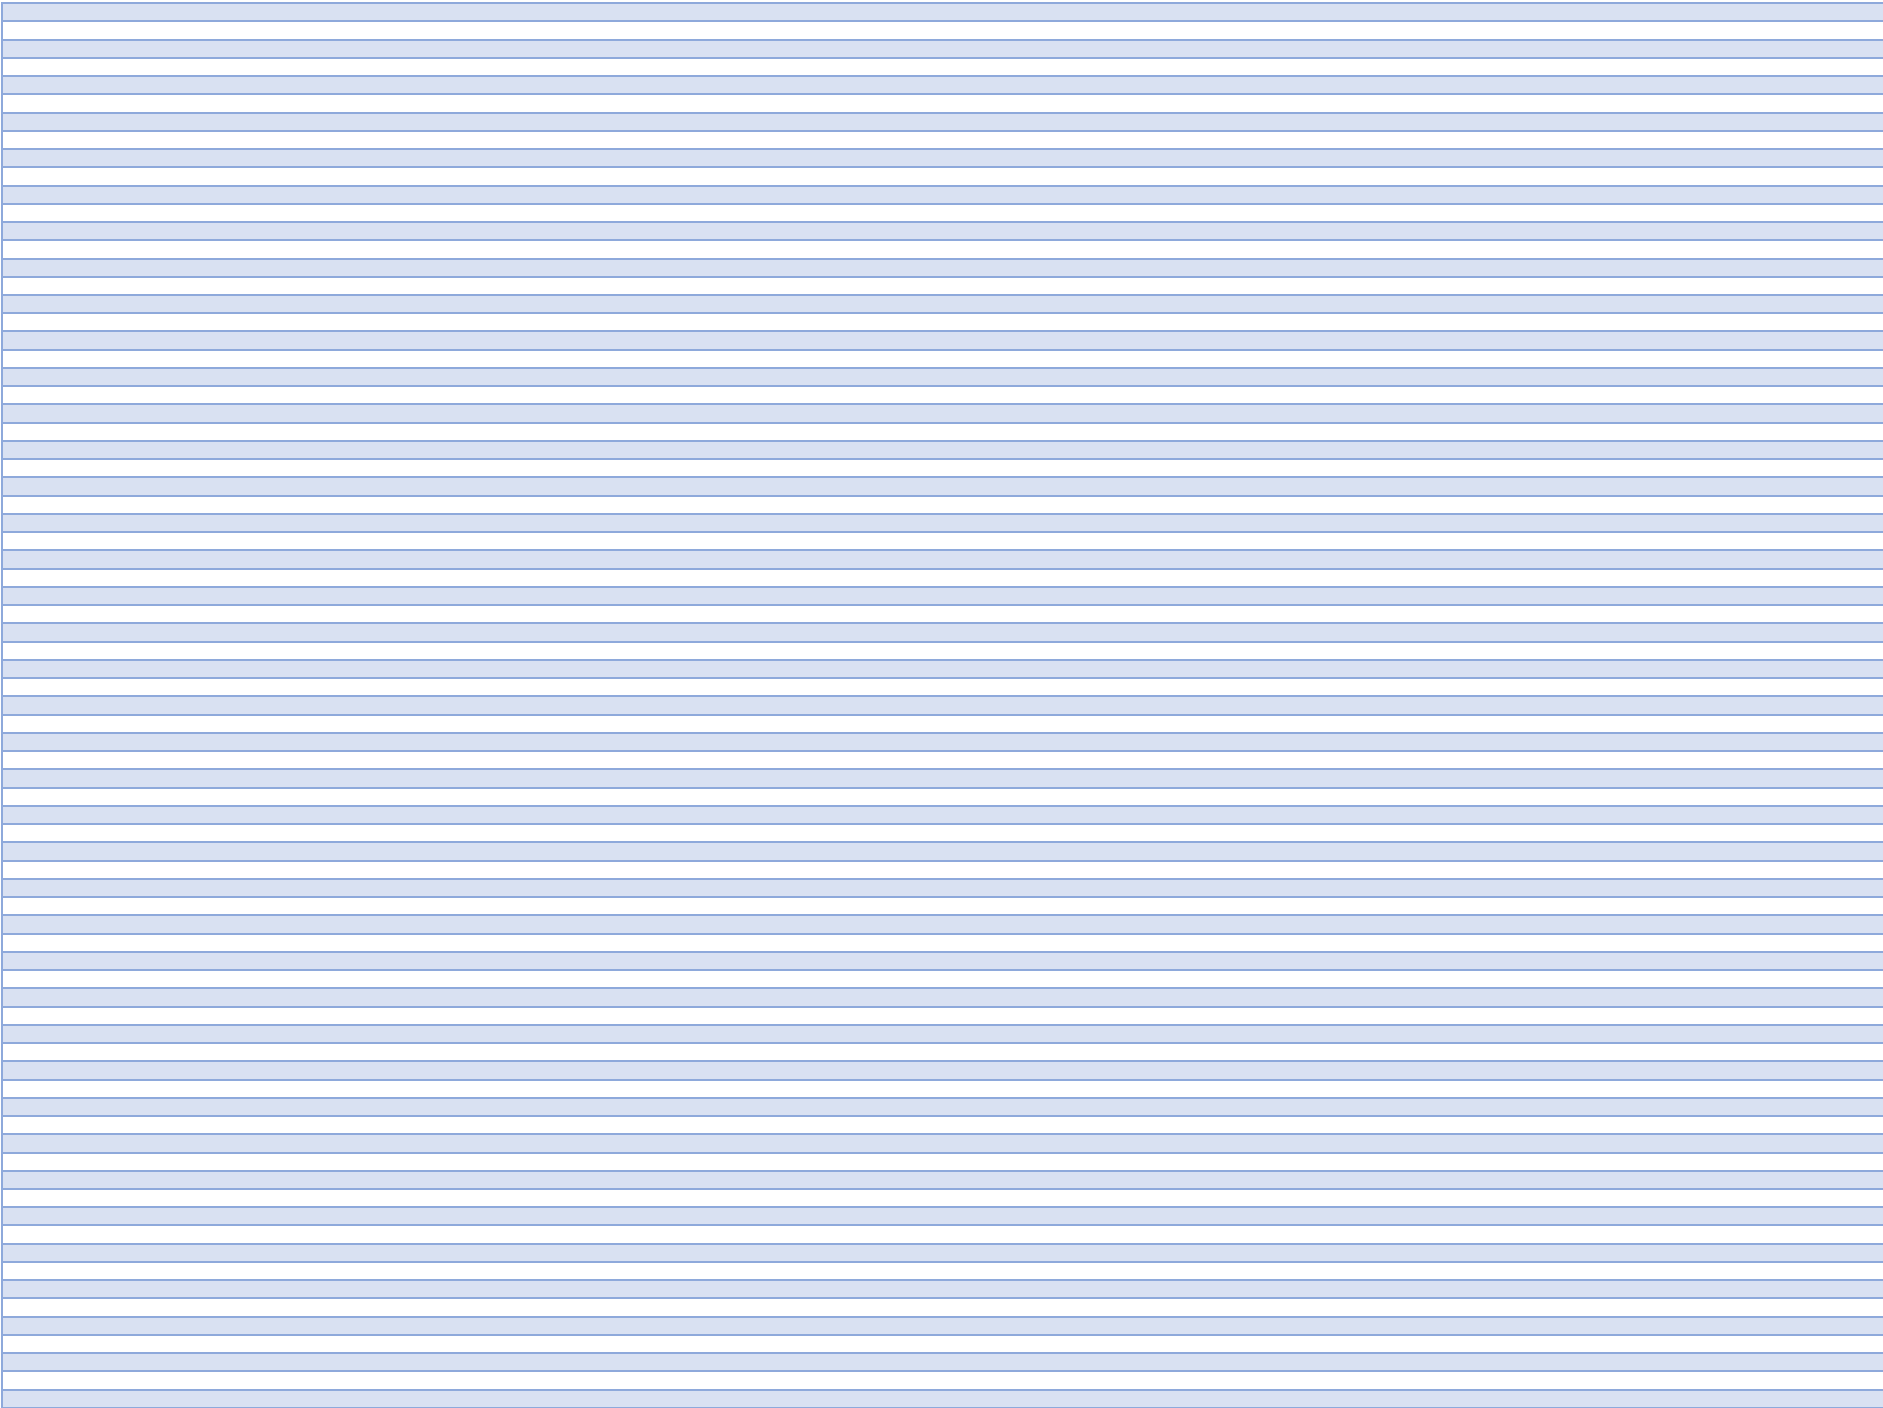

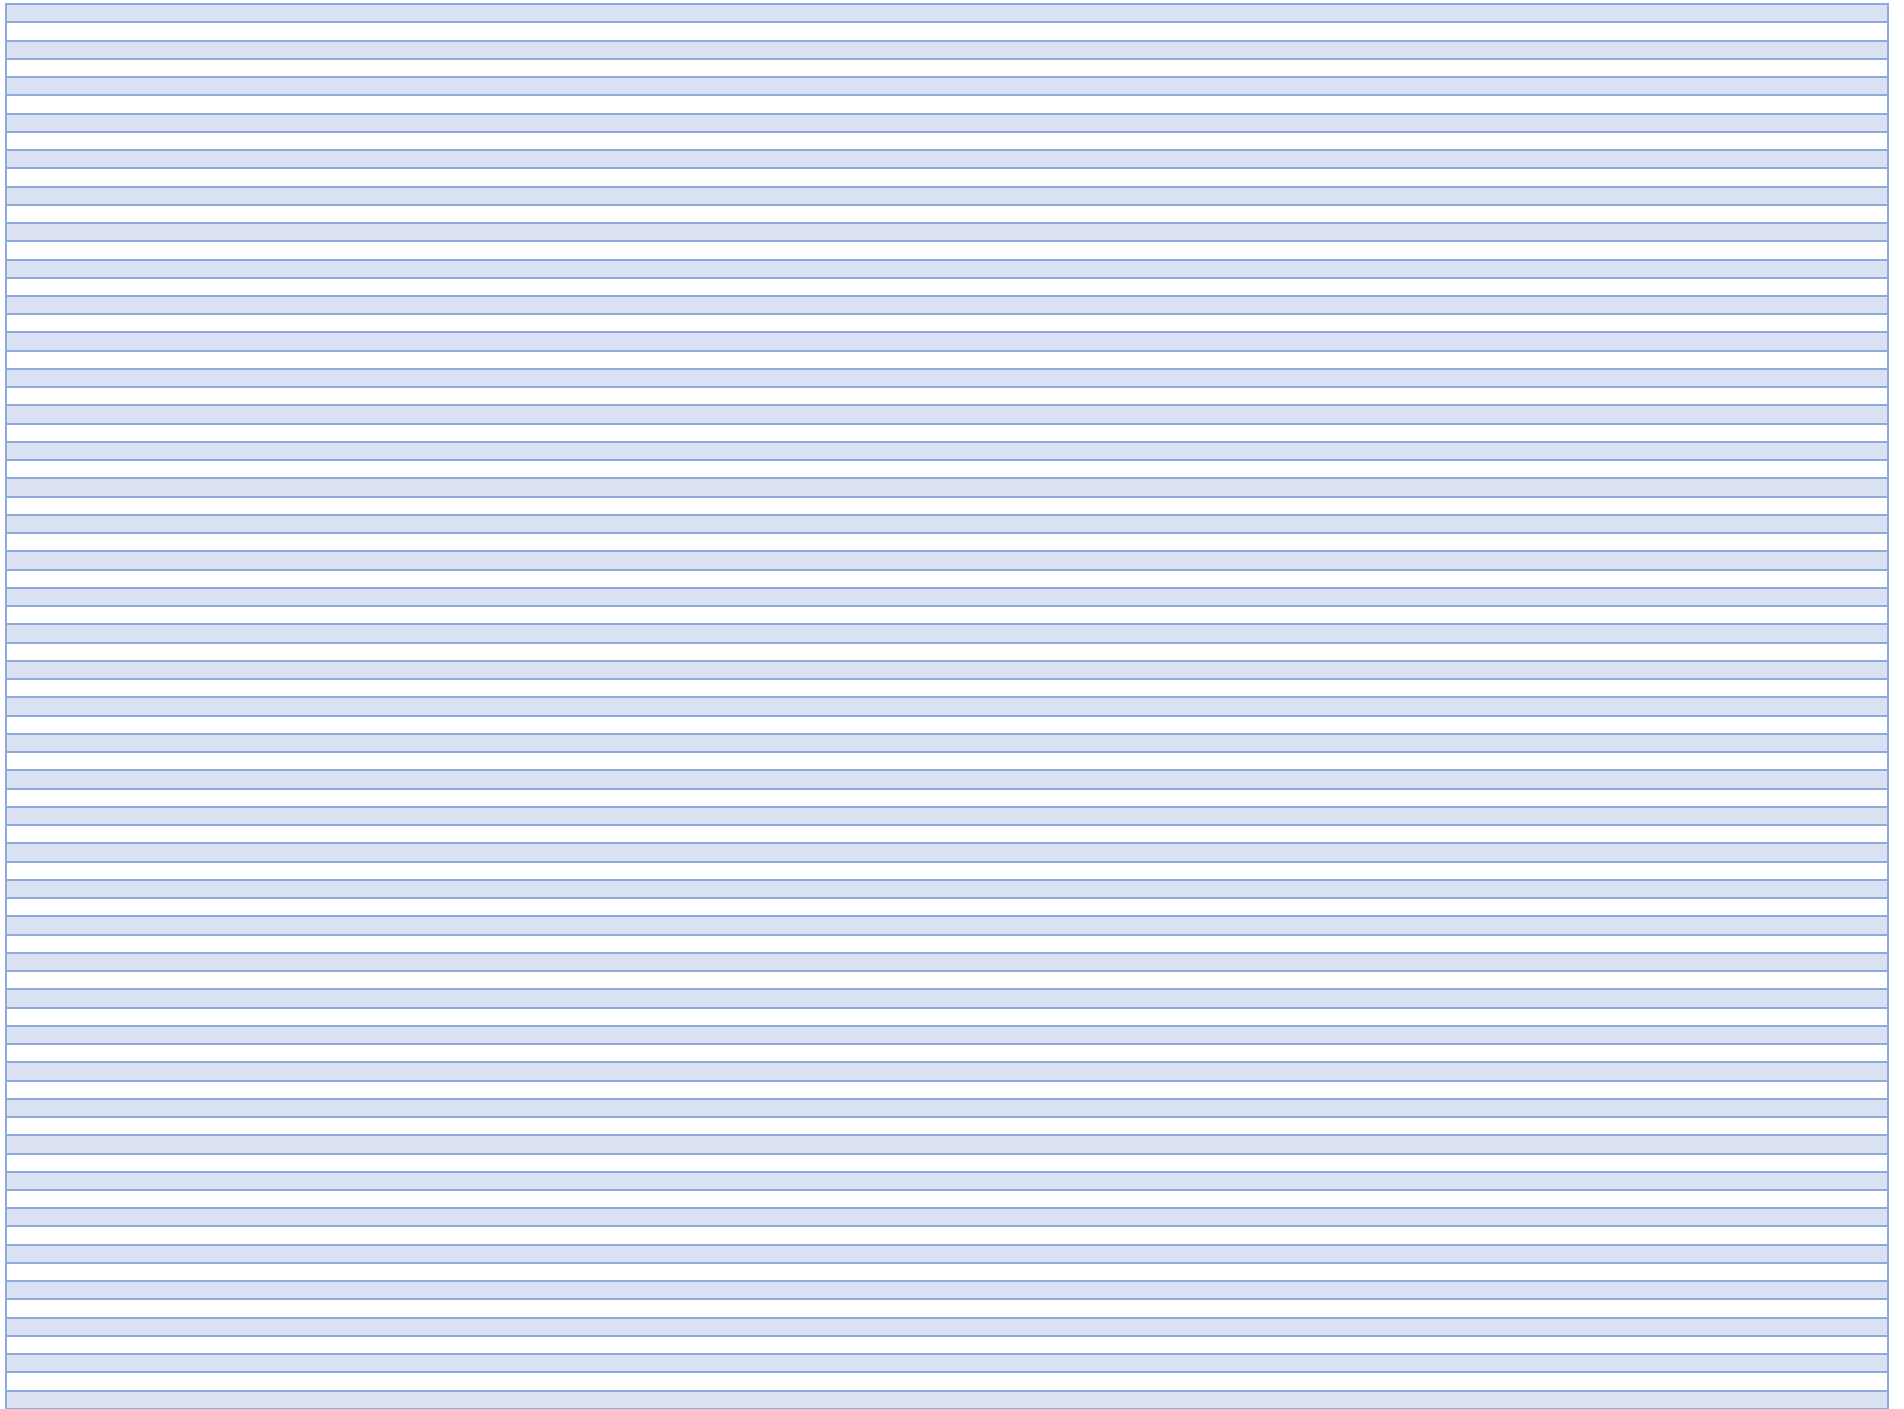

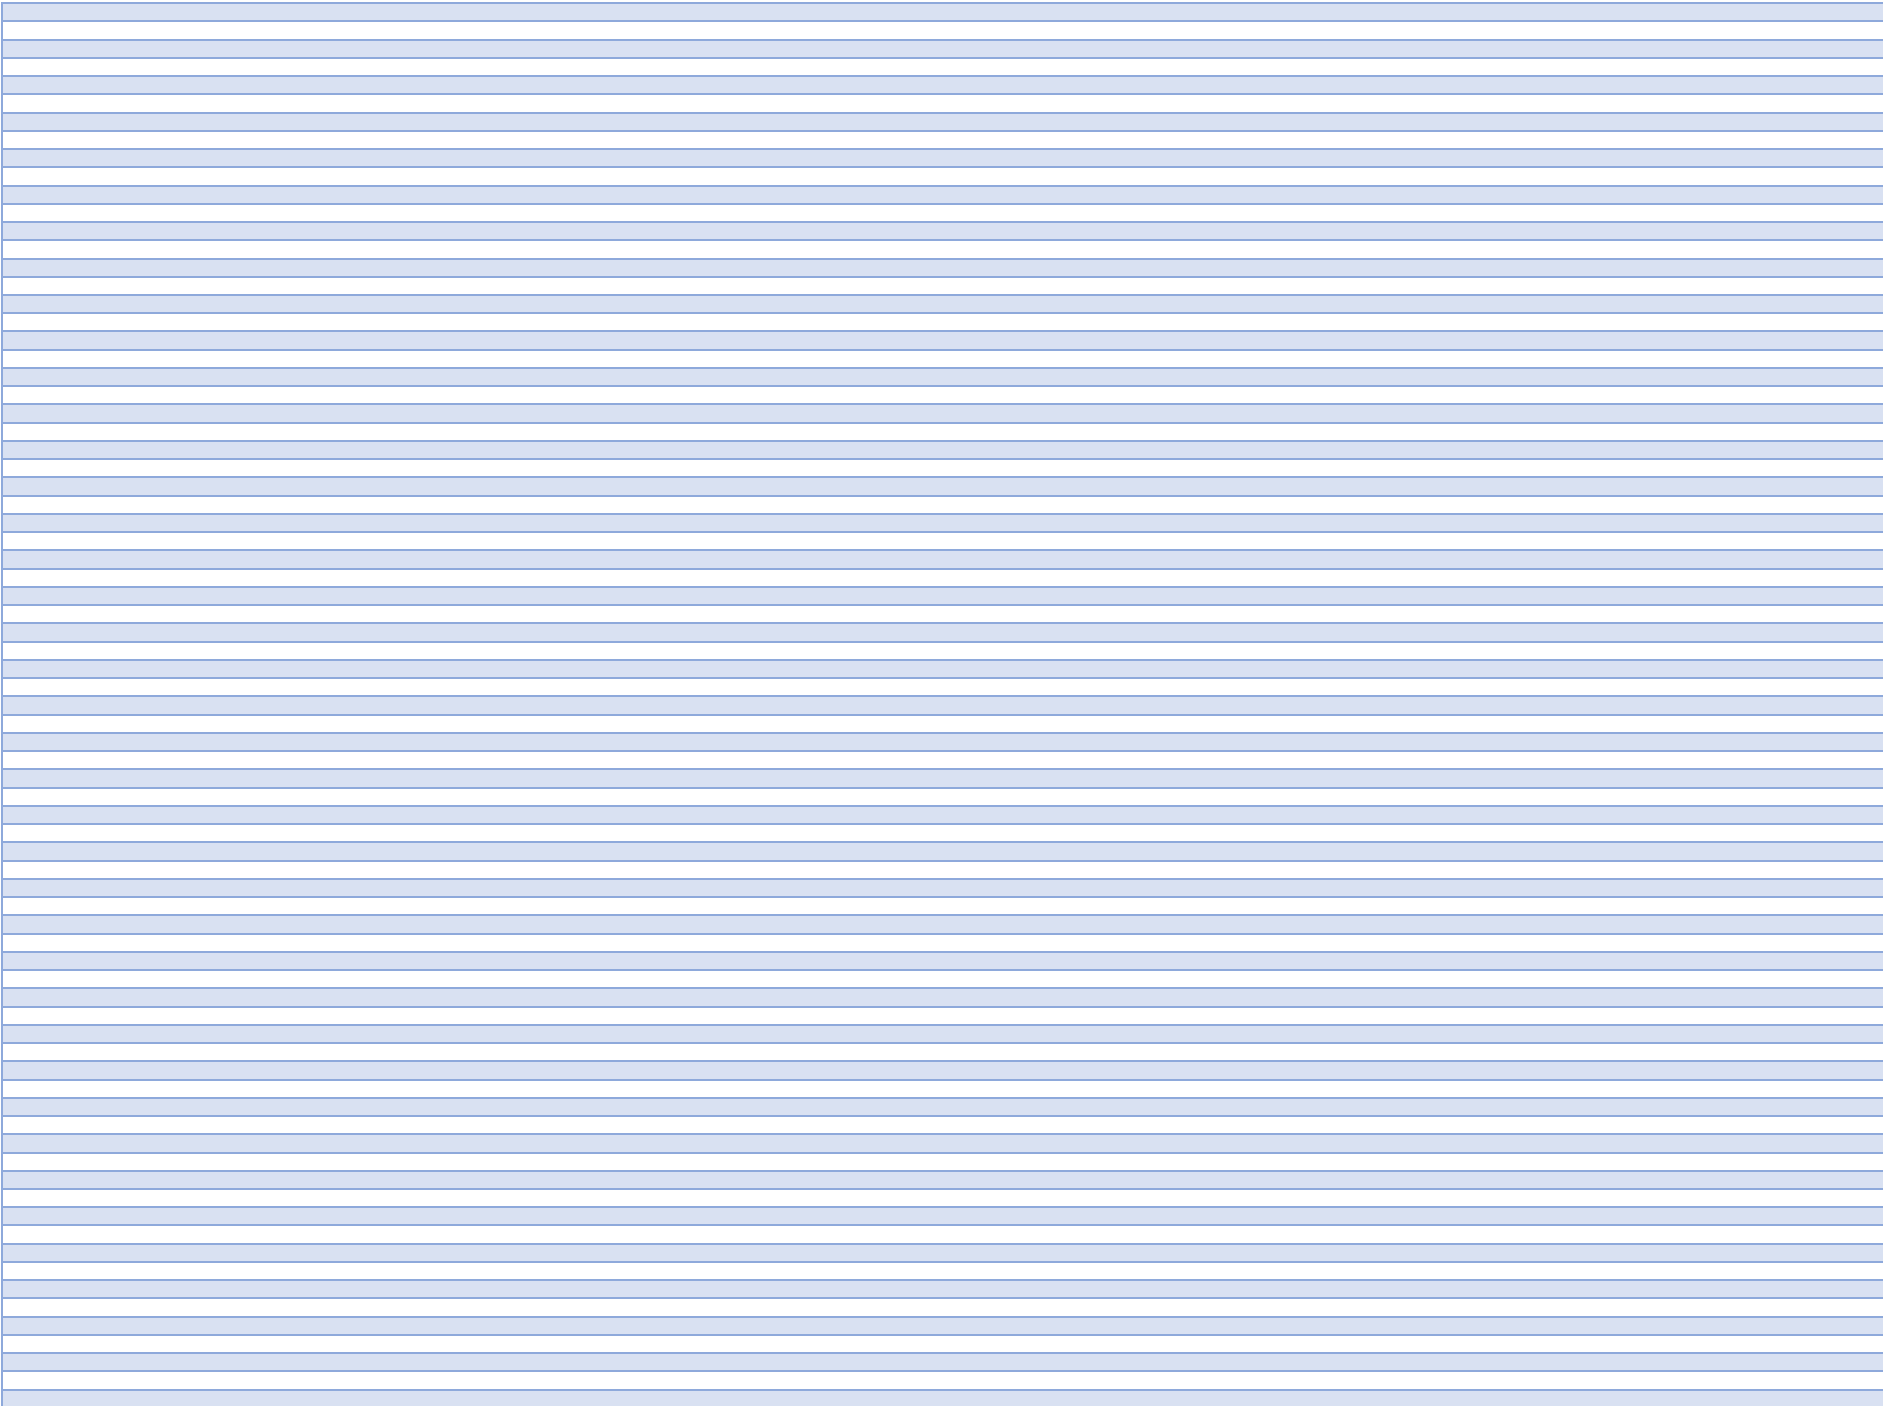

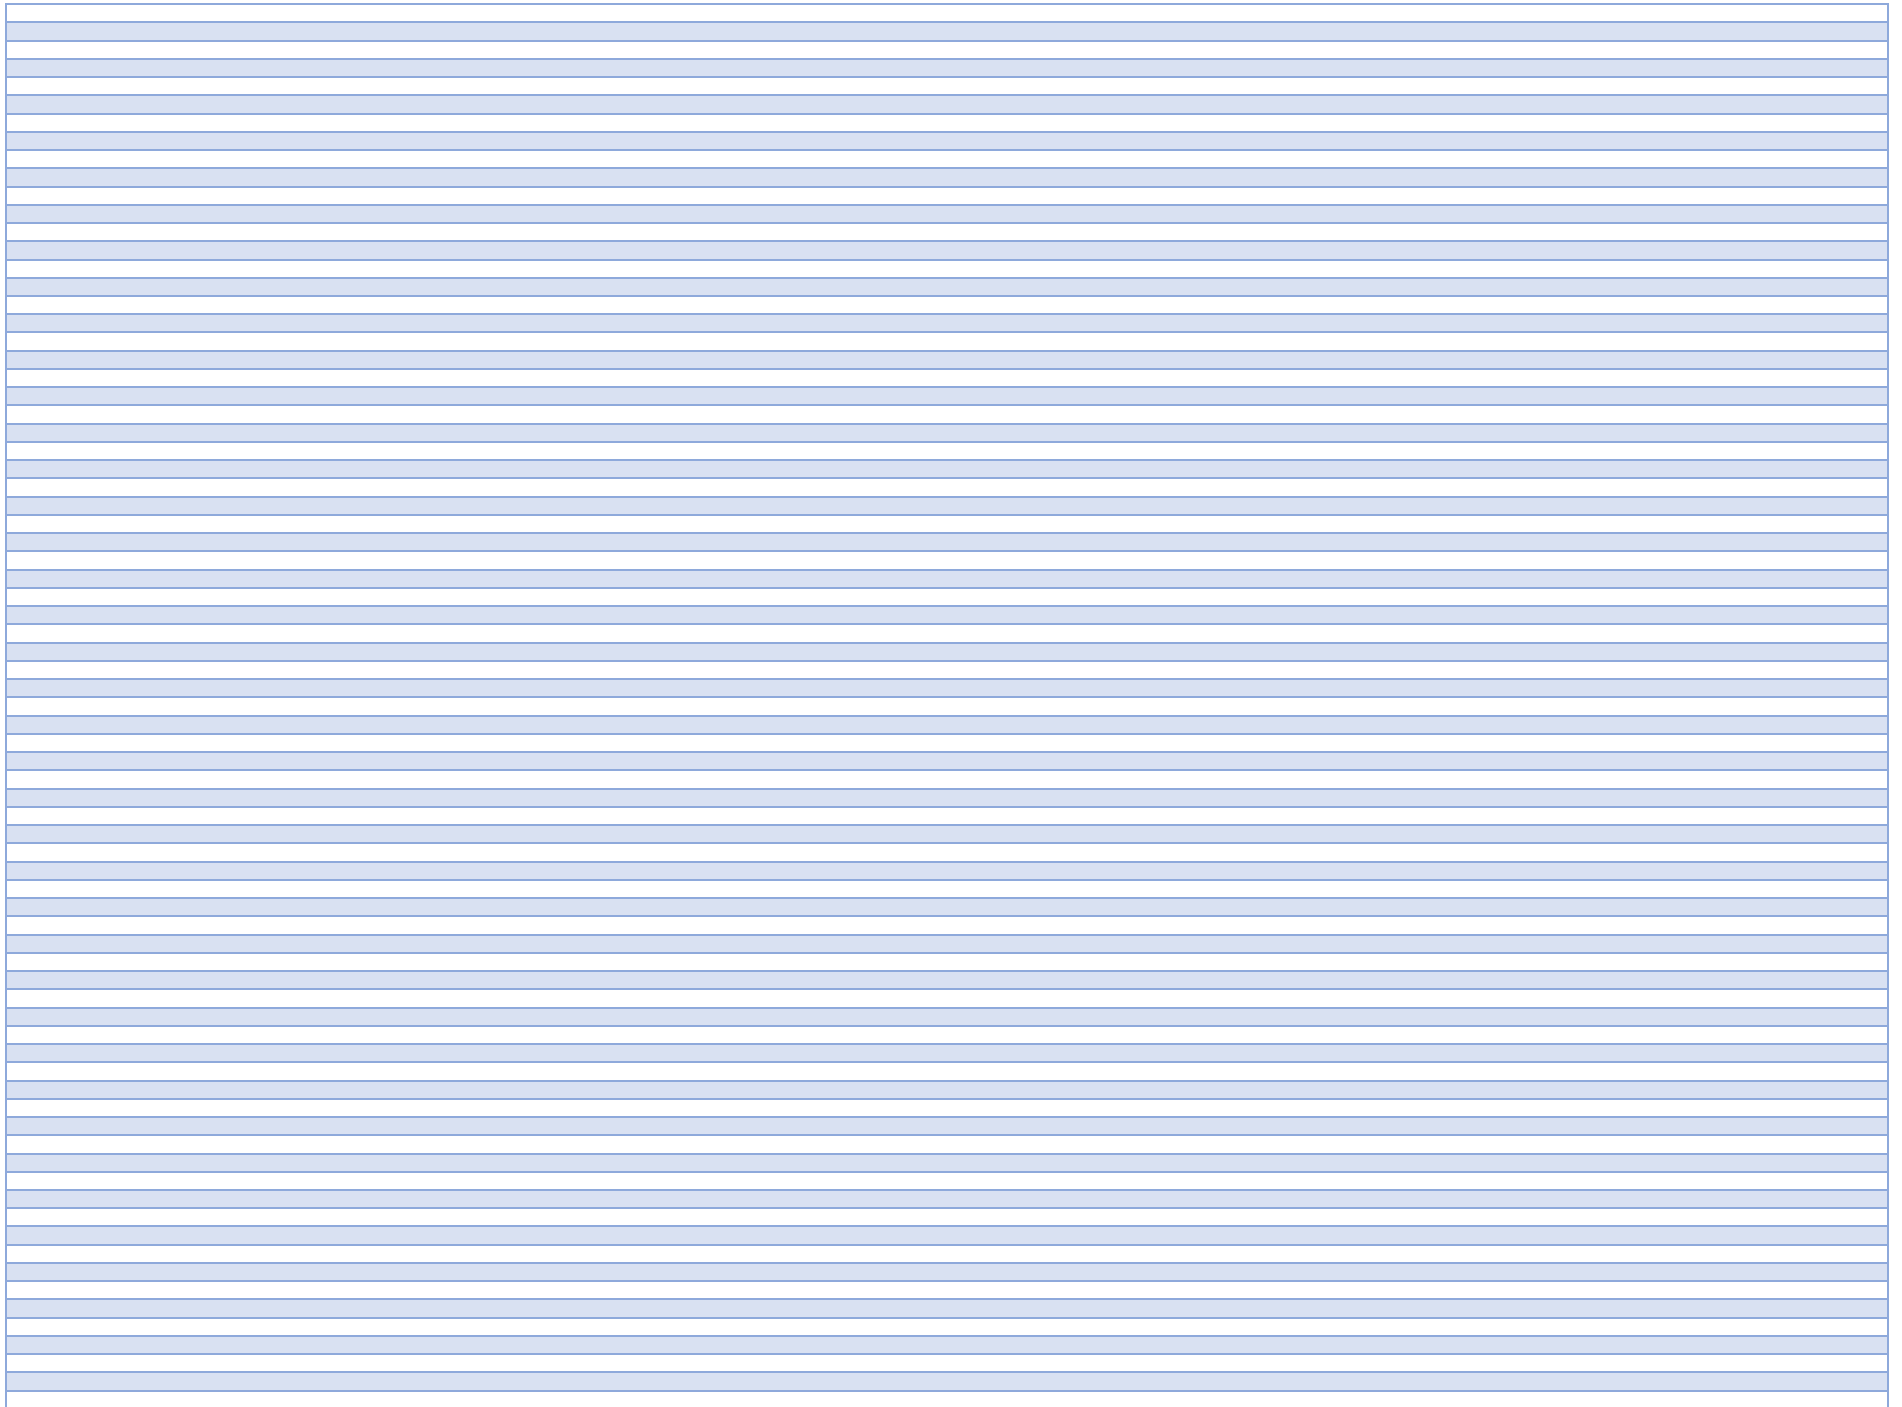

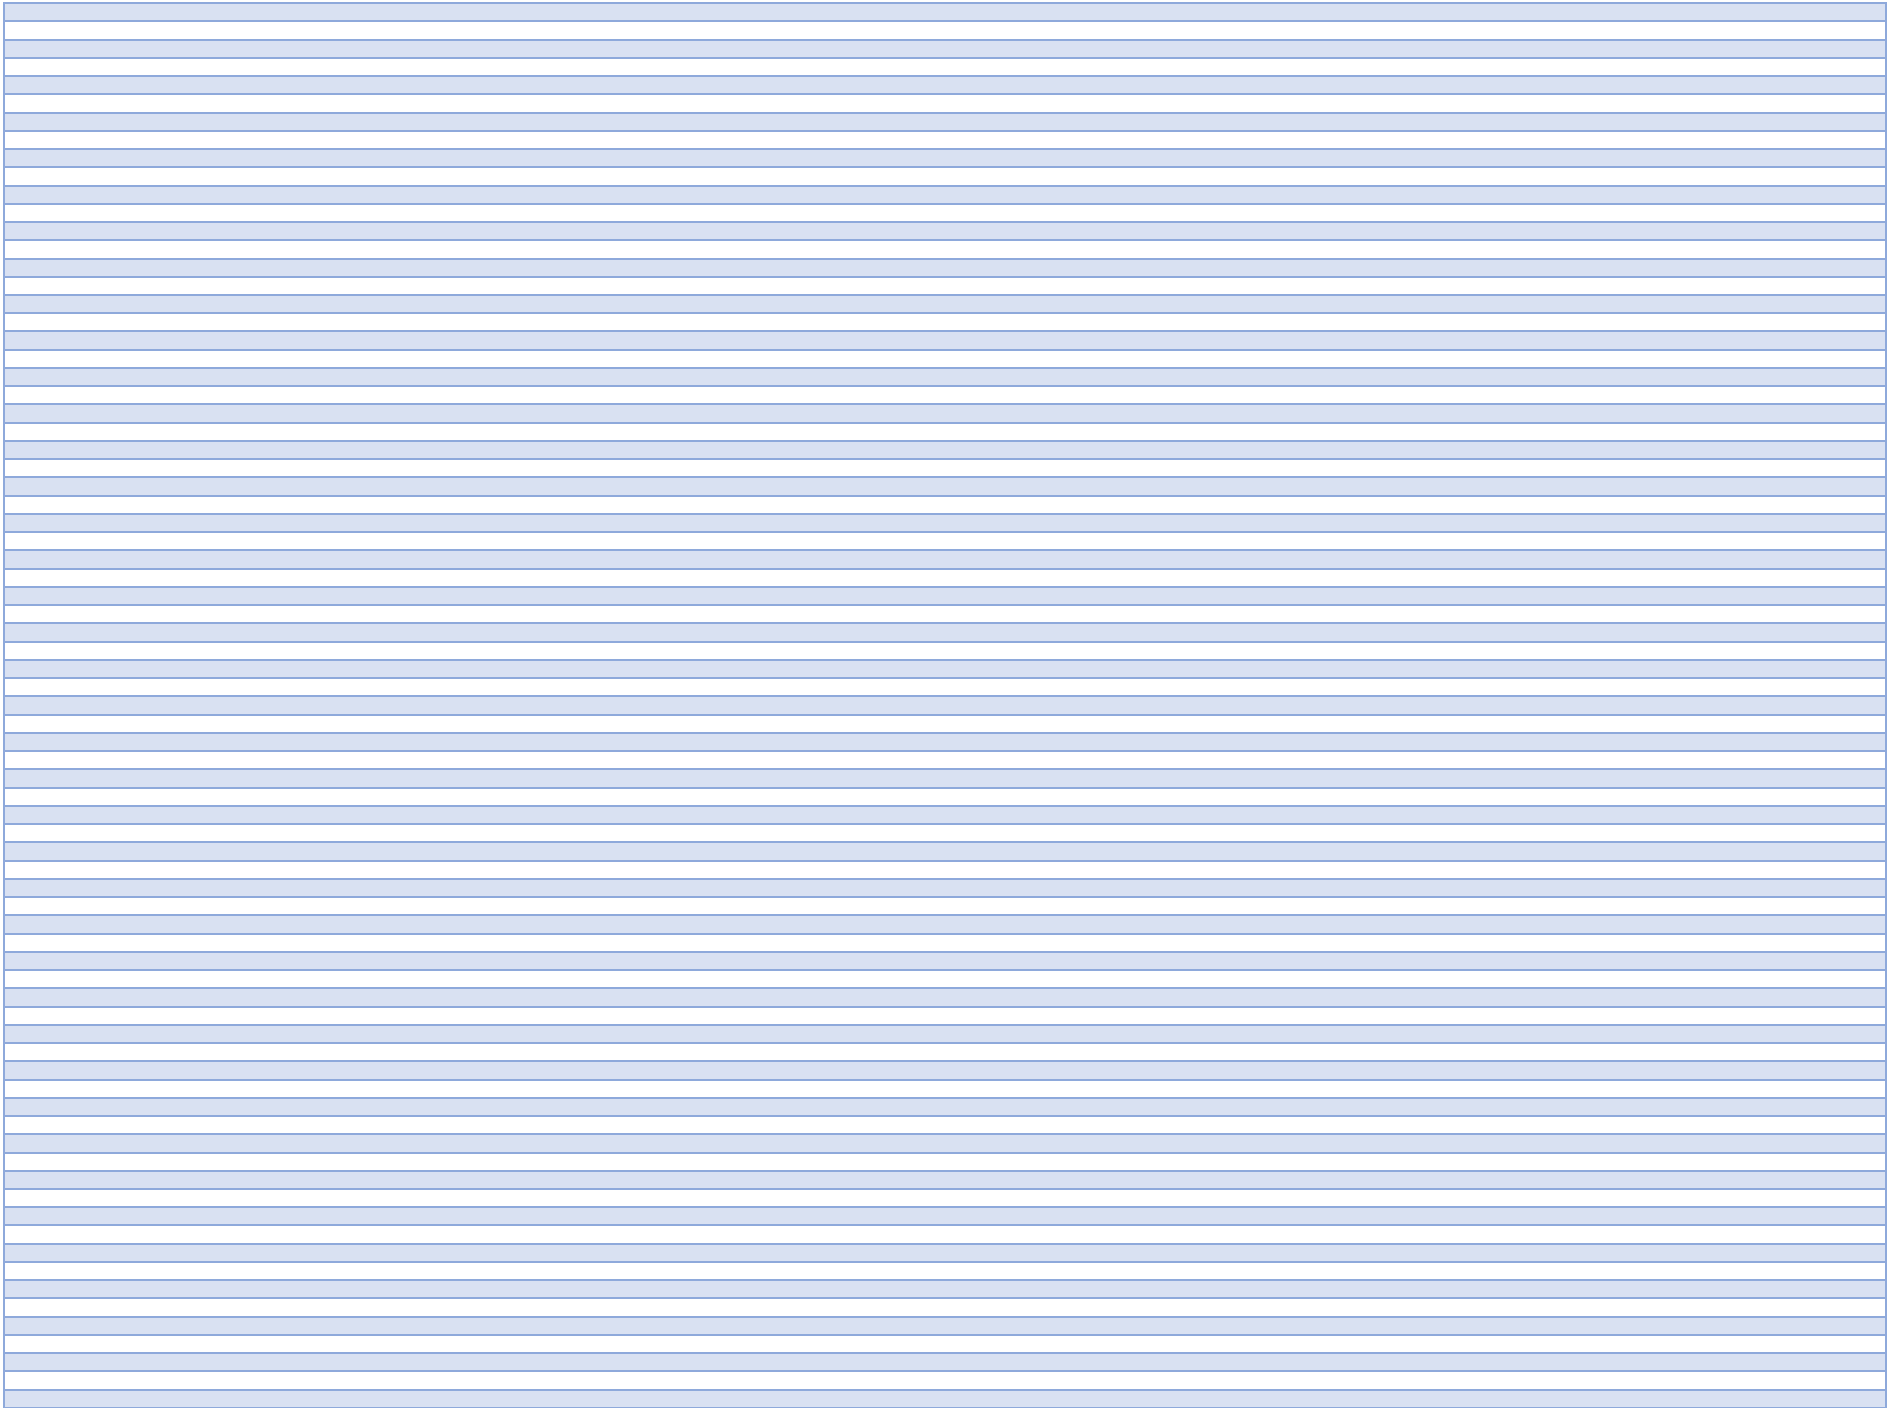

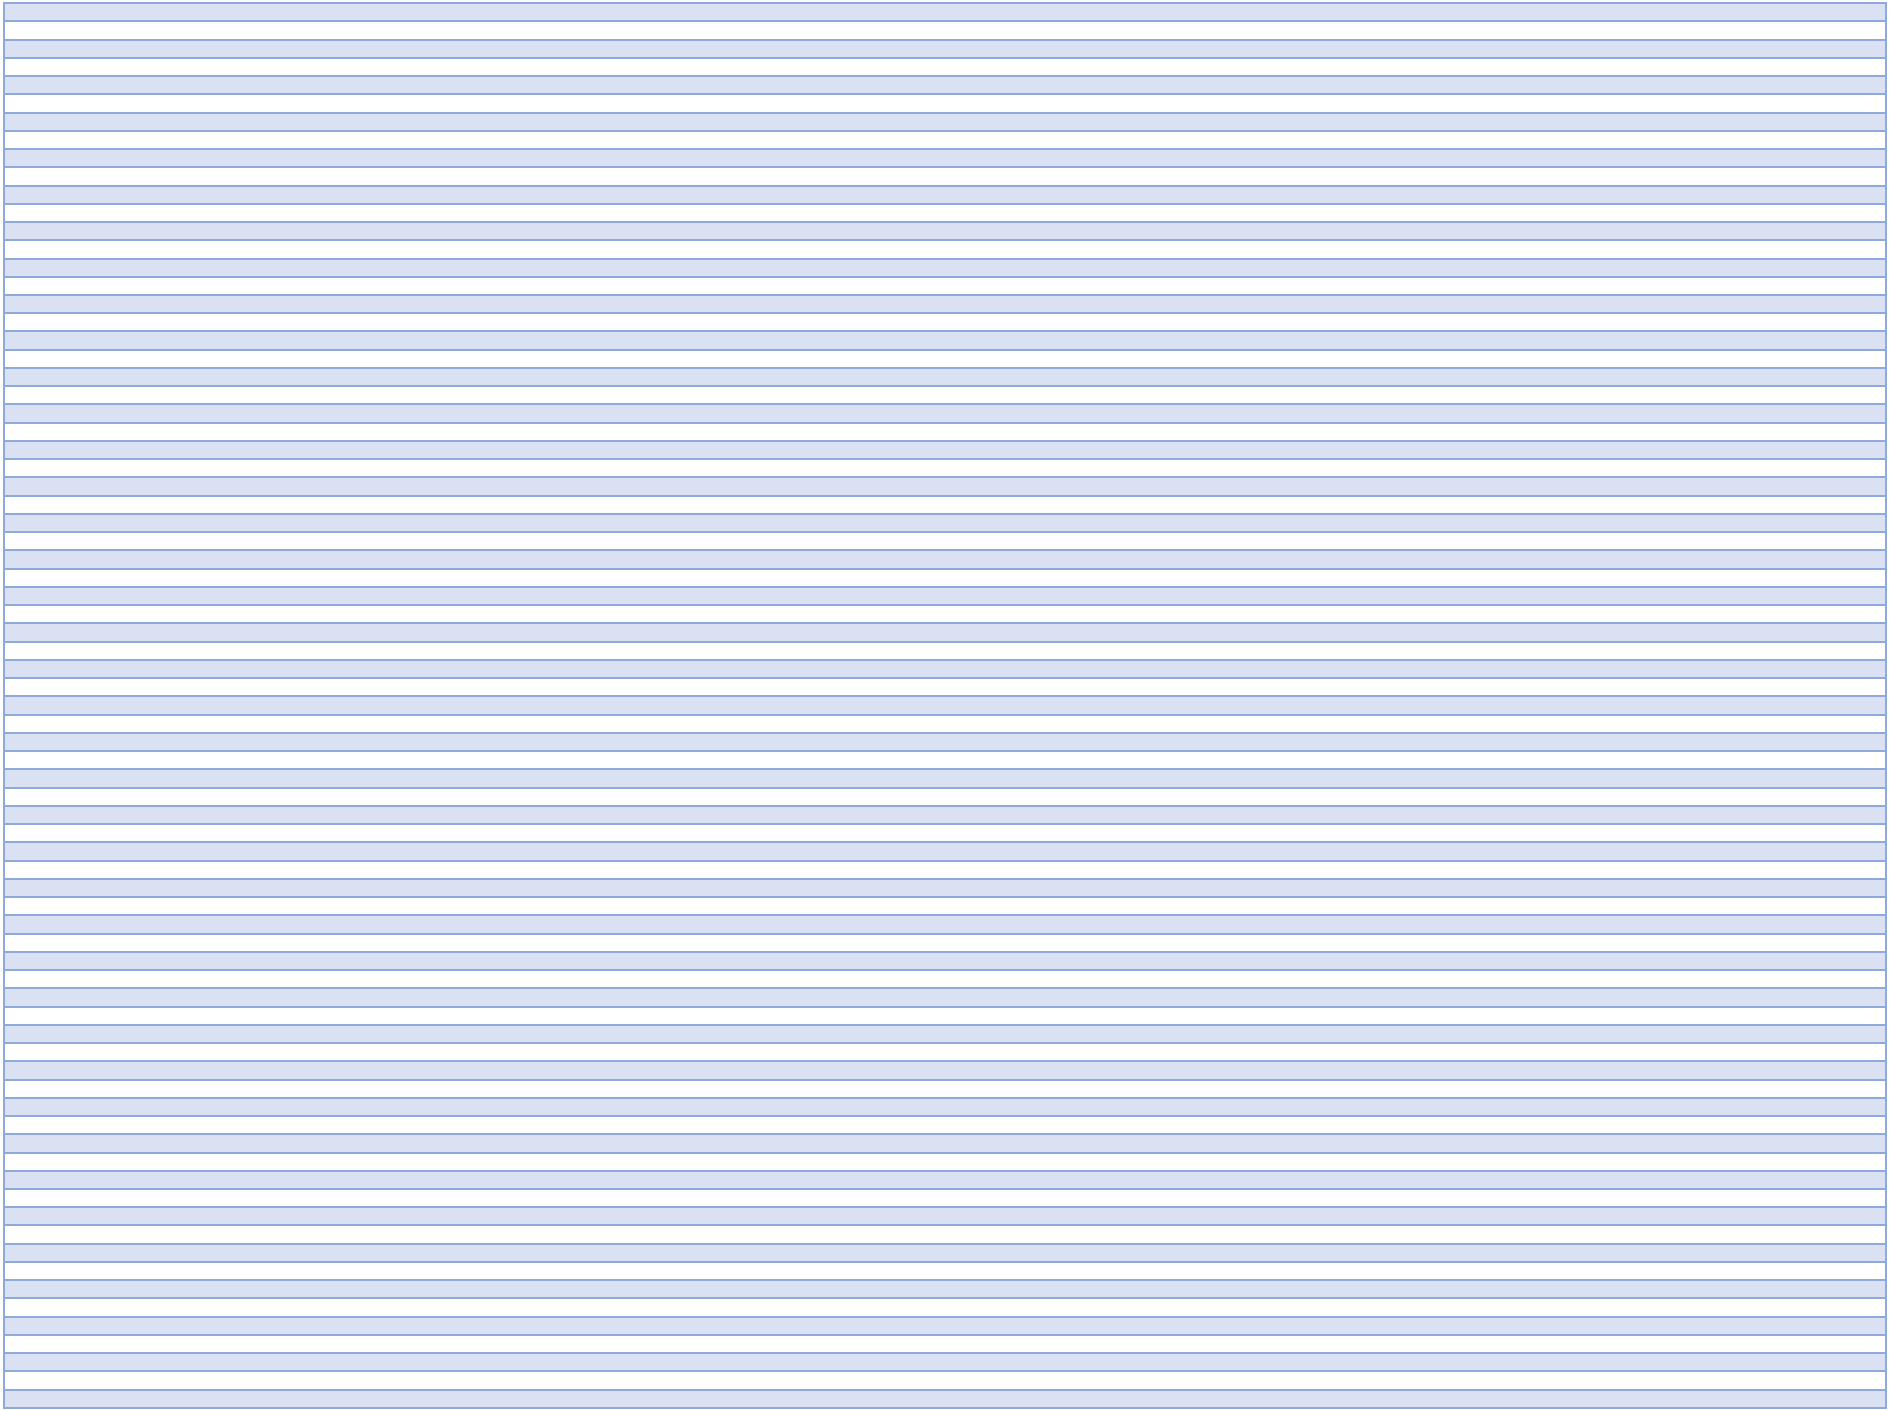

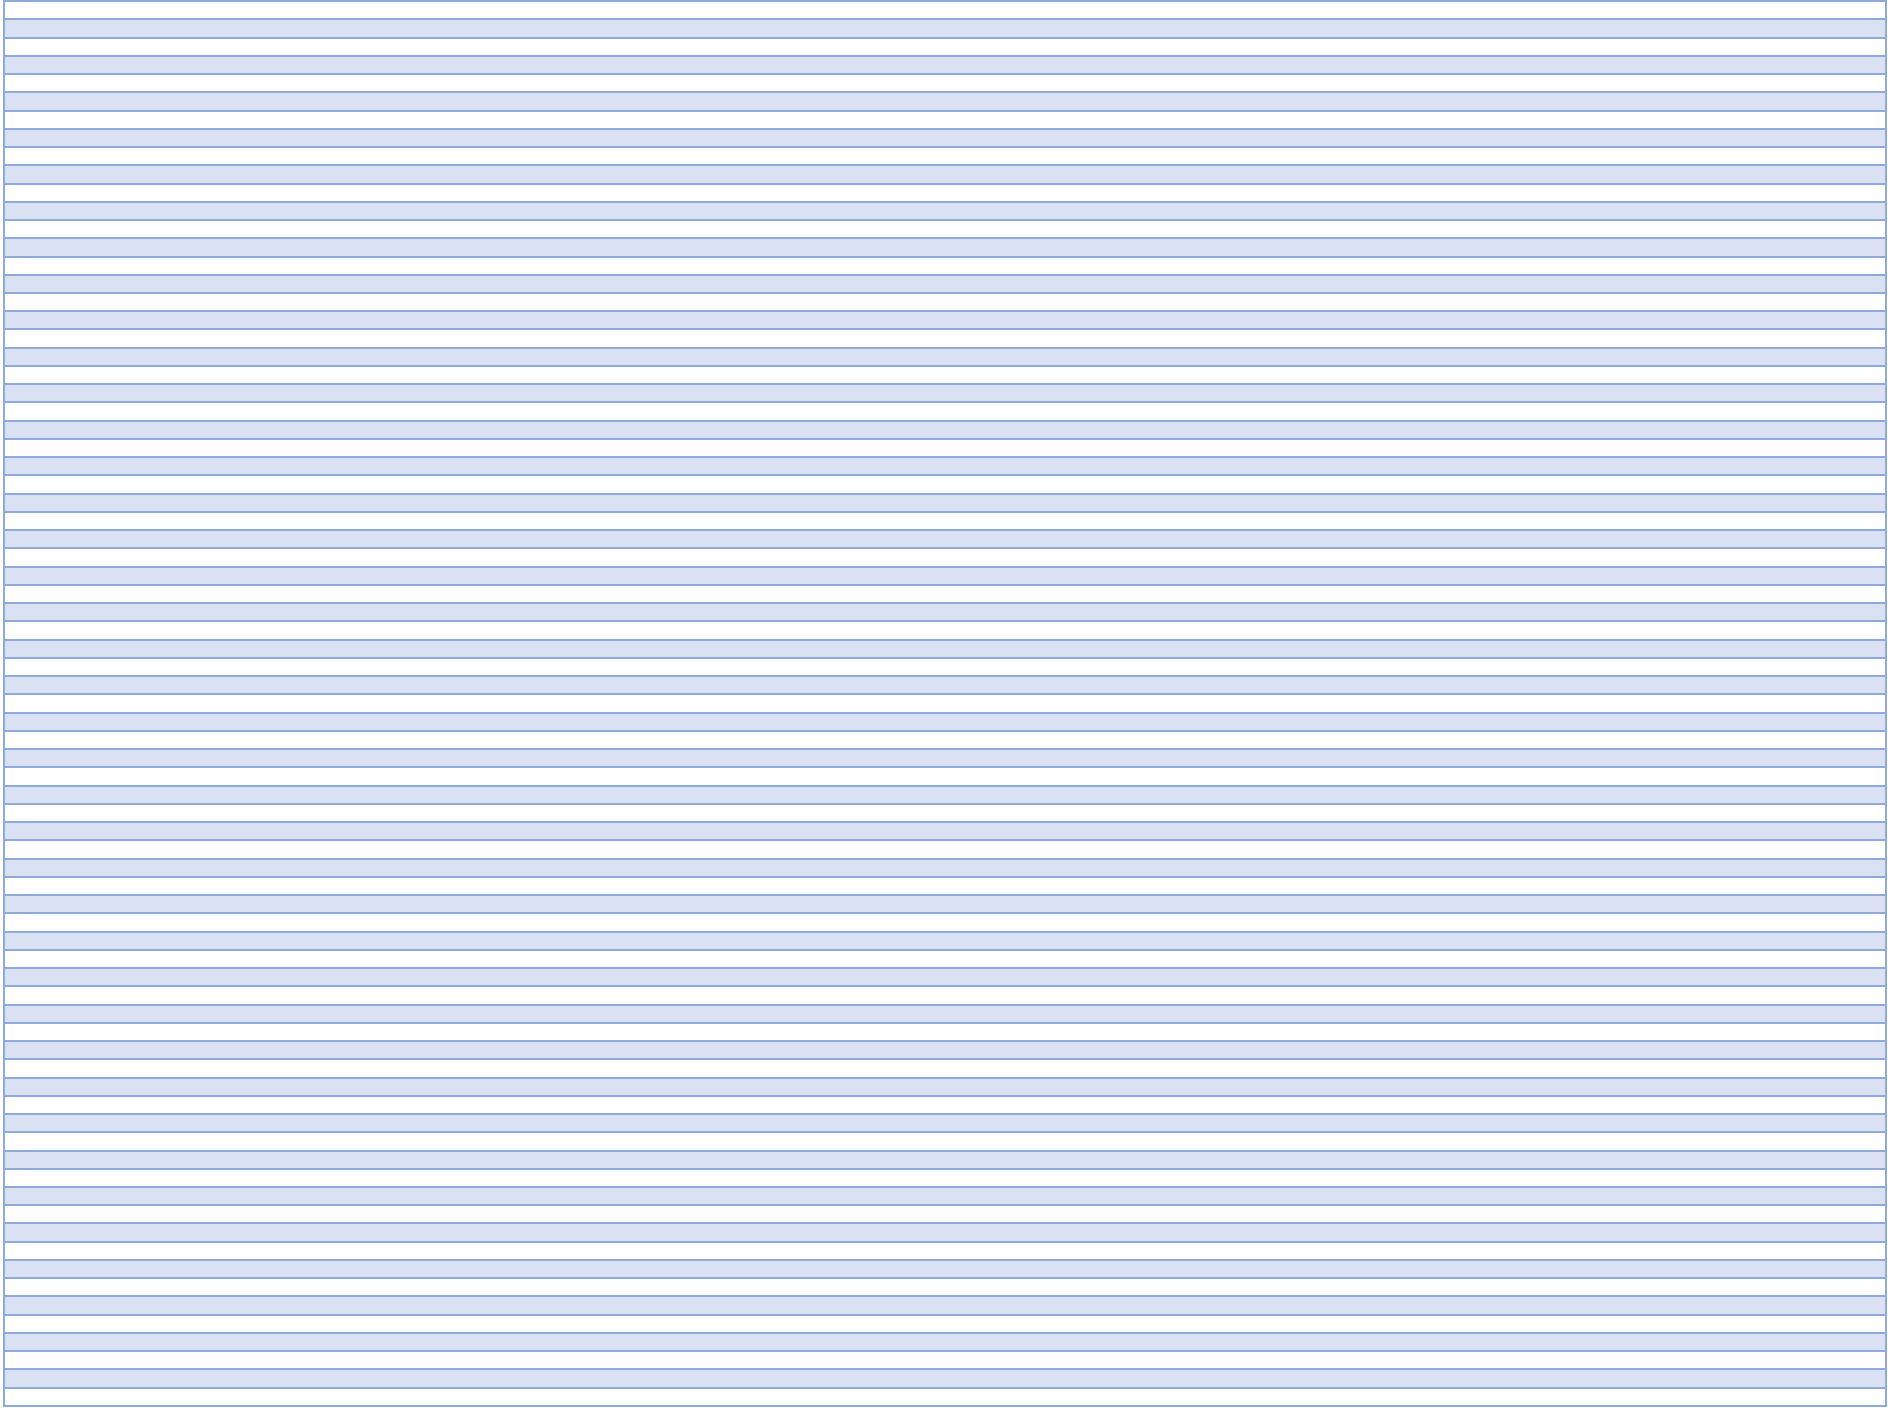

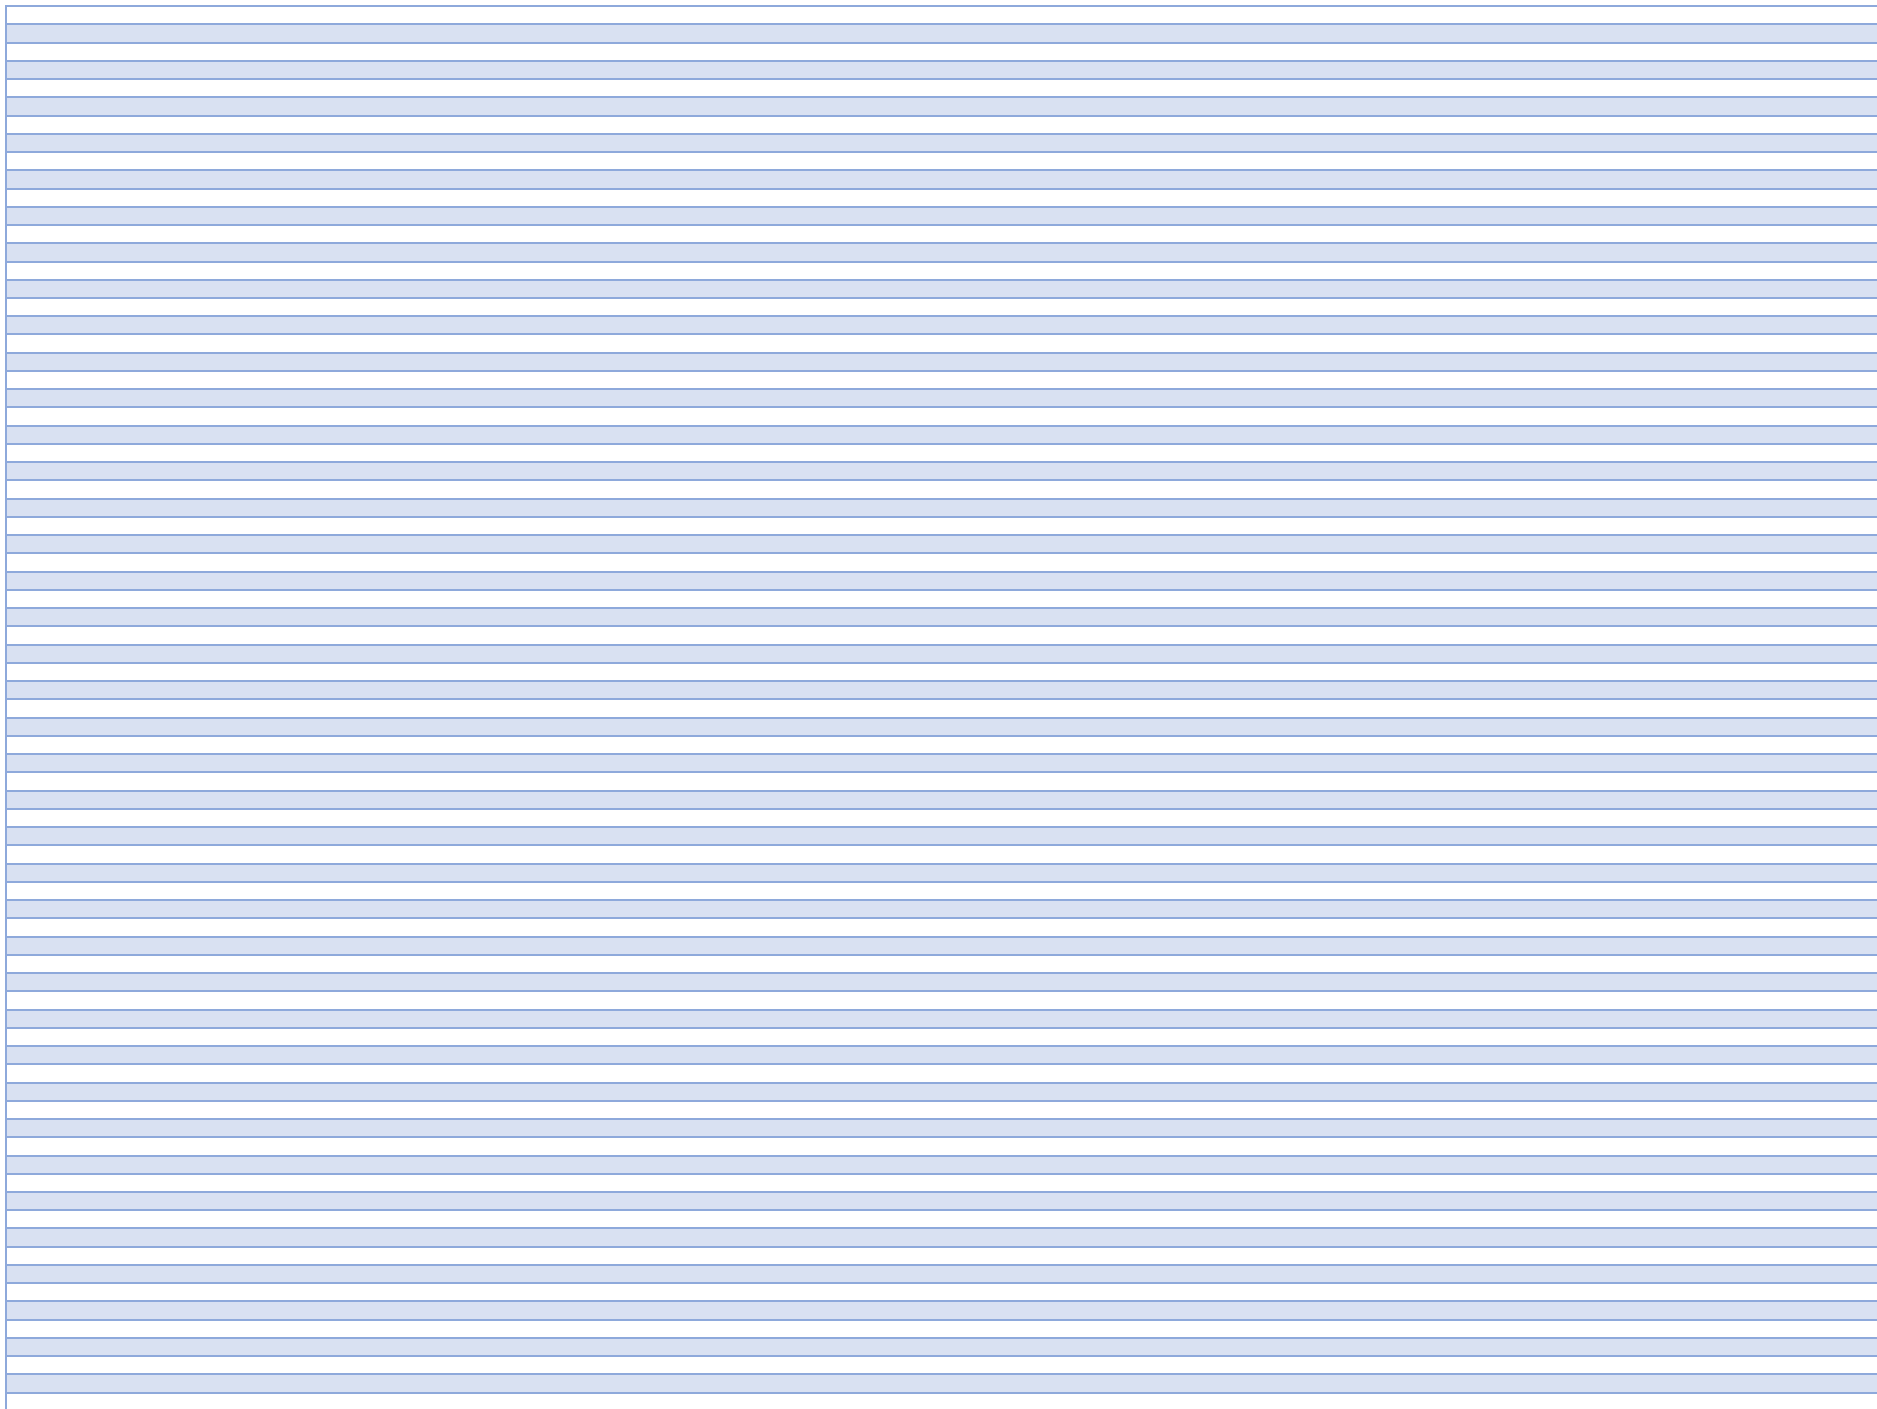

This image depicts a large, empty grid of light blue lines forming a rectangular shape. The grid is composed of many small, uniform squares, typical of graph paper or a data table. The lines are thin and light blue, set against a white background. There is no text or data present within the grid.

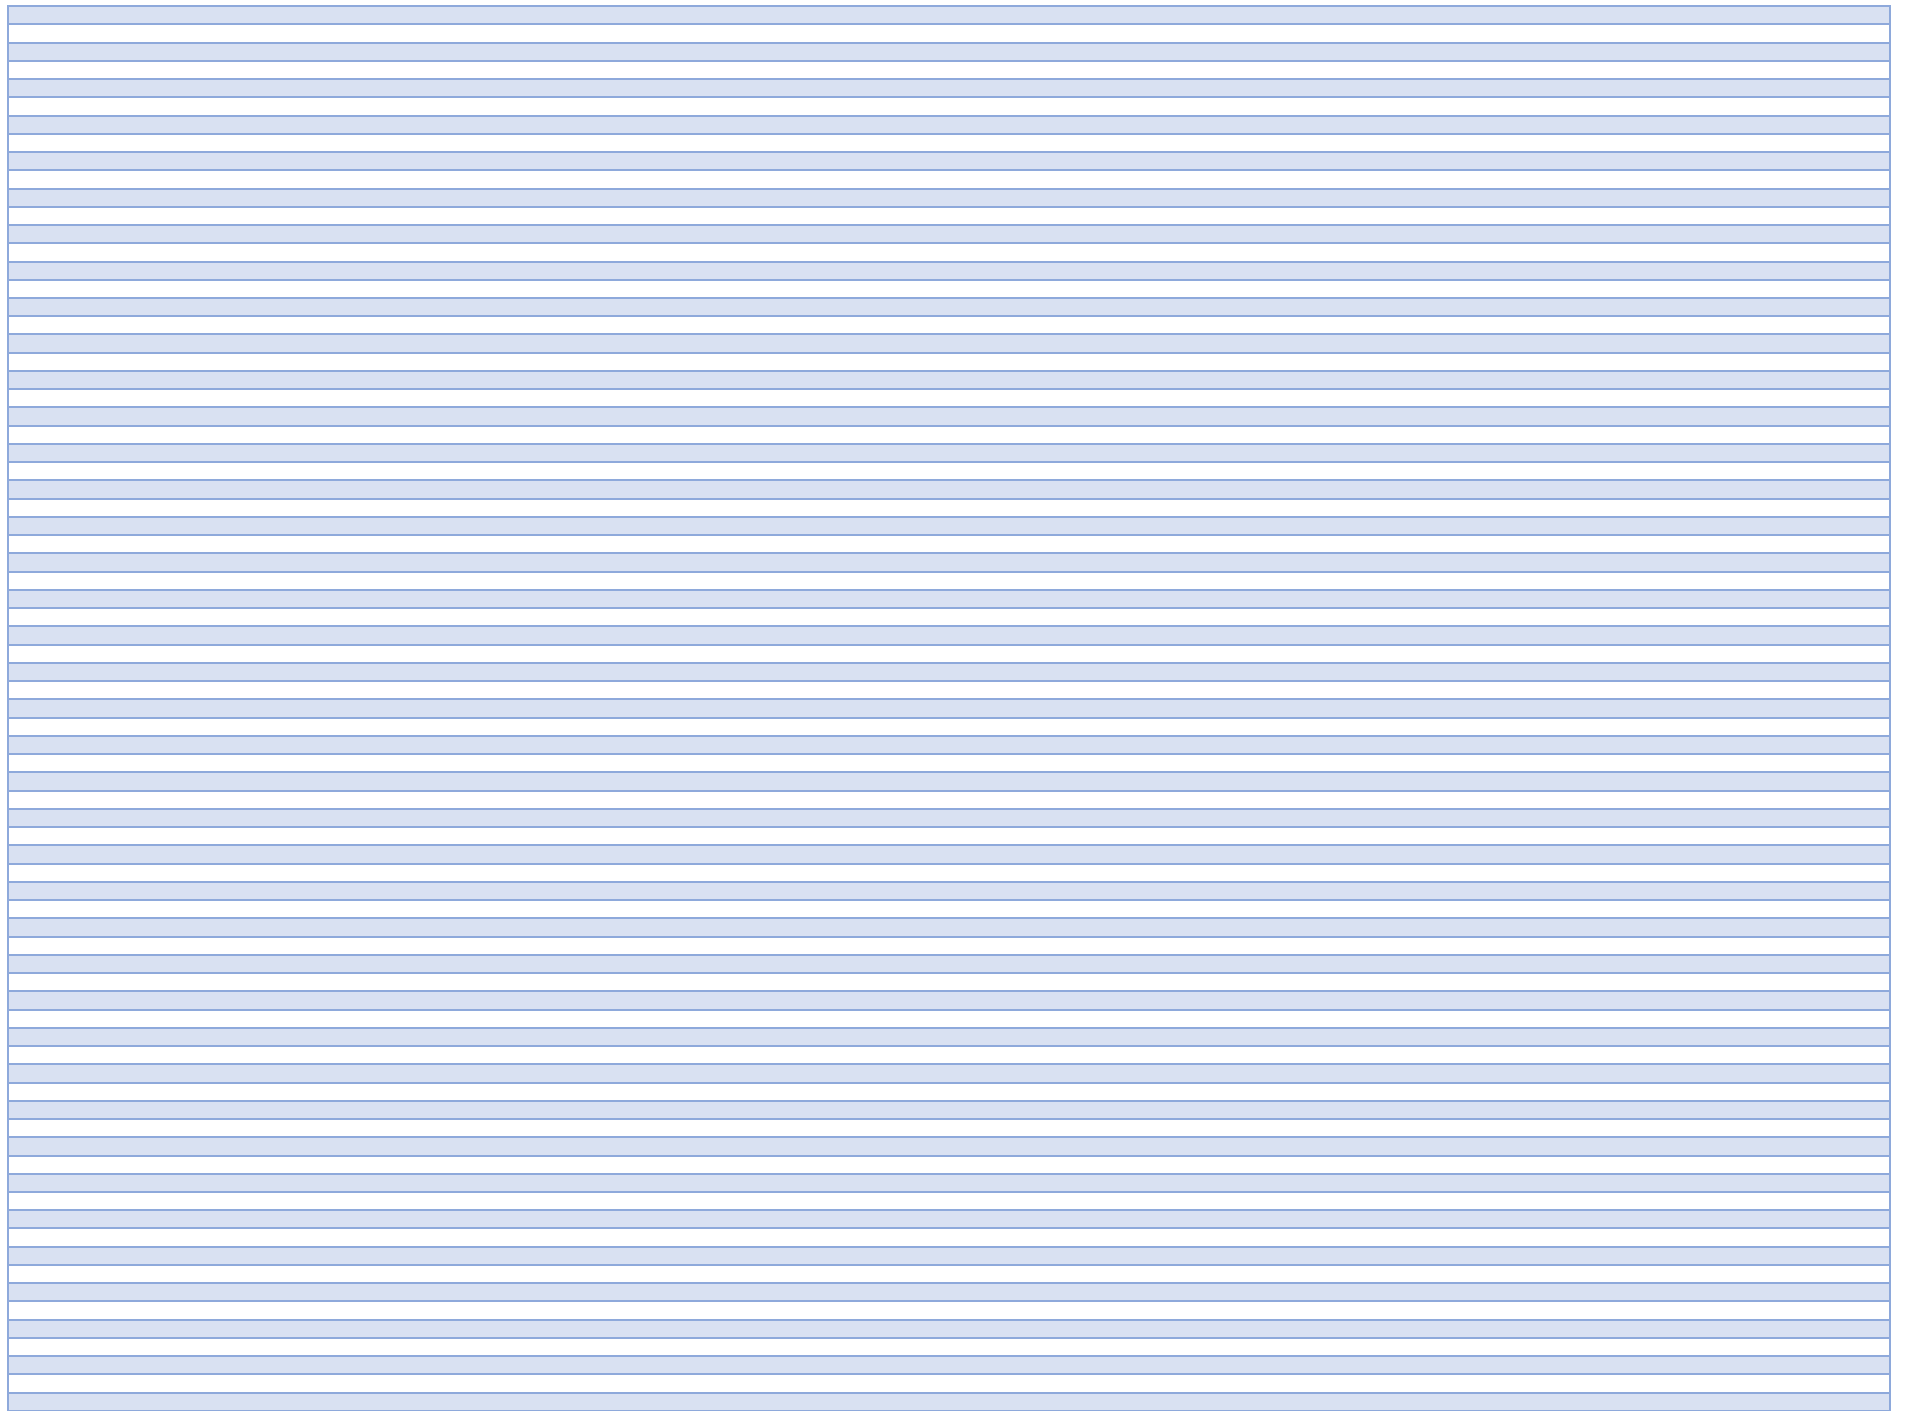

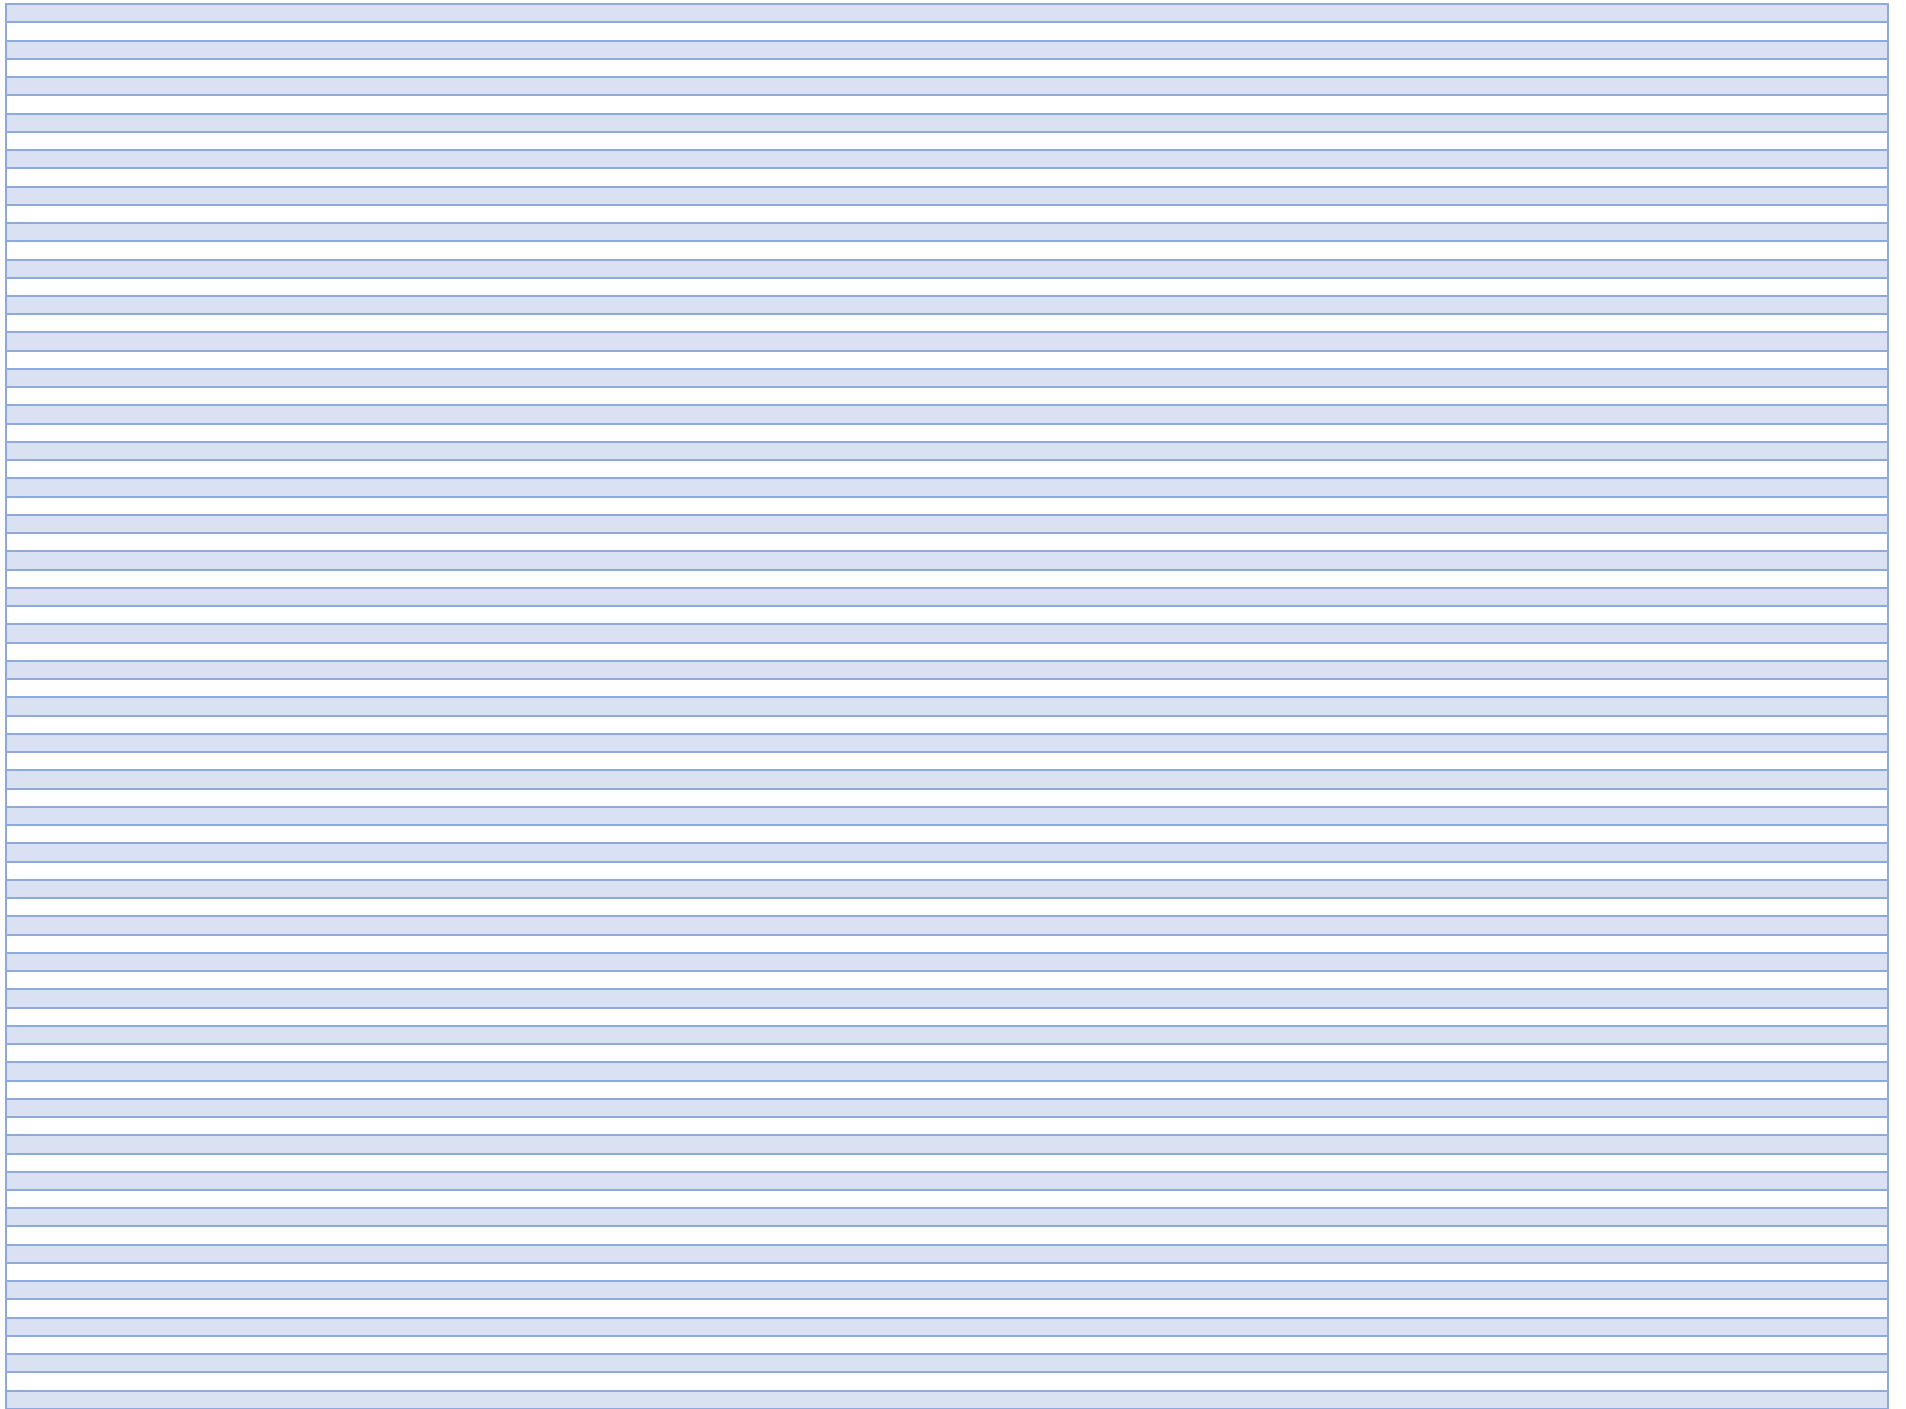

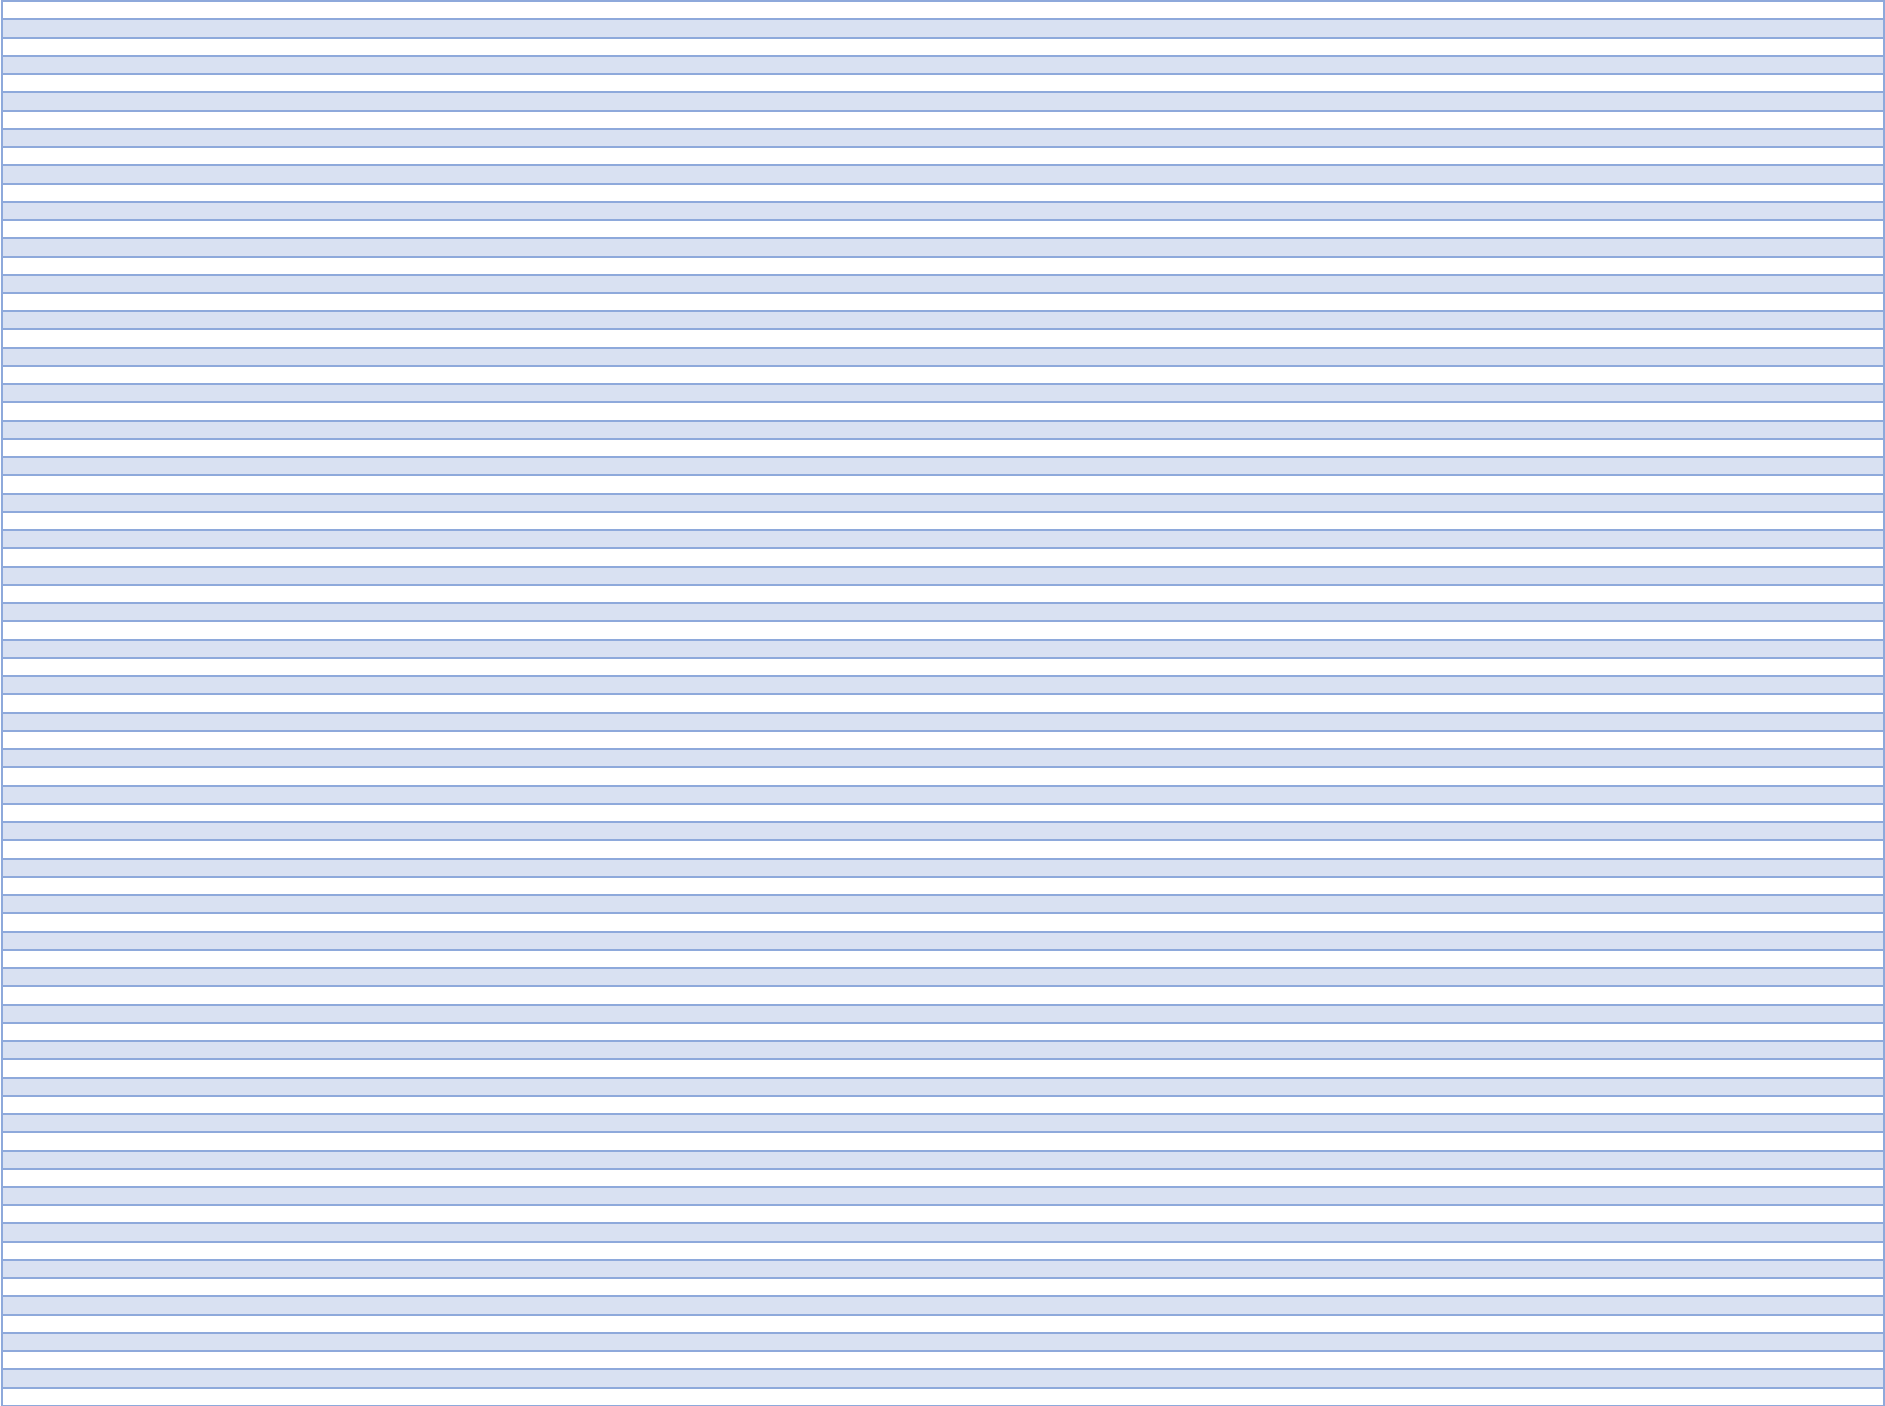

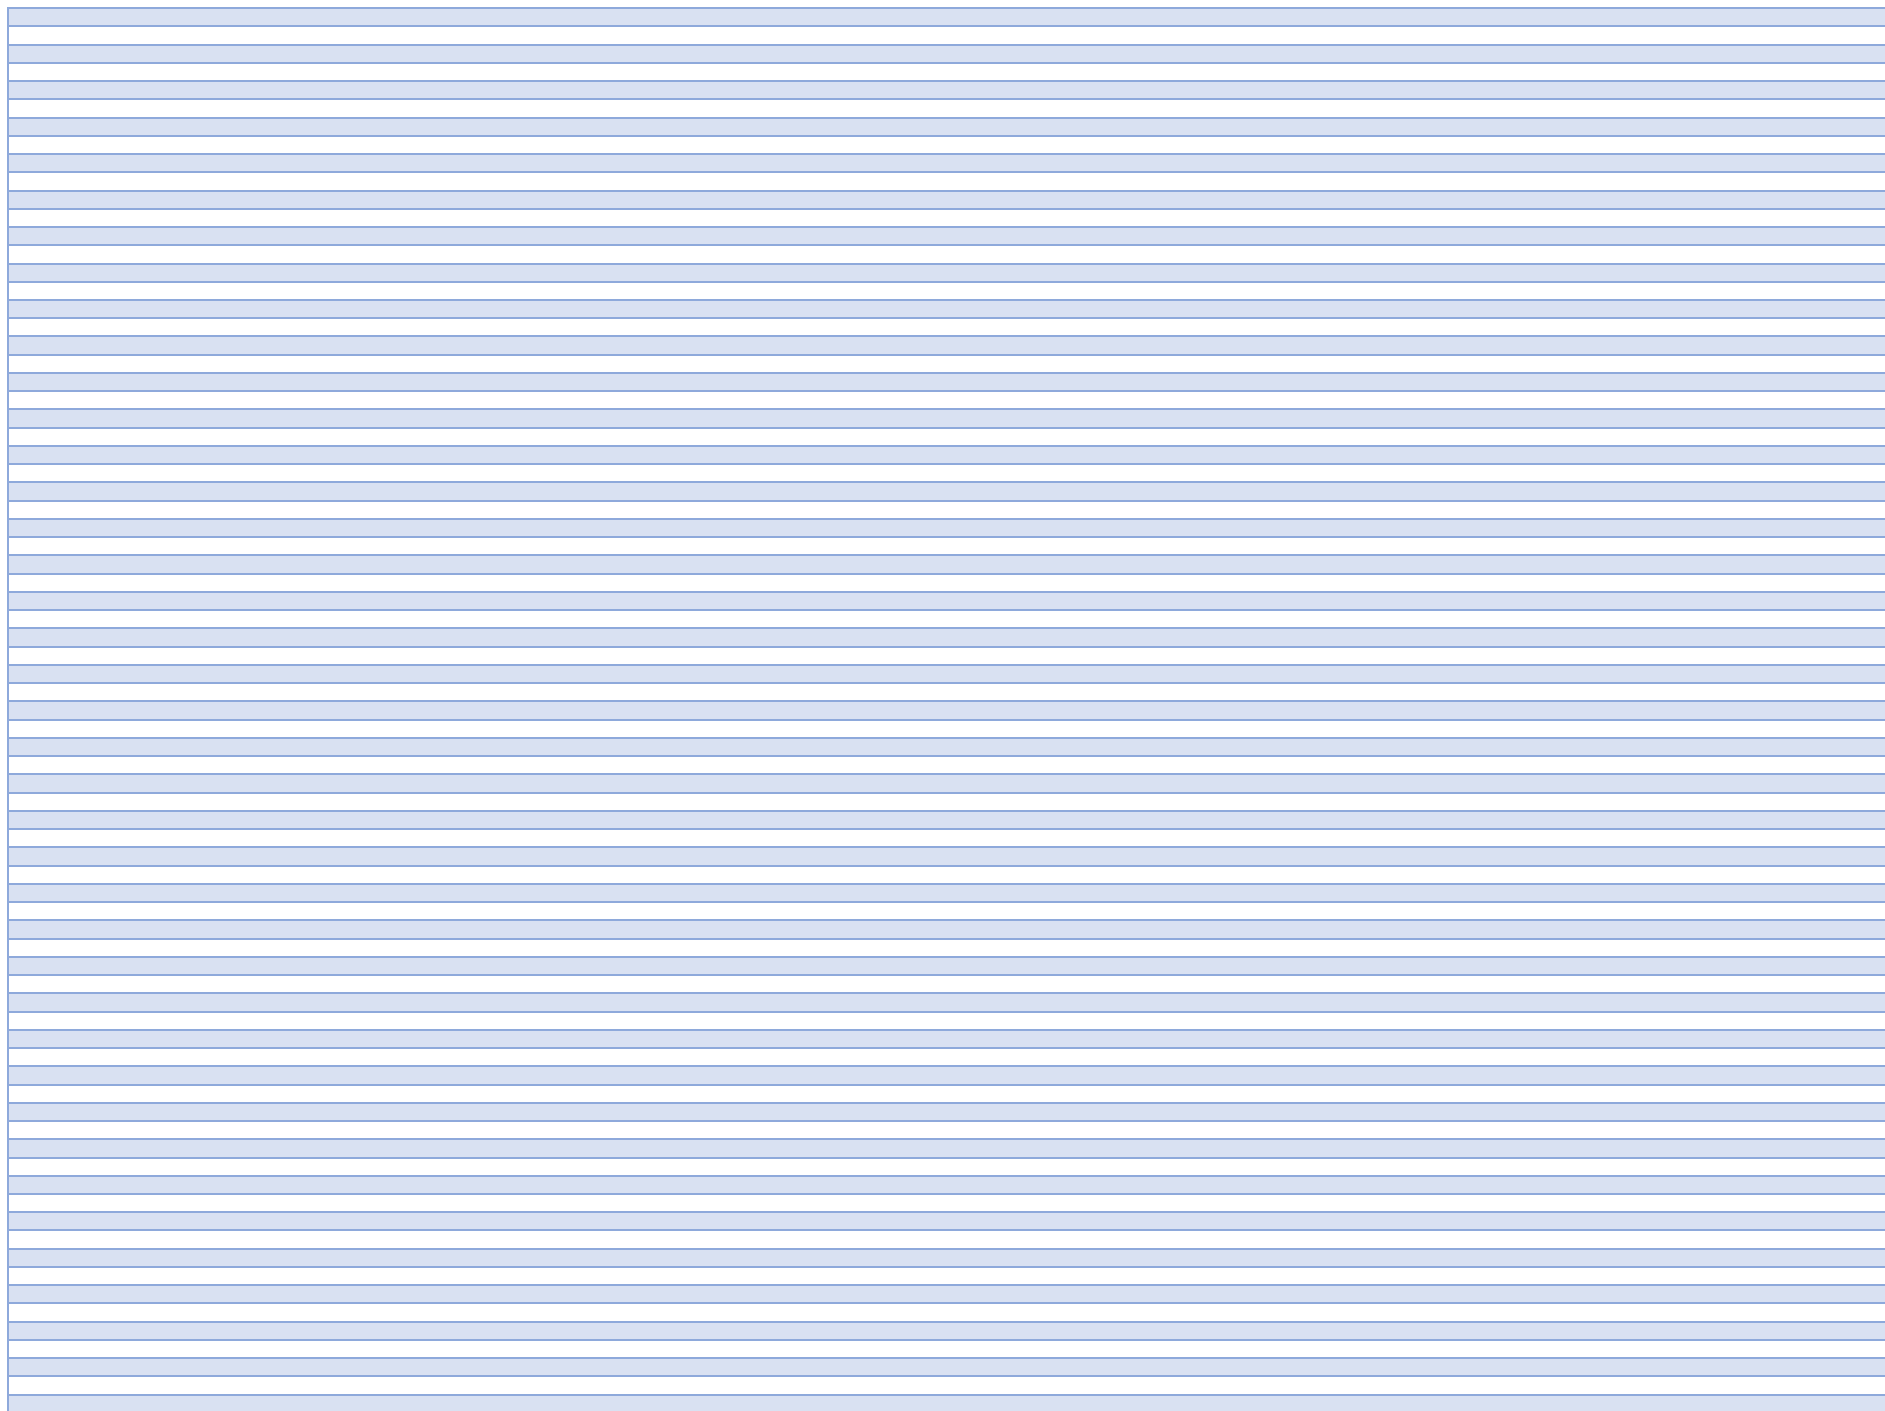

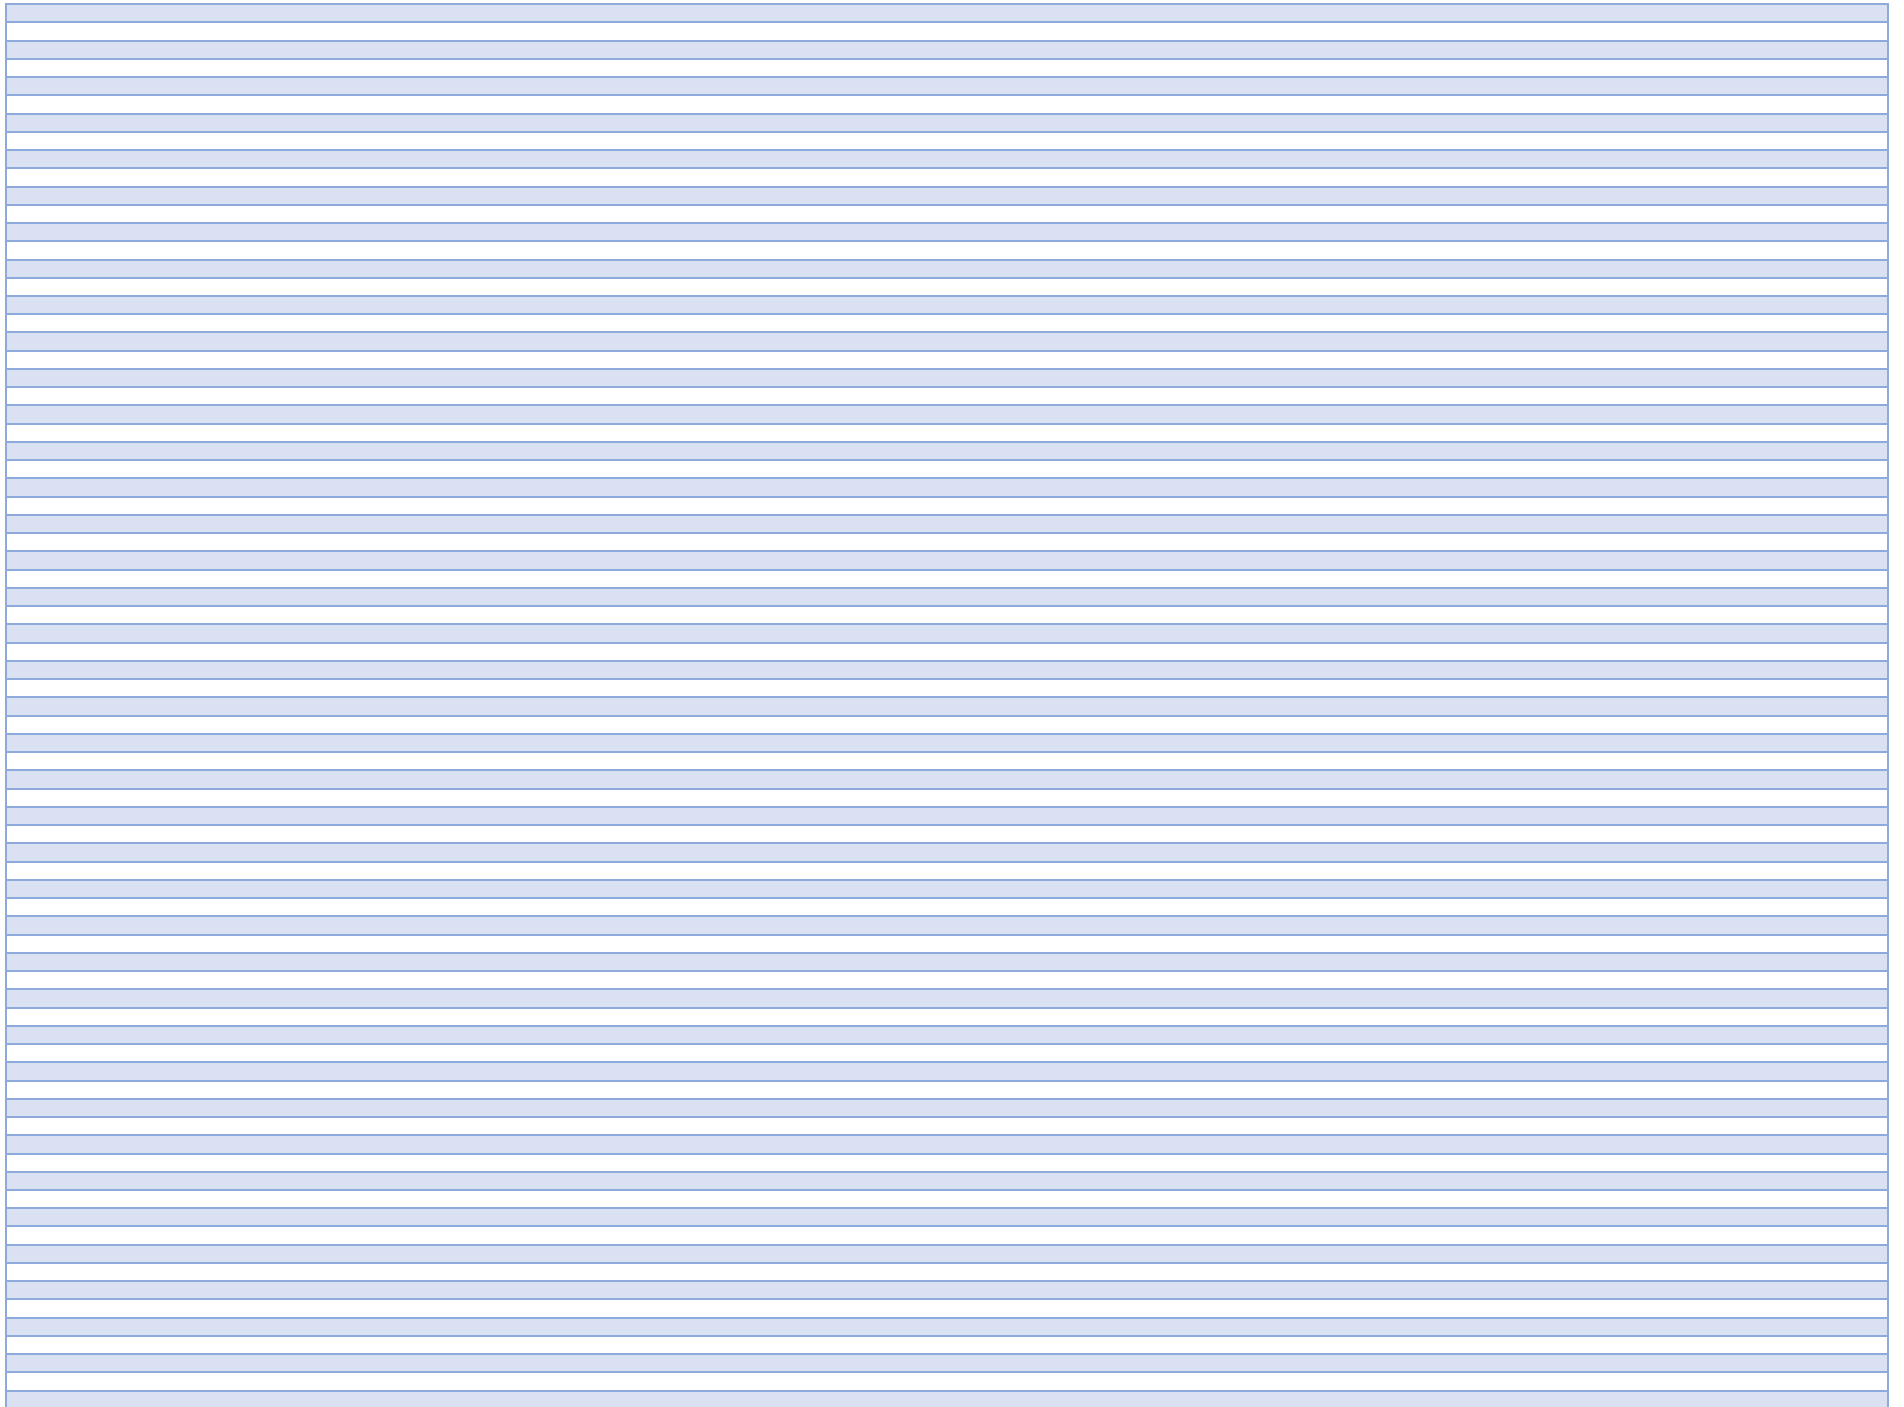

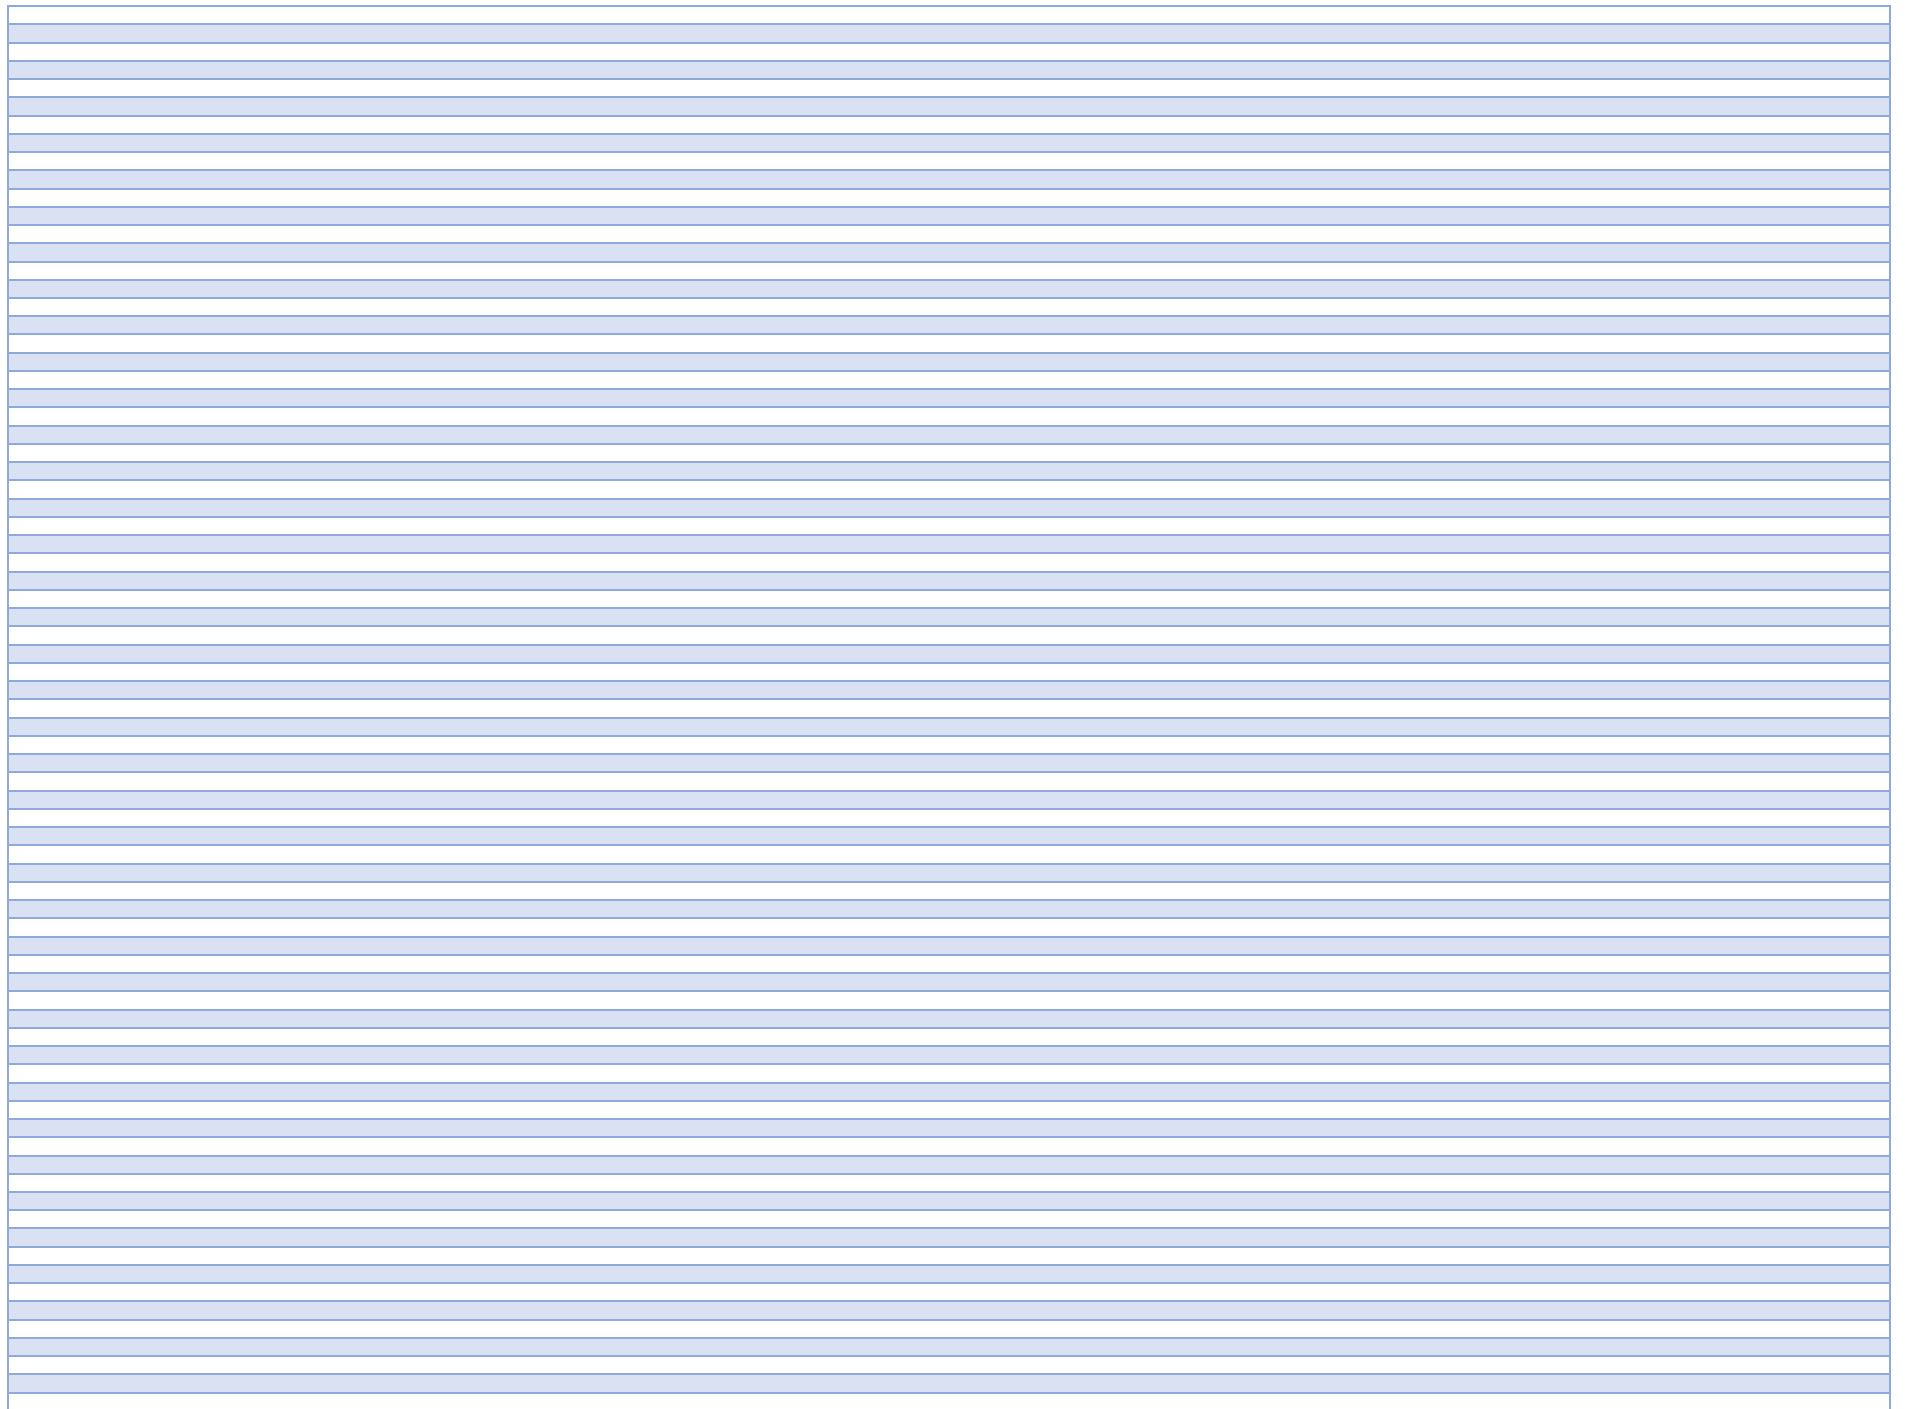

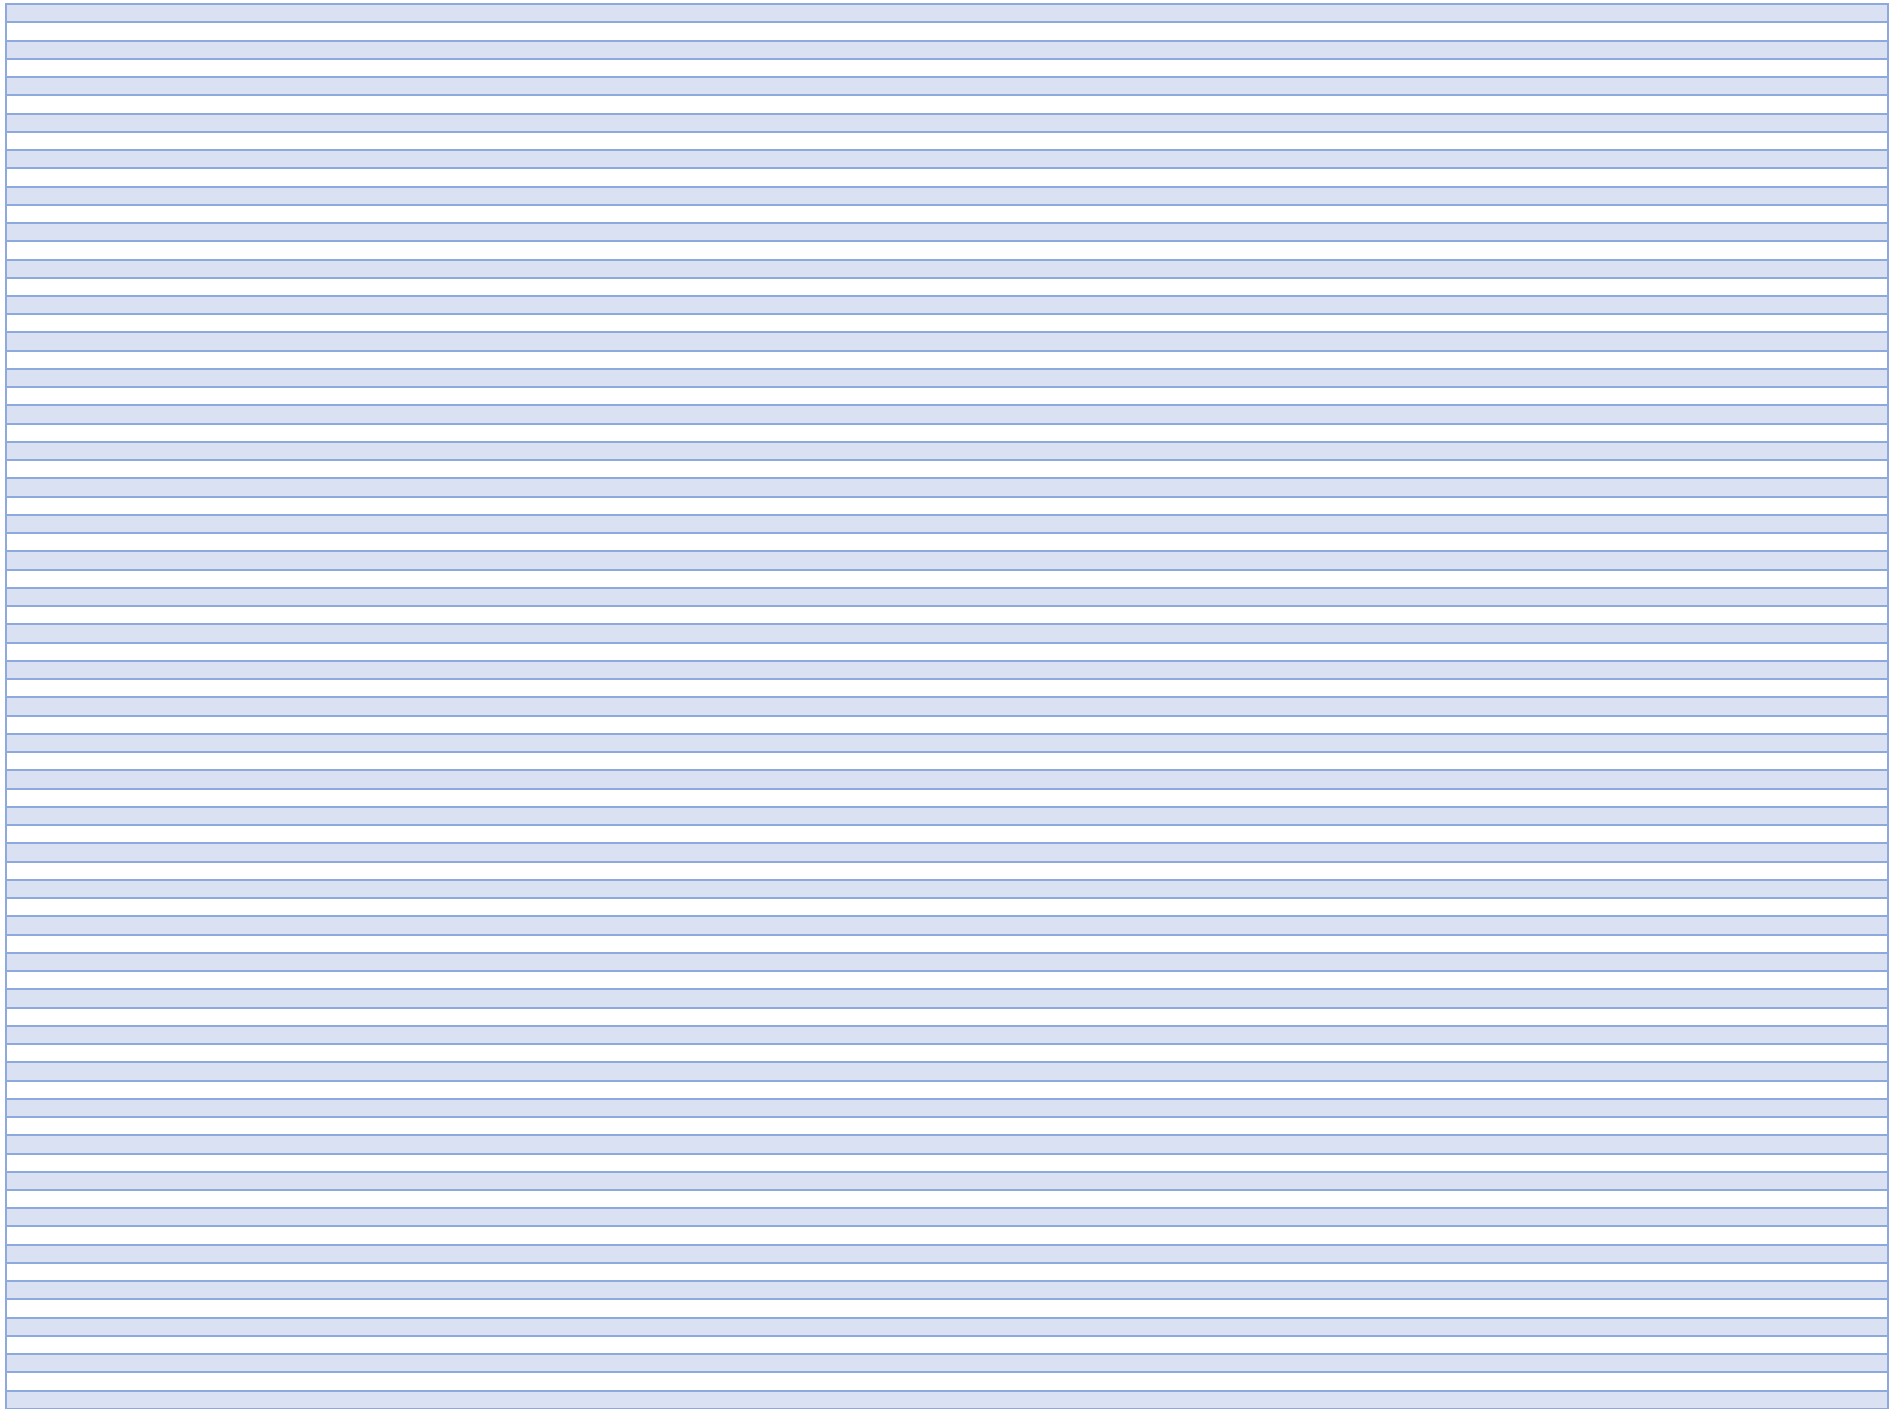

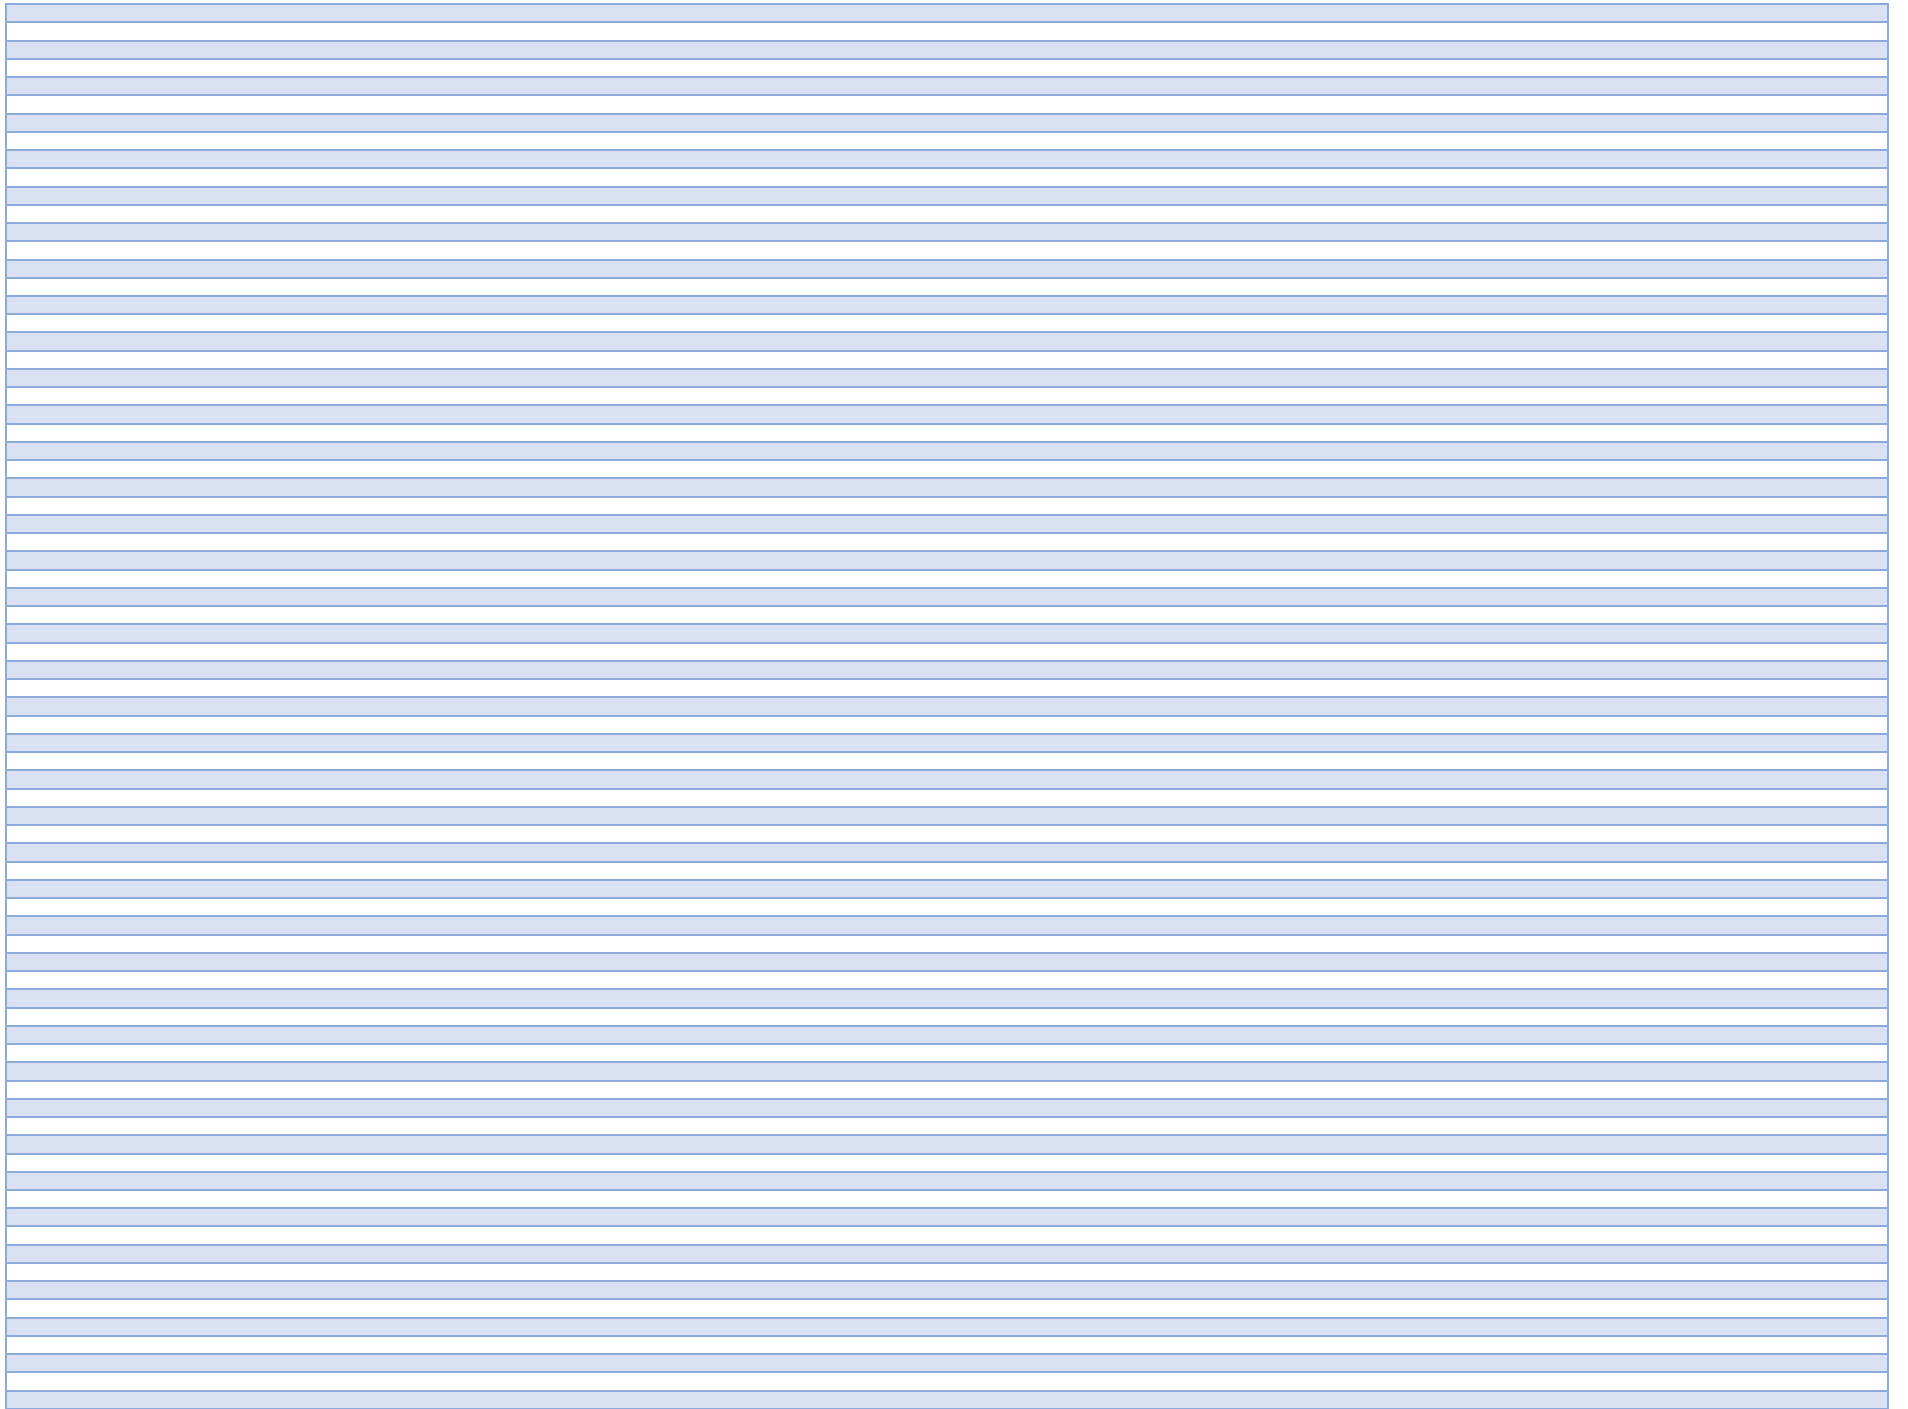

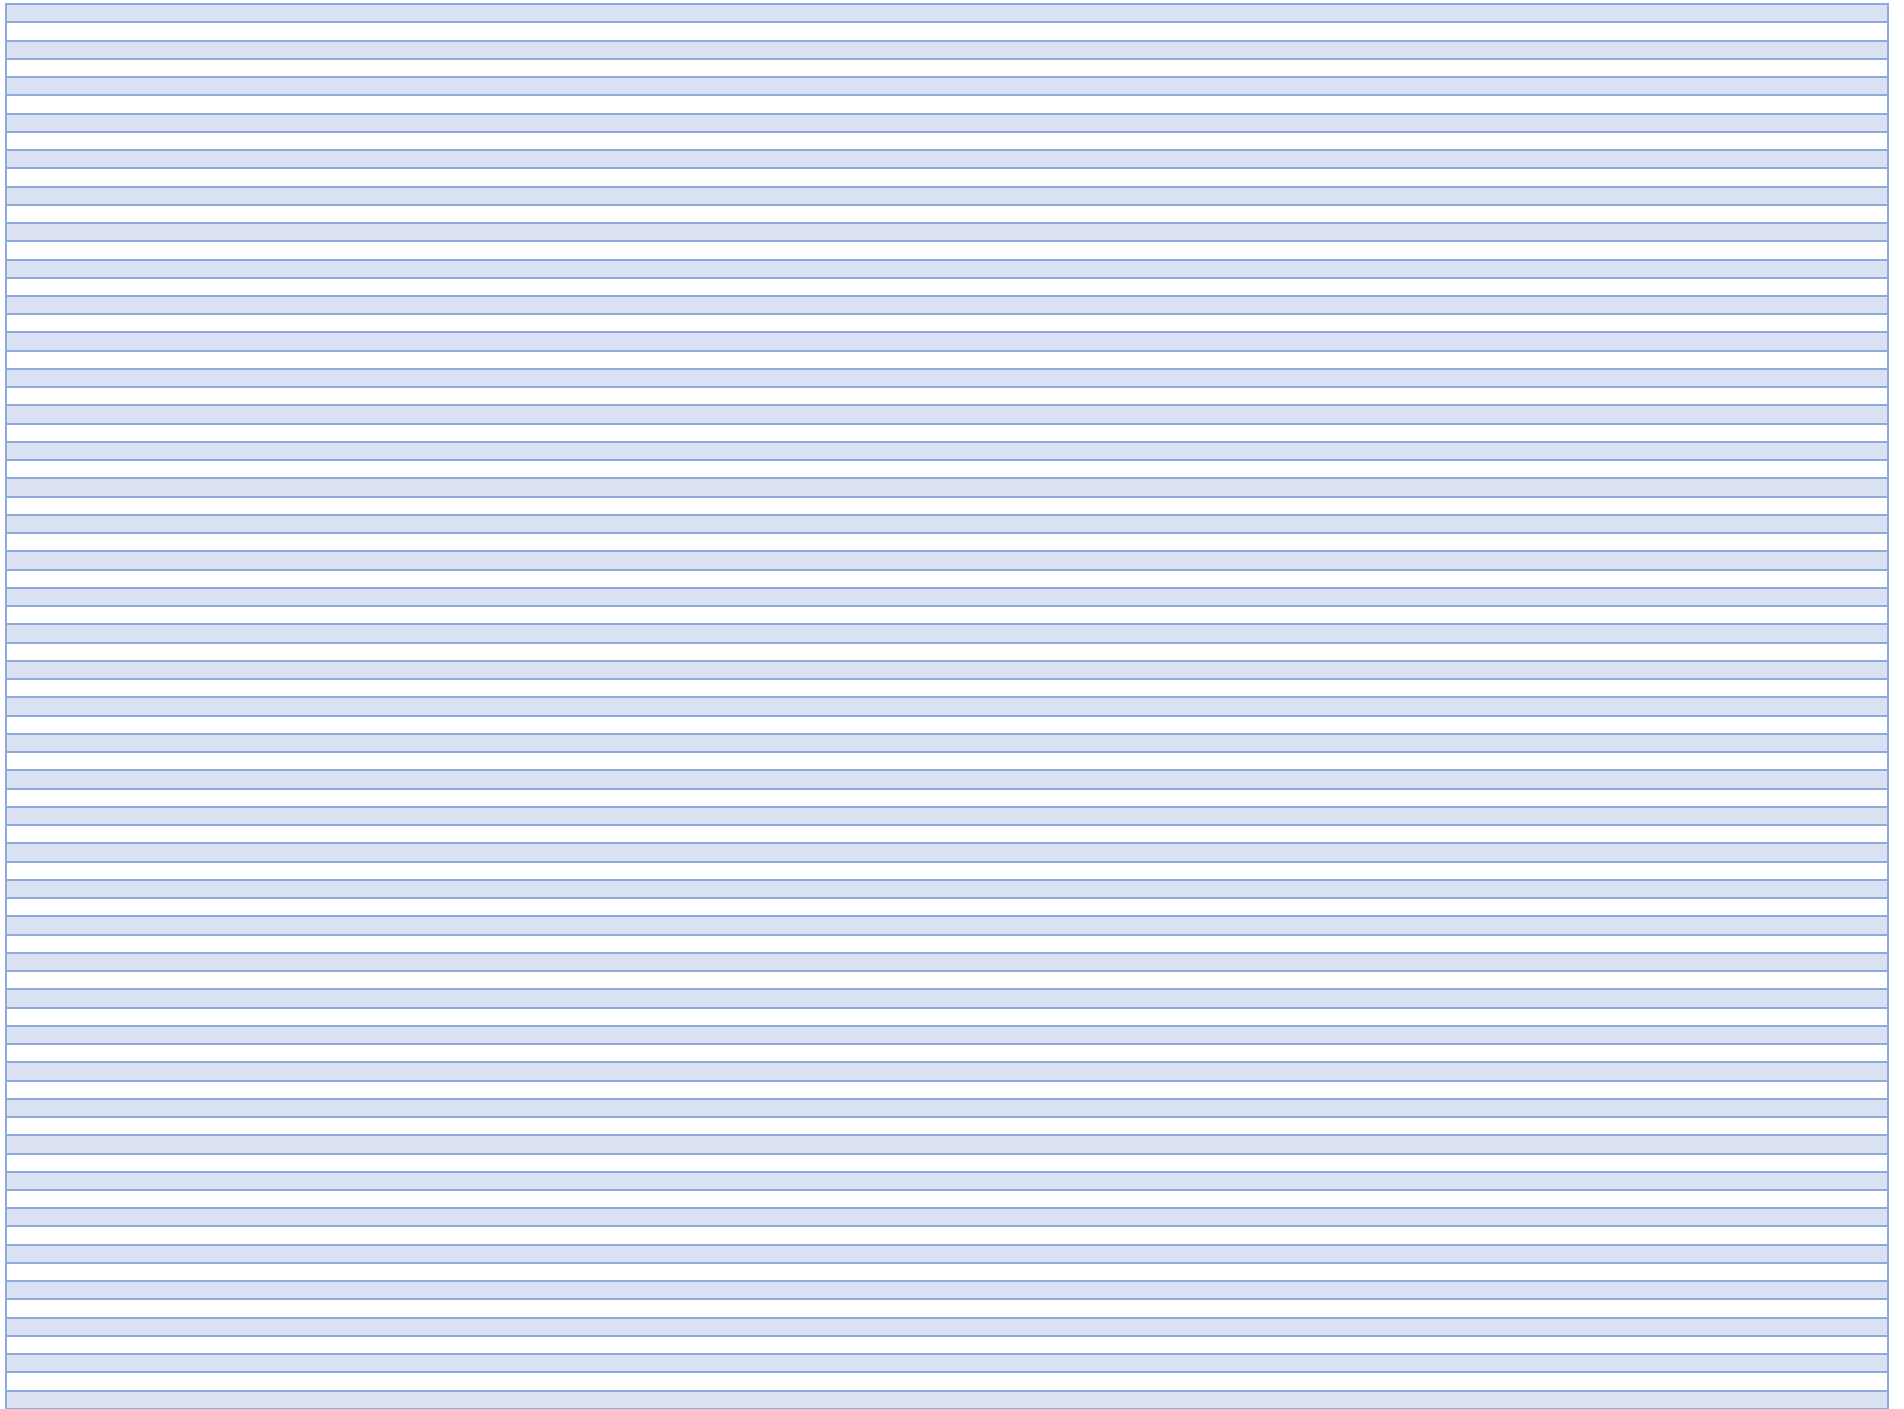

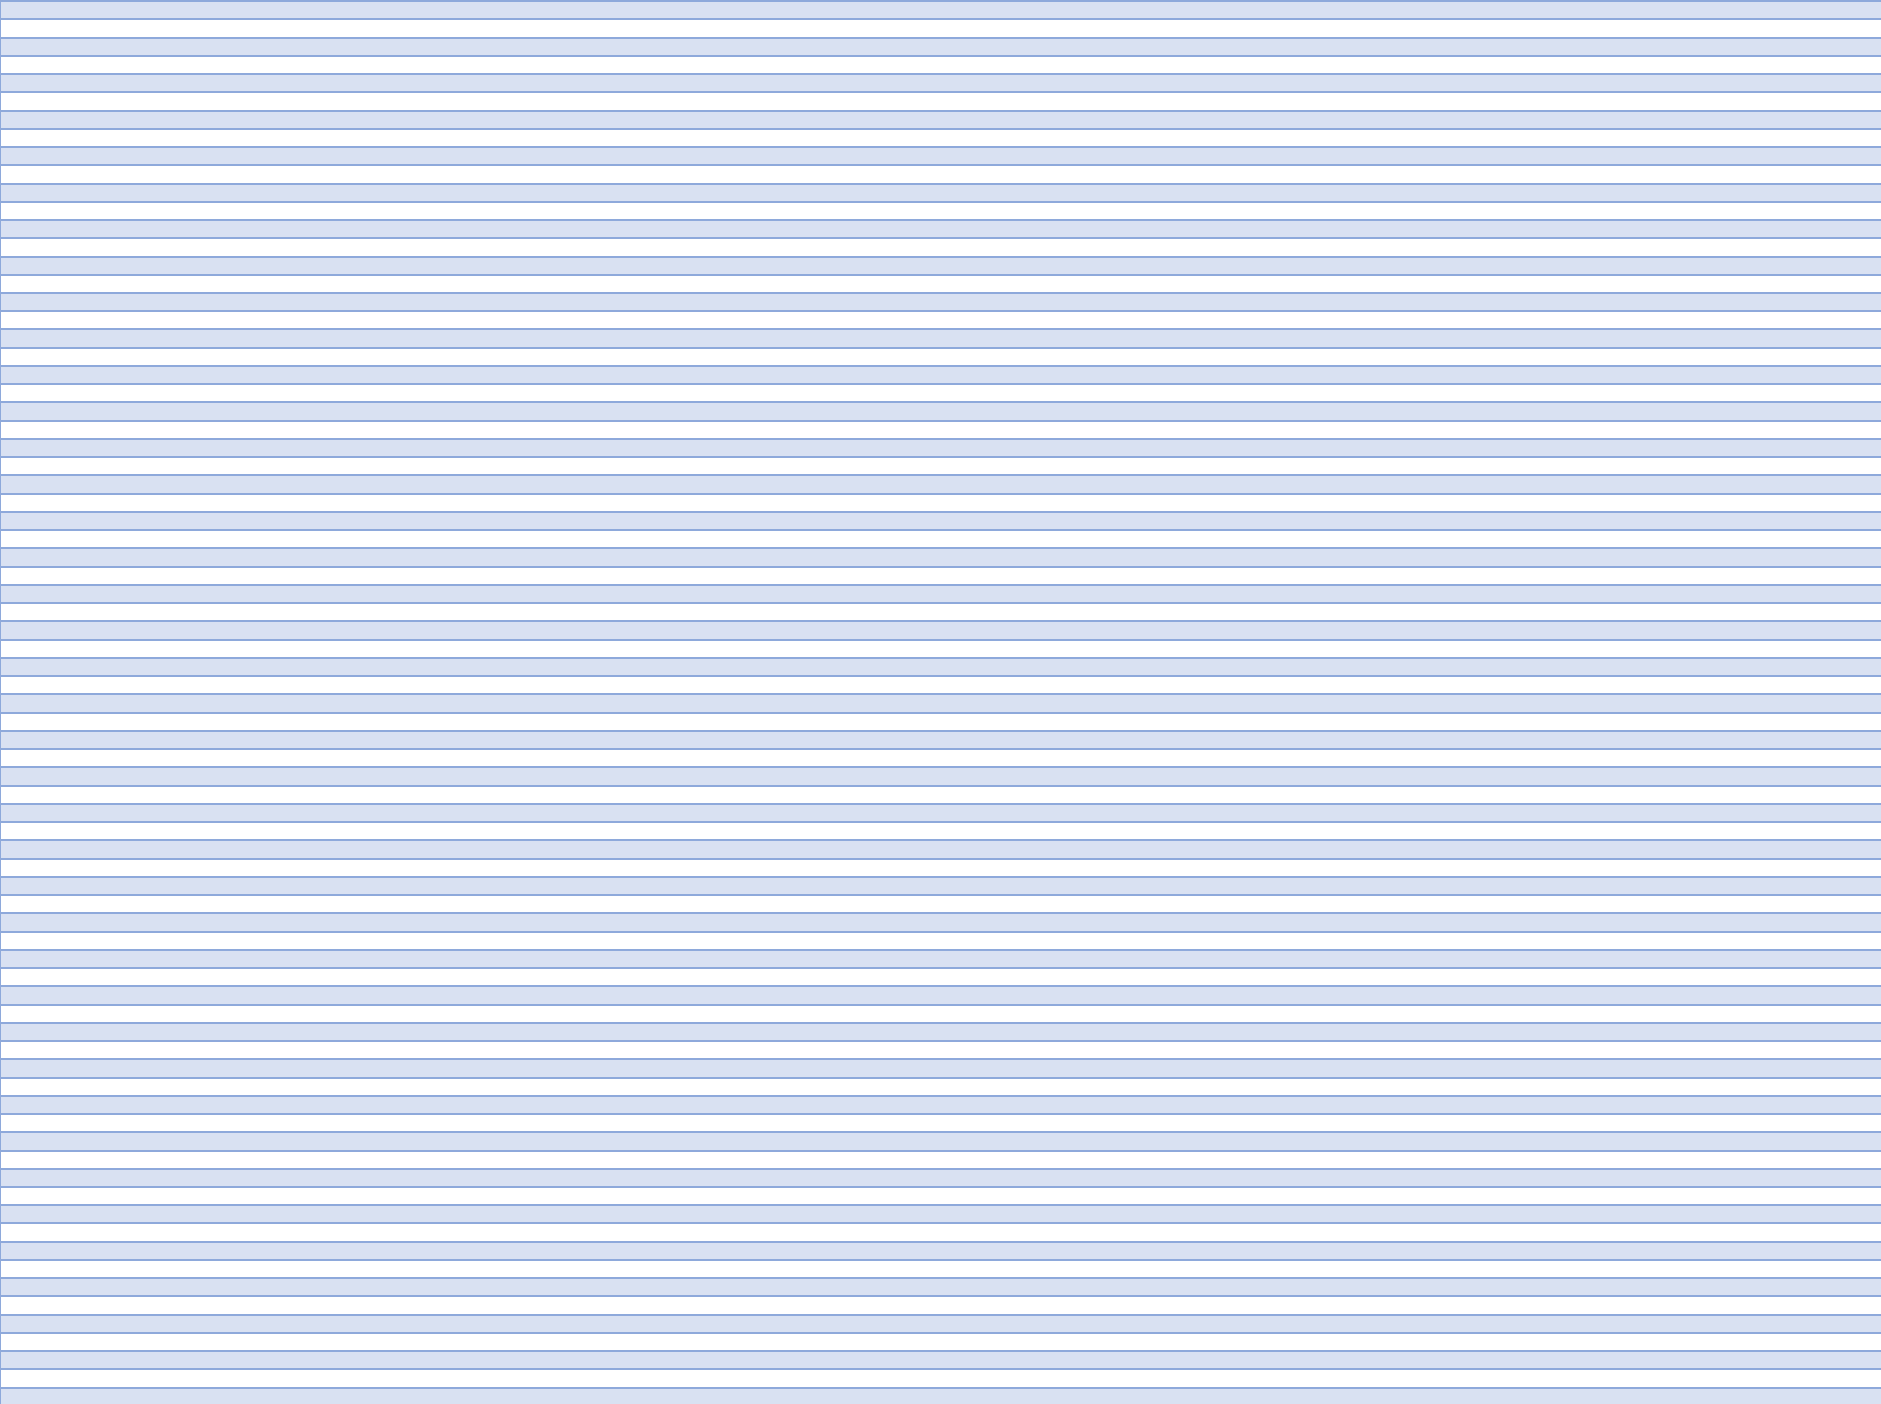

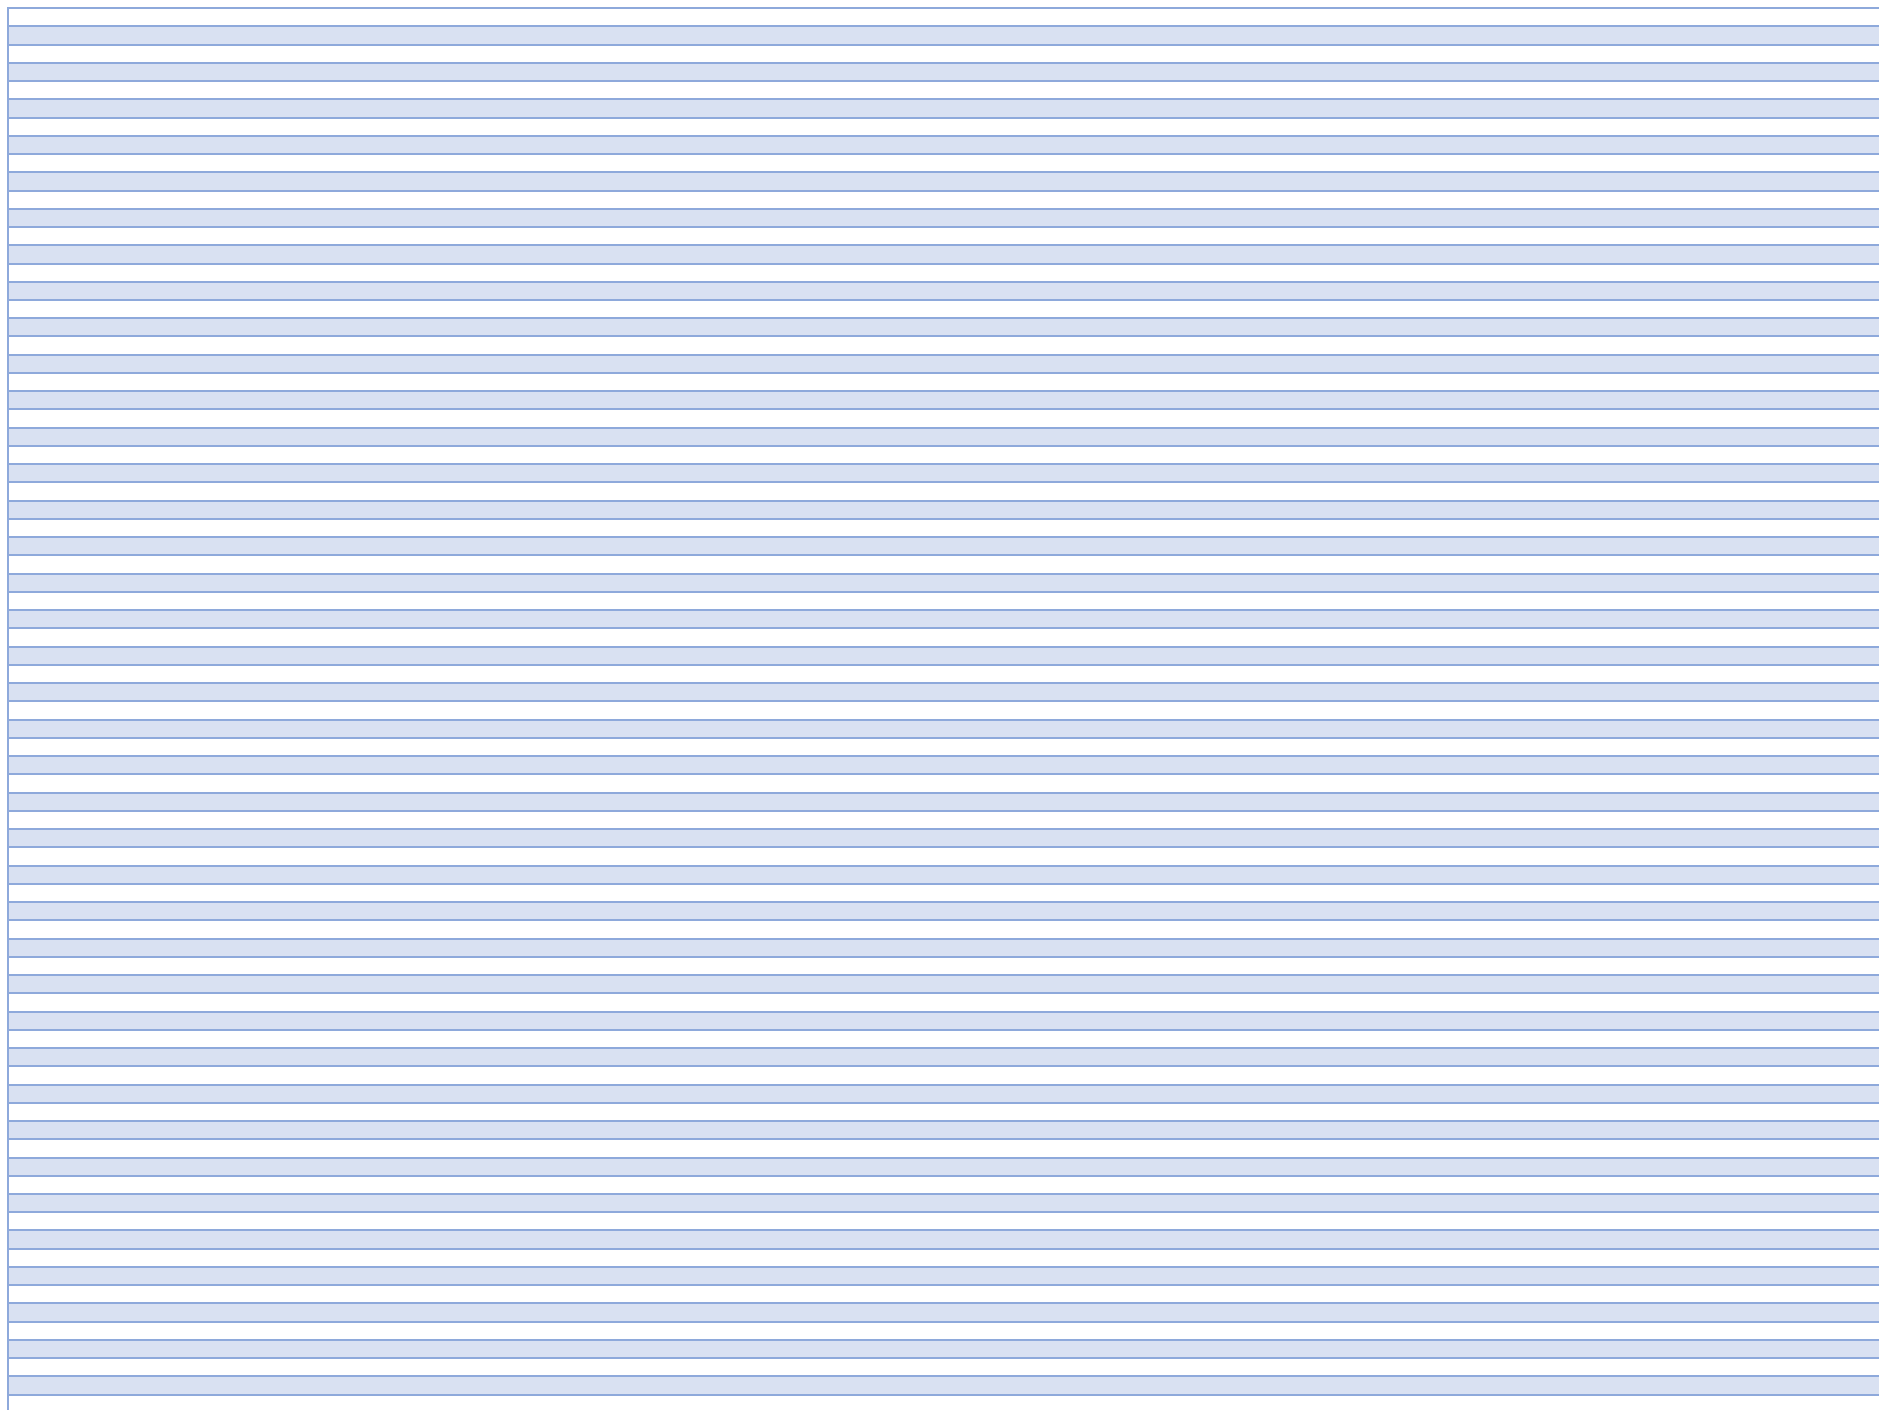

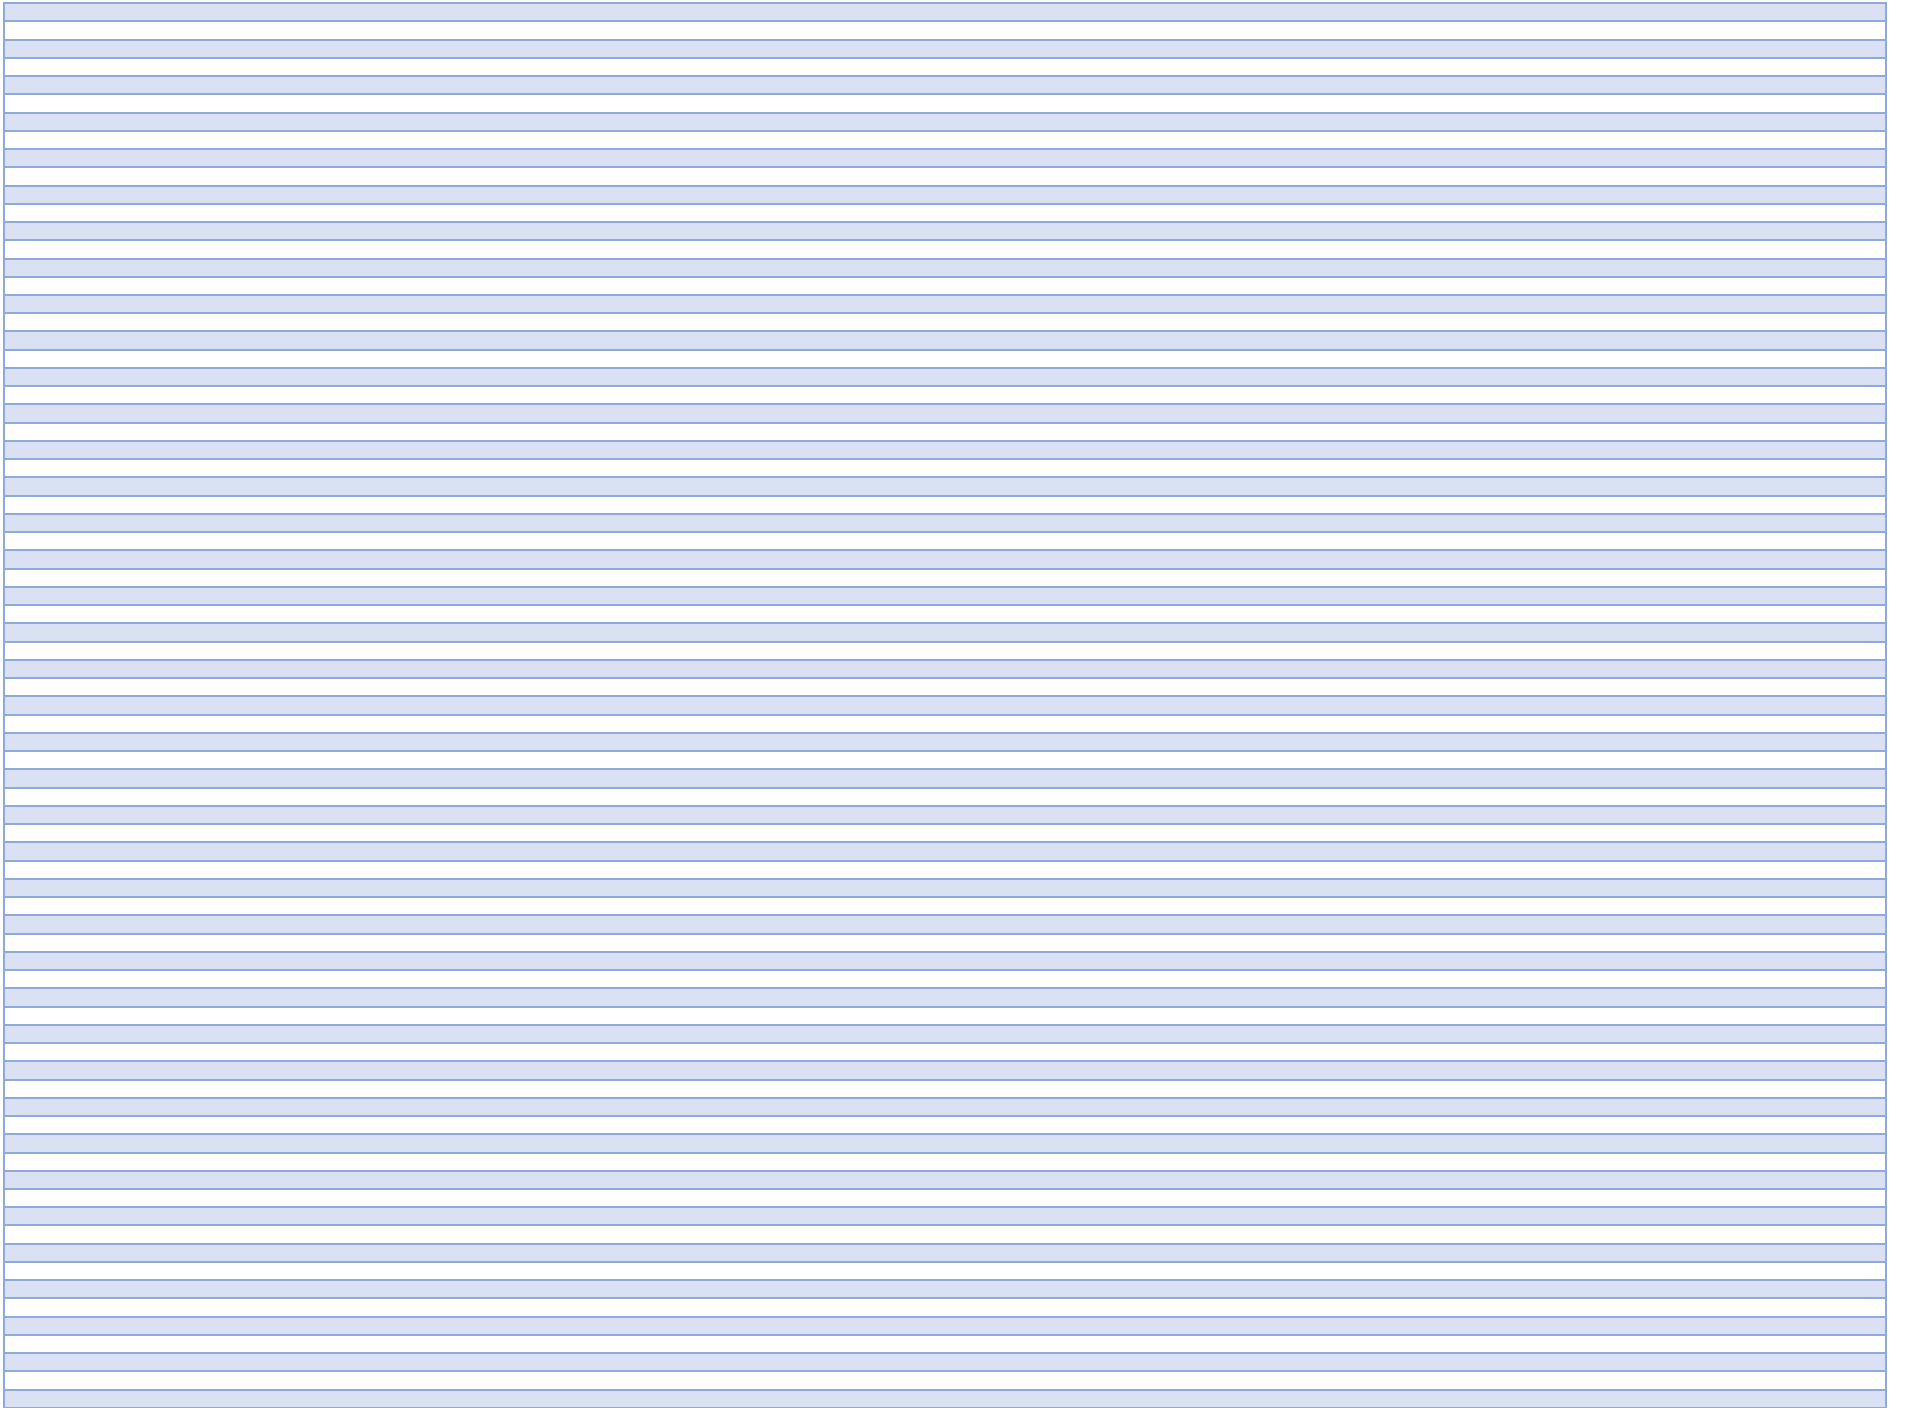

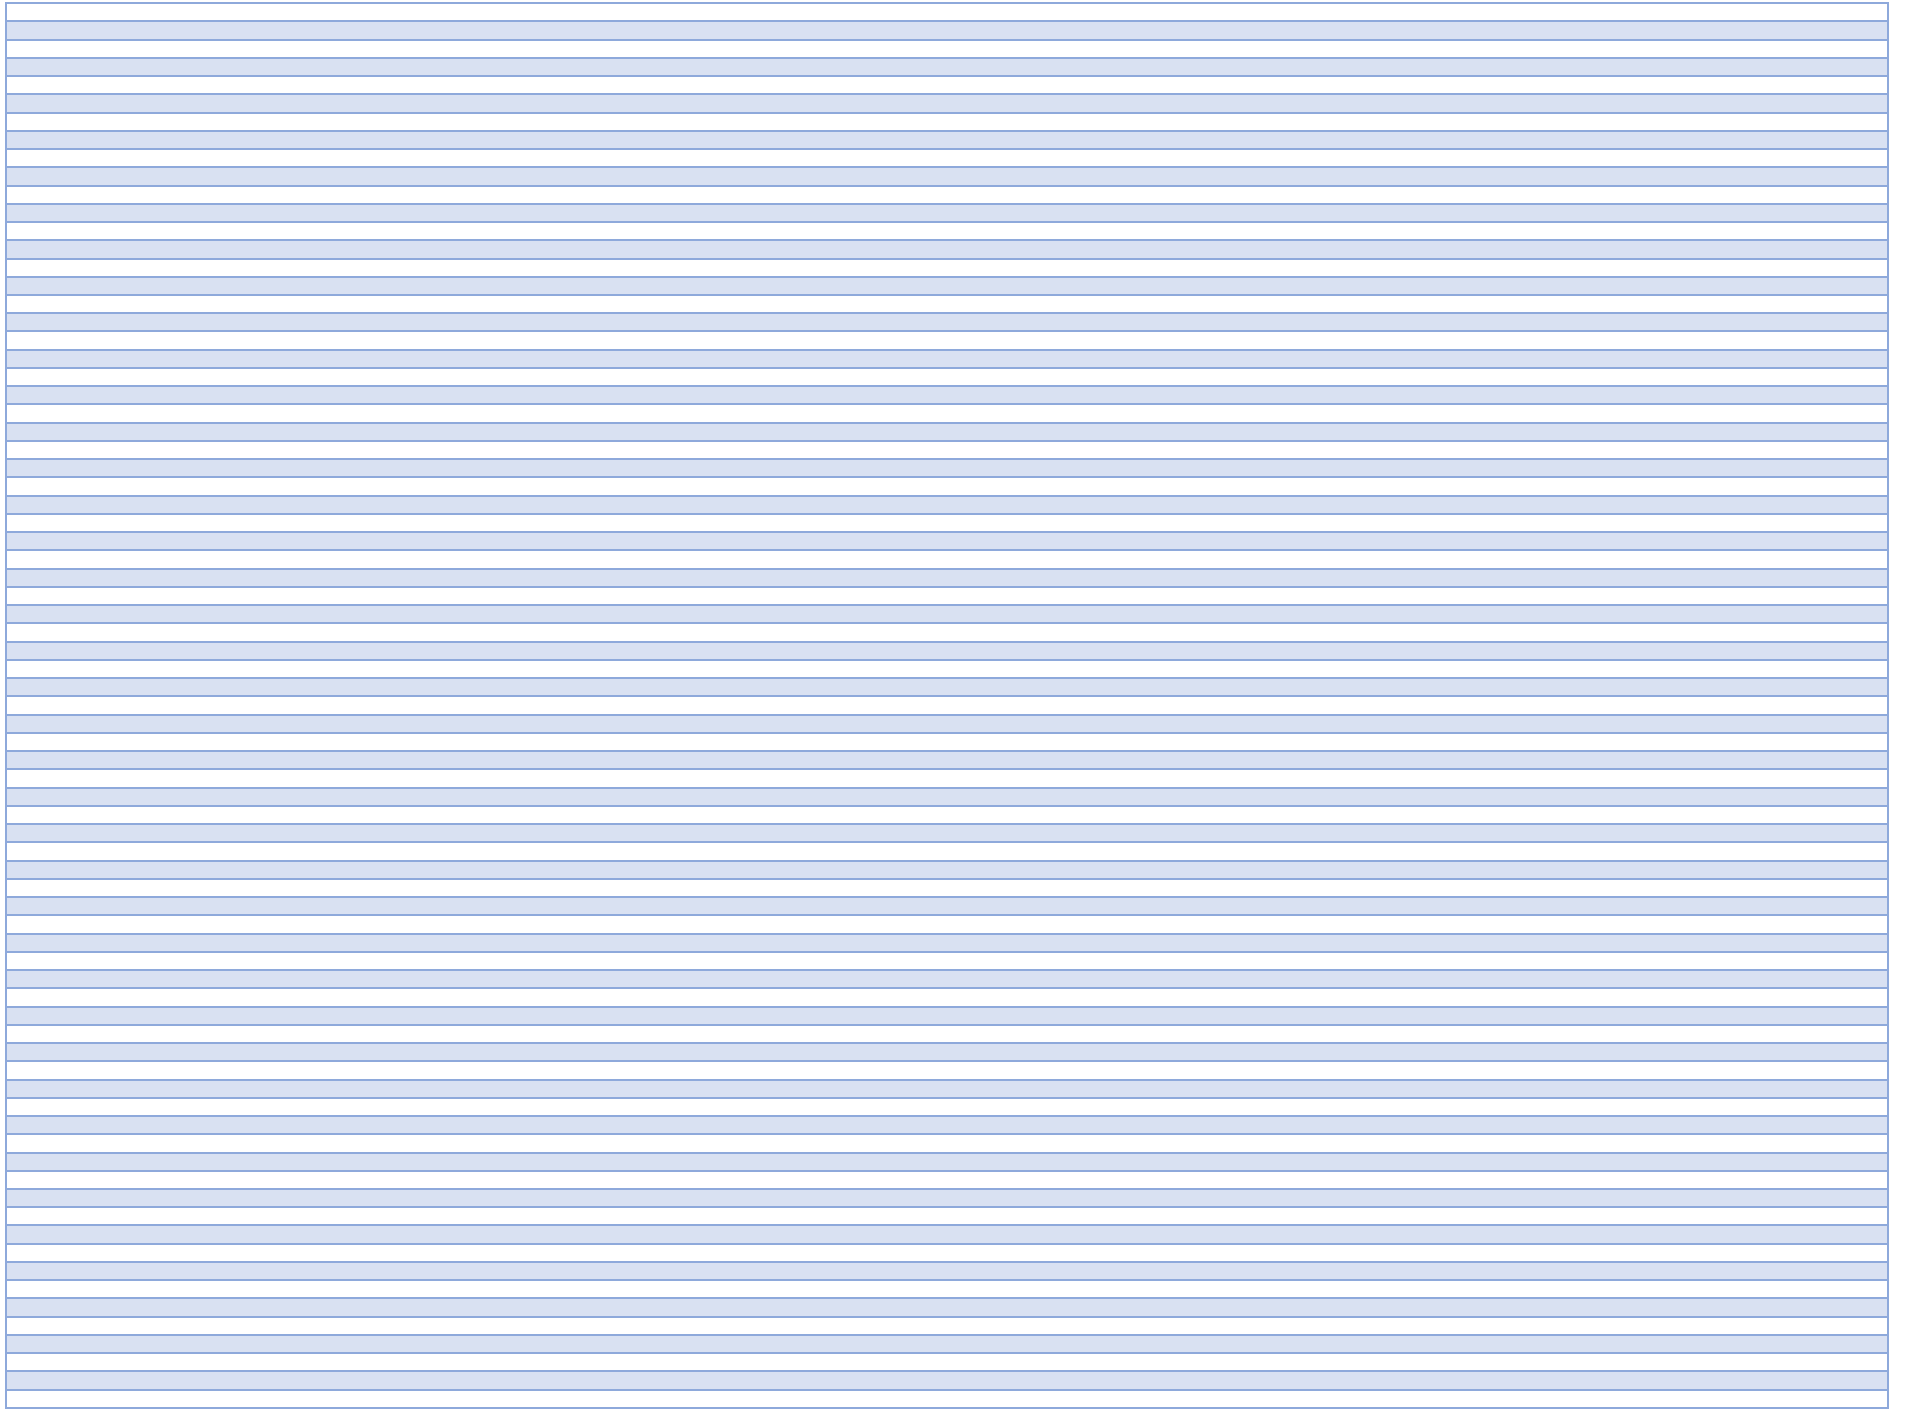

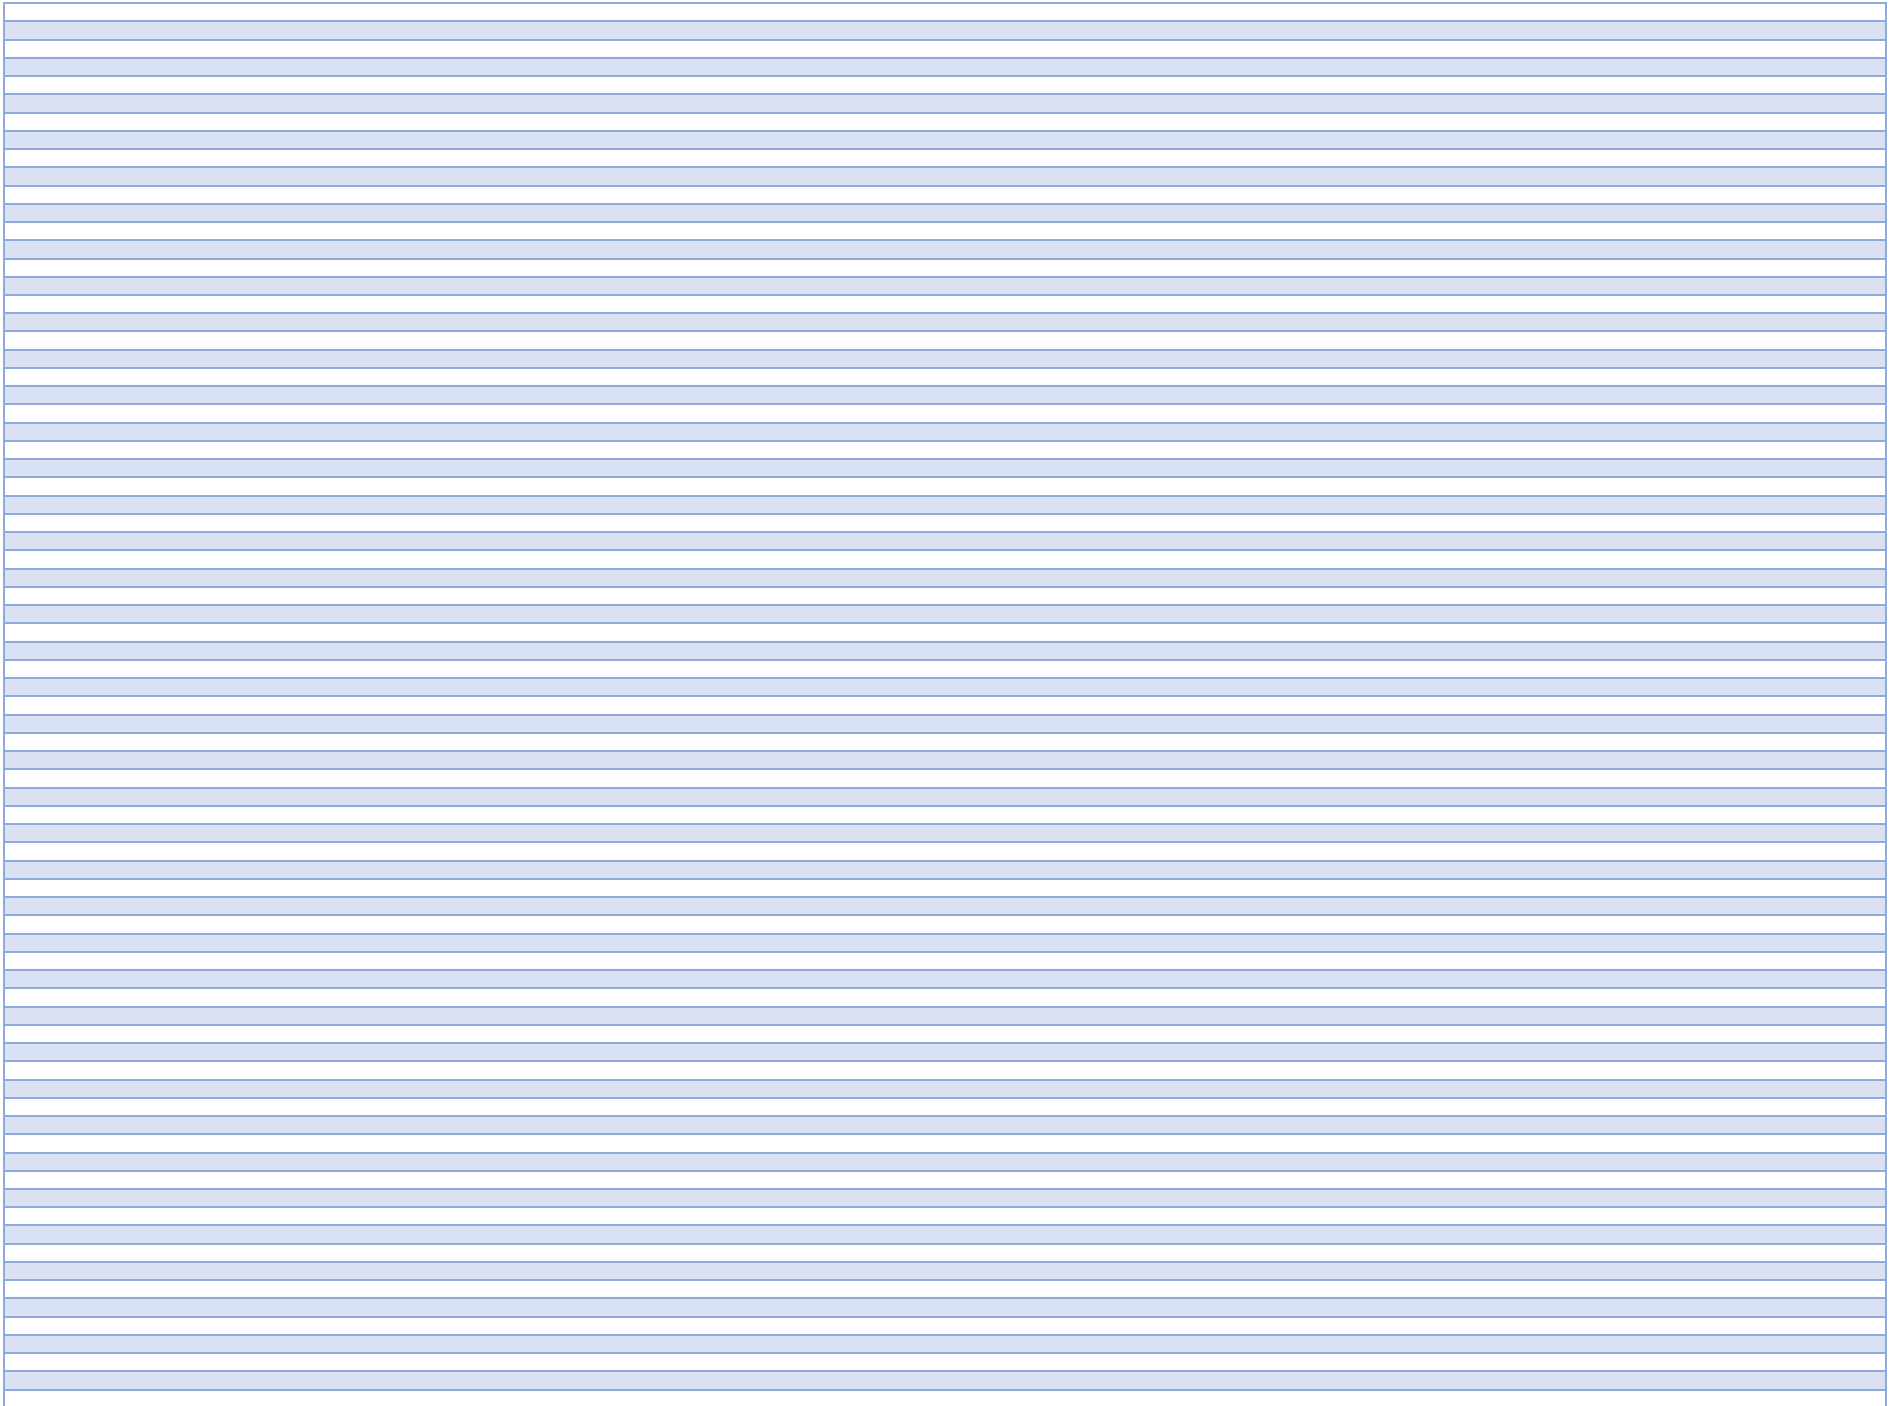

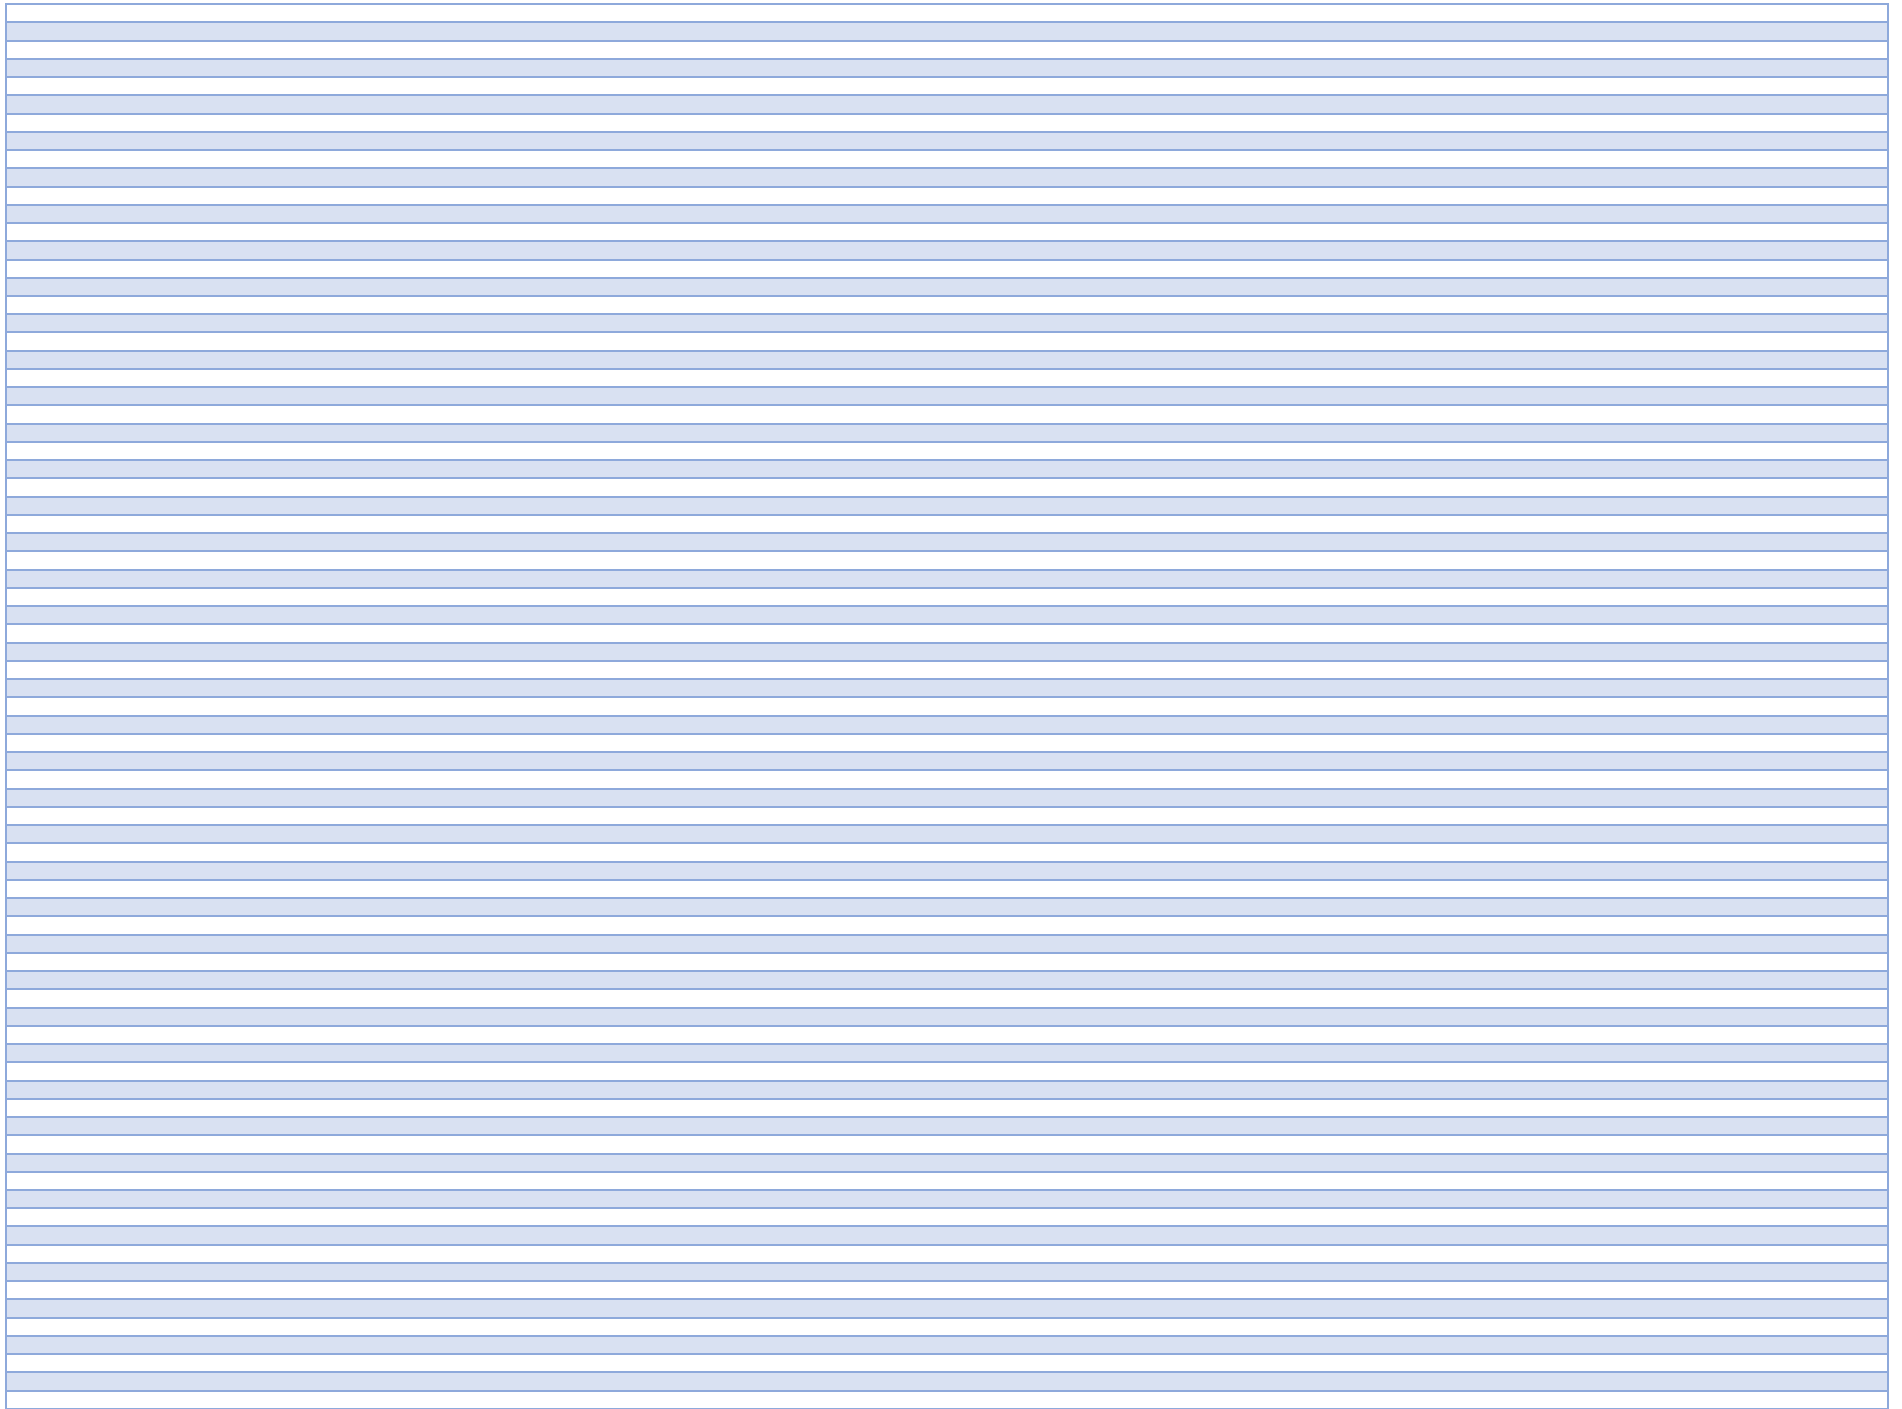

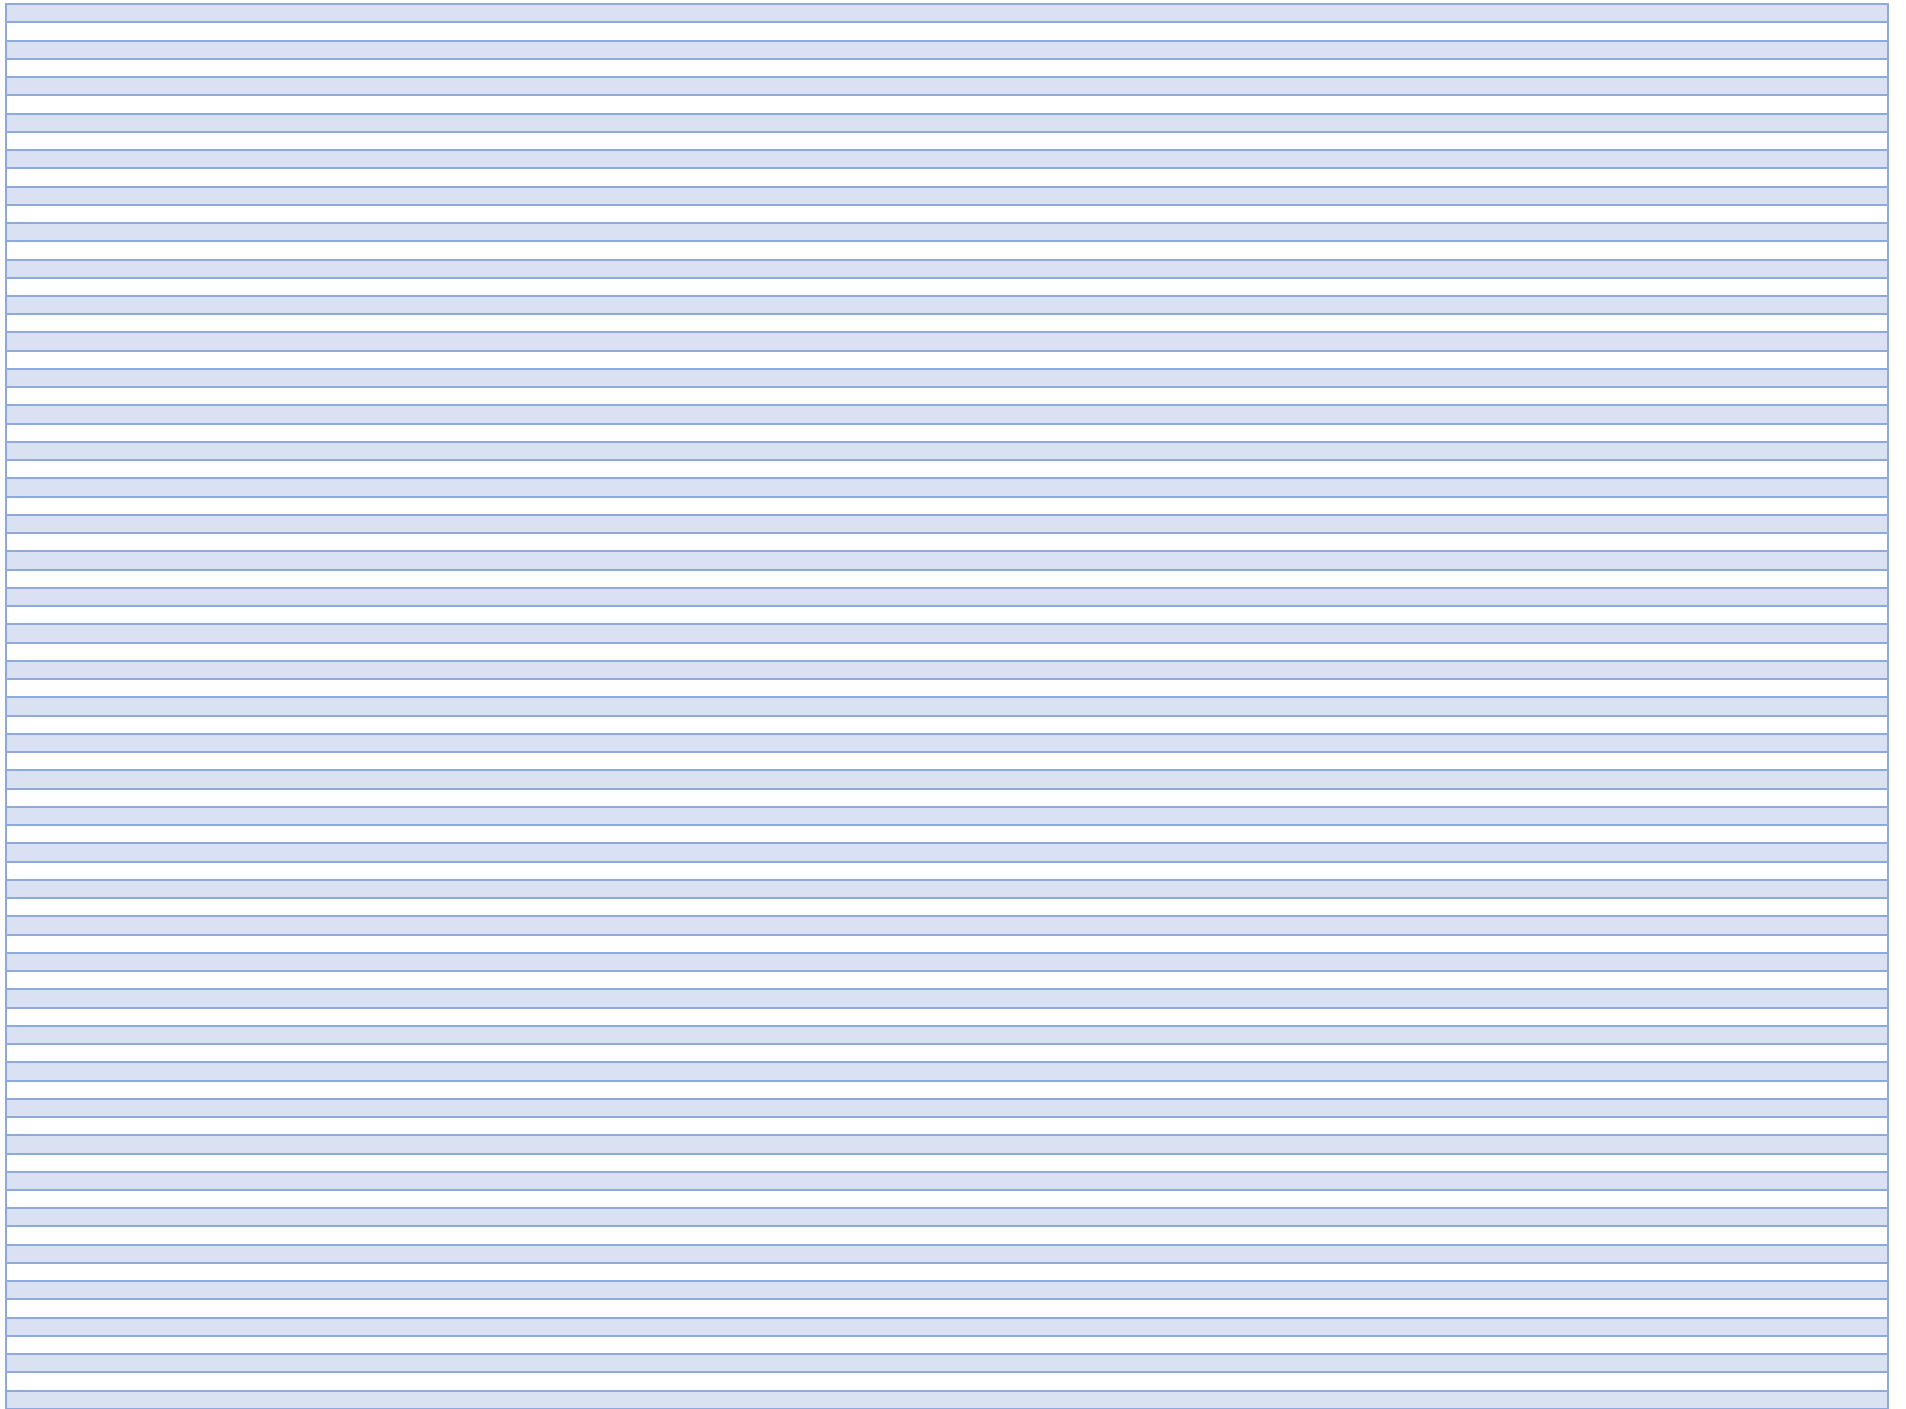

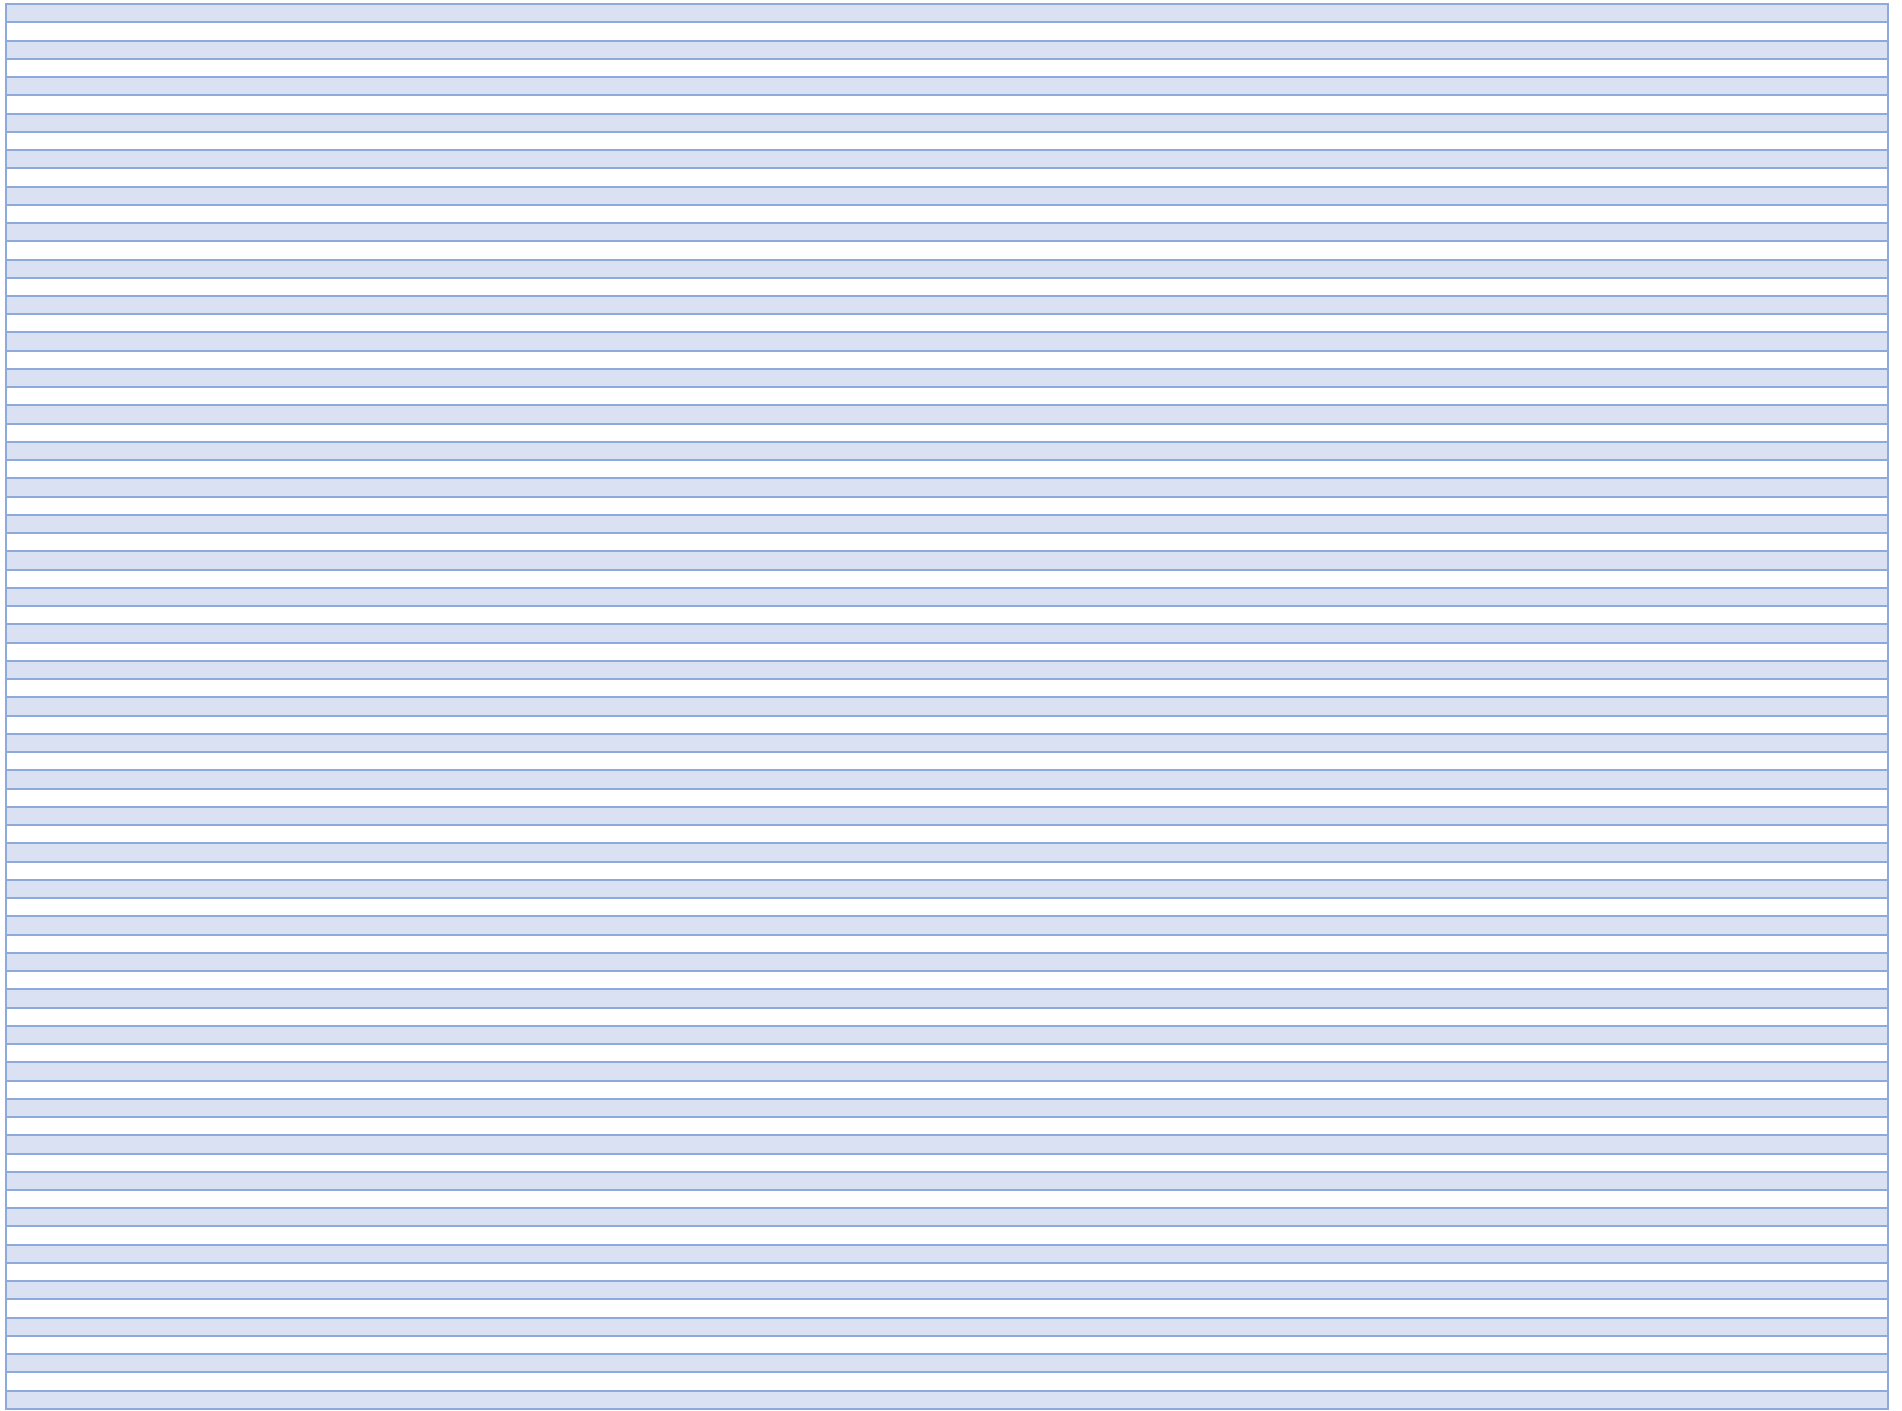

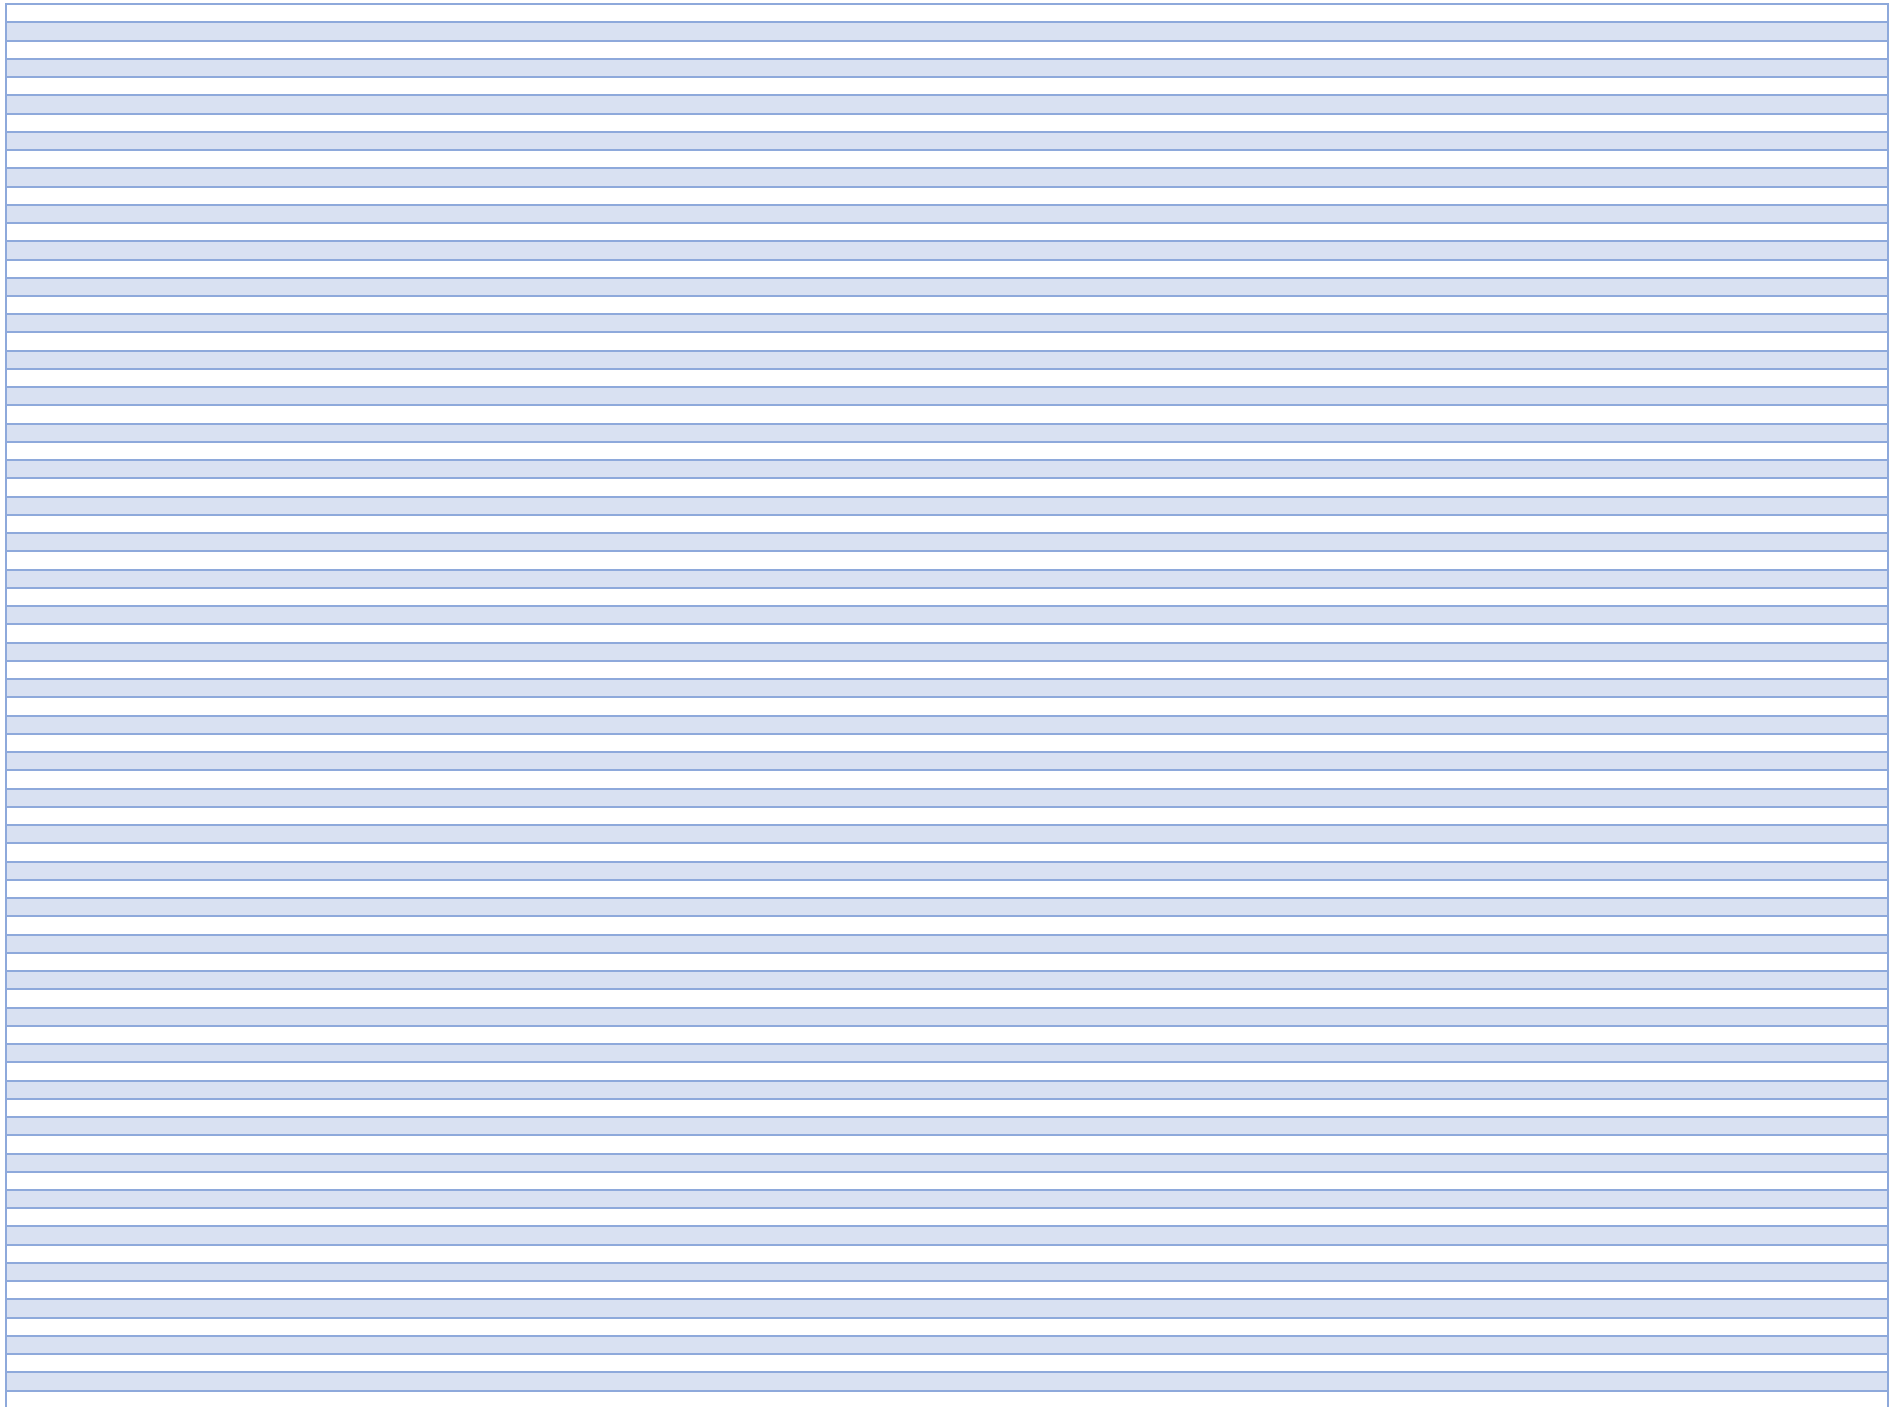

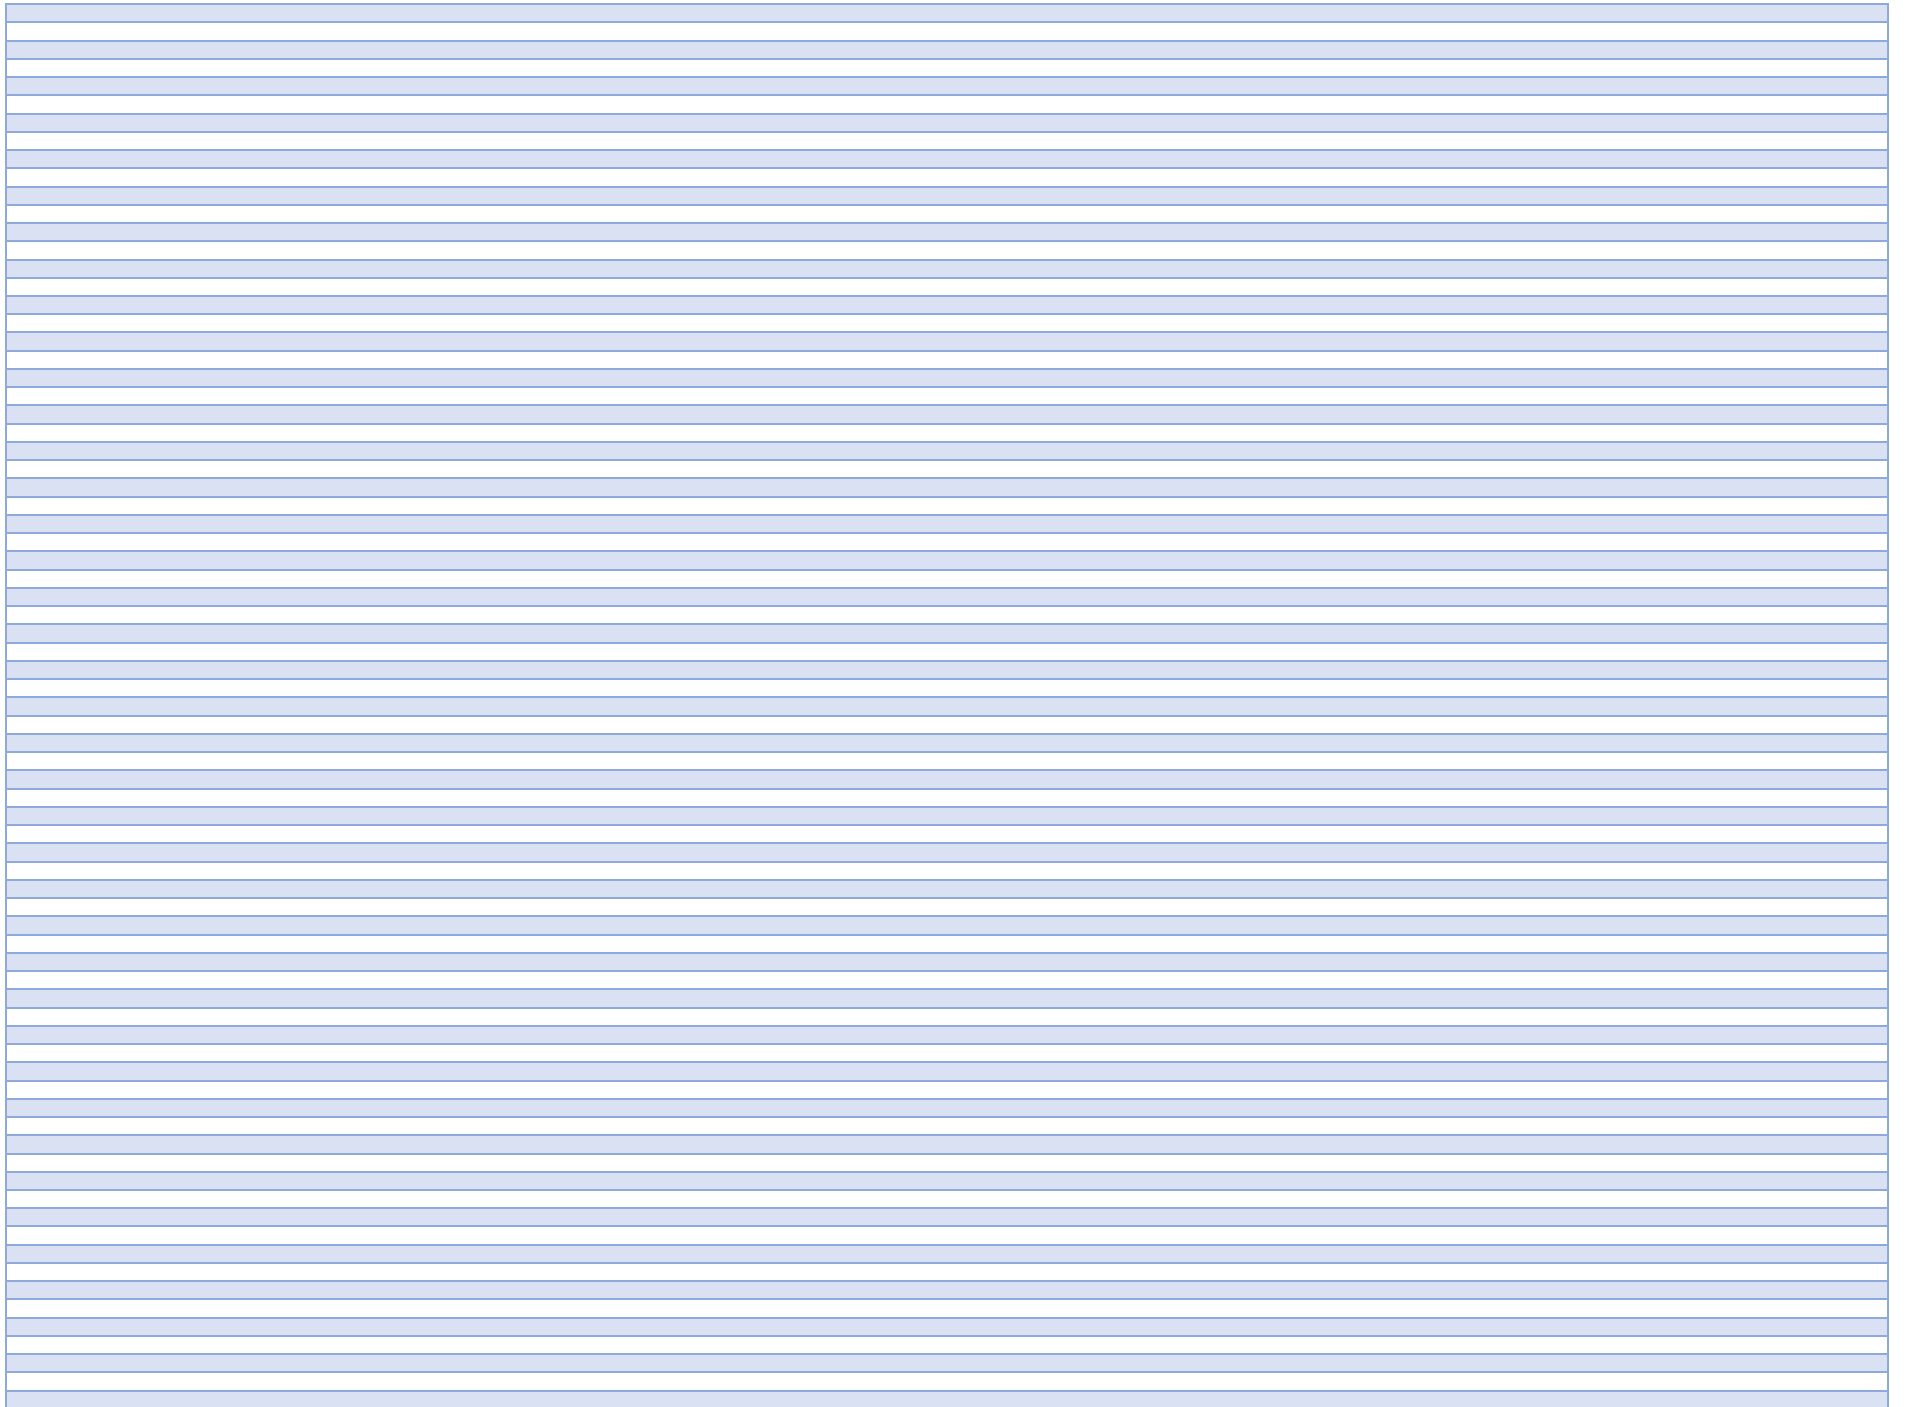

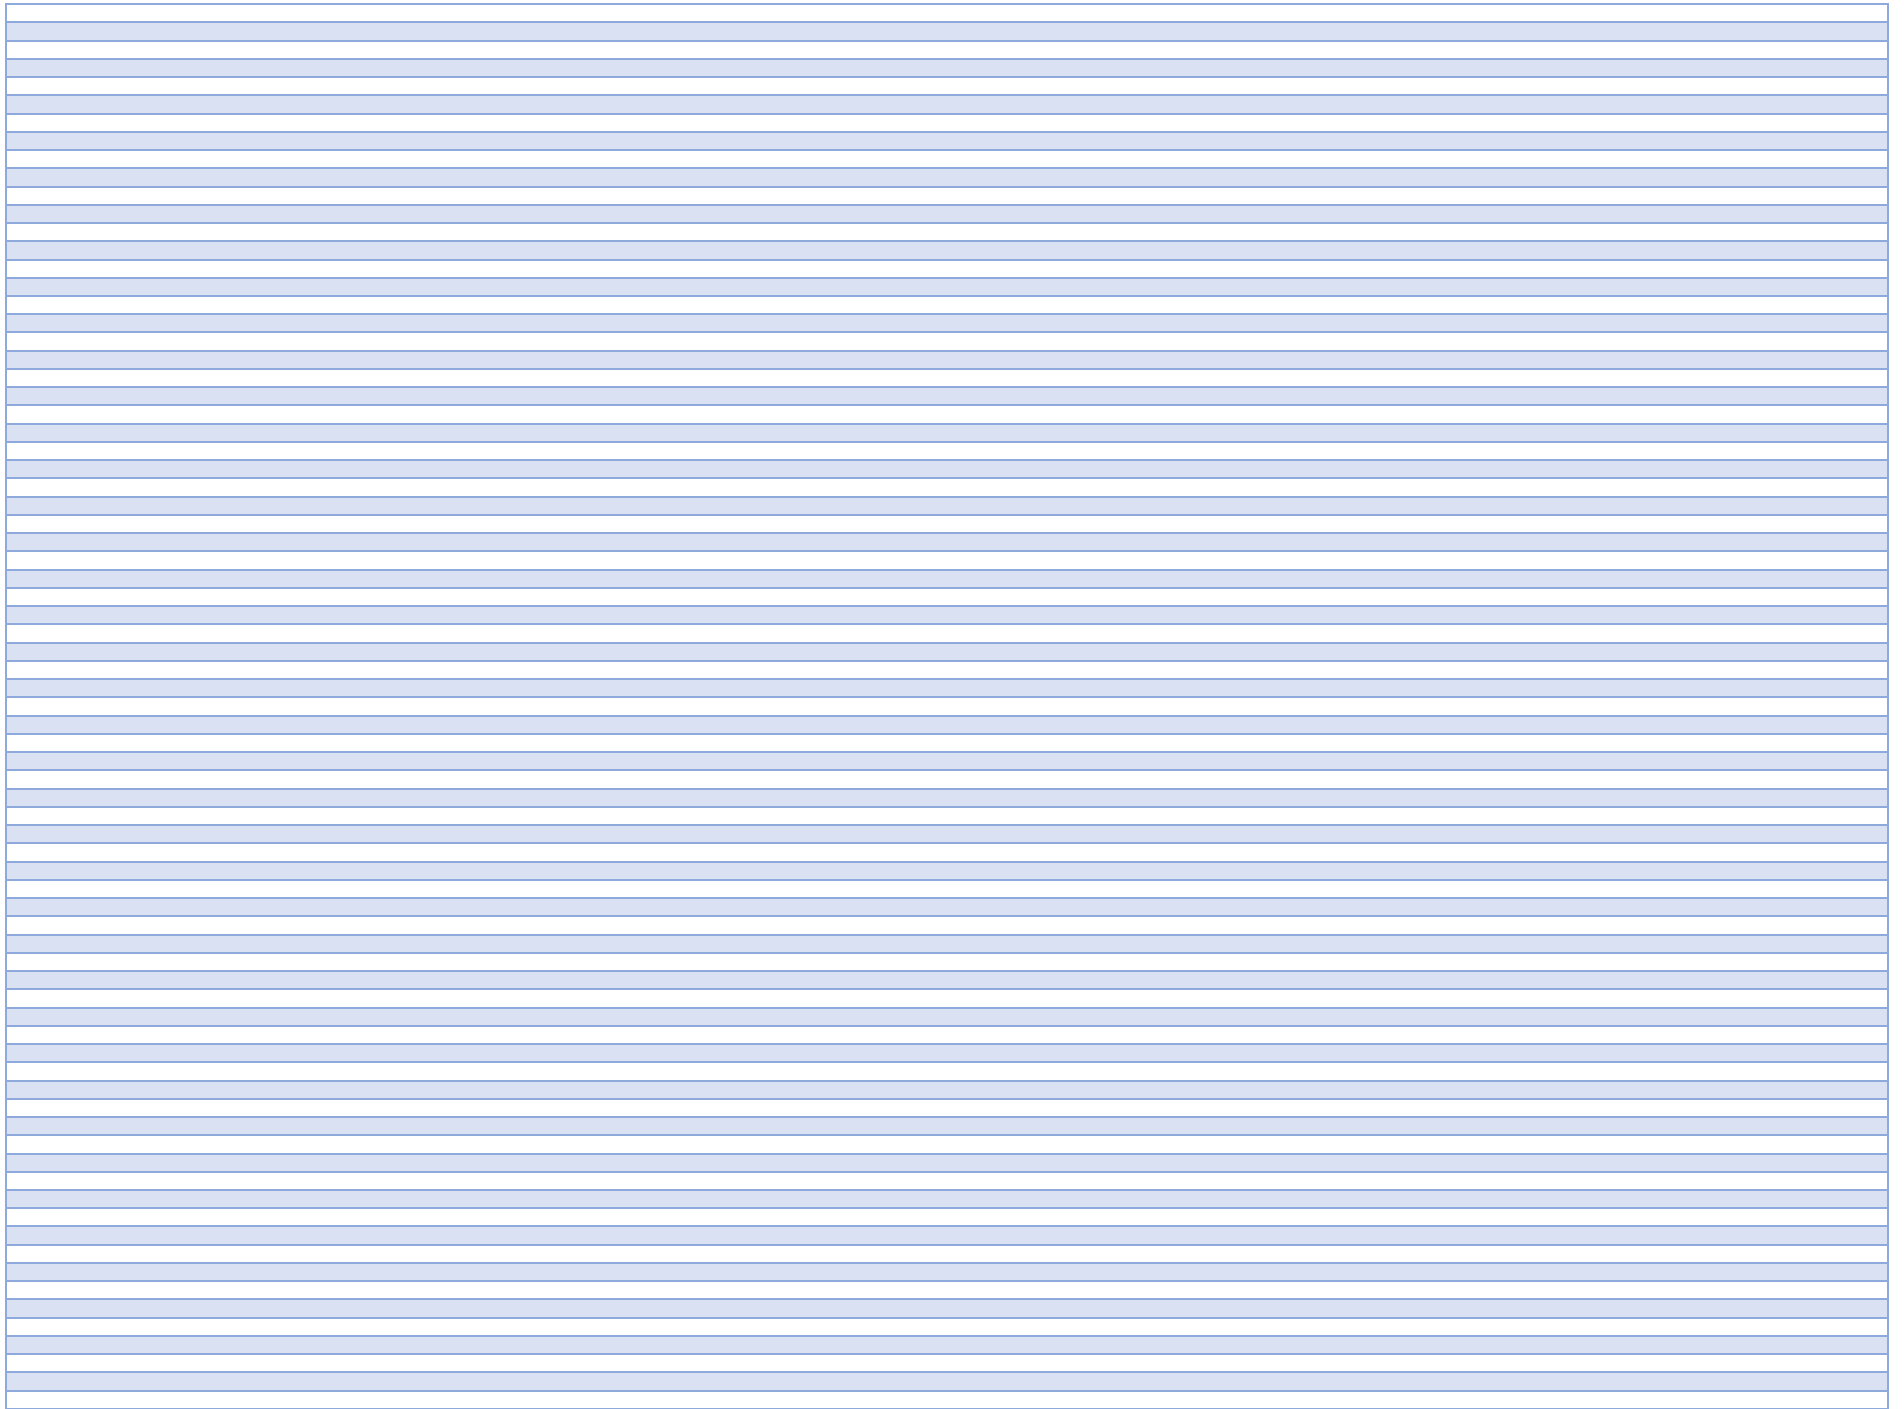

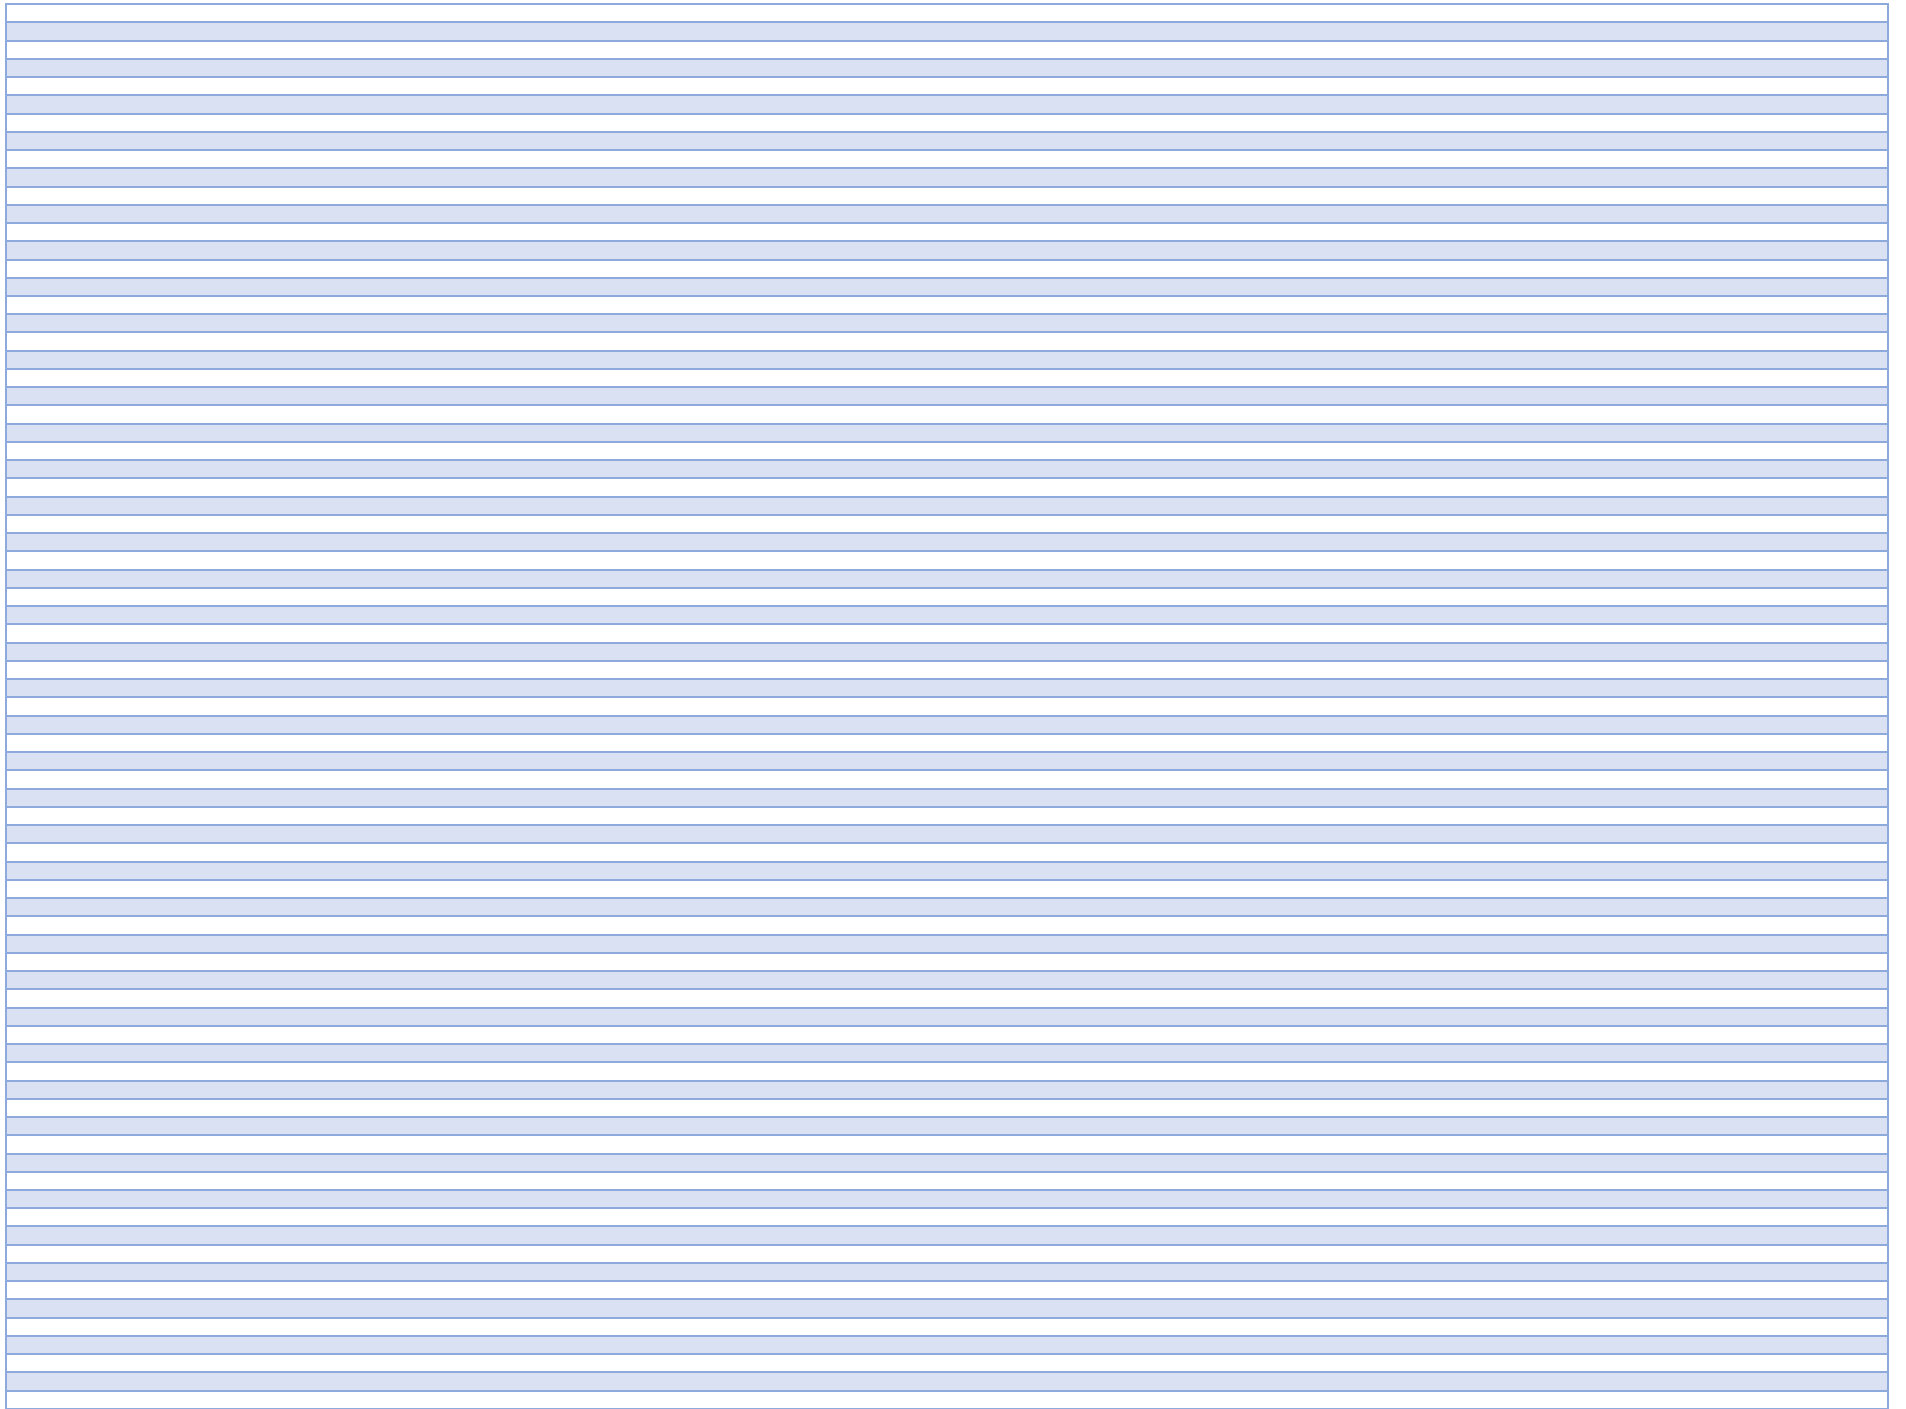

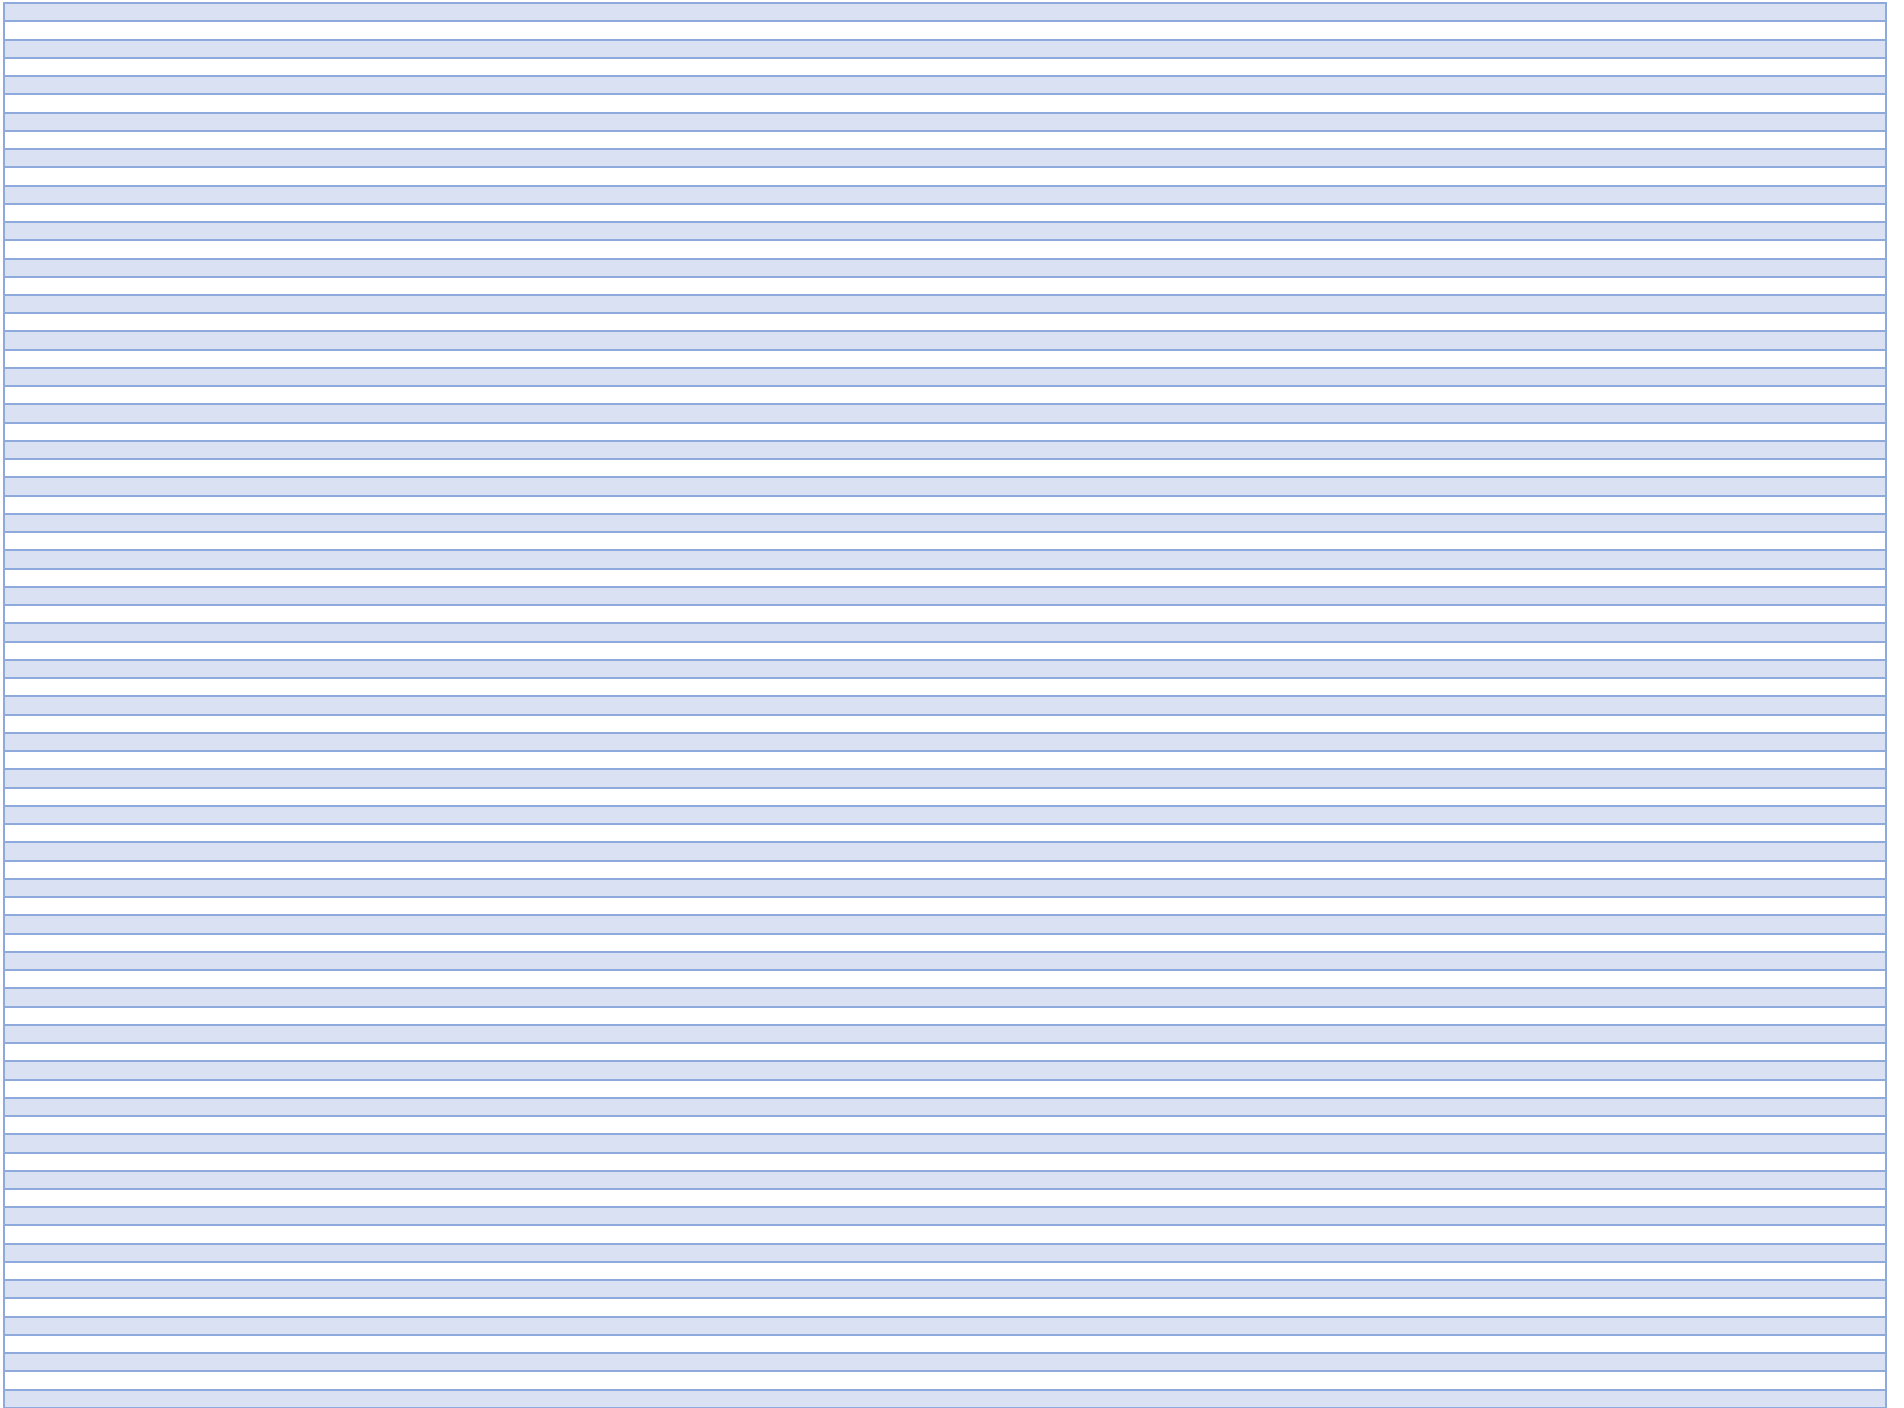

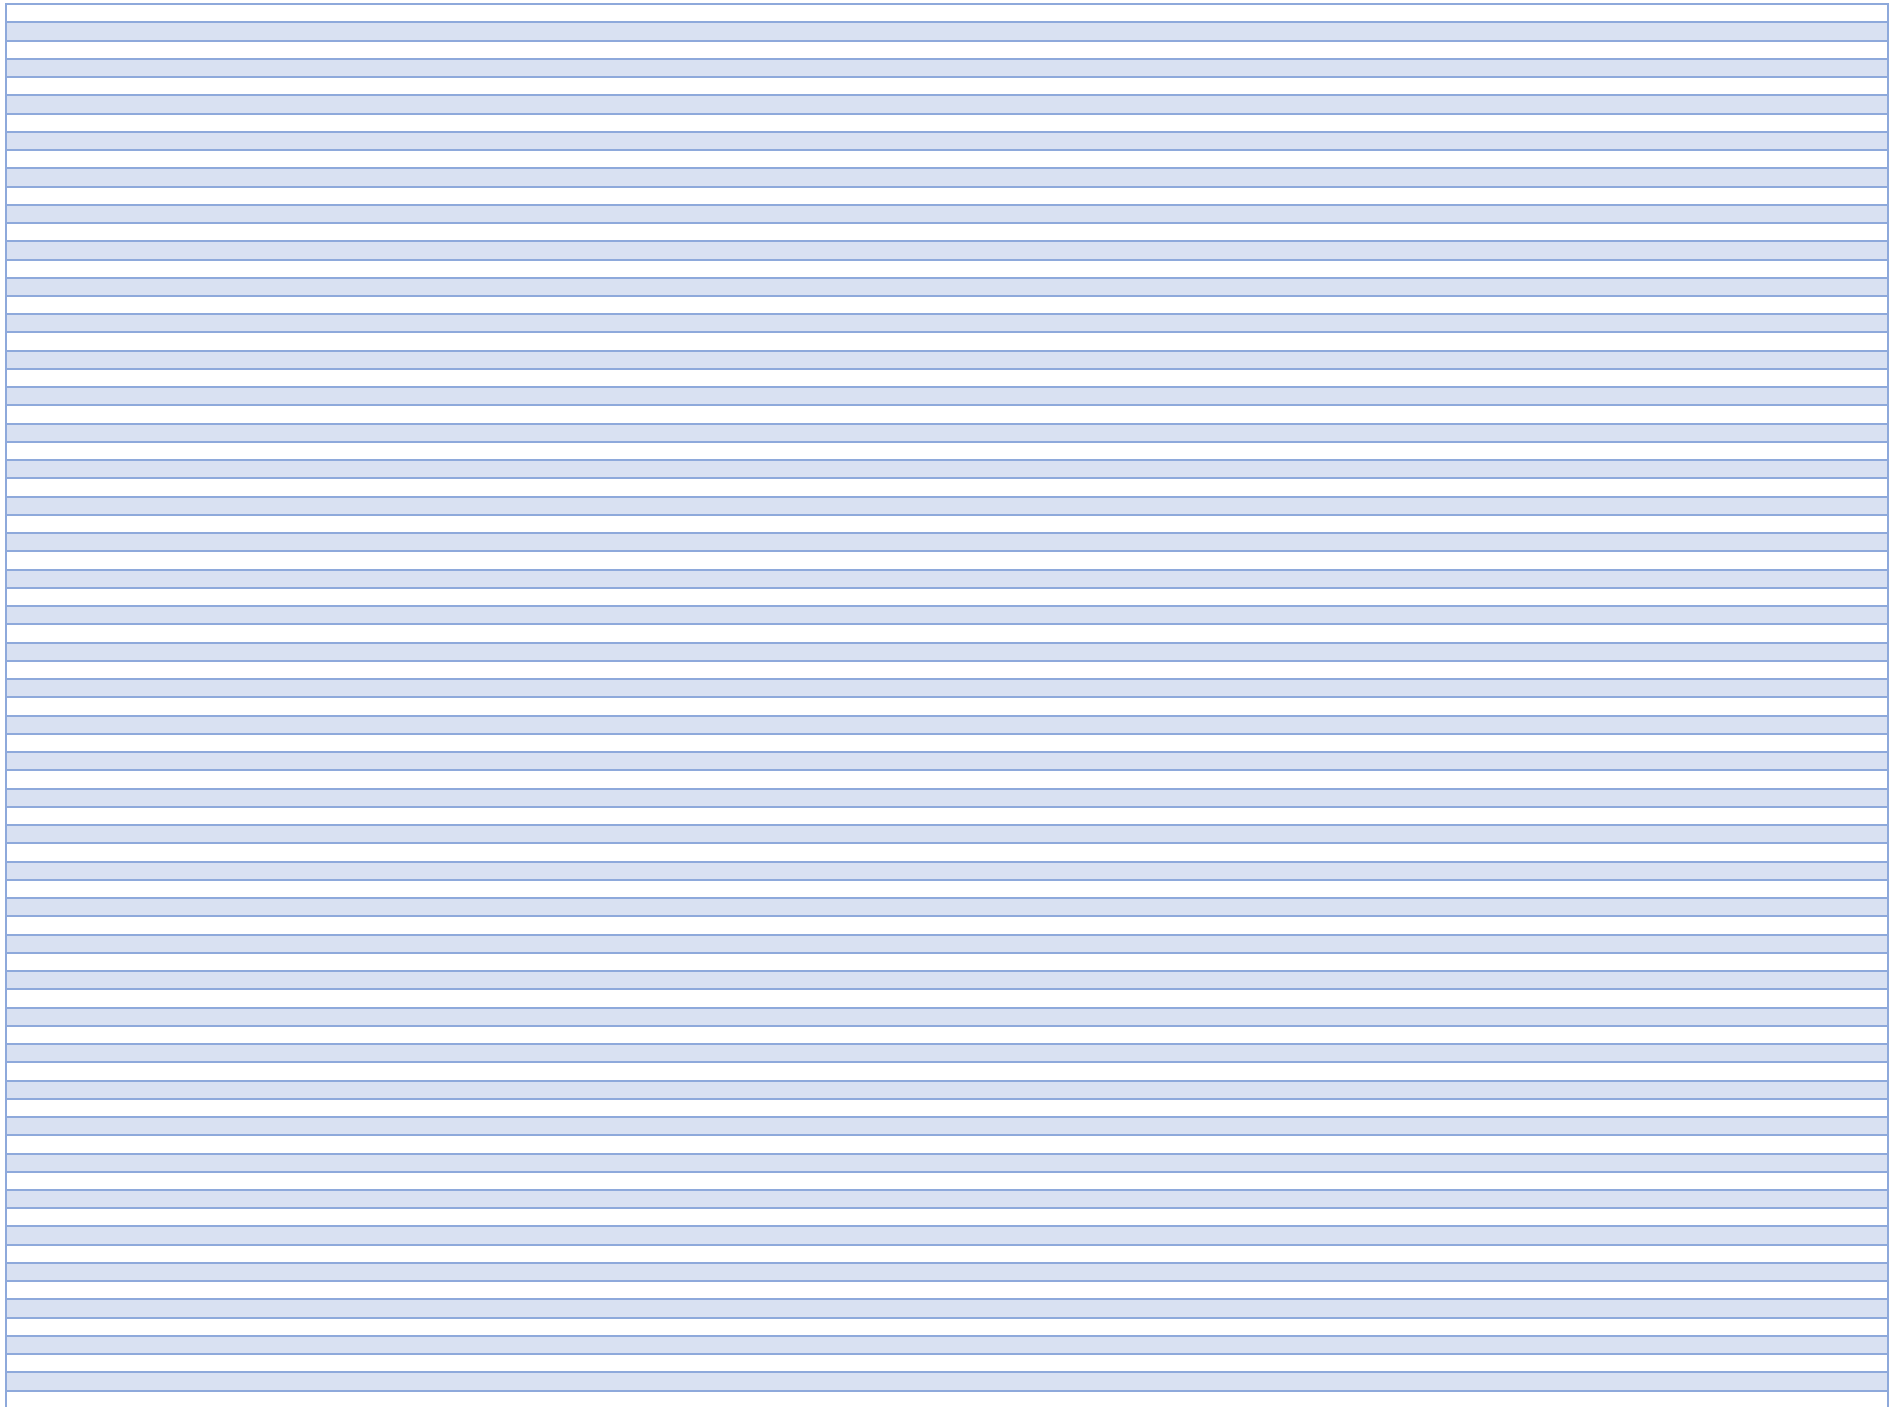

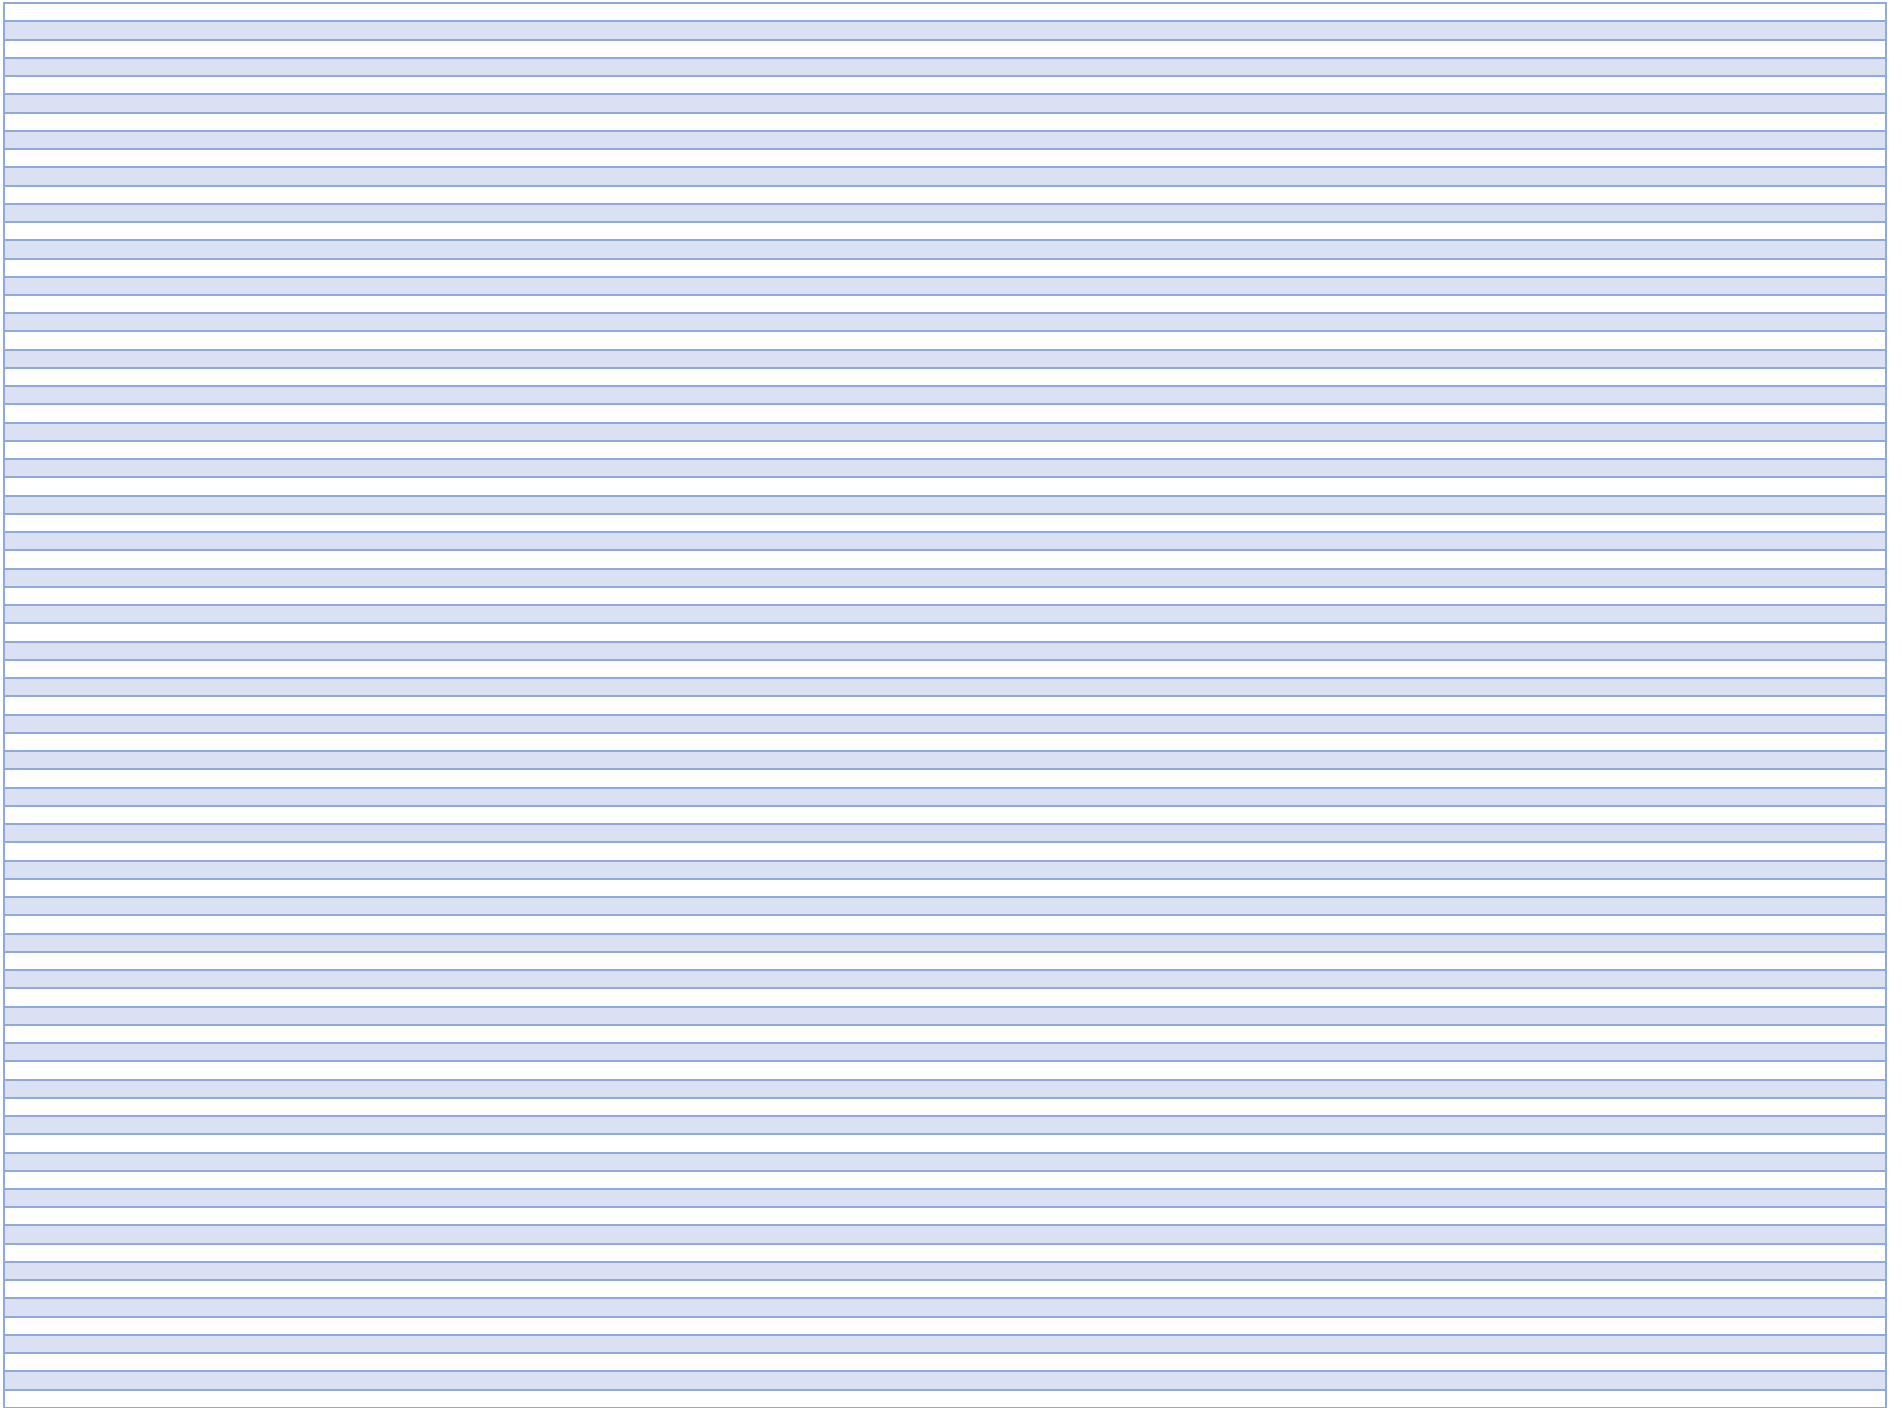

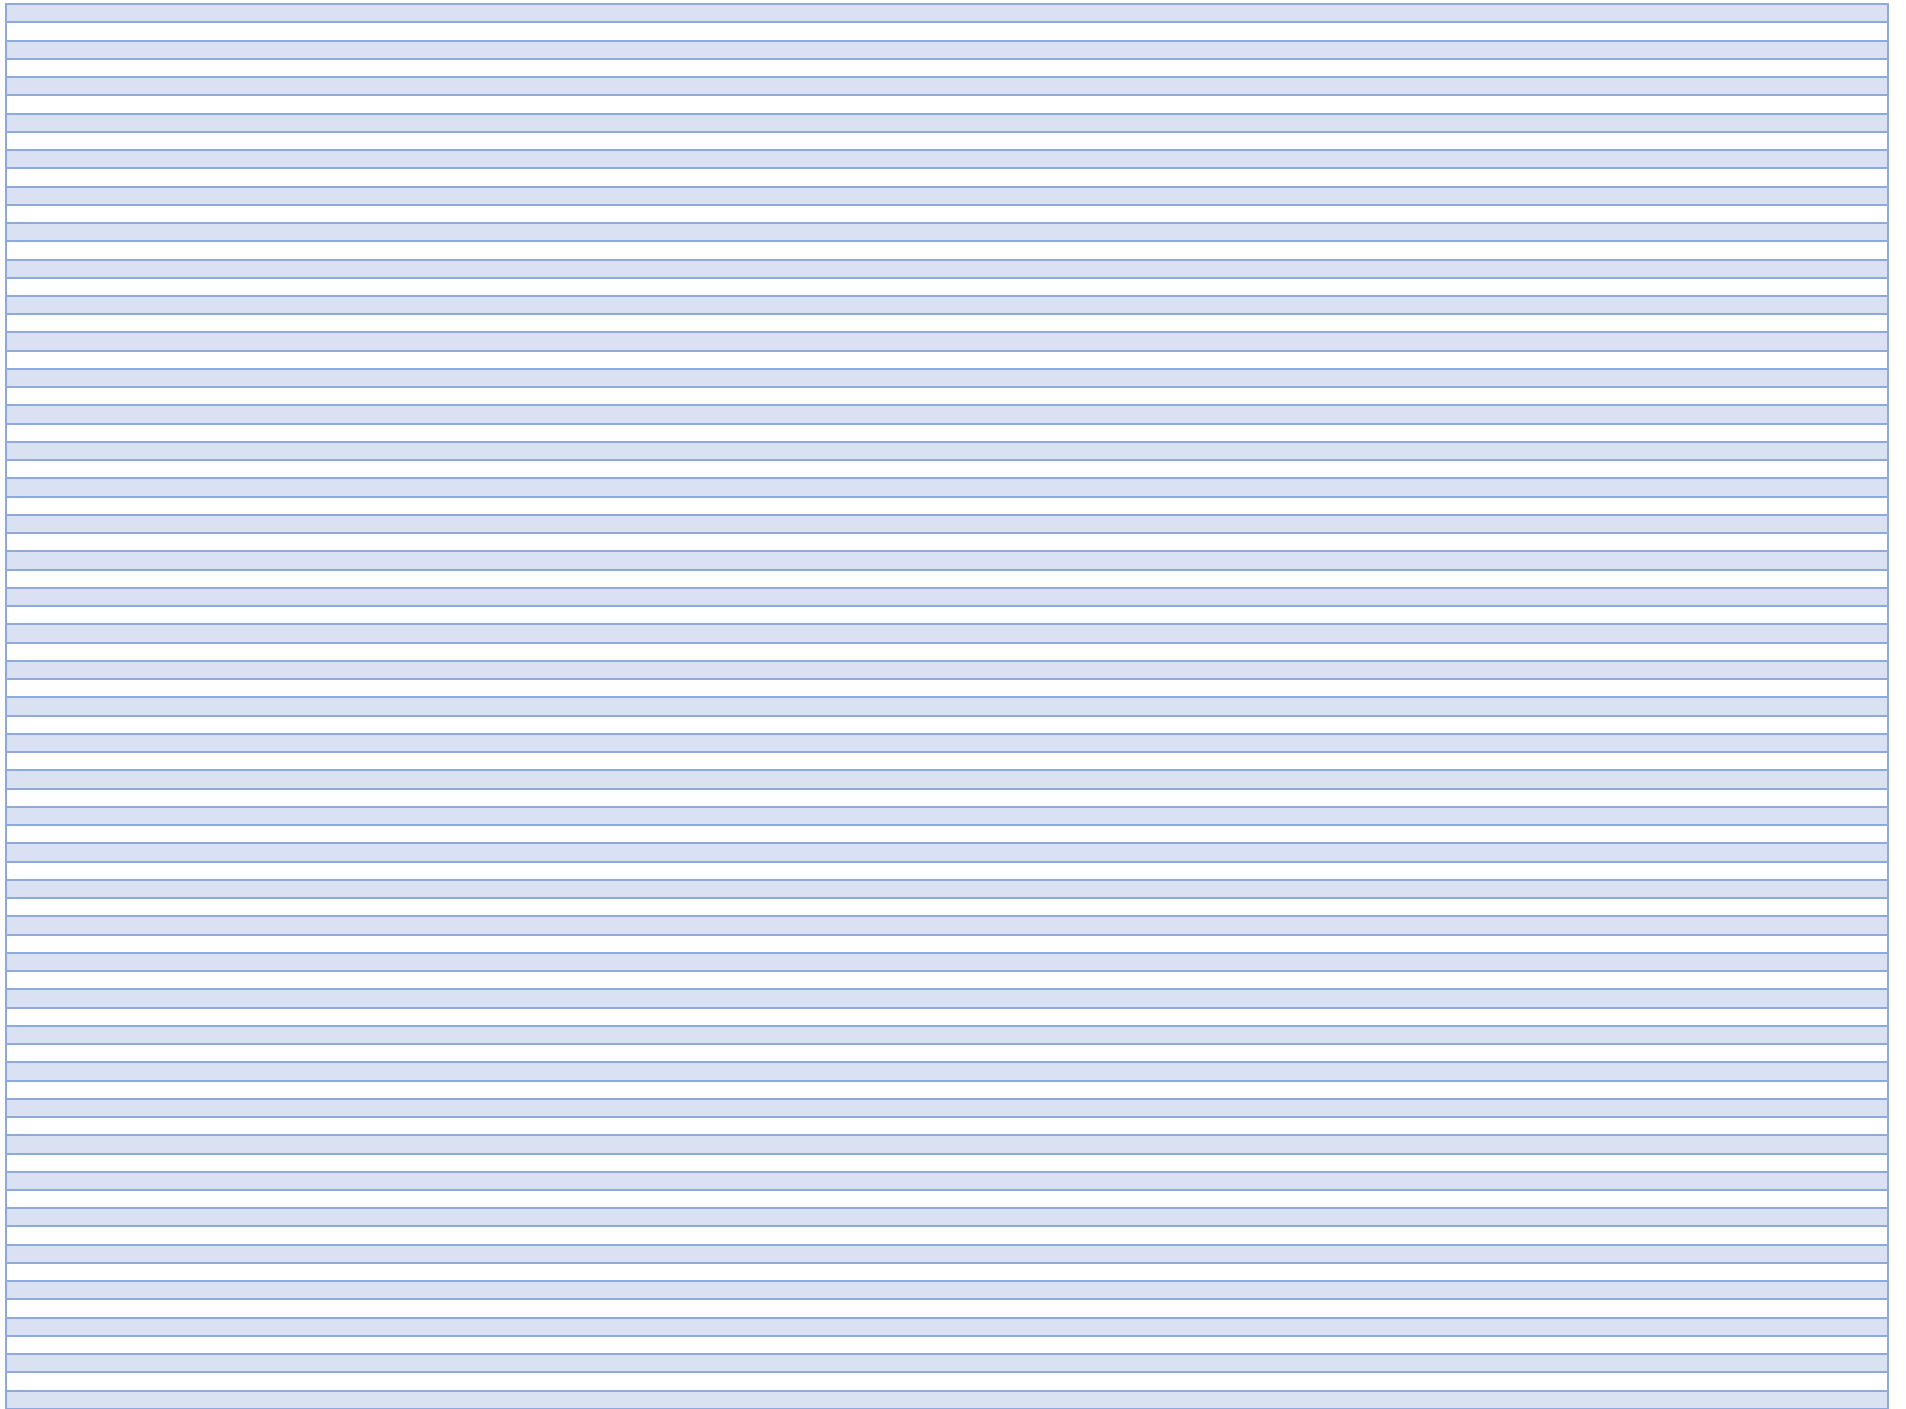

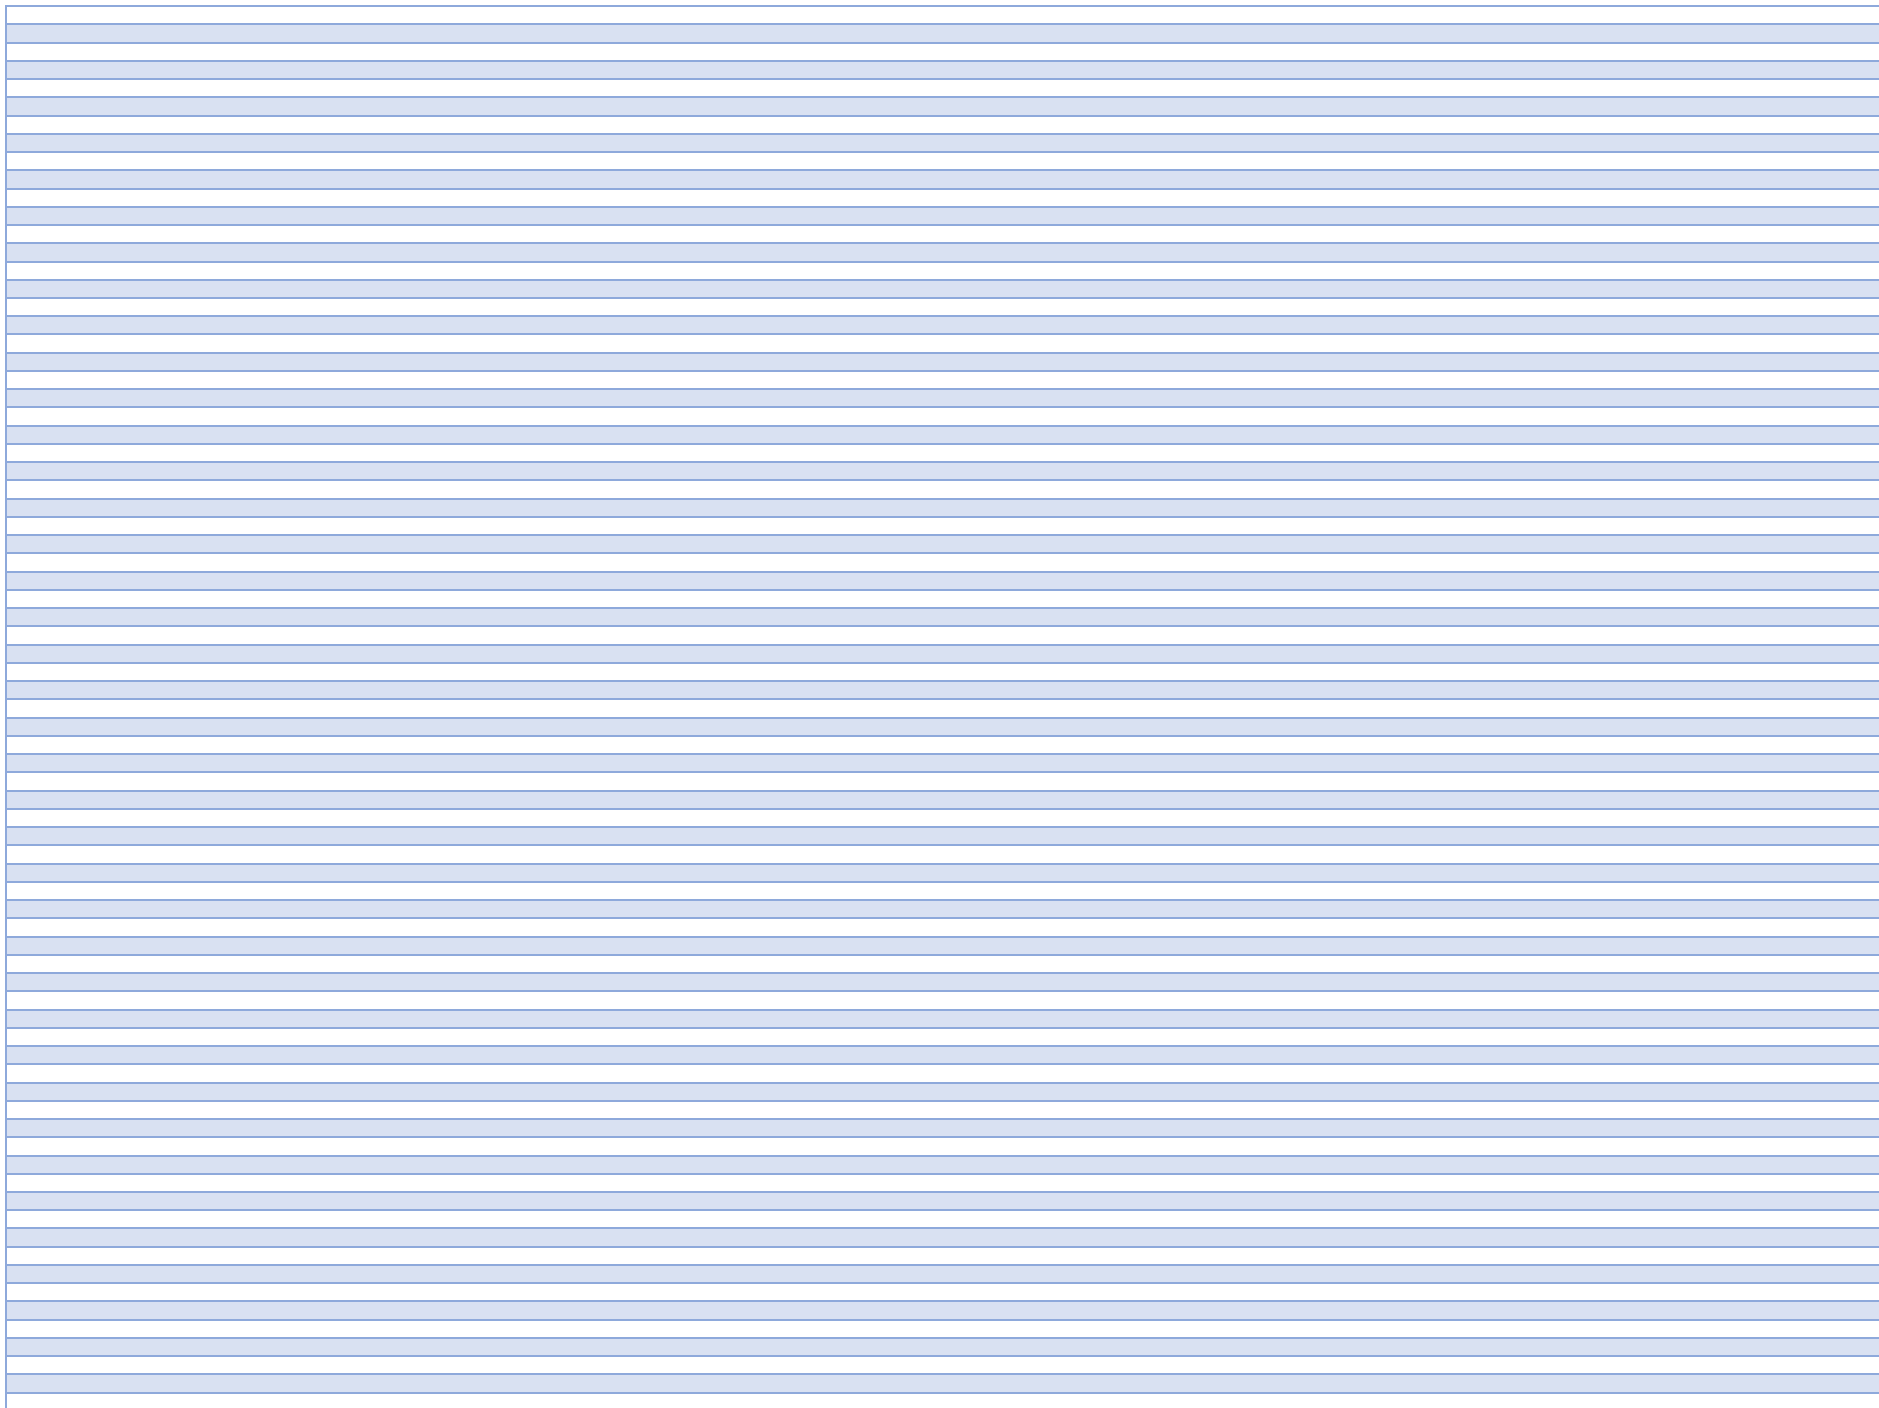

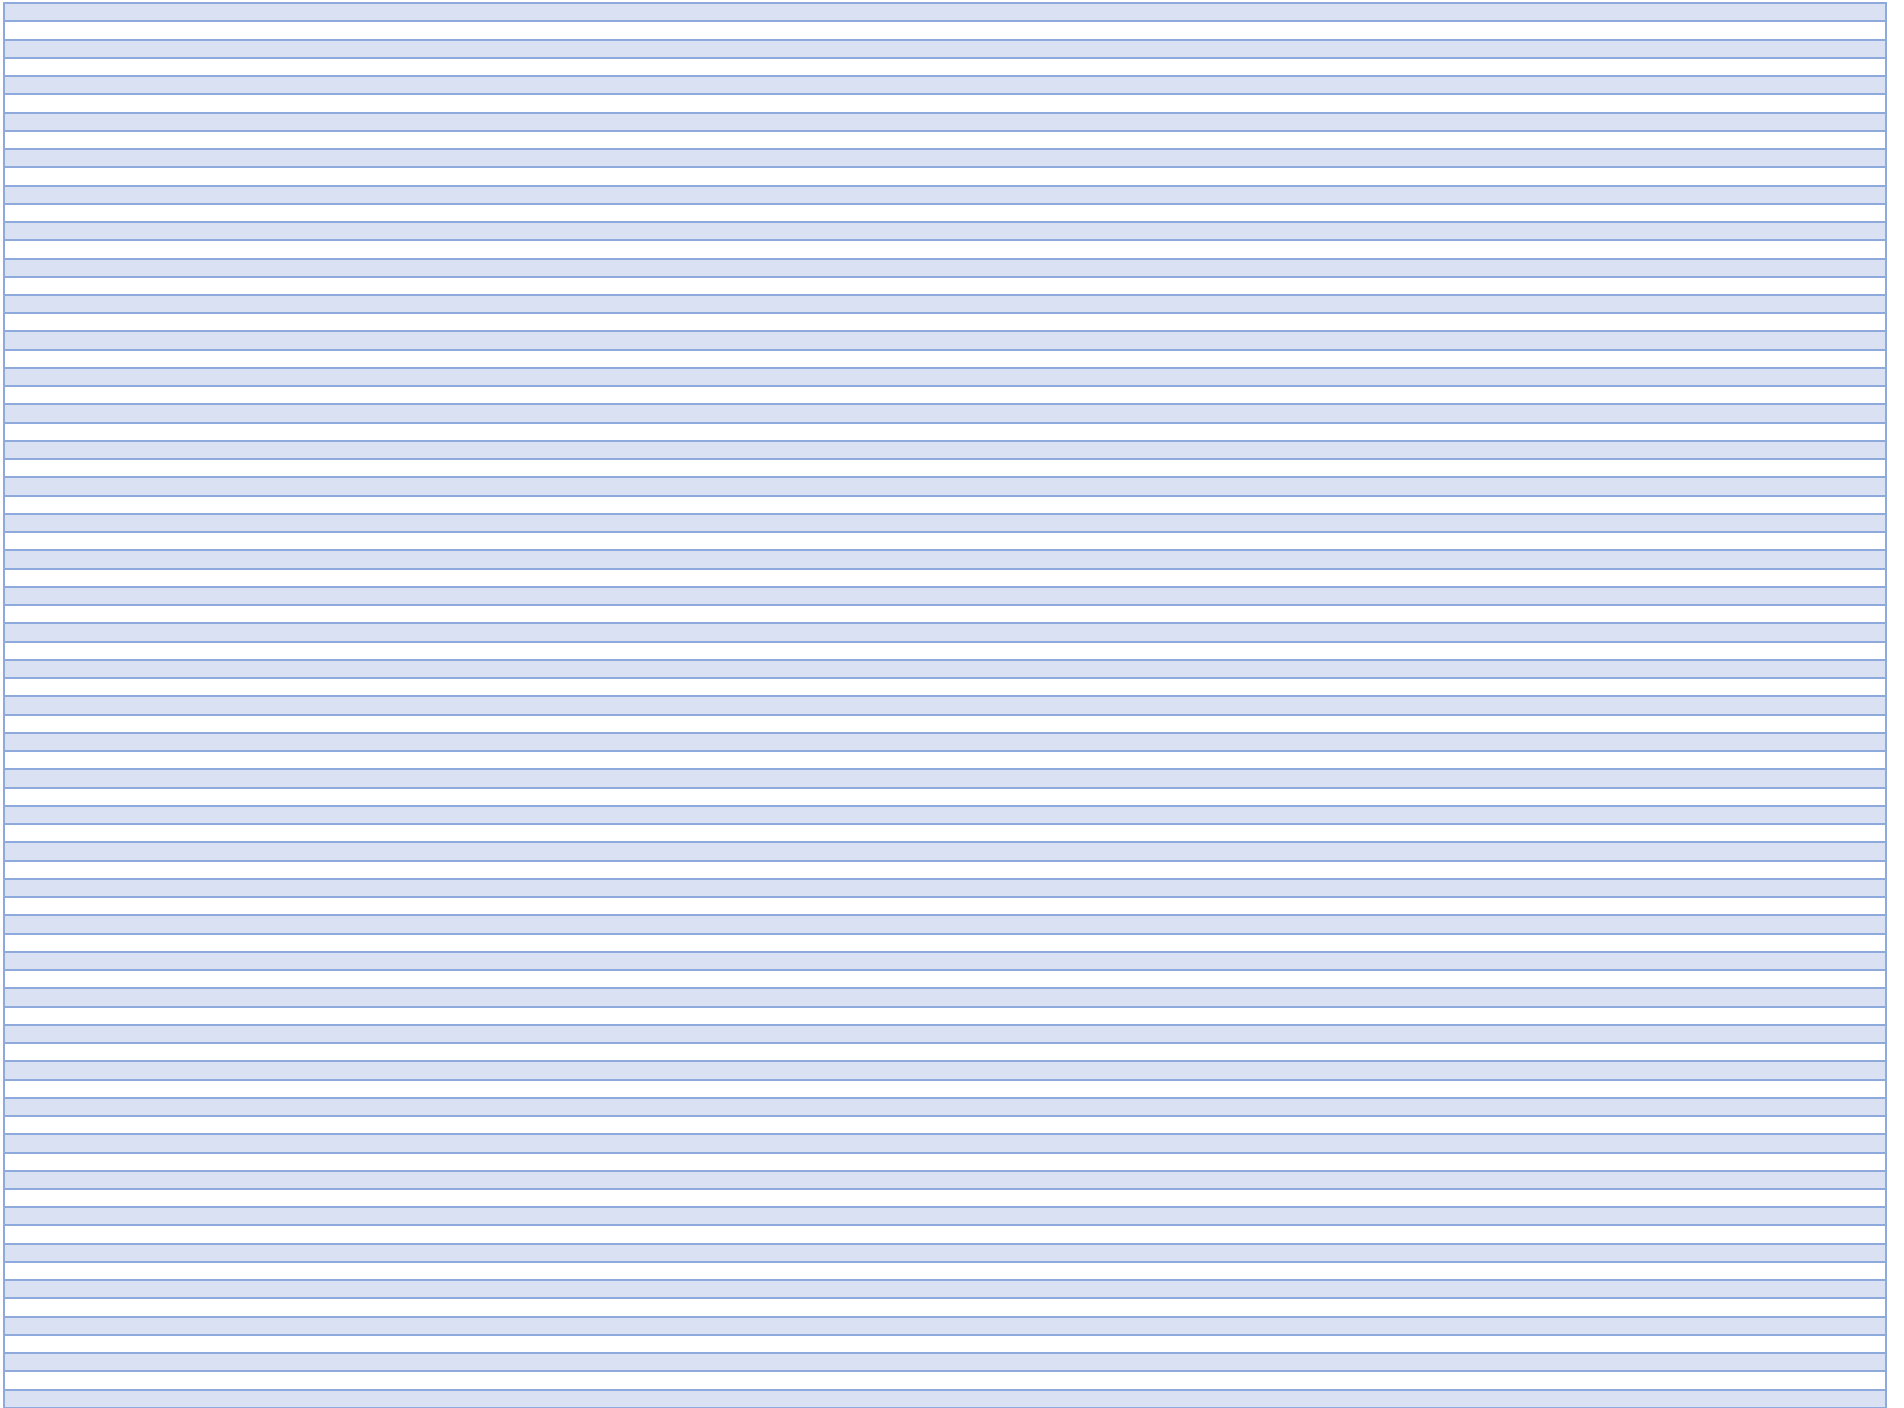

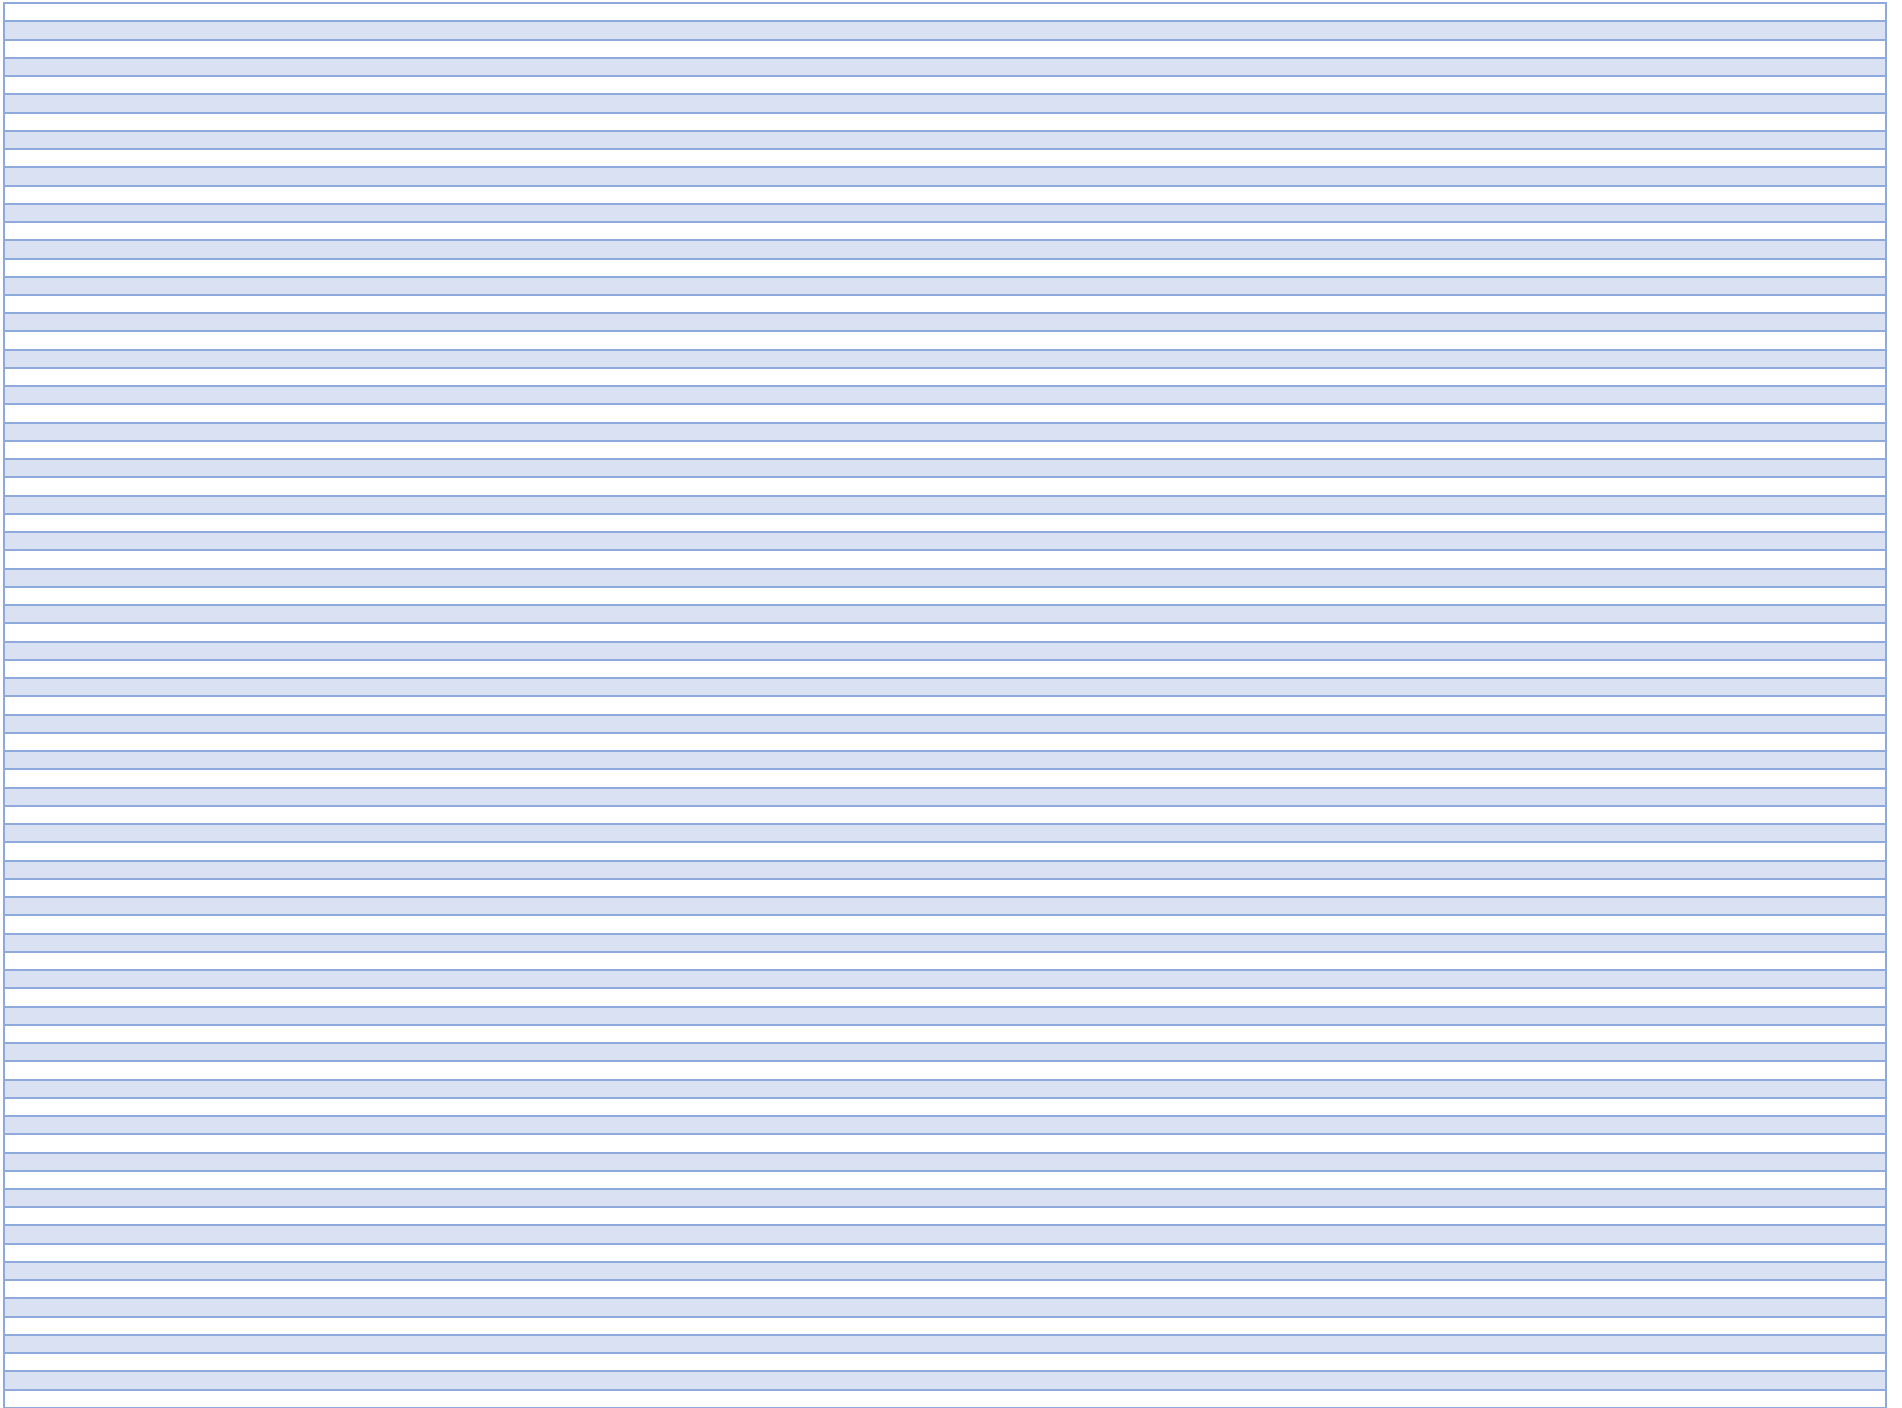

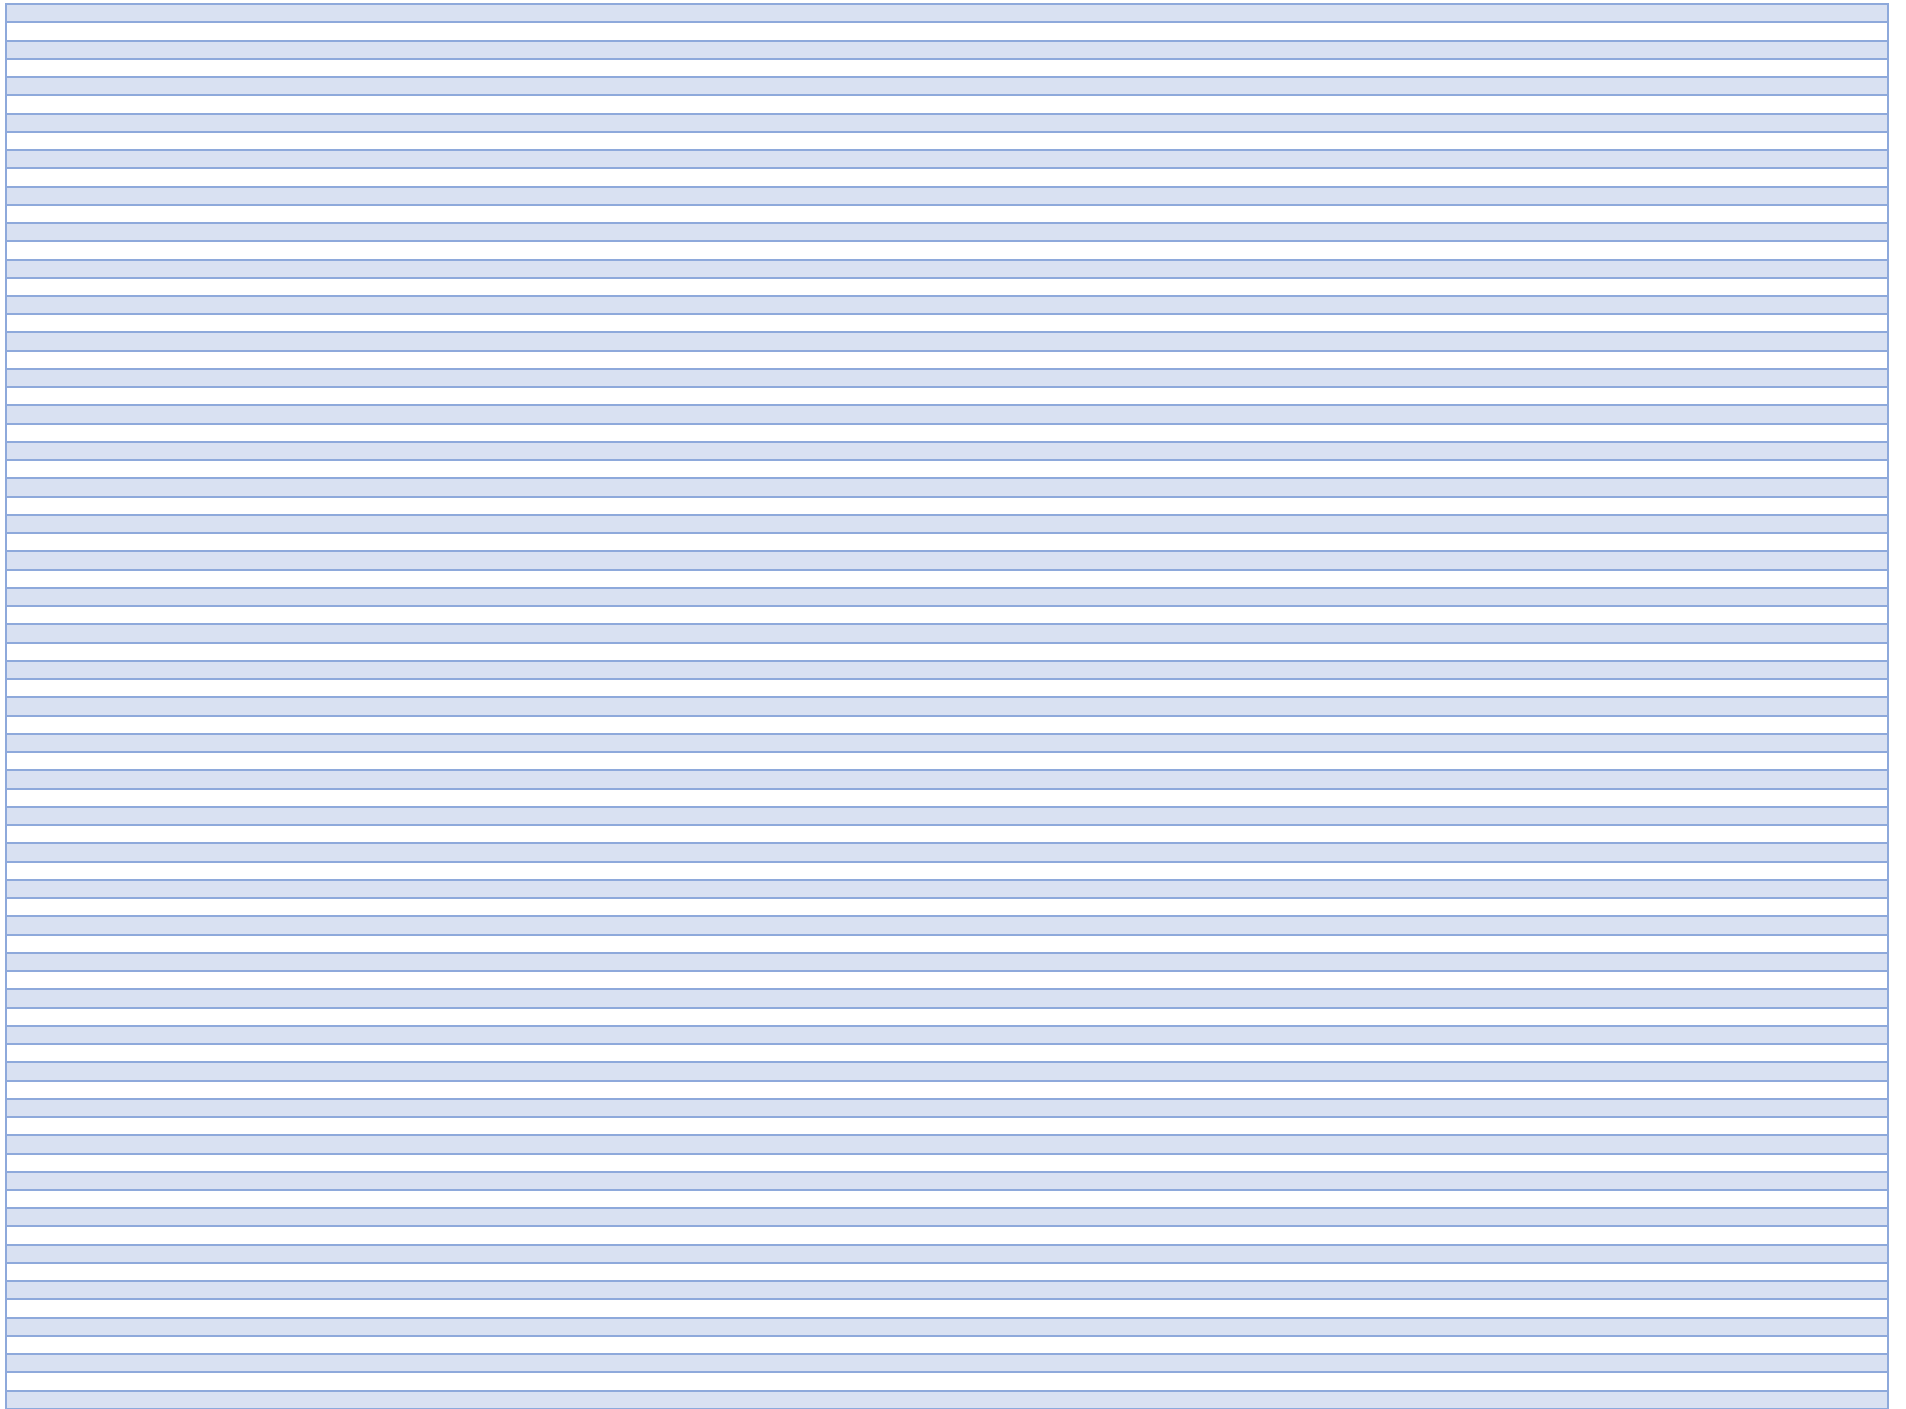

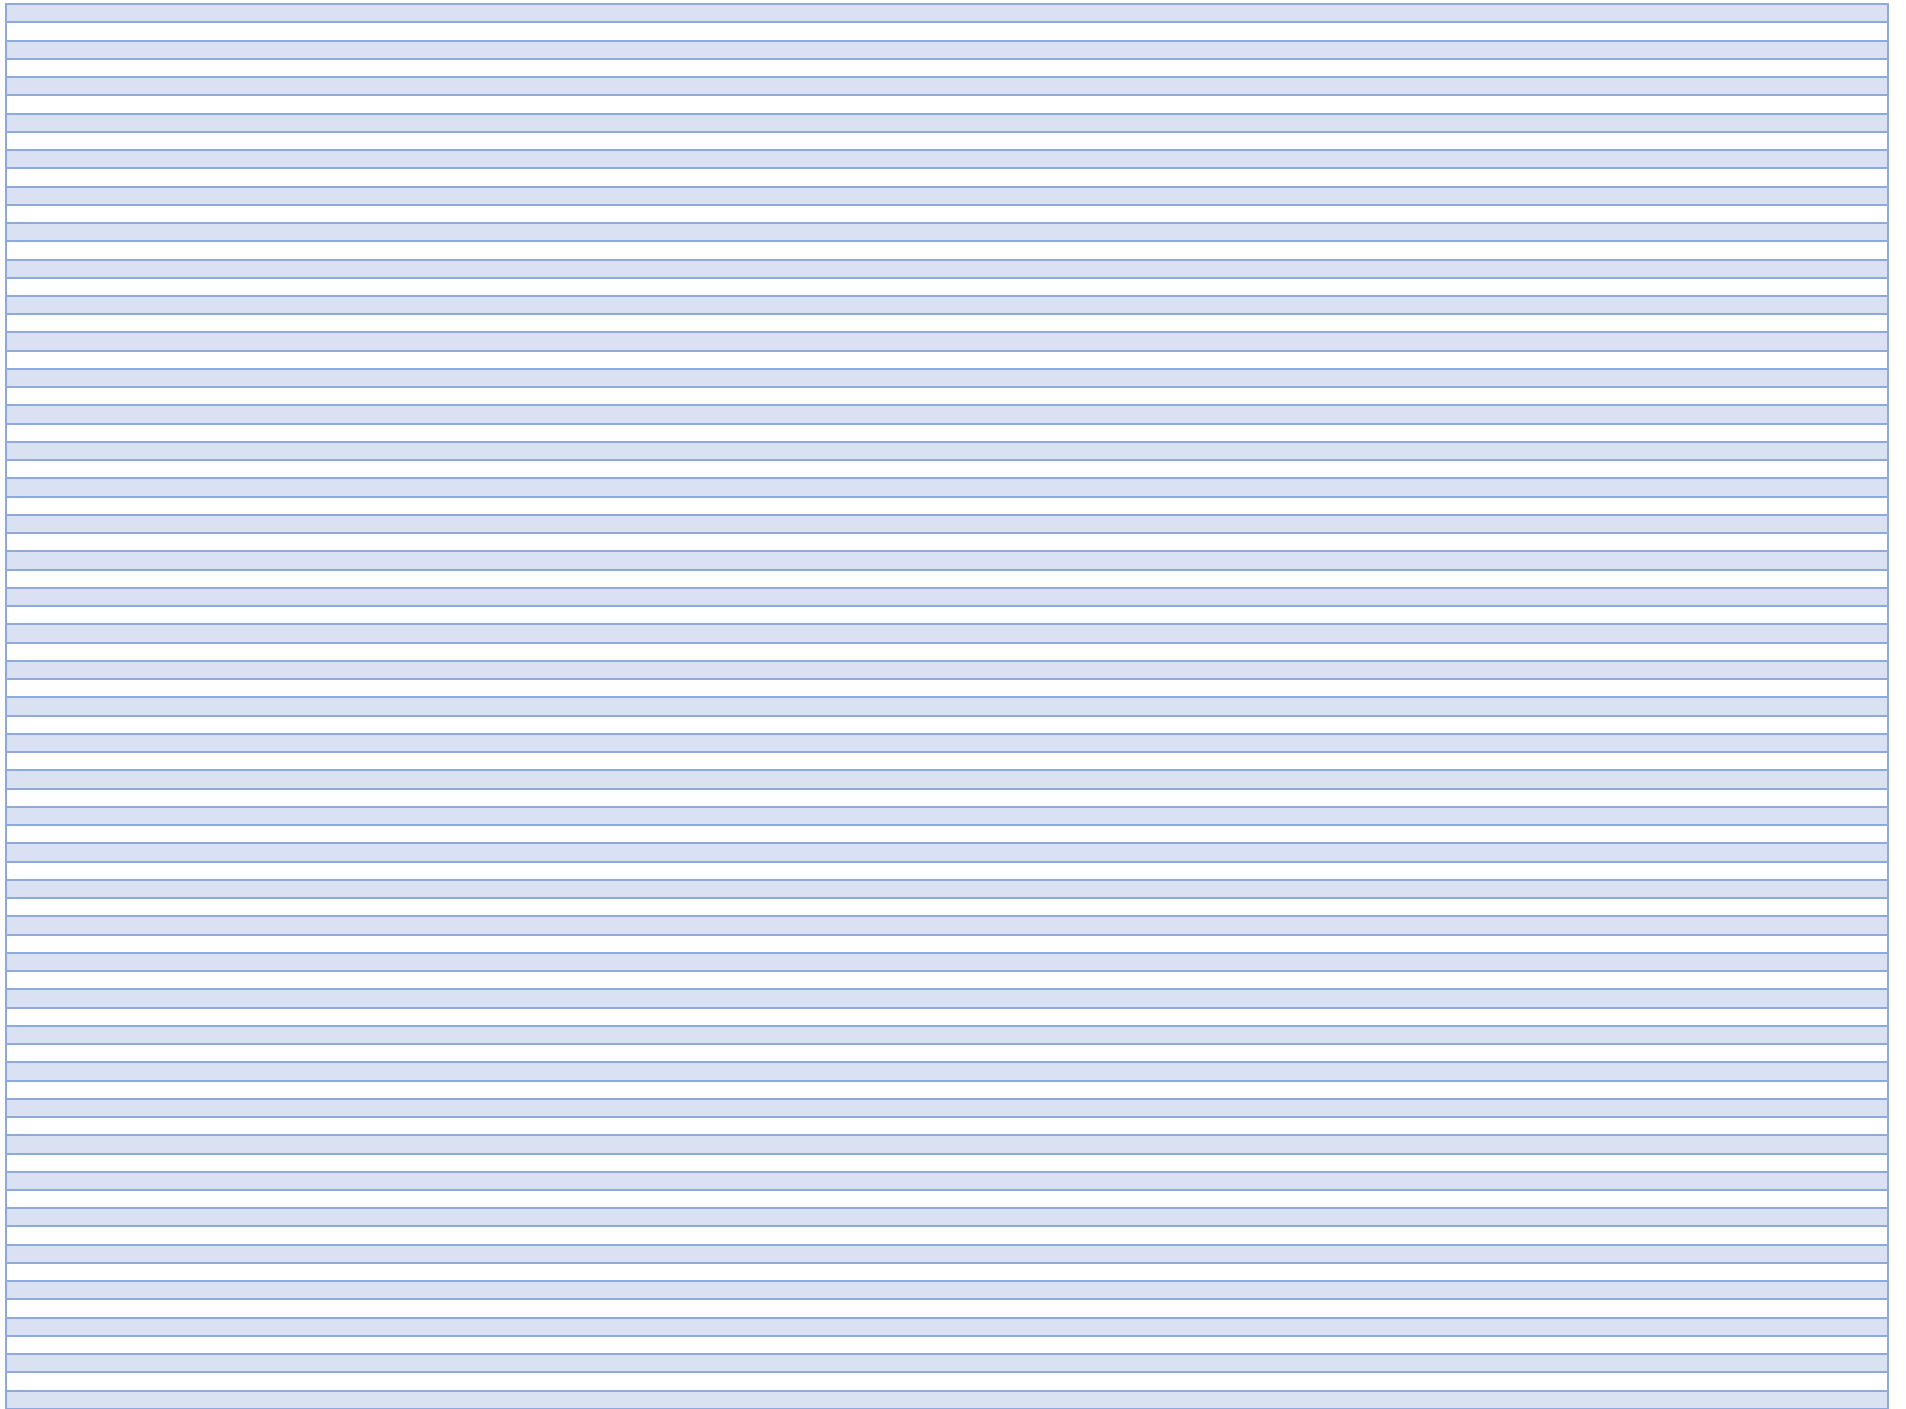

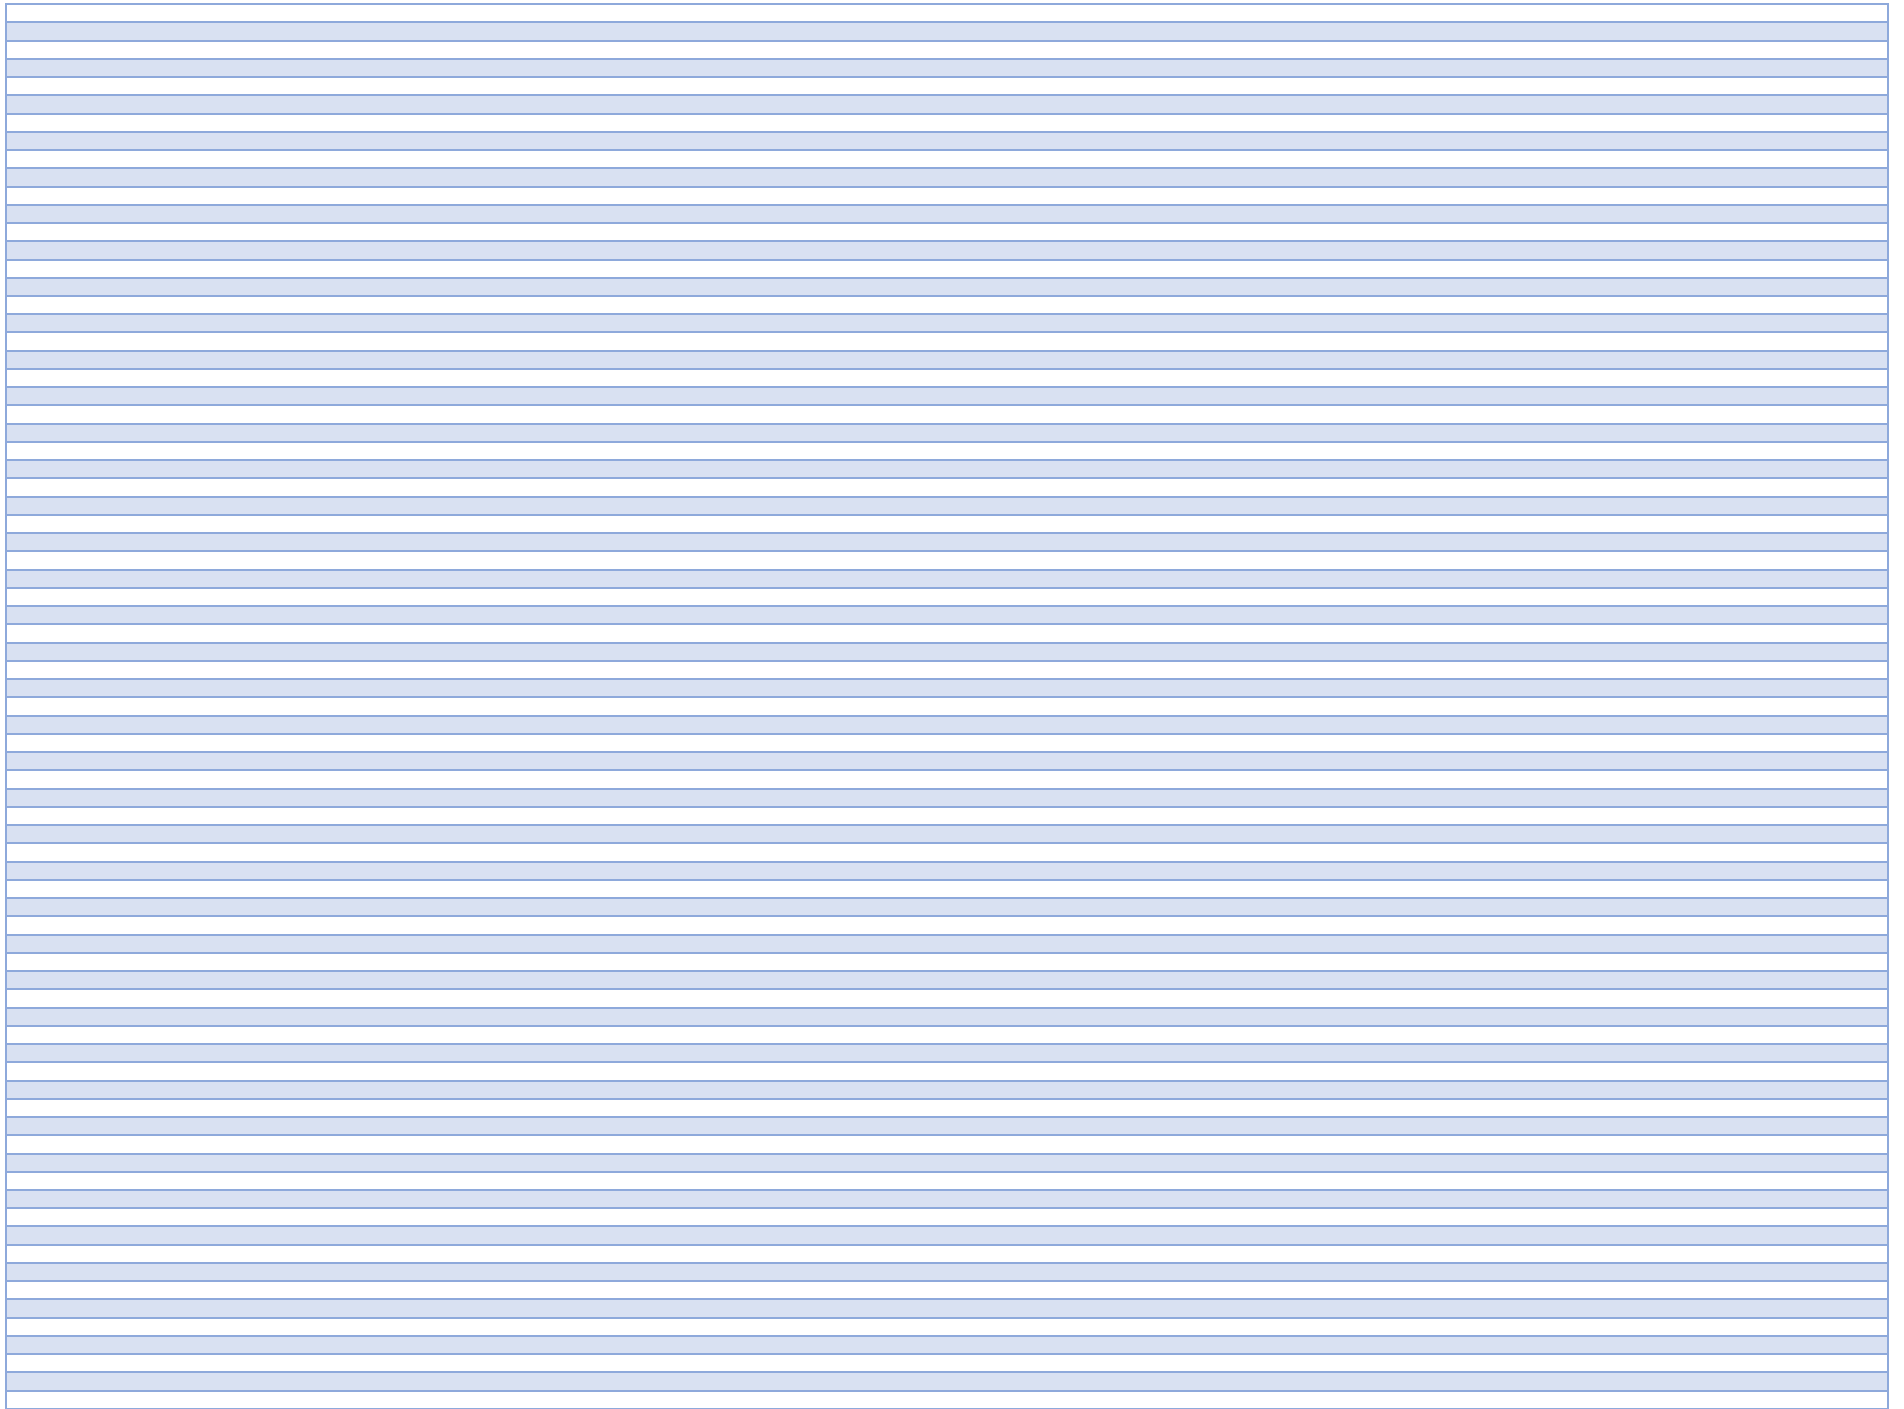

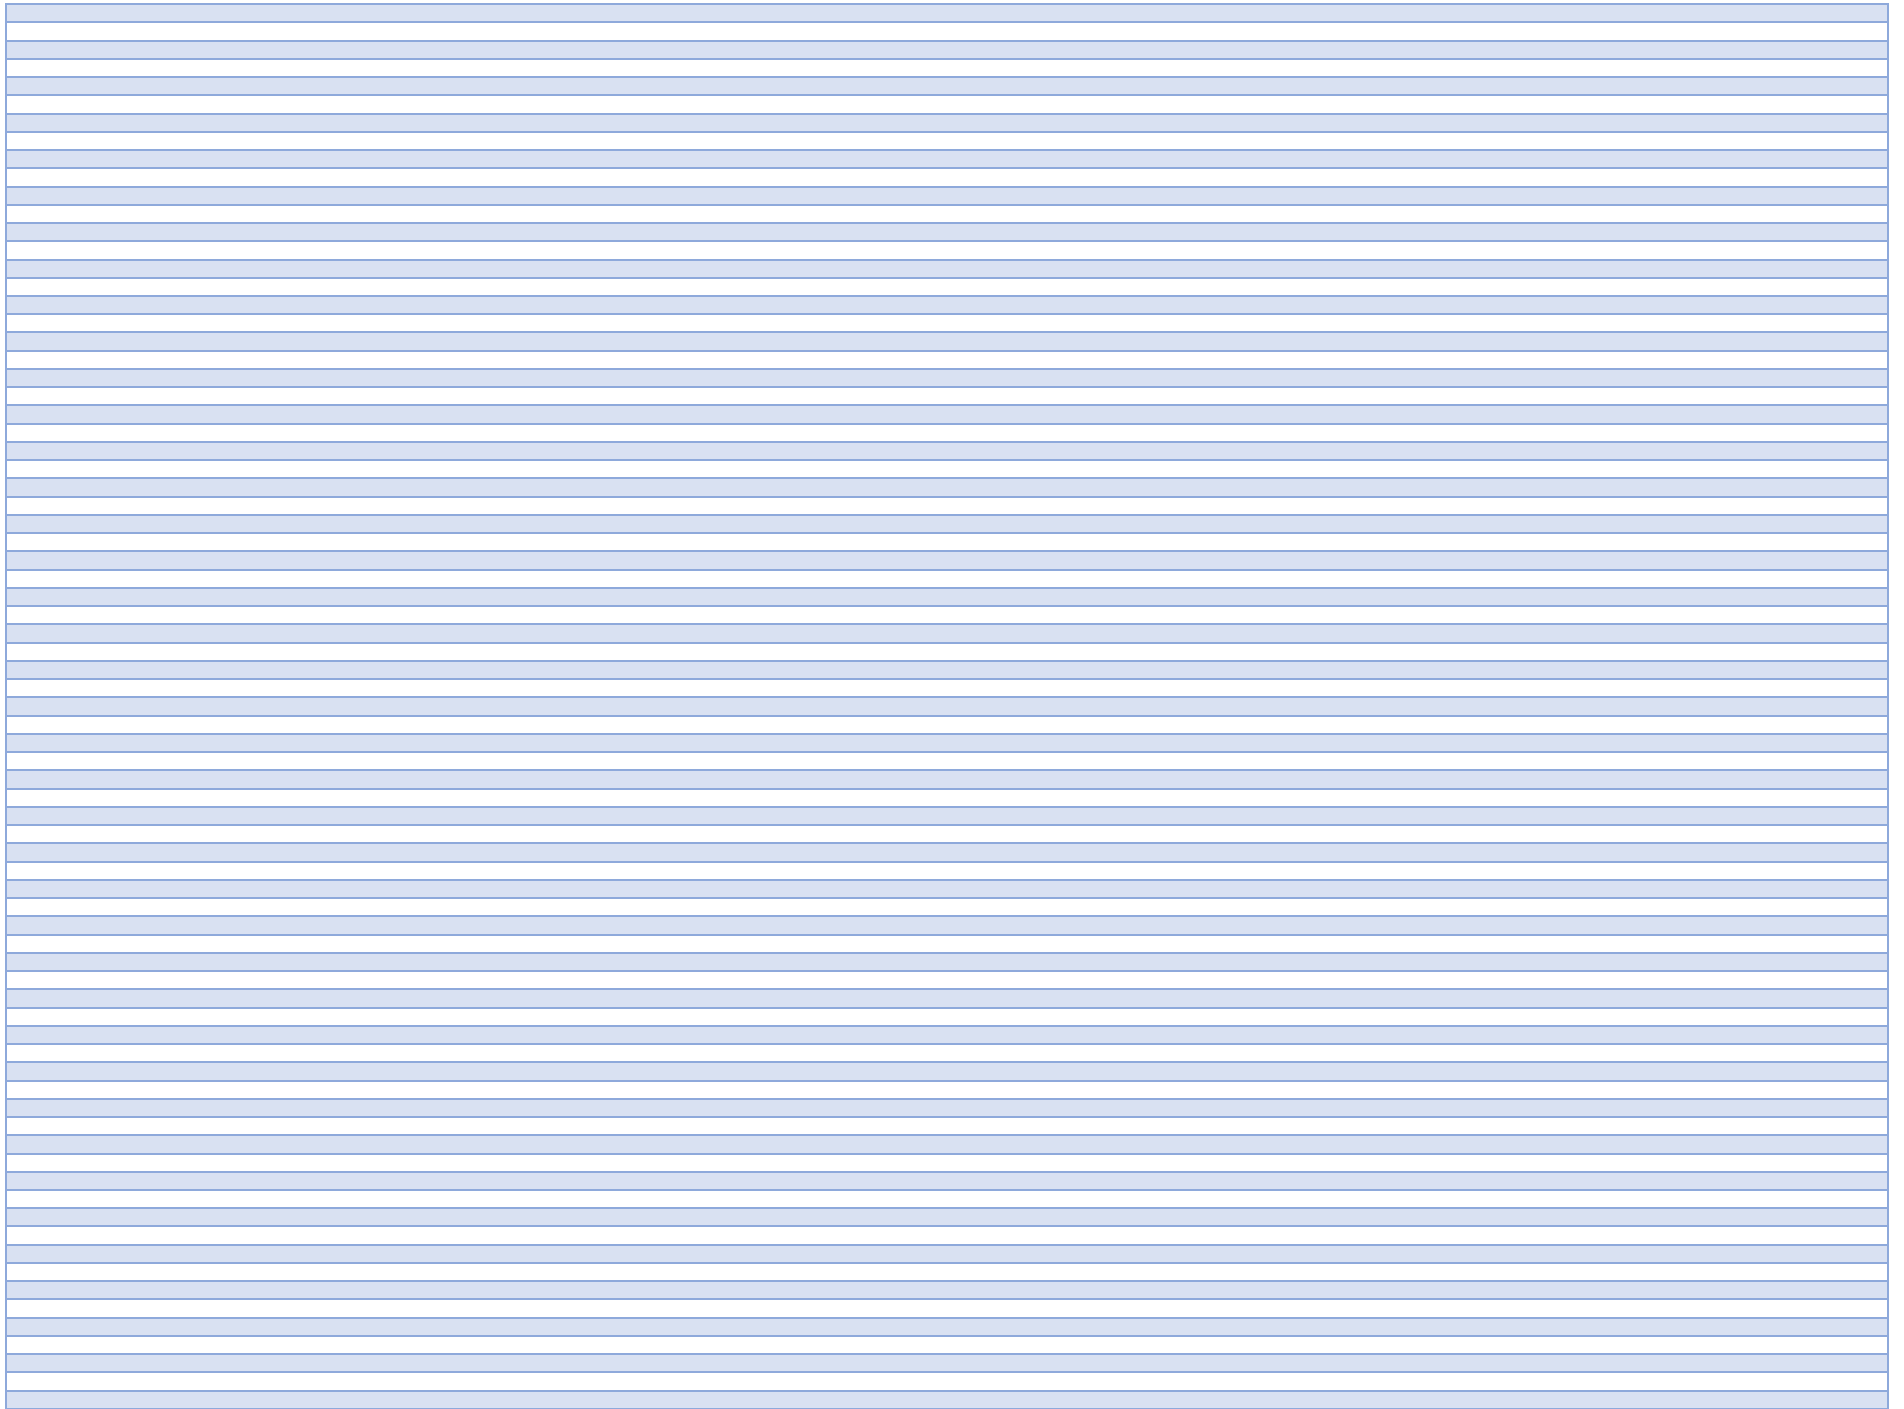

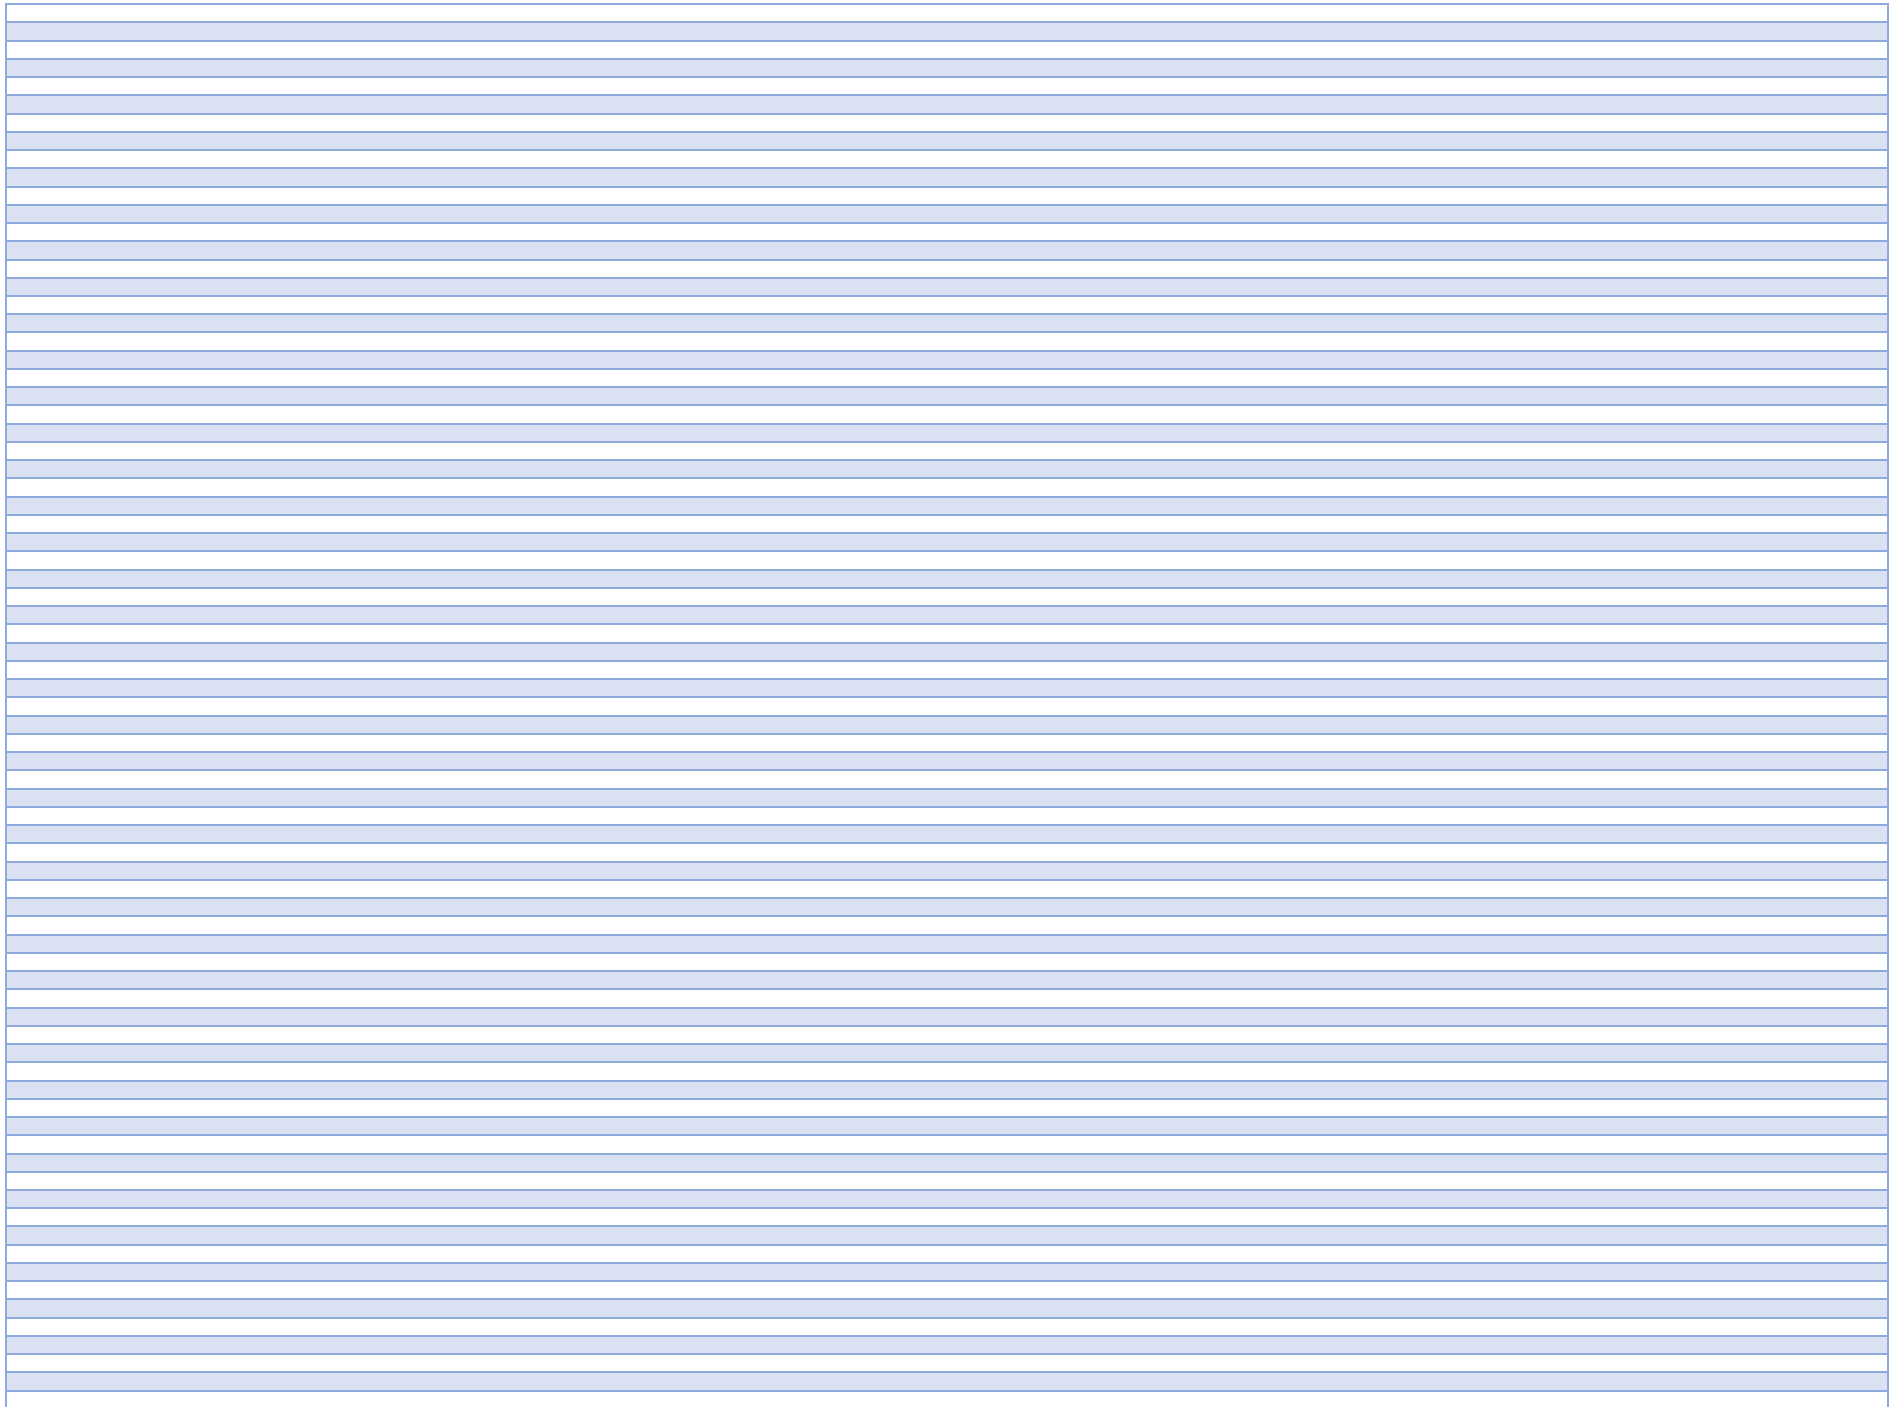

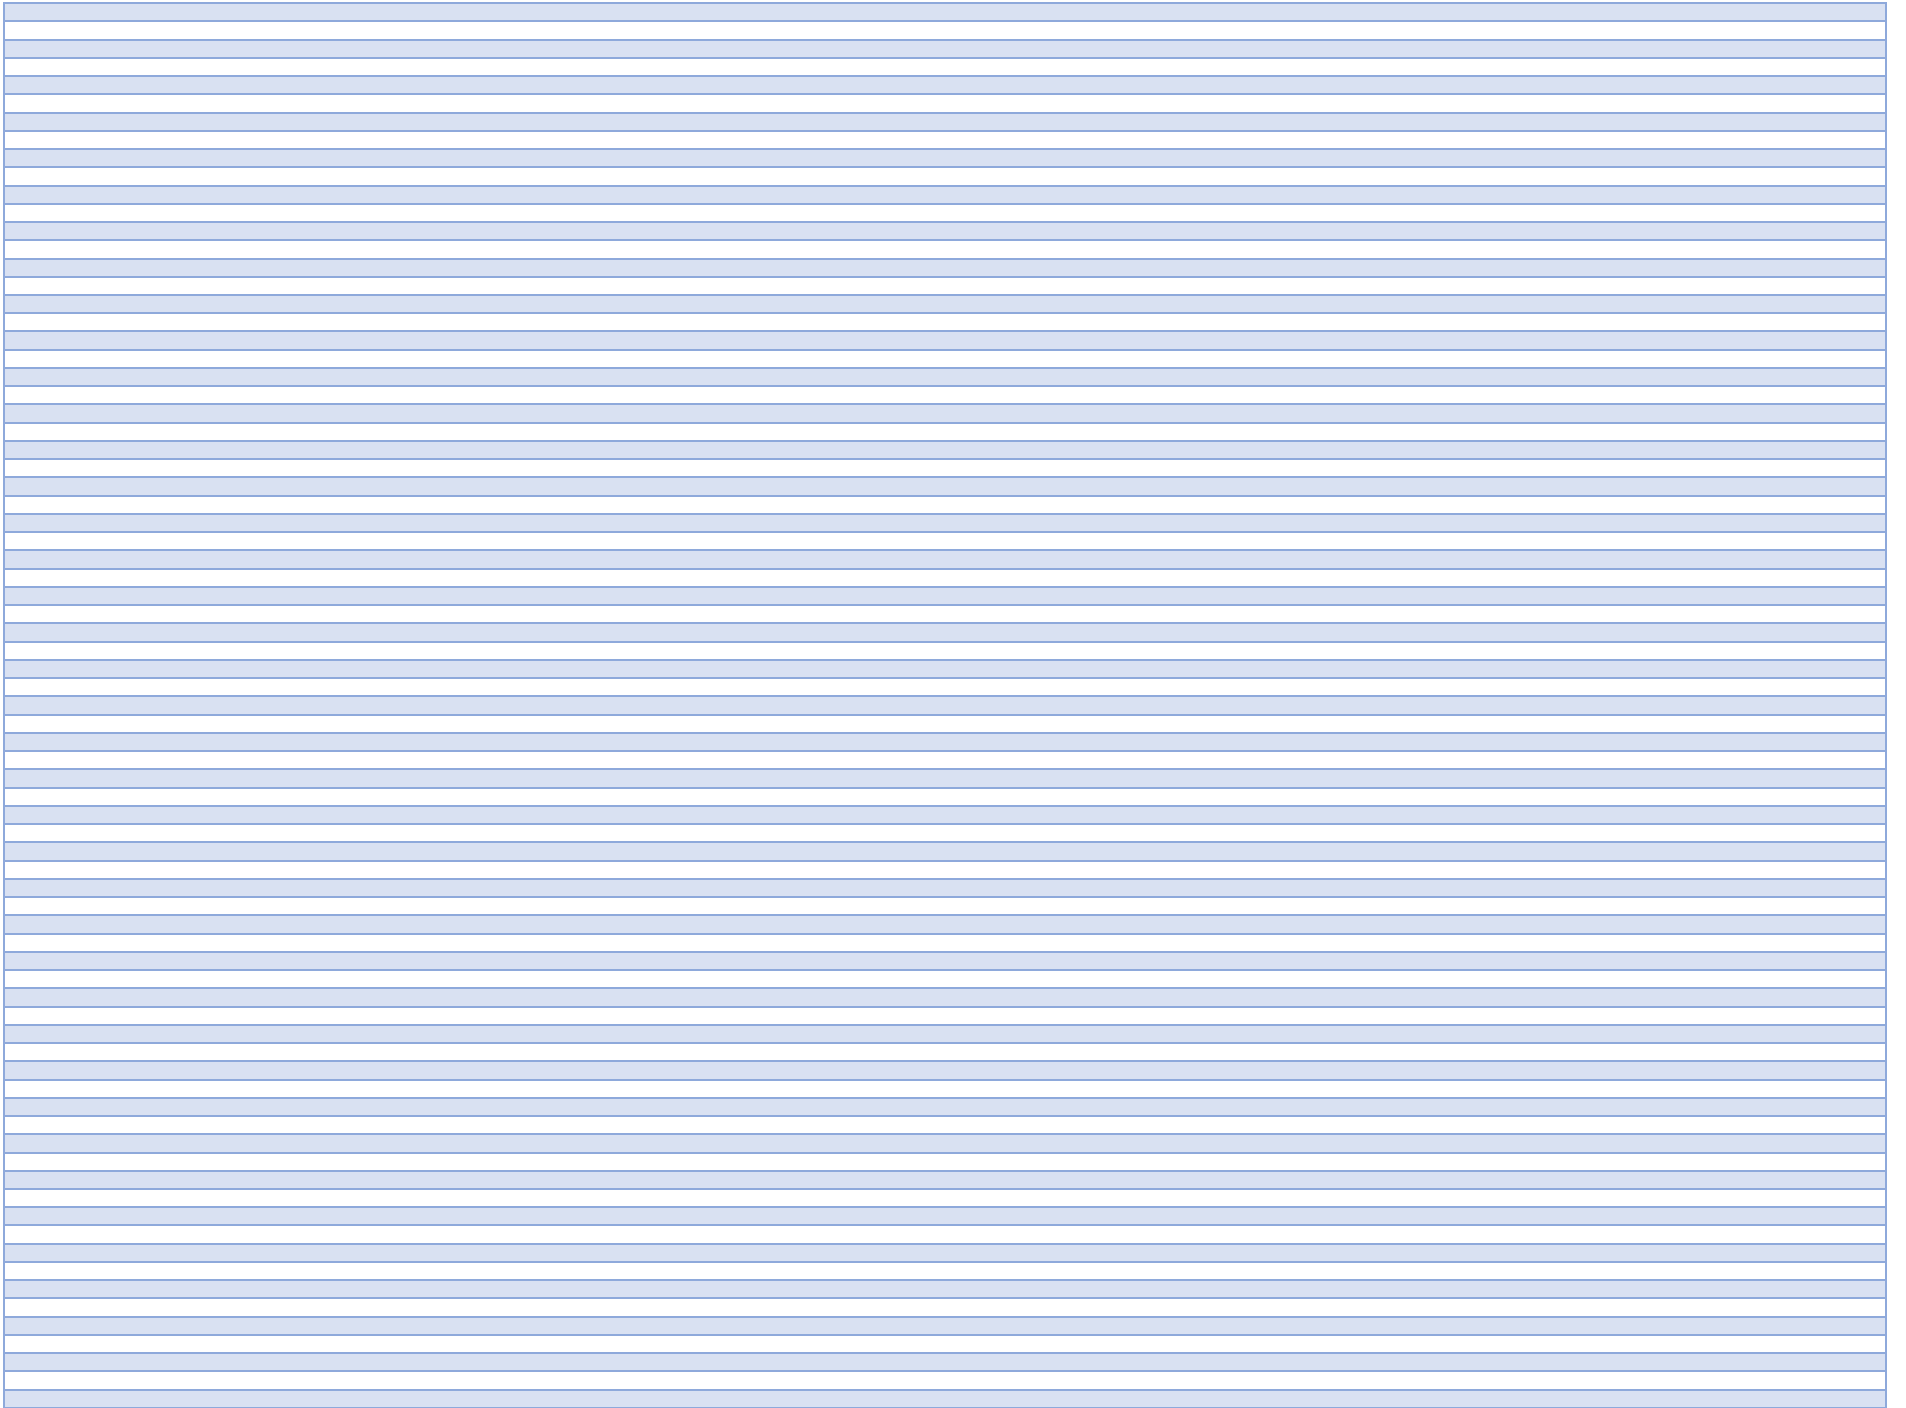

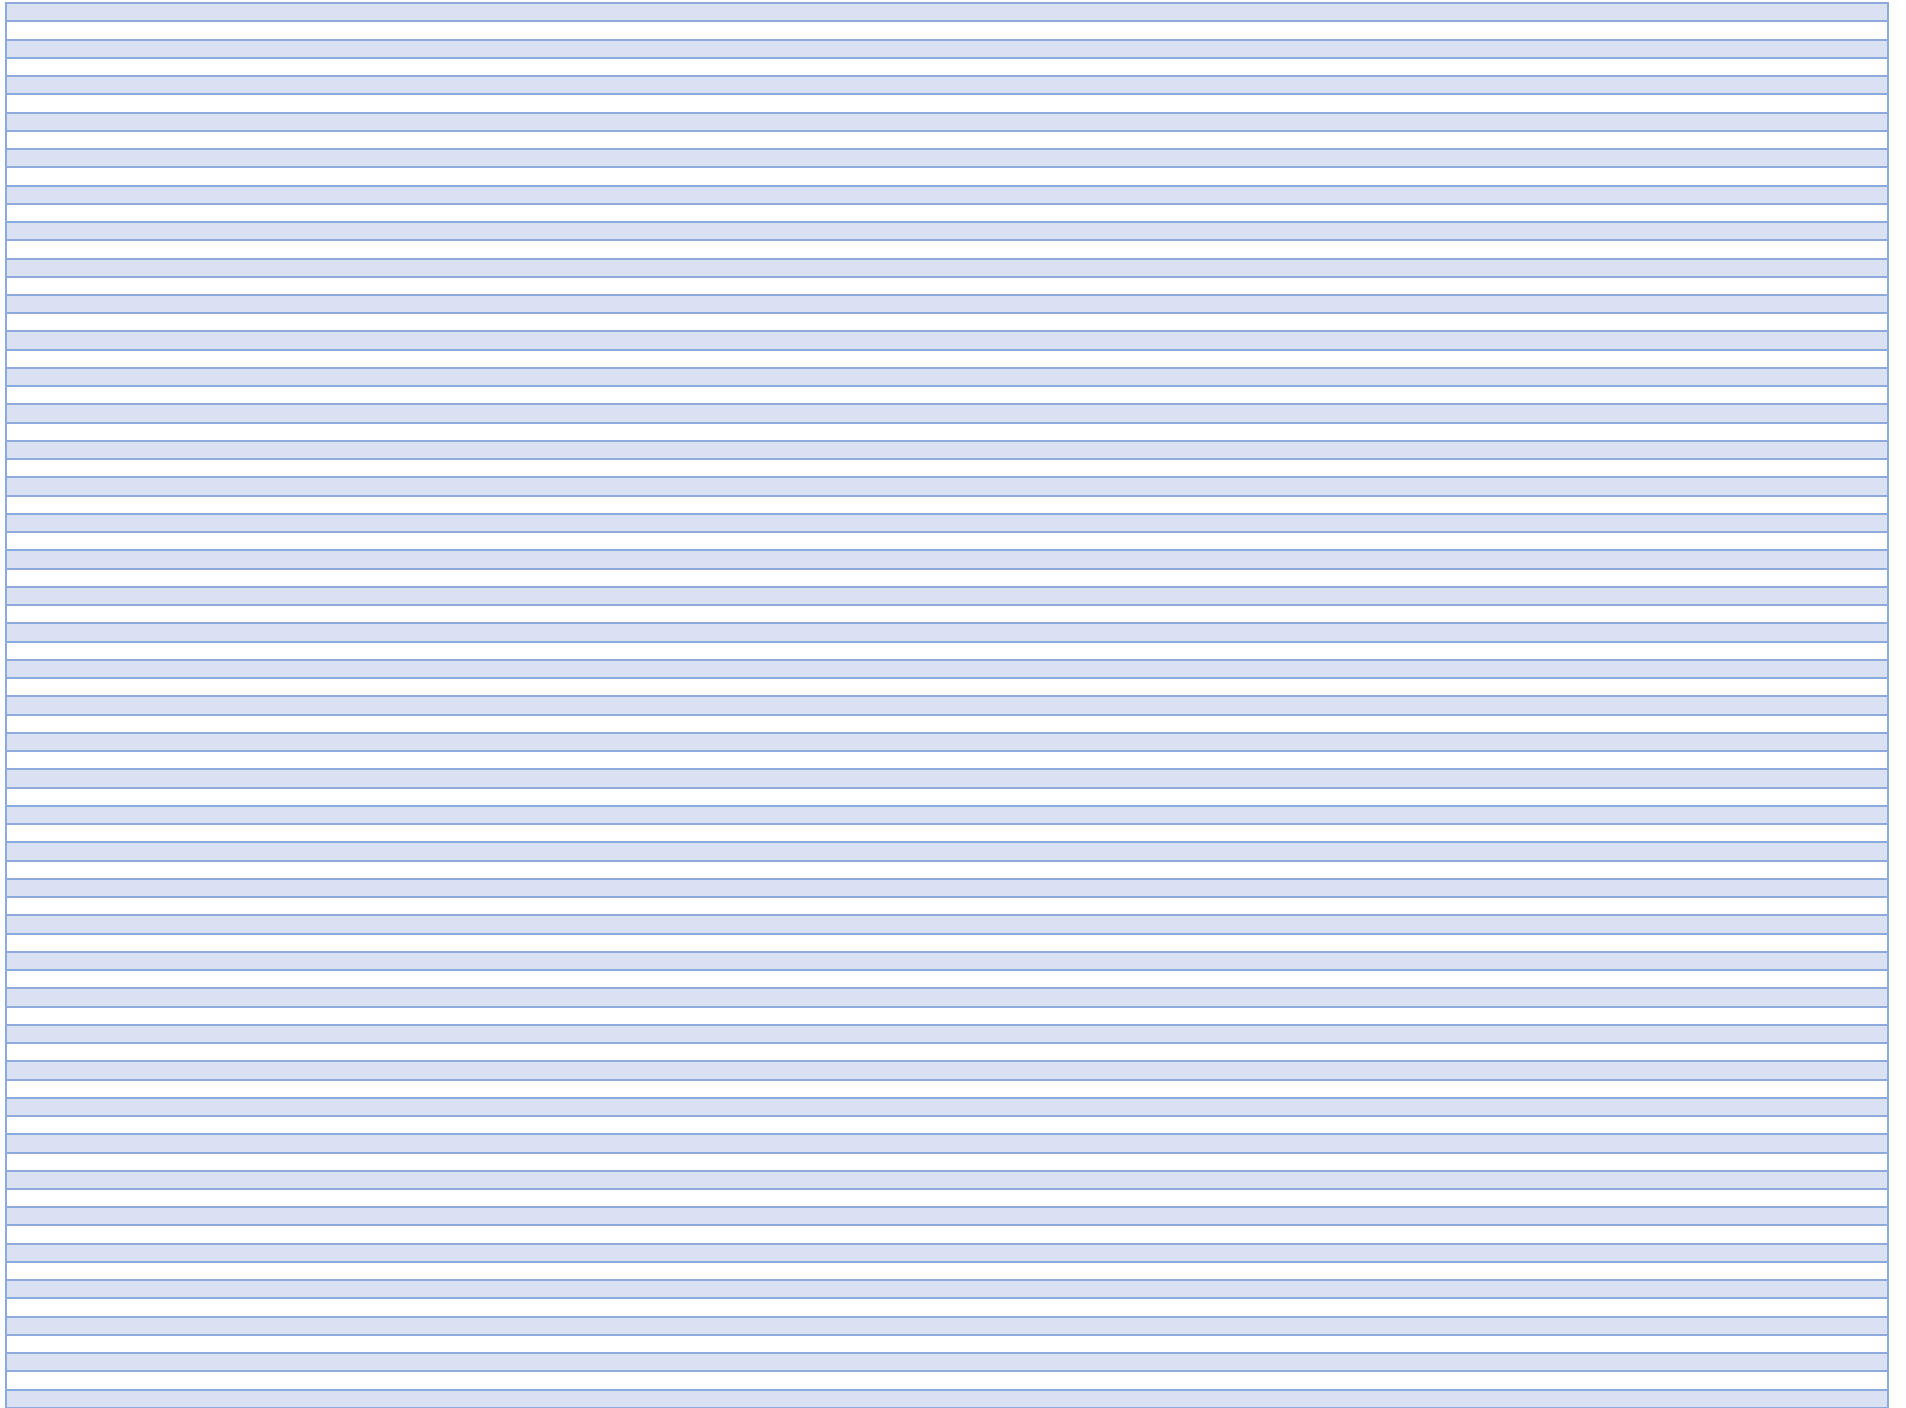

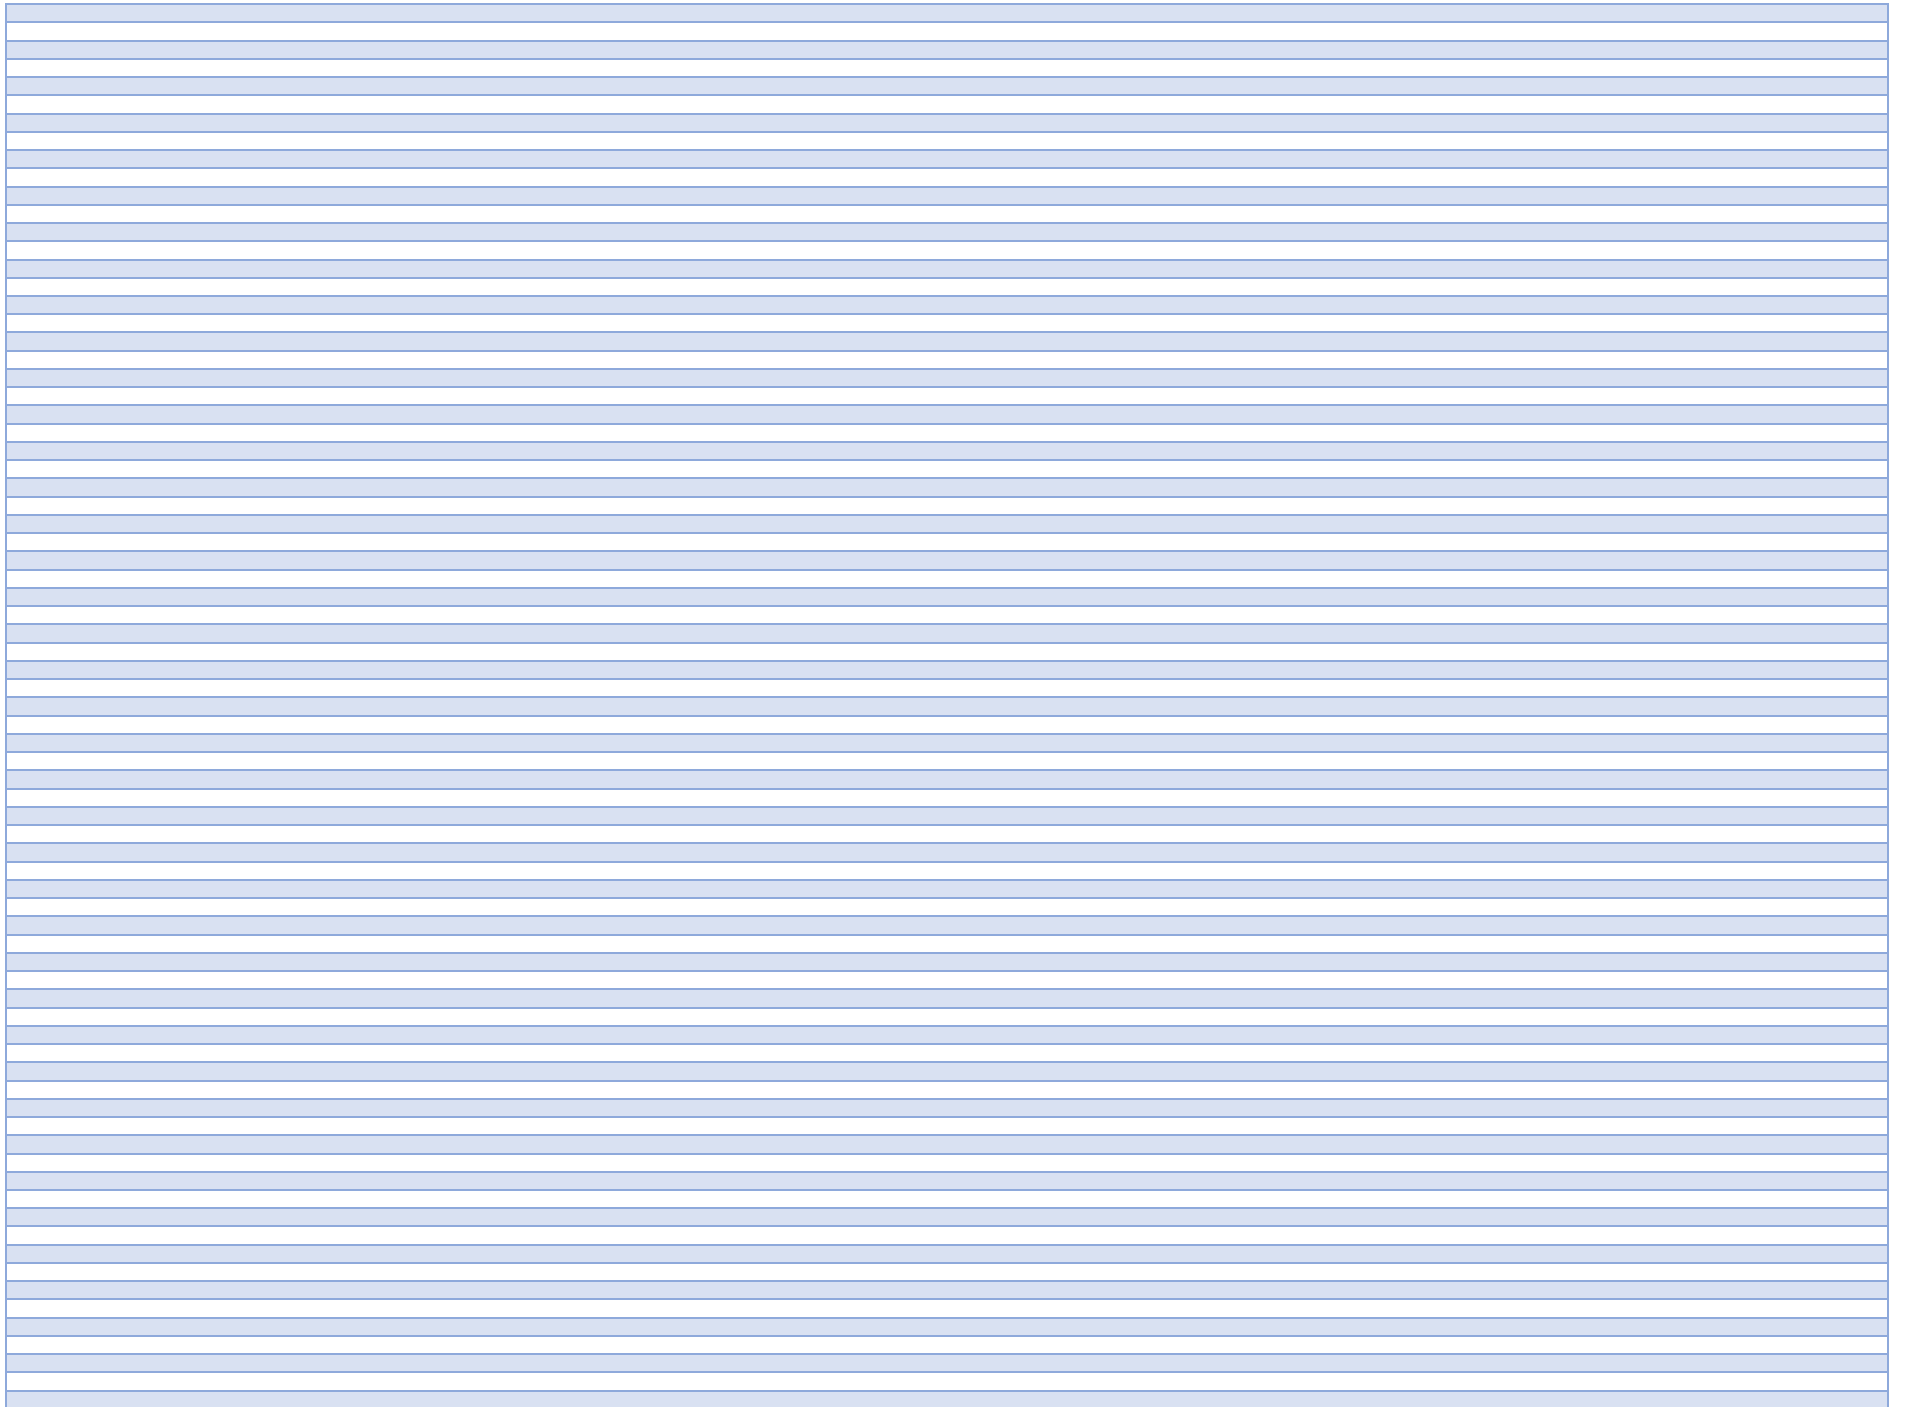

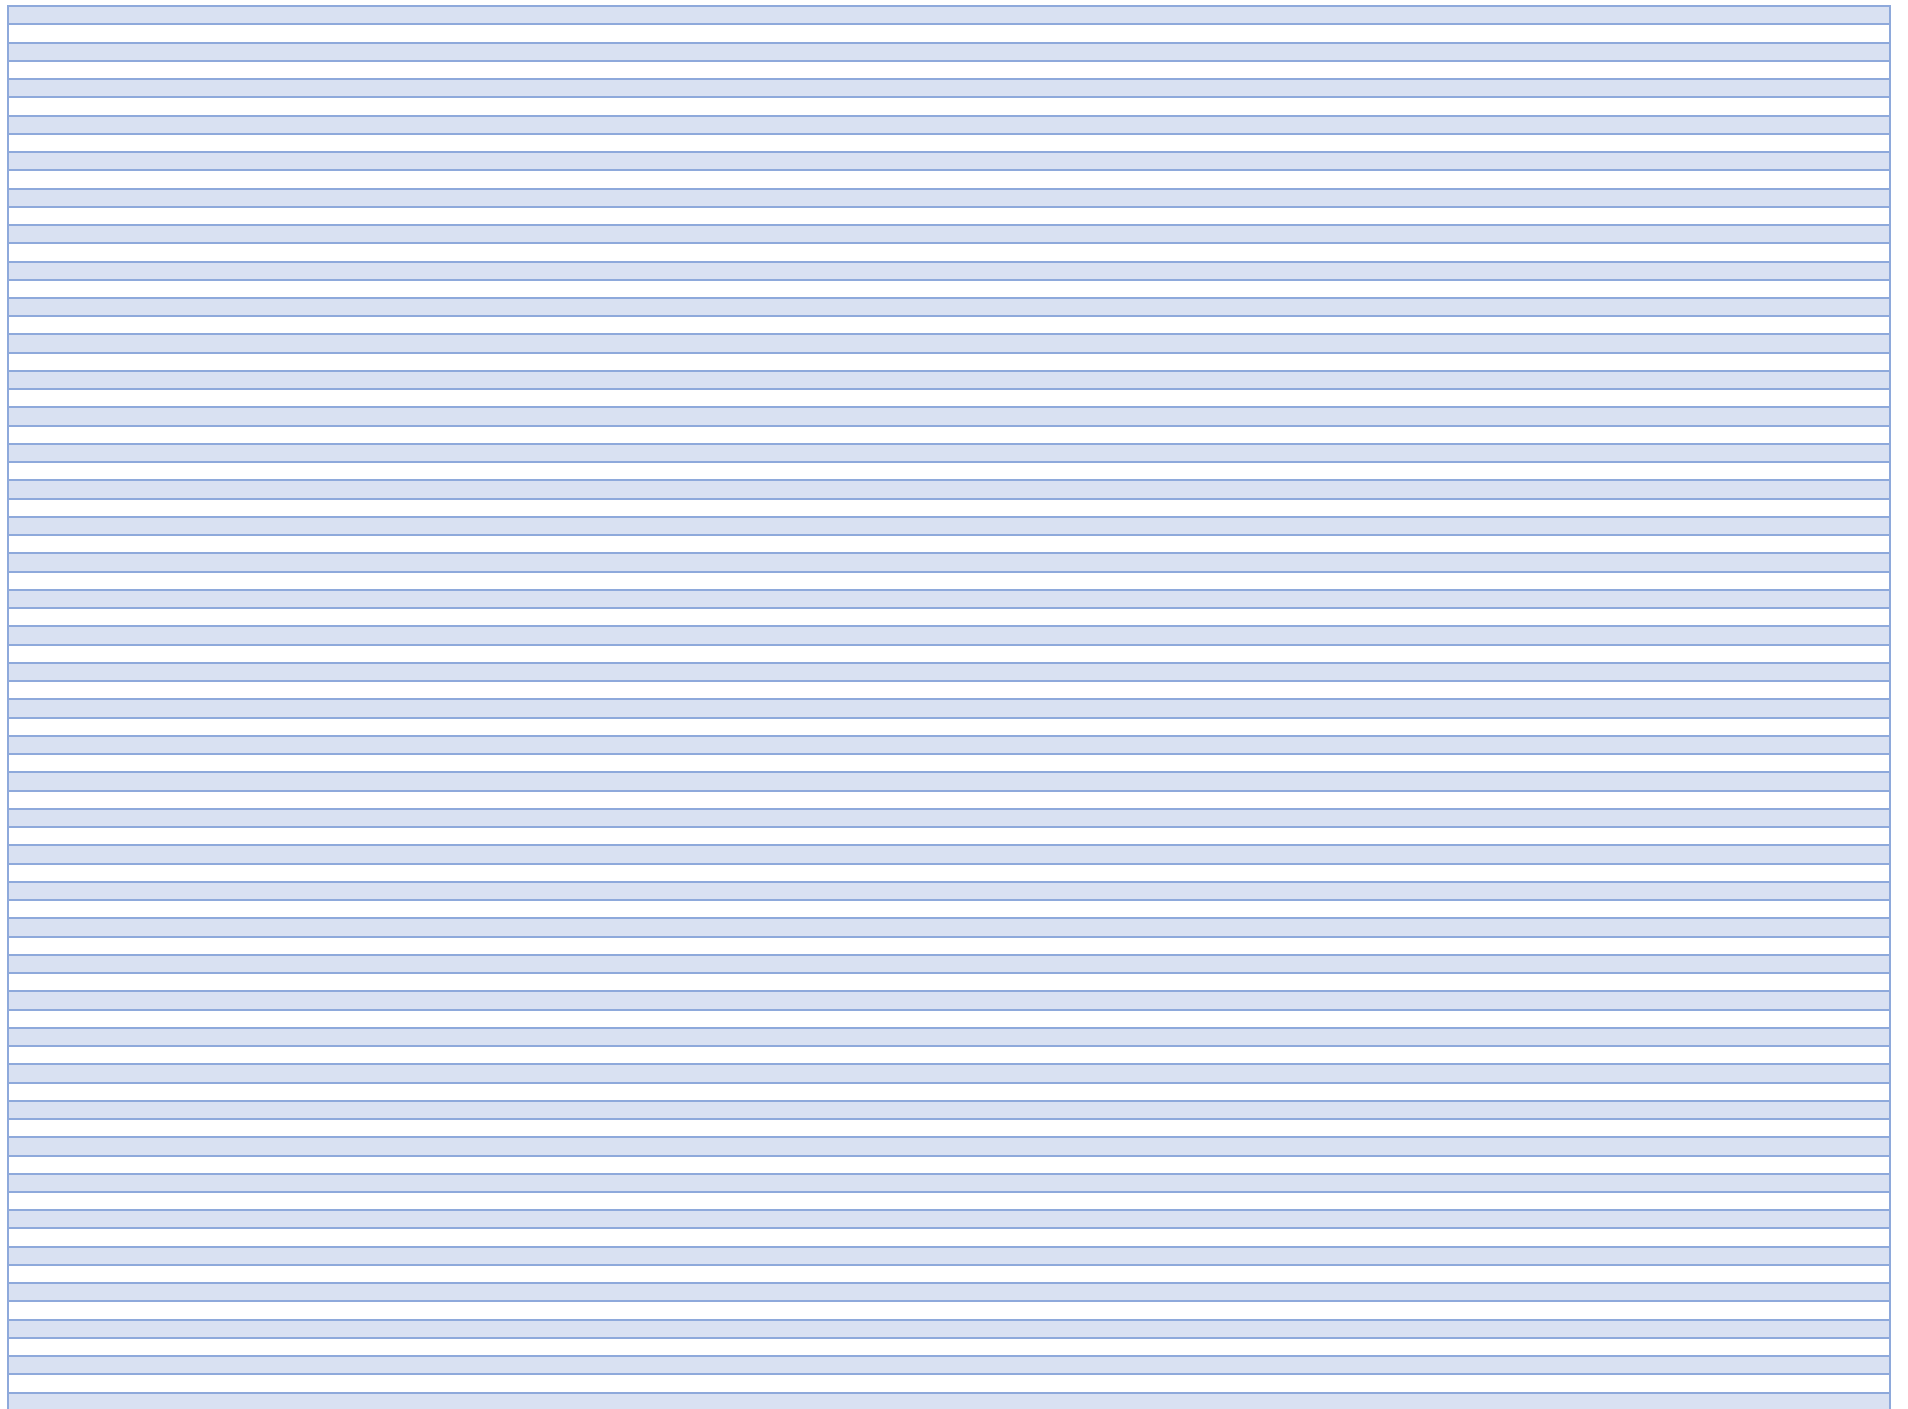

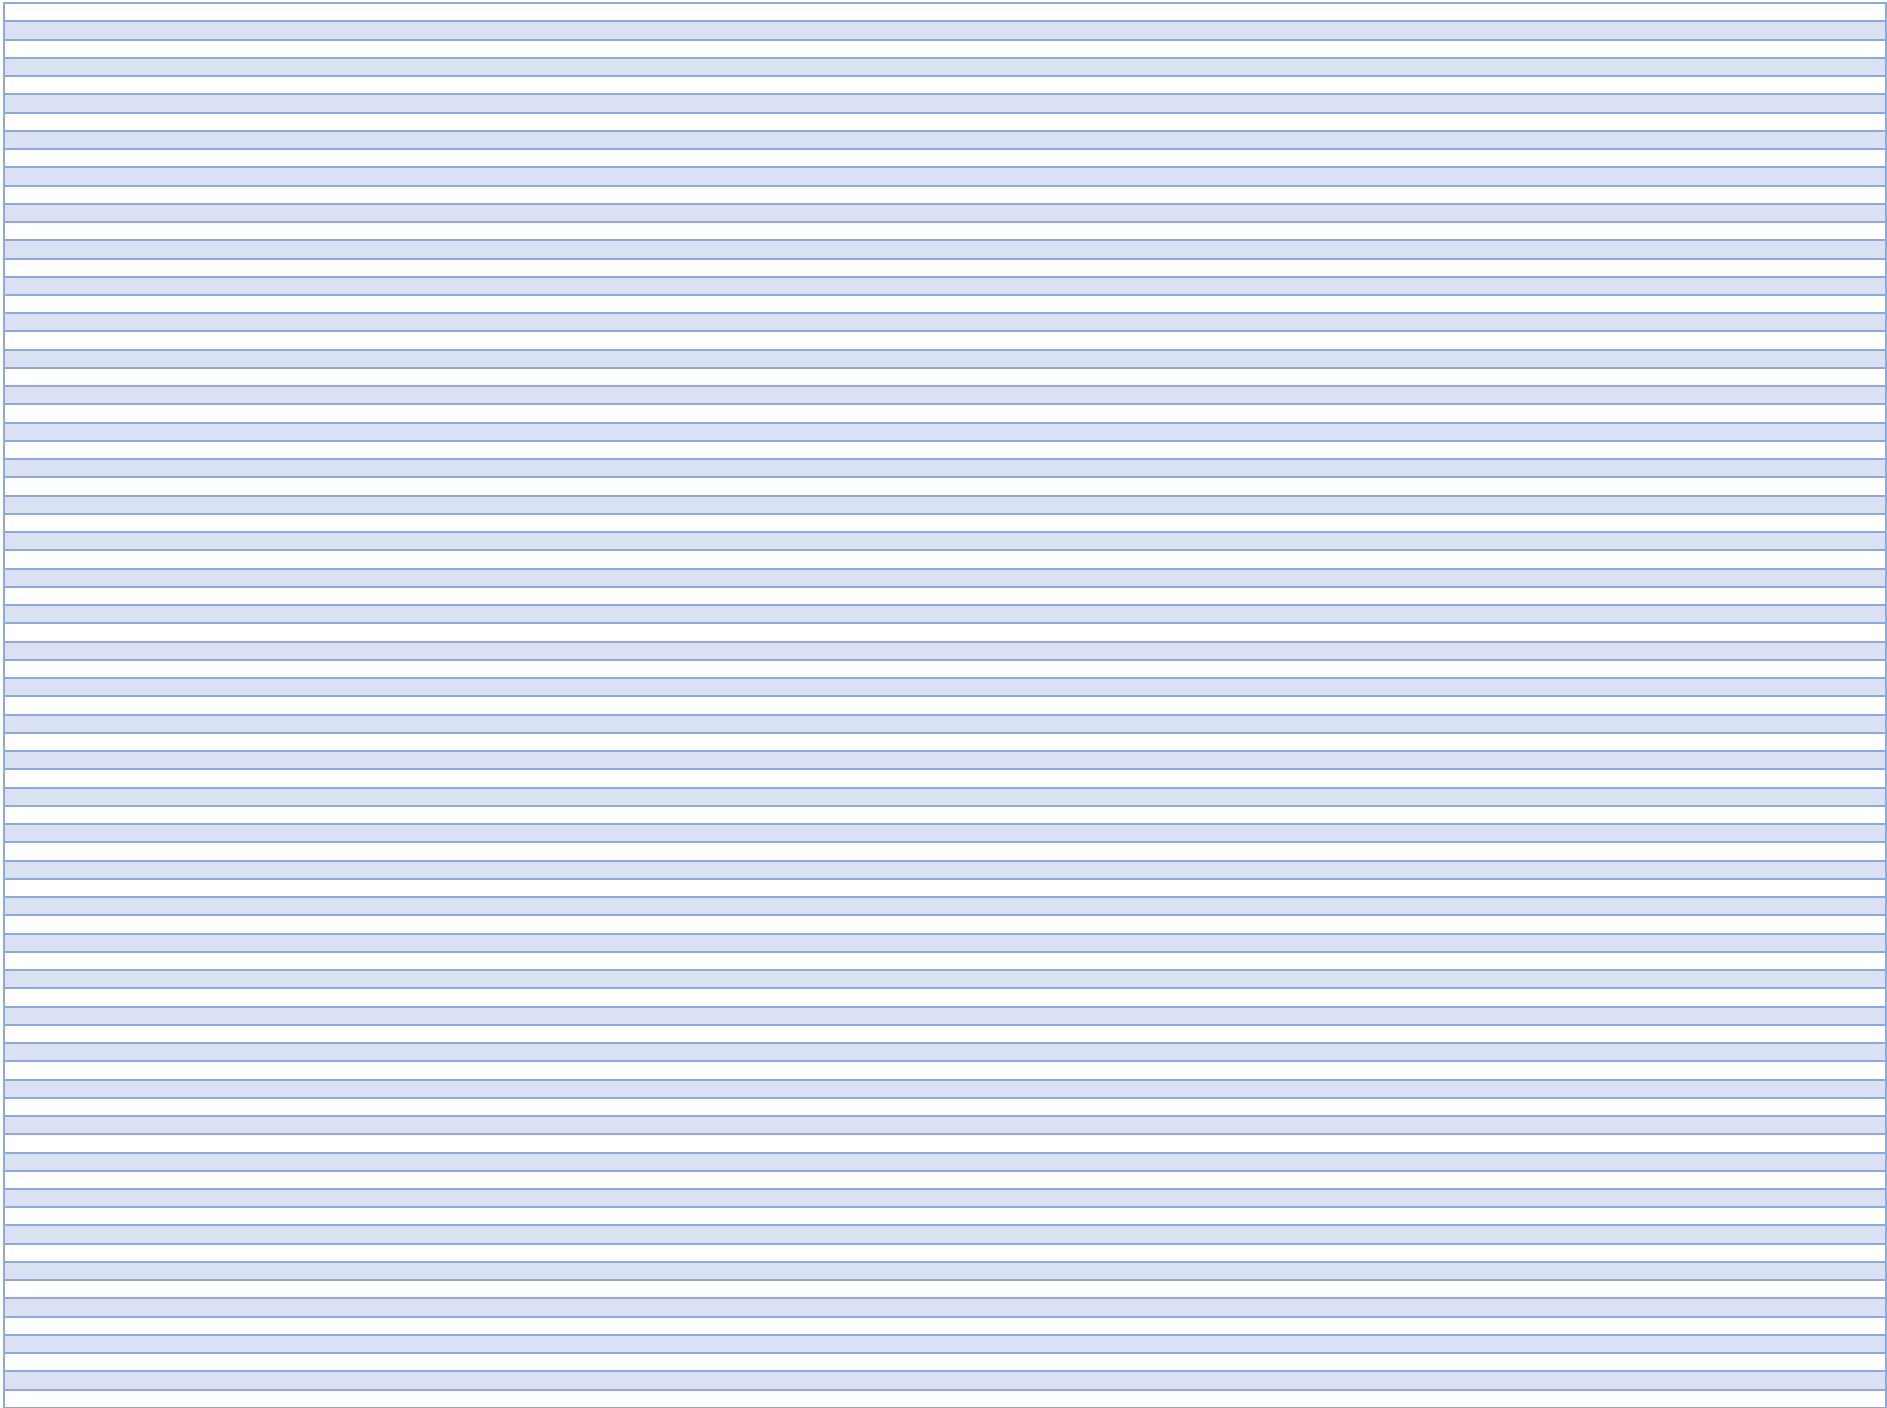

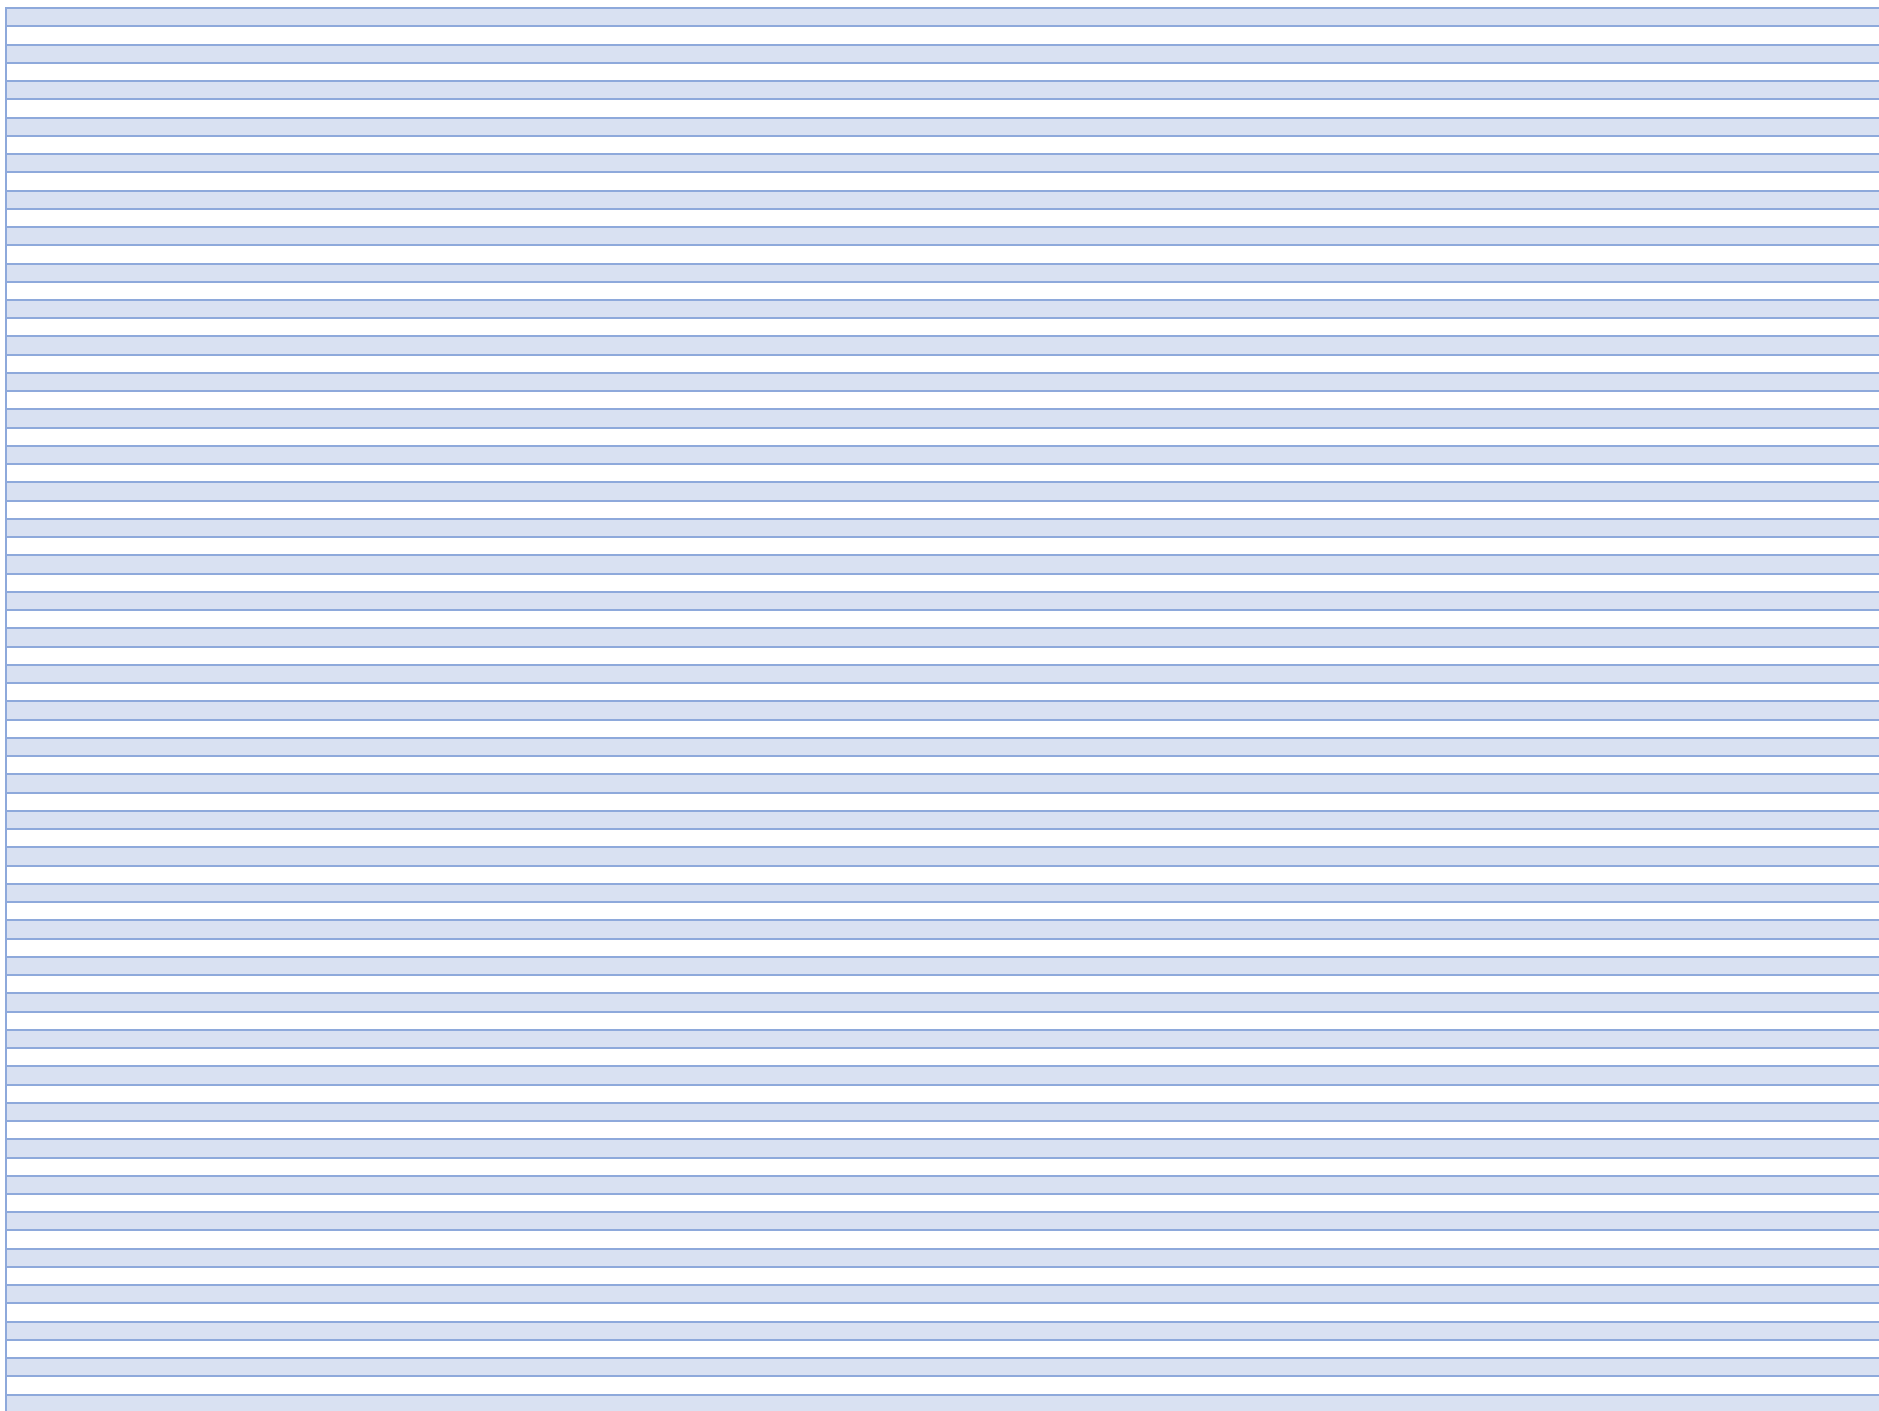

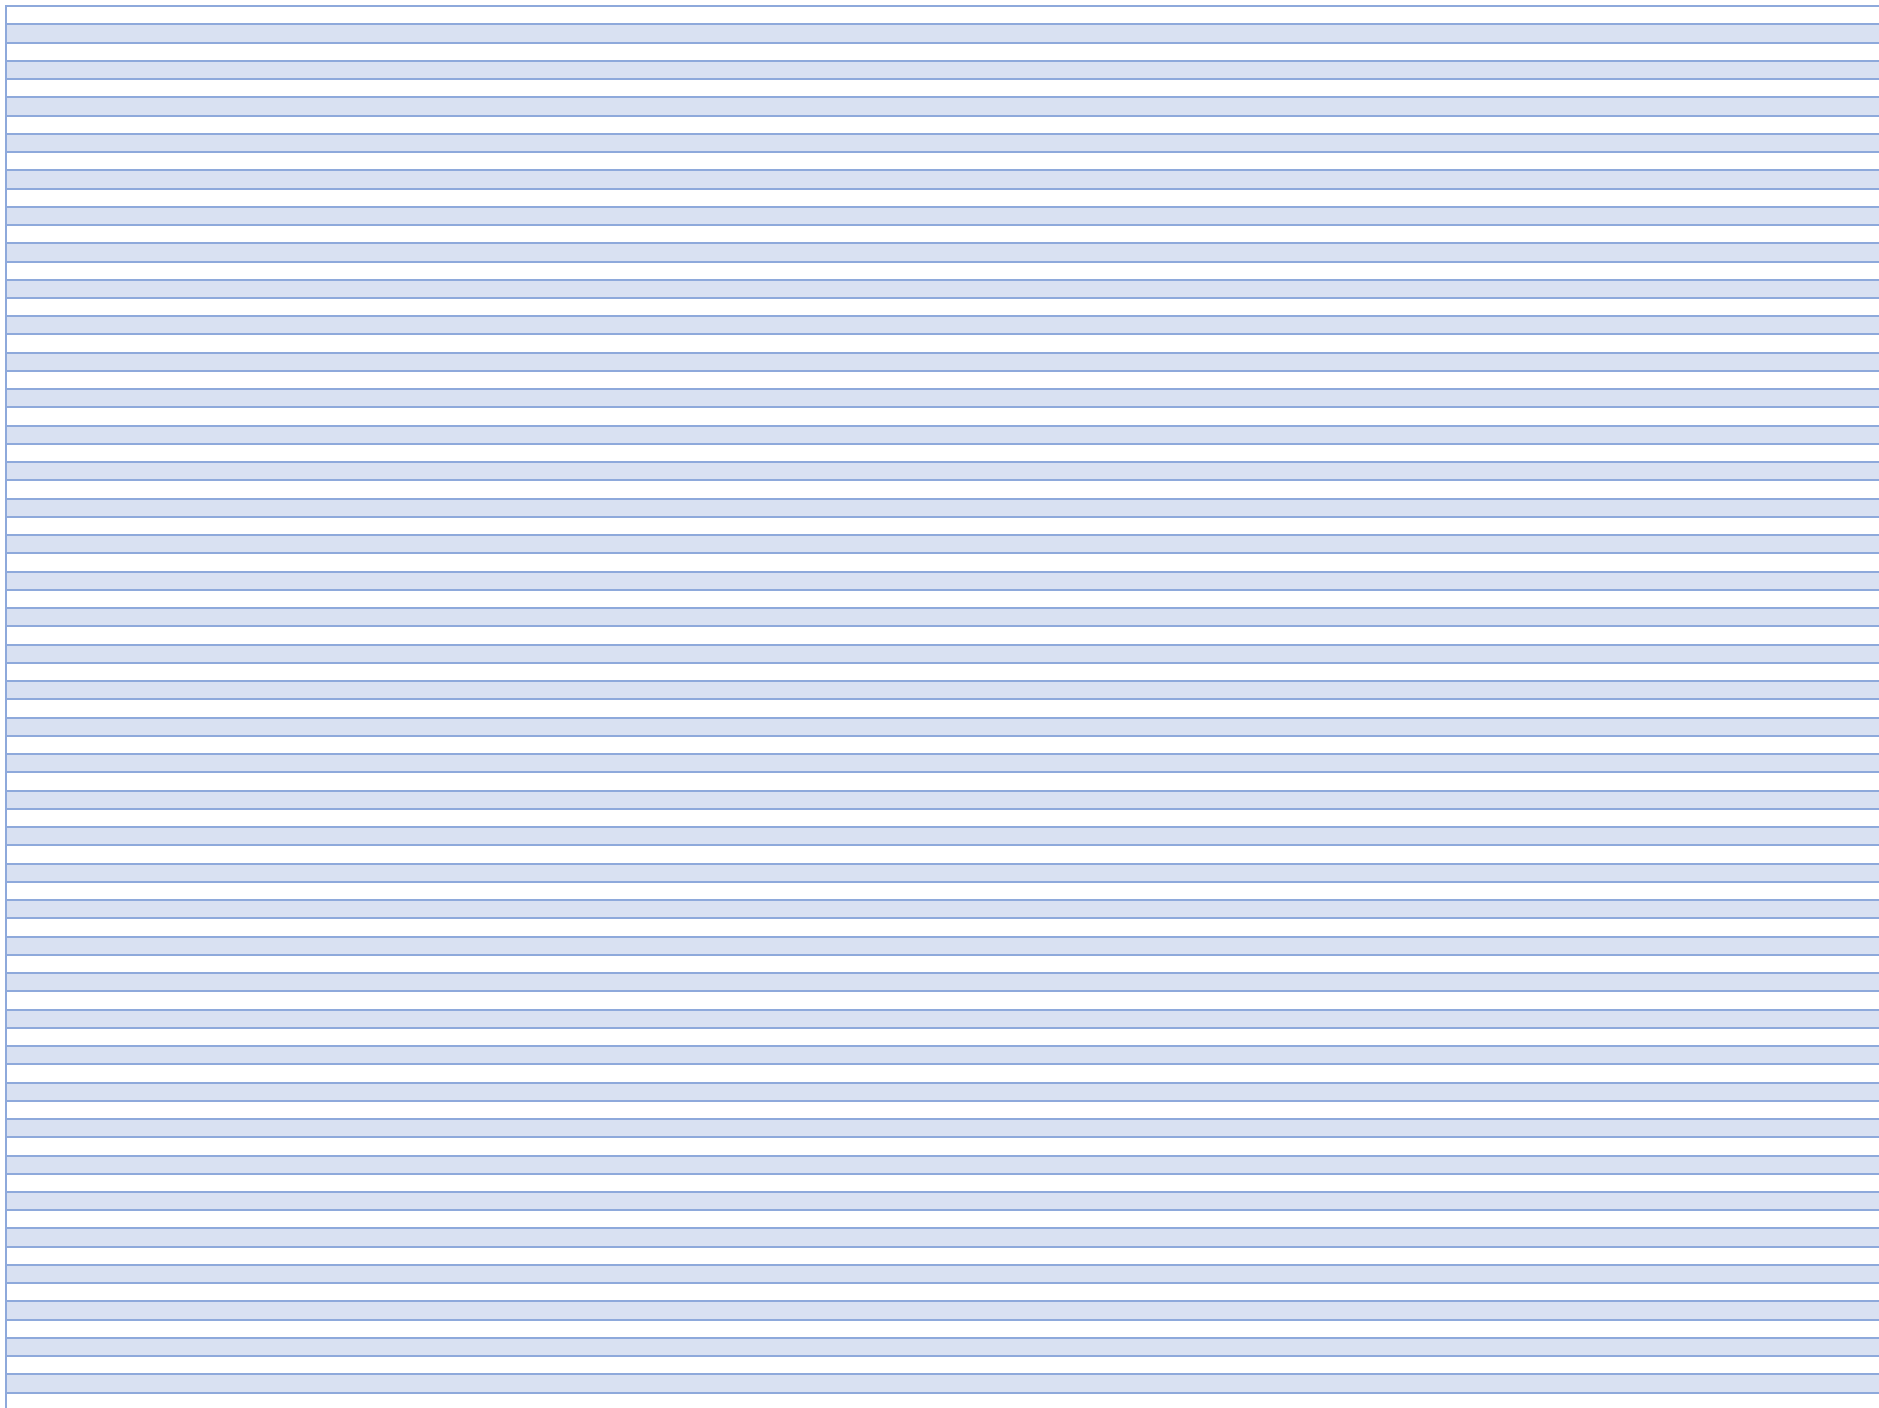

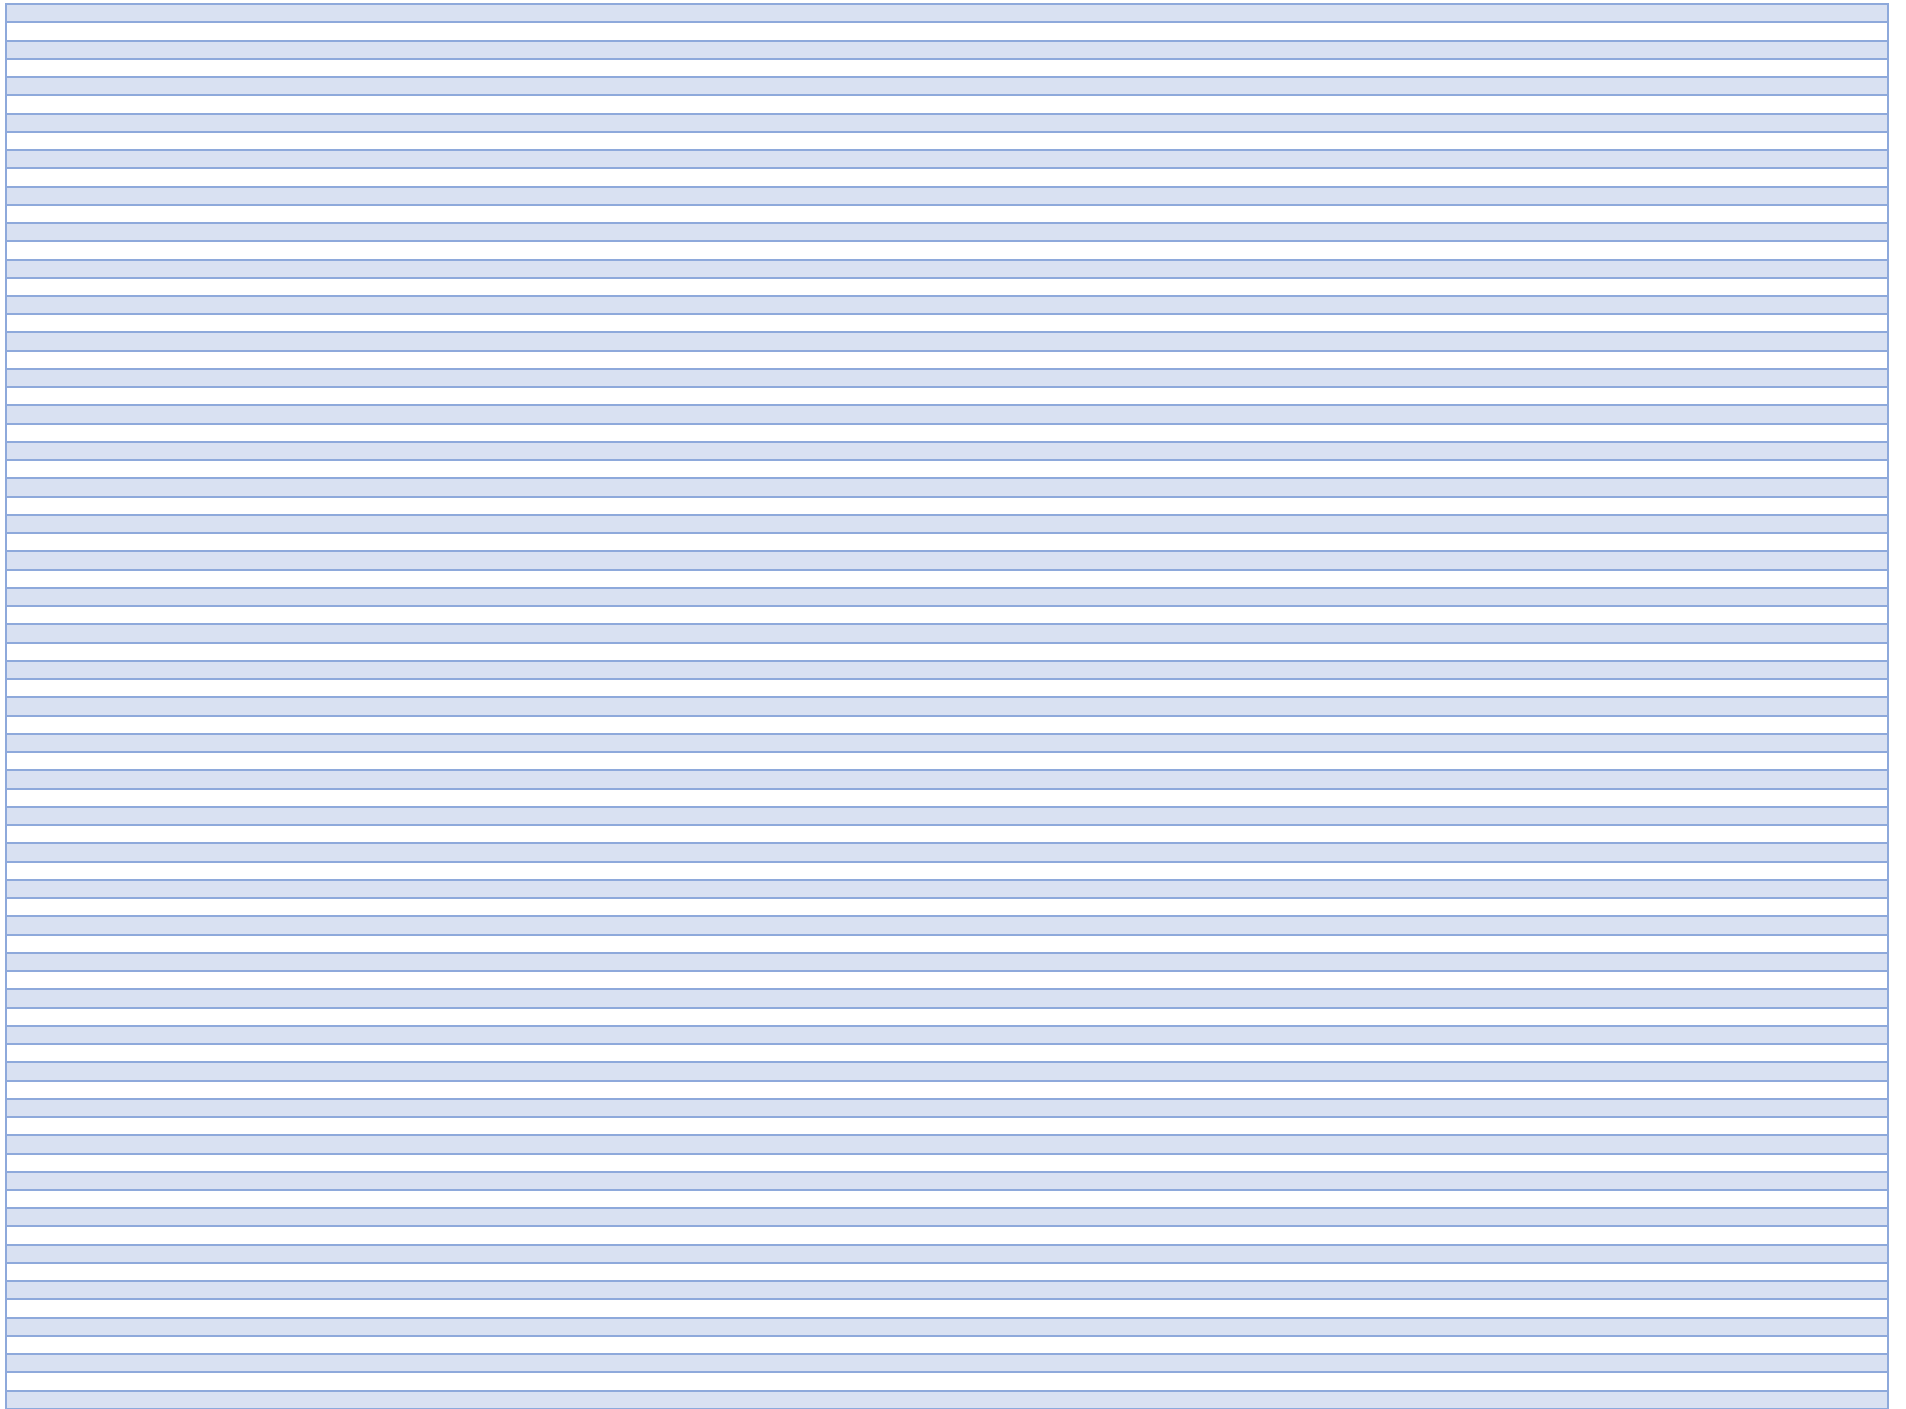

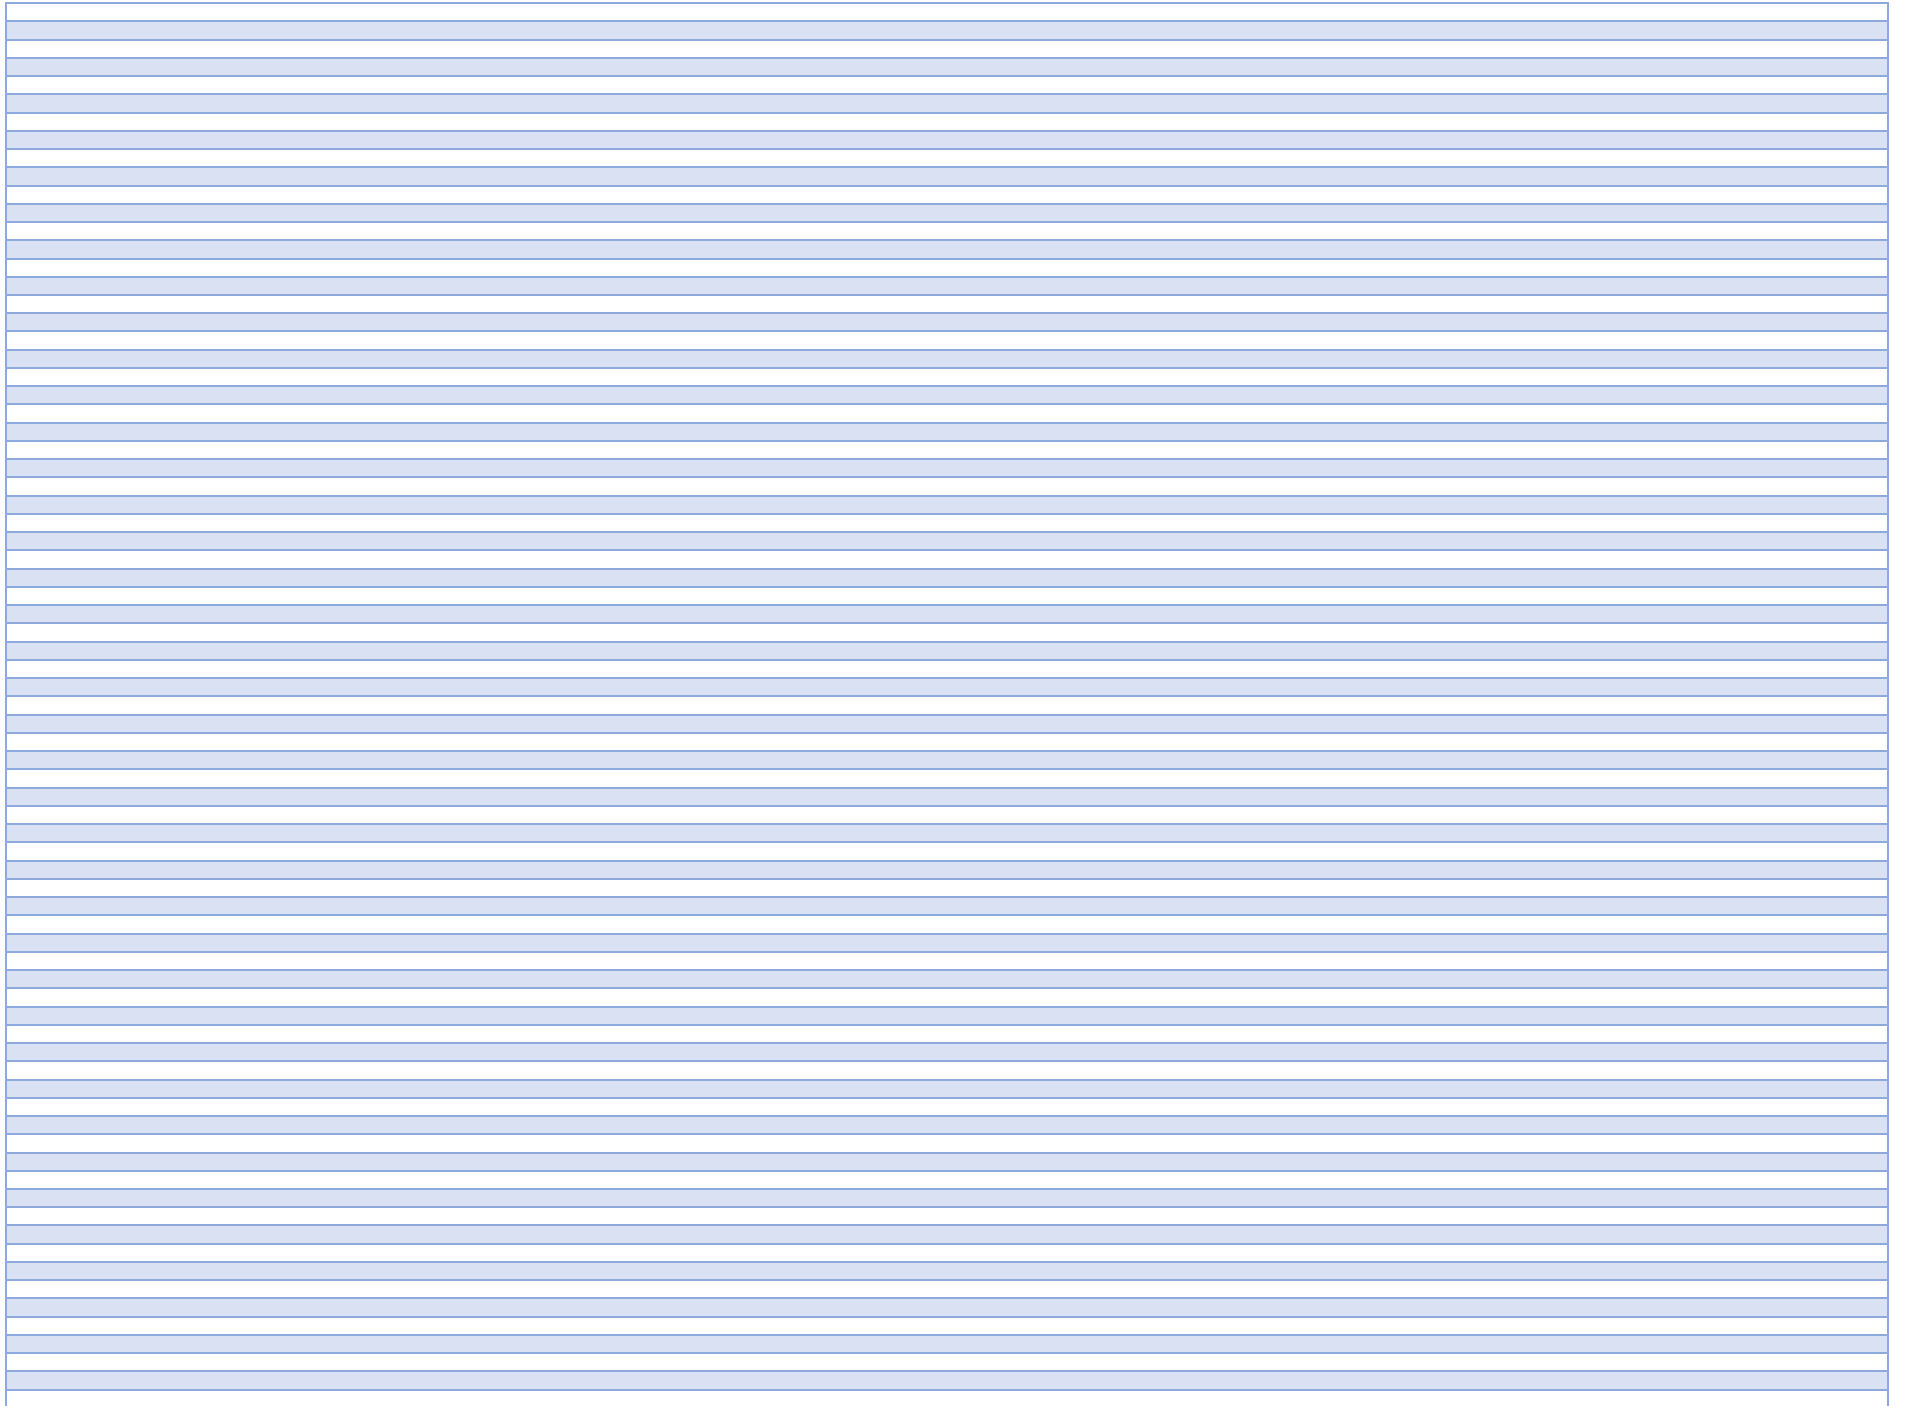

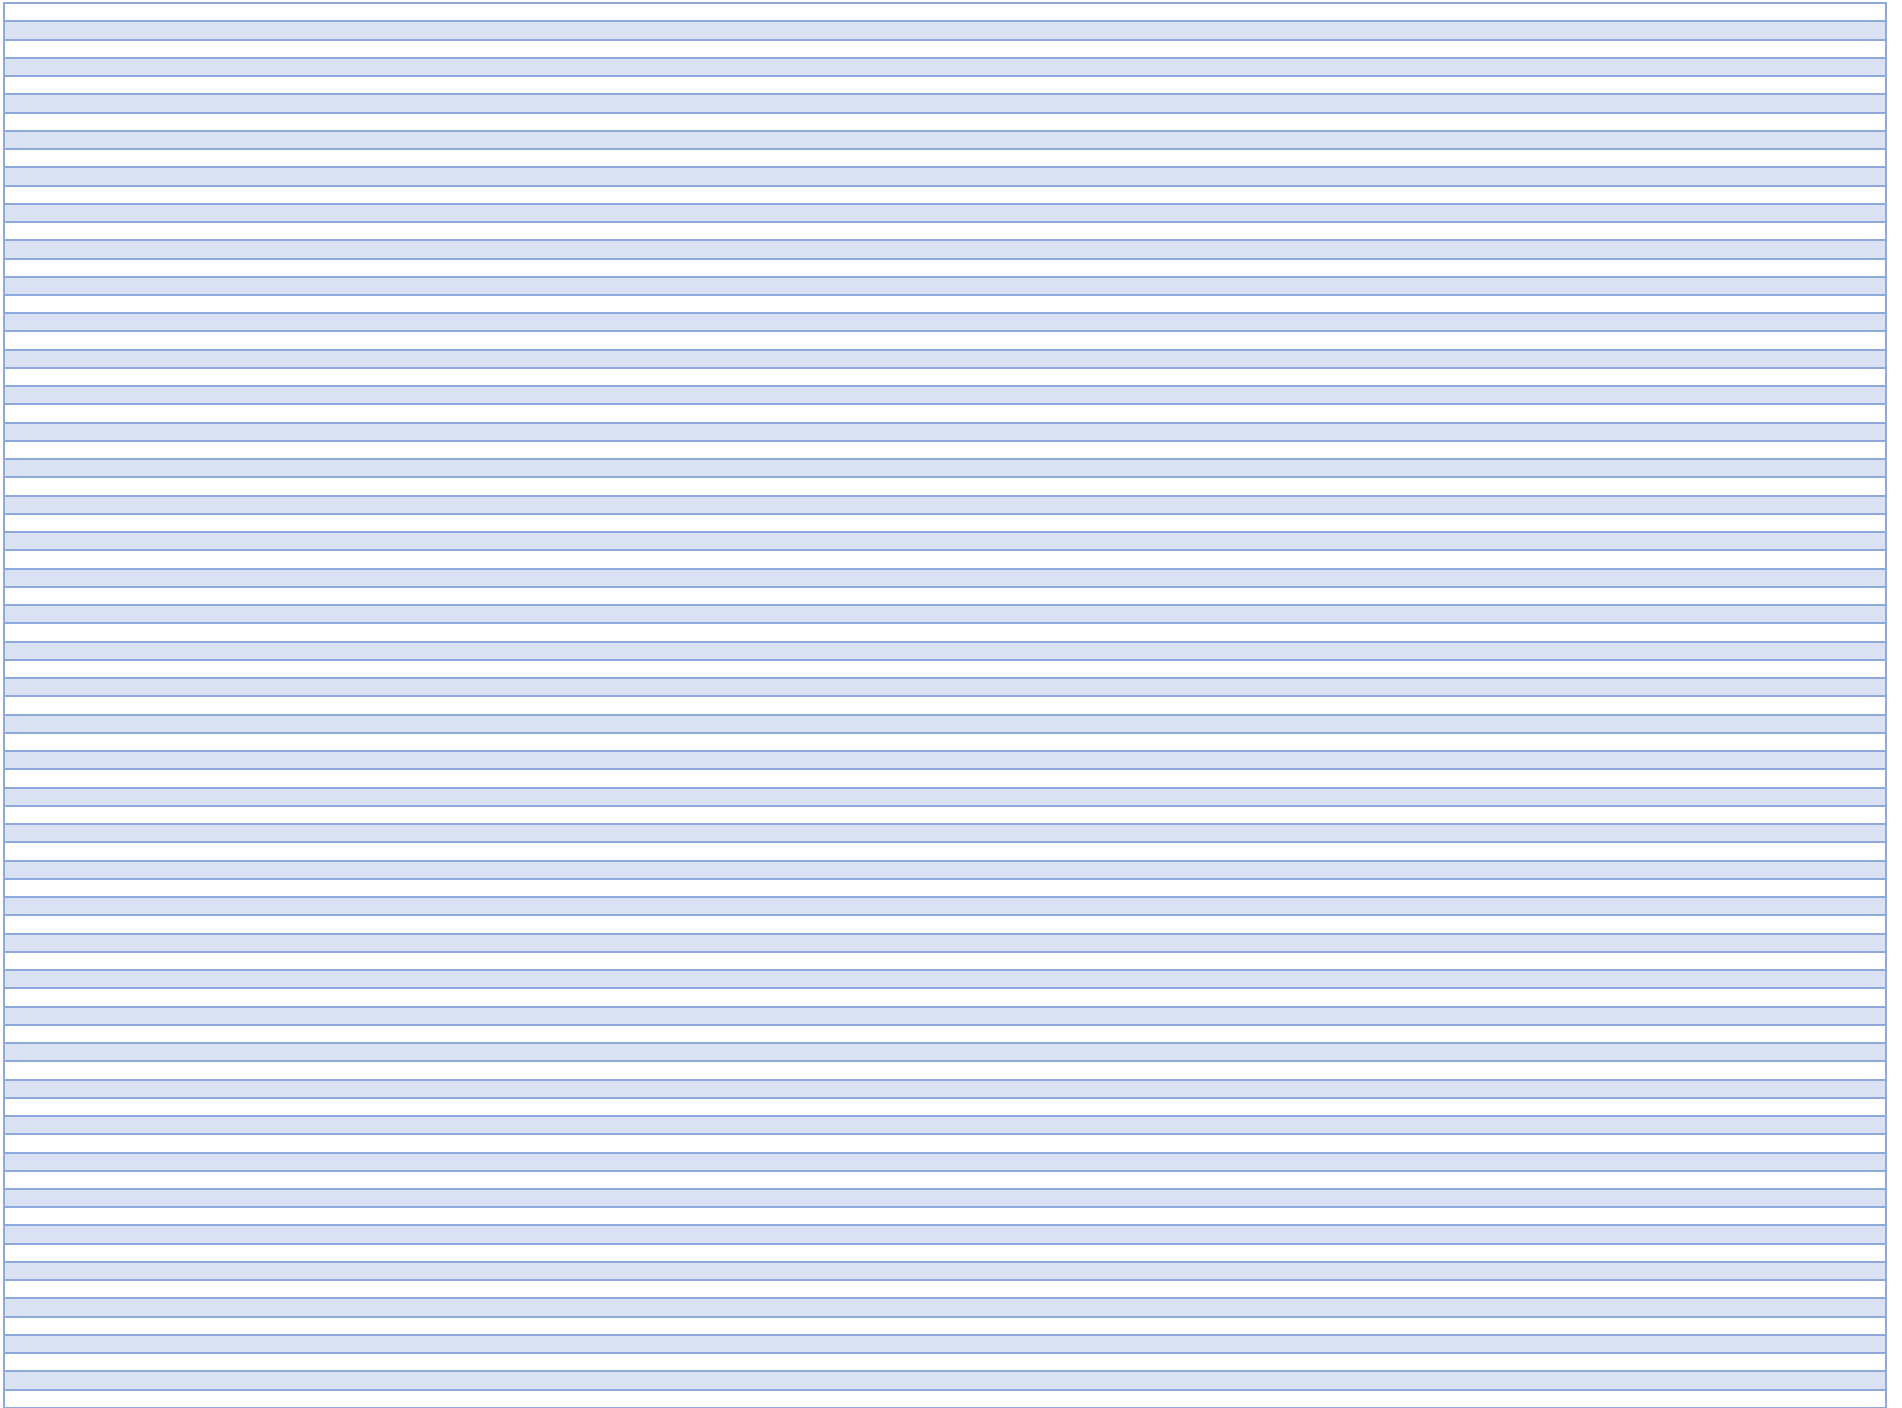

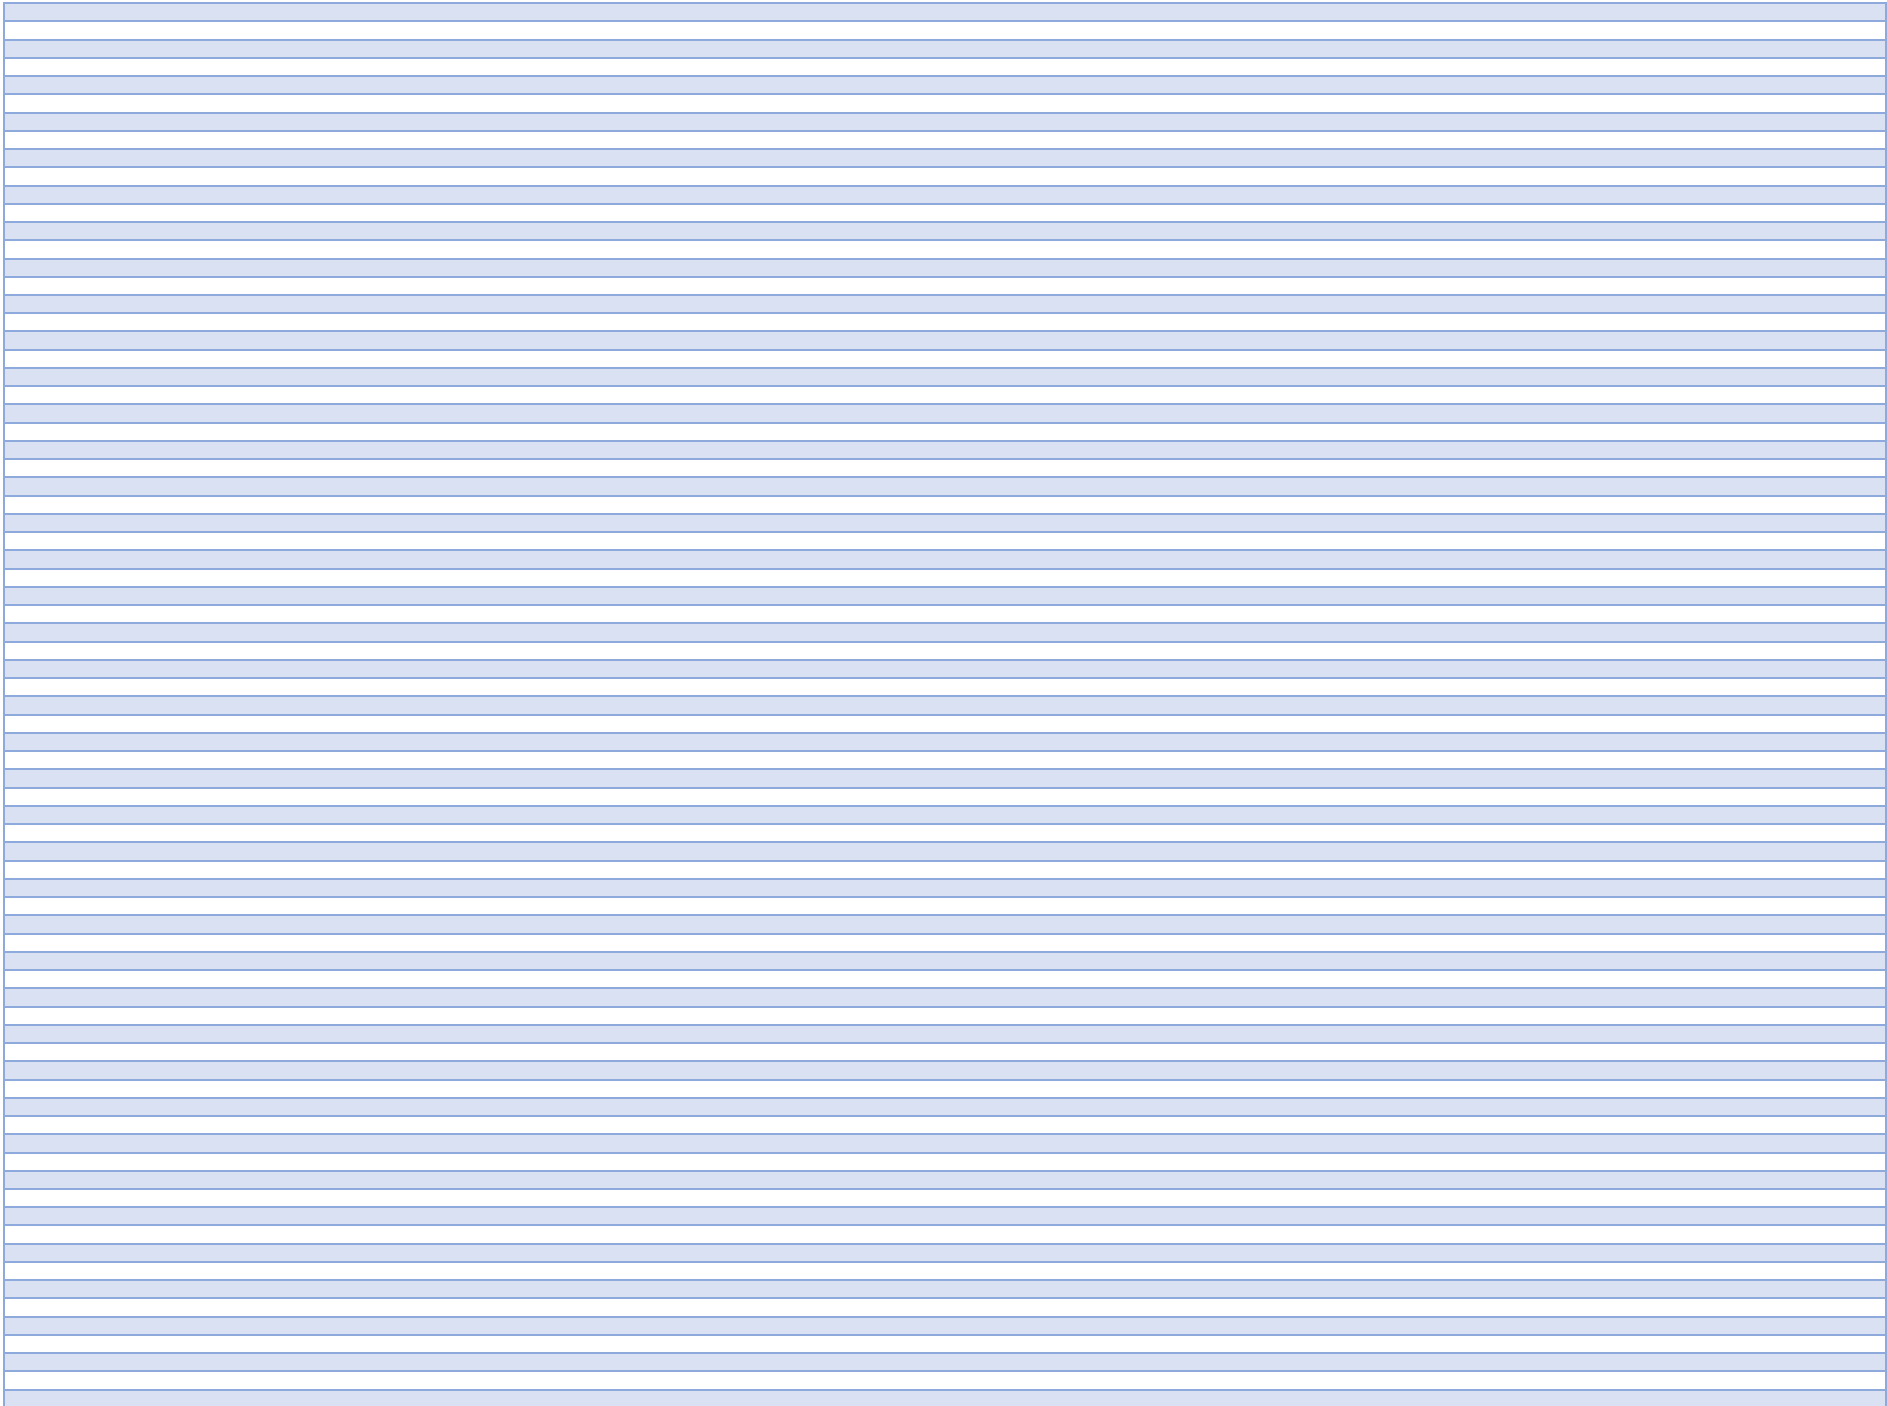

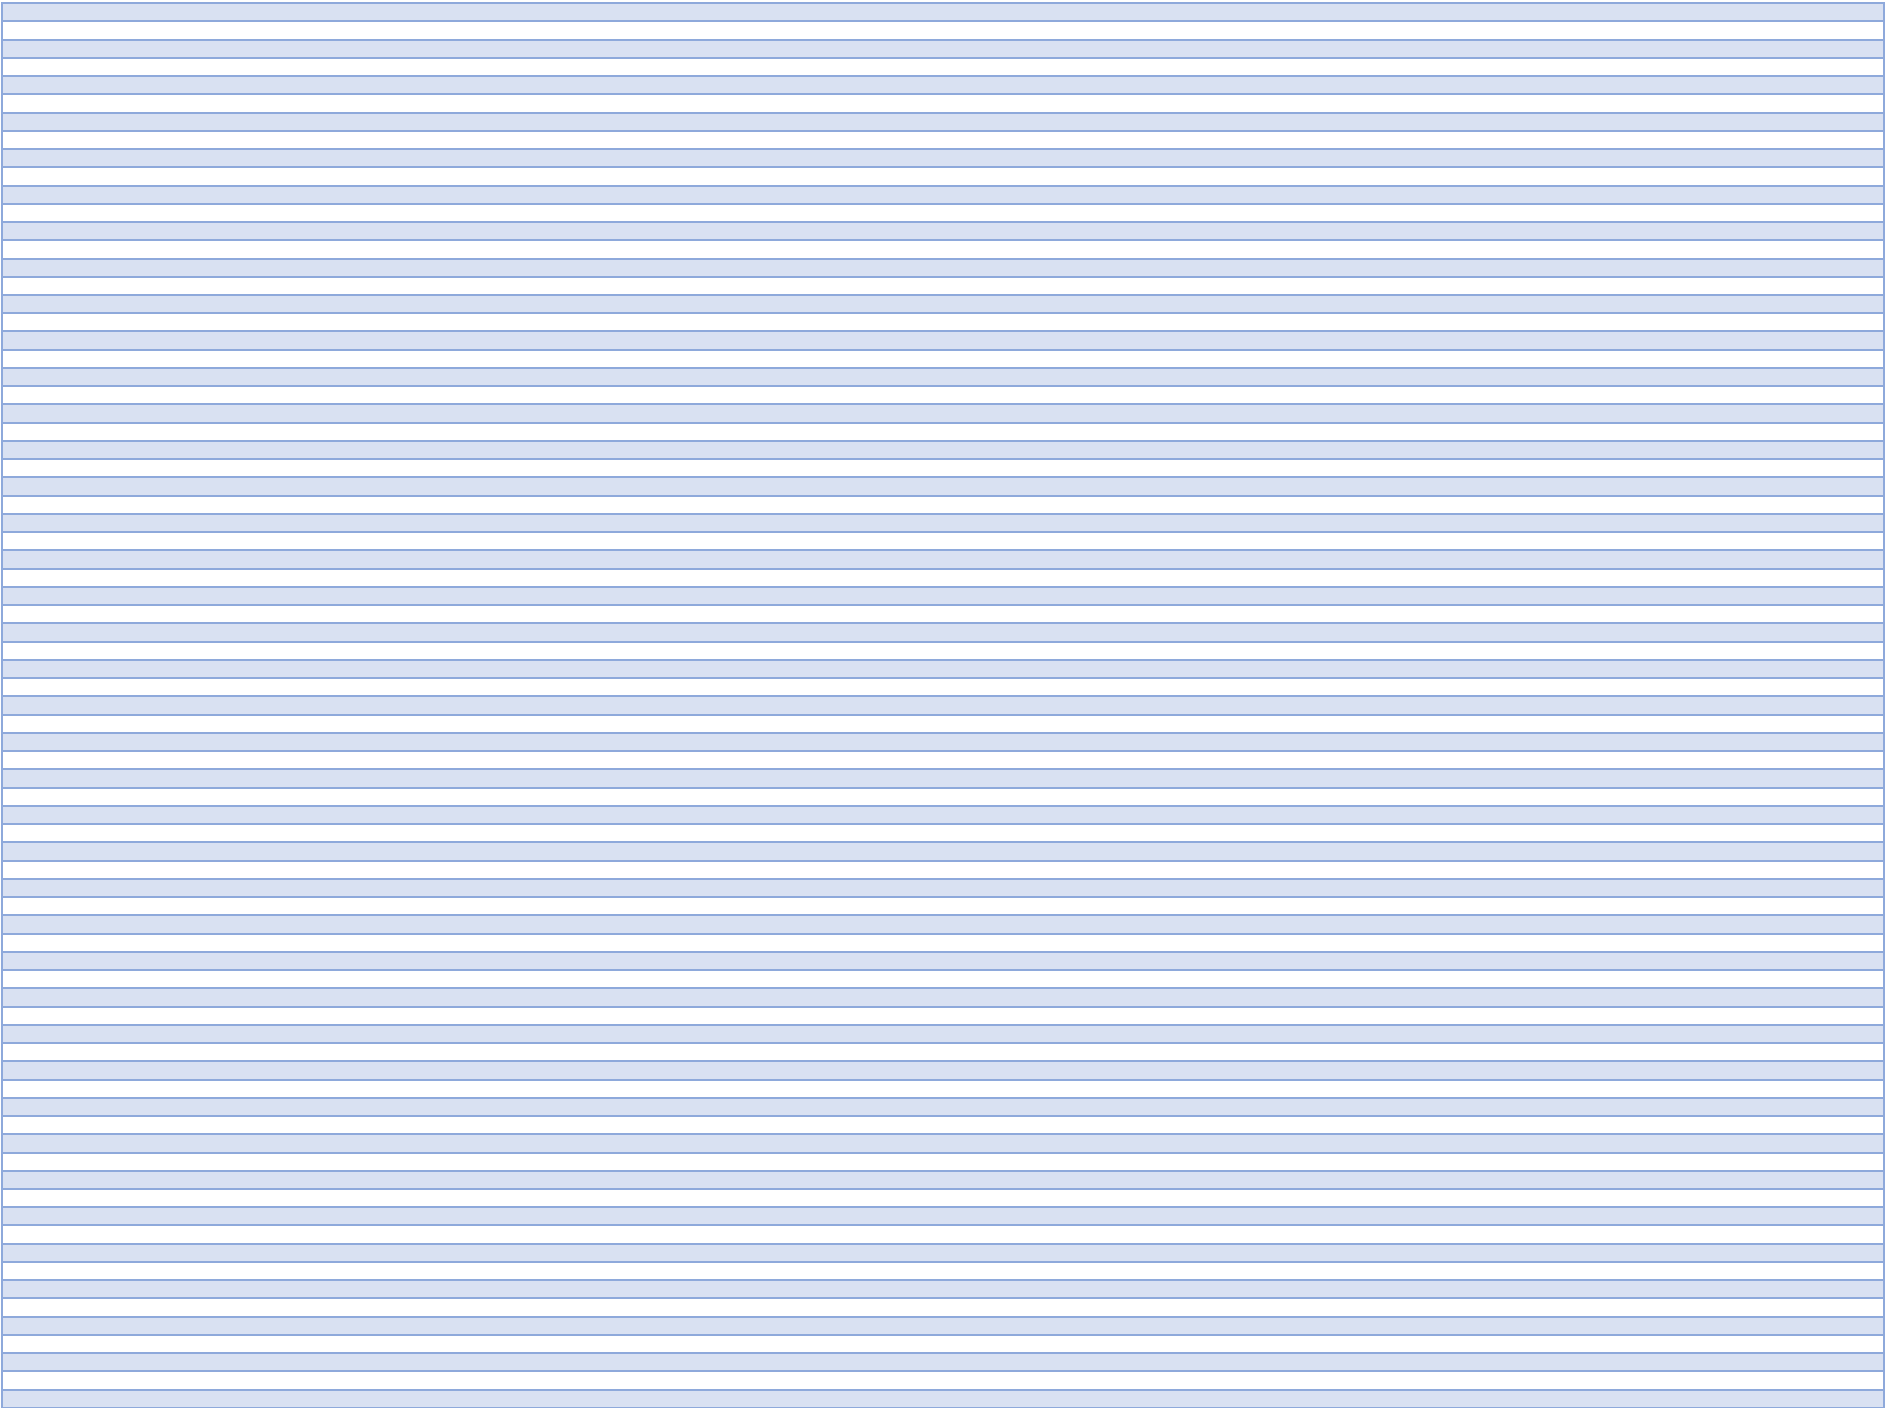

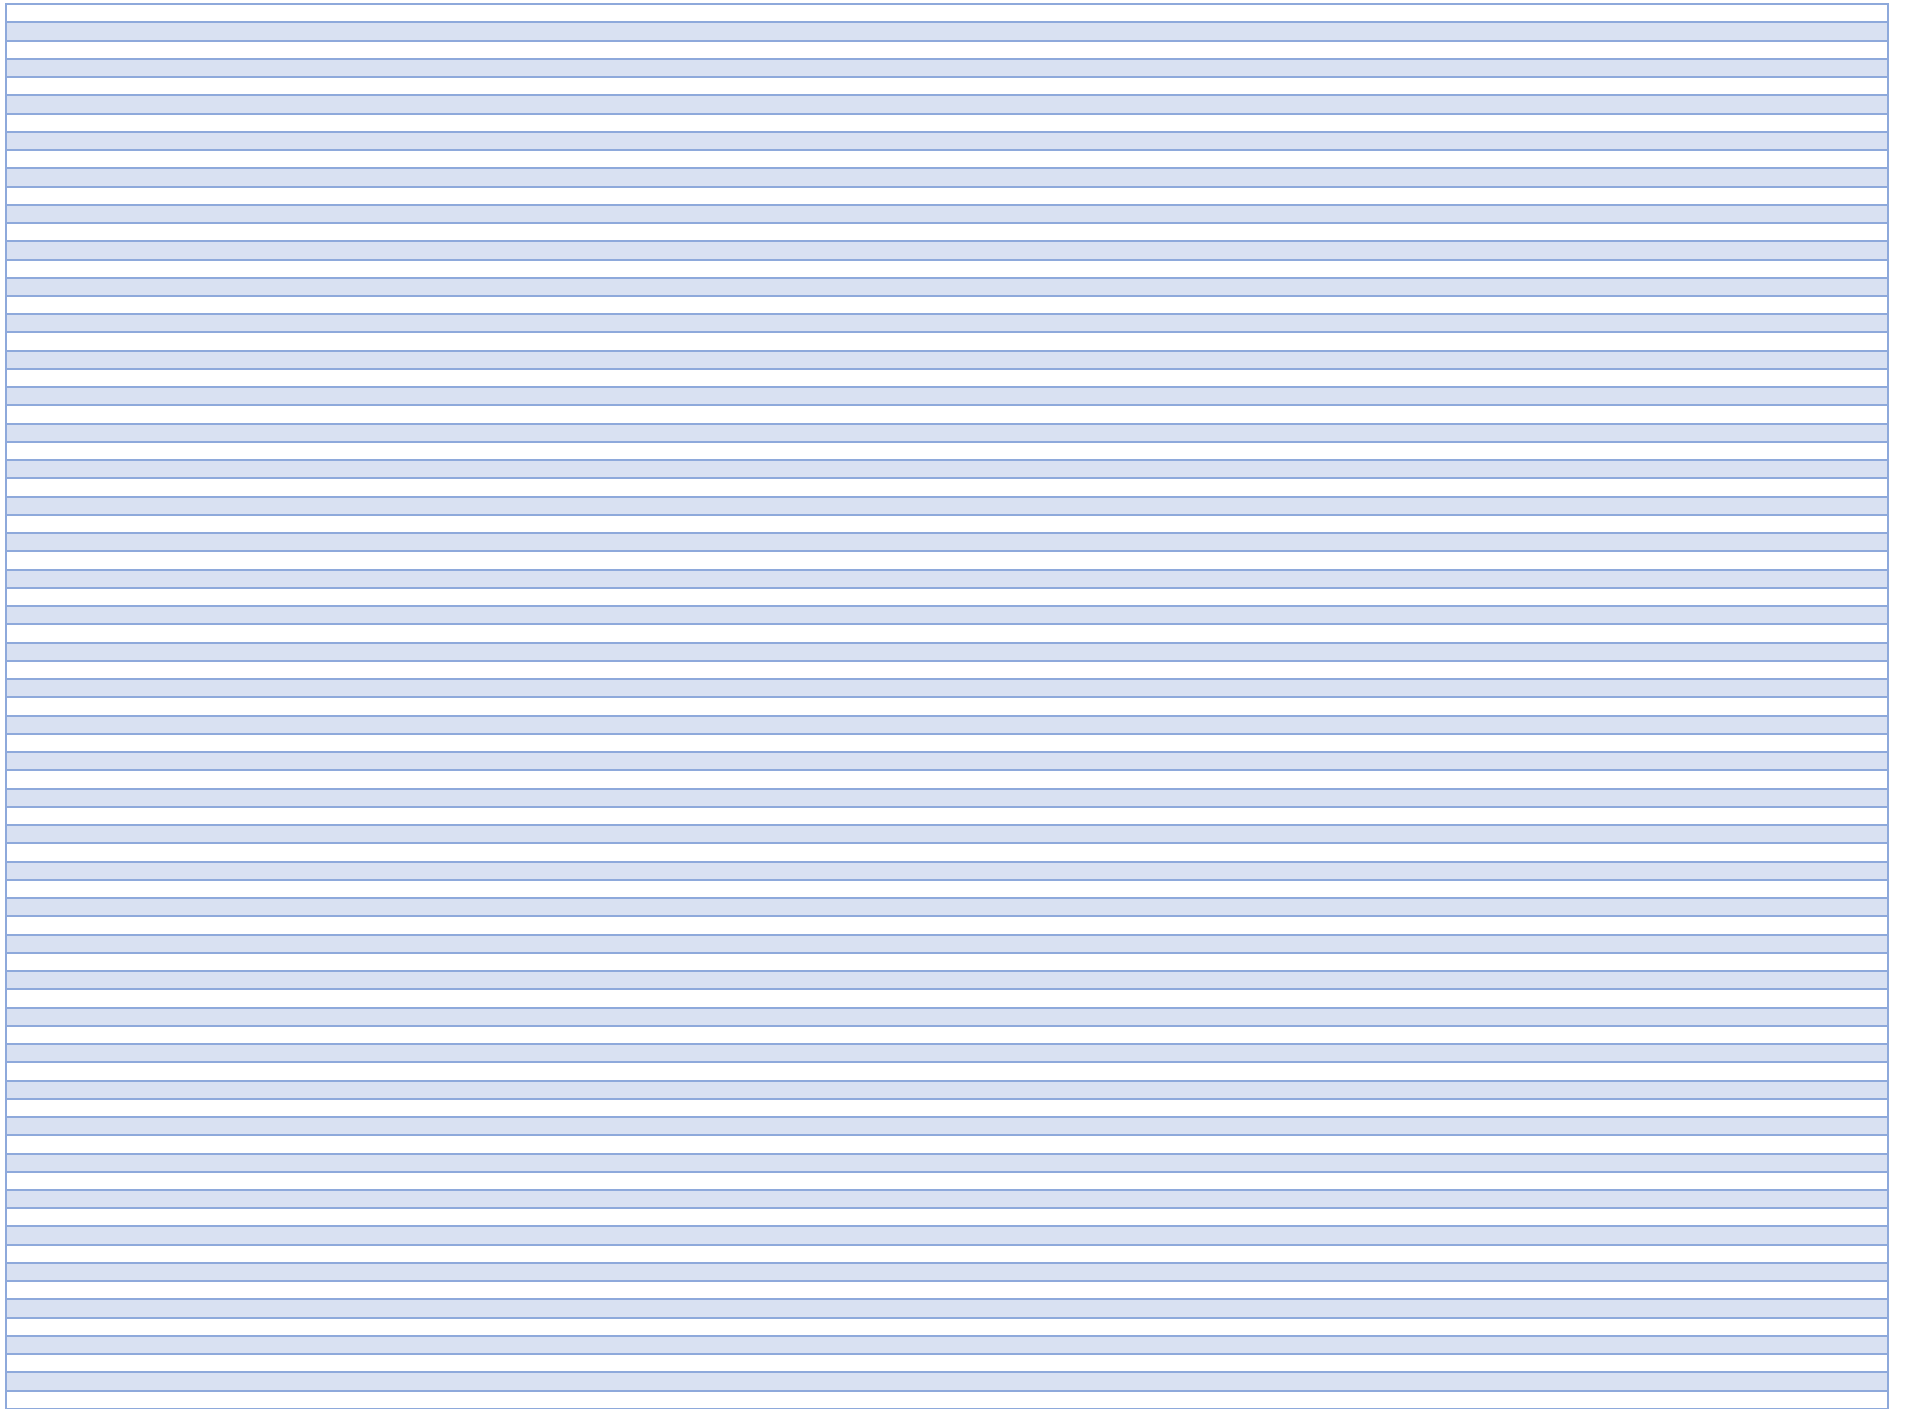

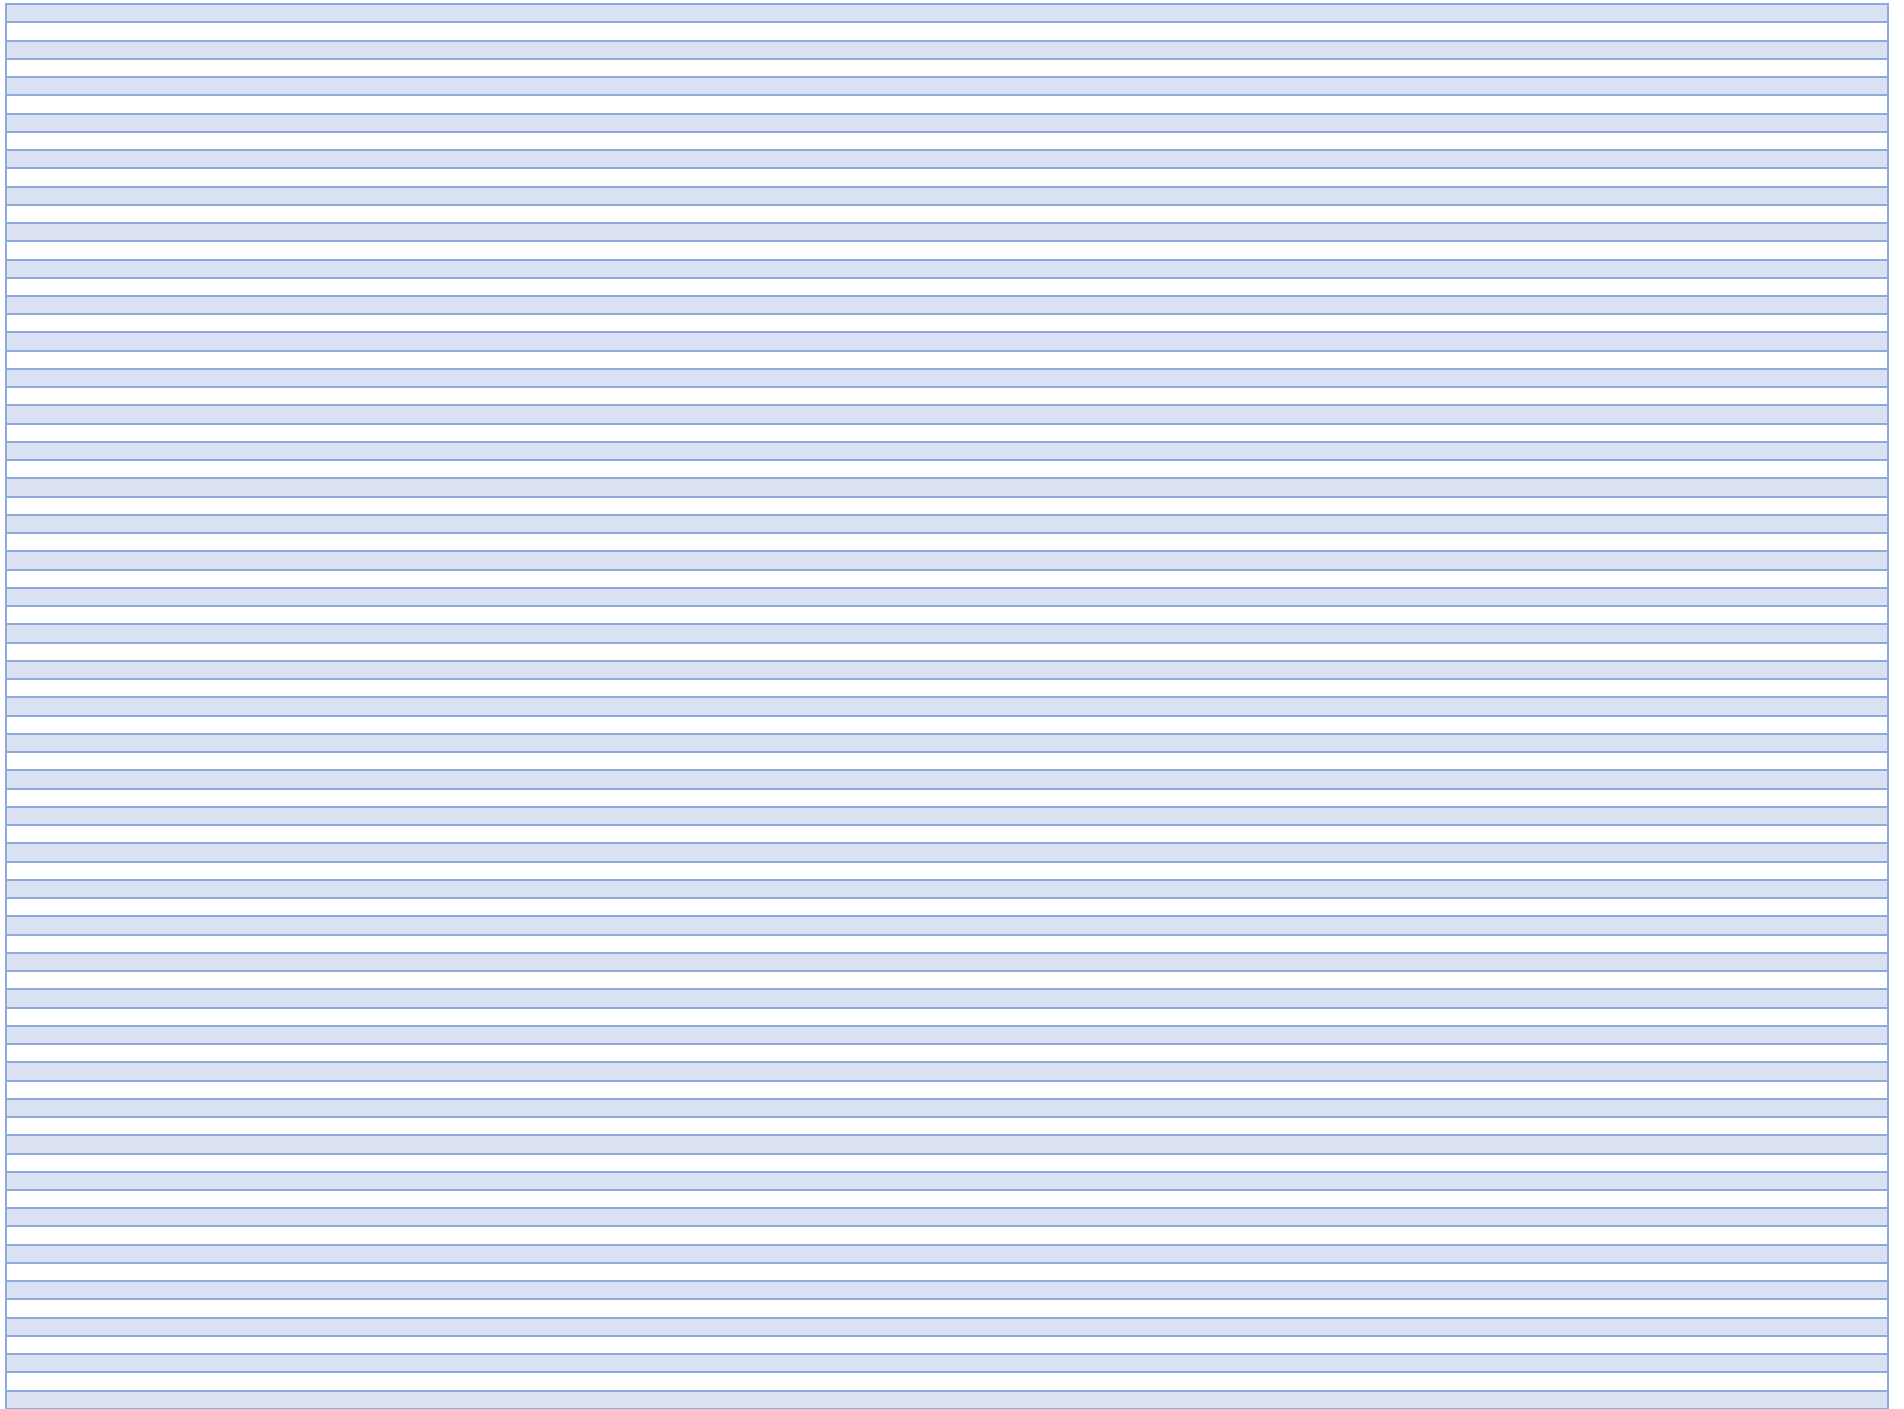

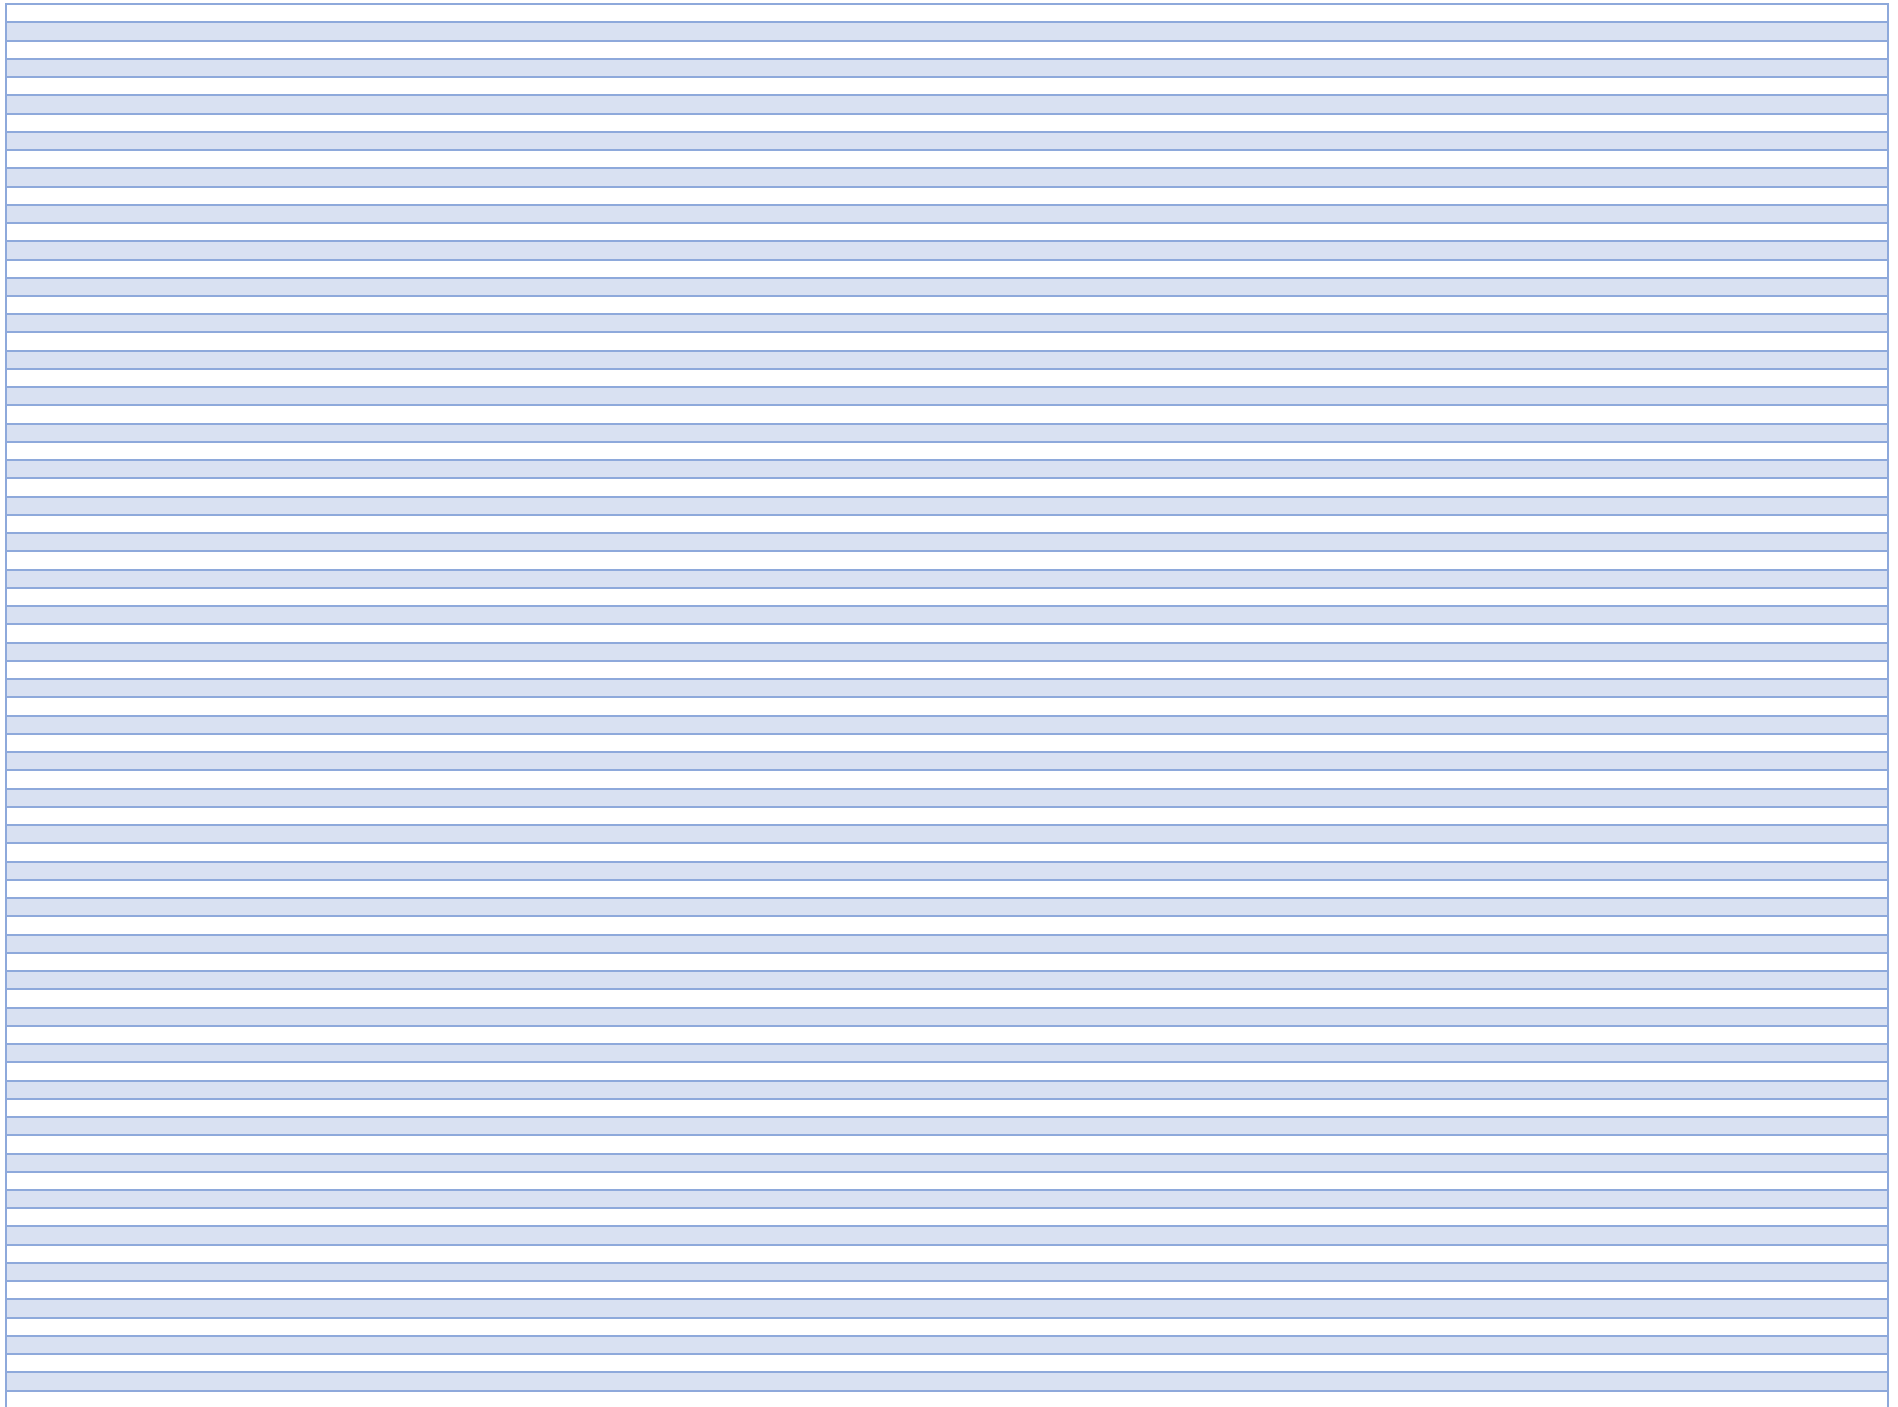

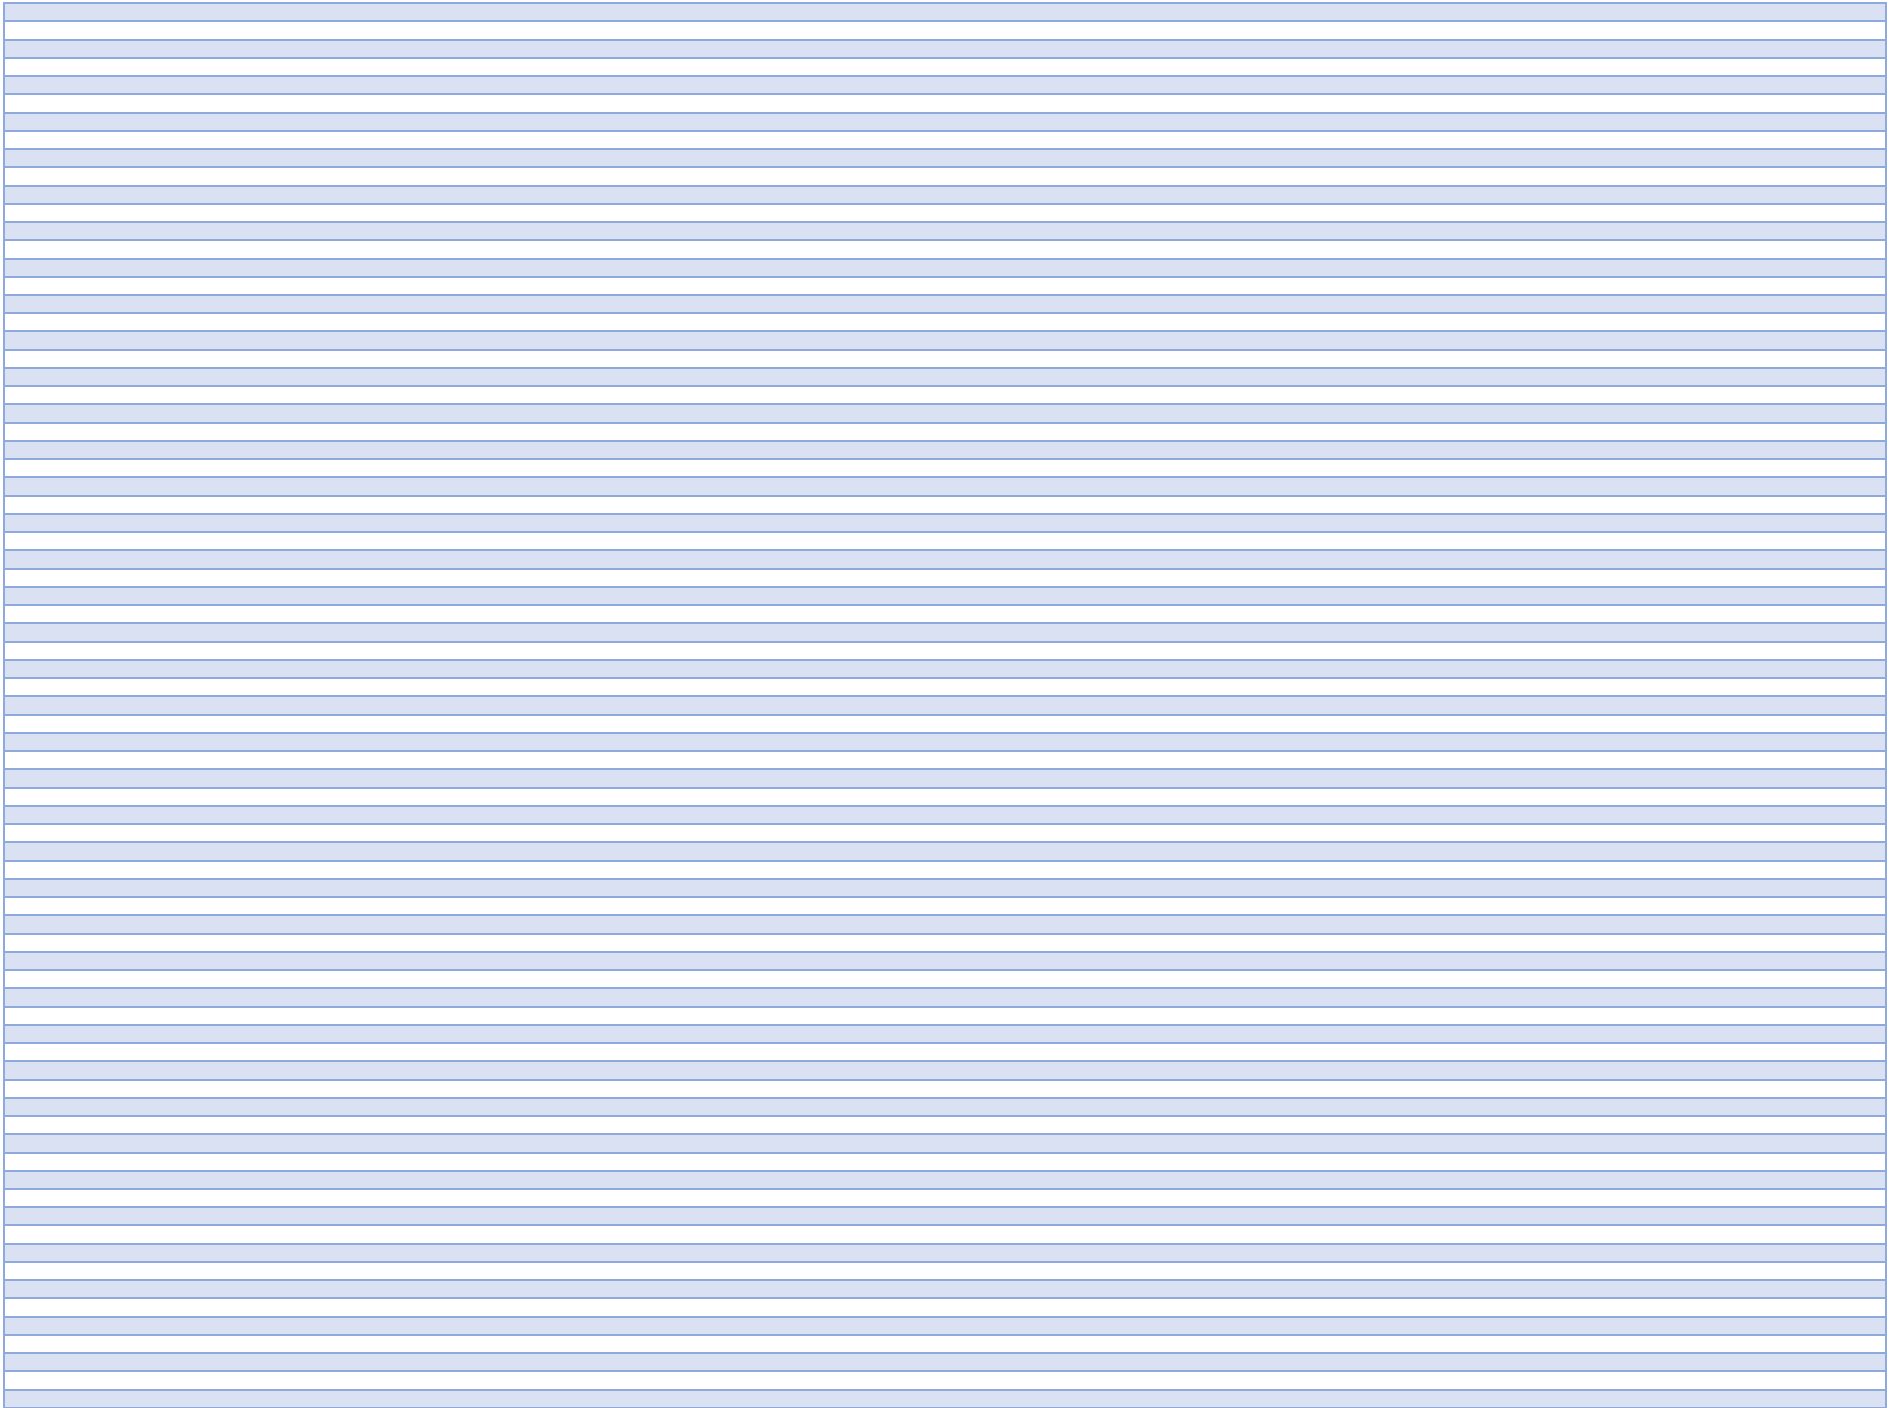

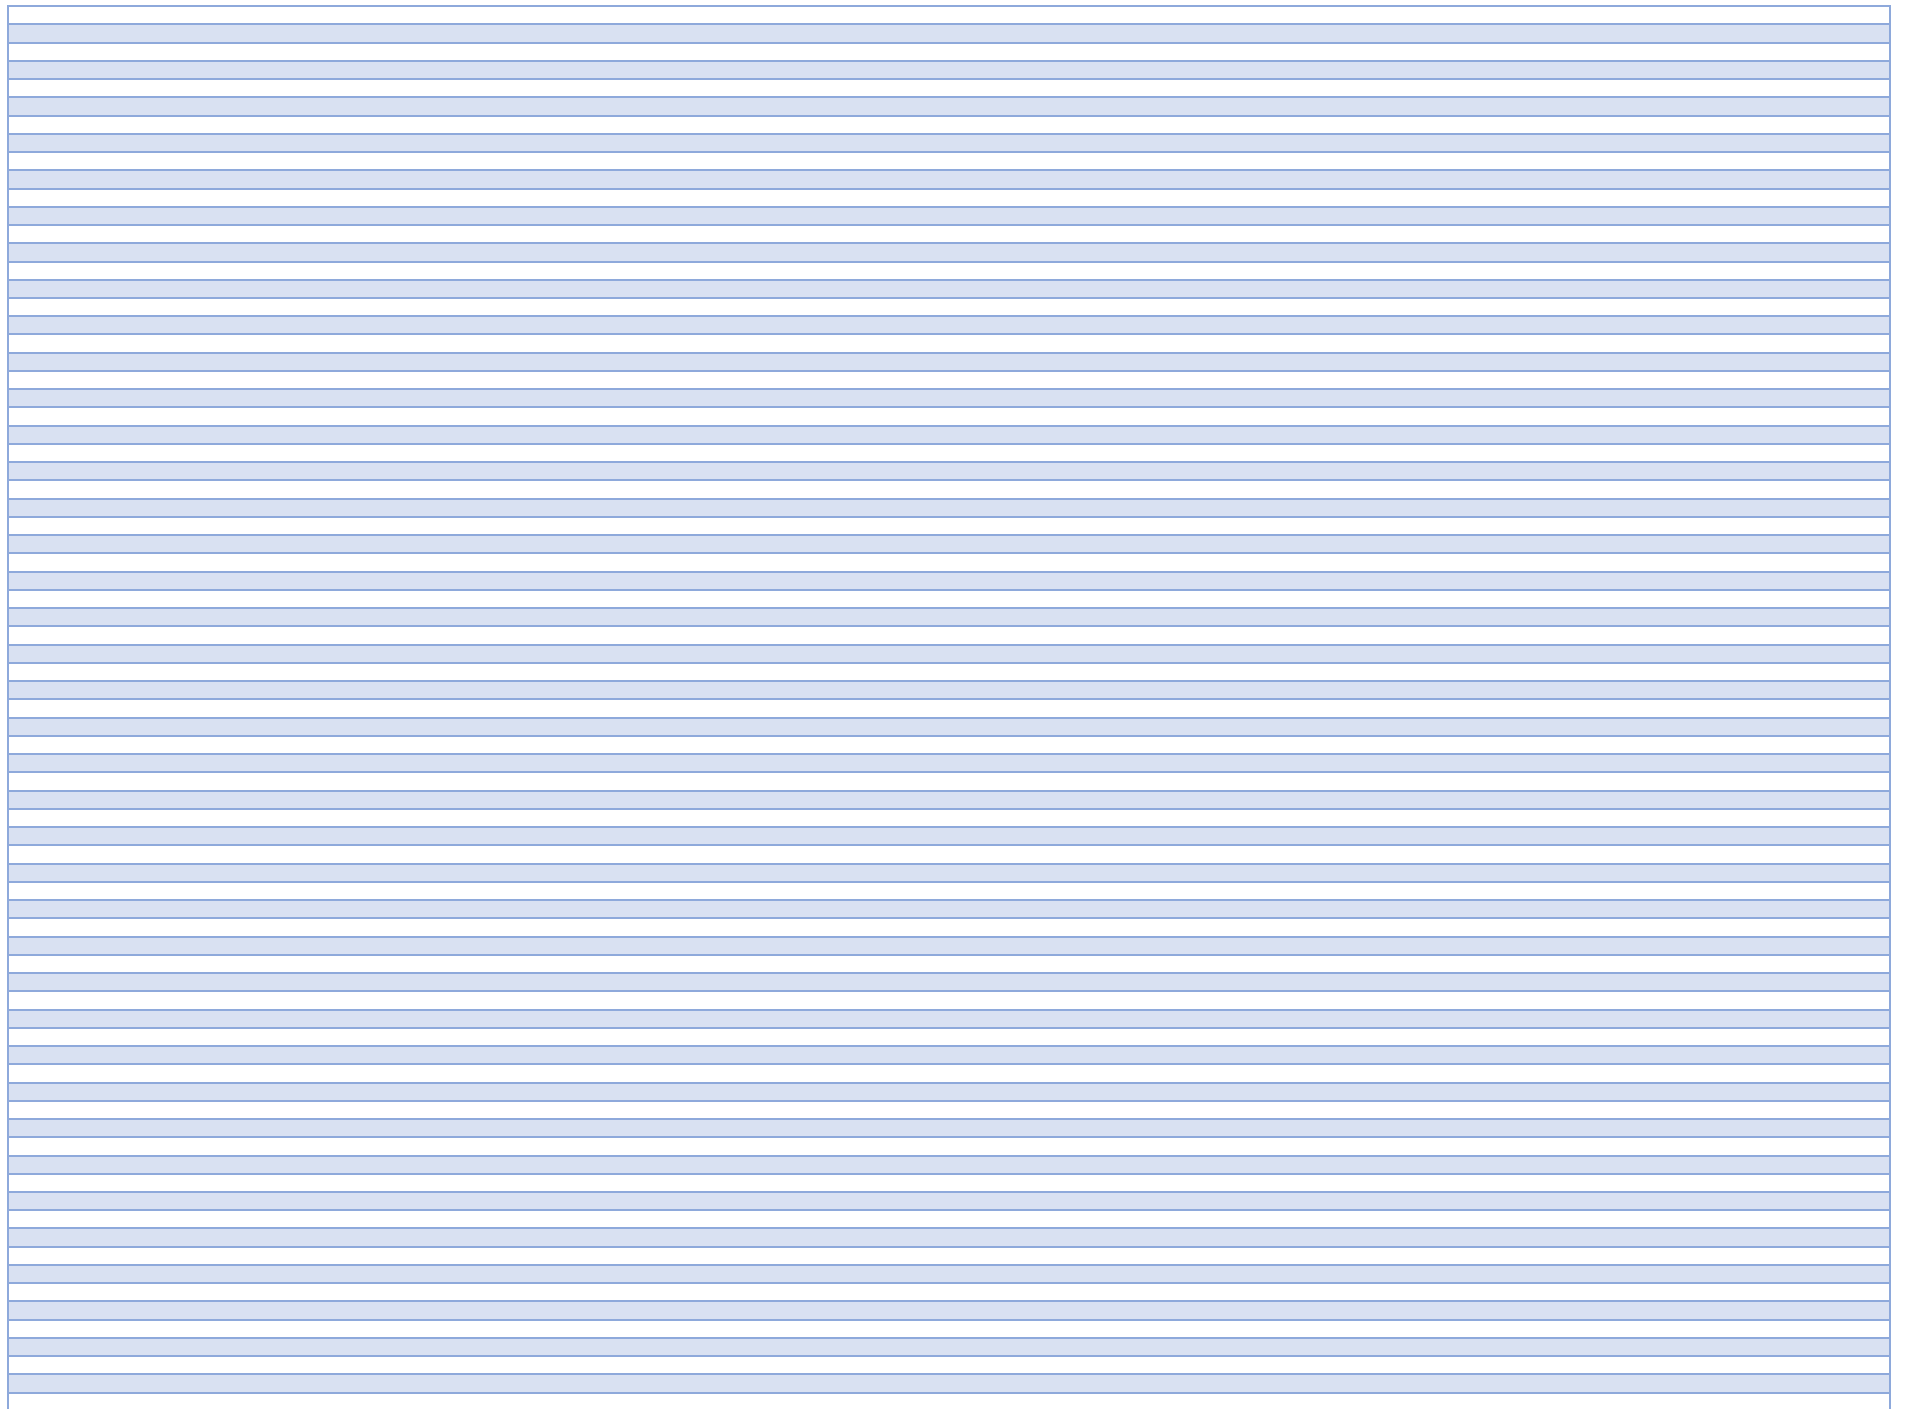

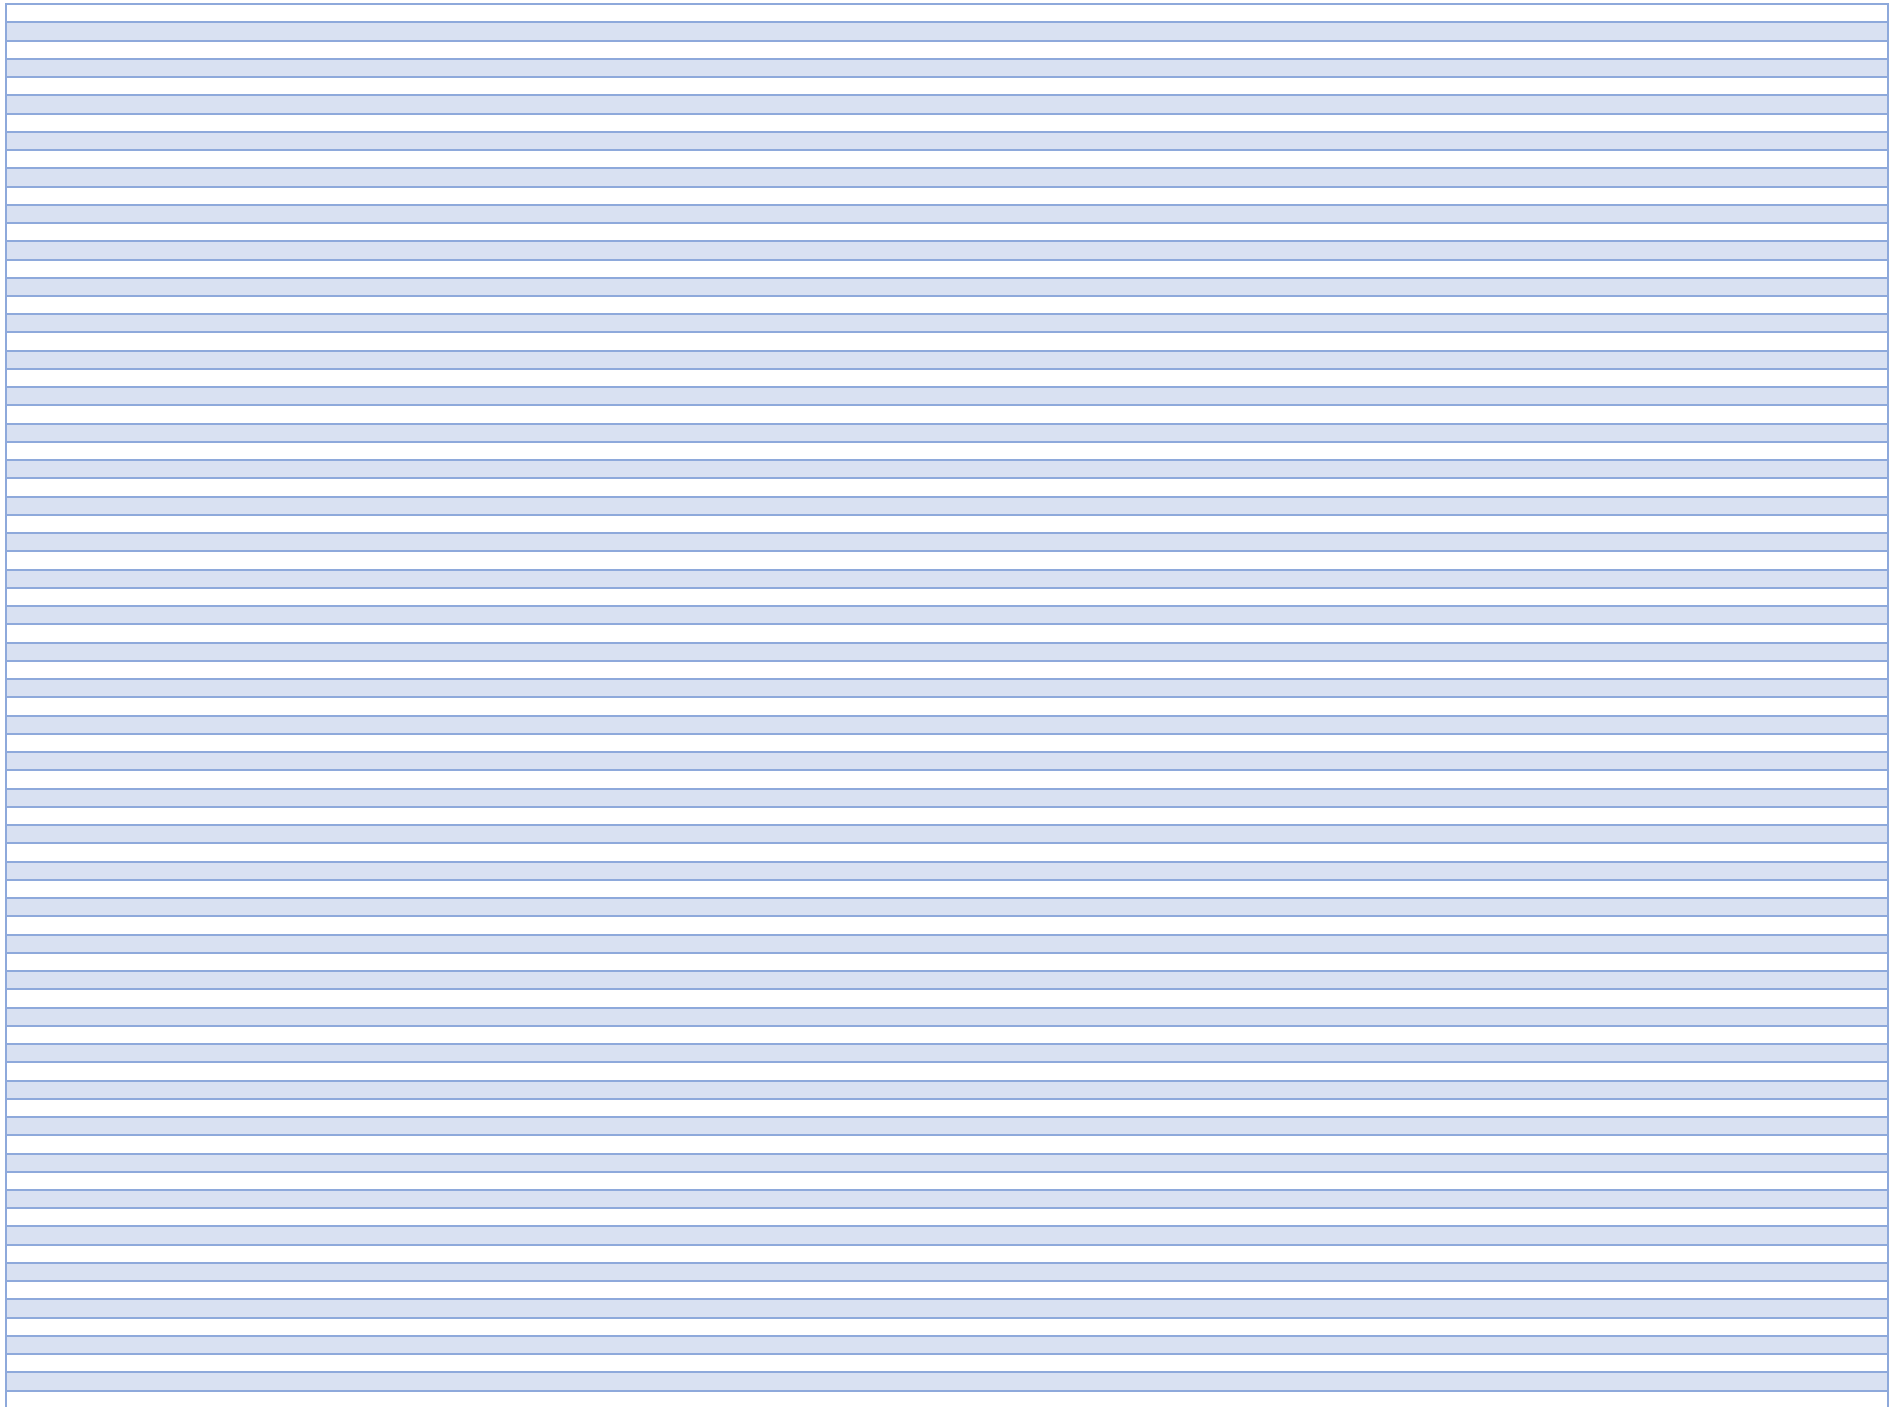

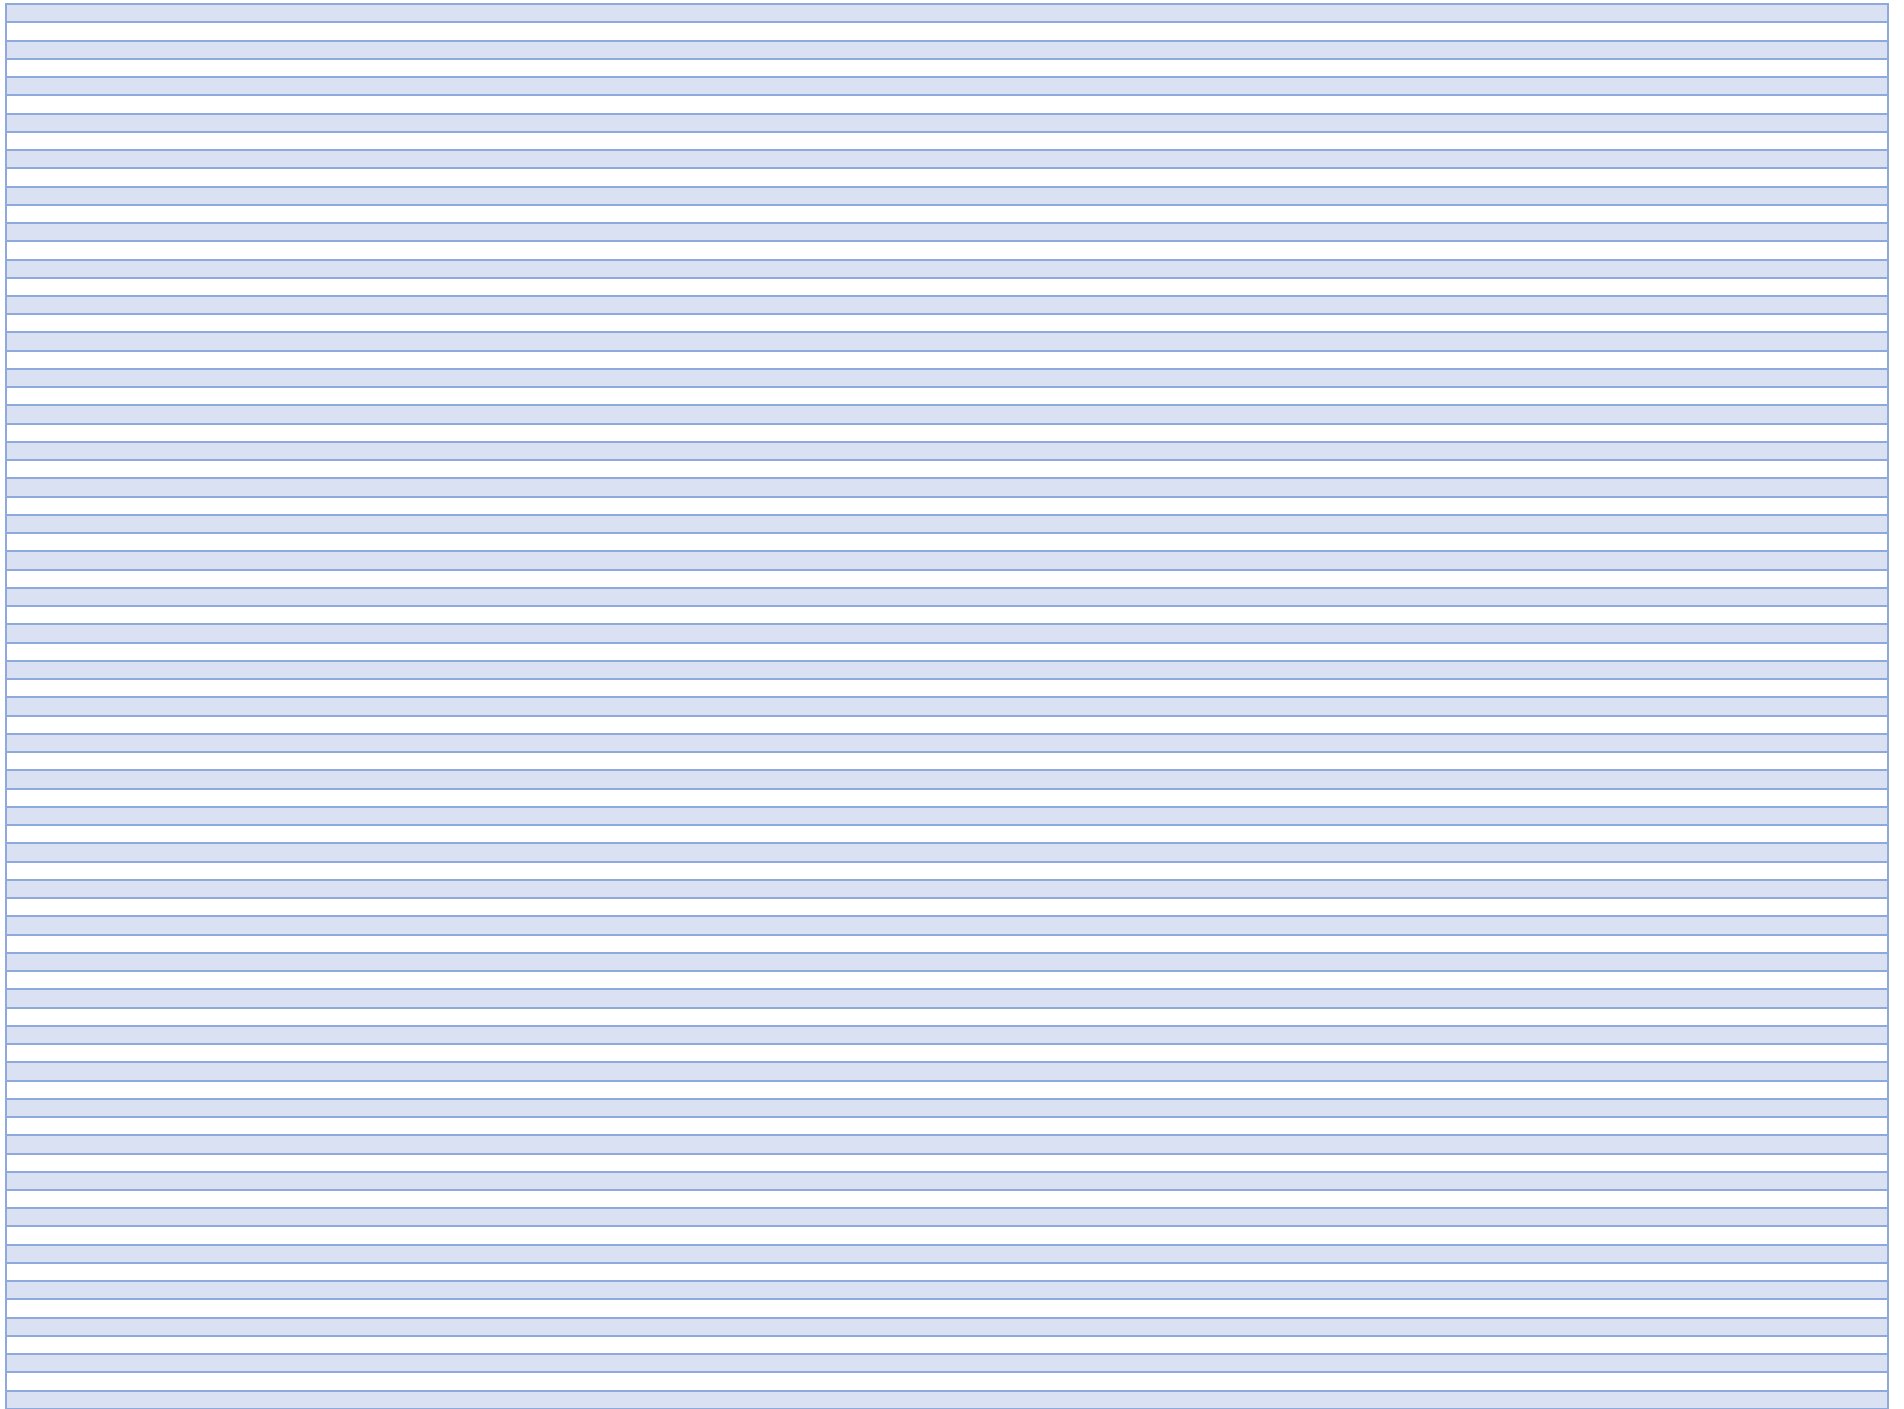

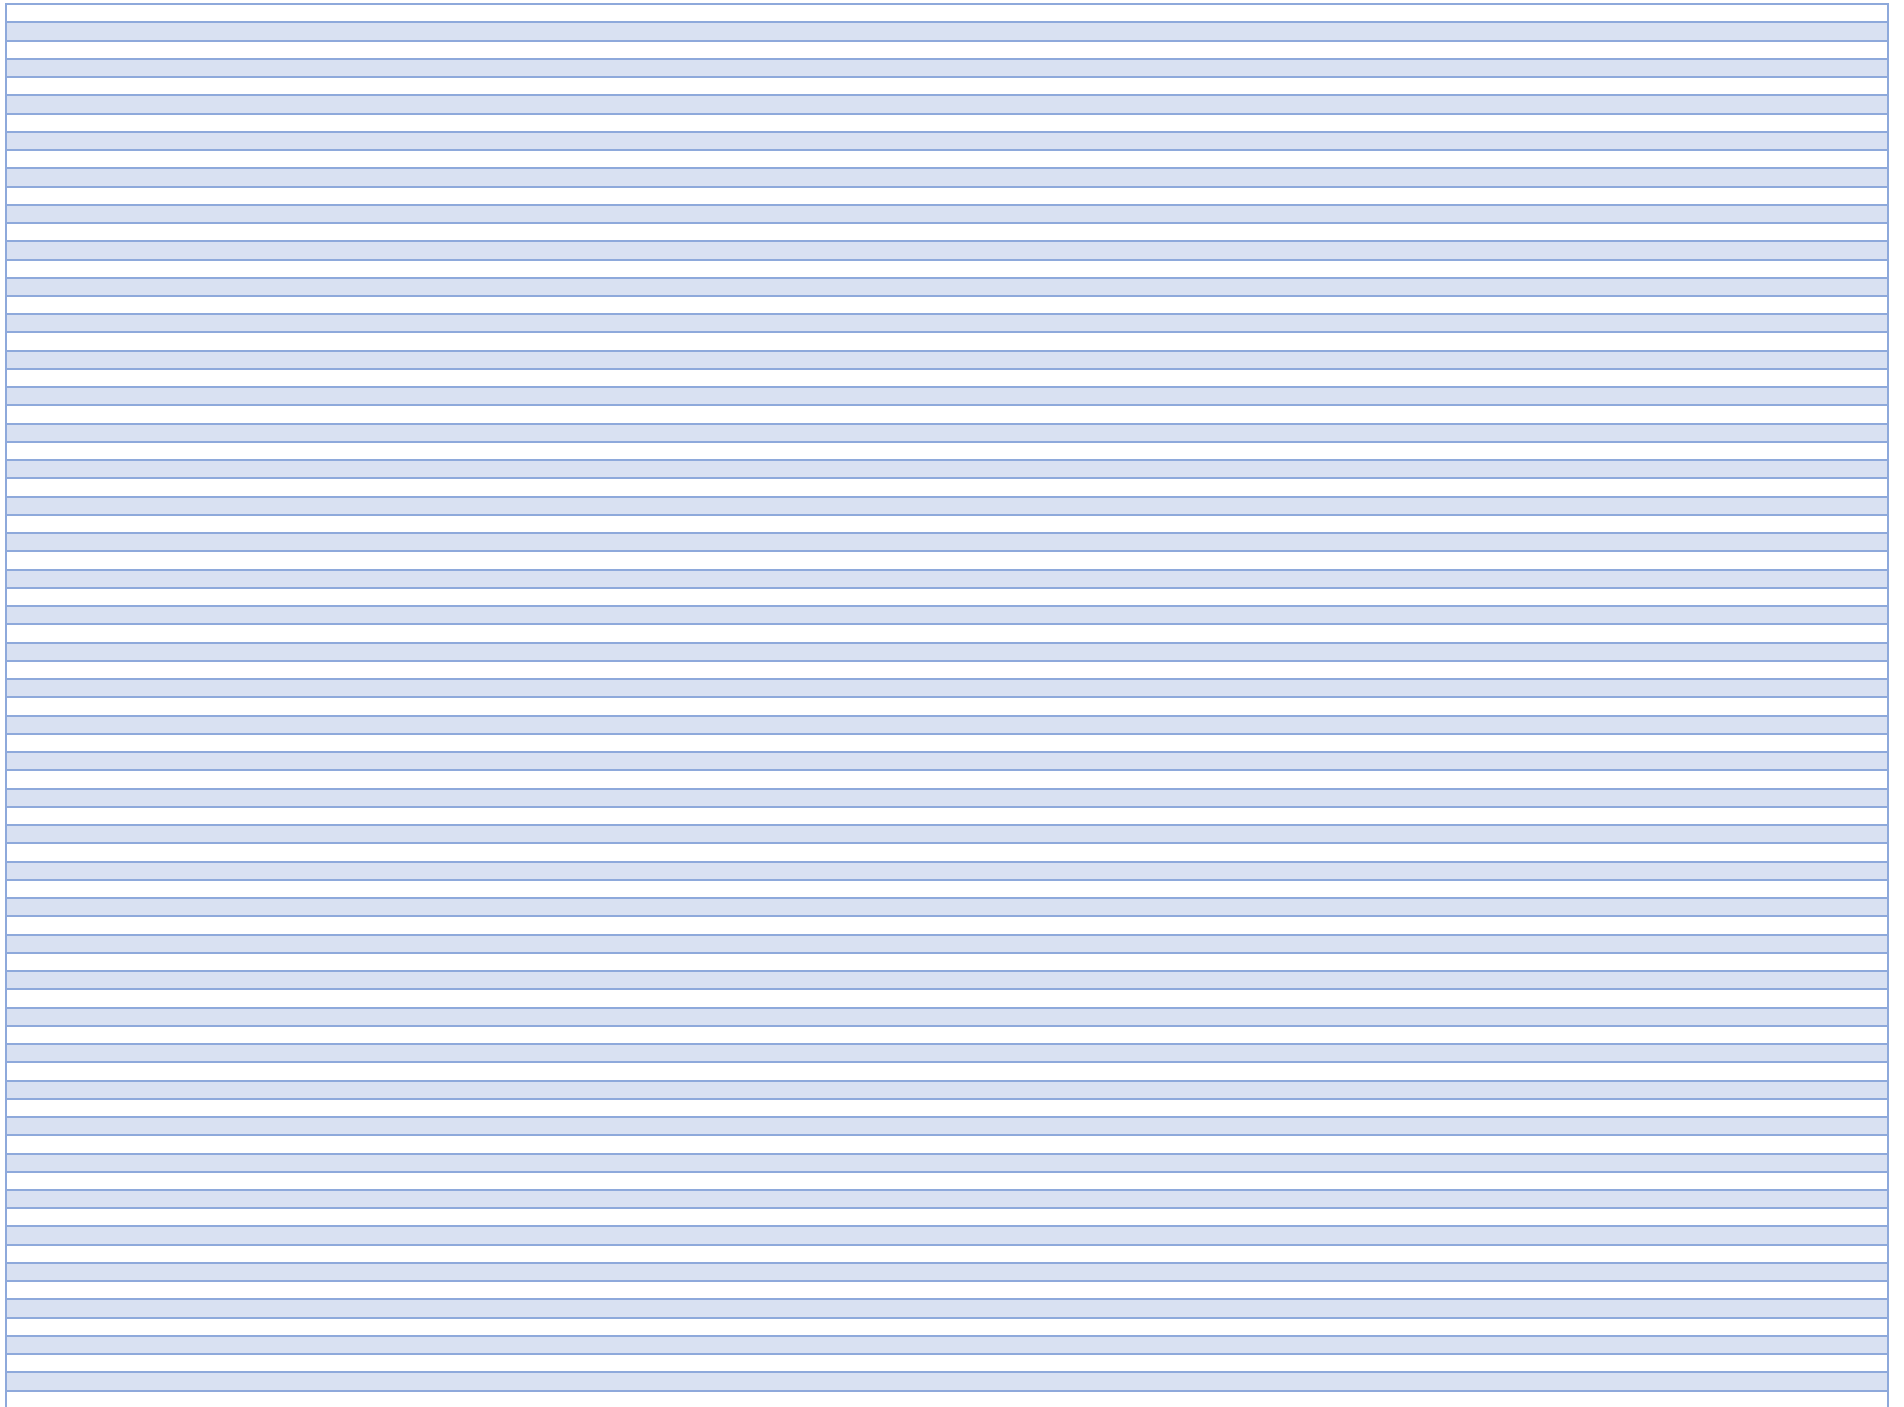

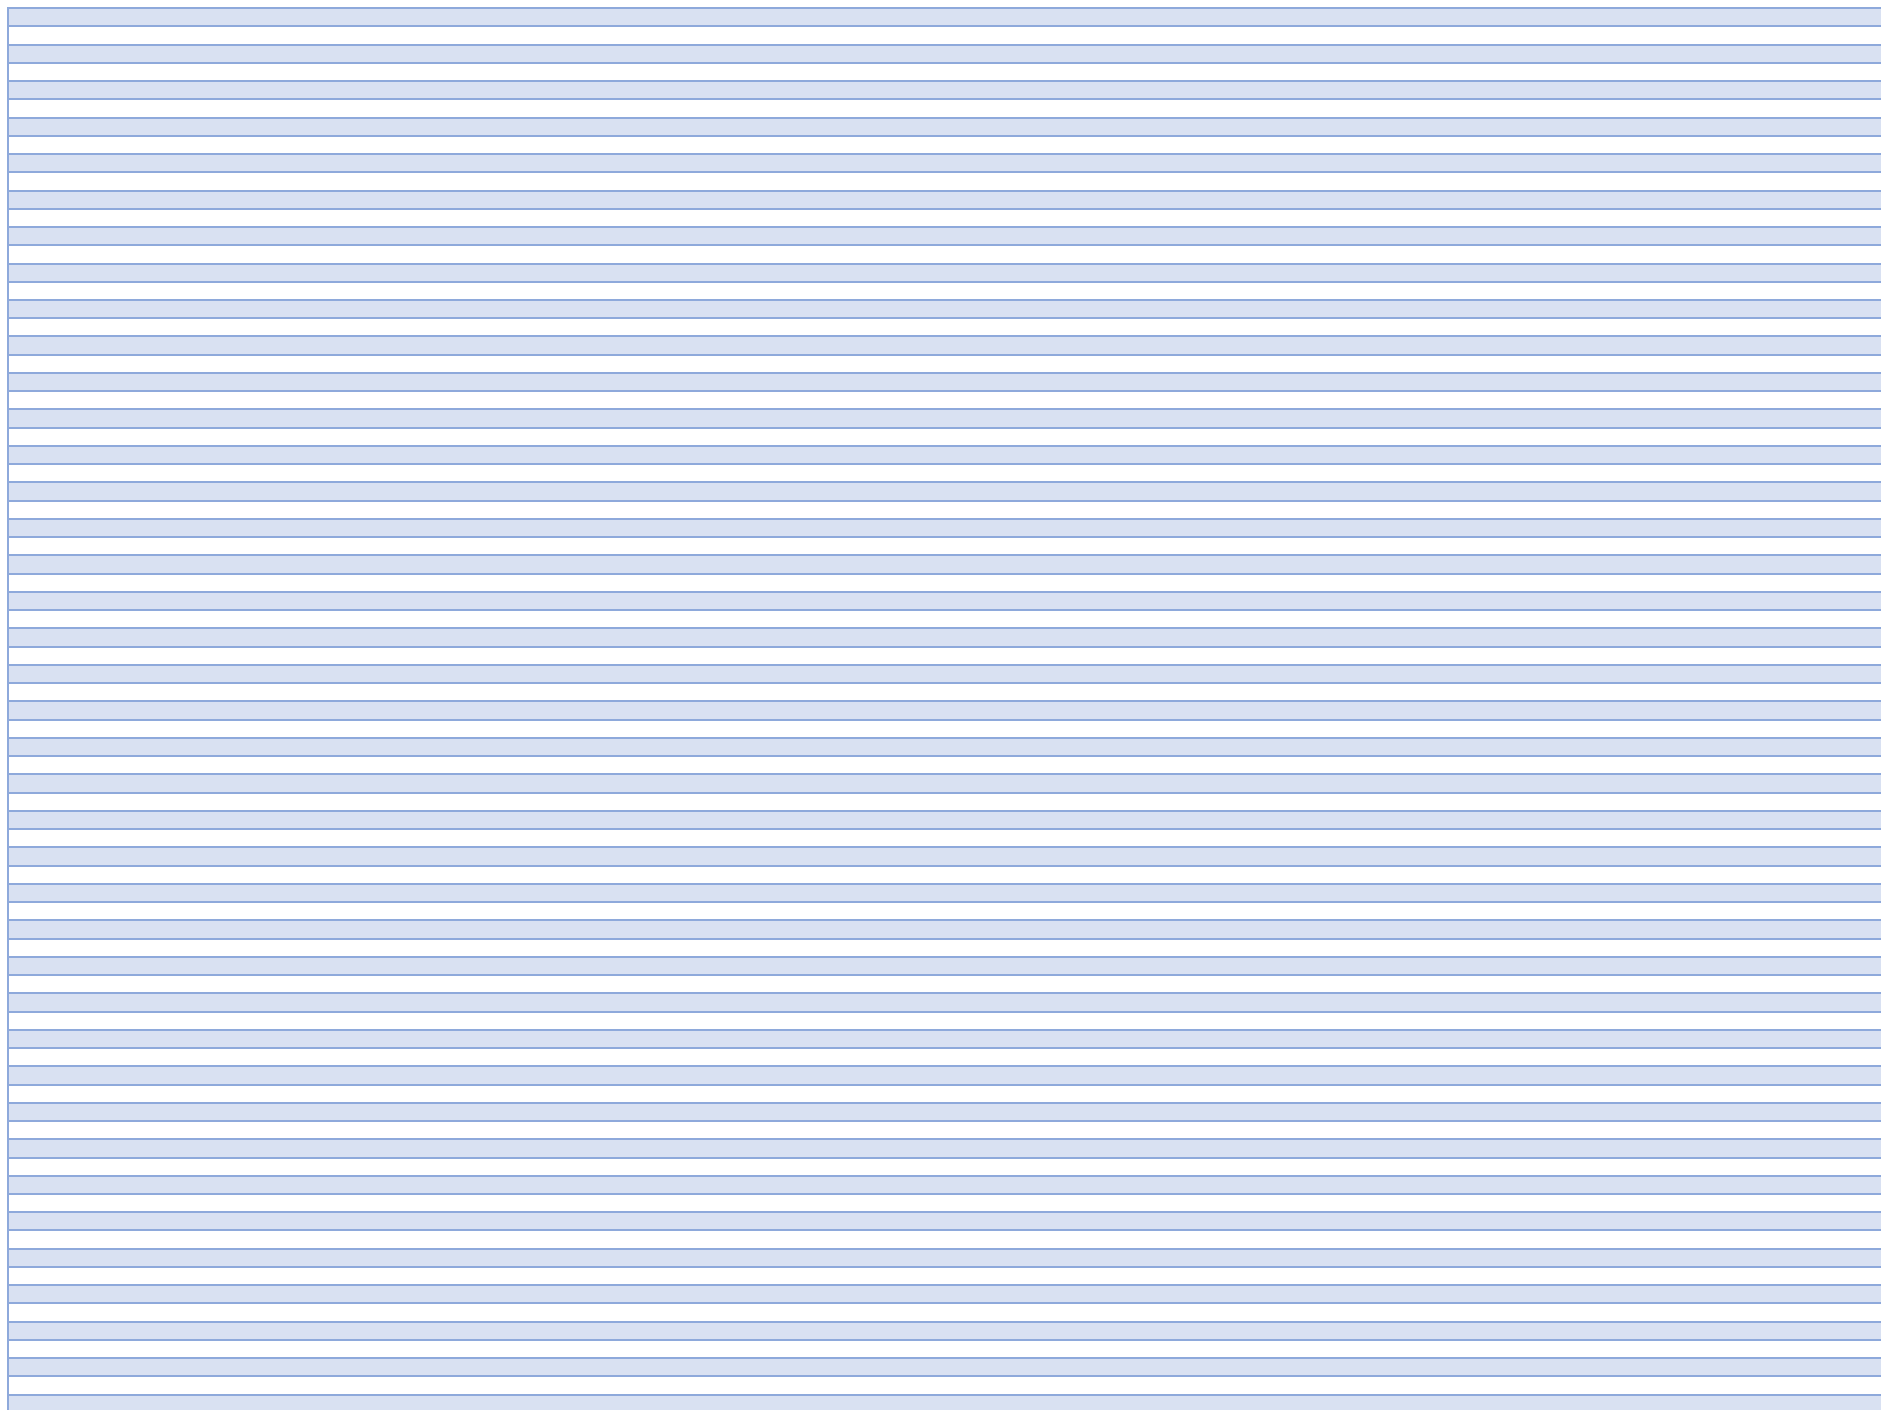

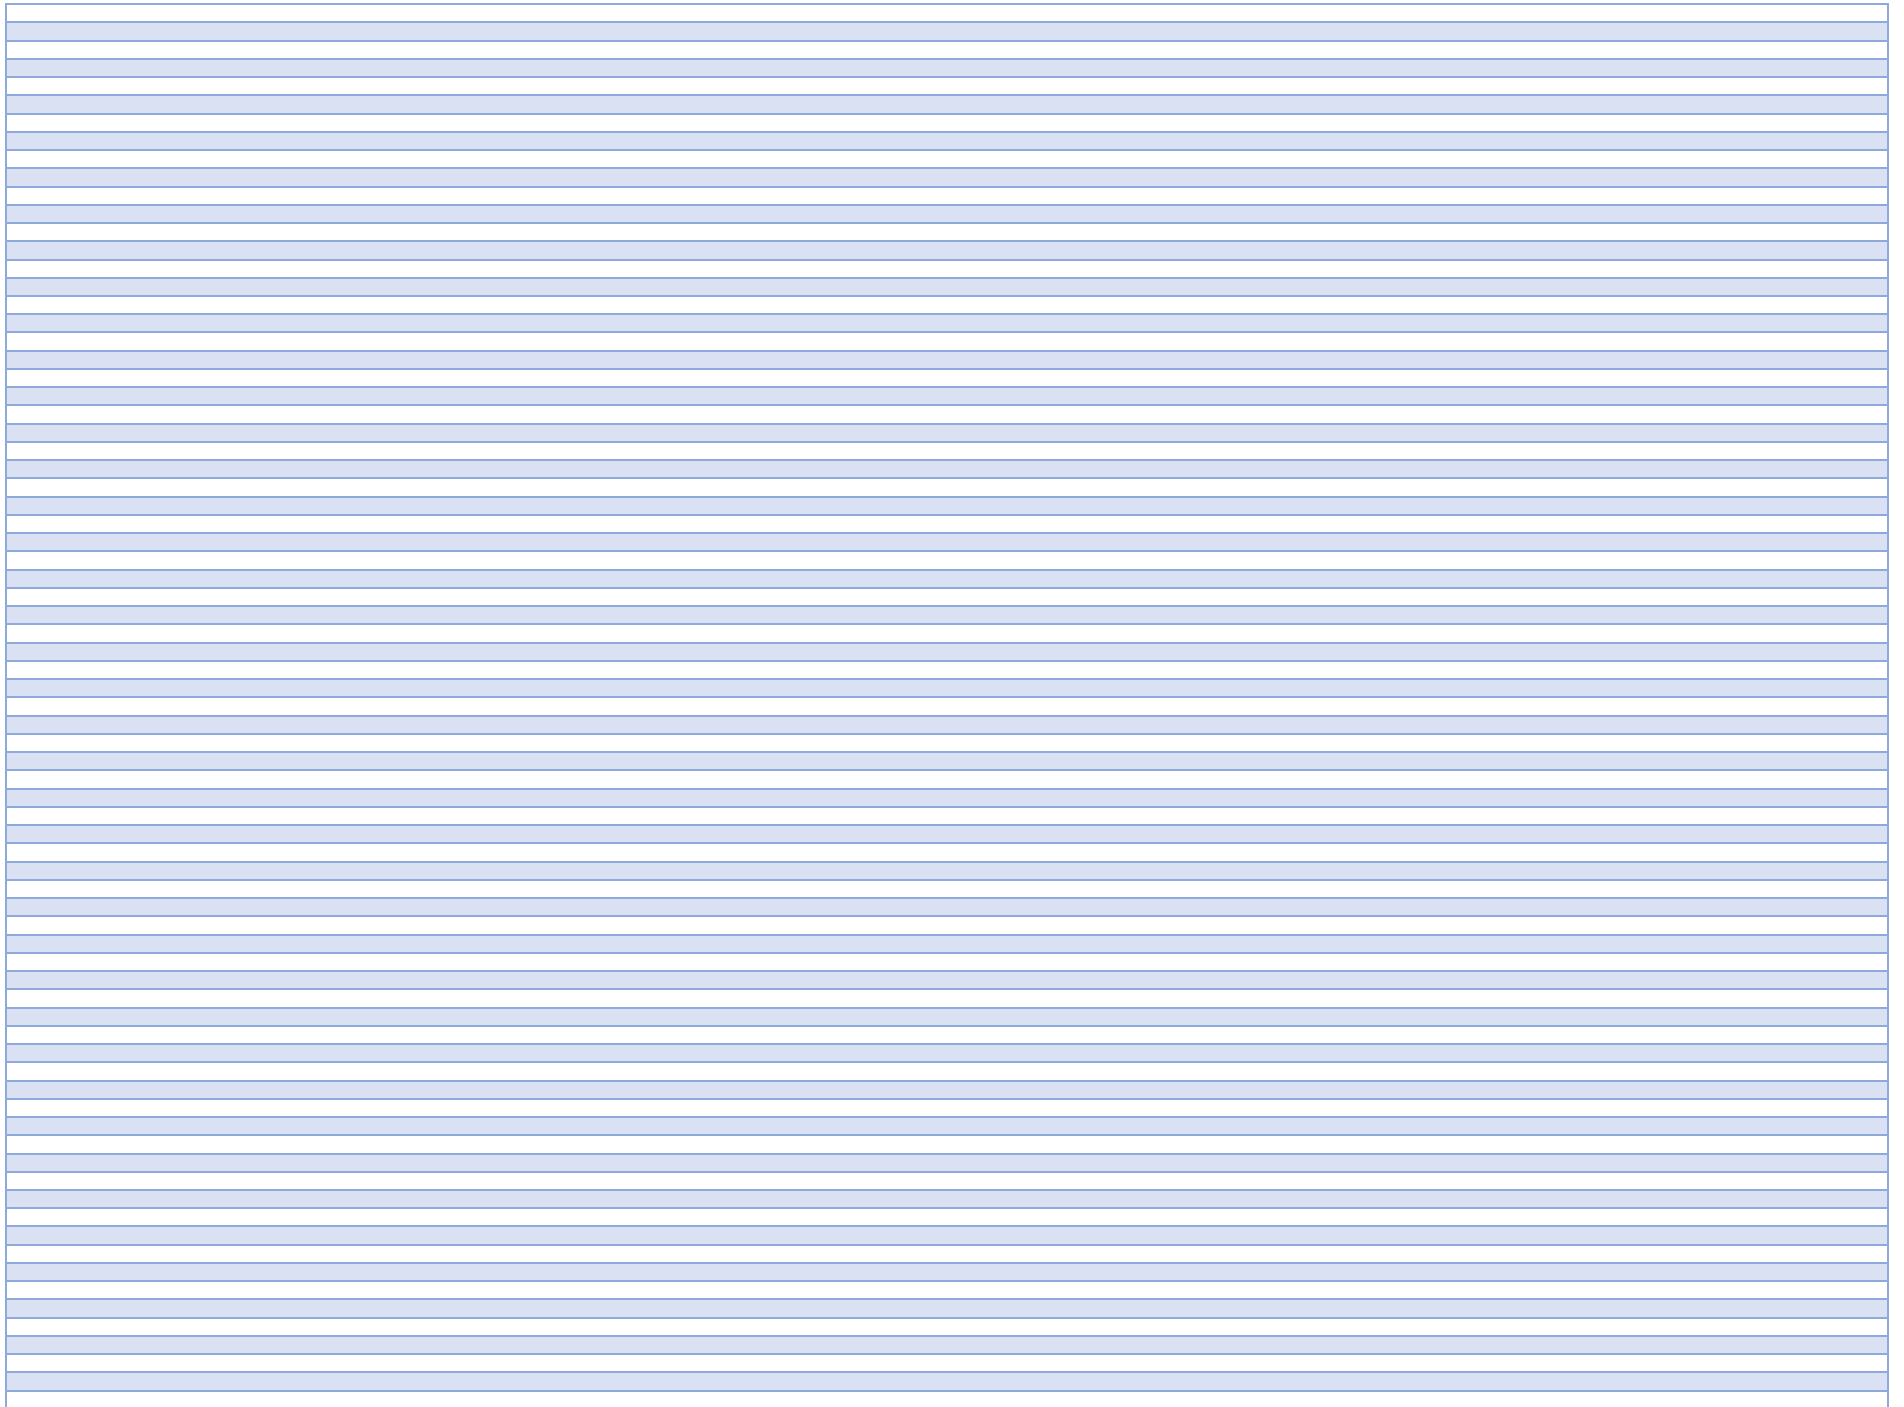

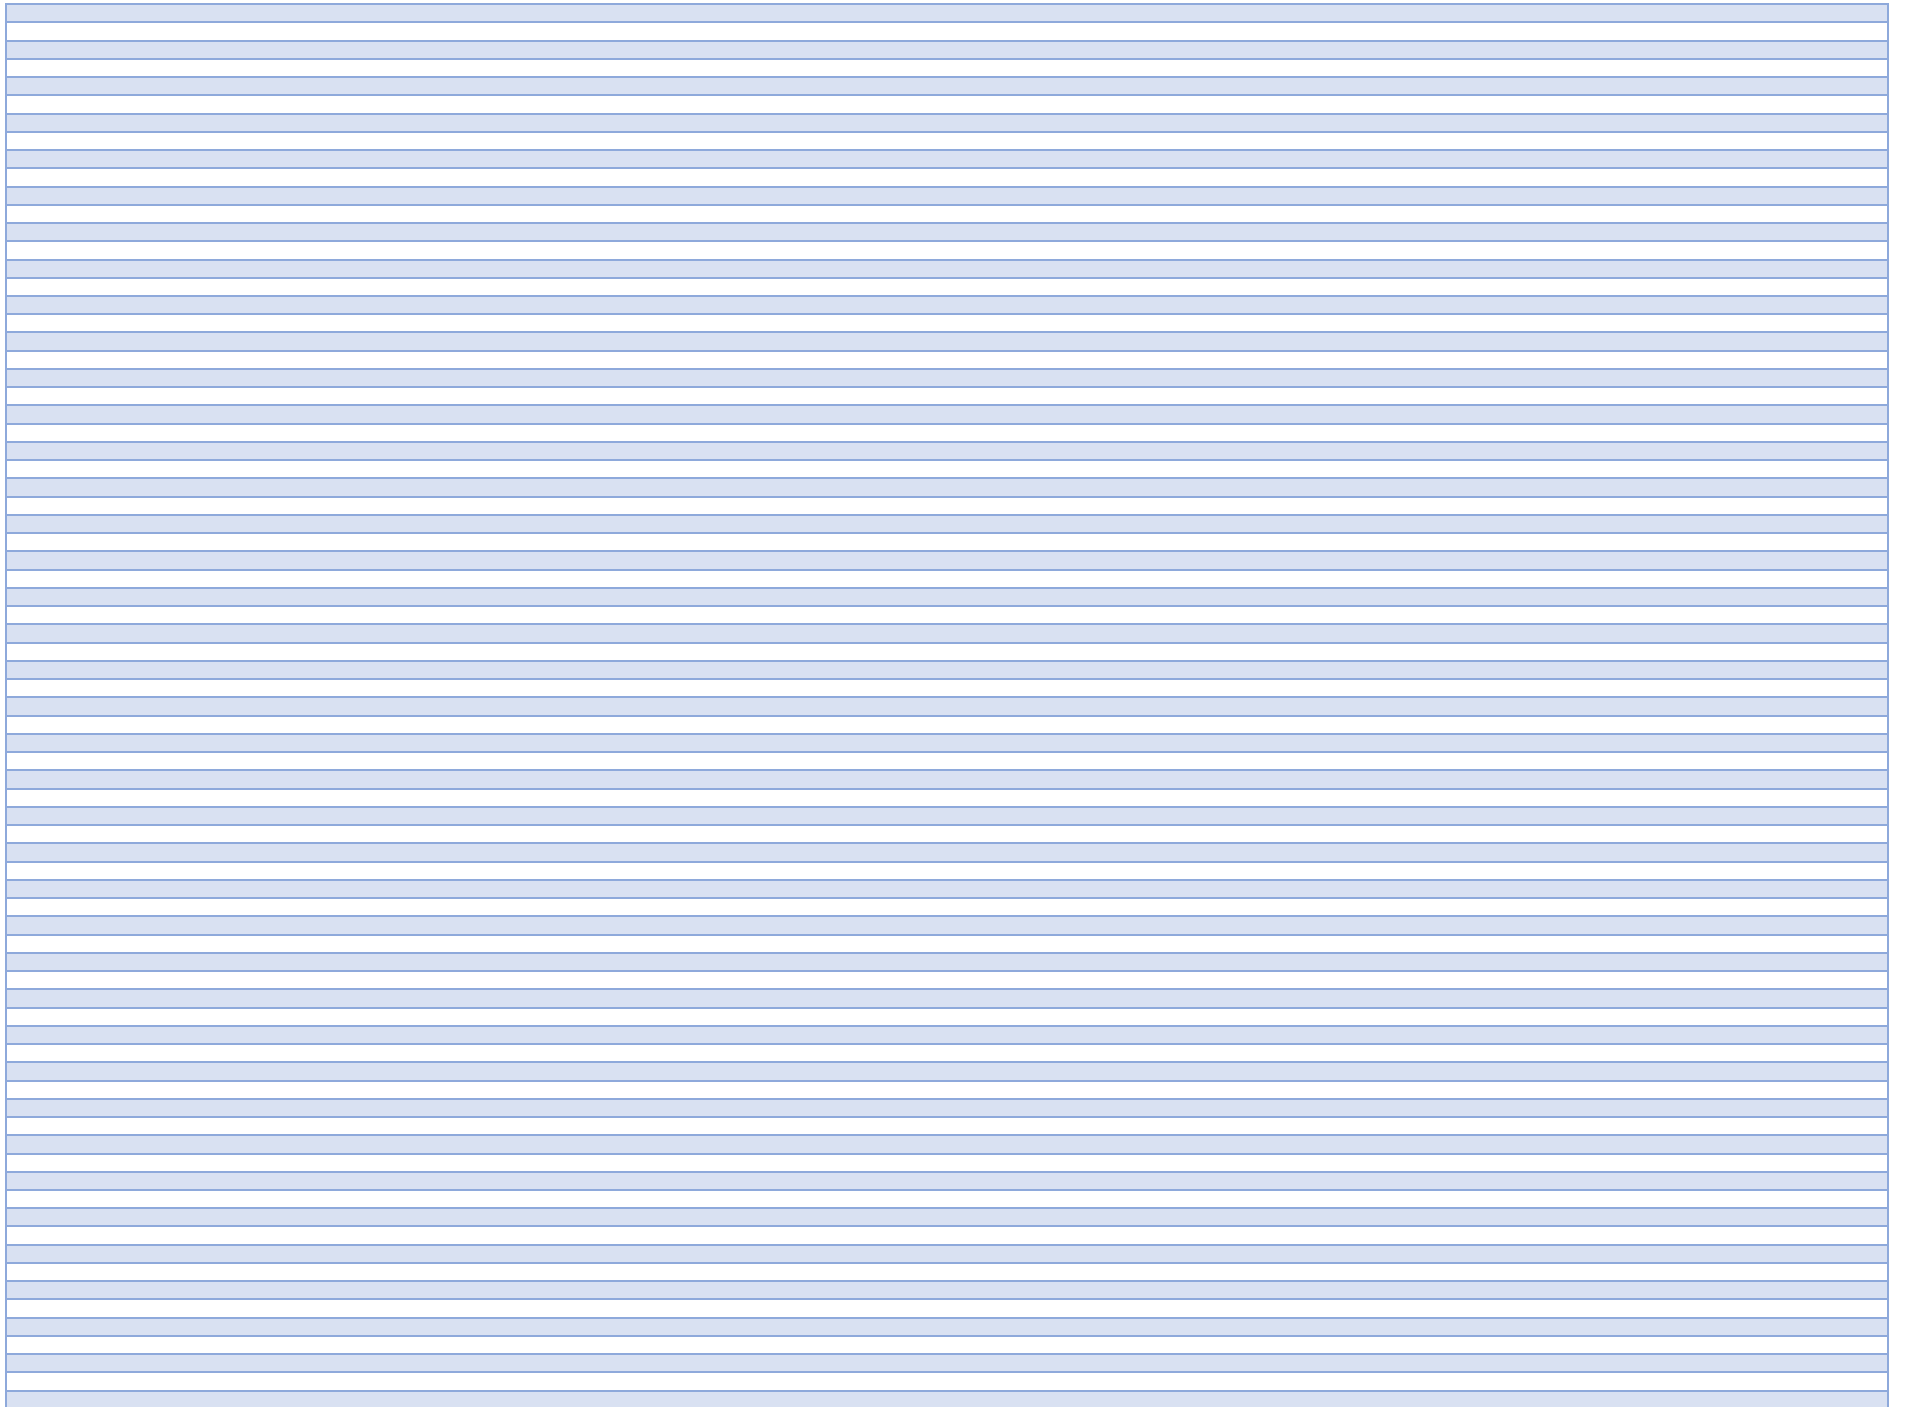

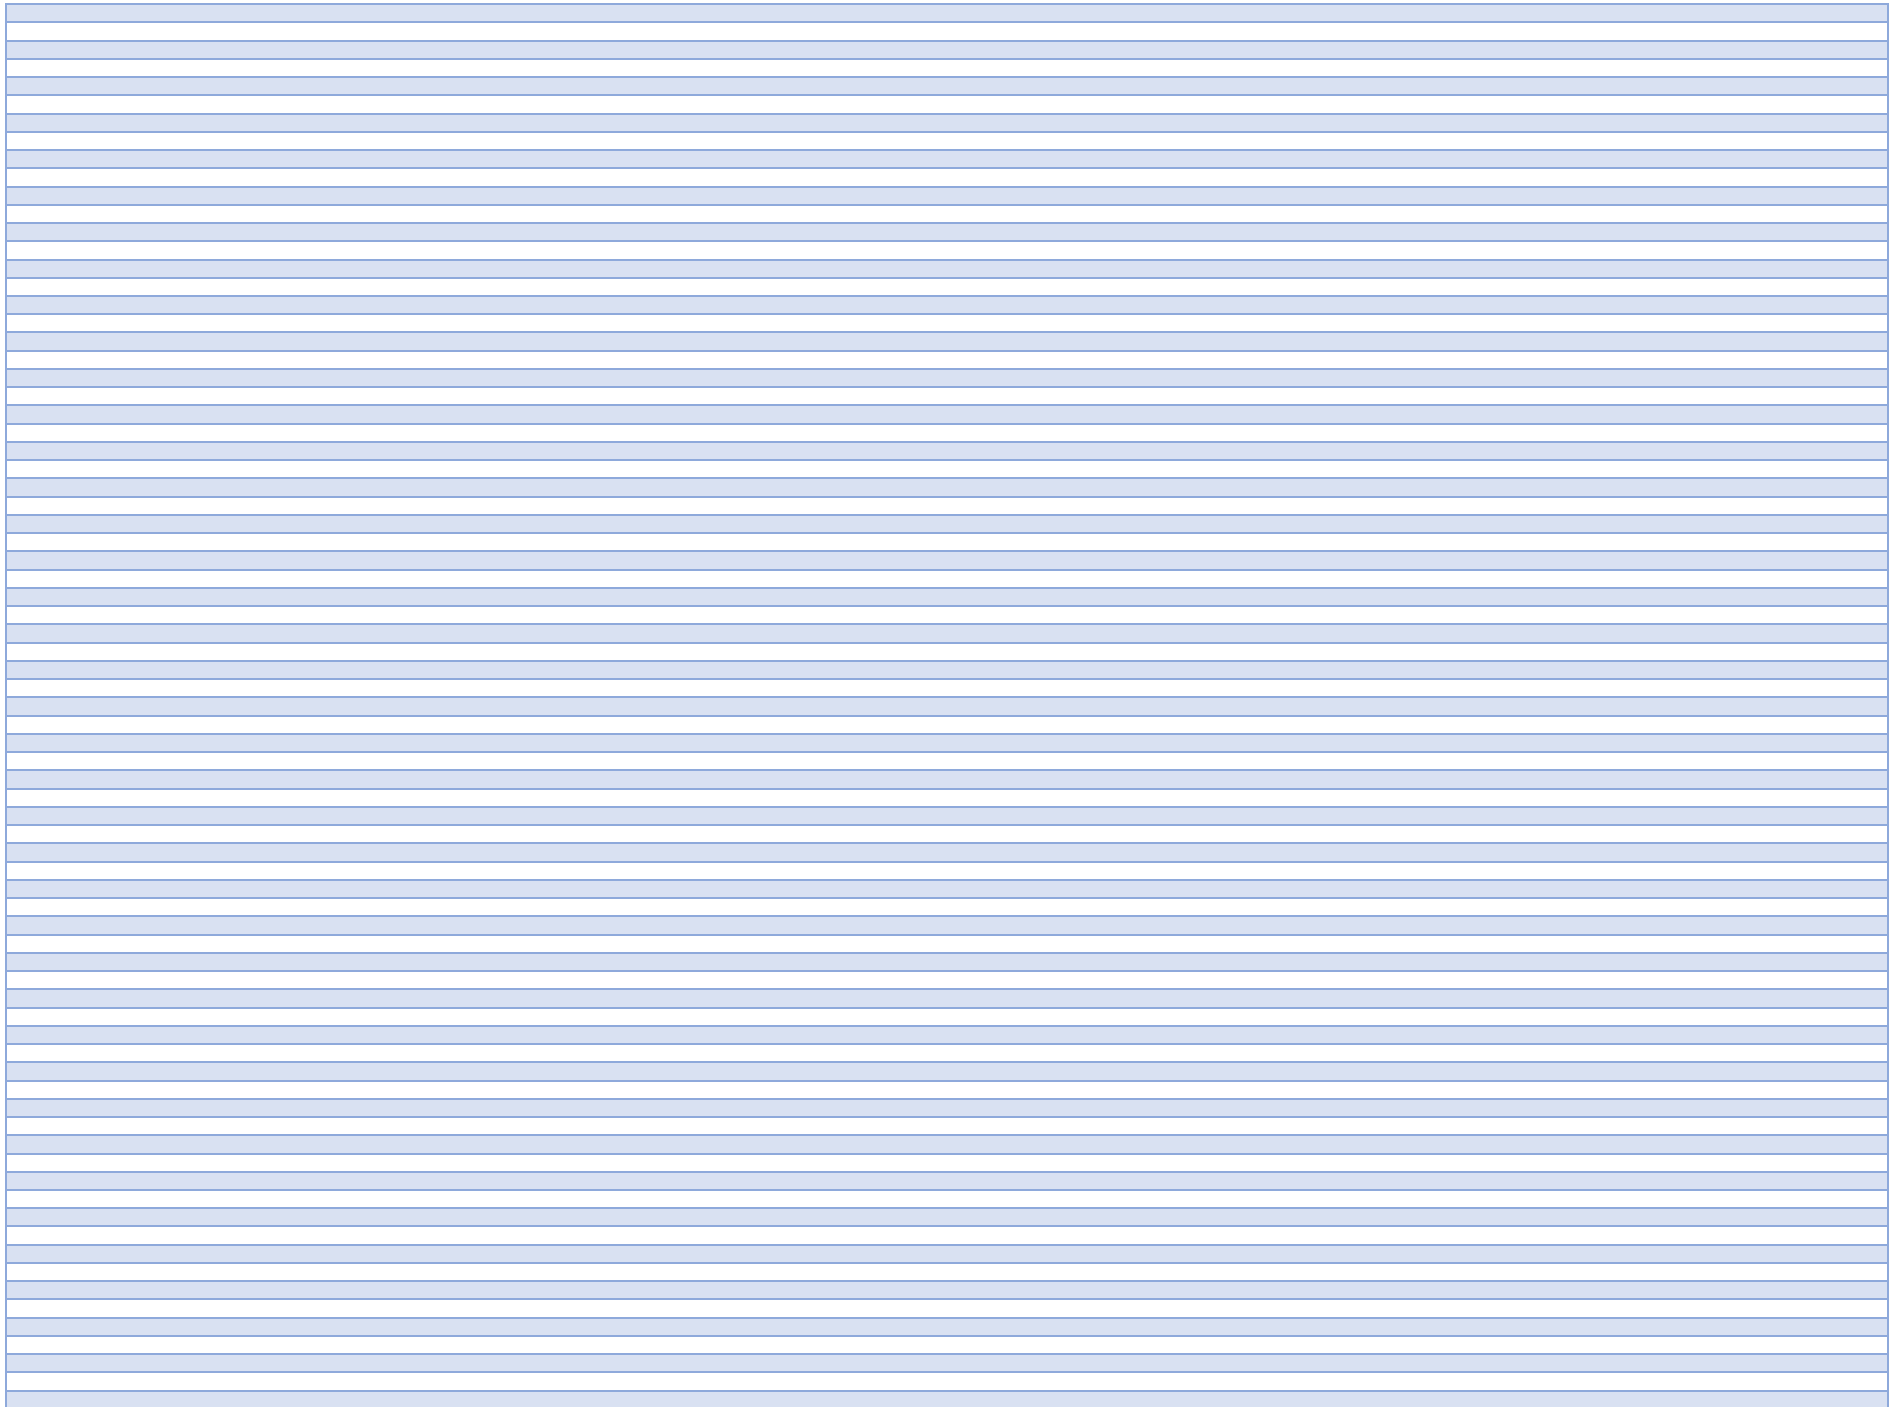

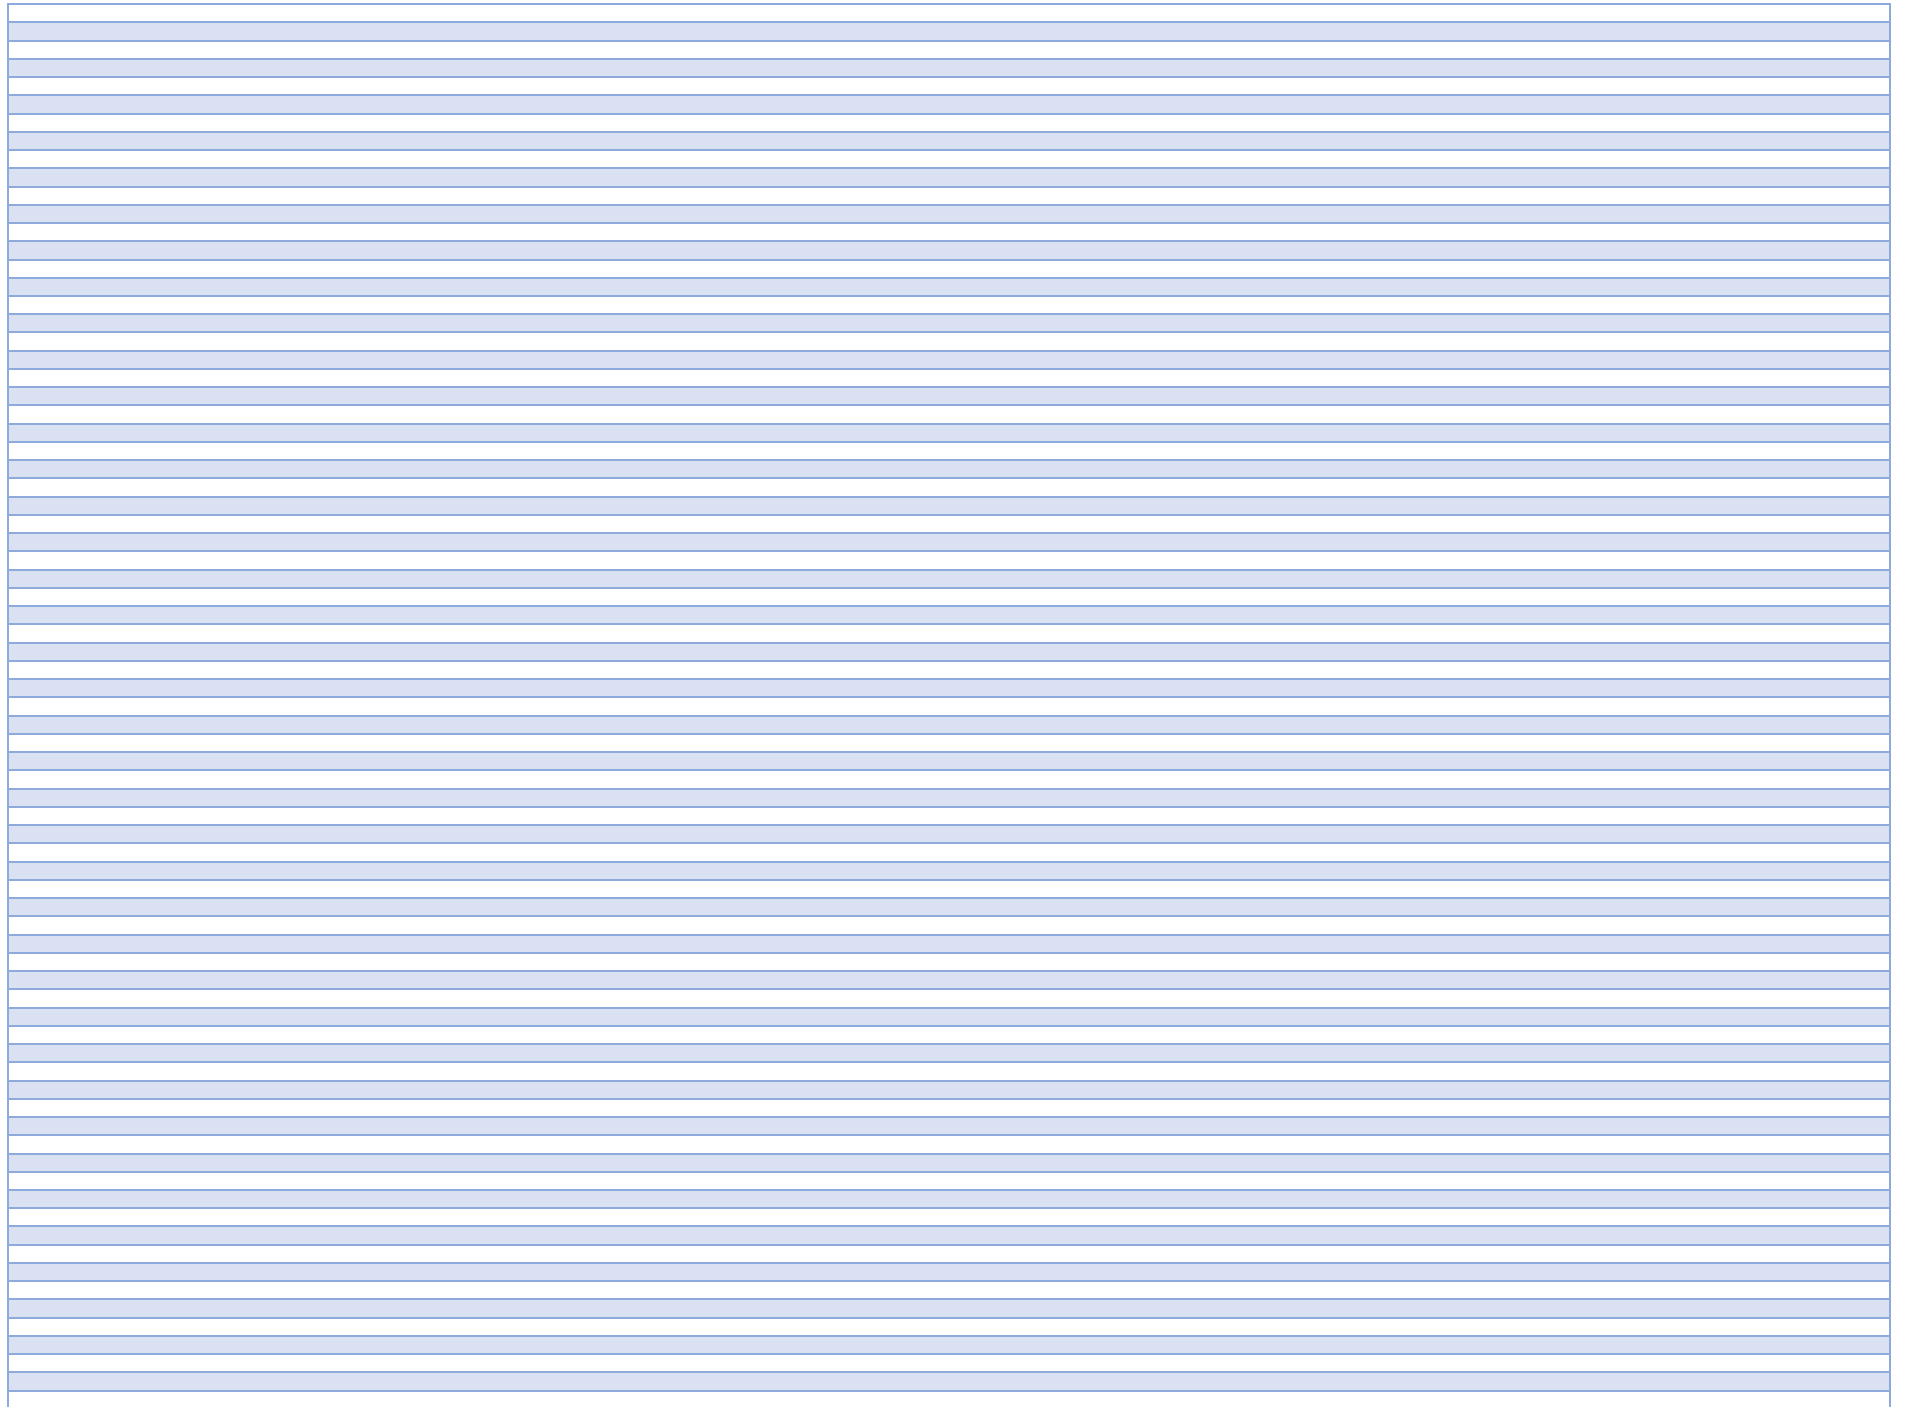

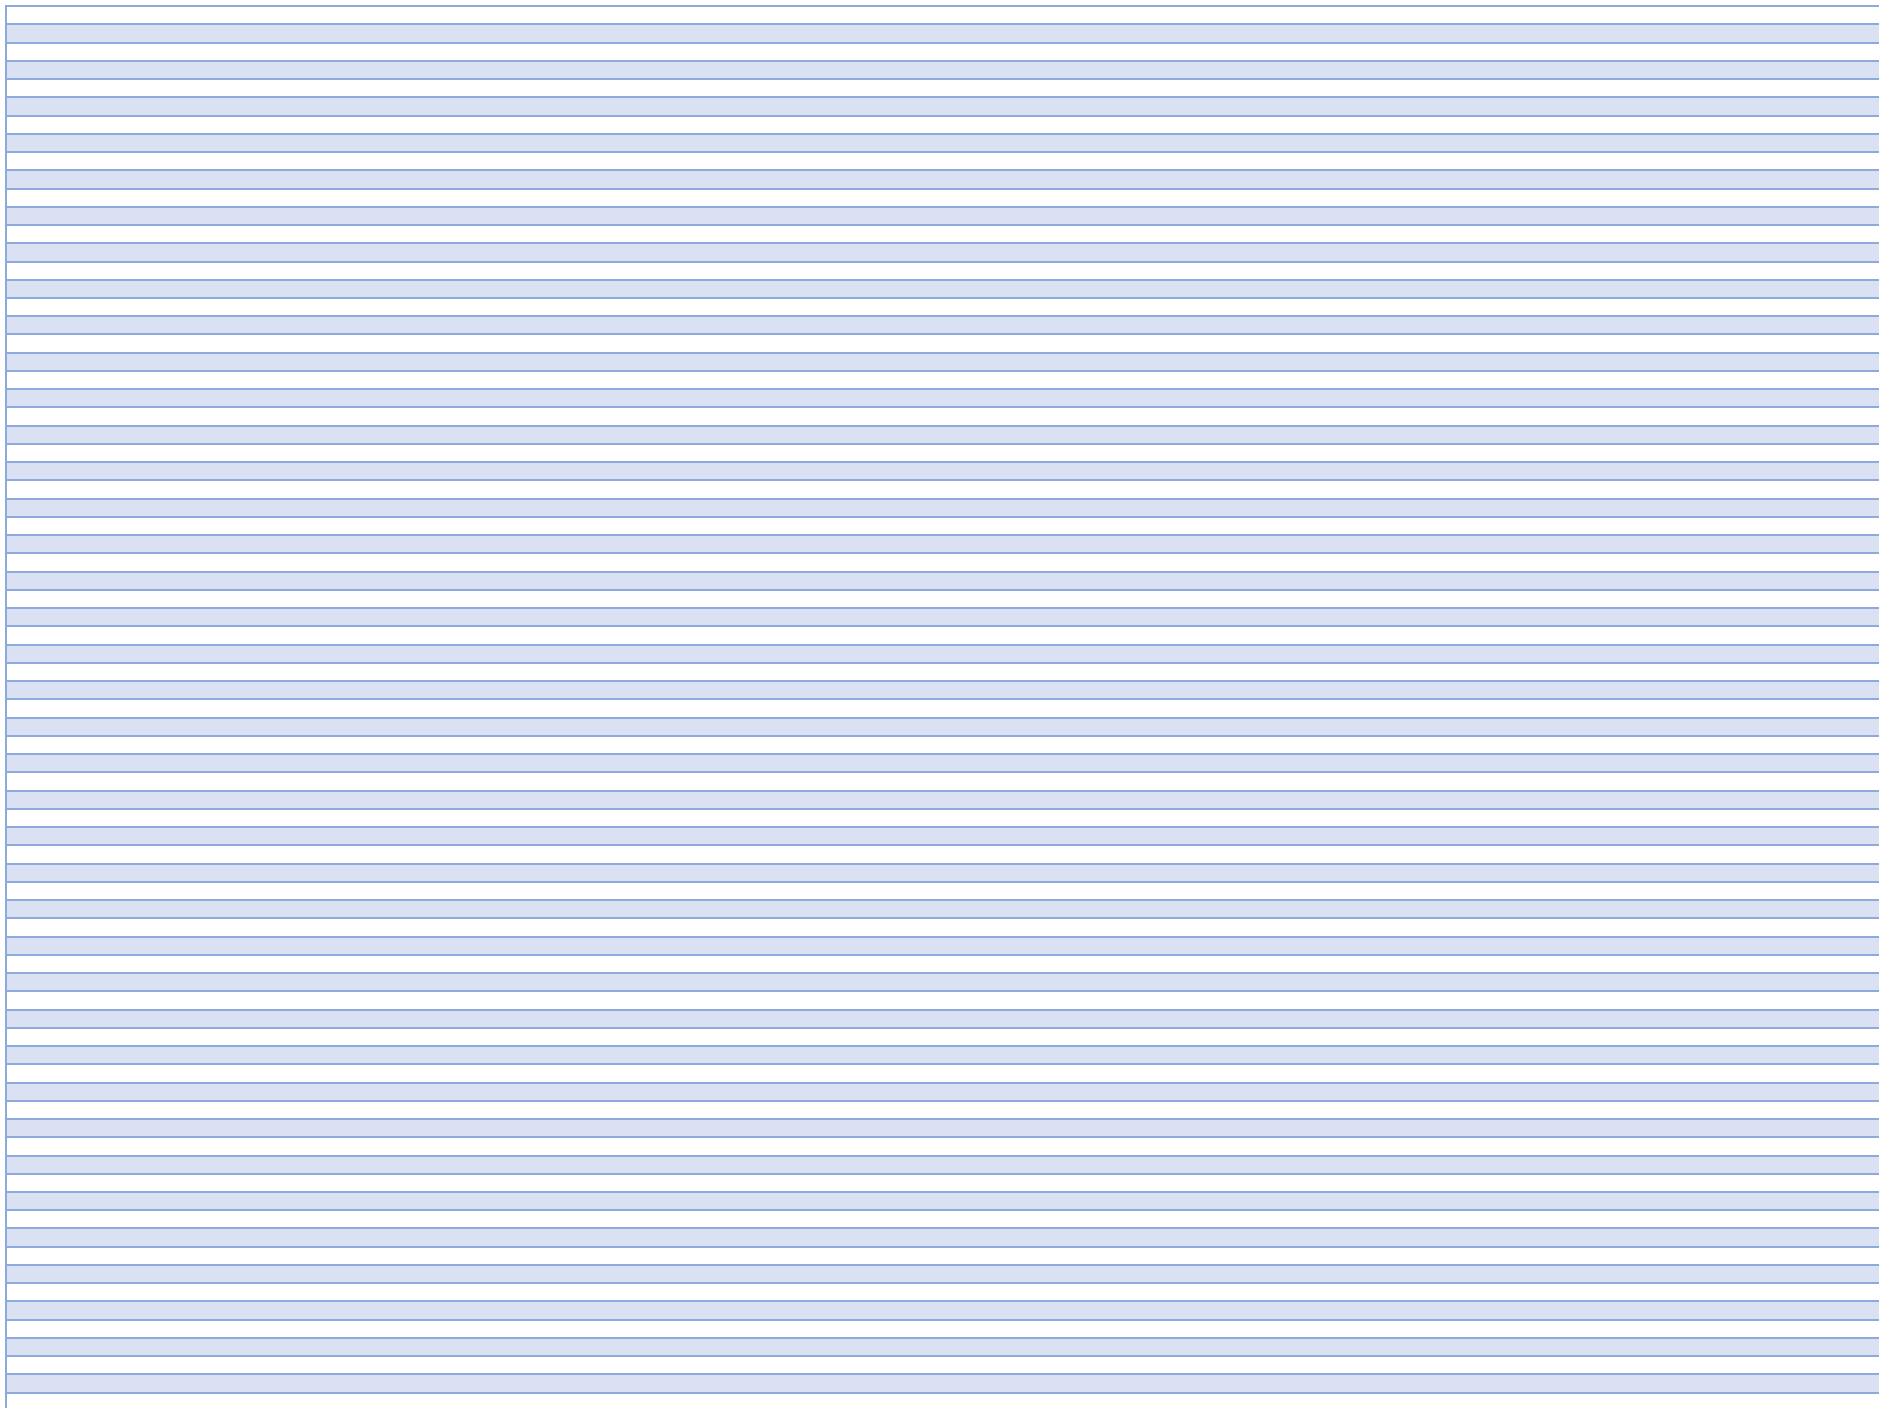

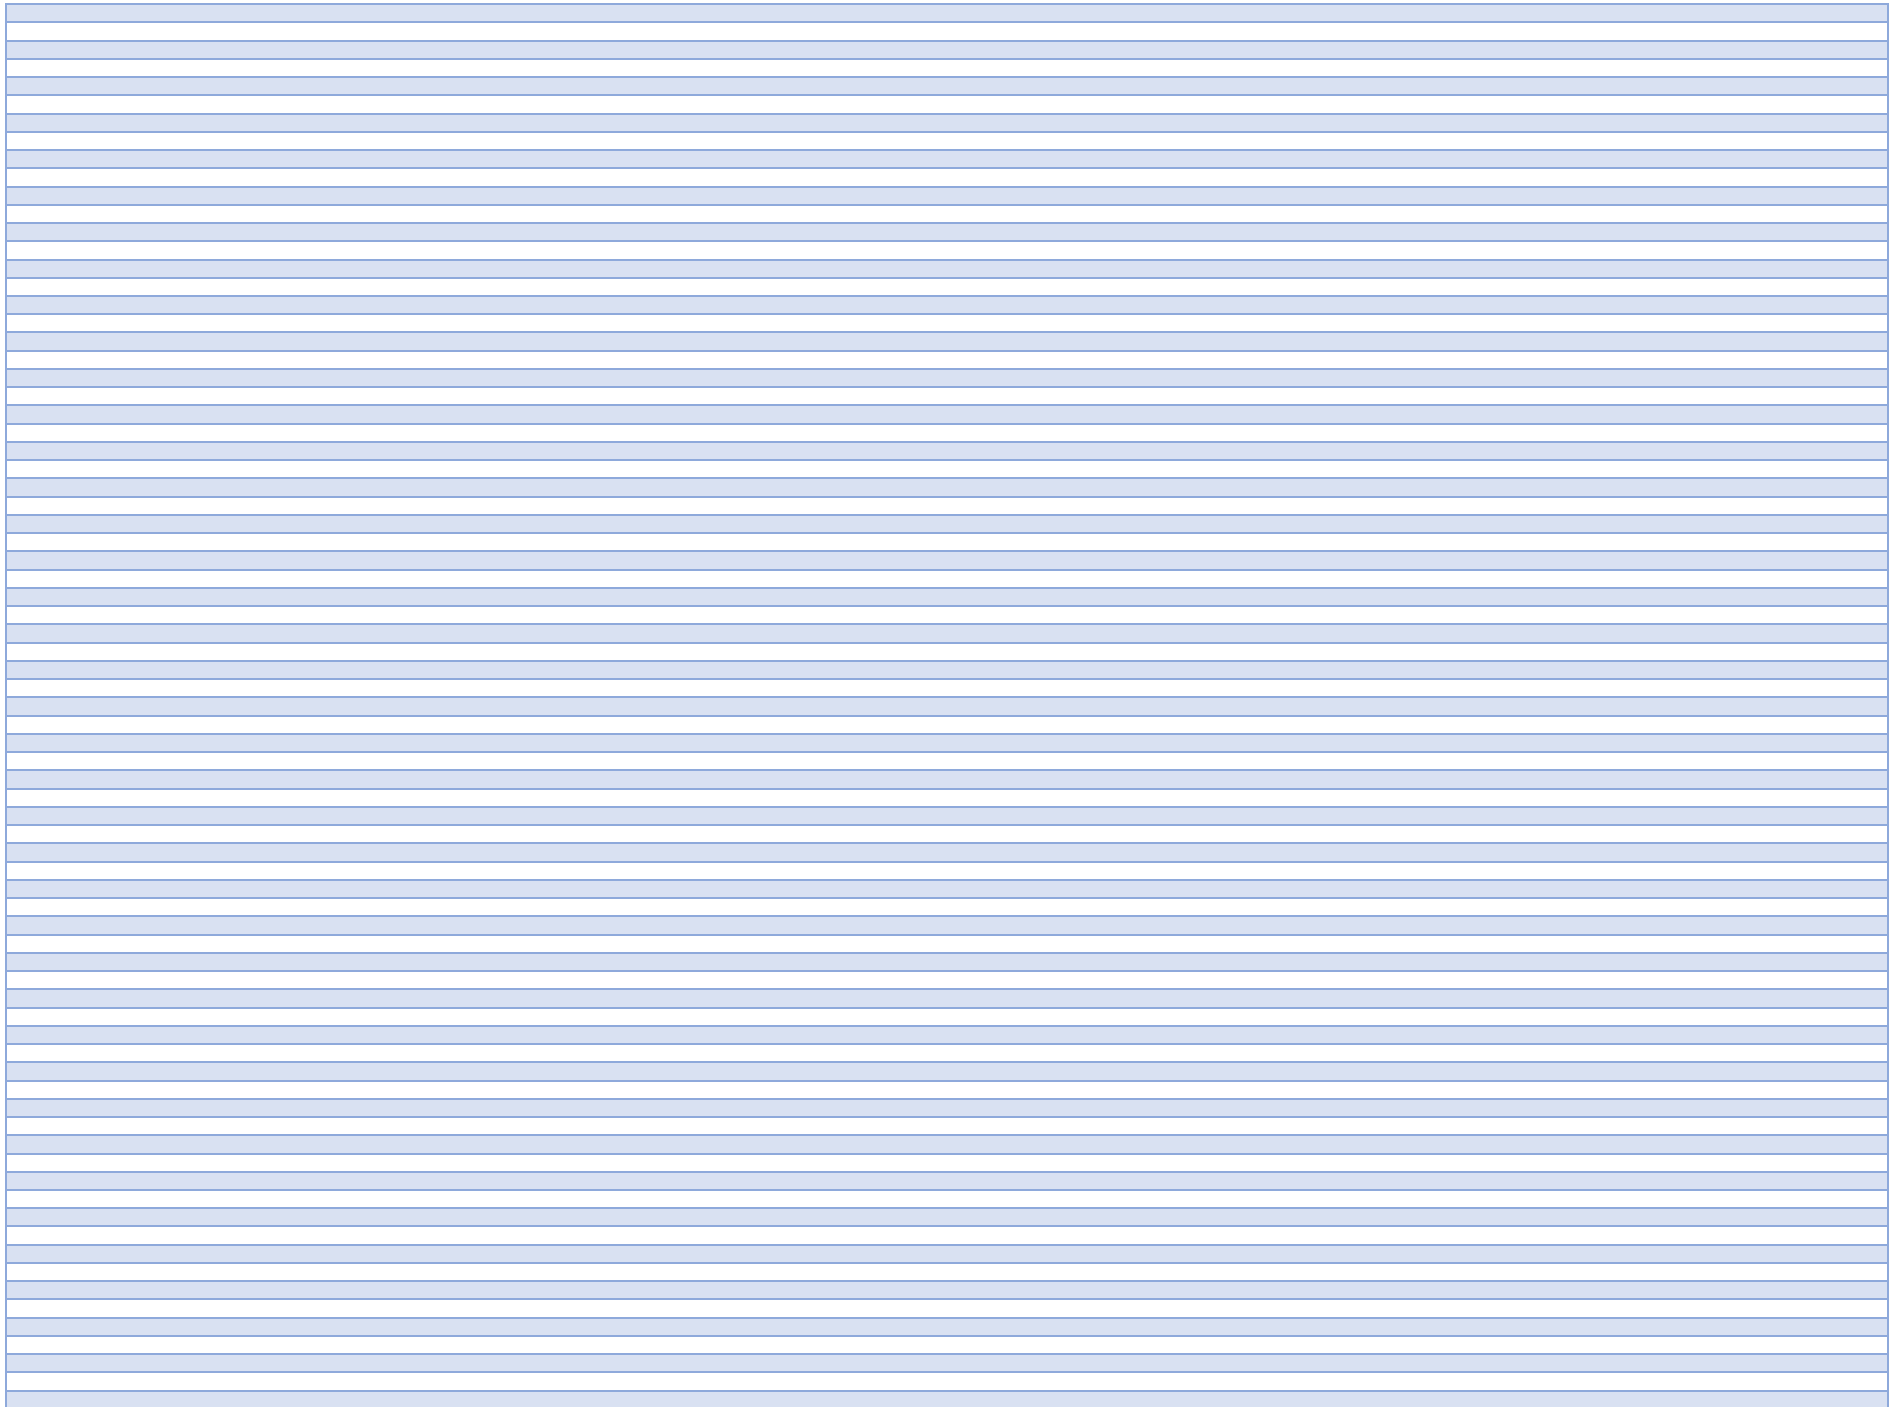

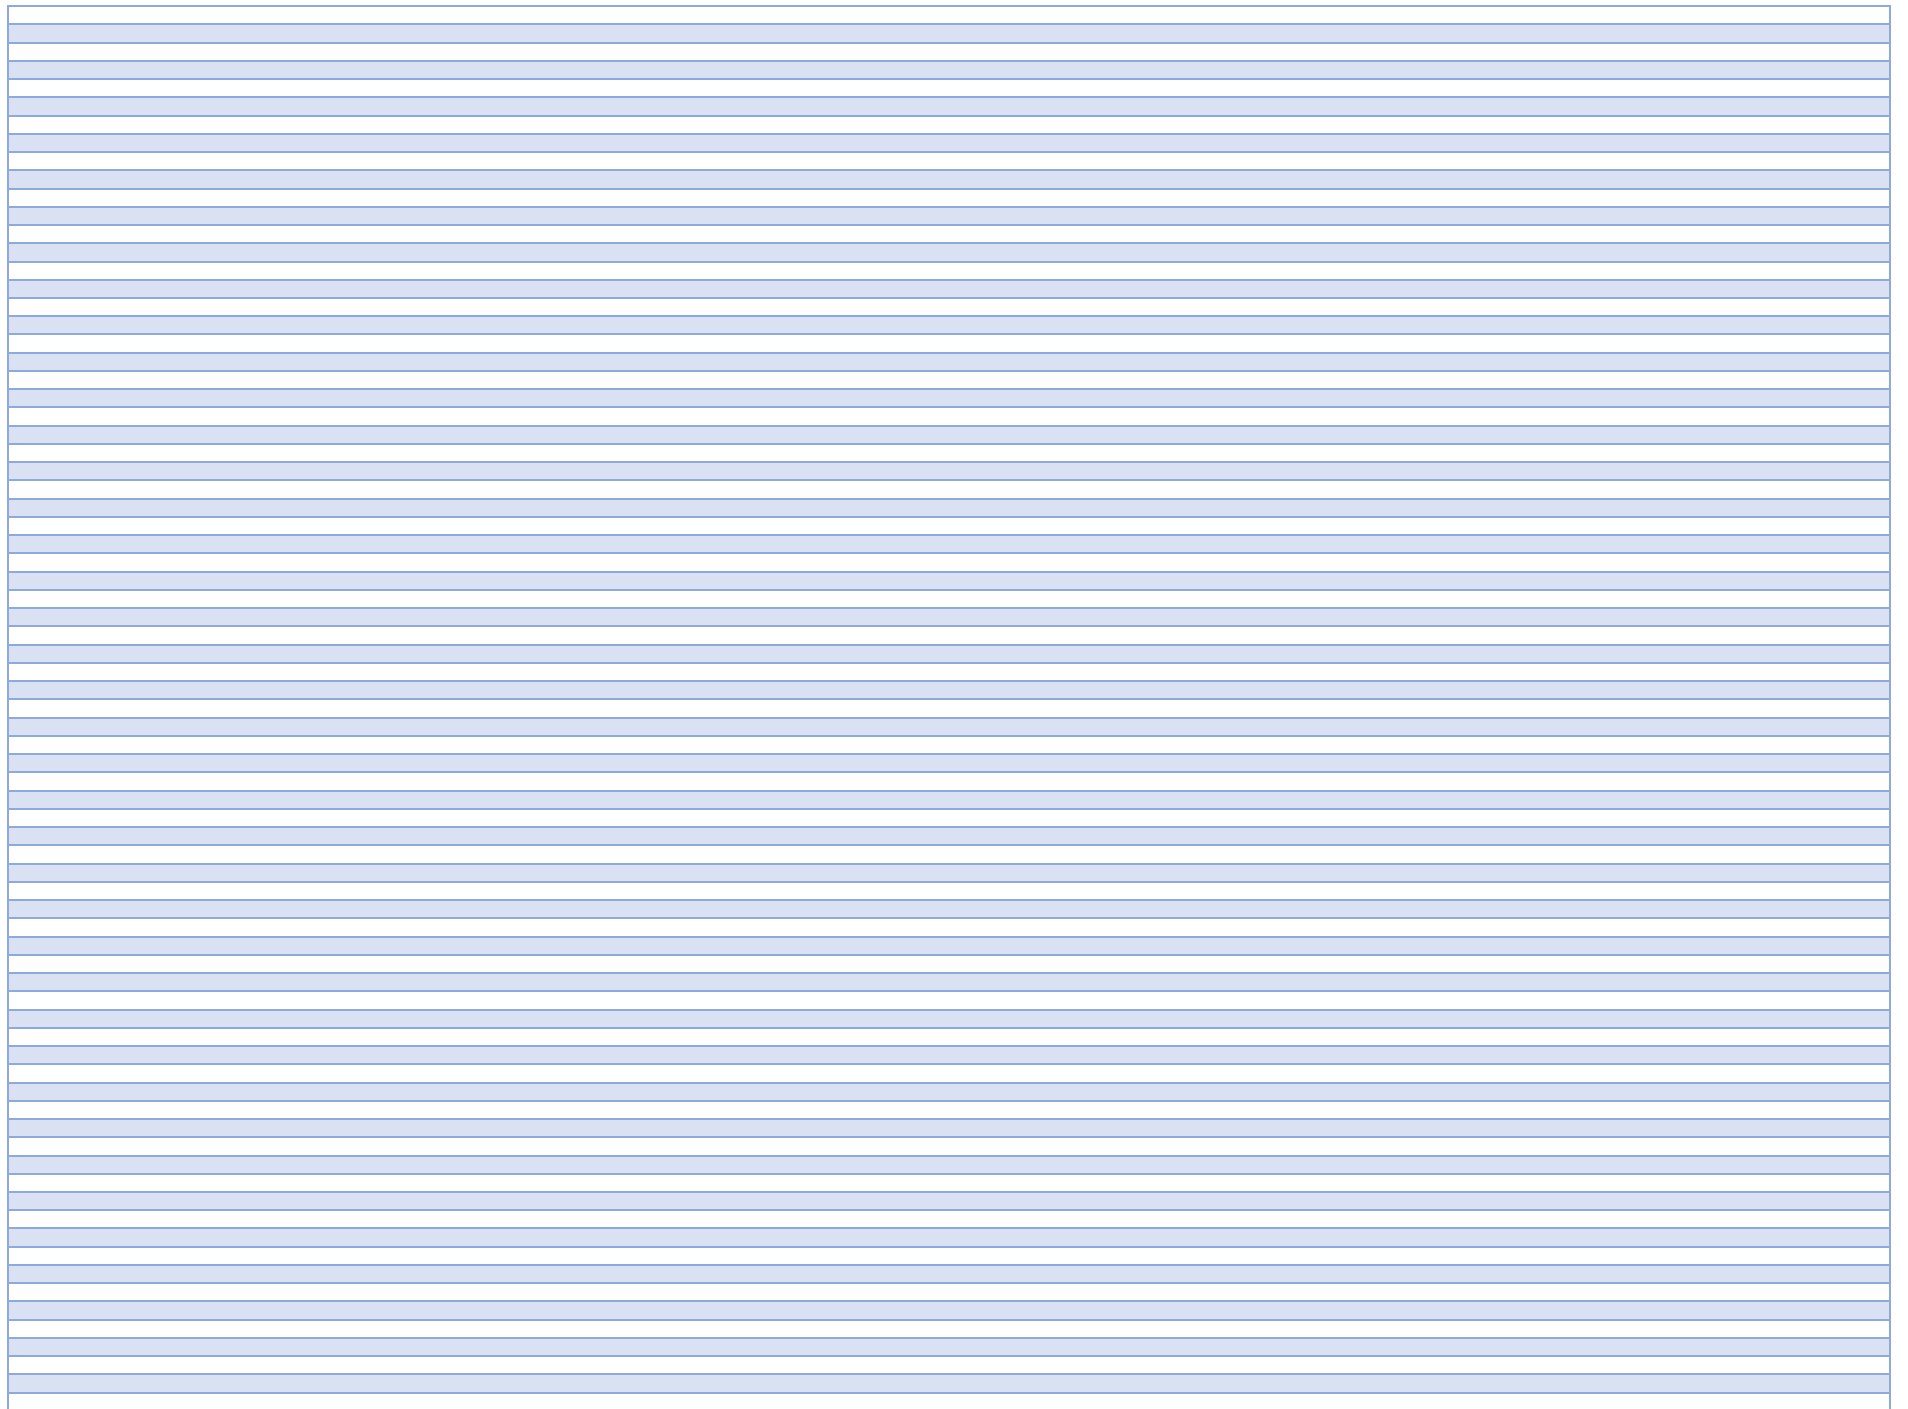

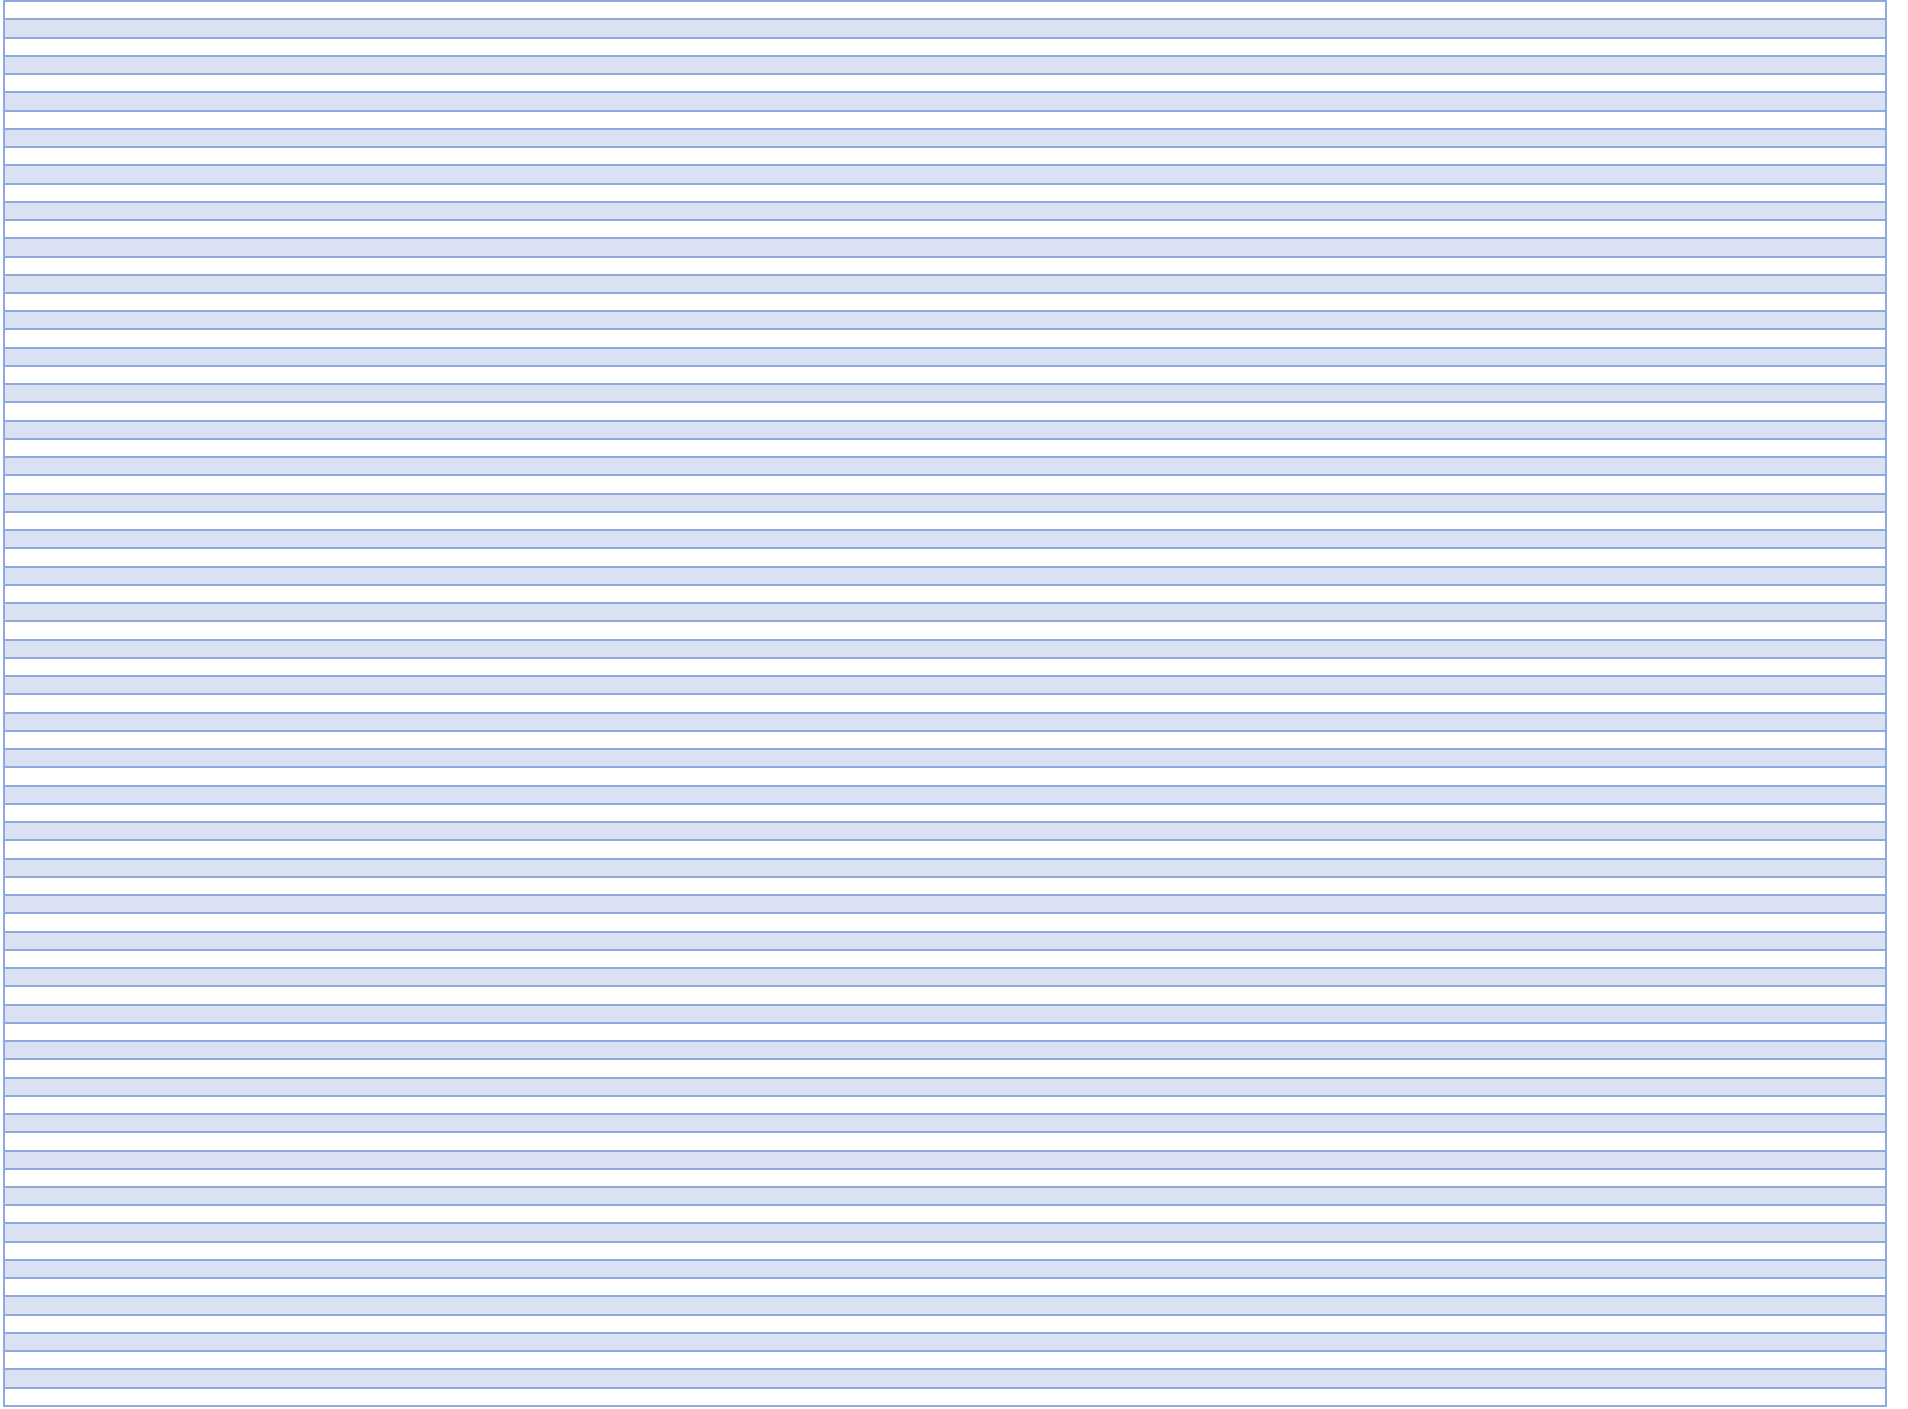

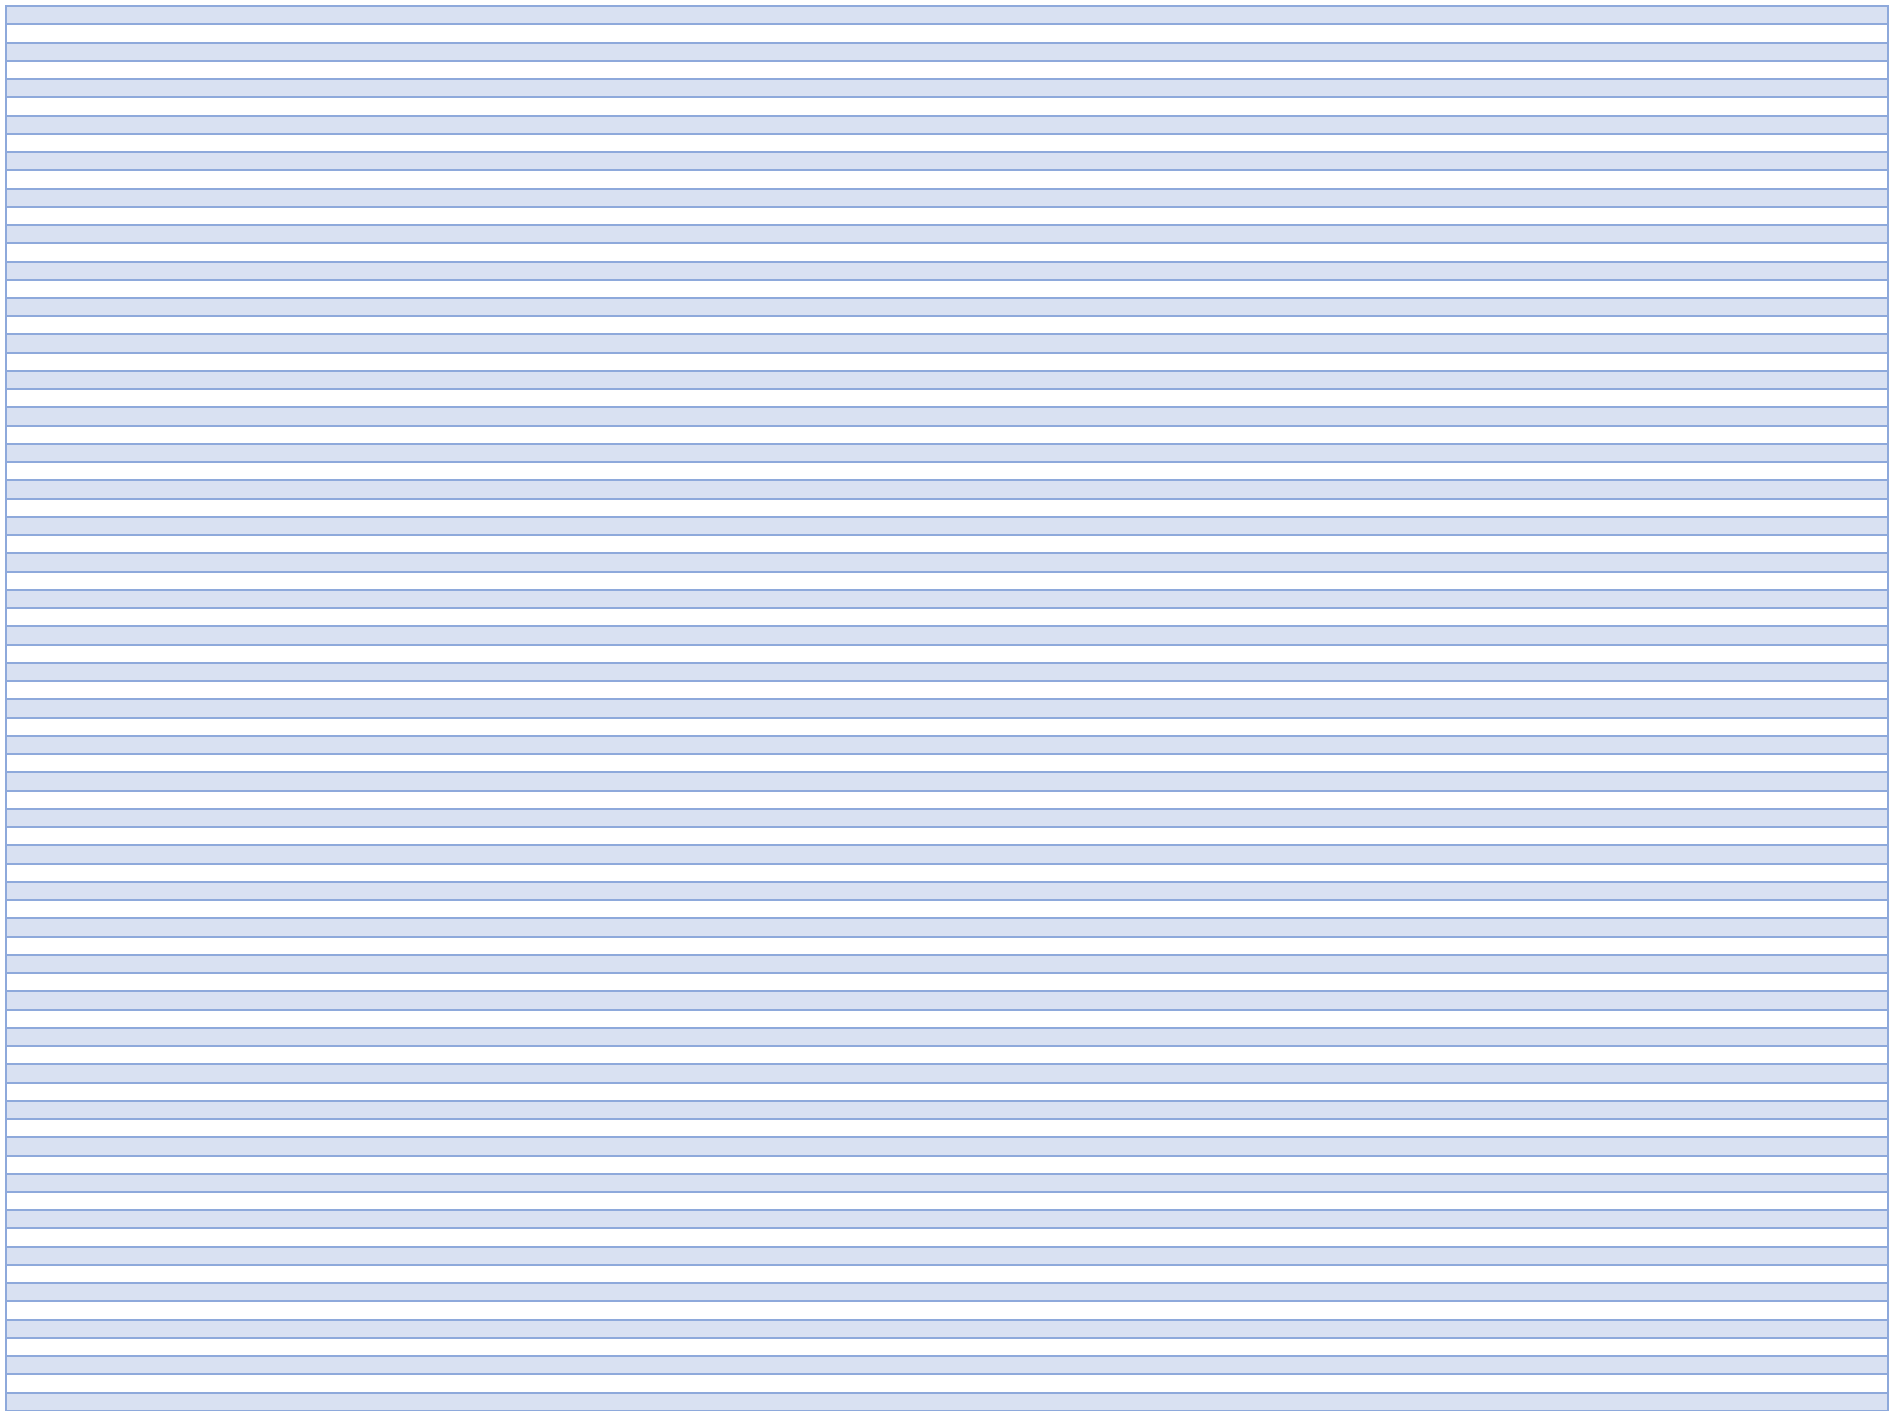

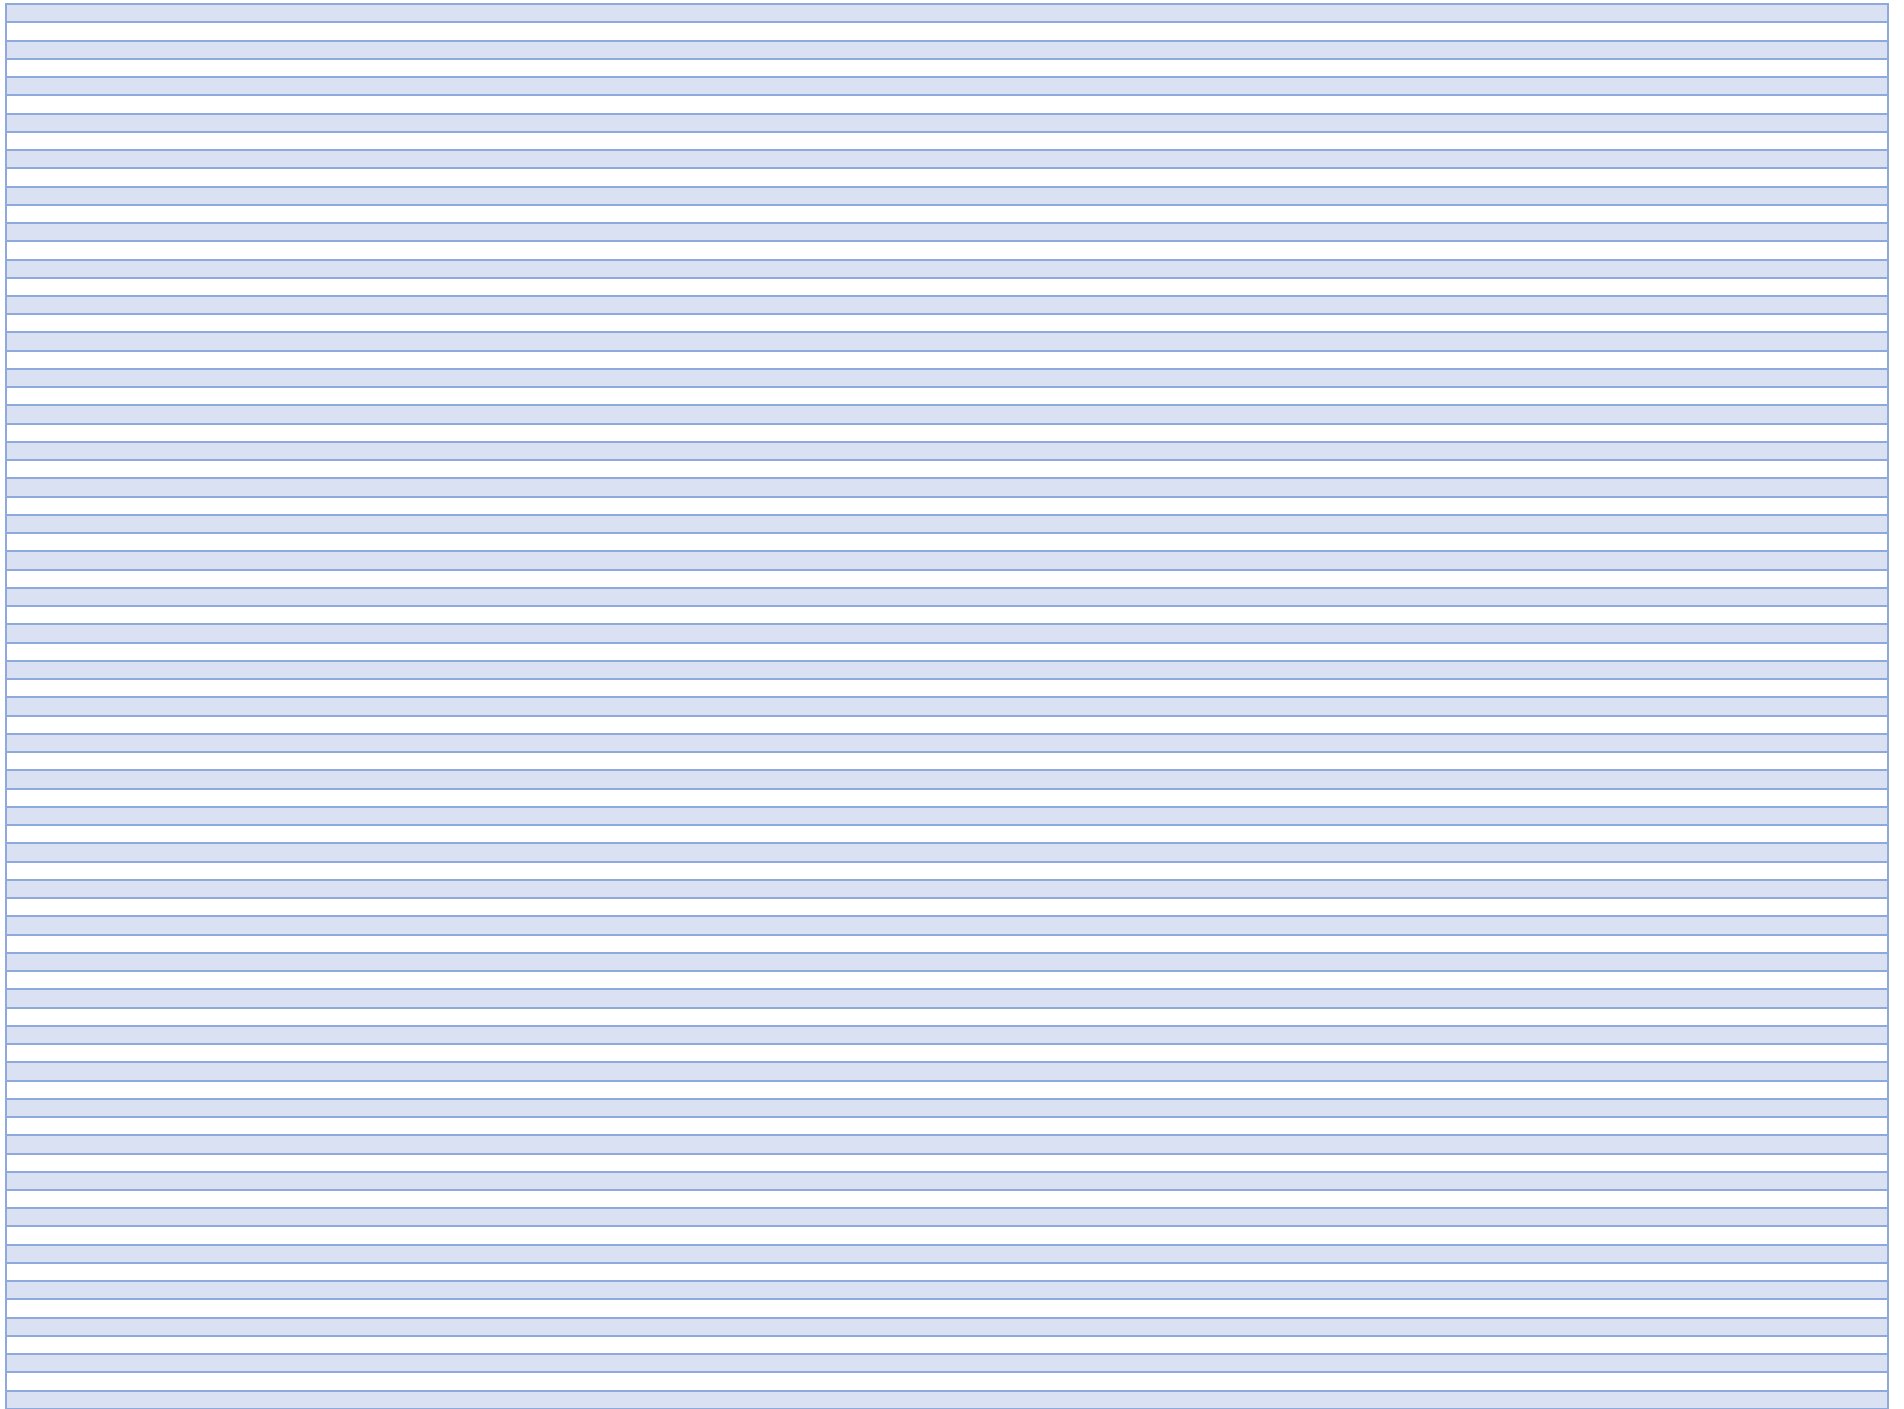

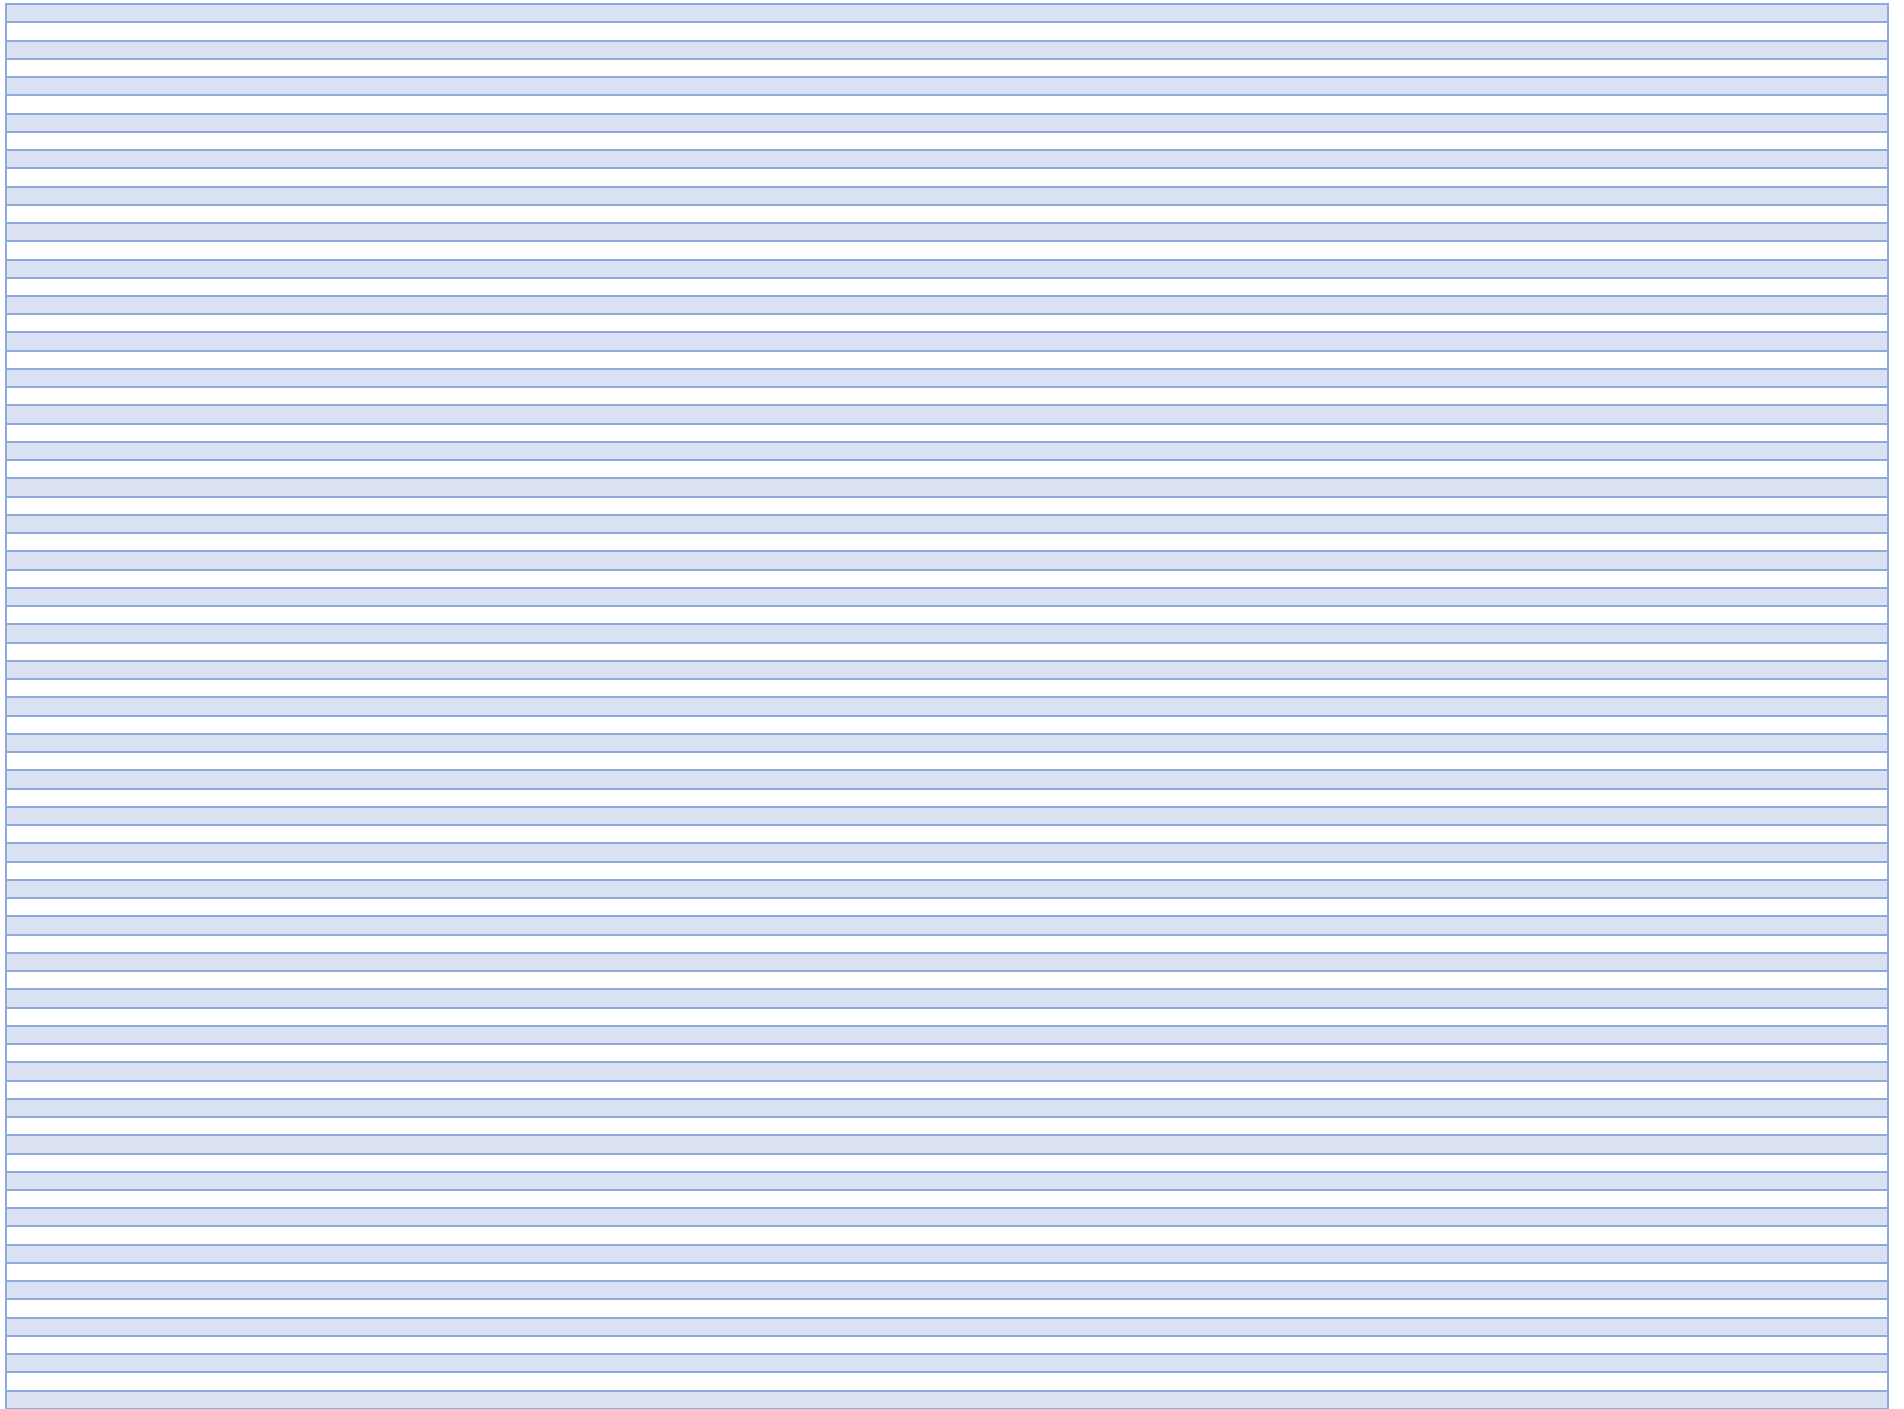

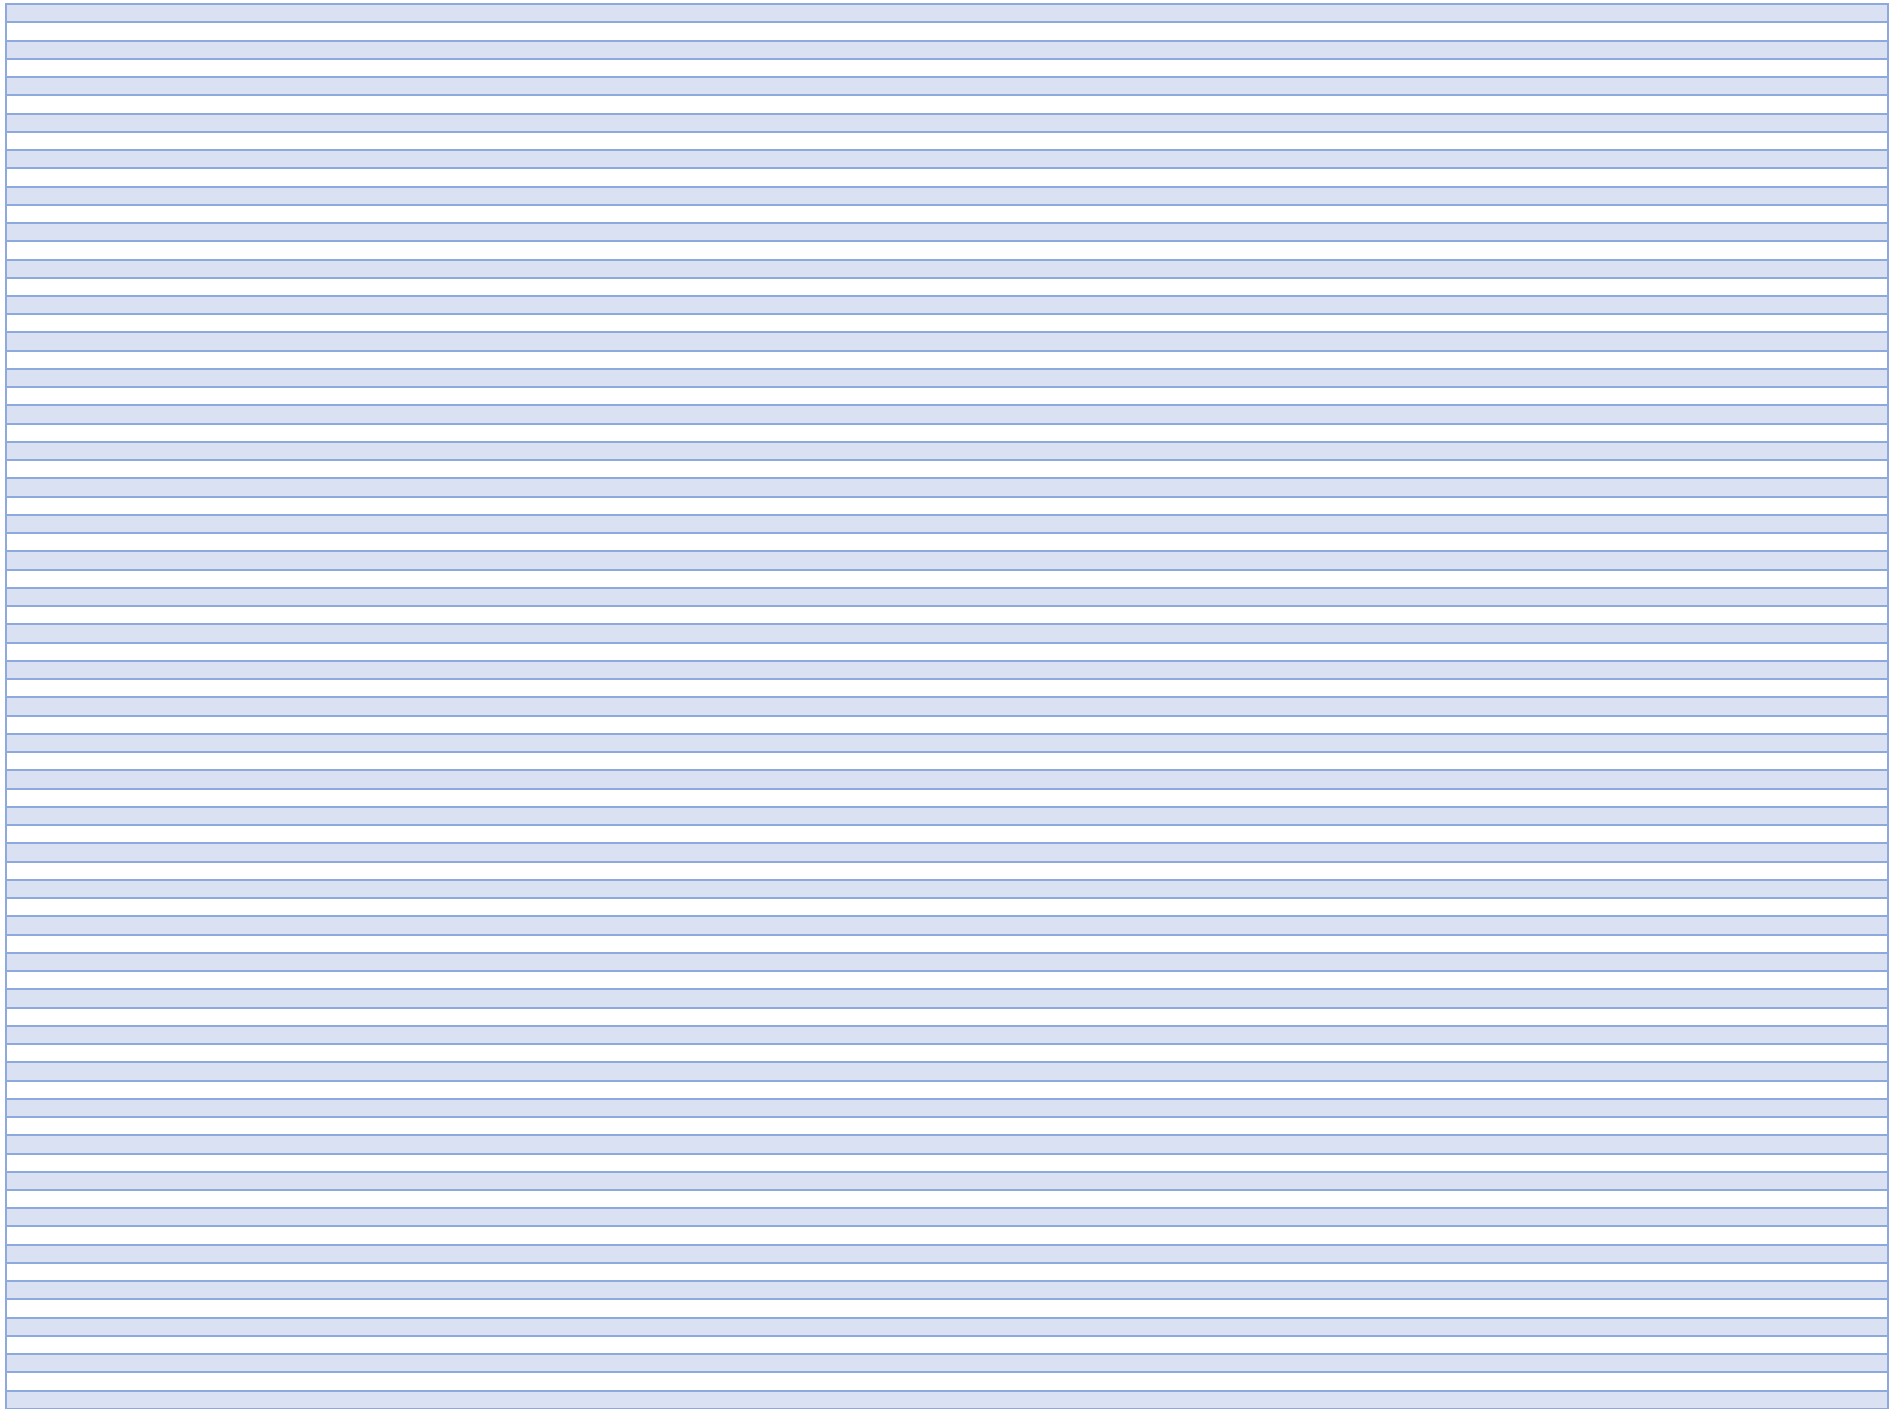

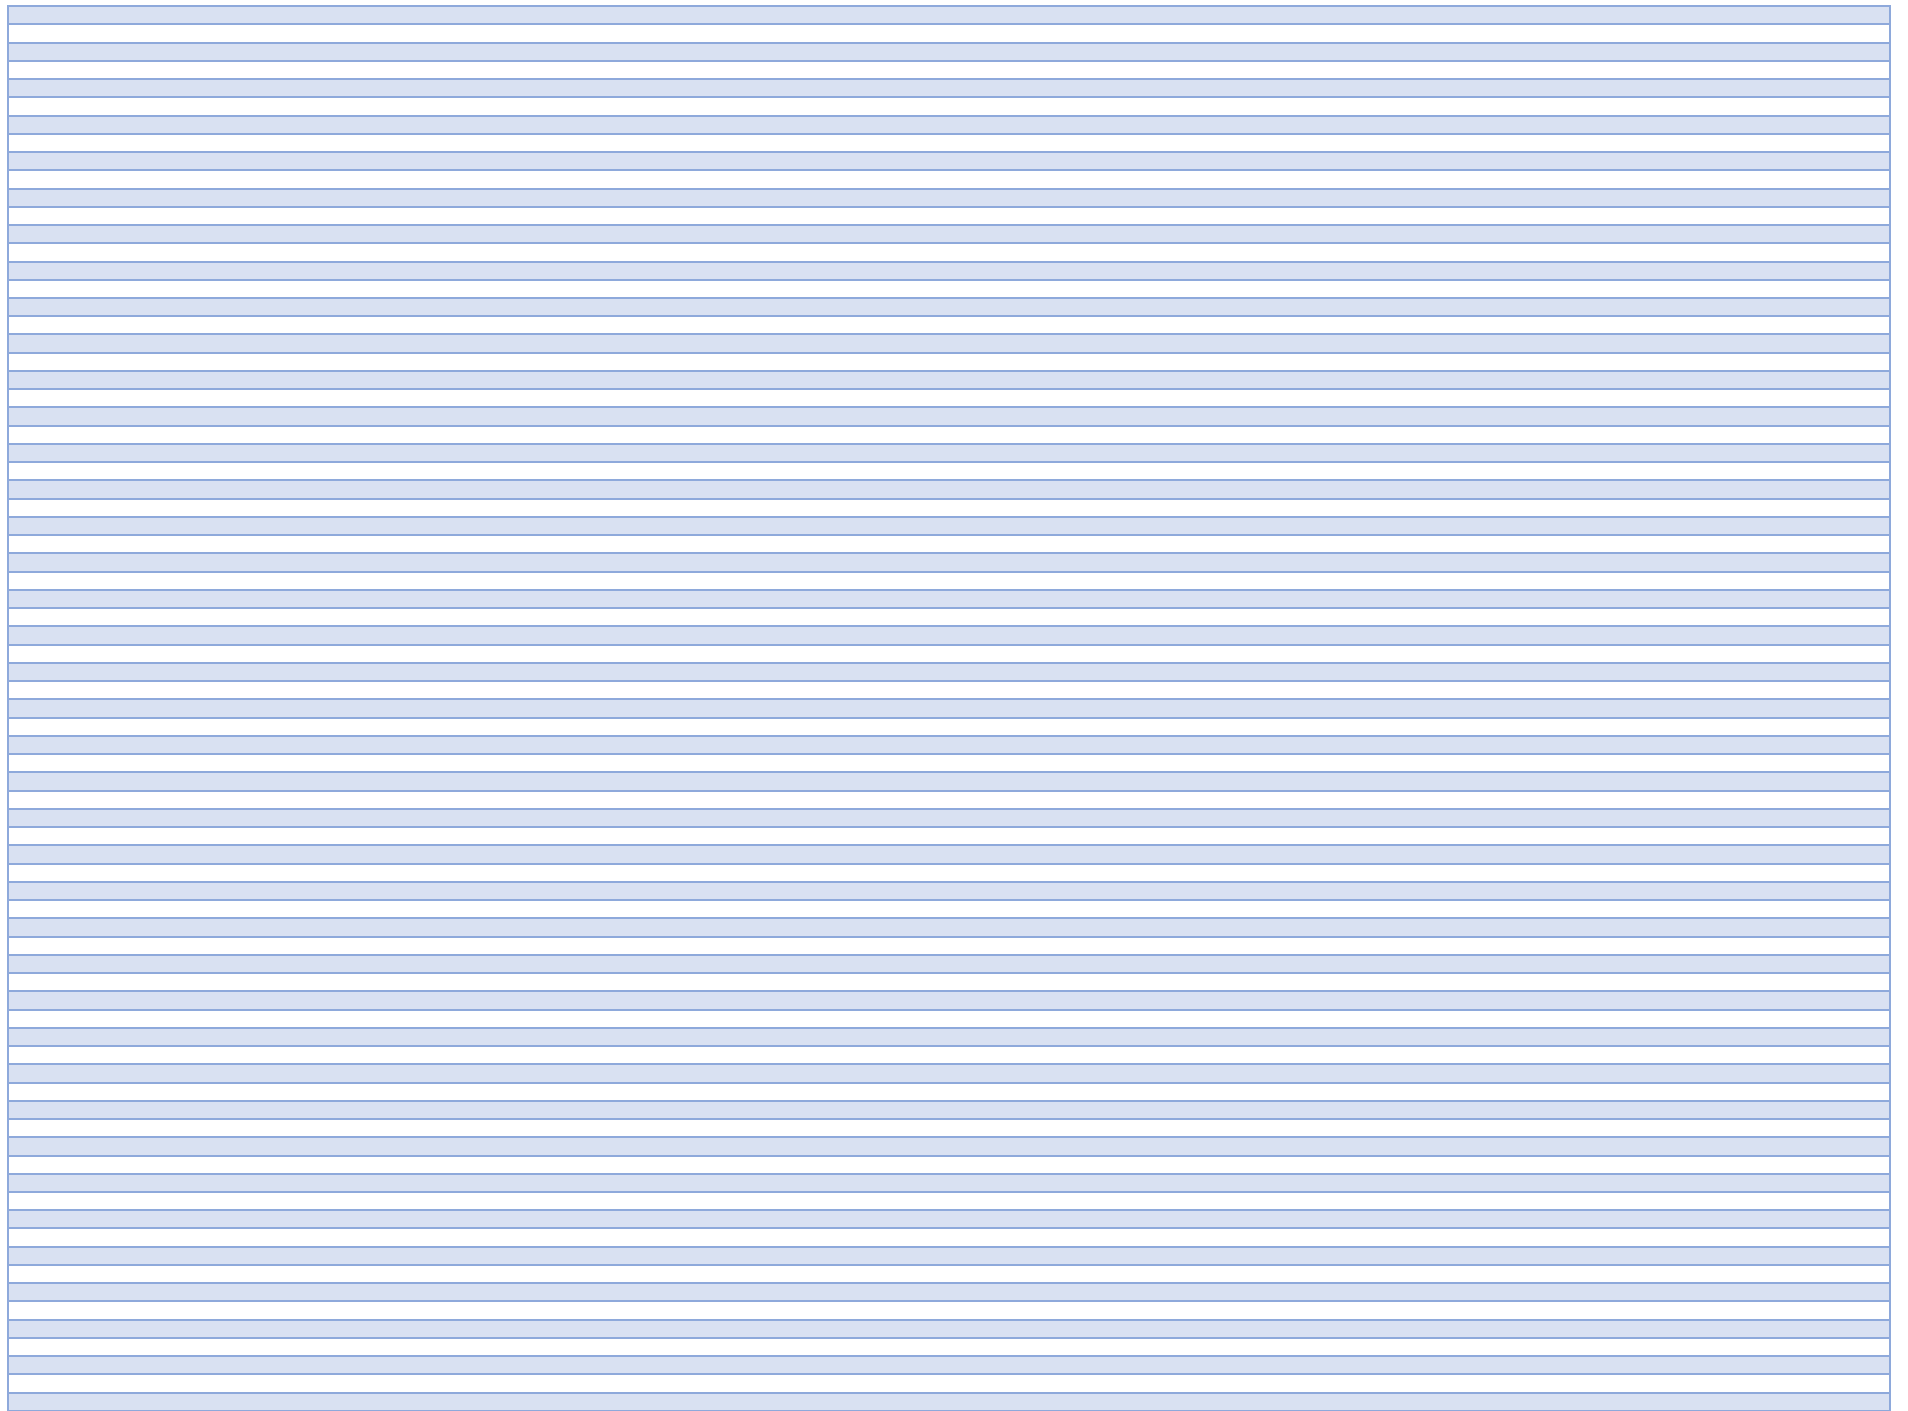

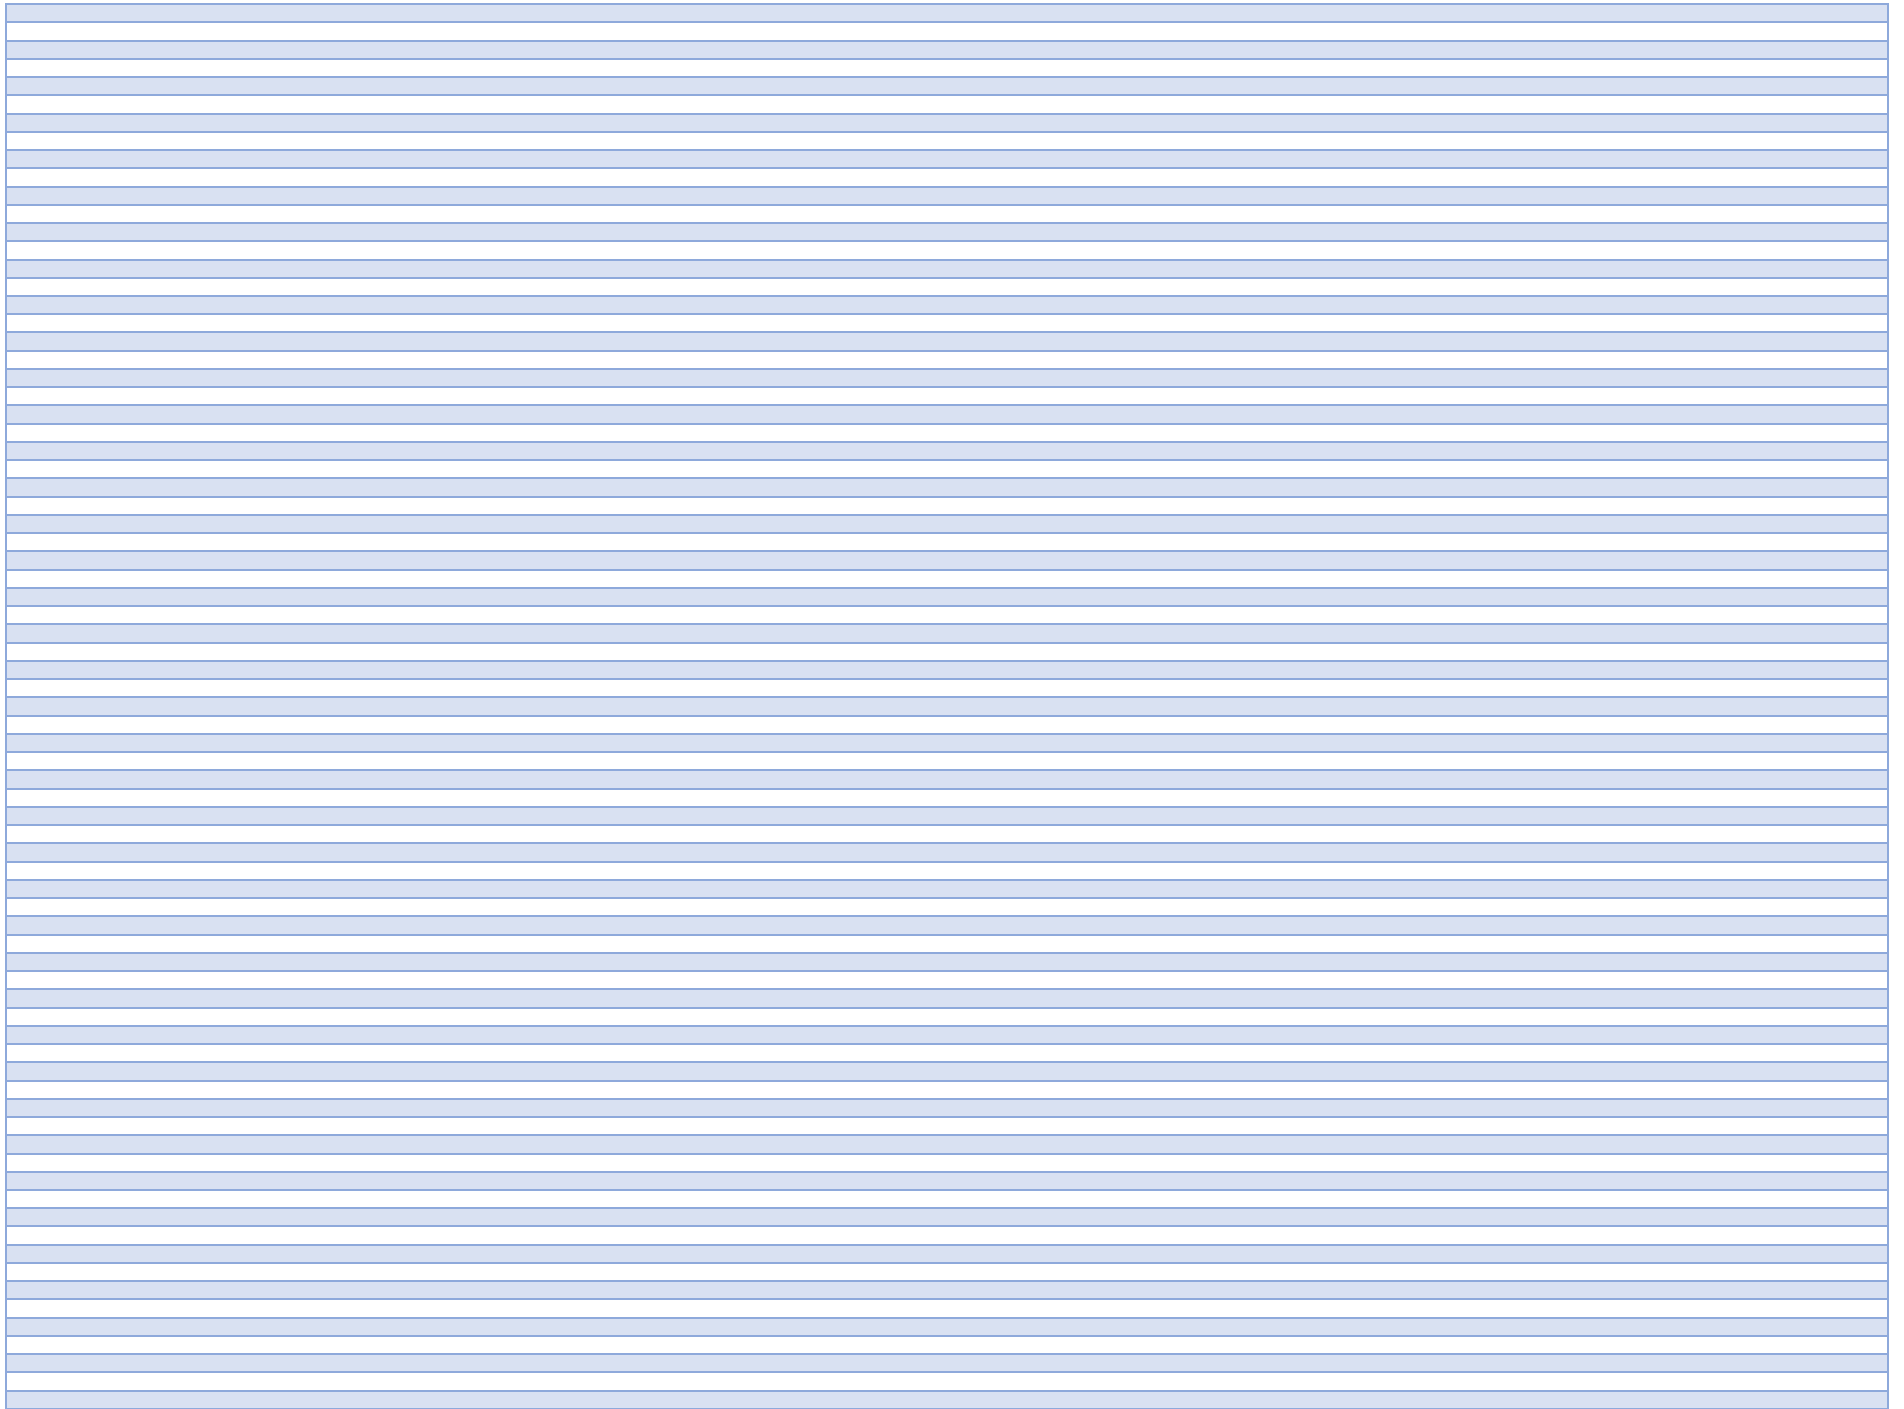

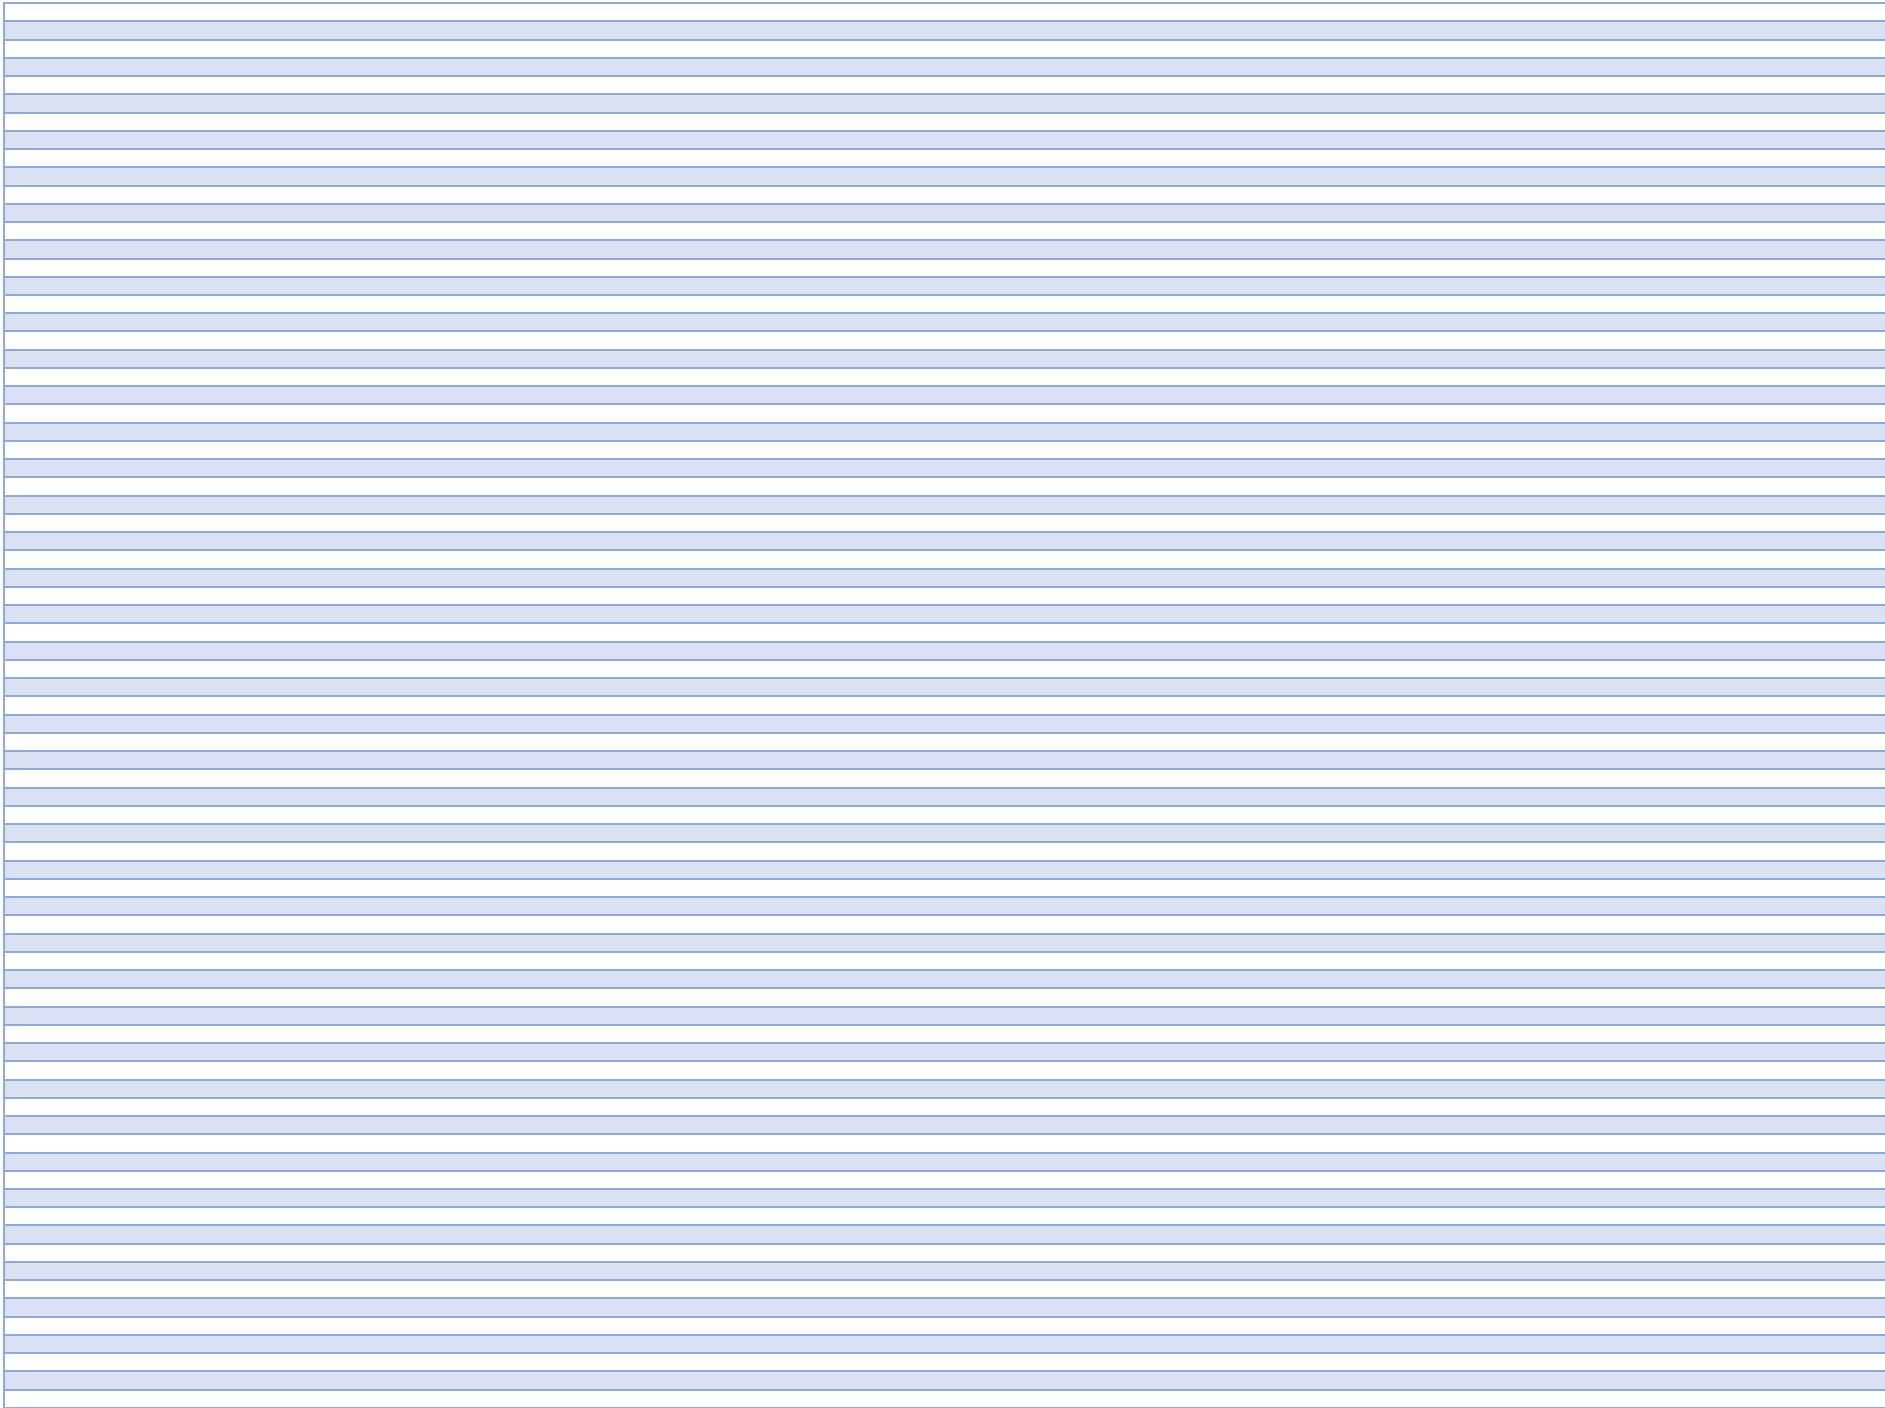

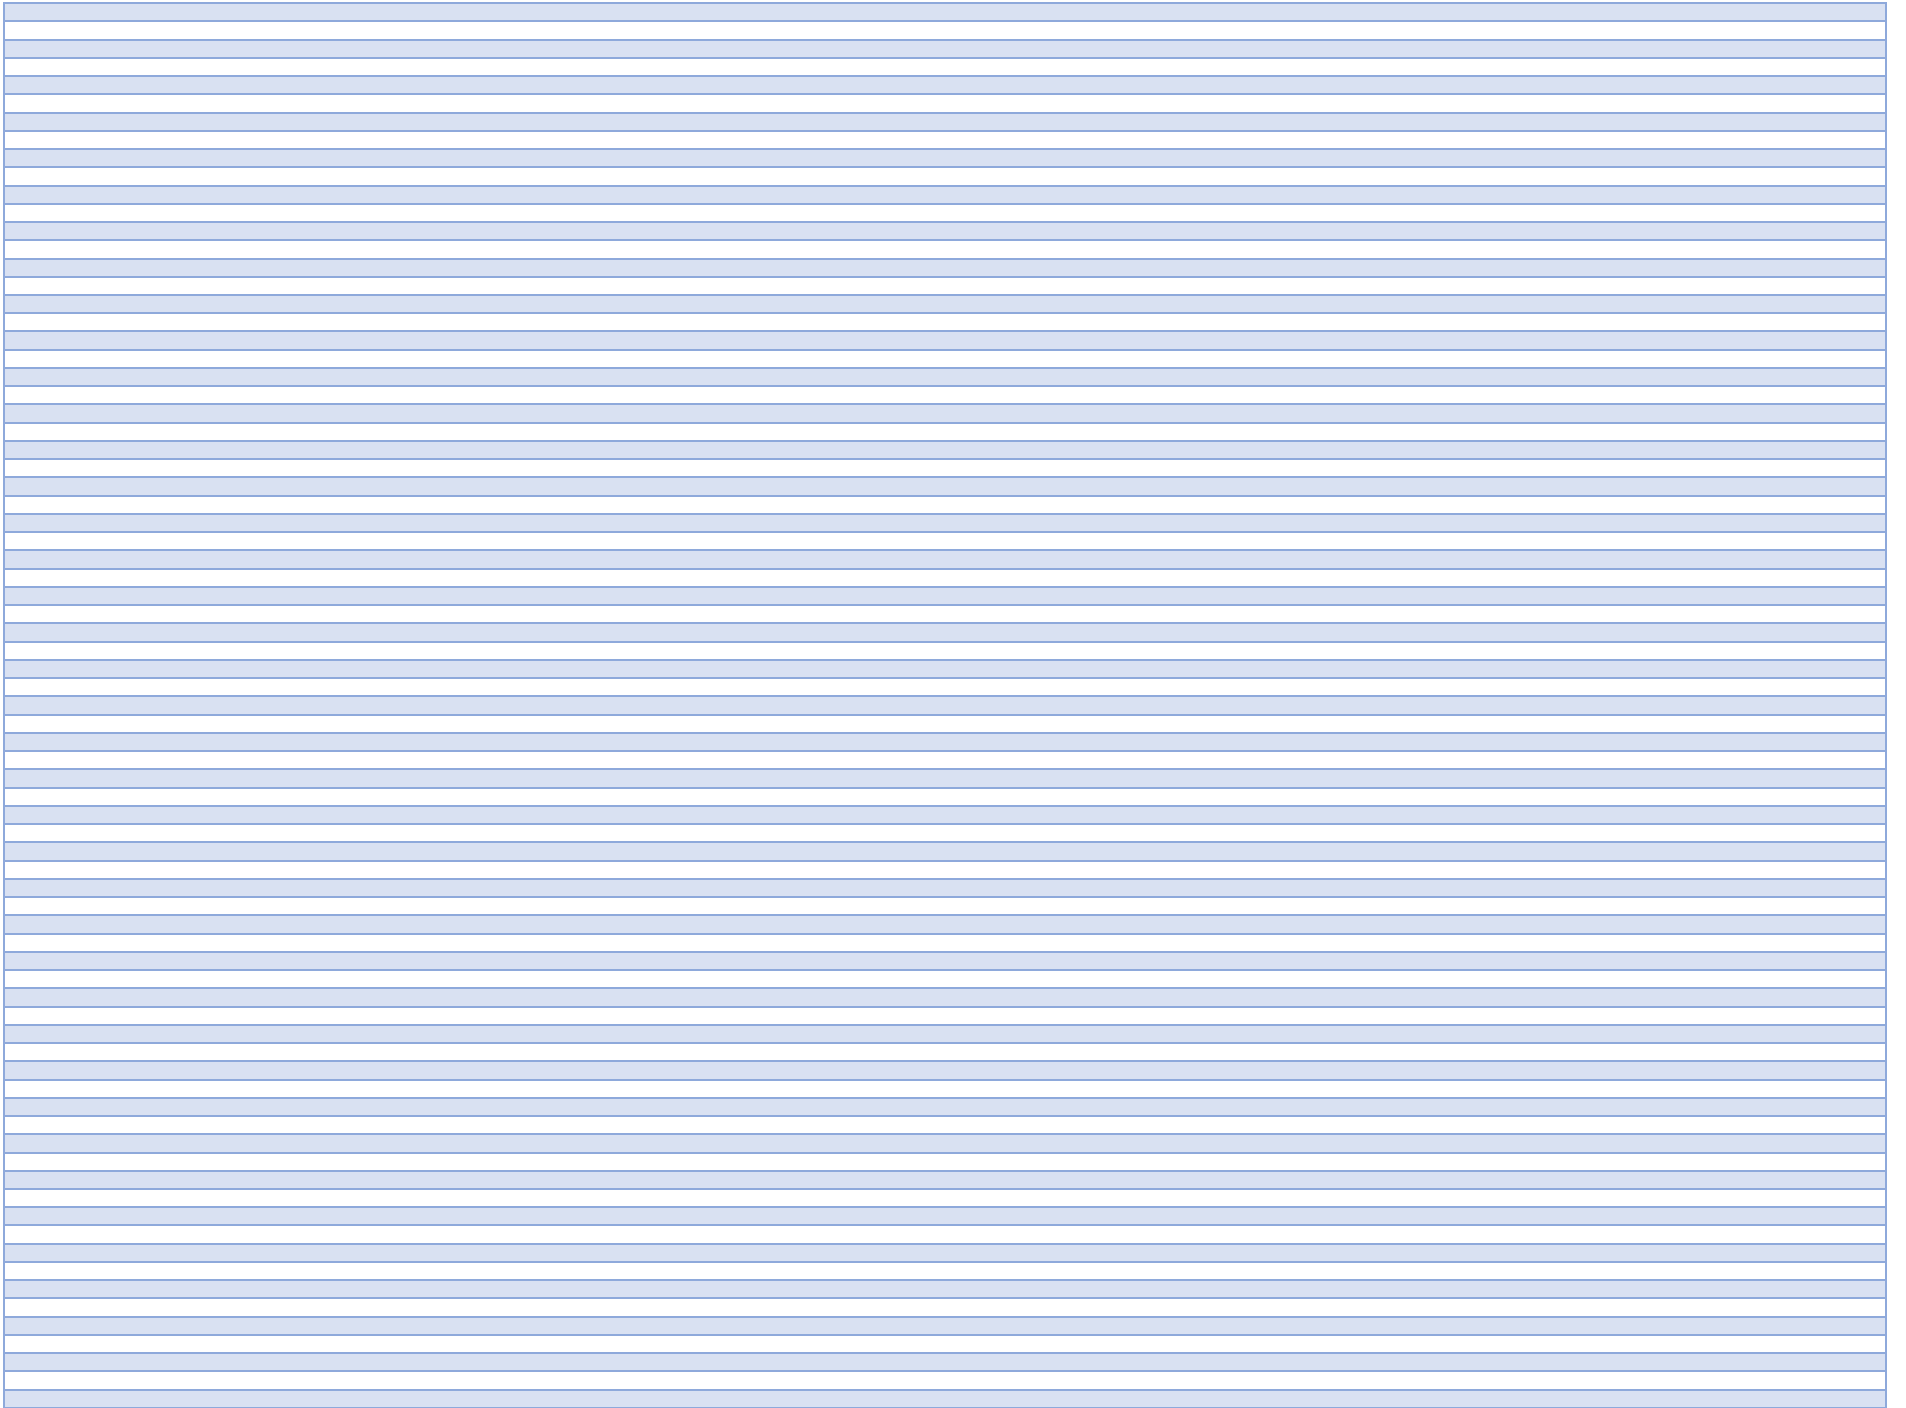

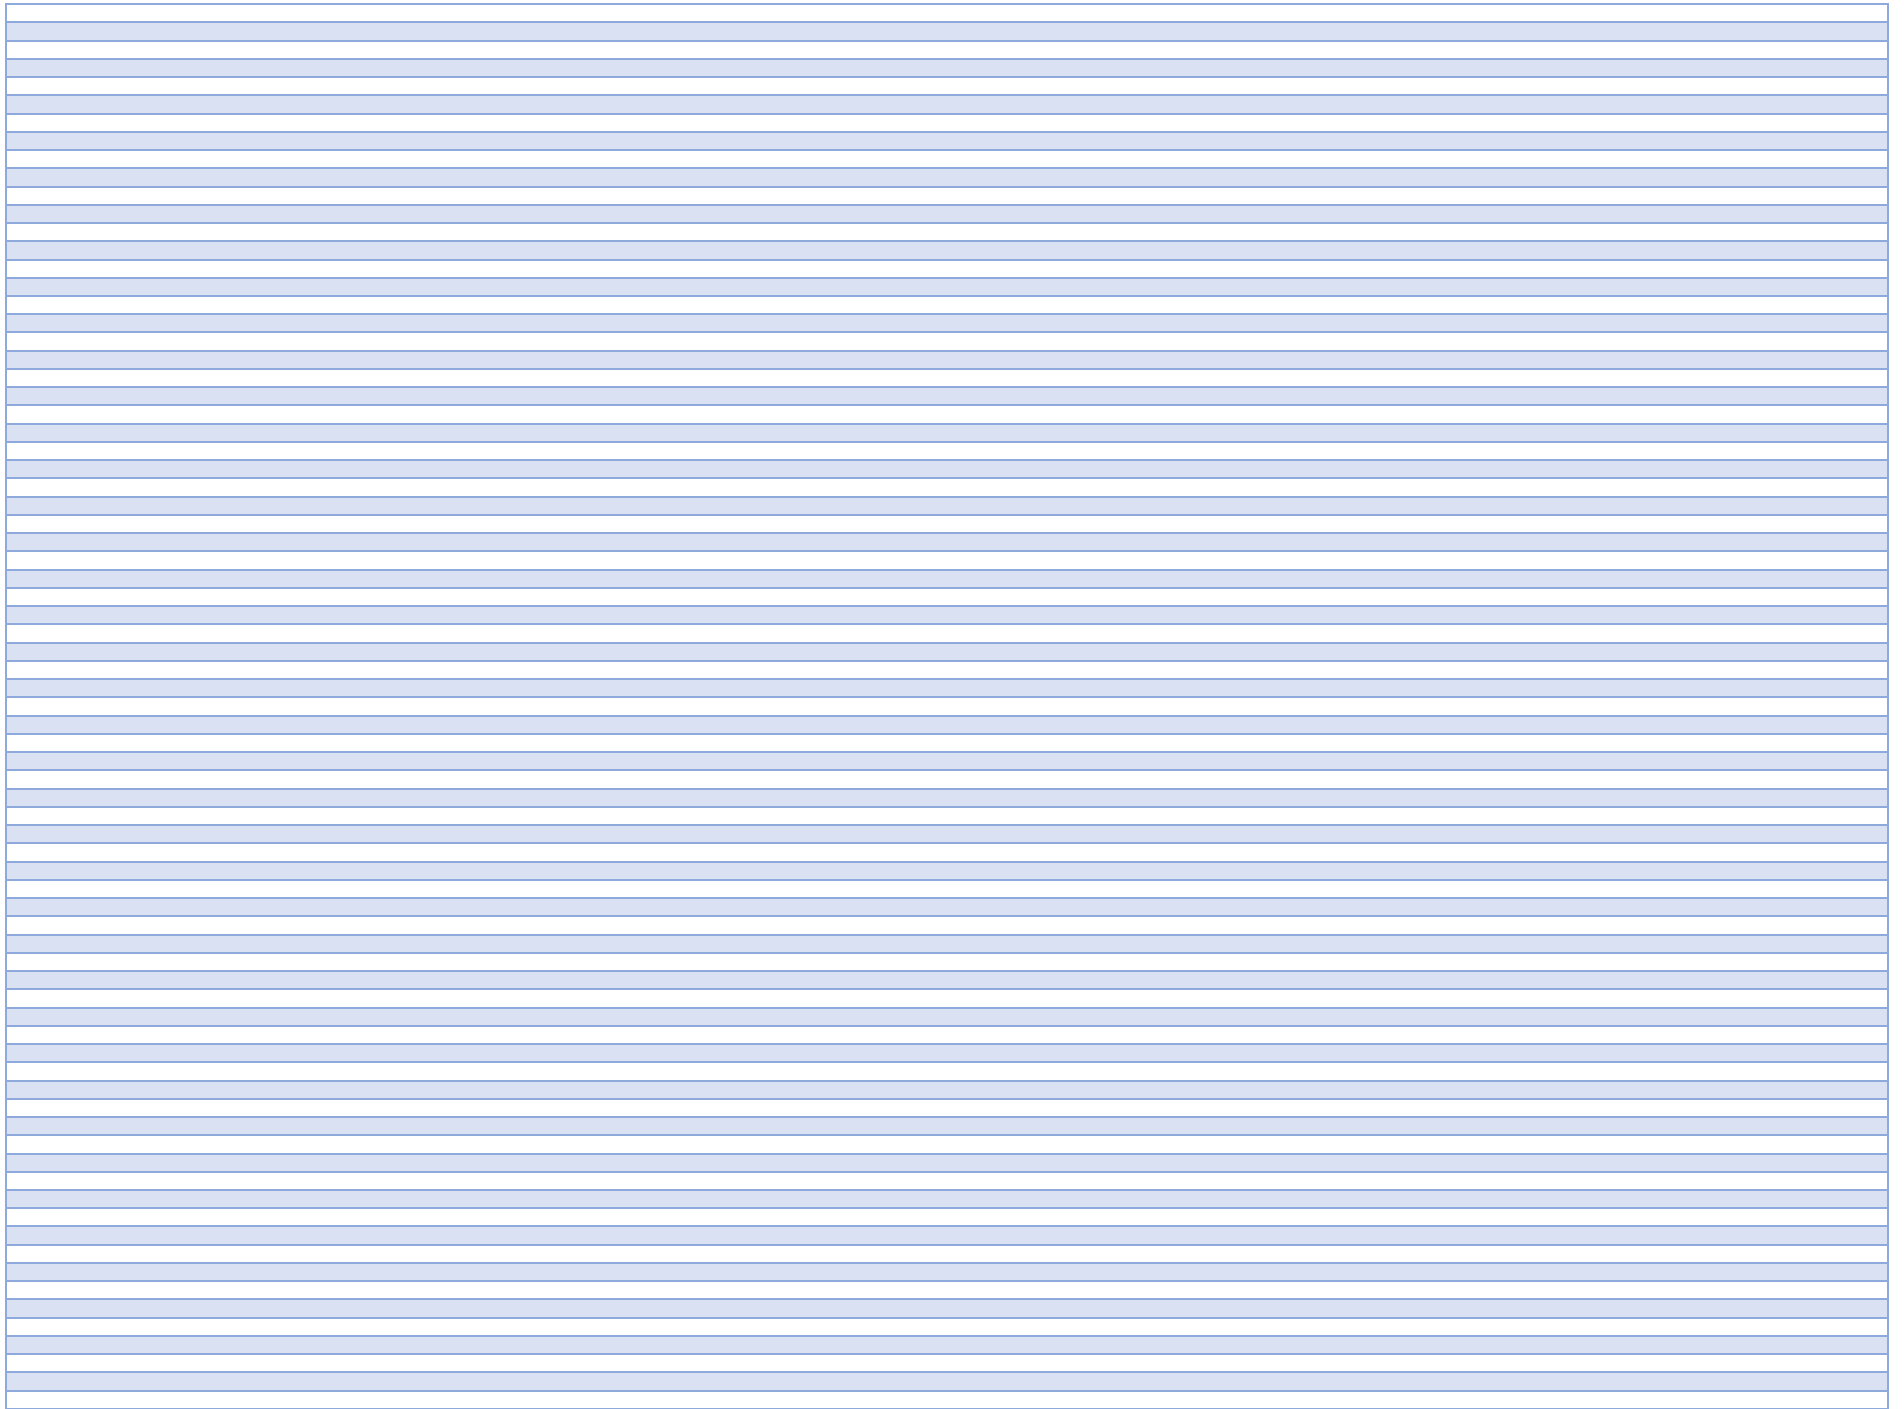

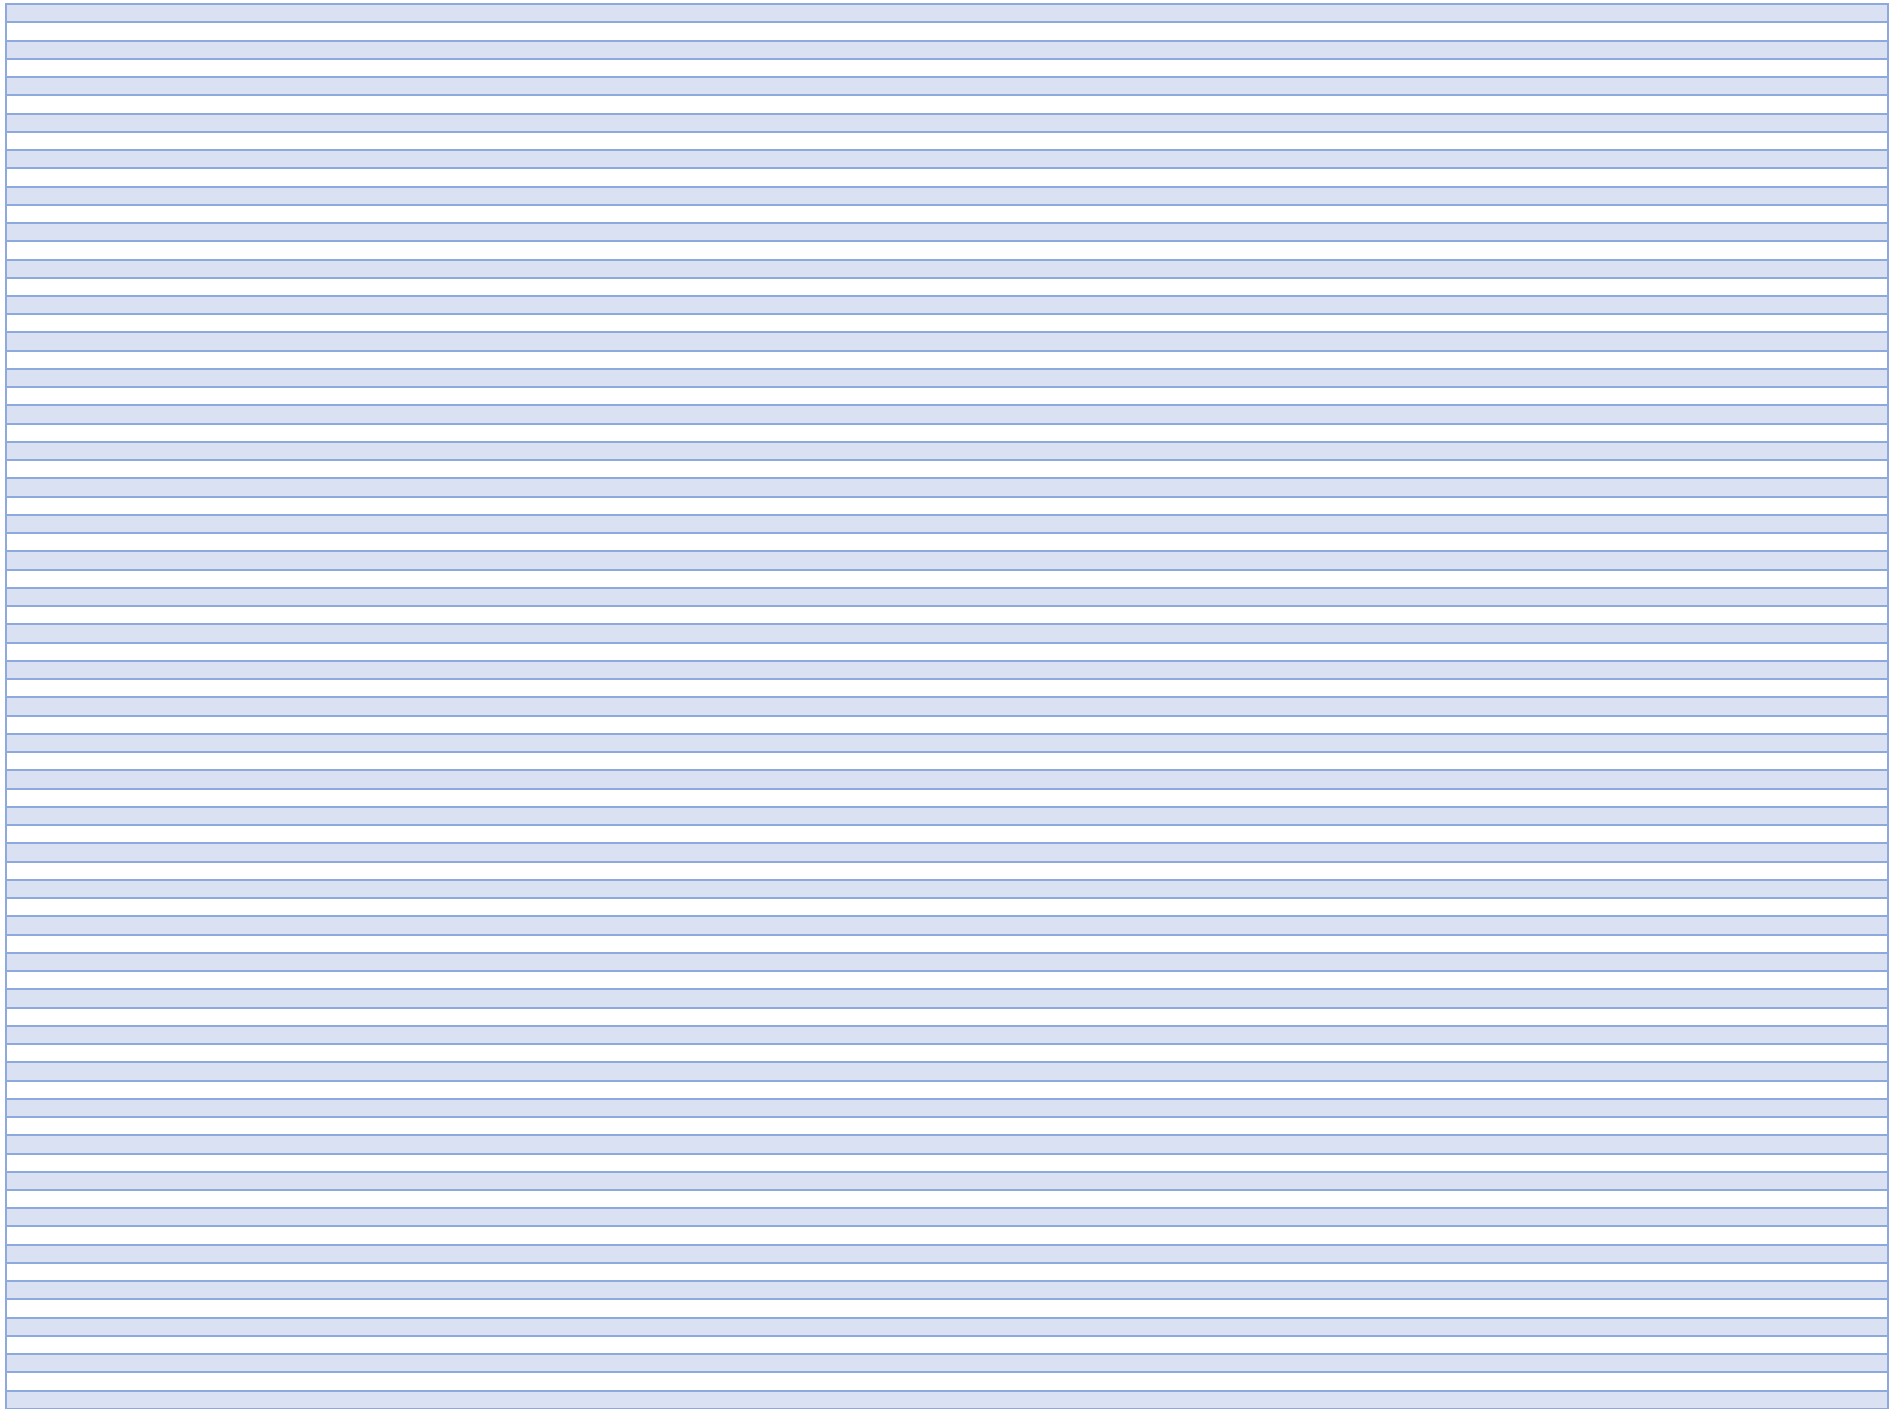

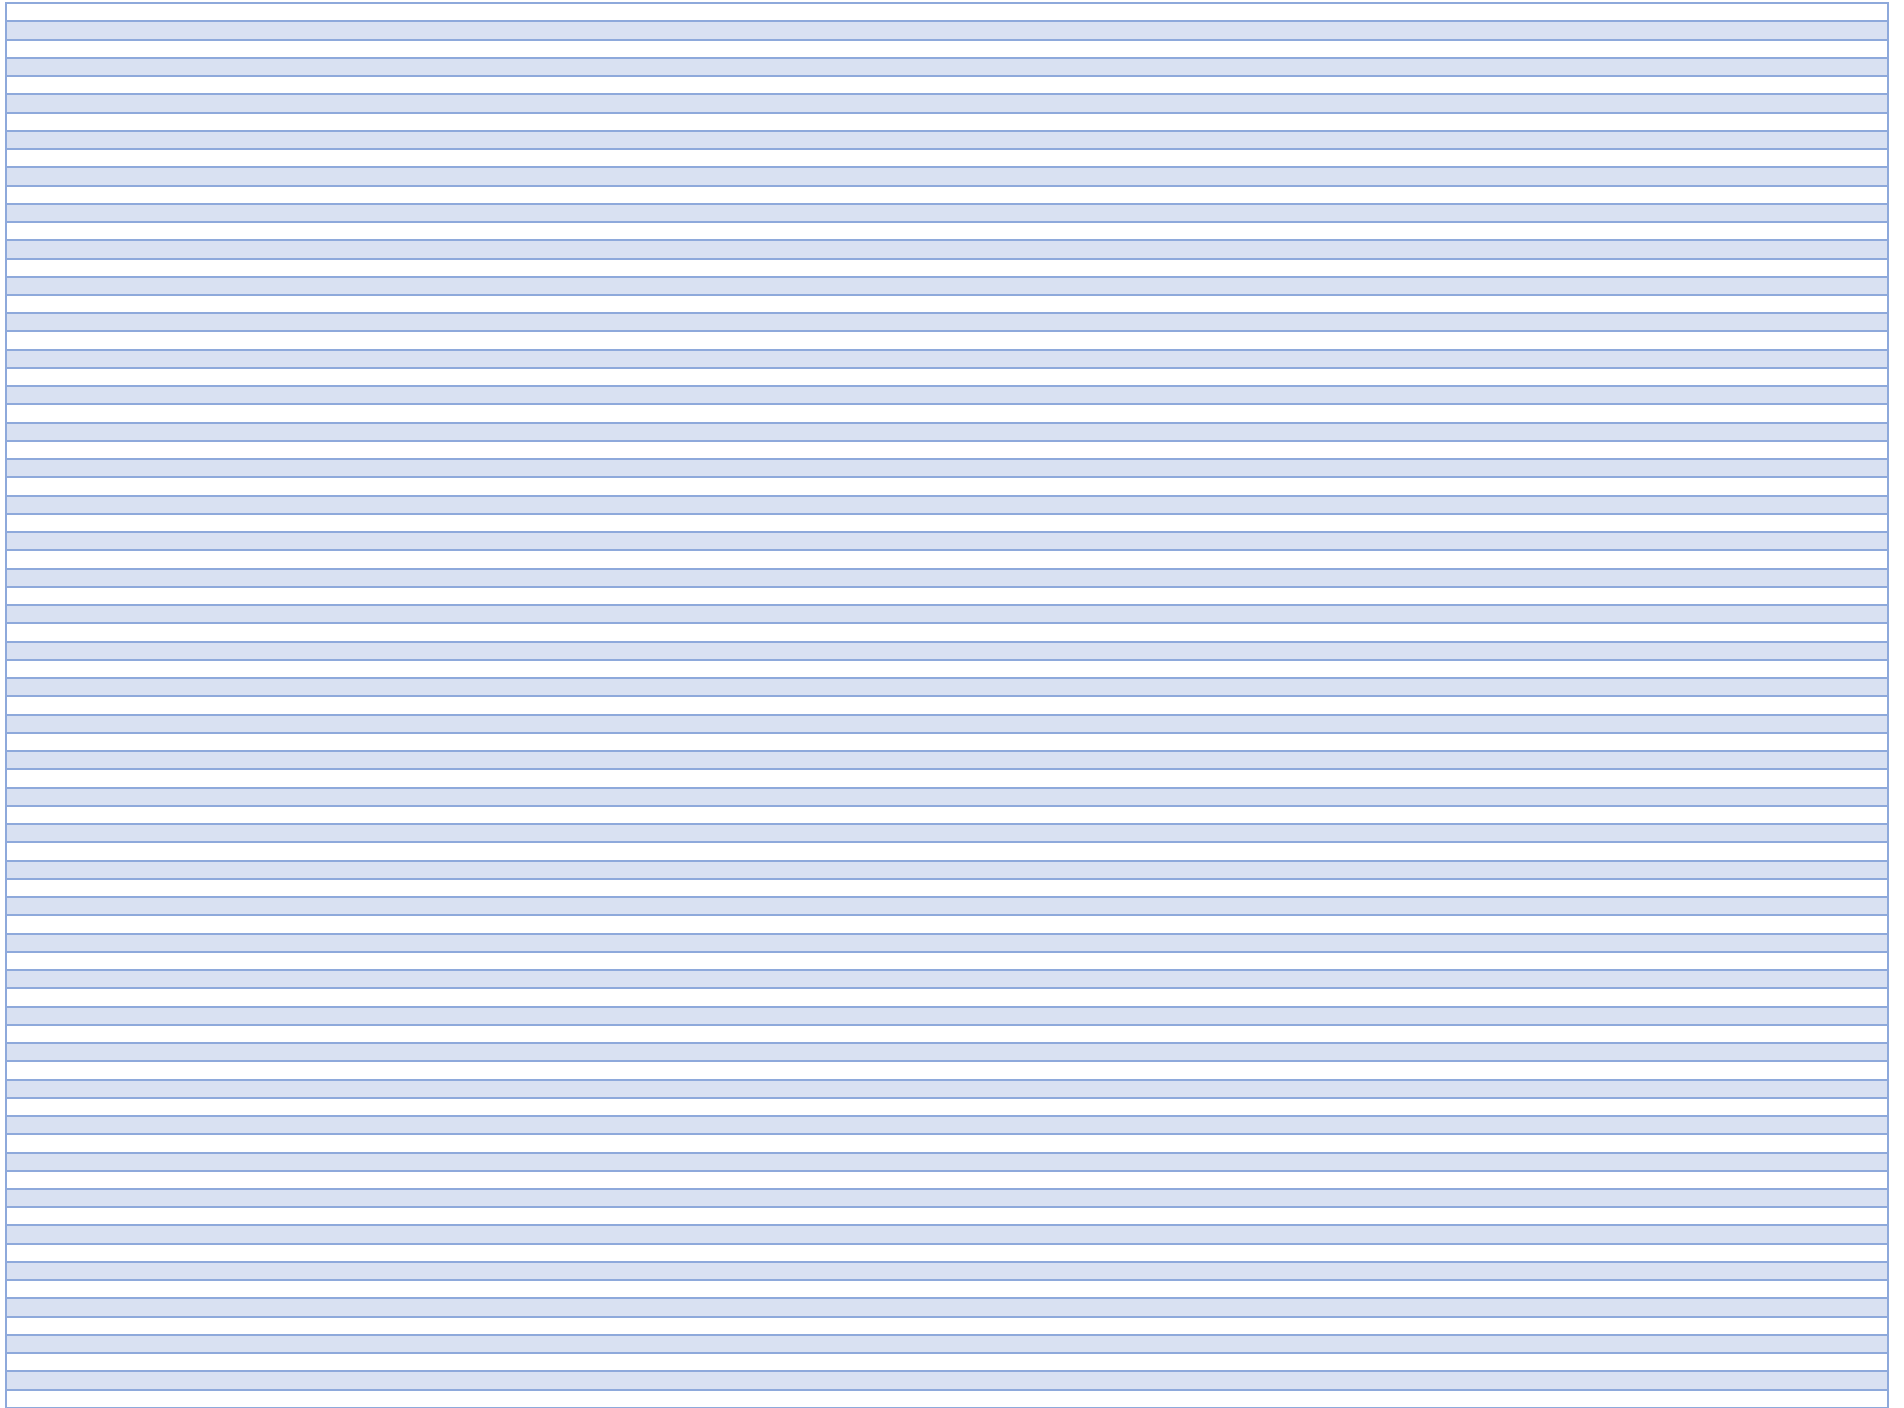

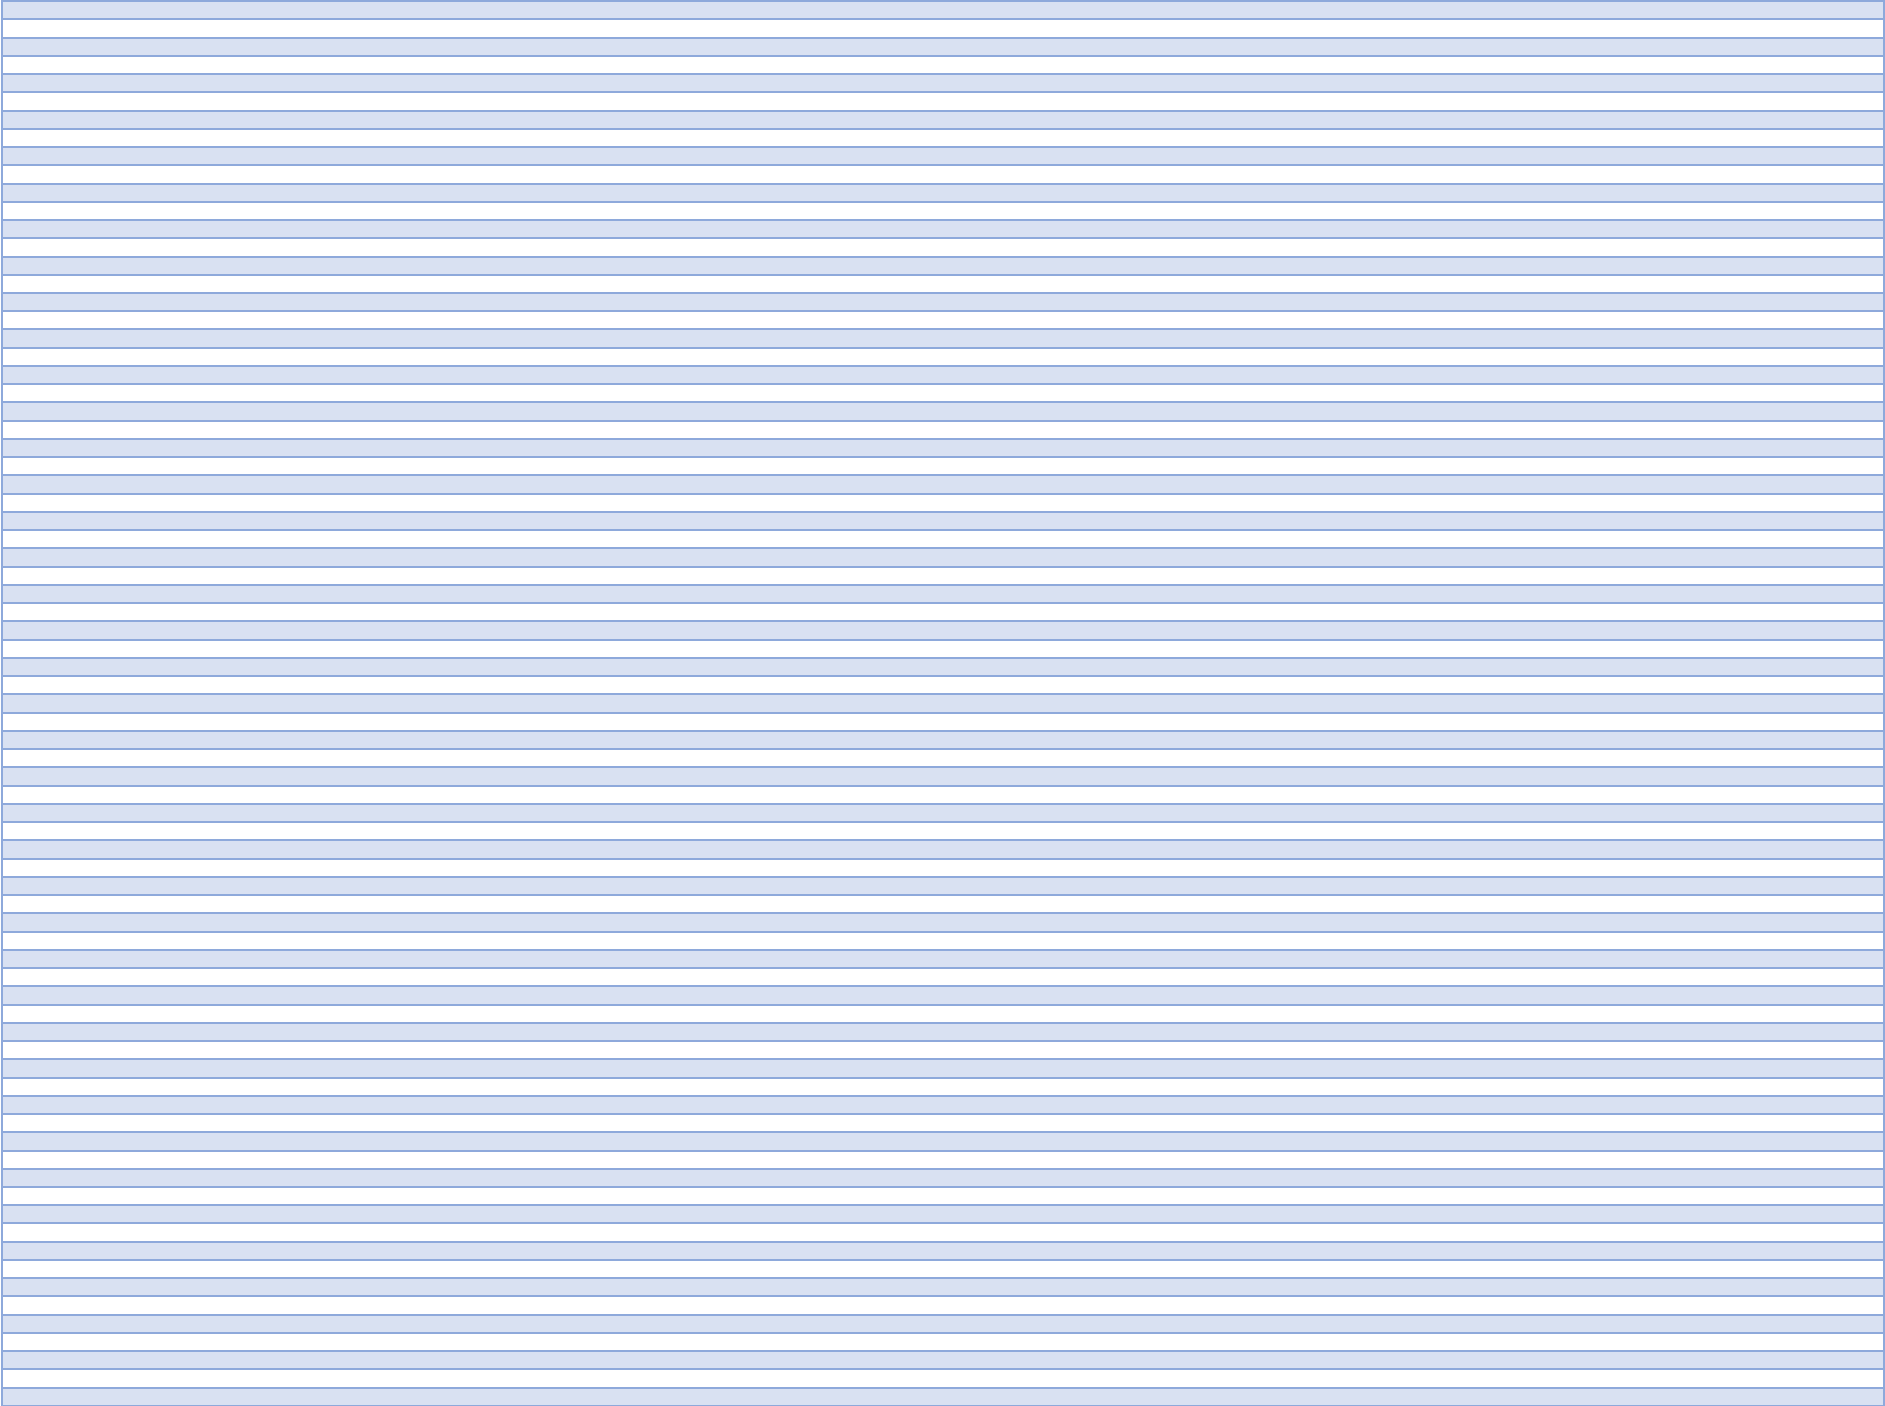

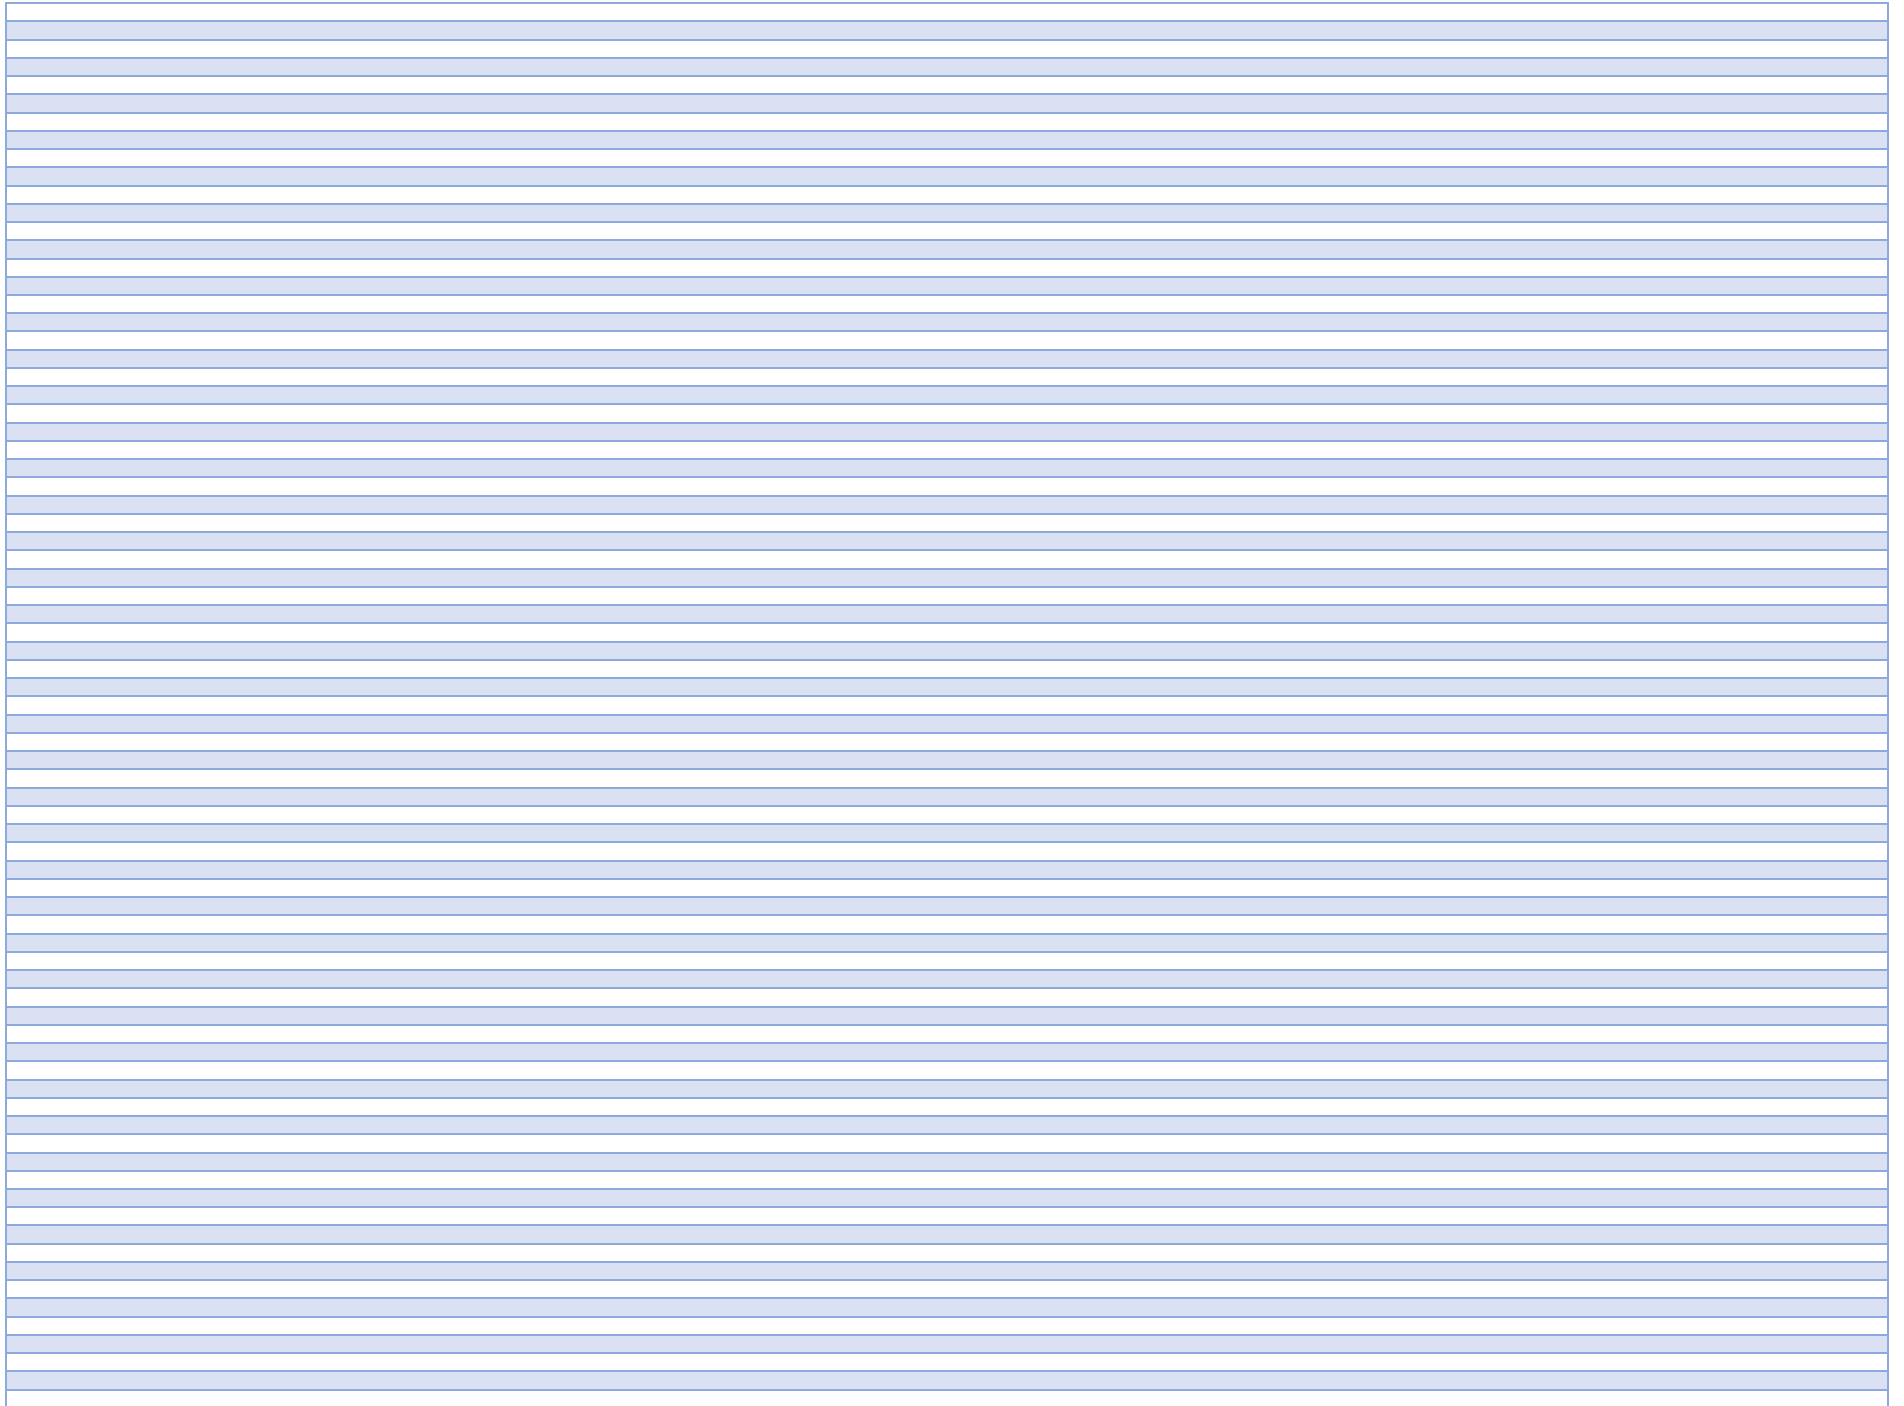

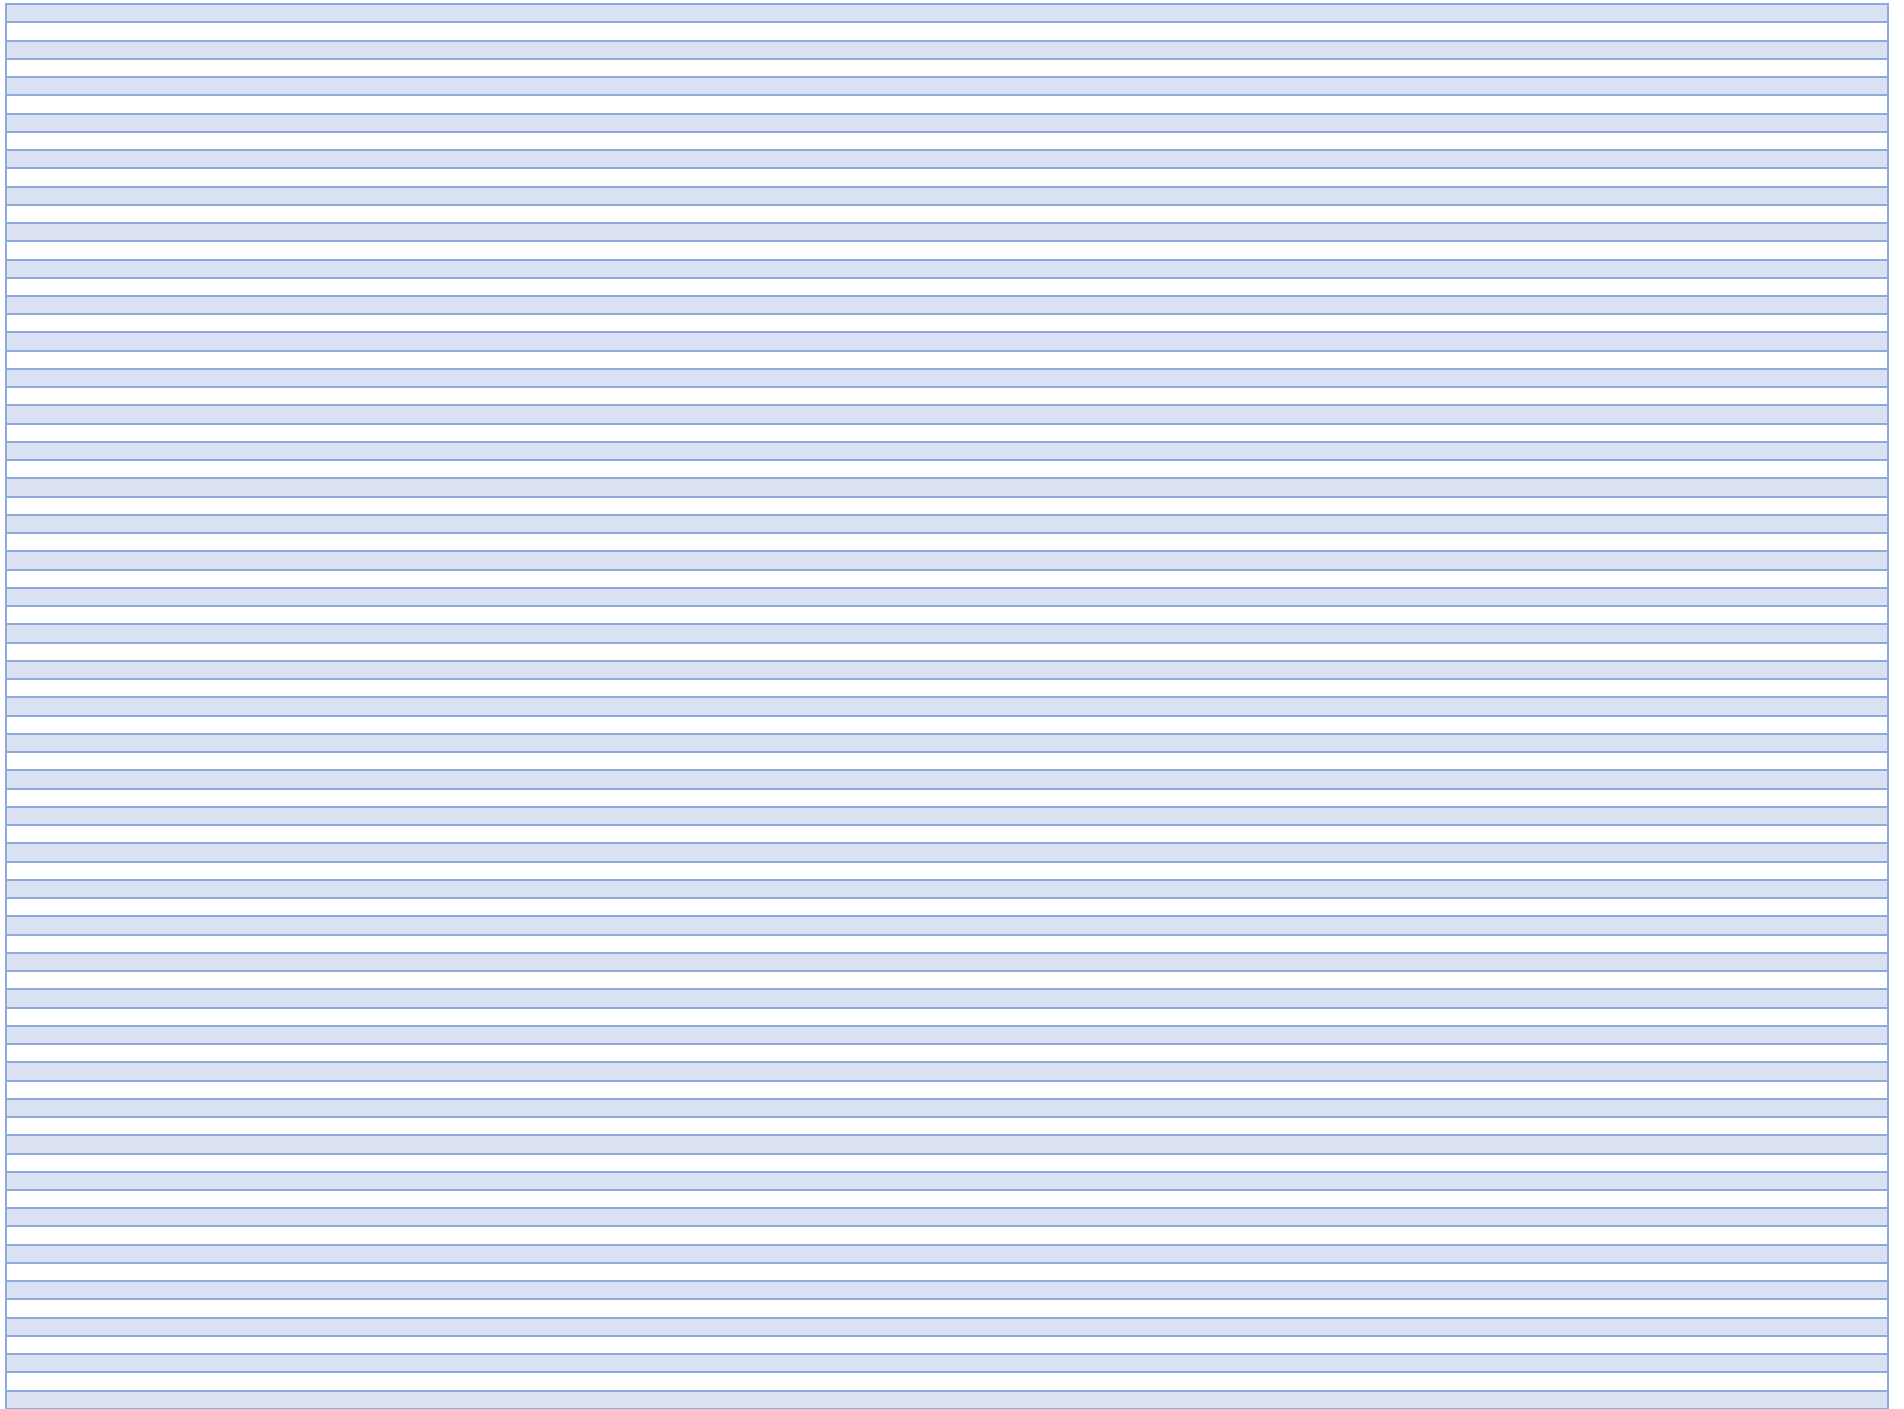

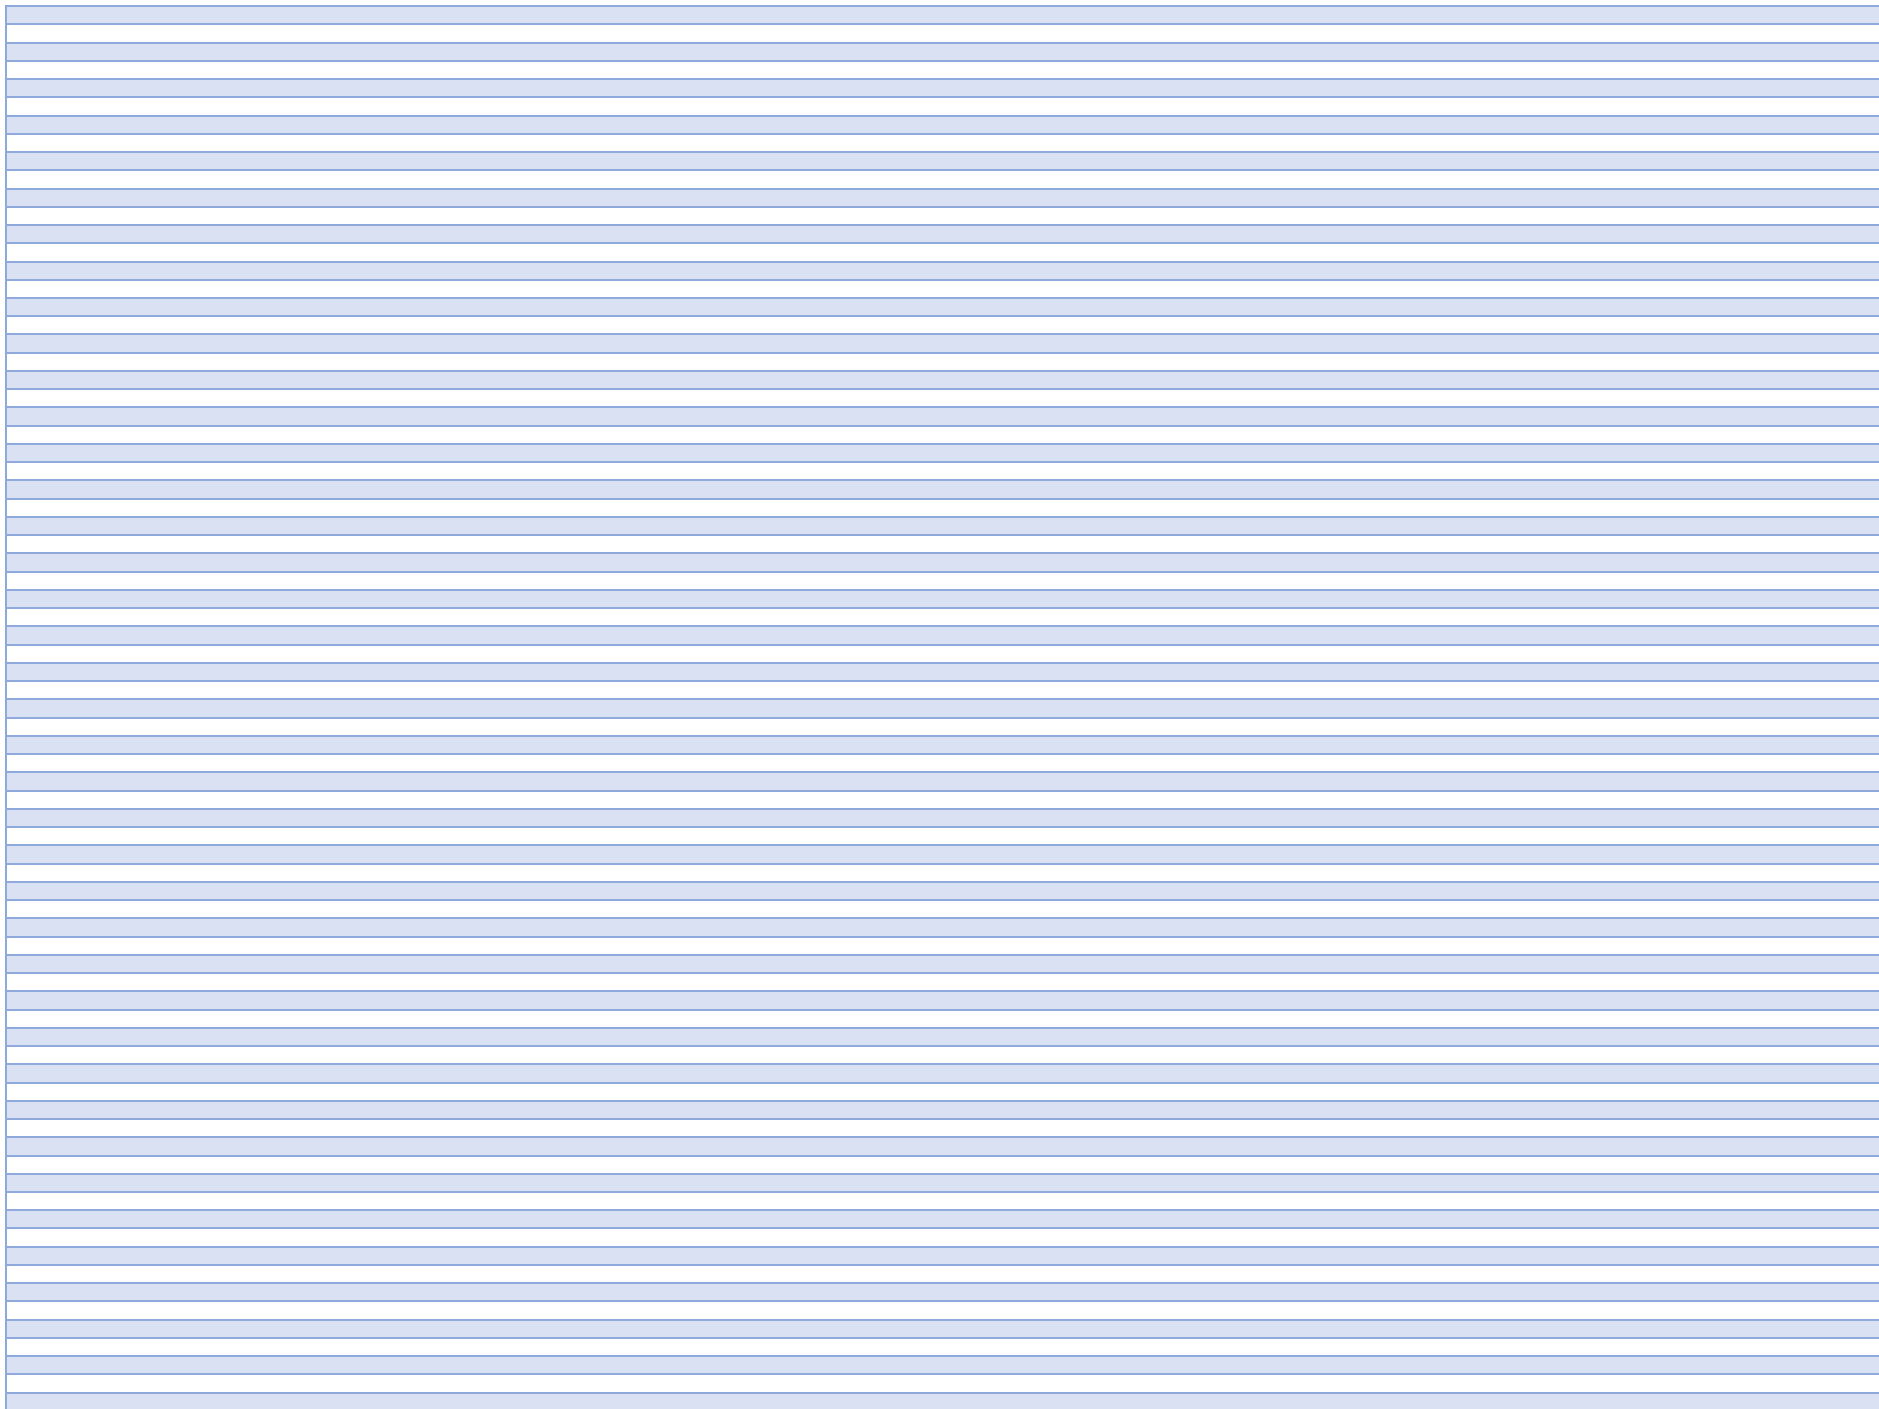

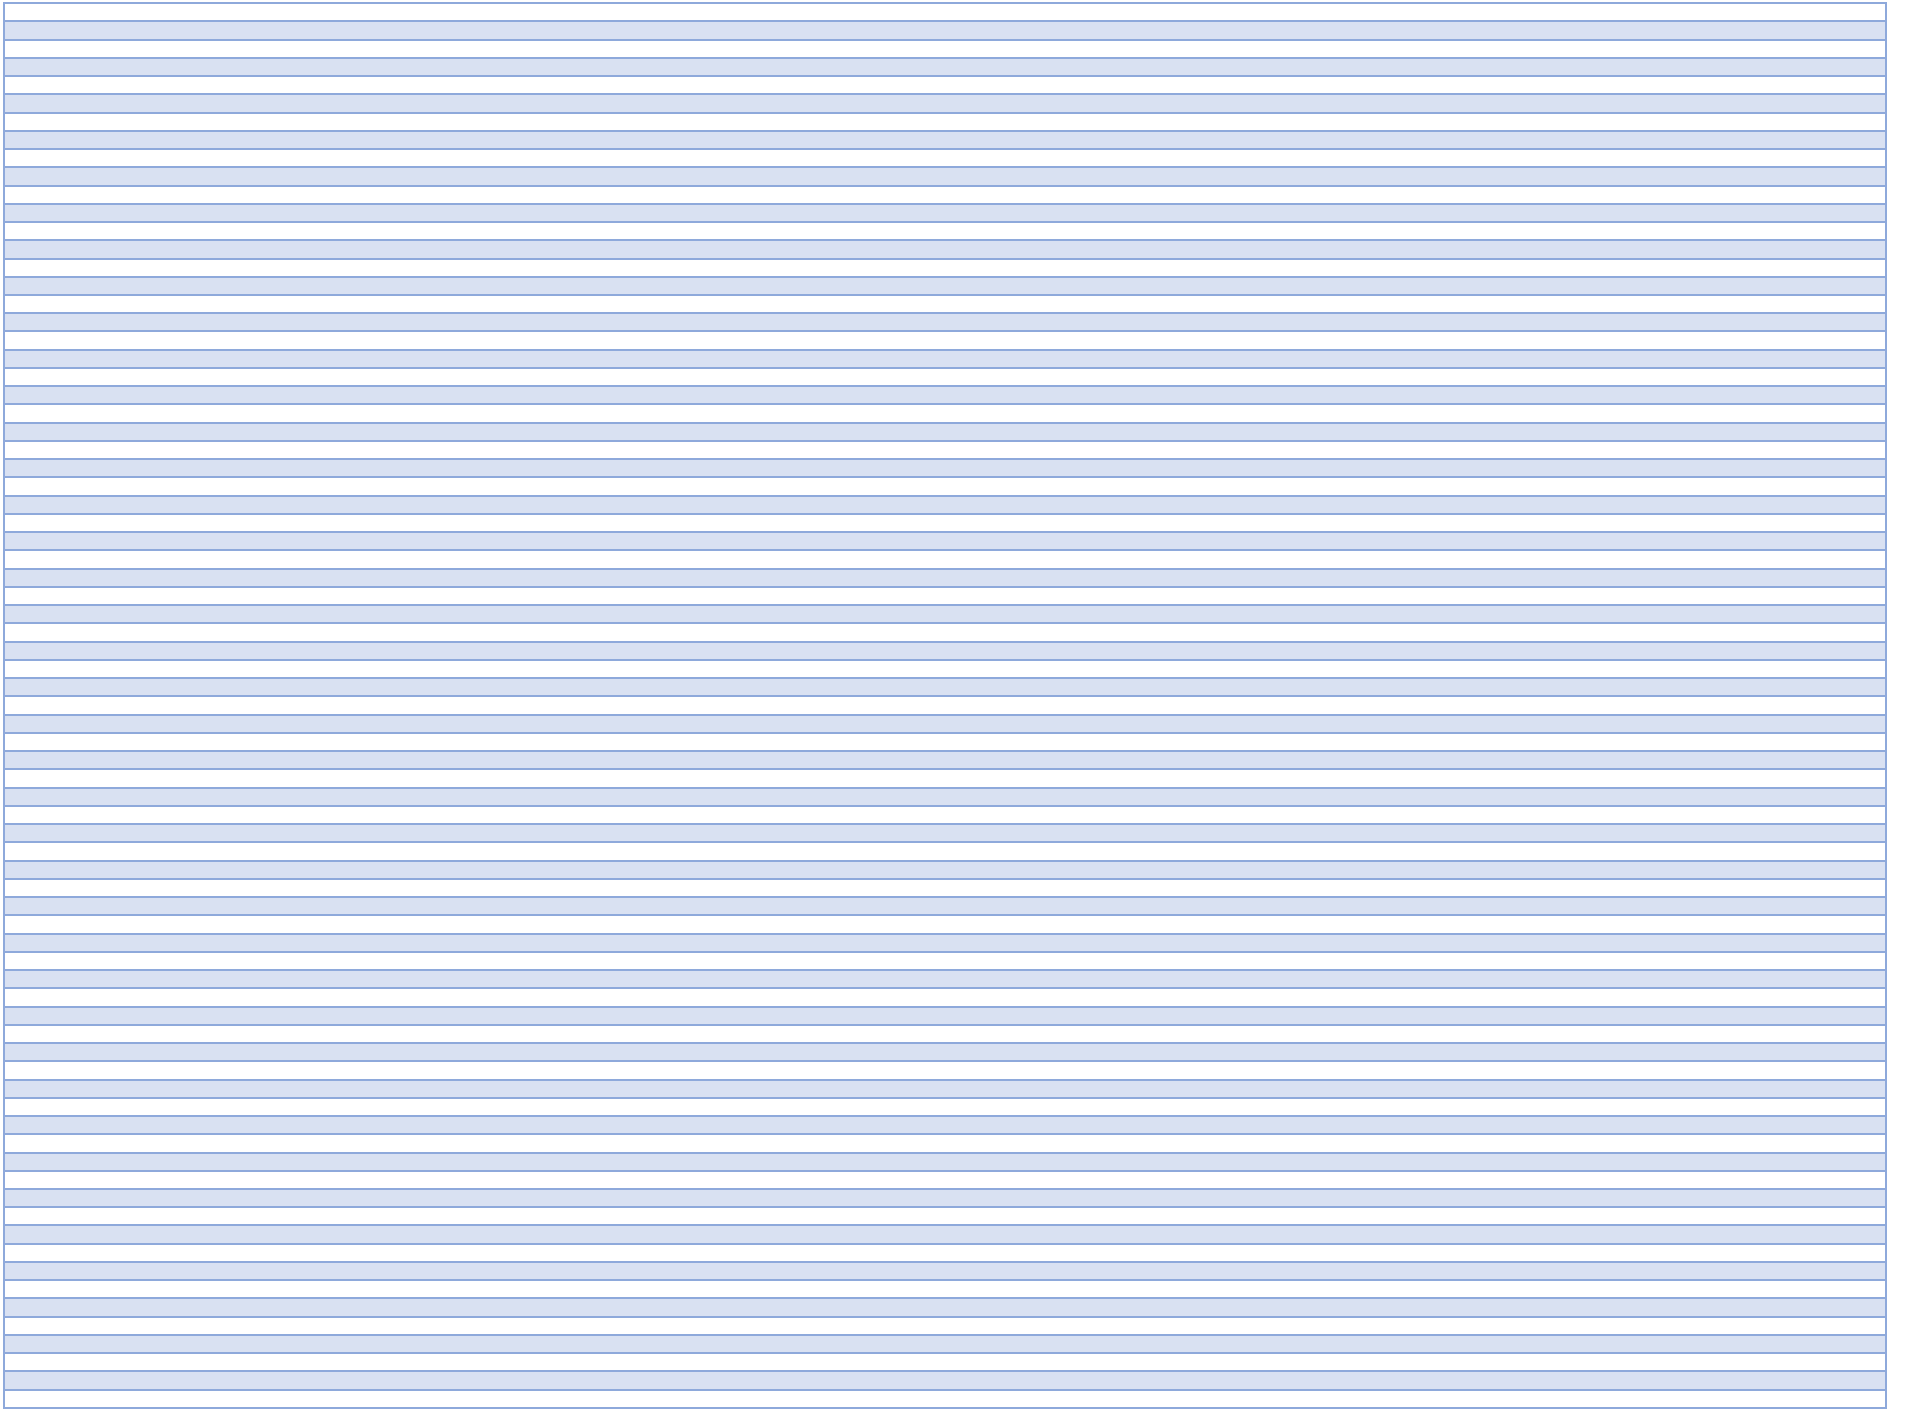

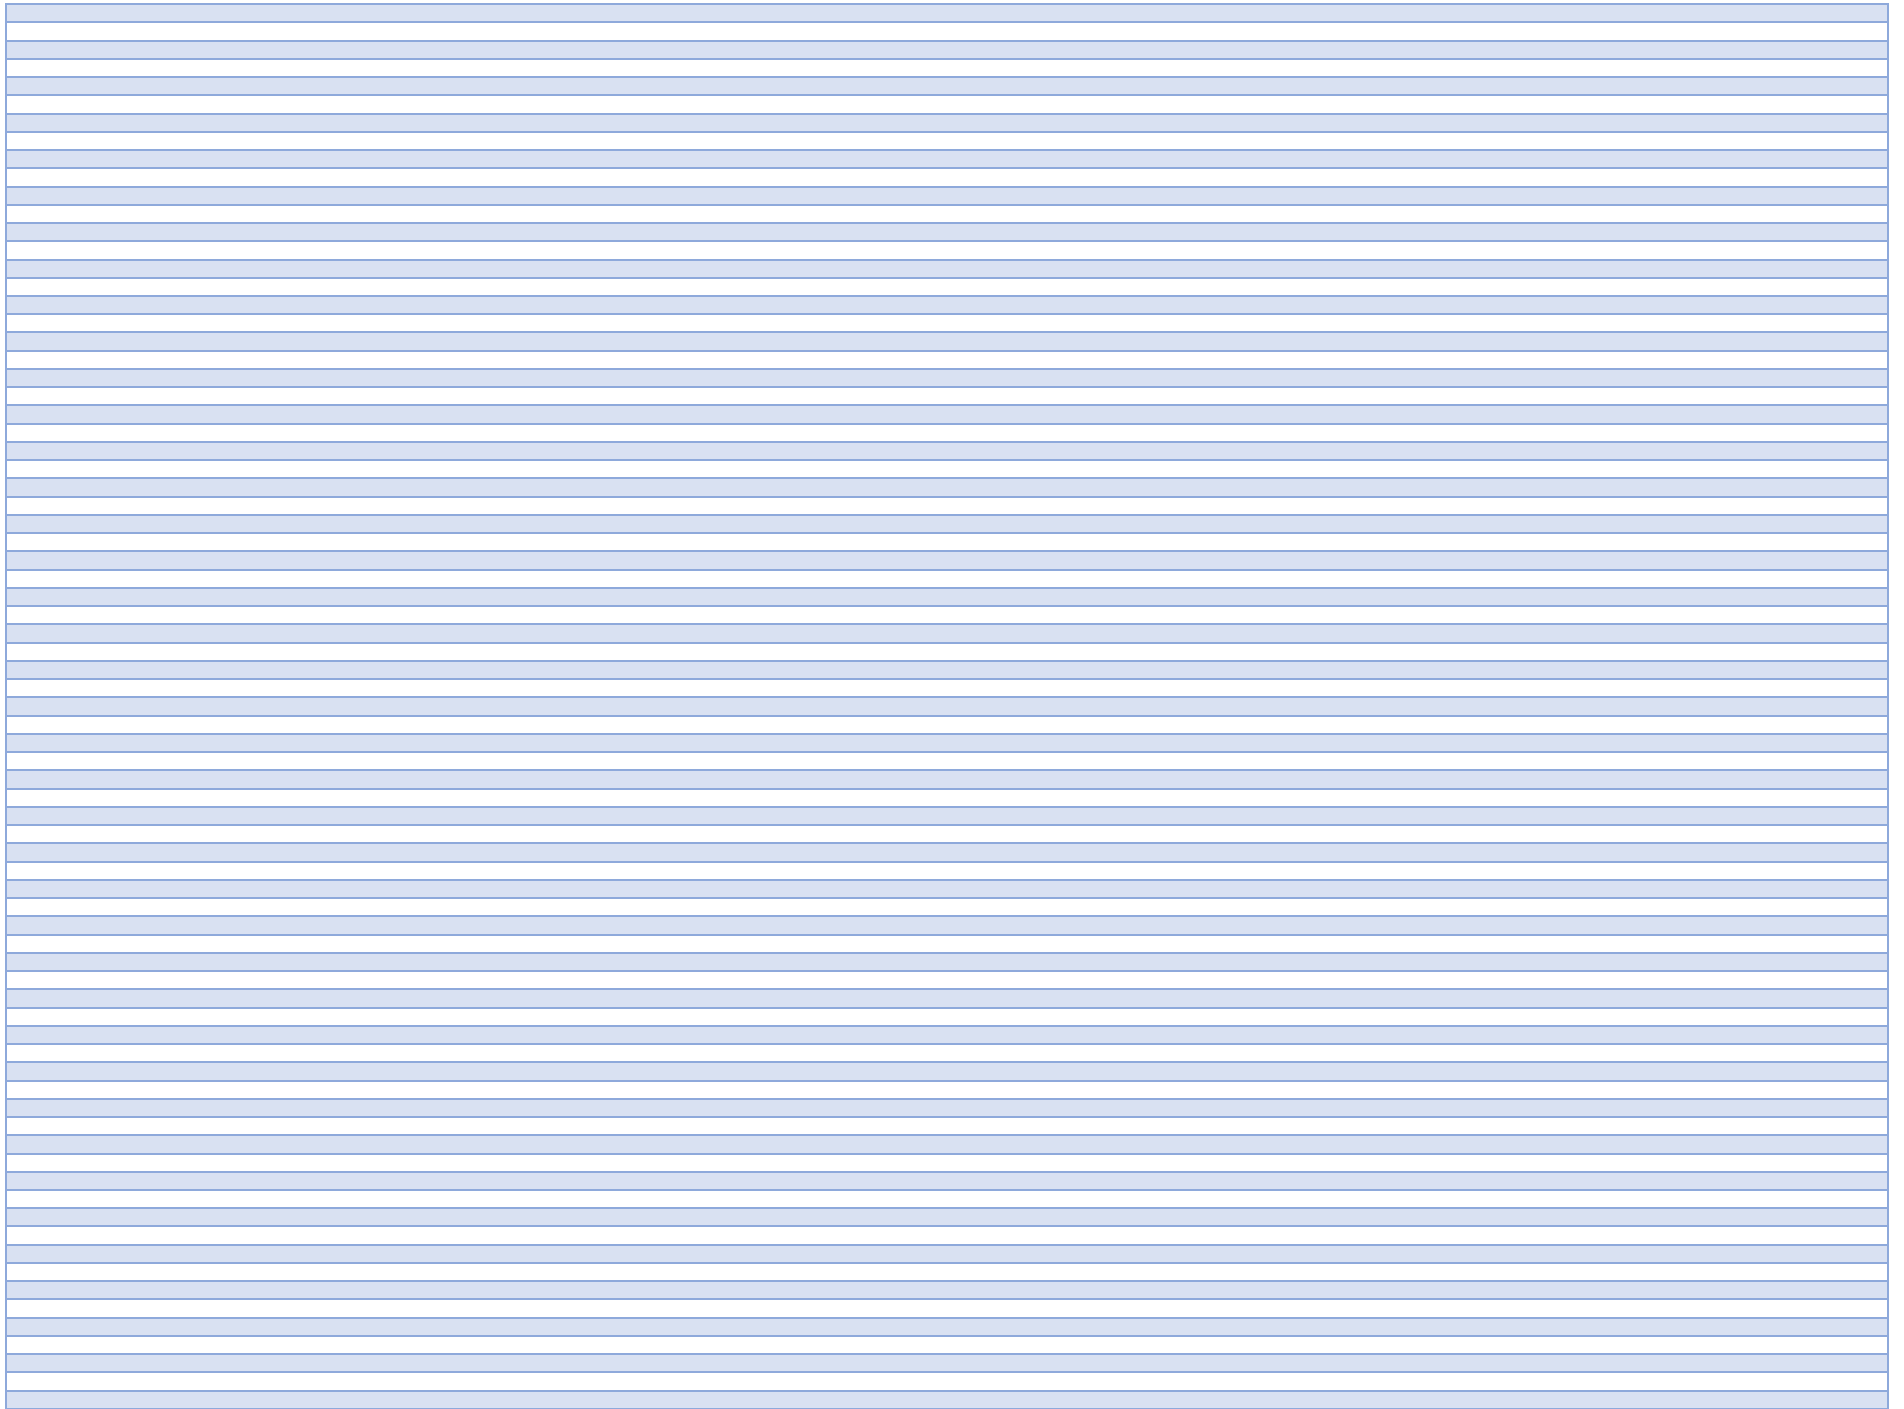

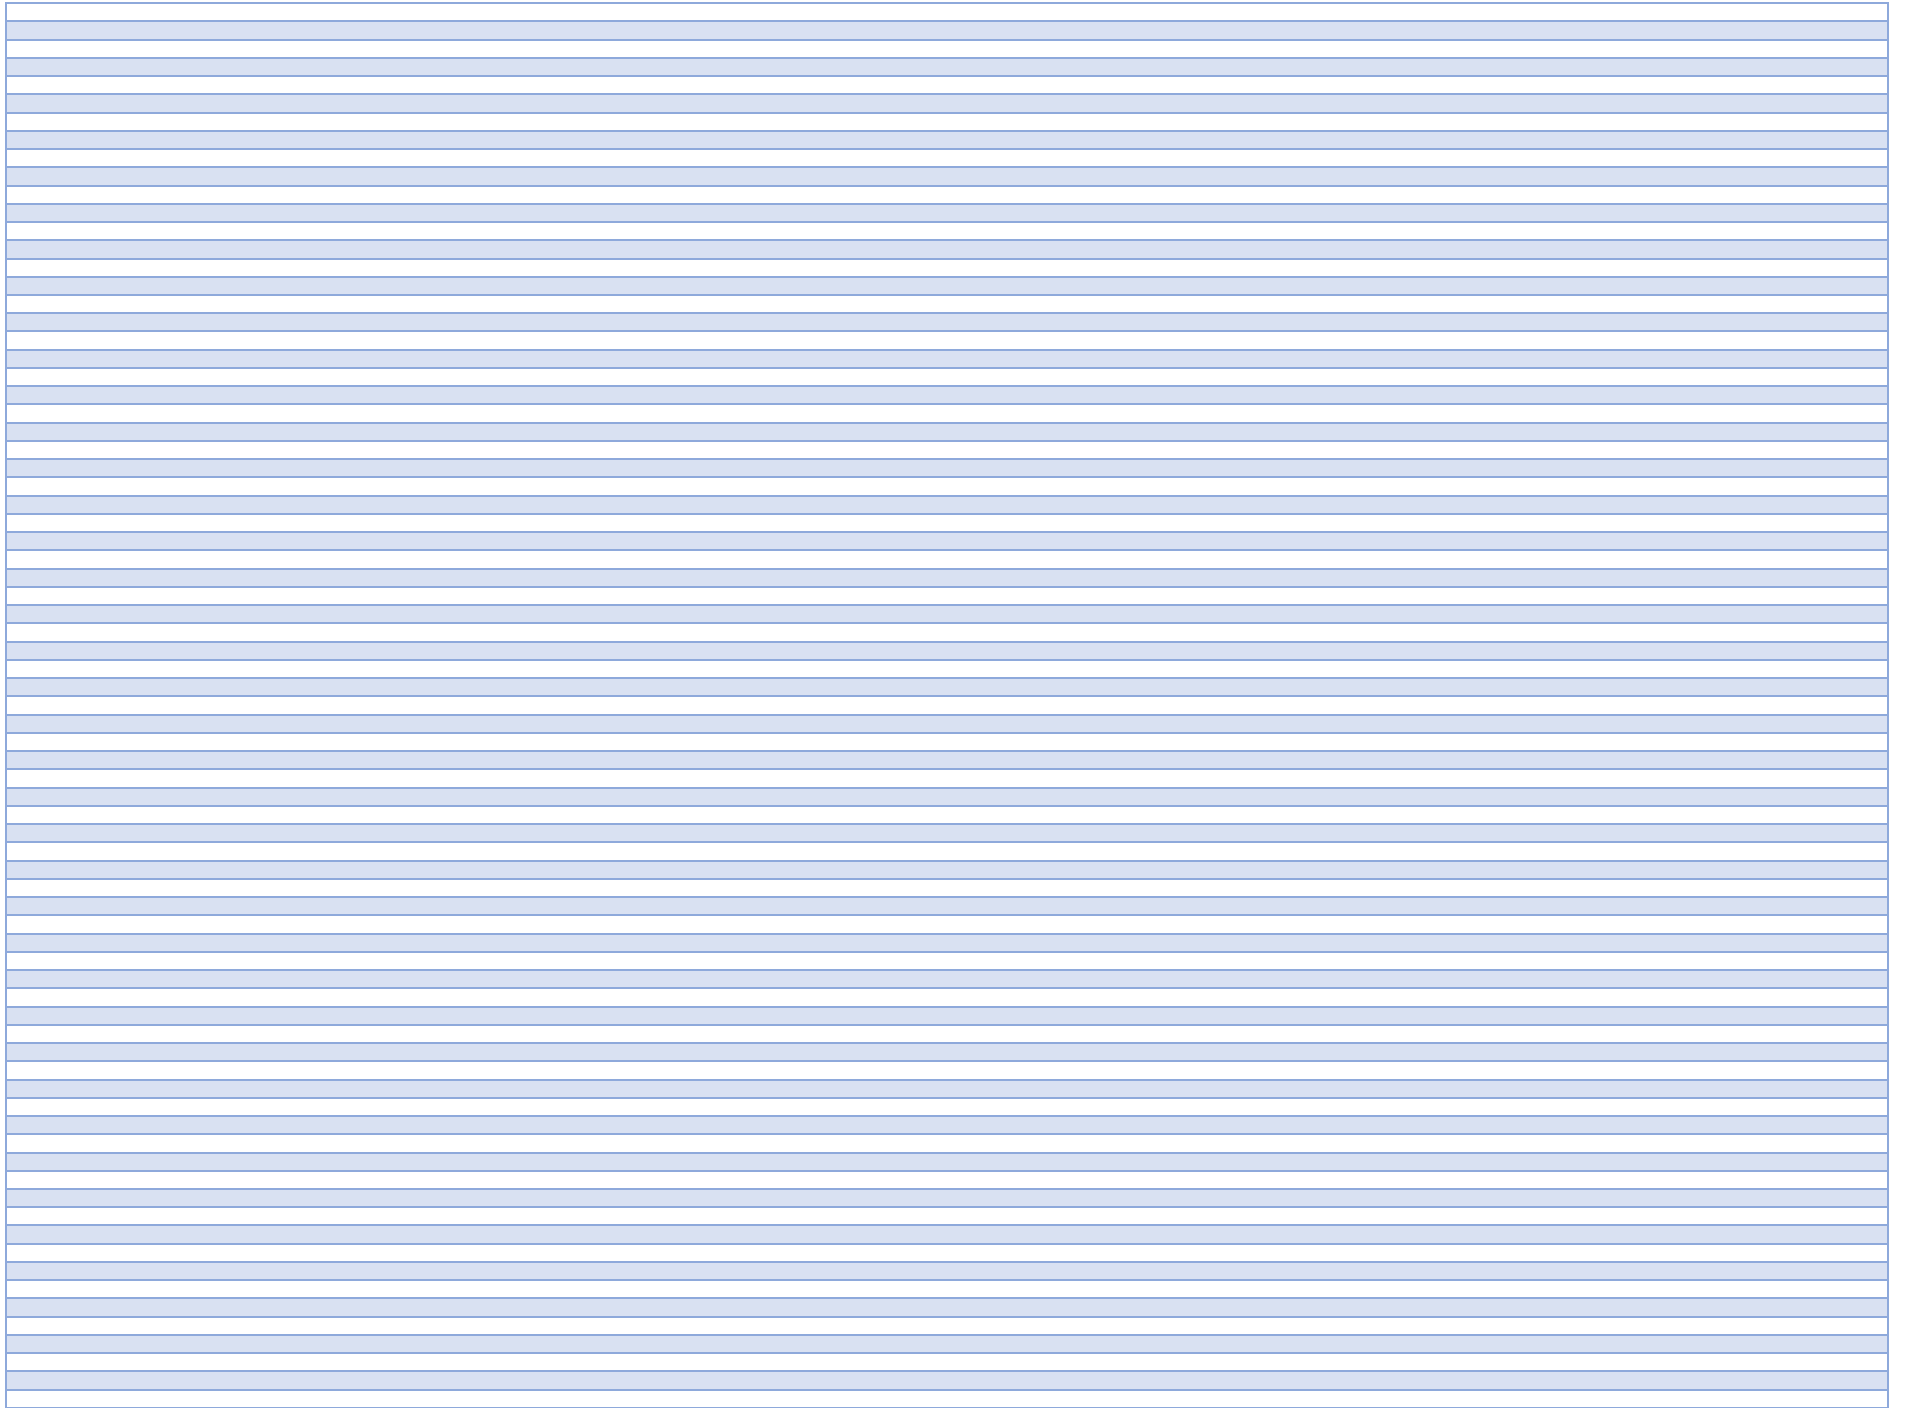

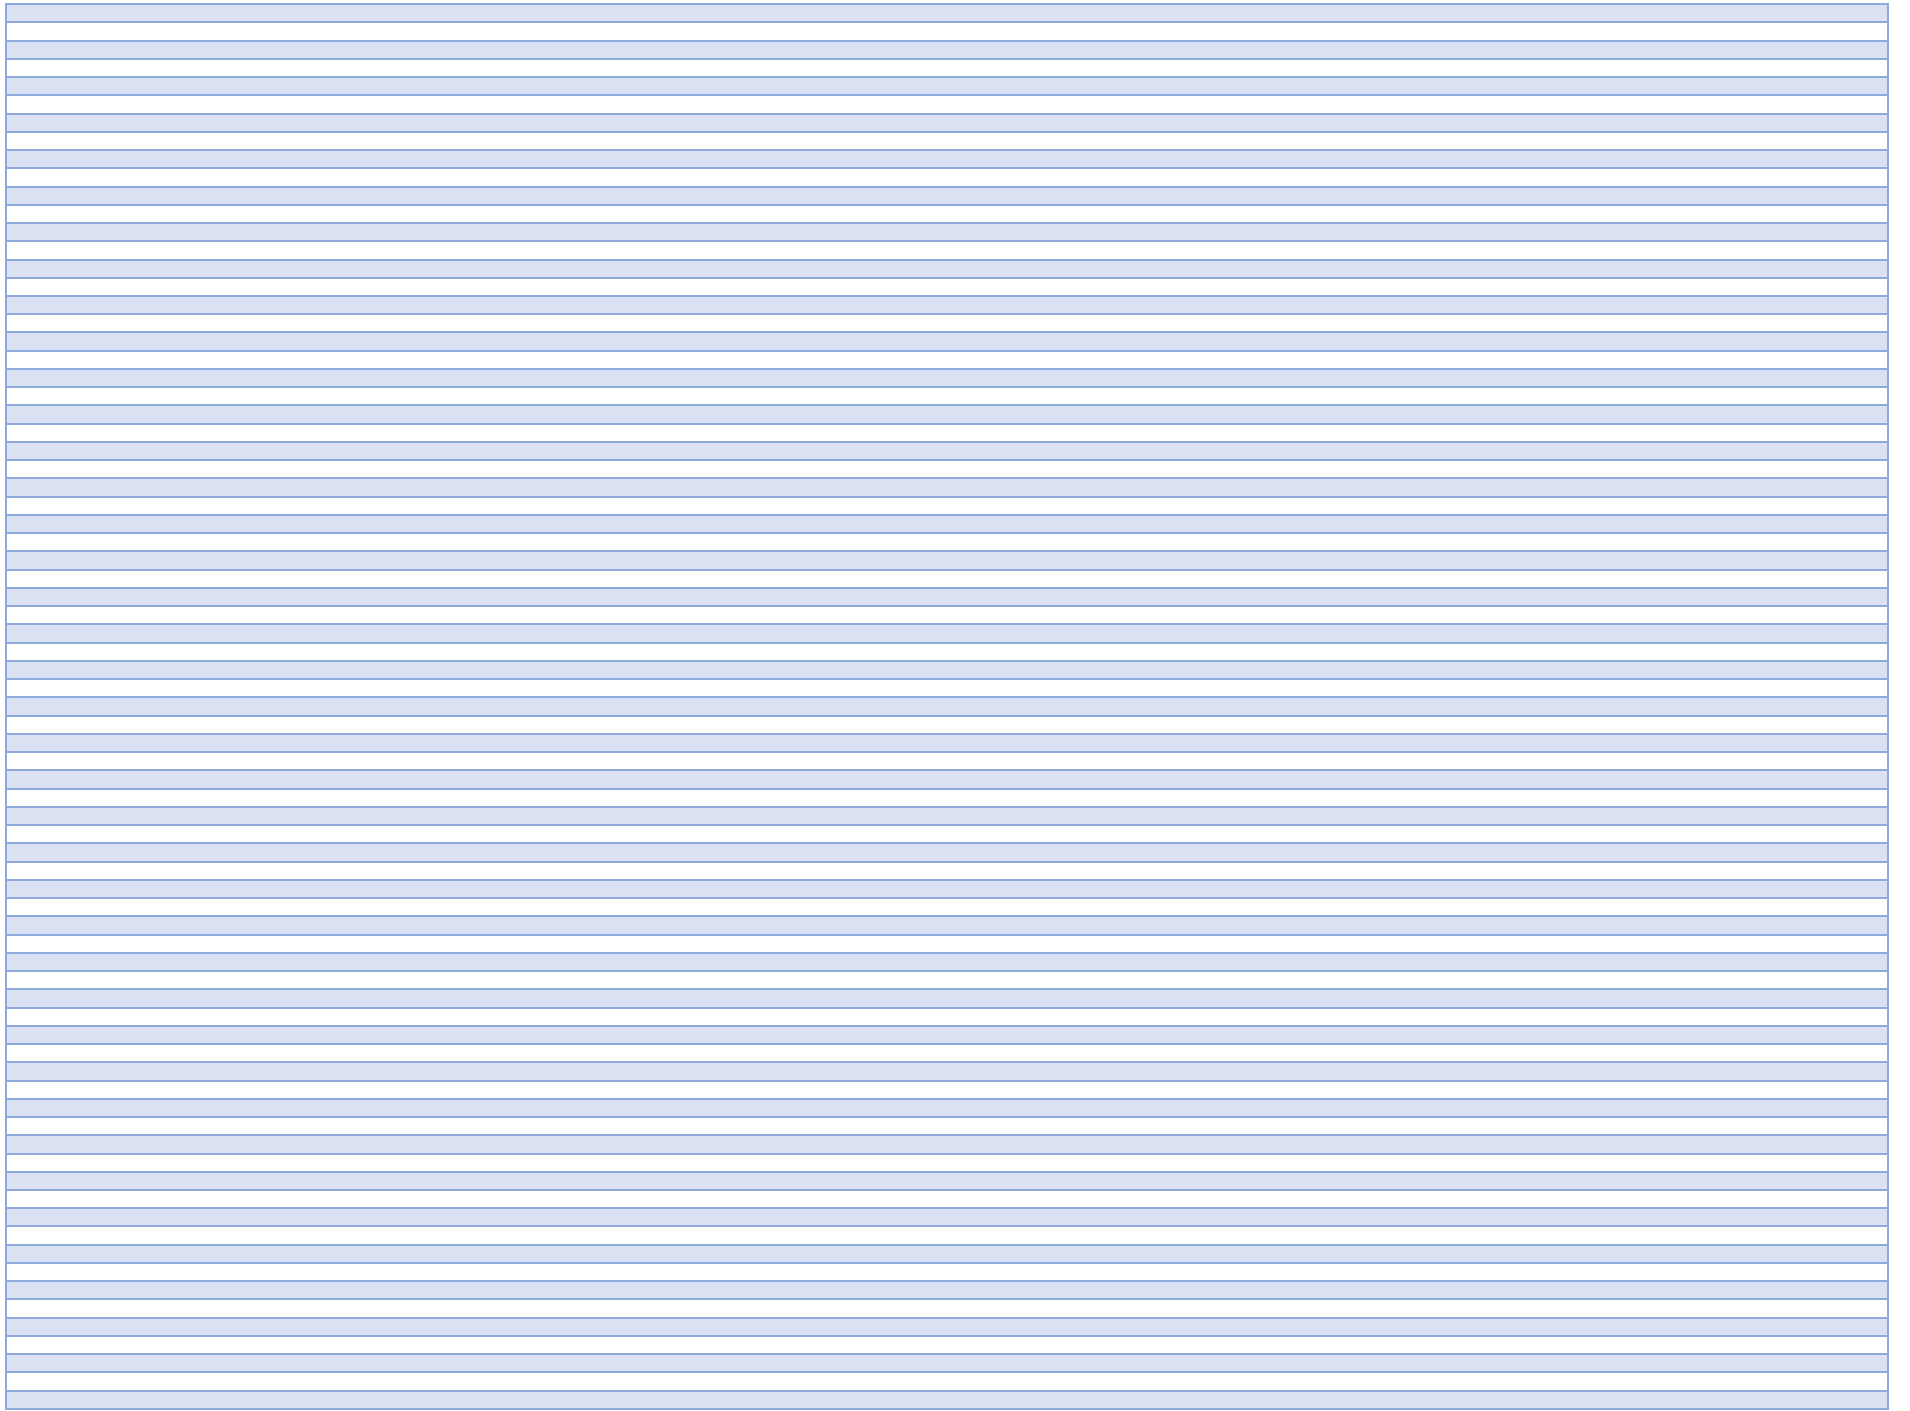

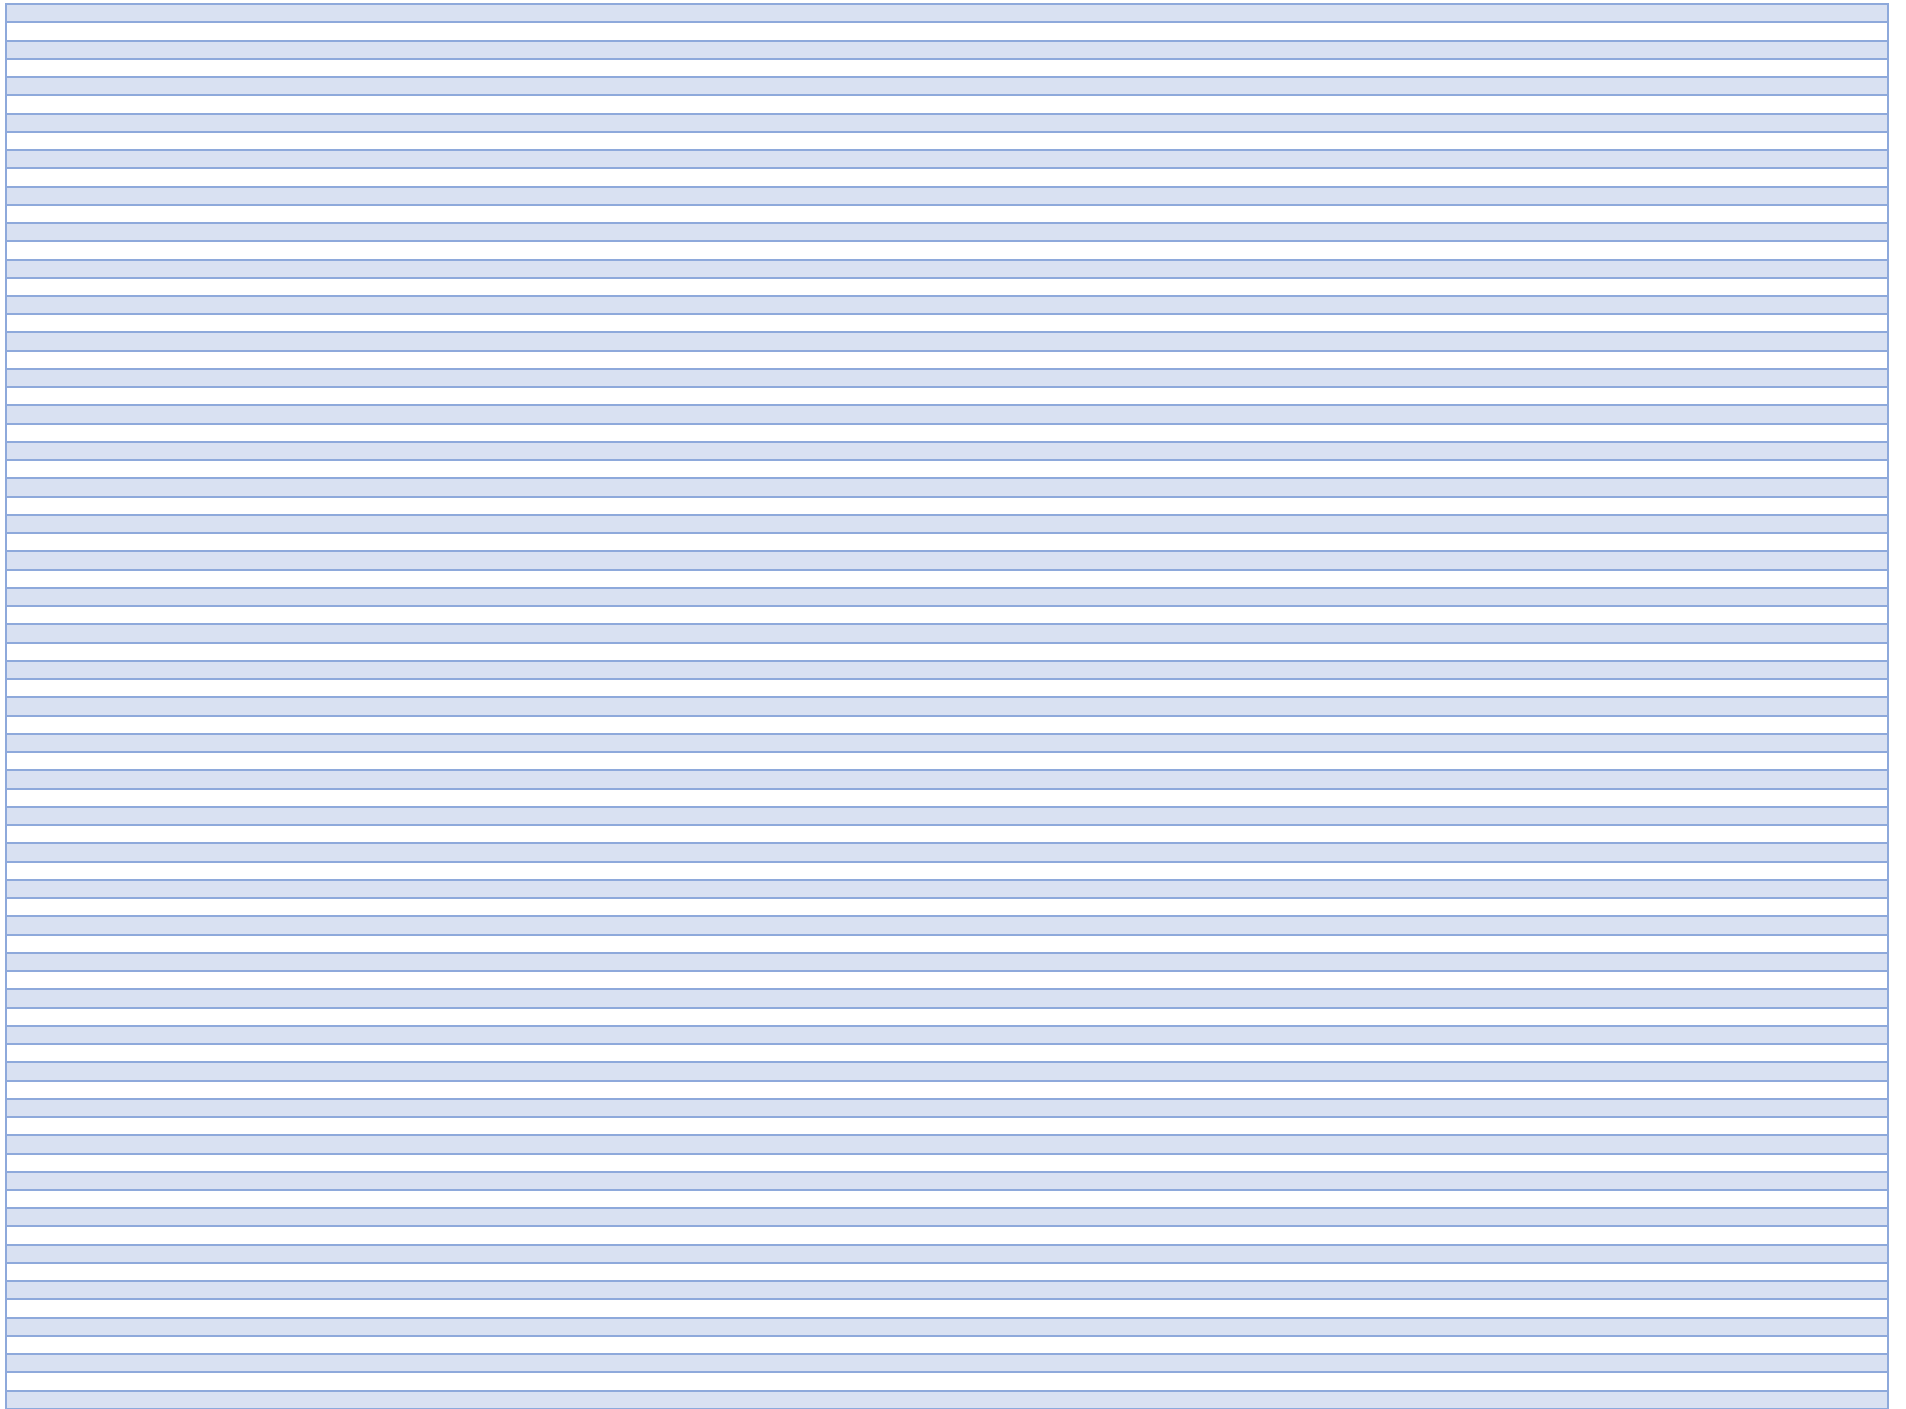

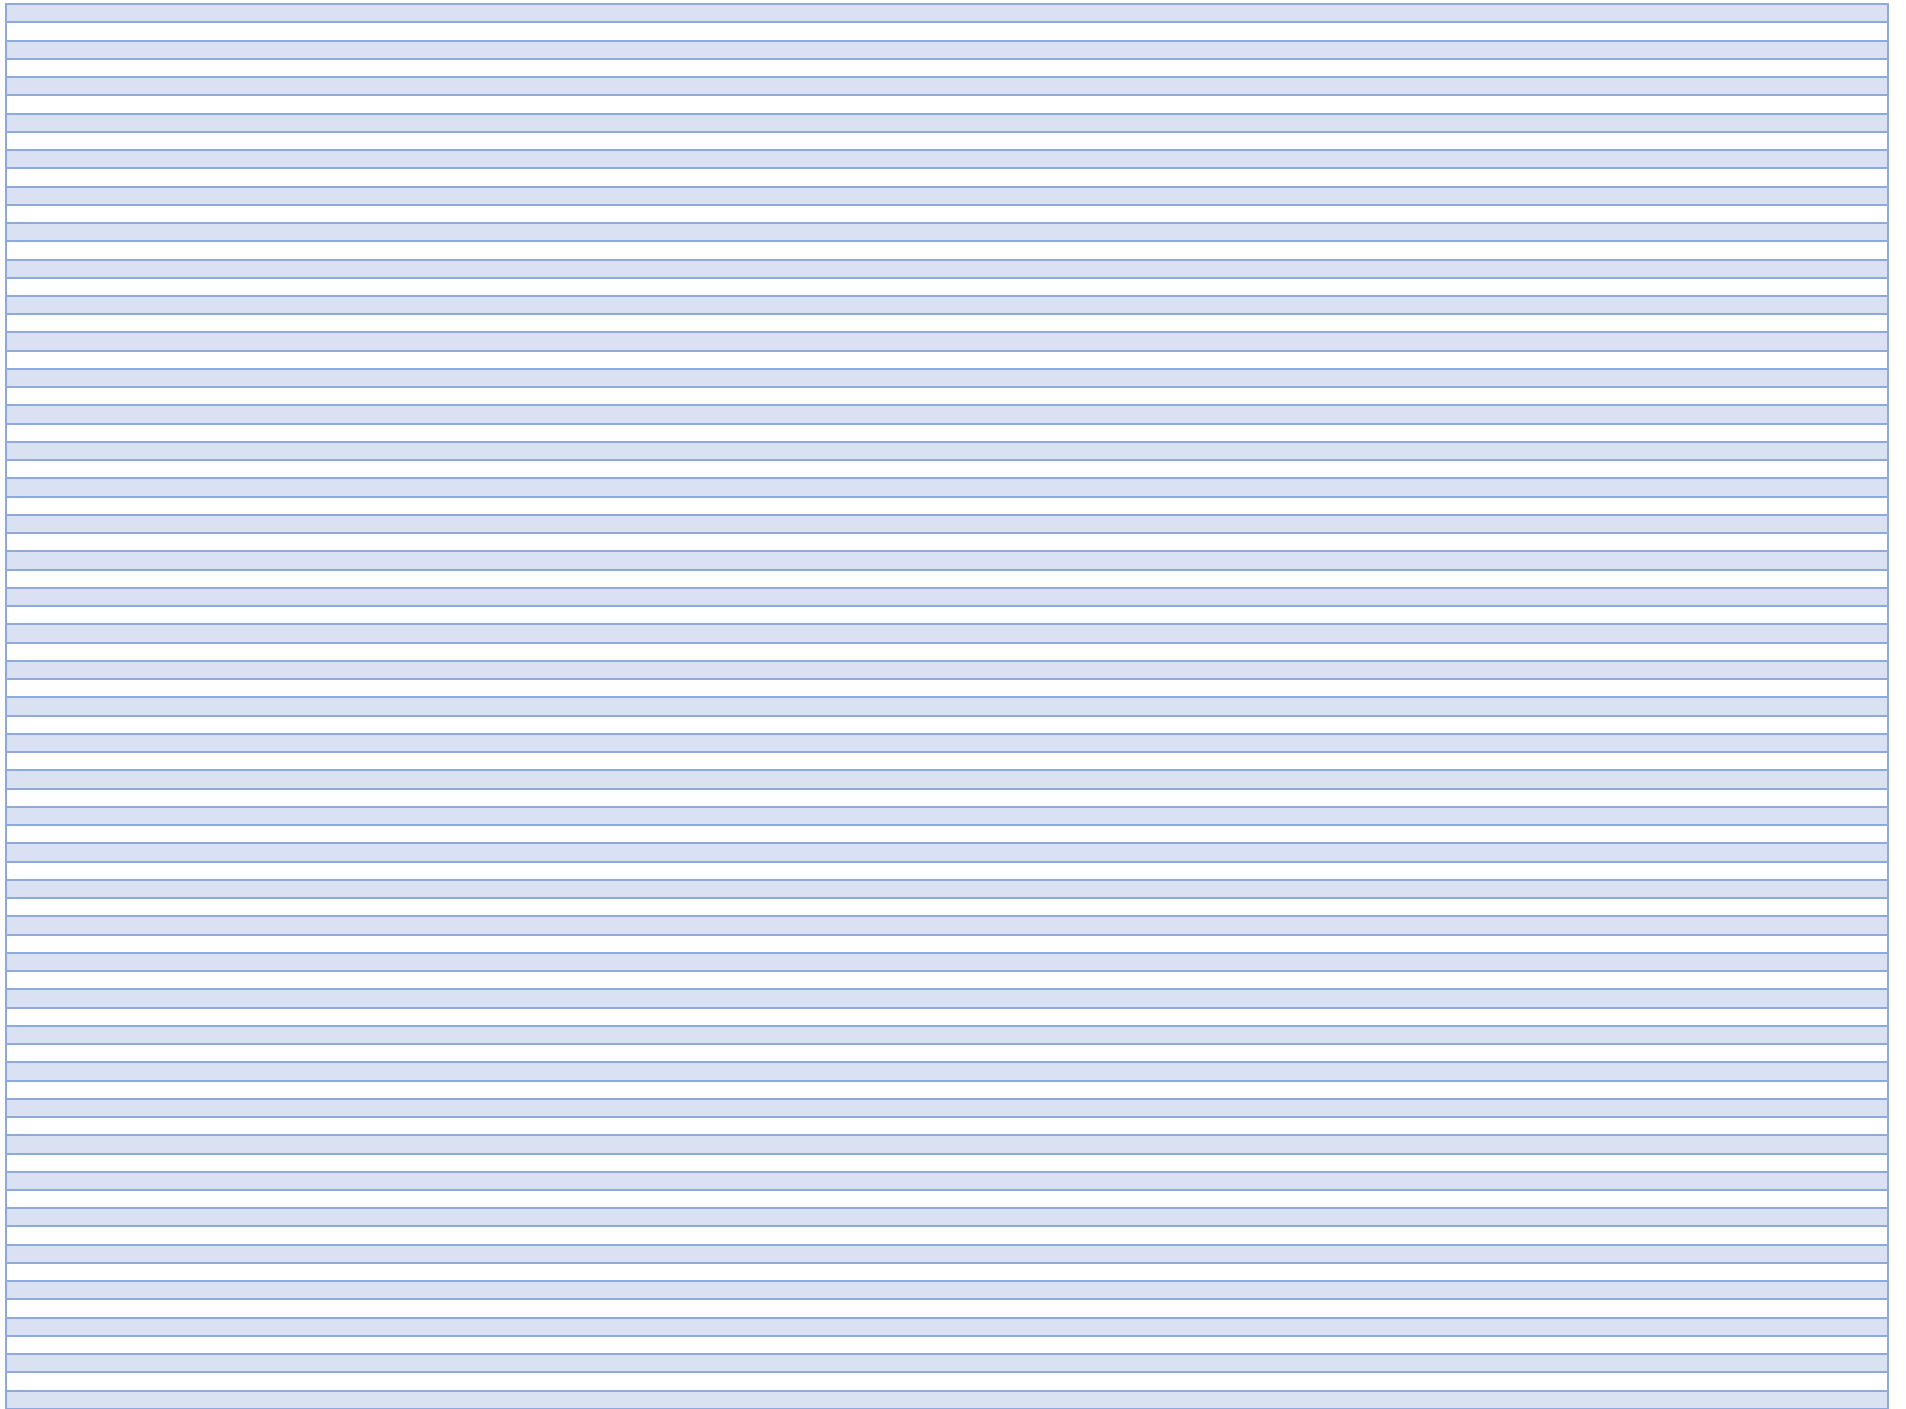

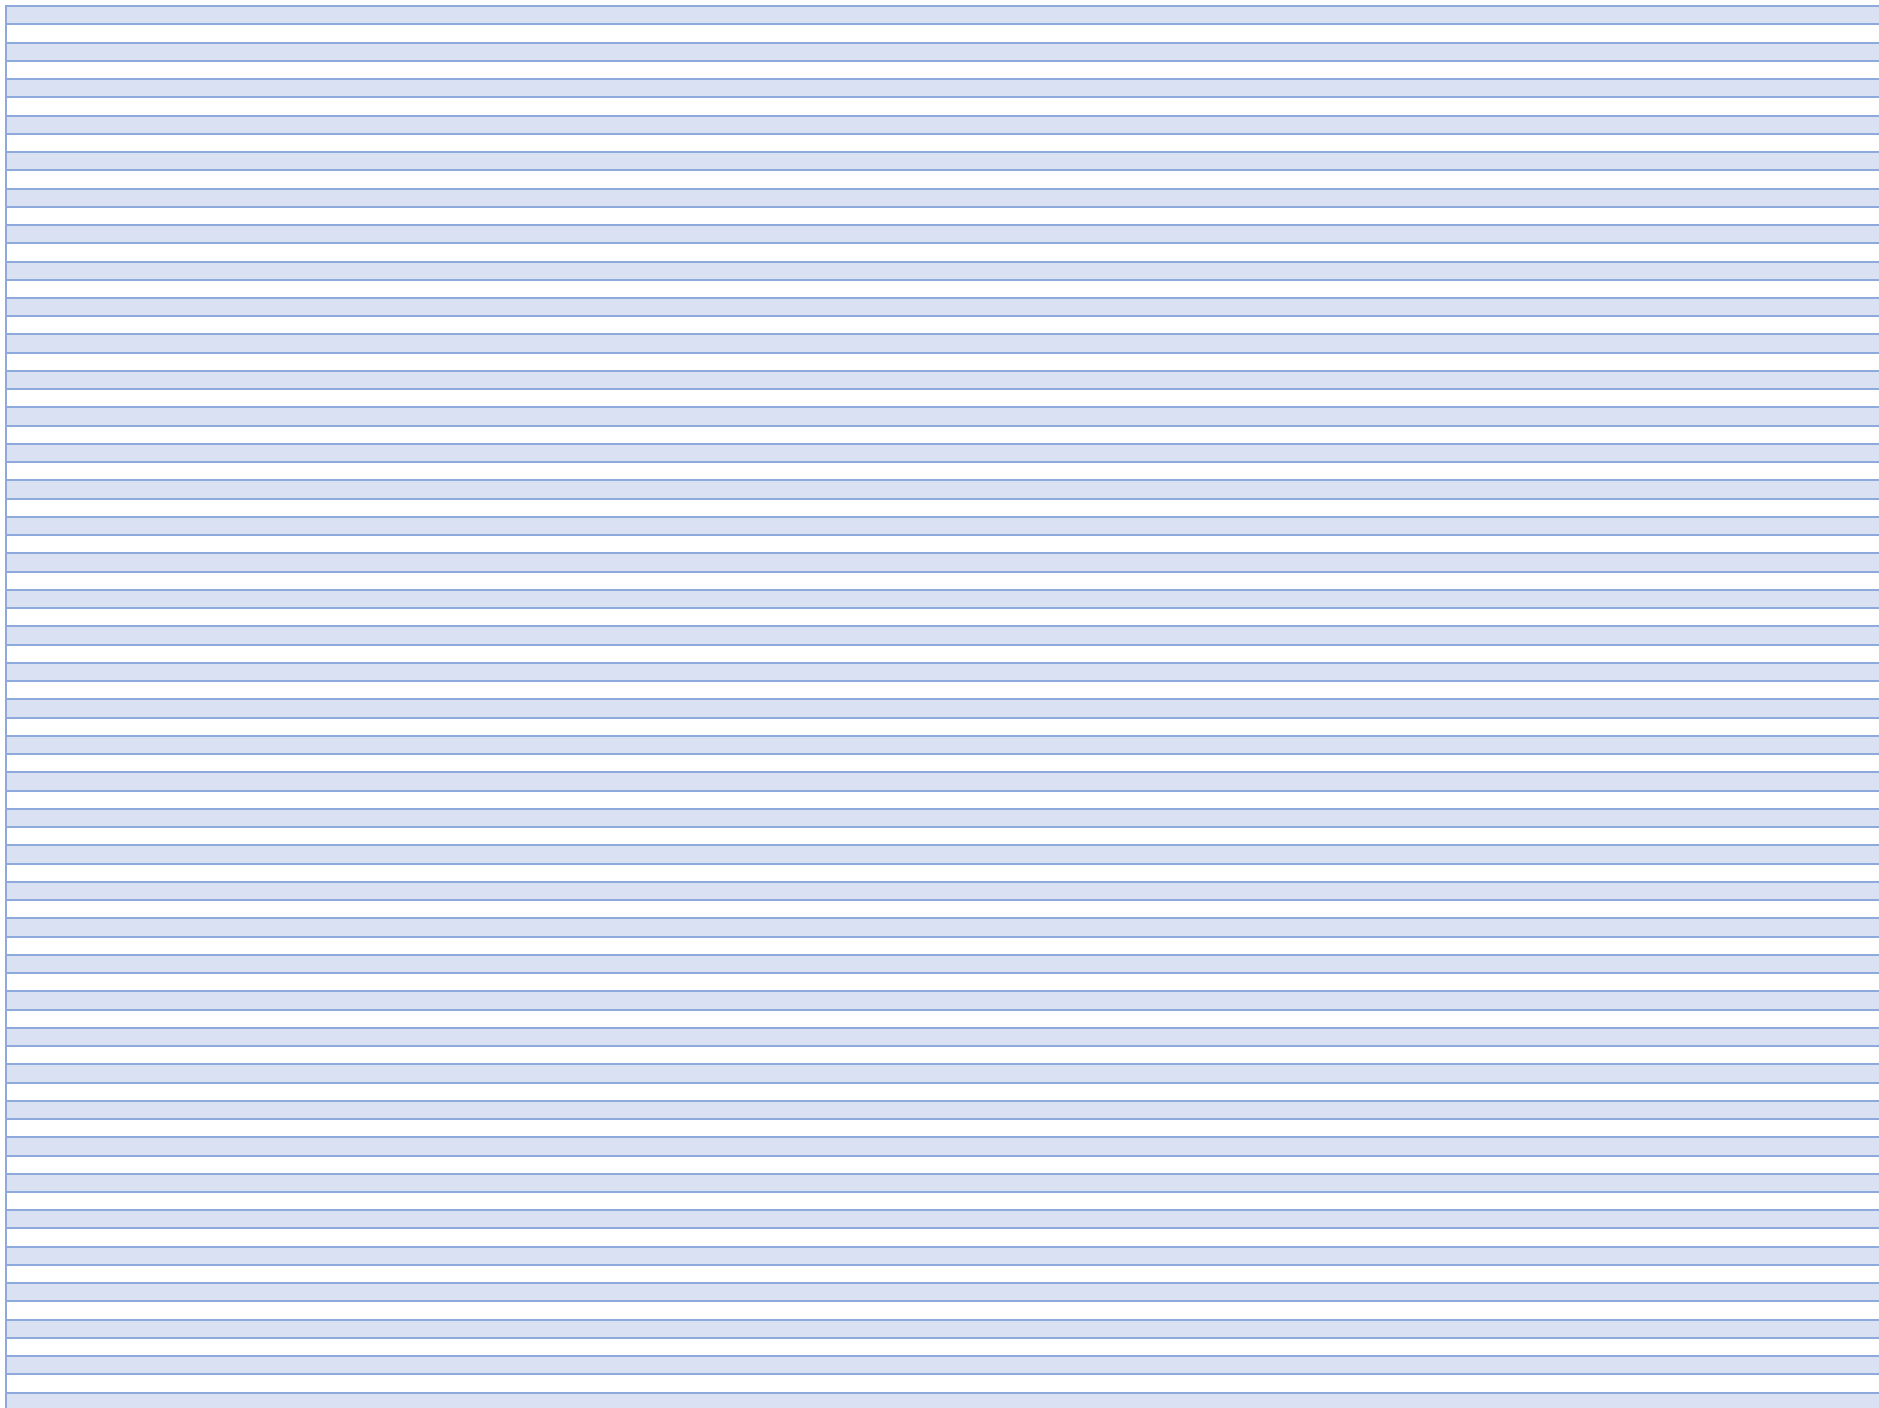

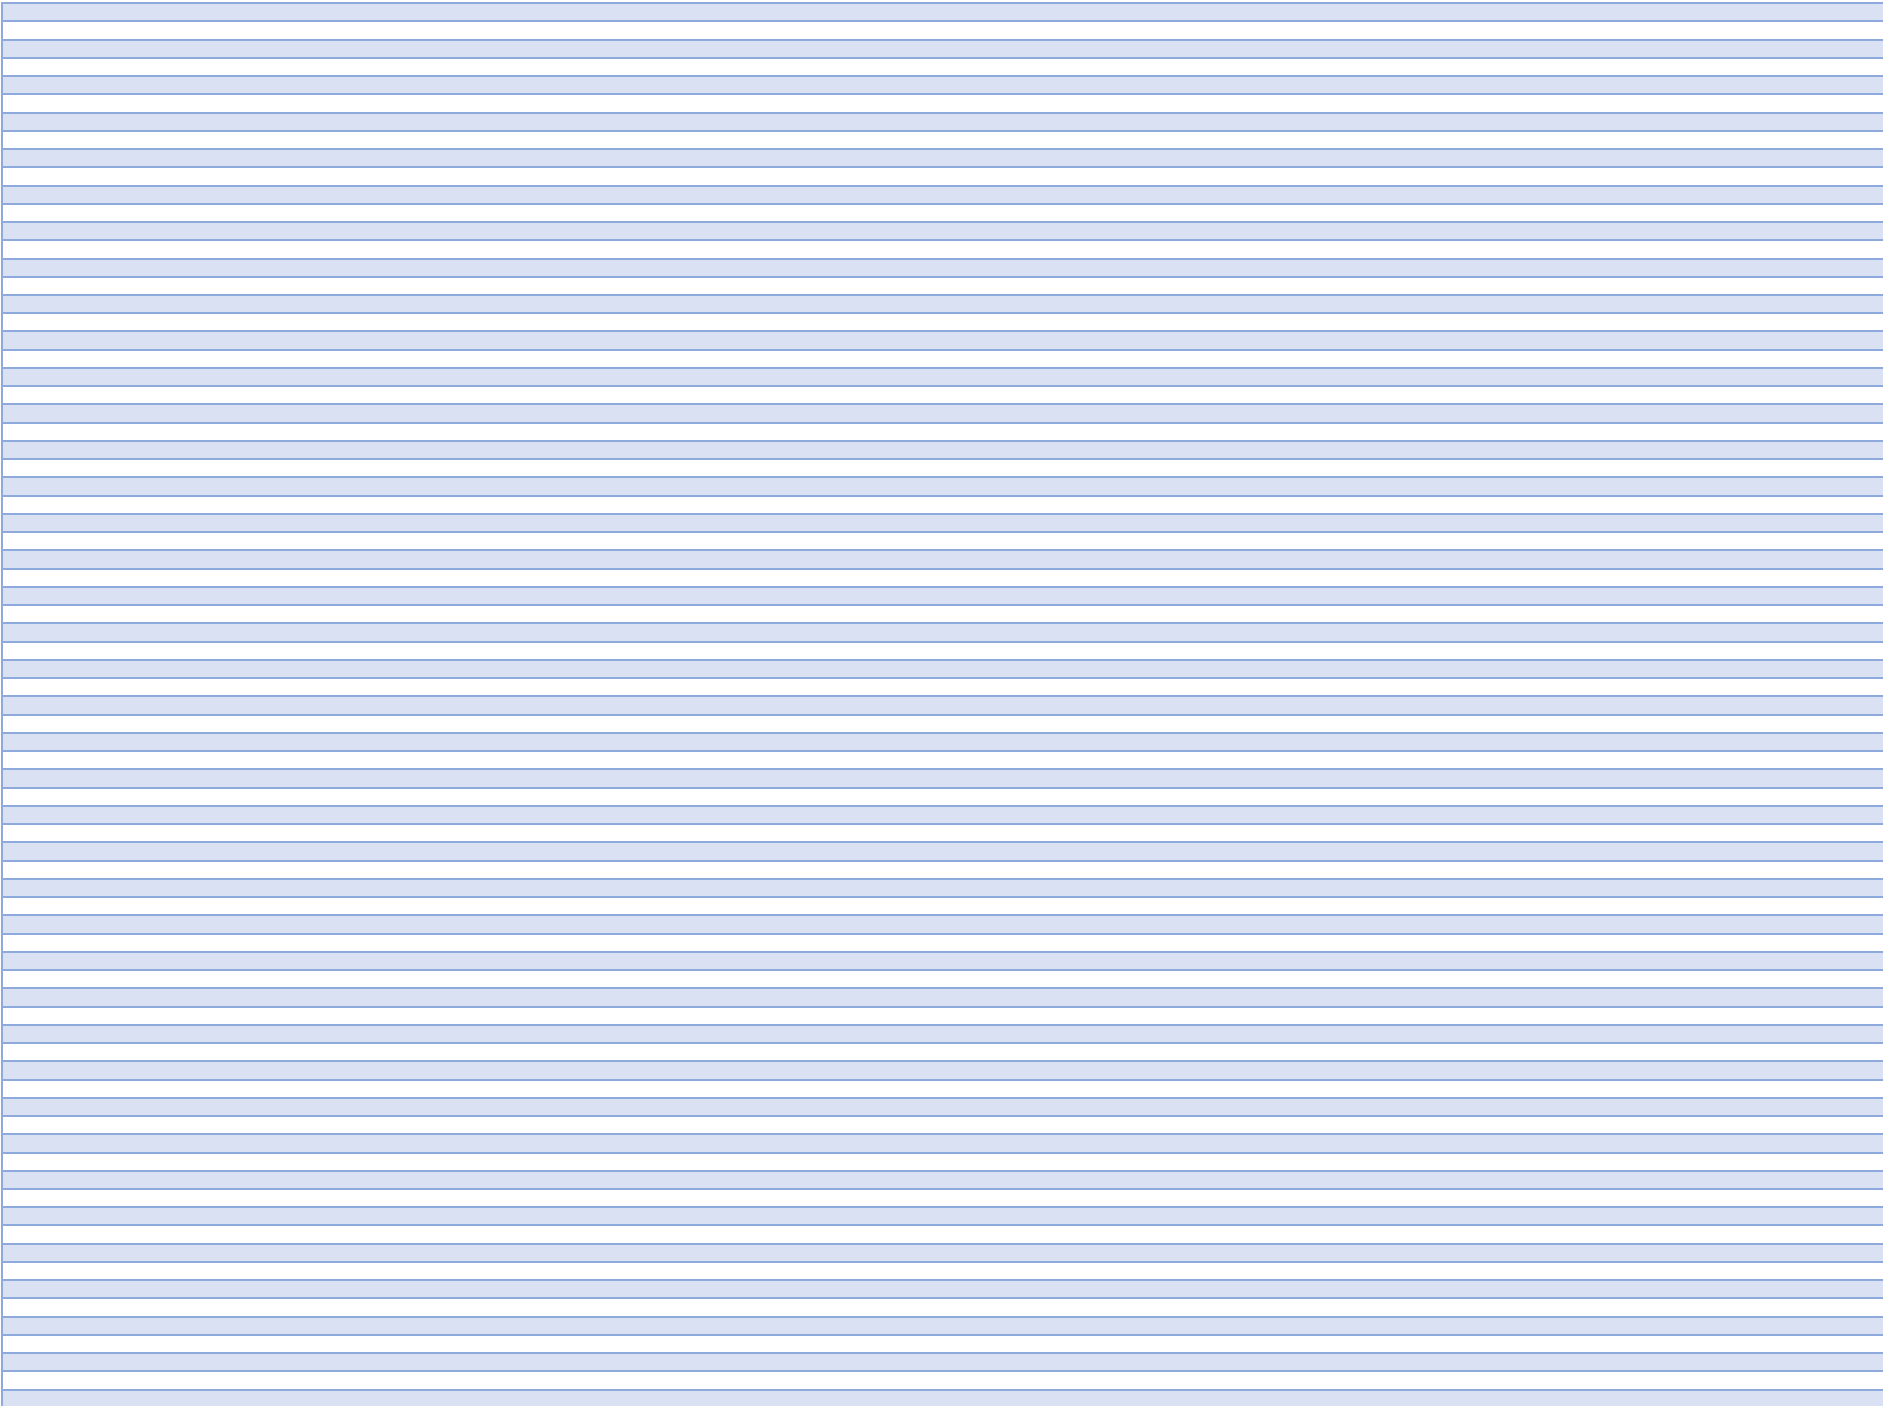

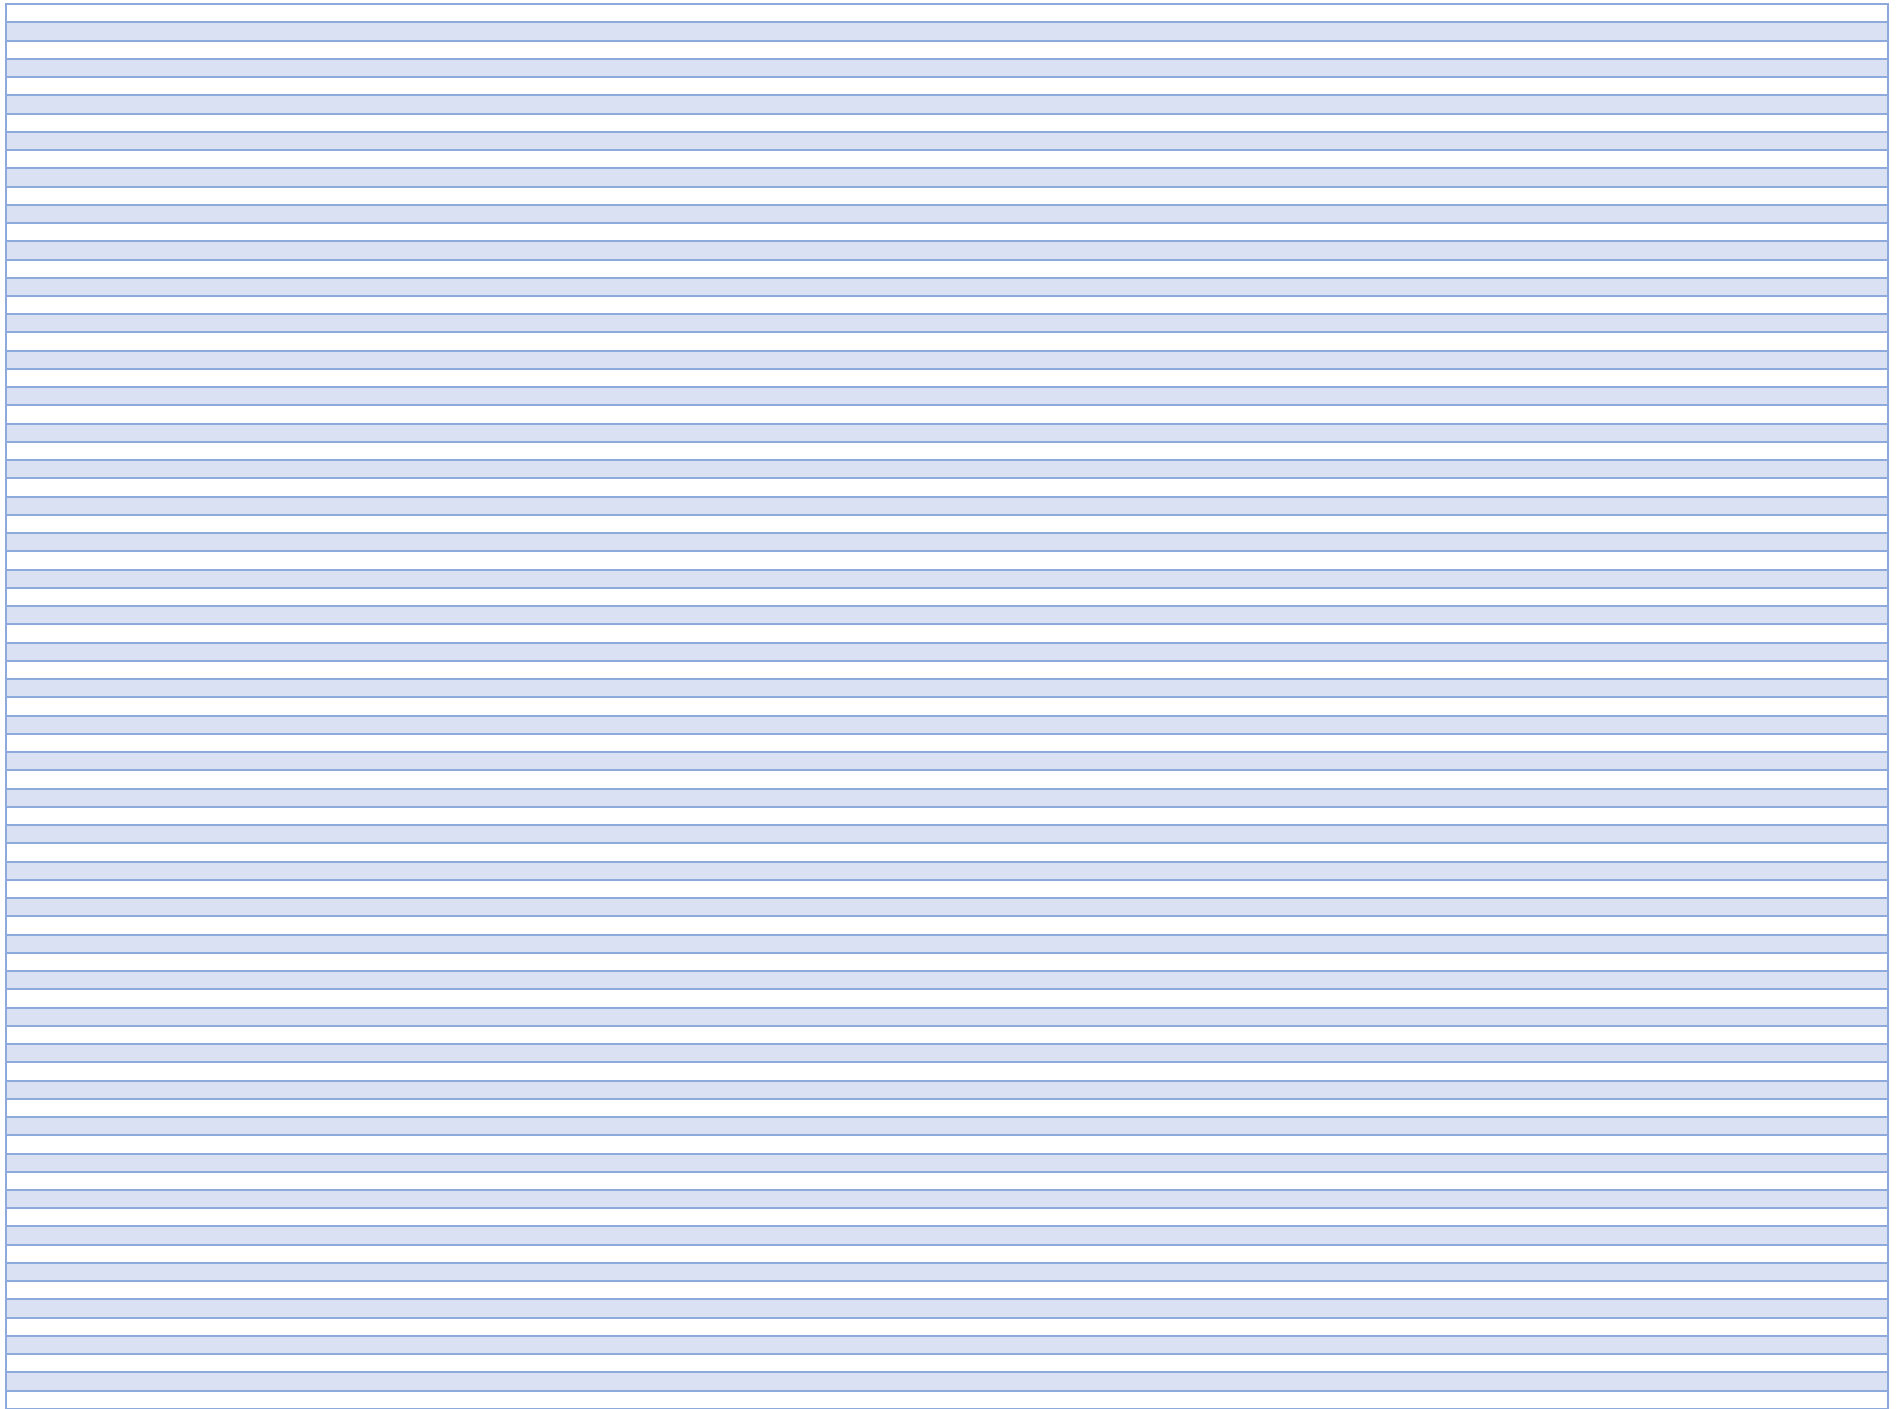

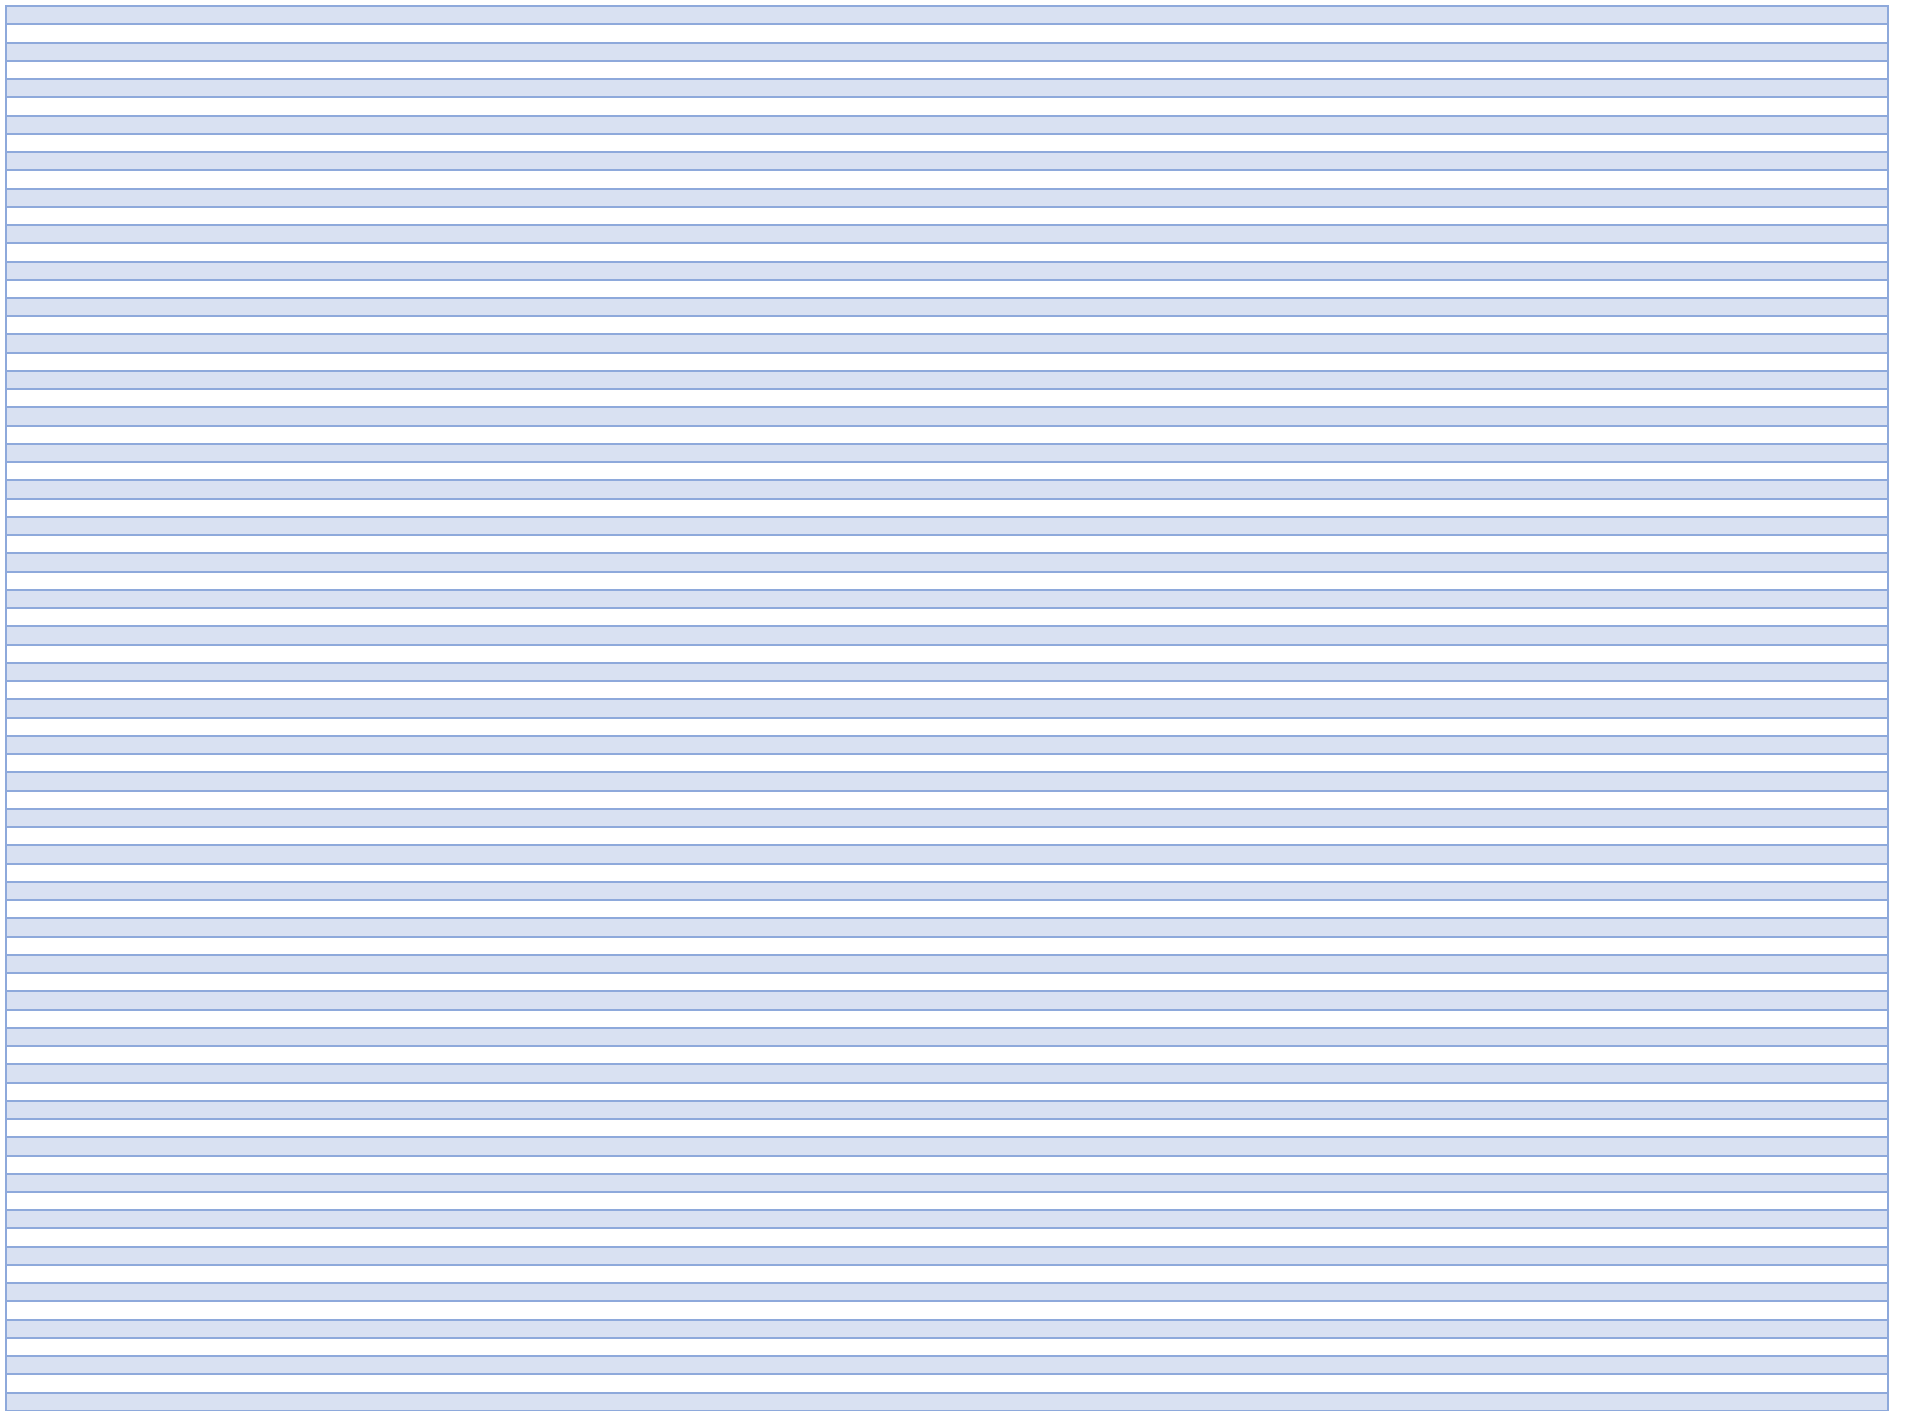

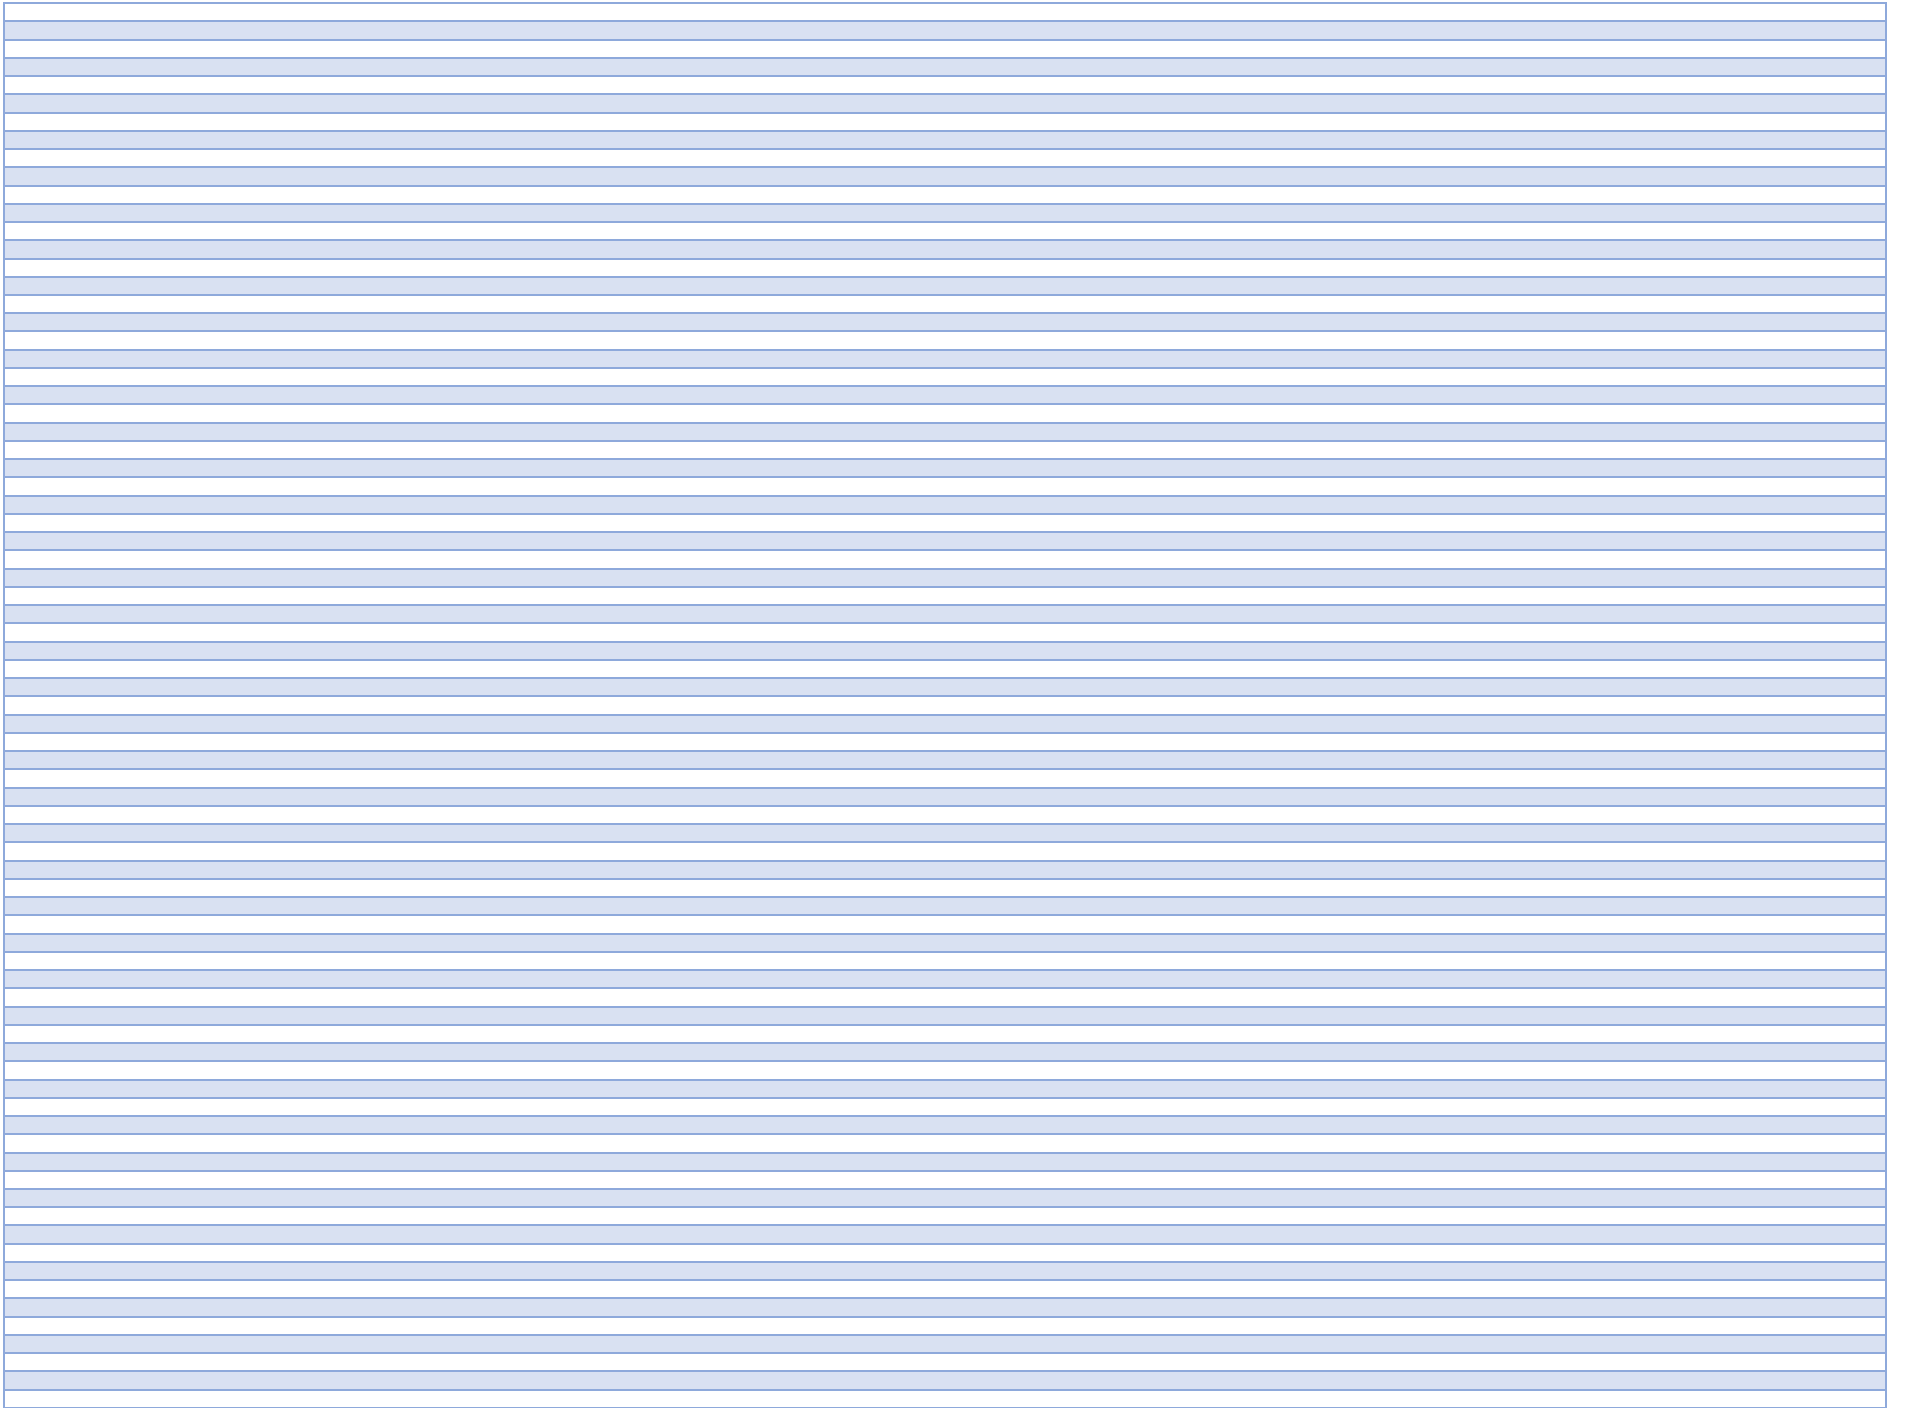

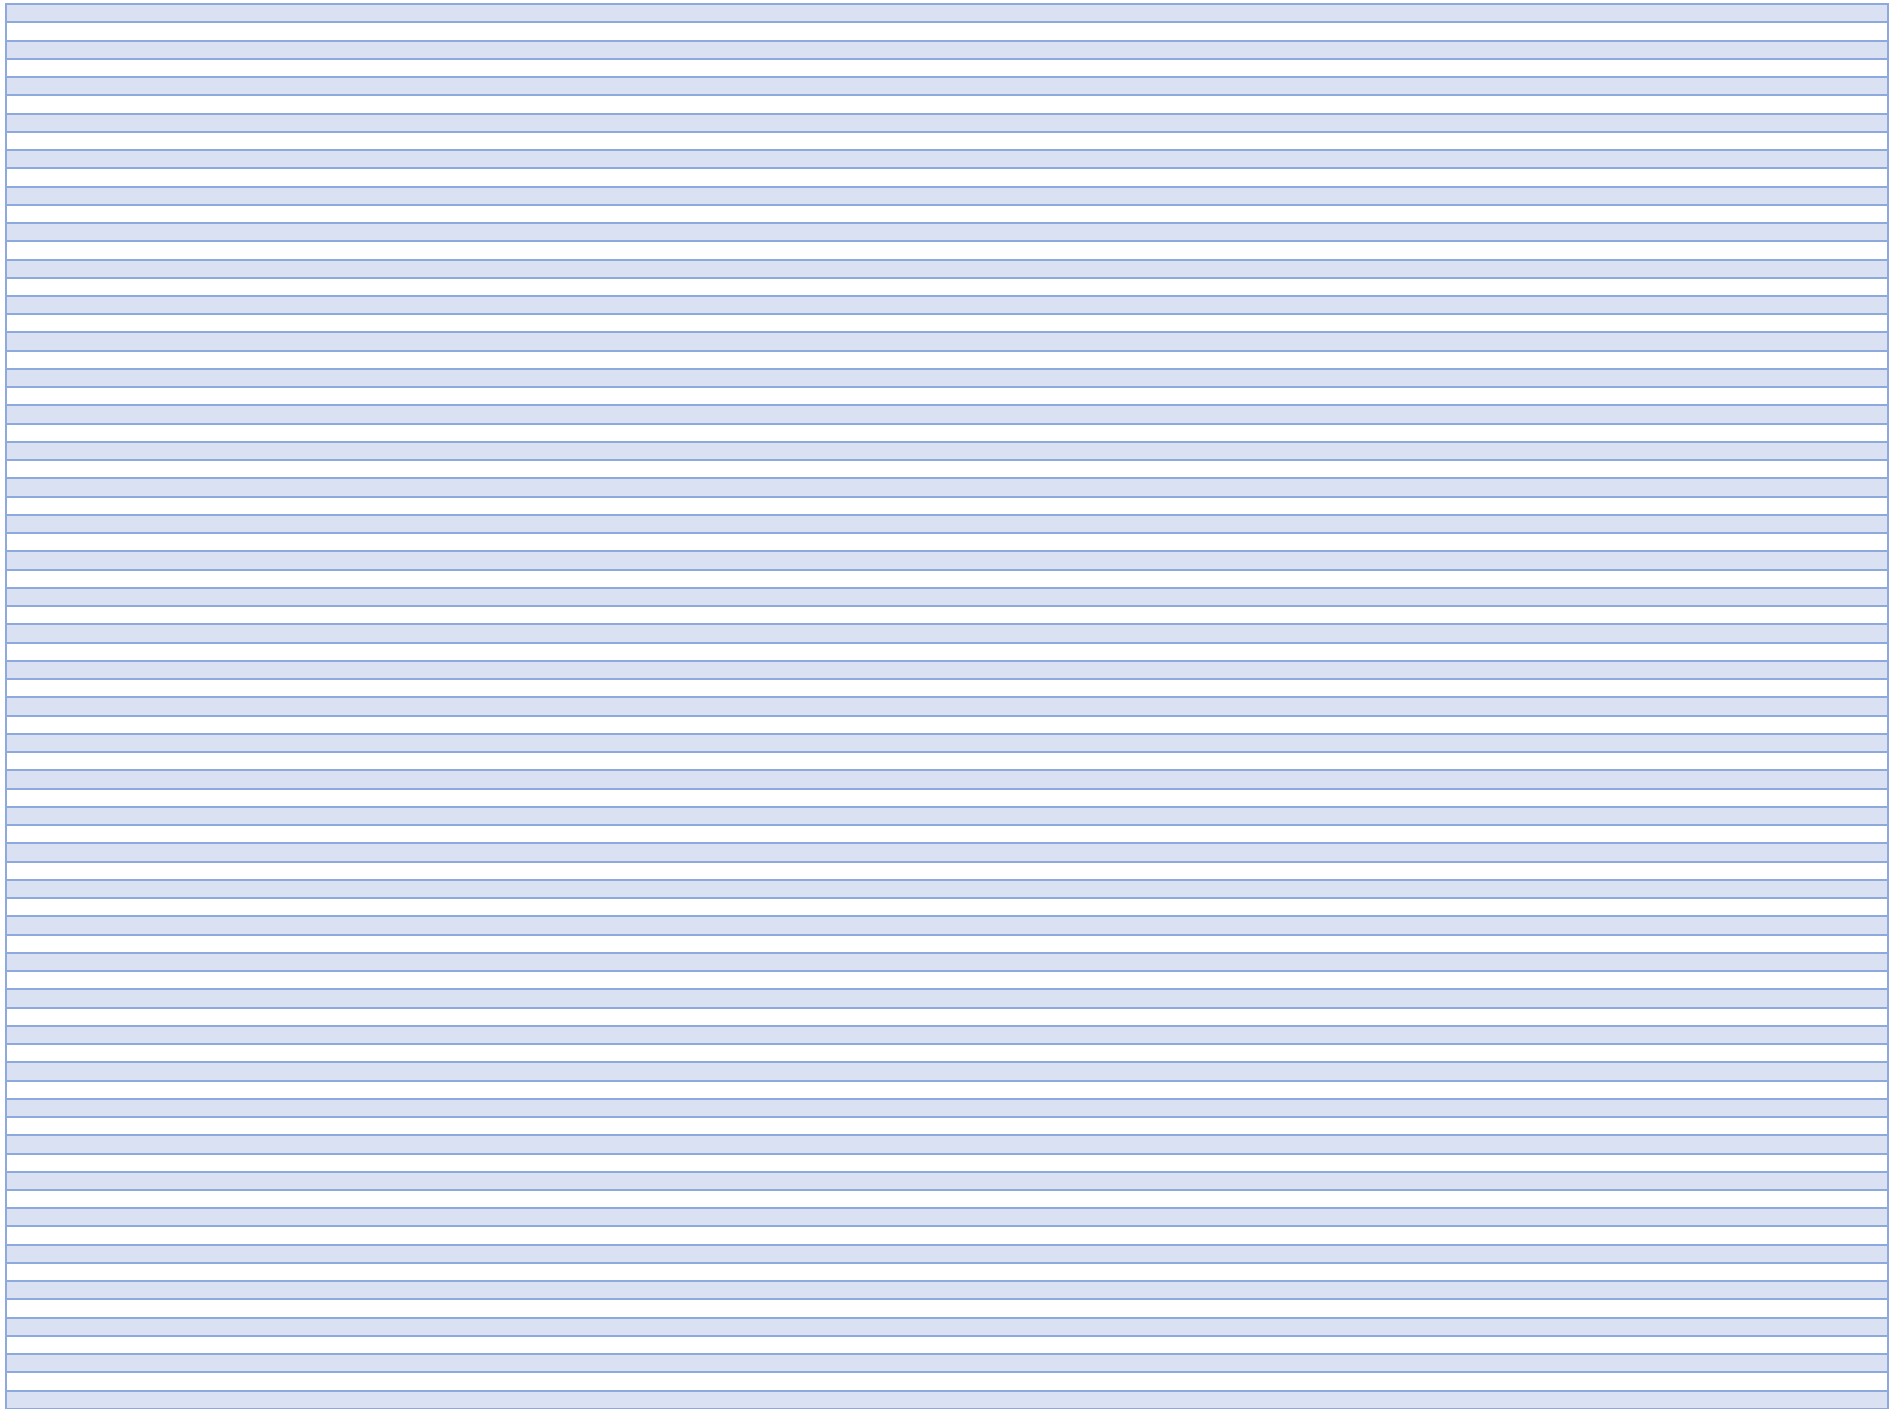

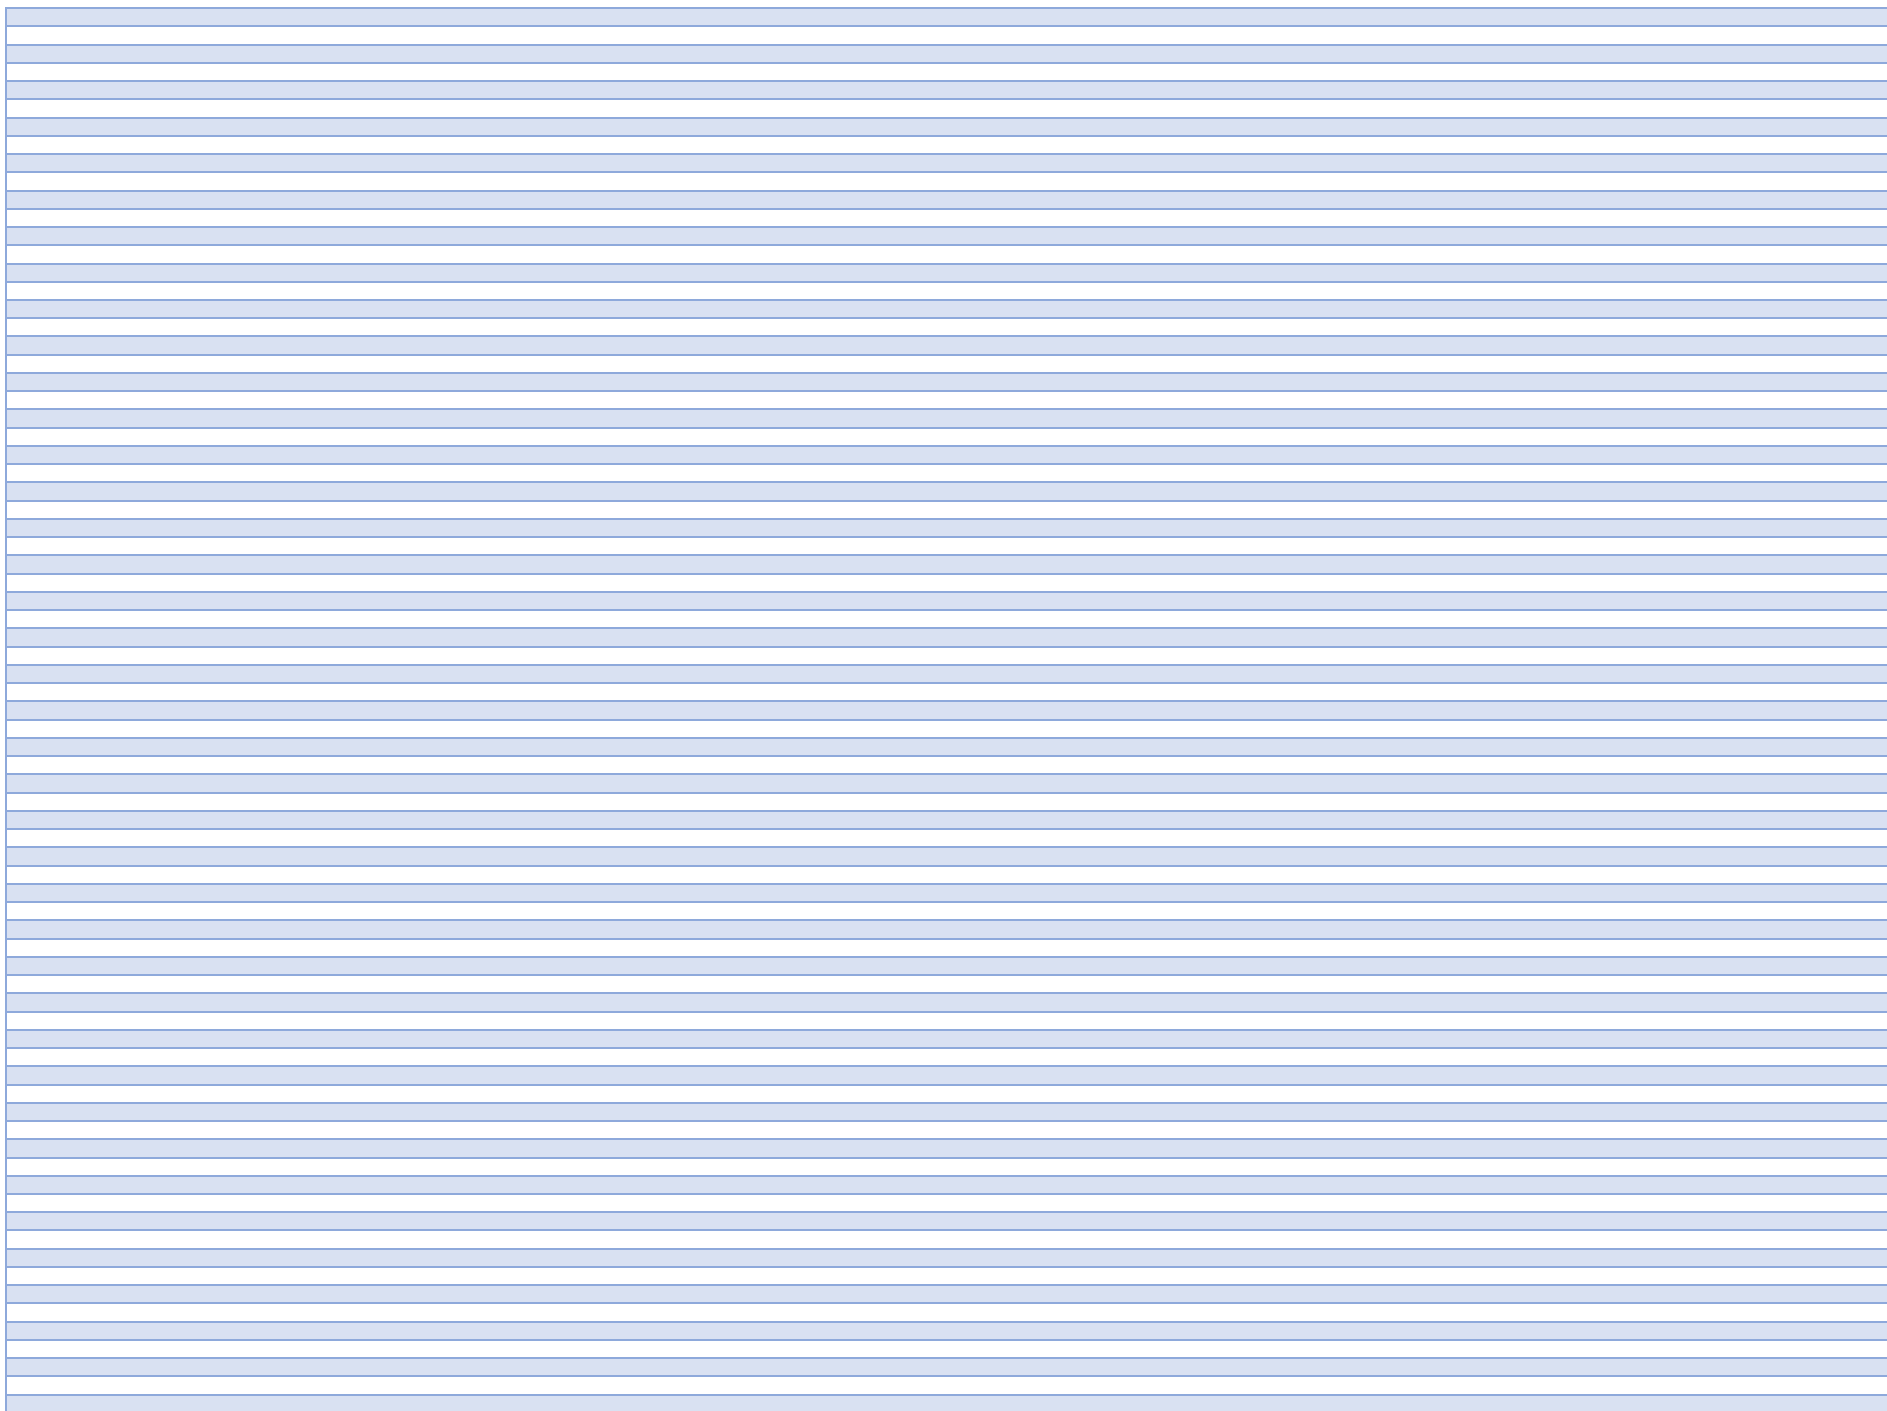

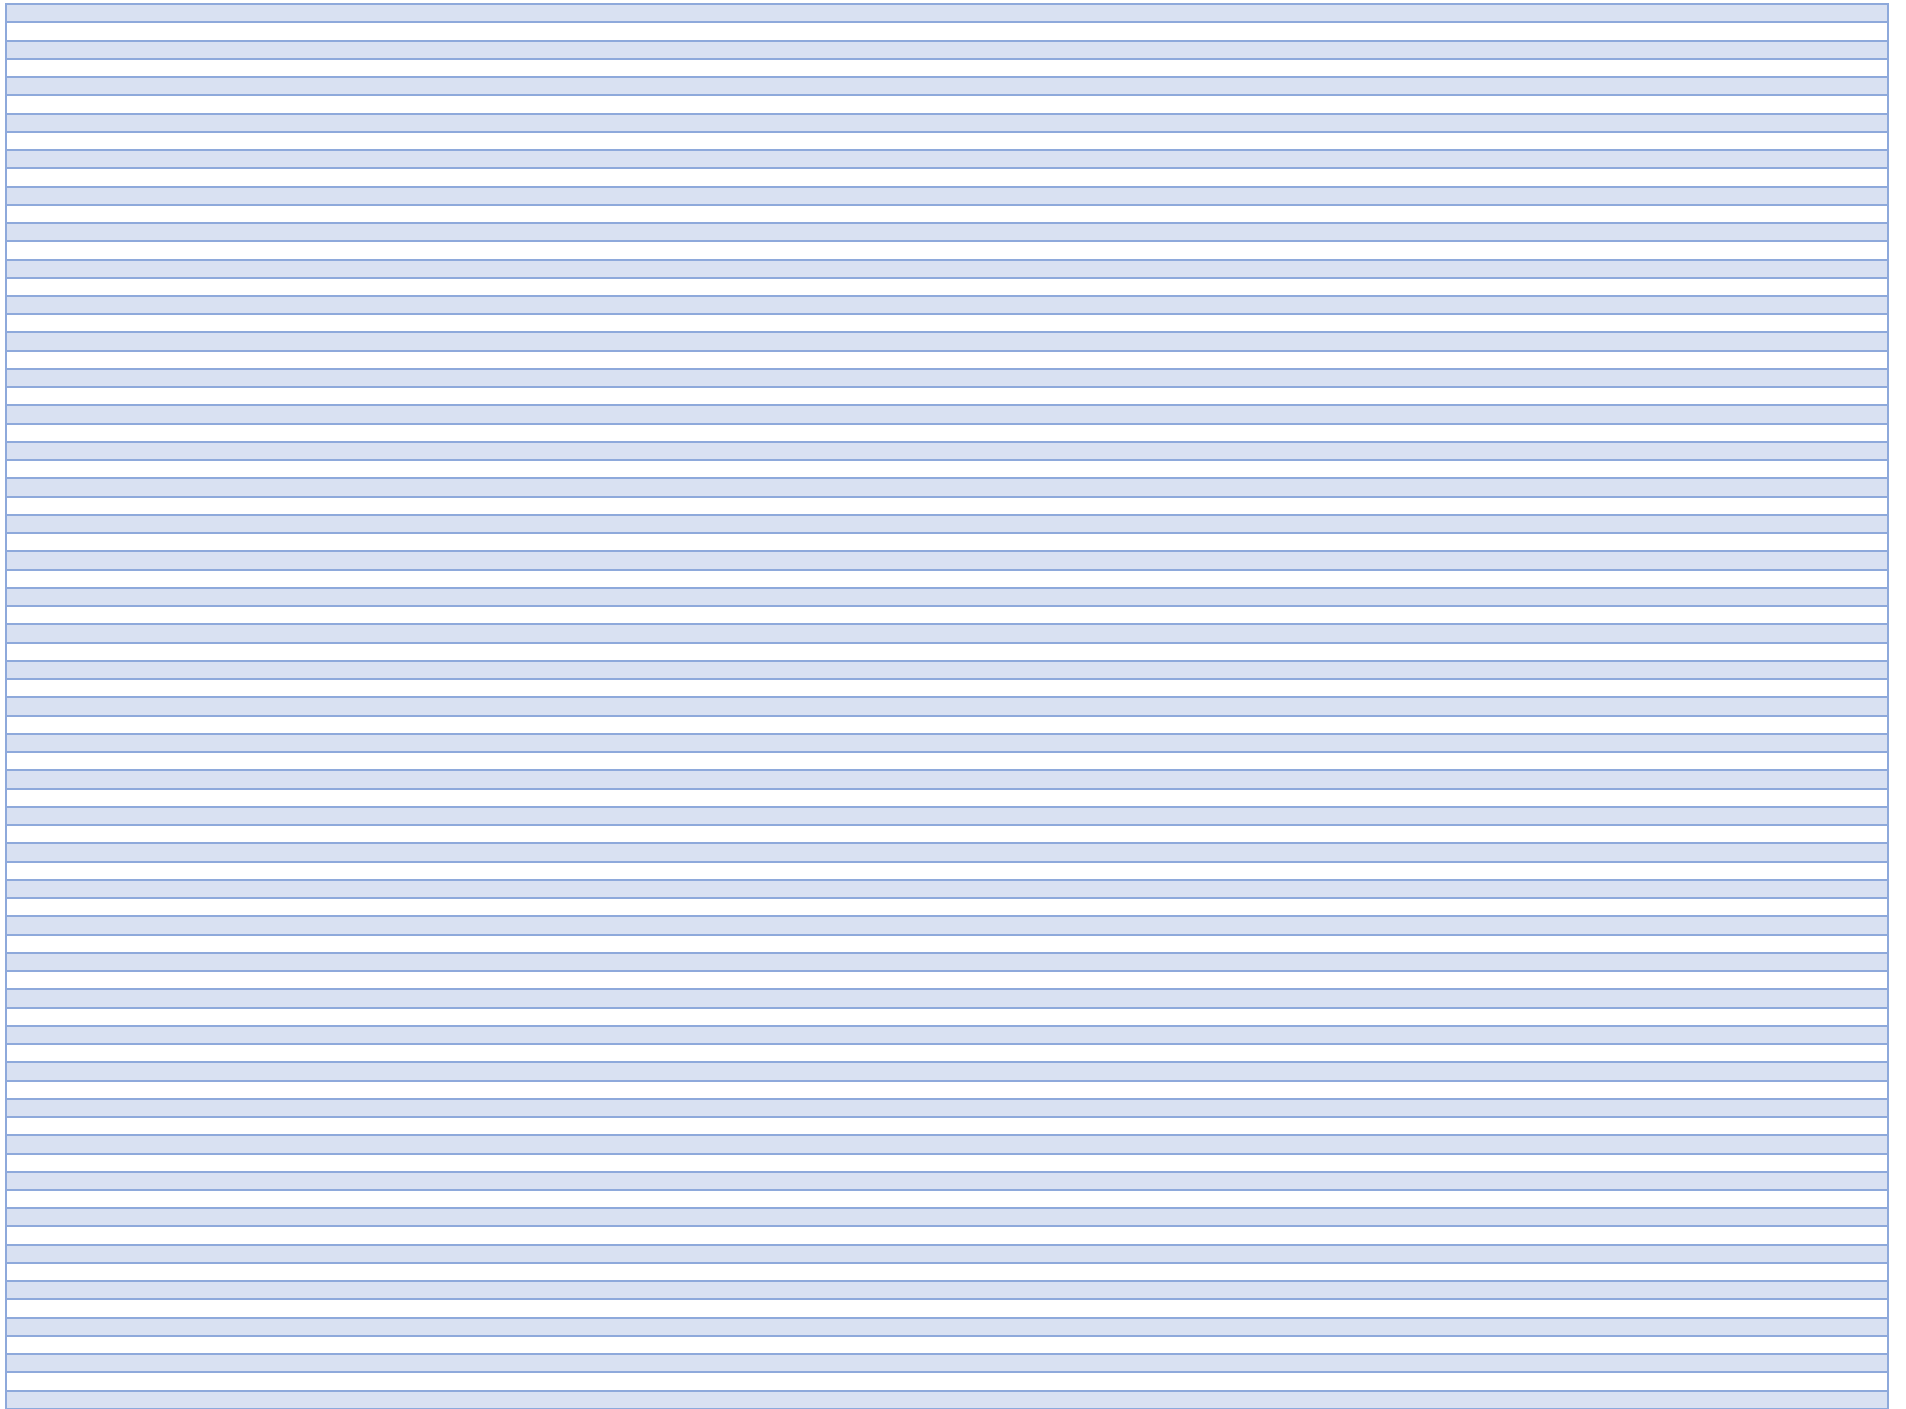

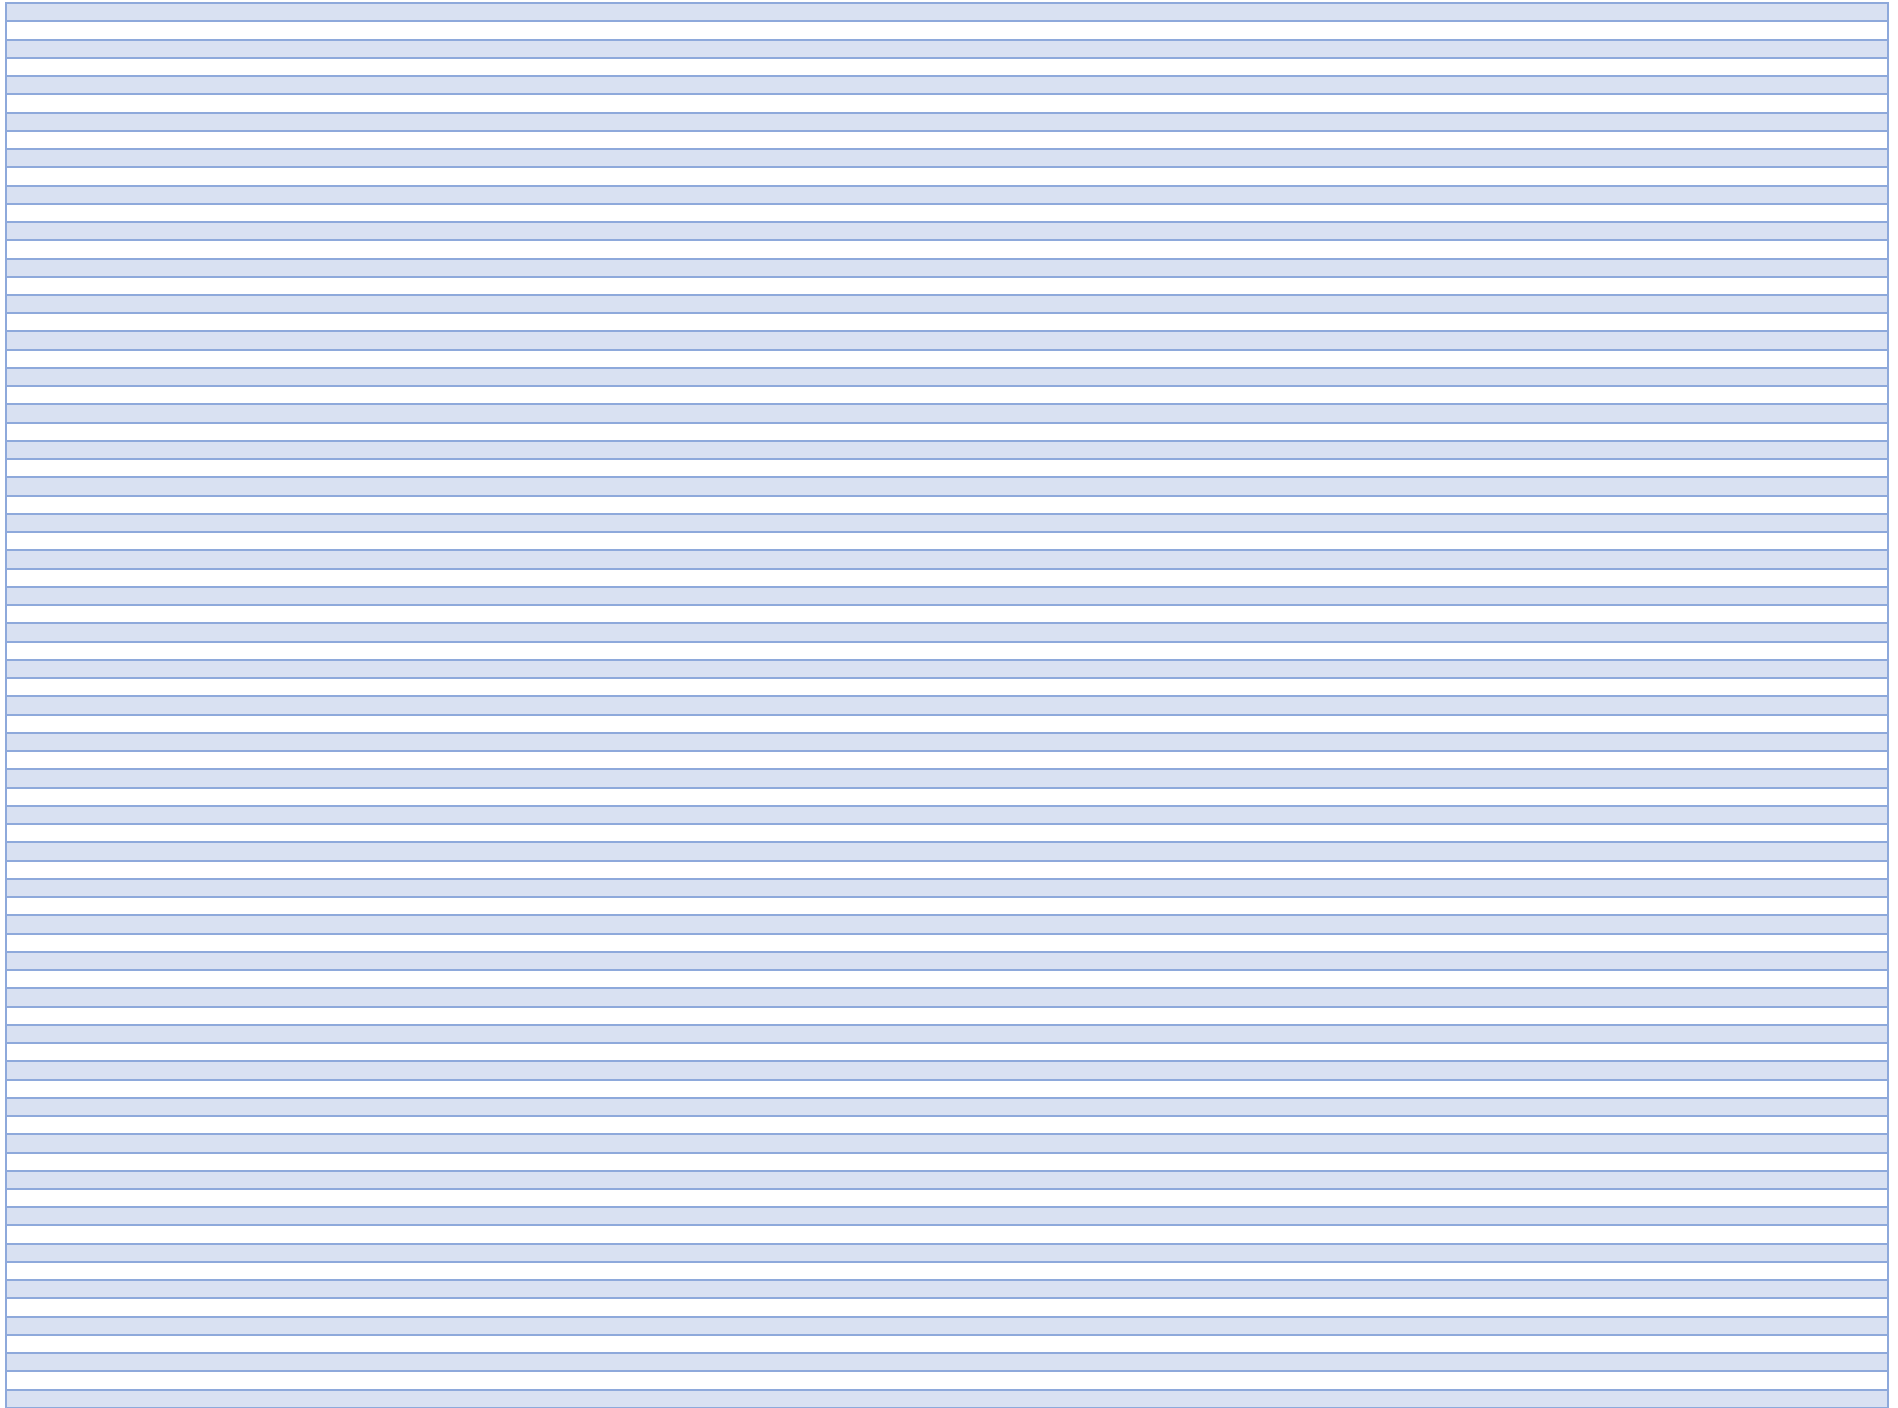

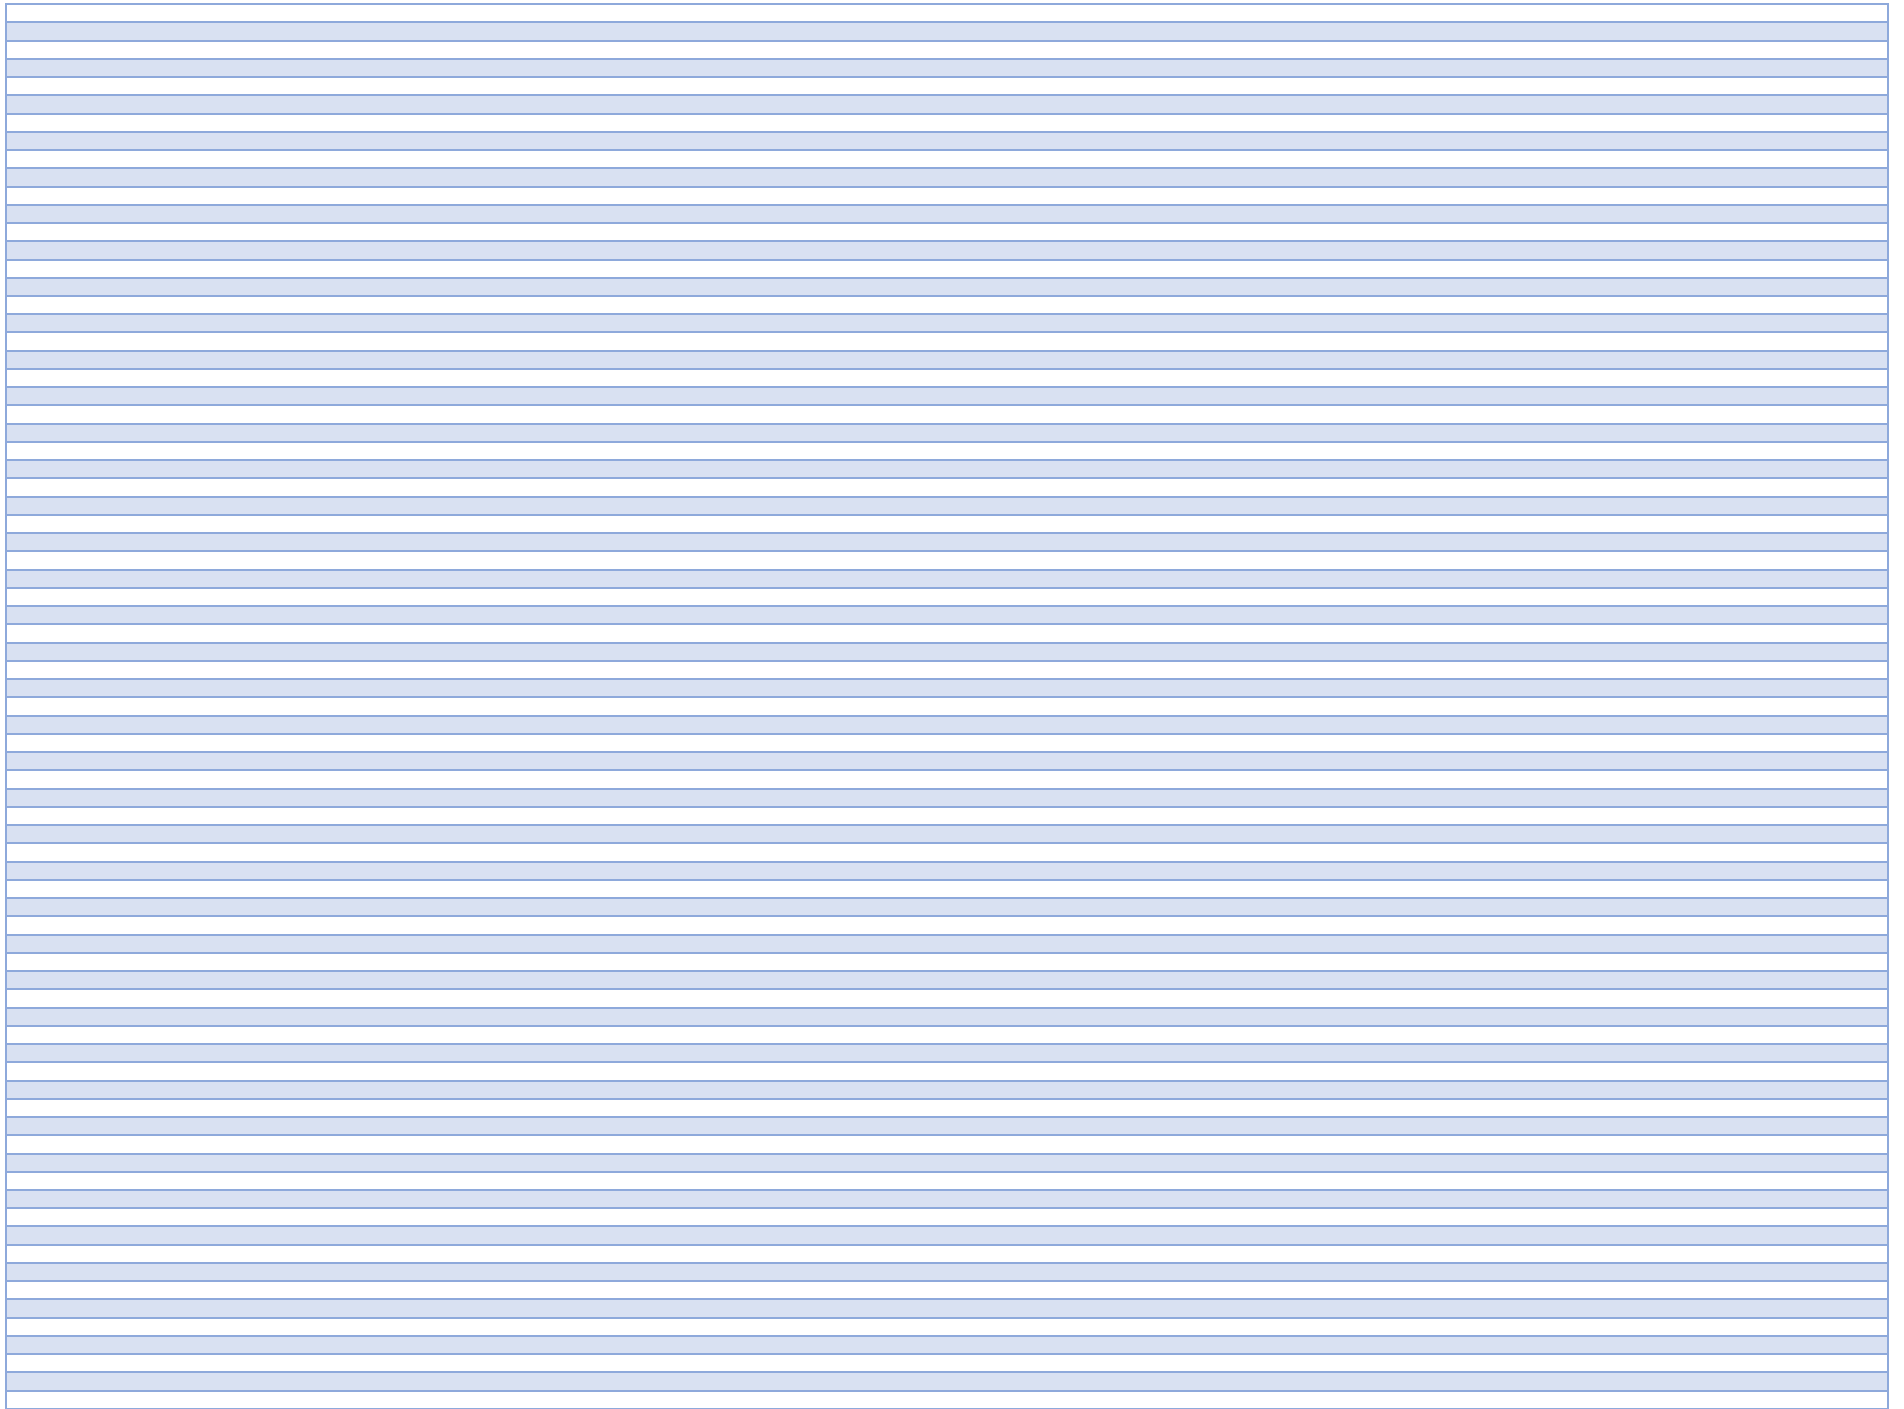

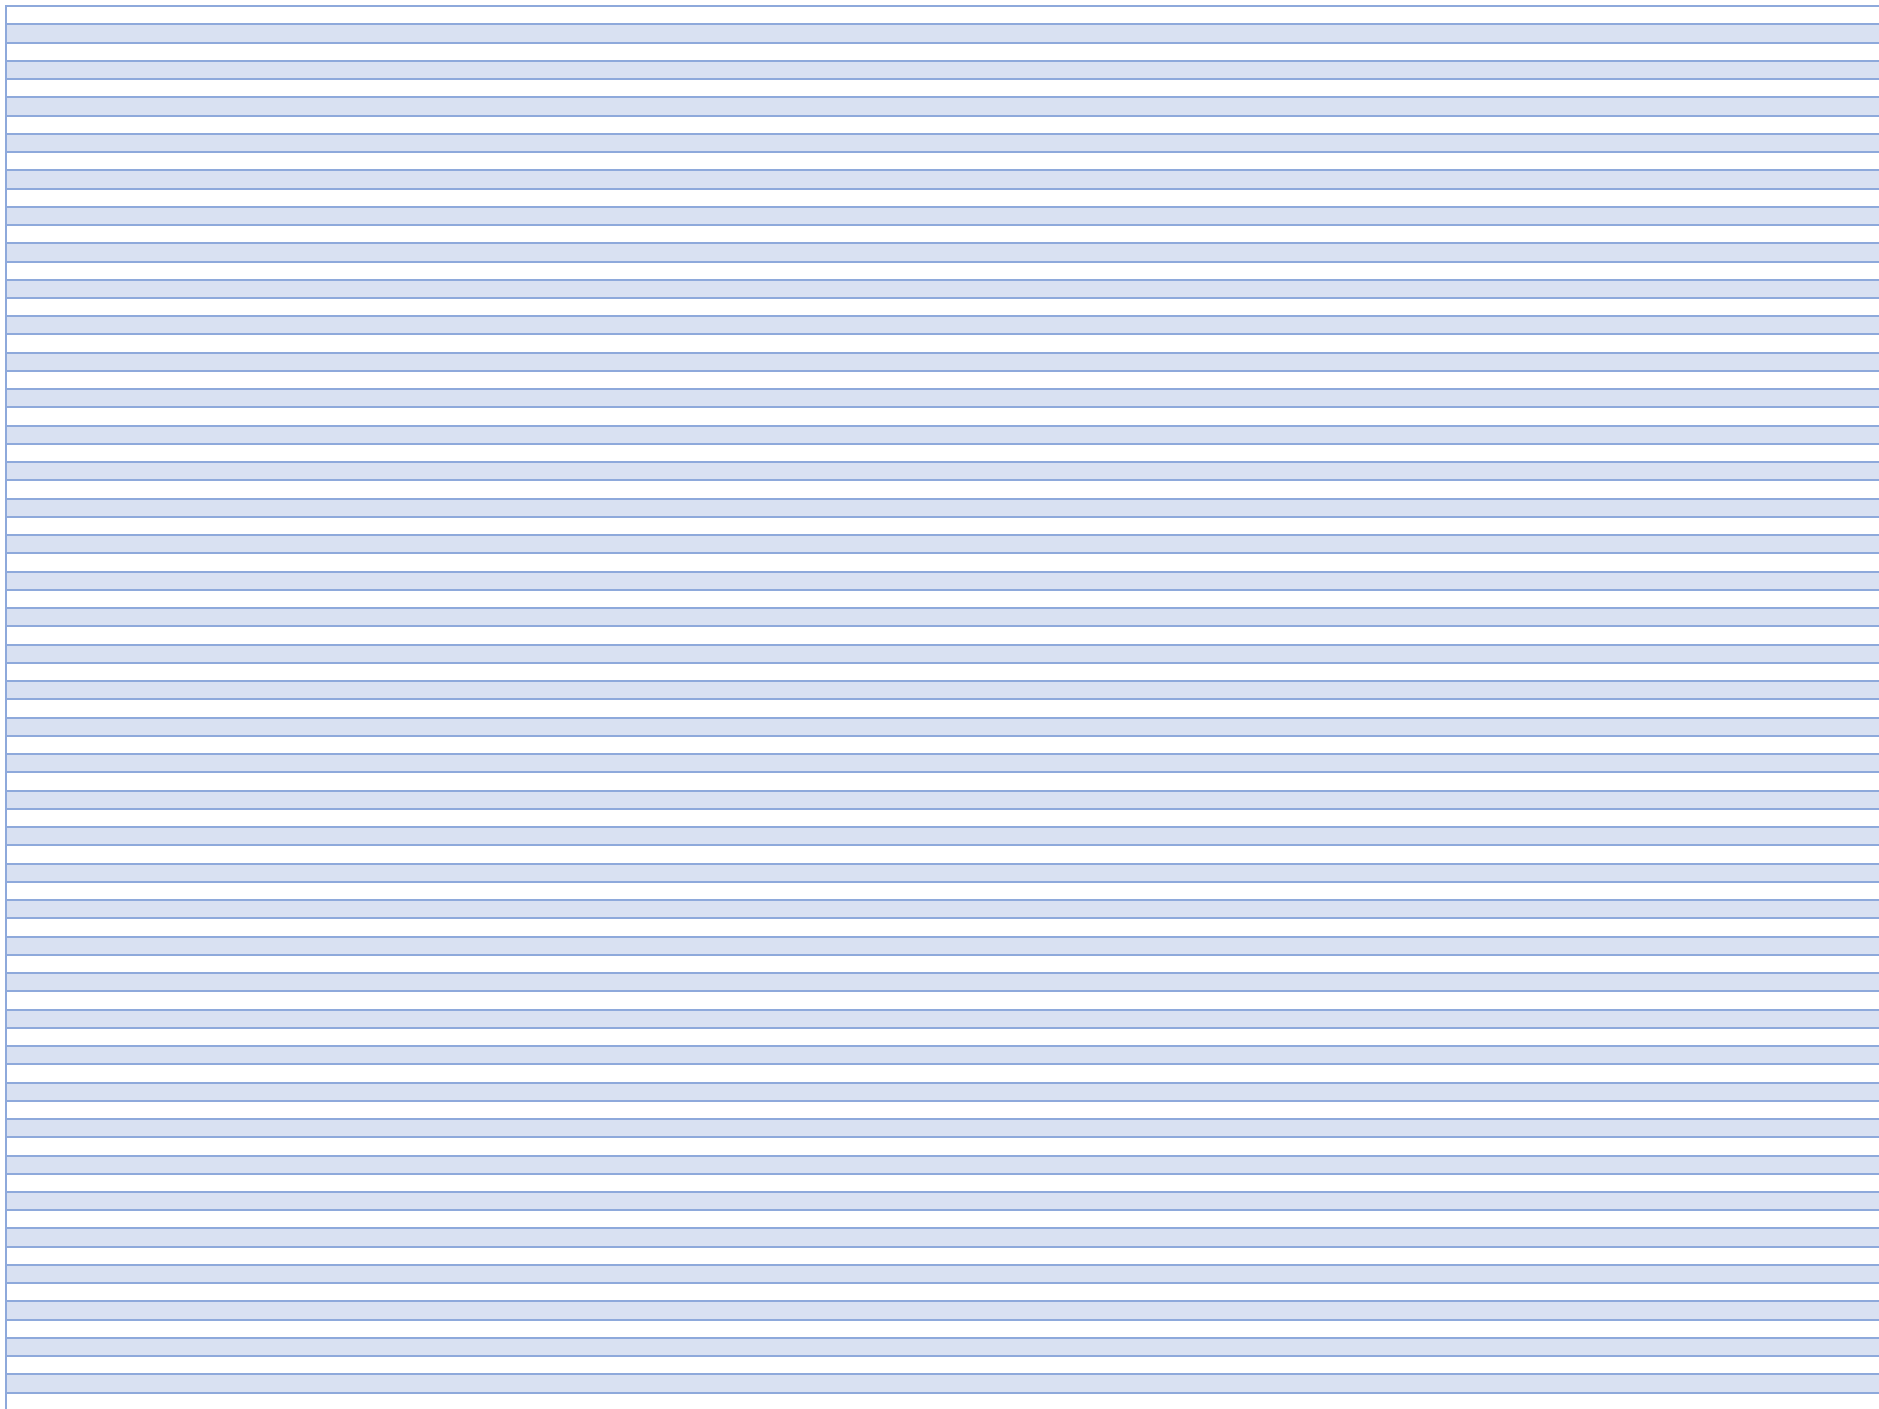

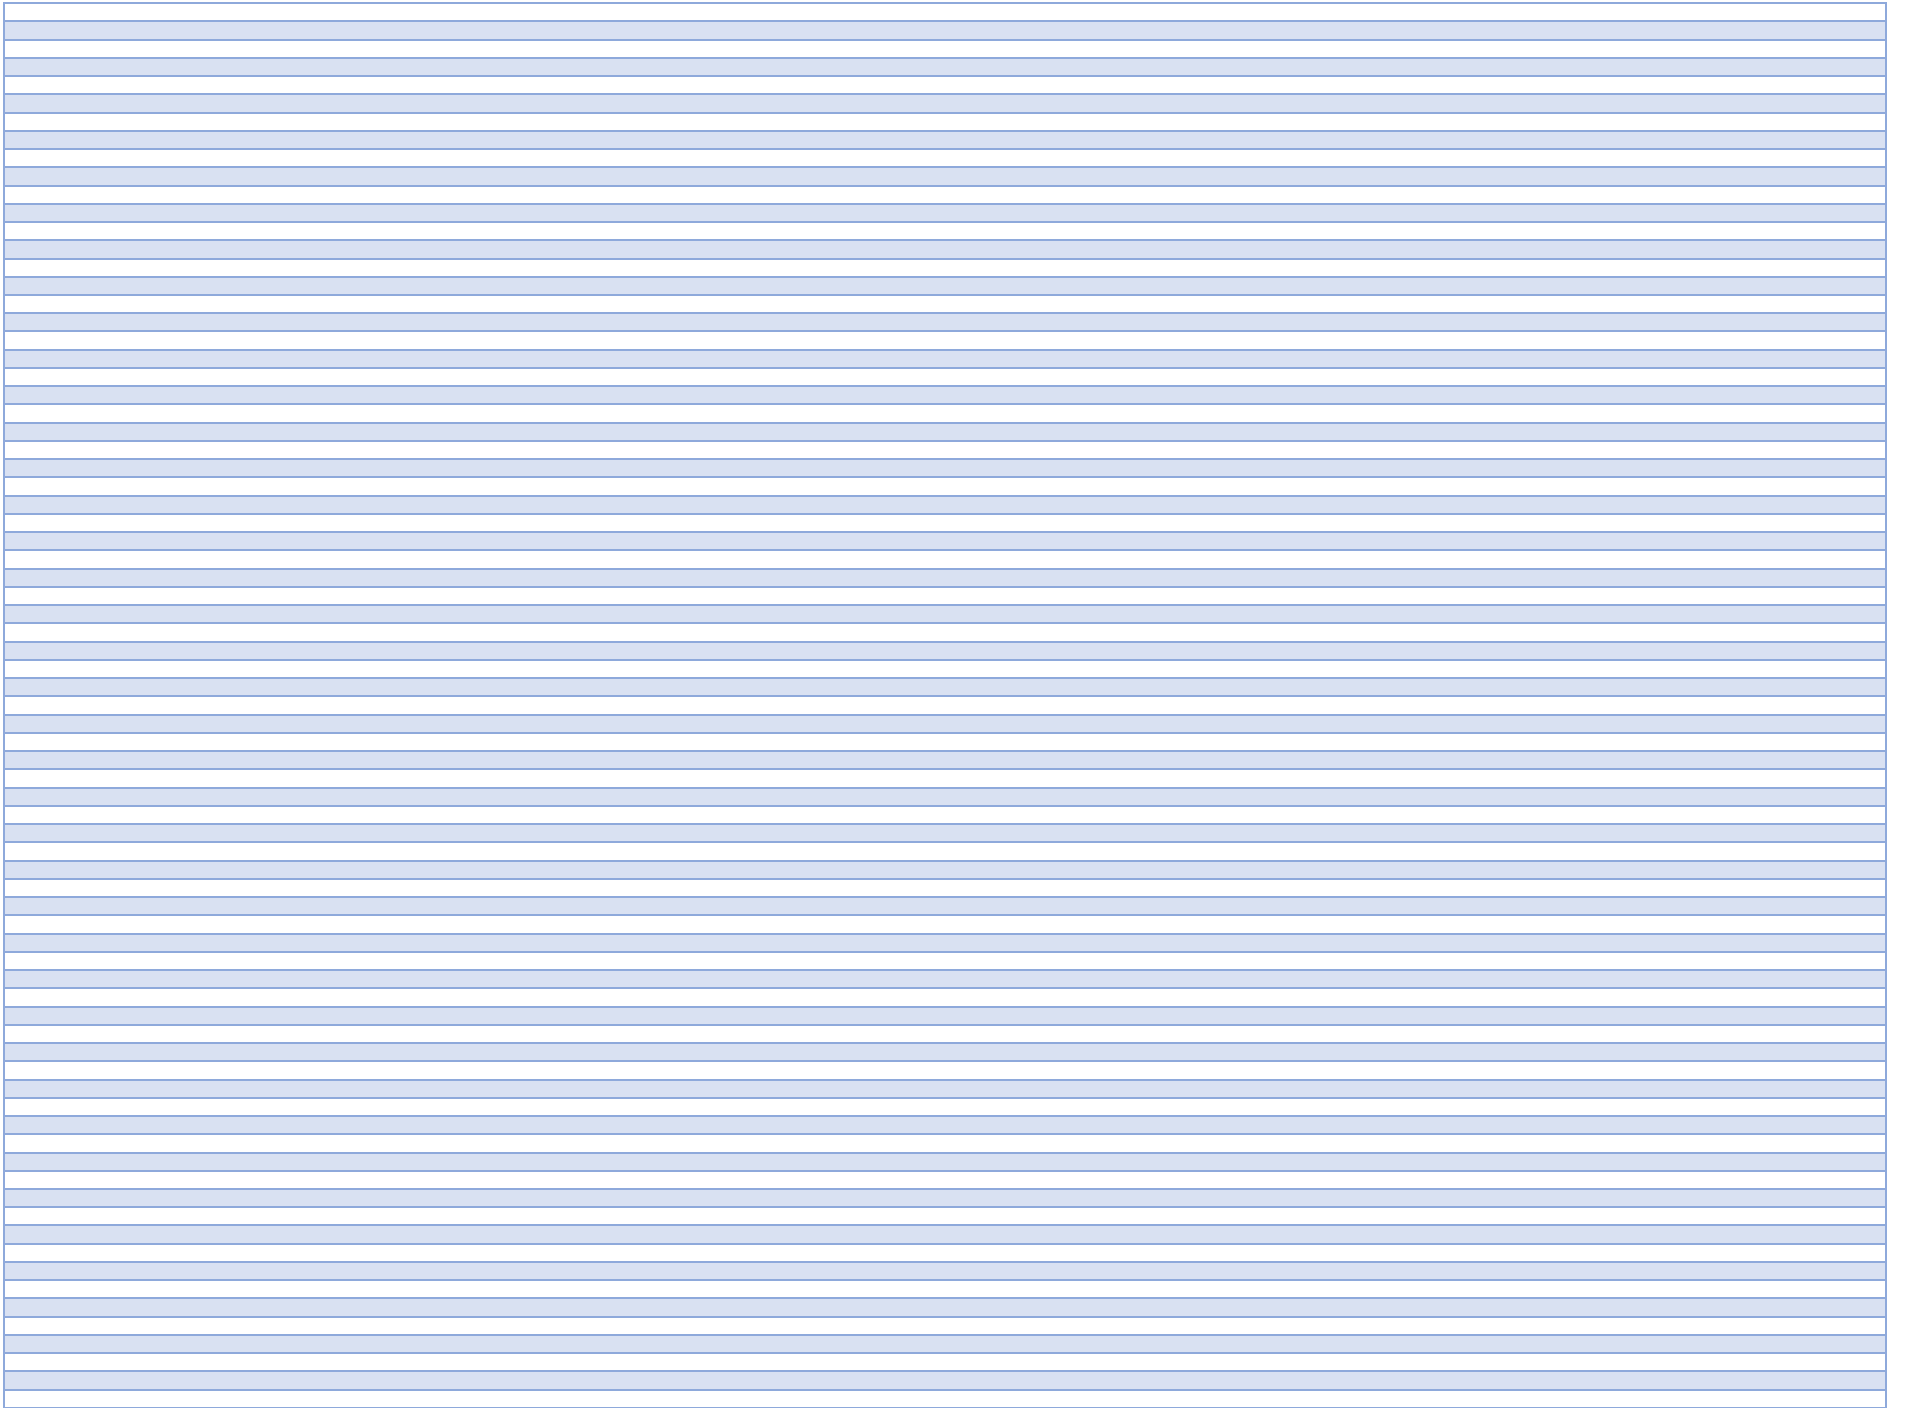

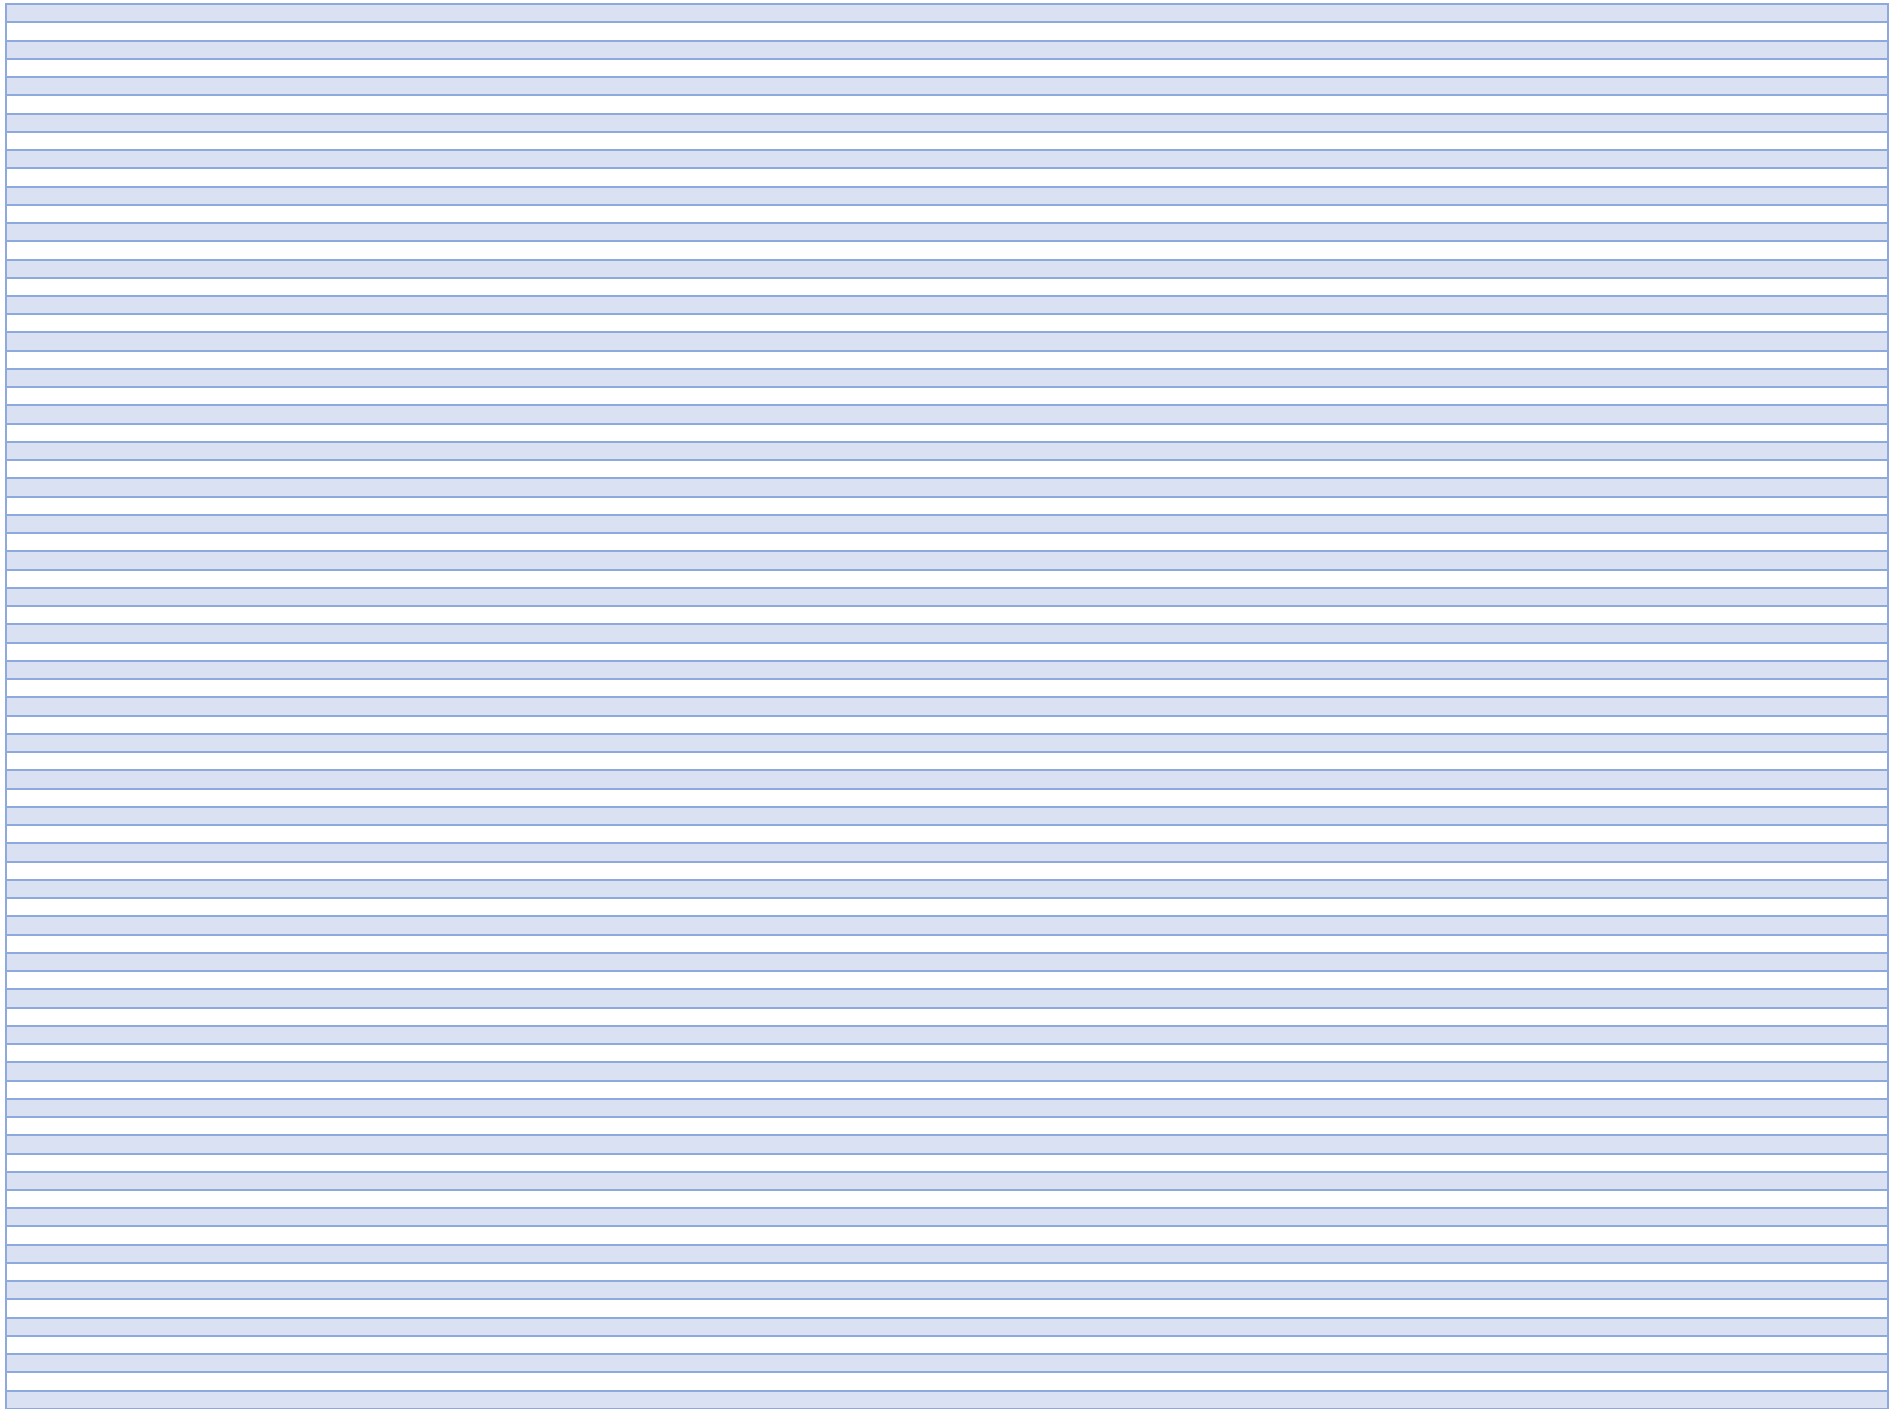

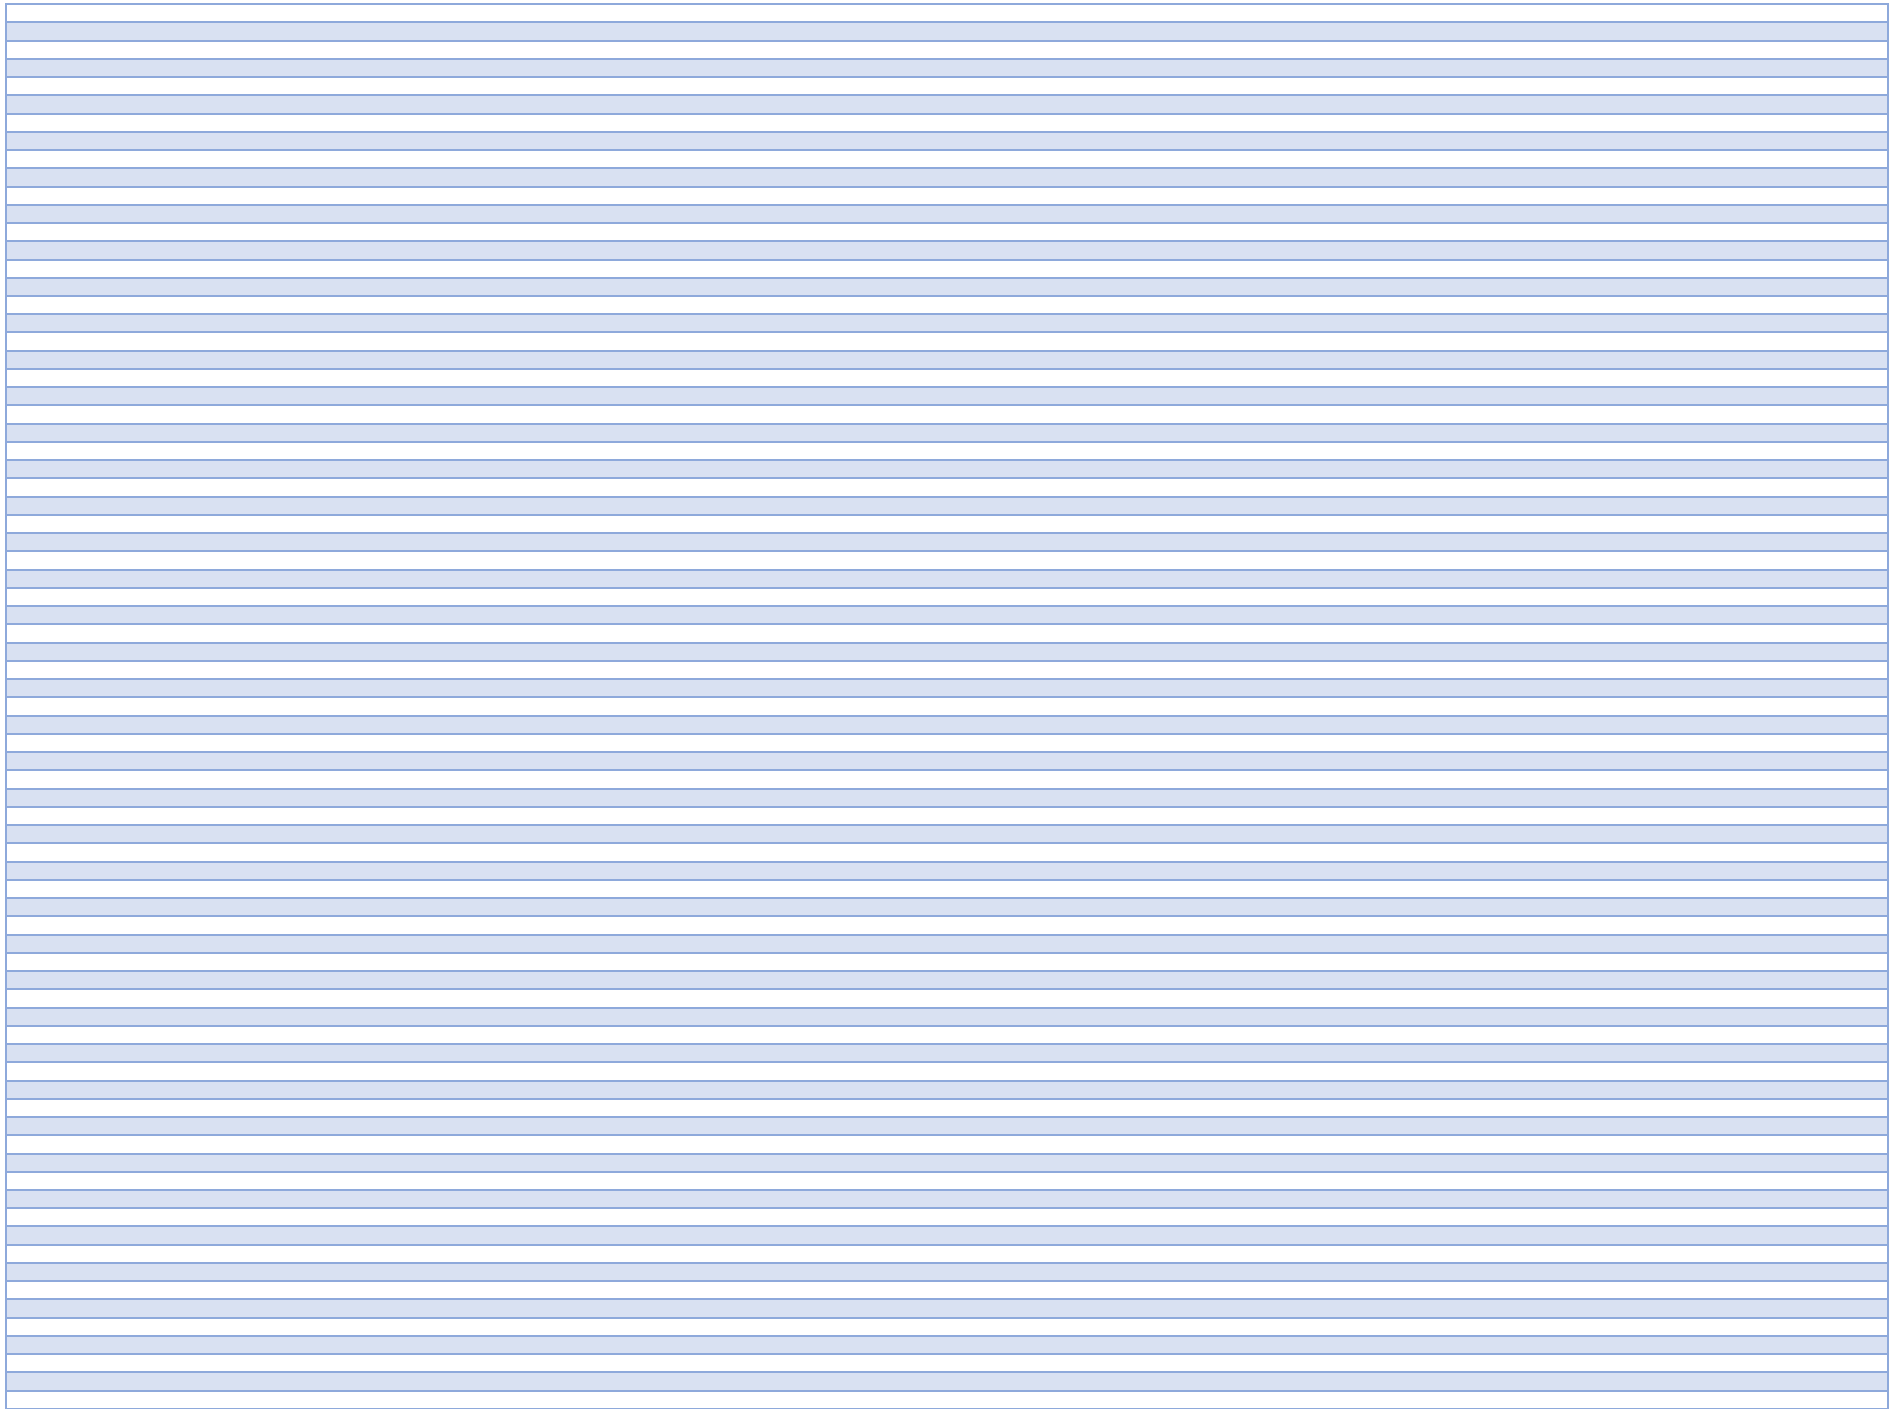

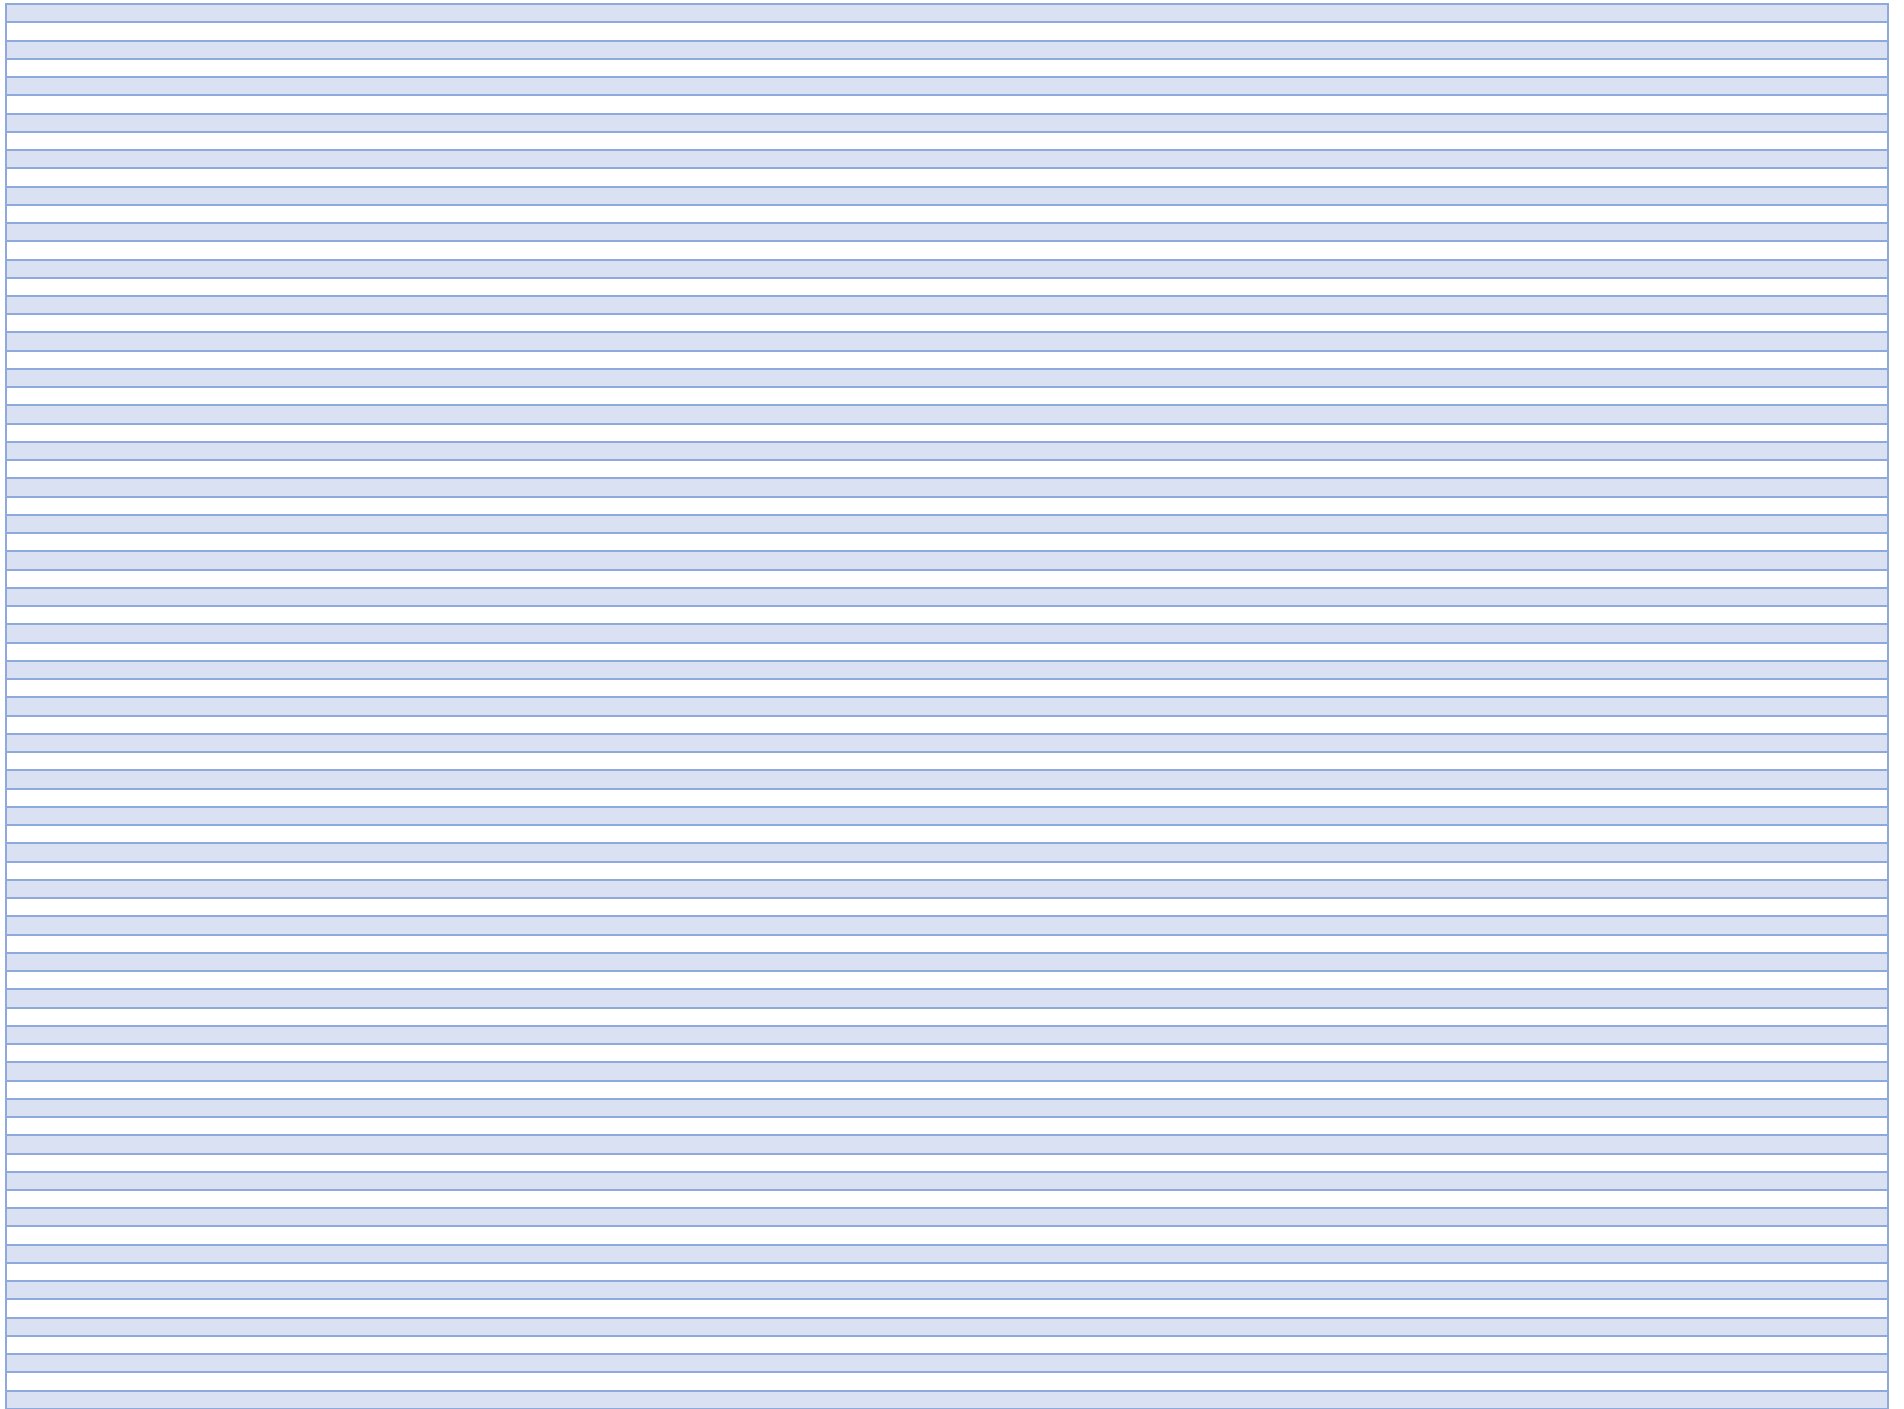

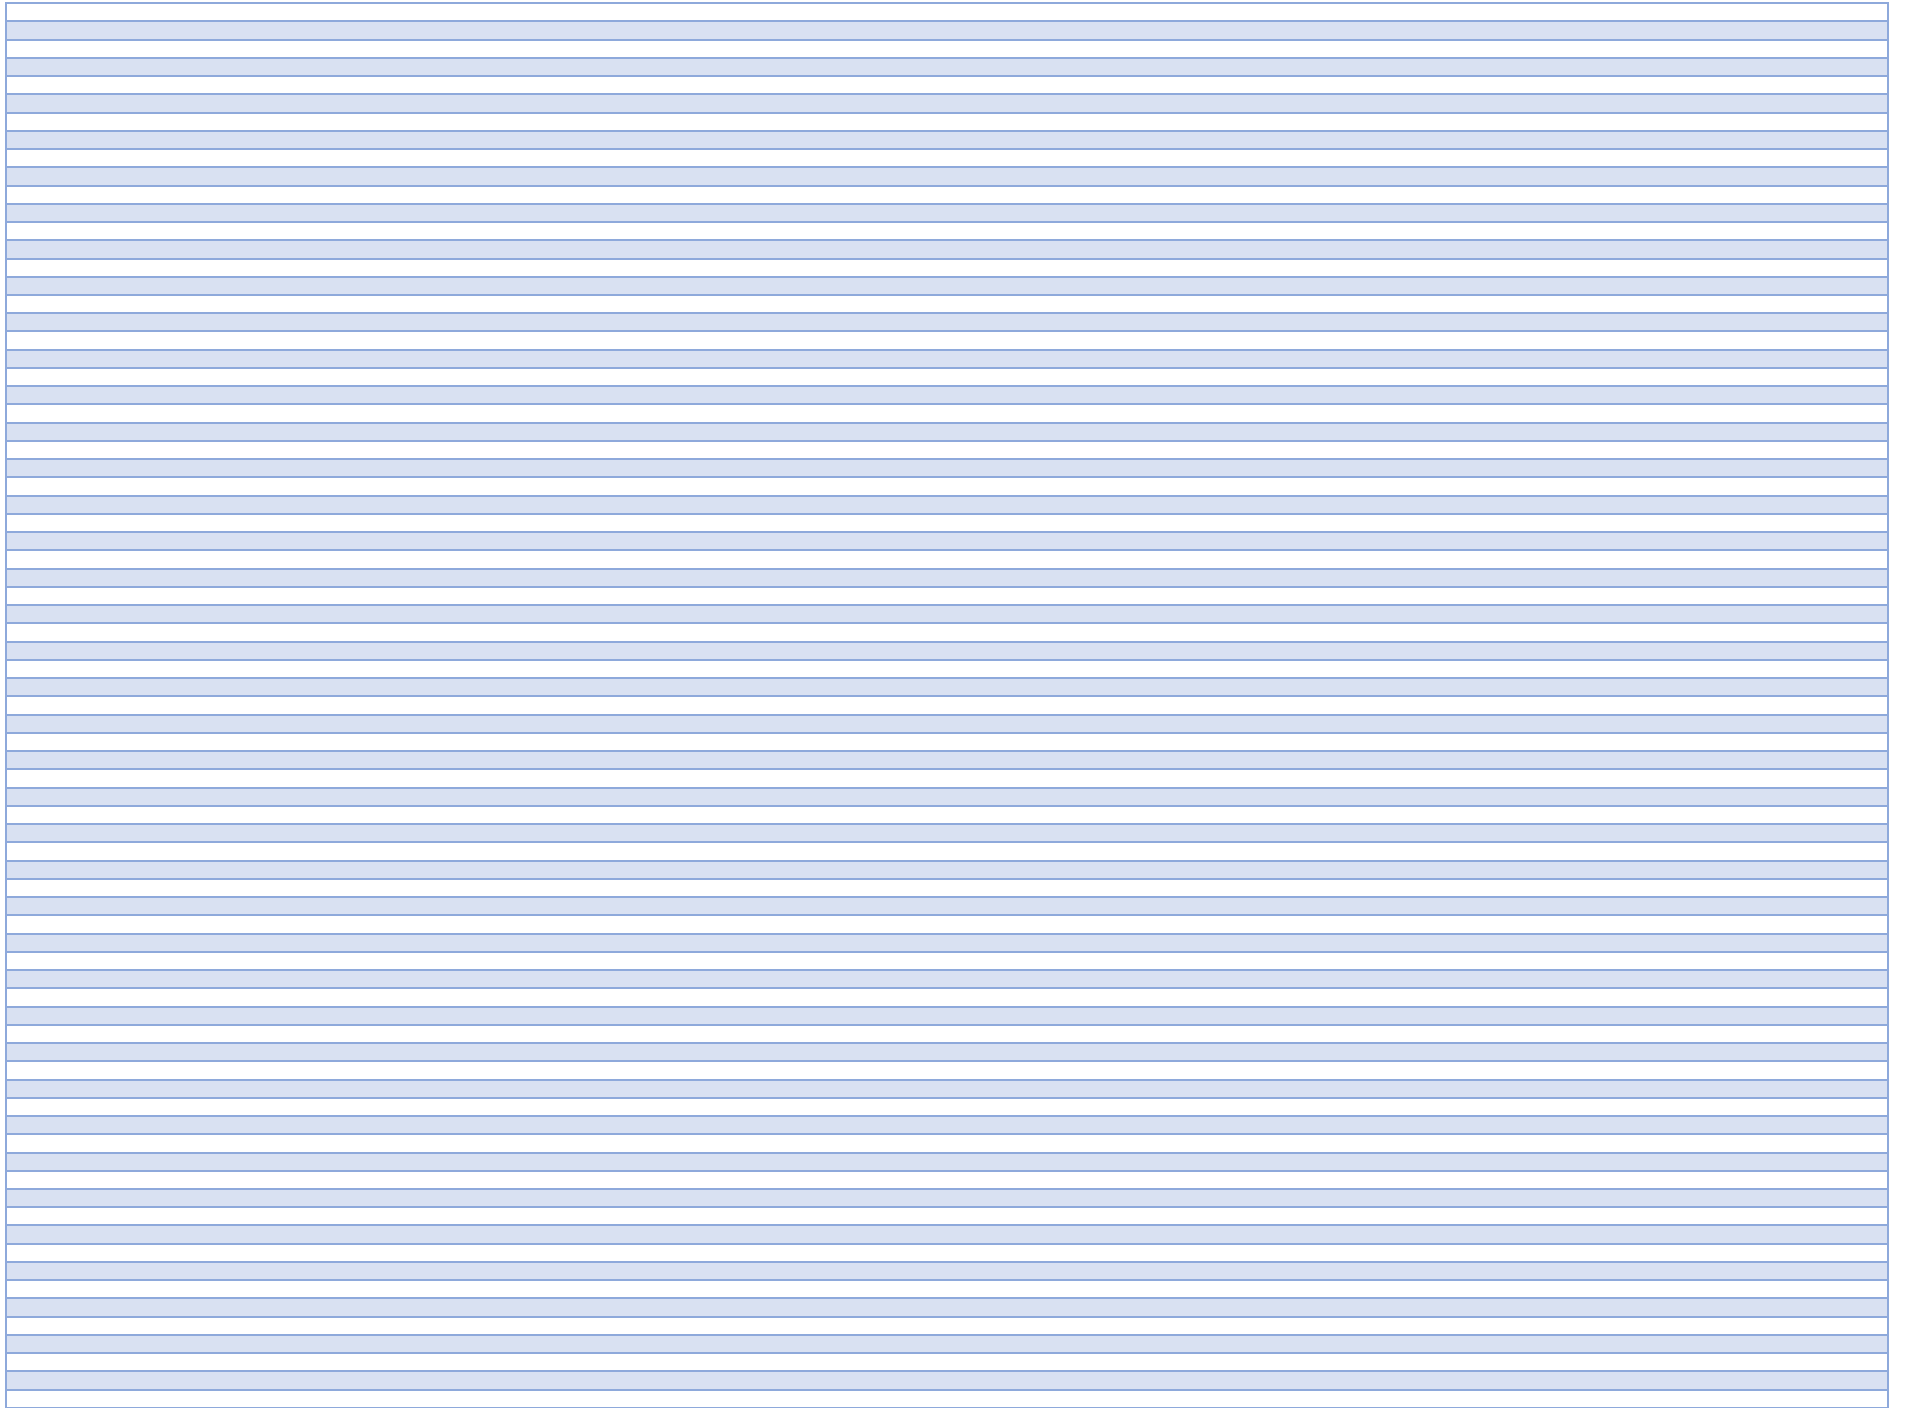

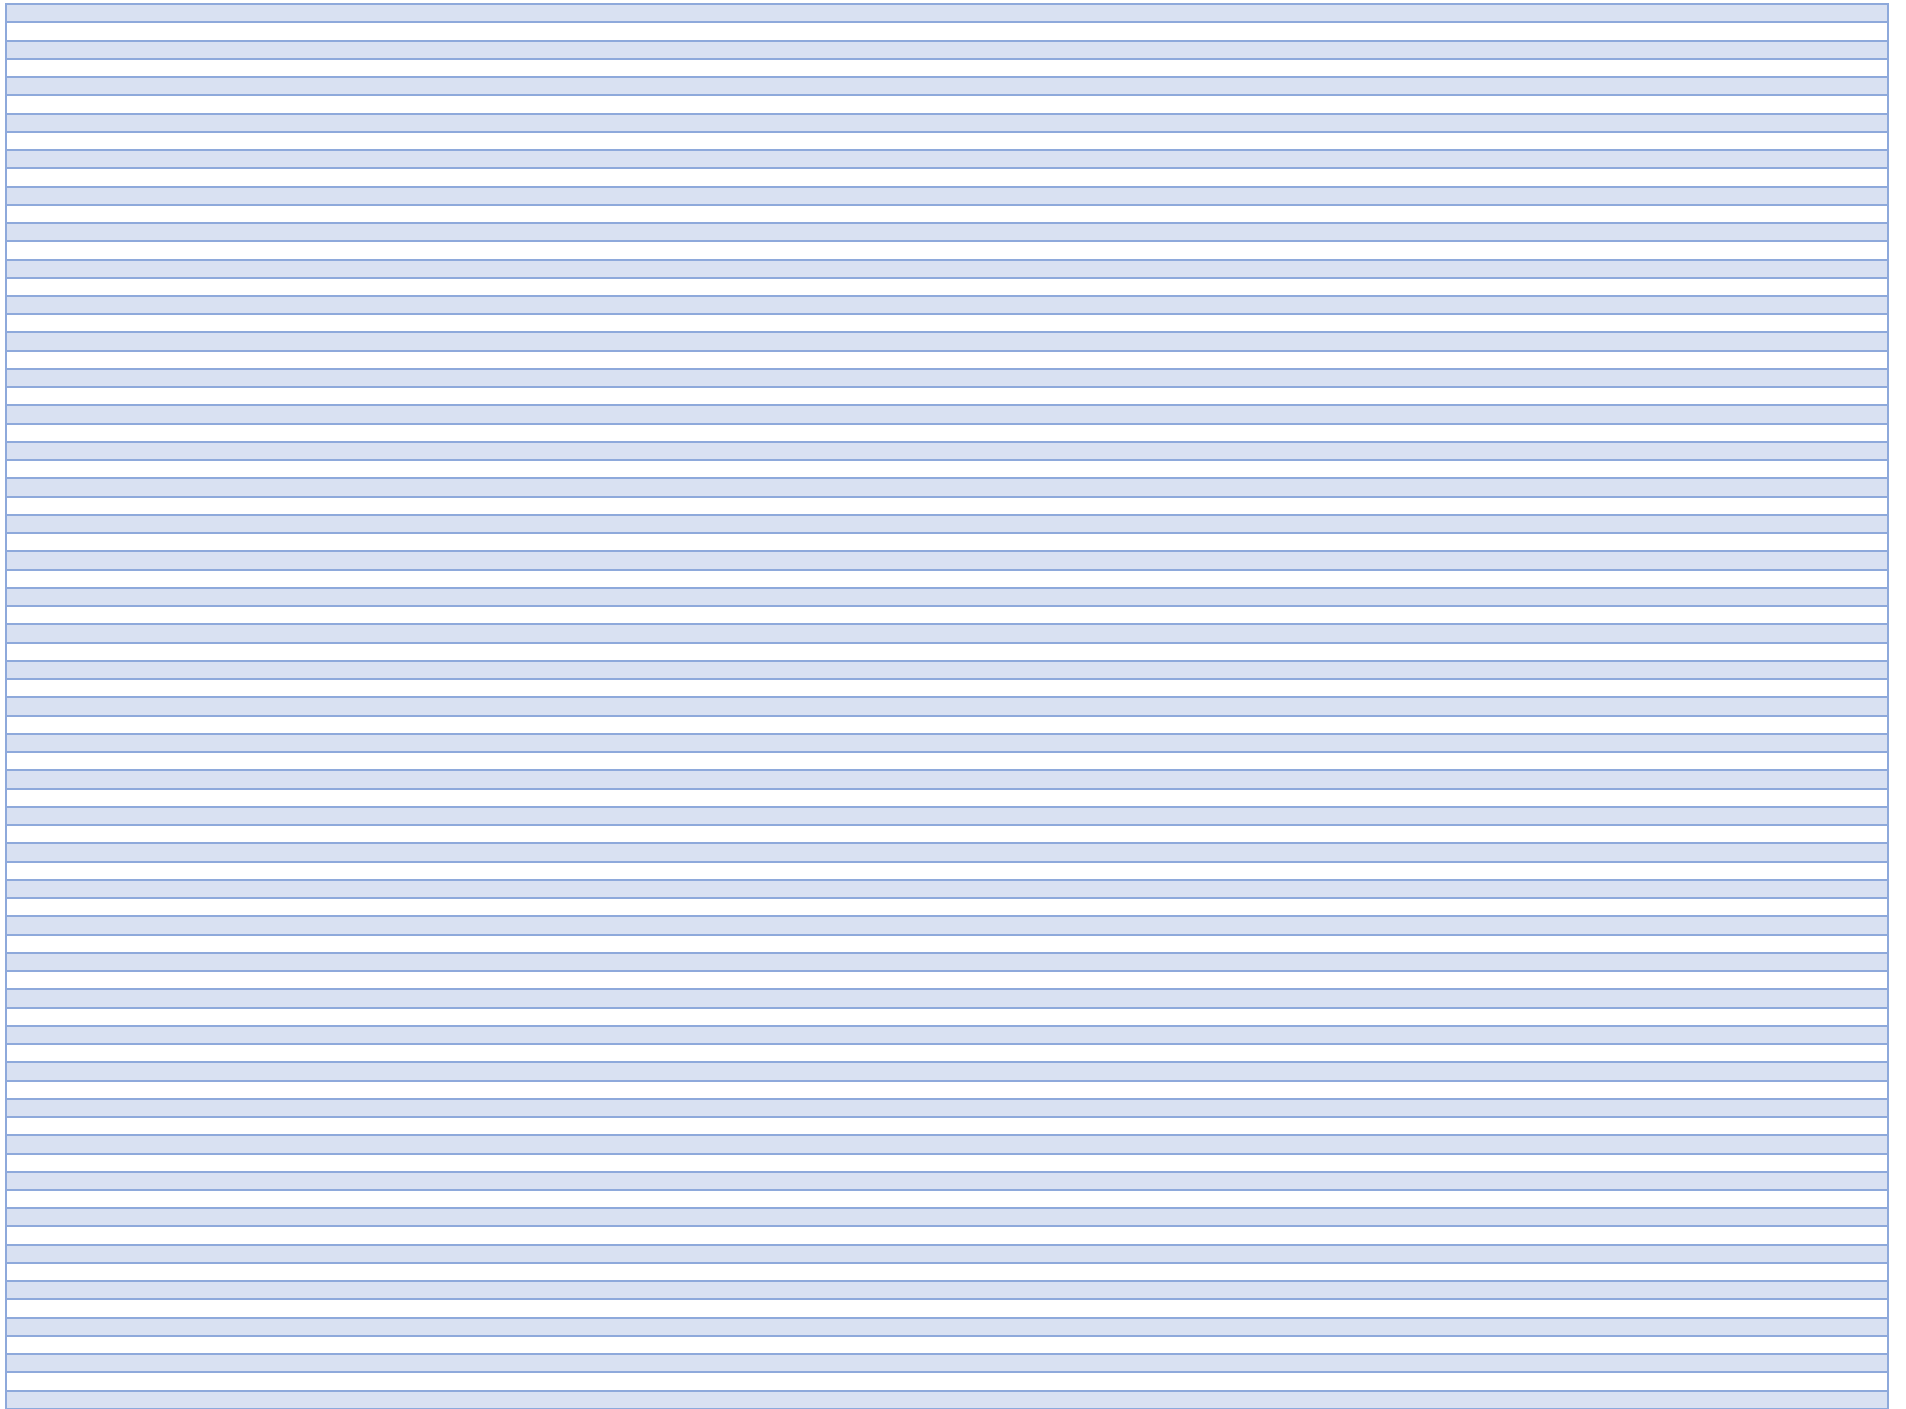

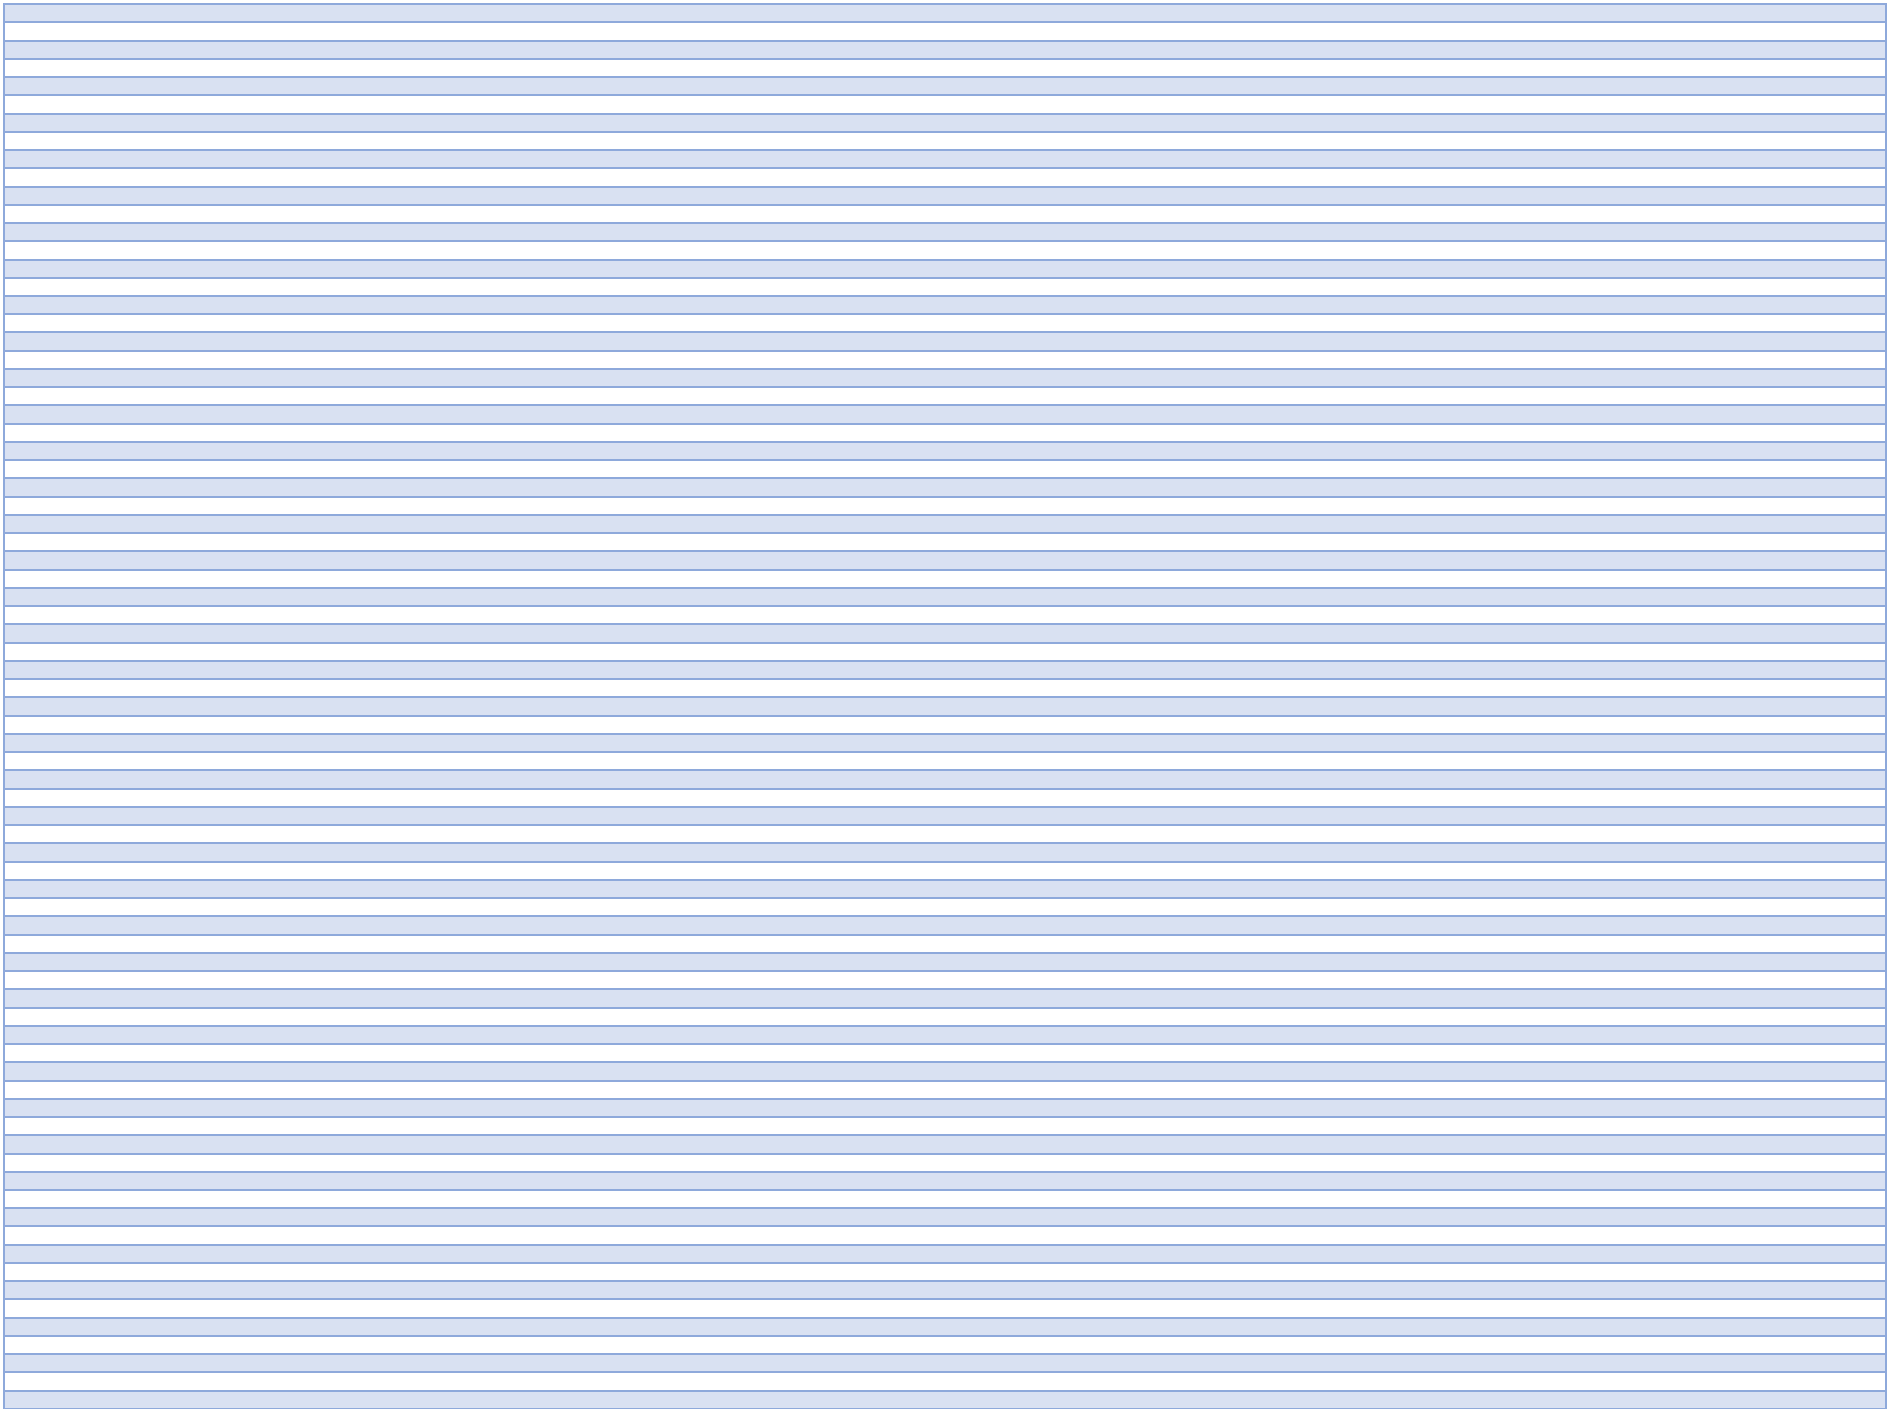

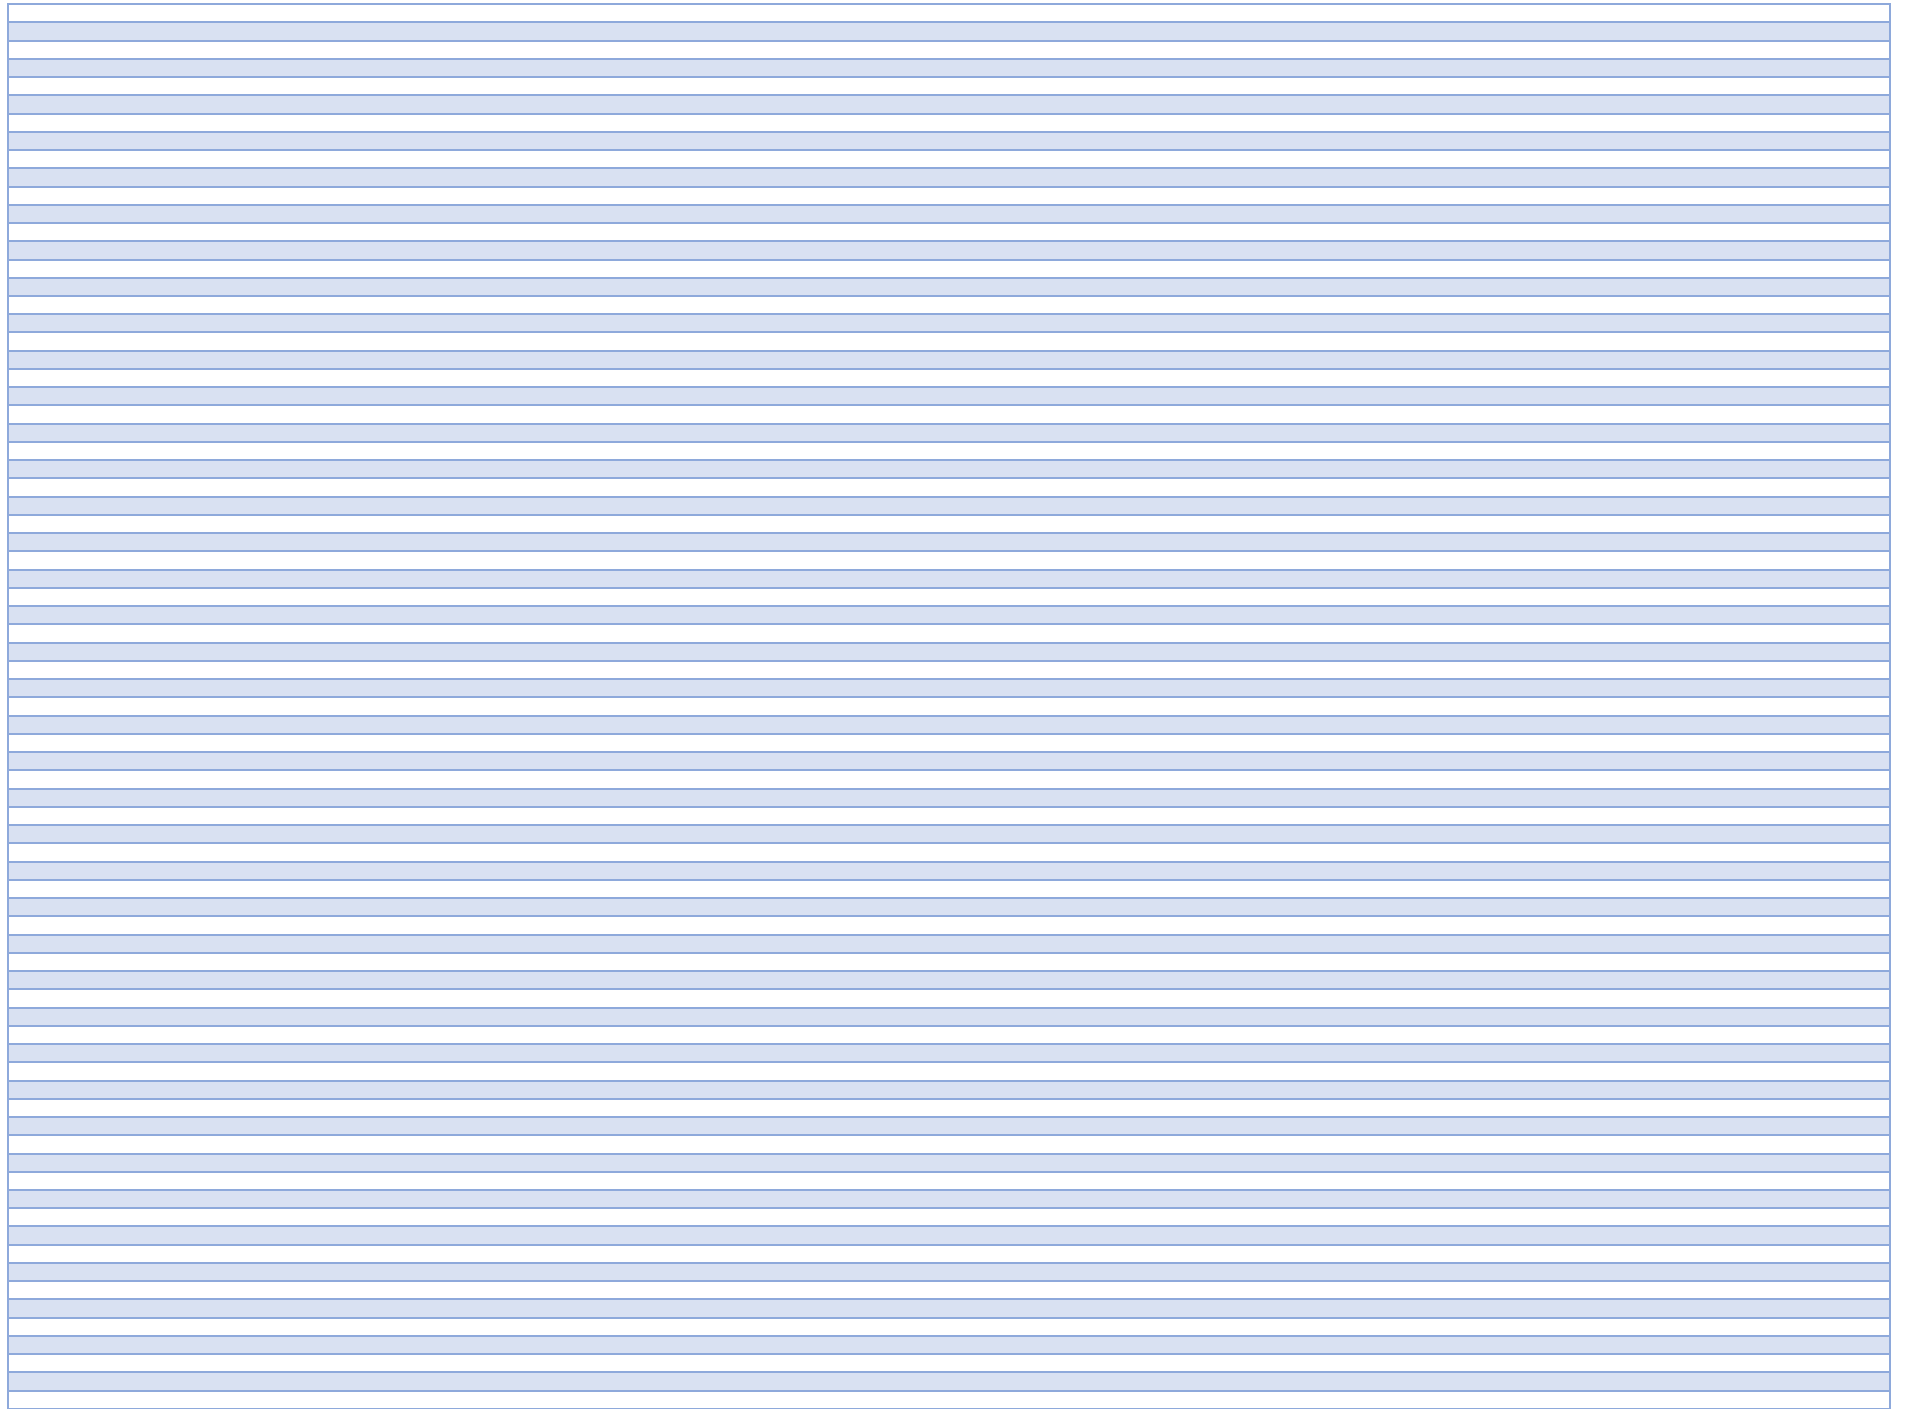

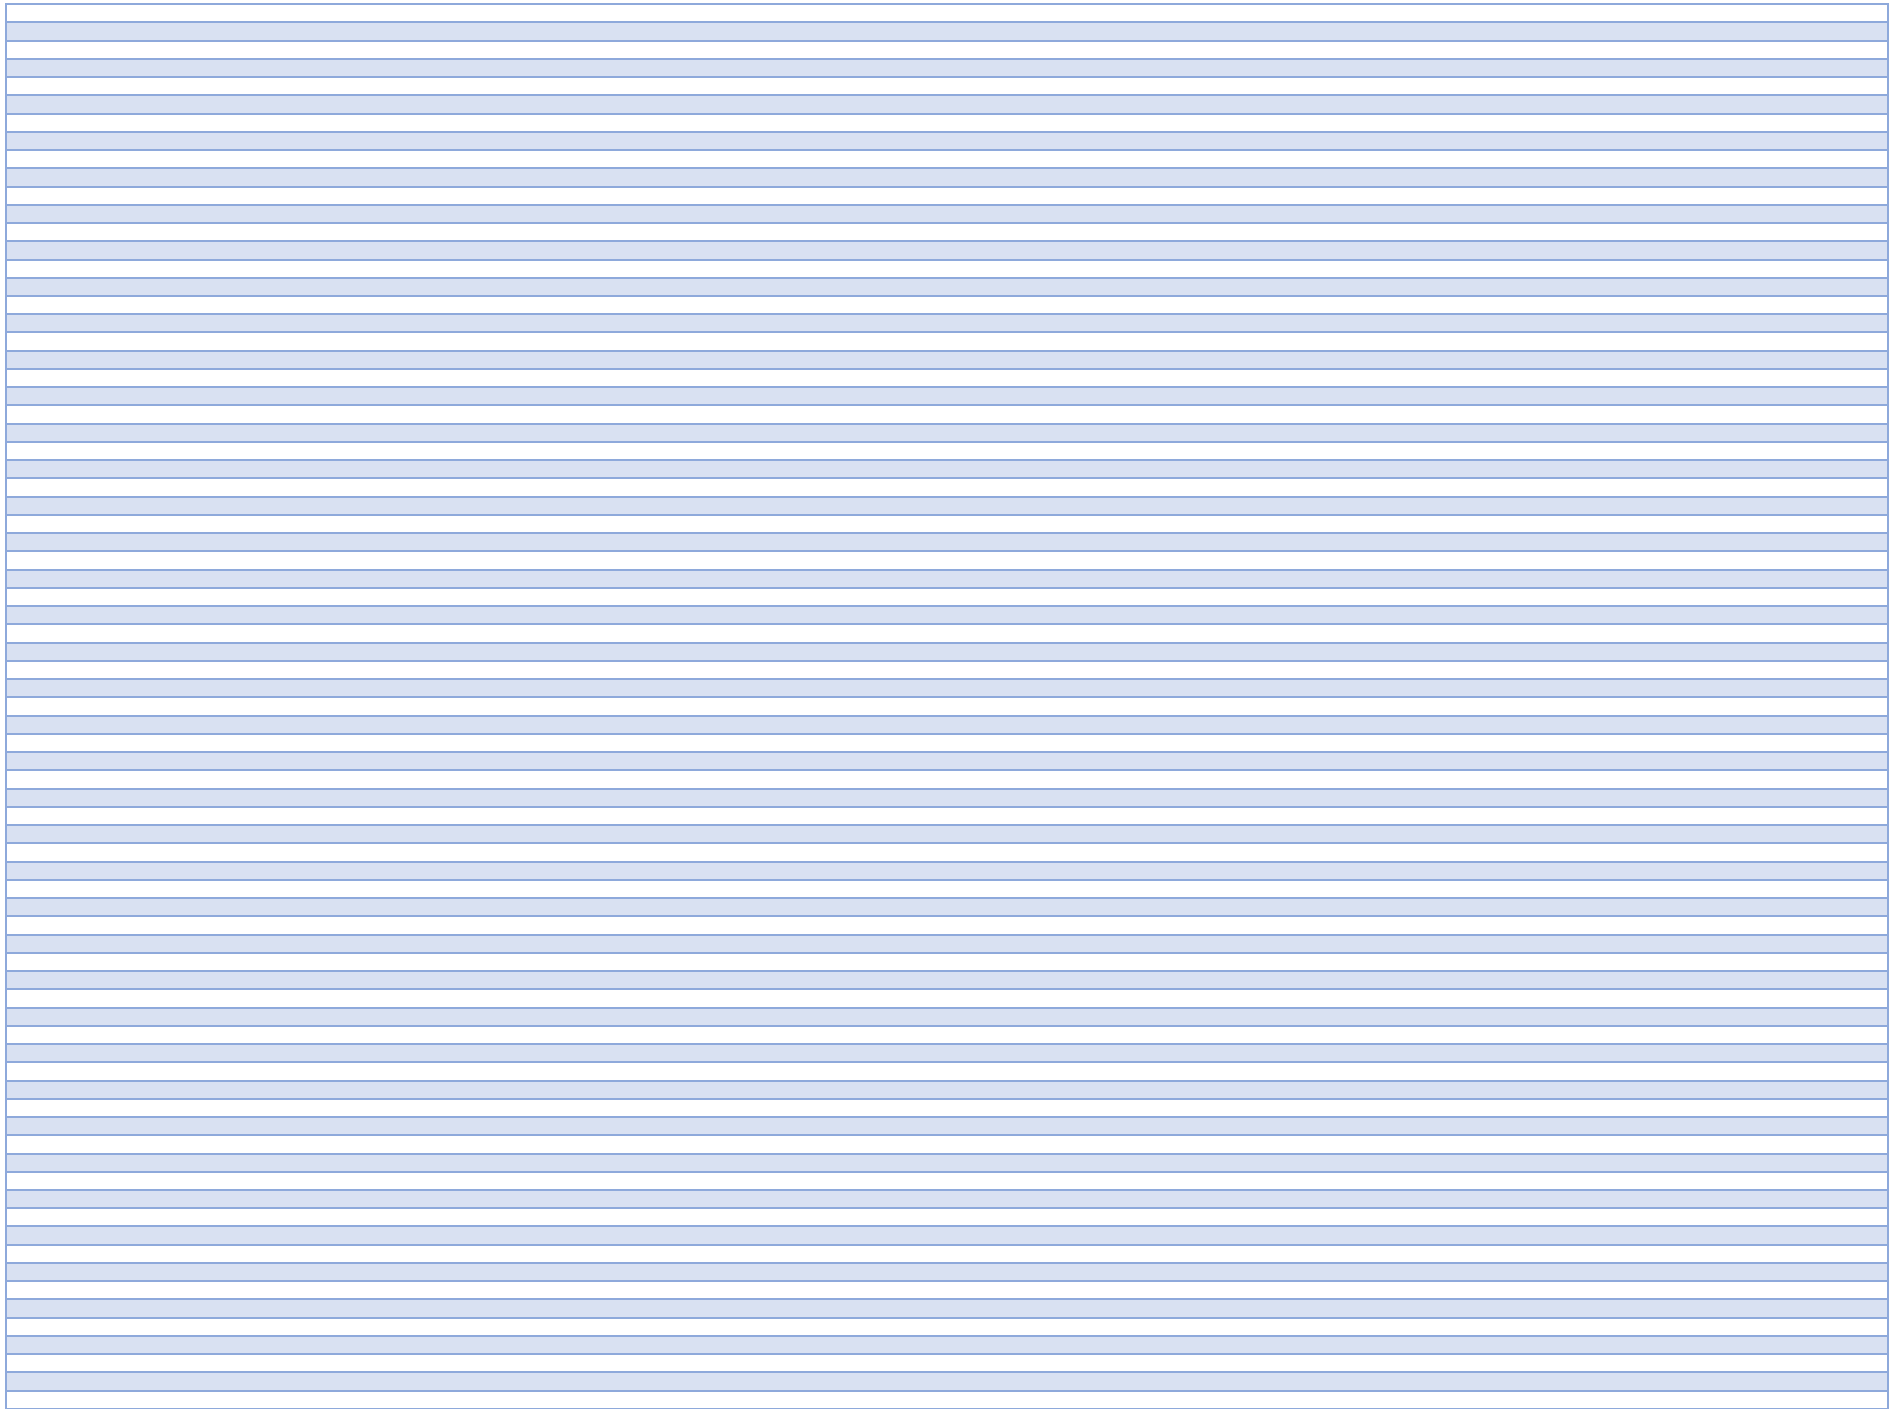

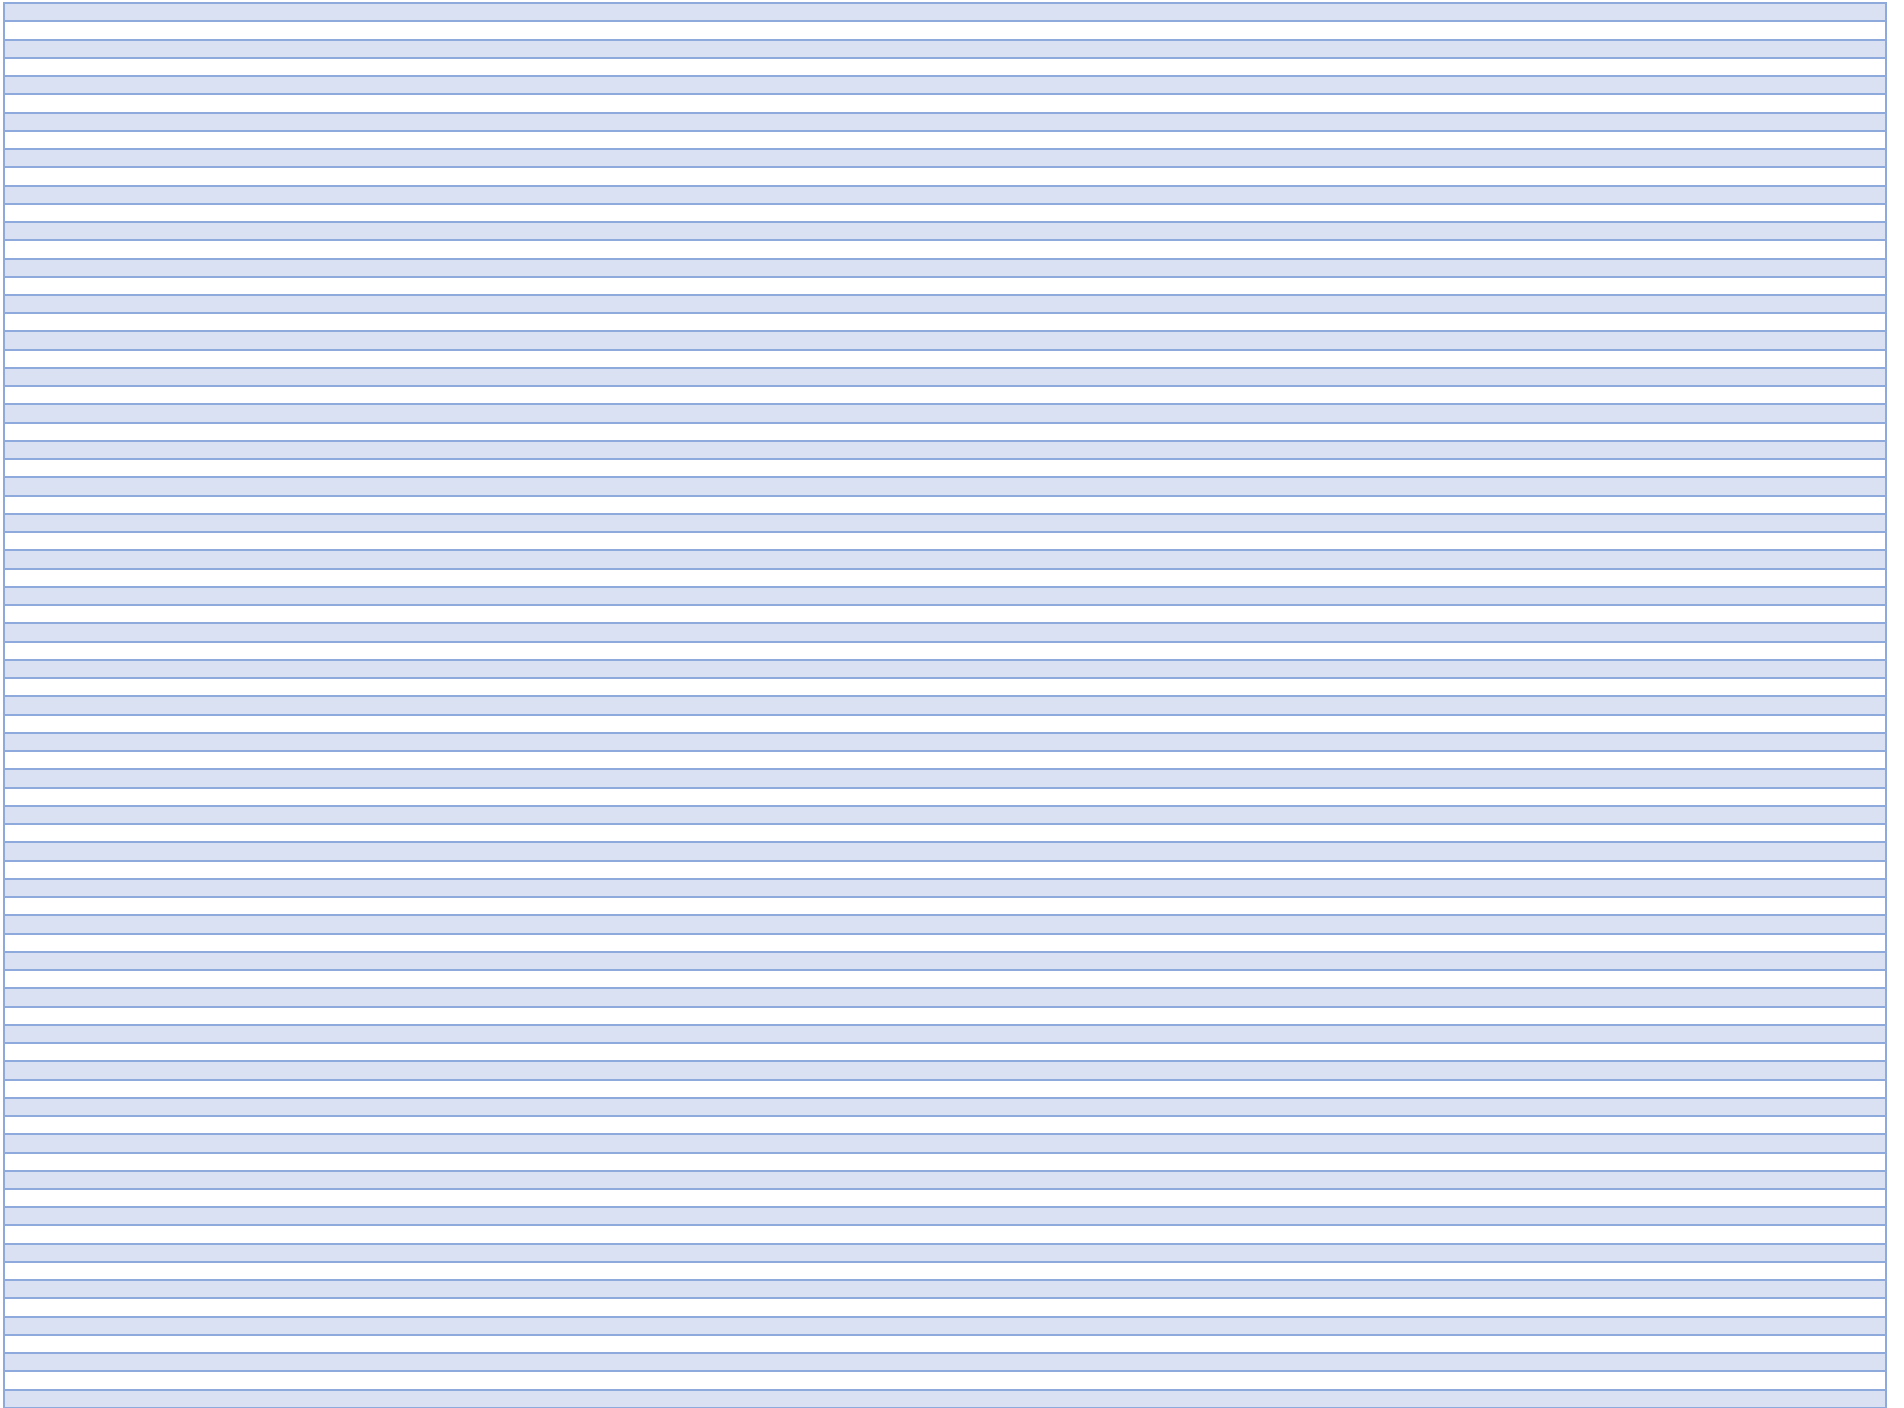

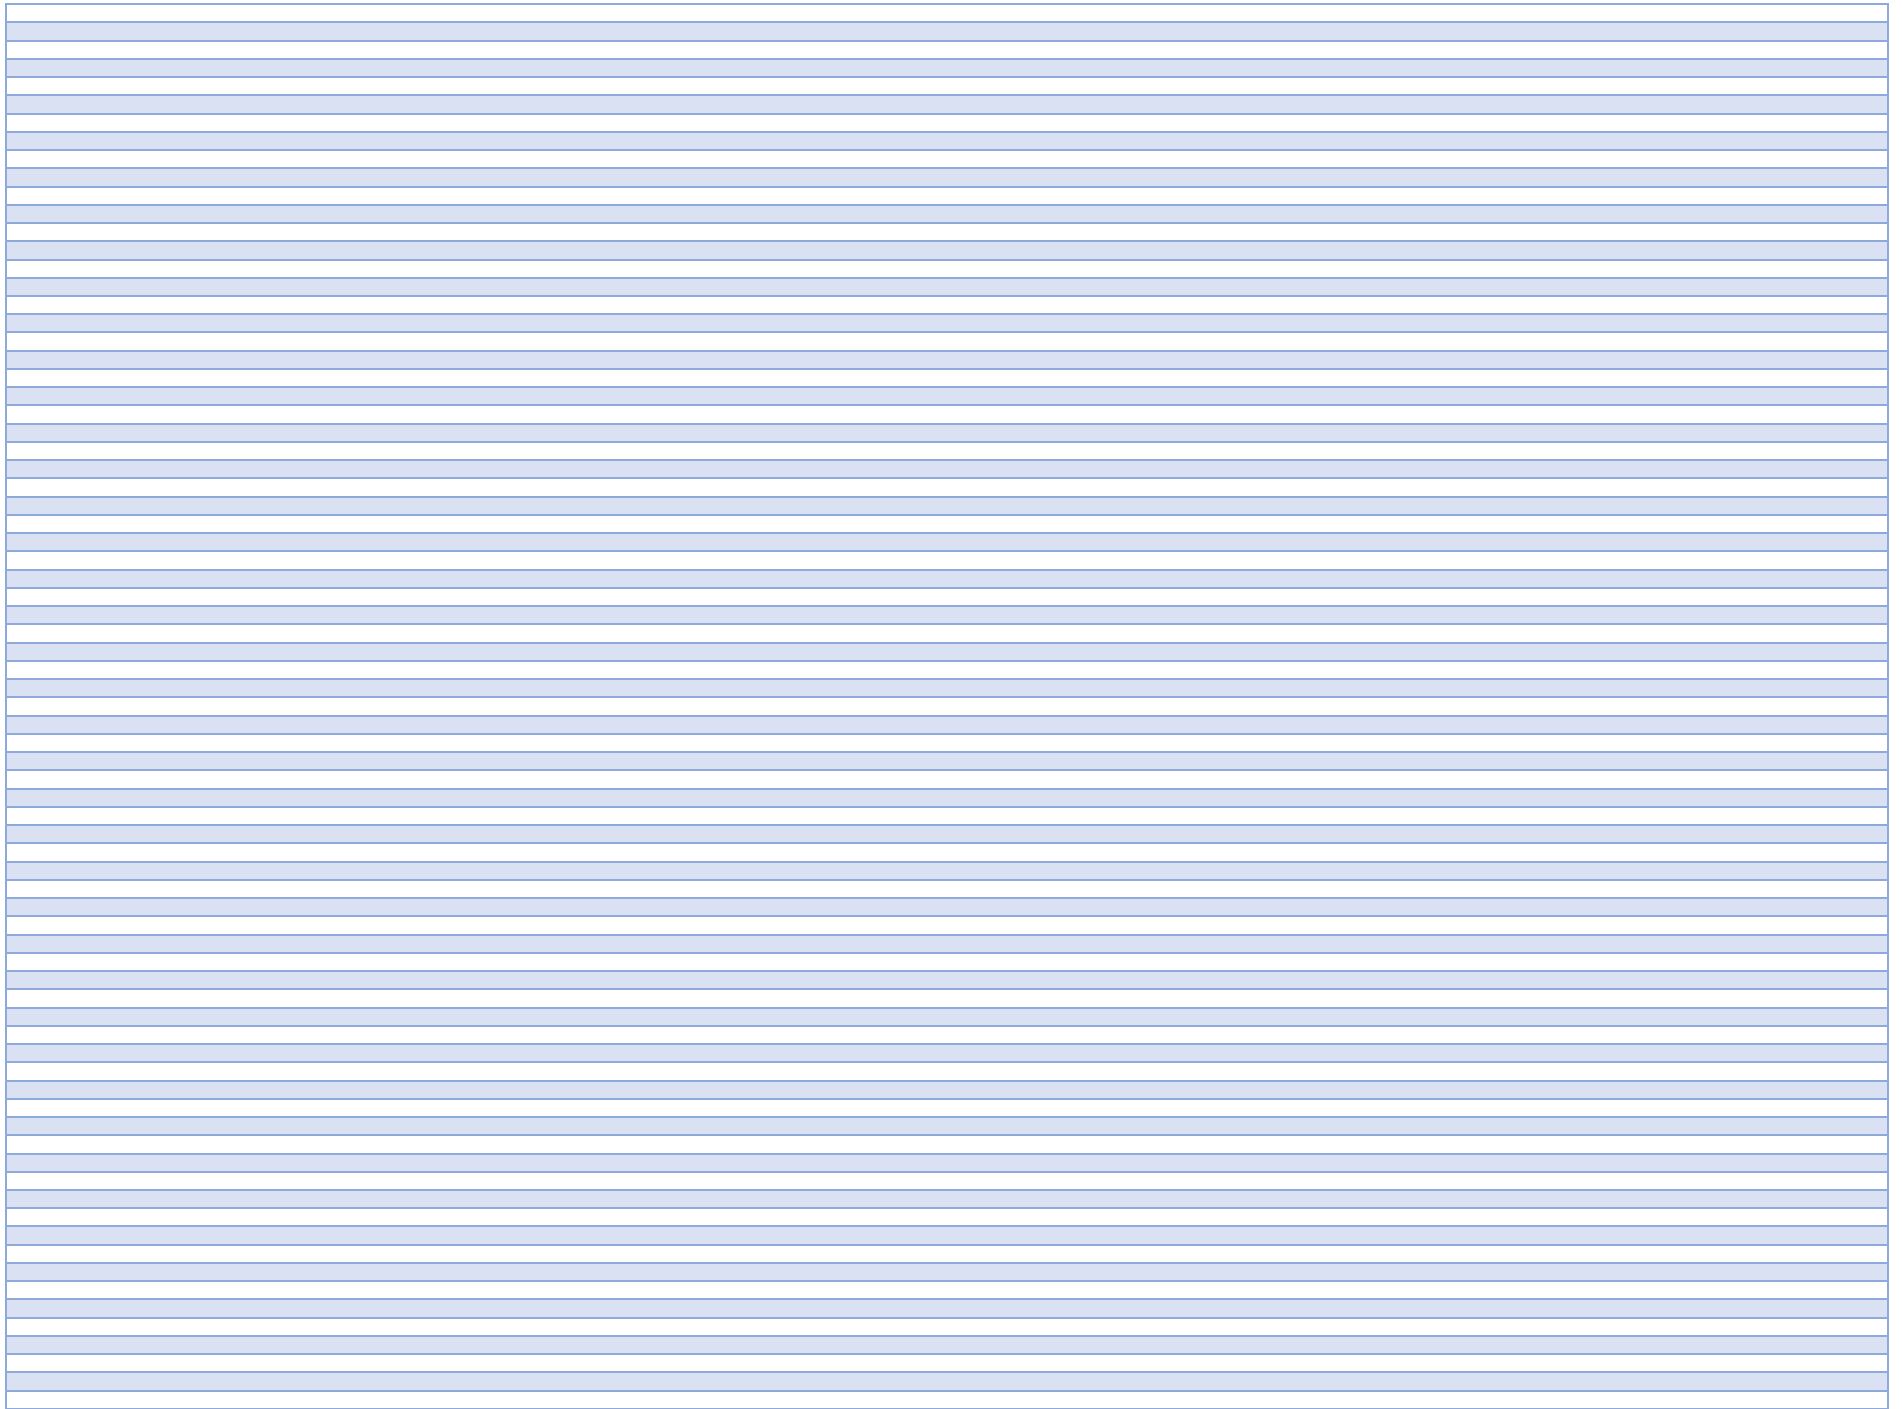

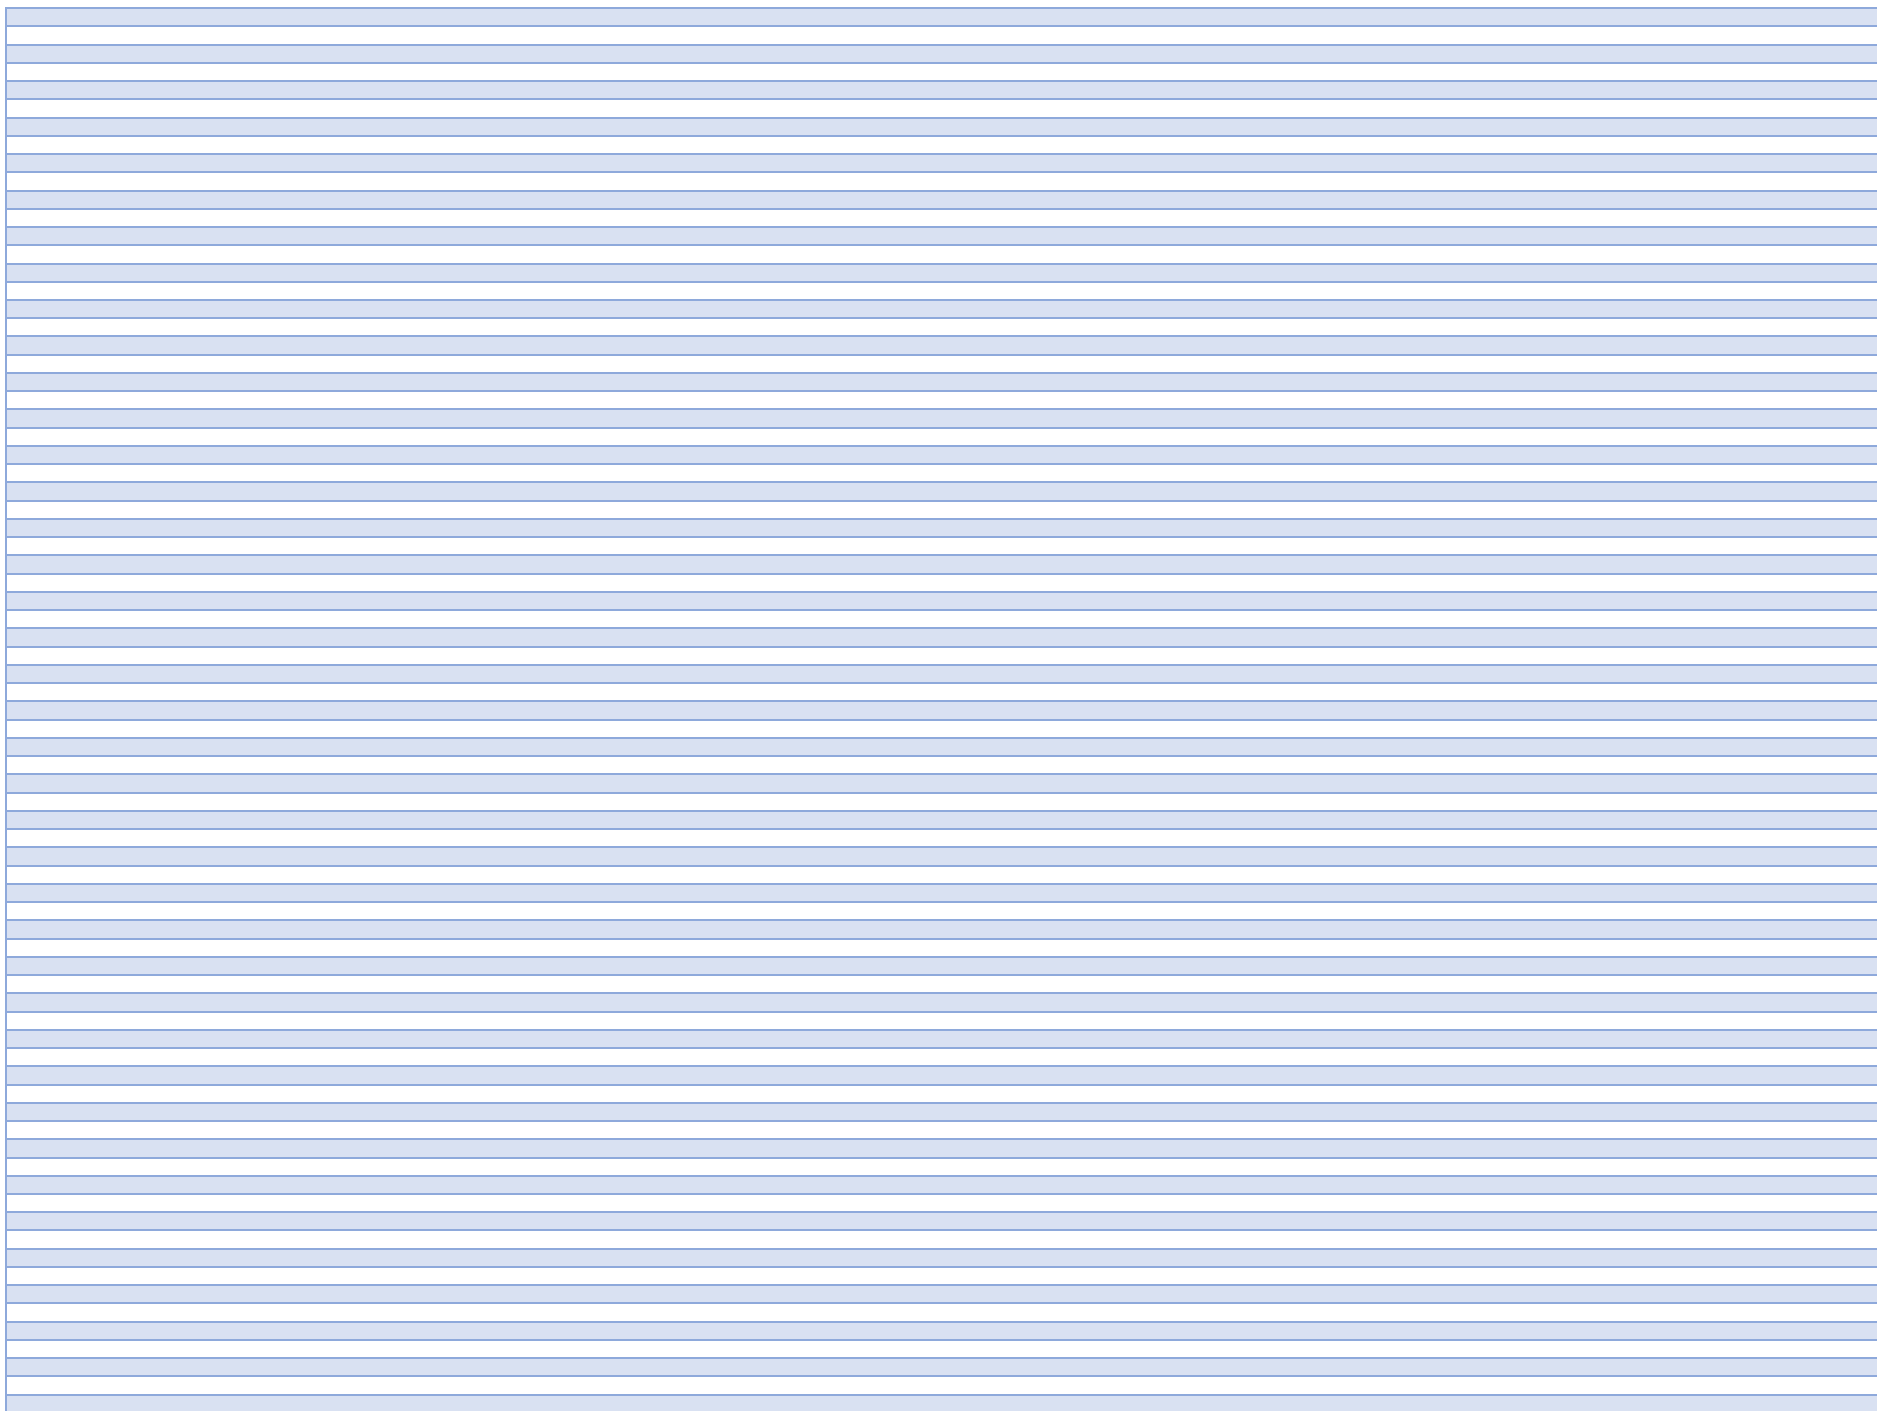

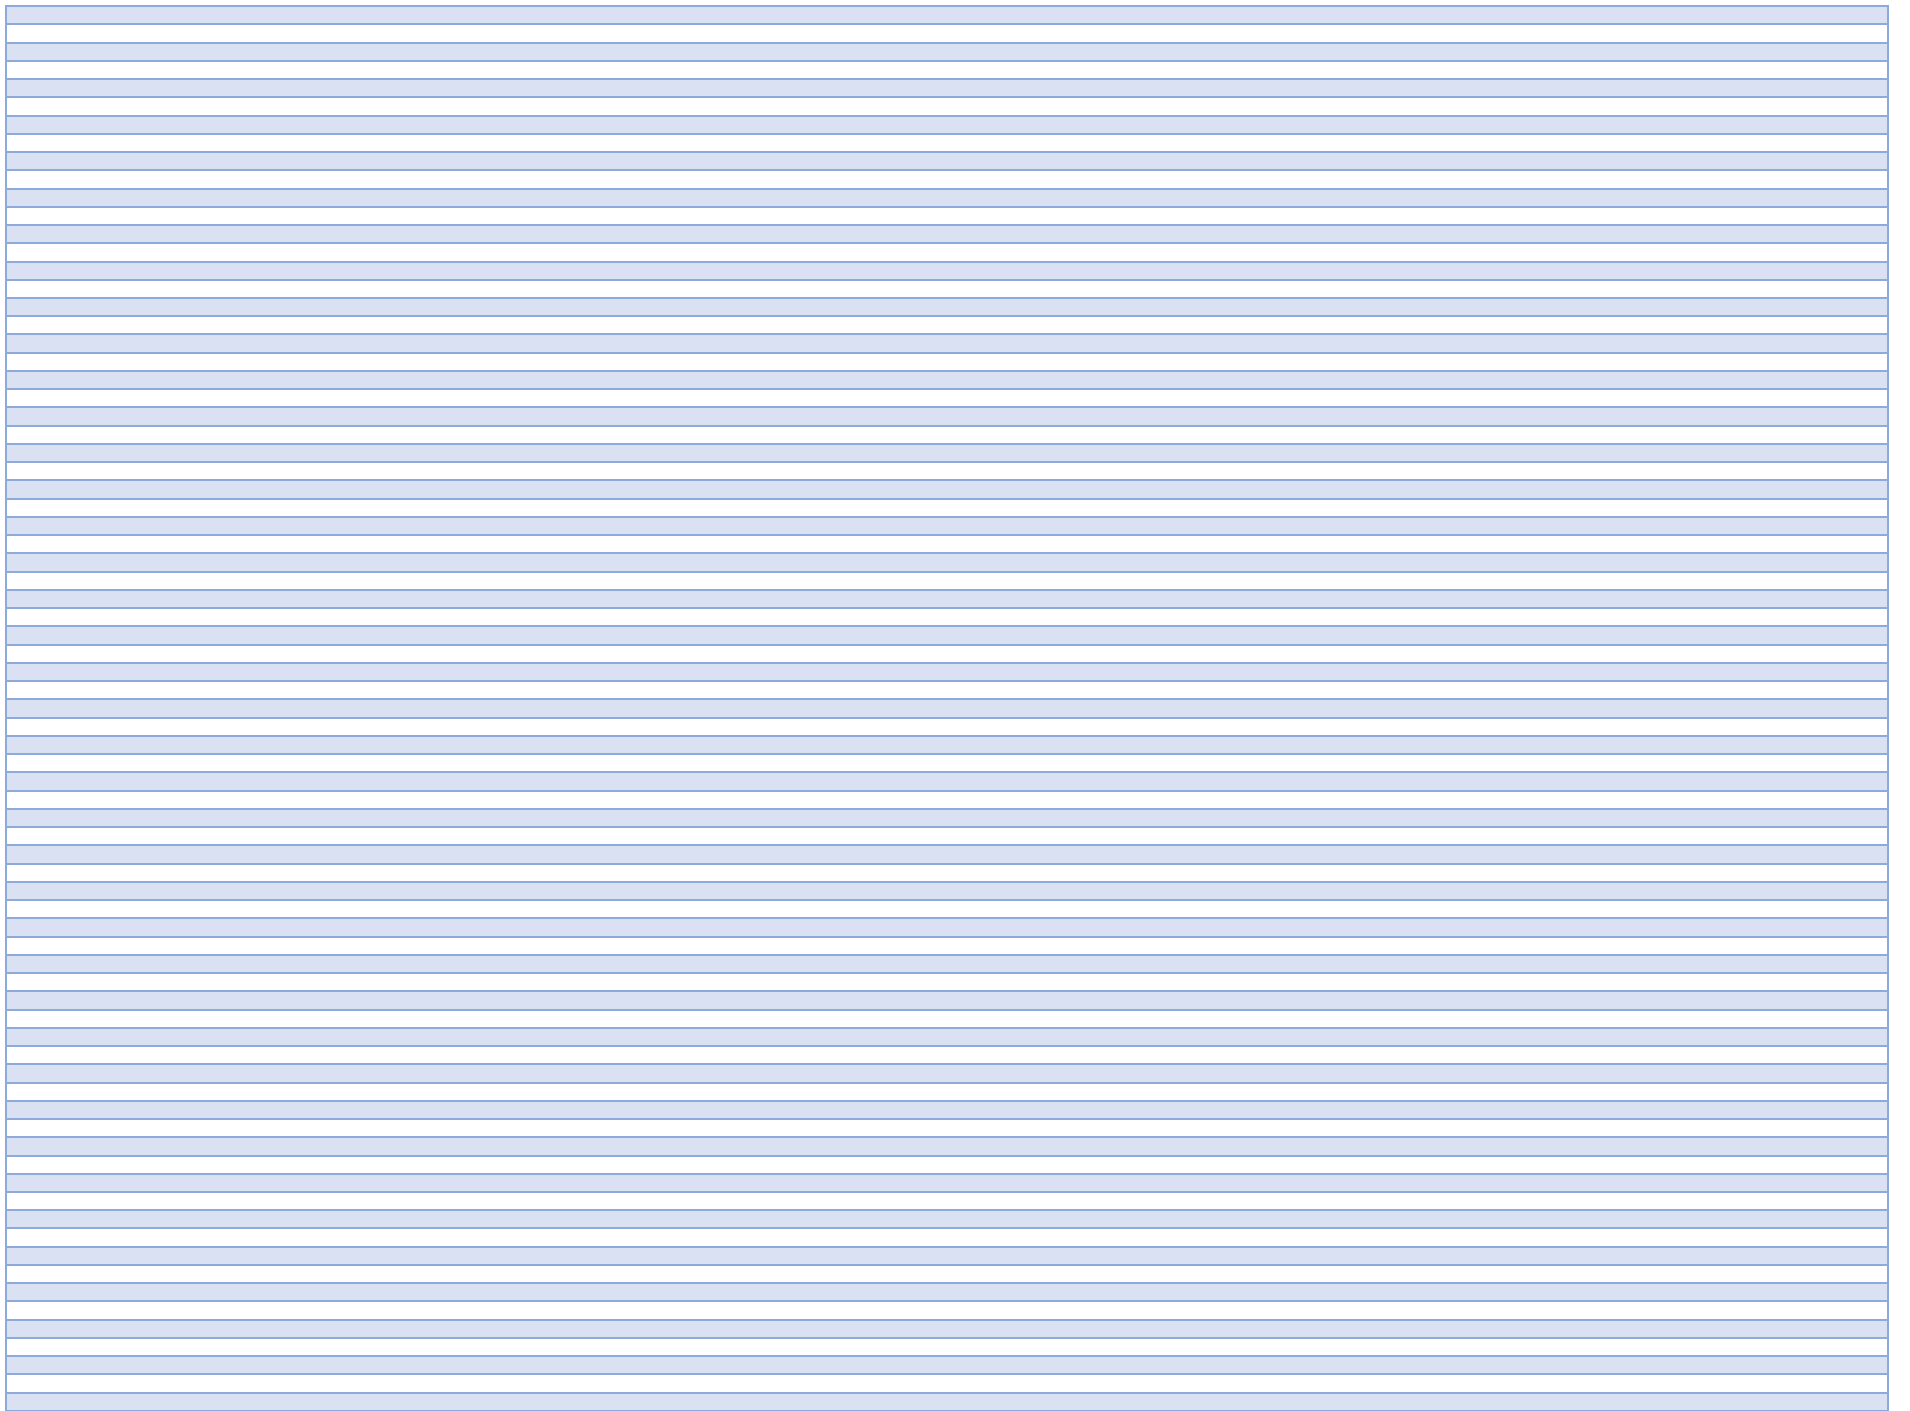

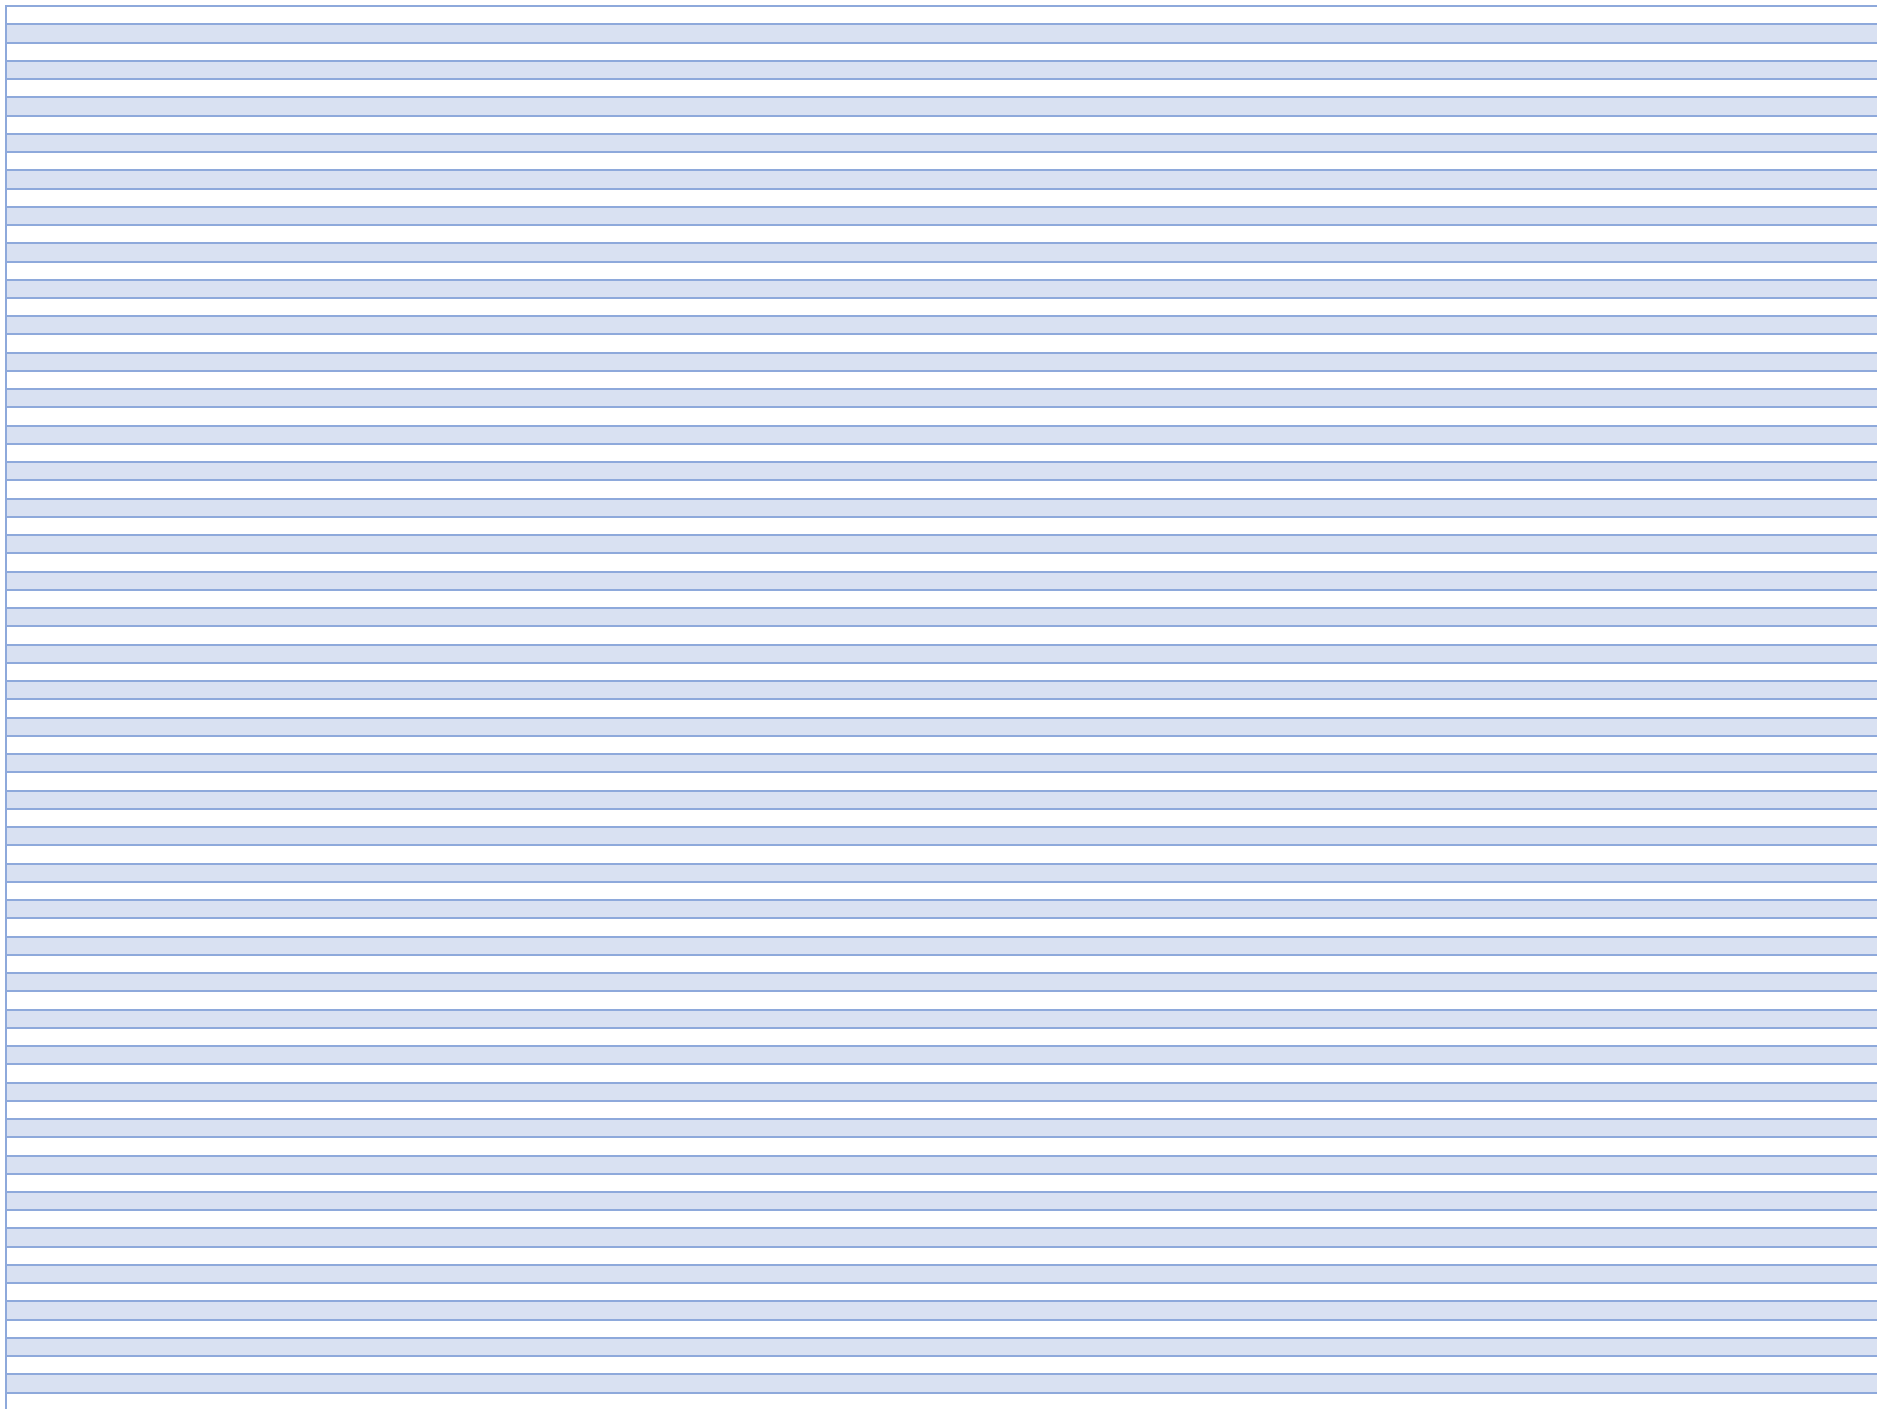

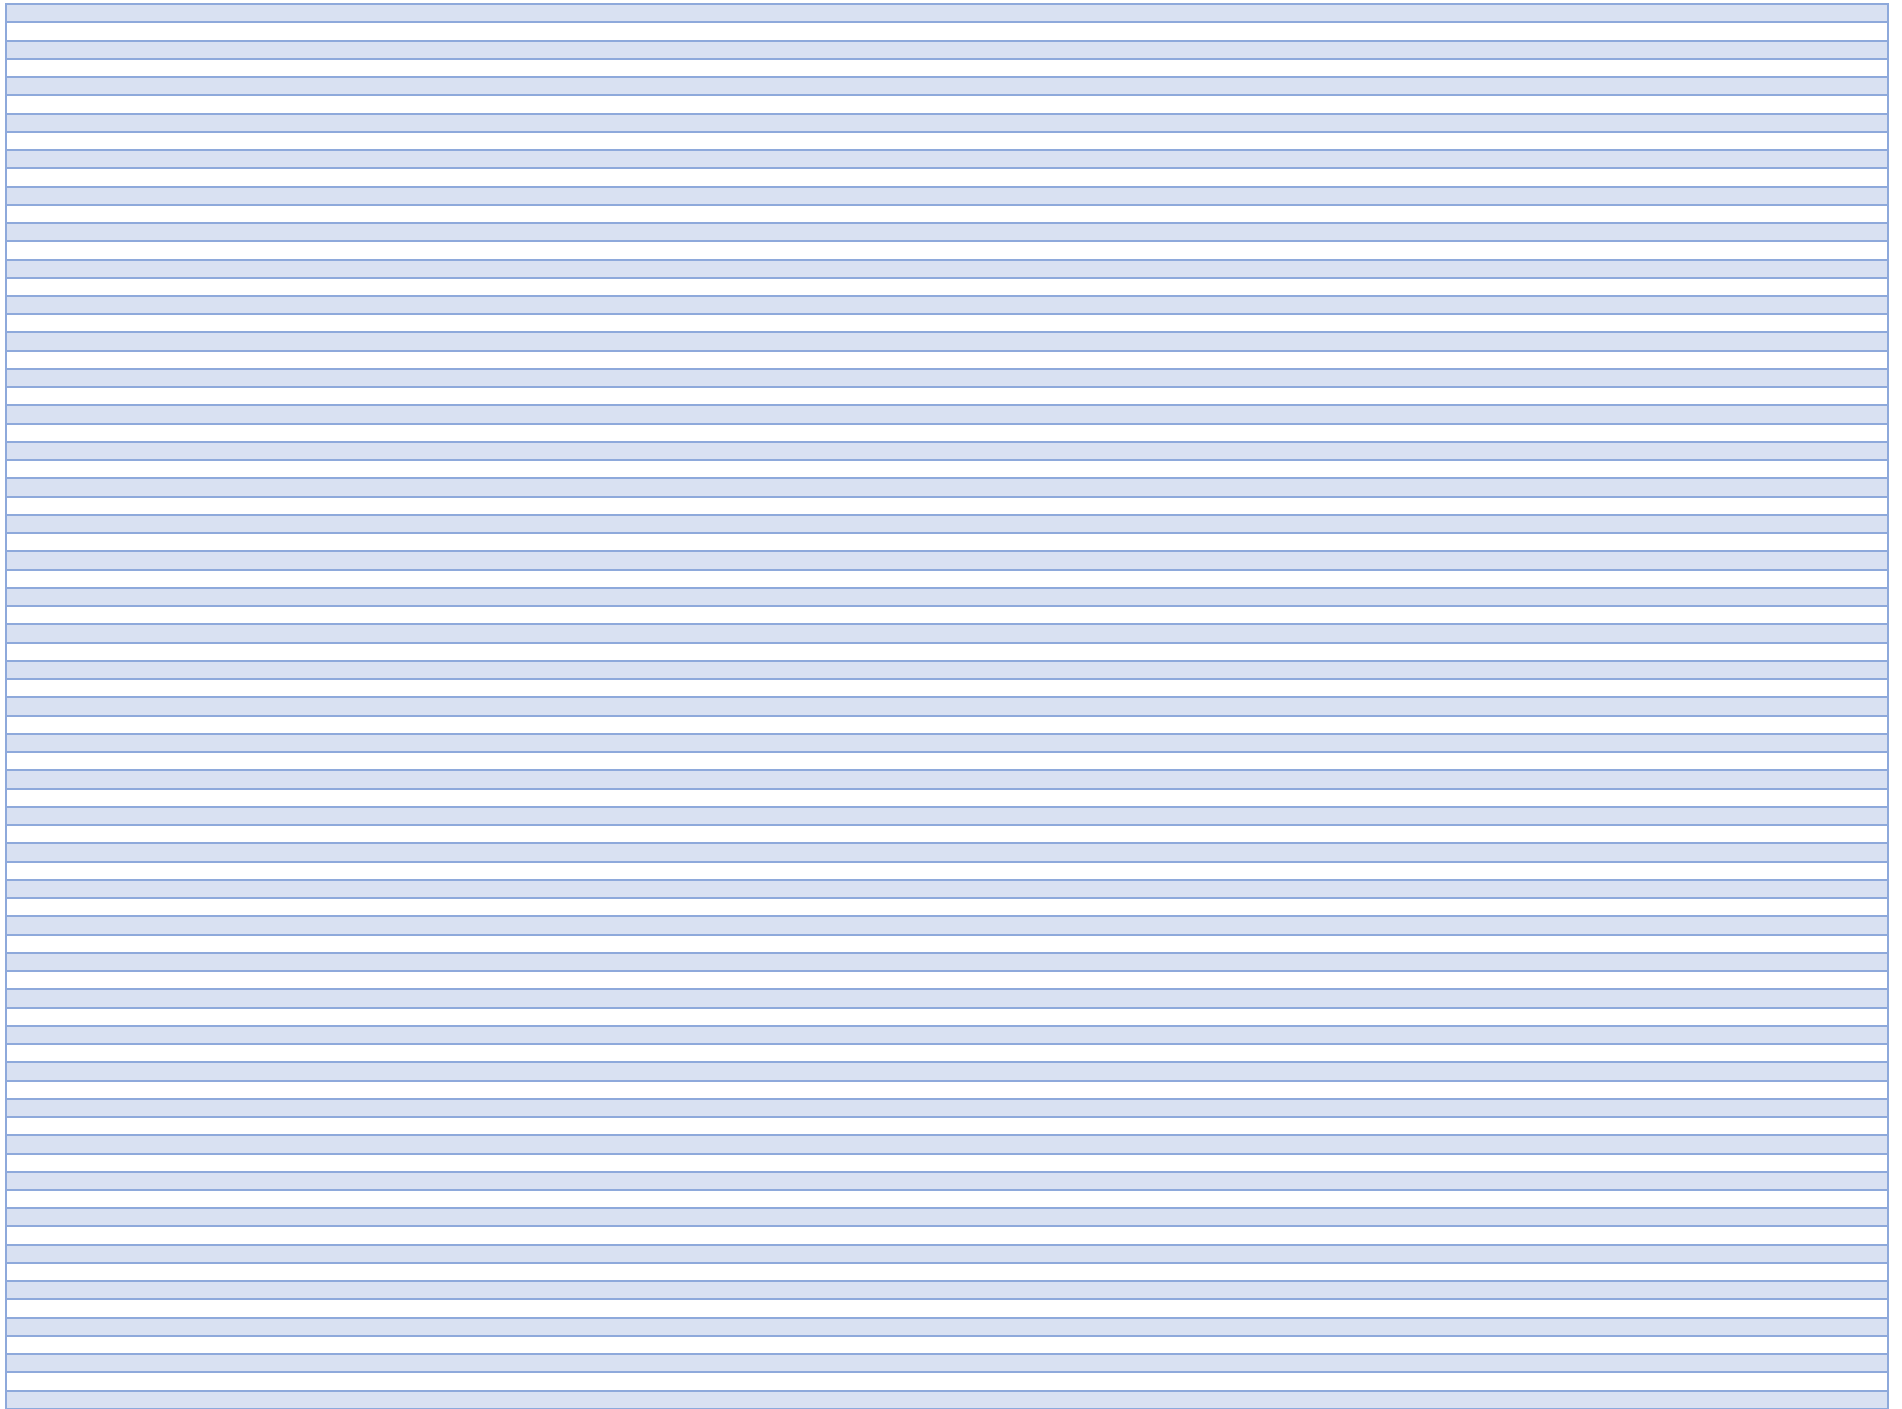

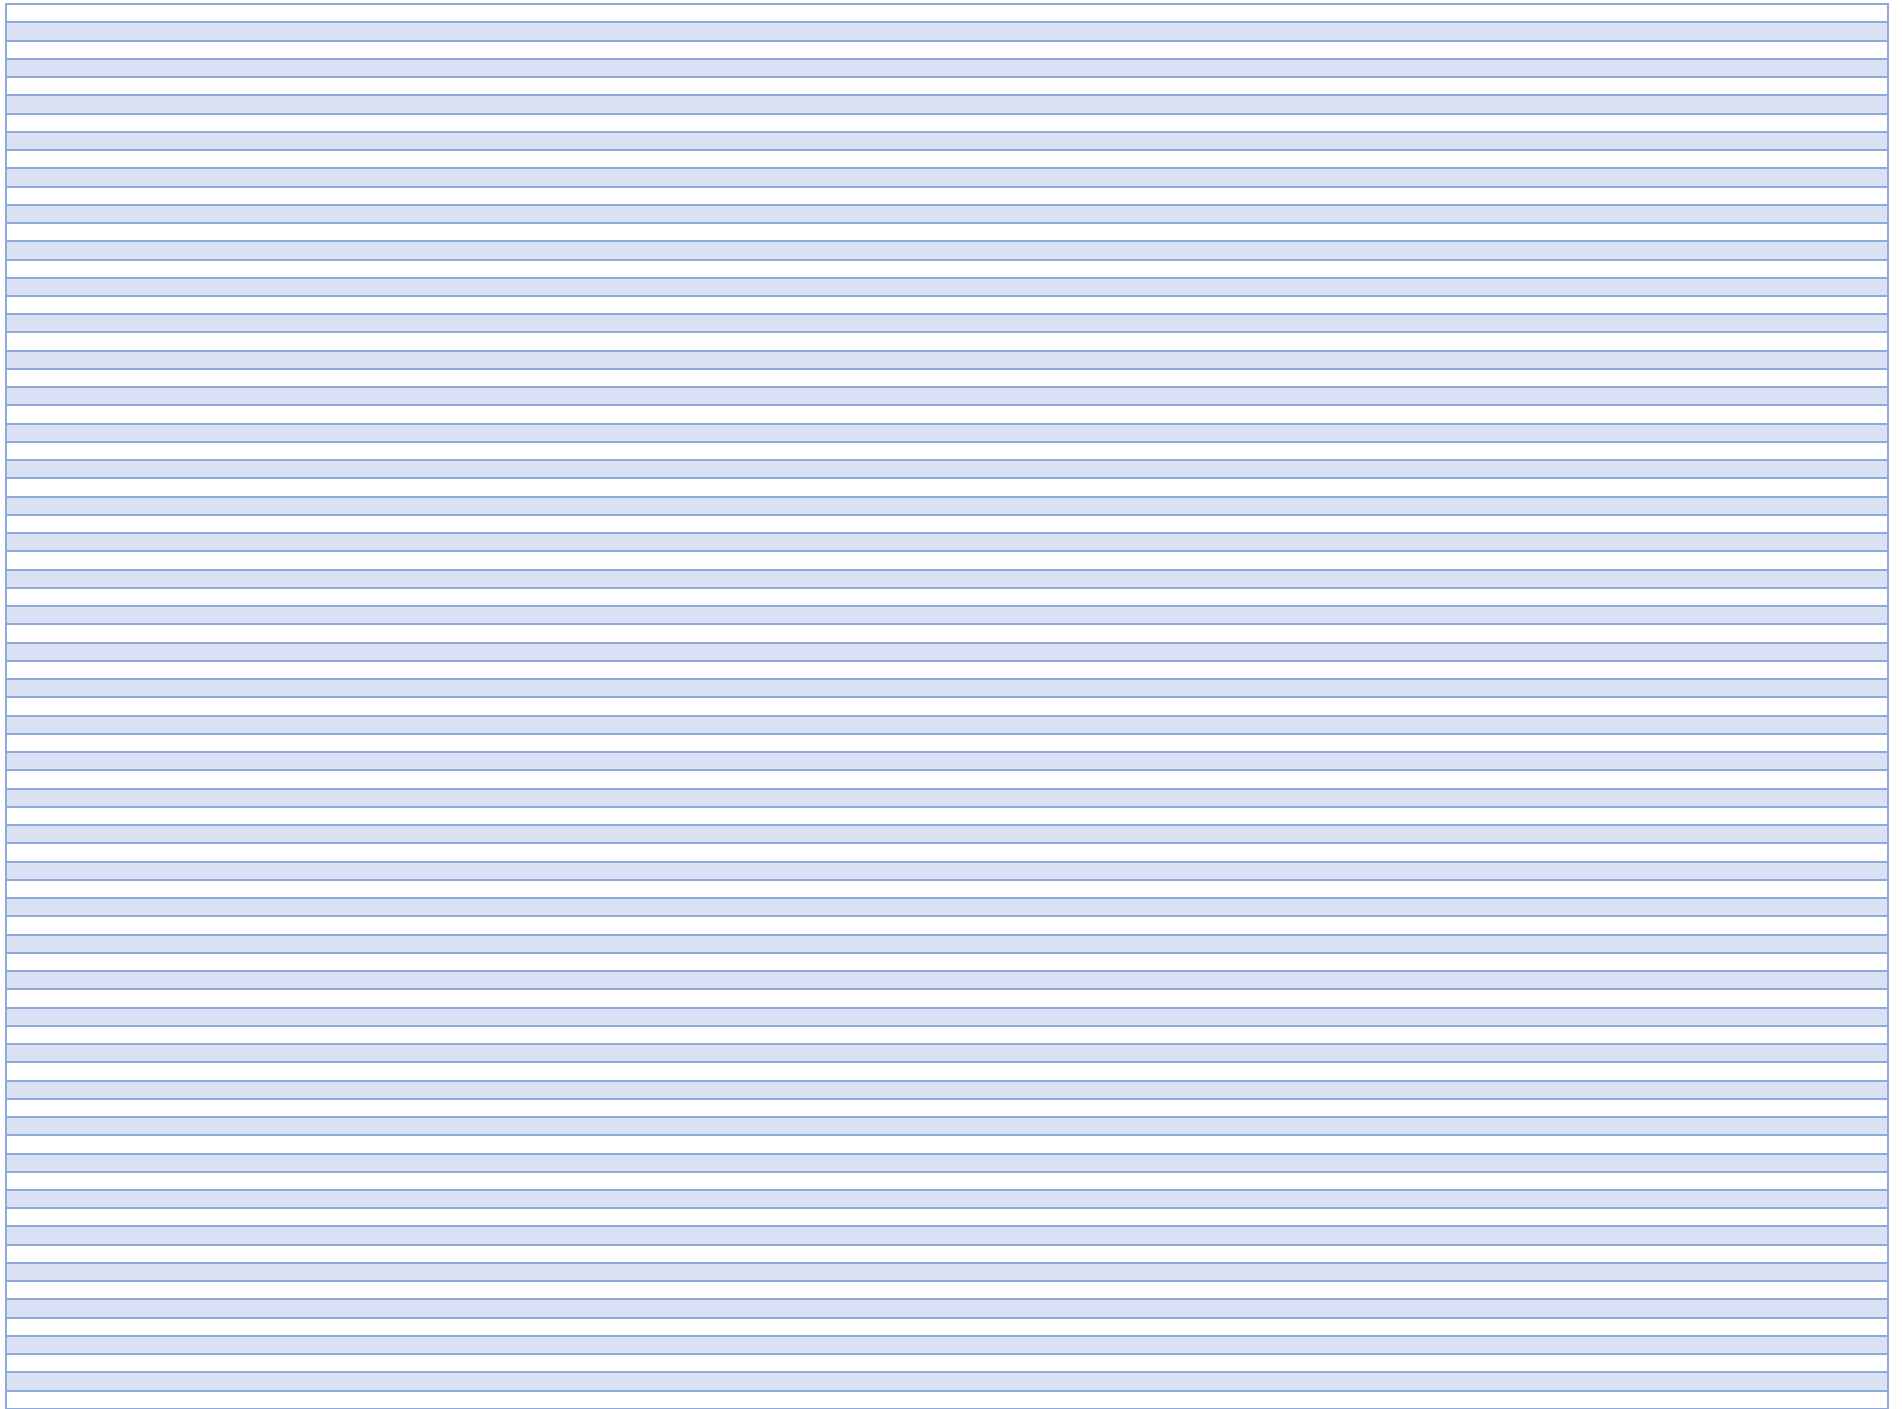

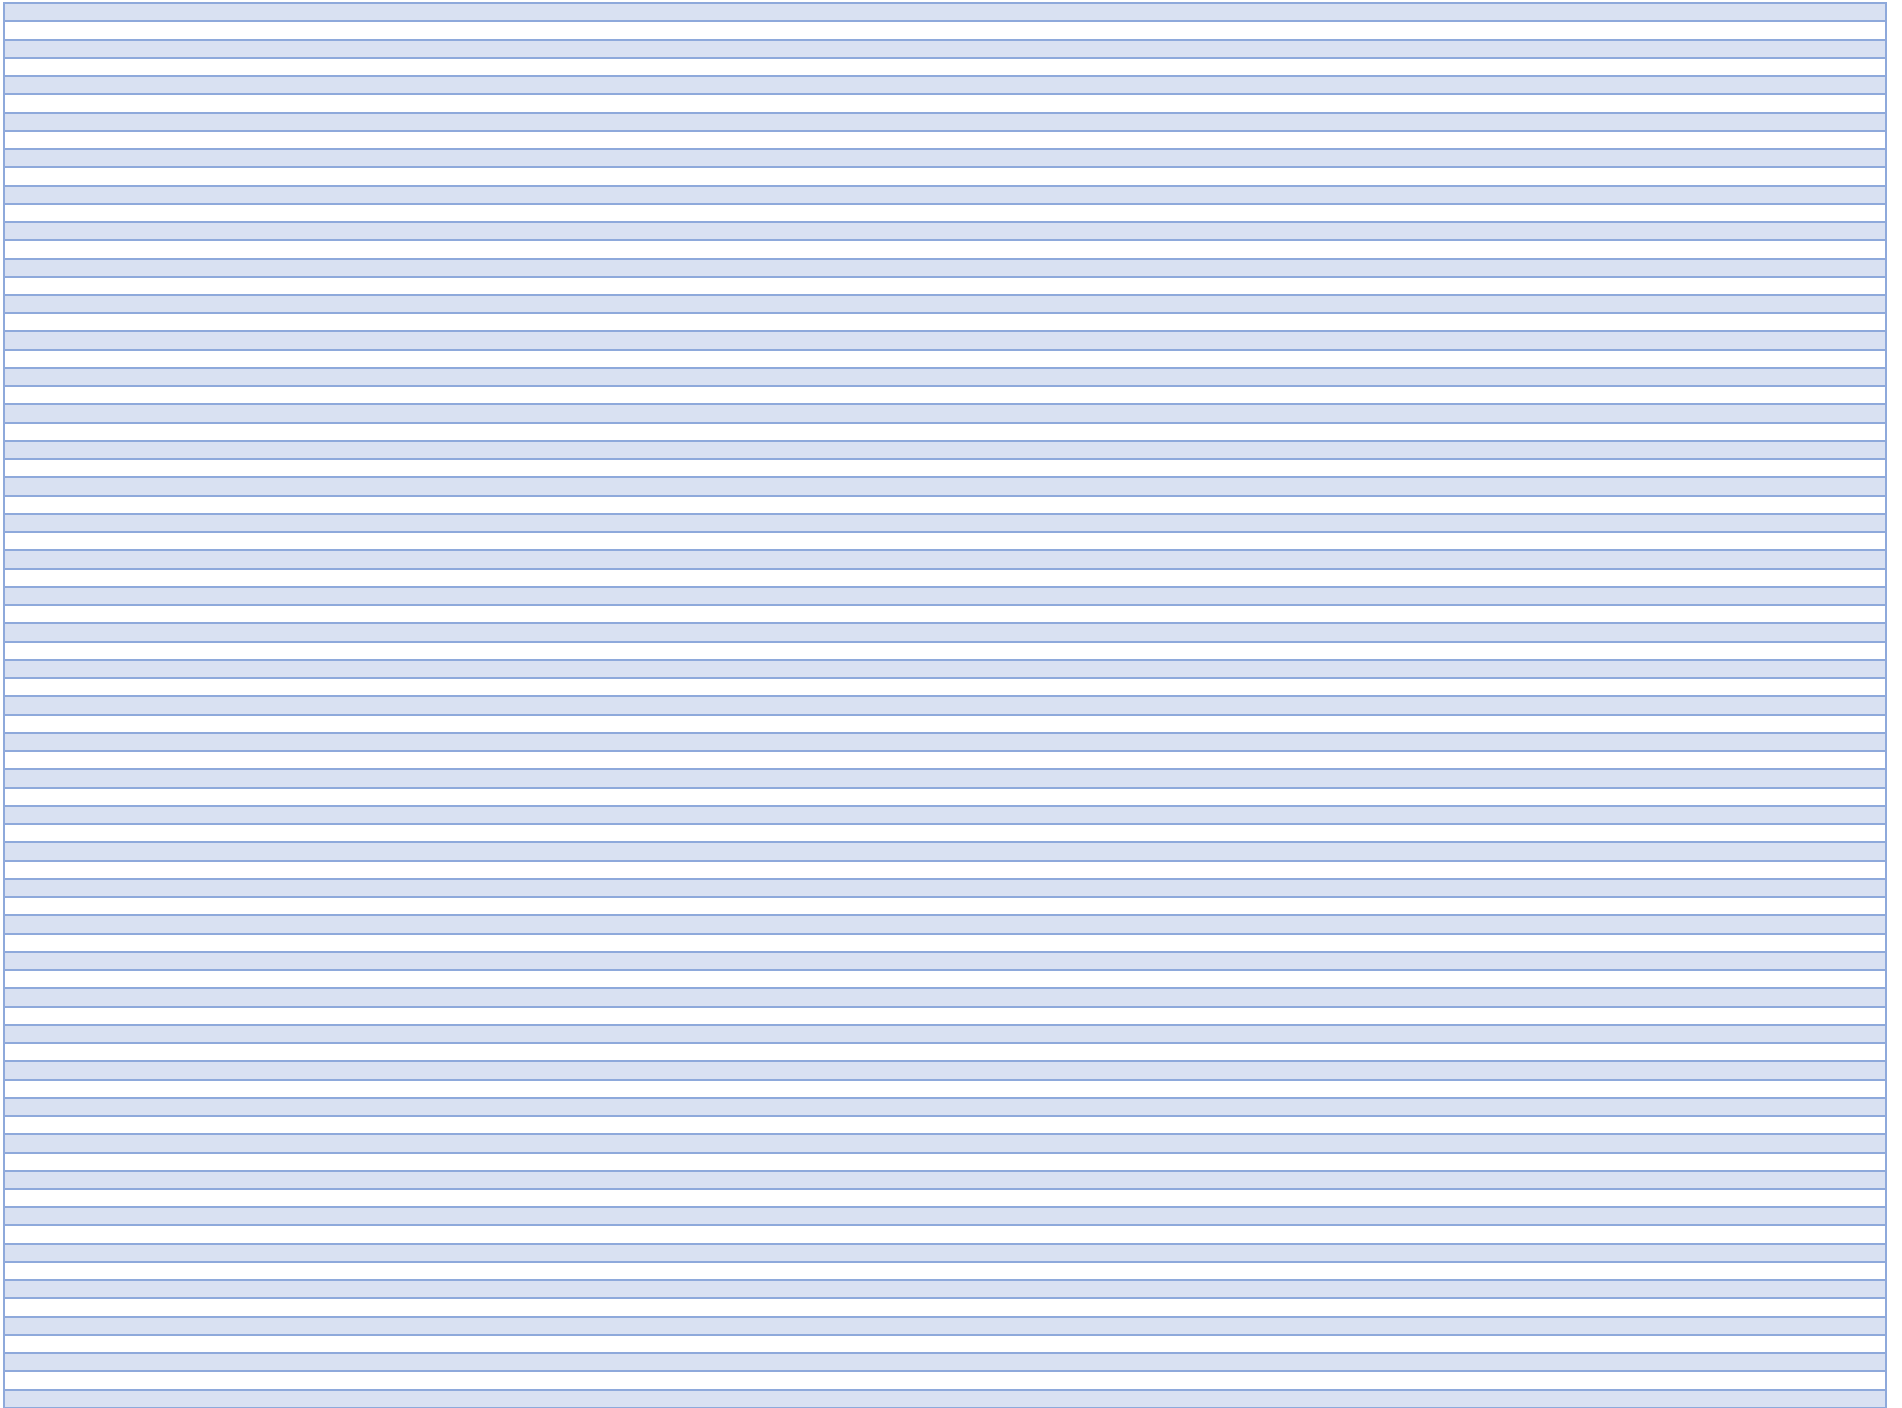

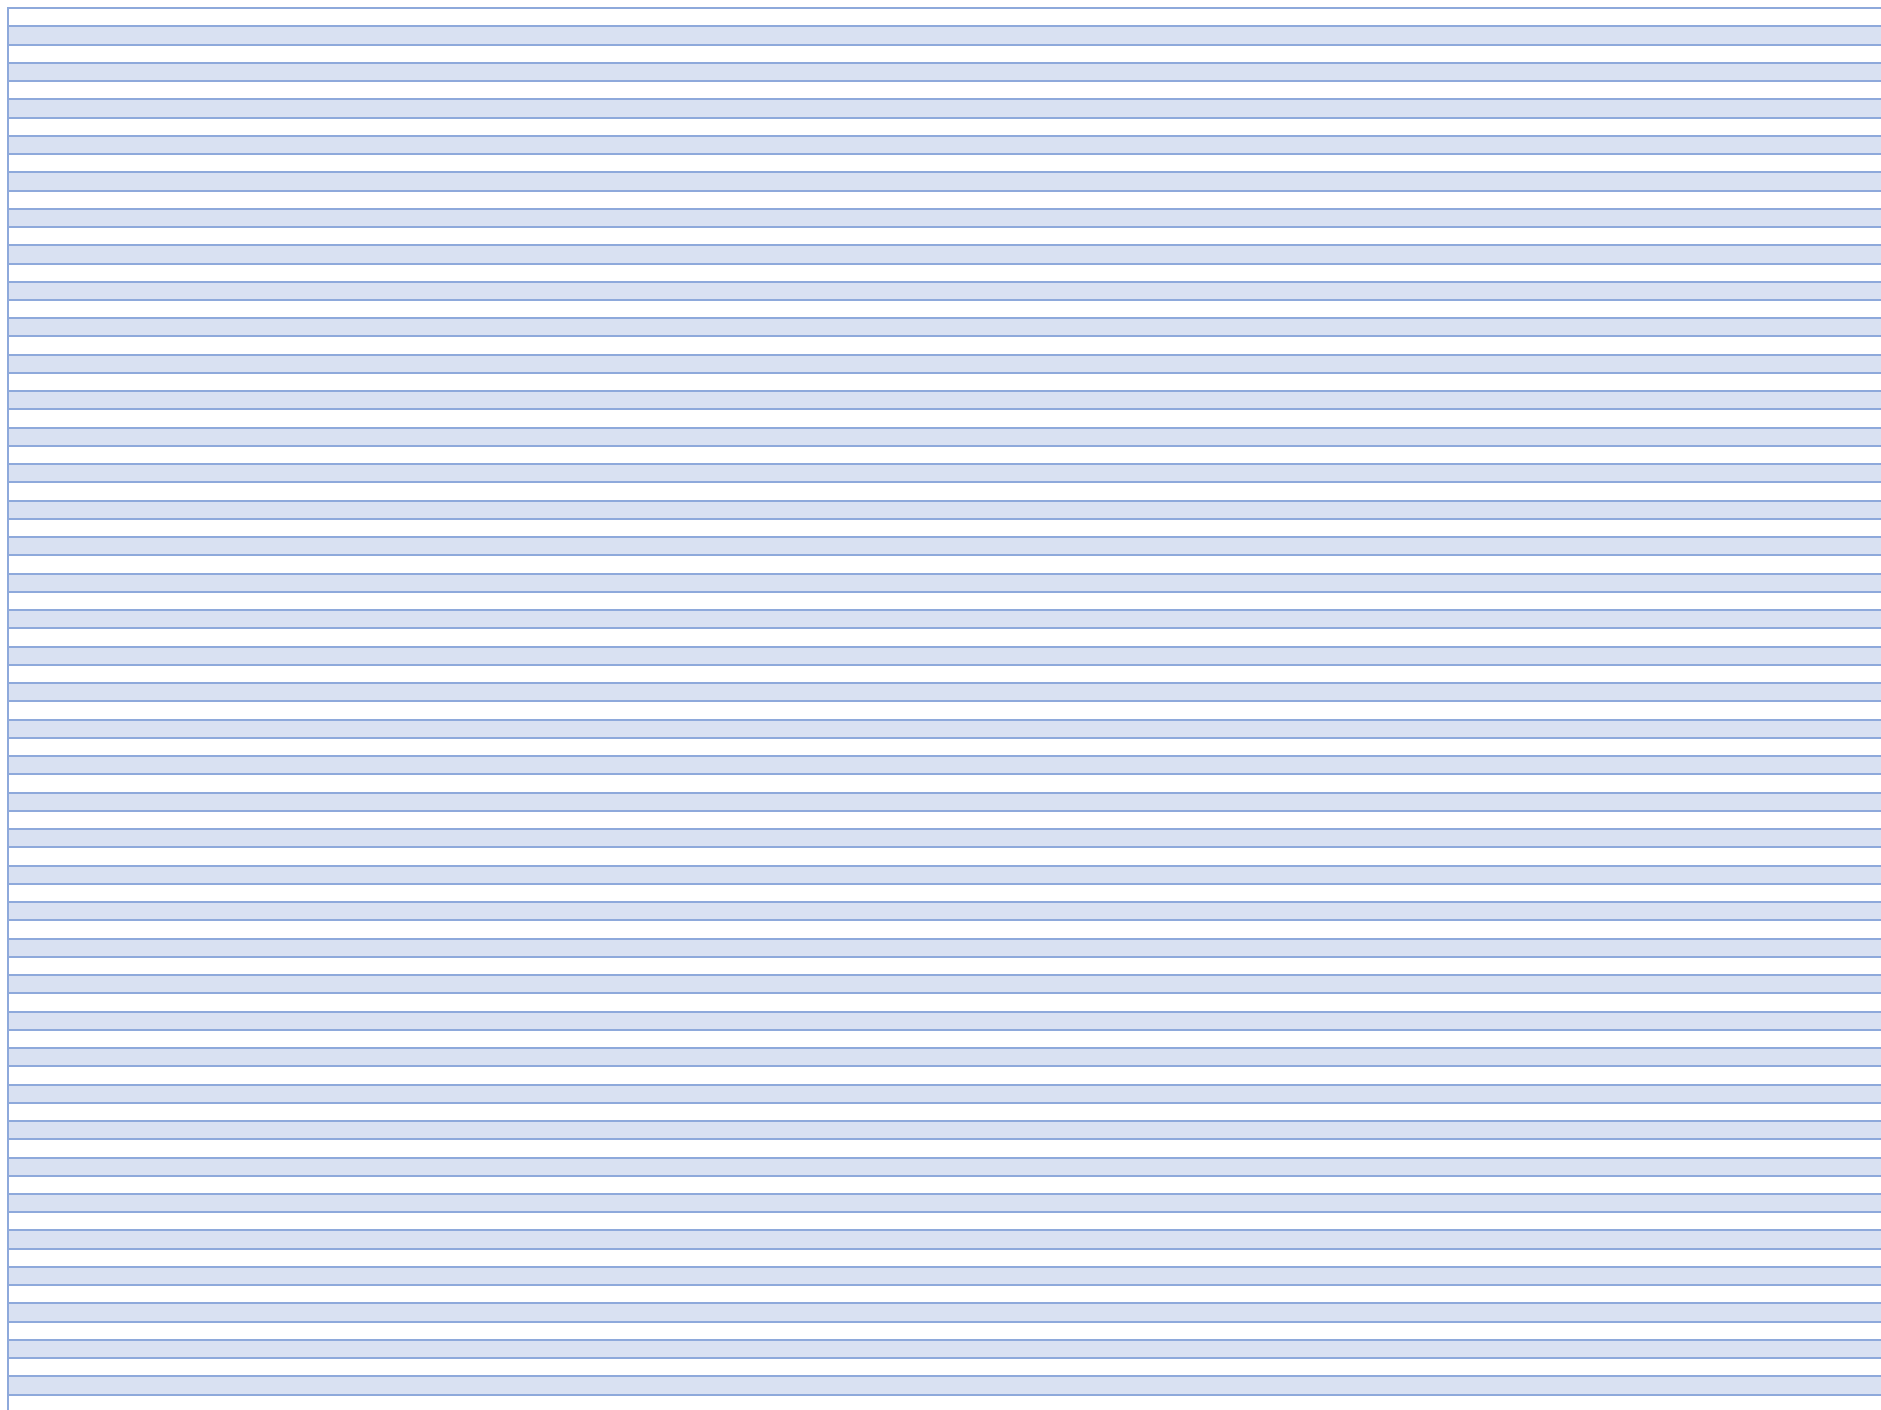

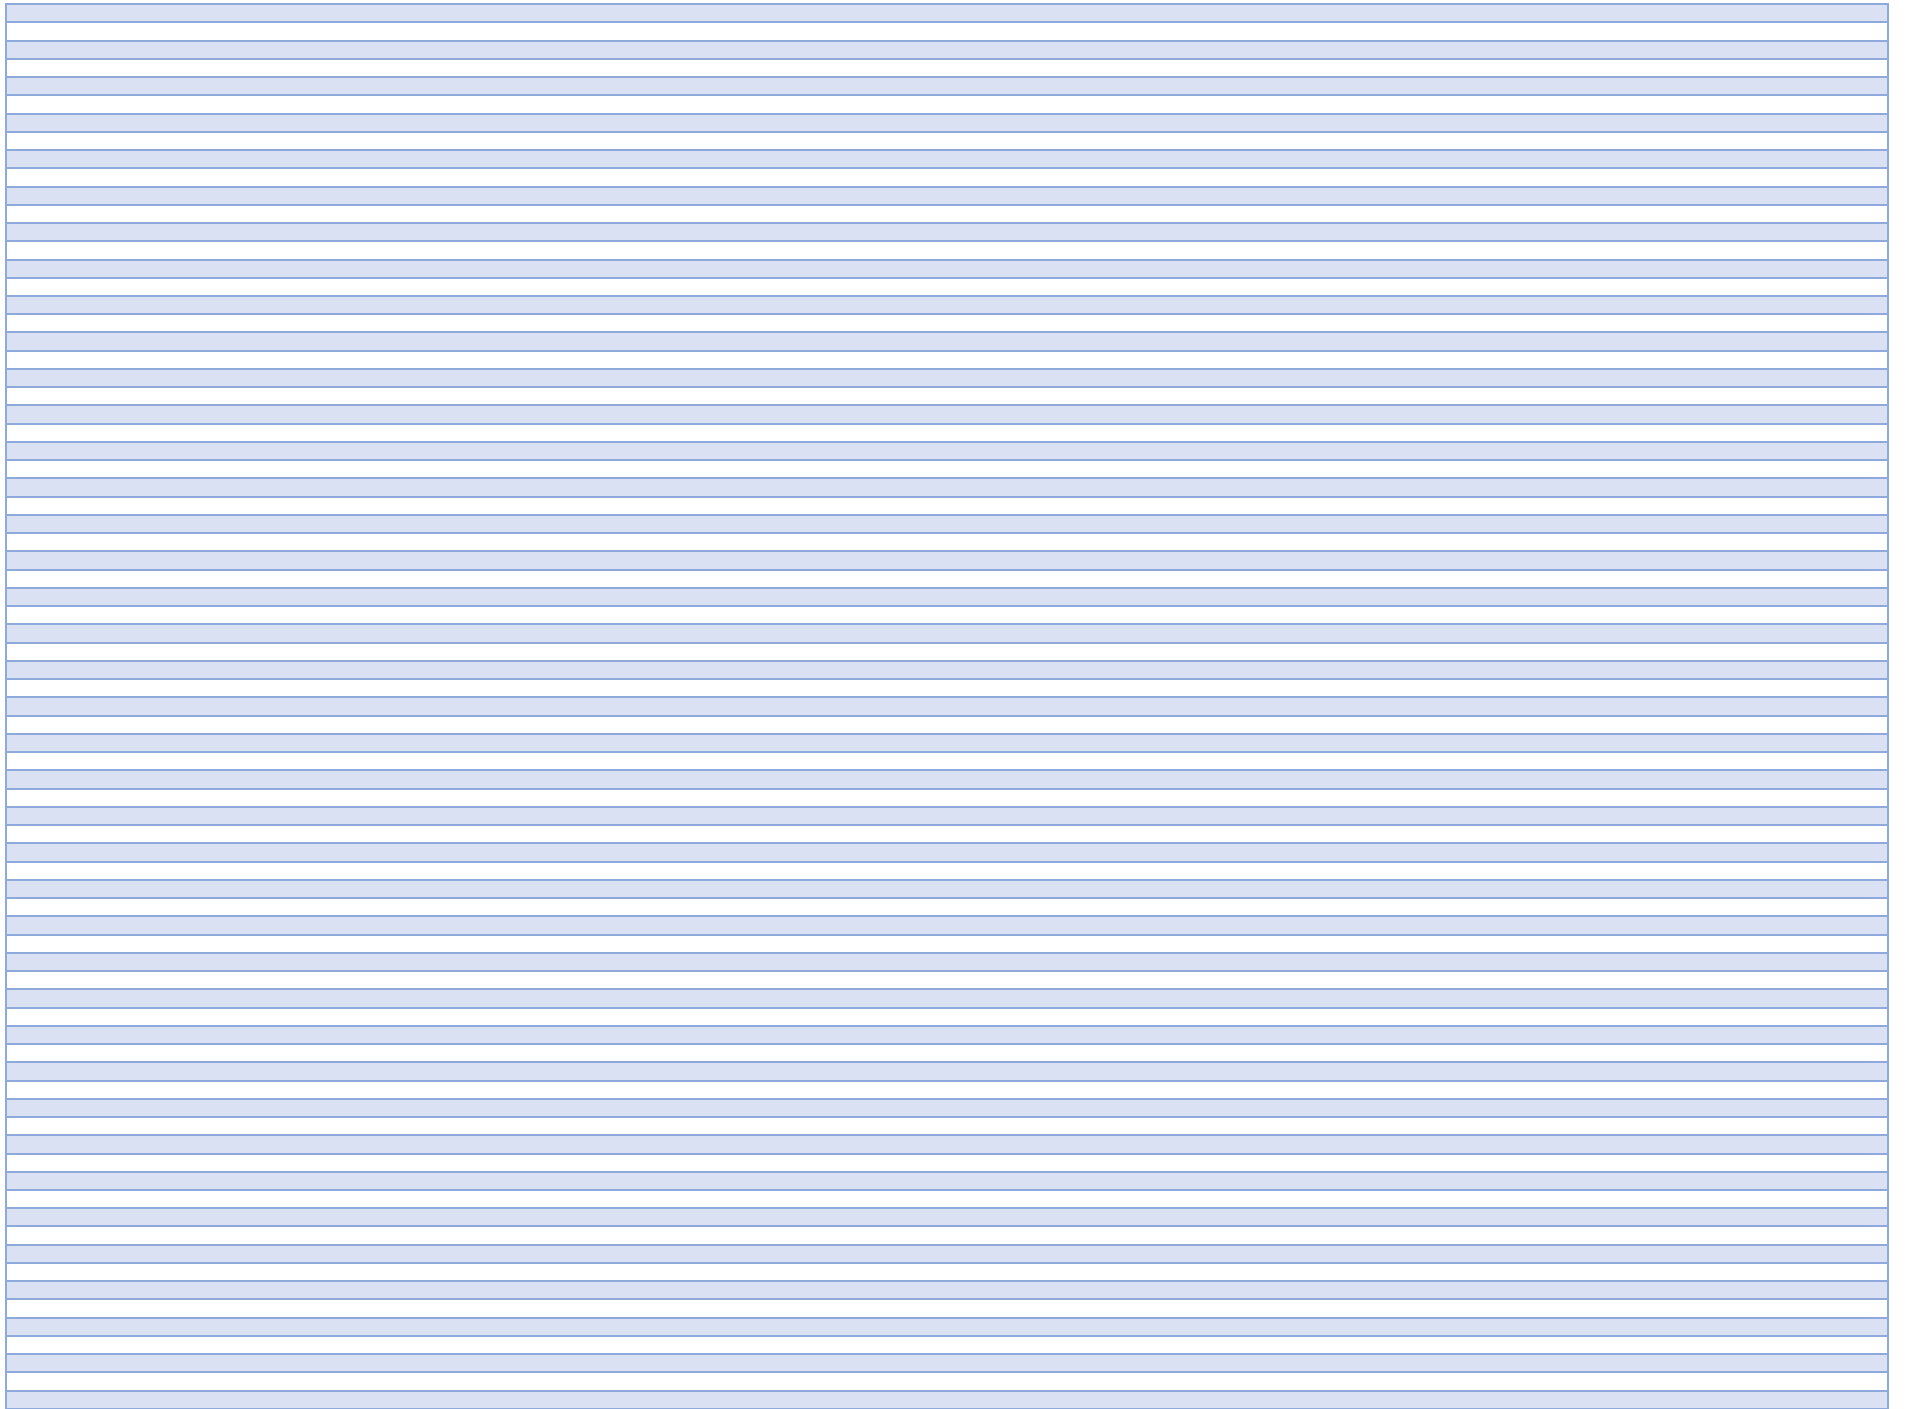

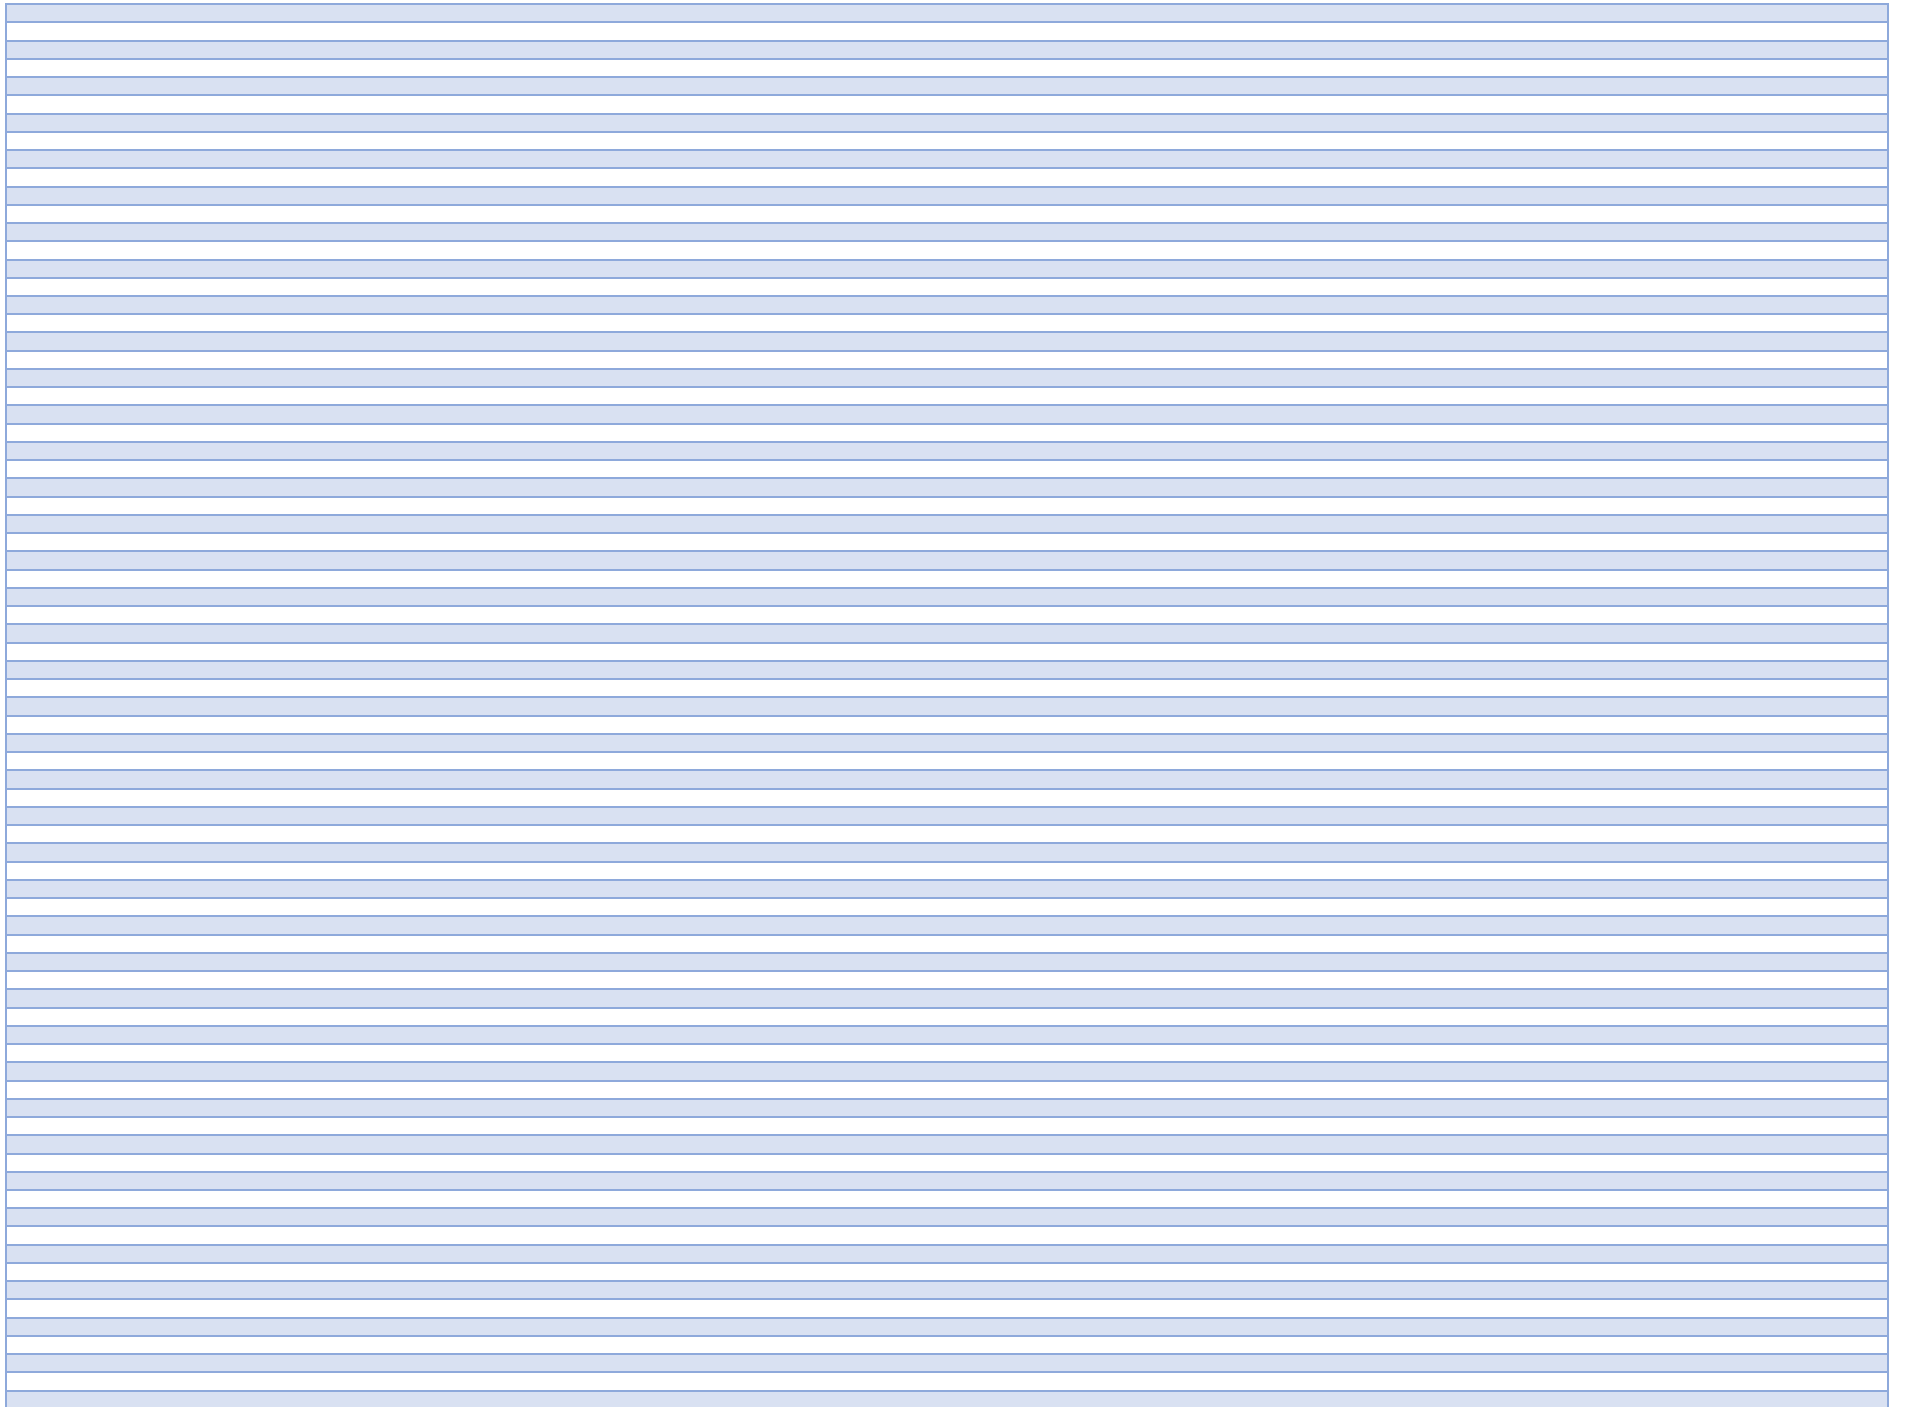

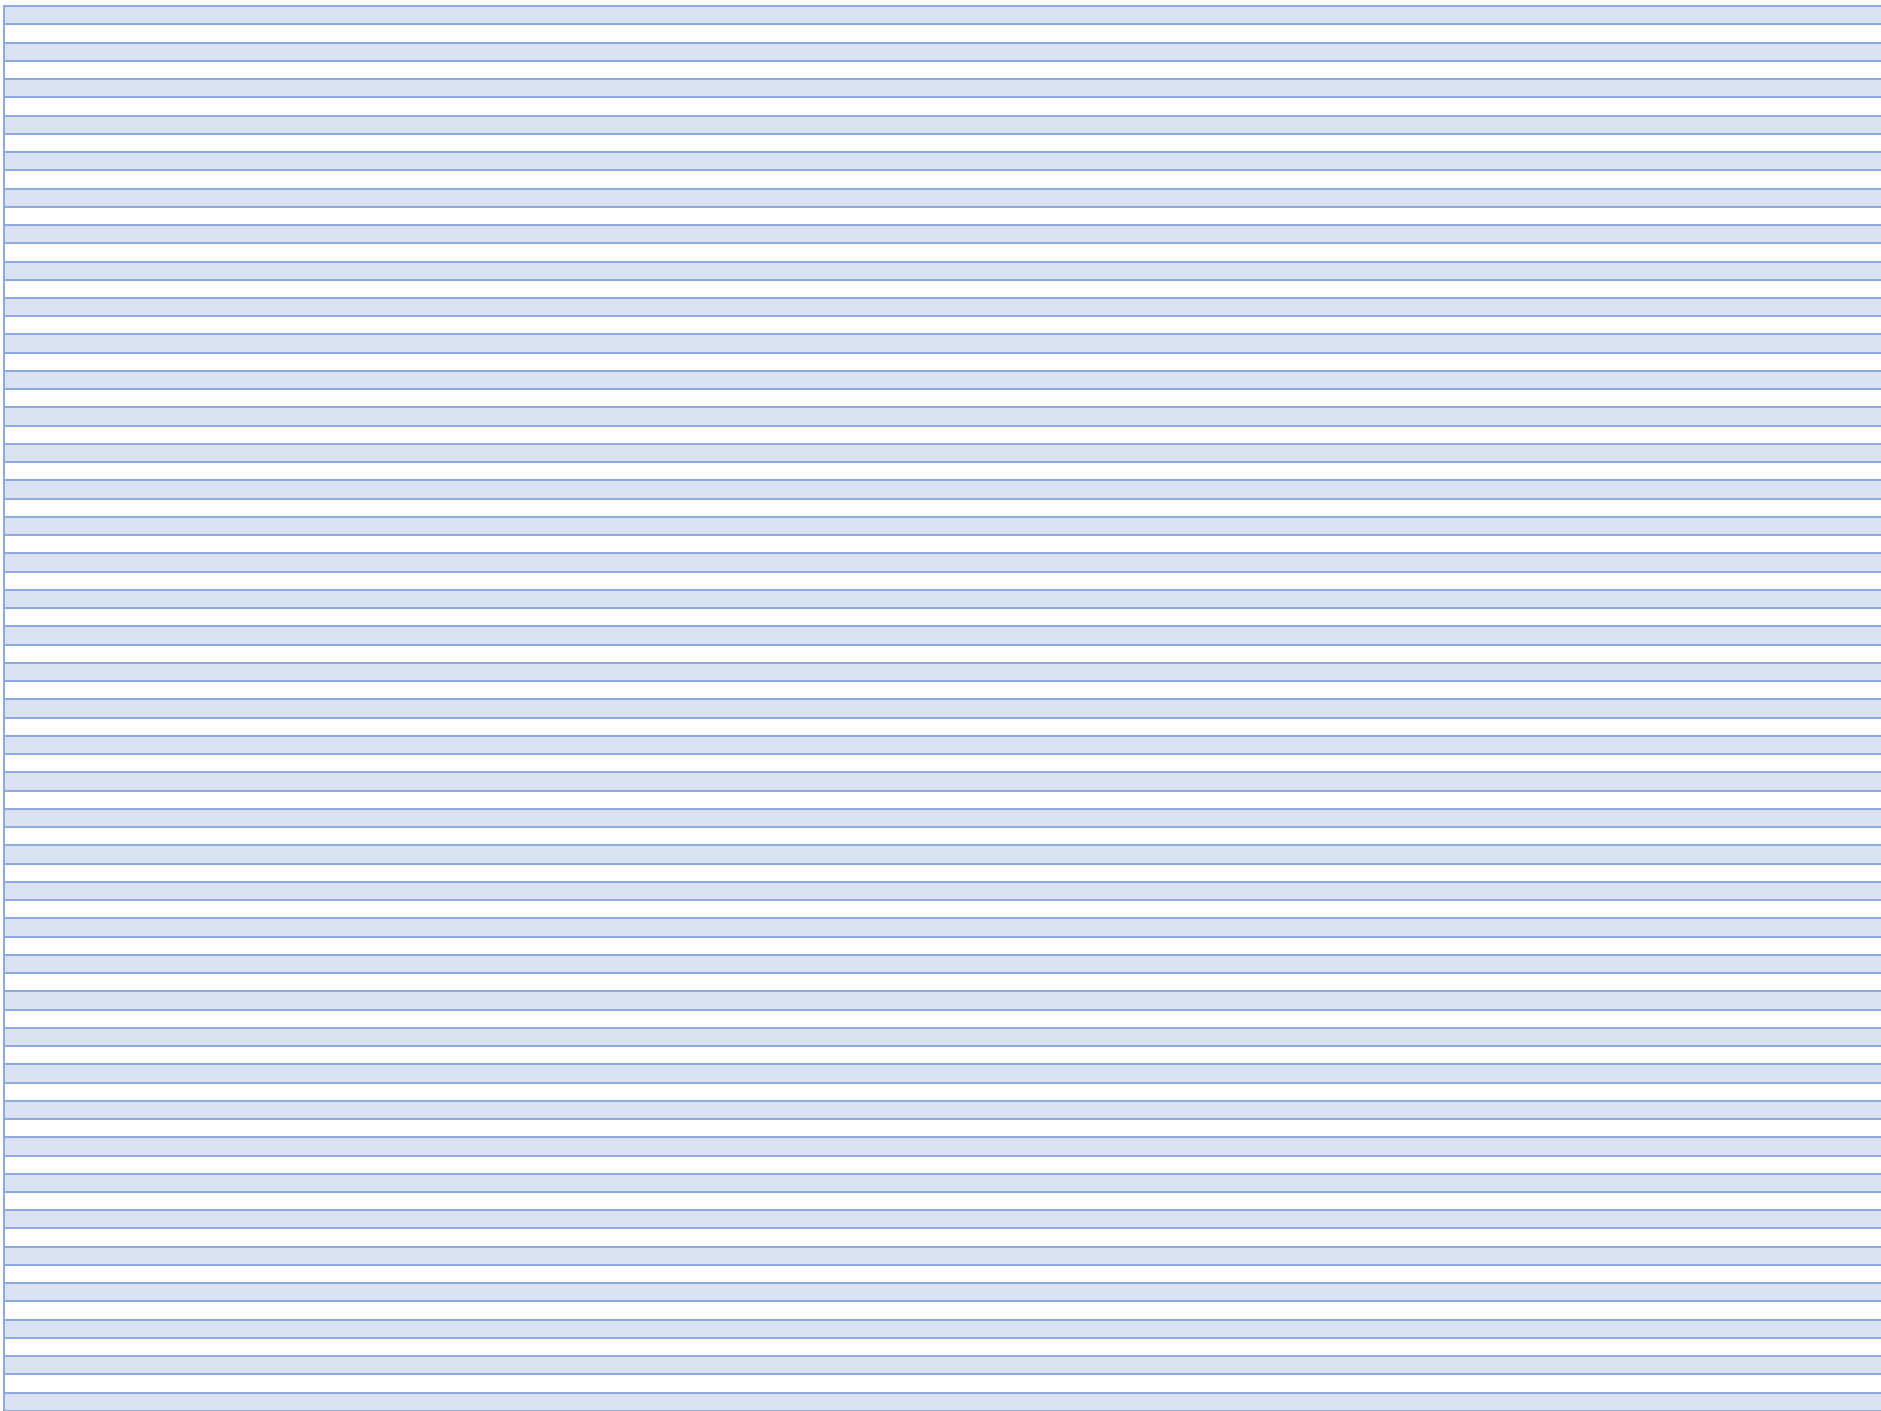

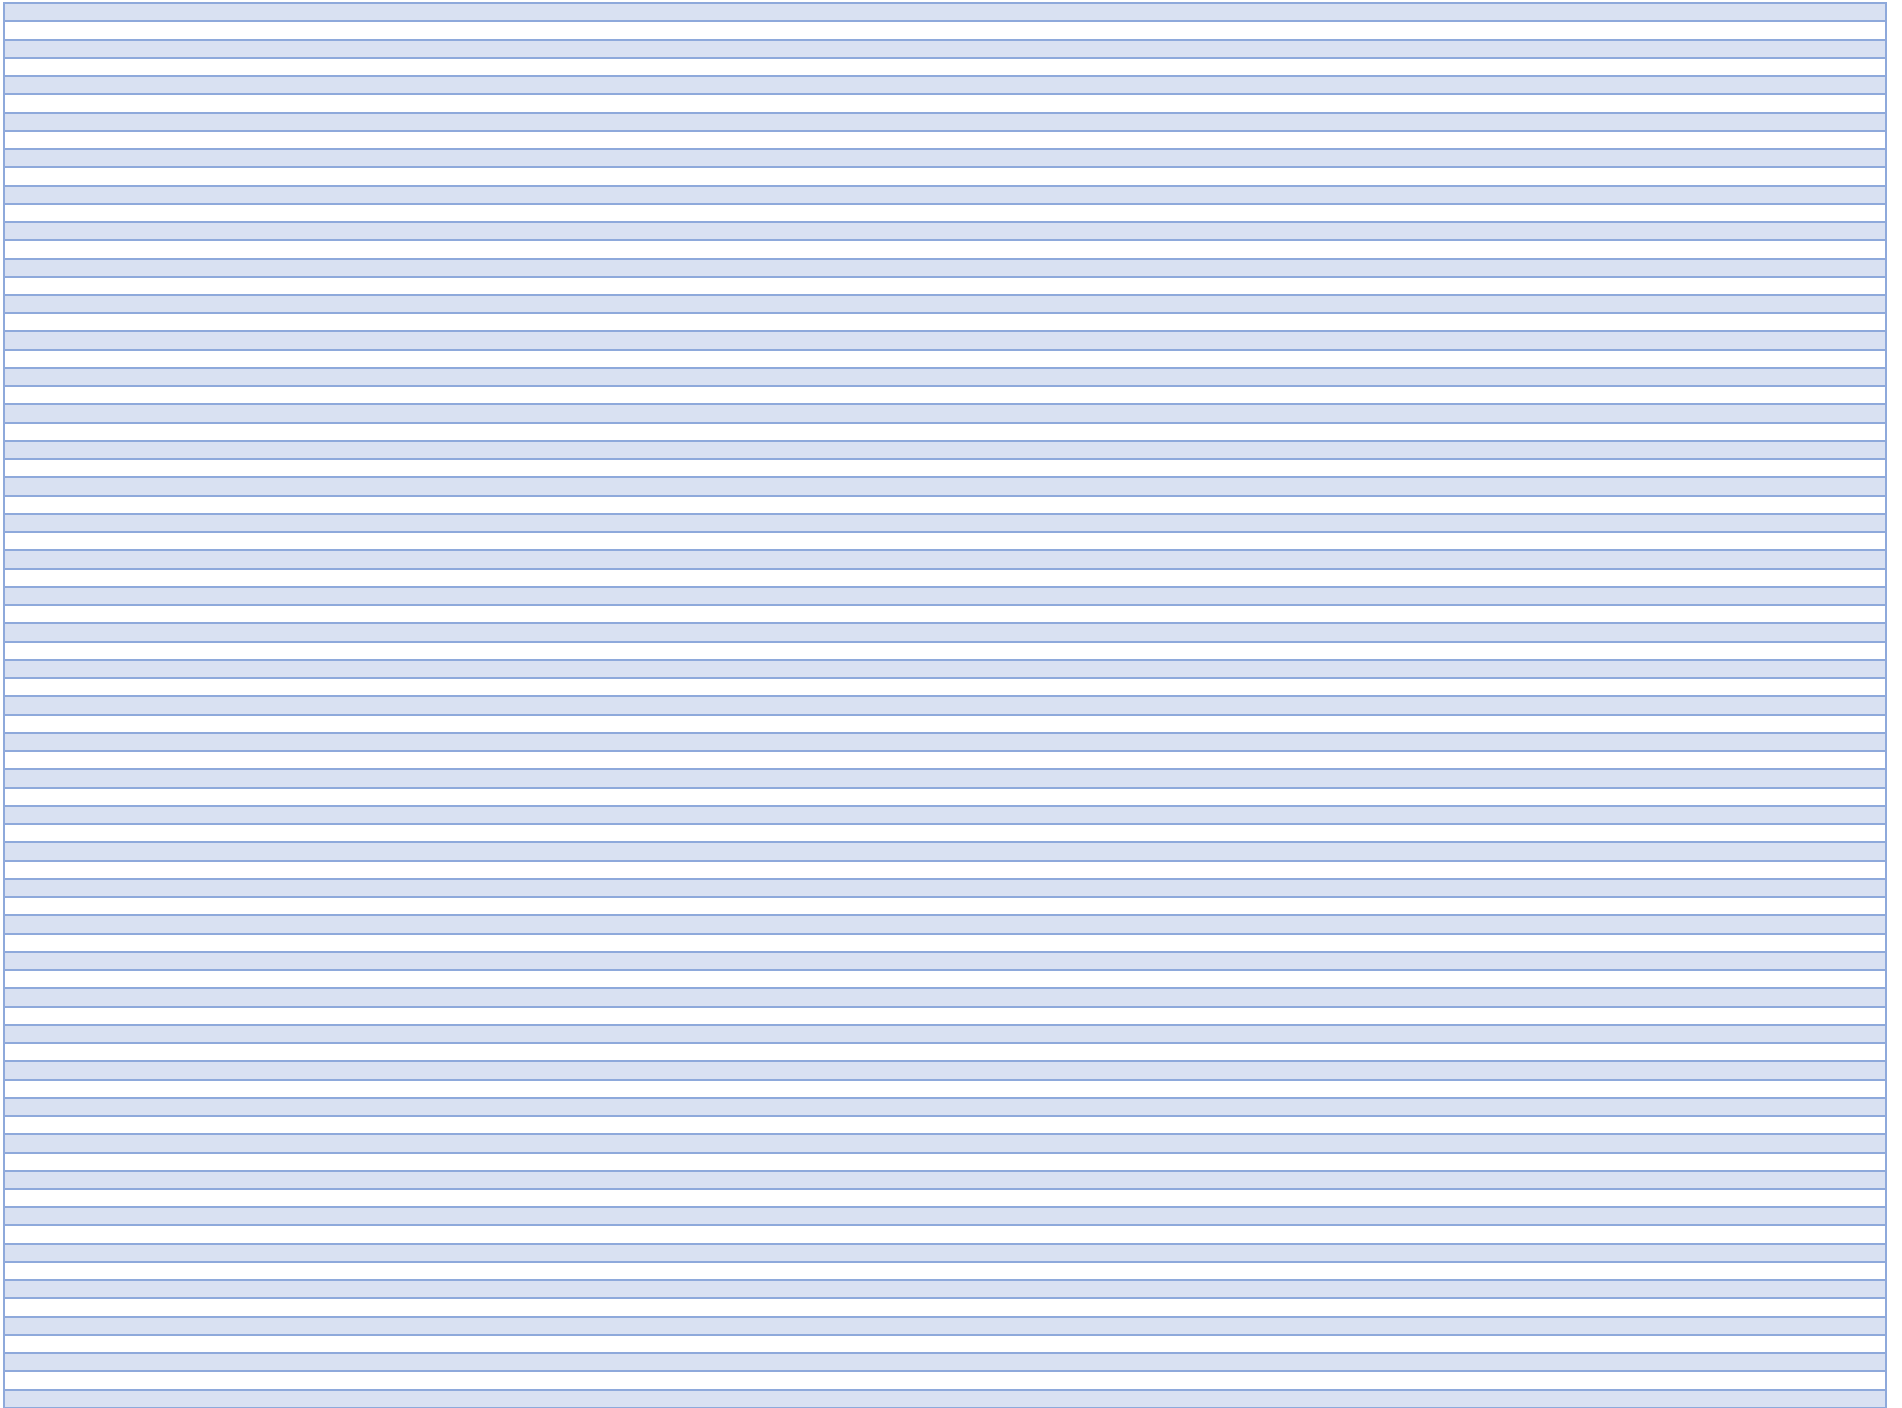

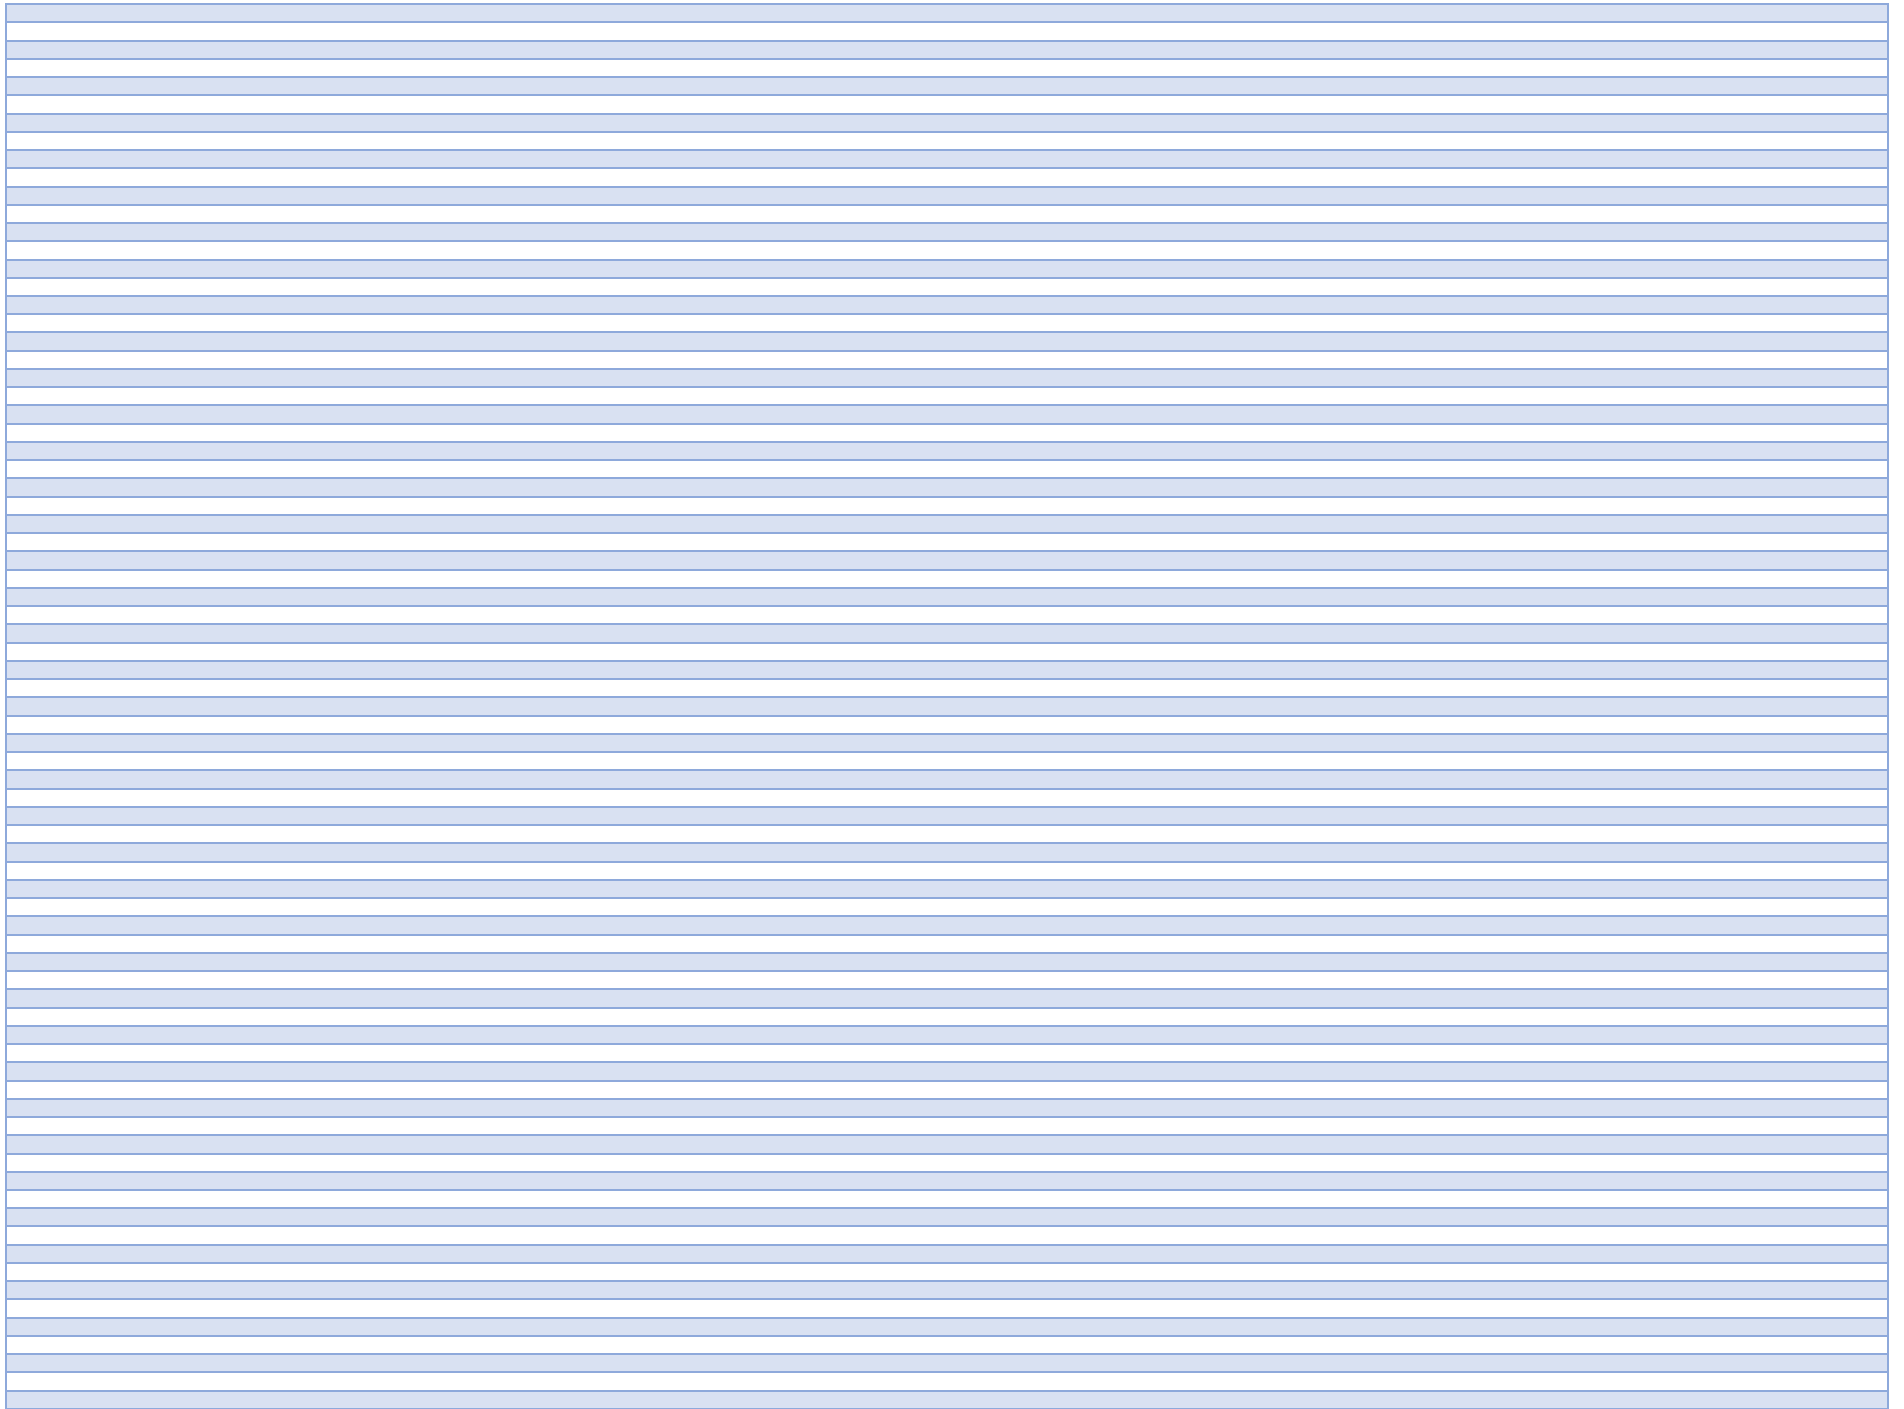

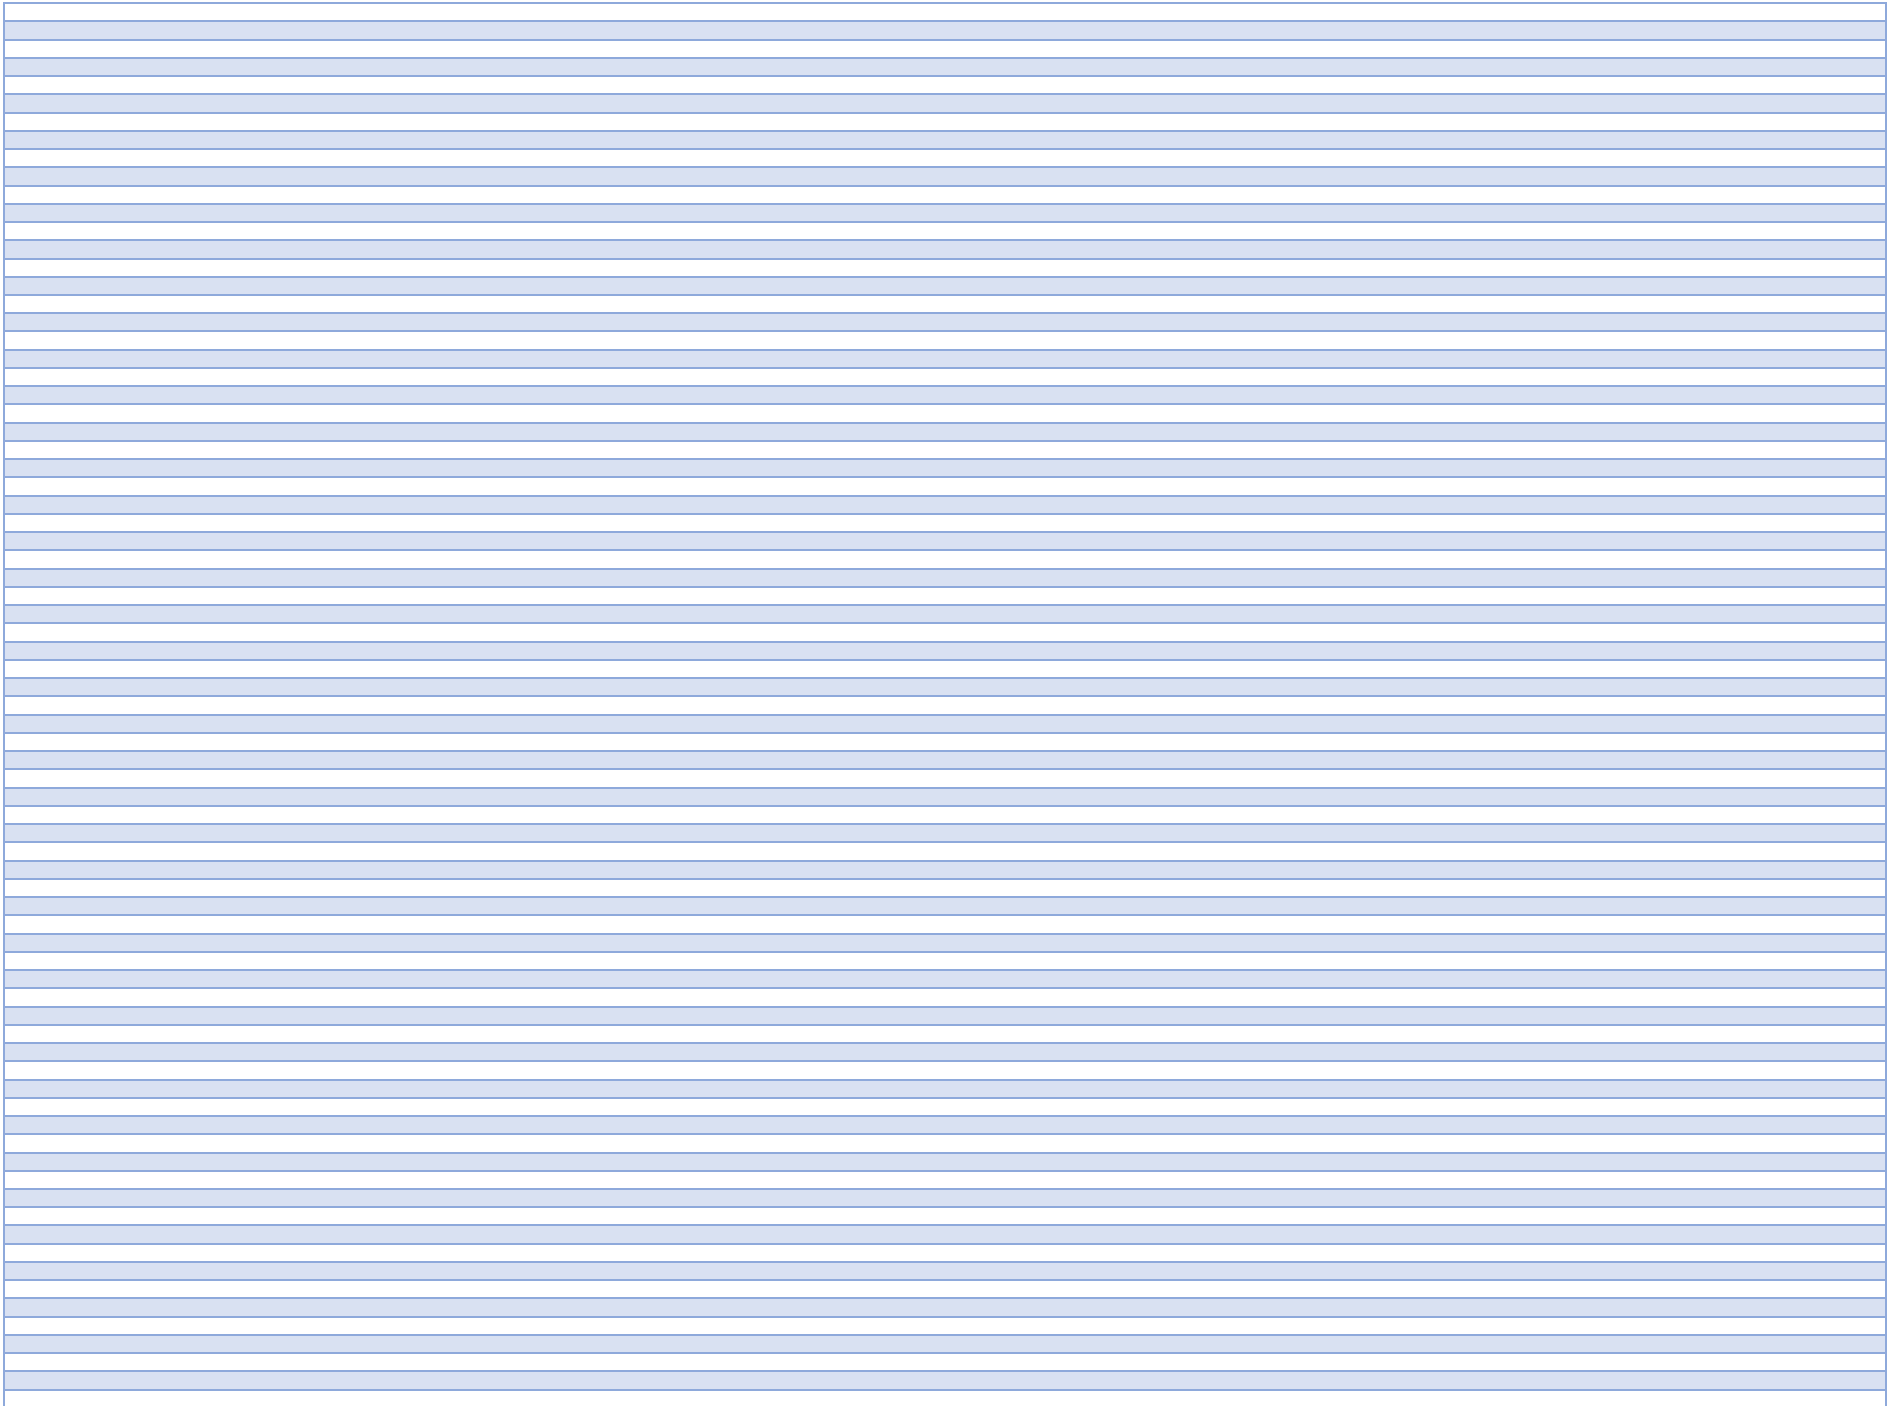

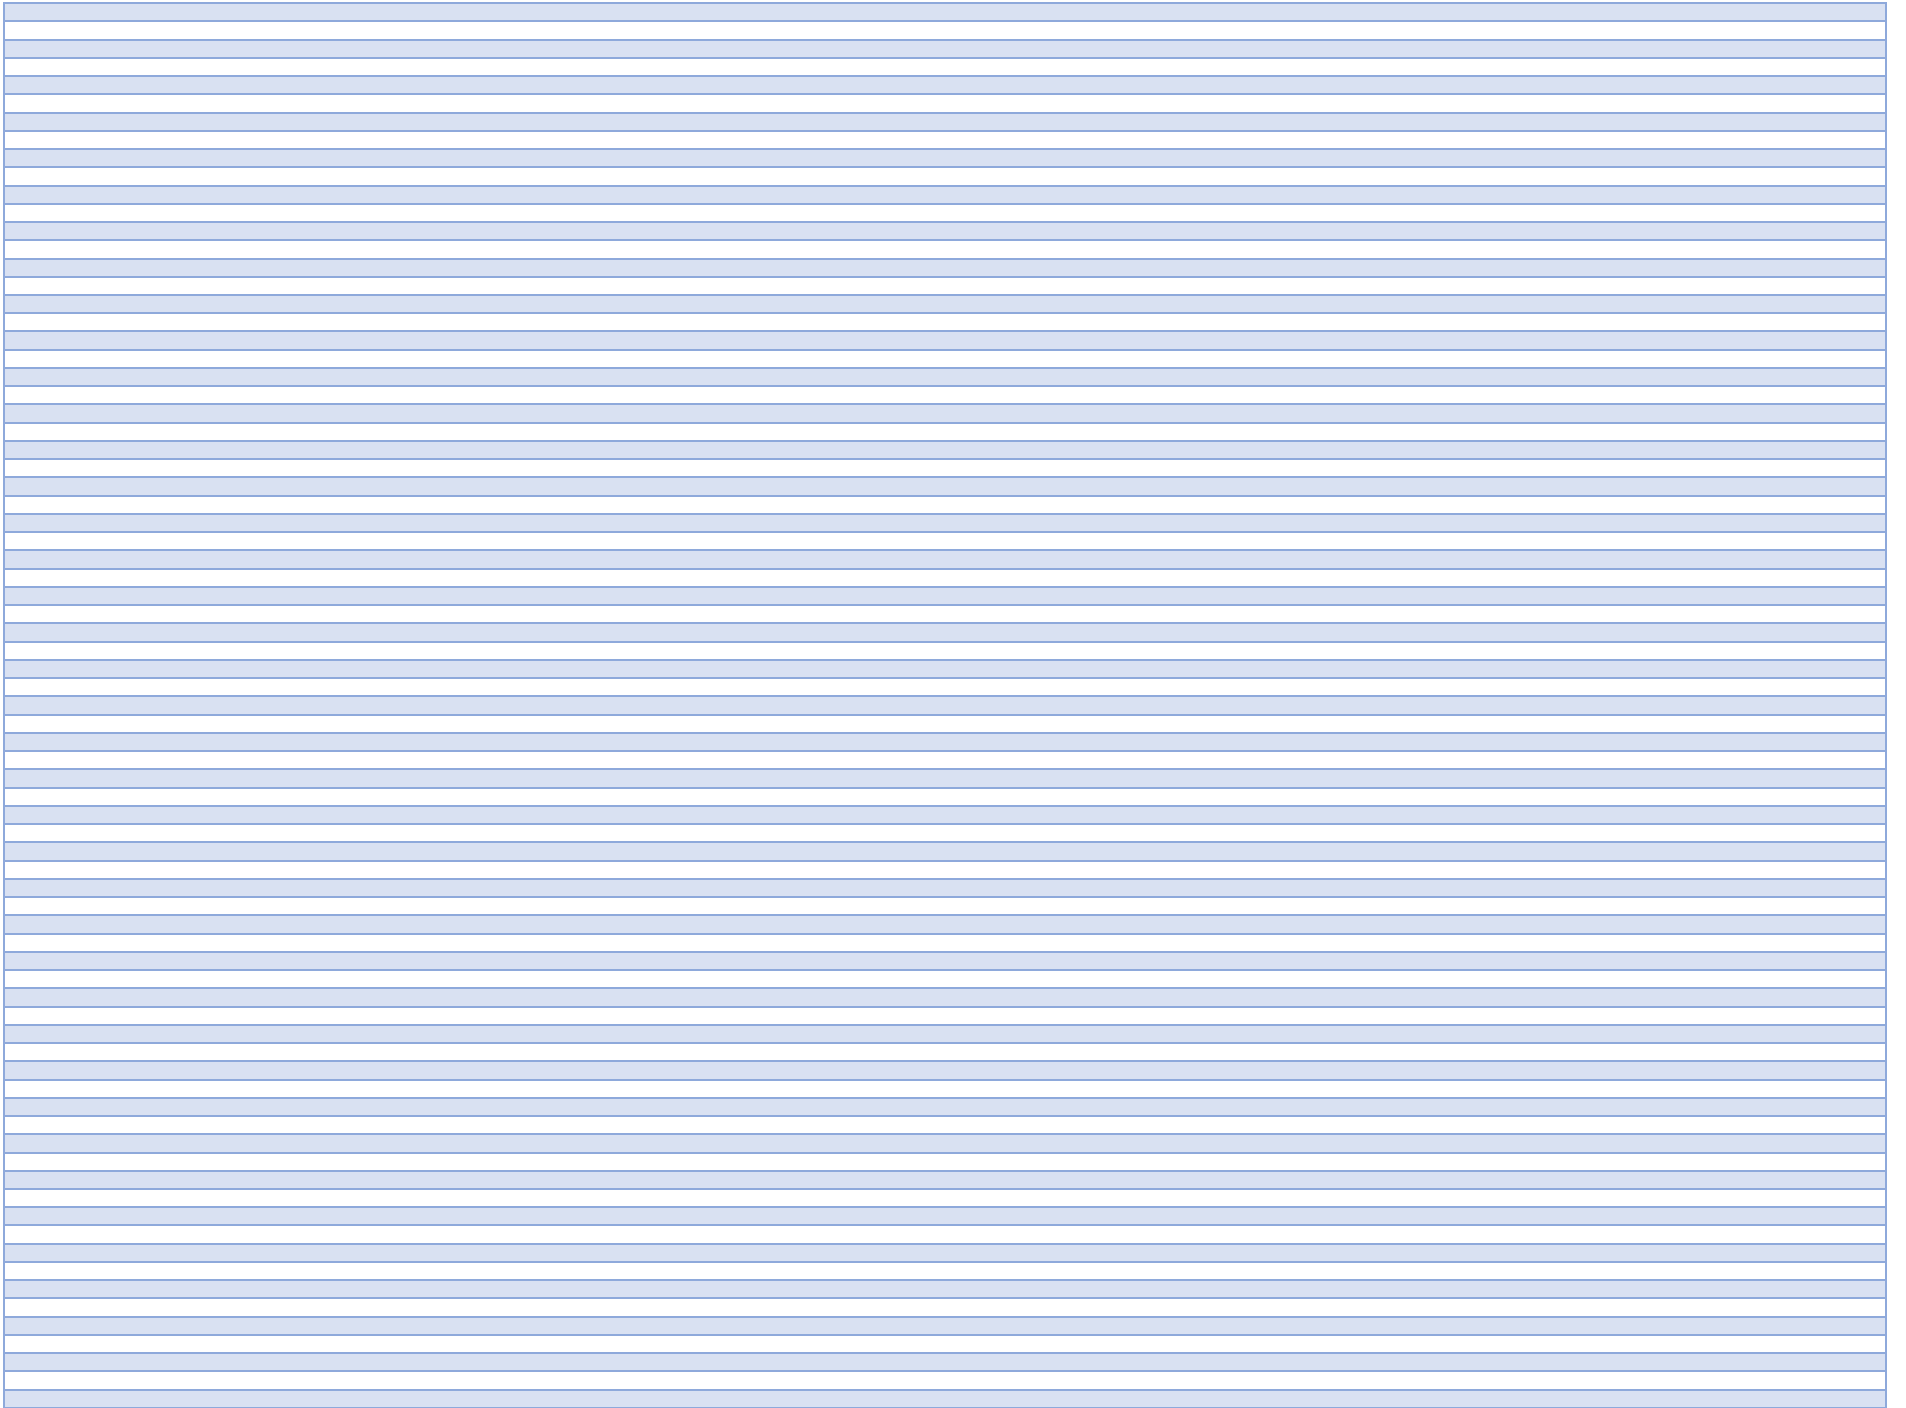

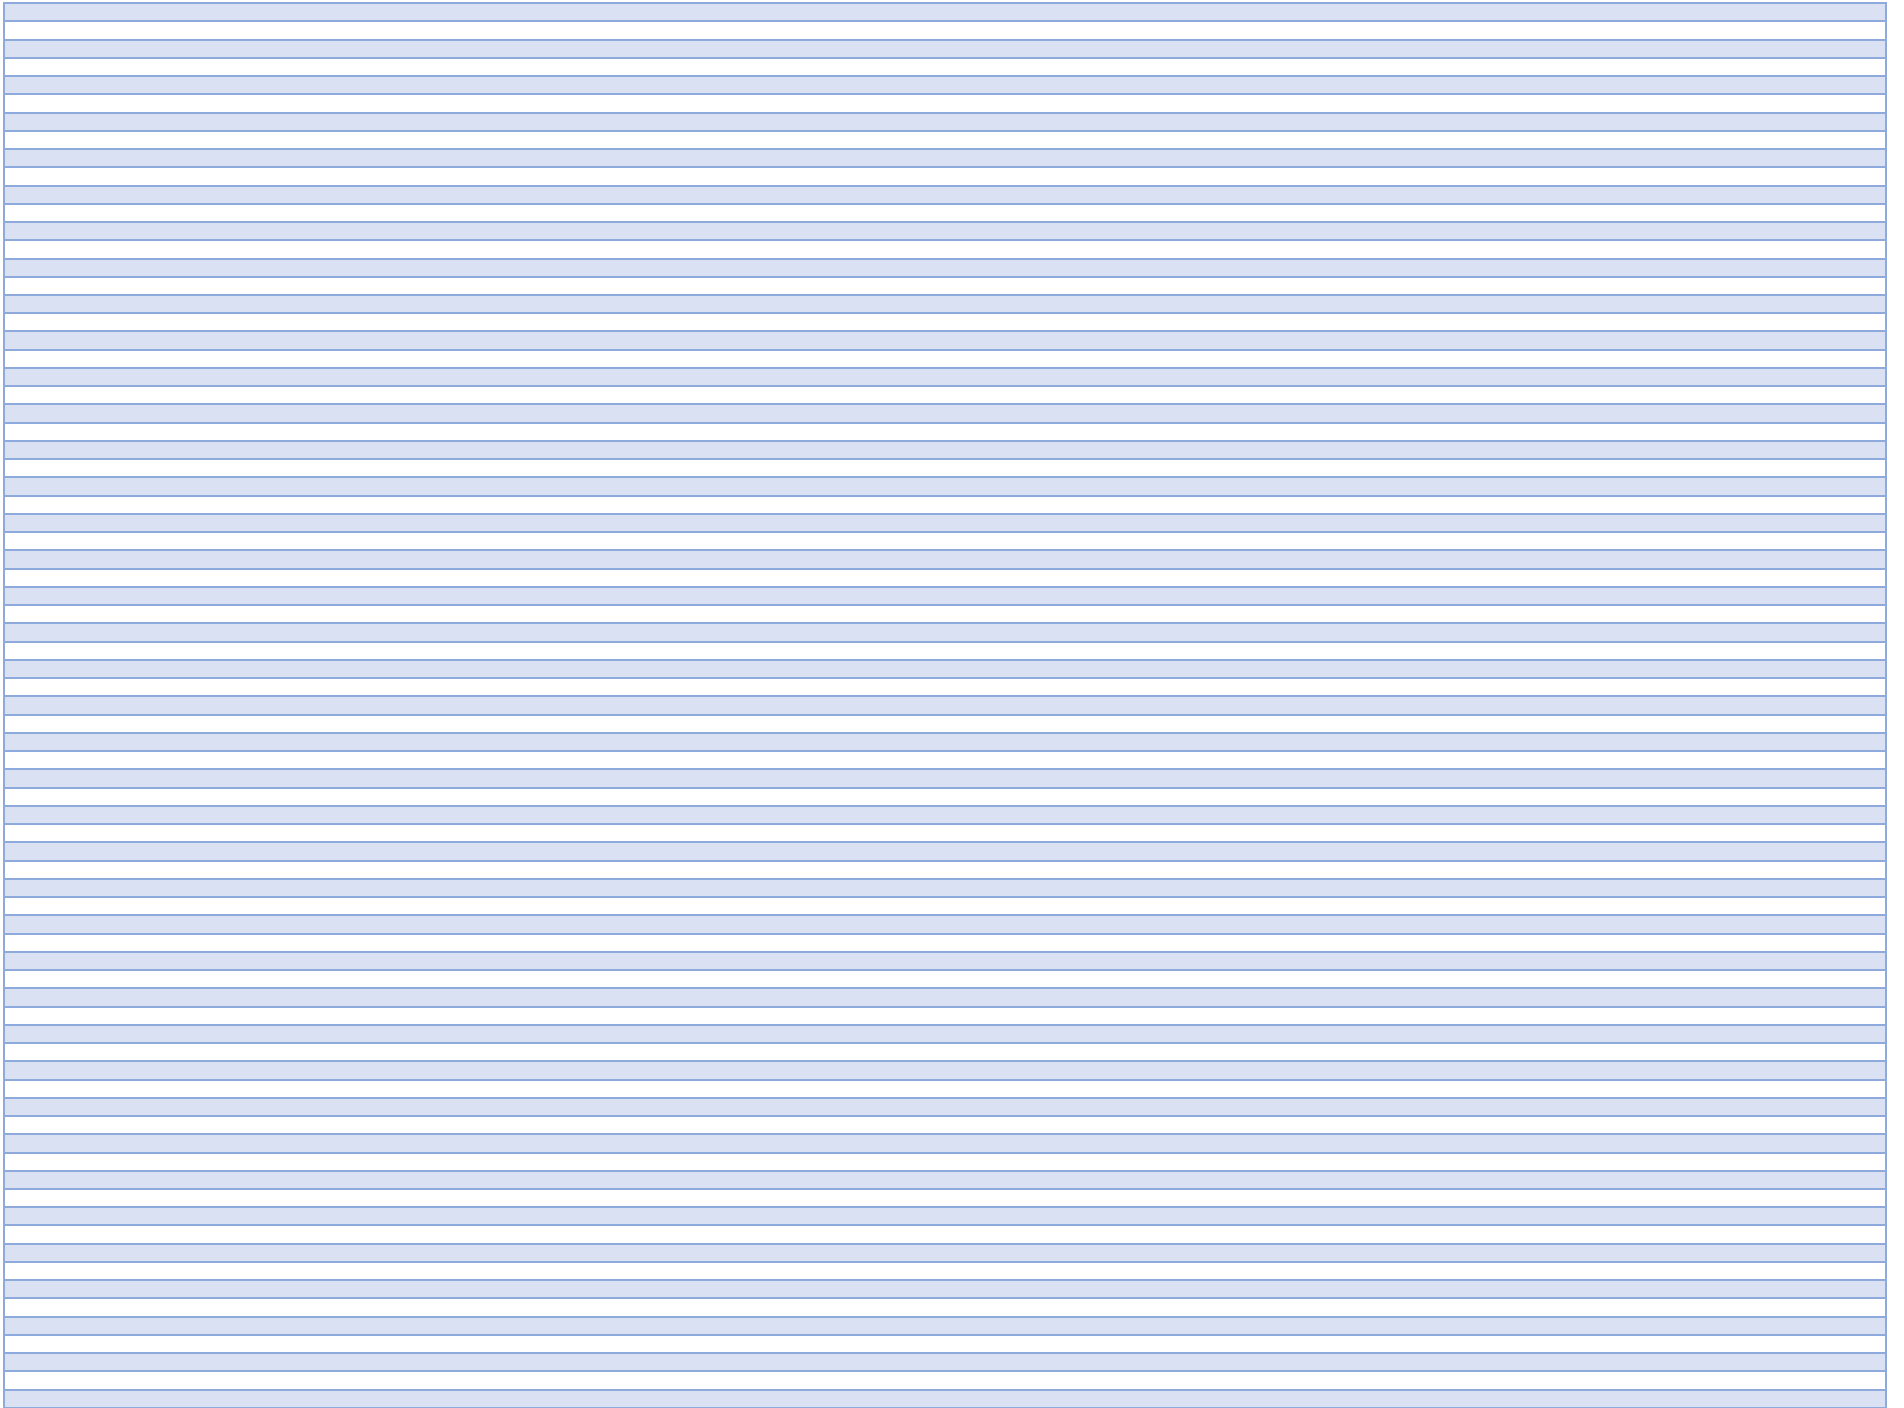

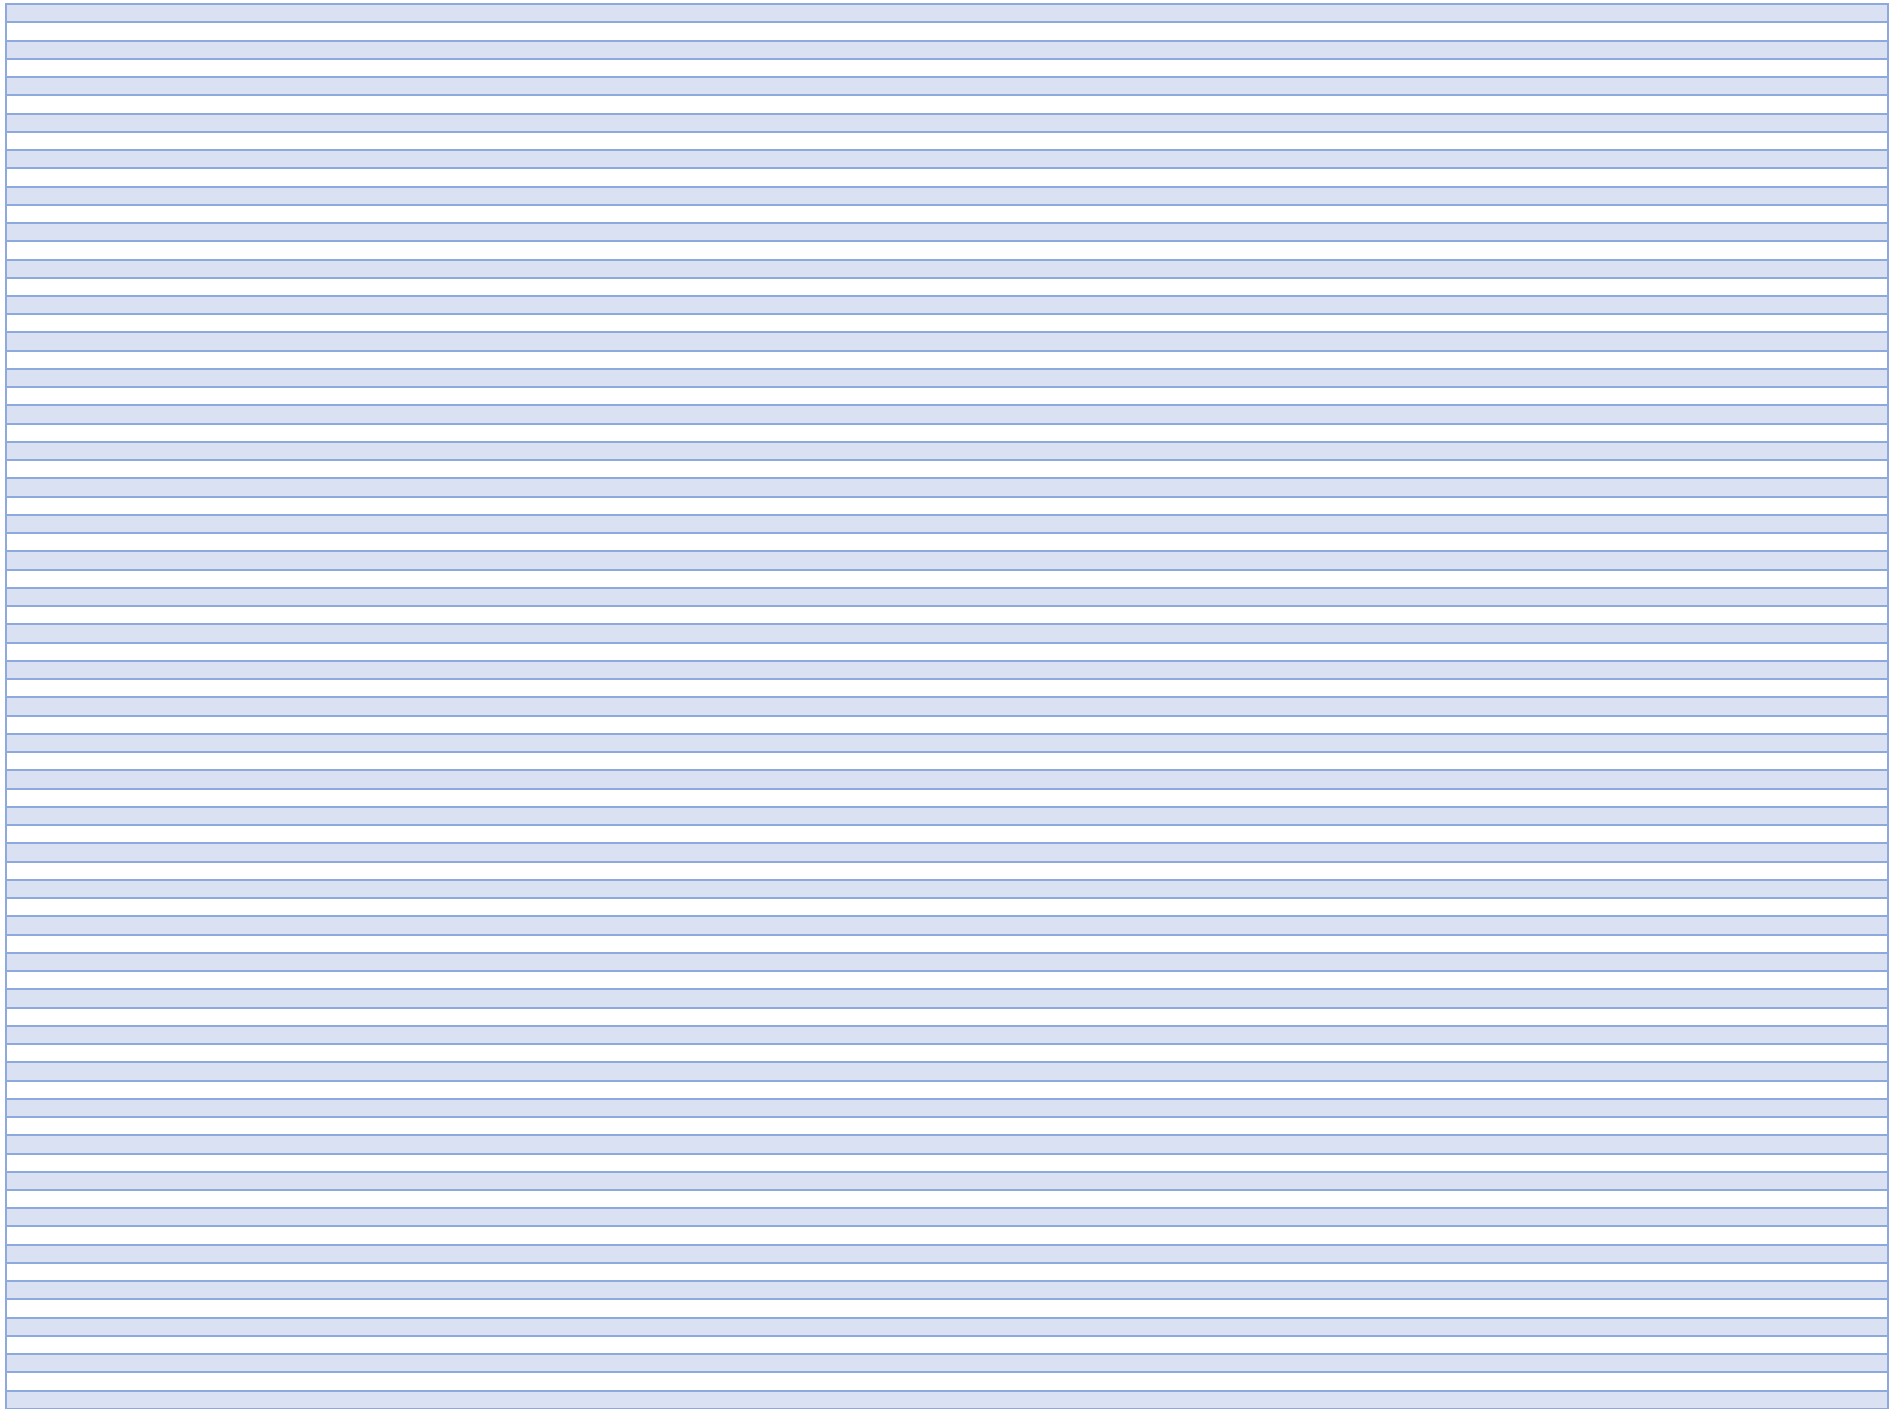

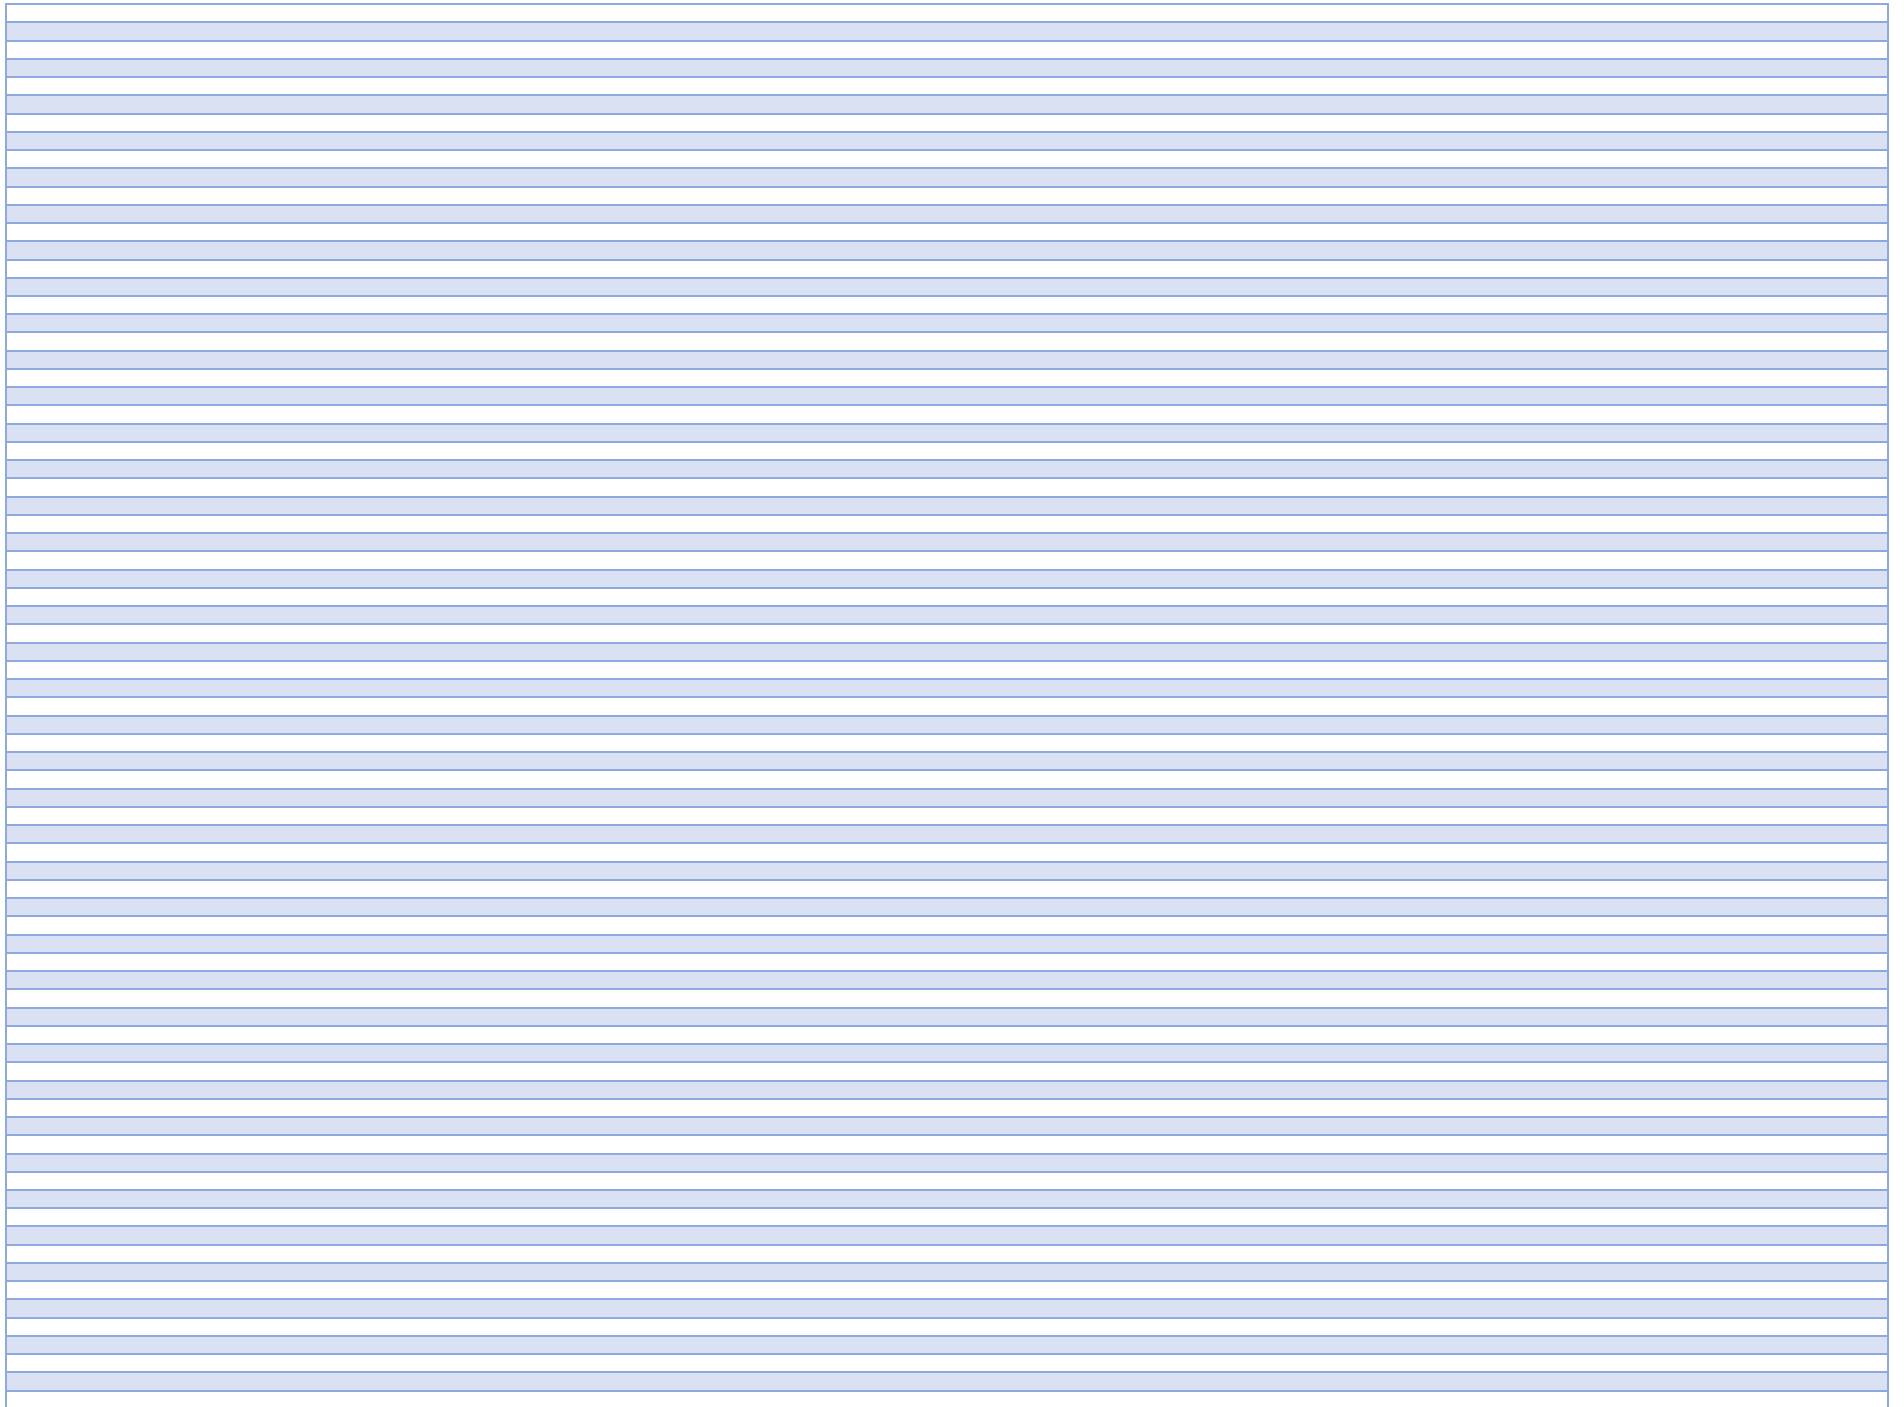

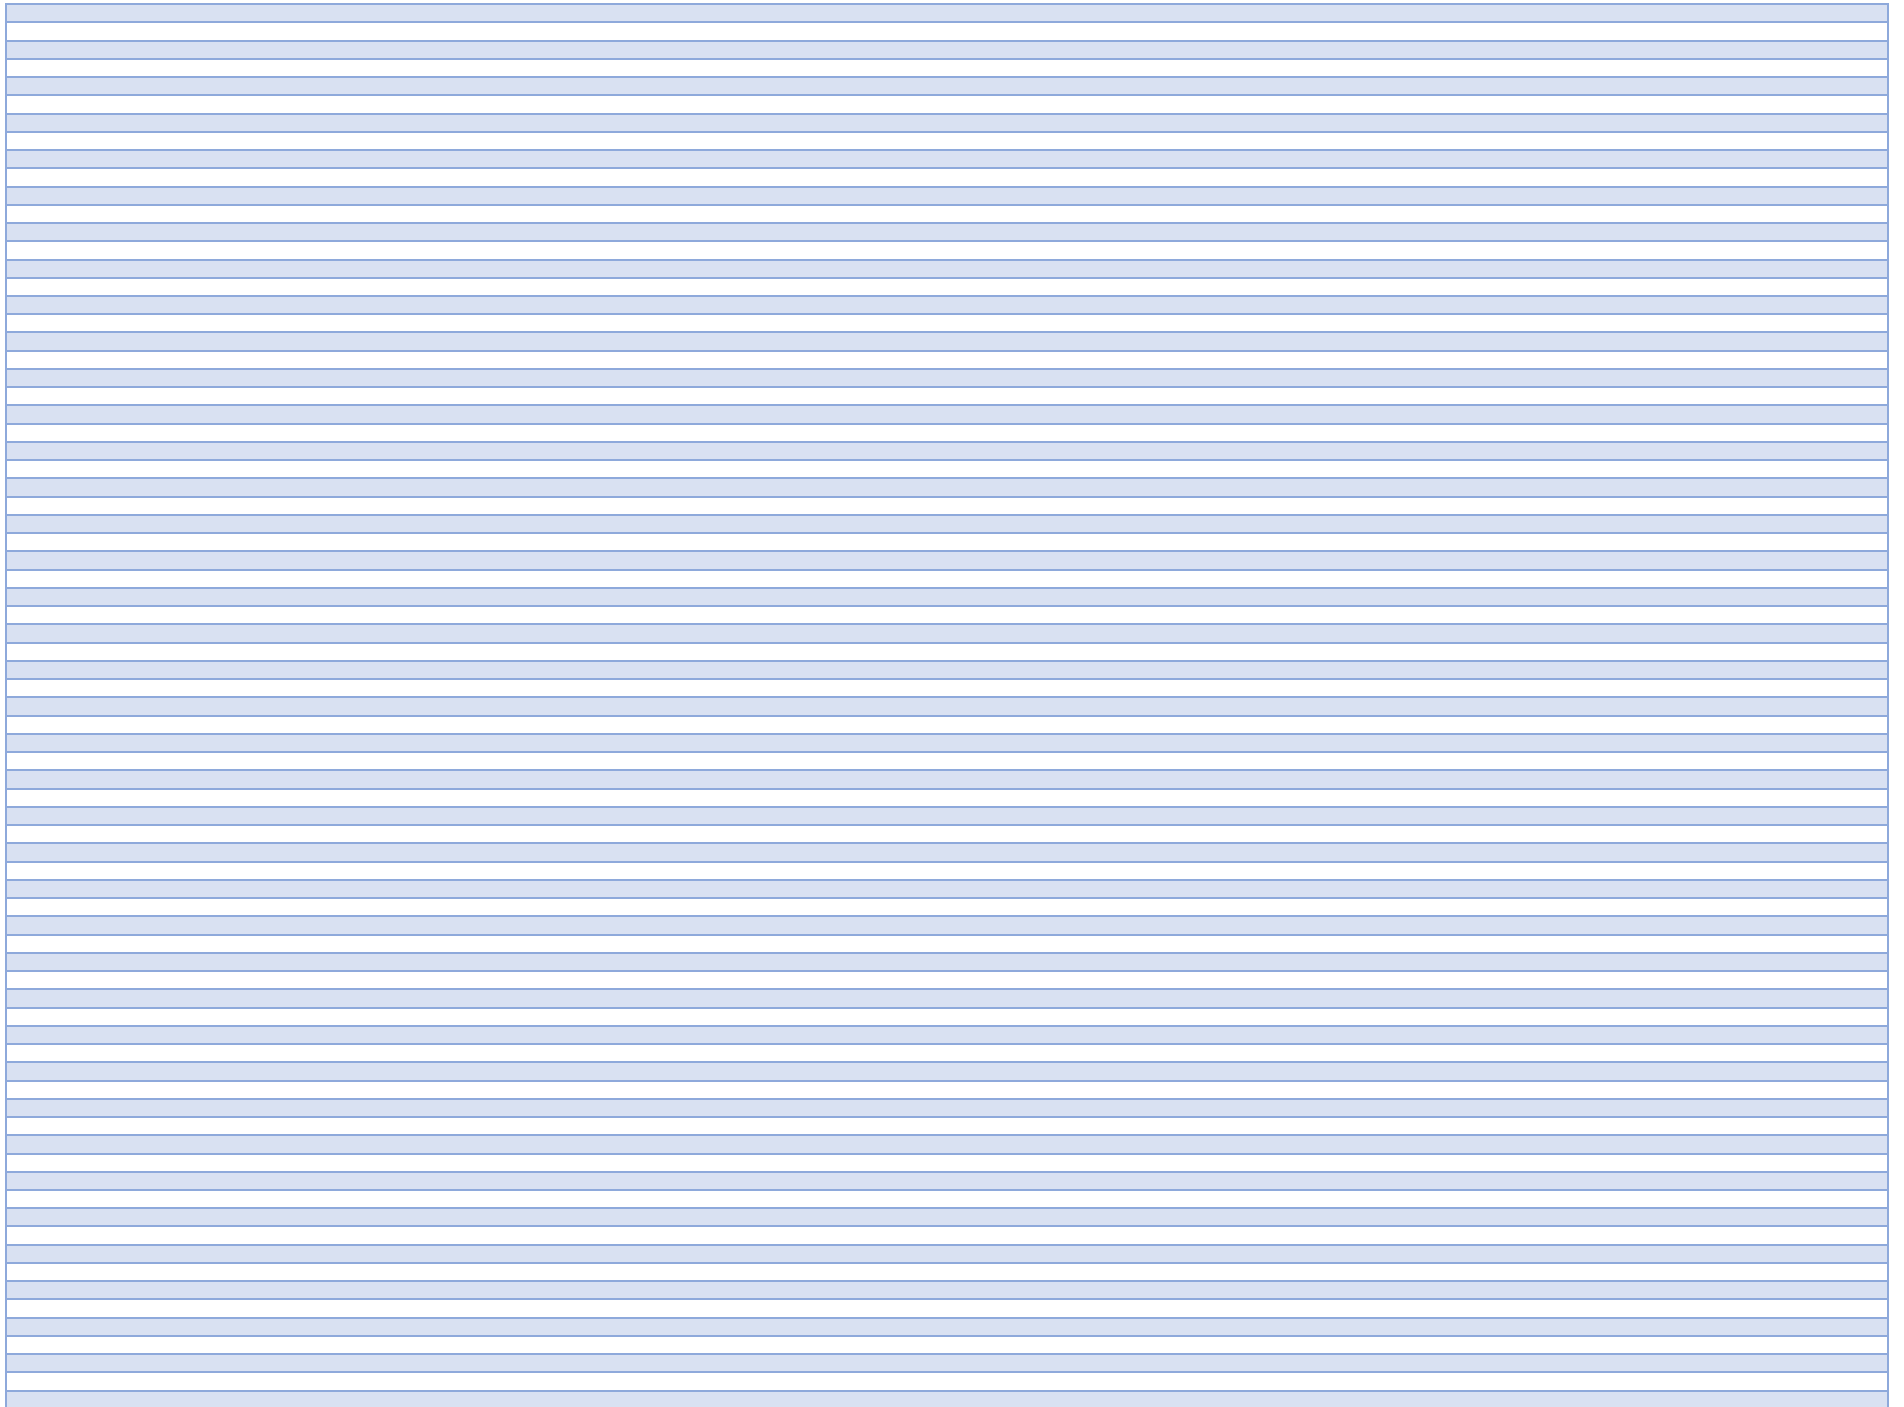

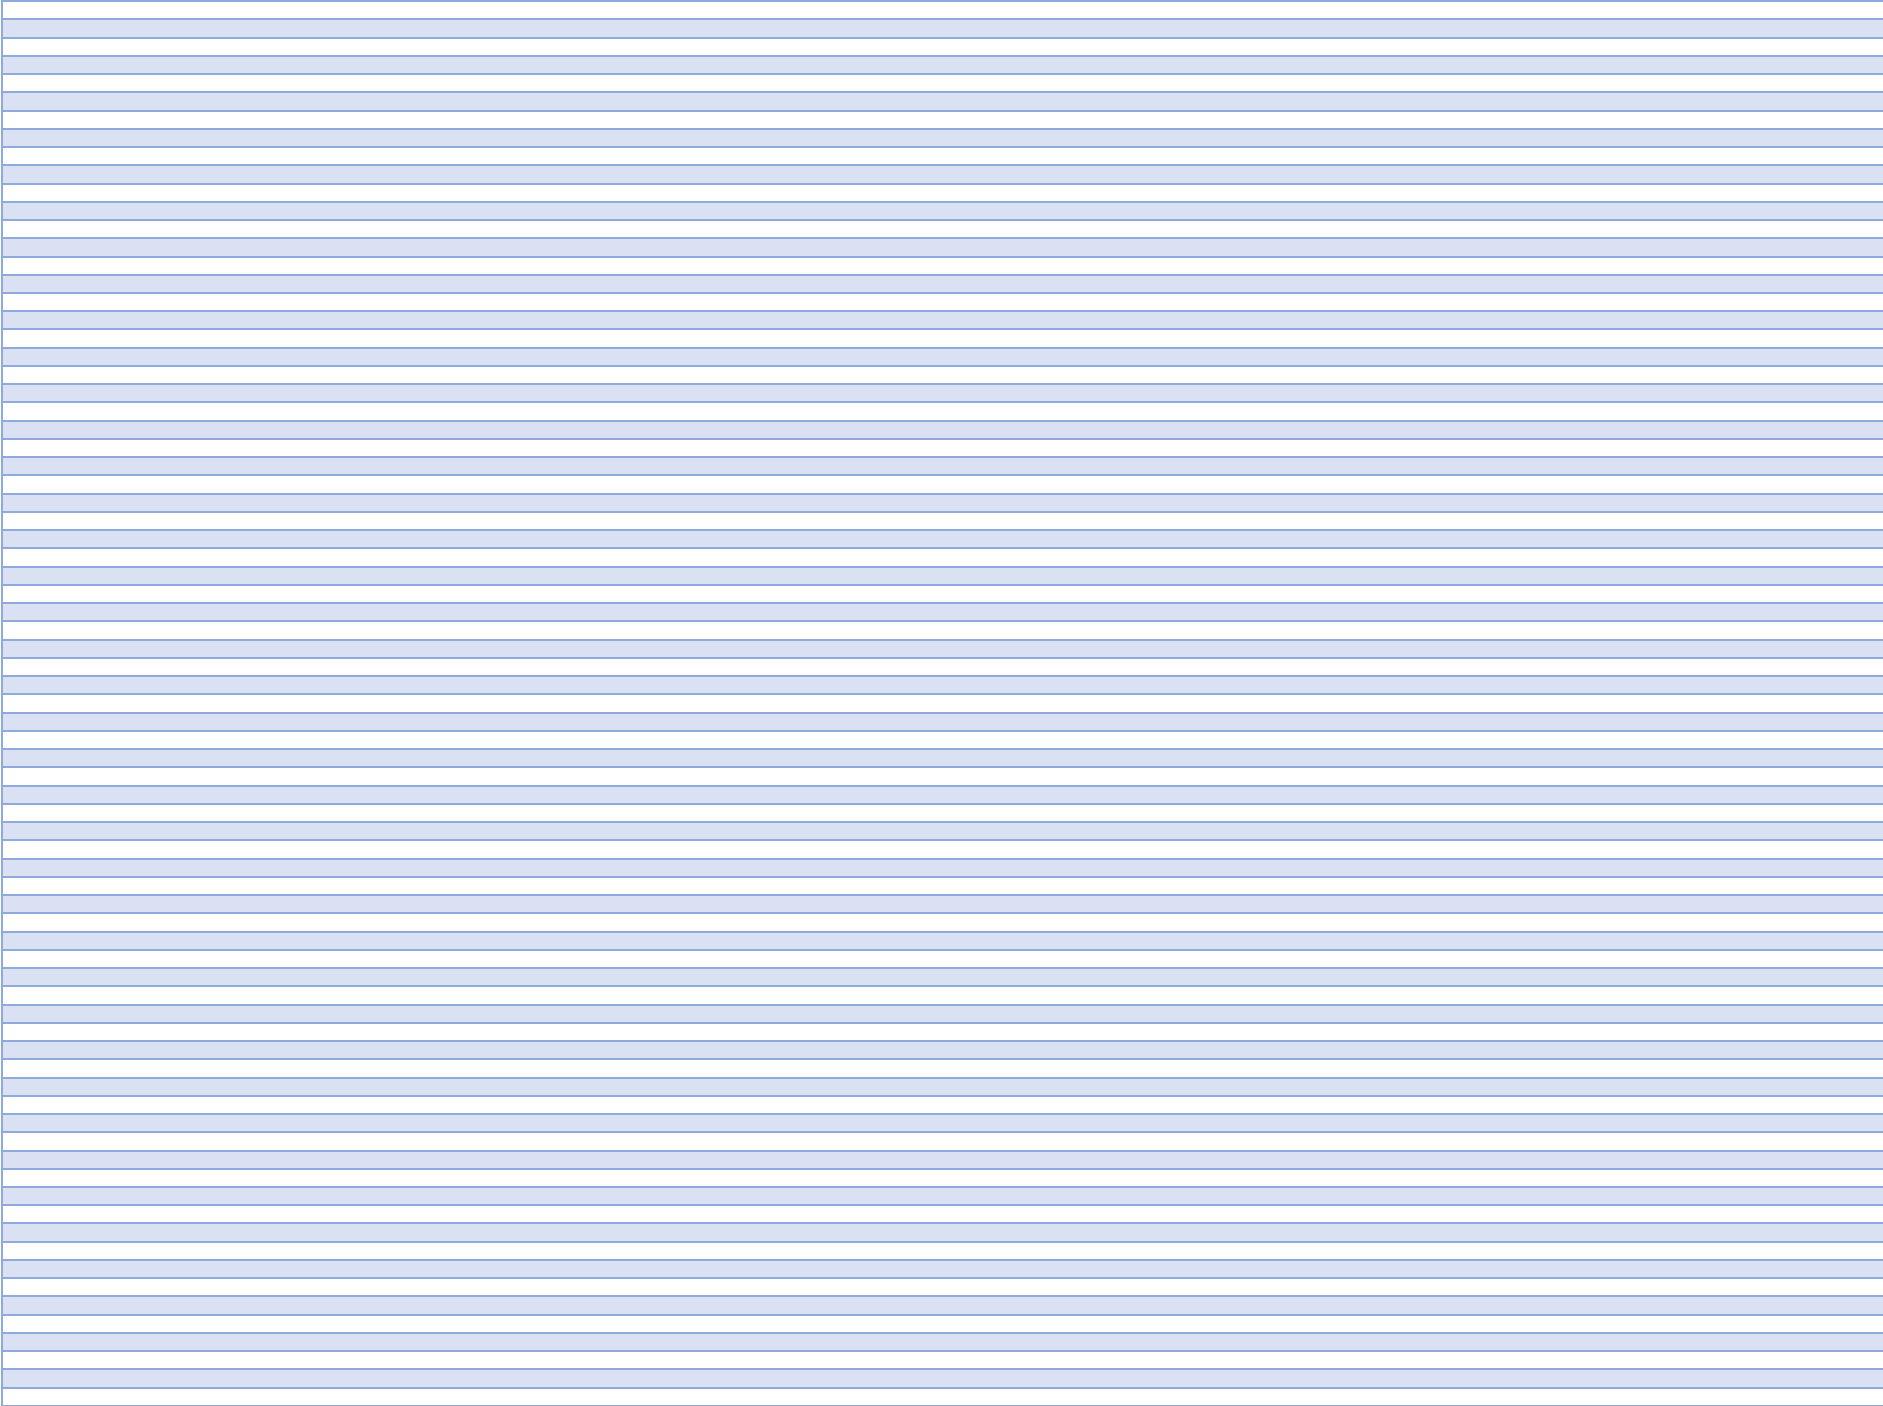

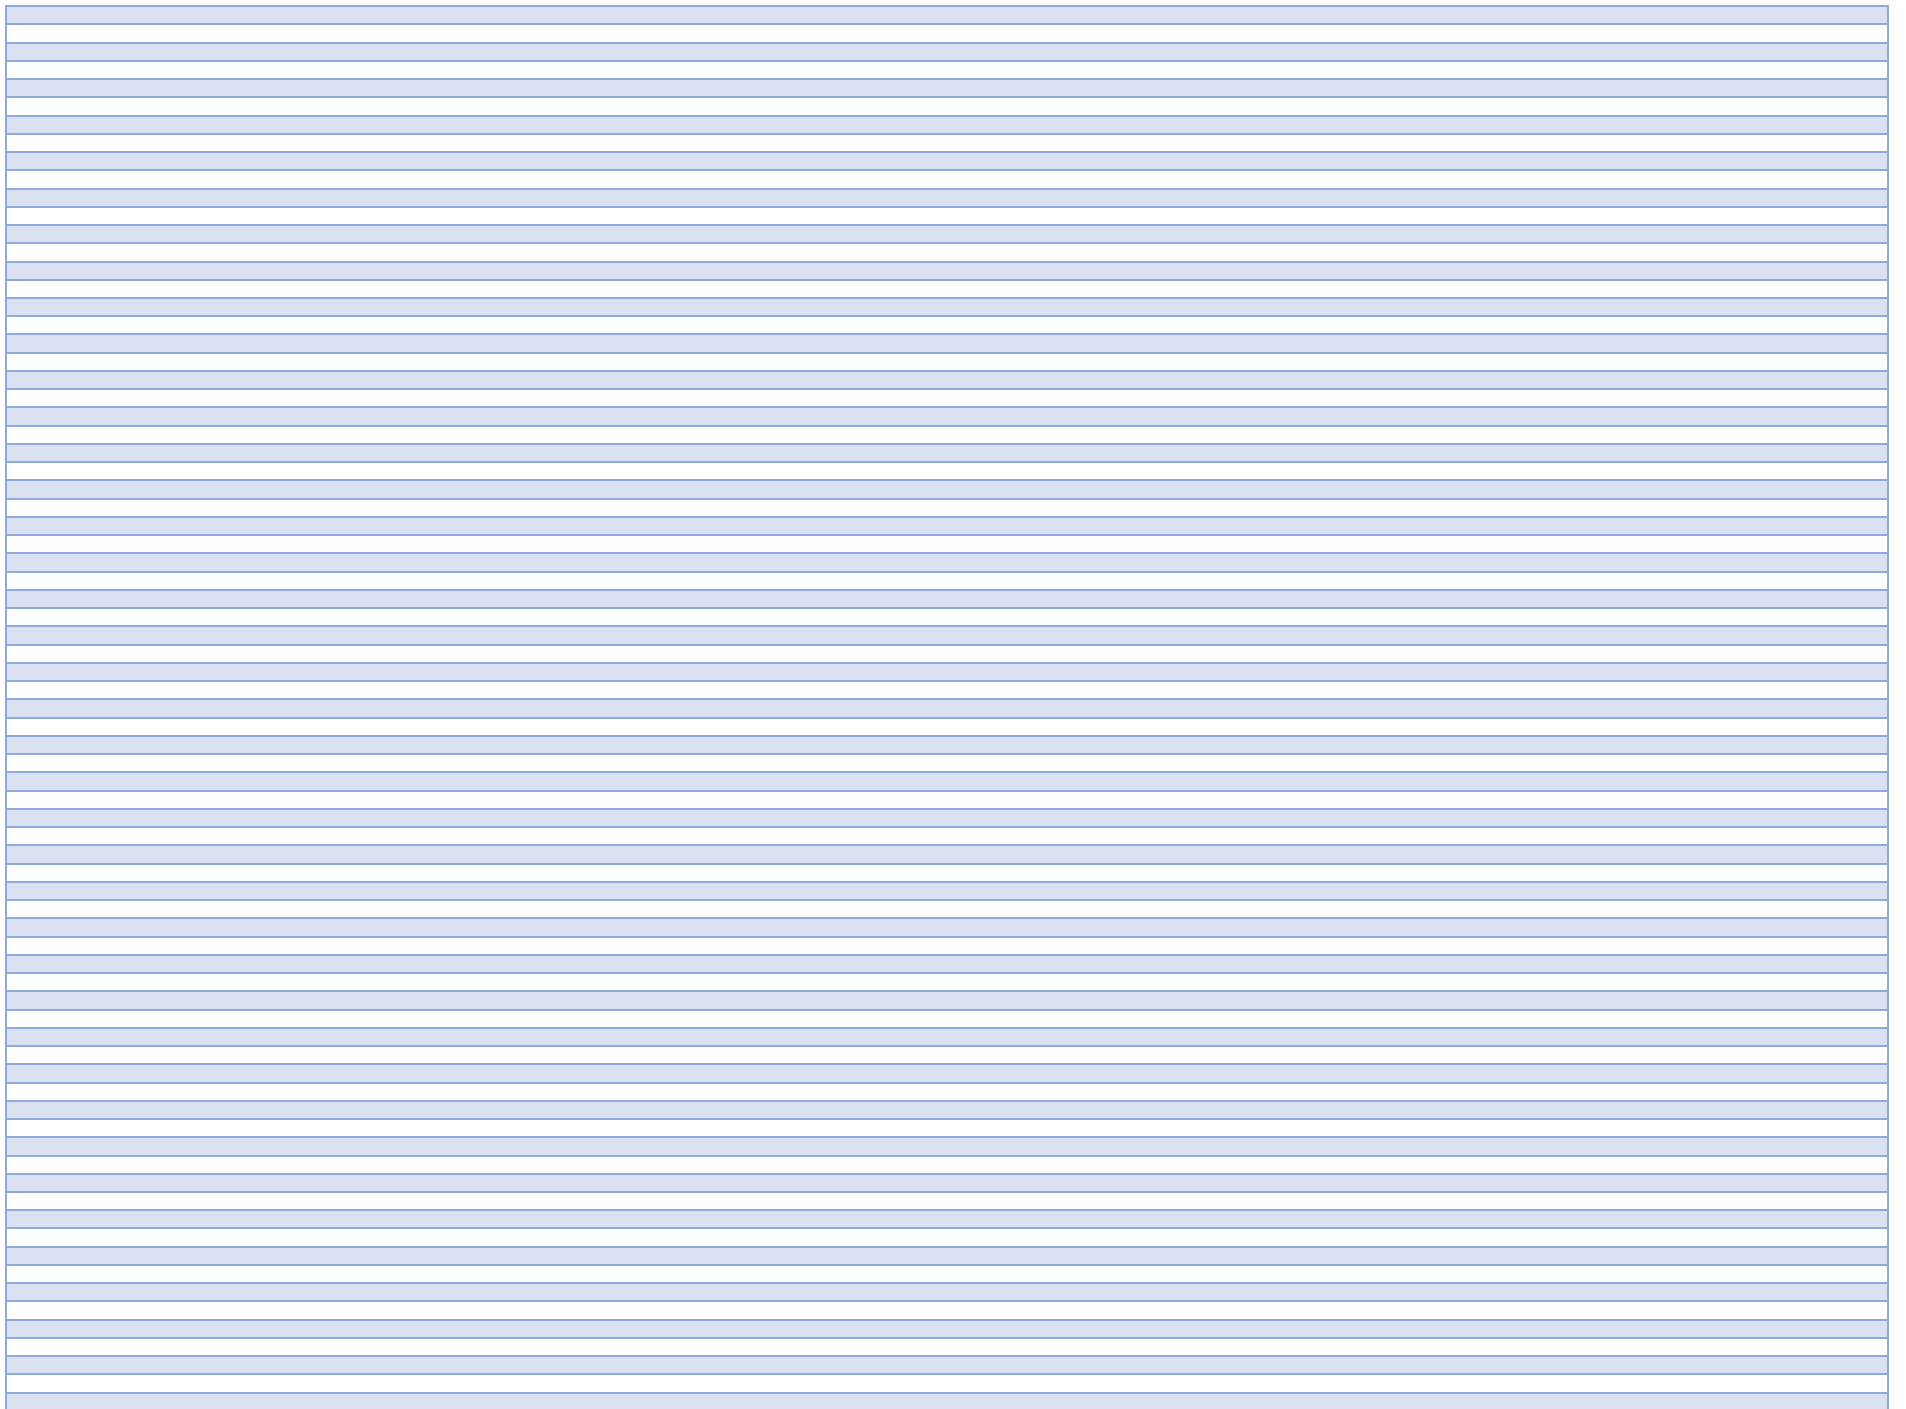

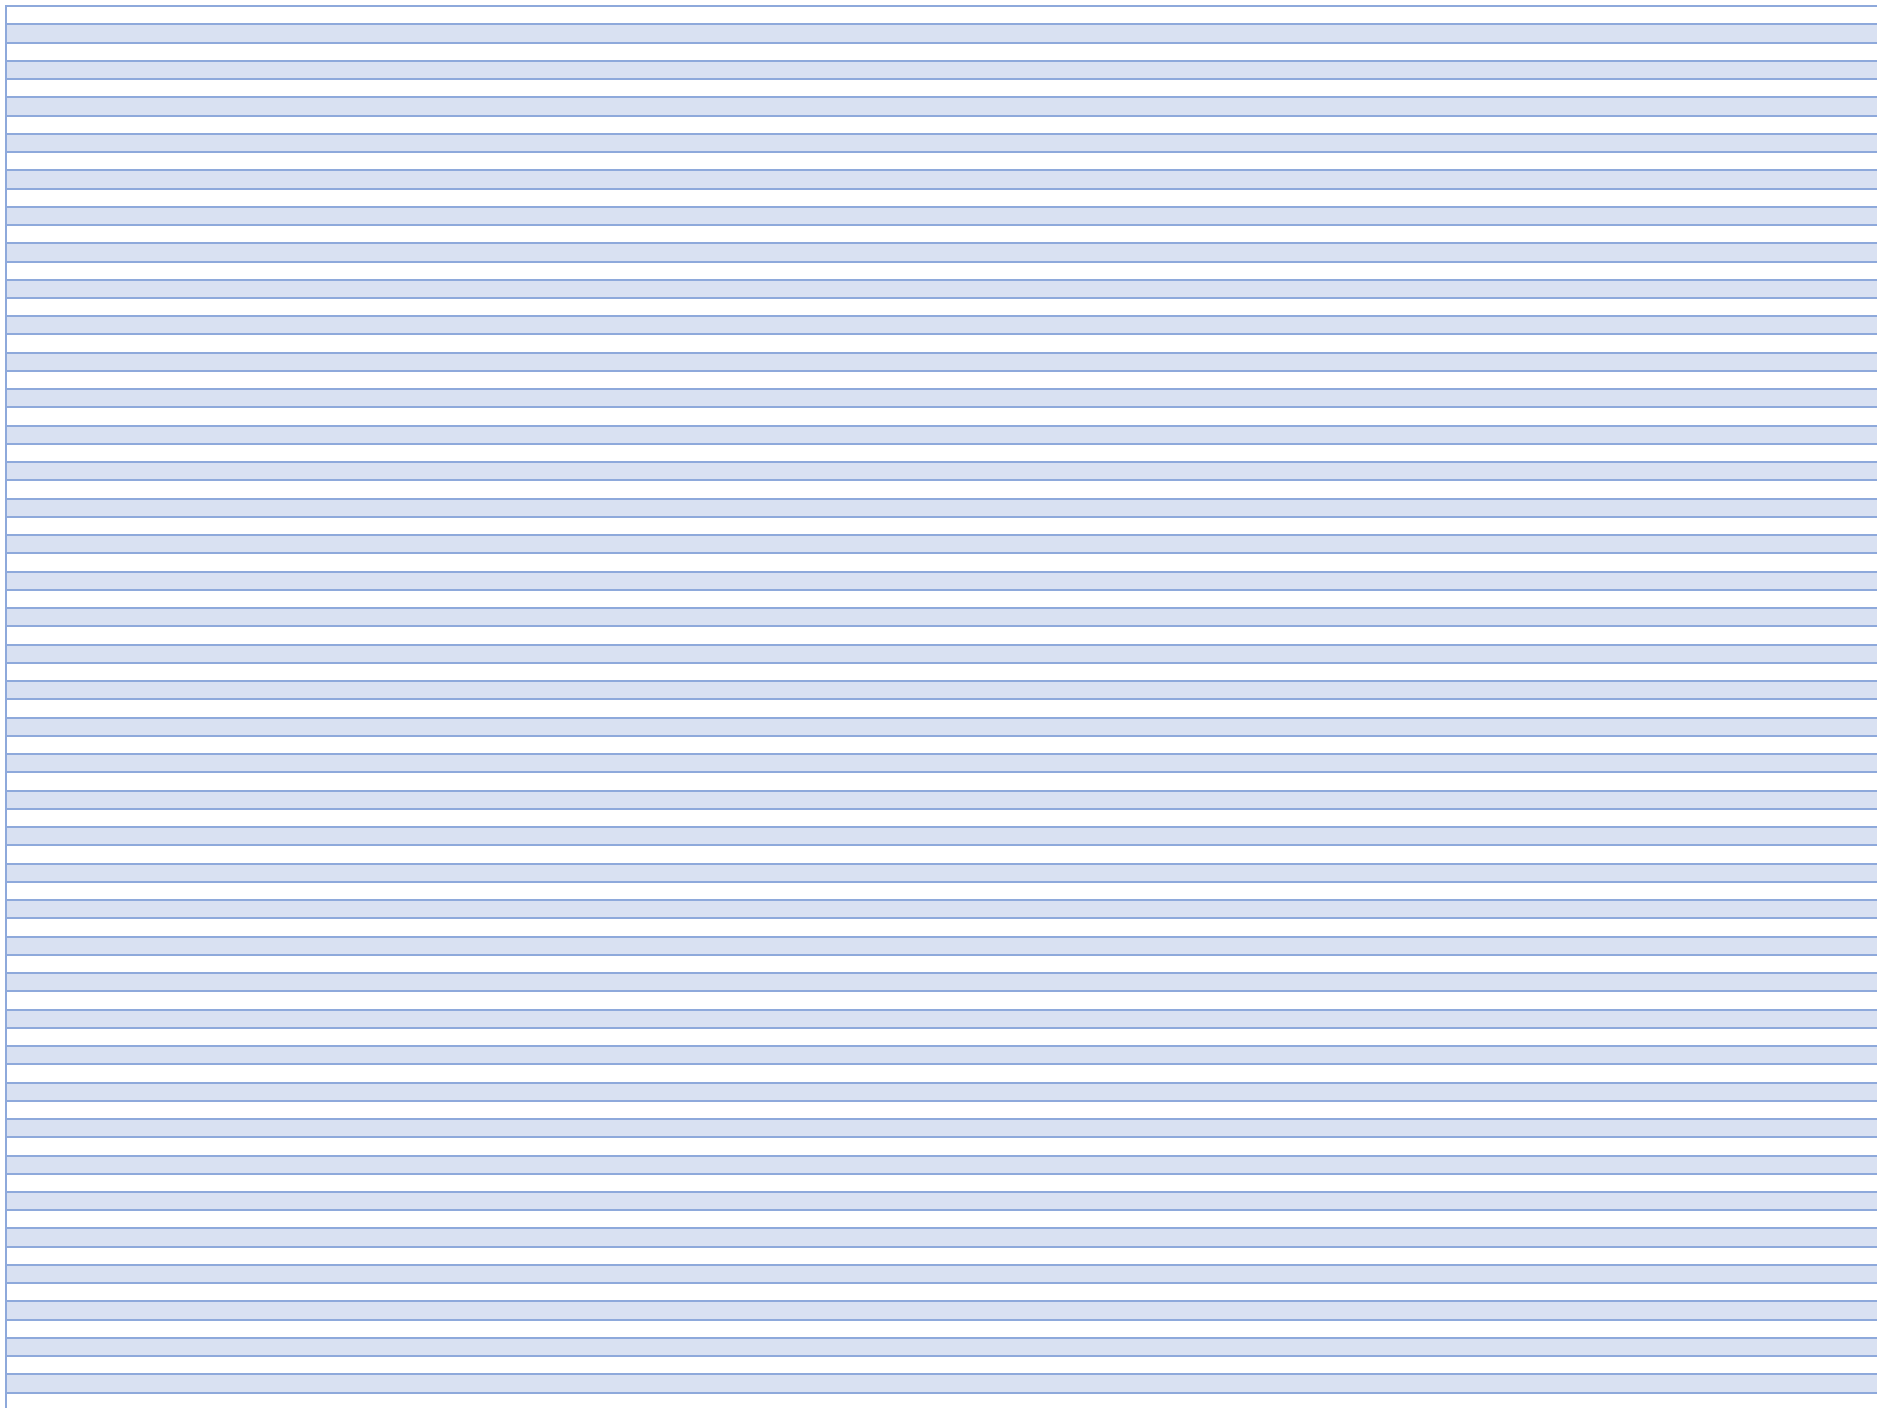

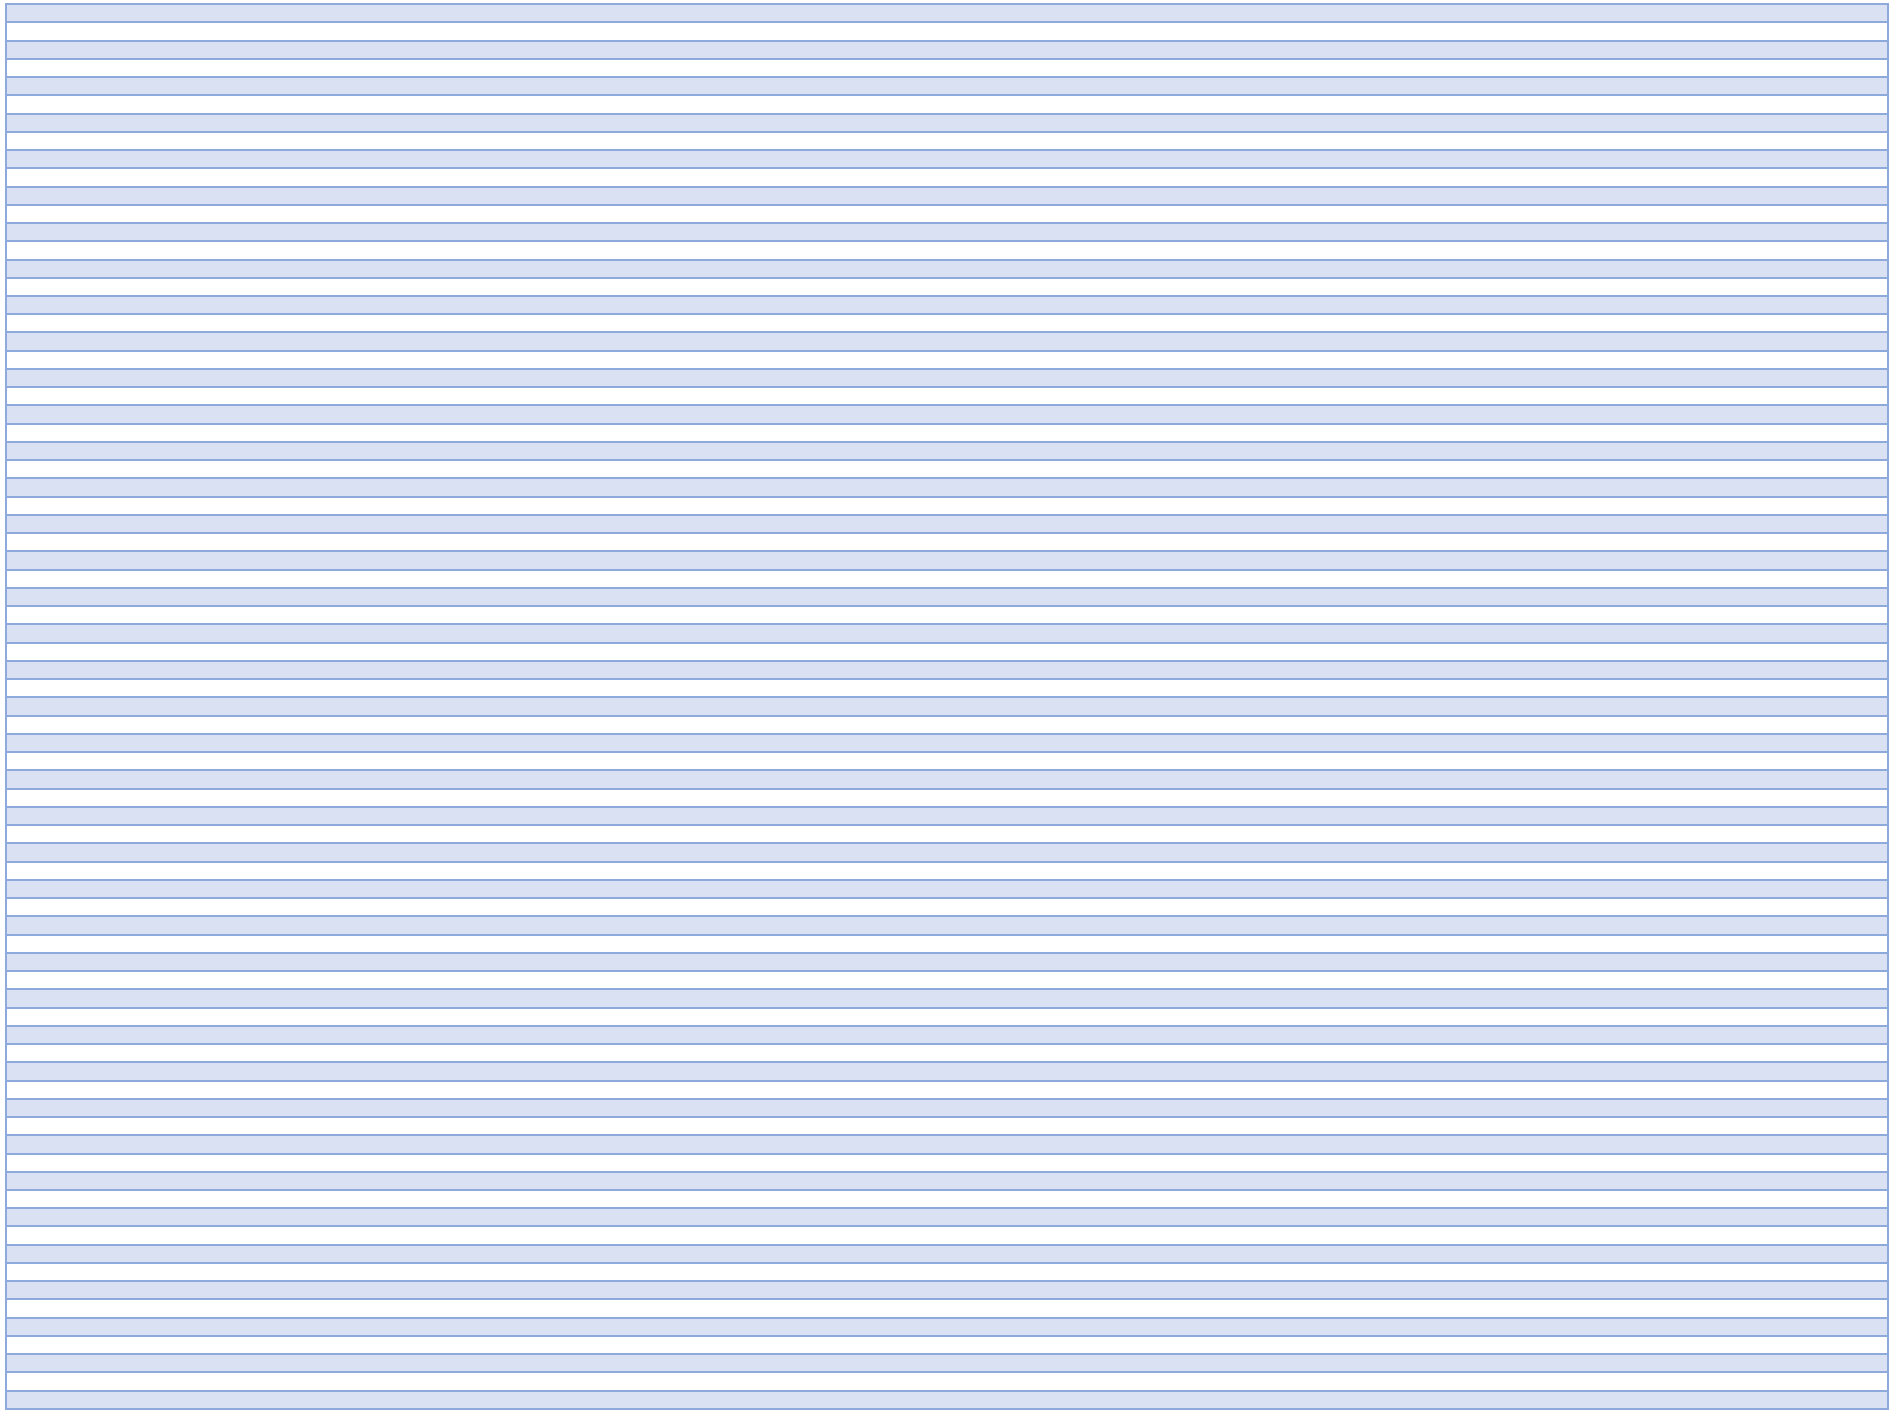

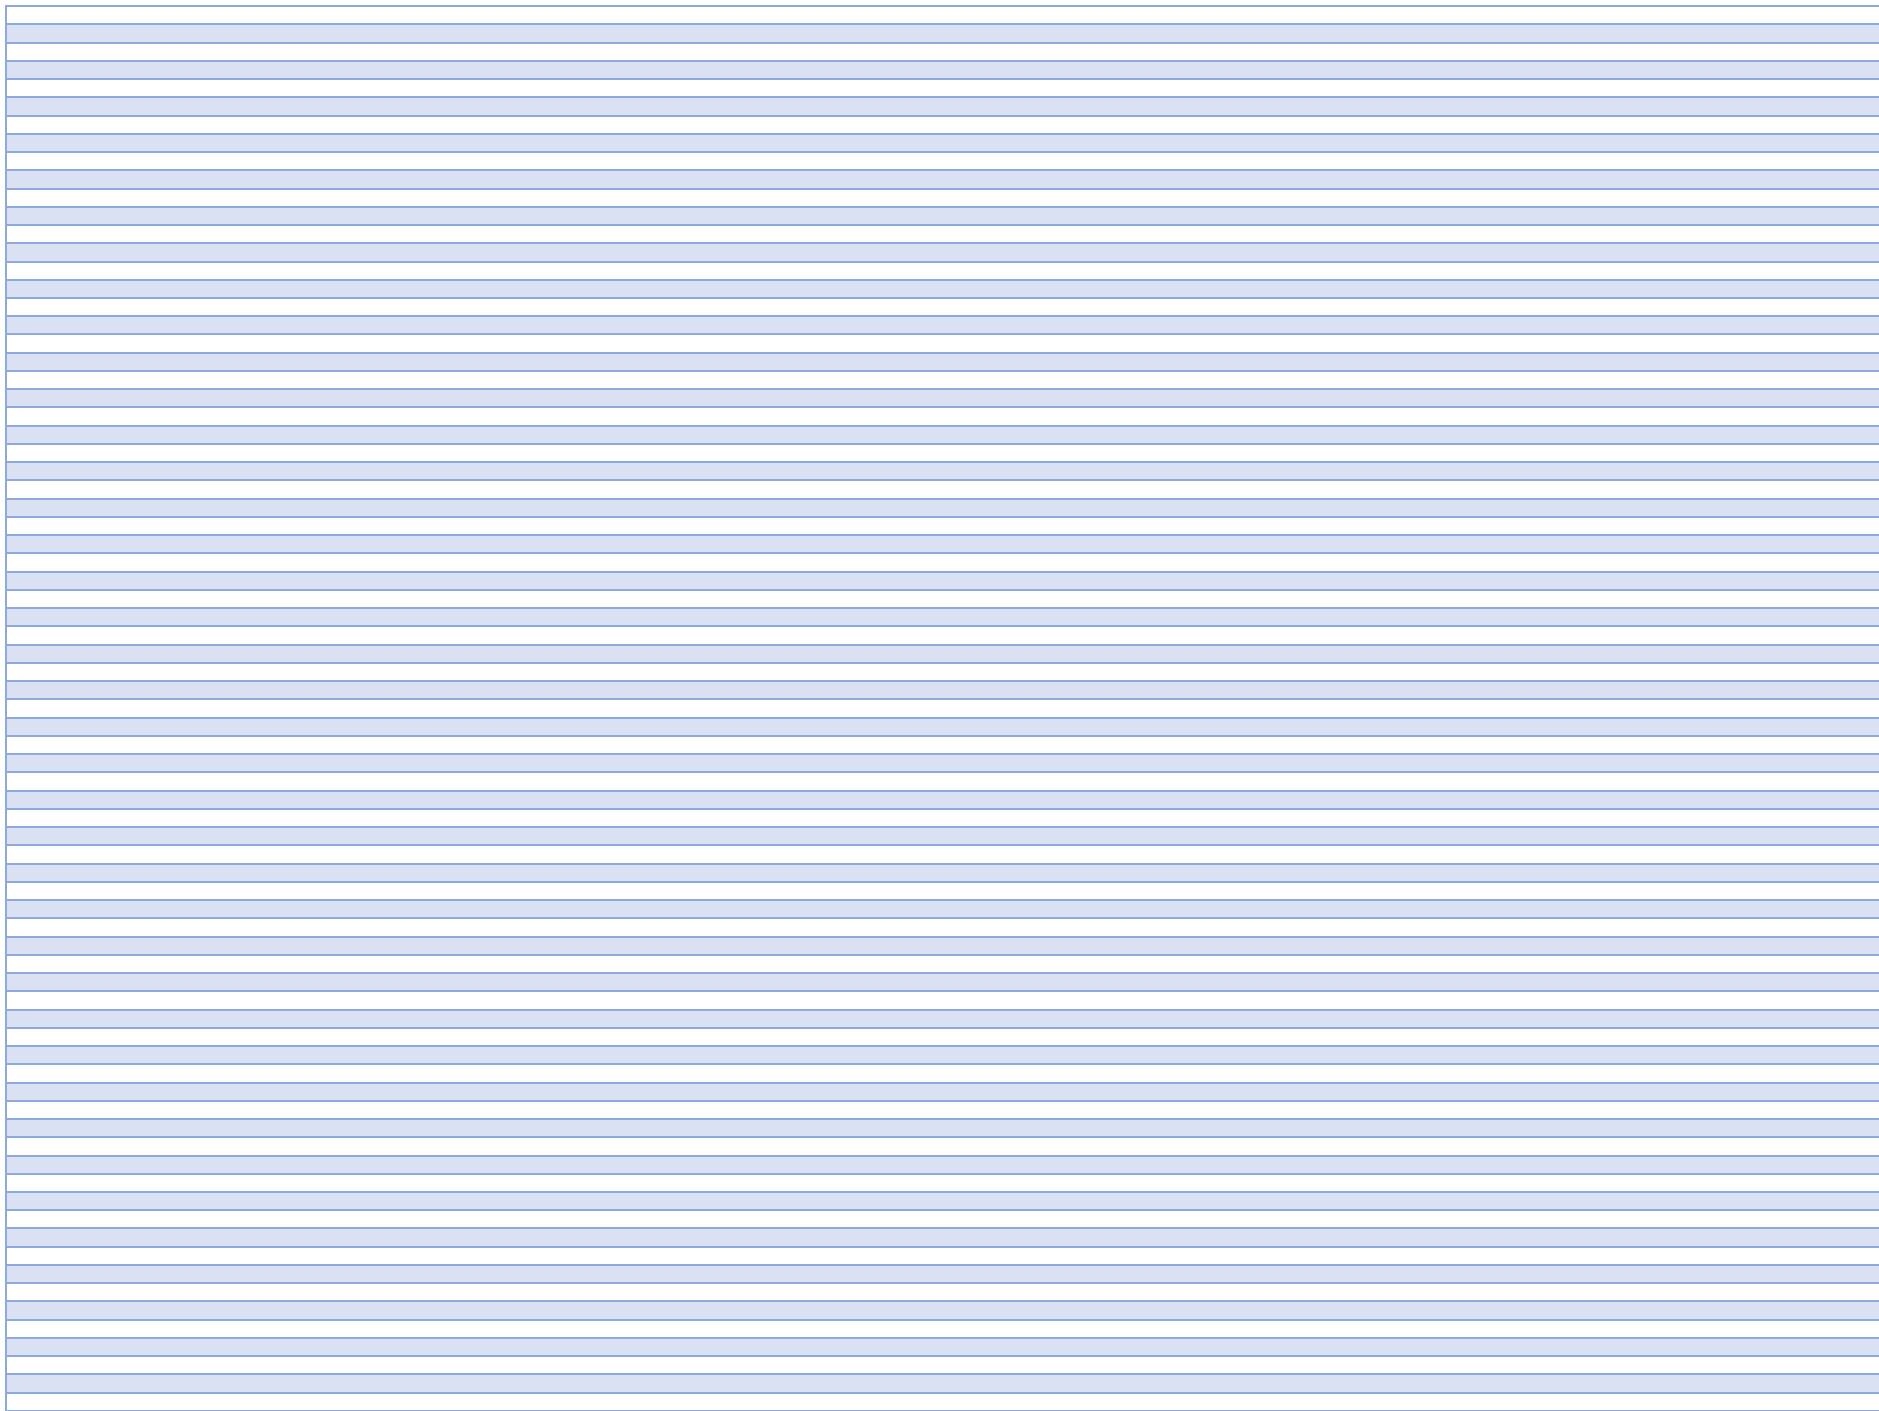

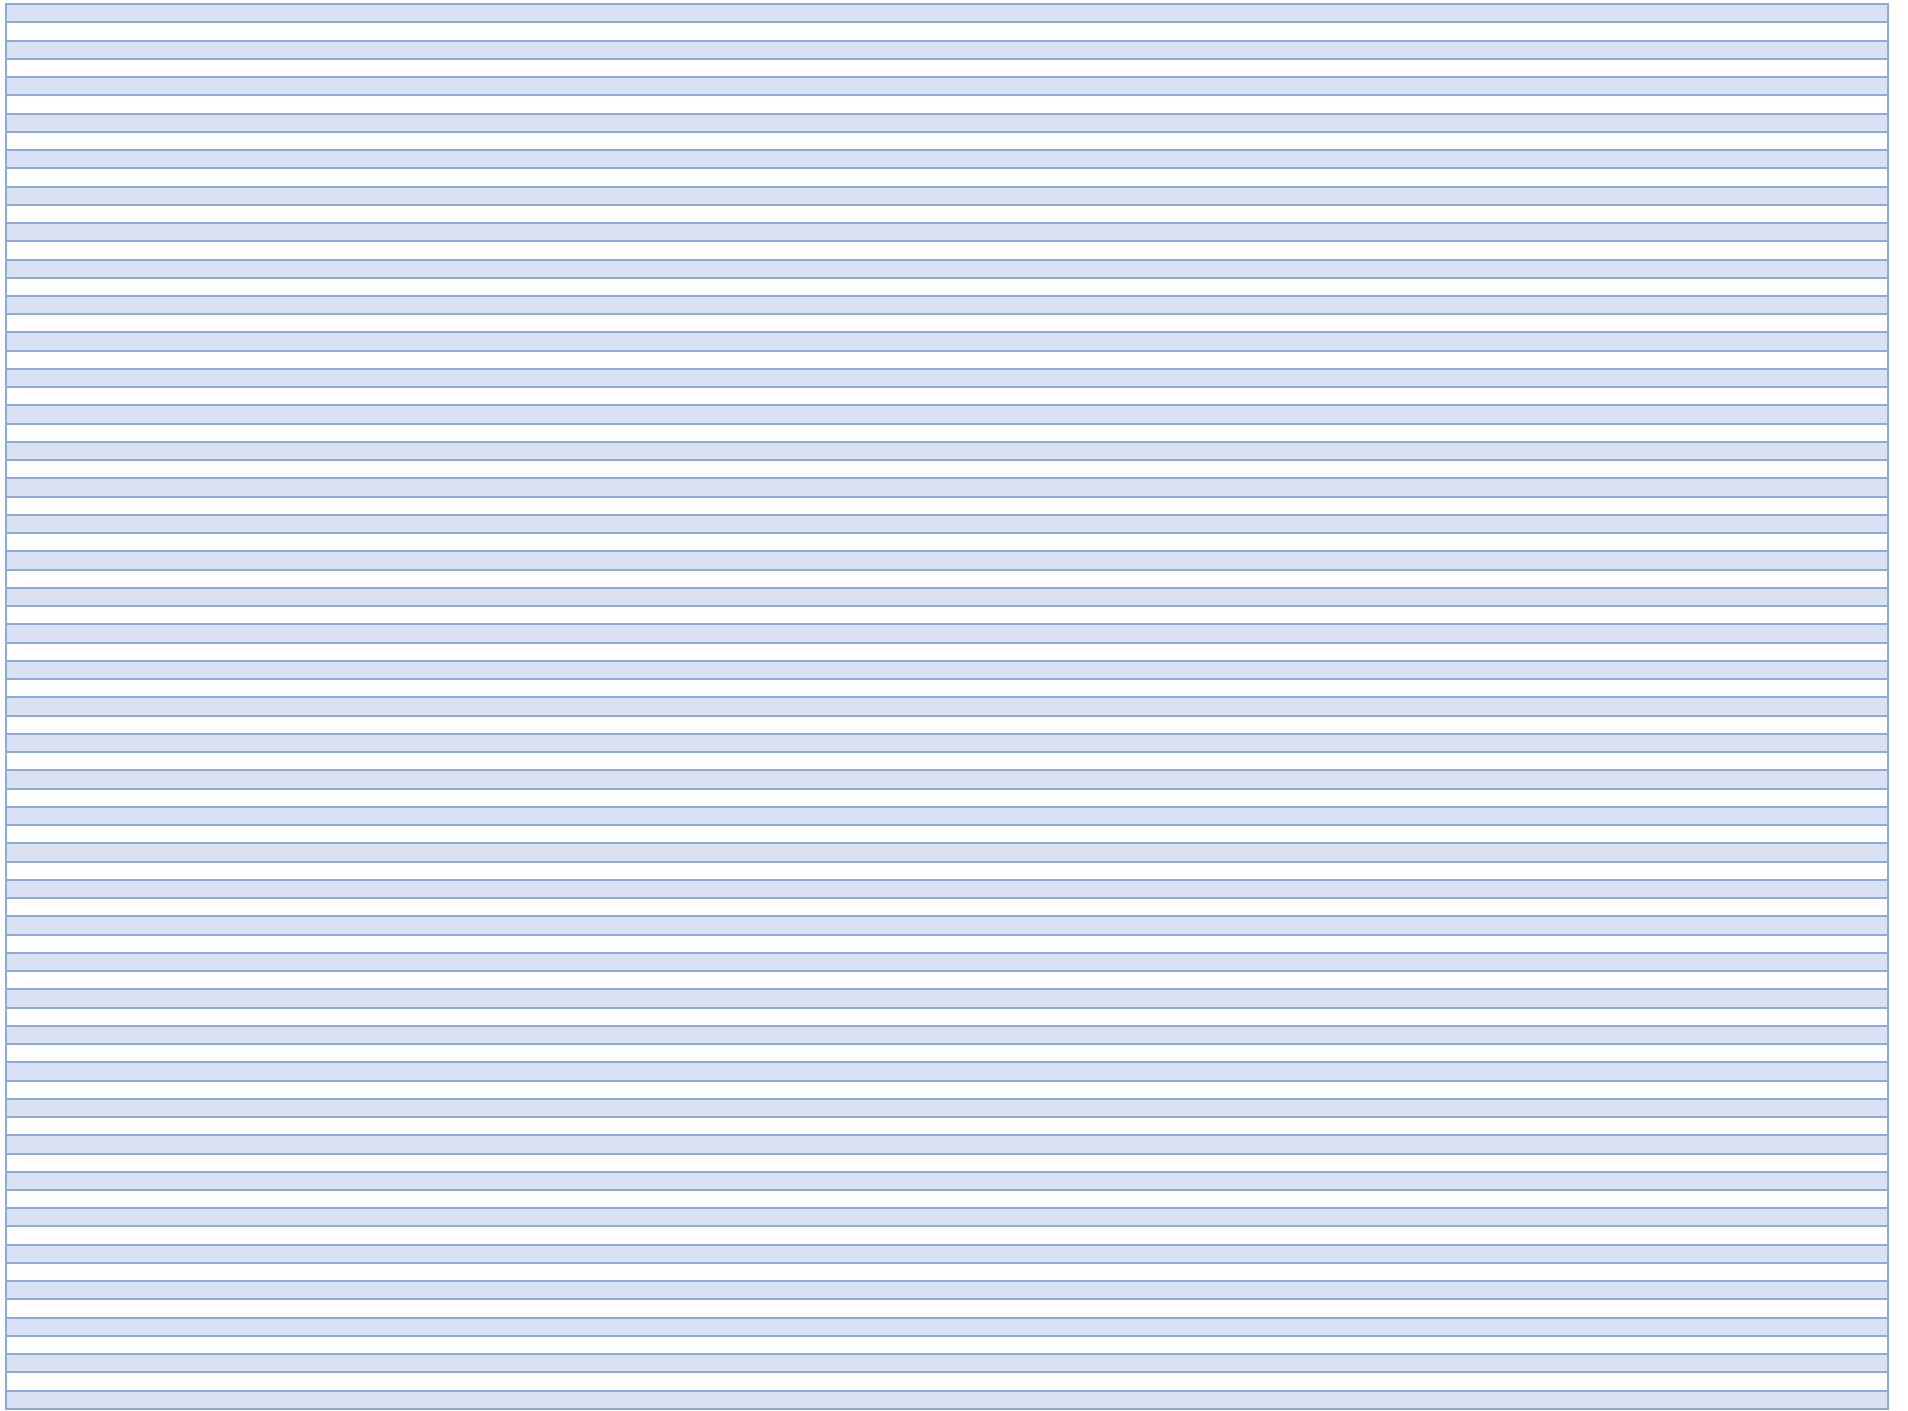

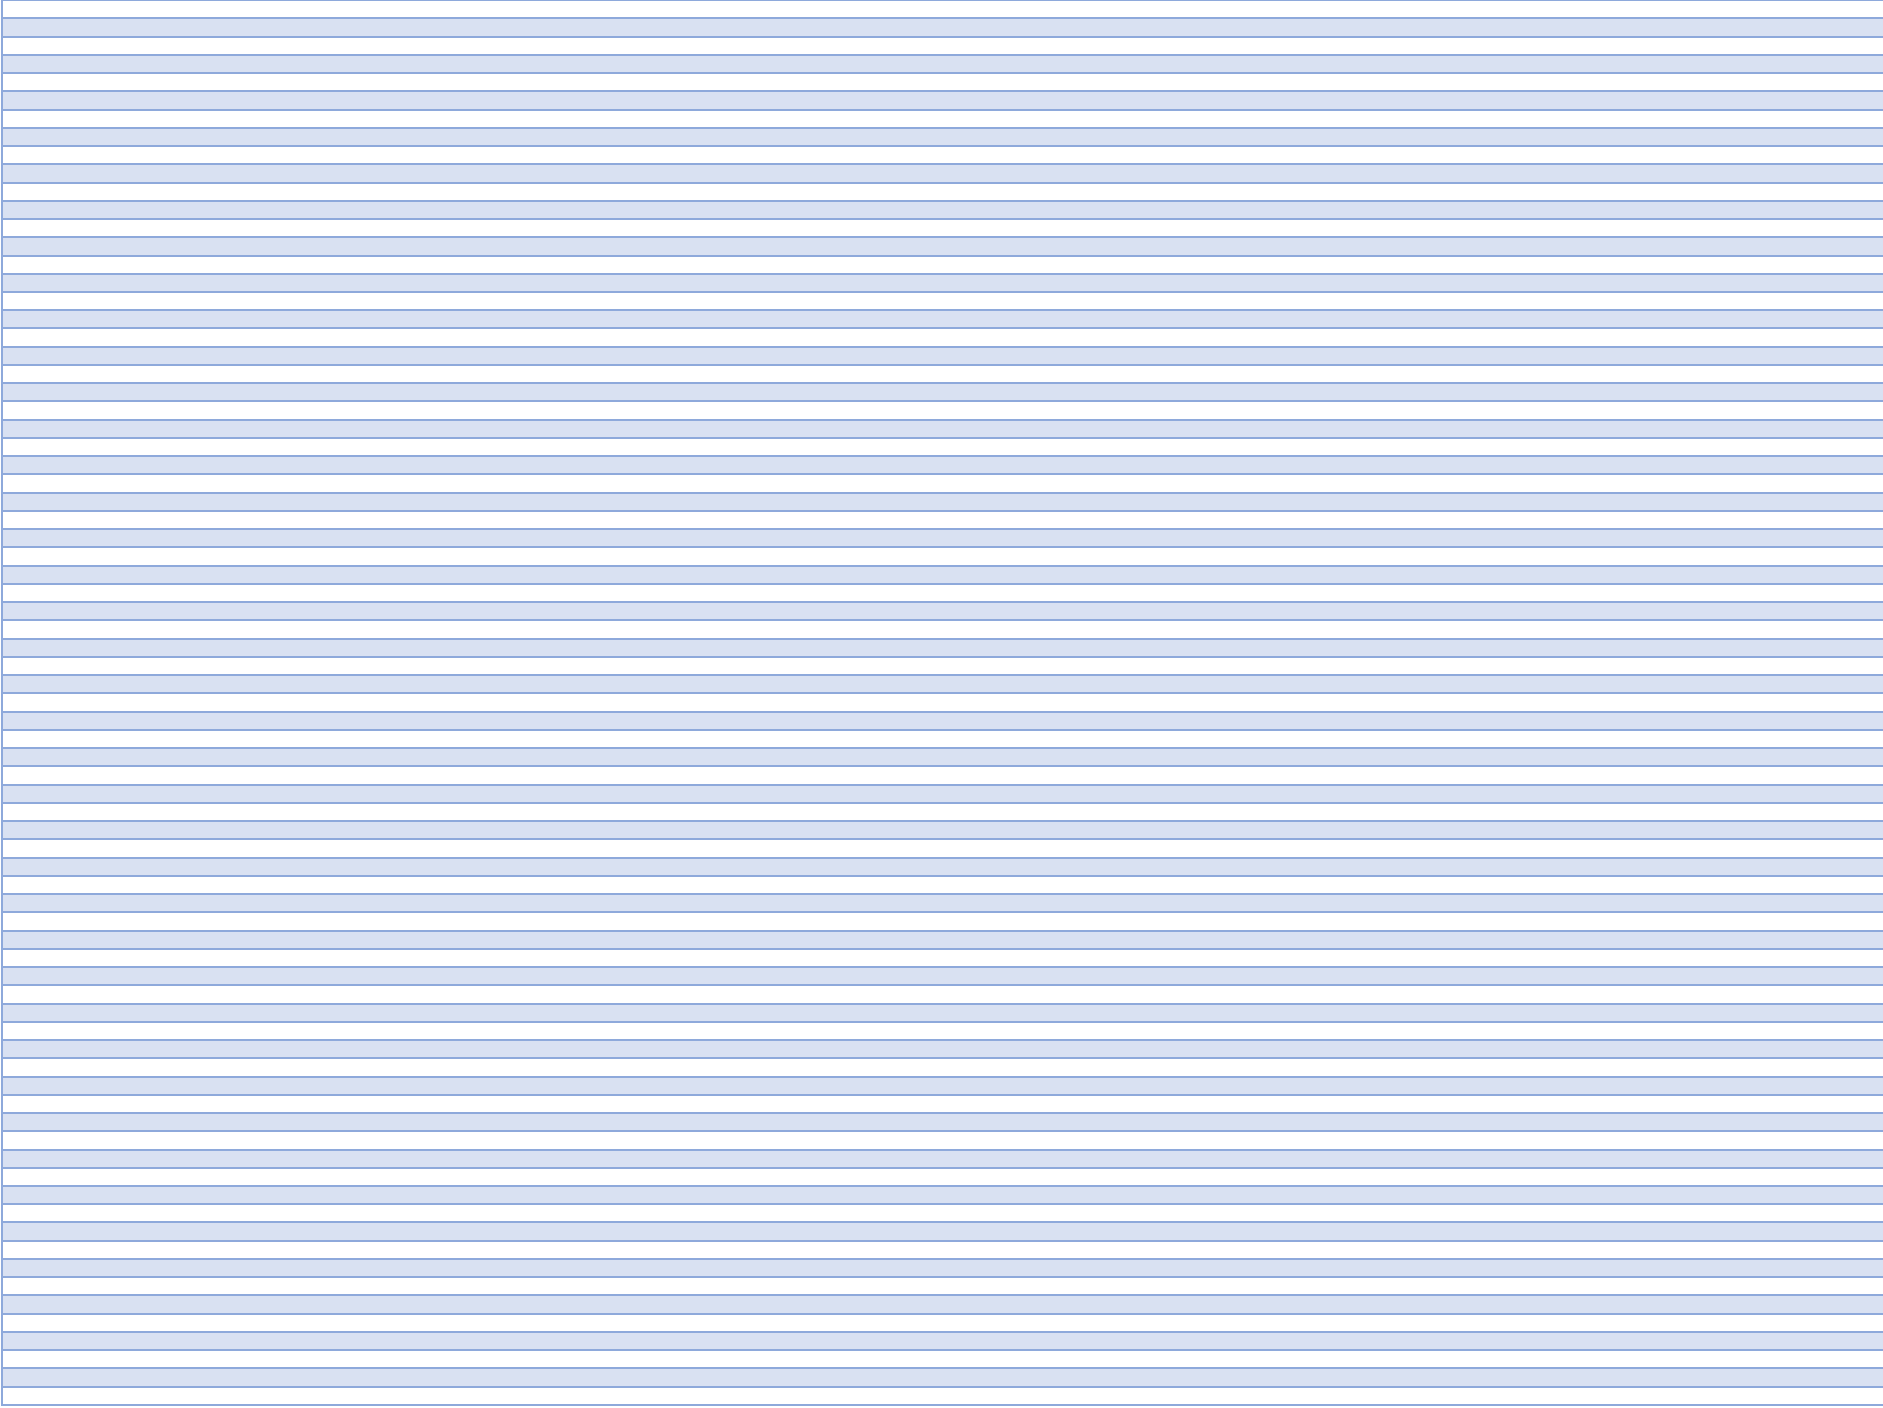

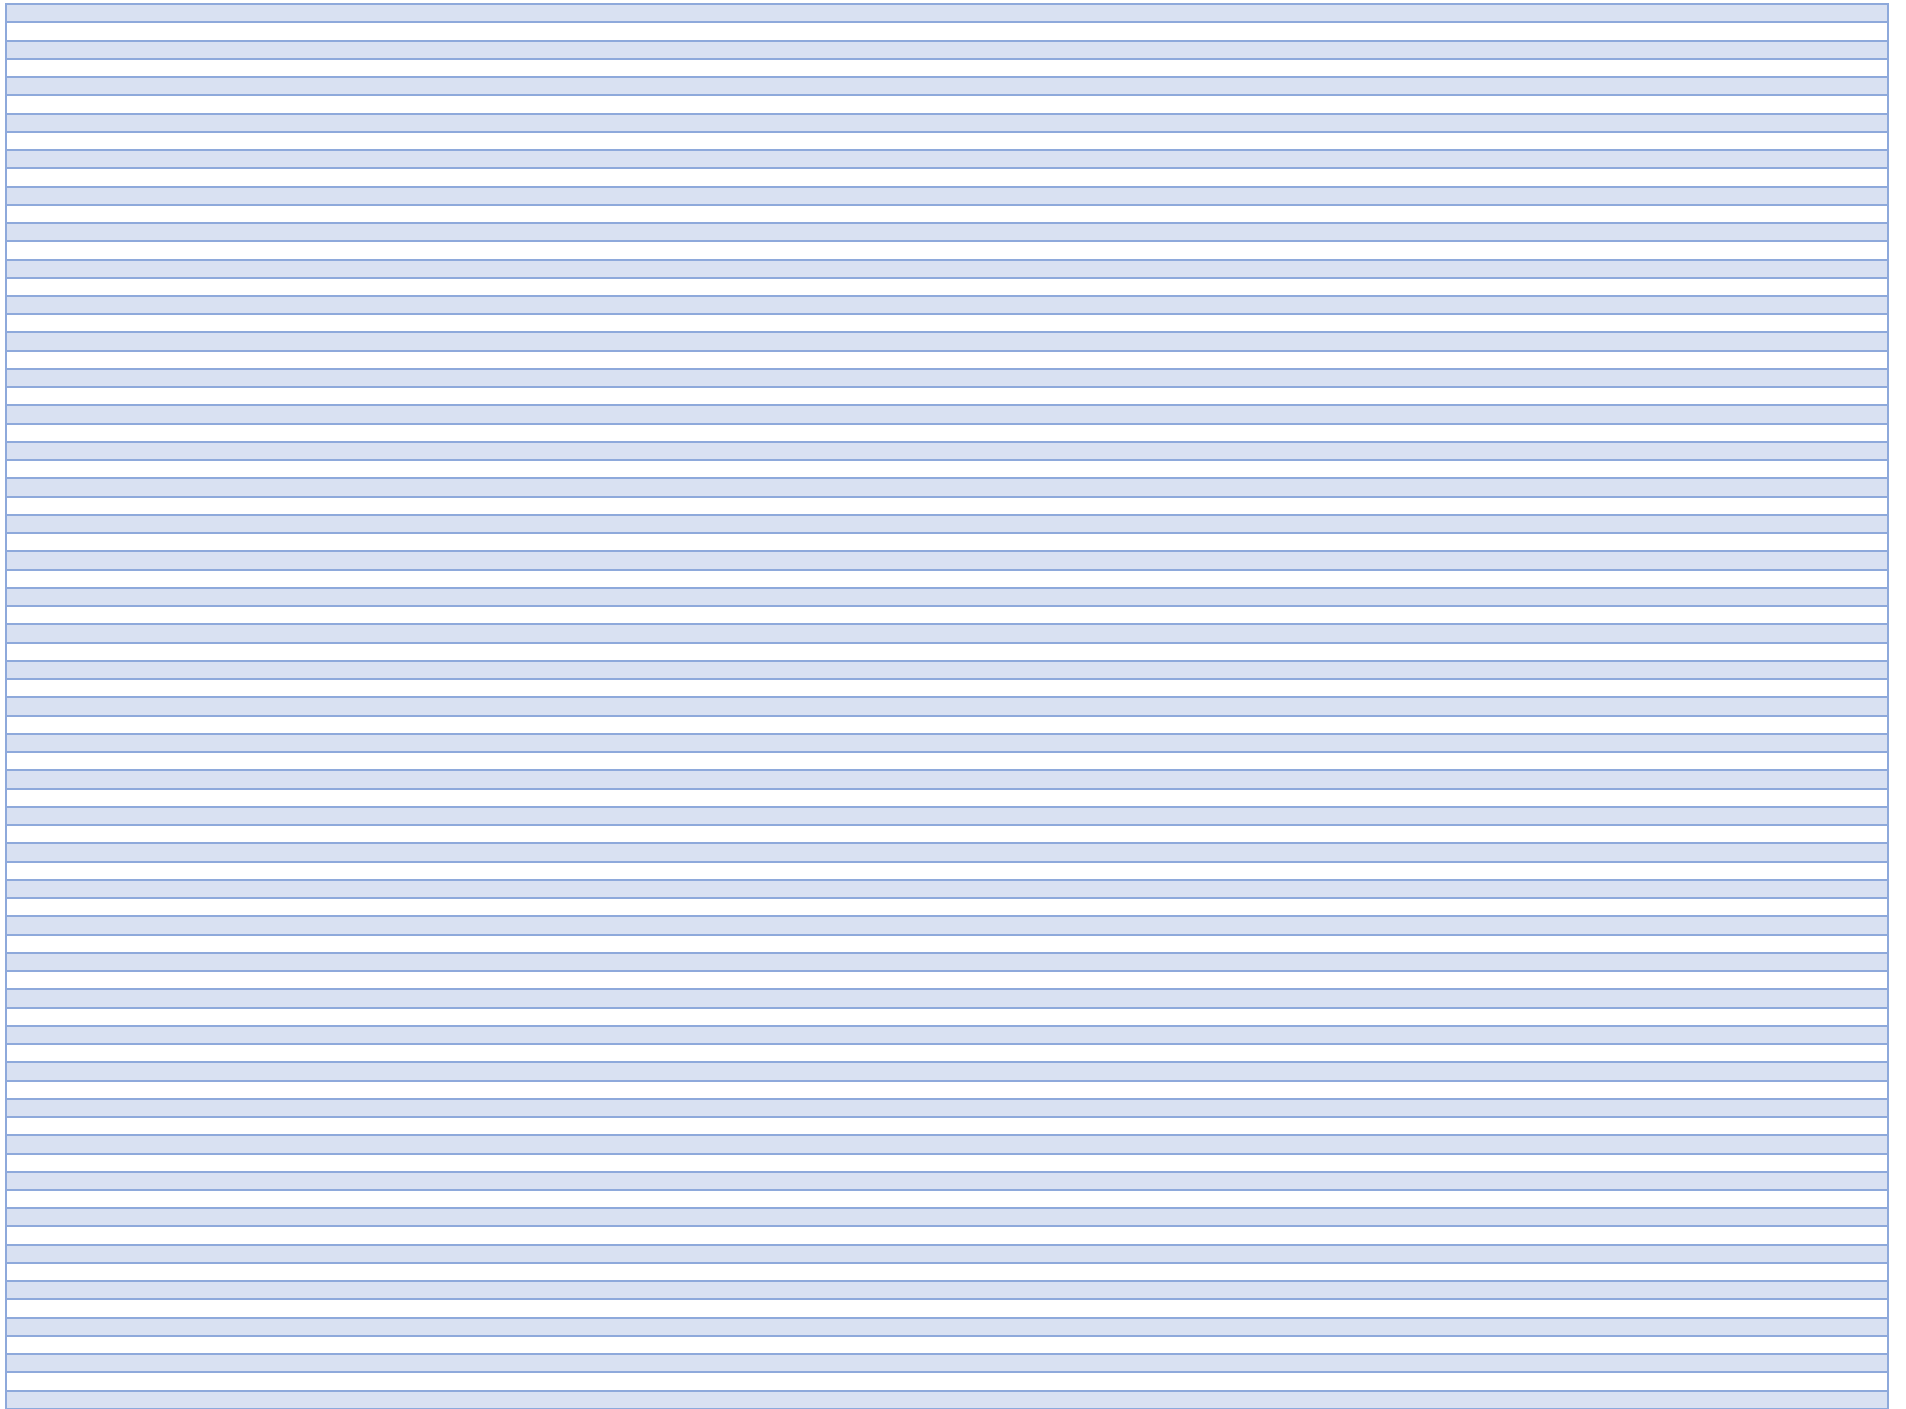

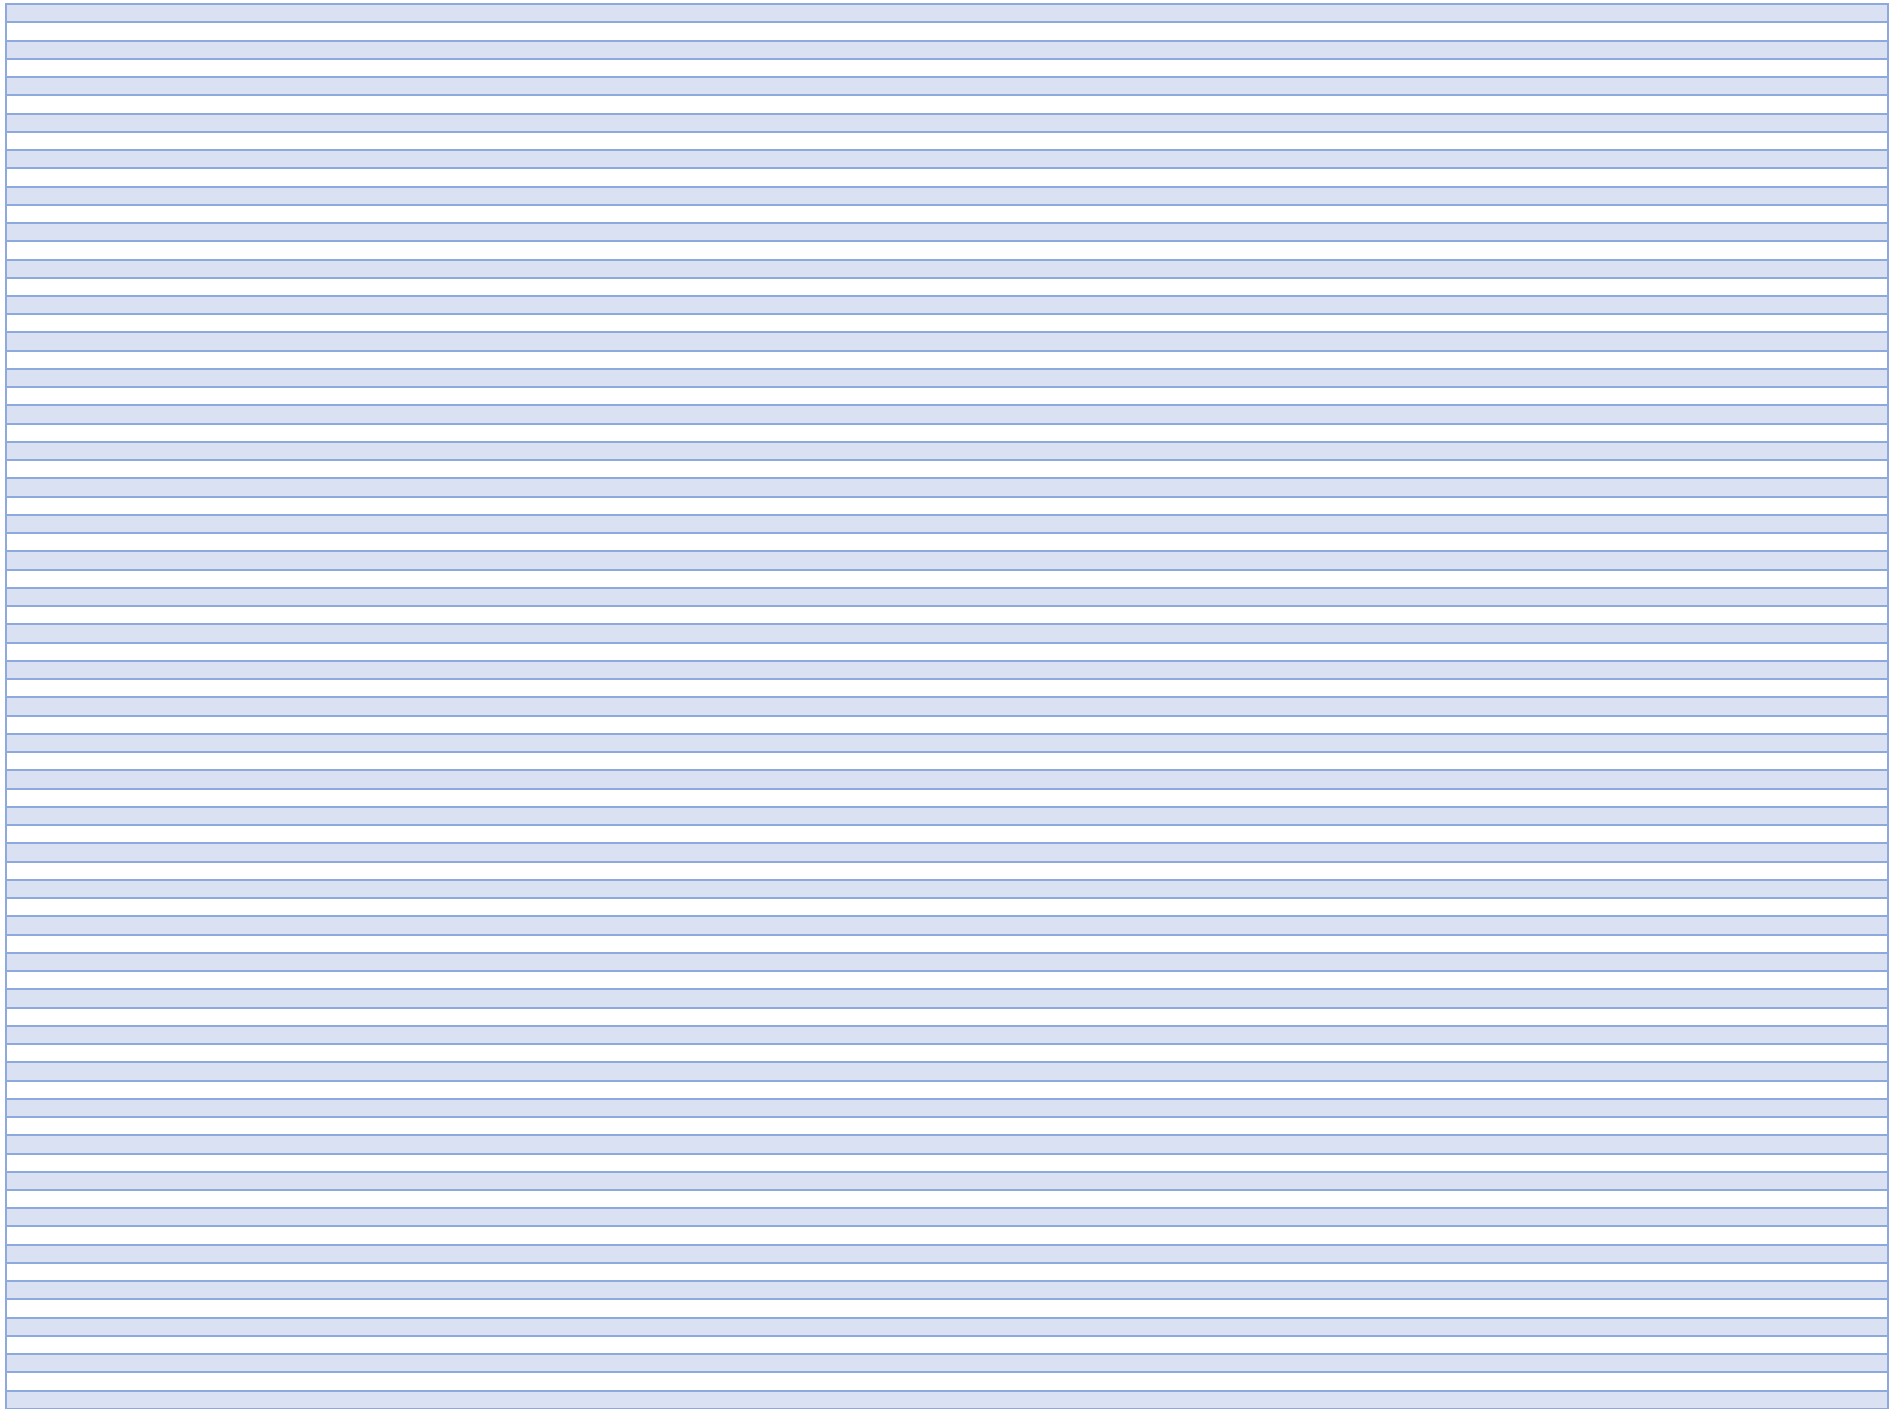

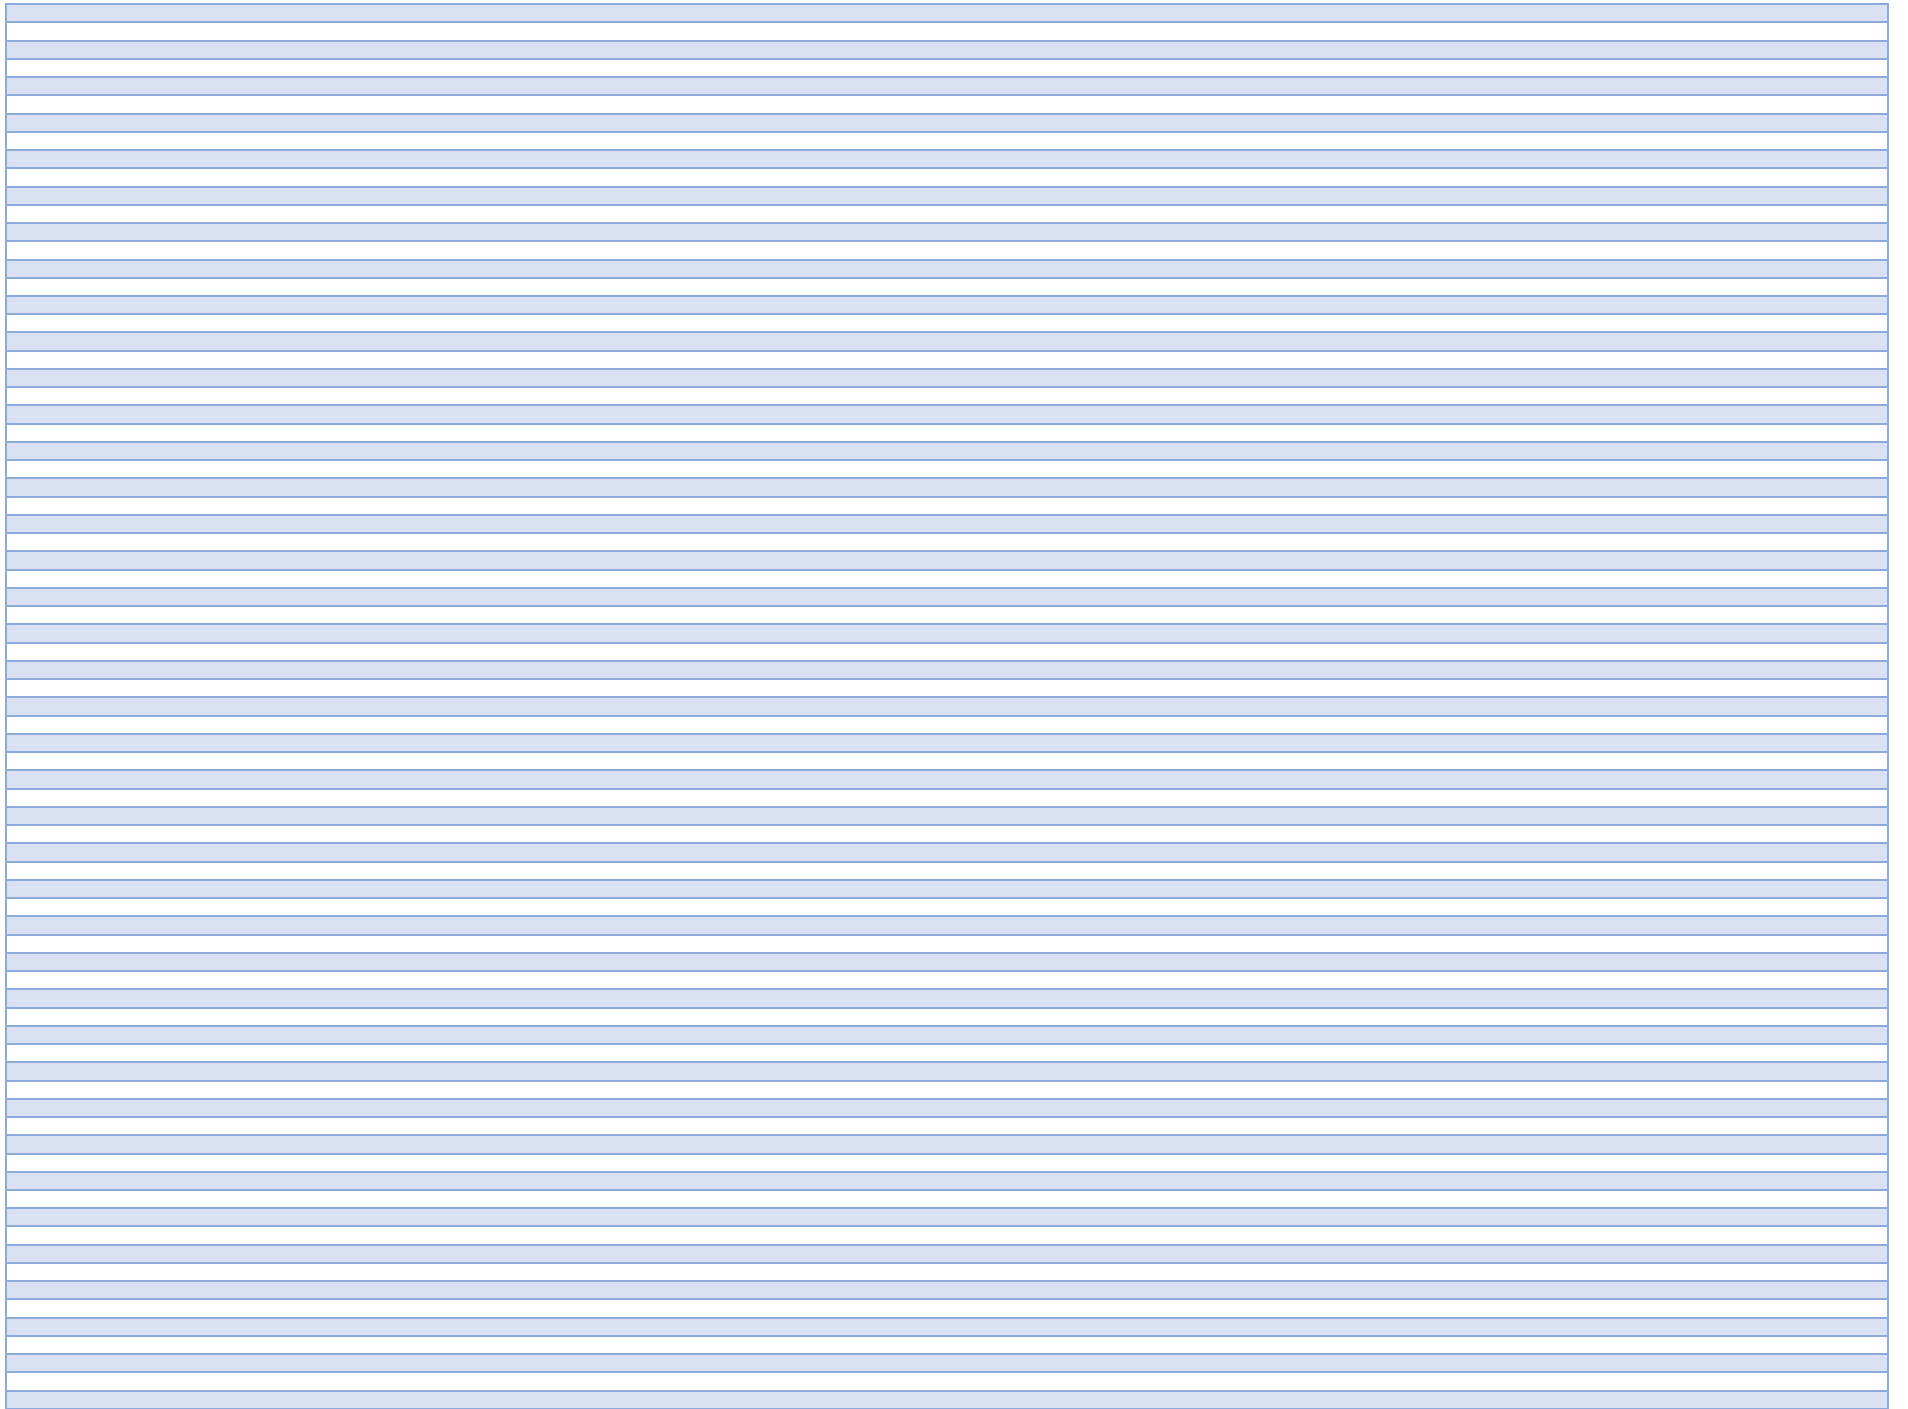

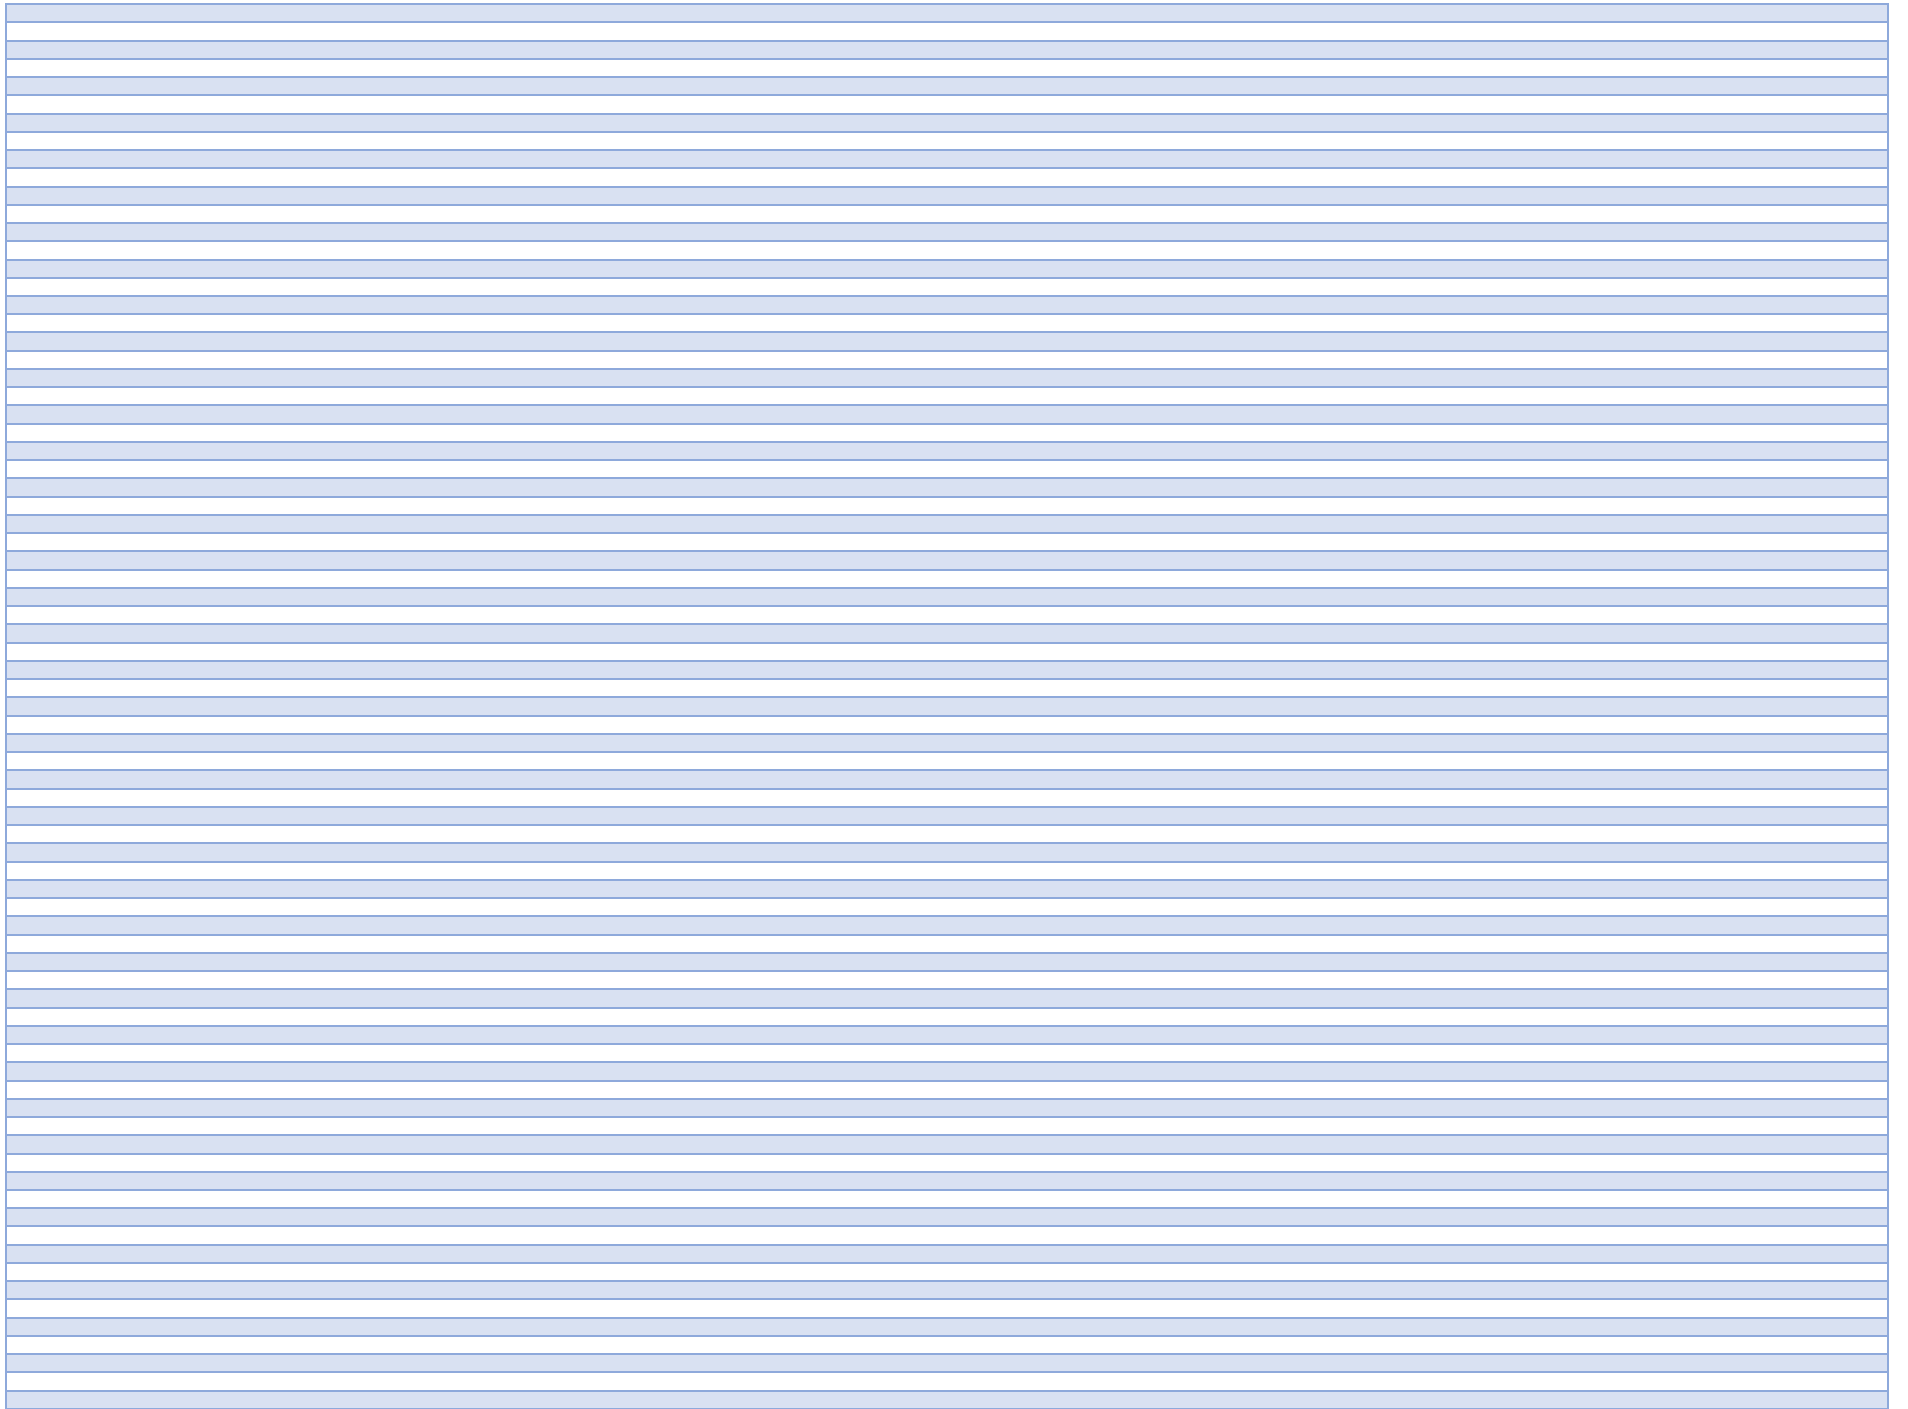

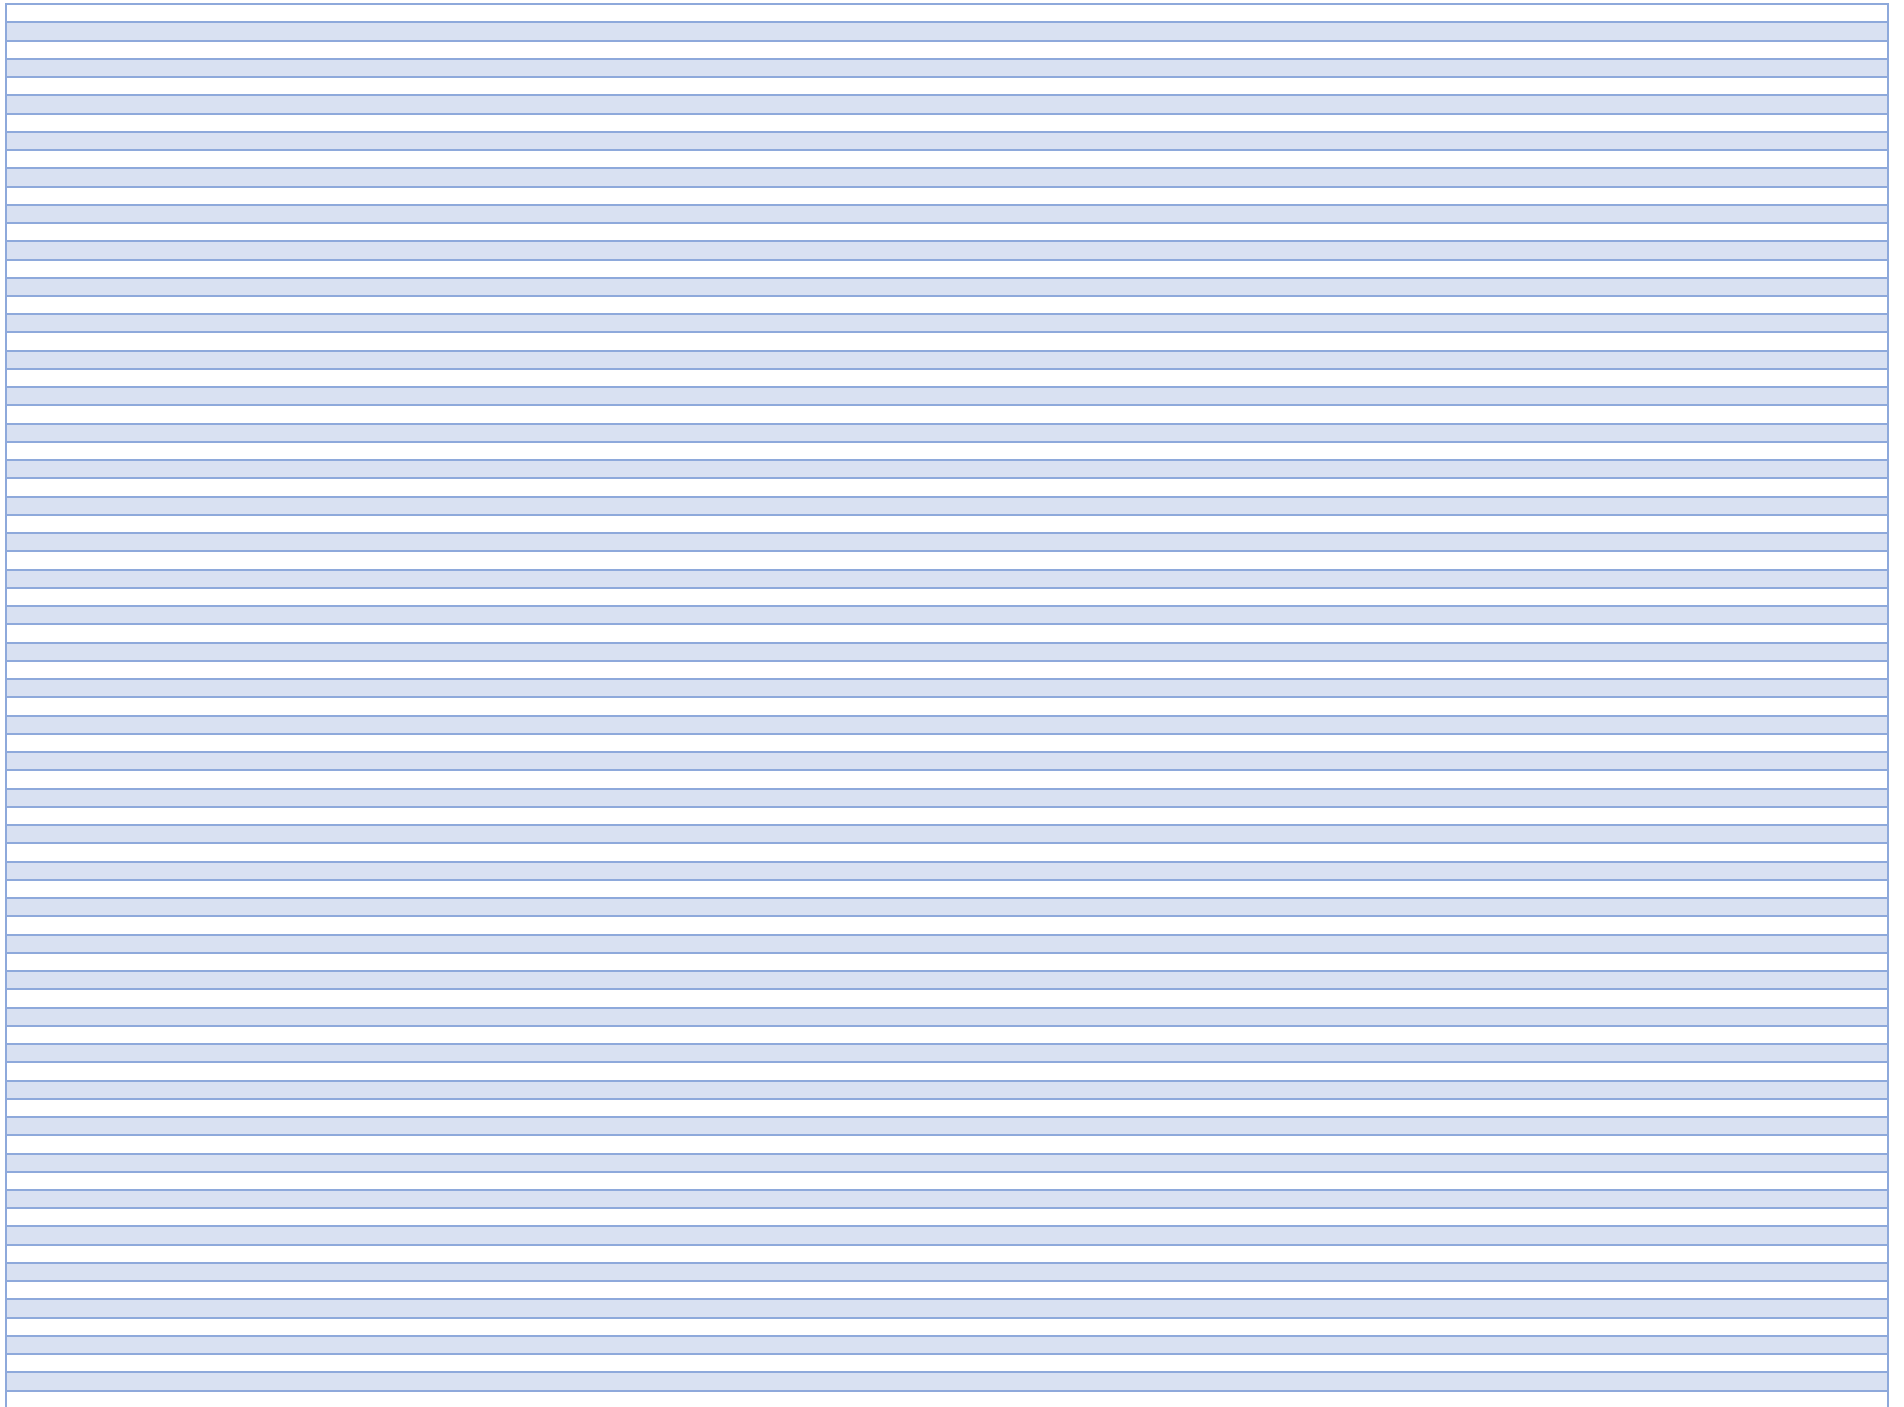

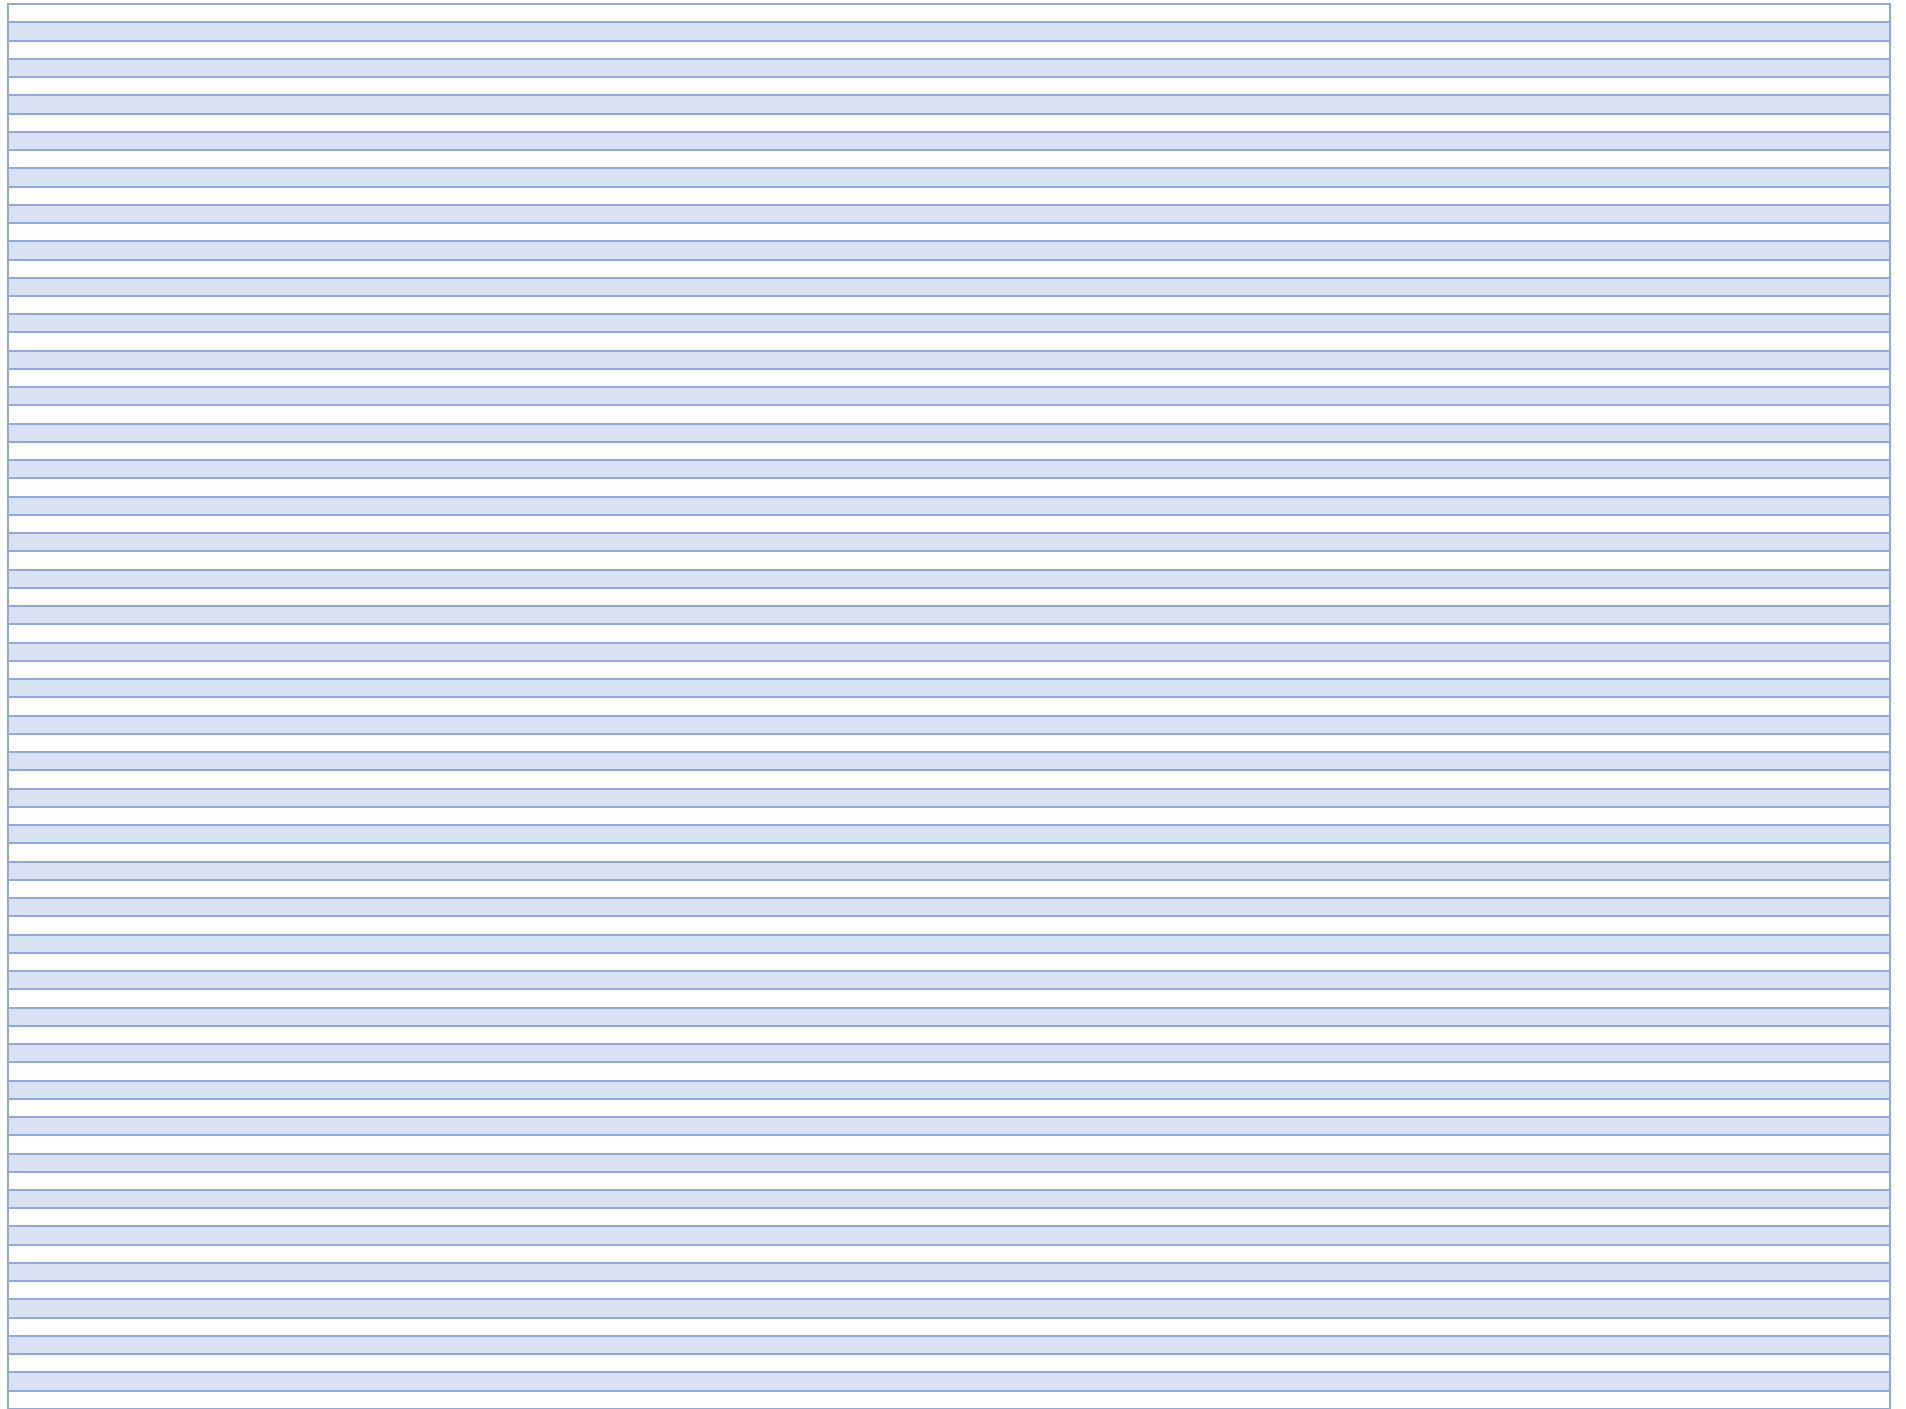

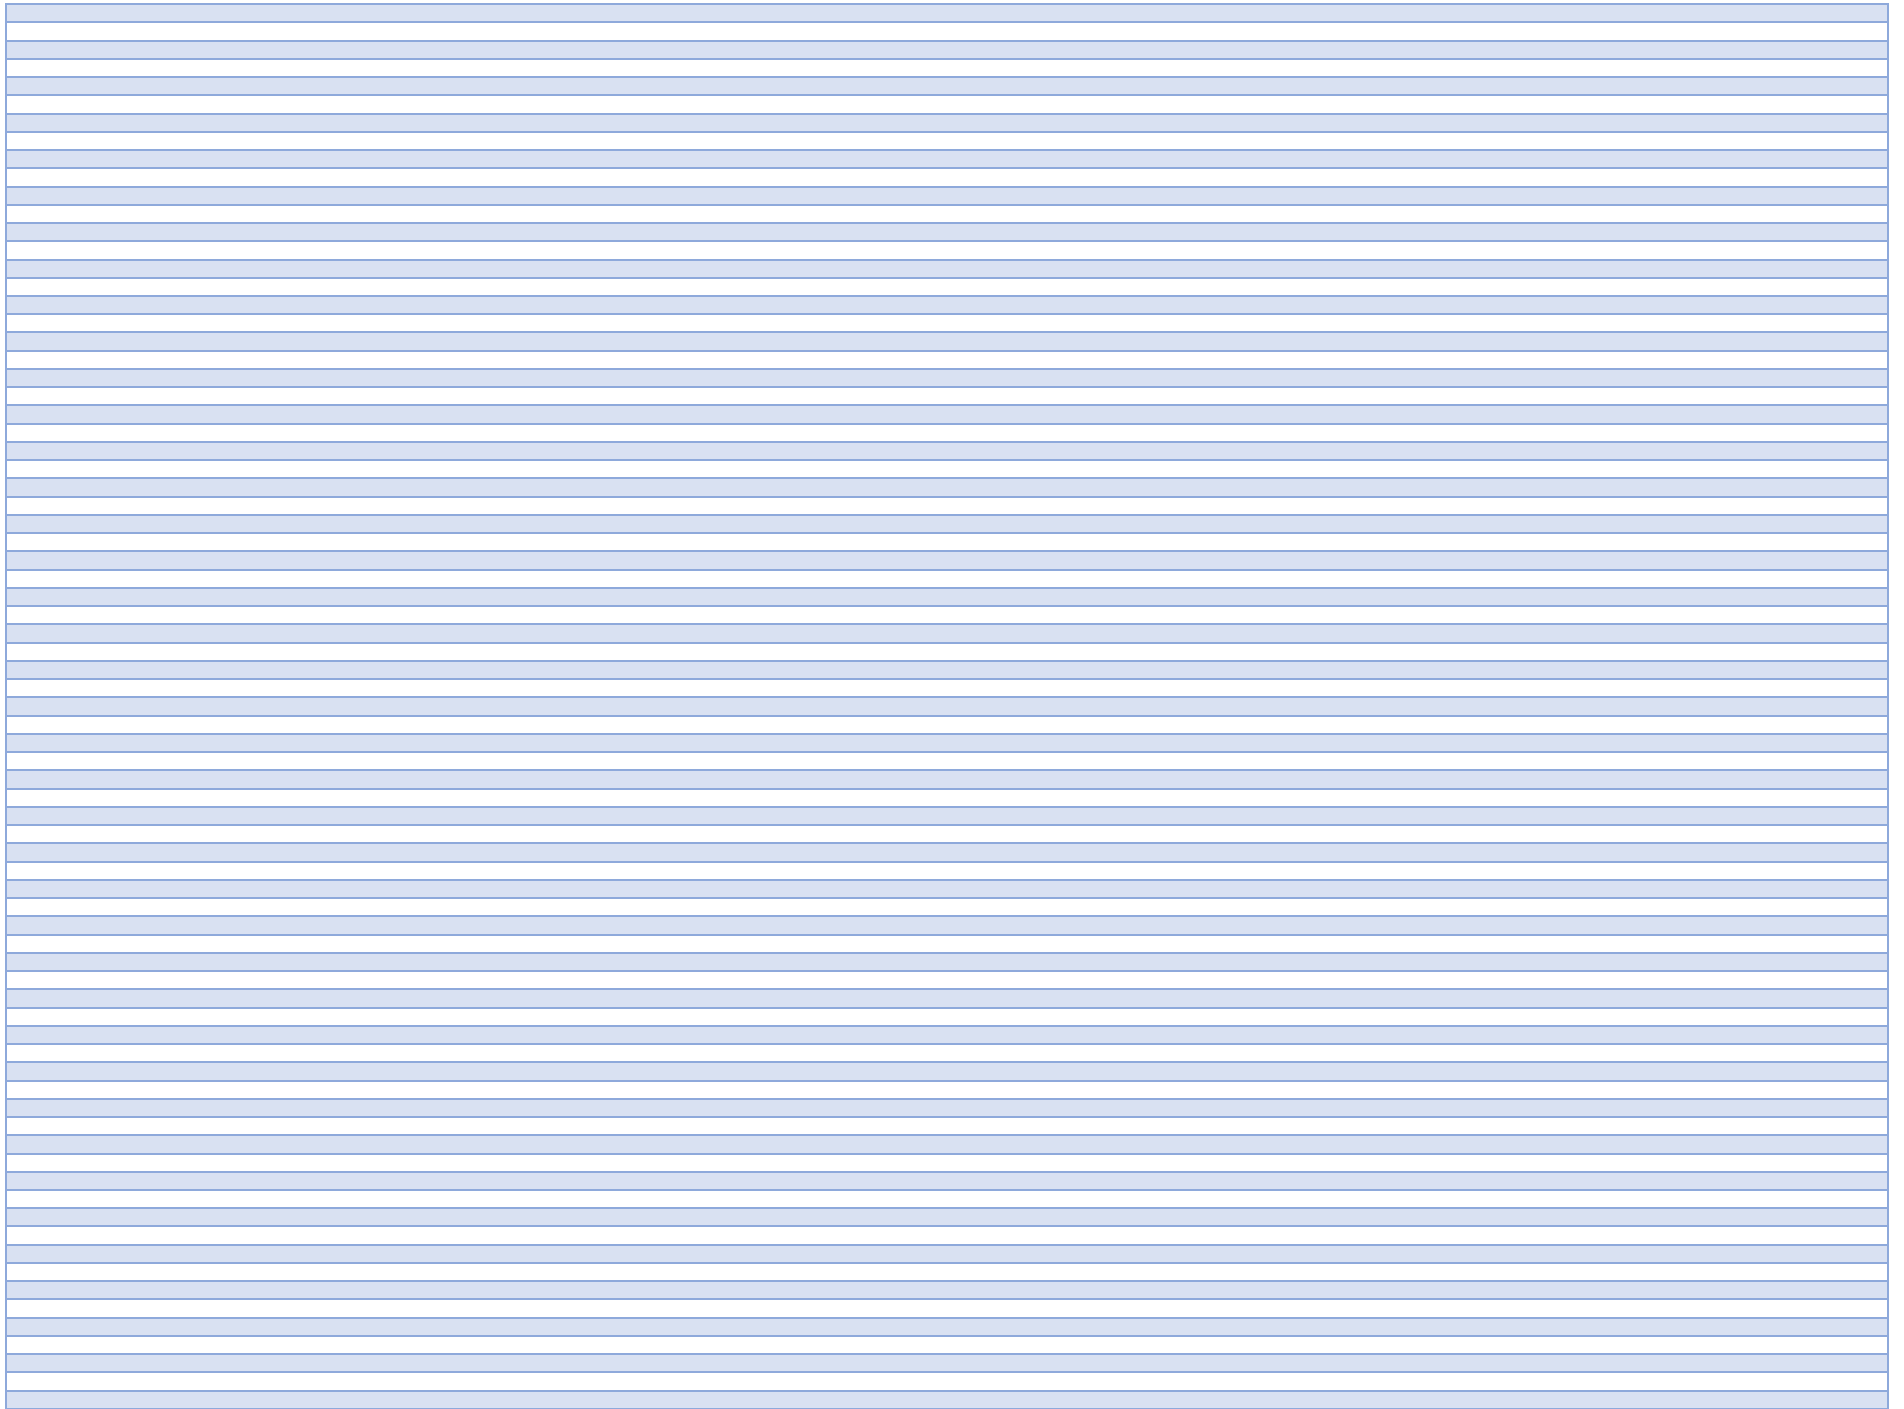

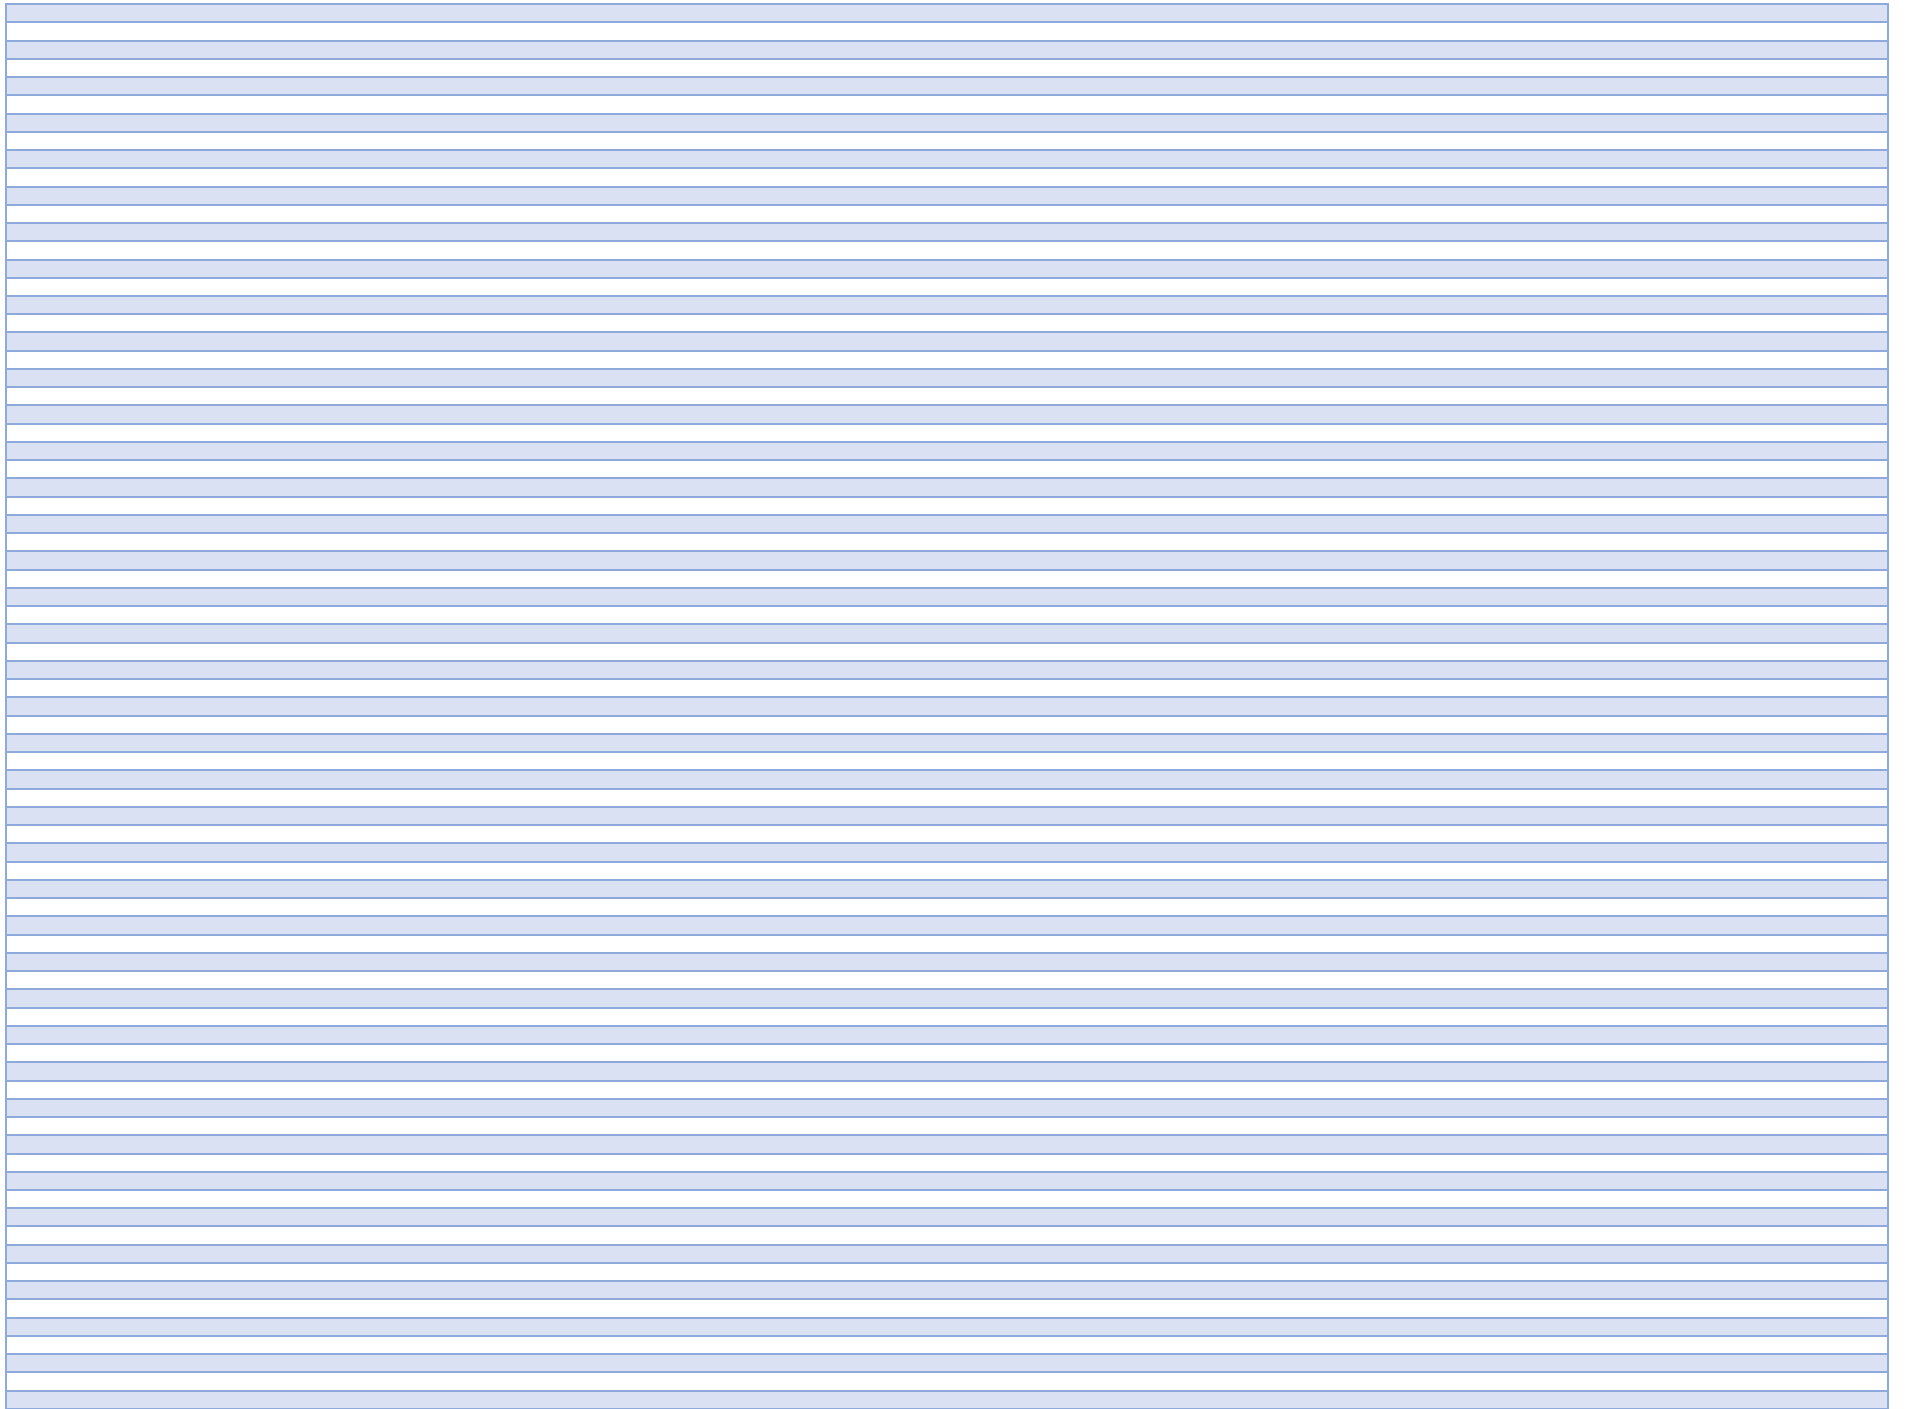

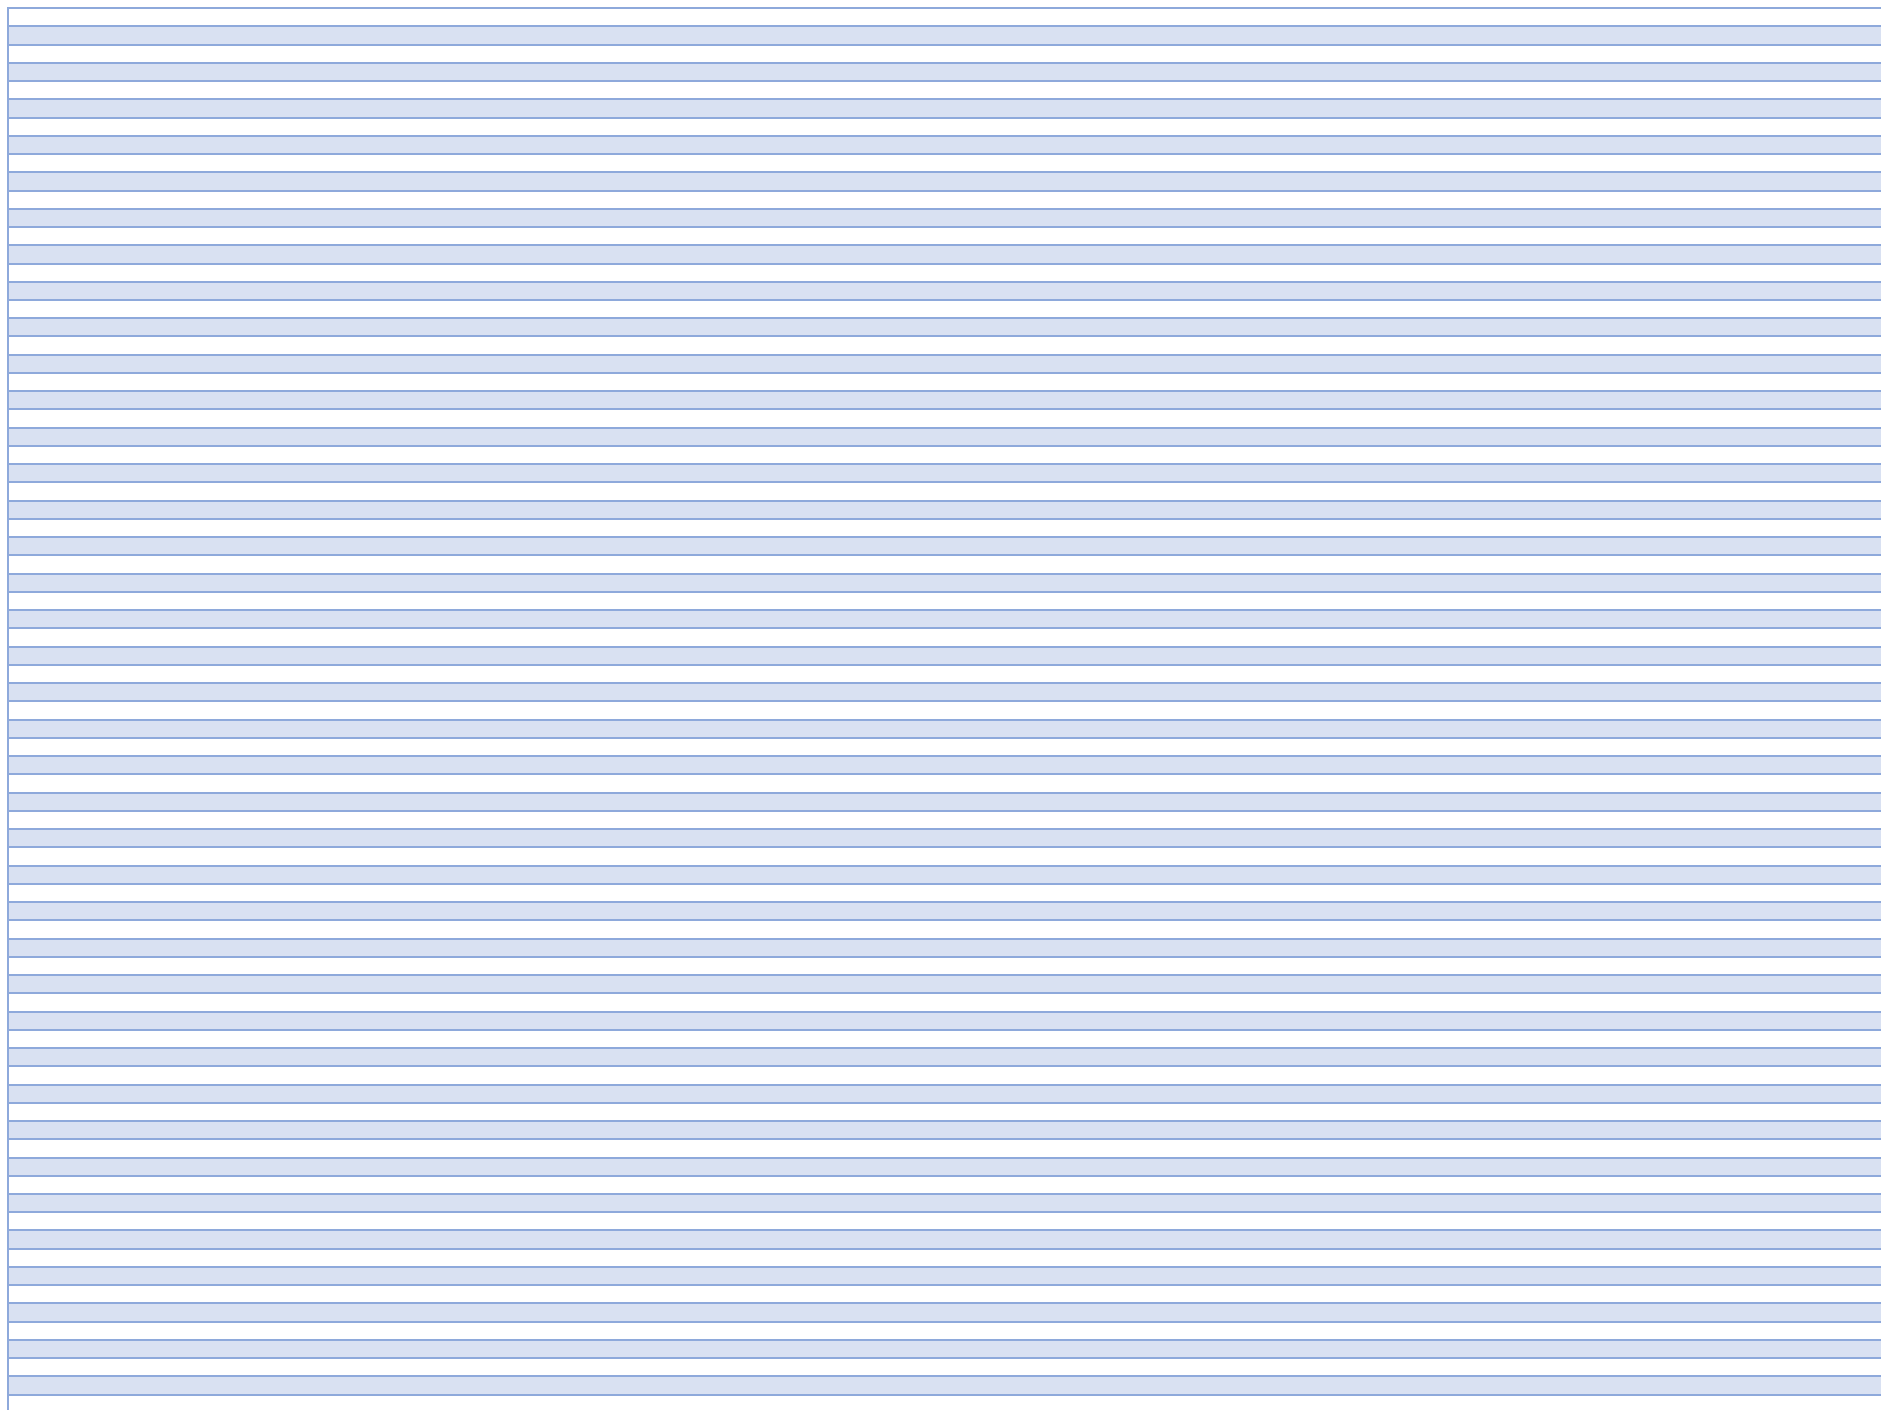

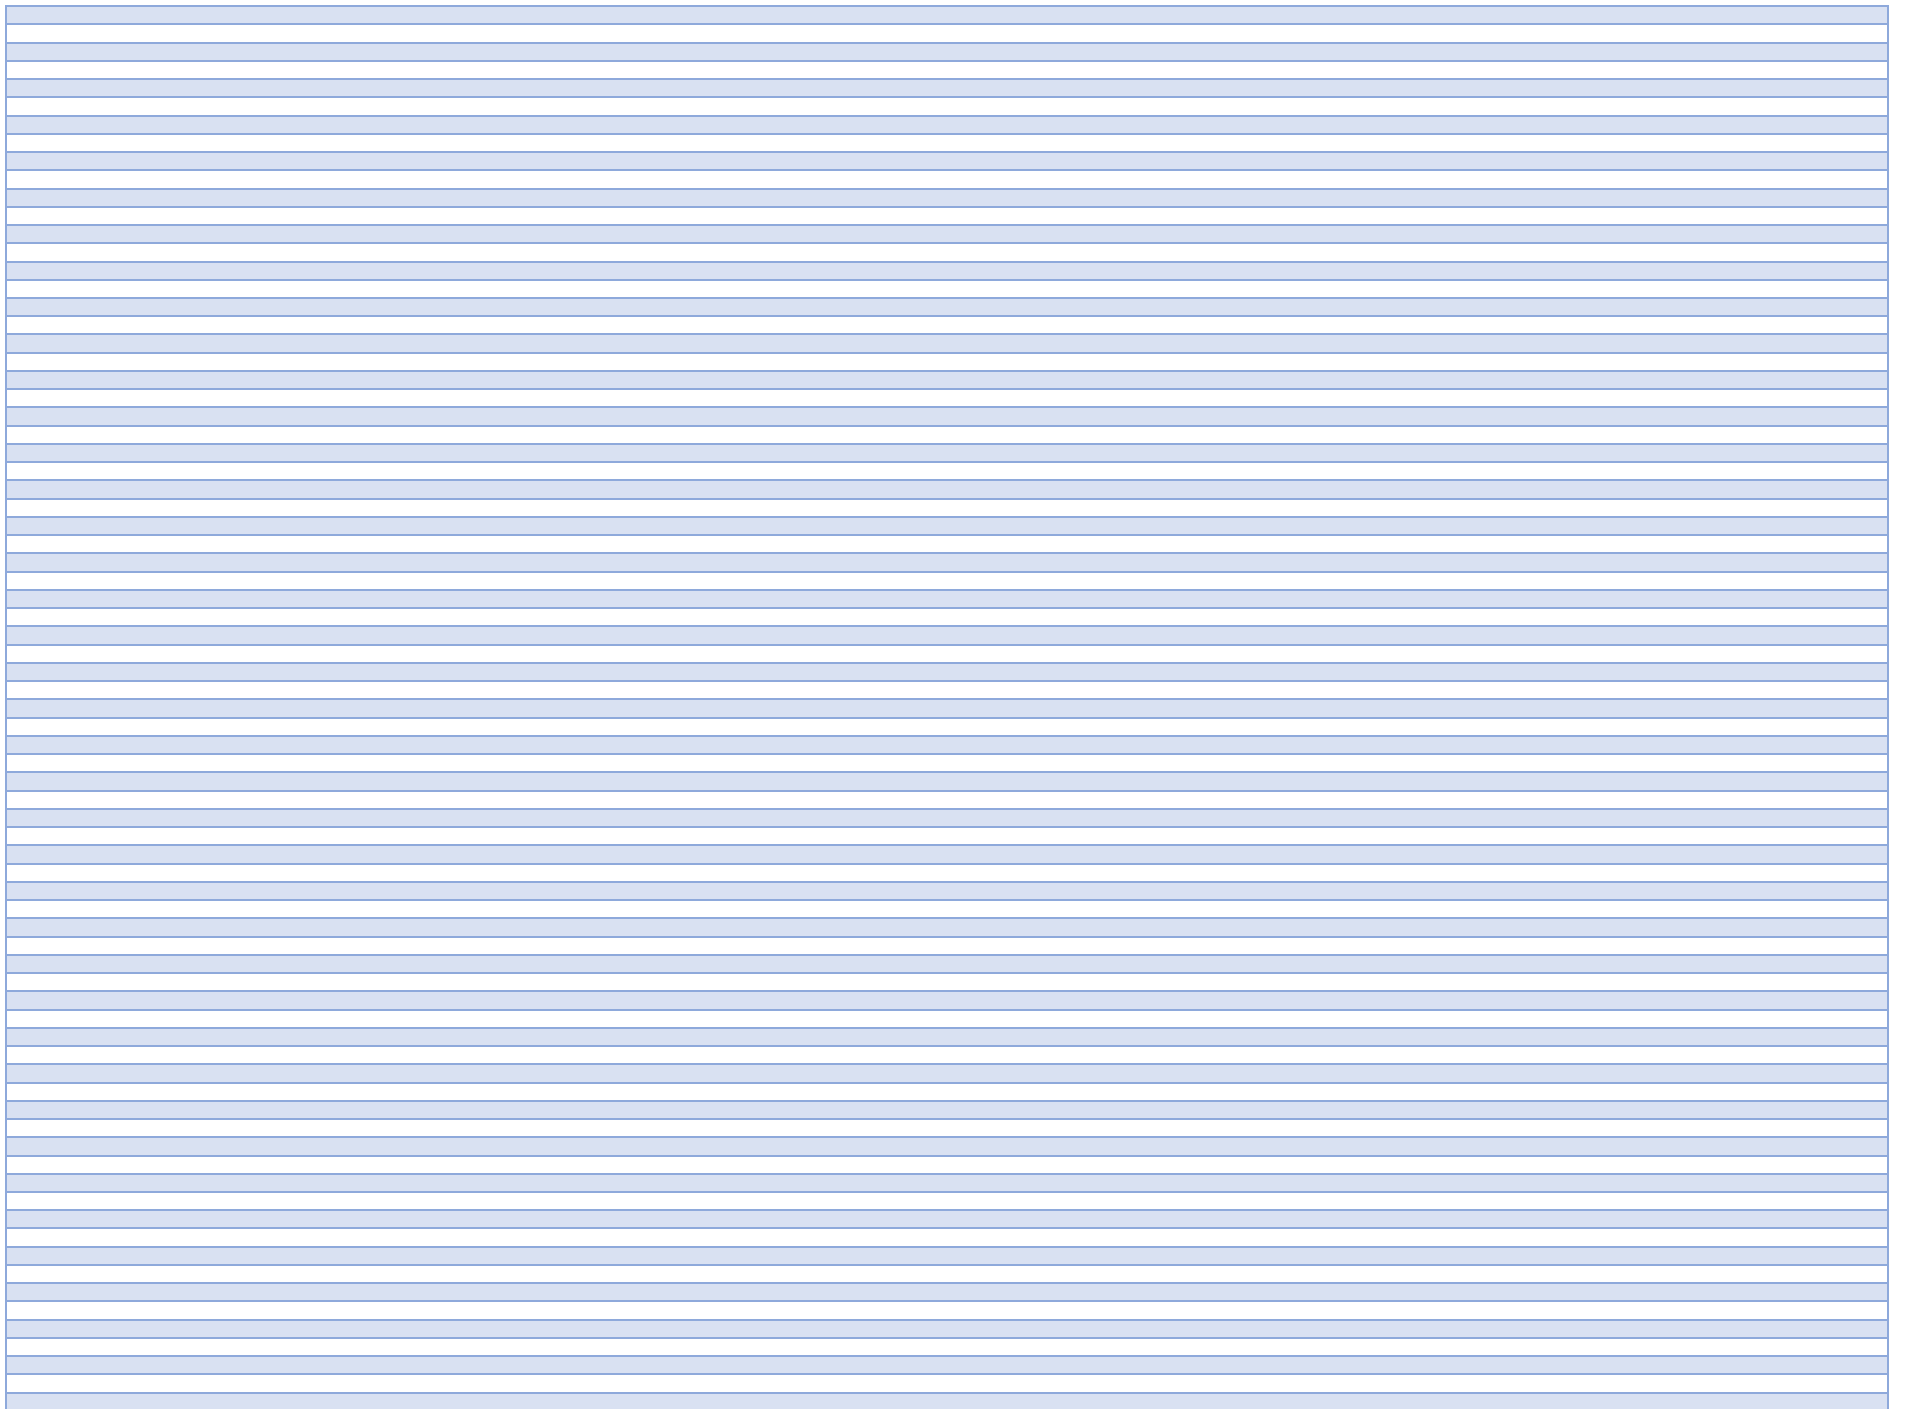

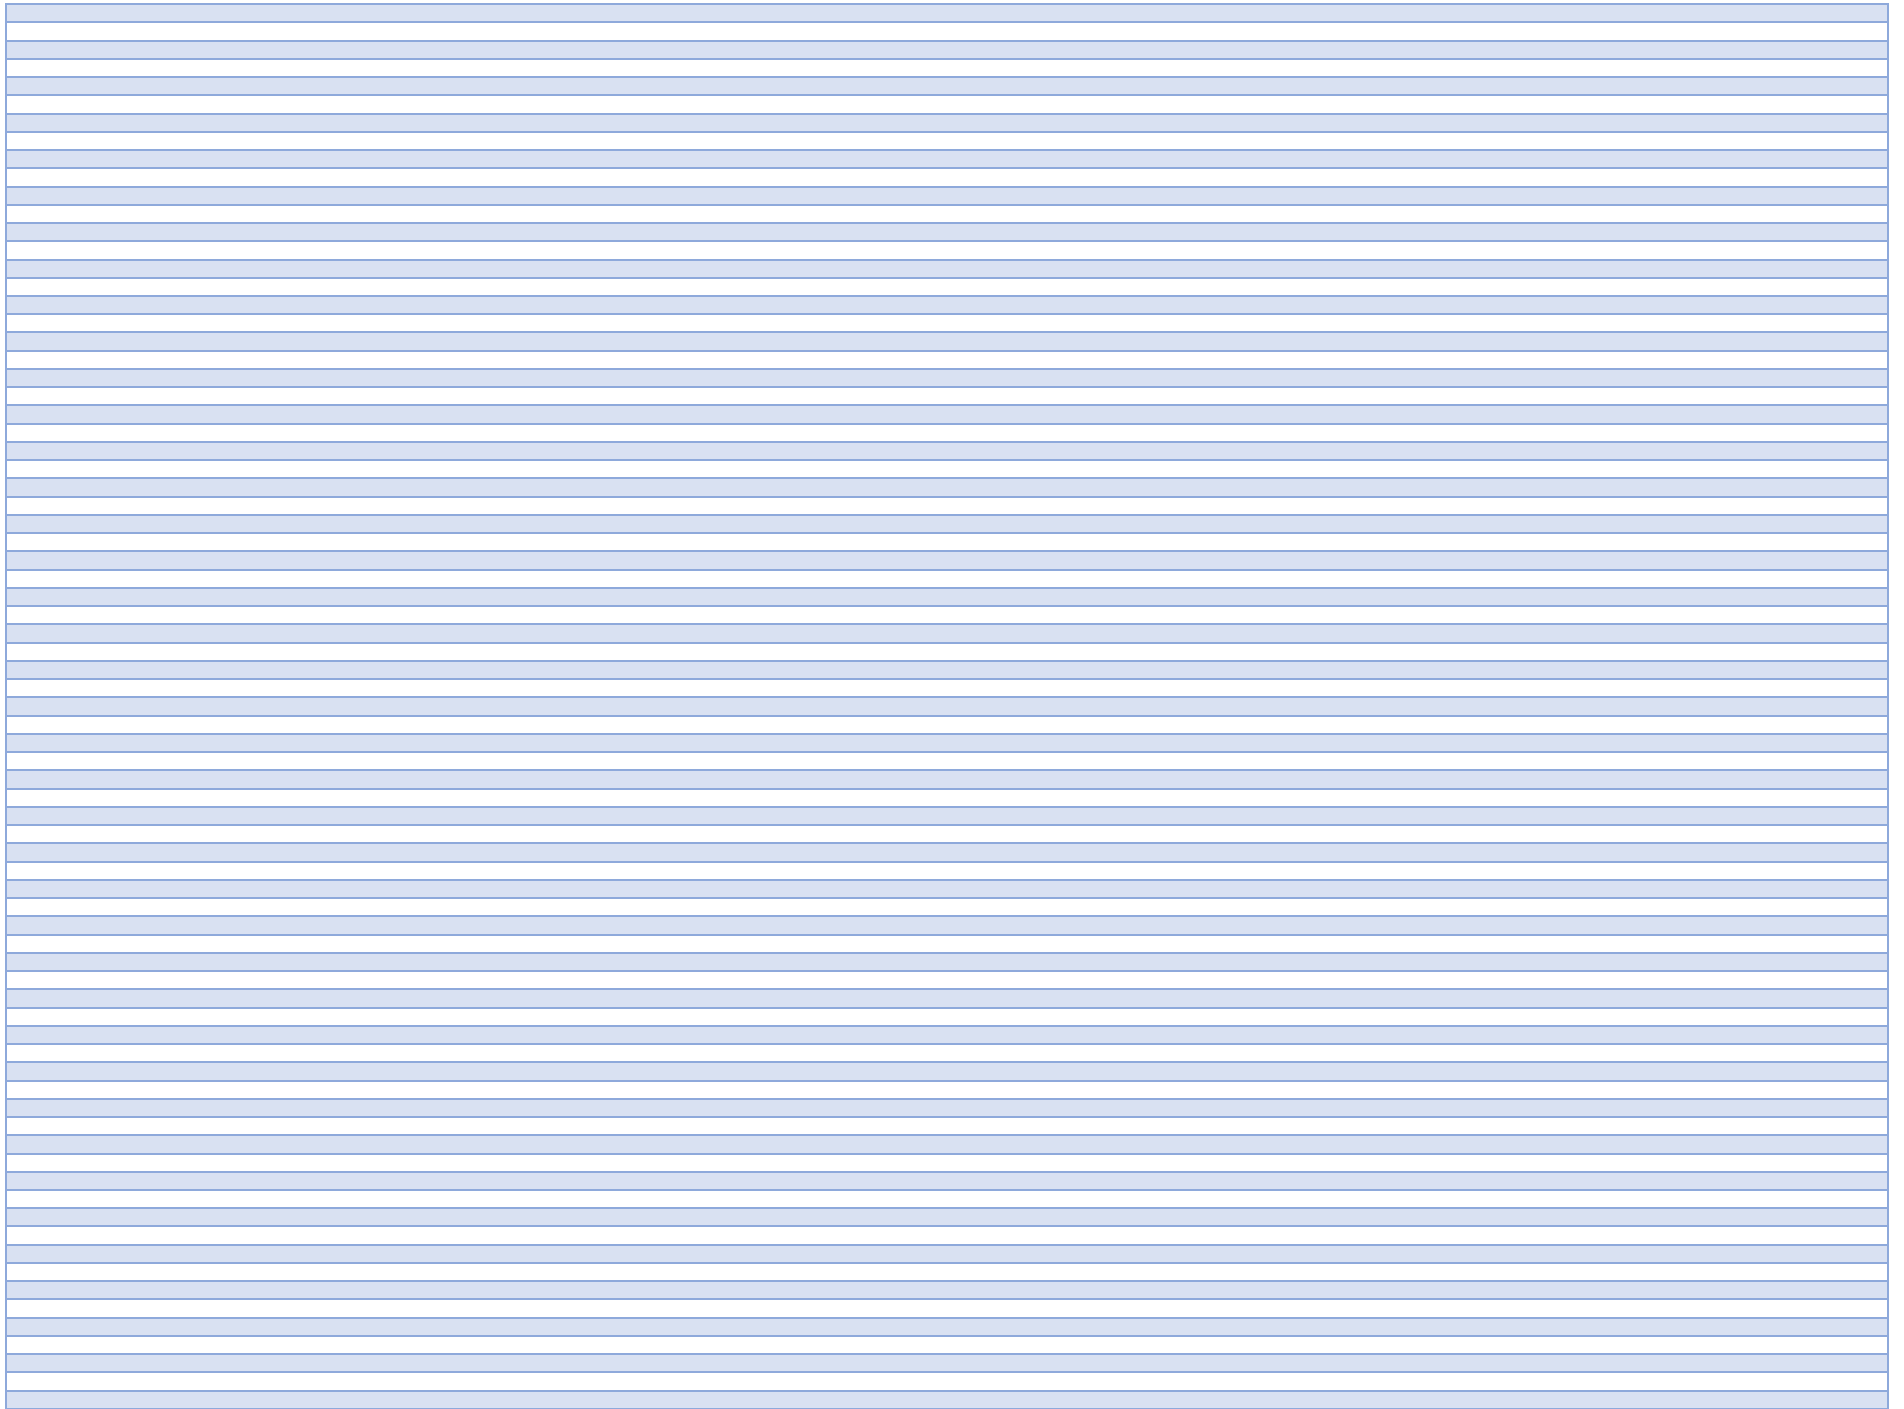

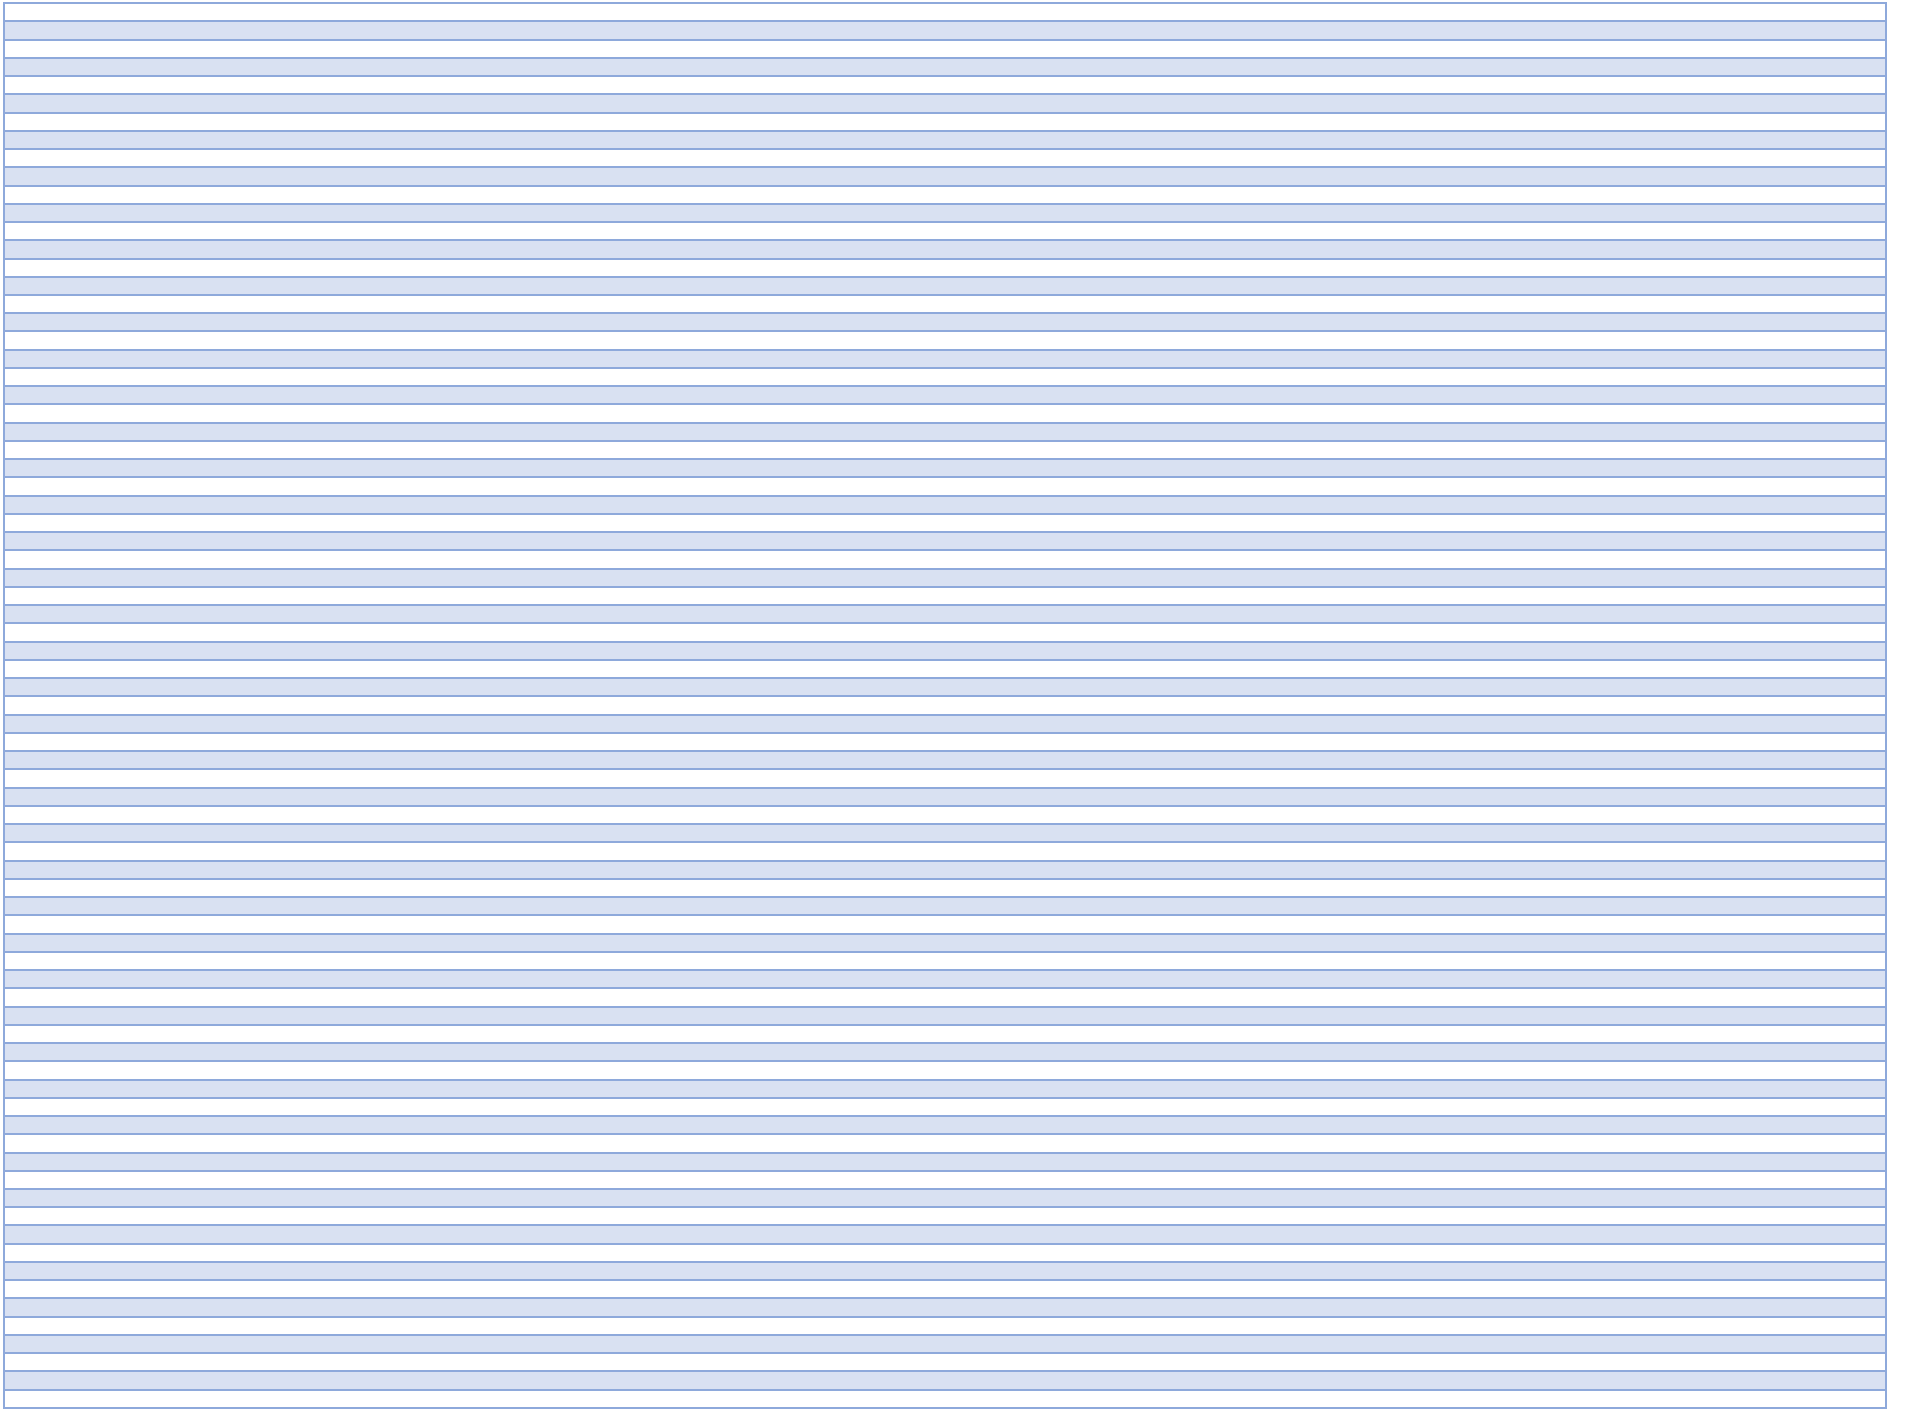

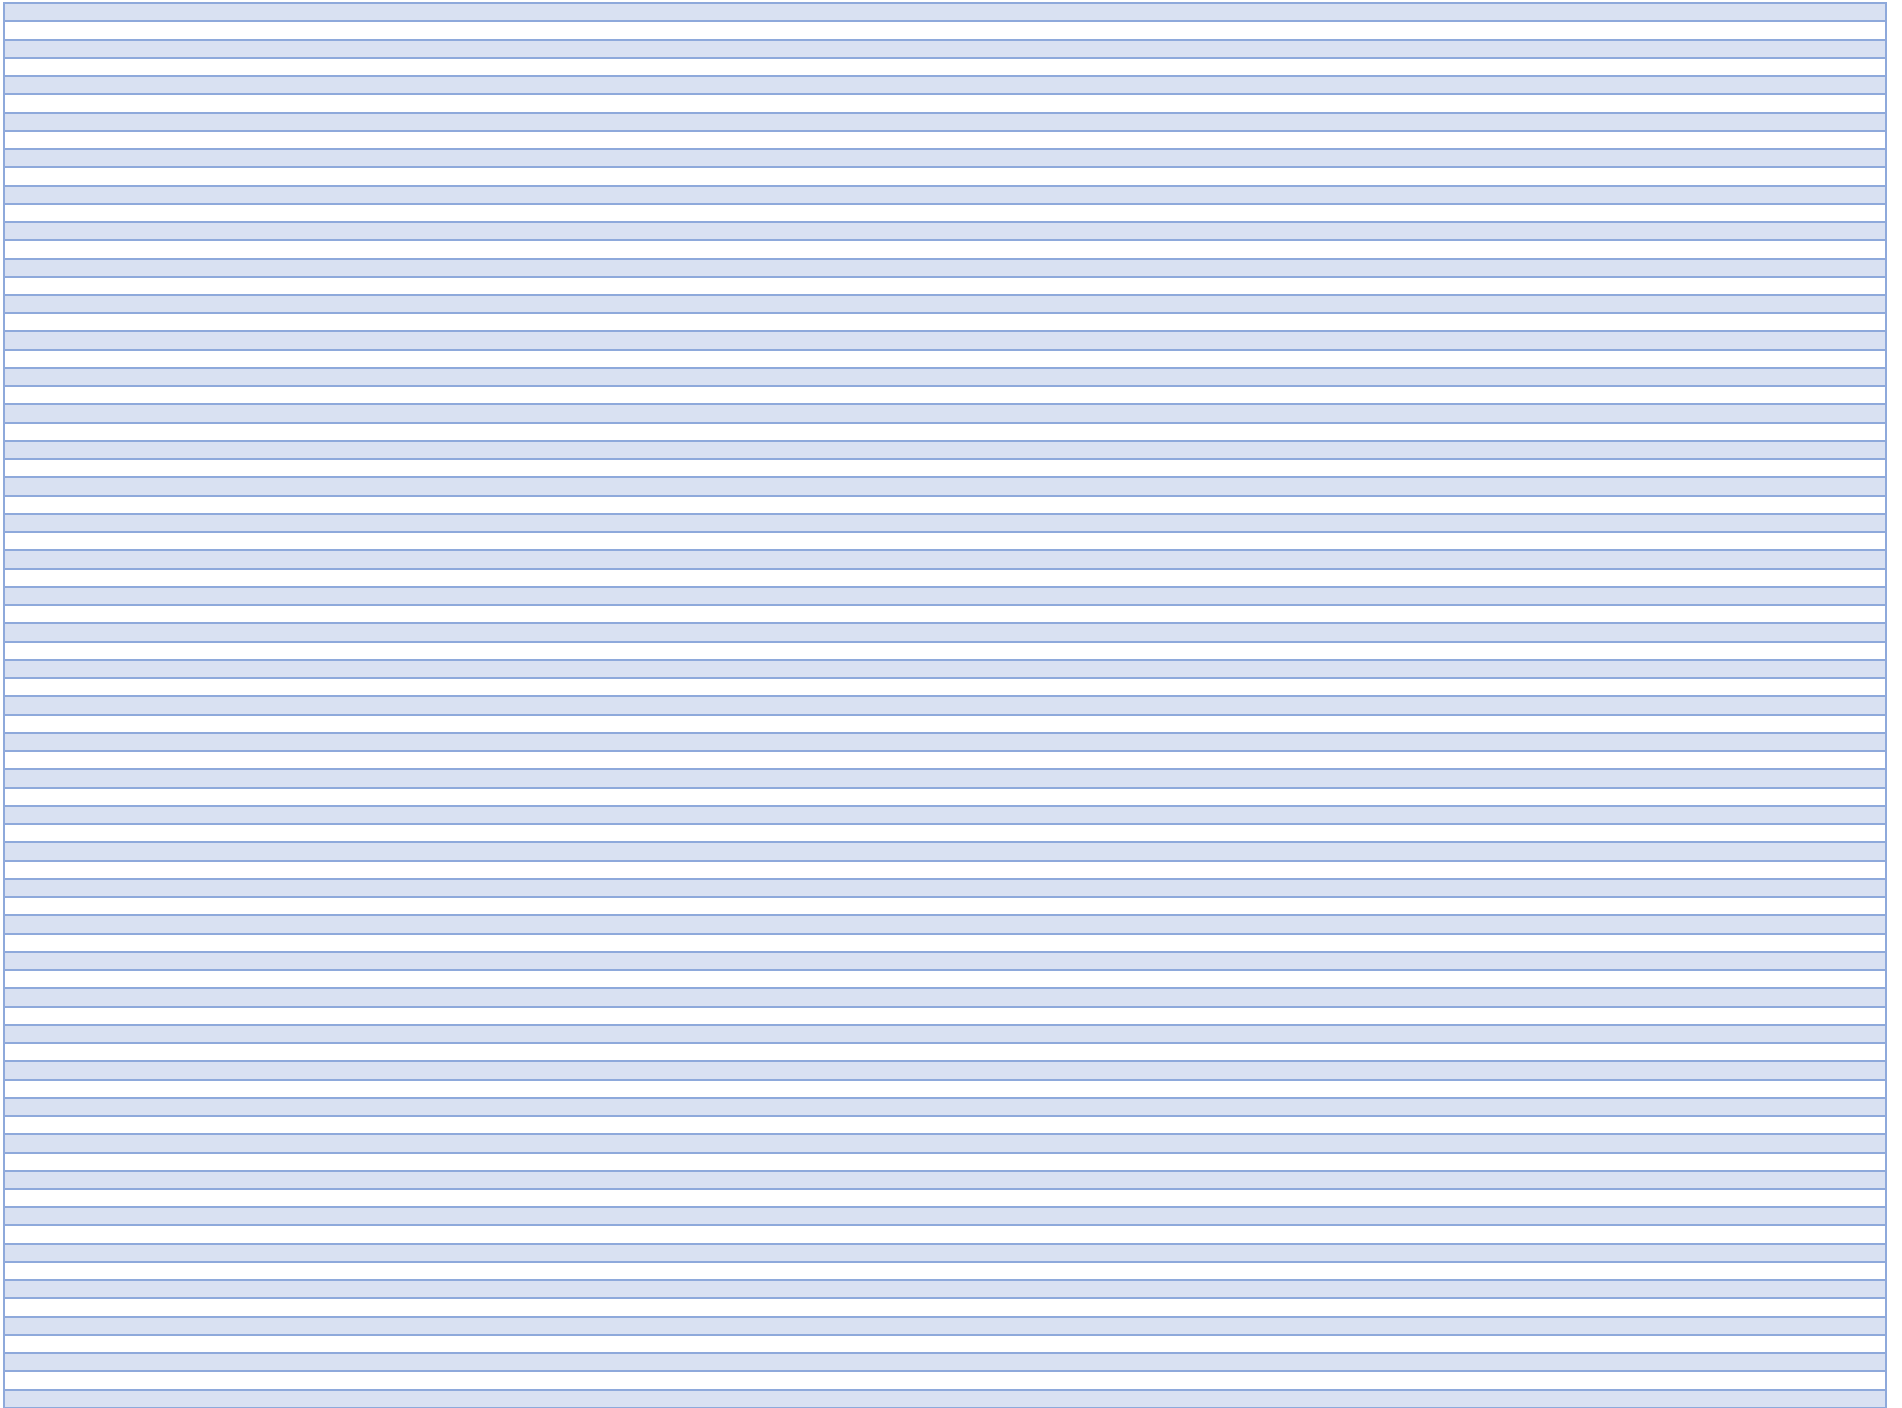

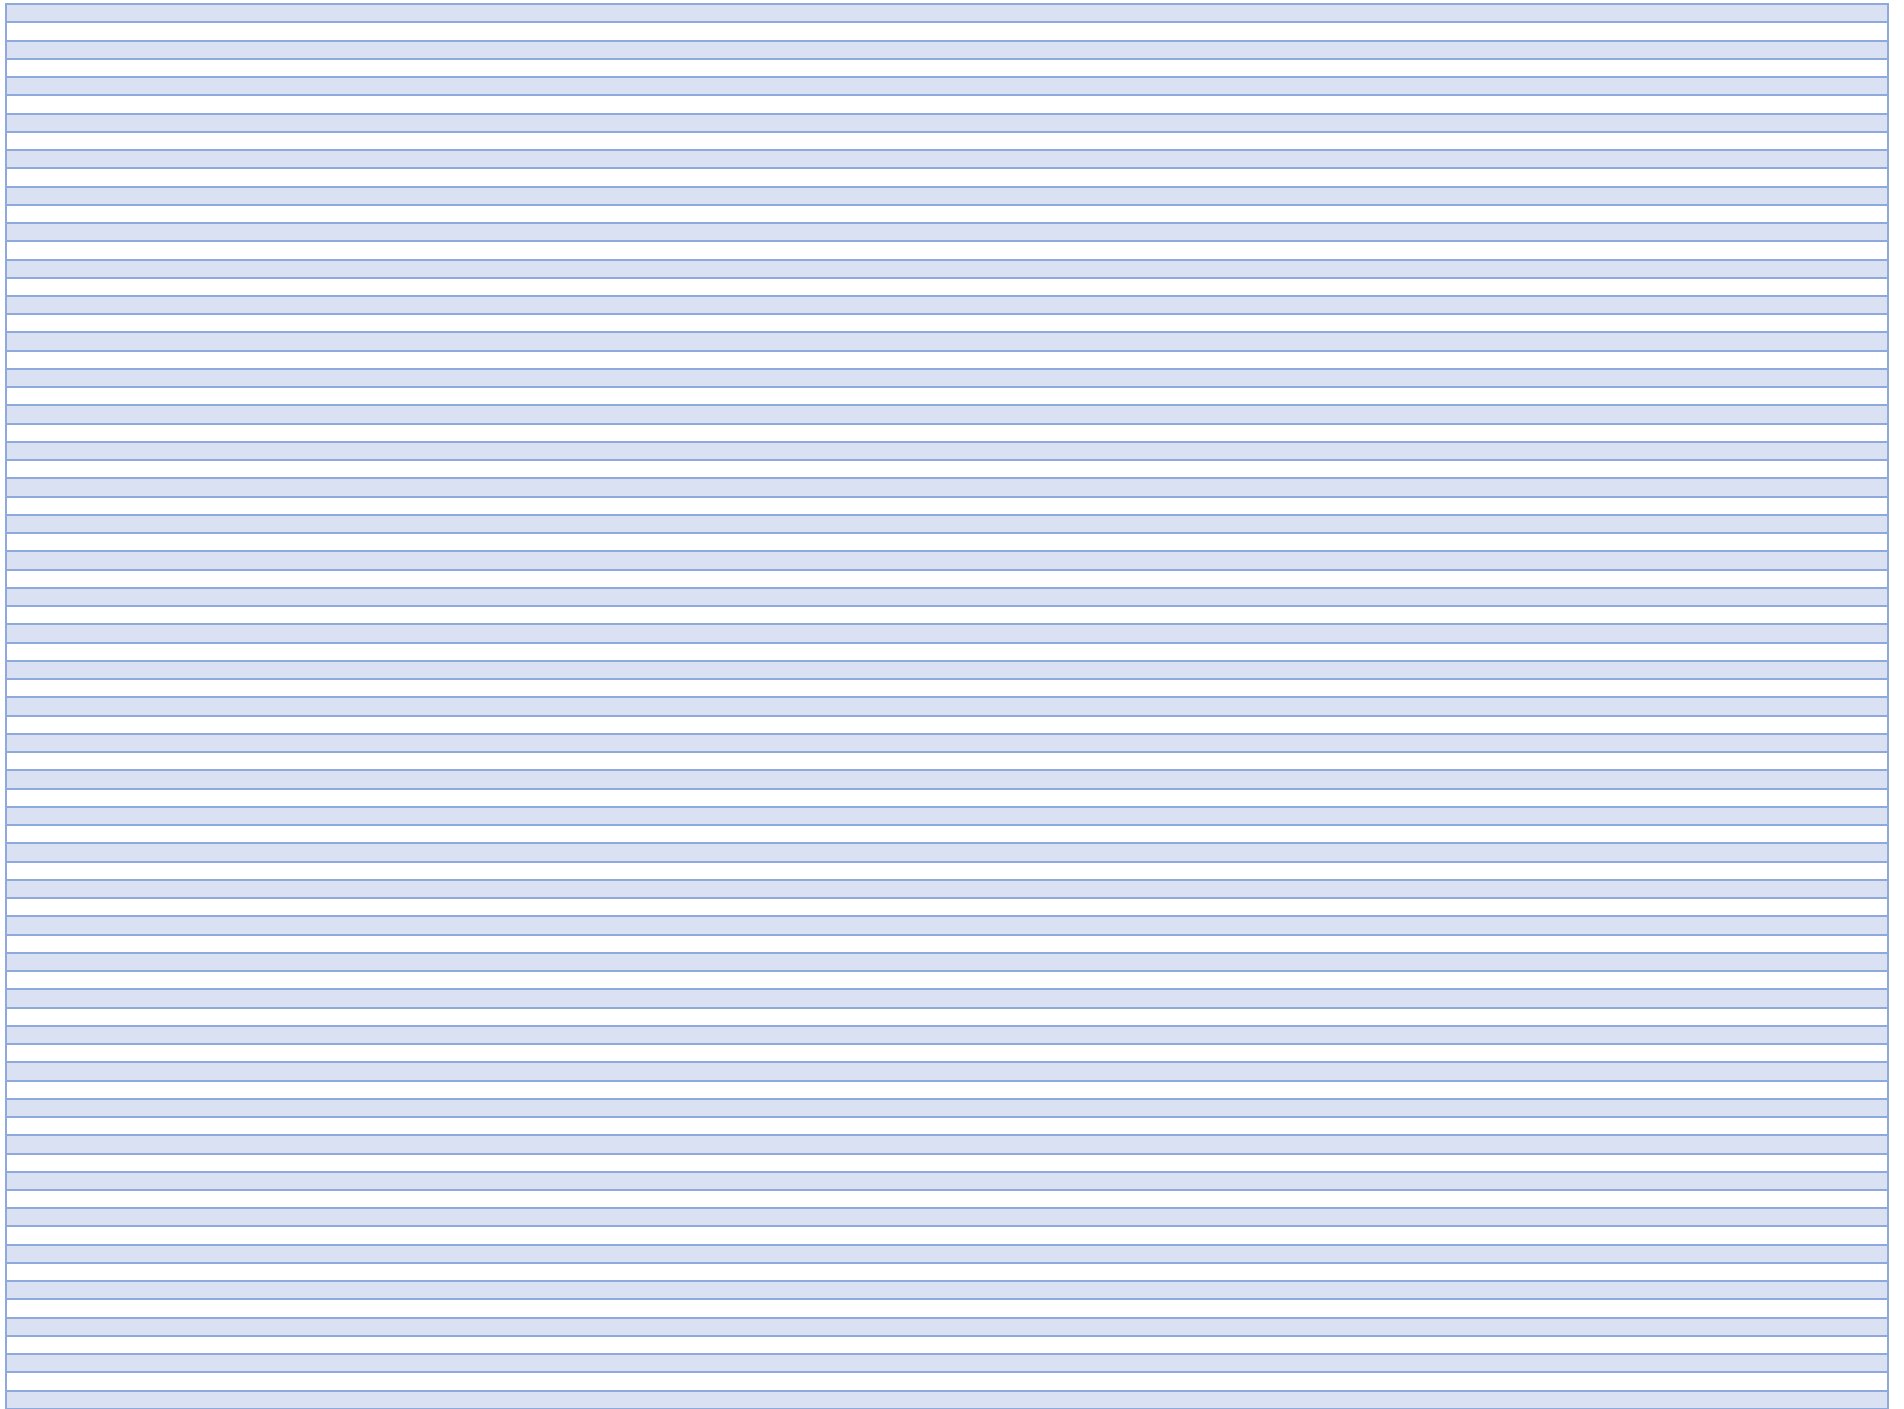

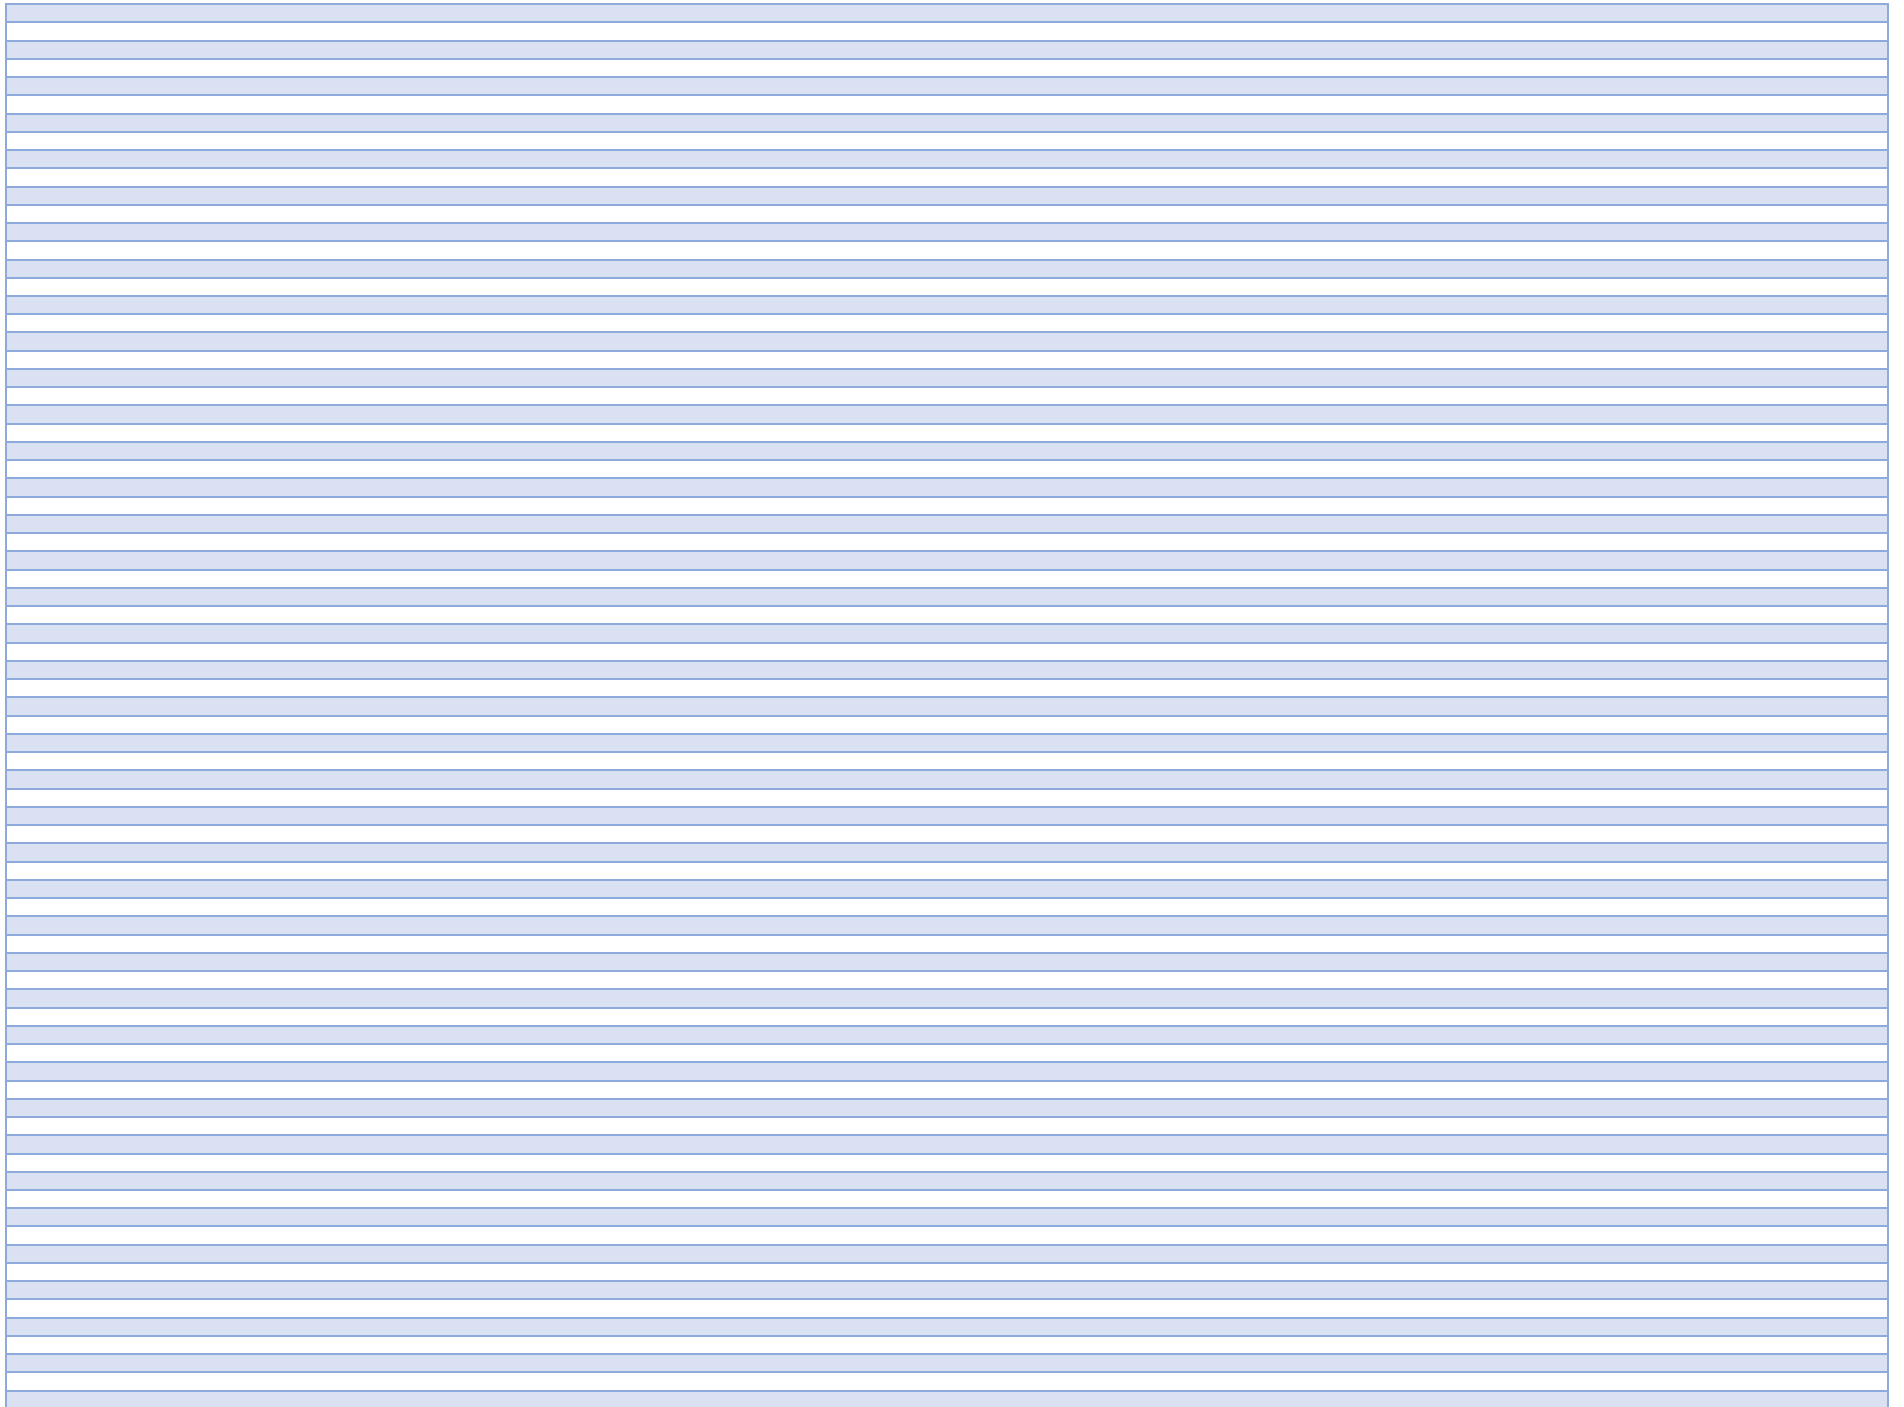

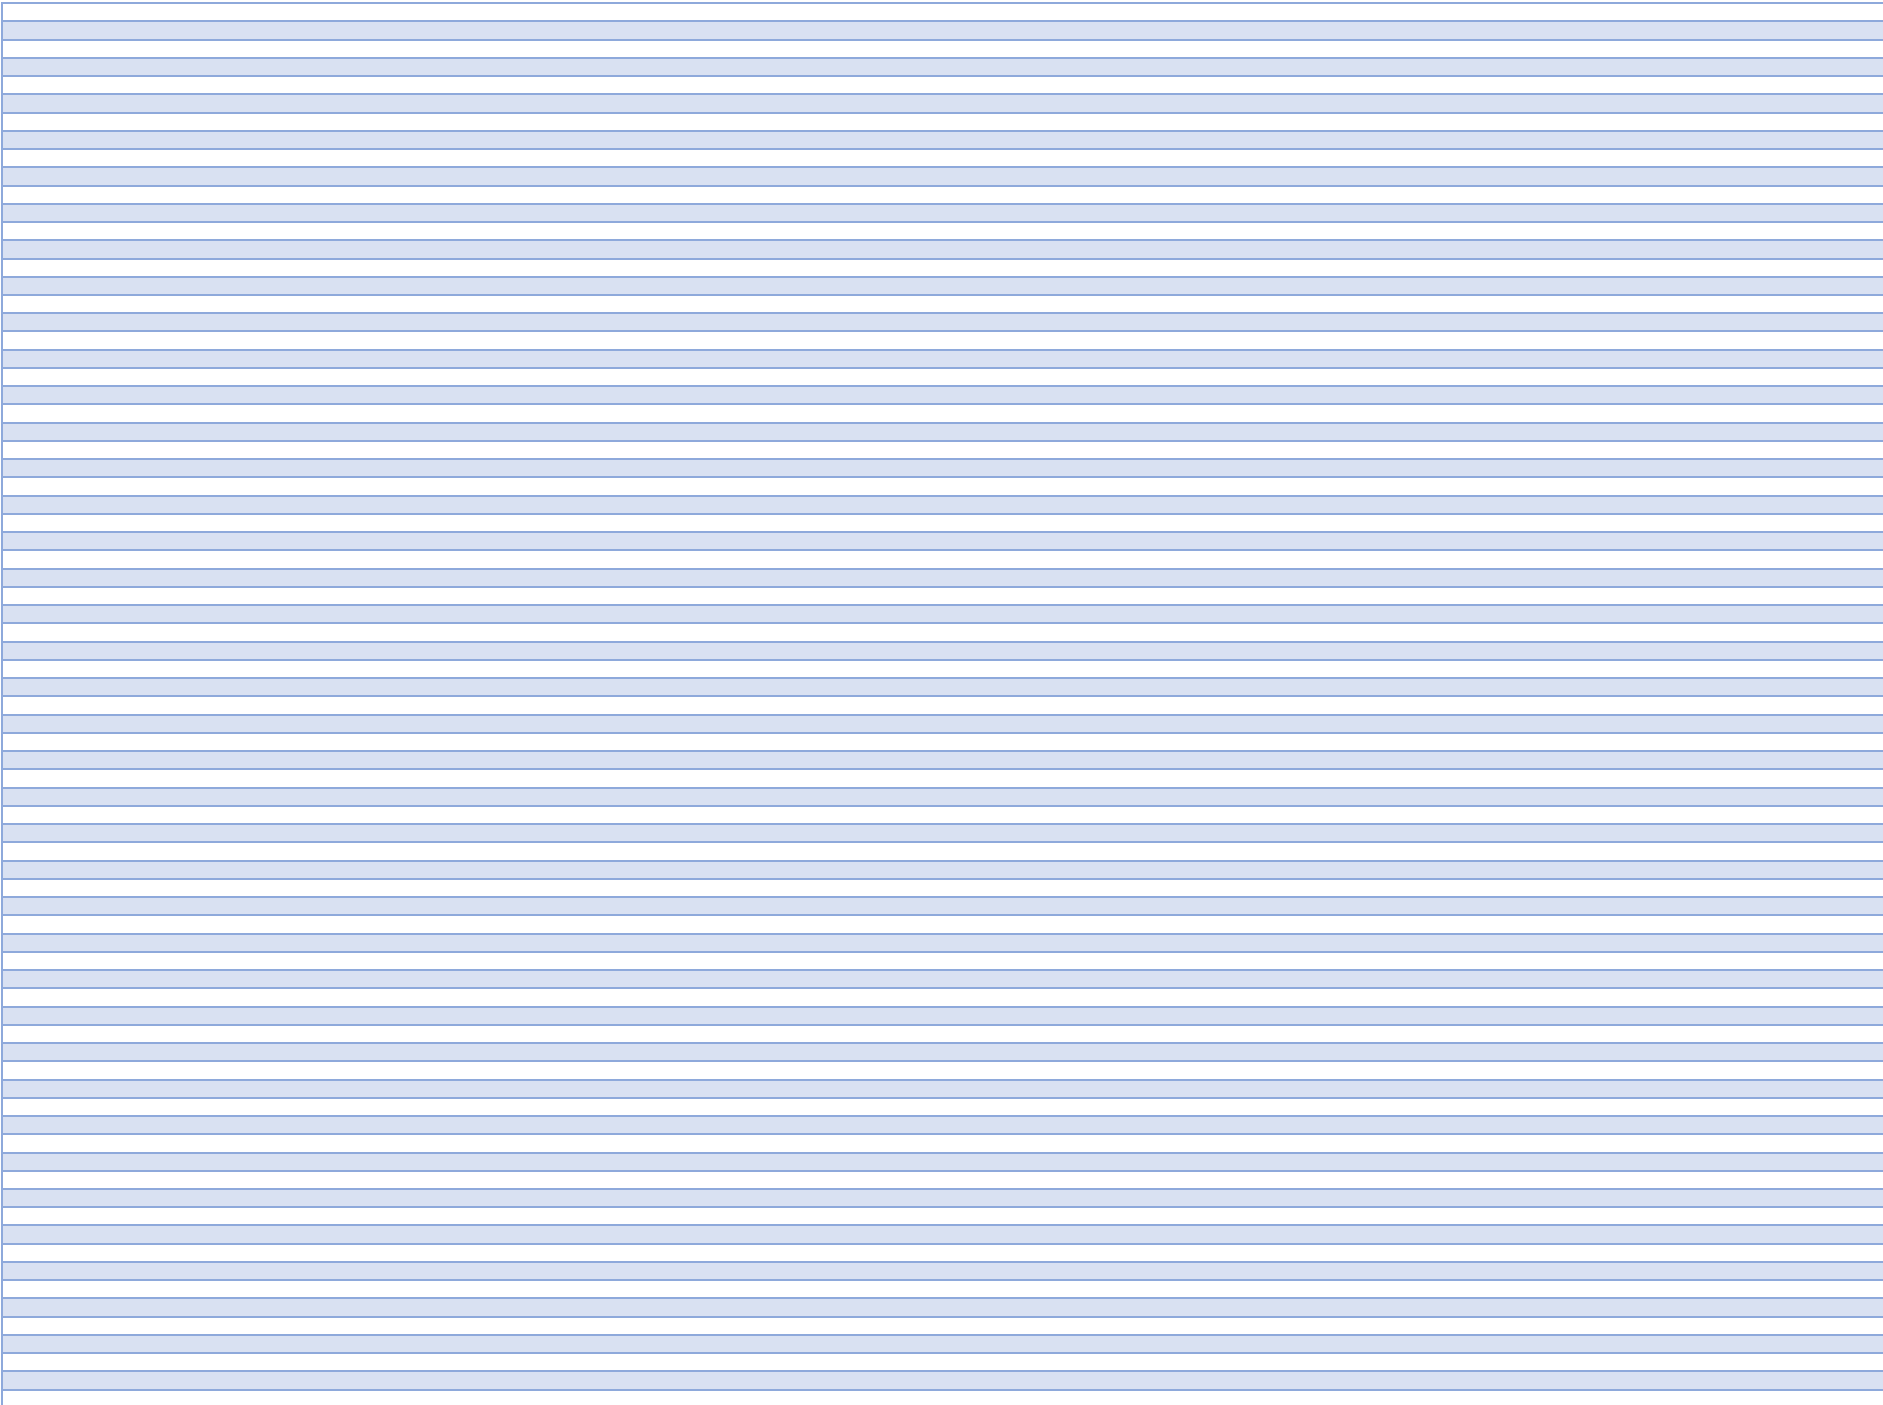

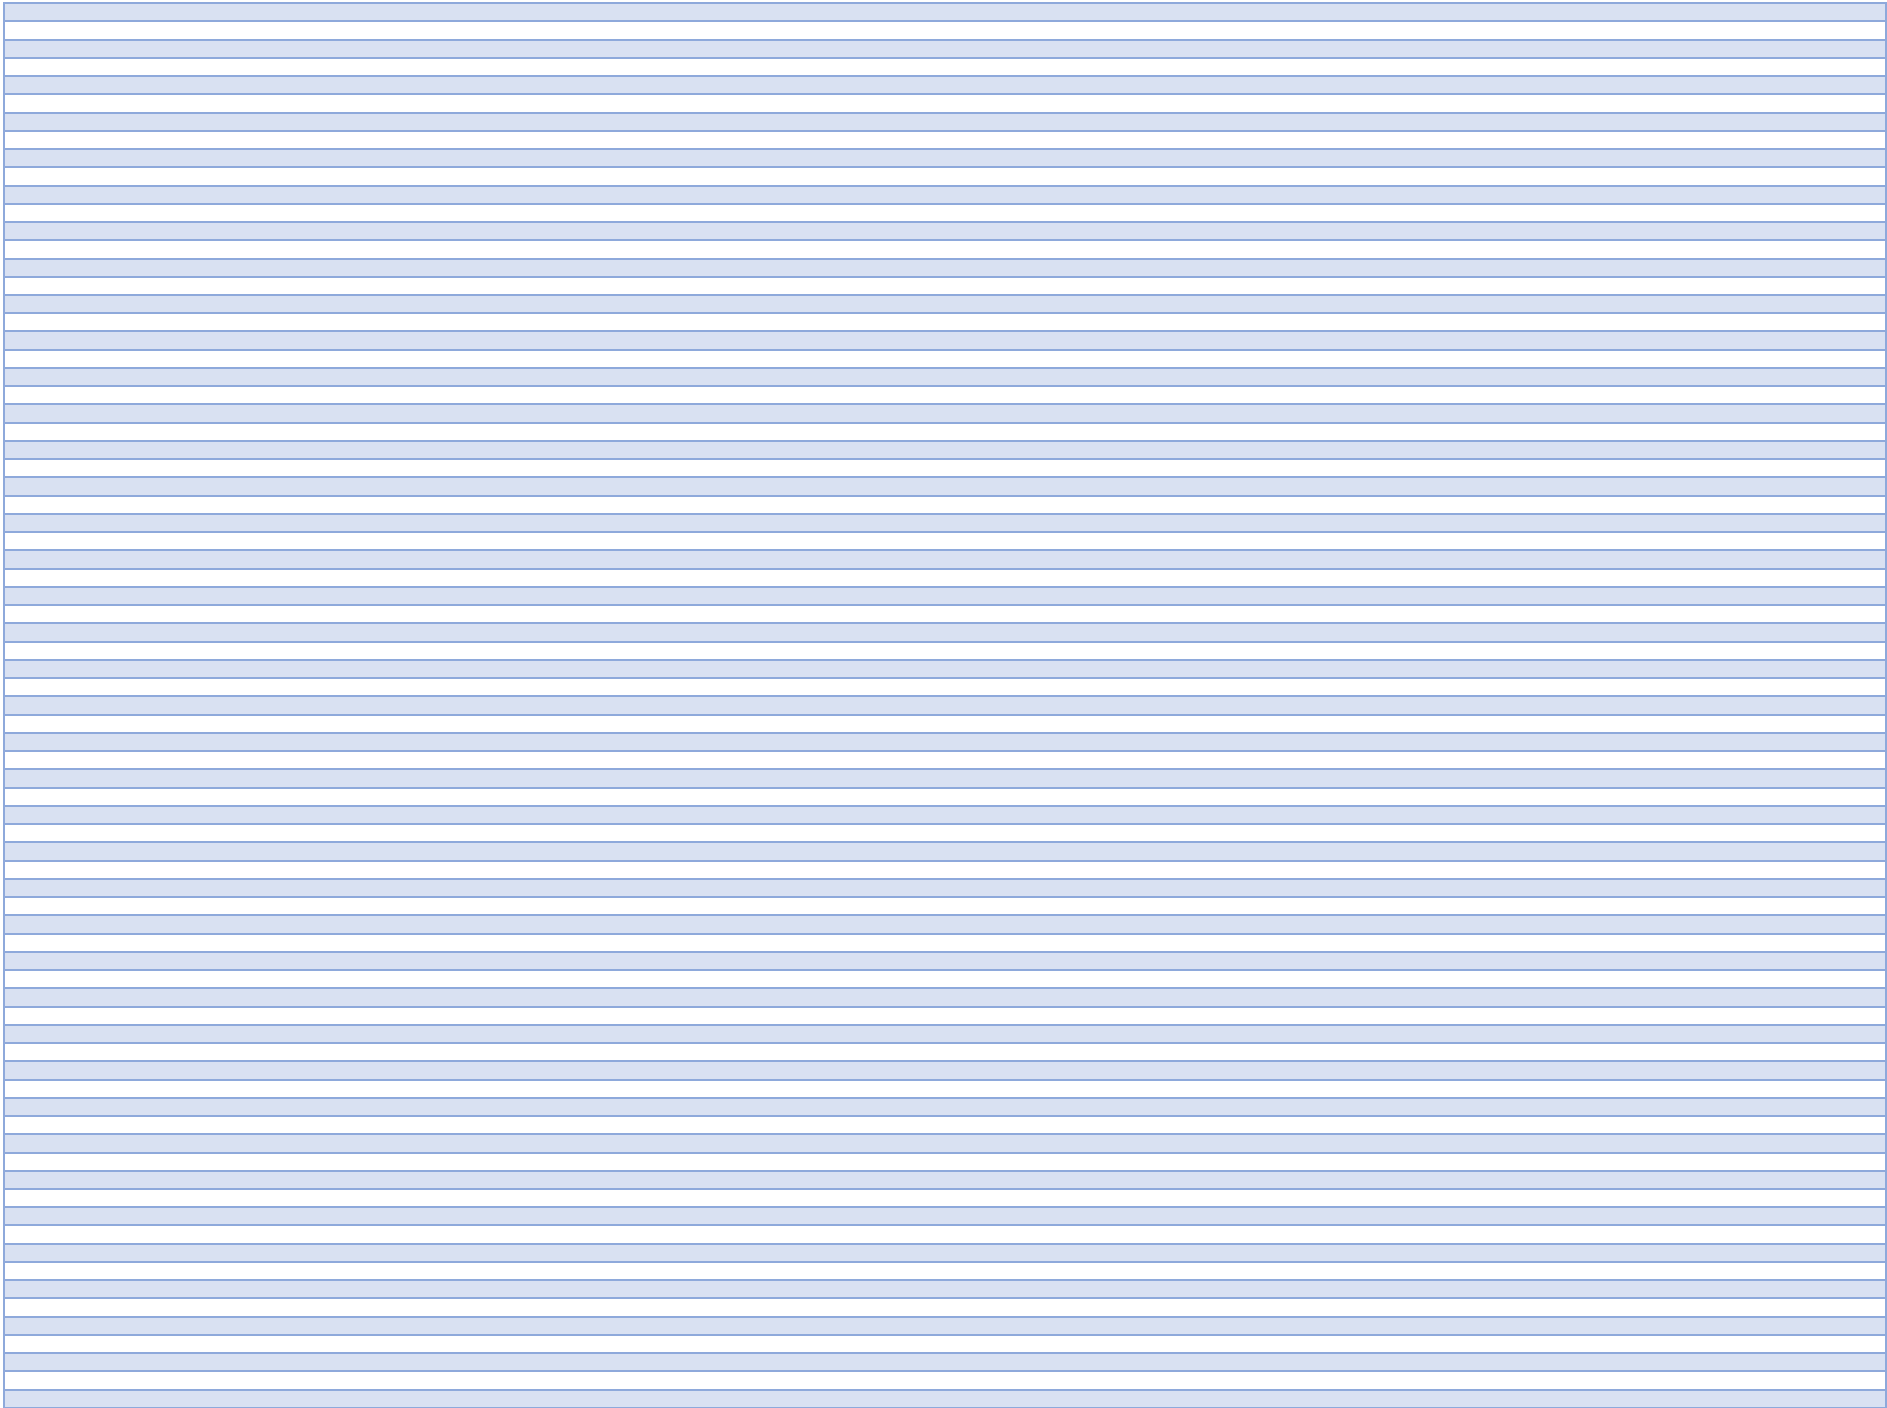

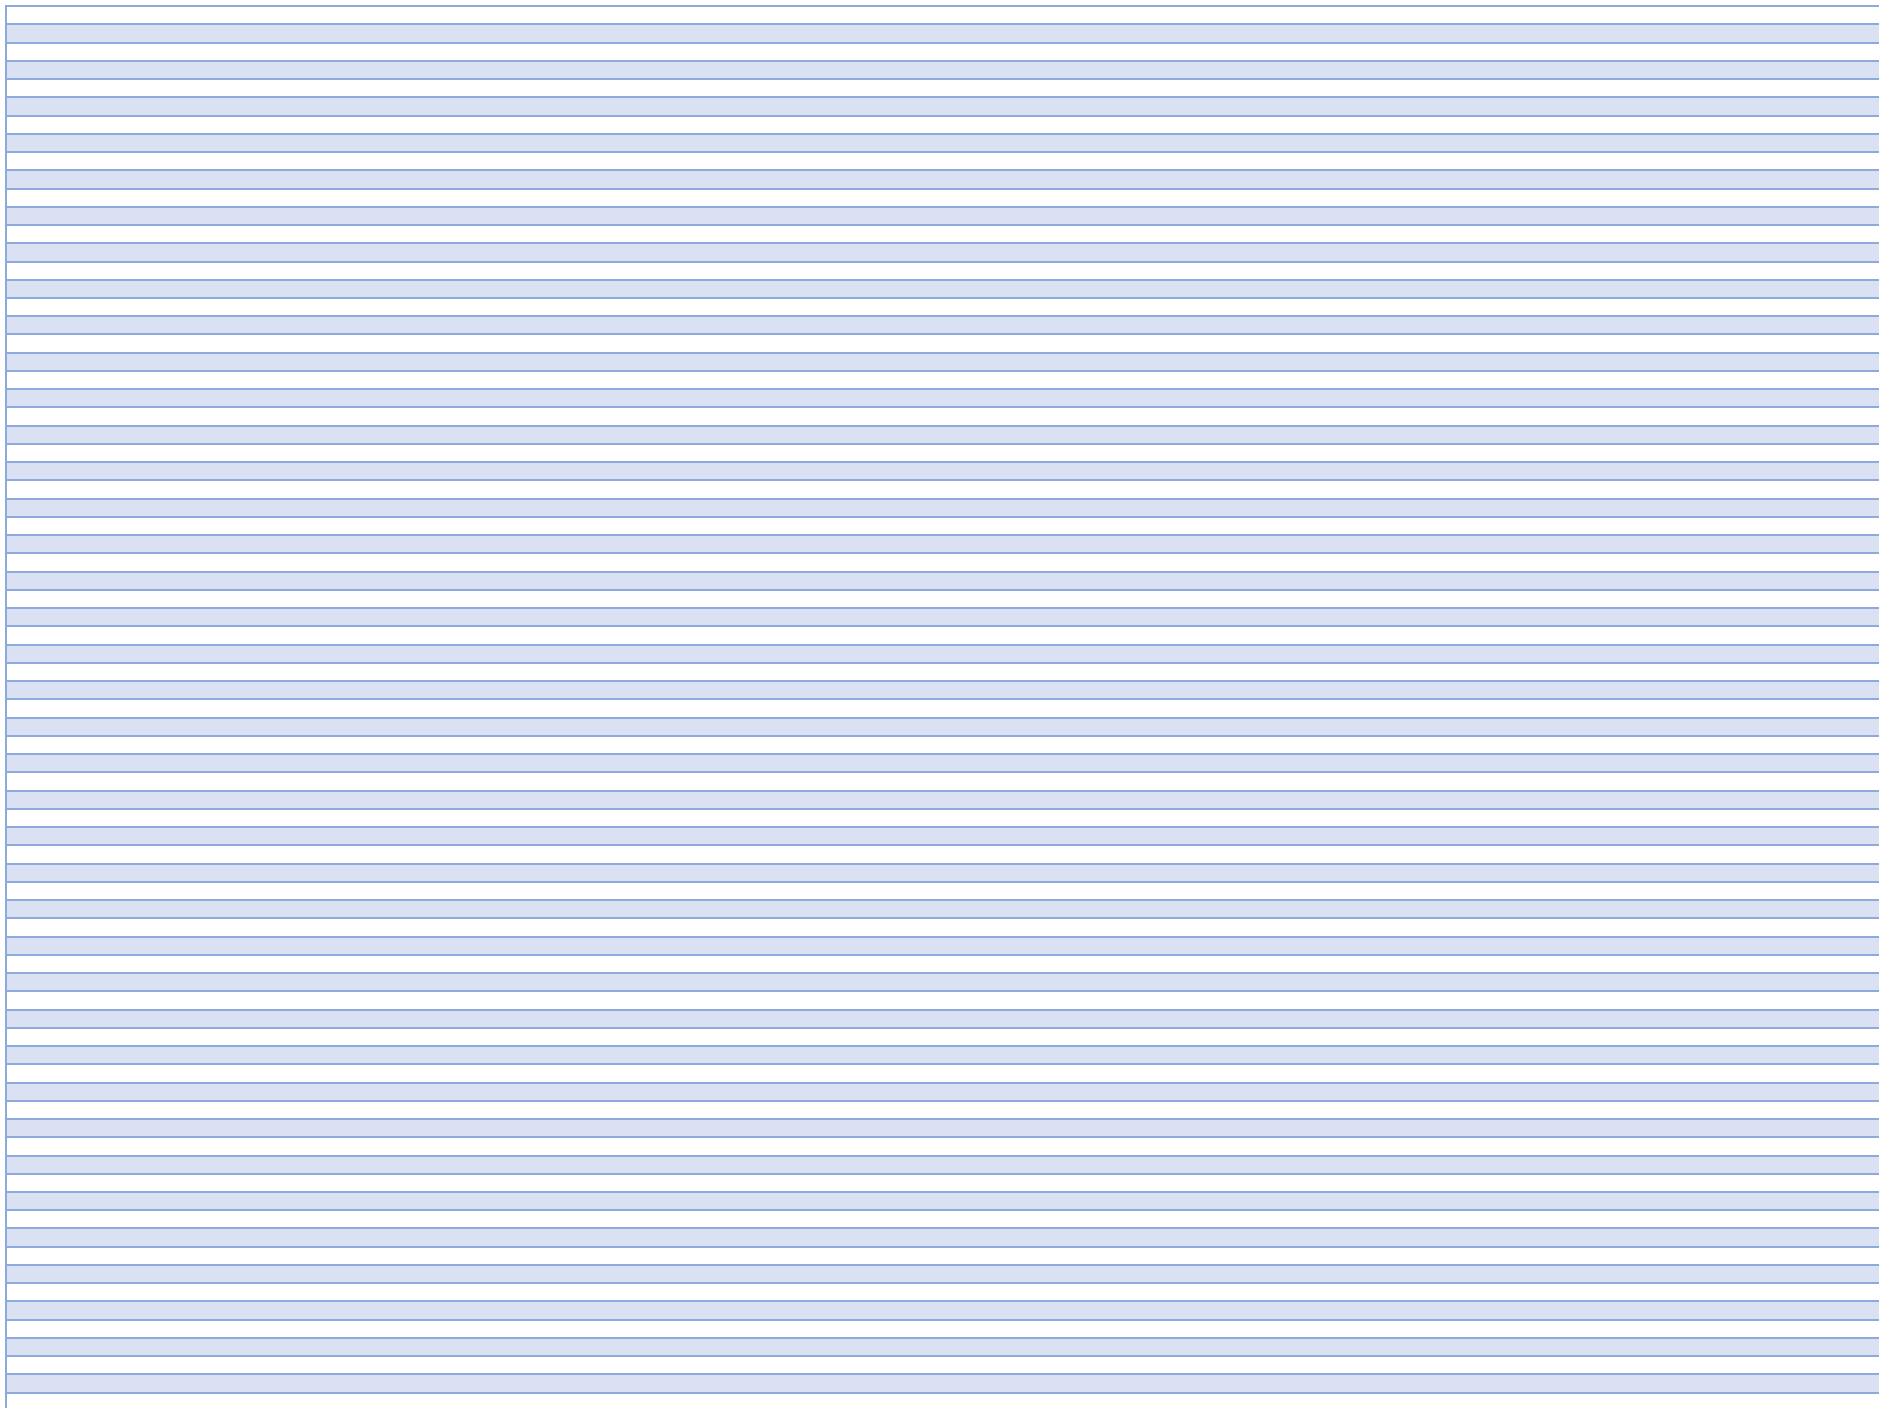

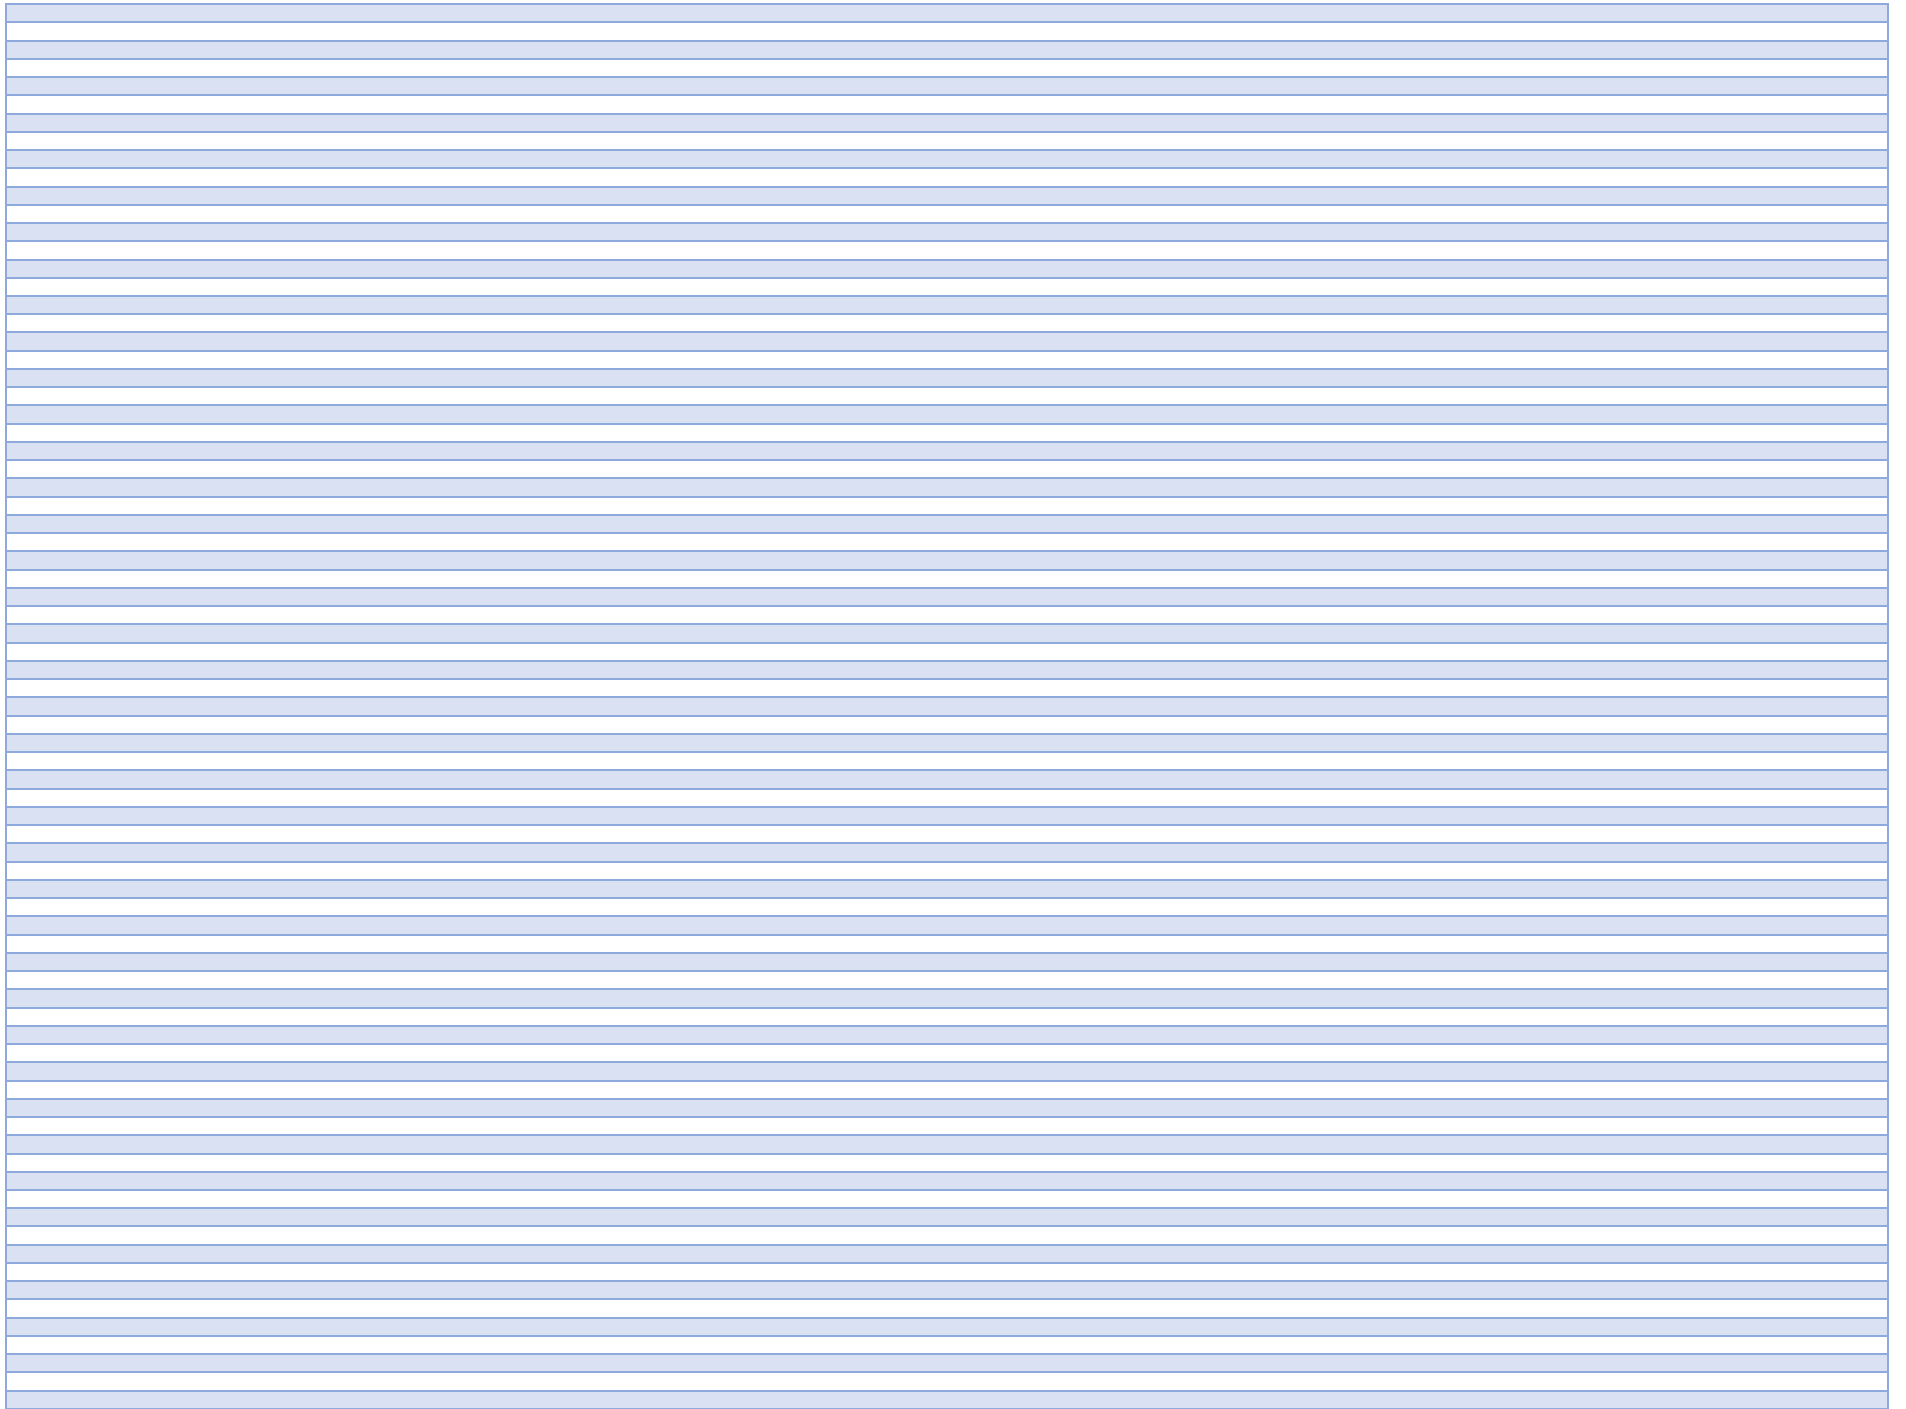

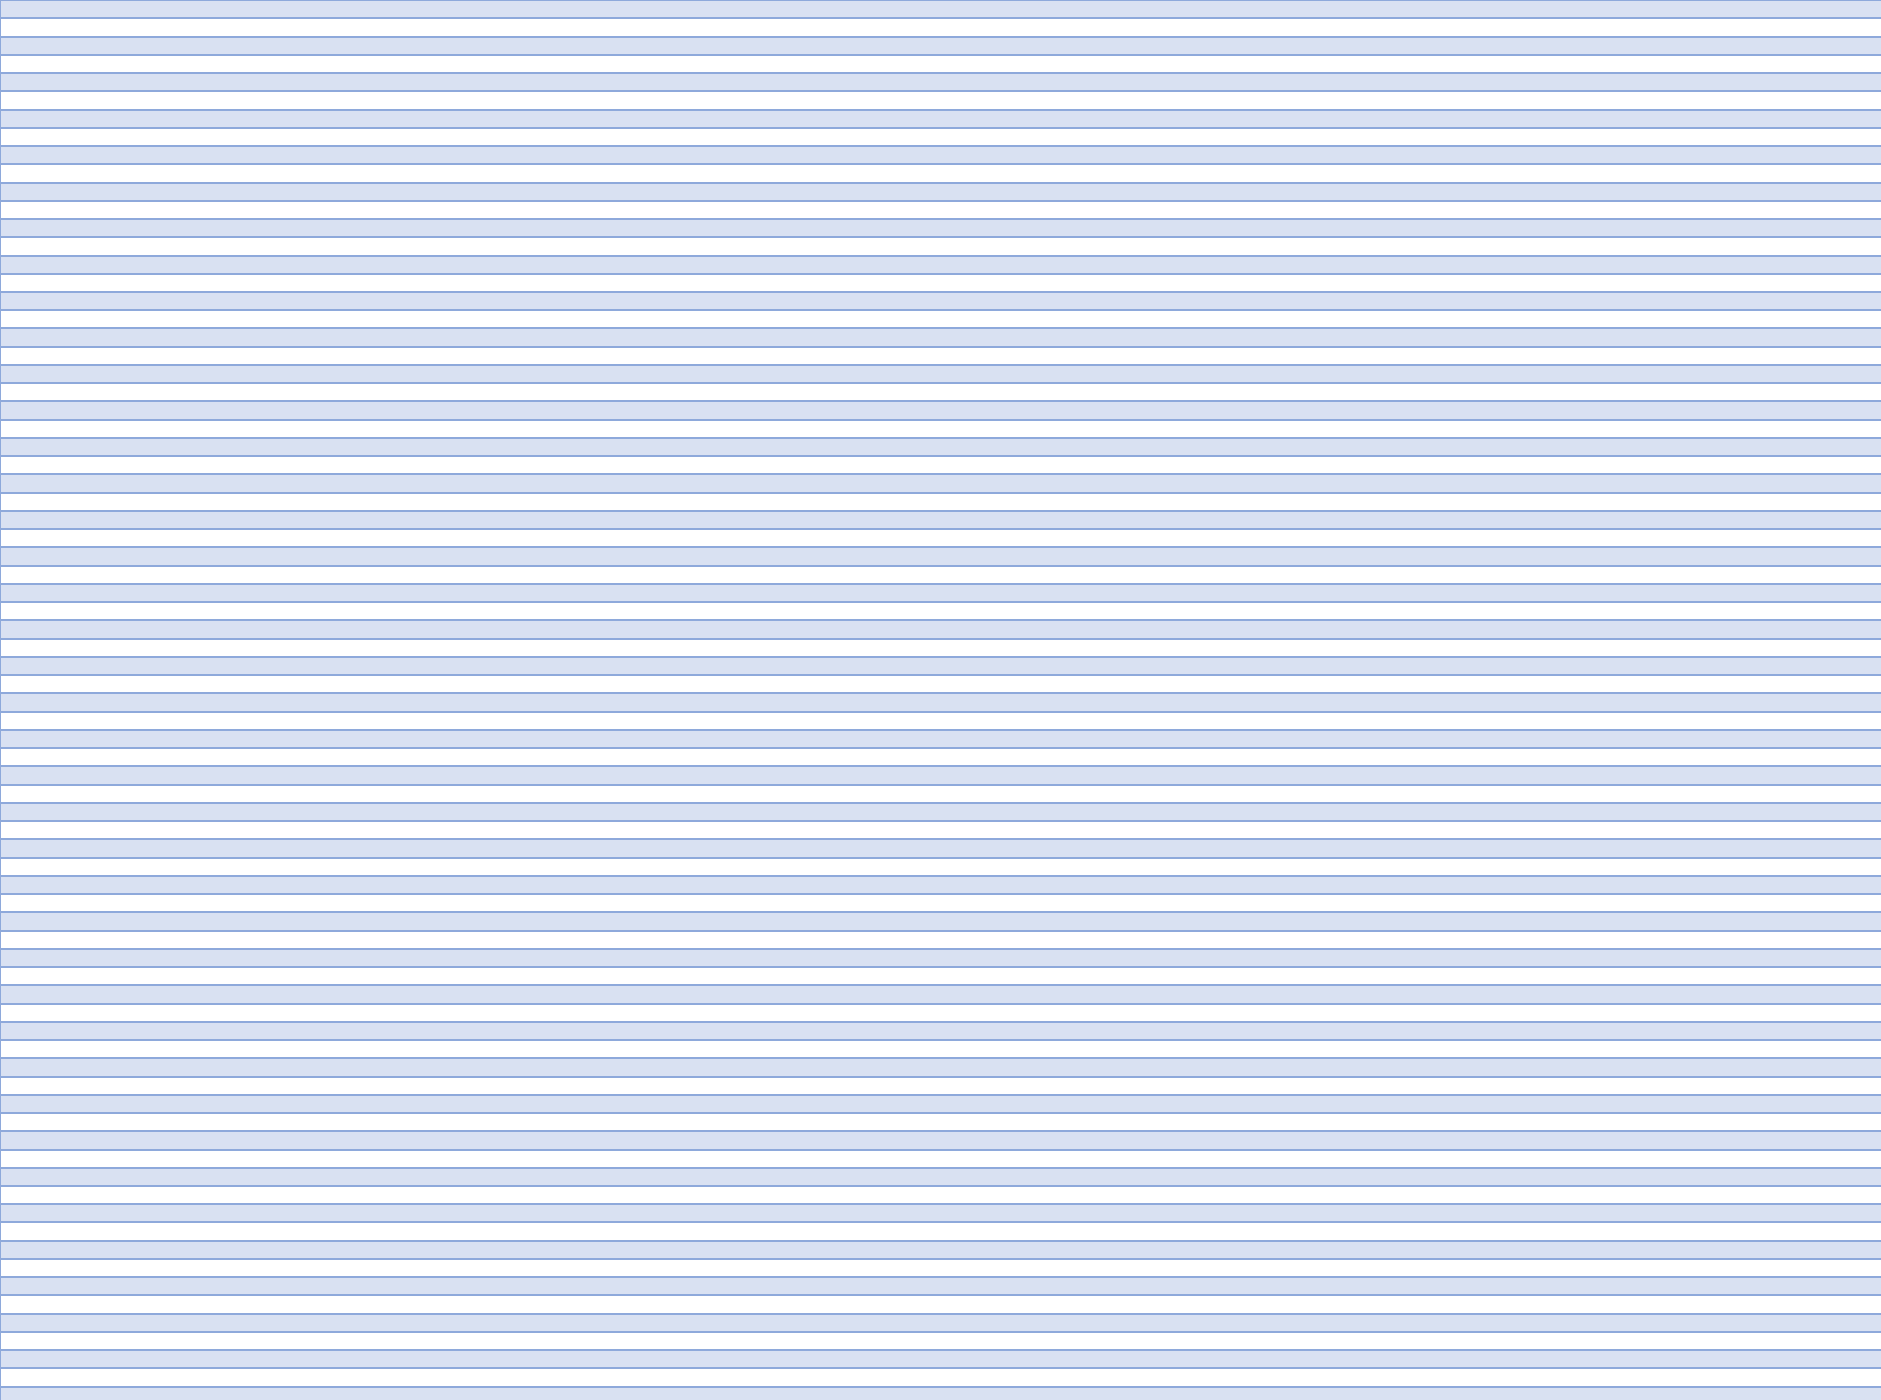

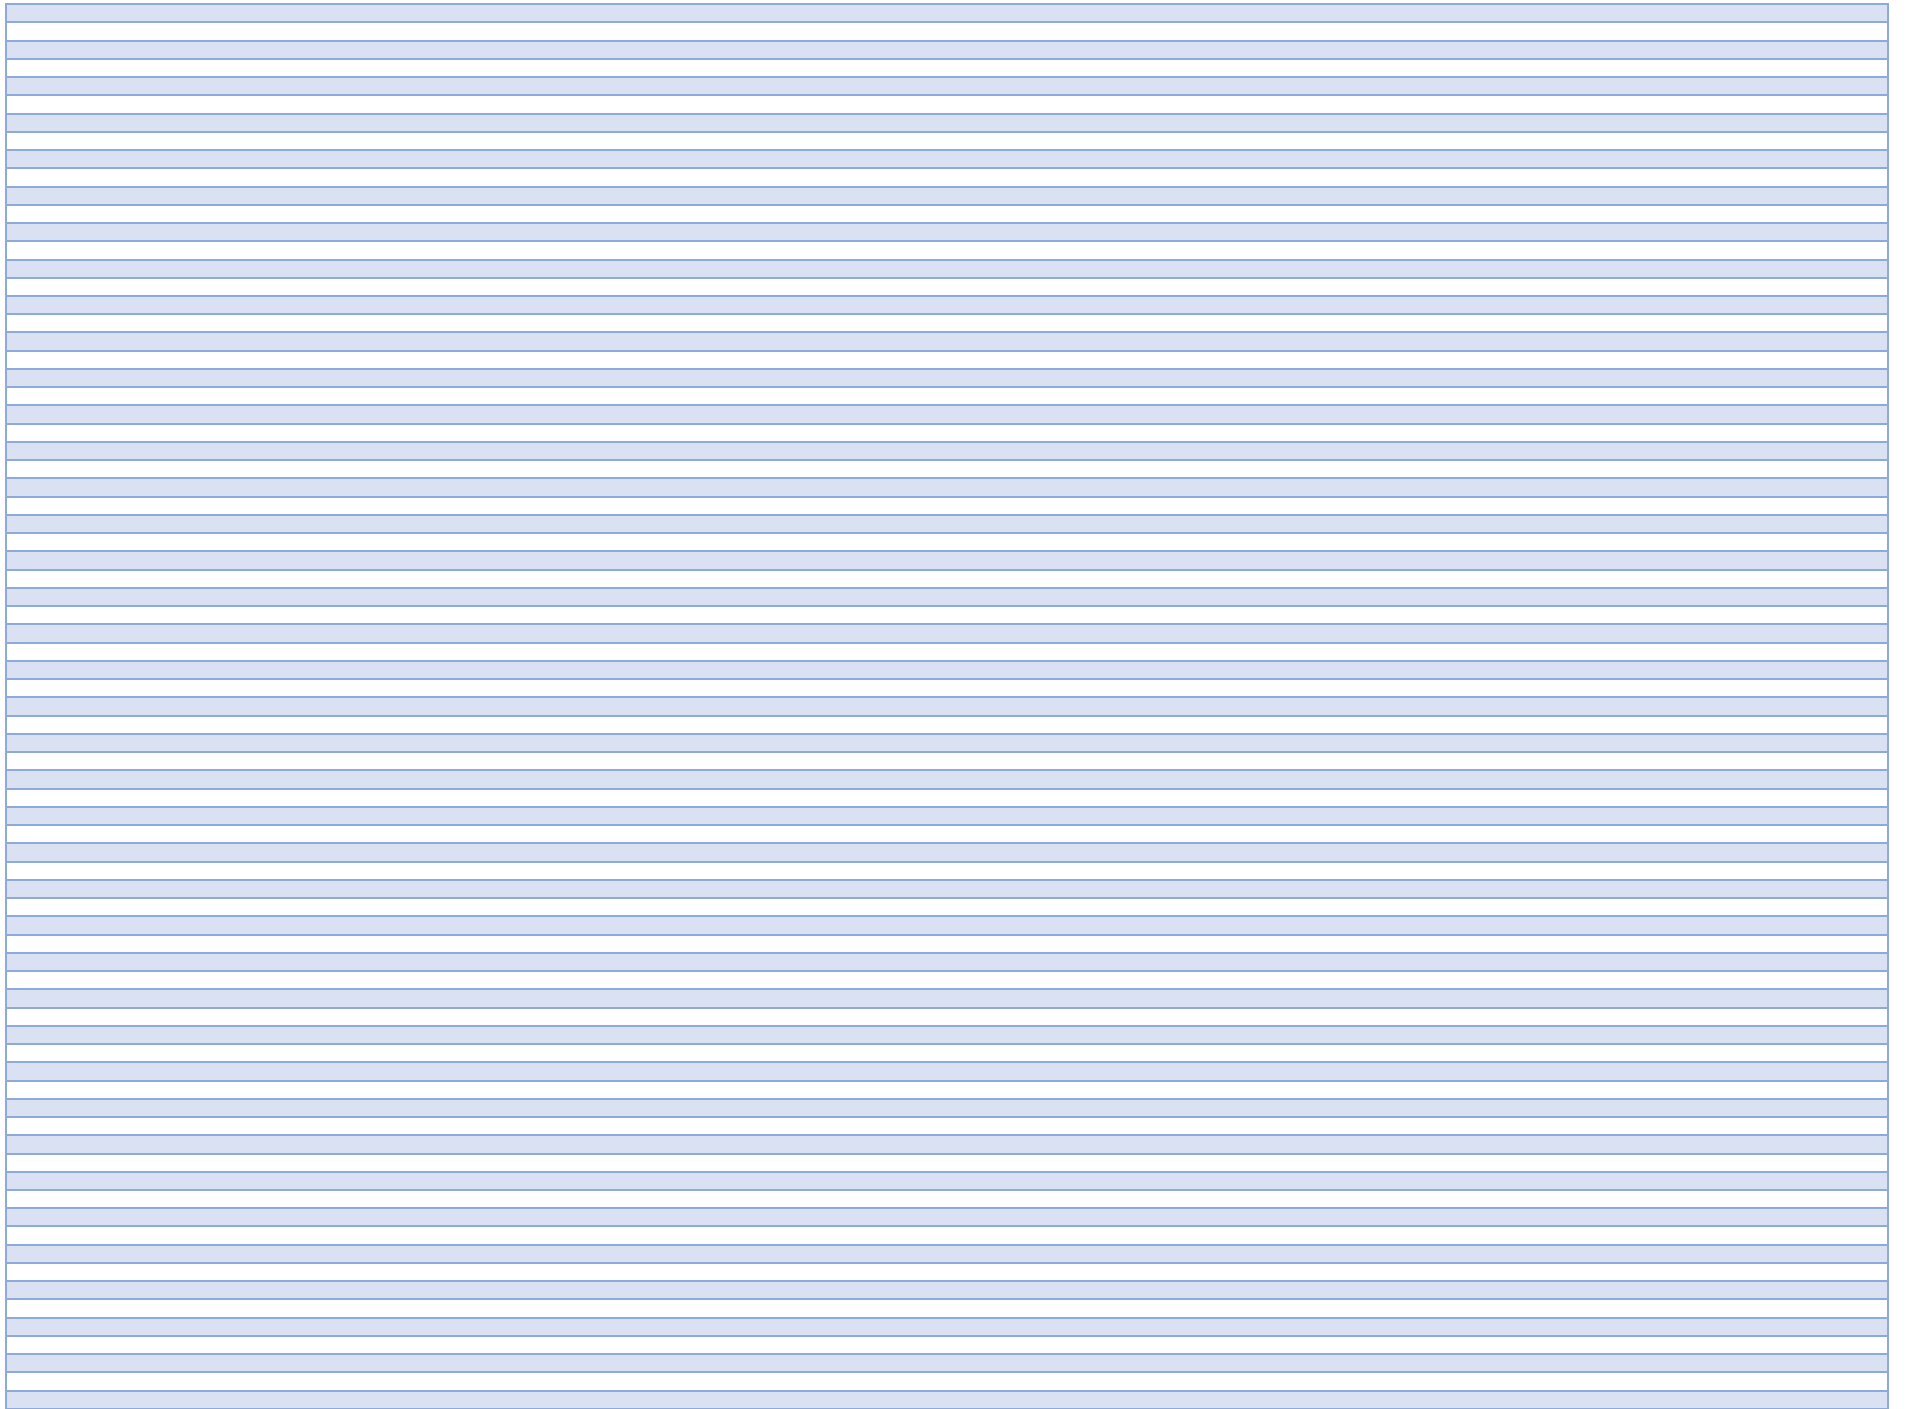

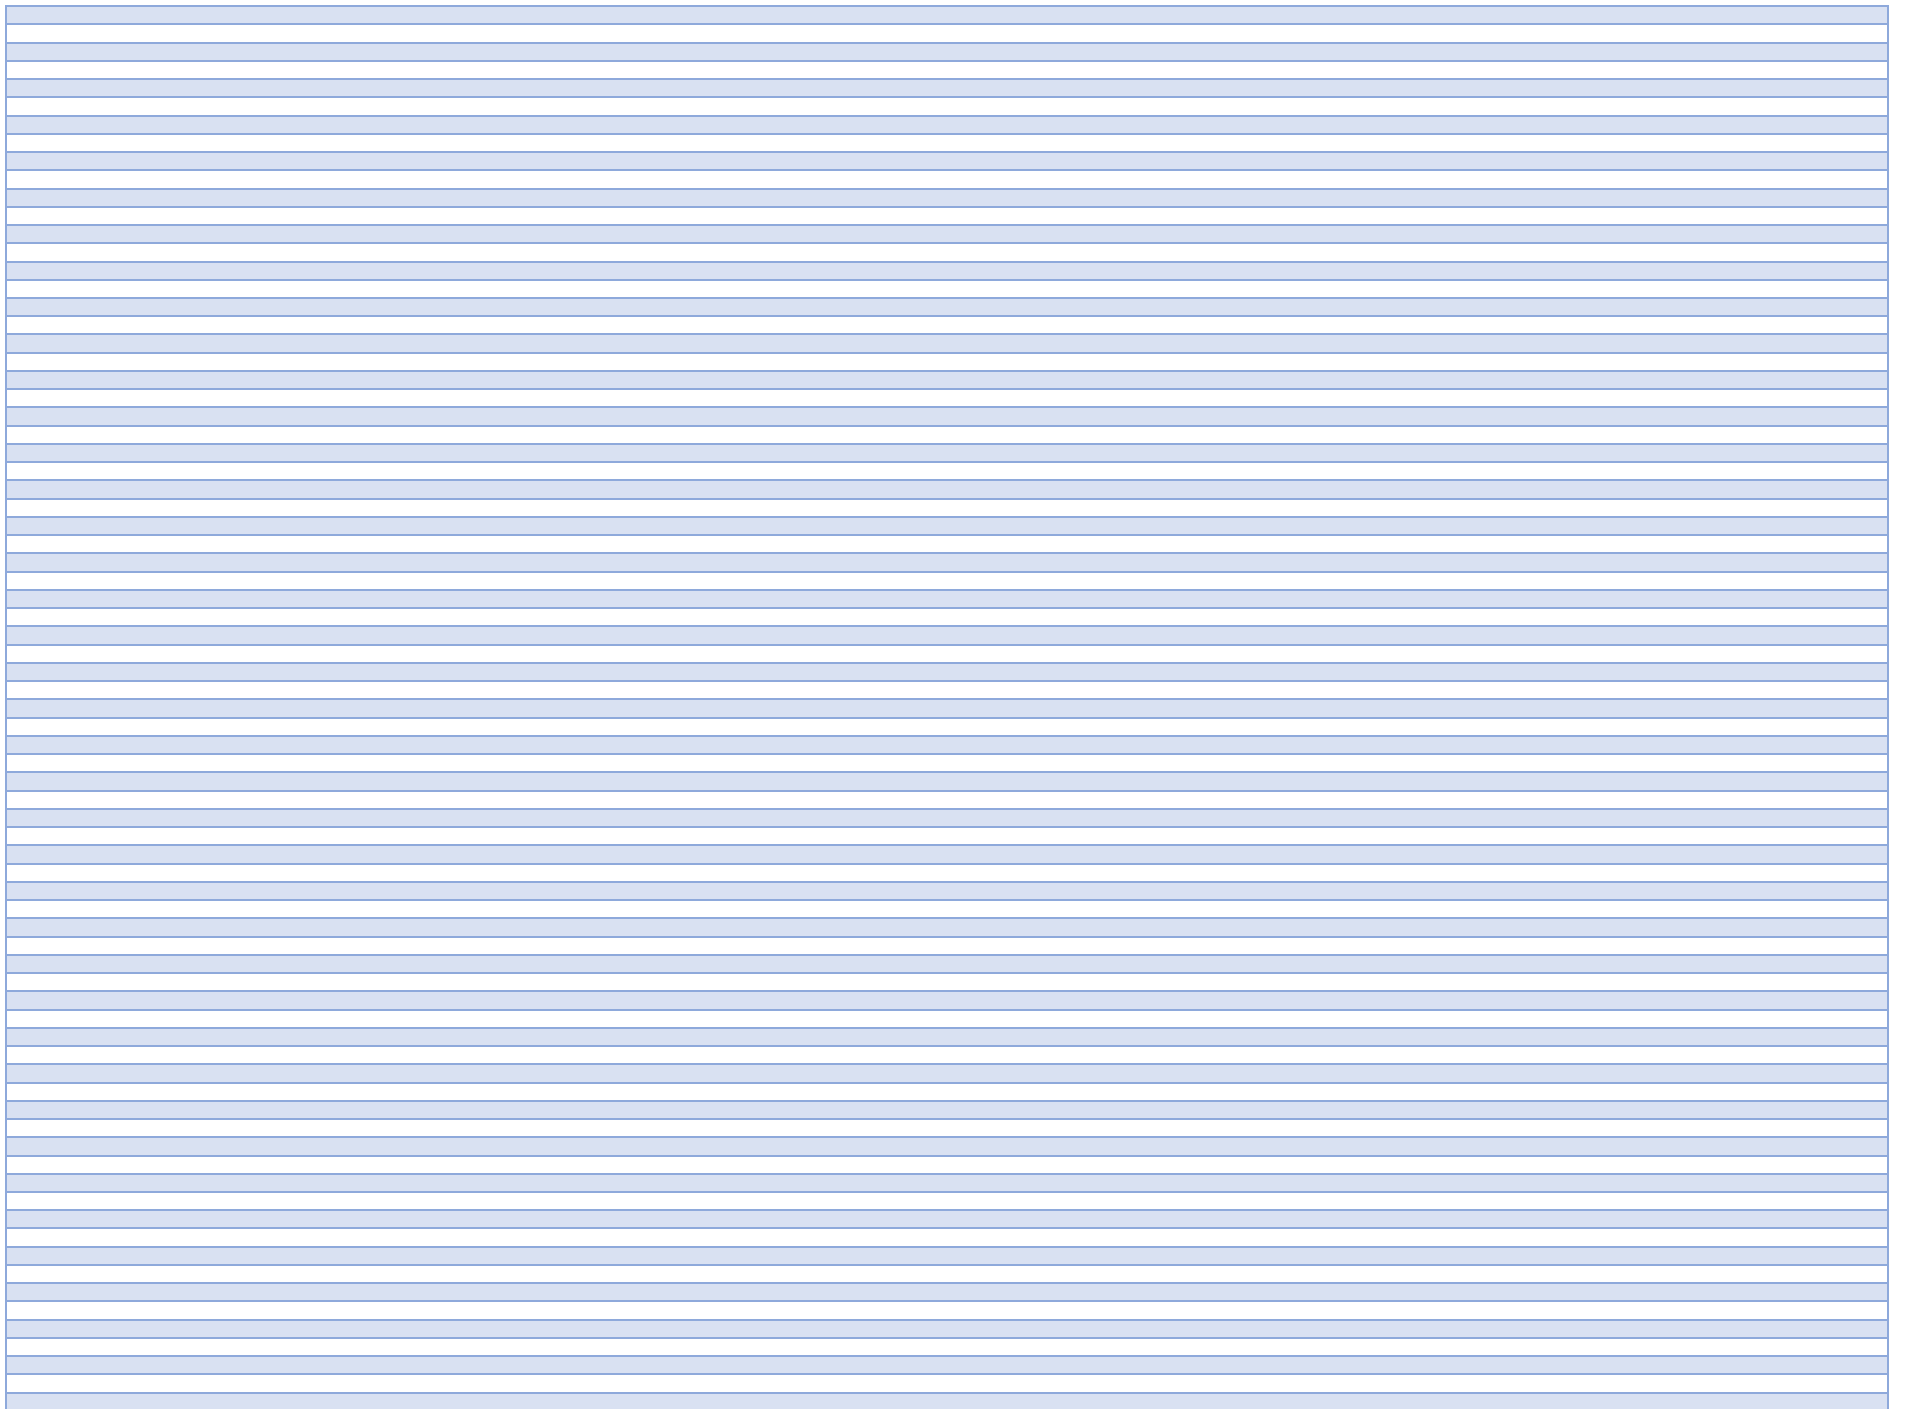

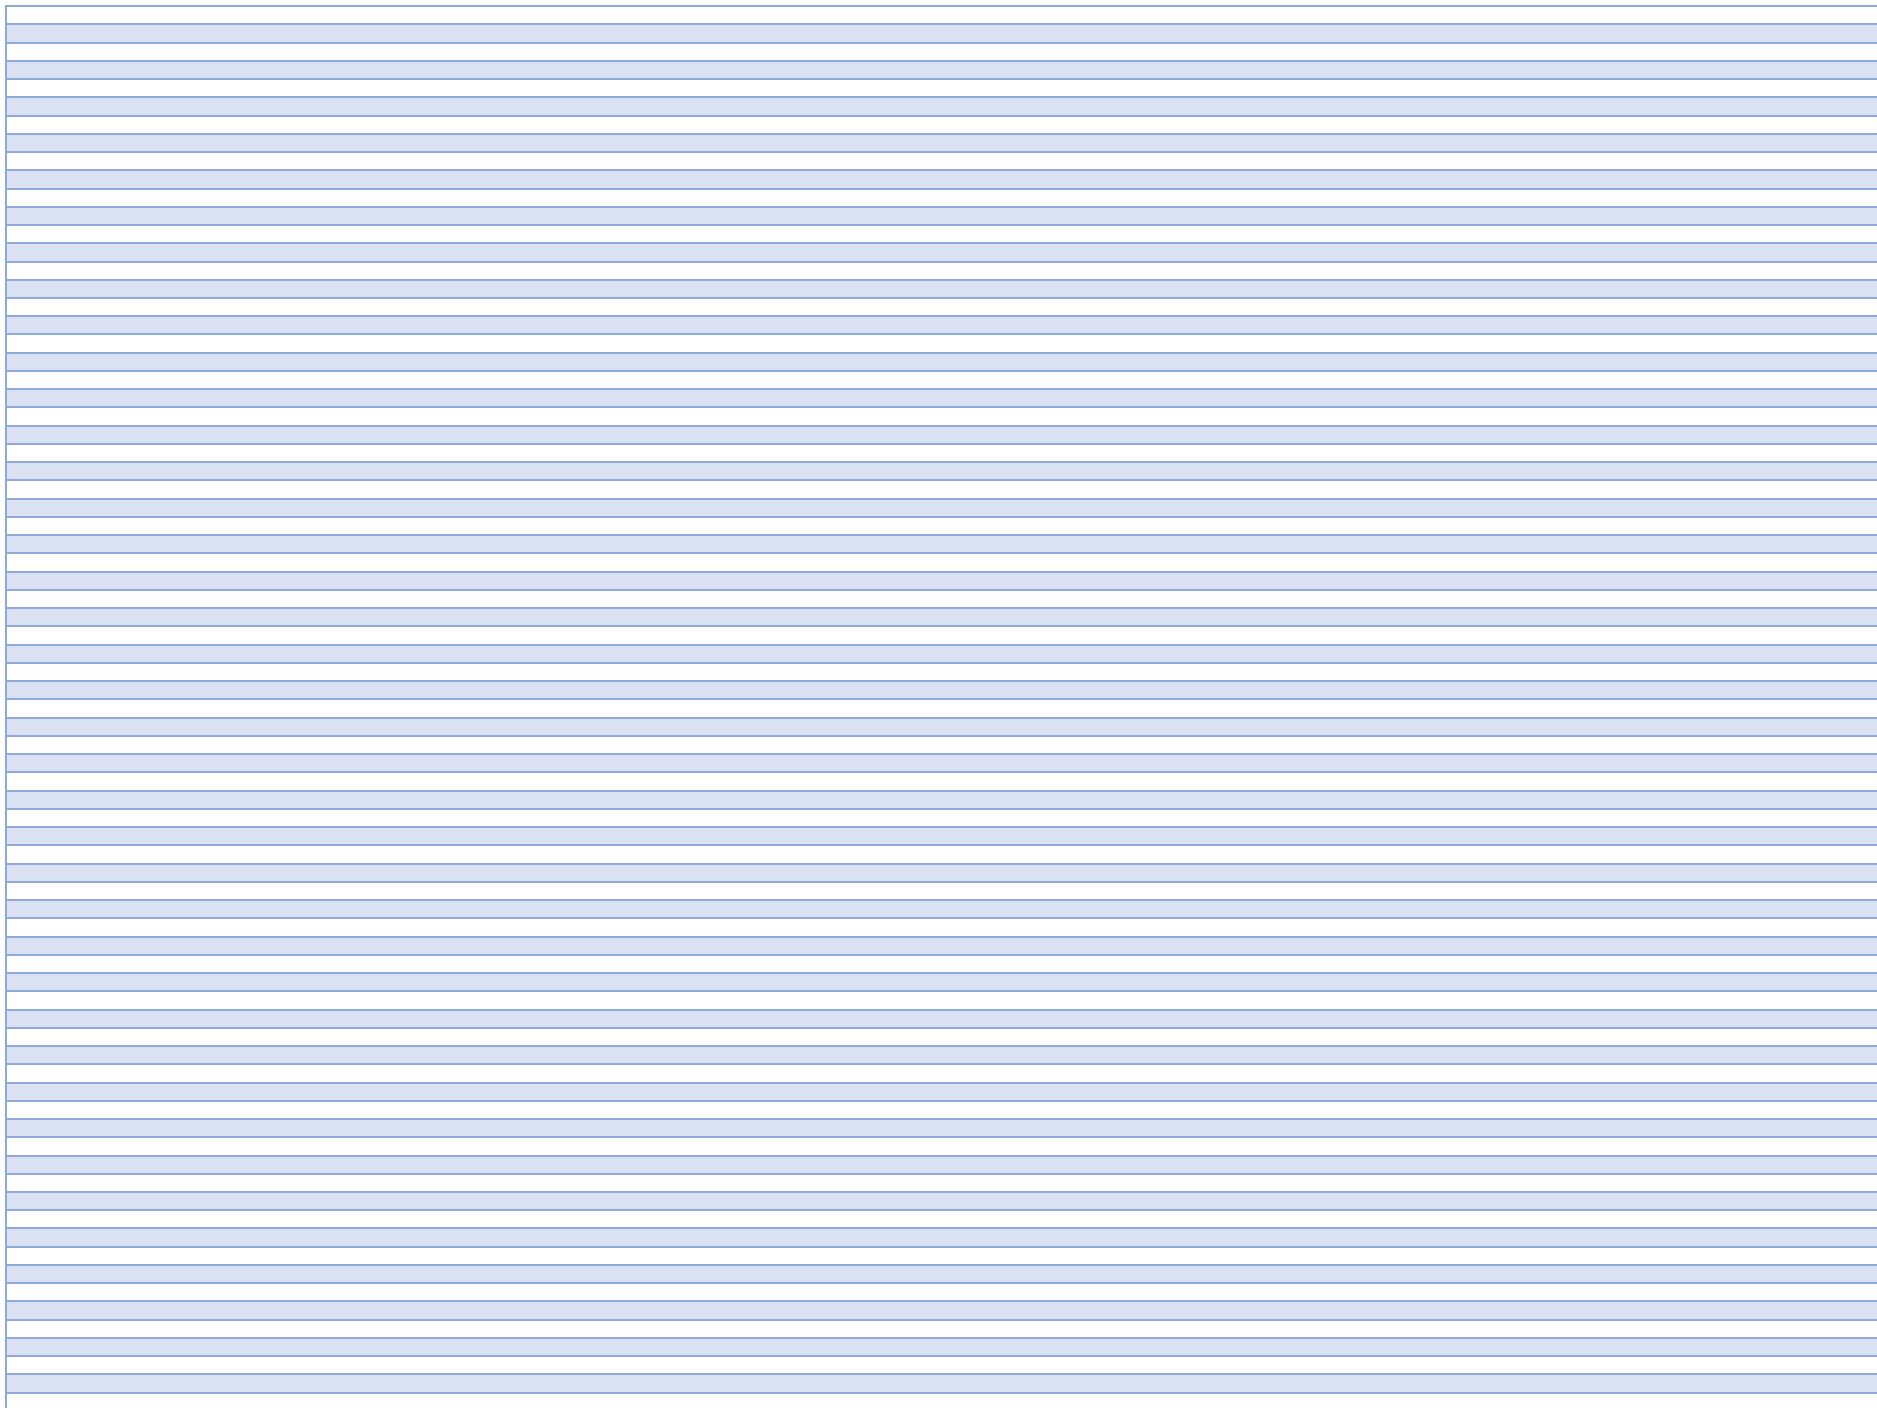

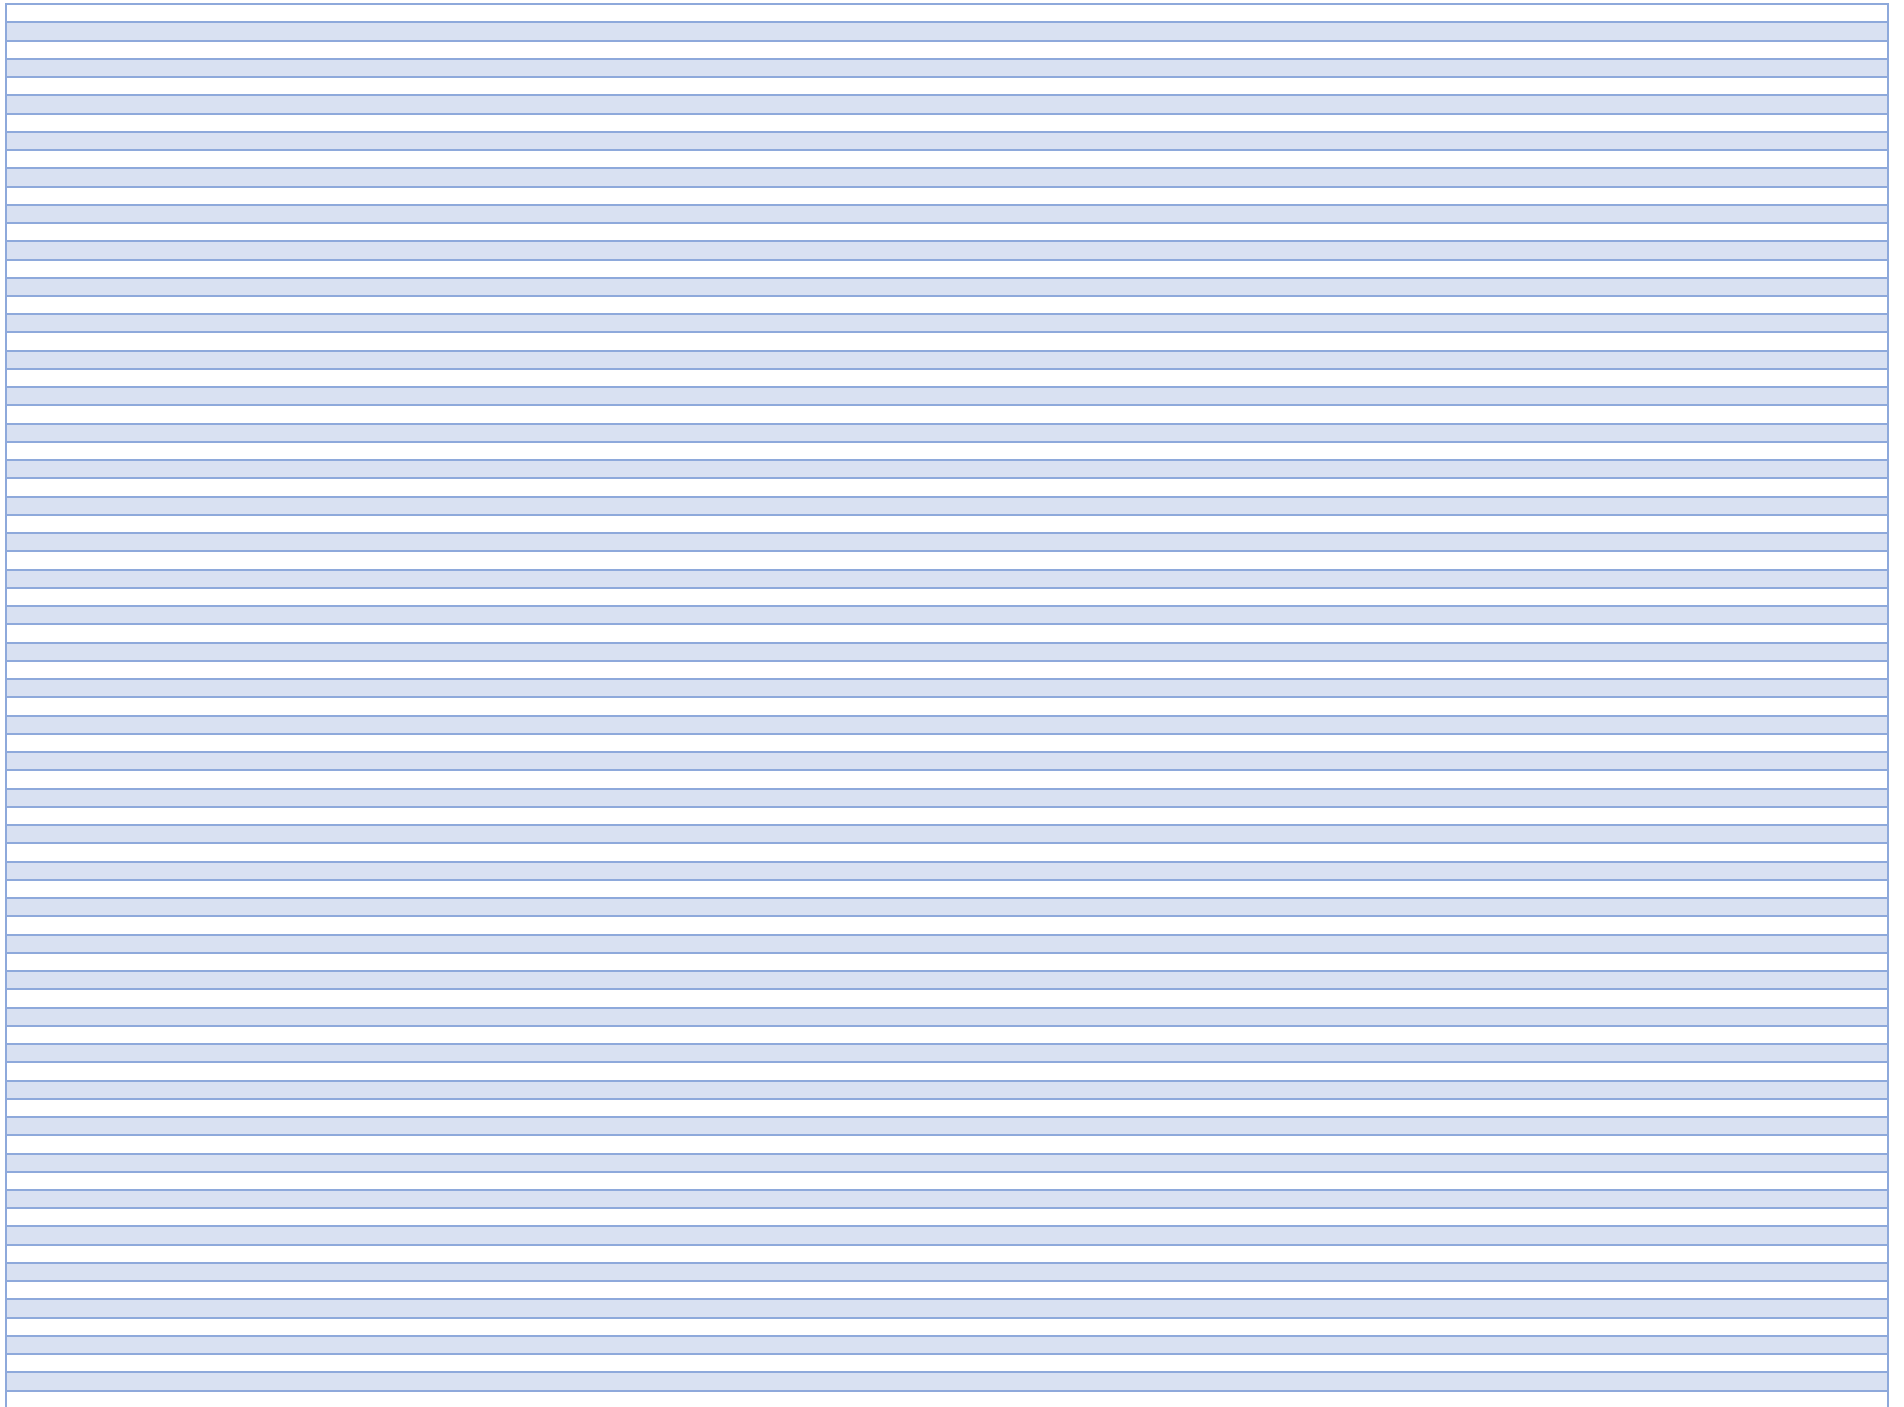

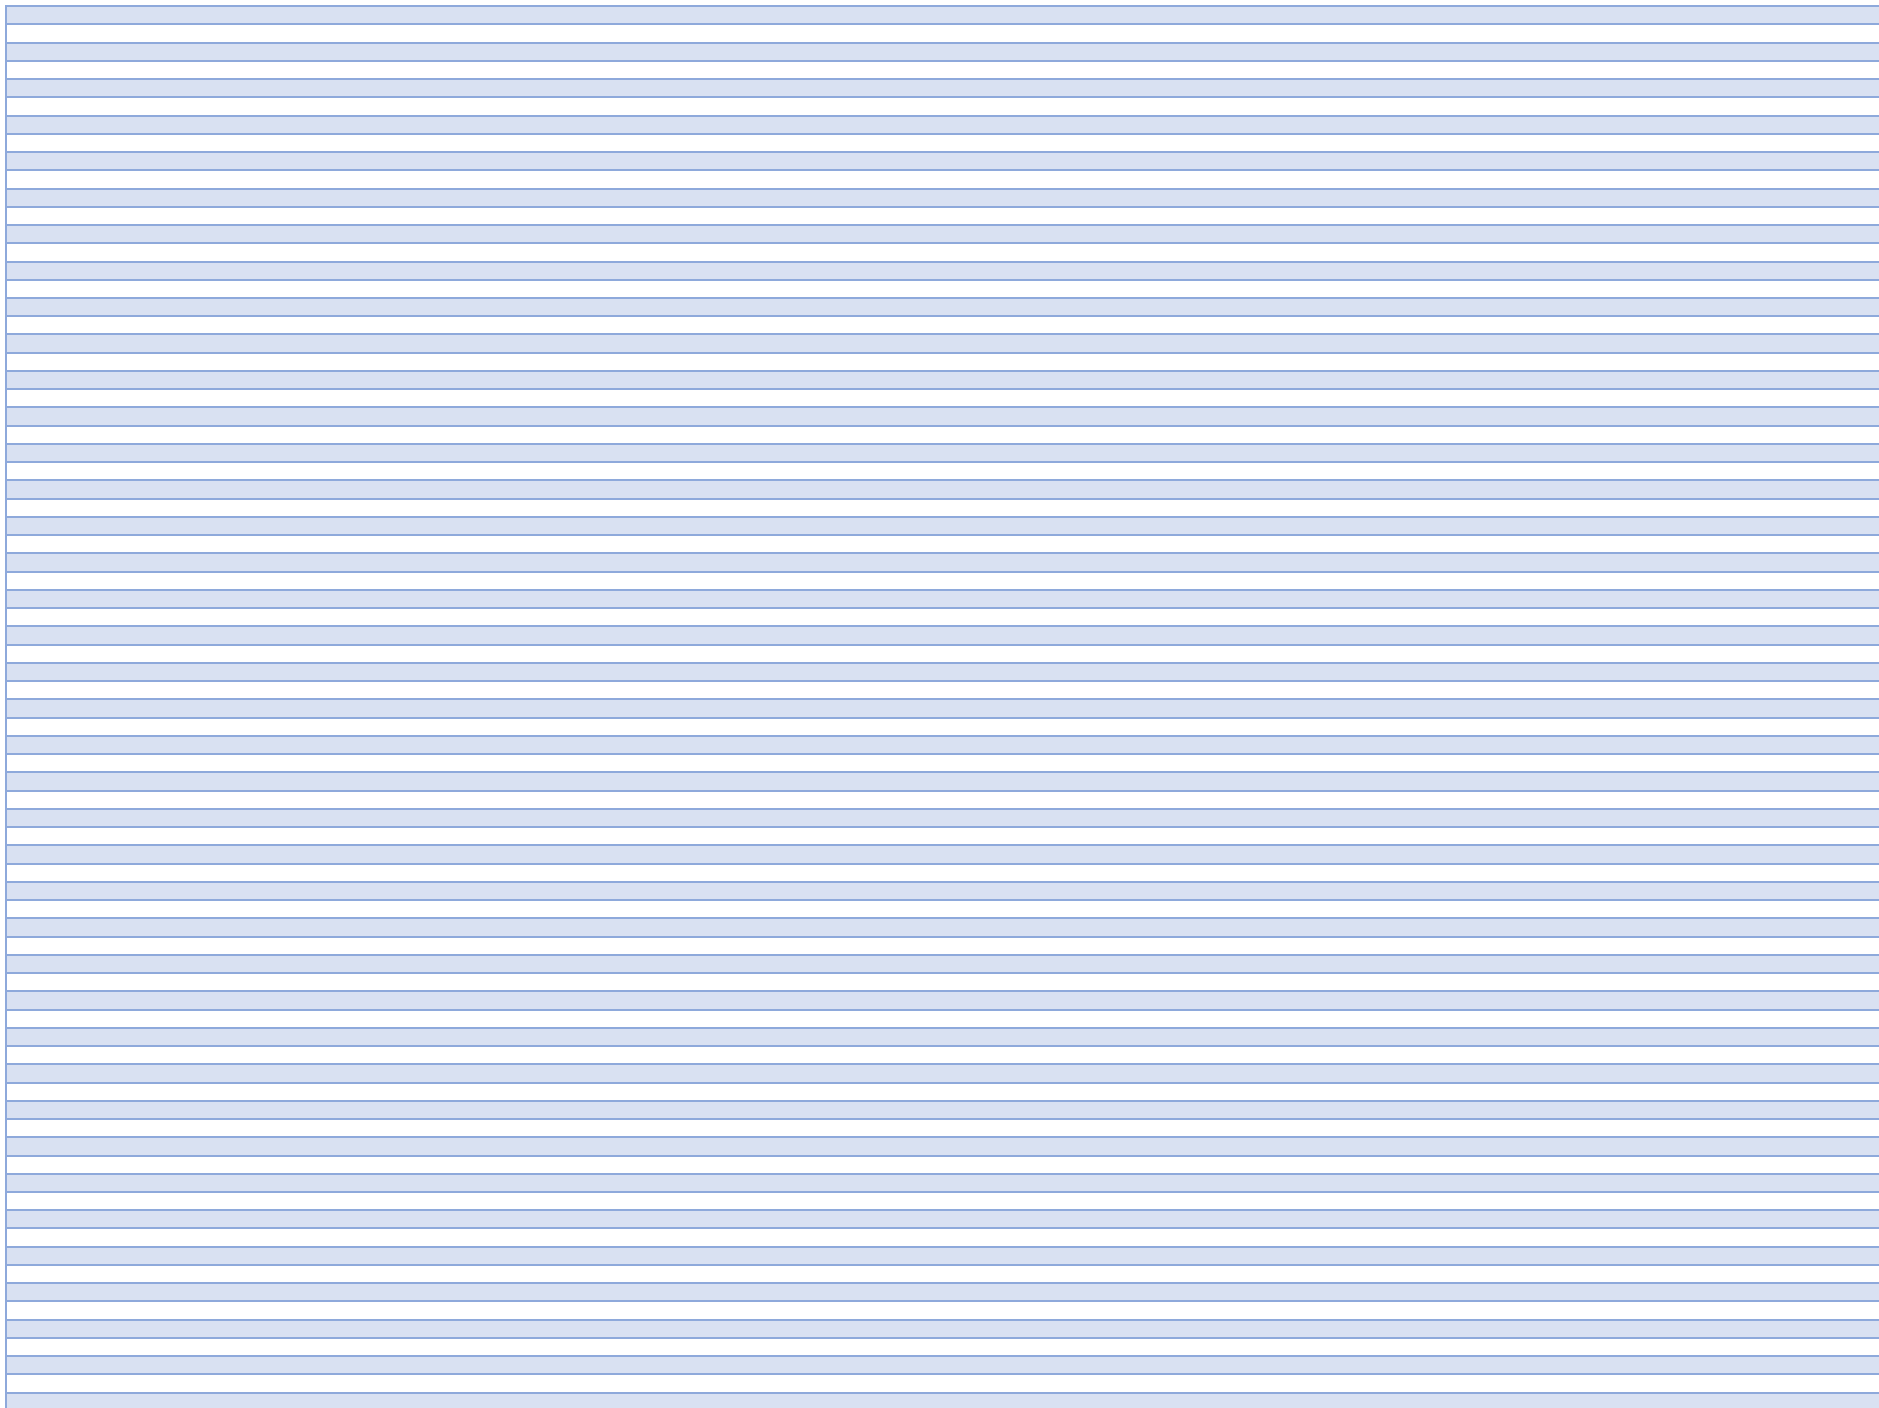

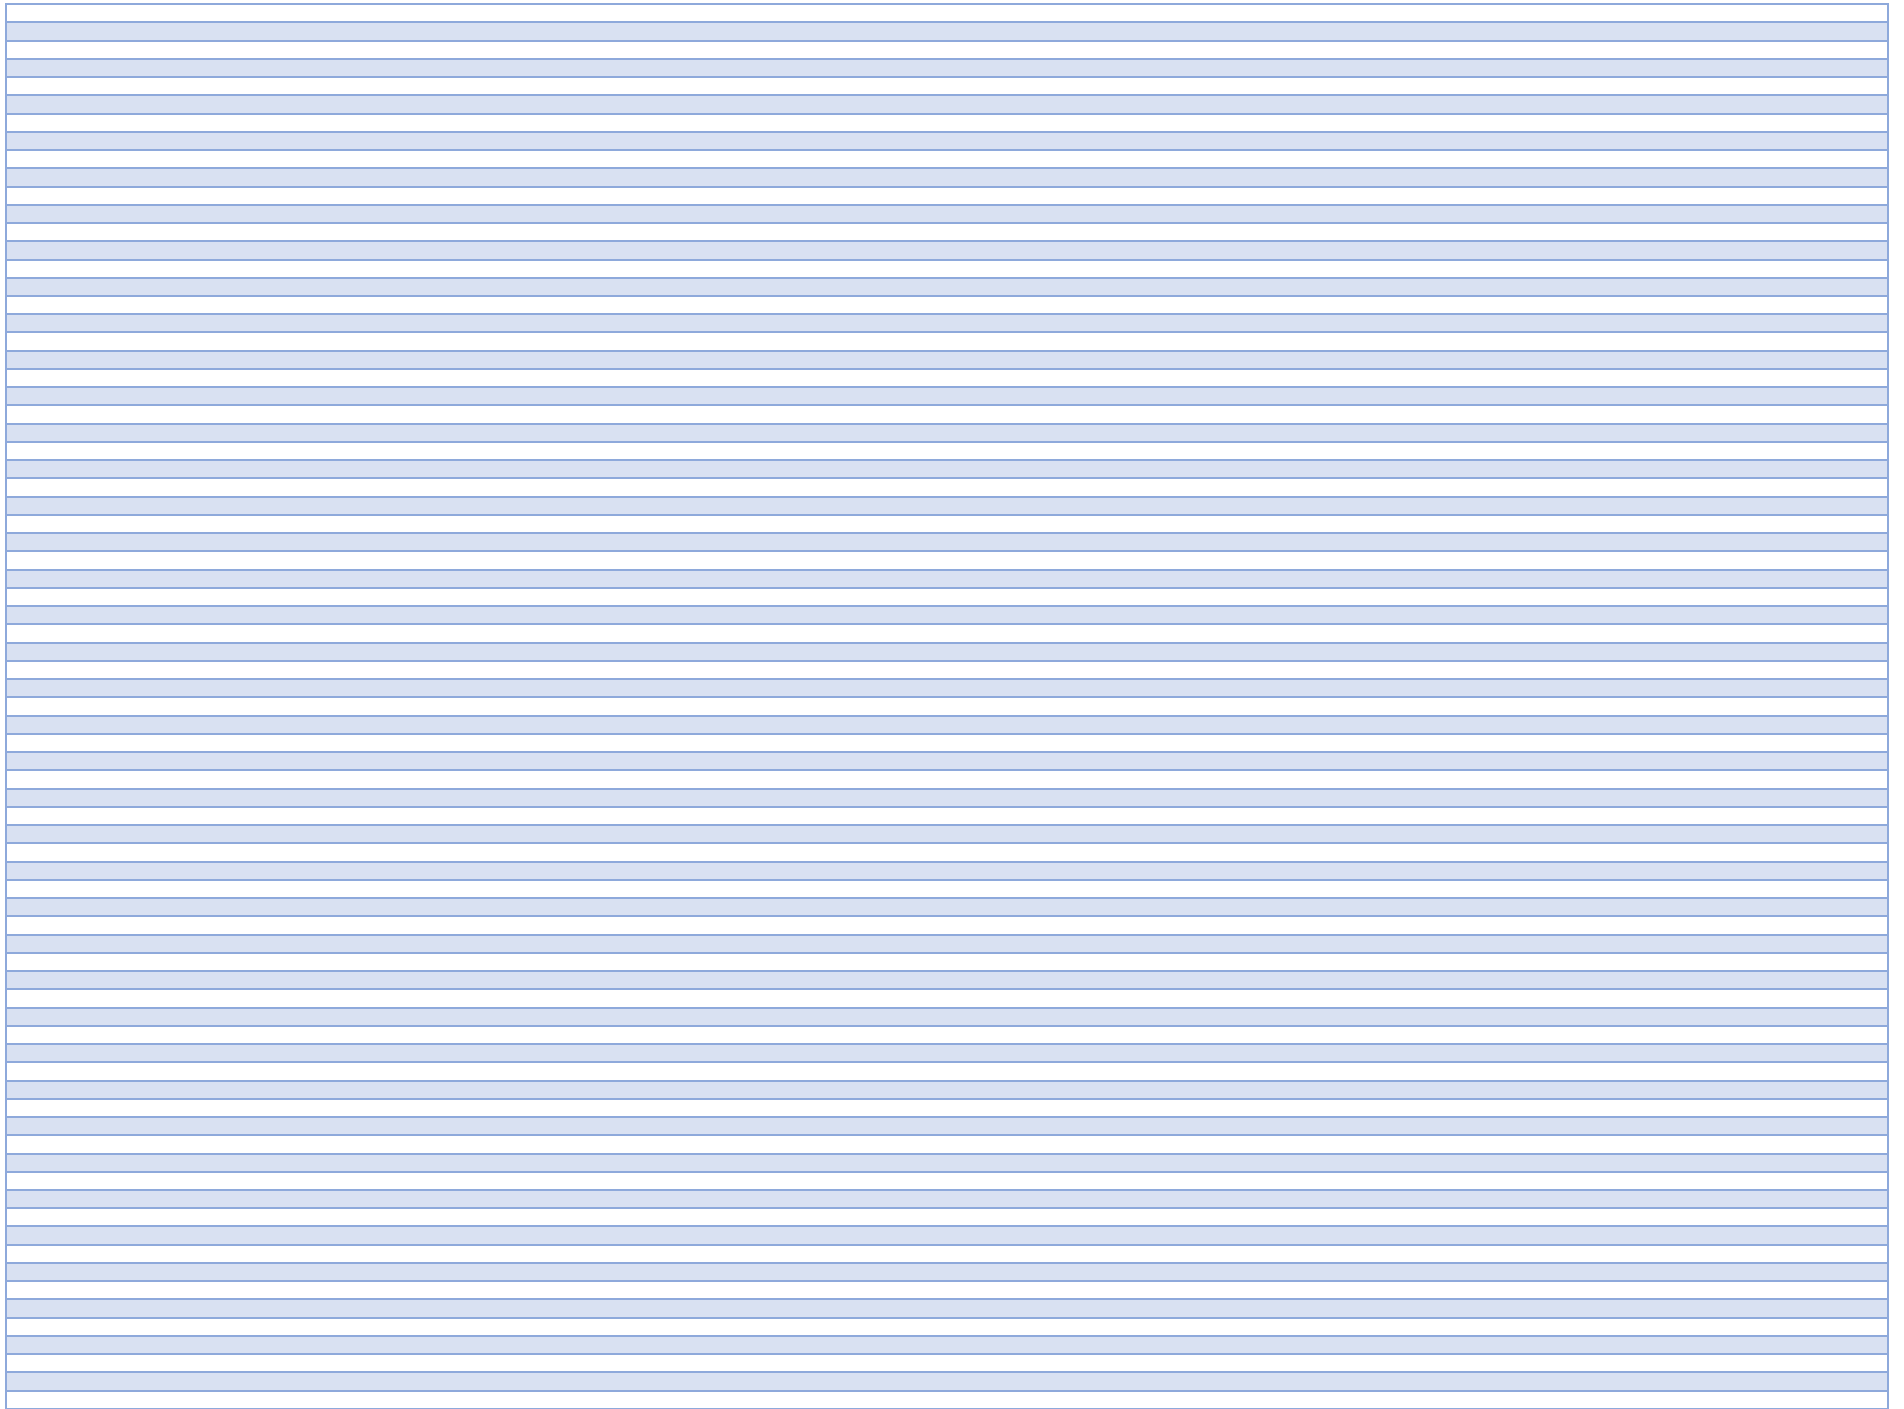

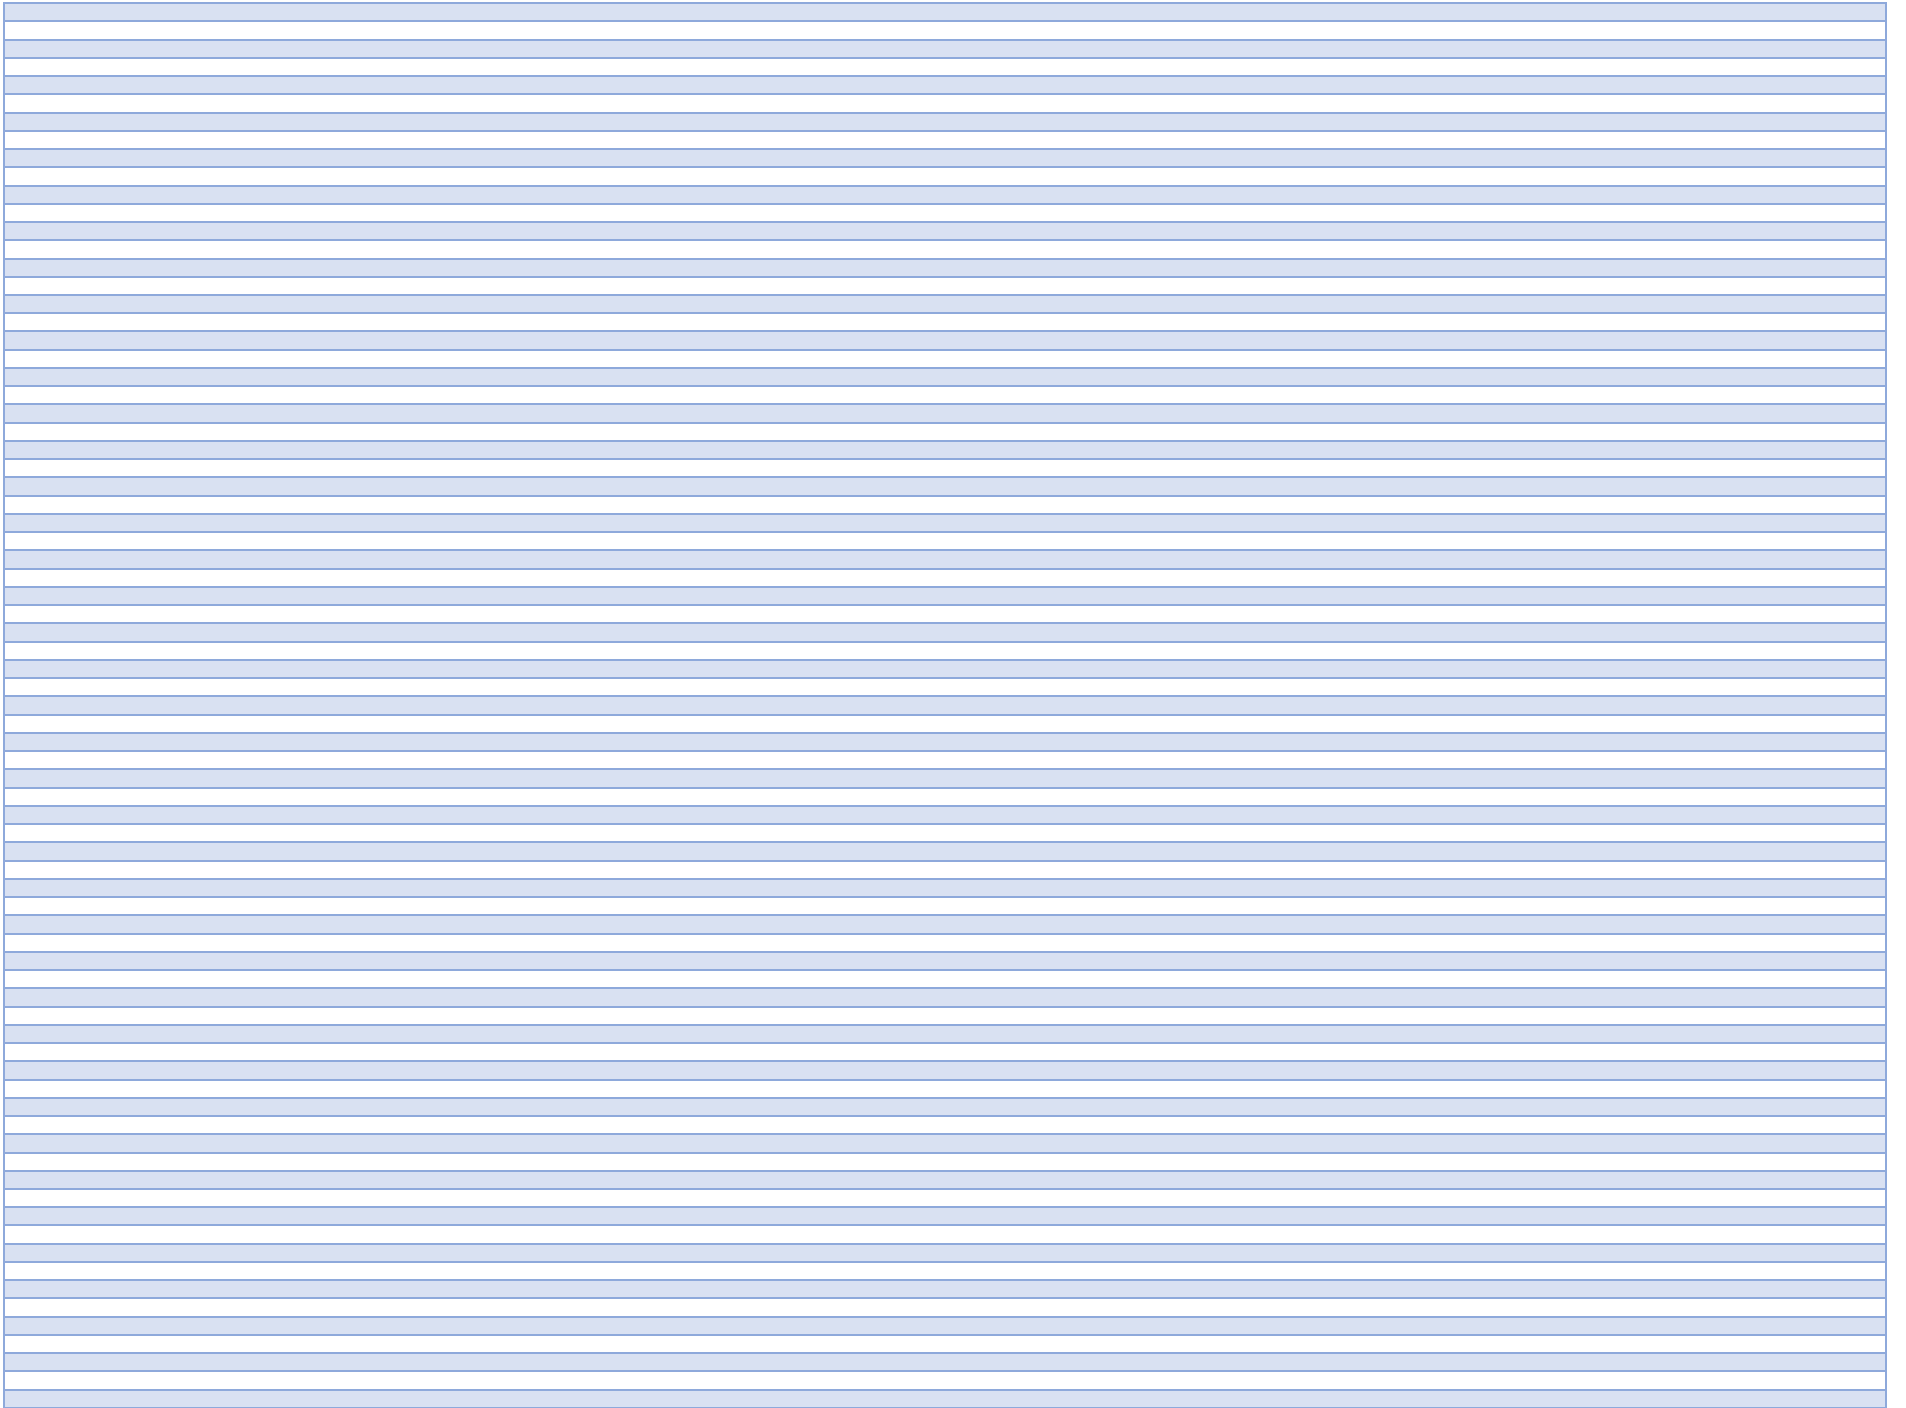

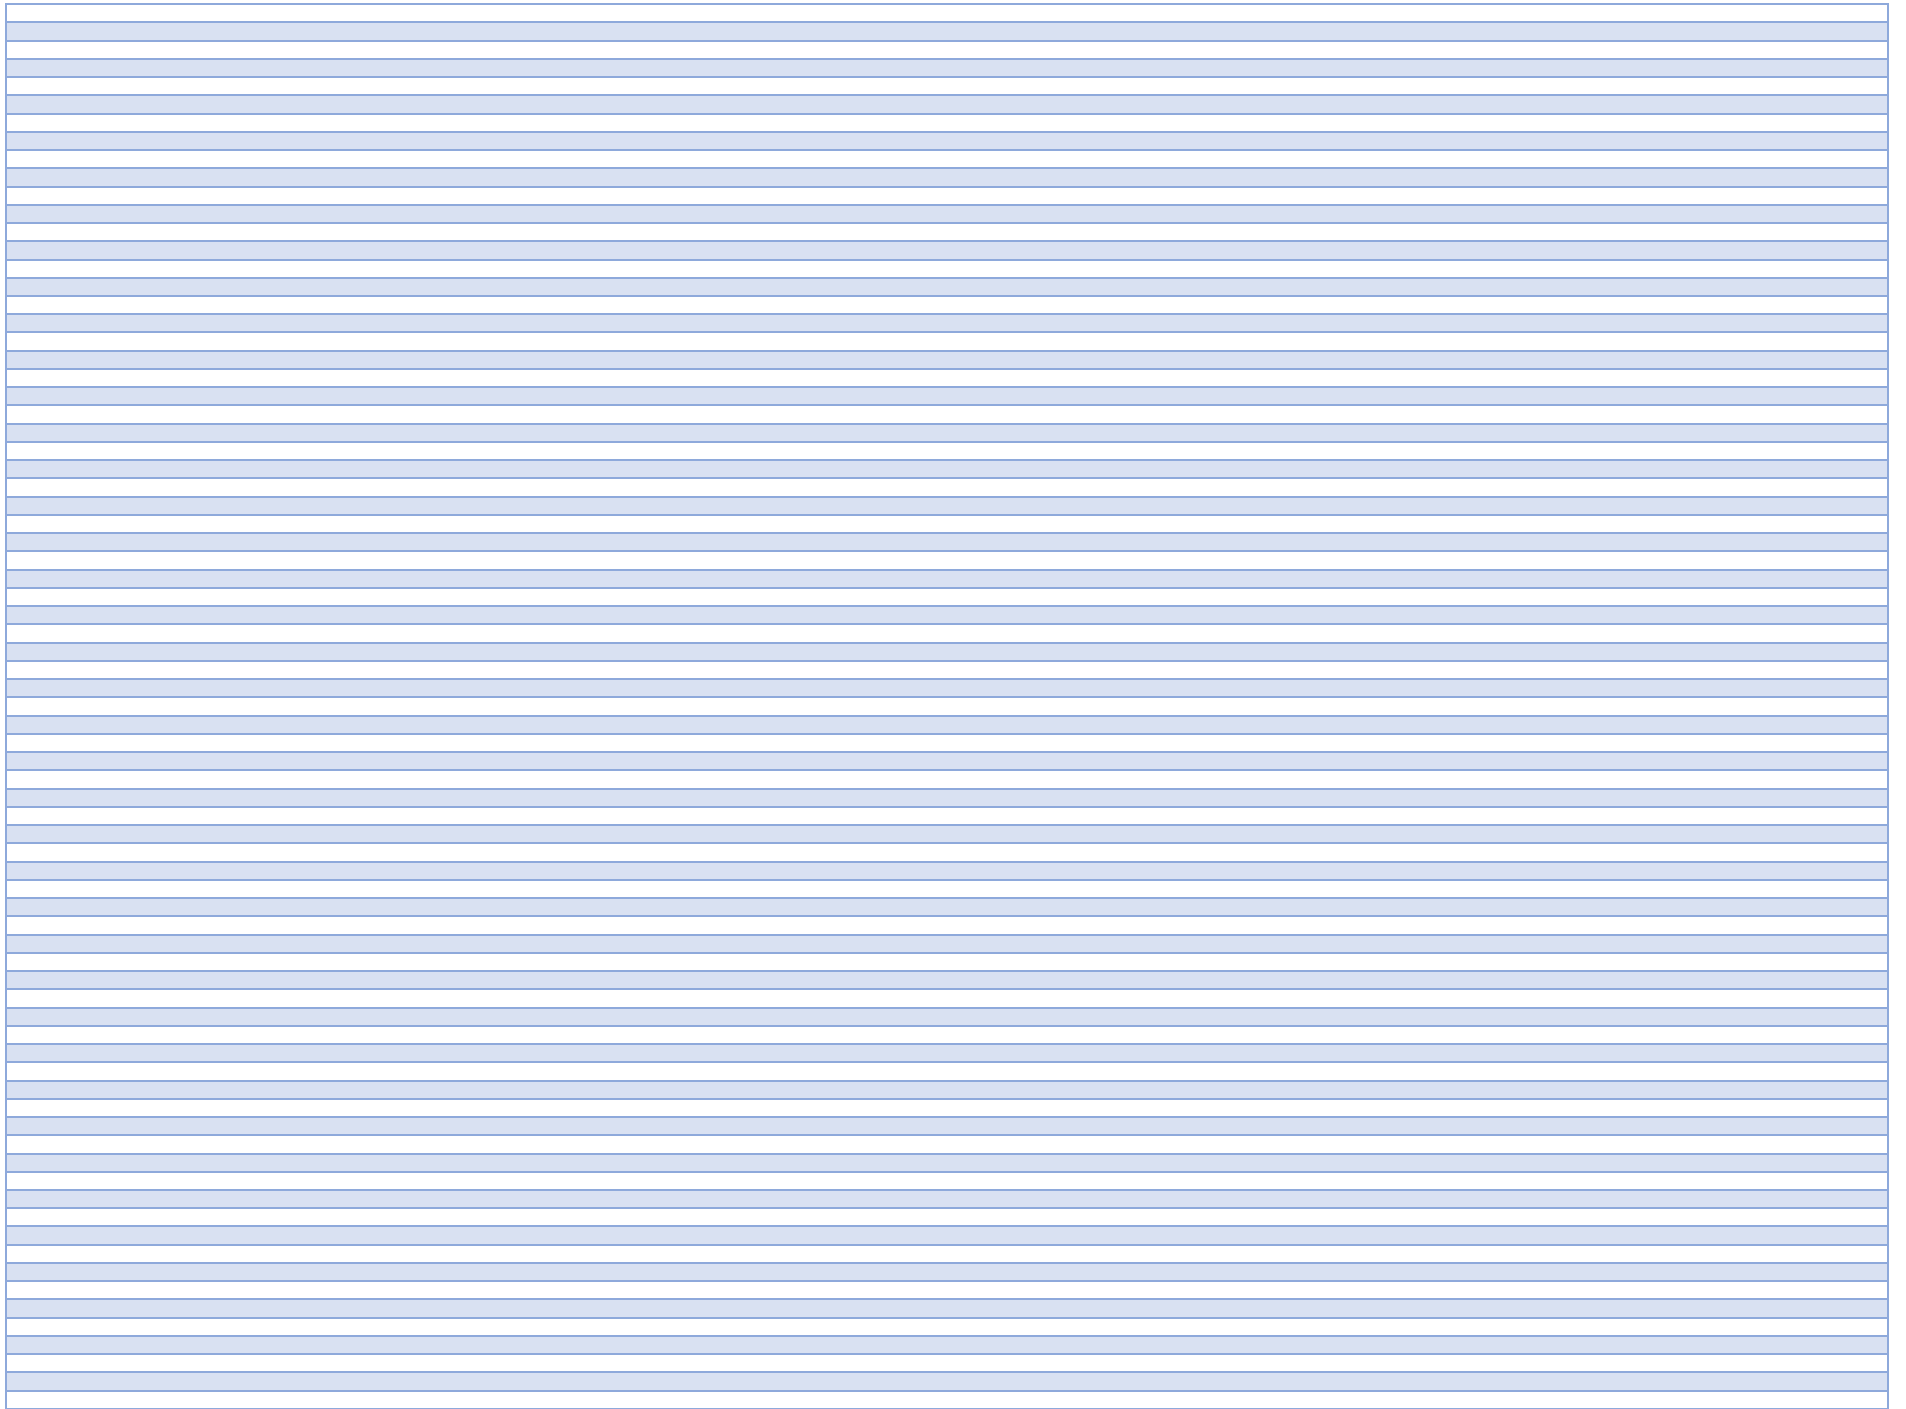

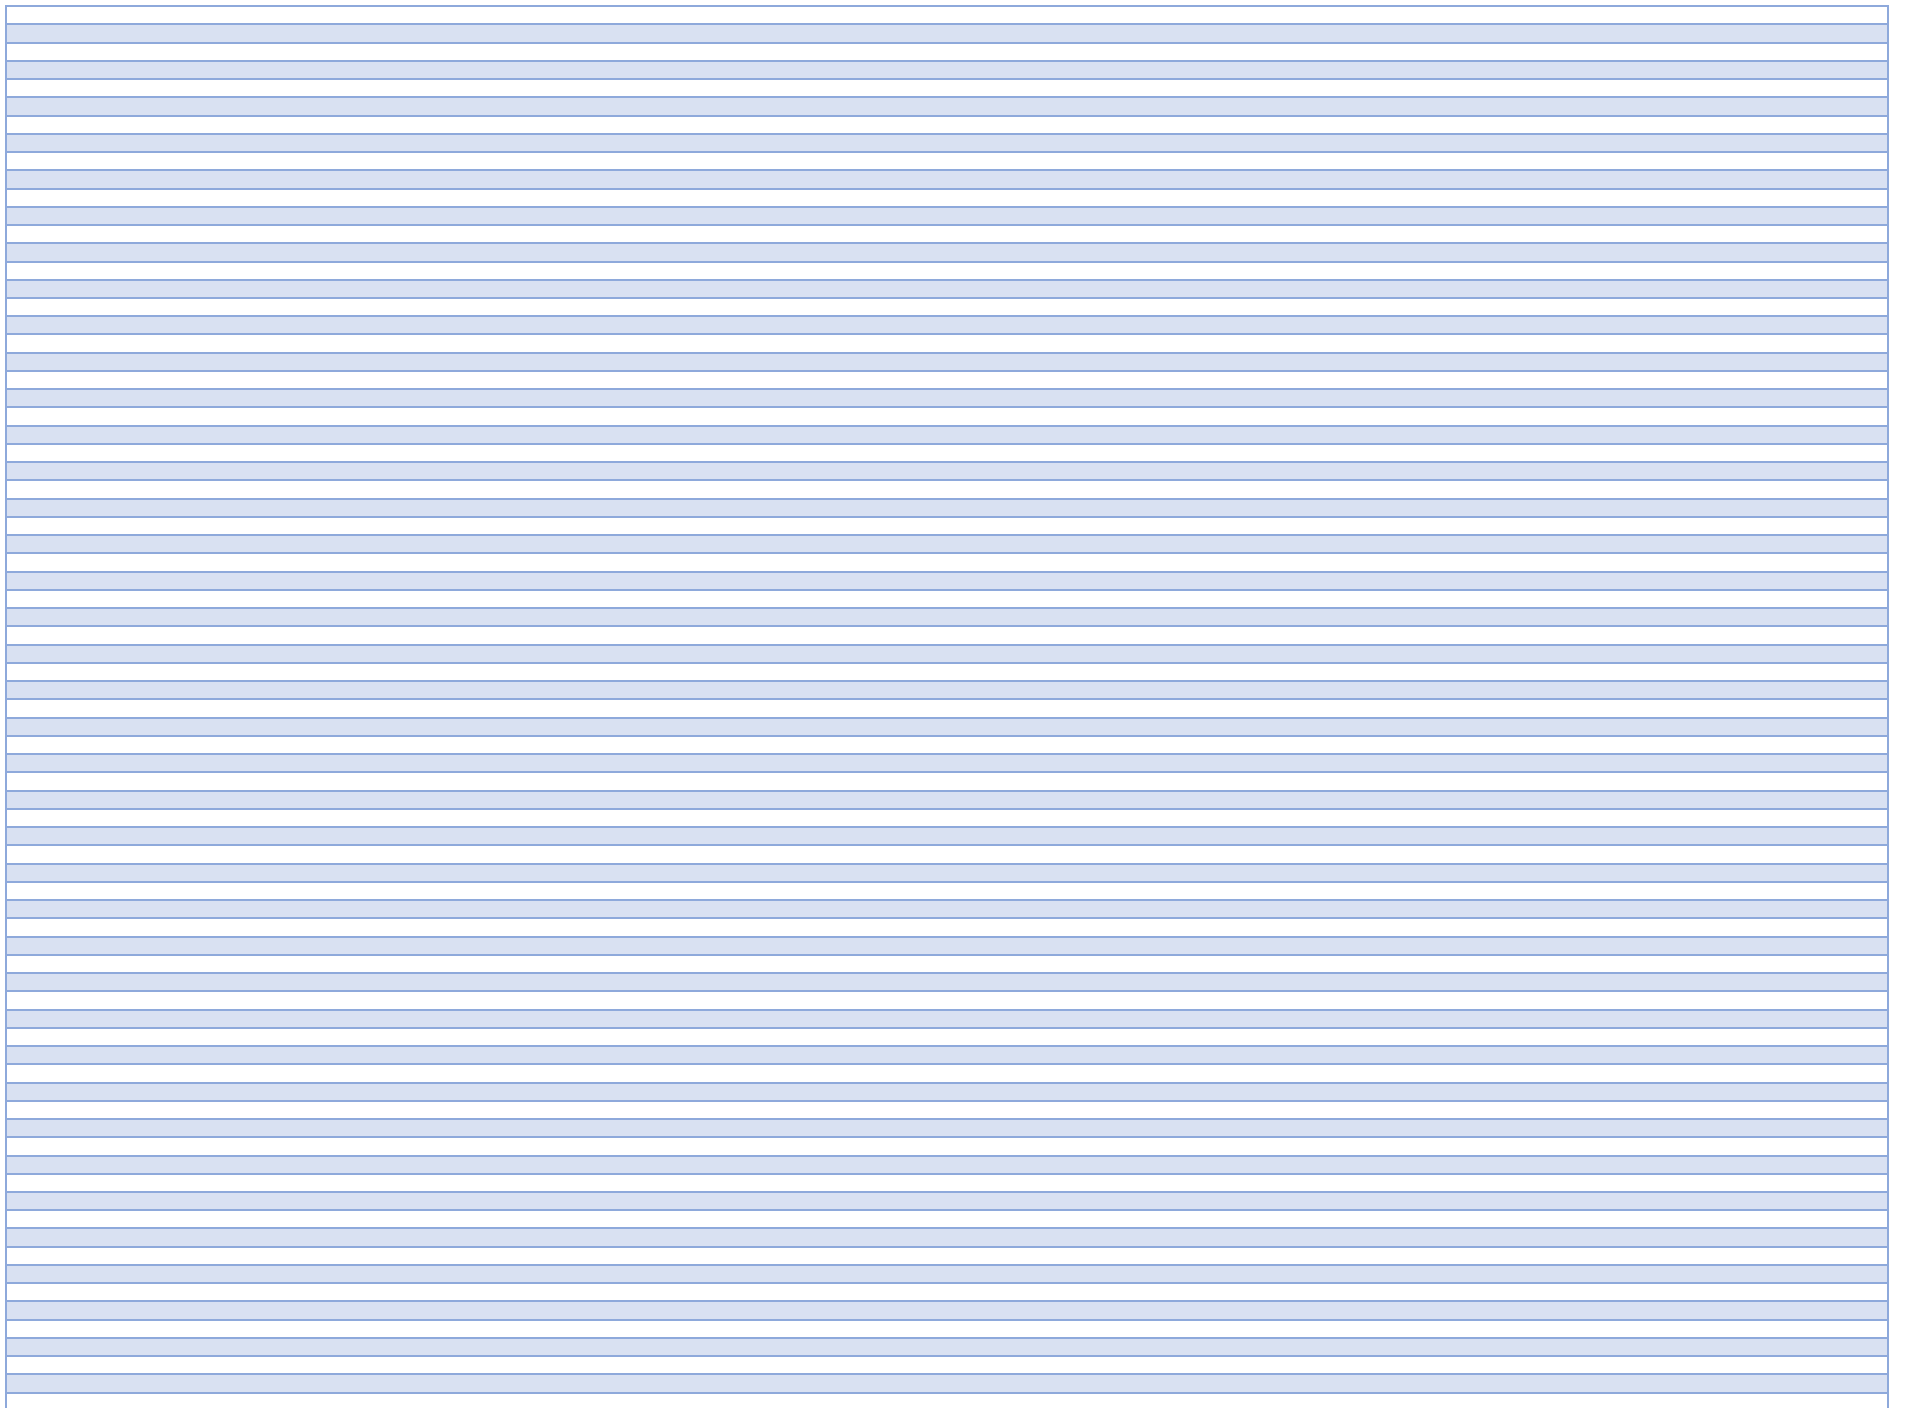

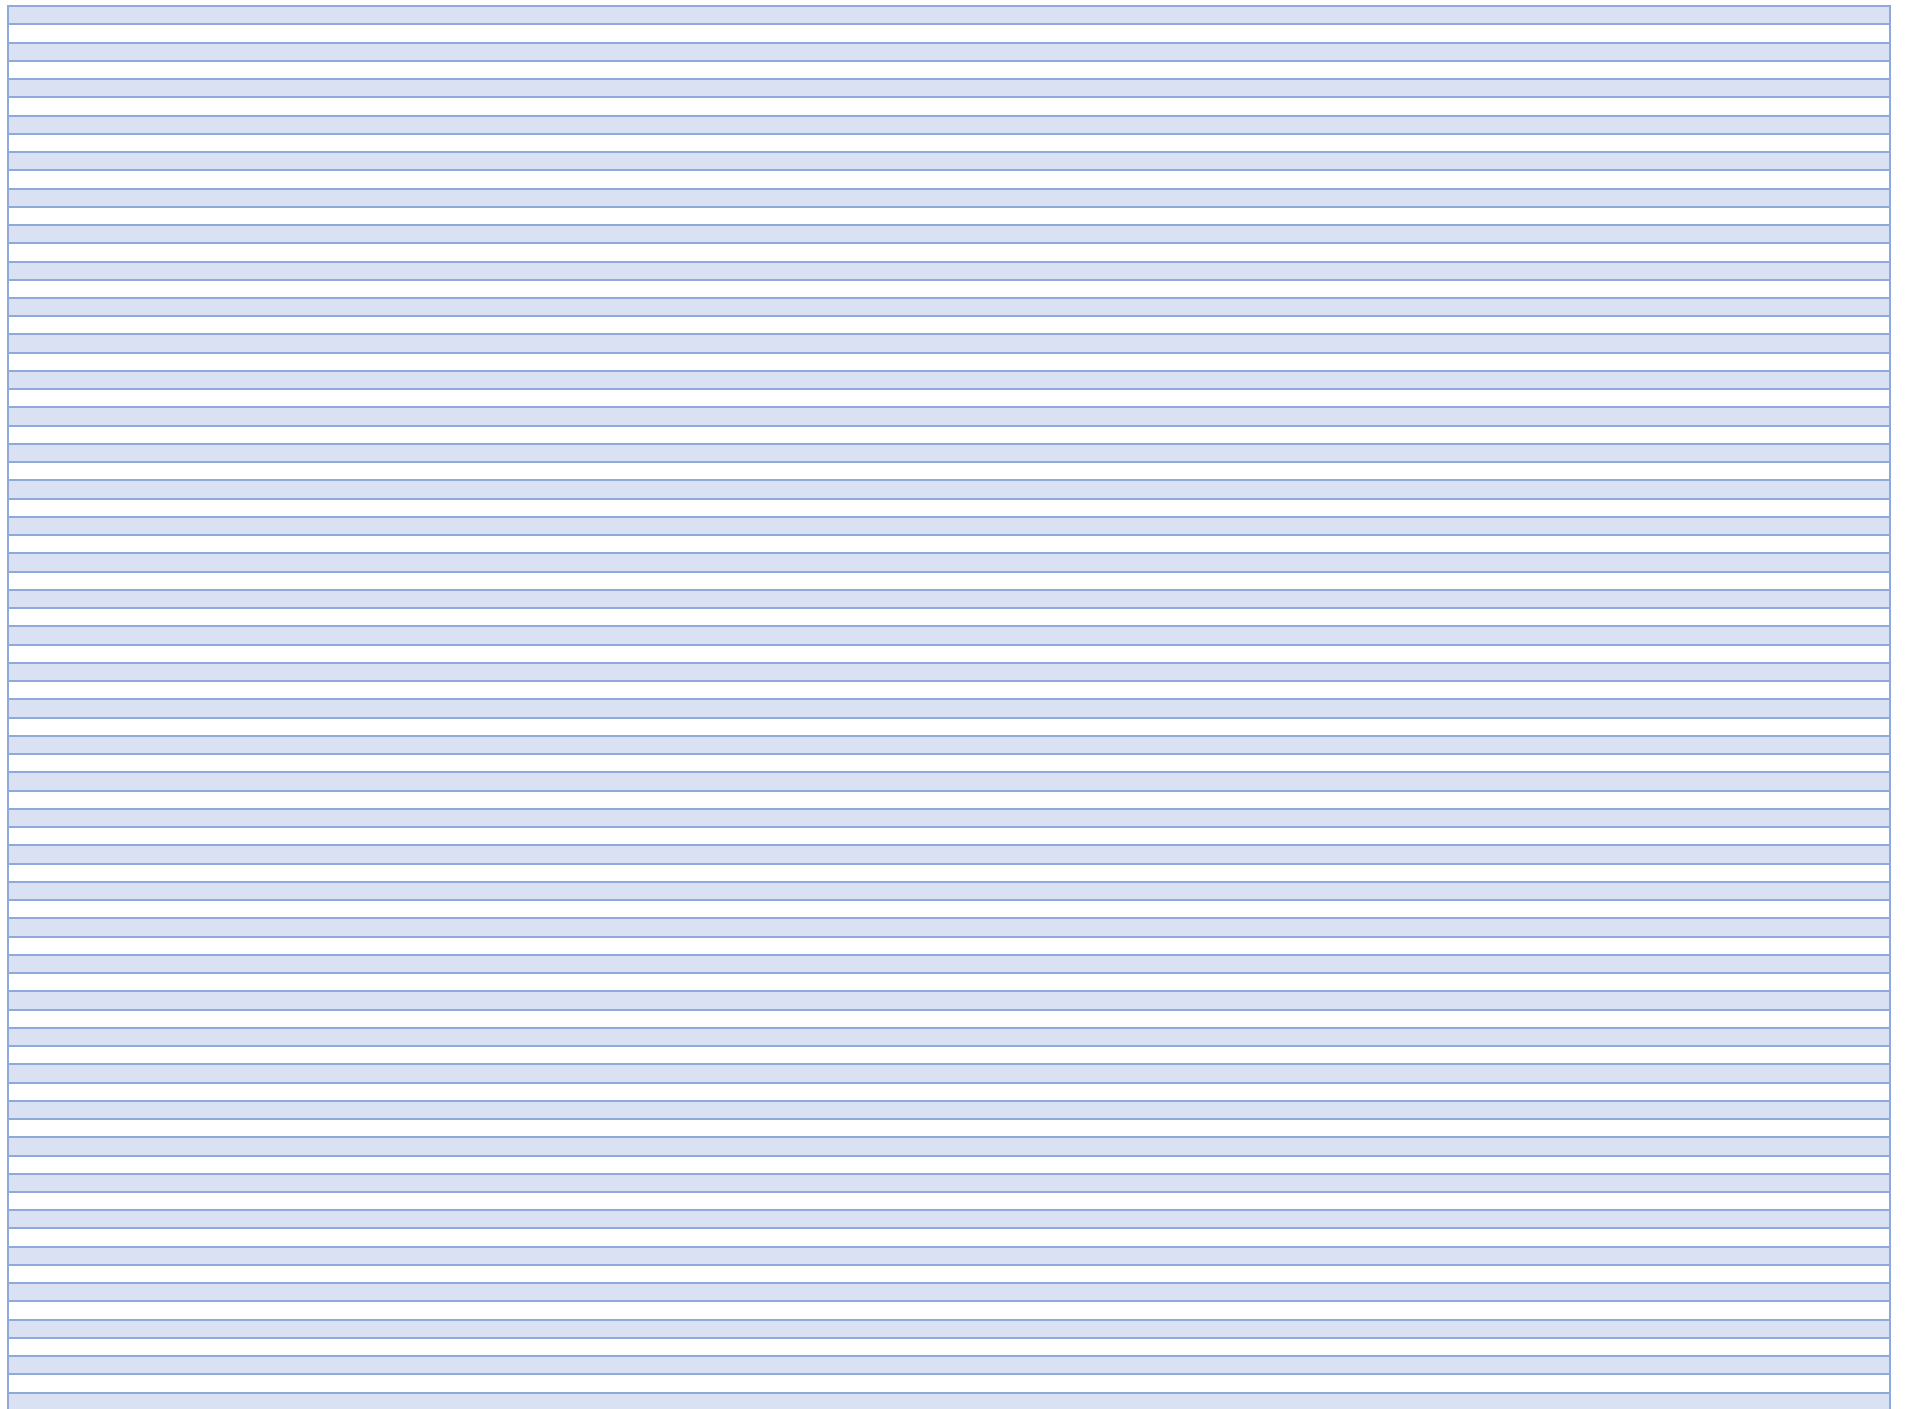

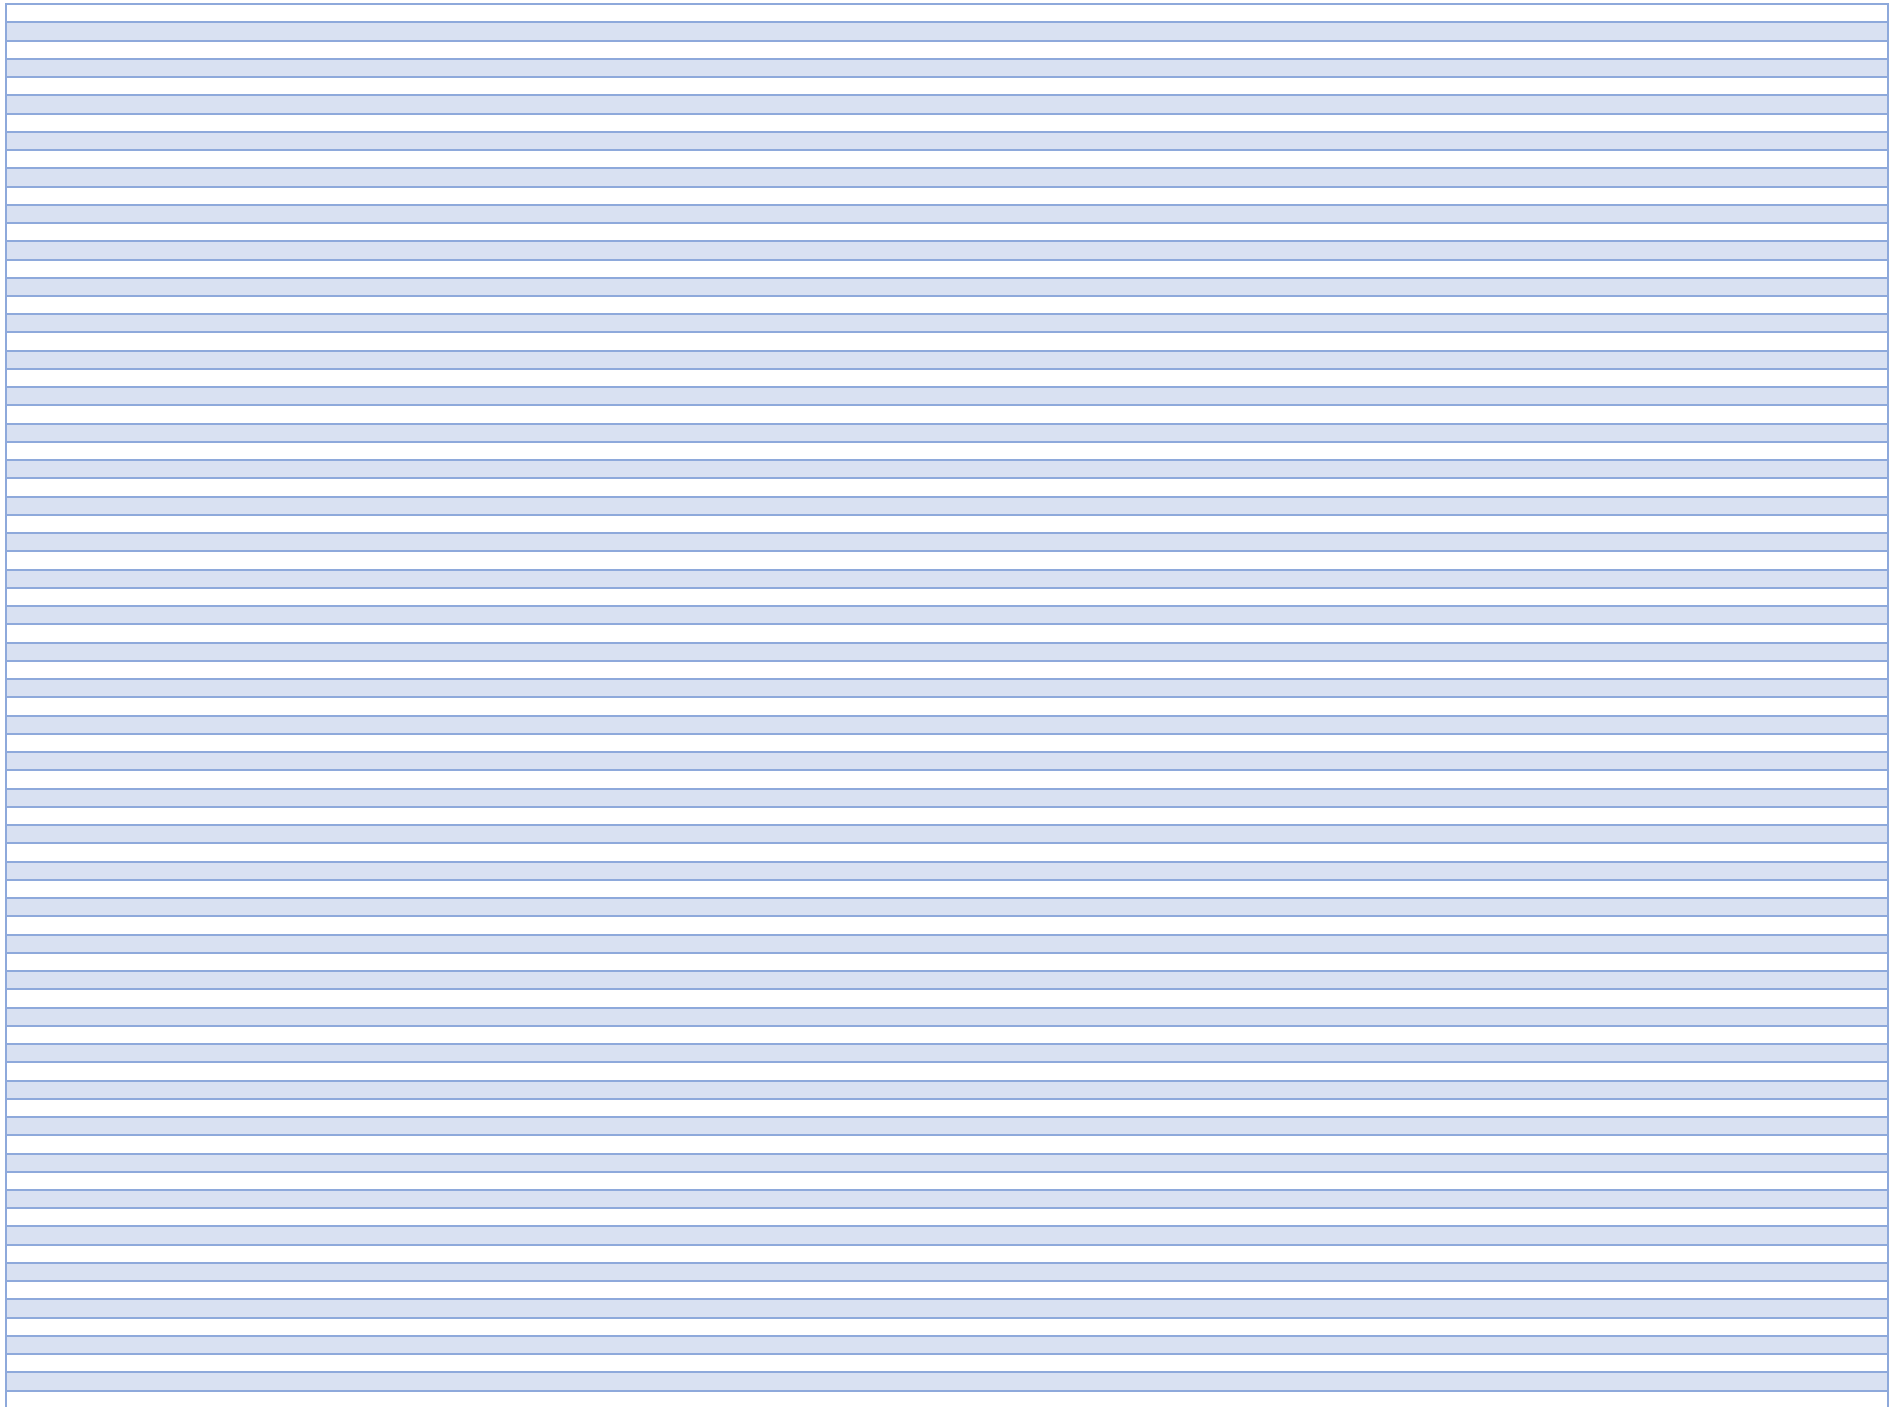

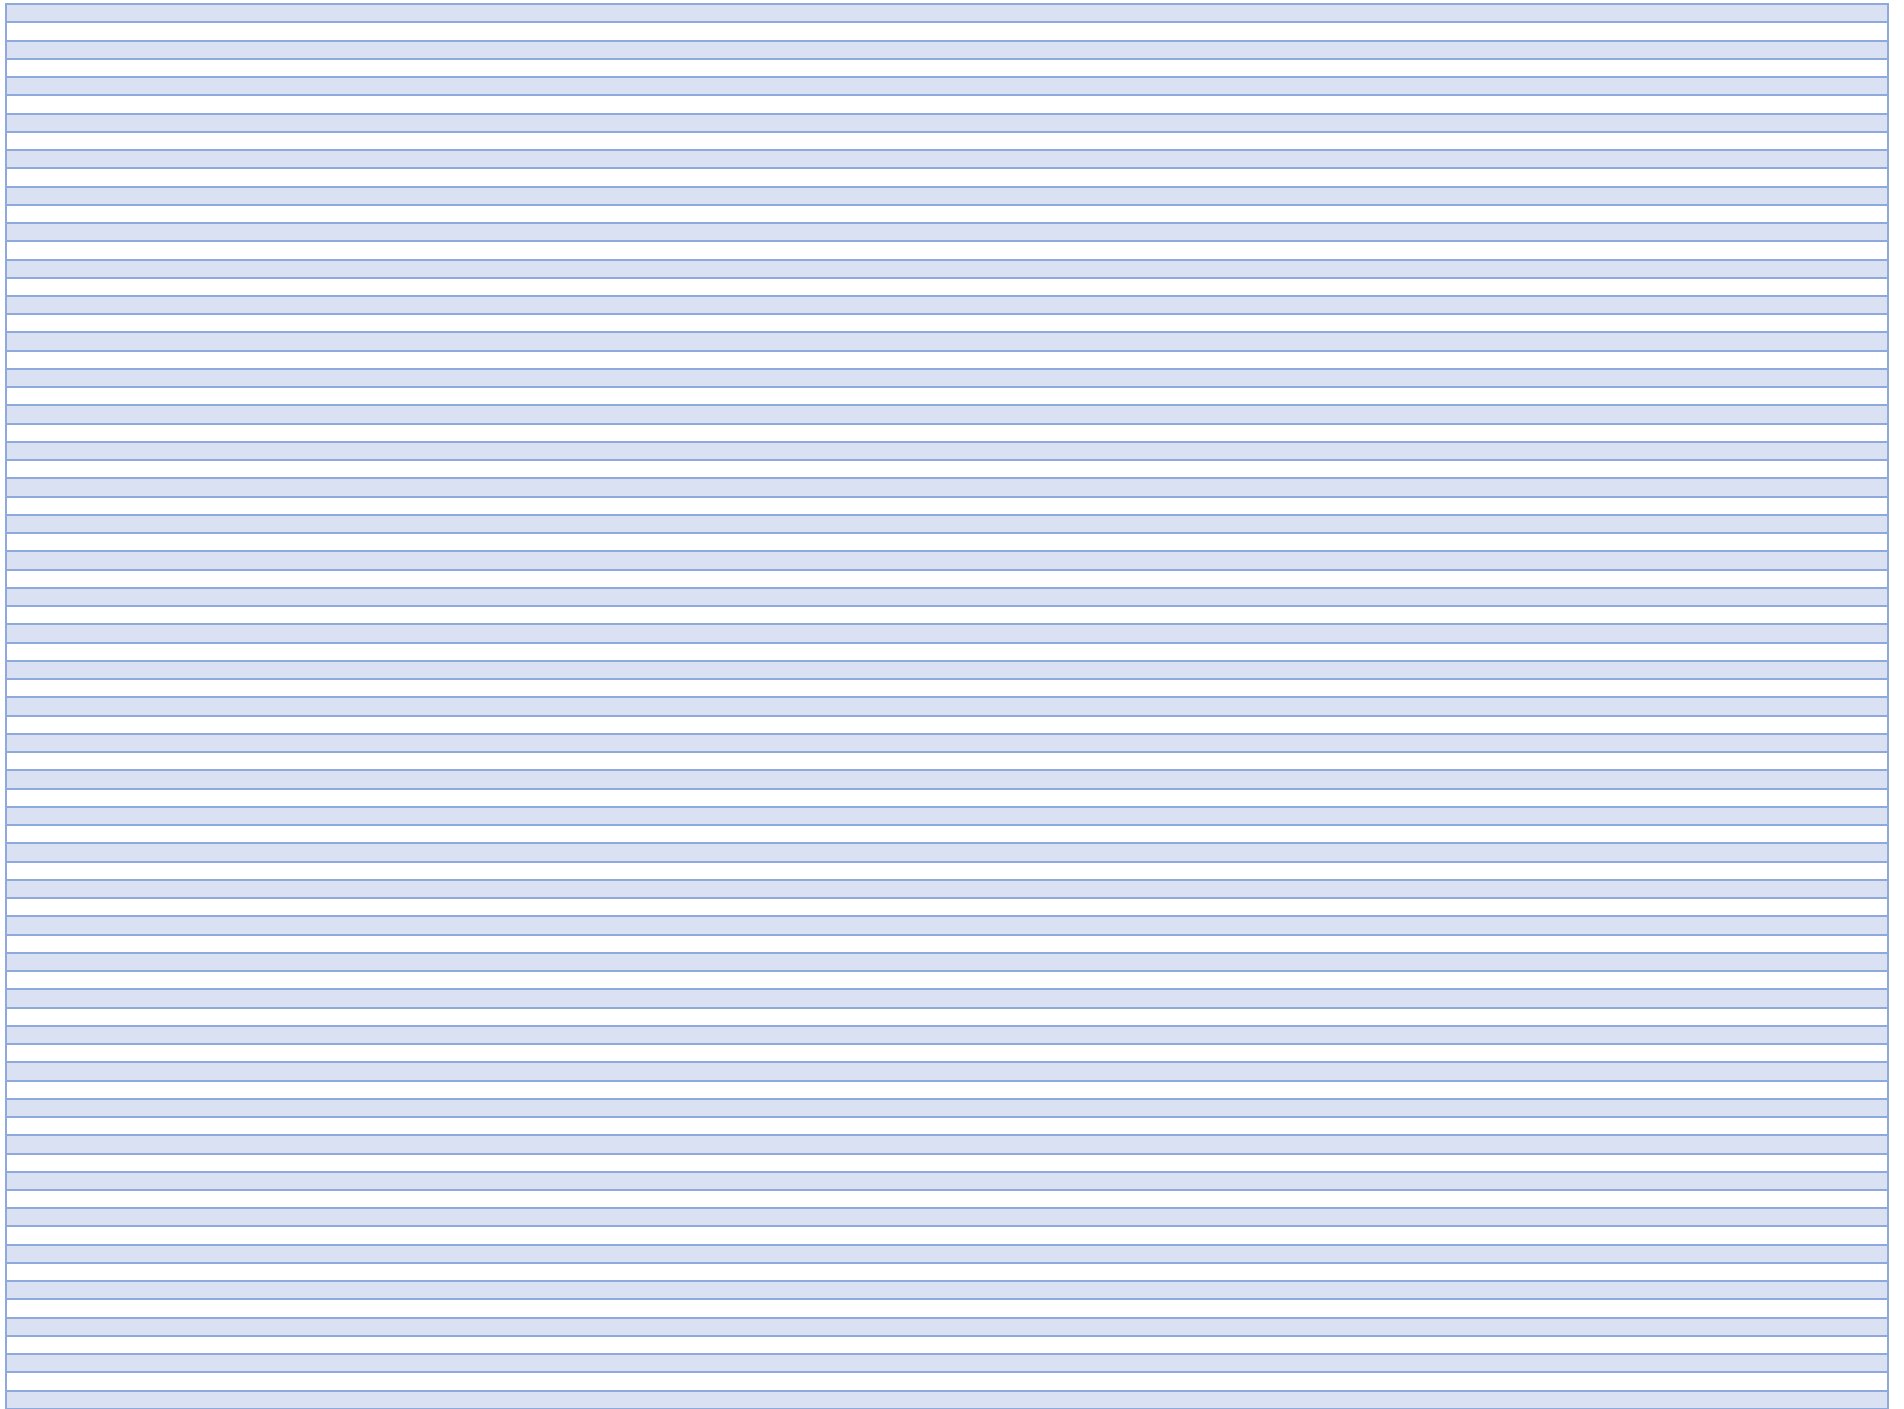

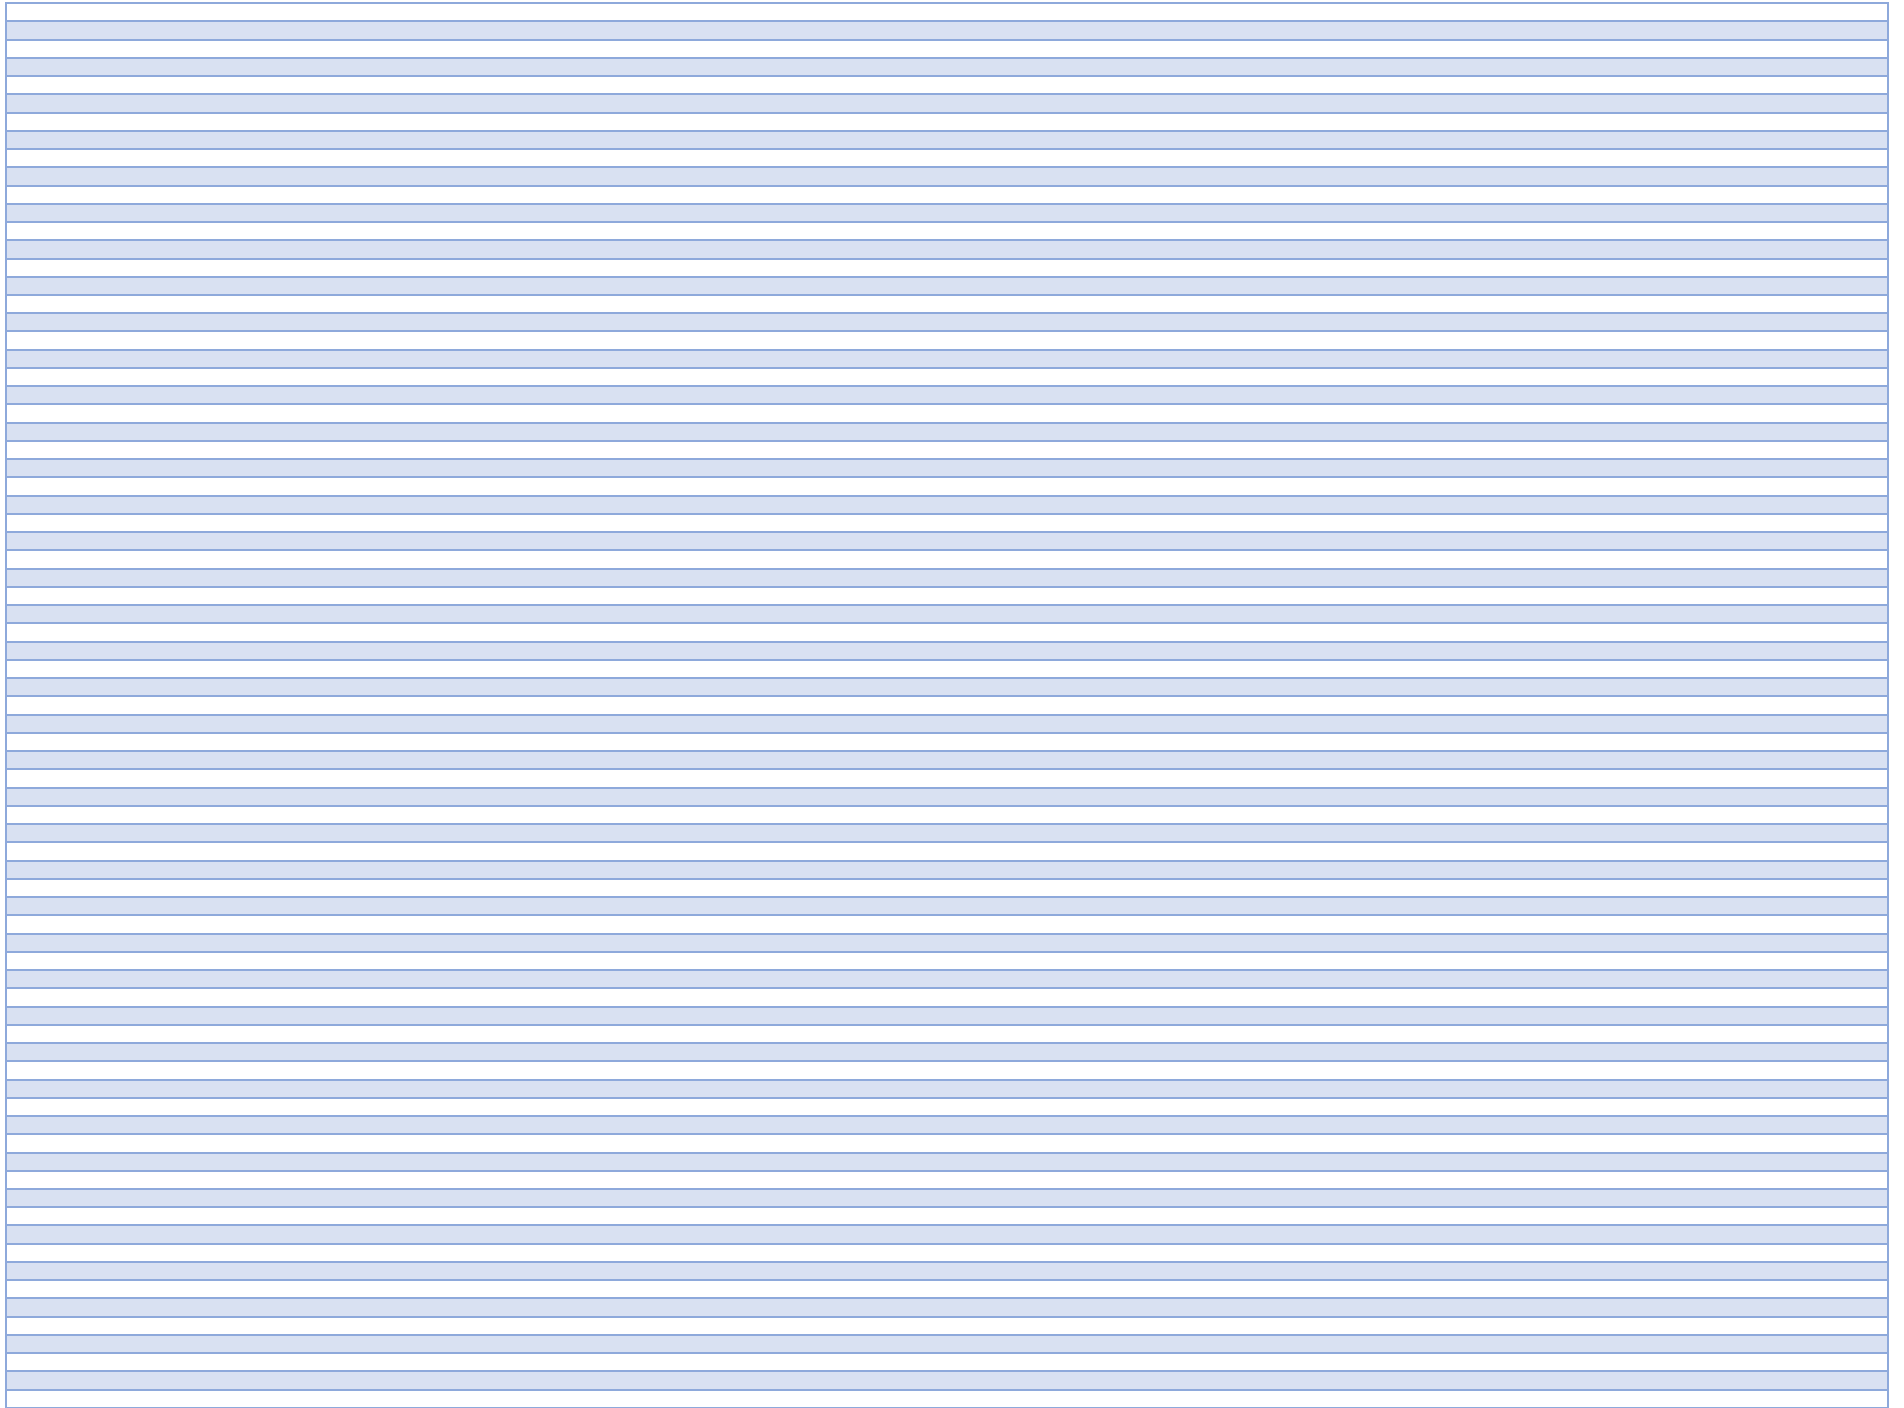

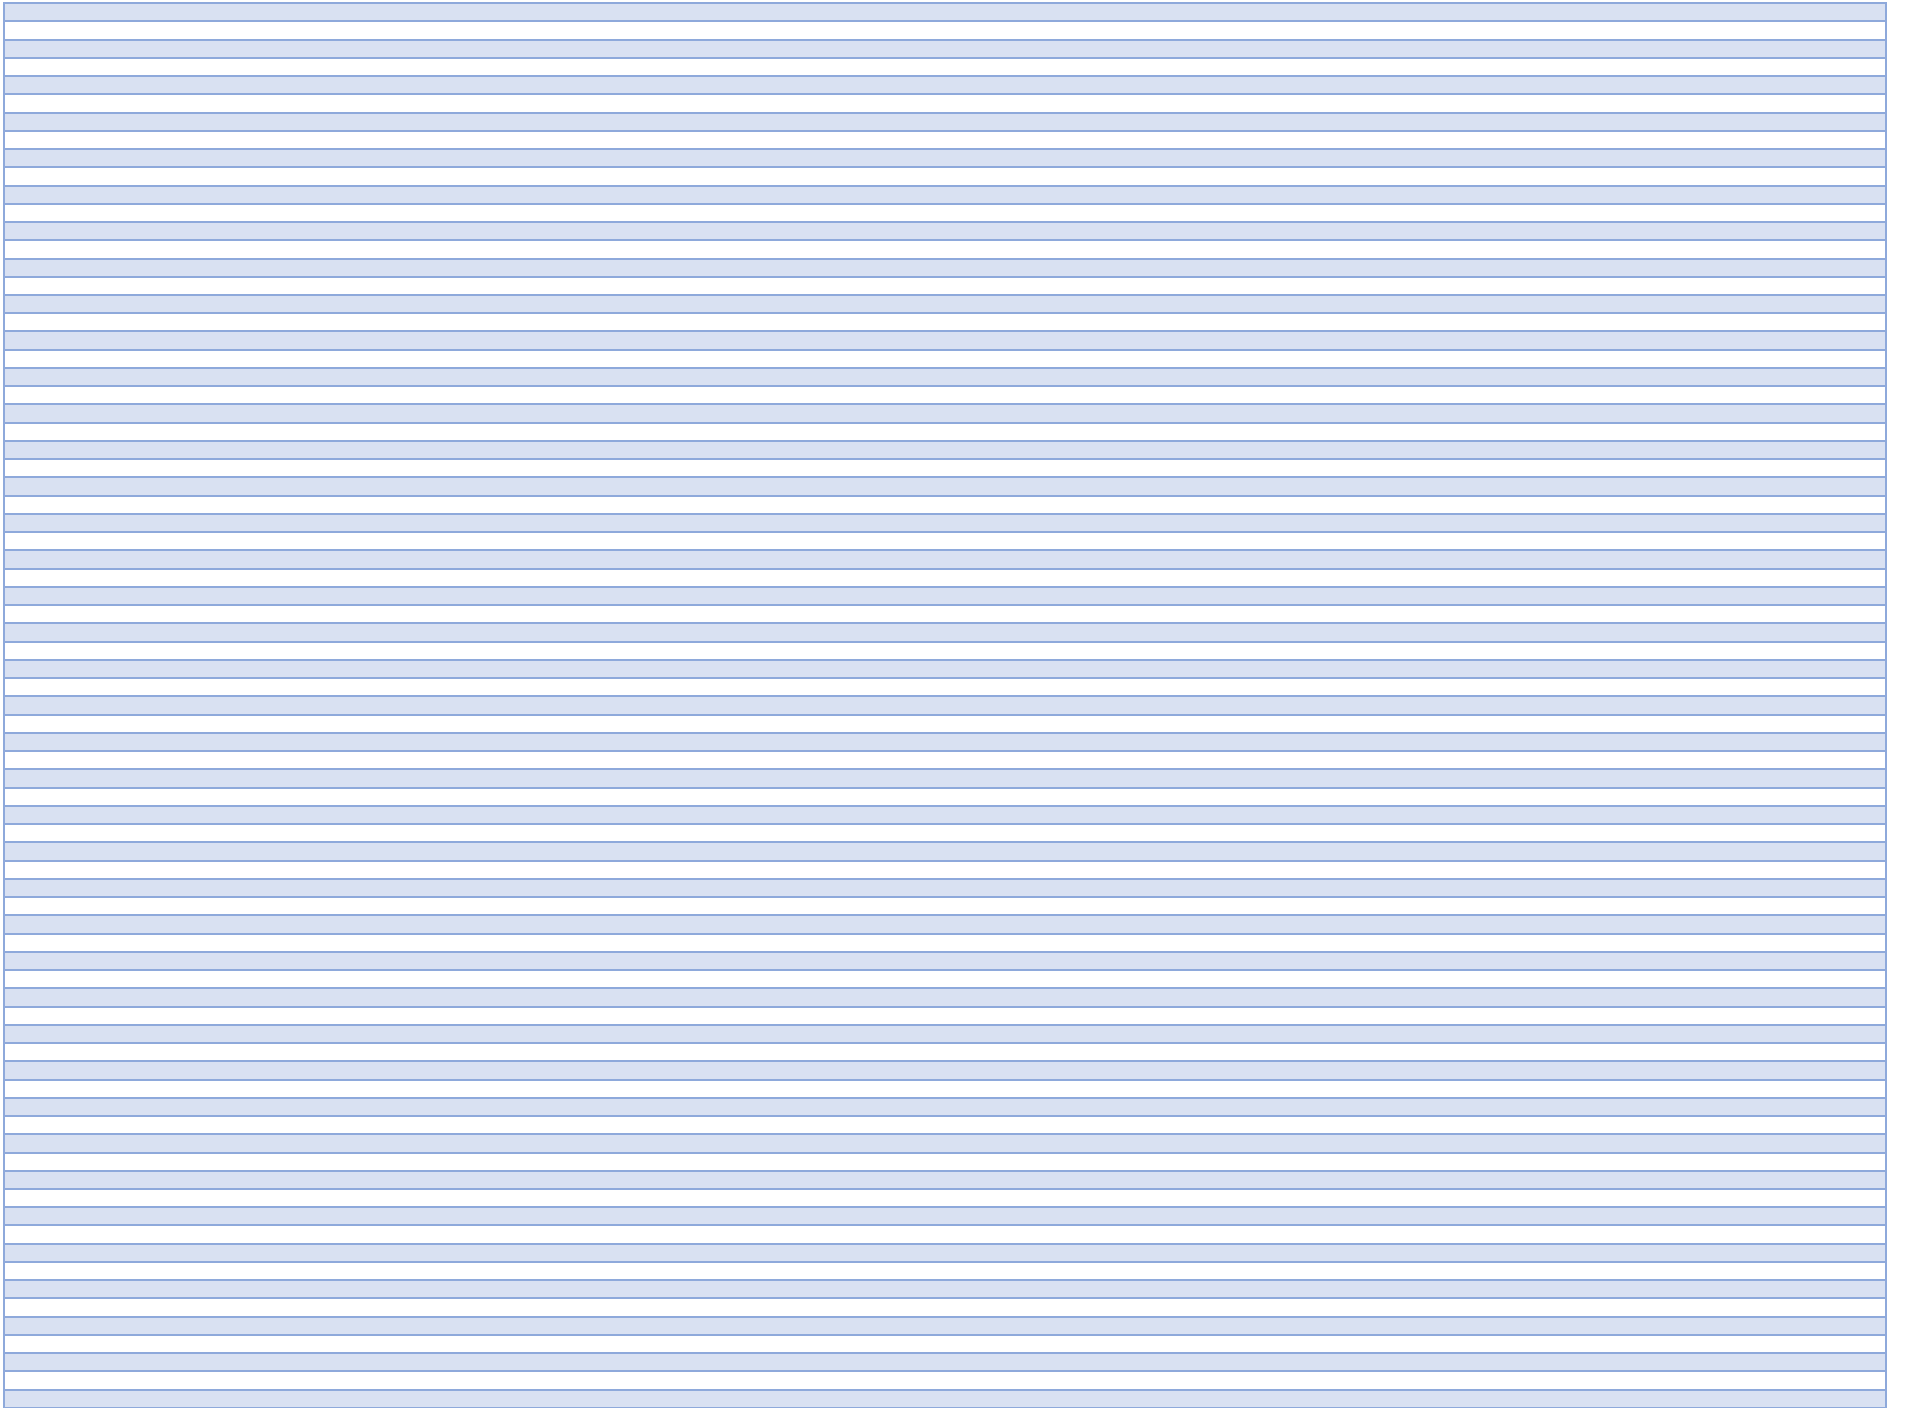

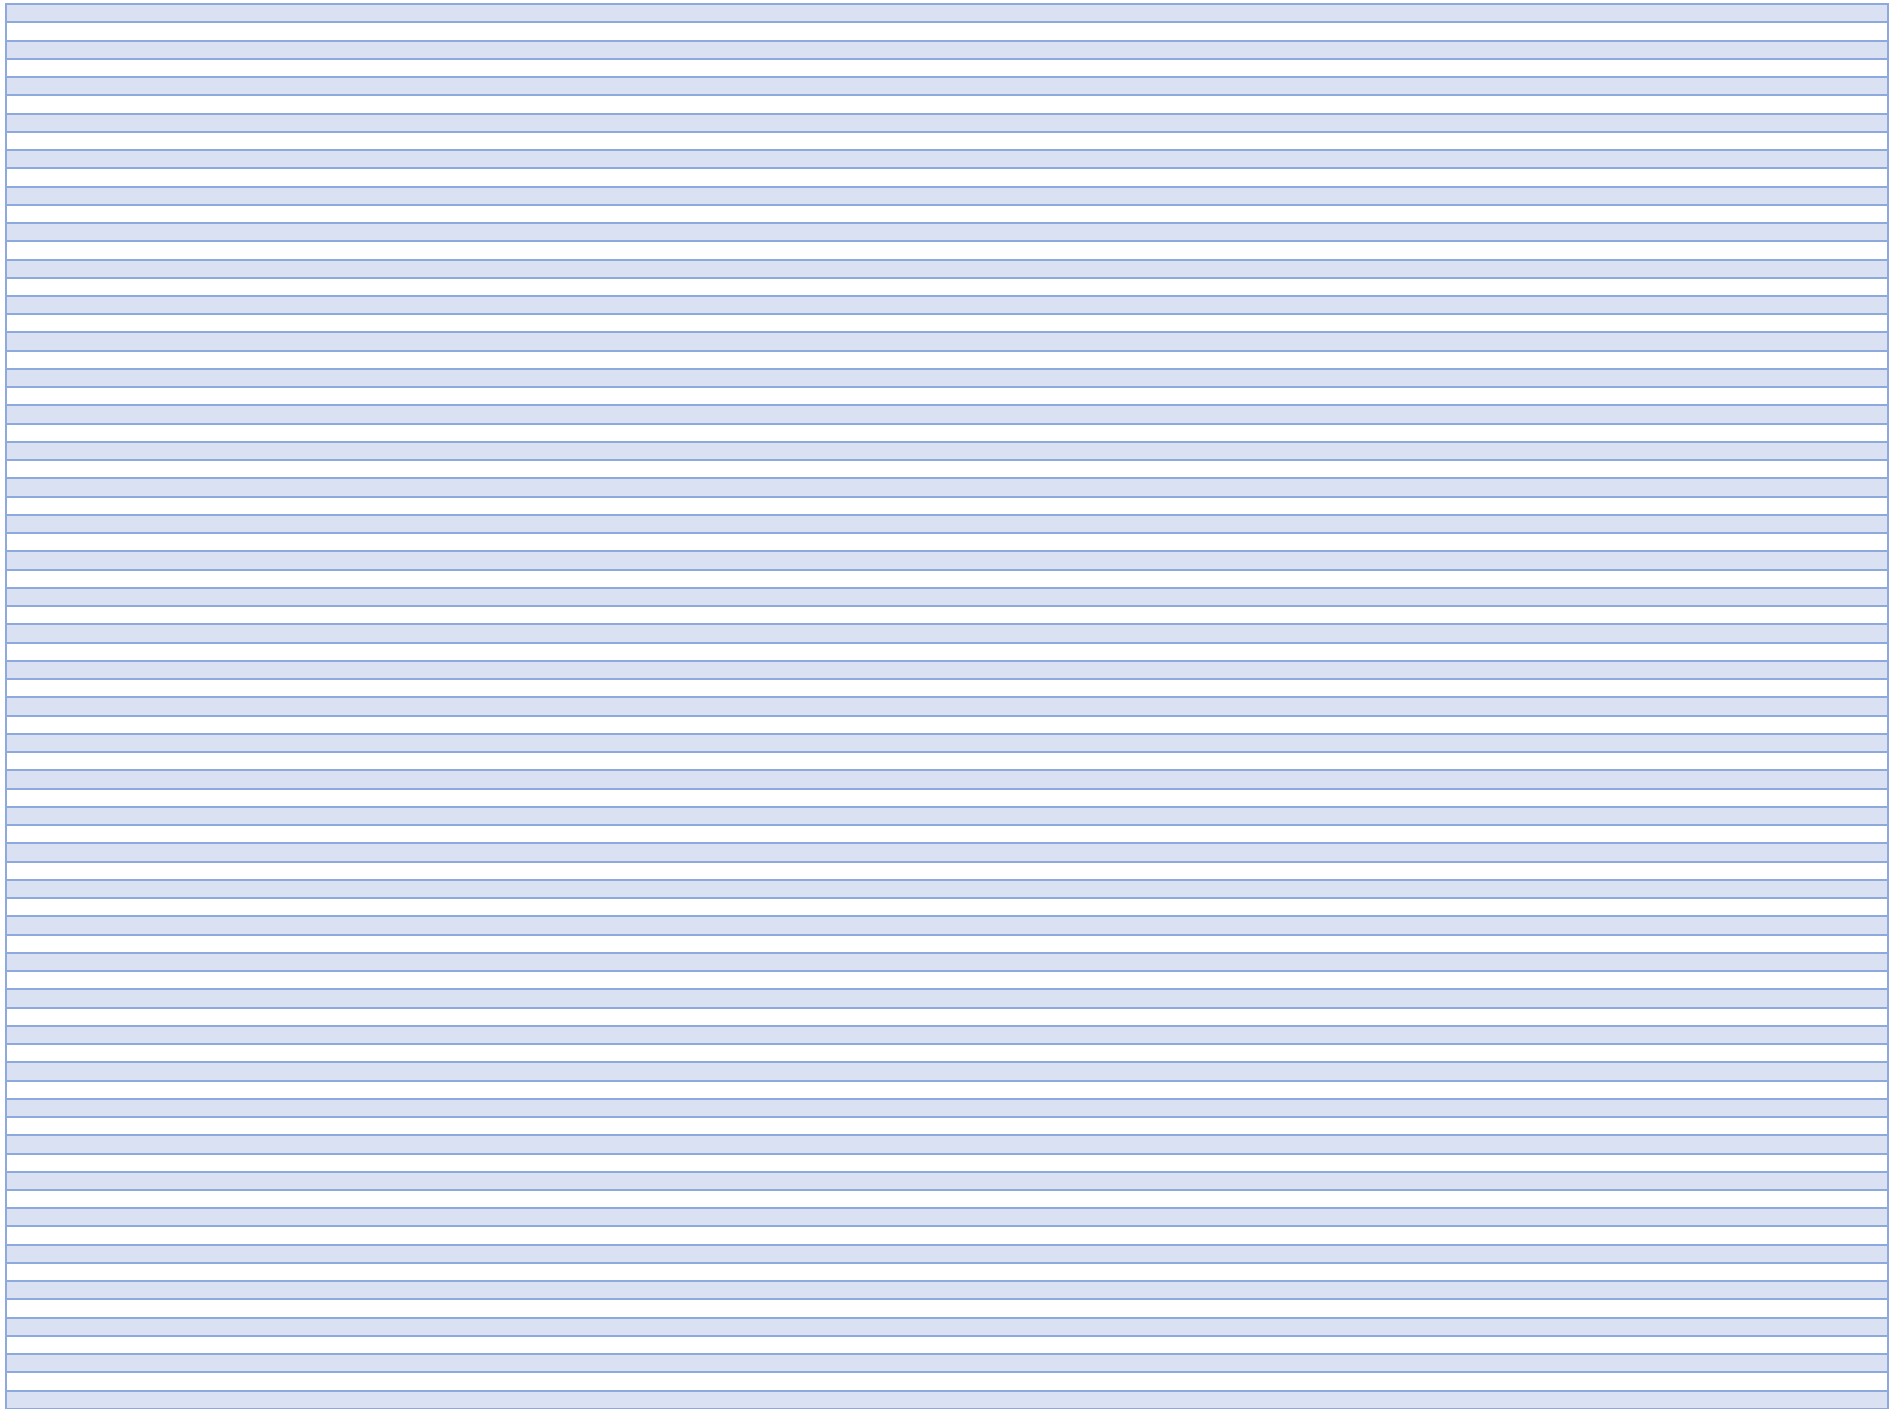

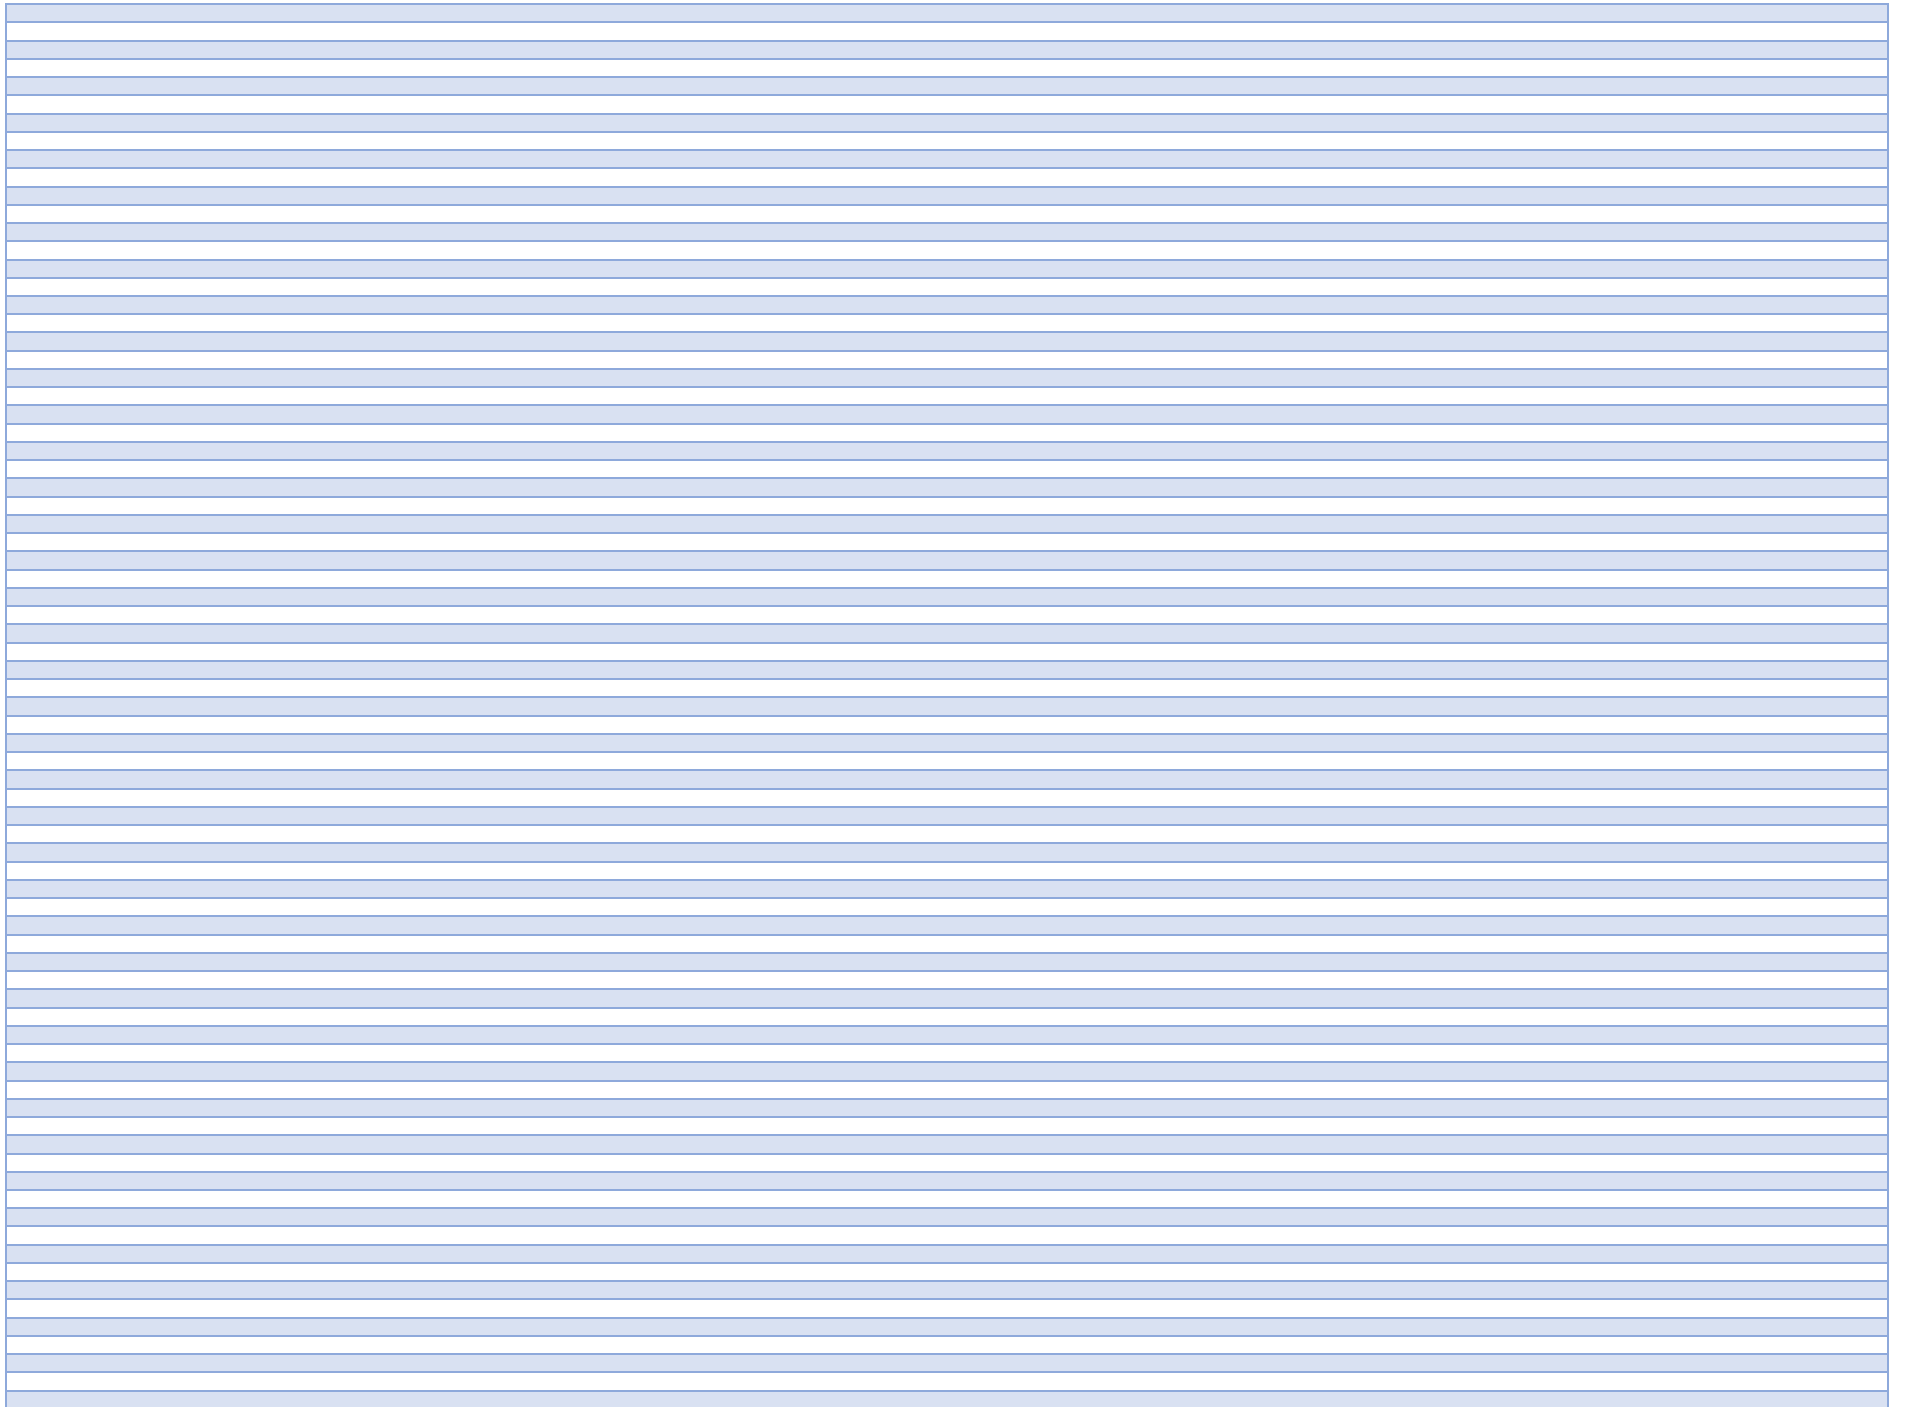

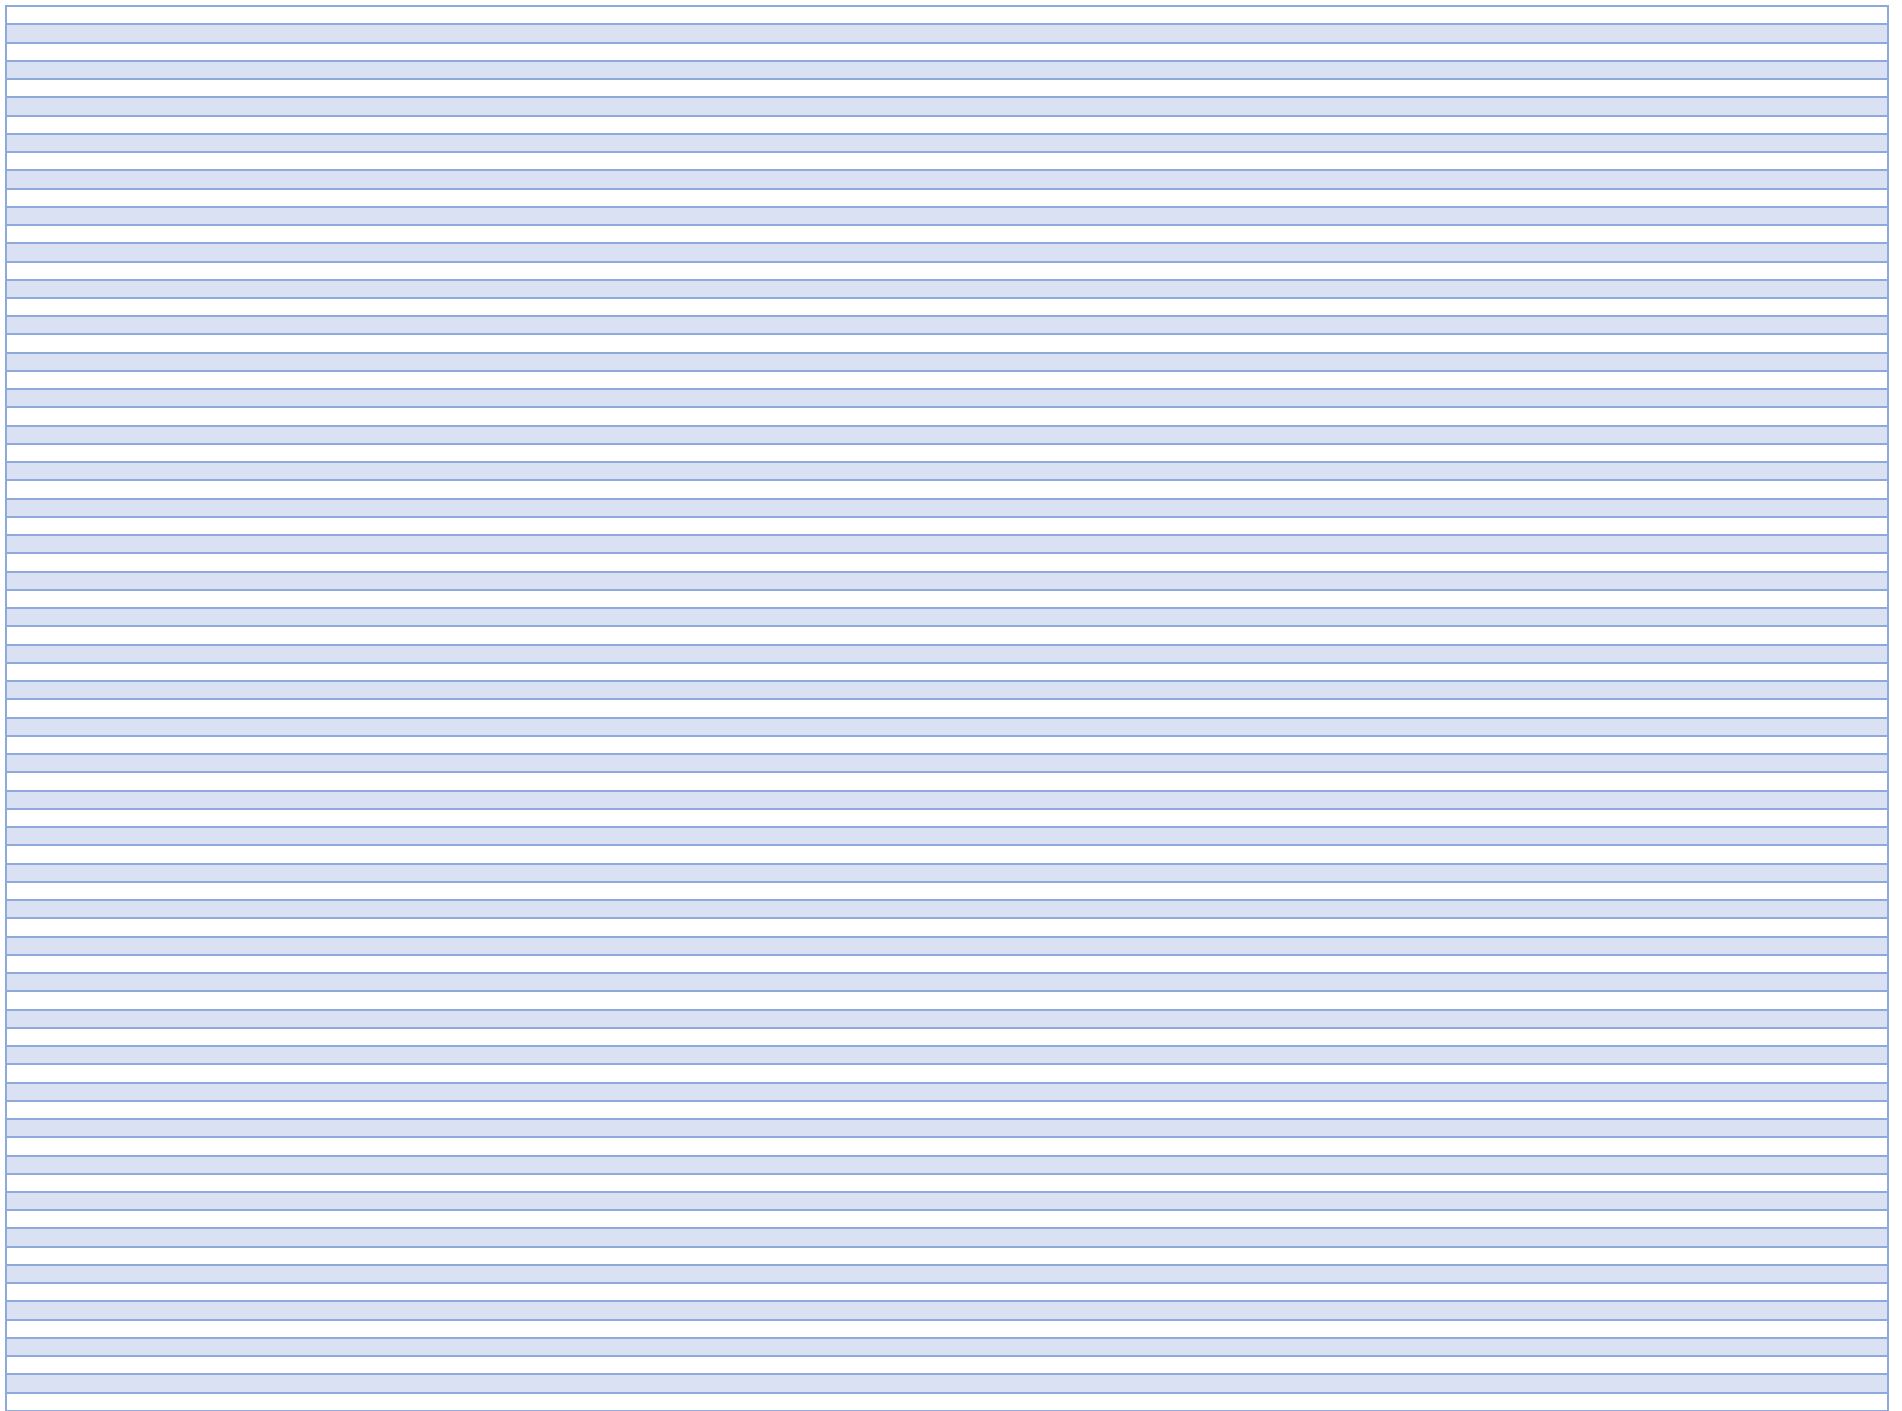

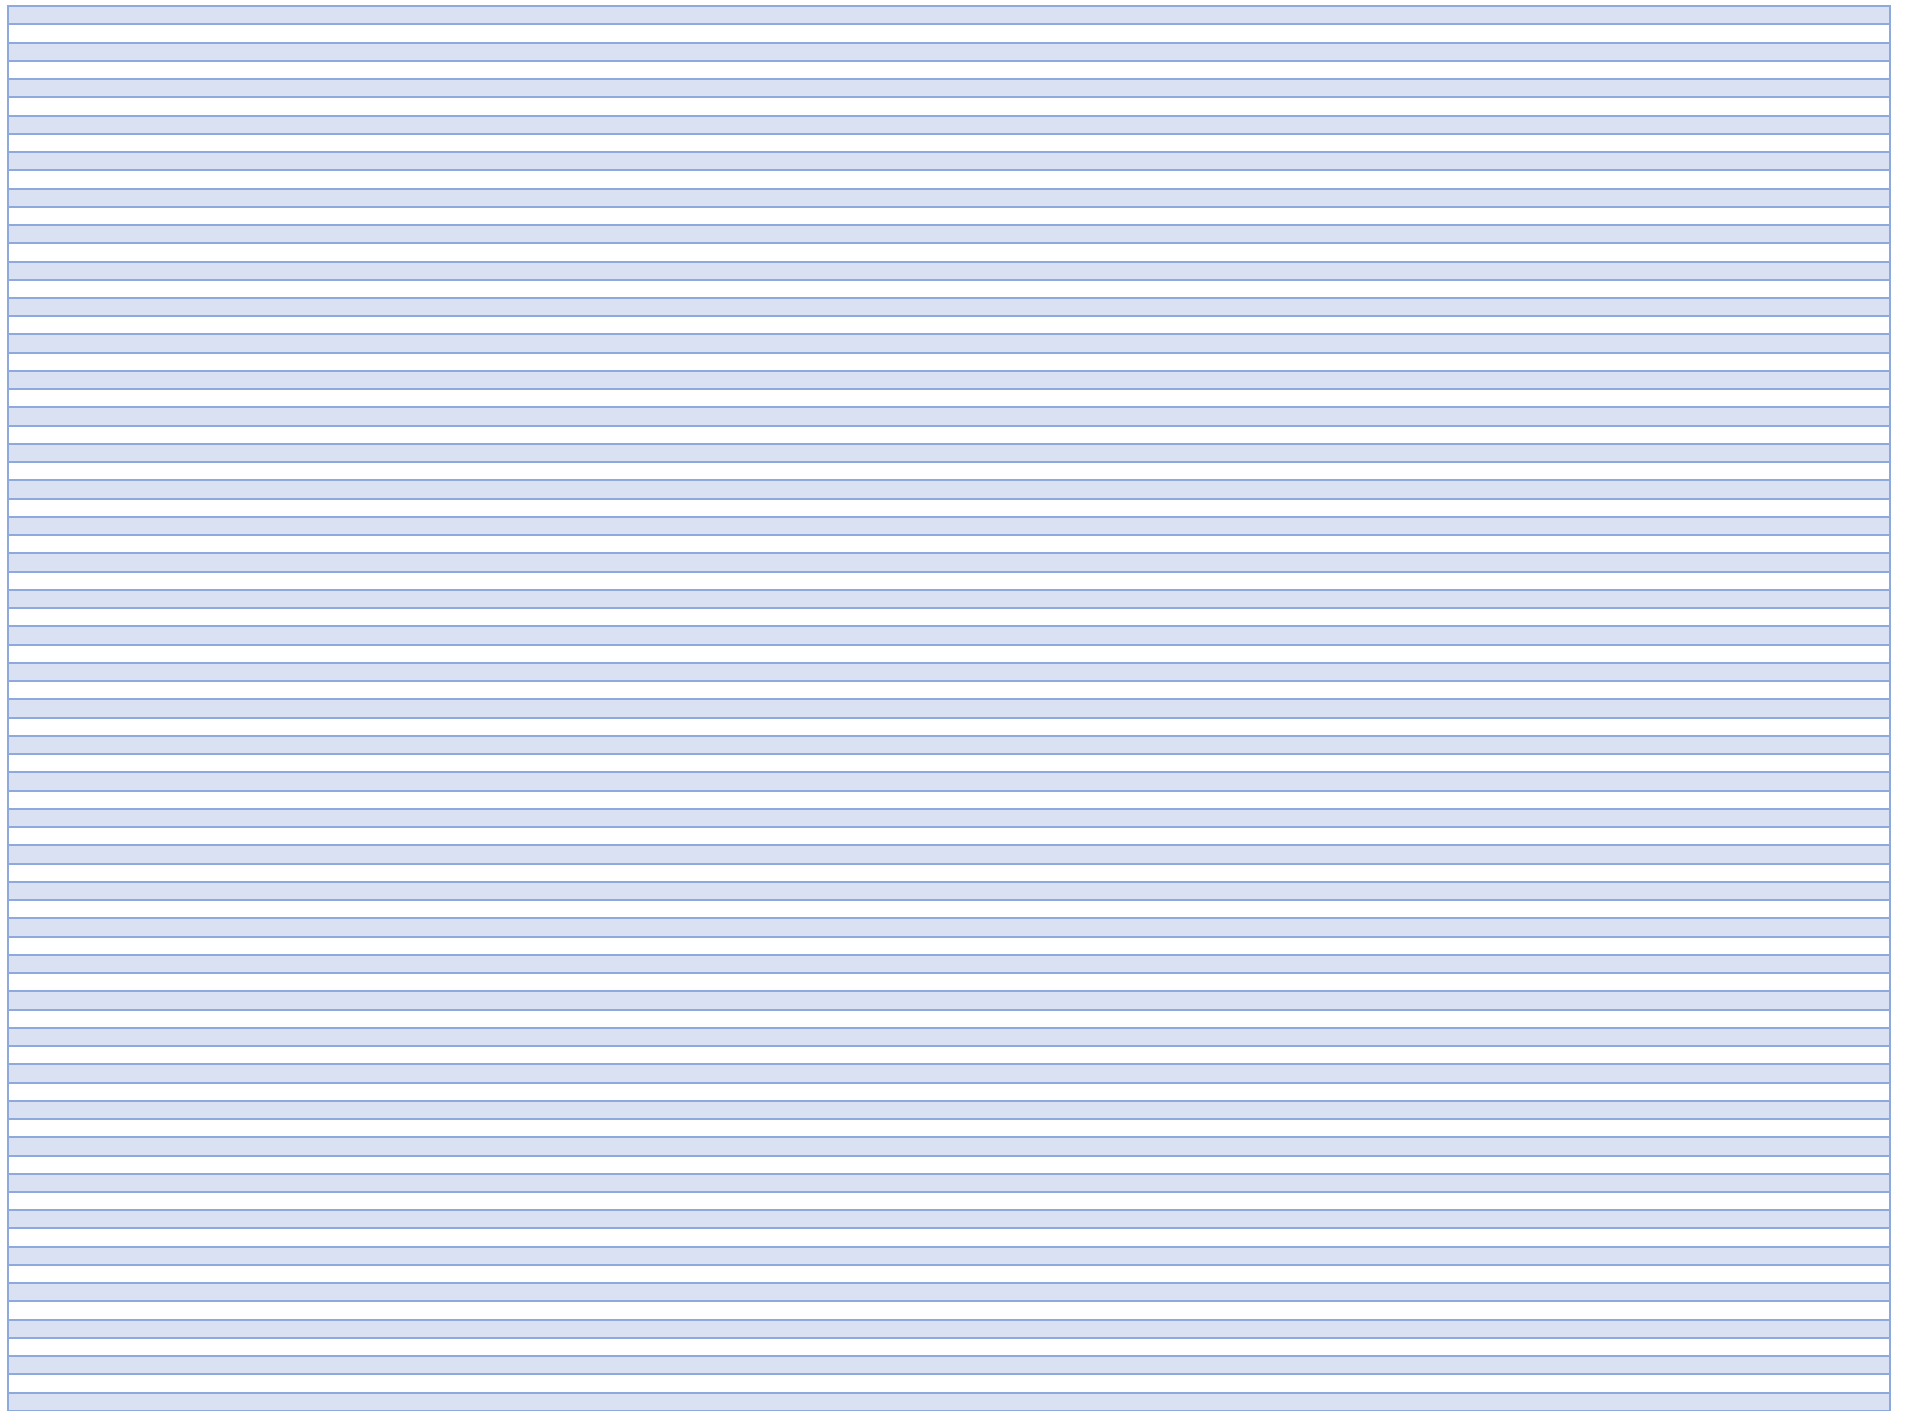

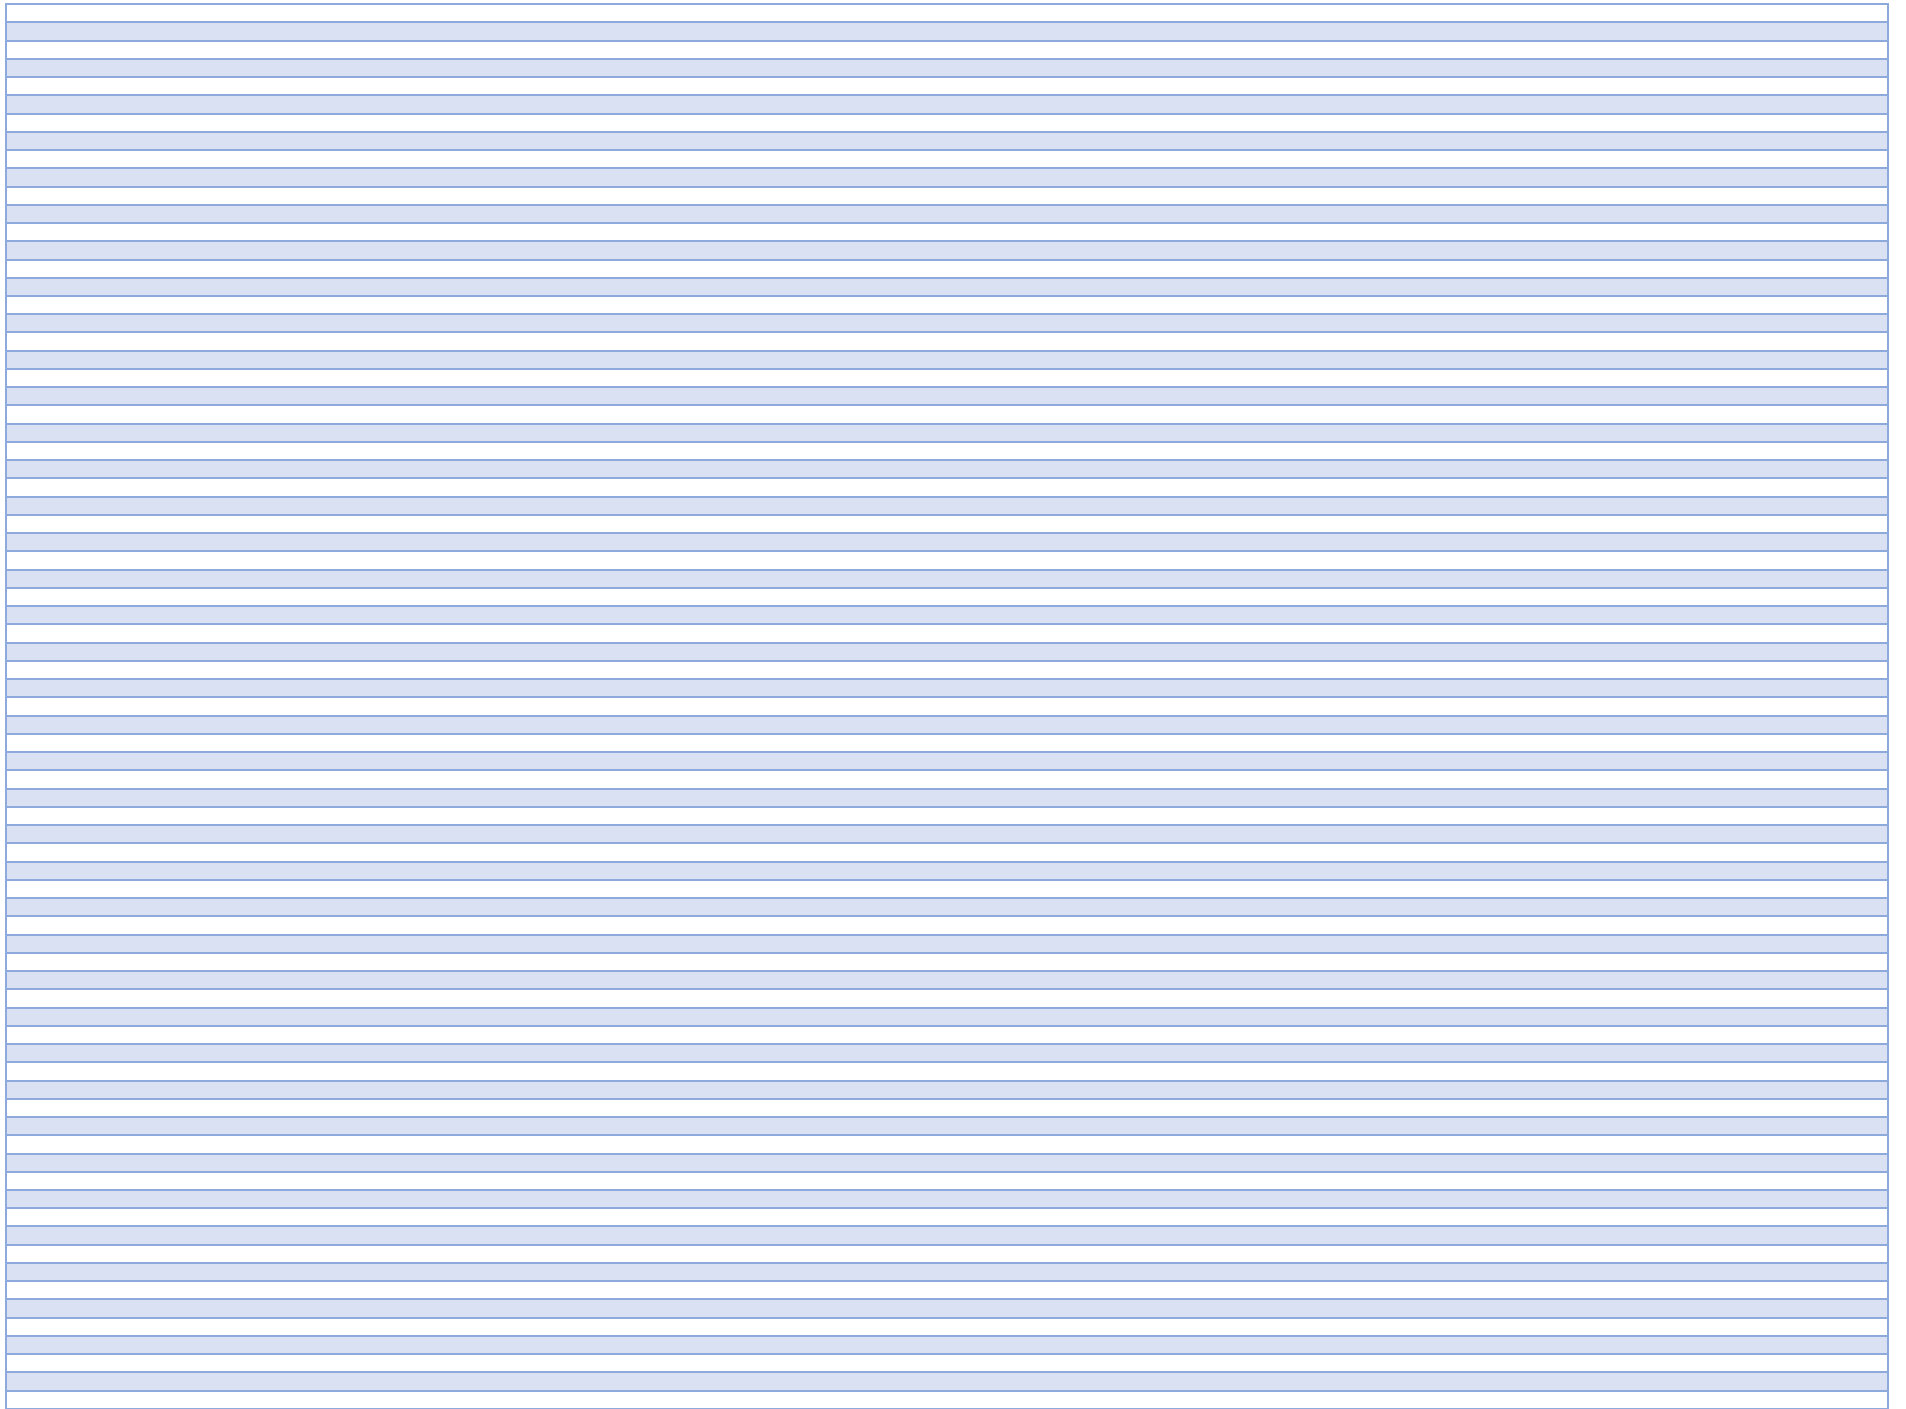

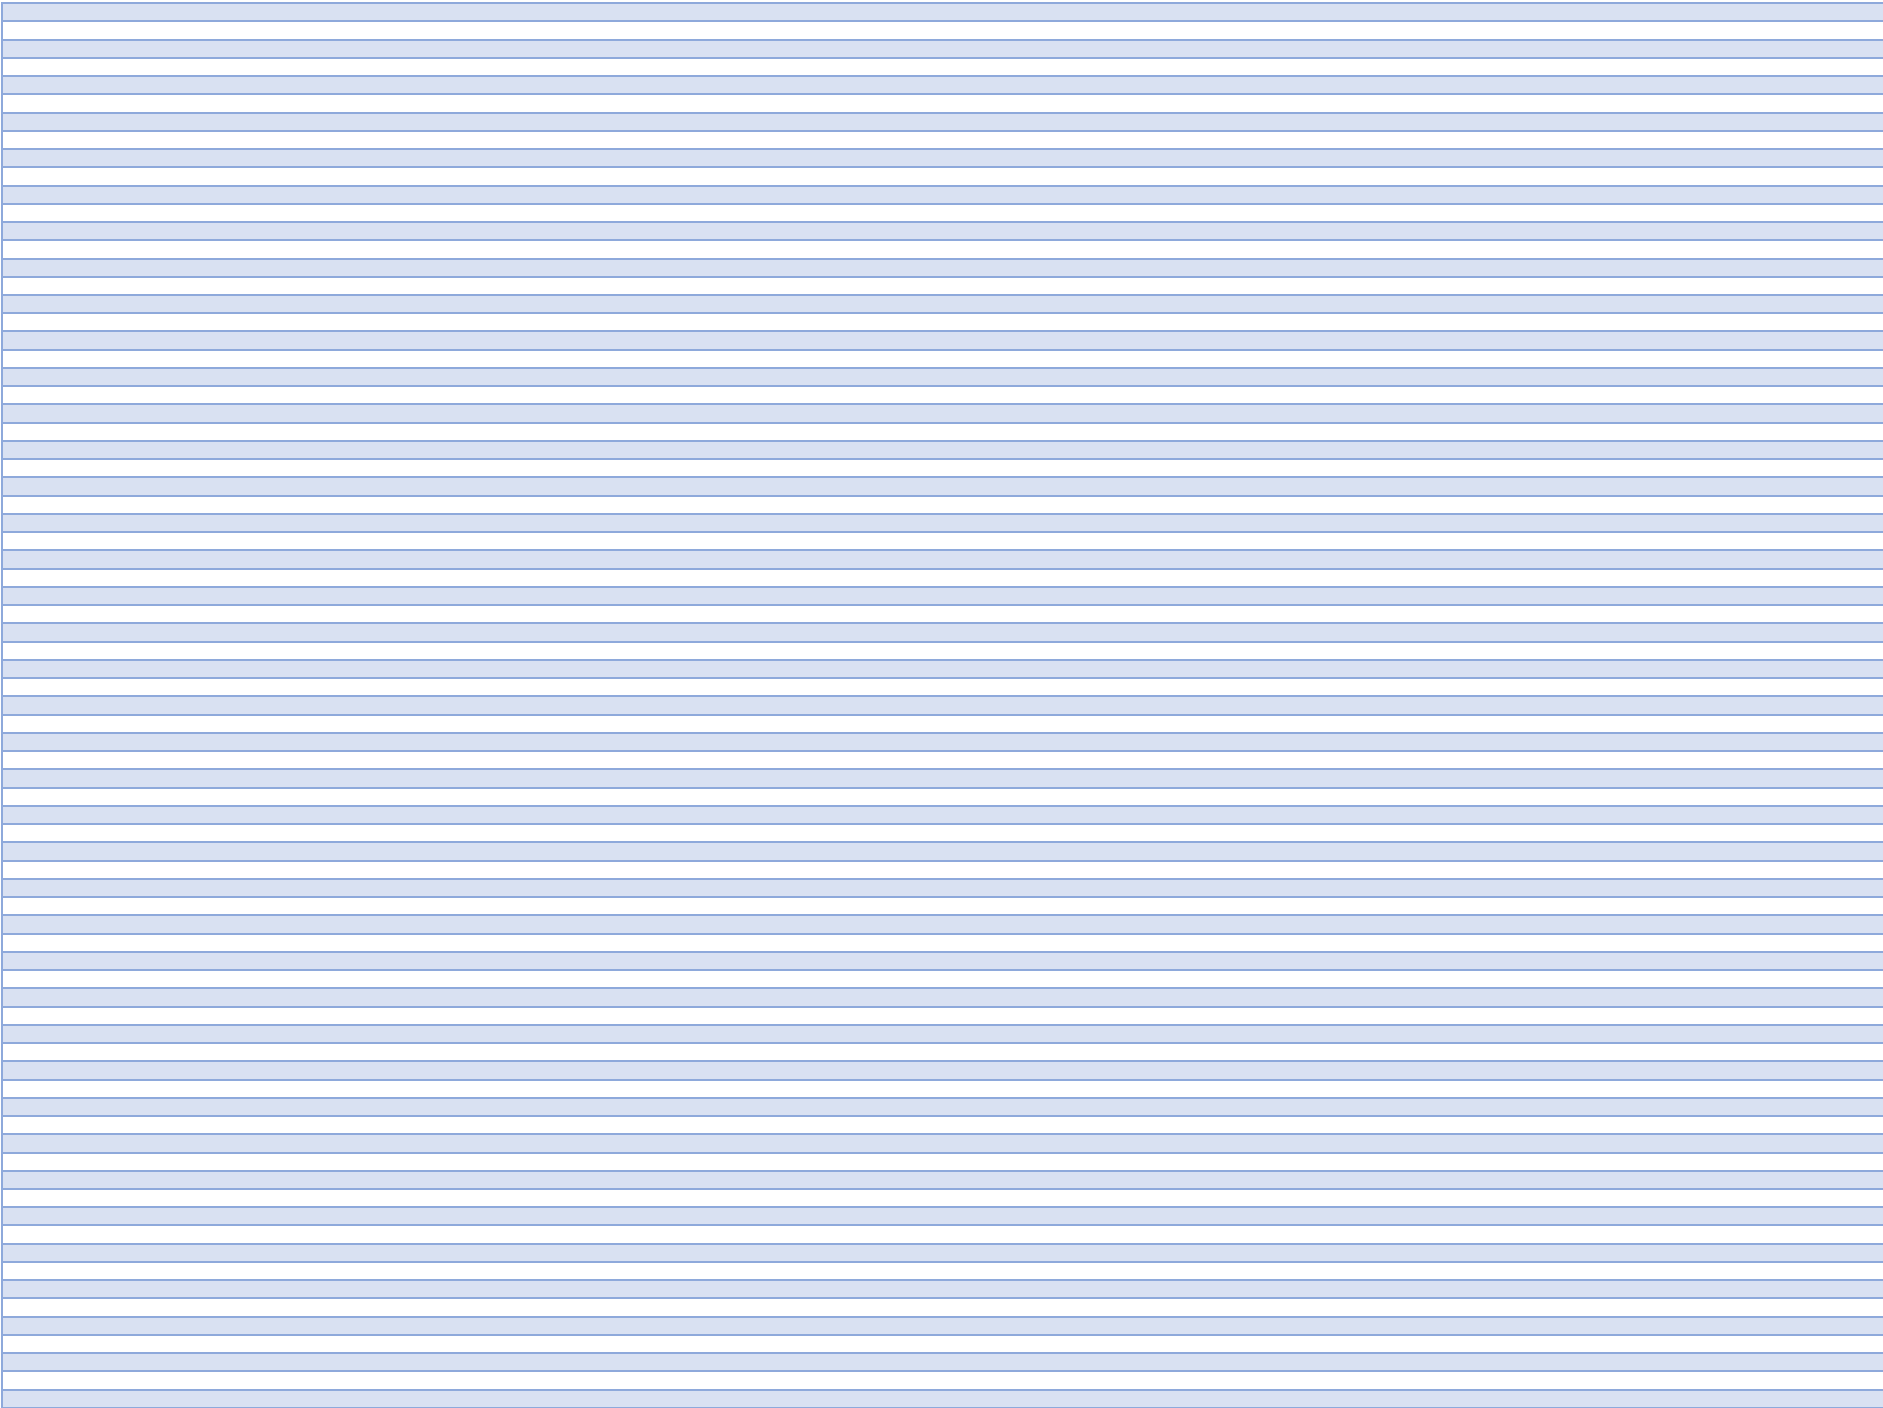

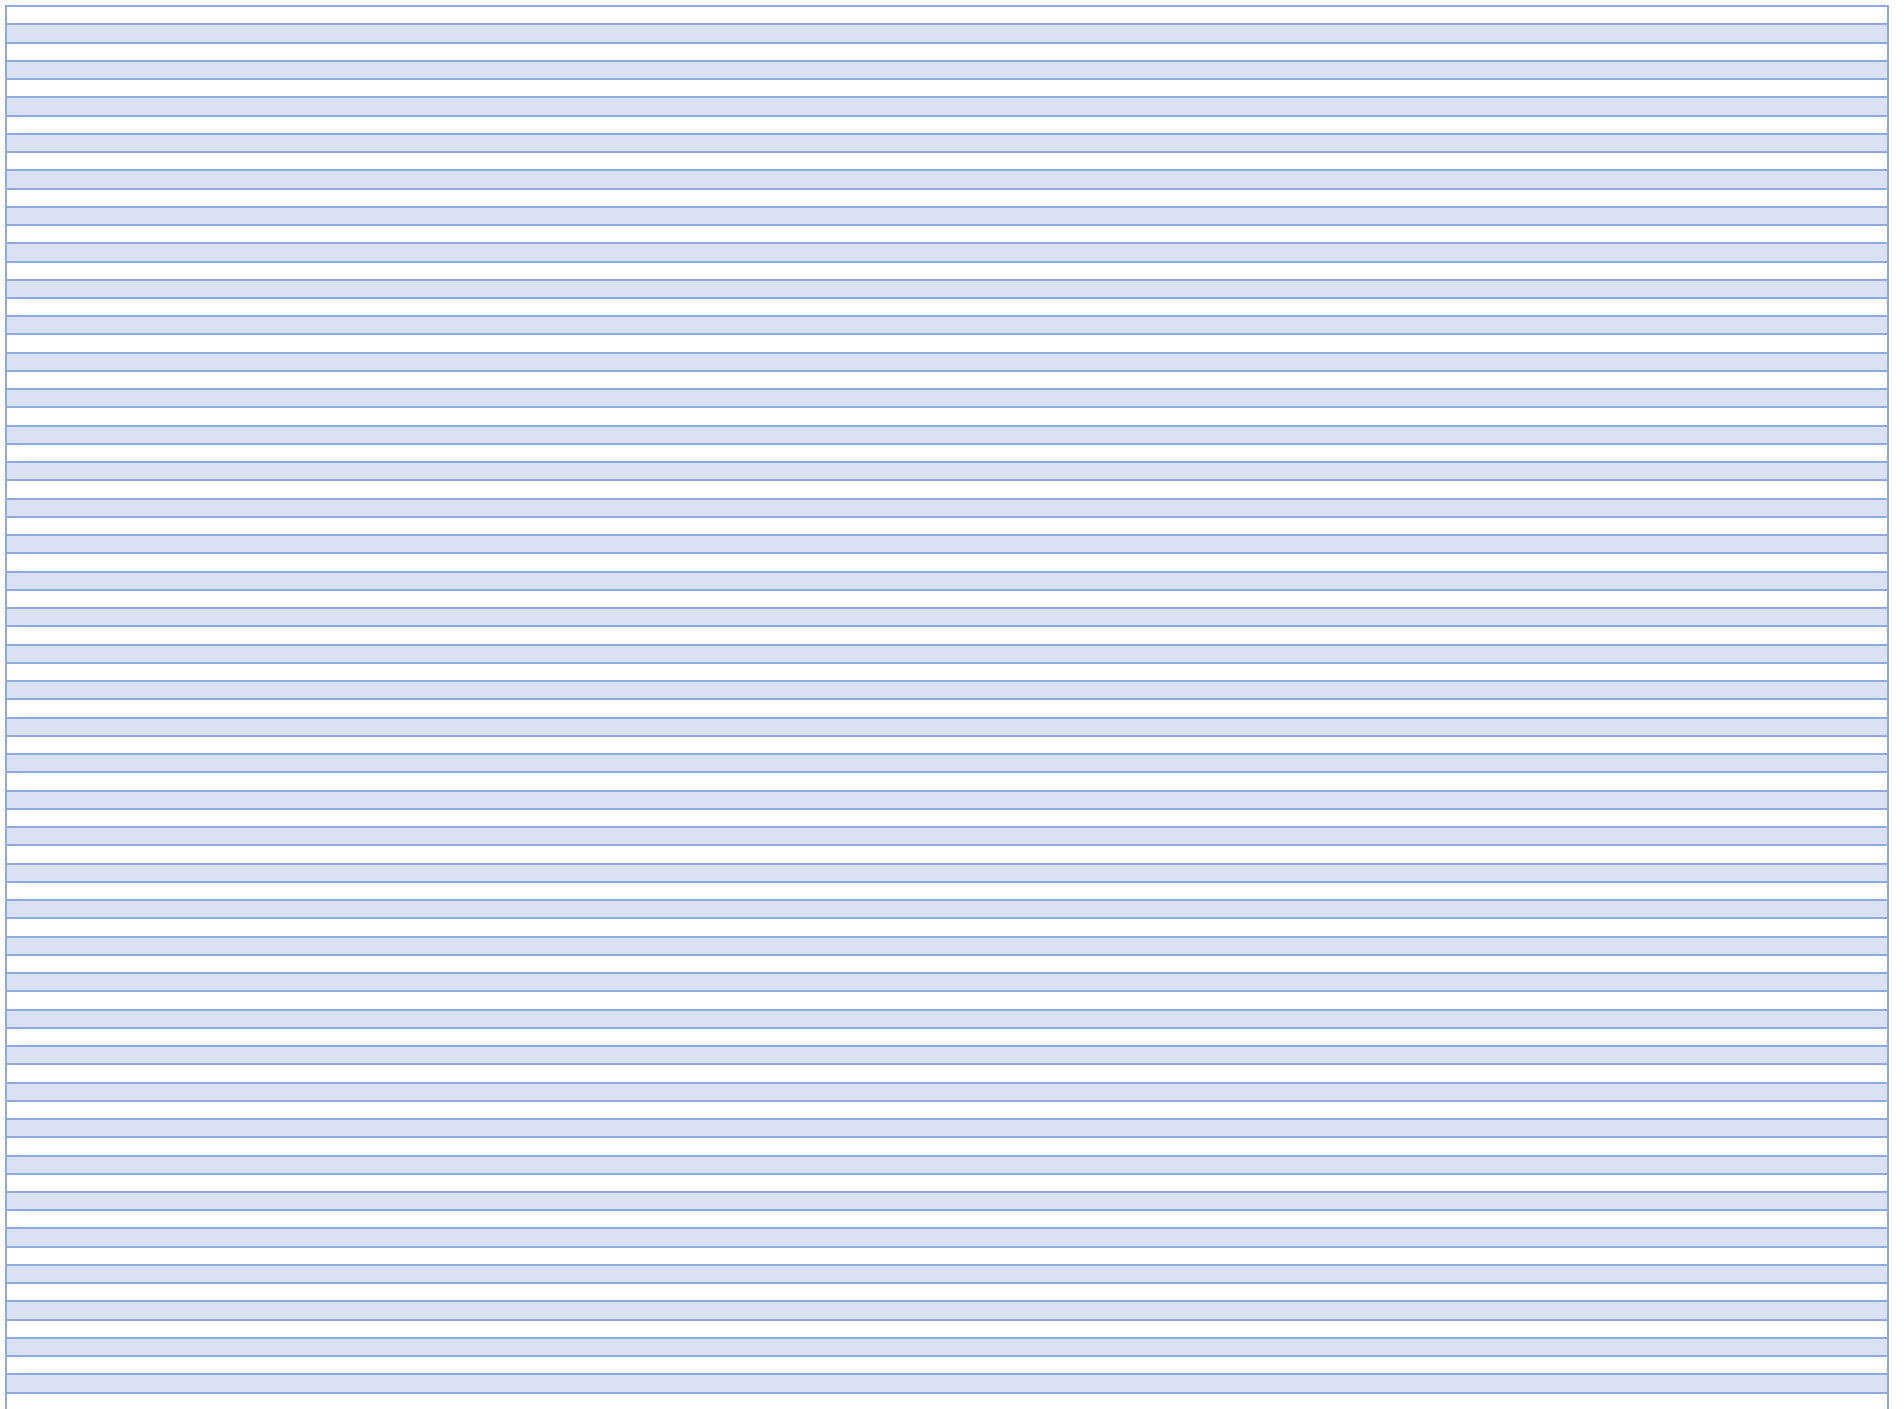

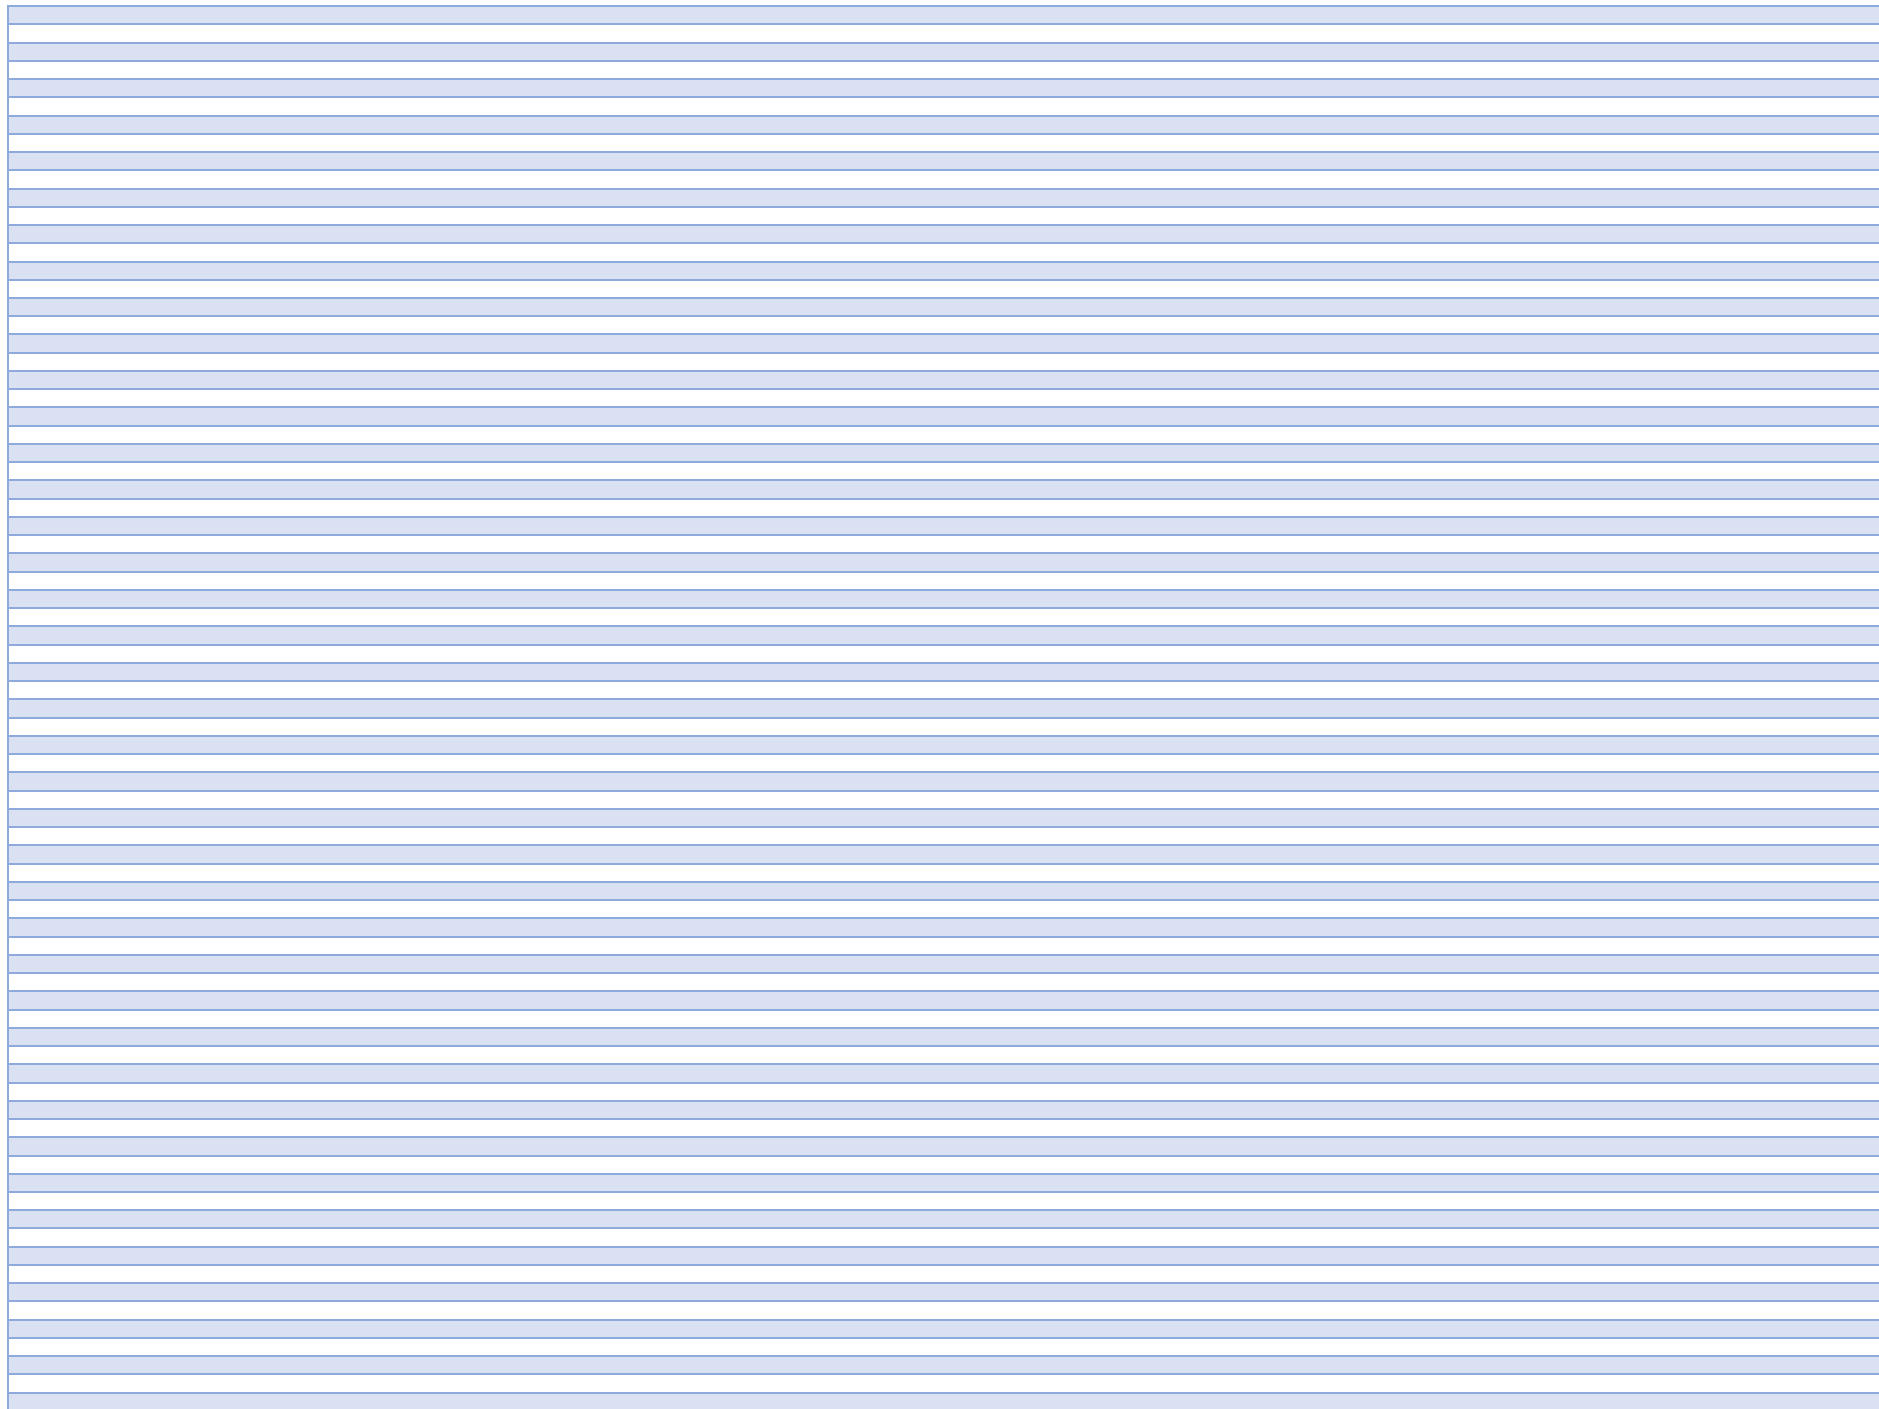

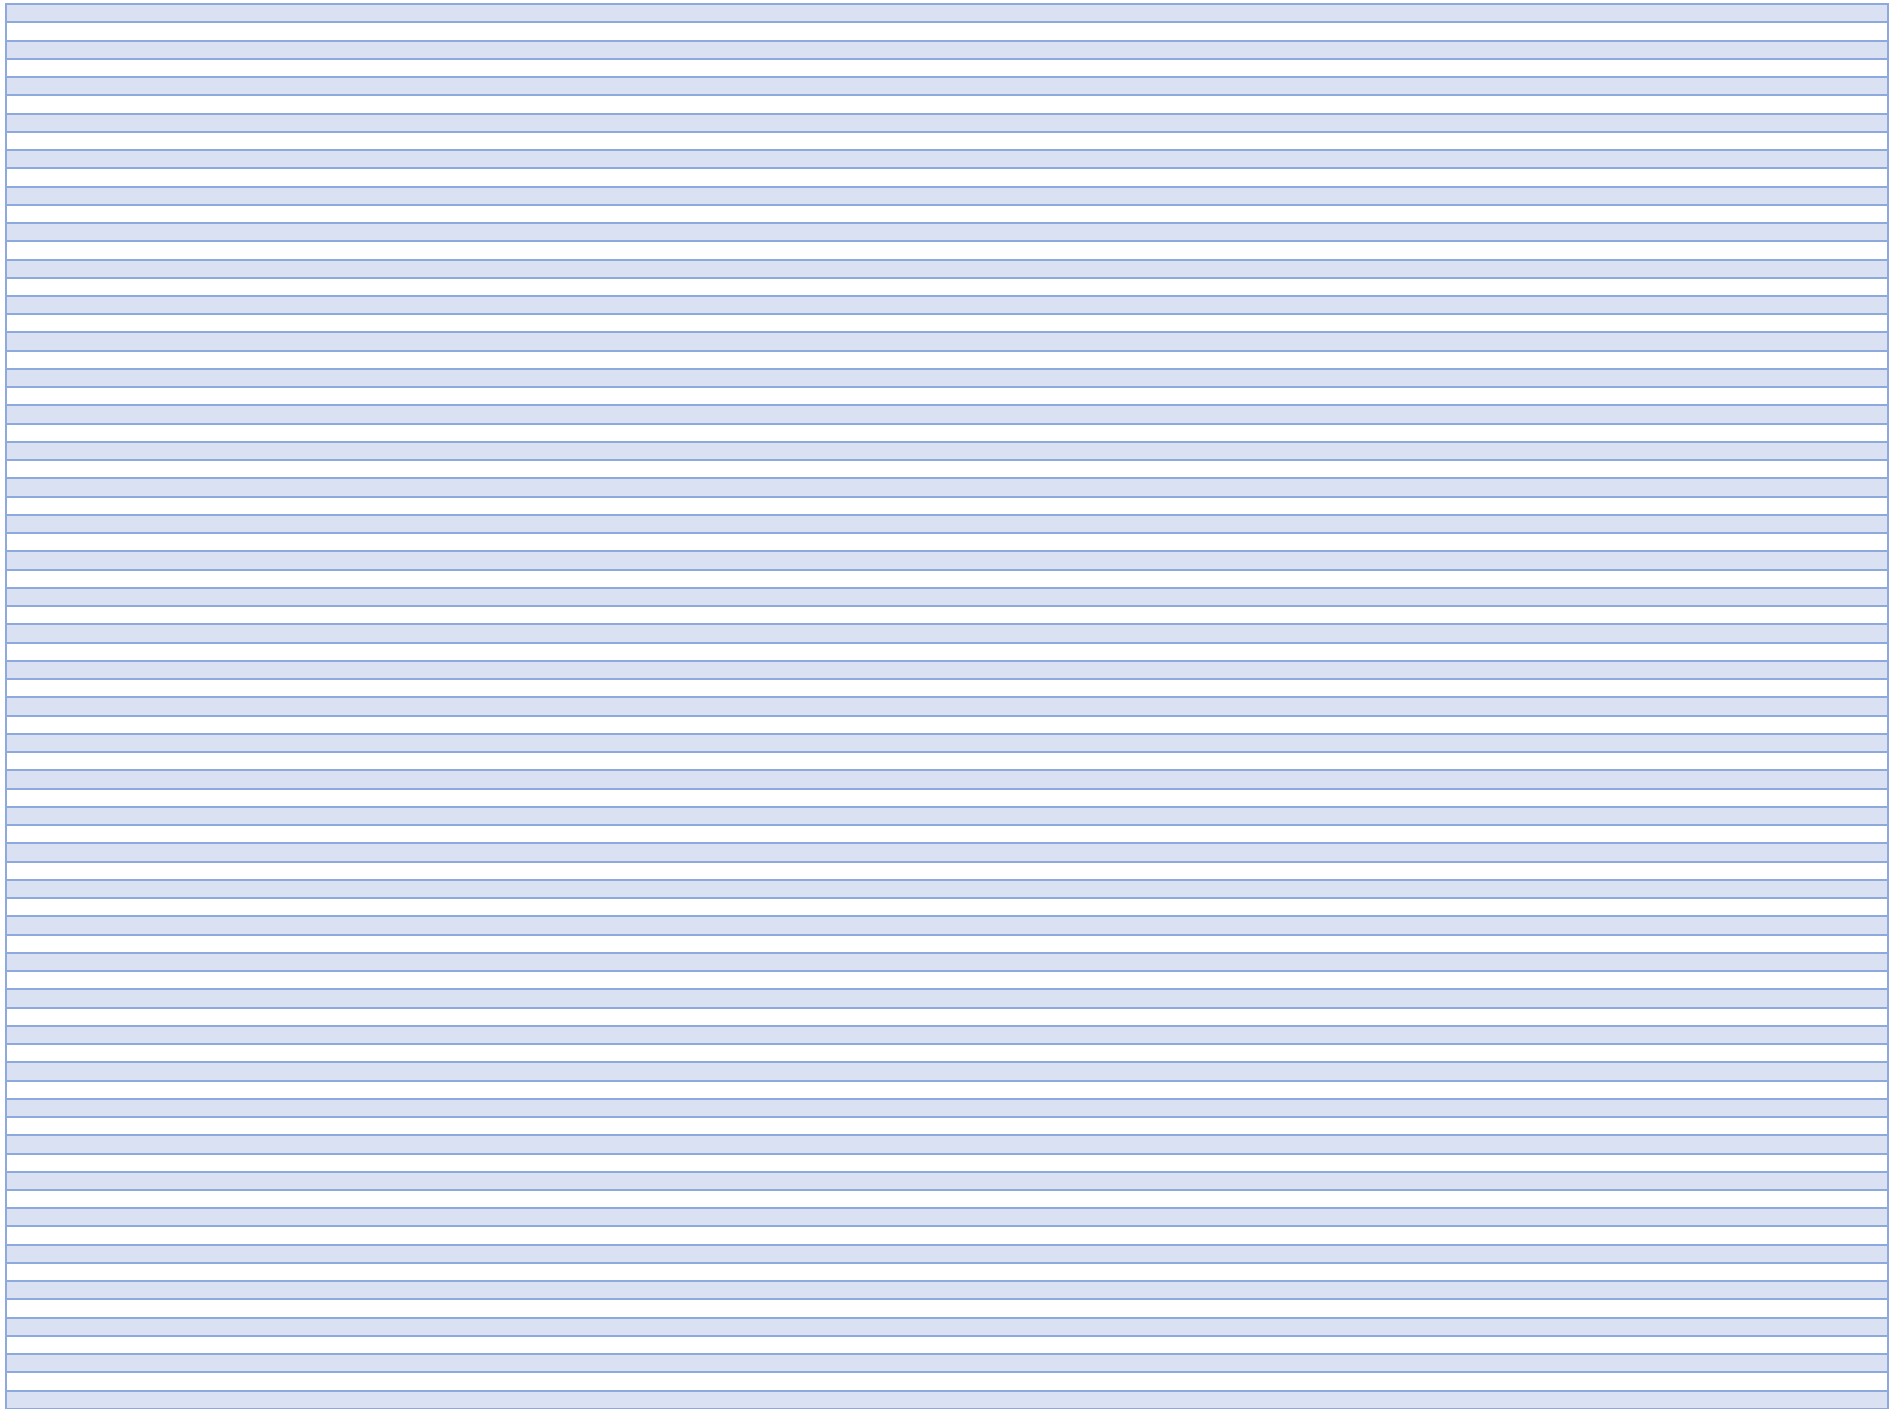

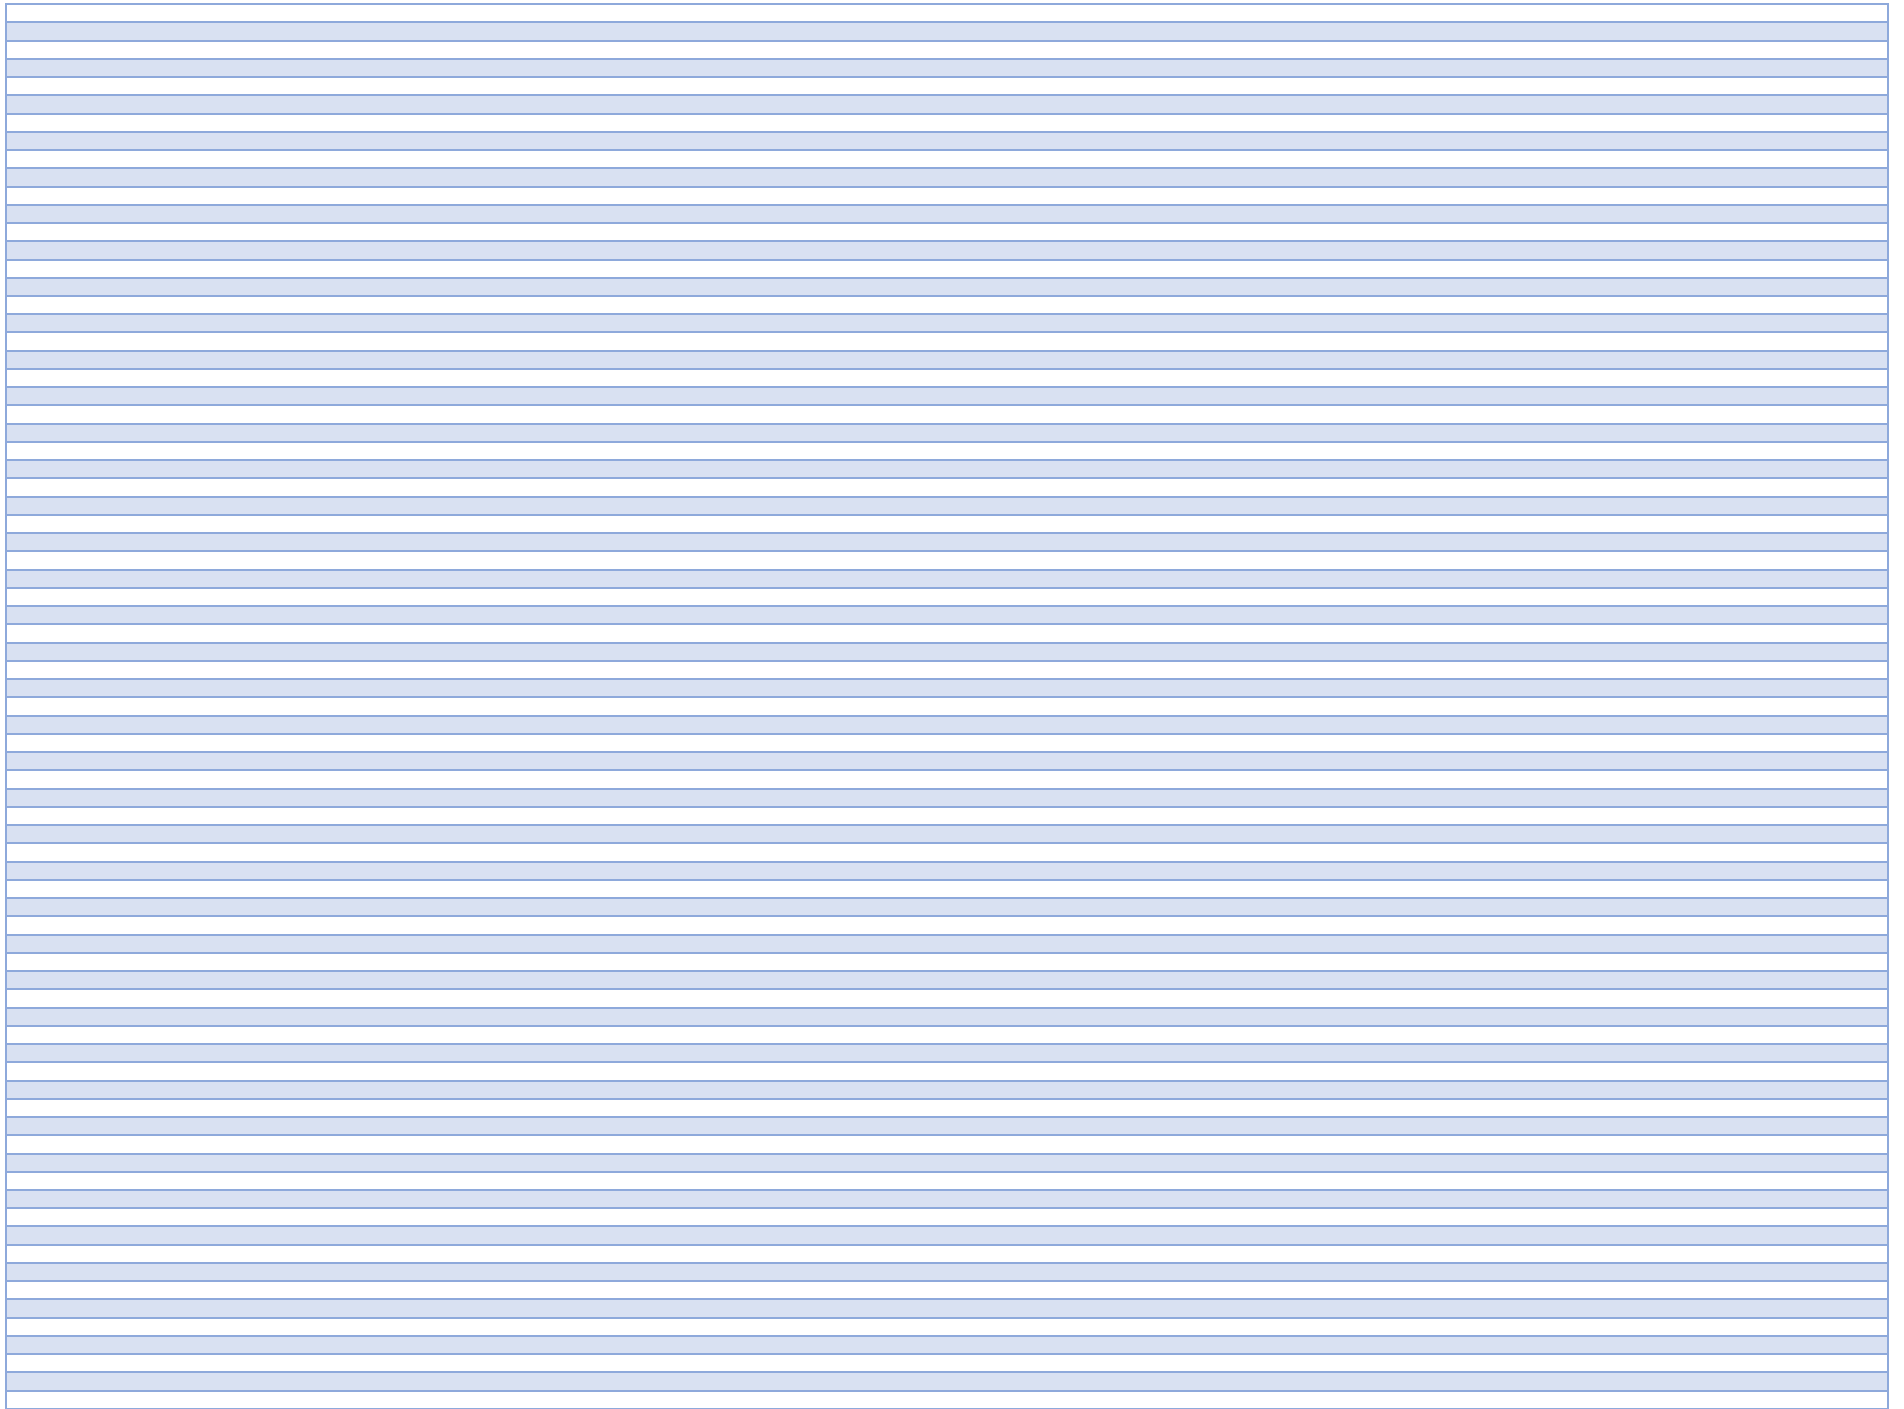

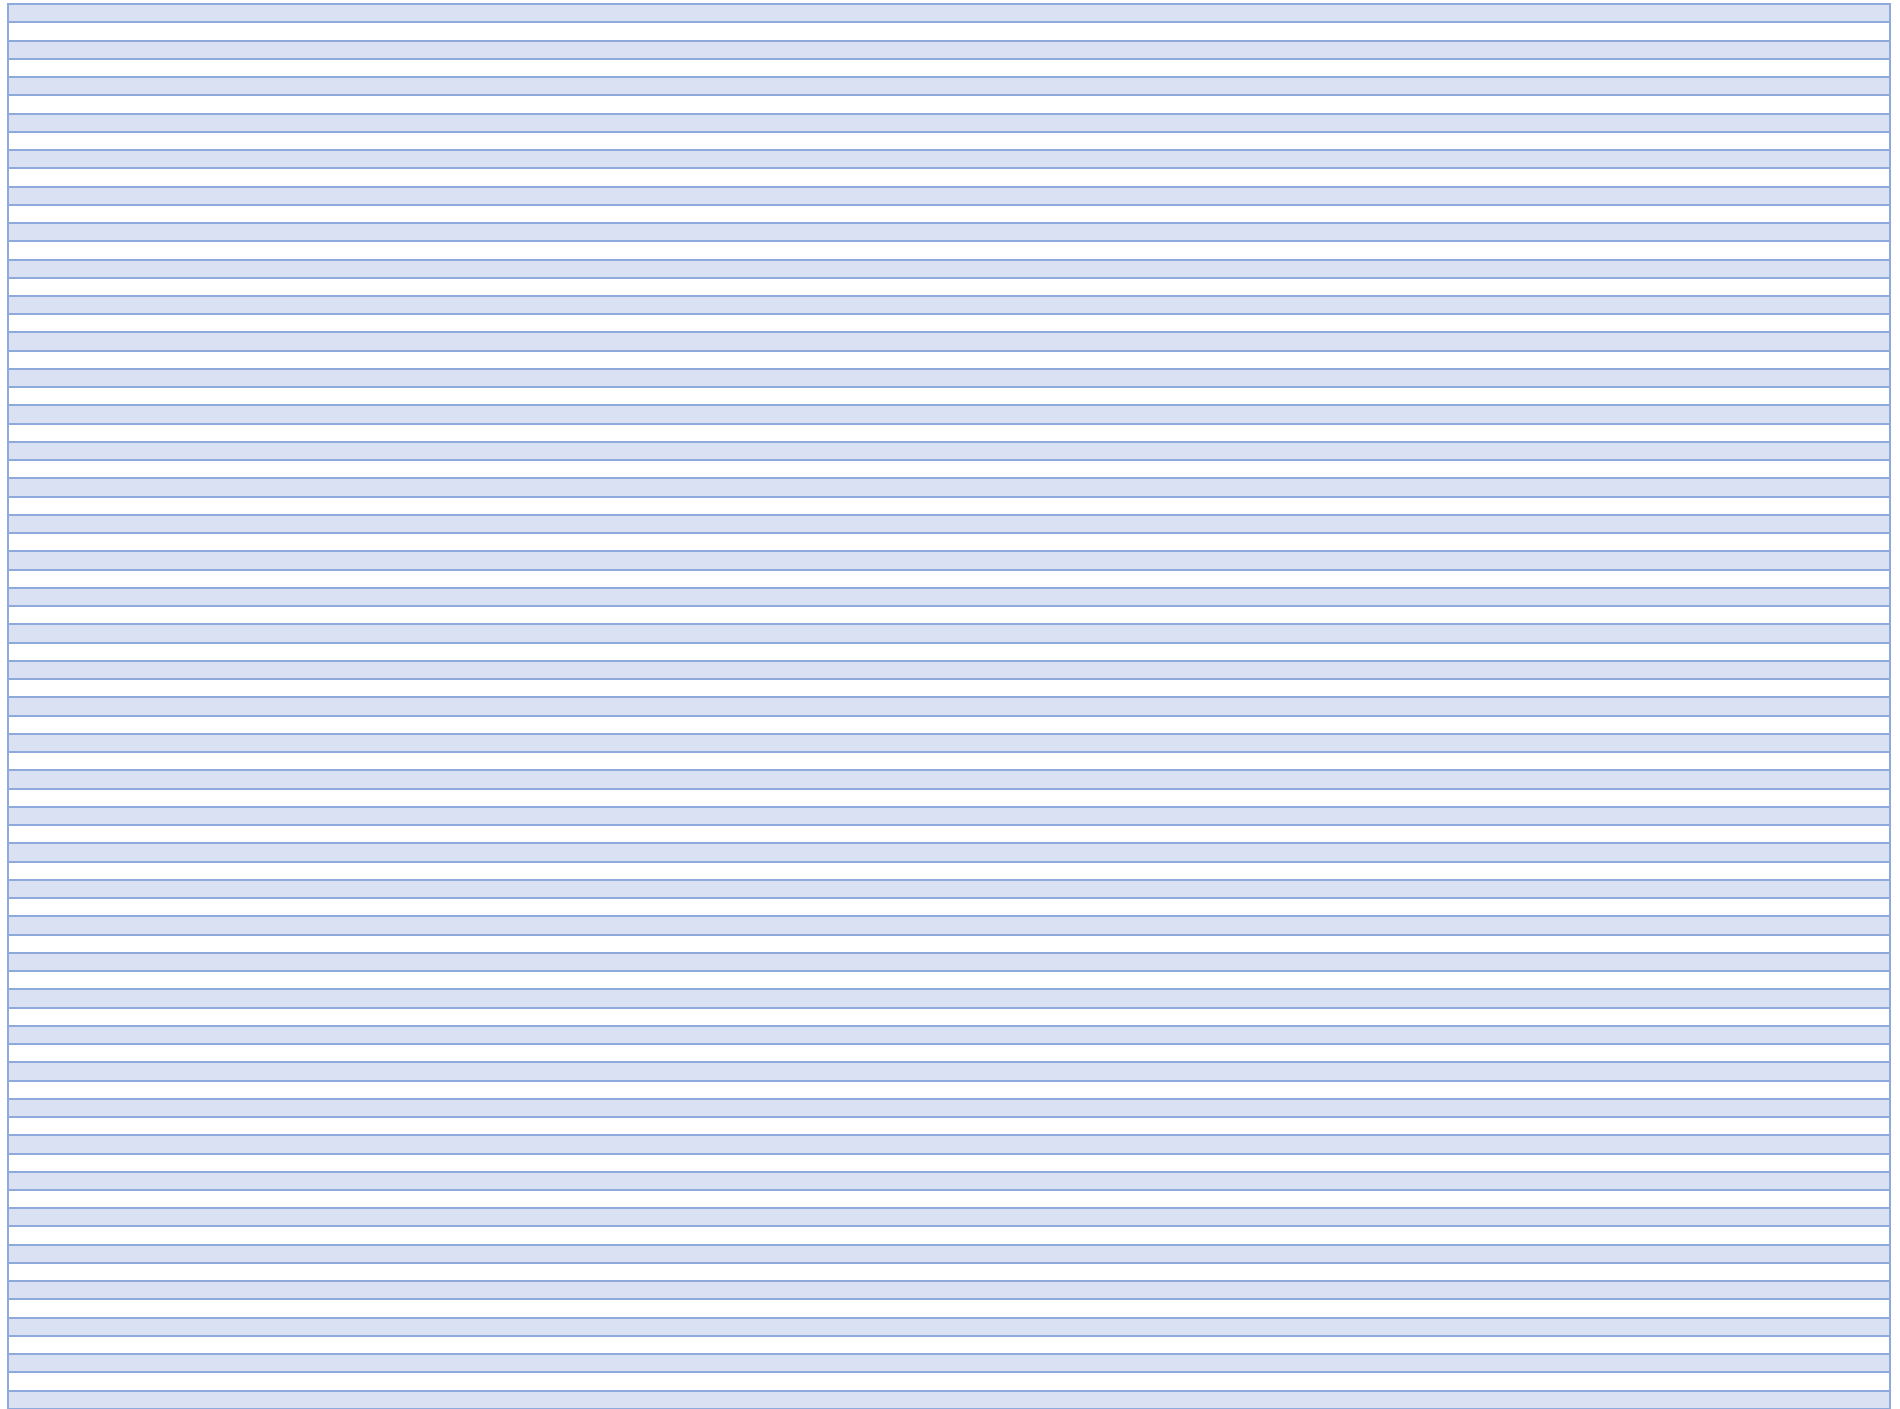

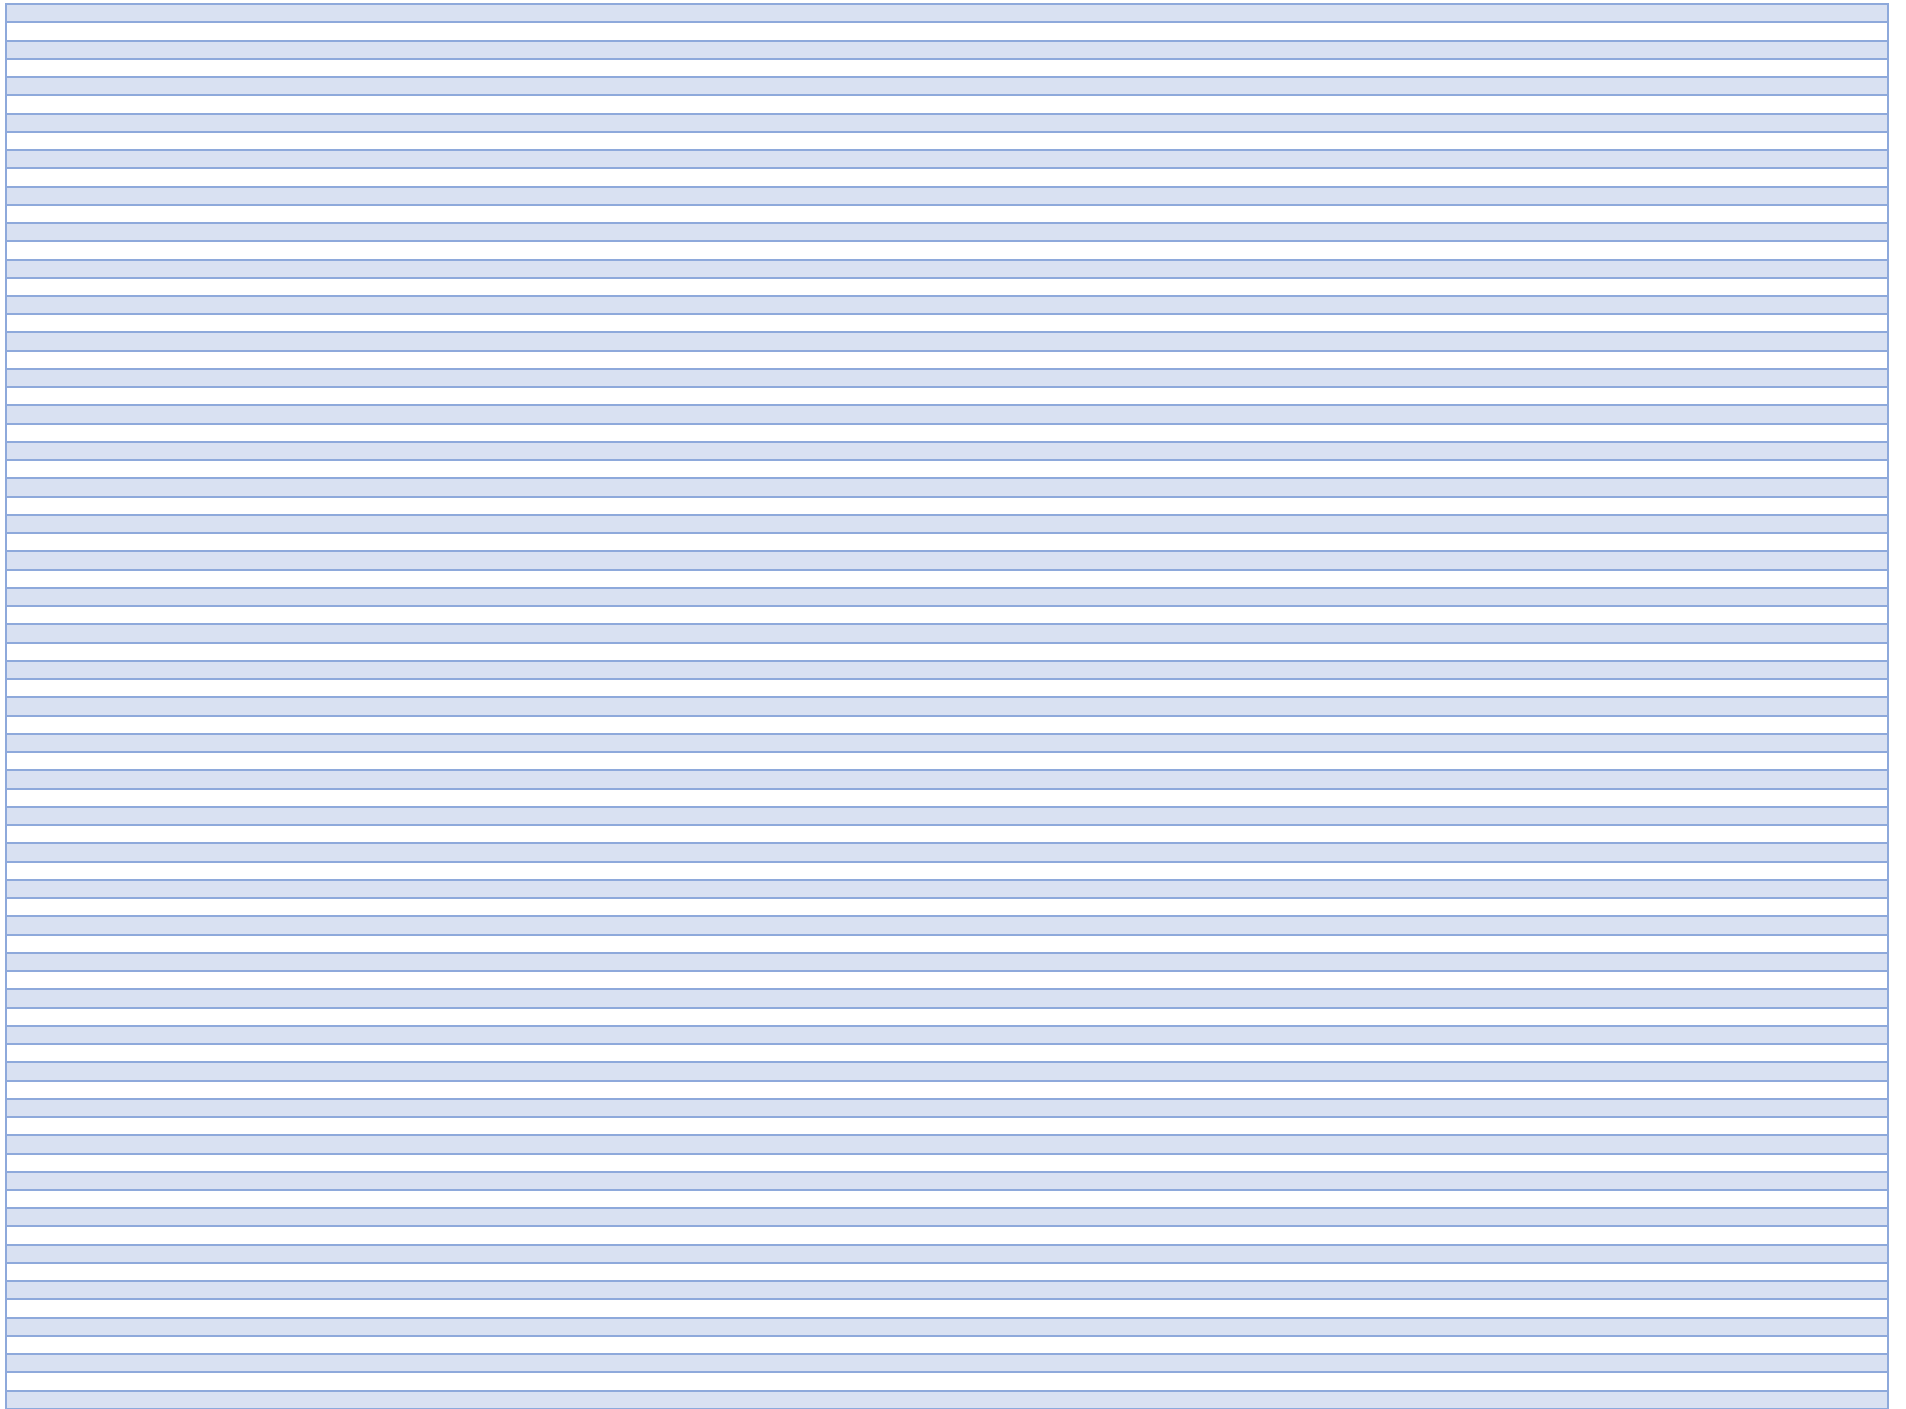

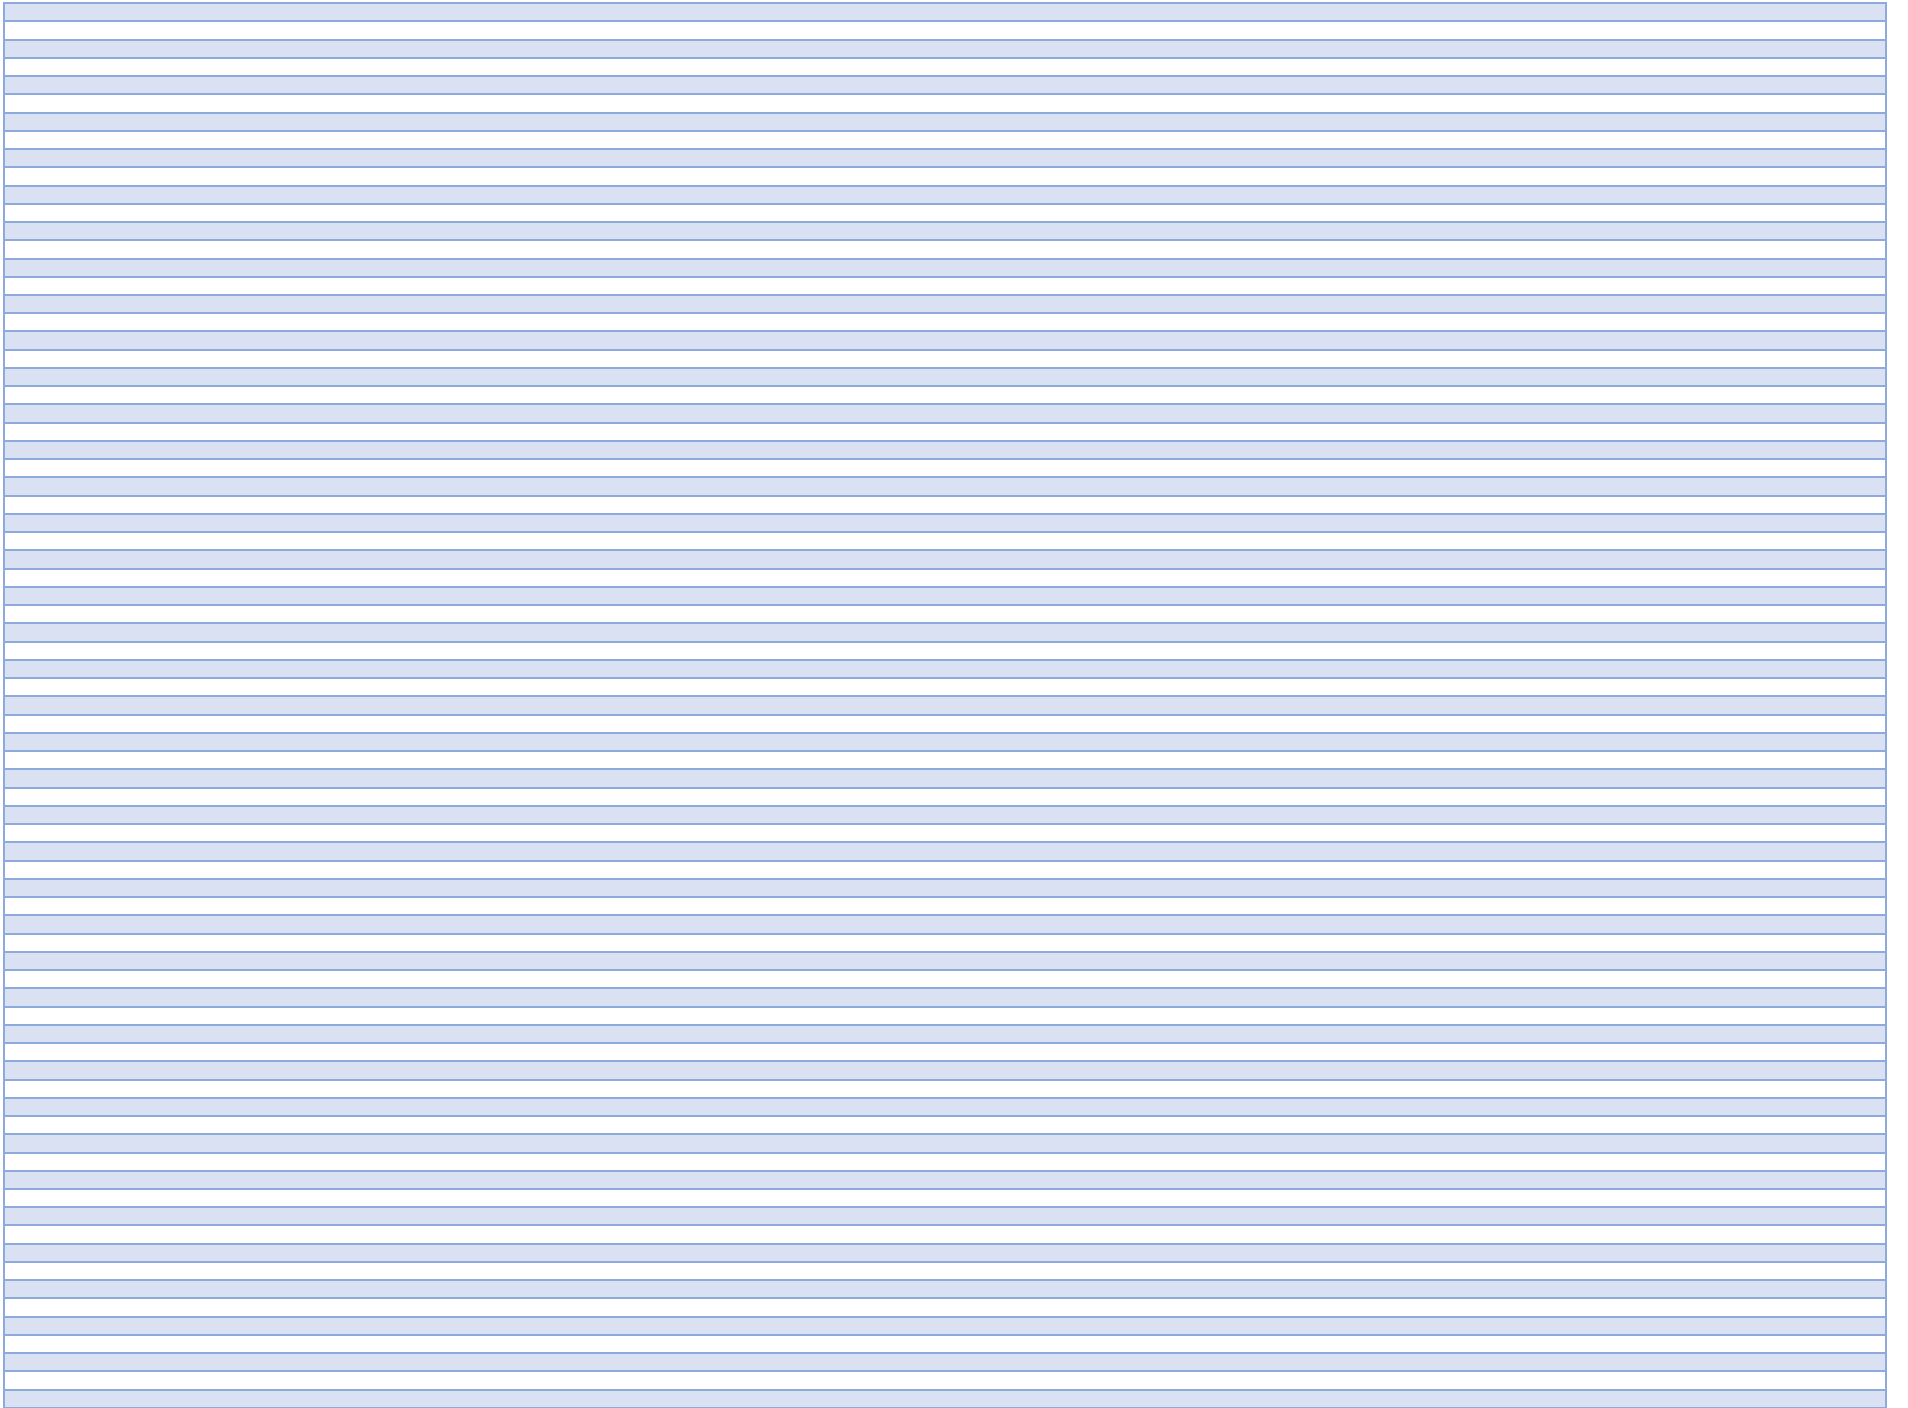

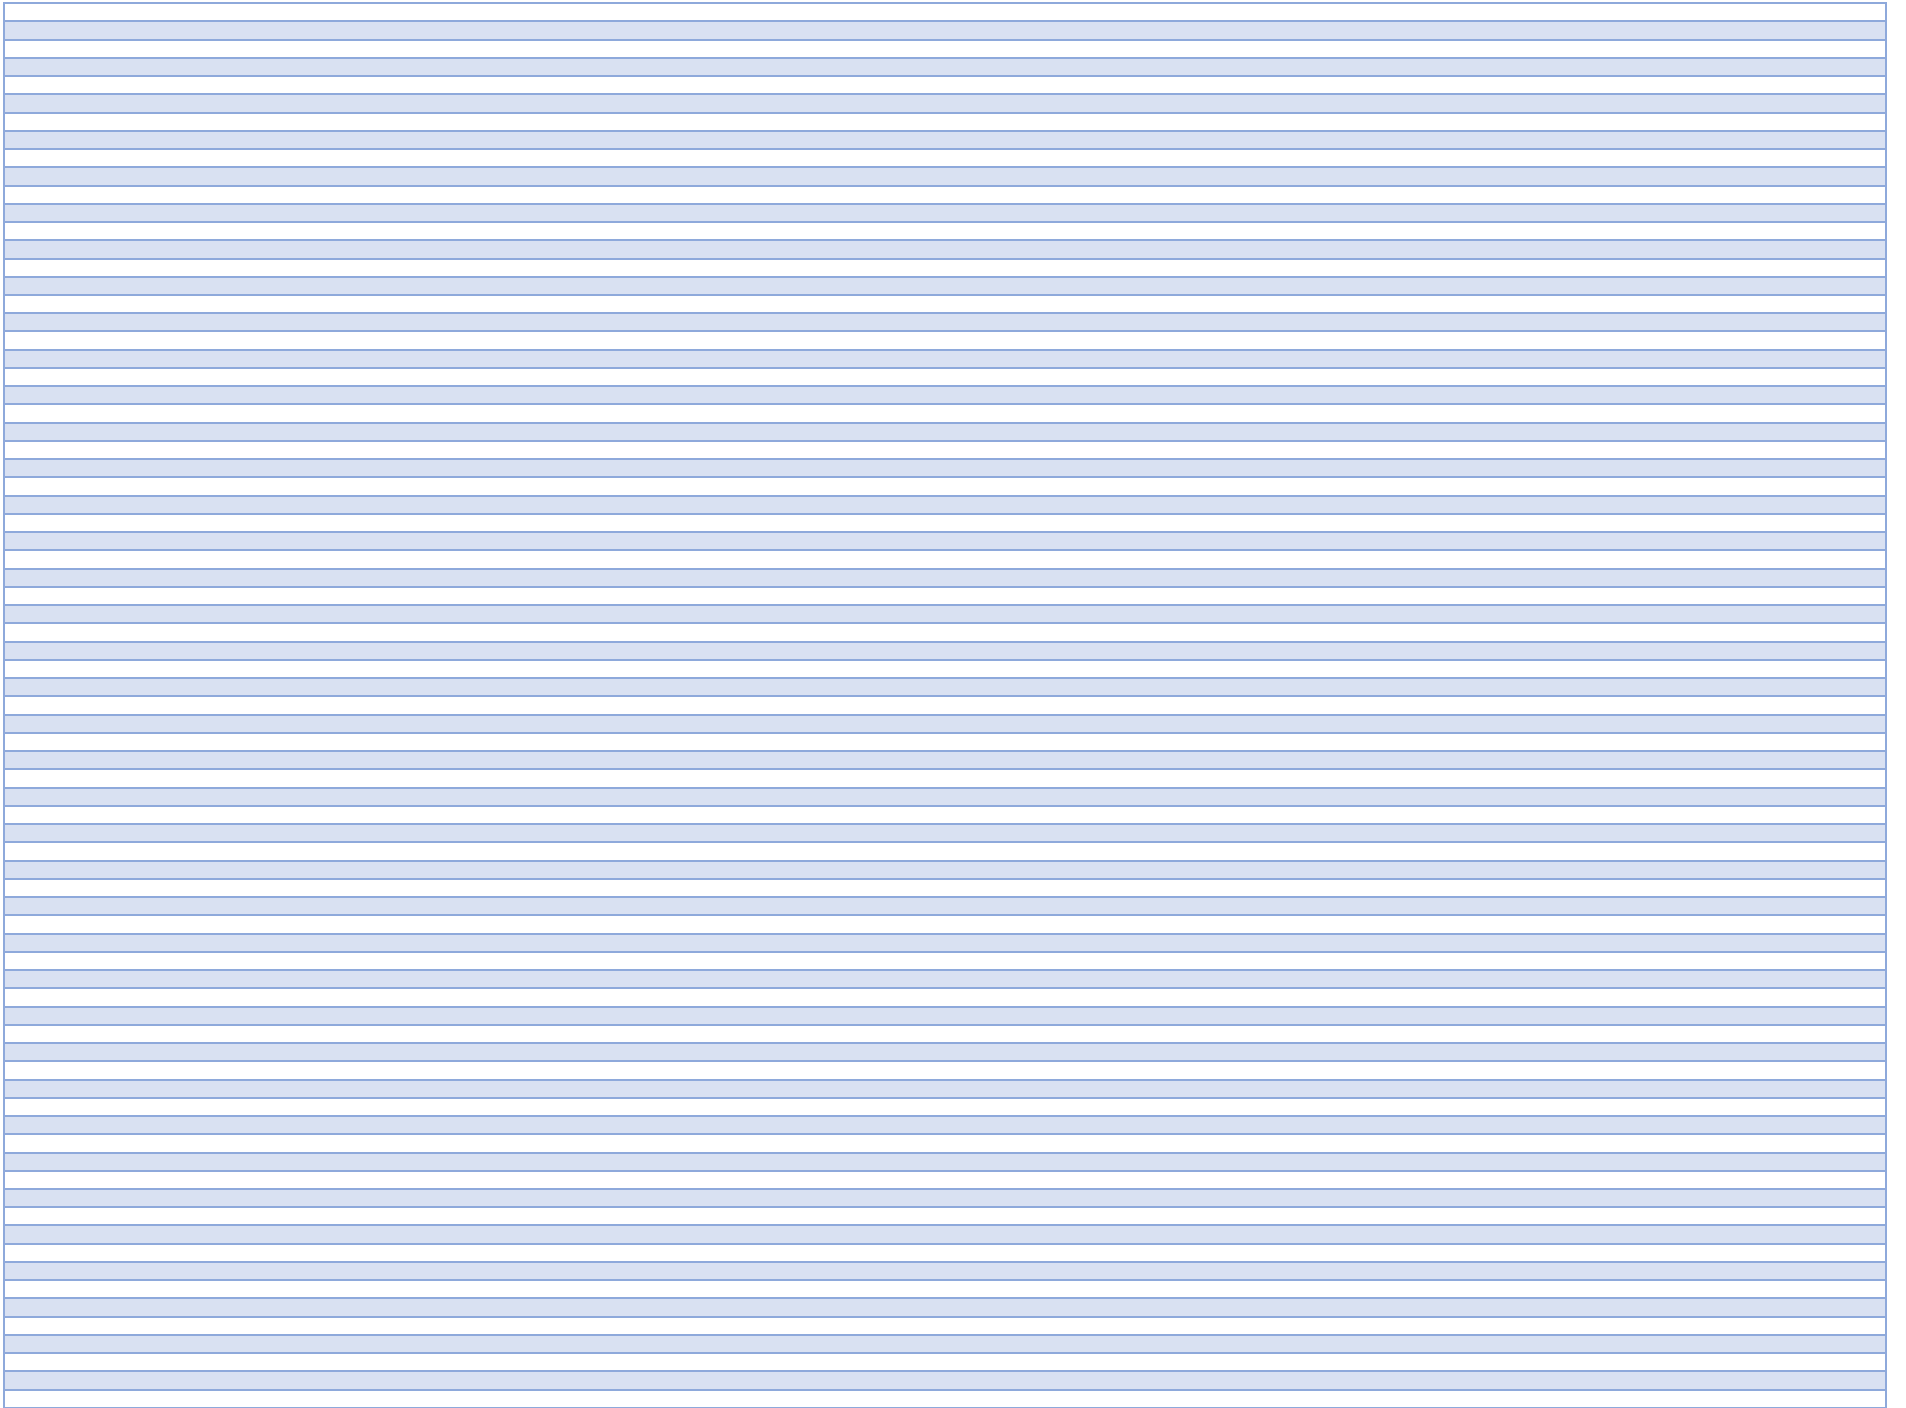

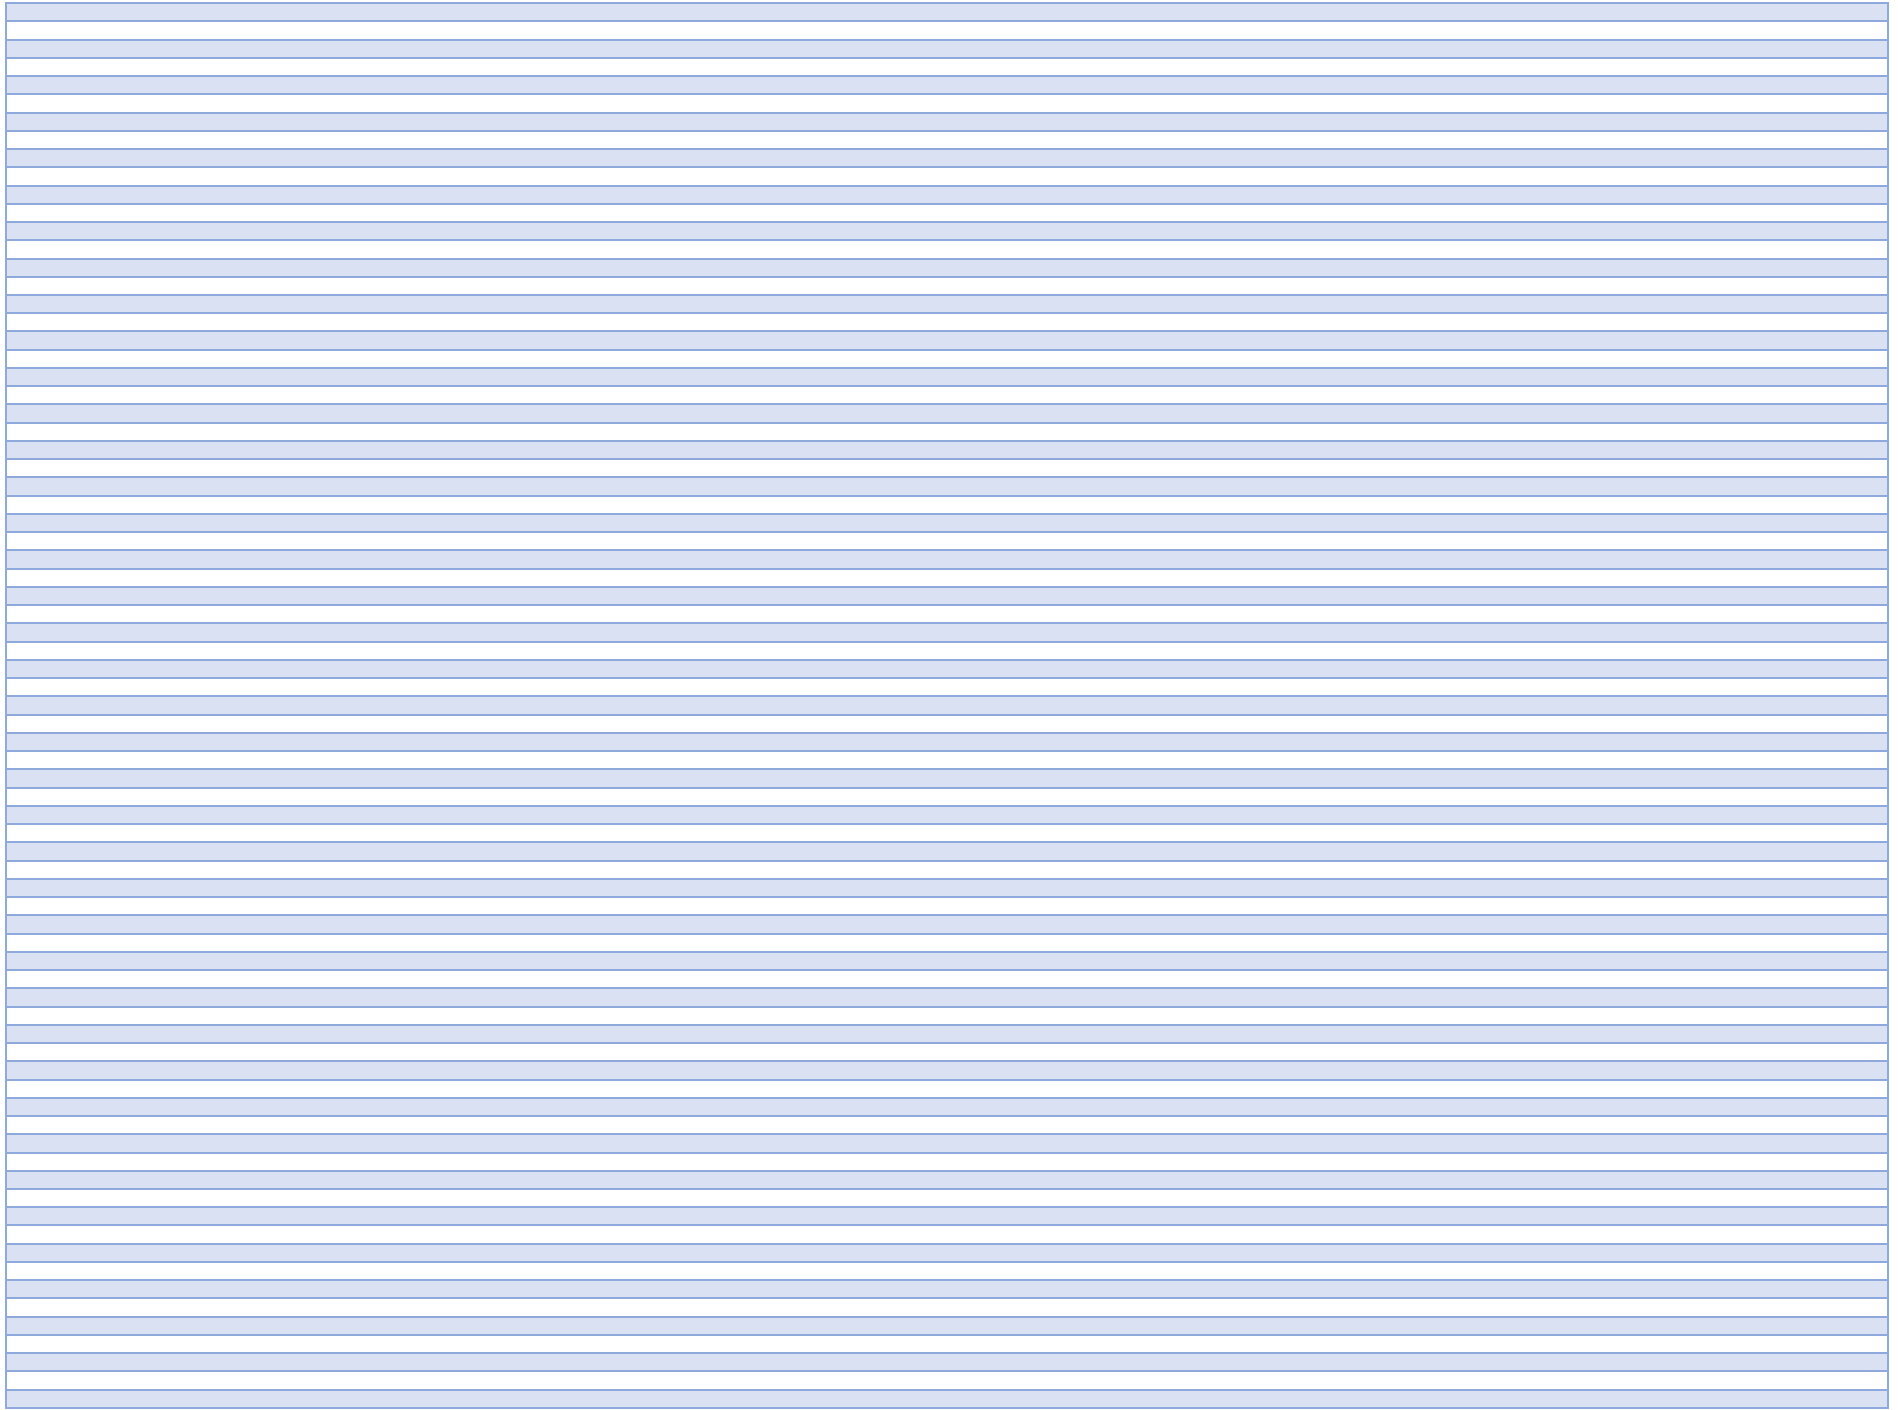

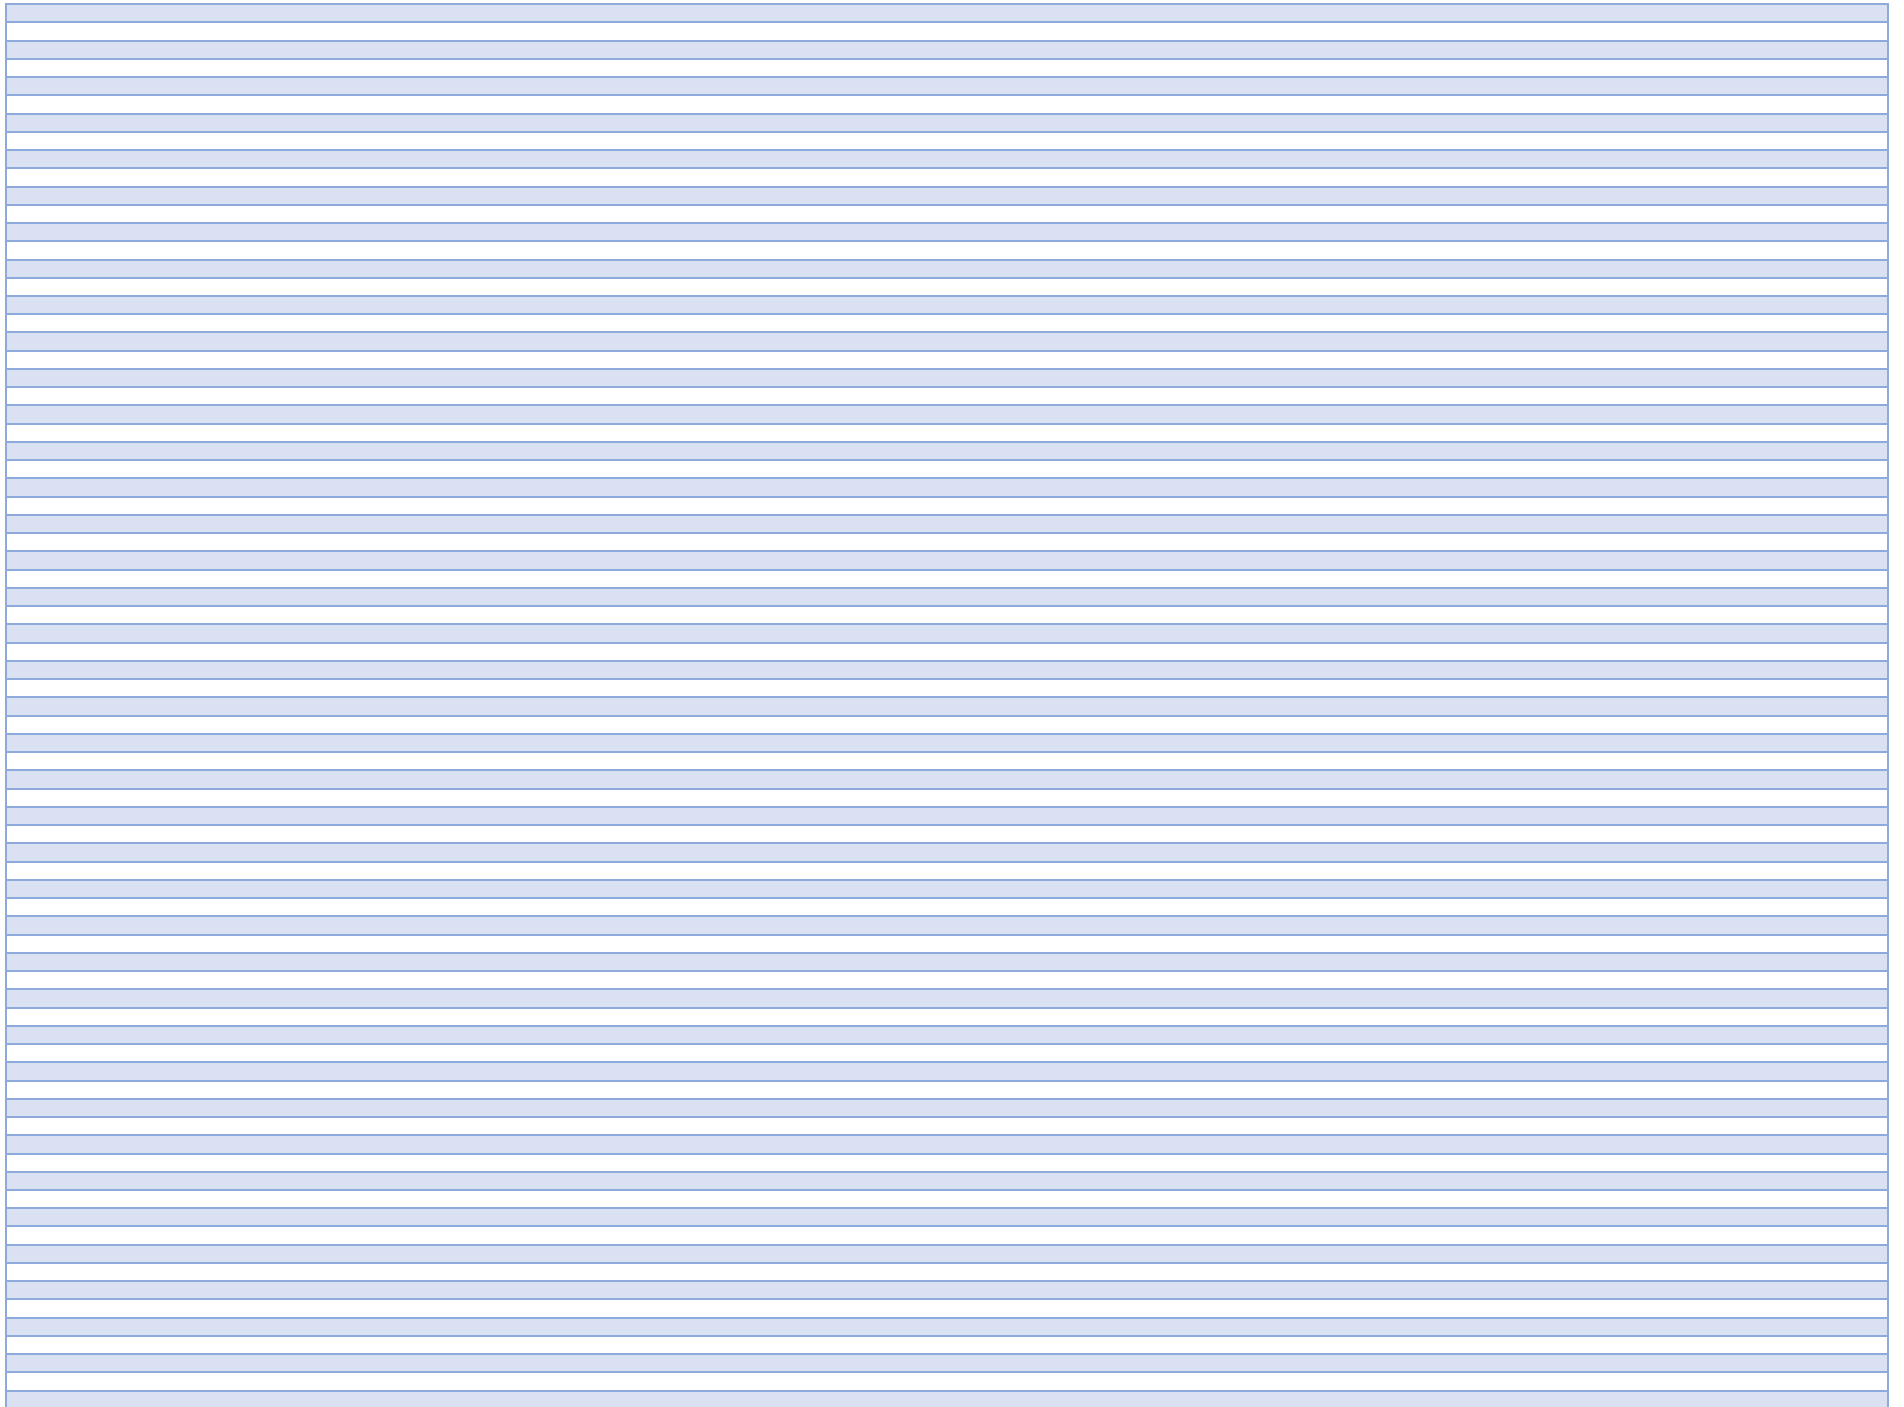

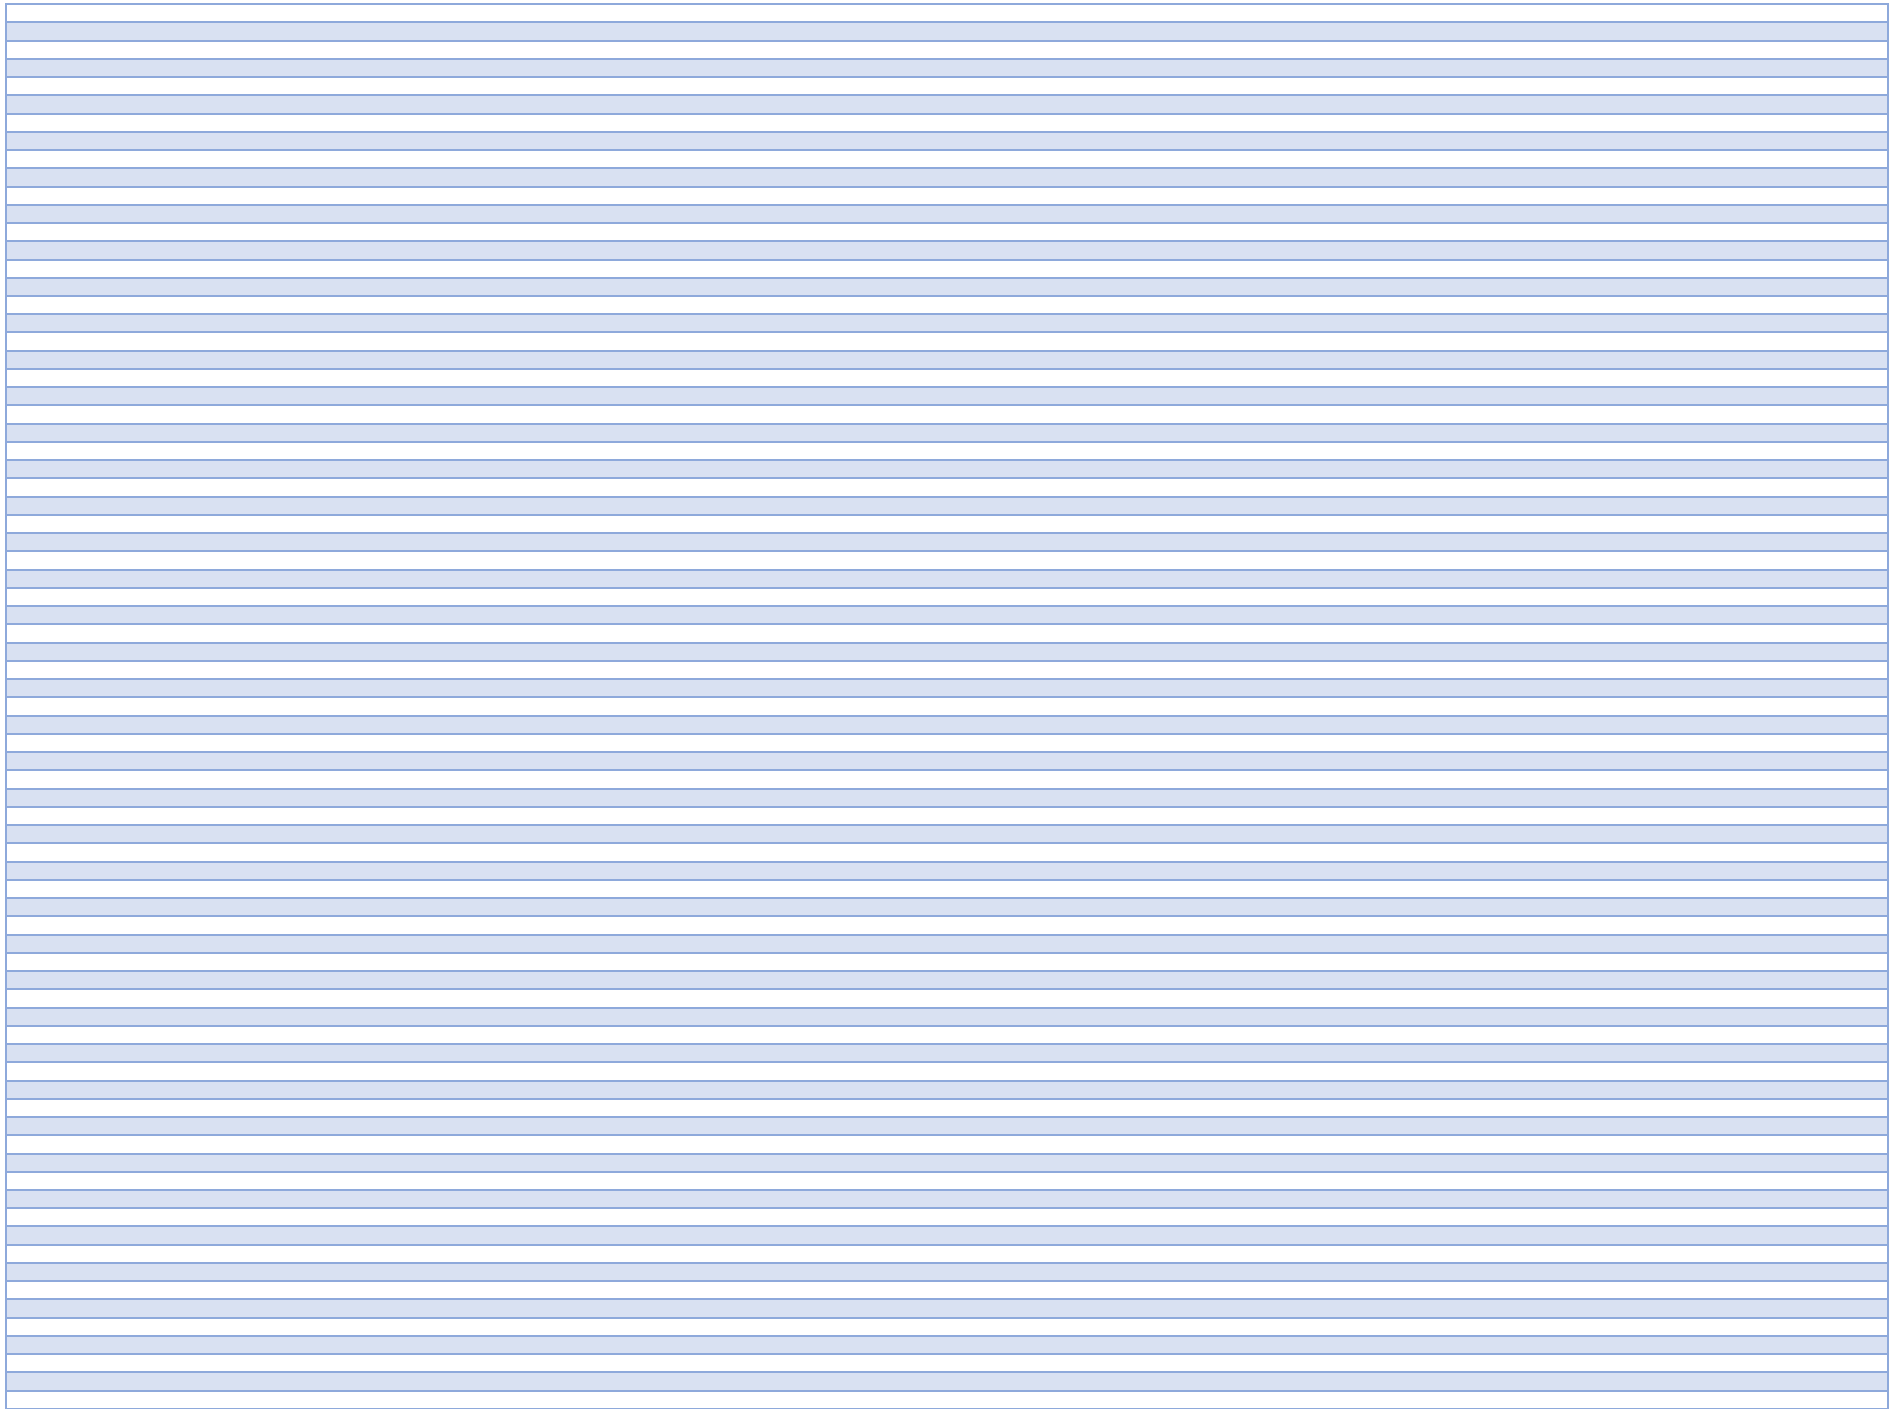

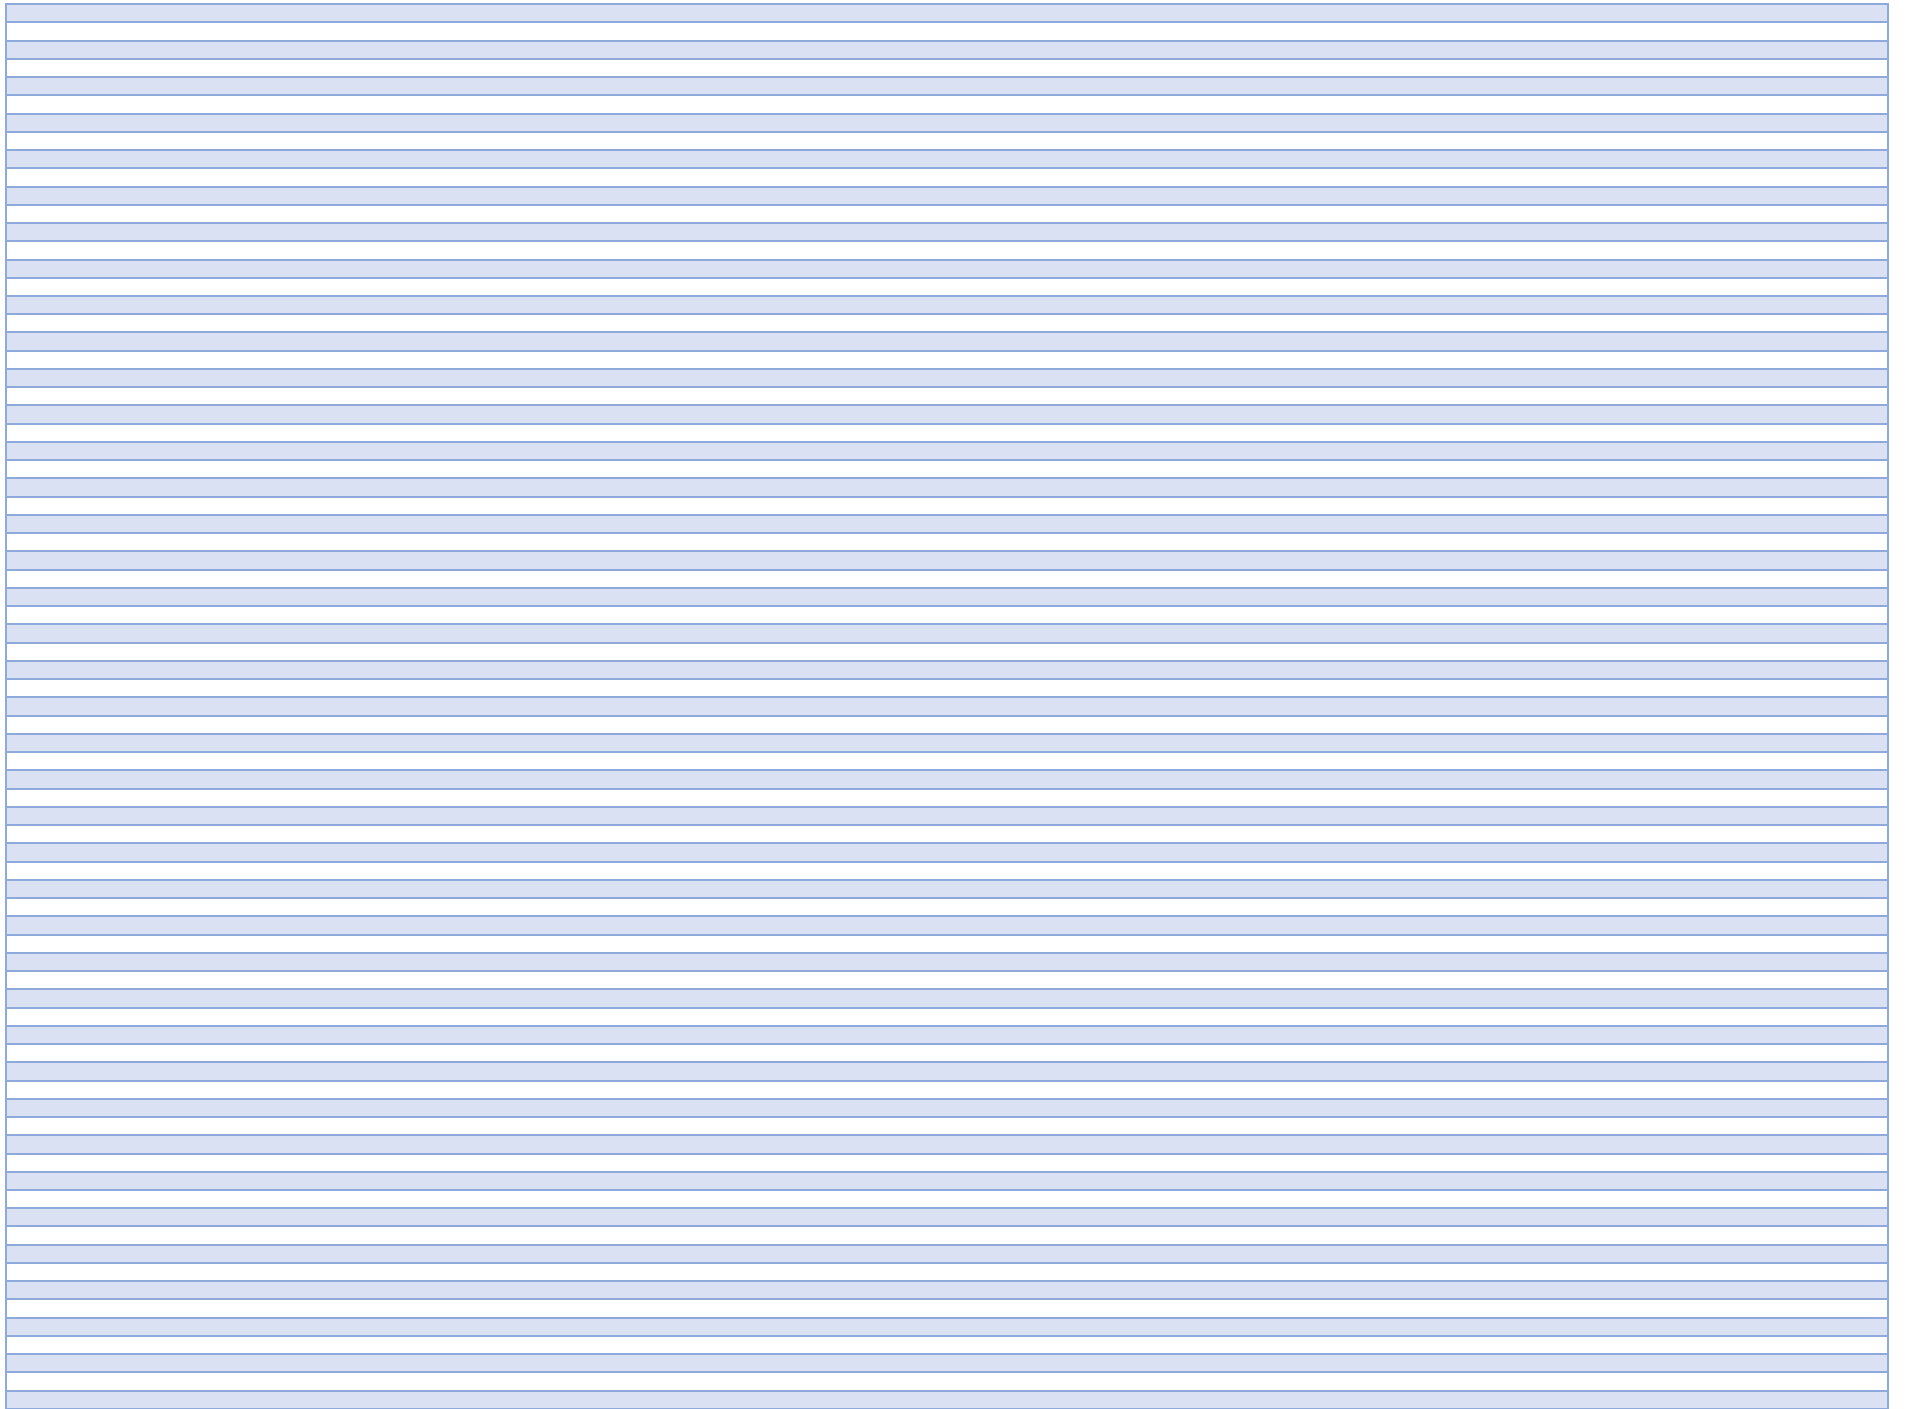

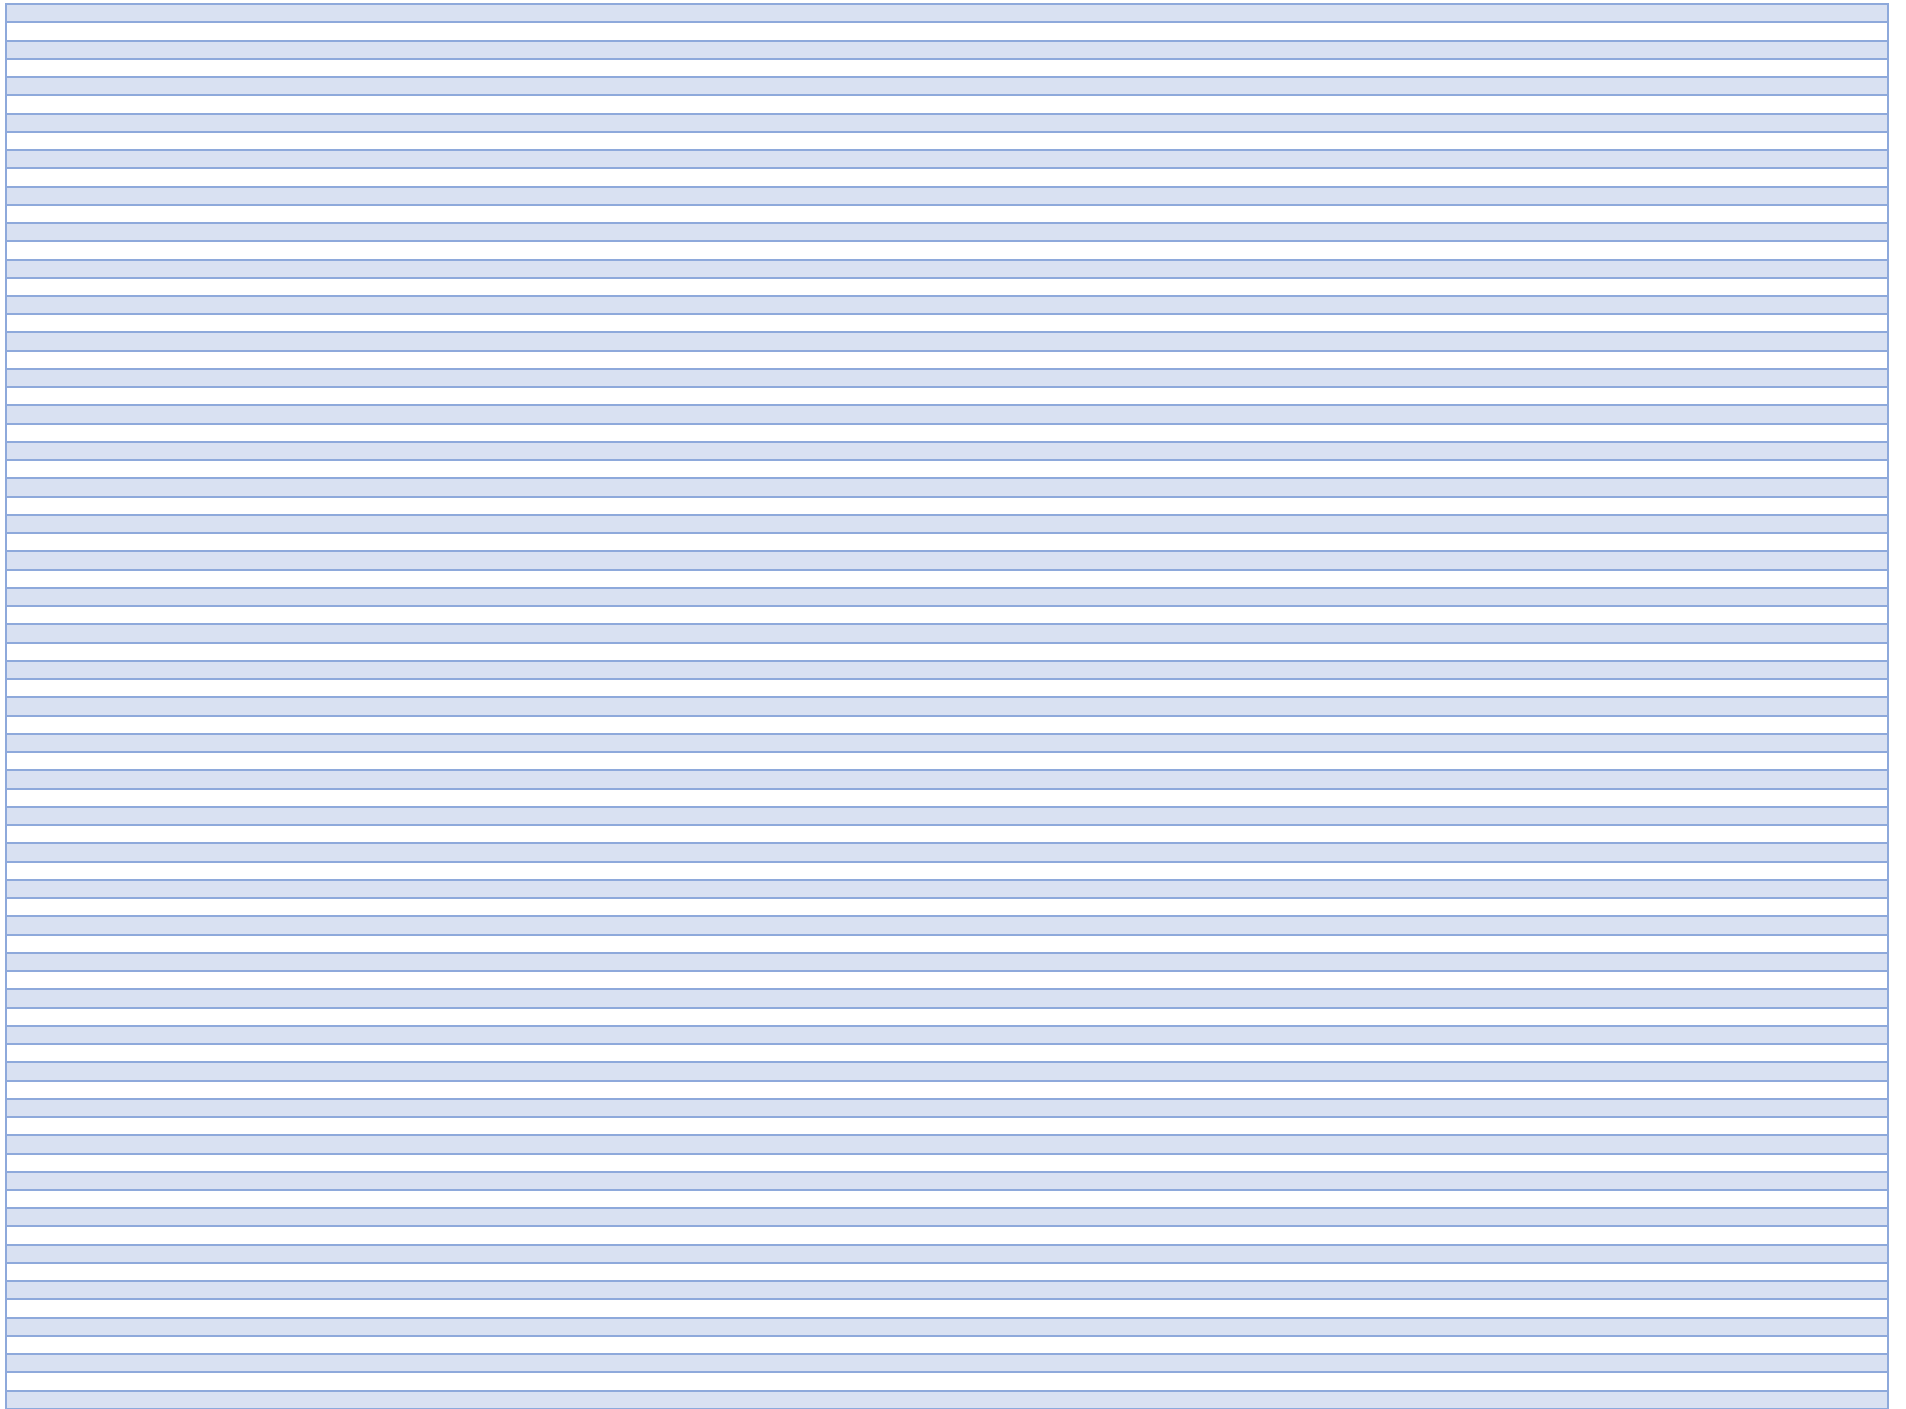

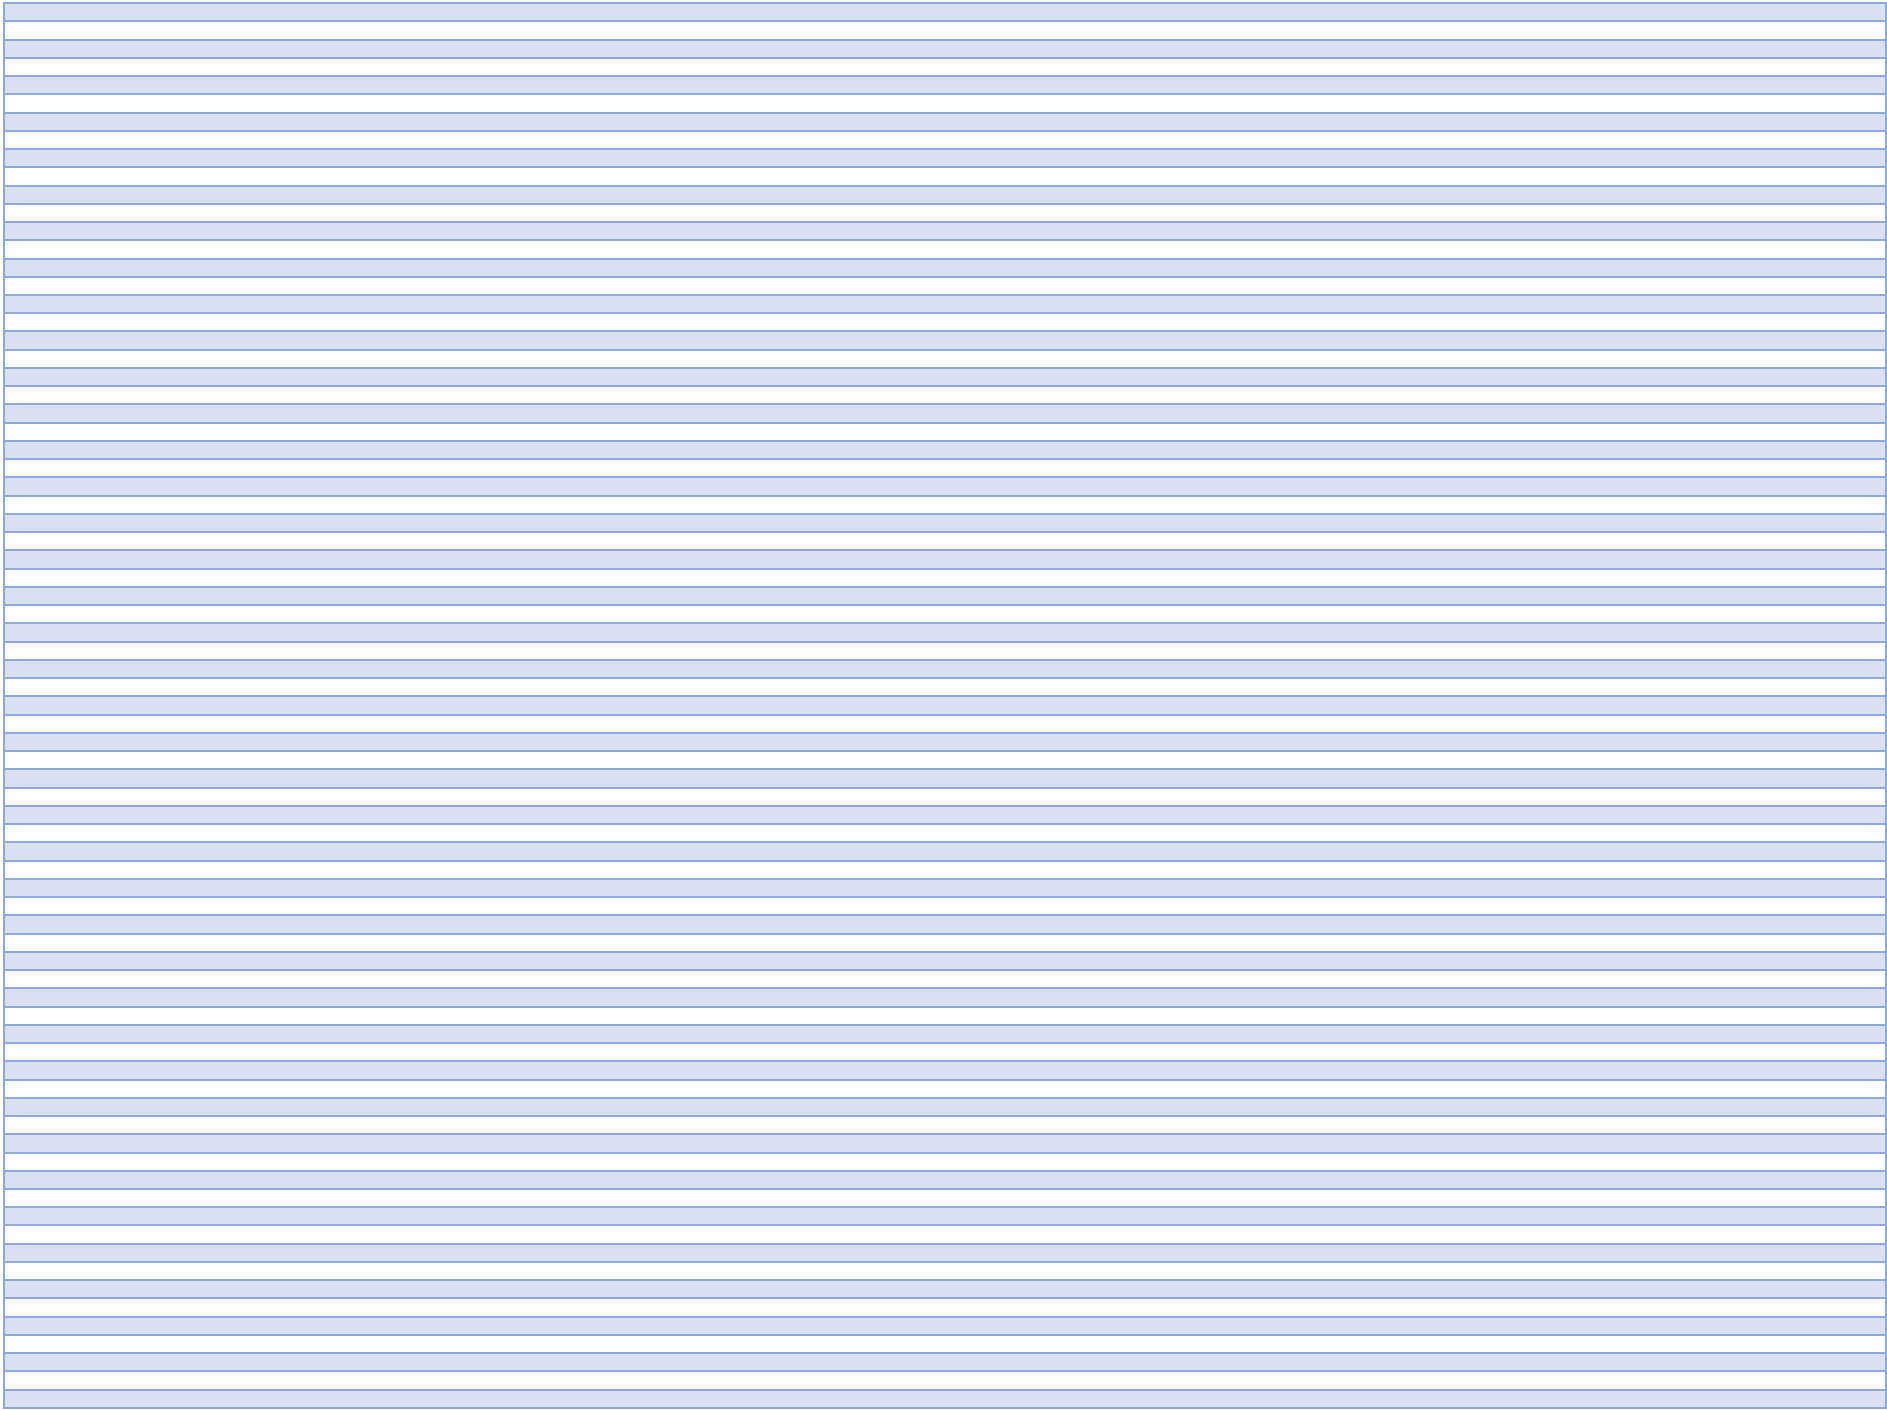

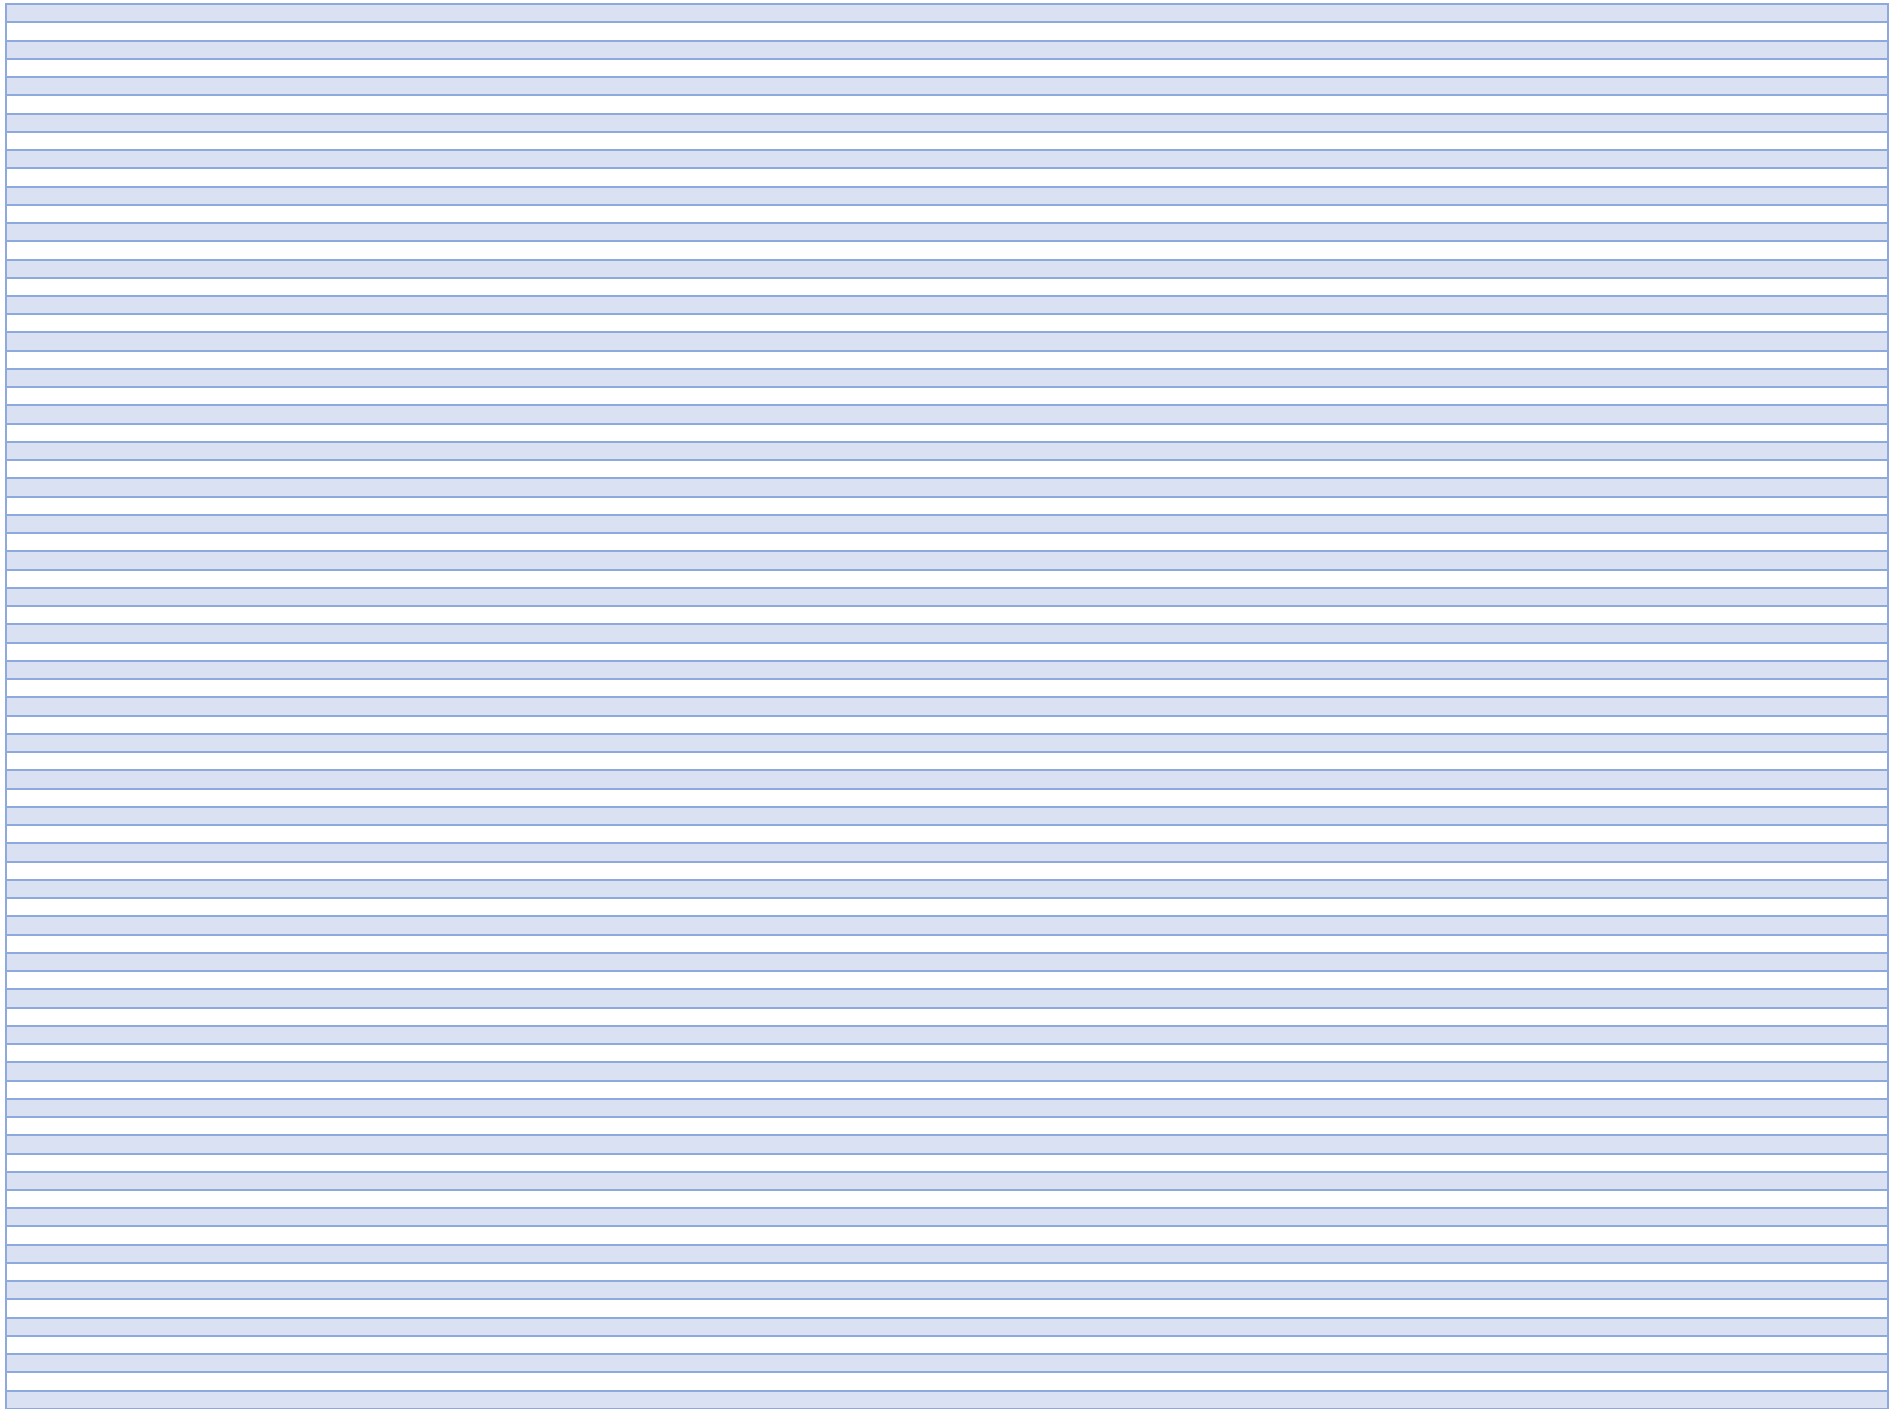

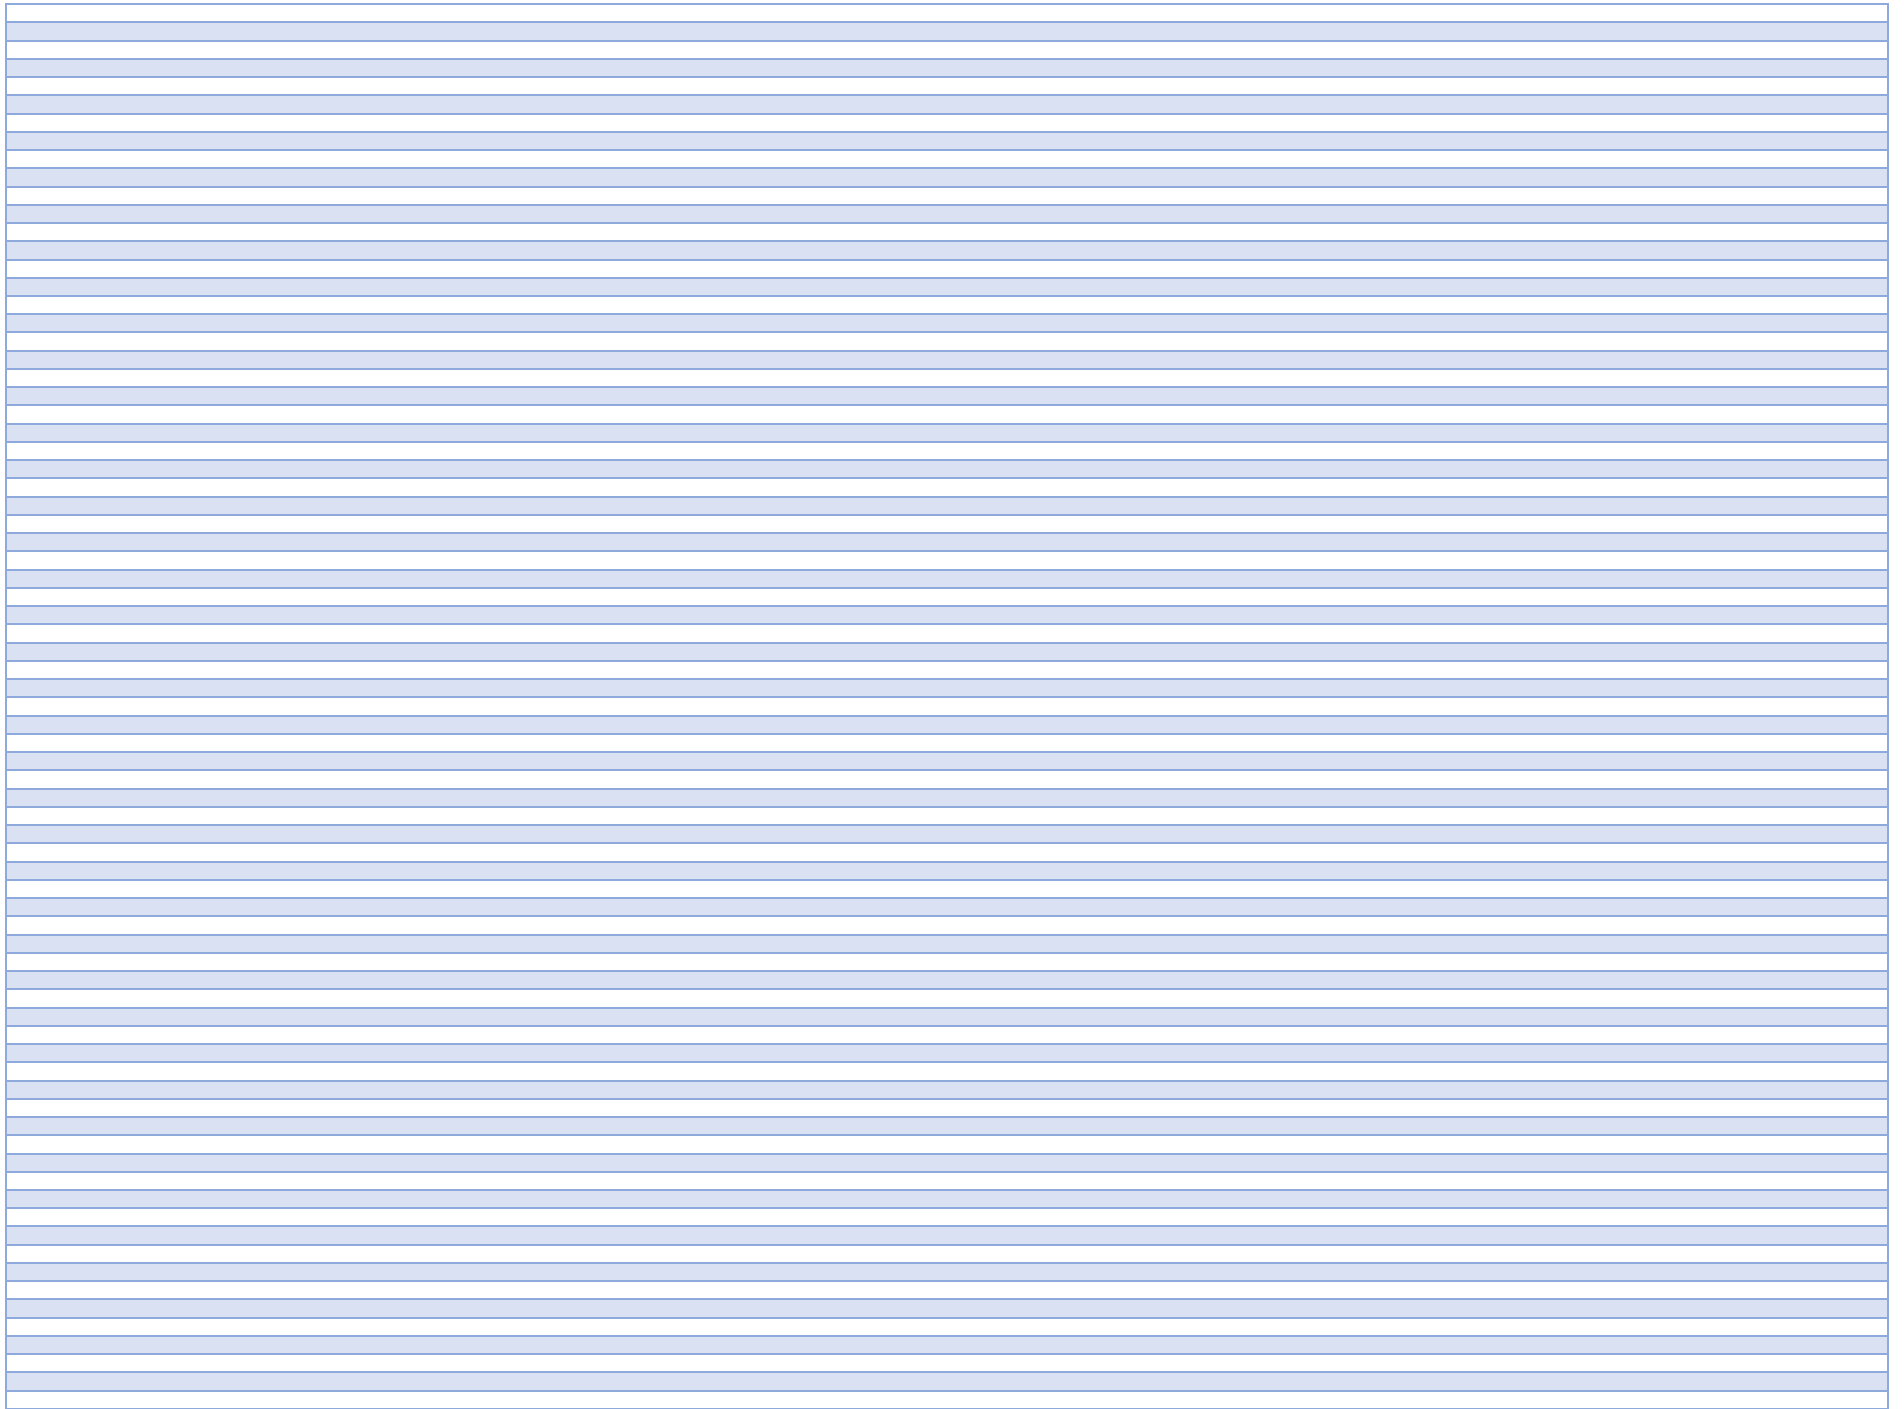

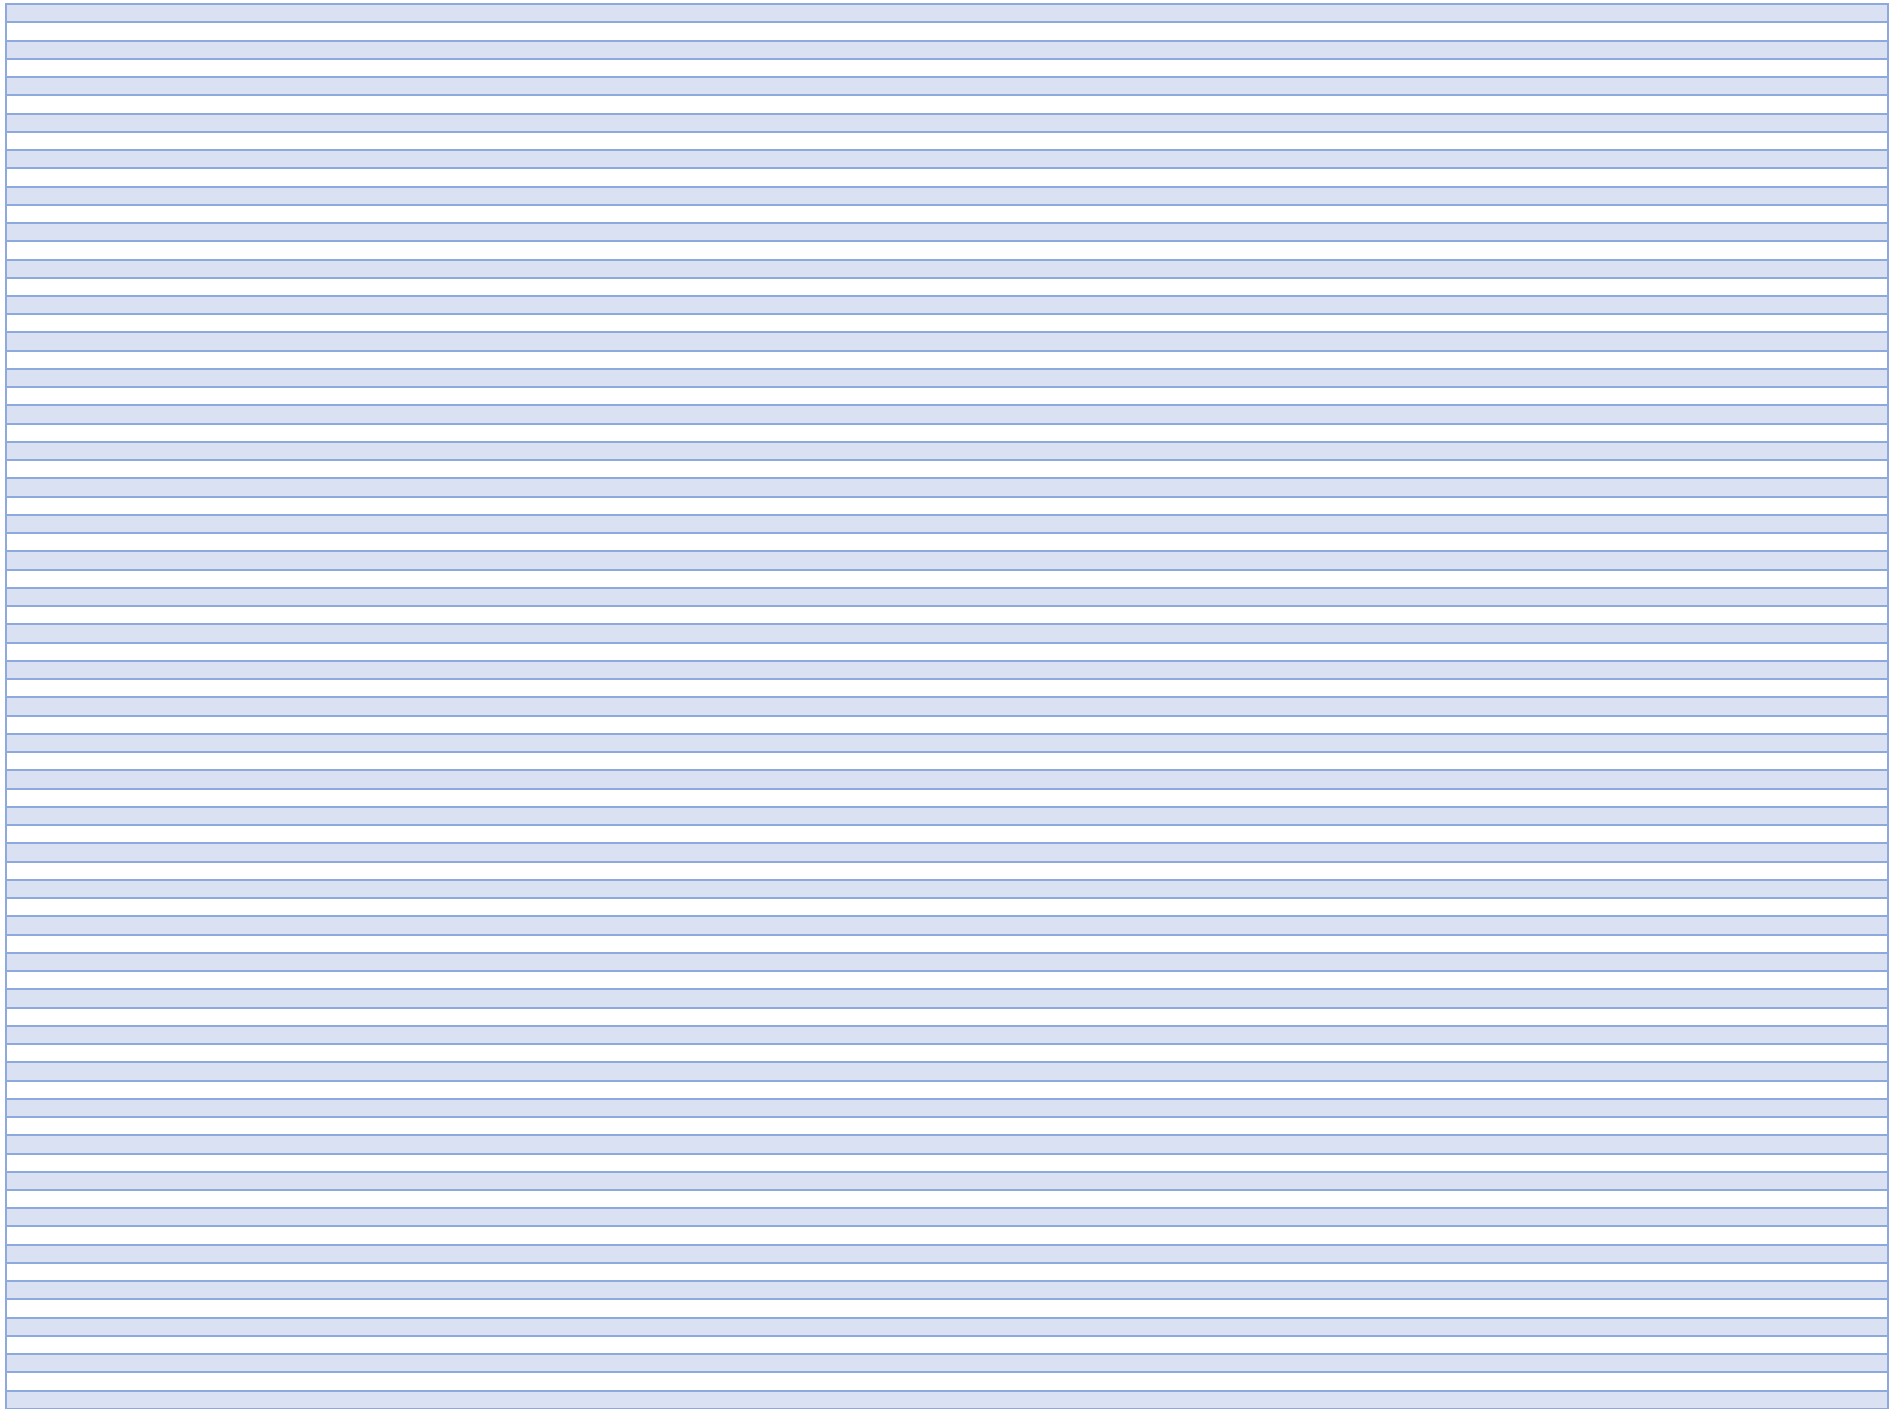

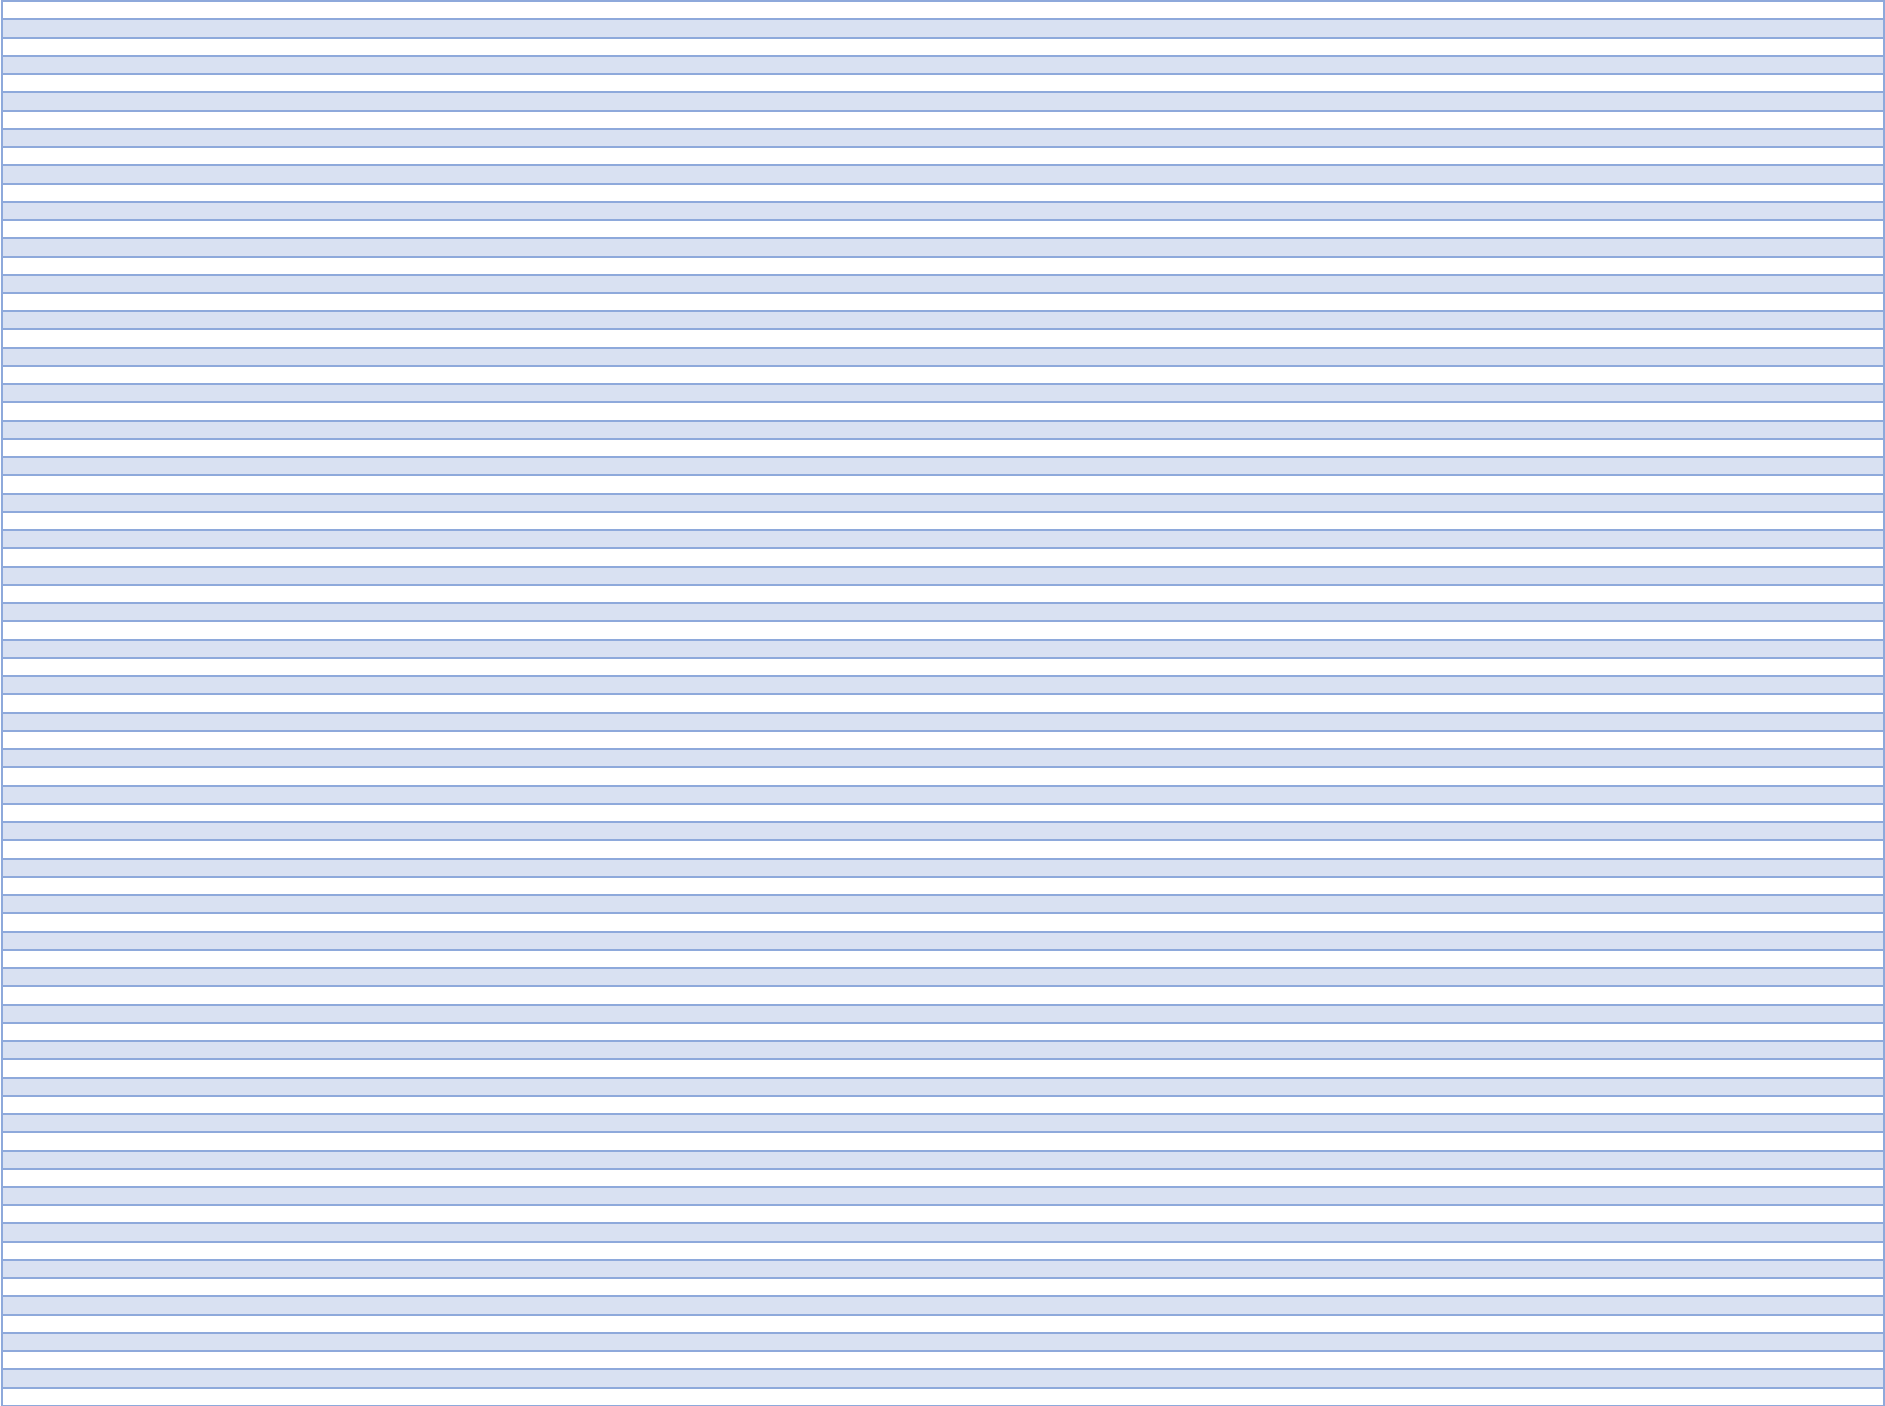

This image shows a vertical rectangular sheet of paper with a light cream or off-white background. The paper is ruled with horizontal blue lines. There are 24 visible lines, evenly spaced, creating 25 horizontal rows. The lines extend across the width of the page. The top and bottom edges of the paper are slightly irregular, suggesting it might be a scan of a physical sheet.

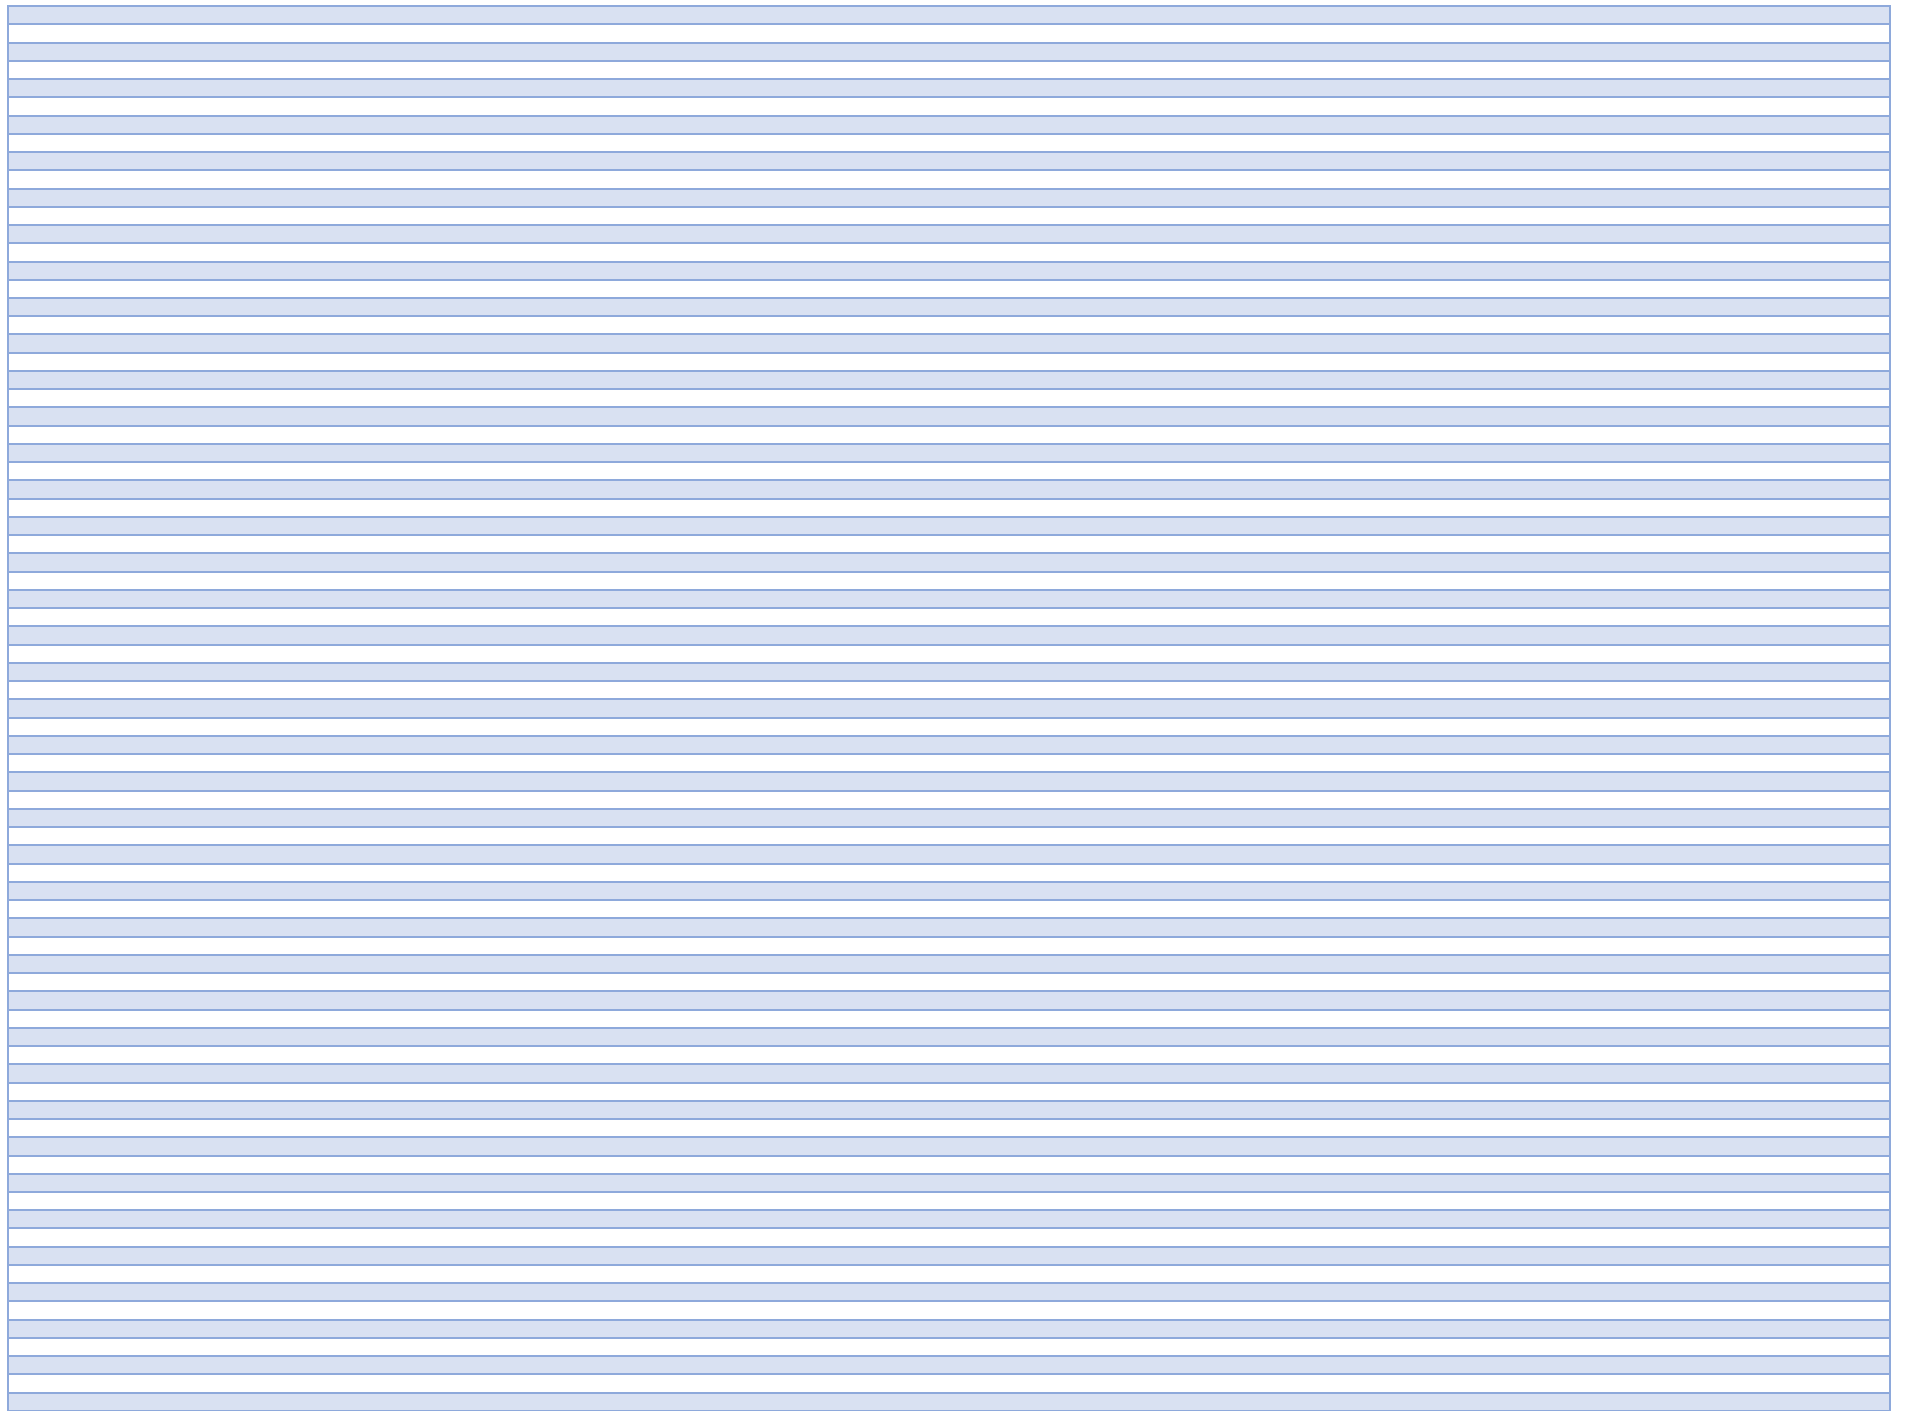

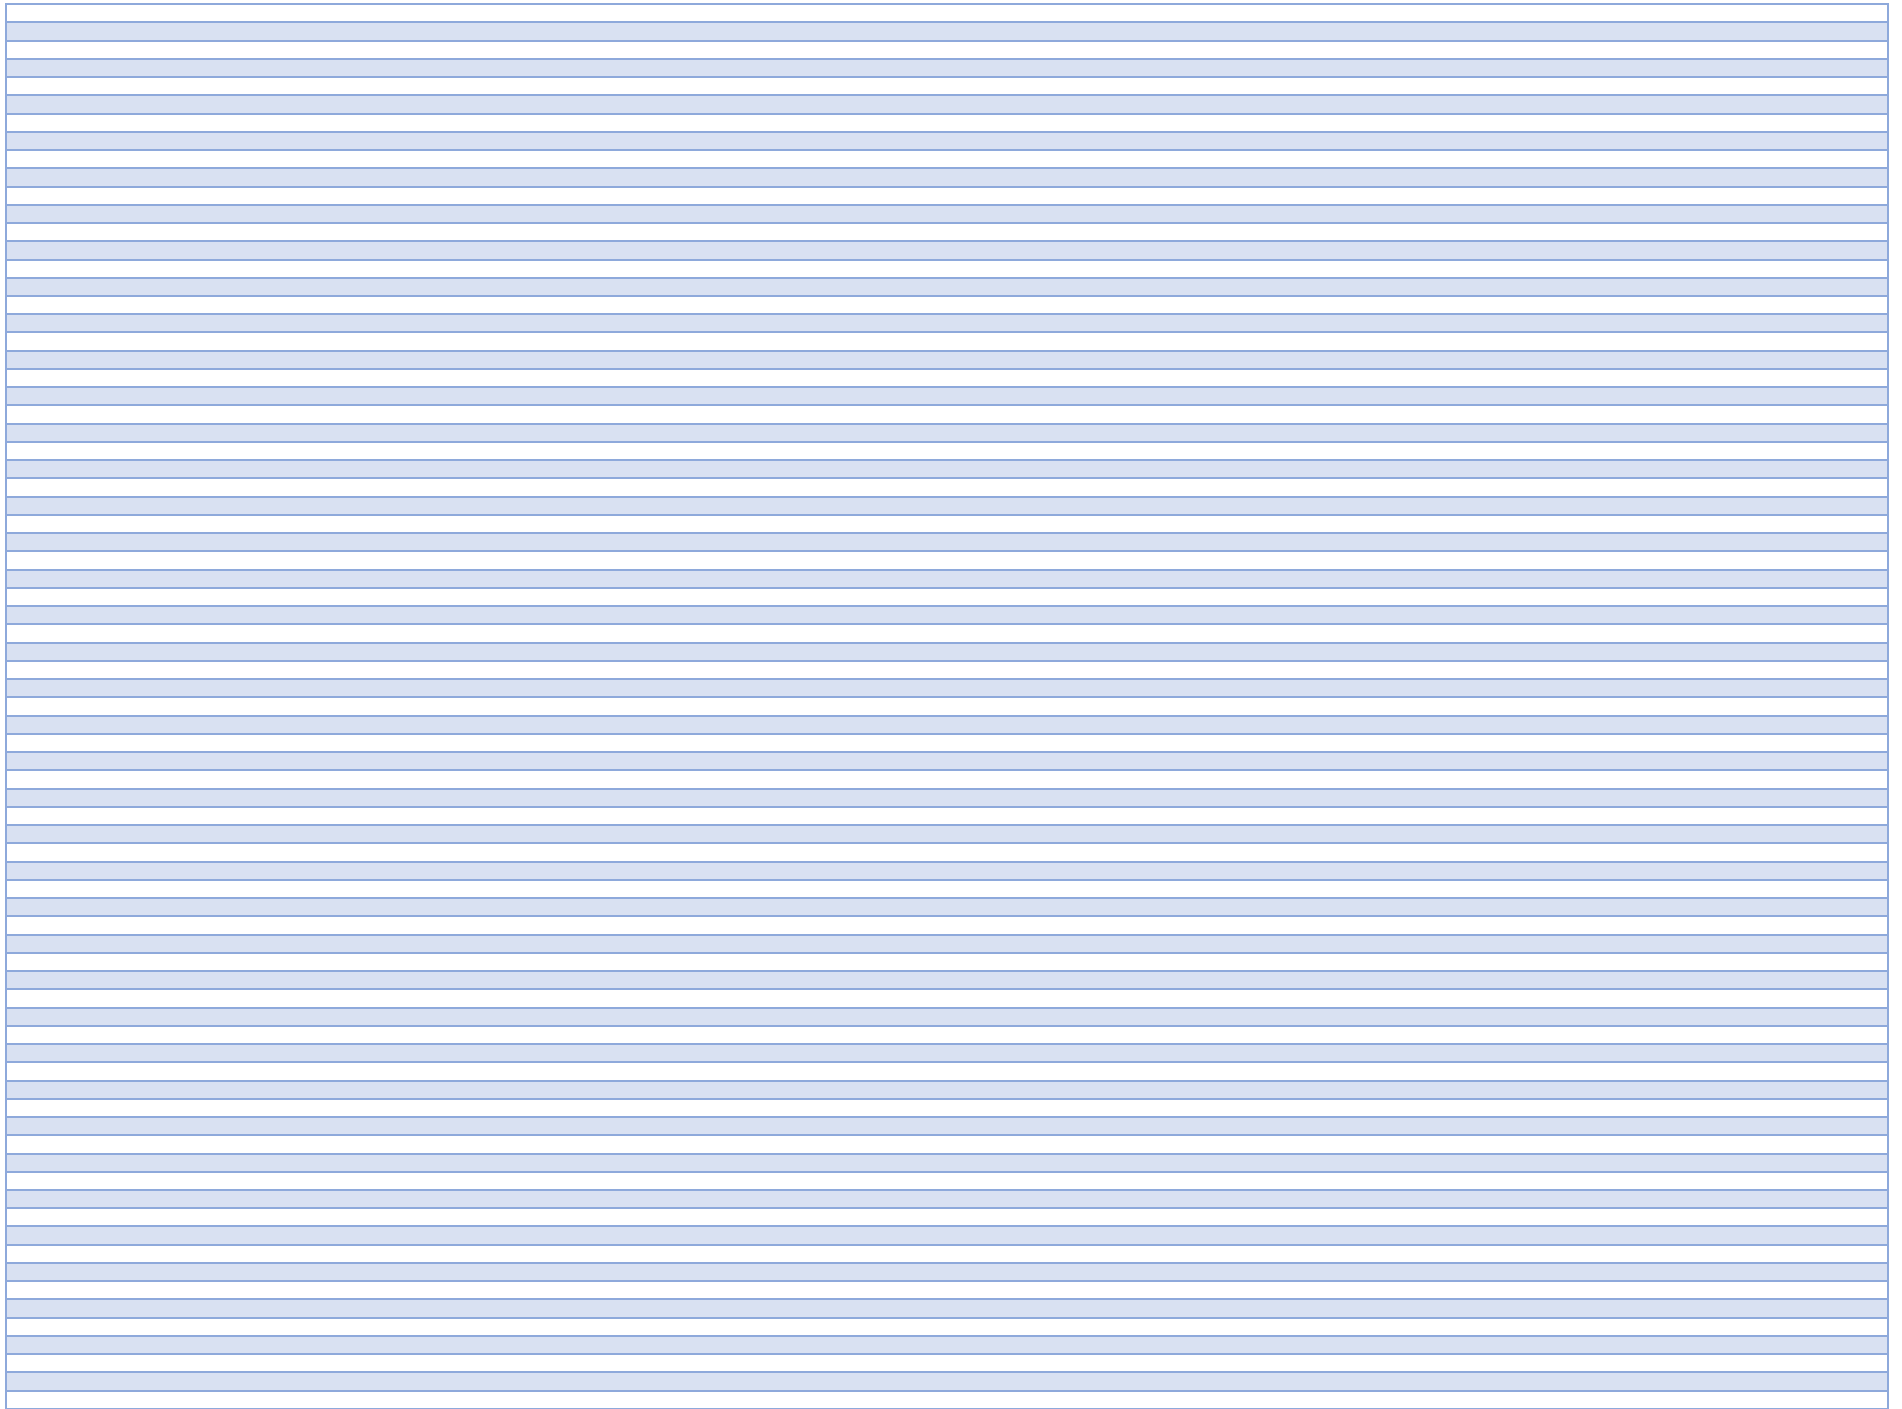

The image consists of a large, vertically oriented rectangle filled with horizontal blue lines, creating a grid-like pattern. The lines are evenly spaced and extend across the entire width of the rectangle, leaving a small margin at the top and bottom. This layout is typical of a blank sheet of lined paper or a document template.

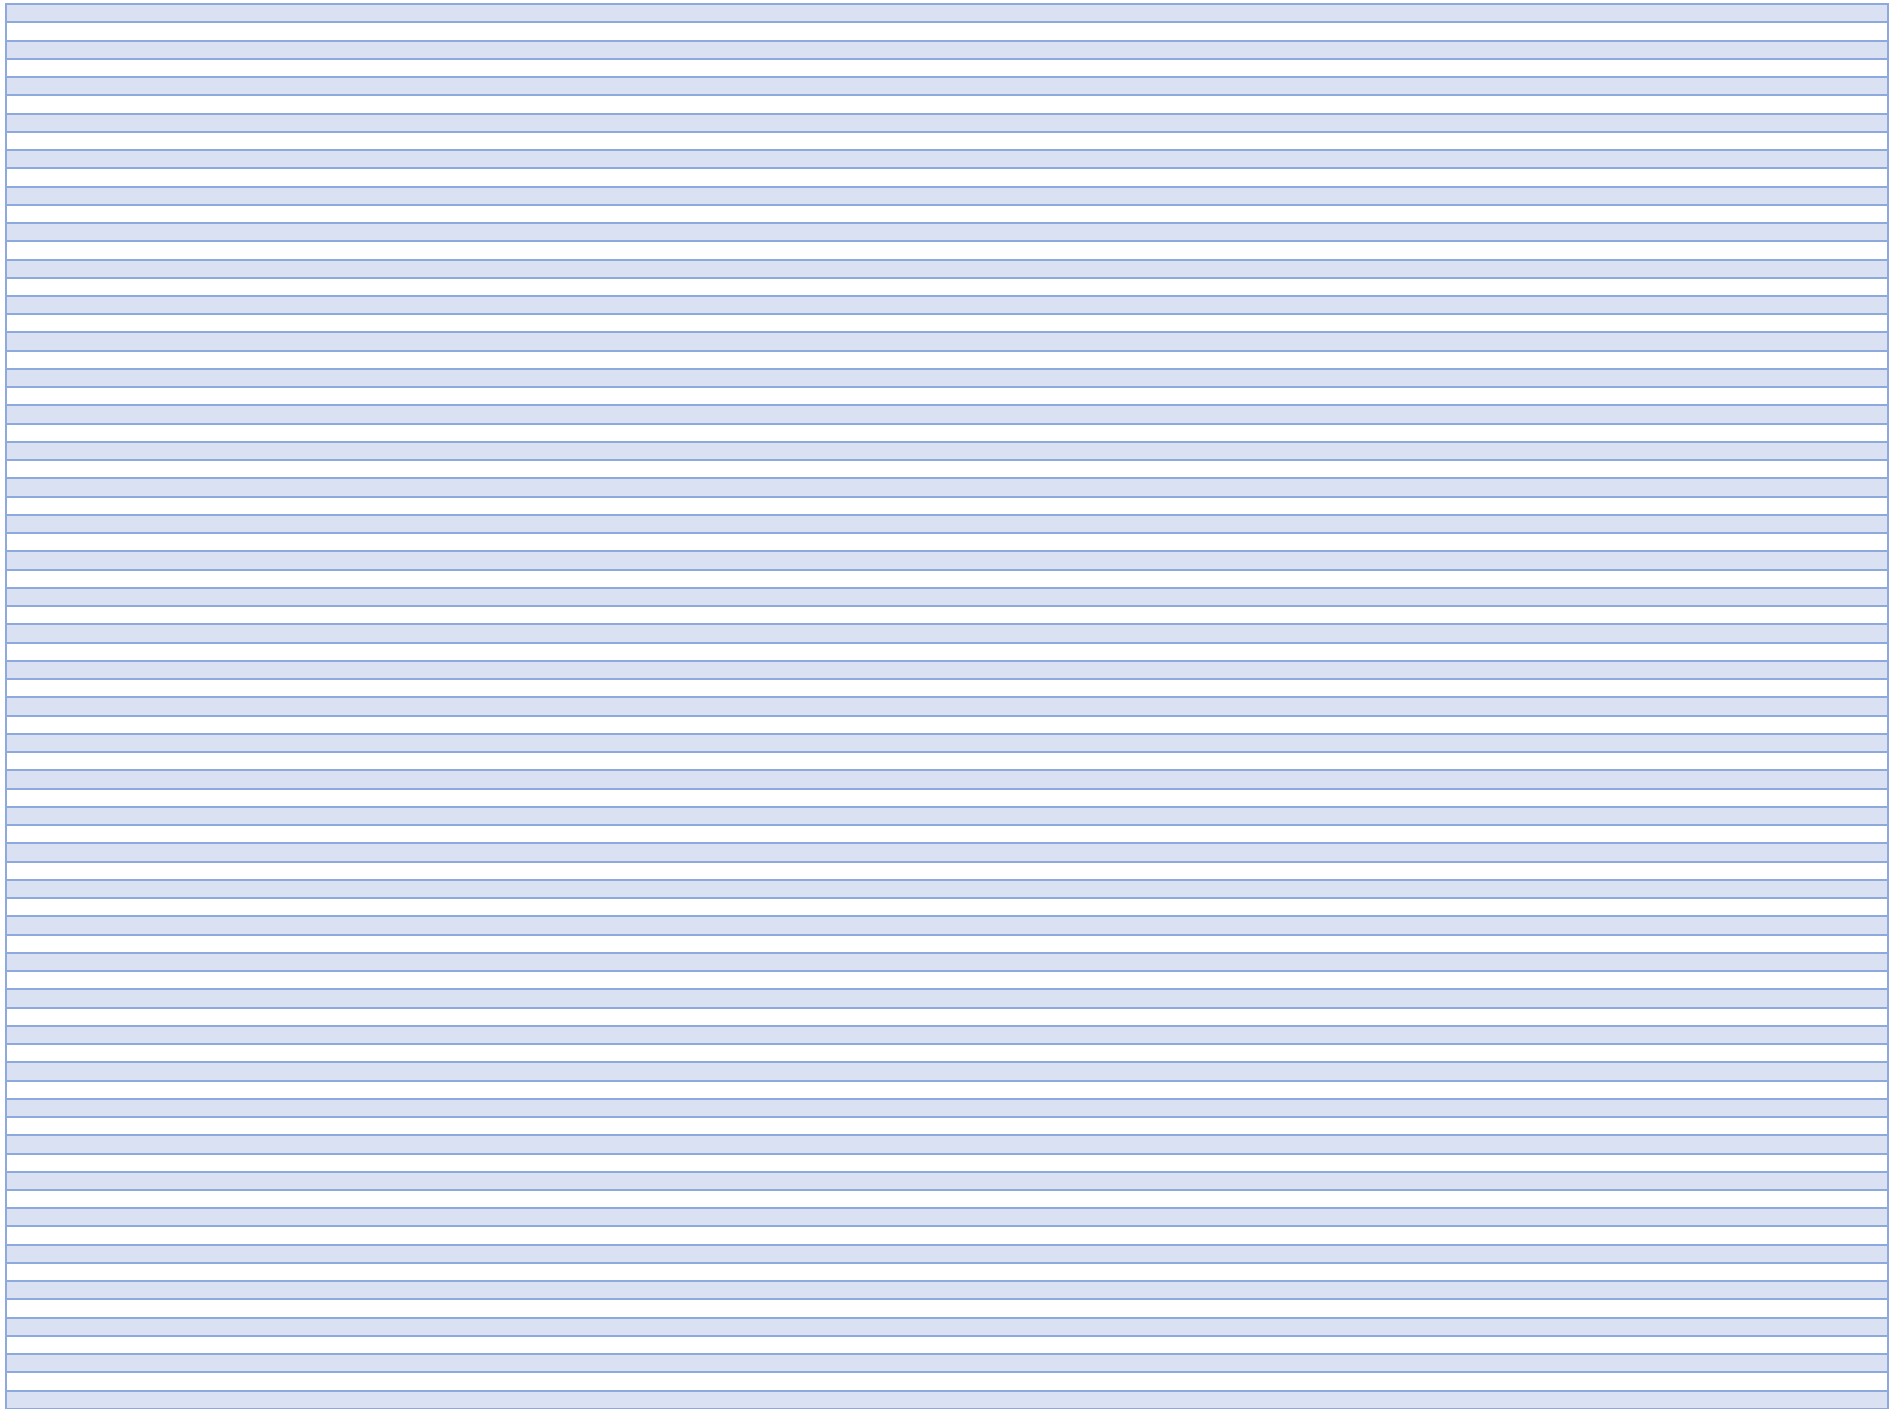

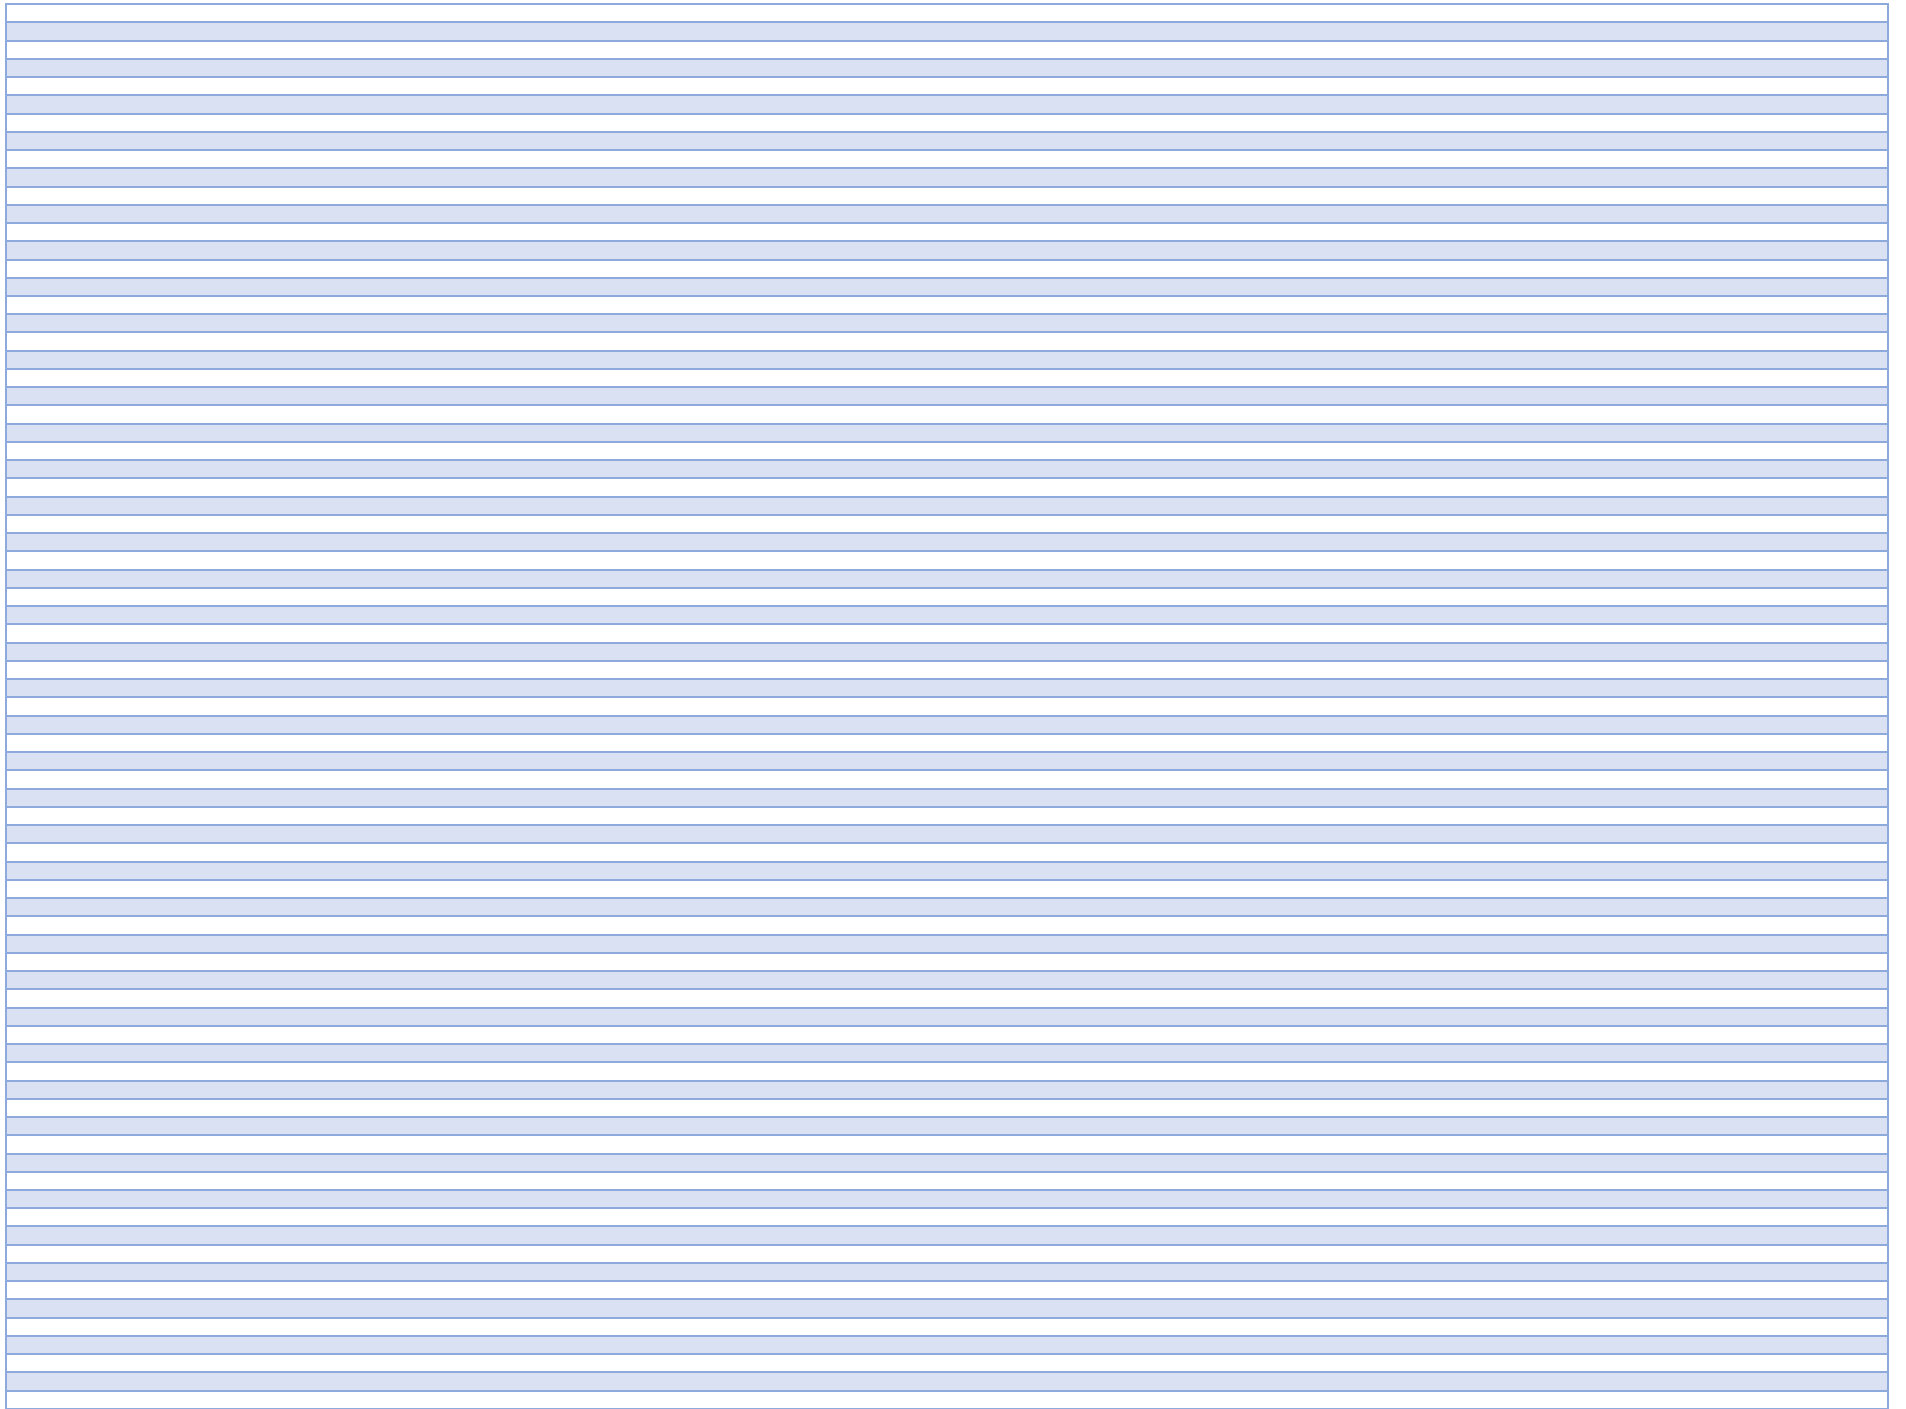

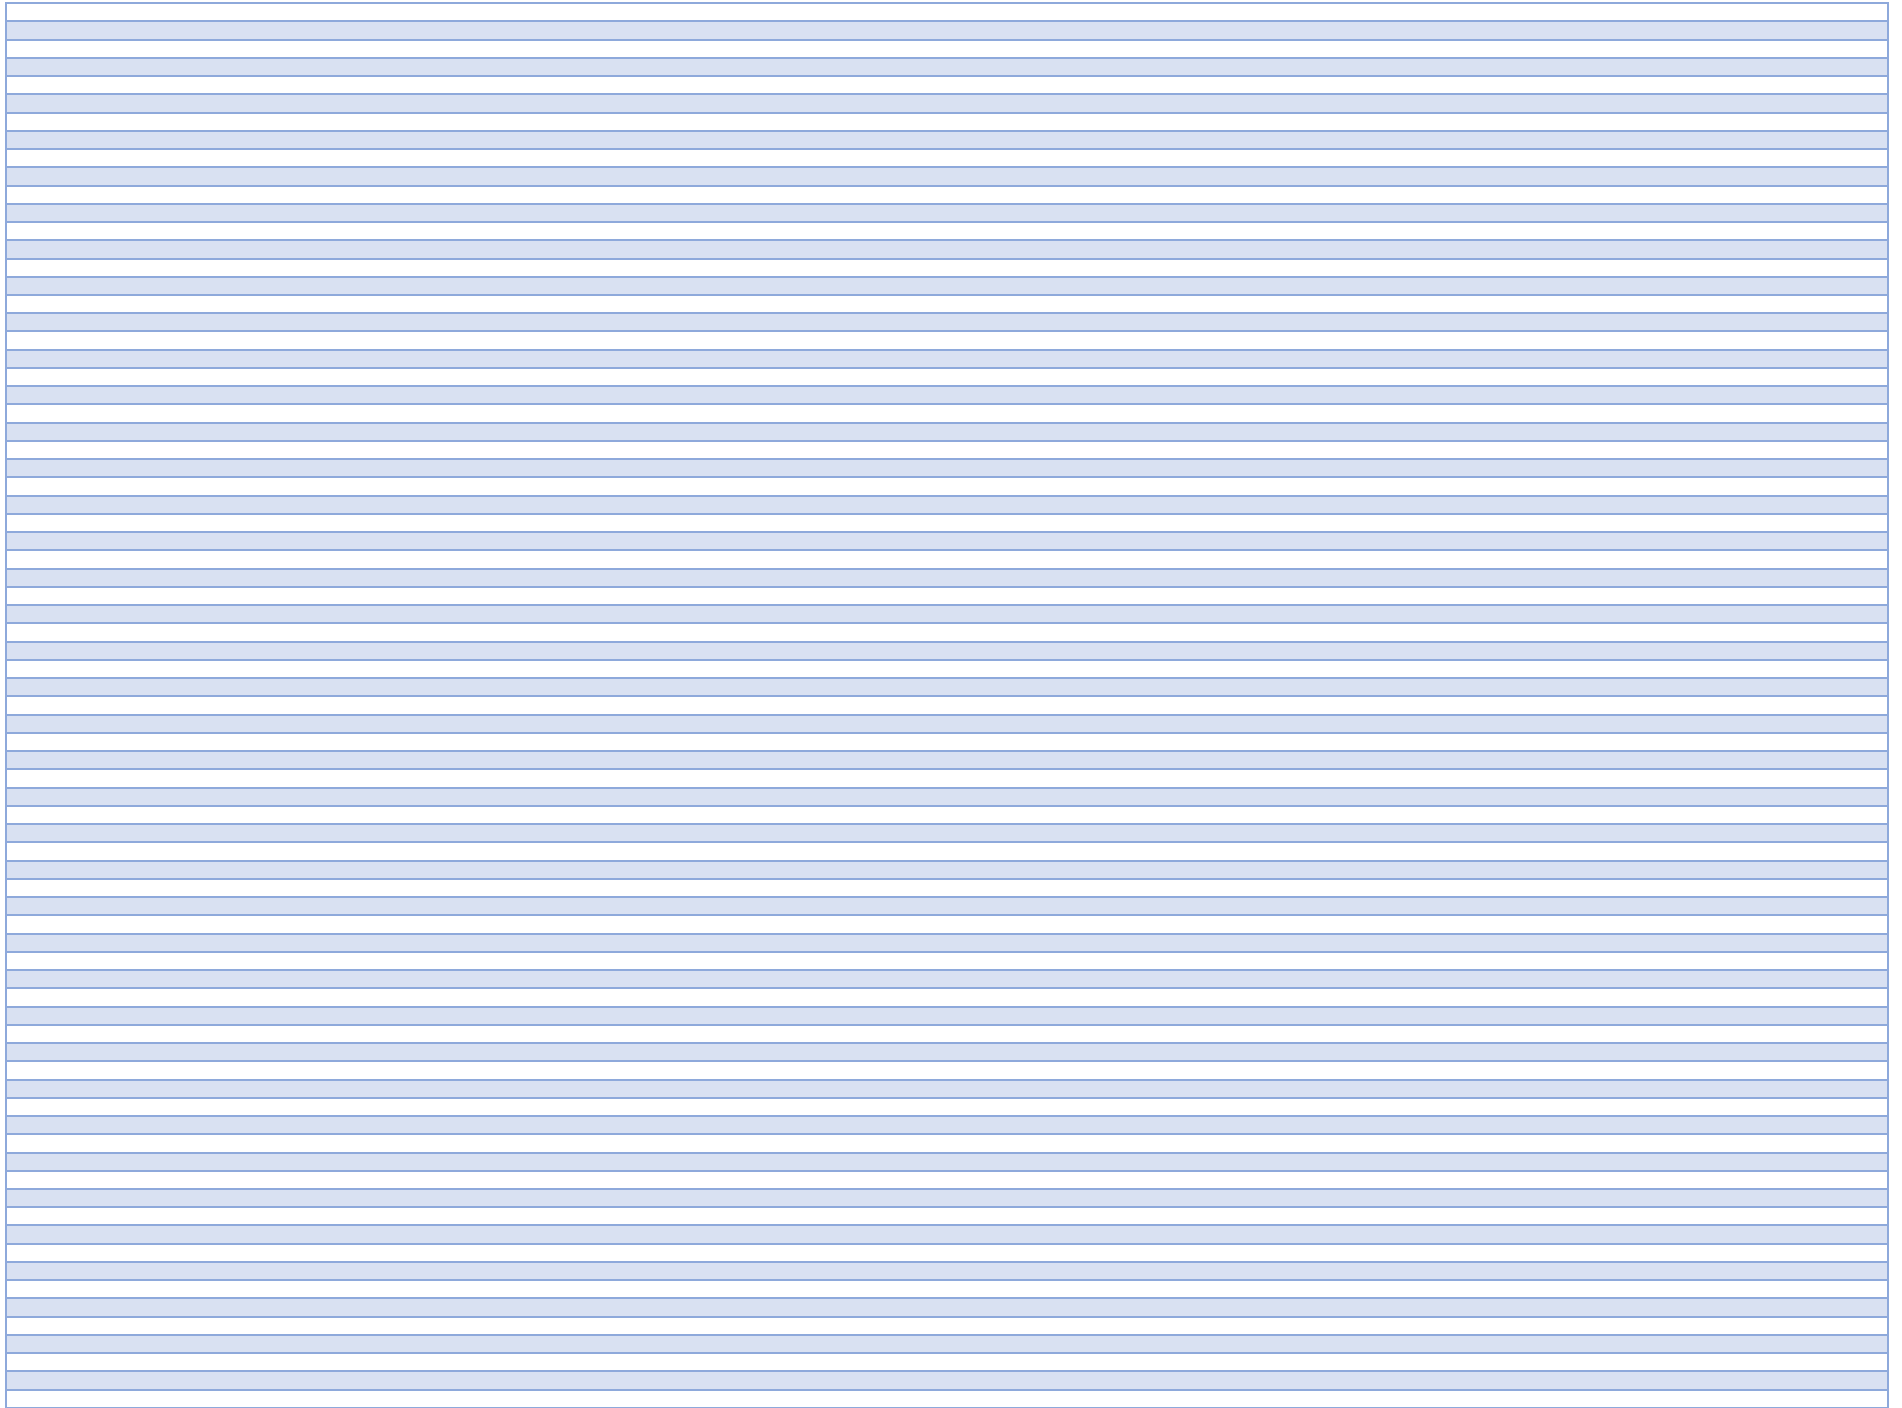

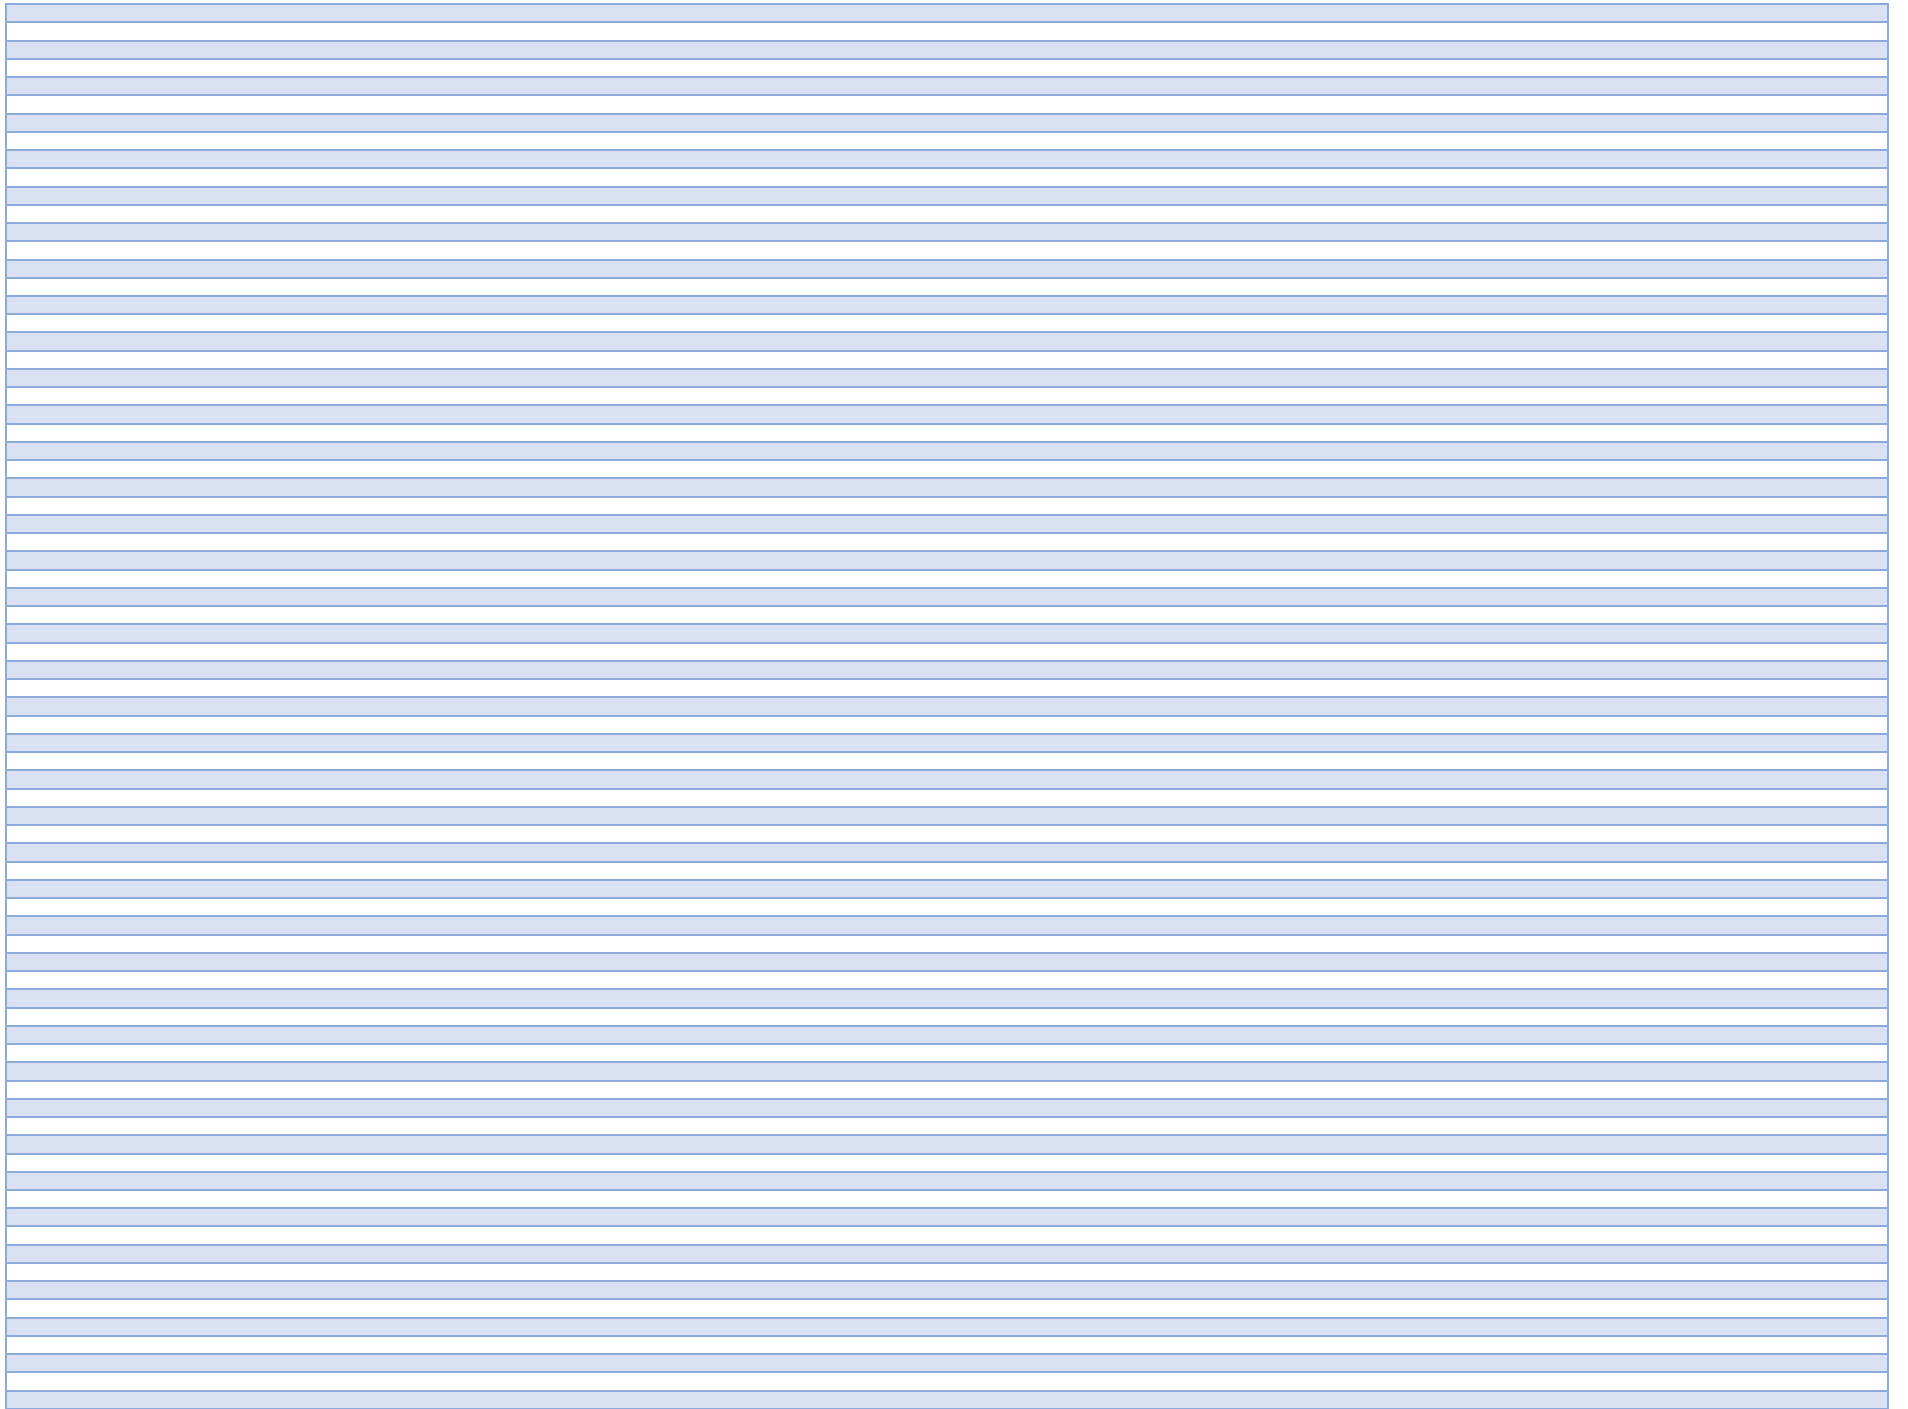

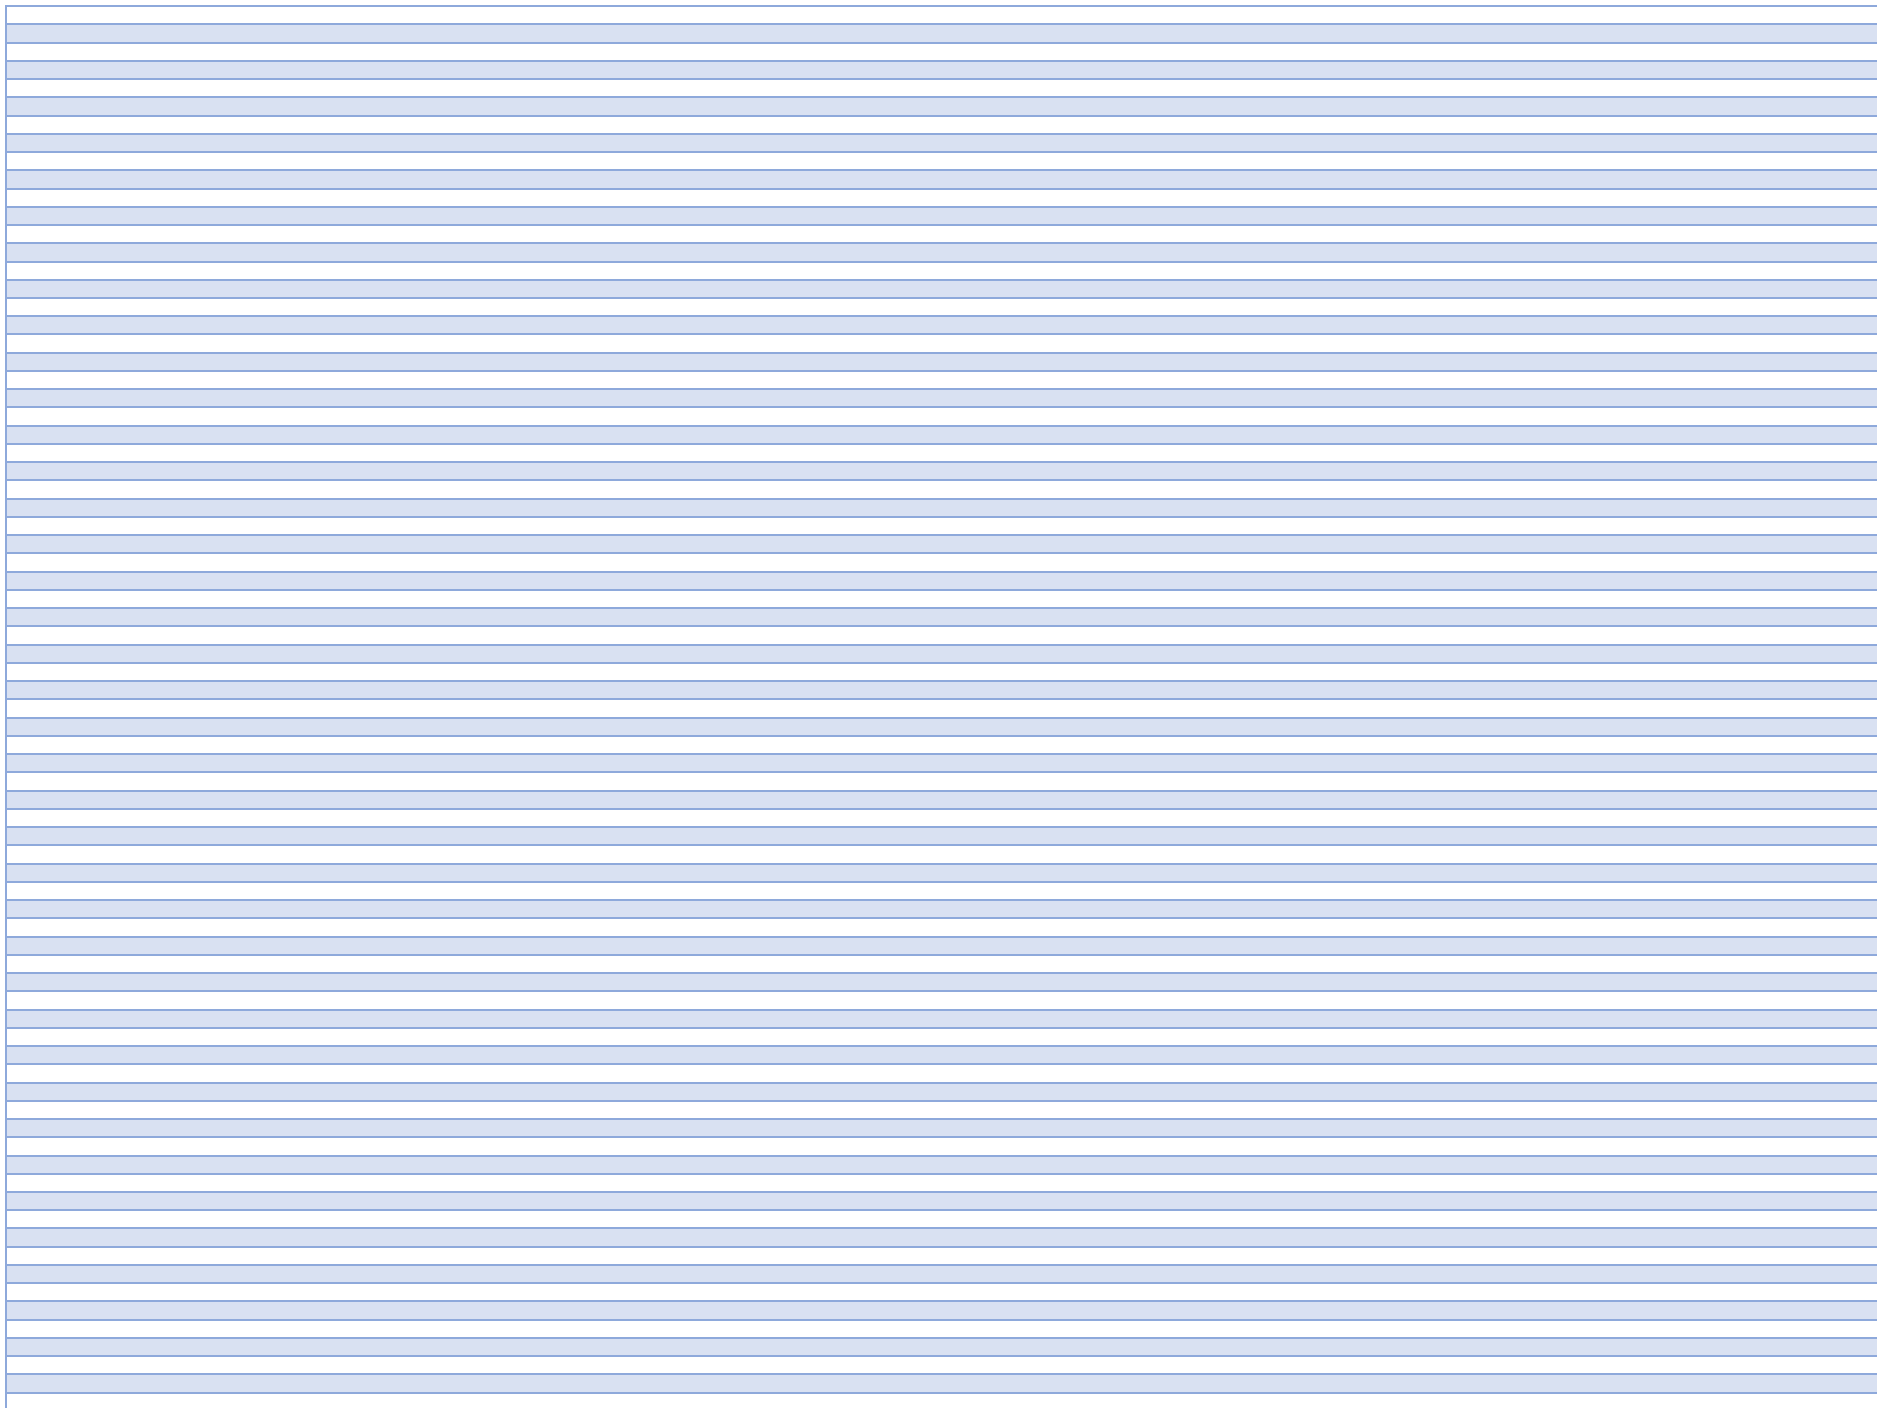

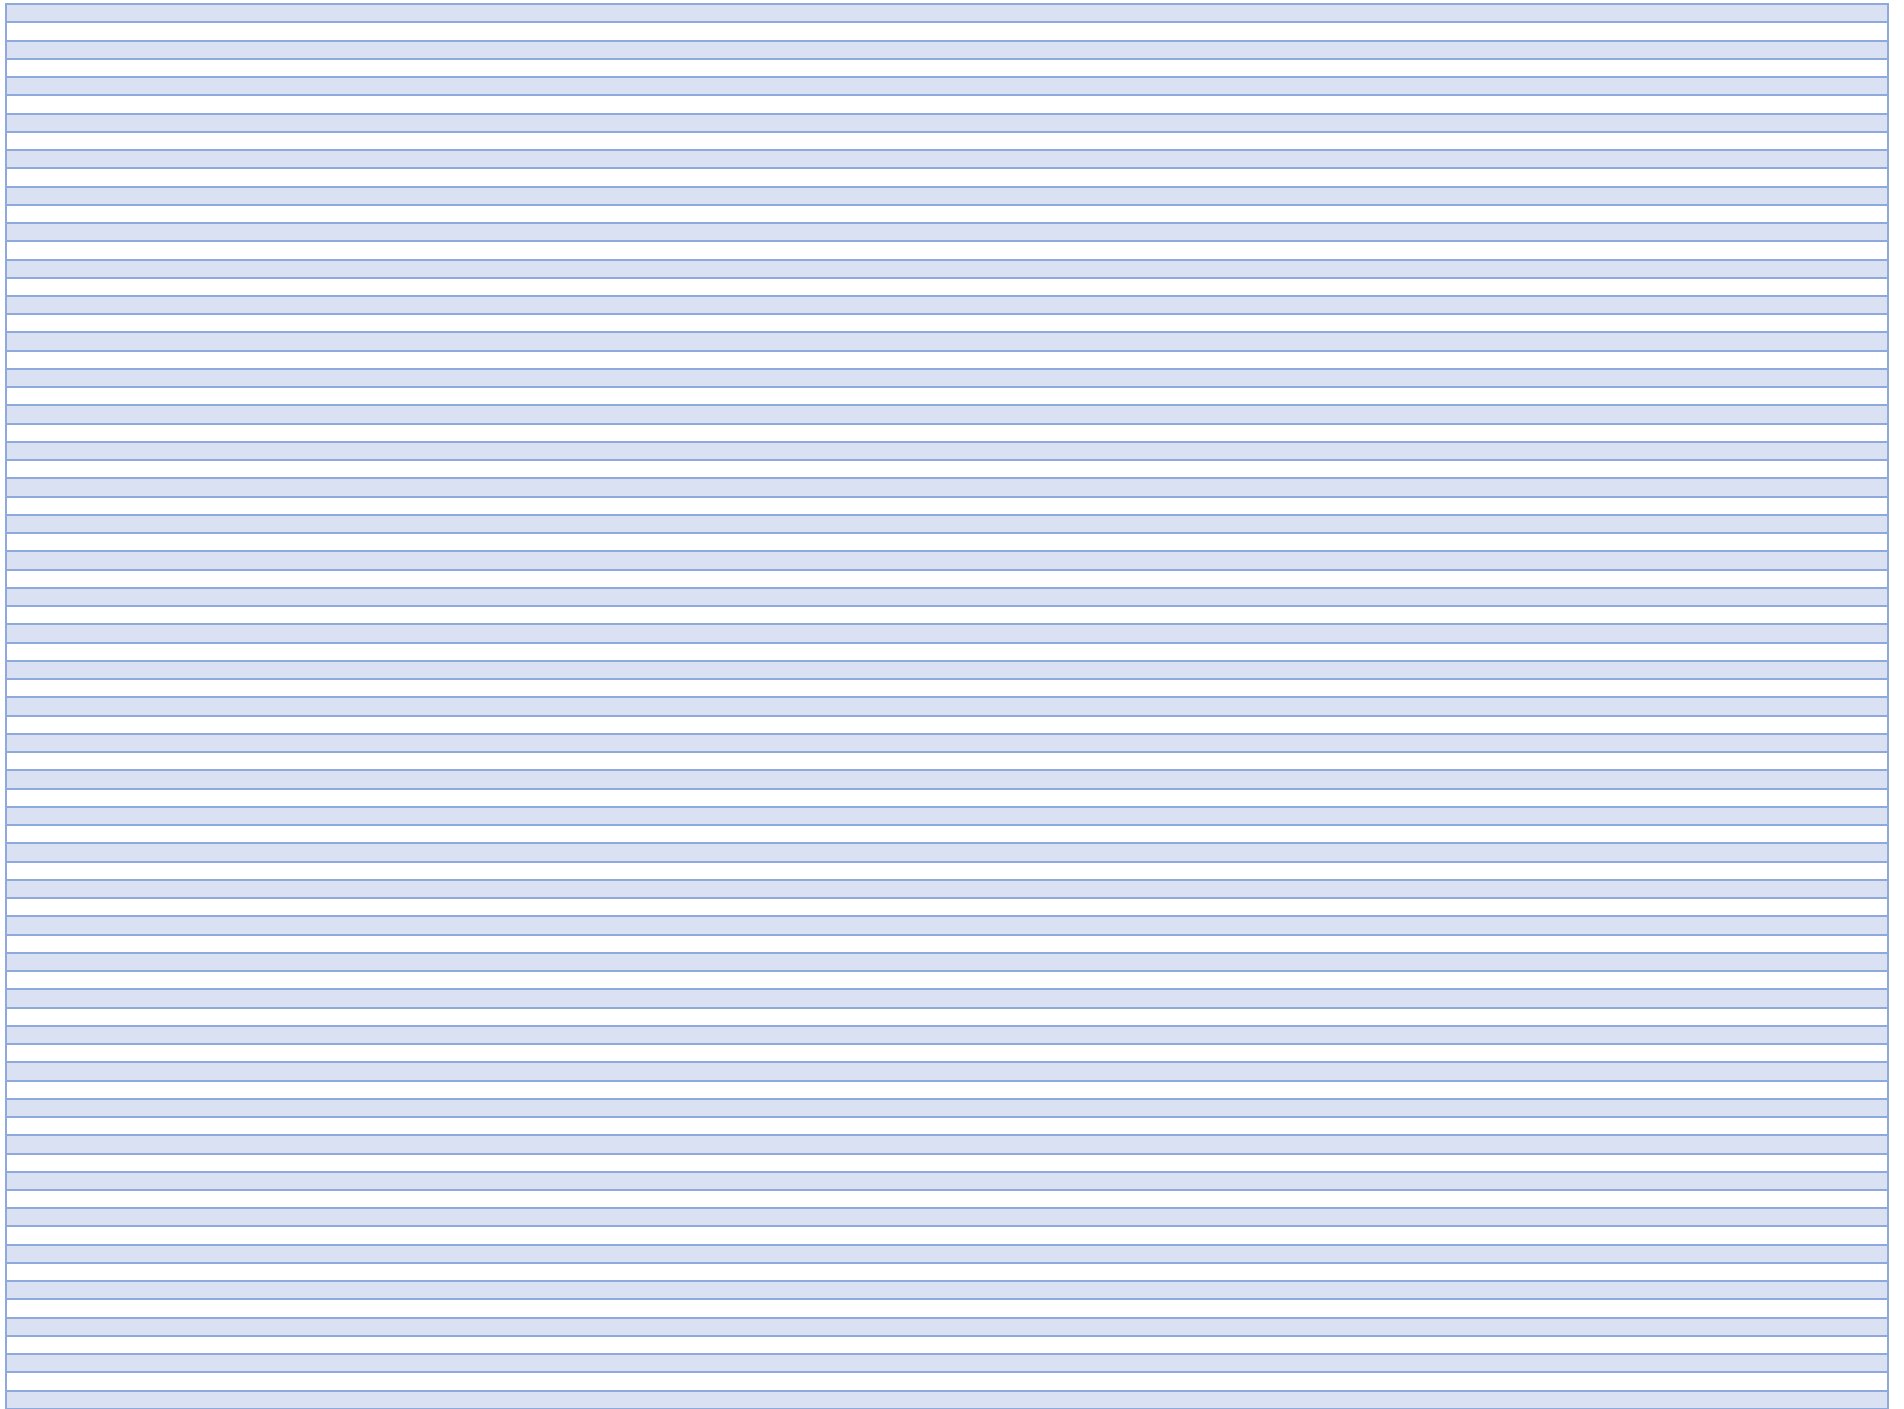

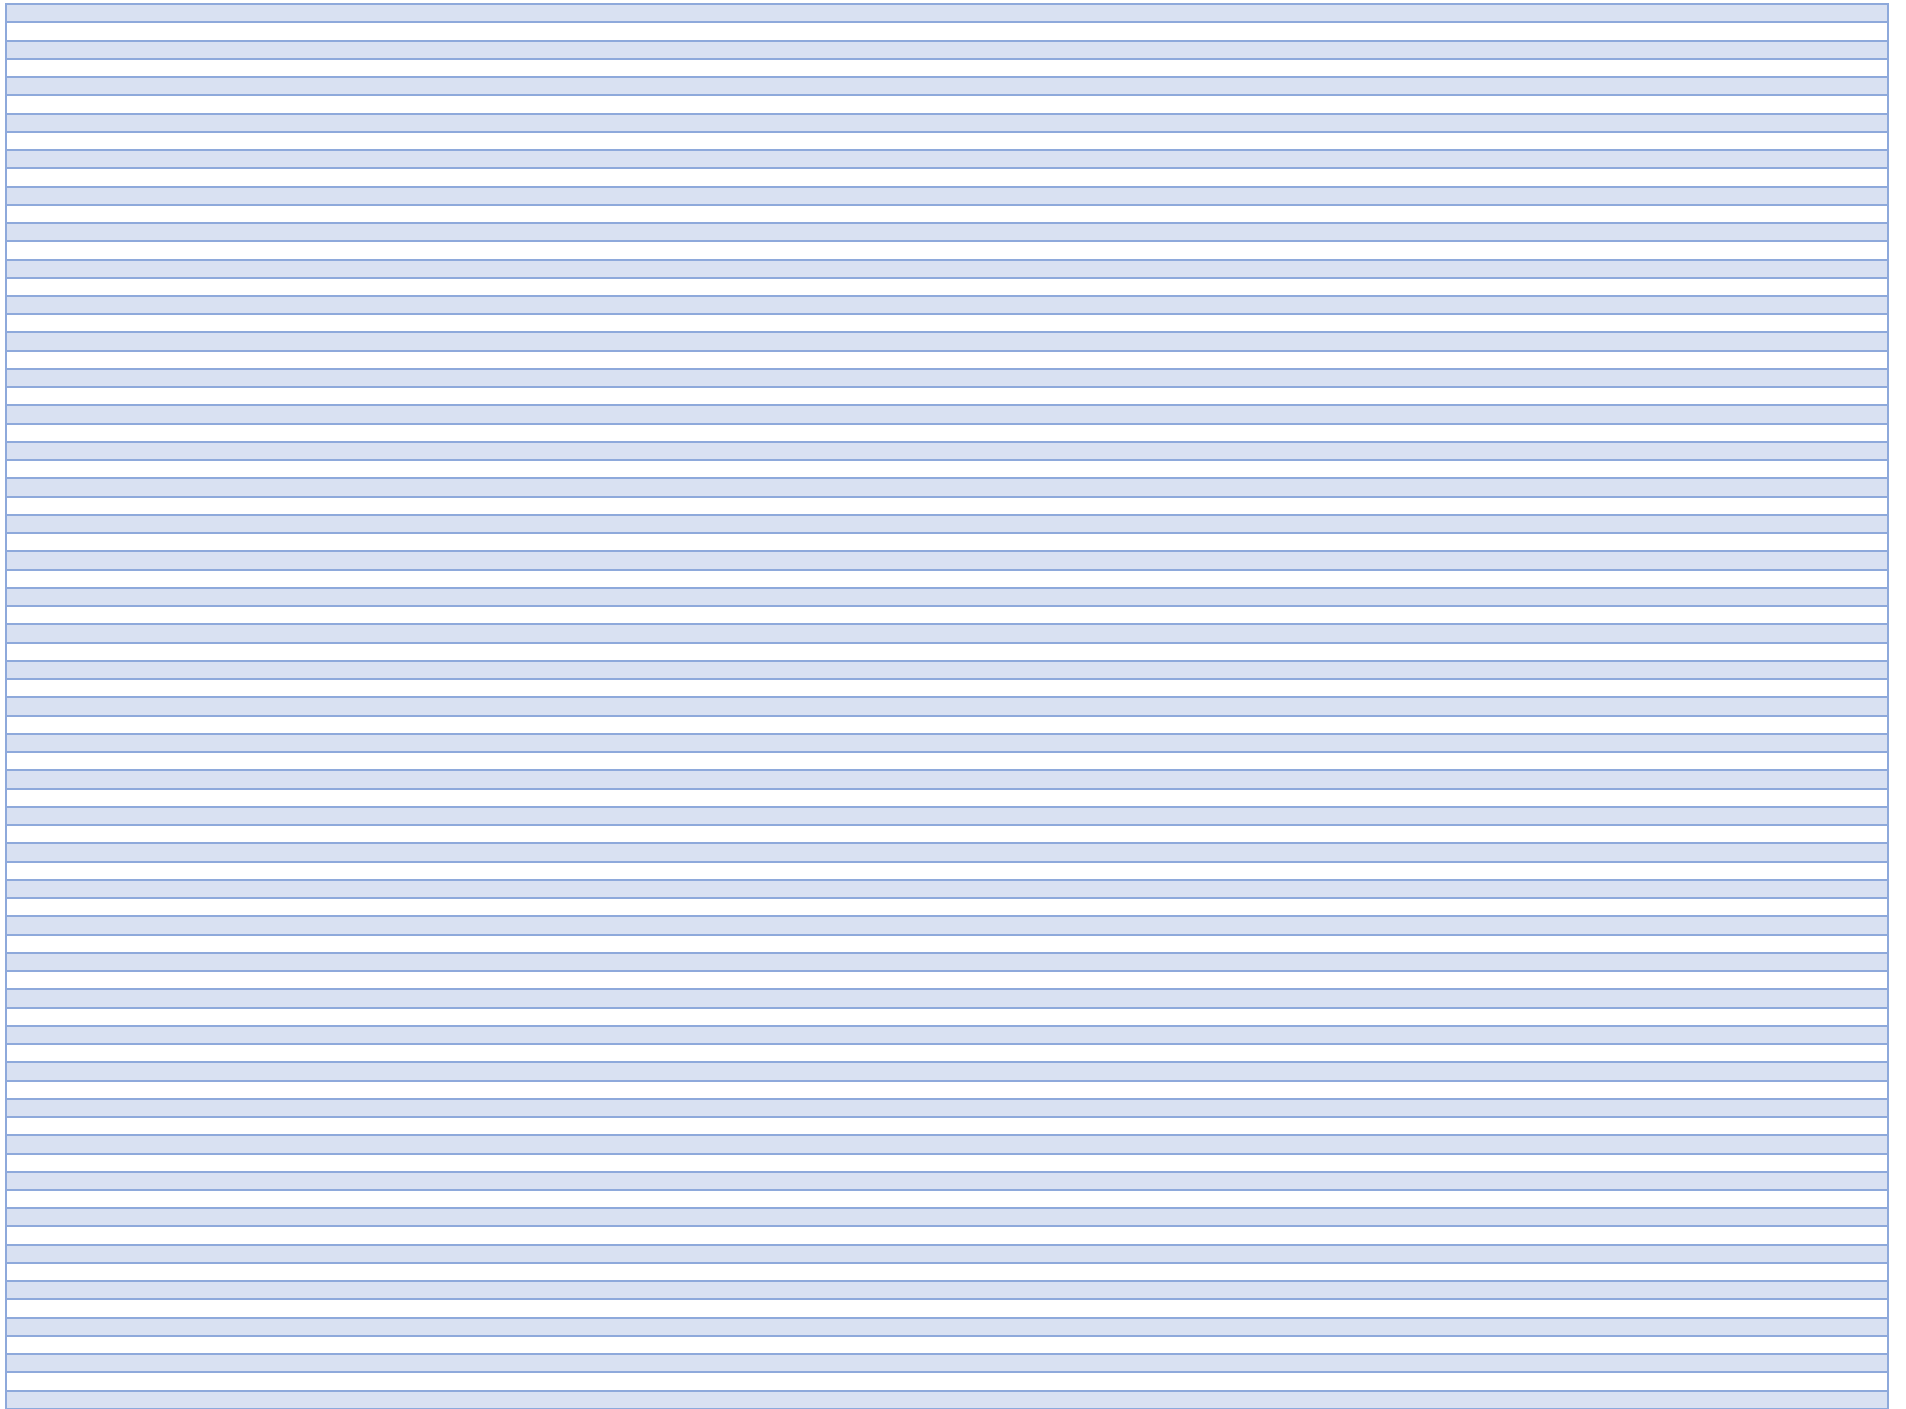

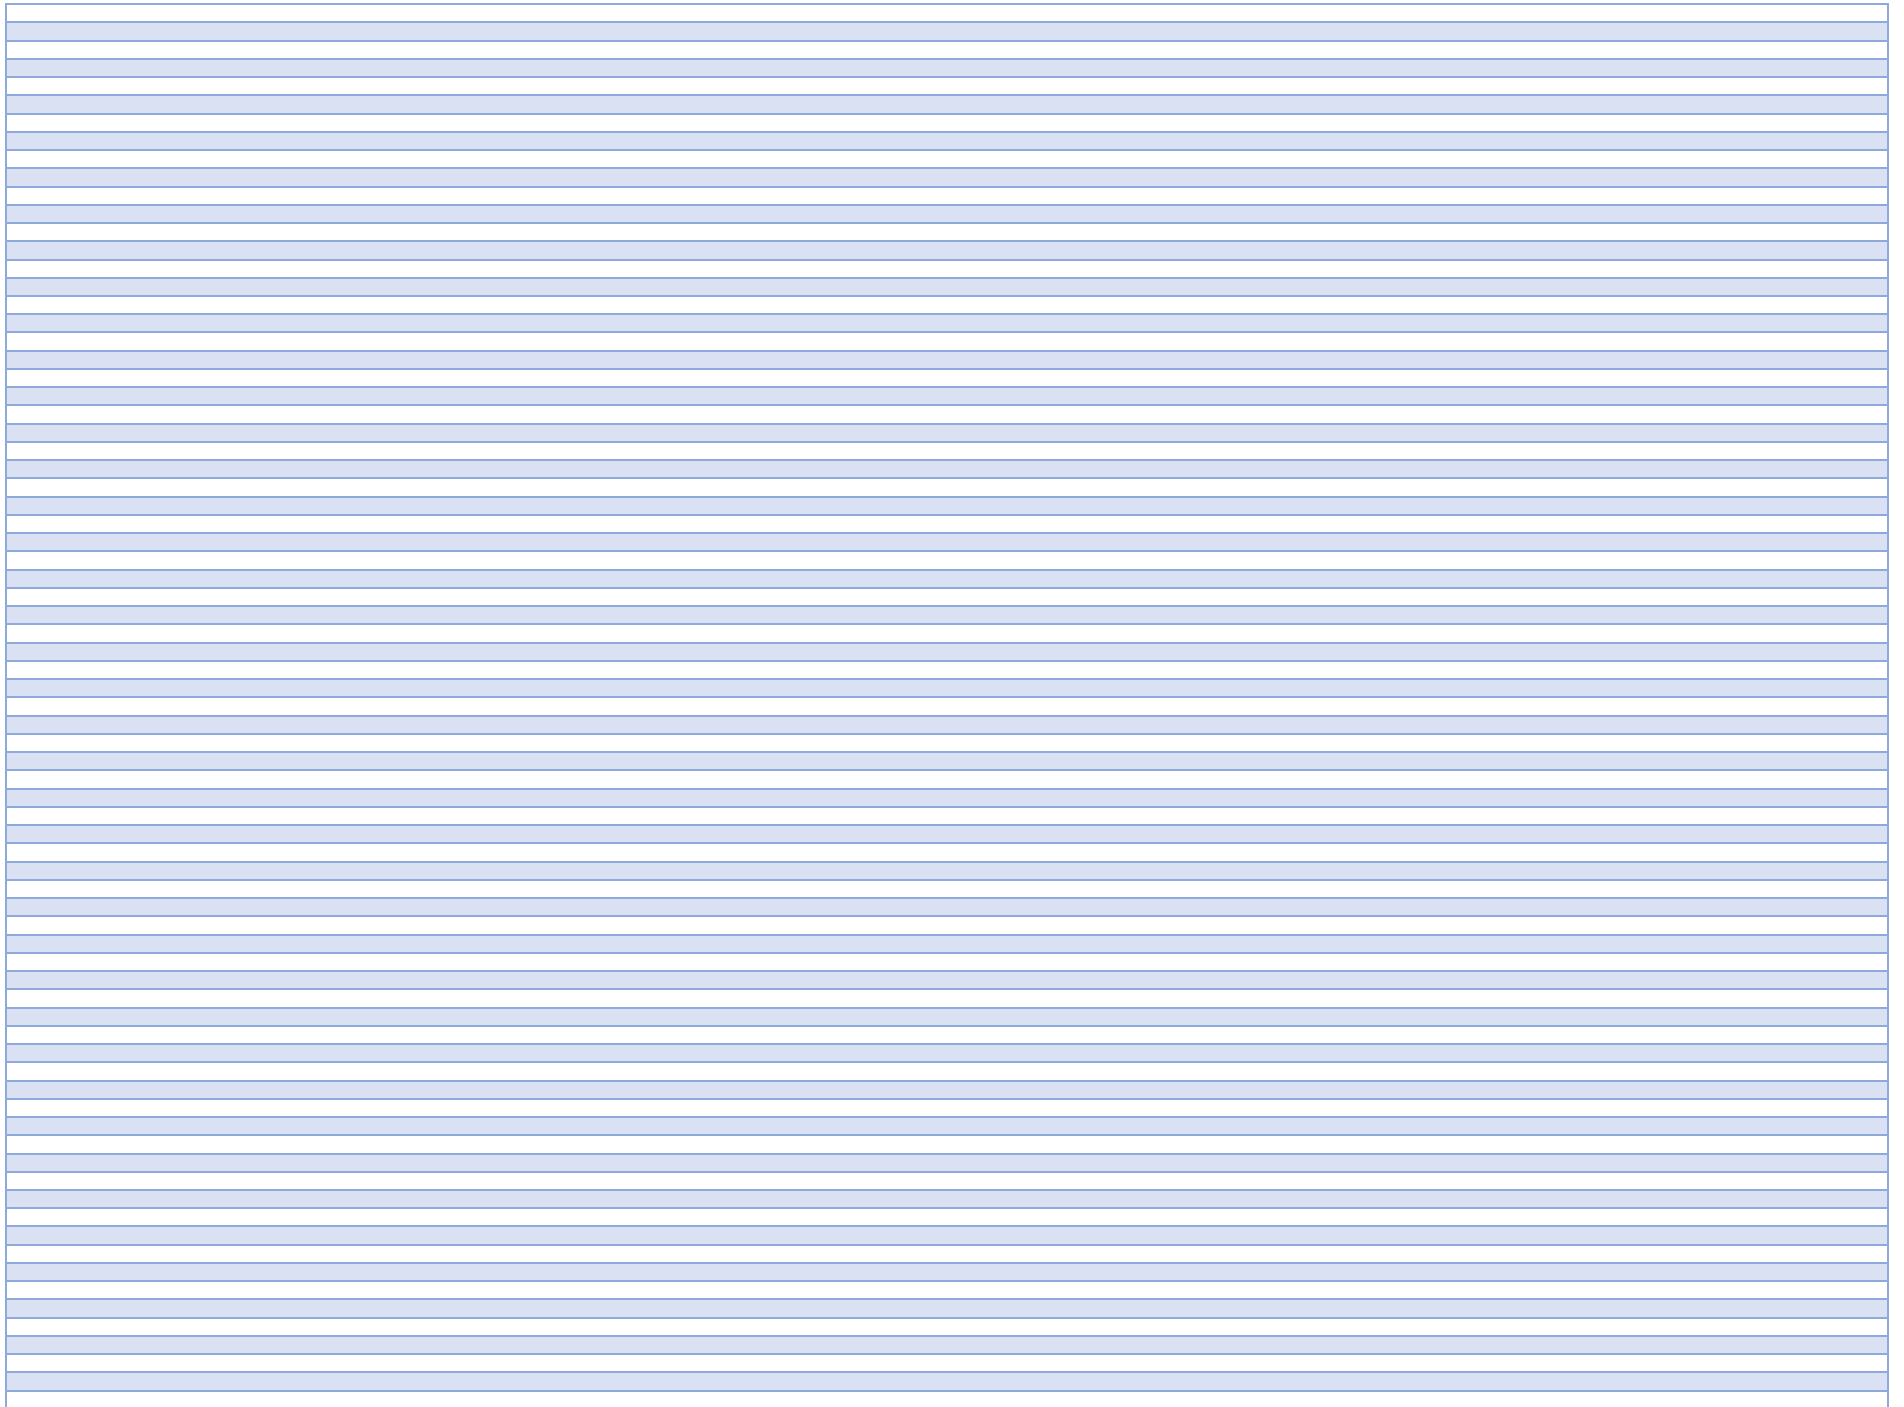

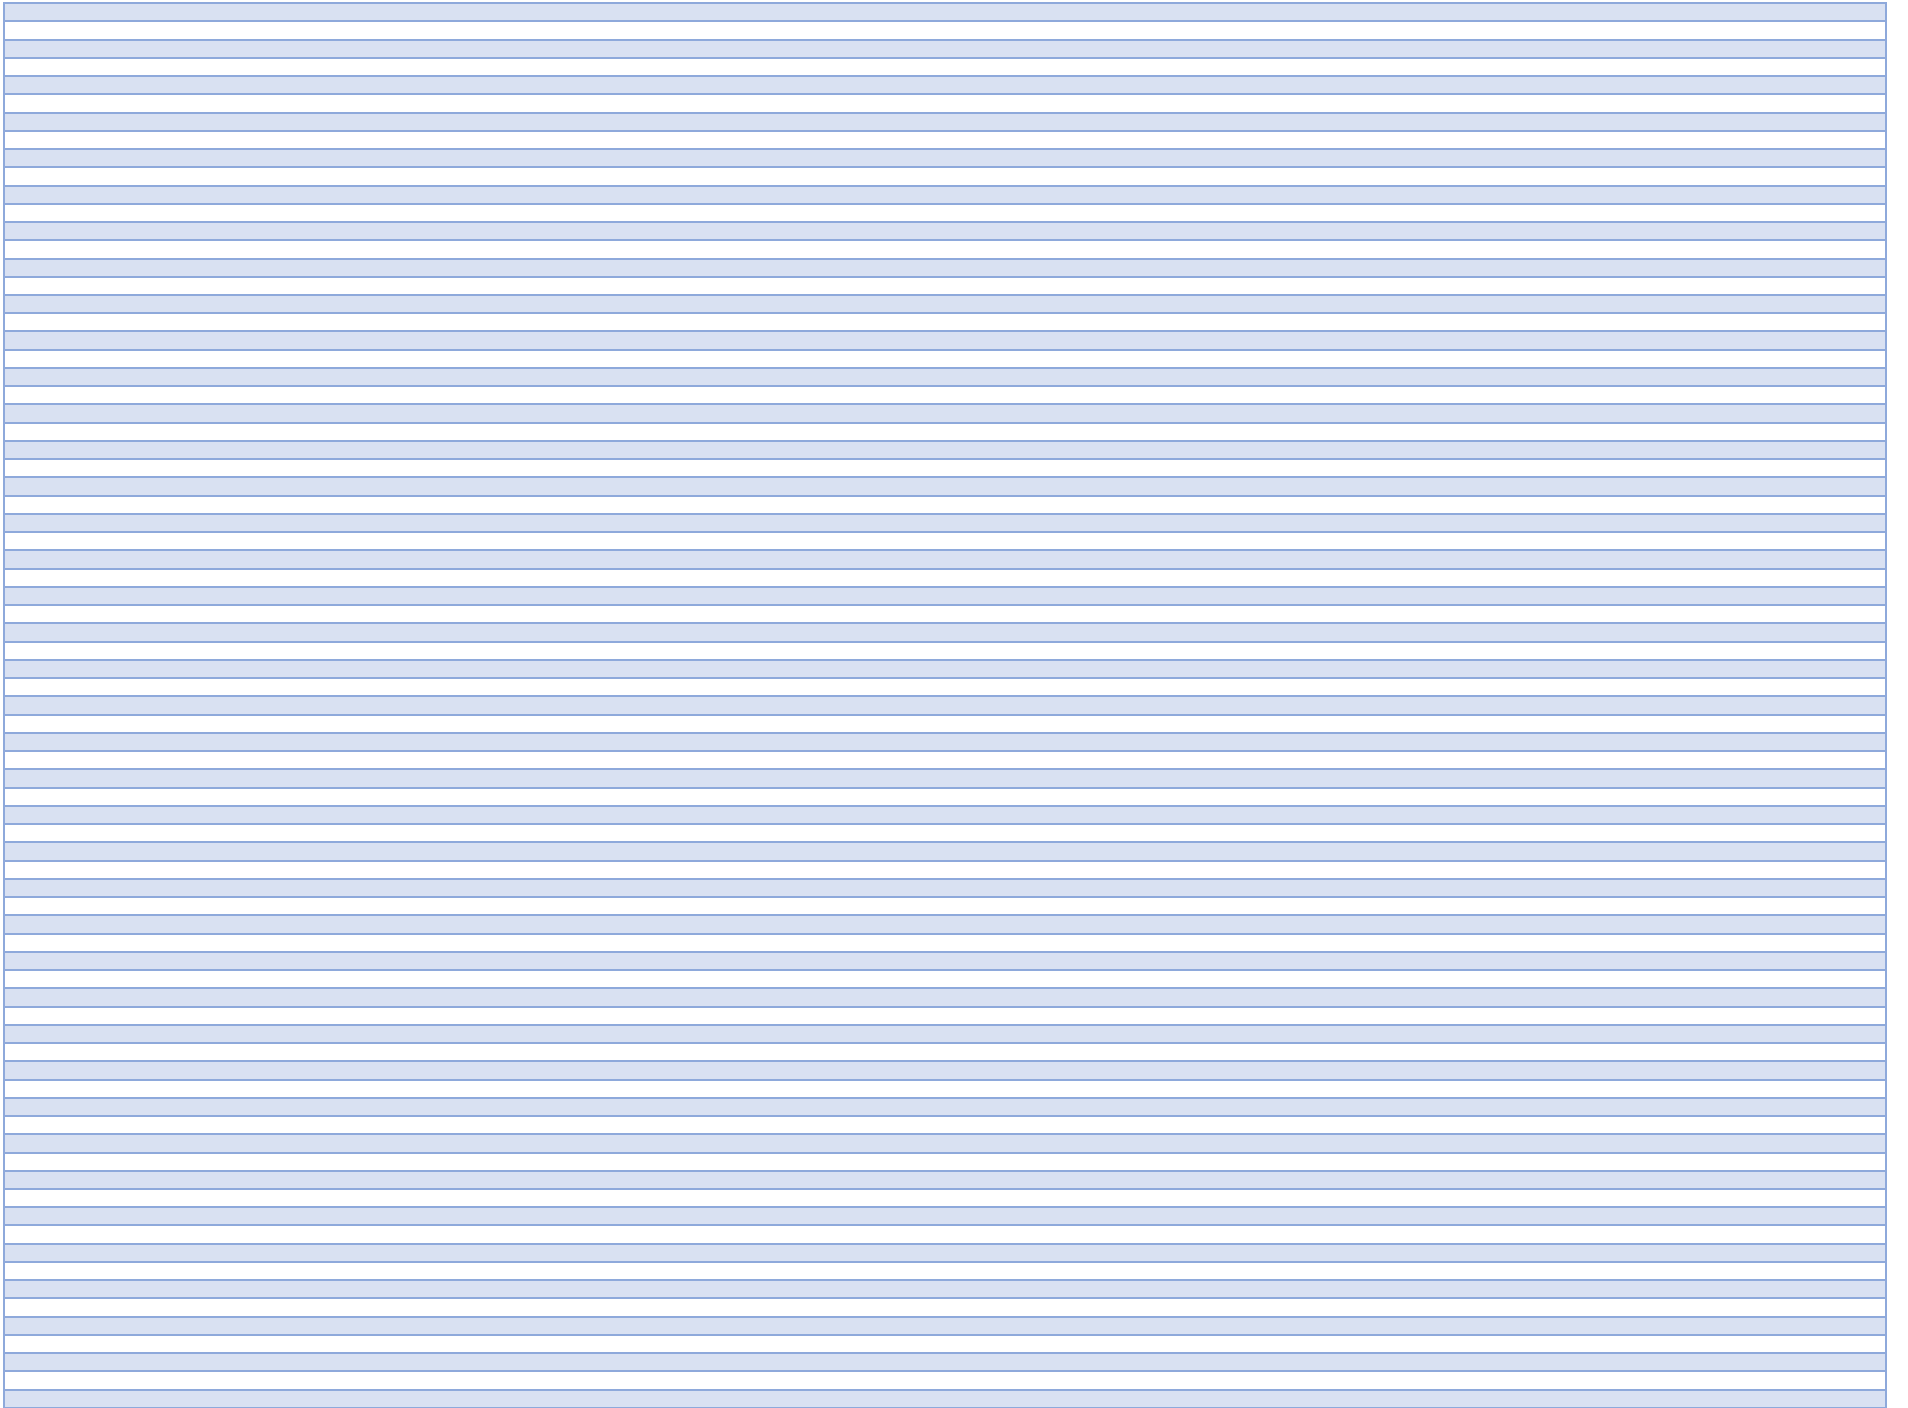

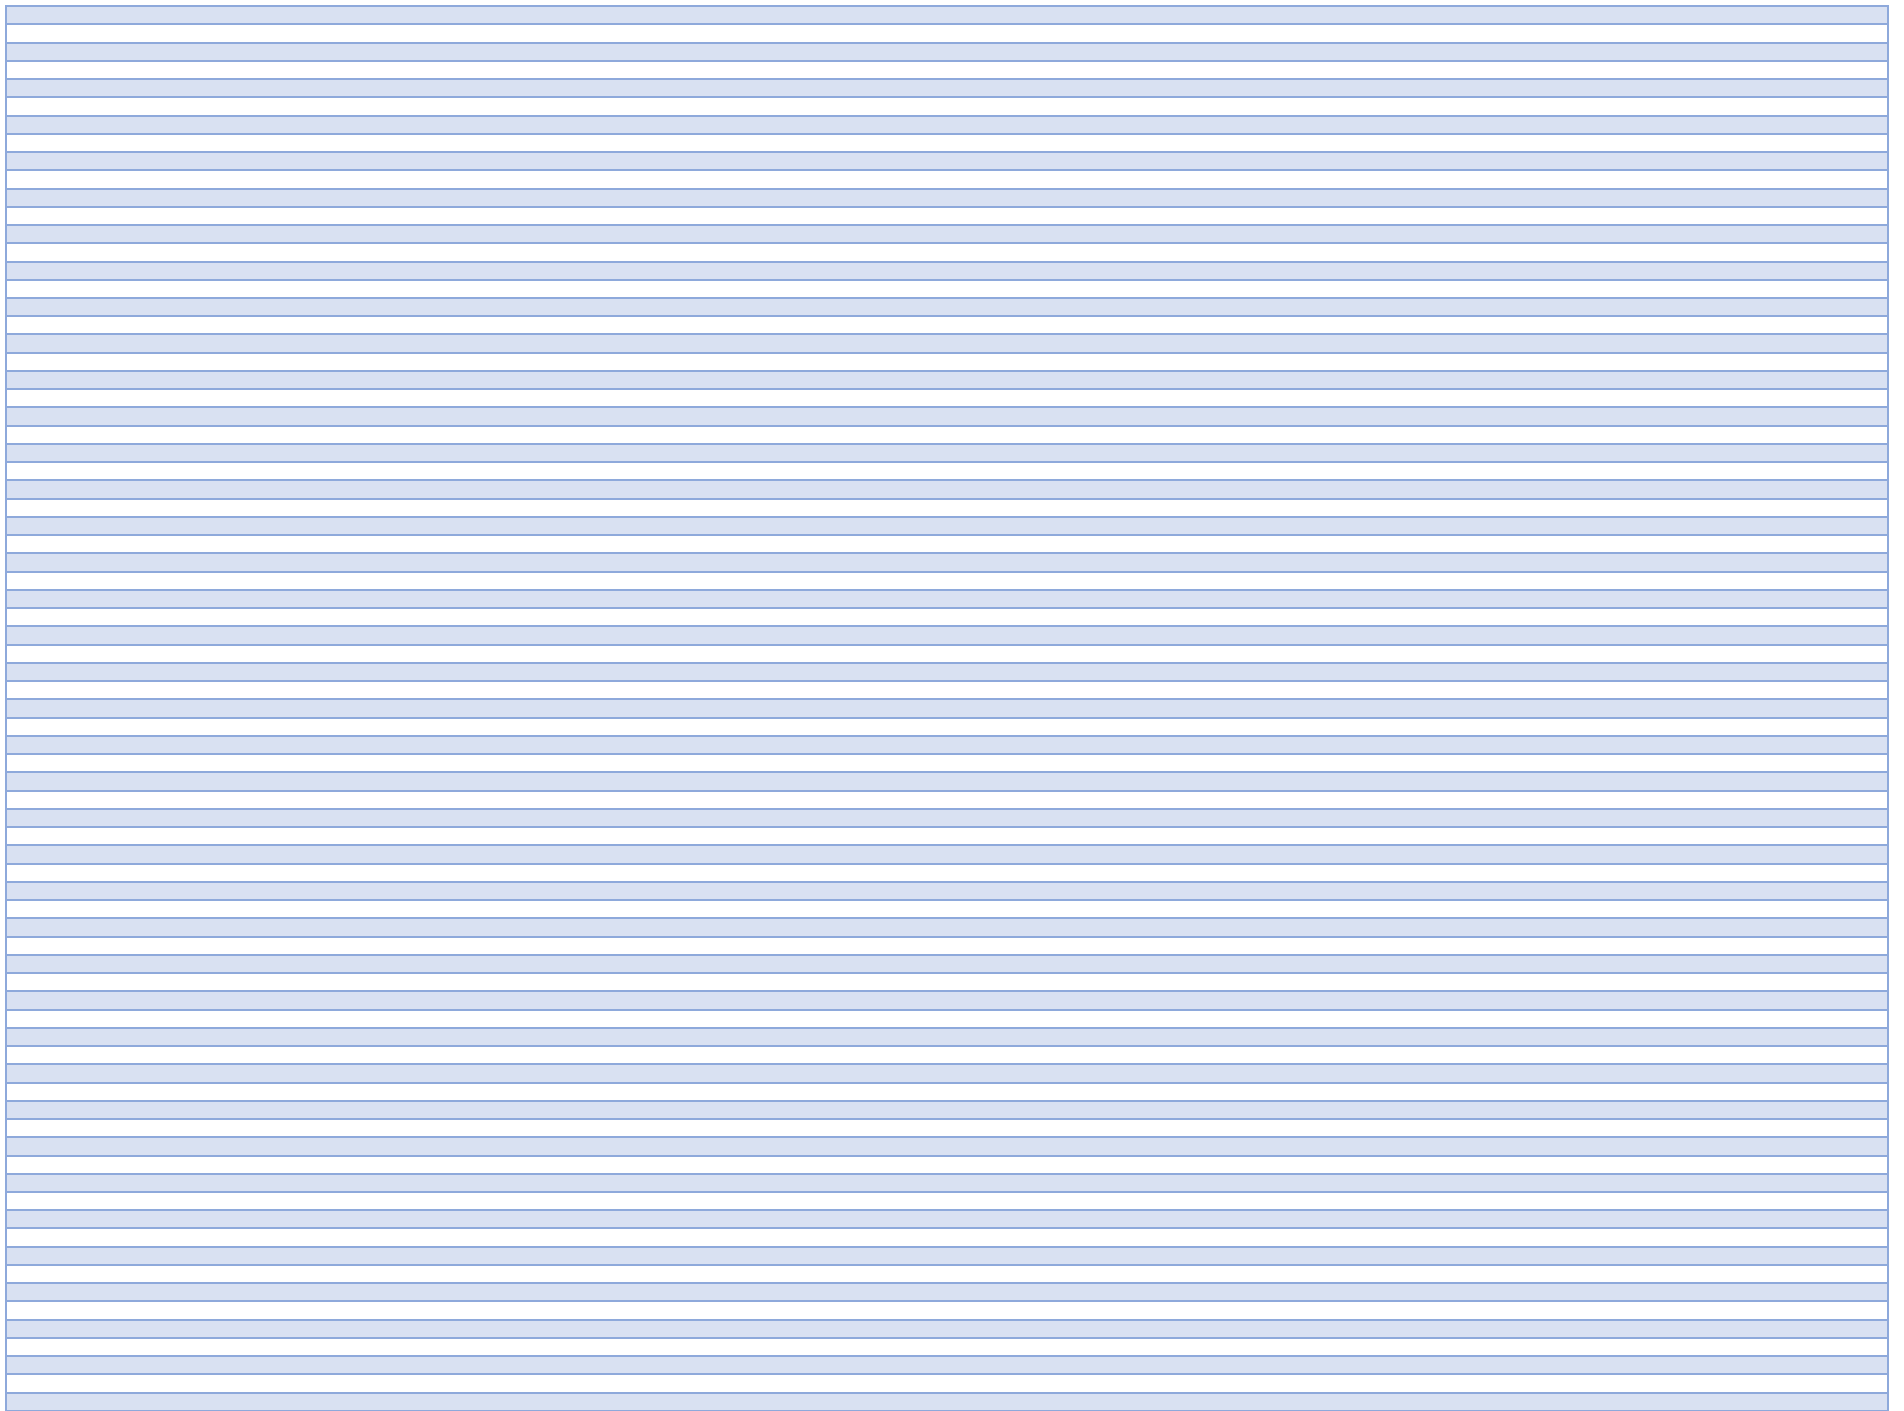

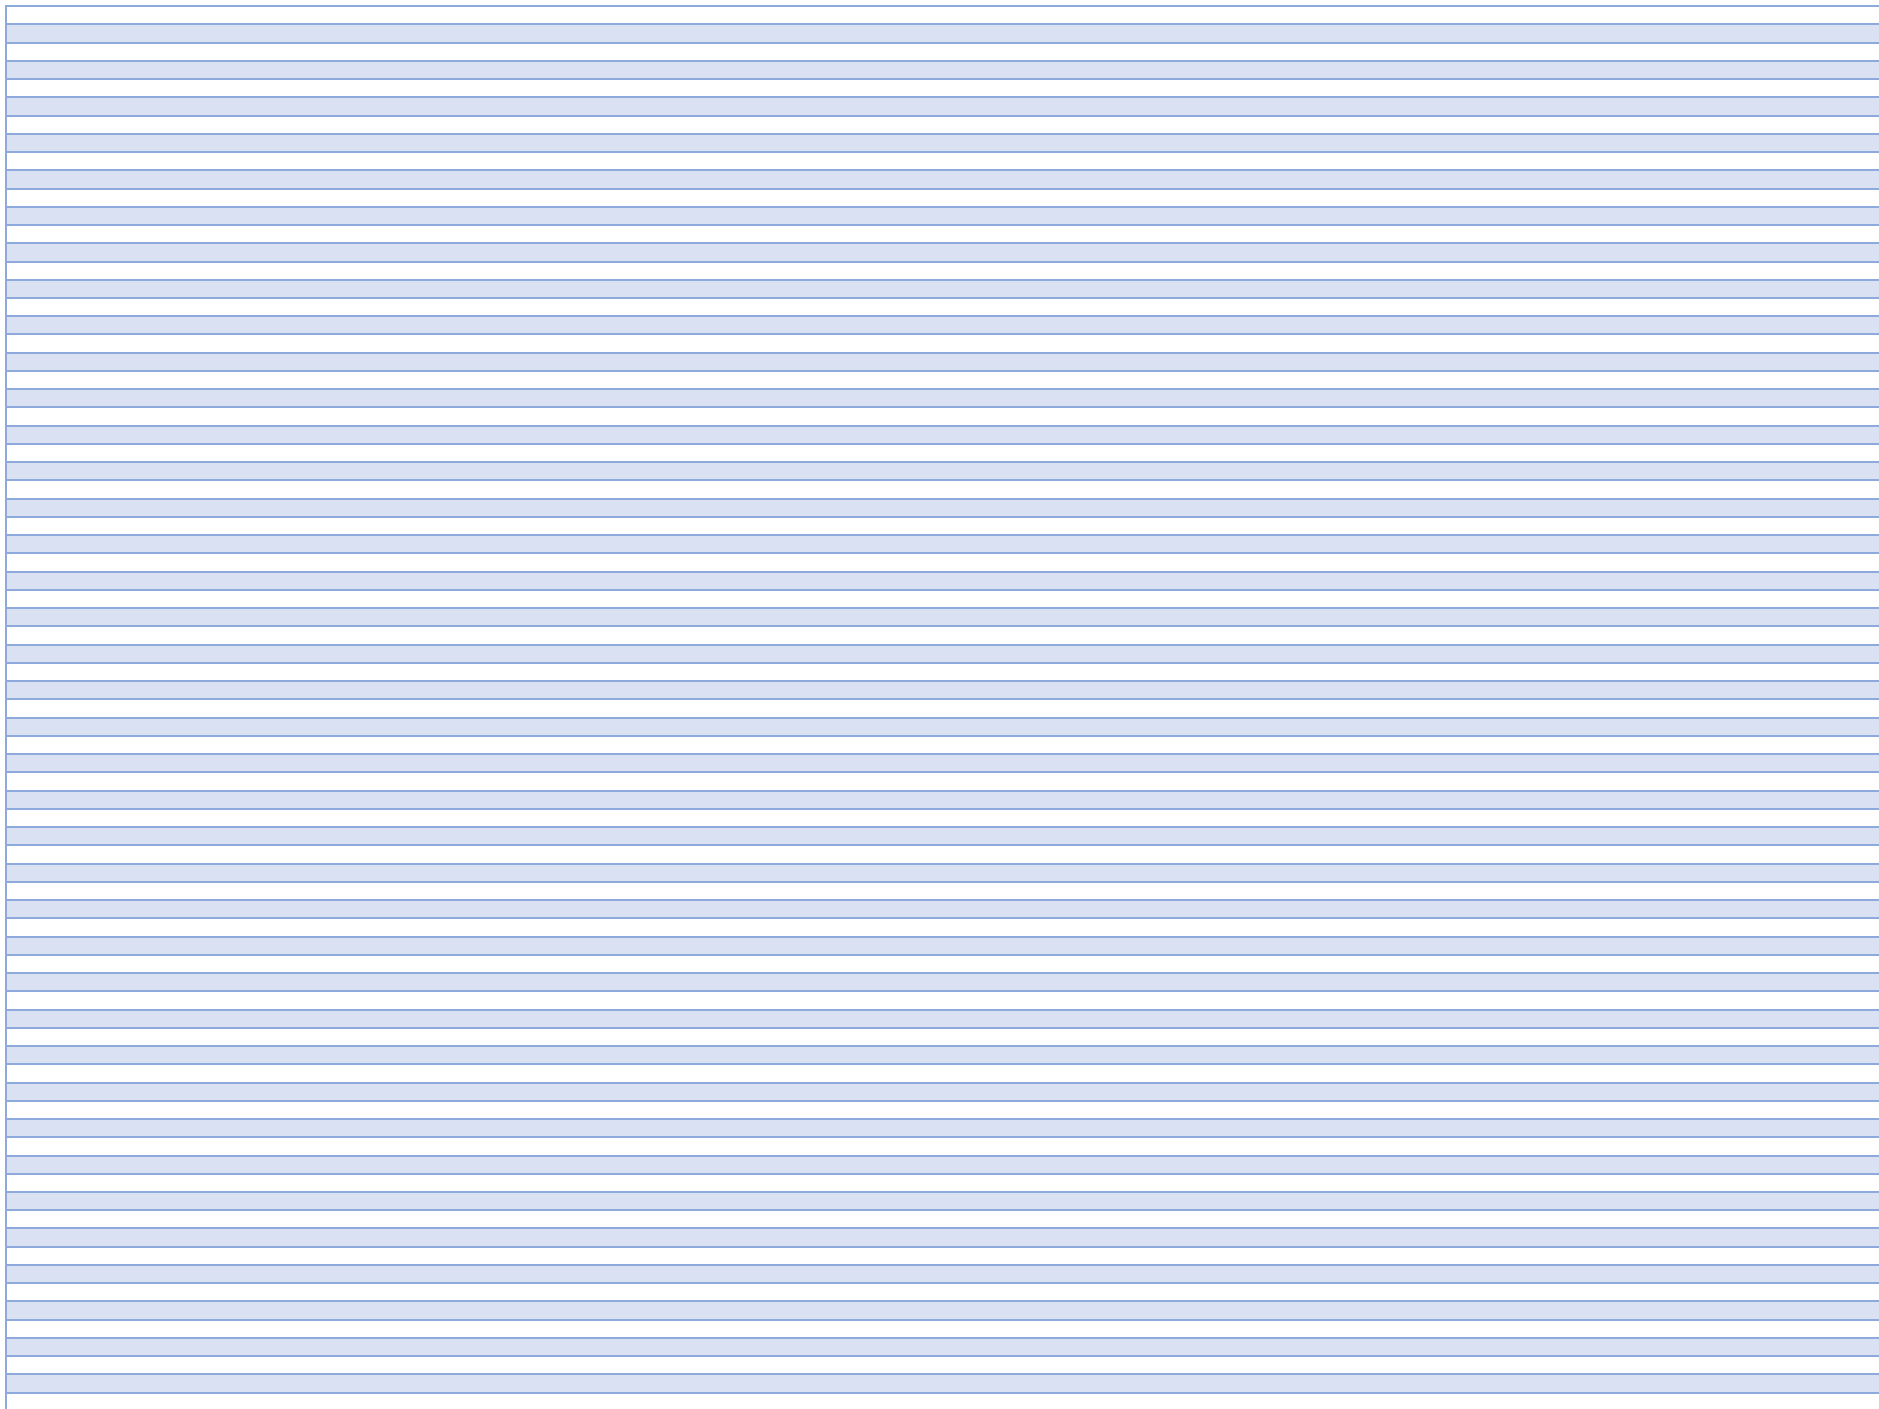

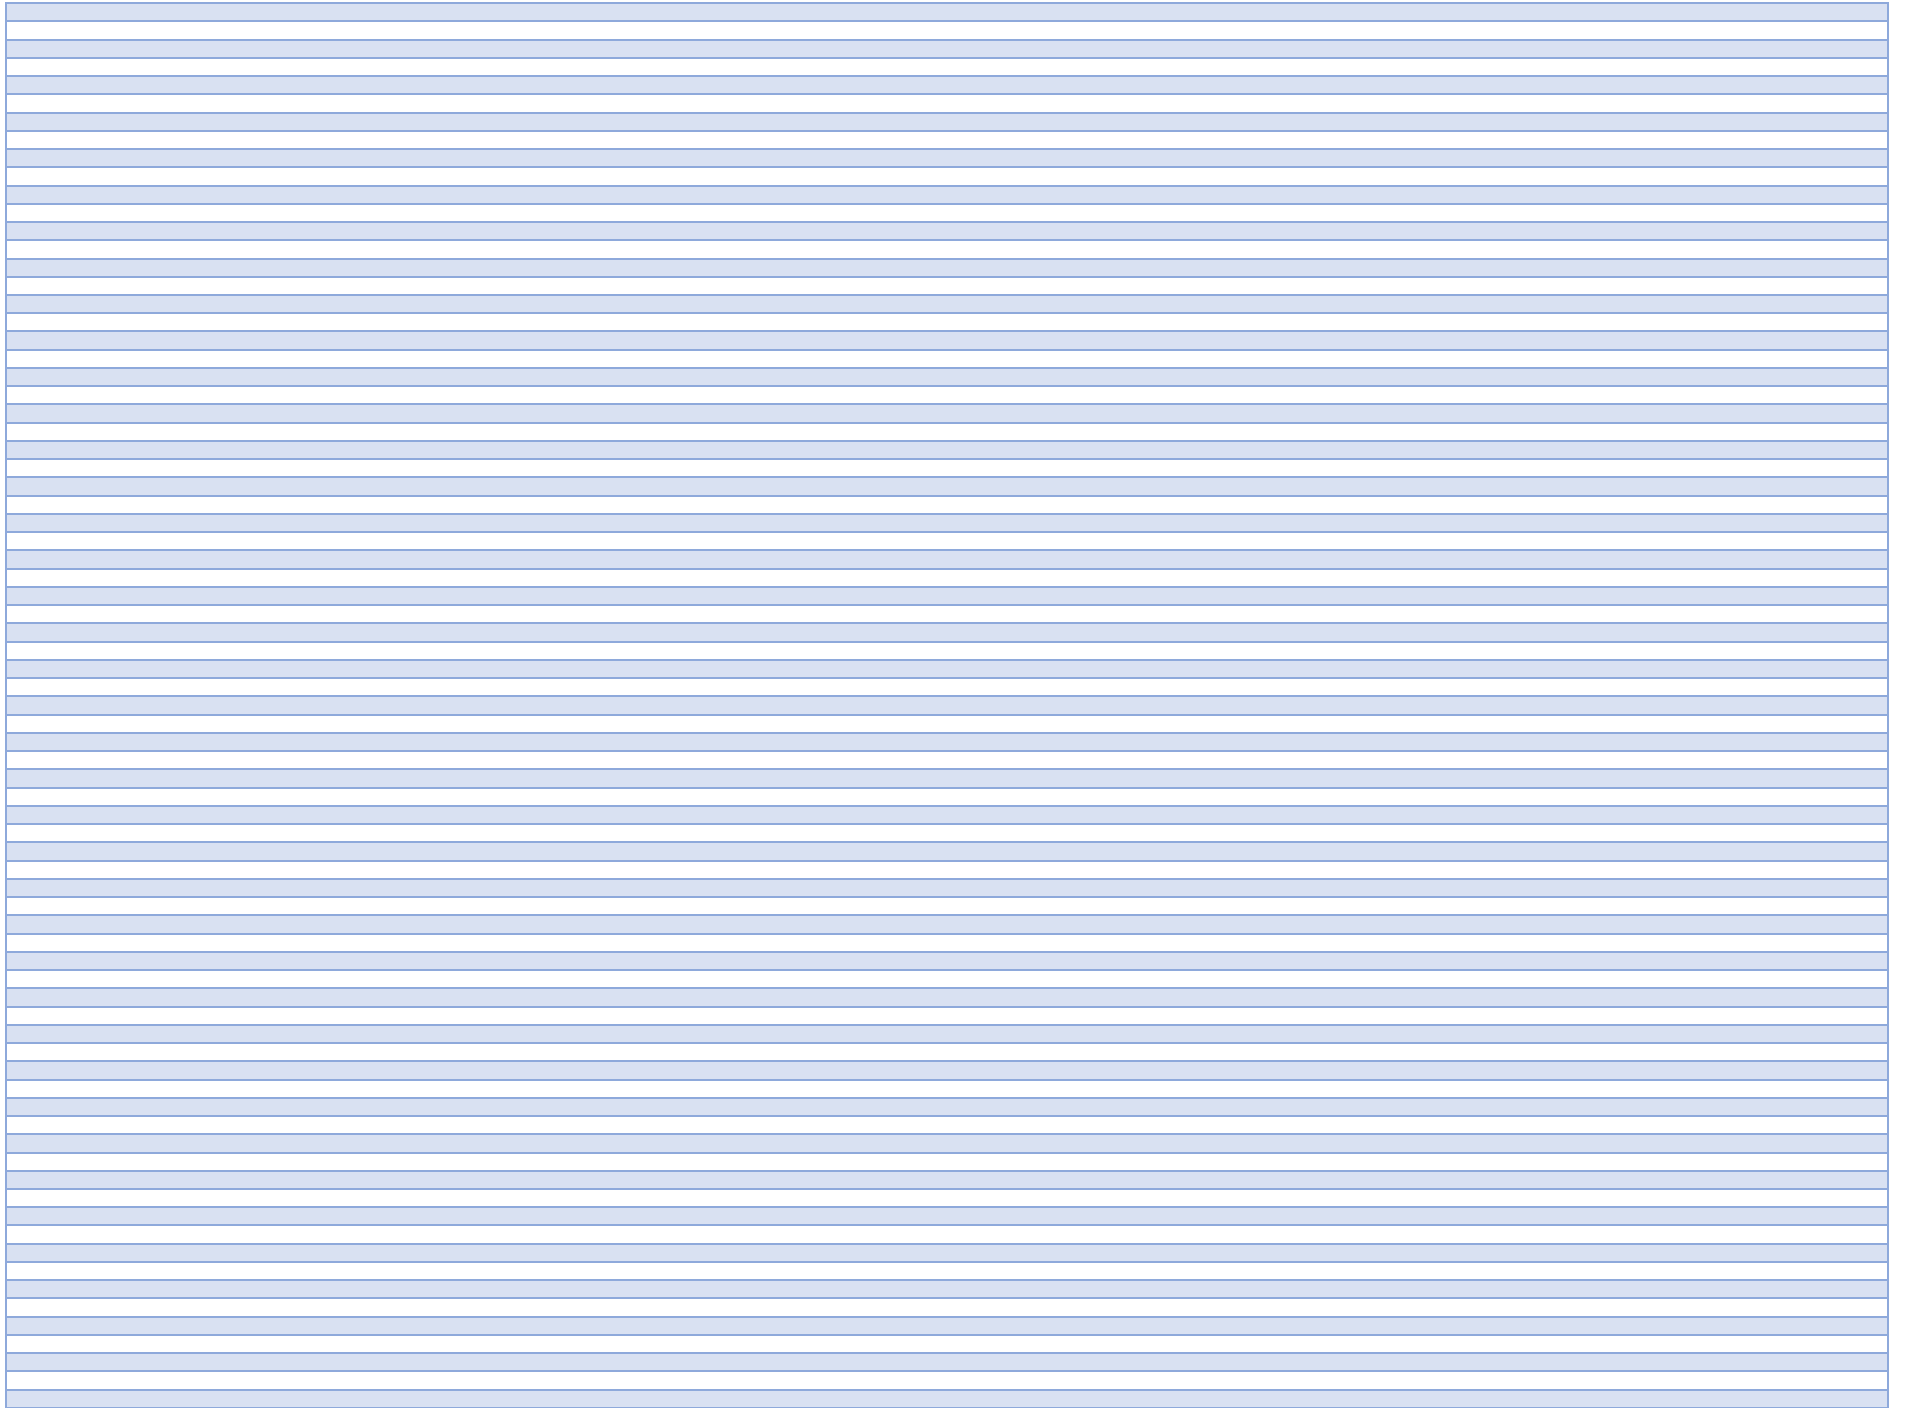

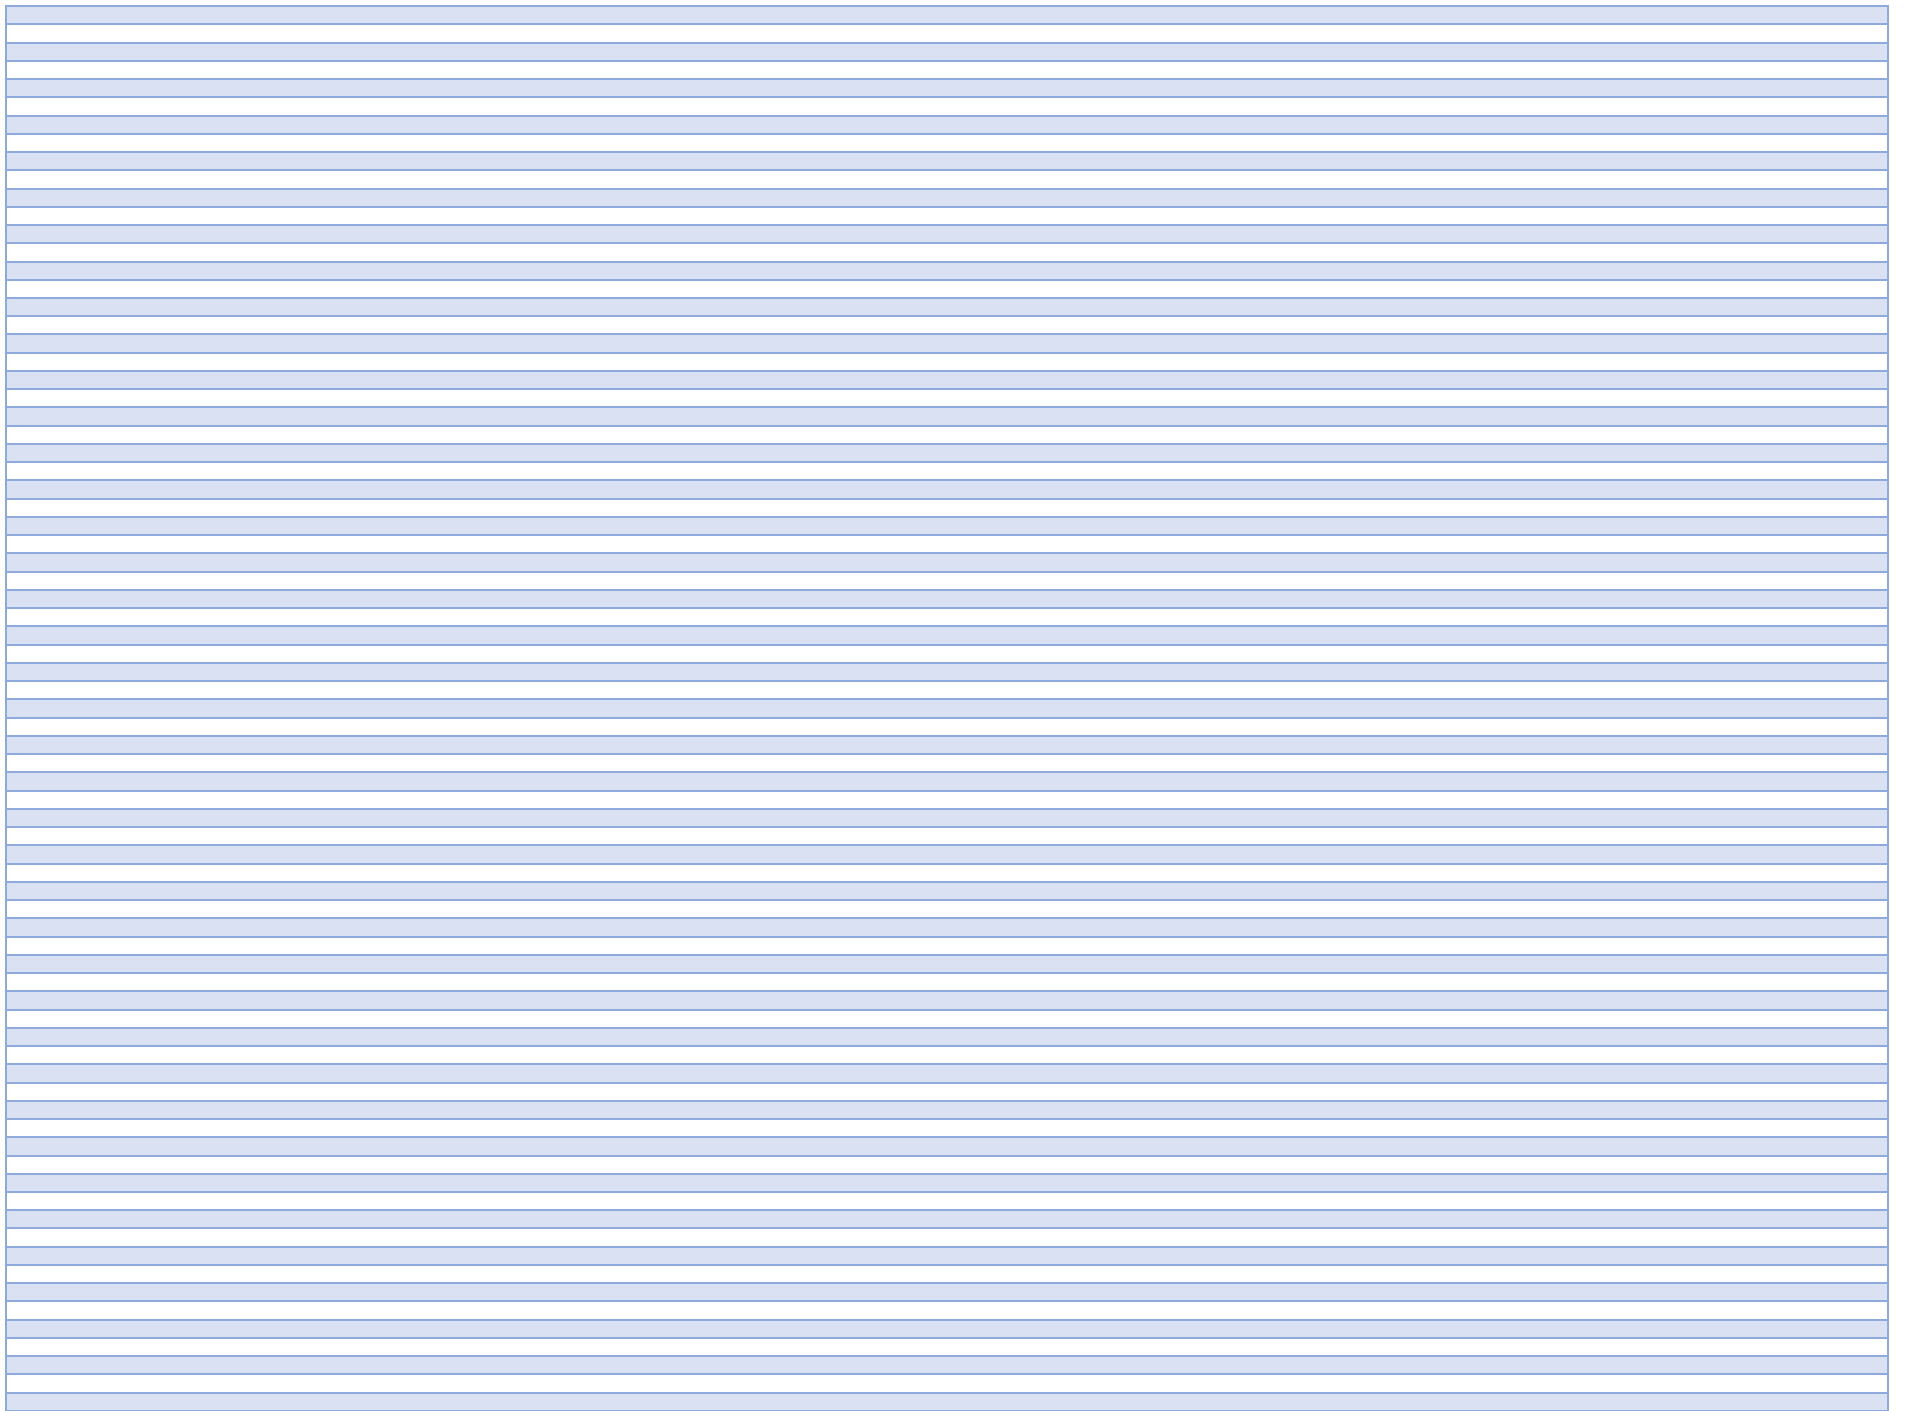

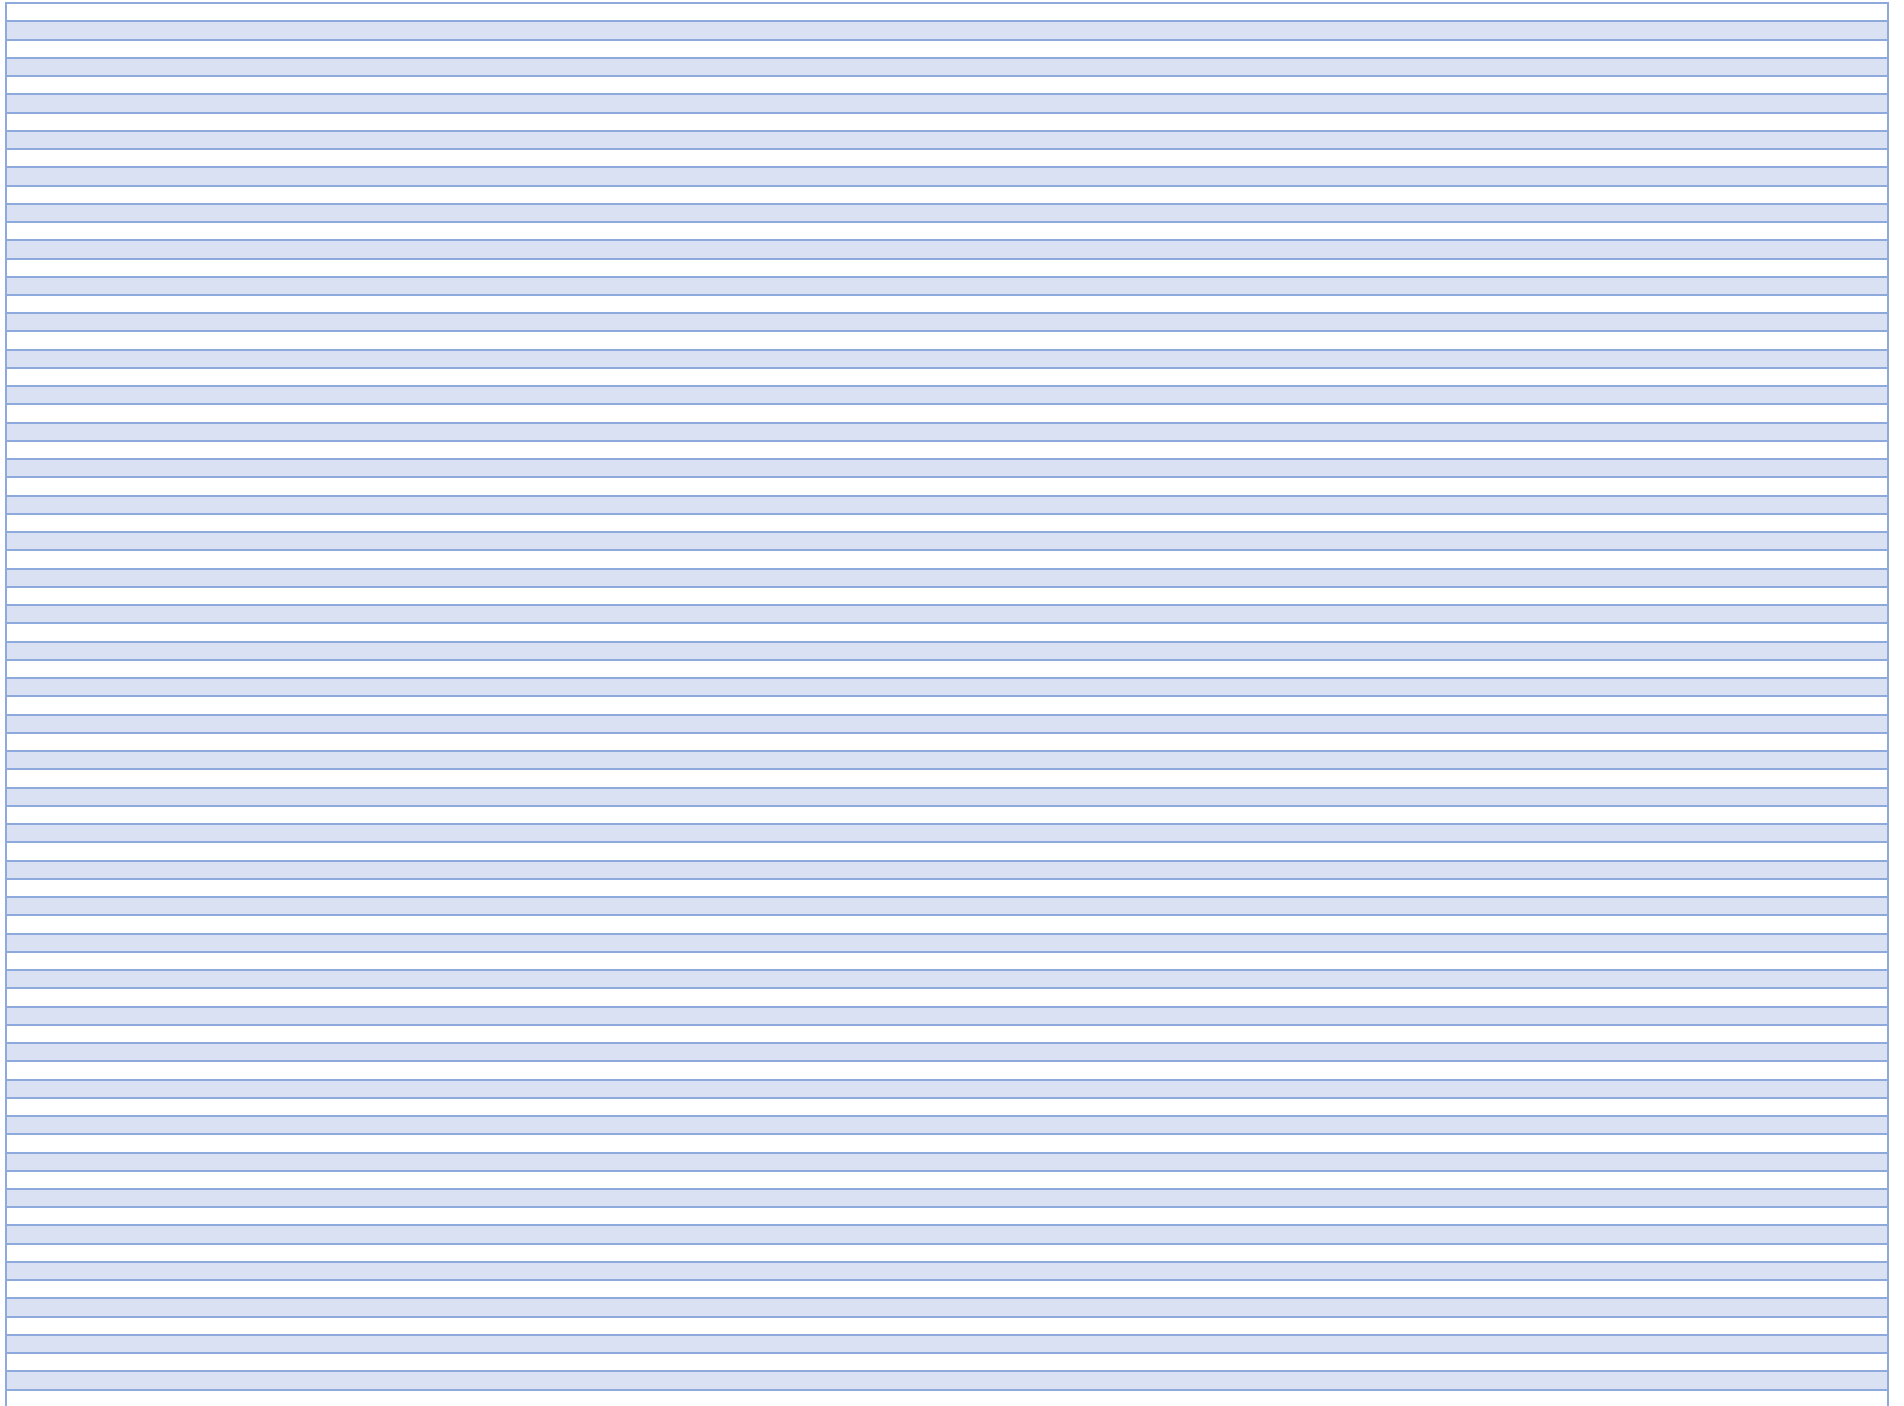

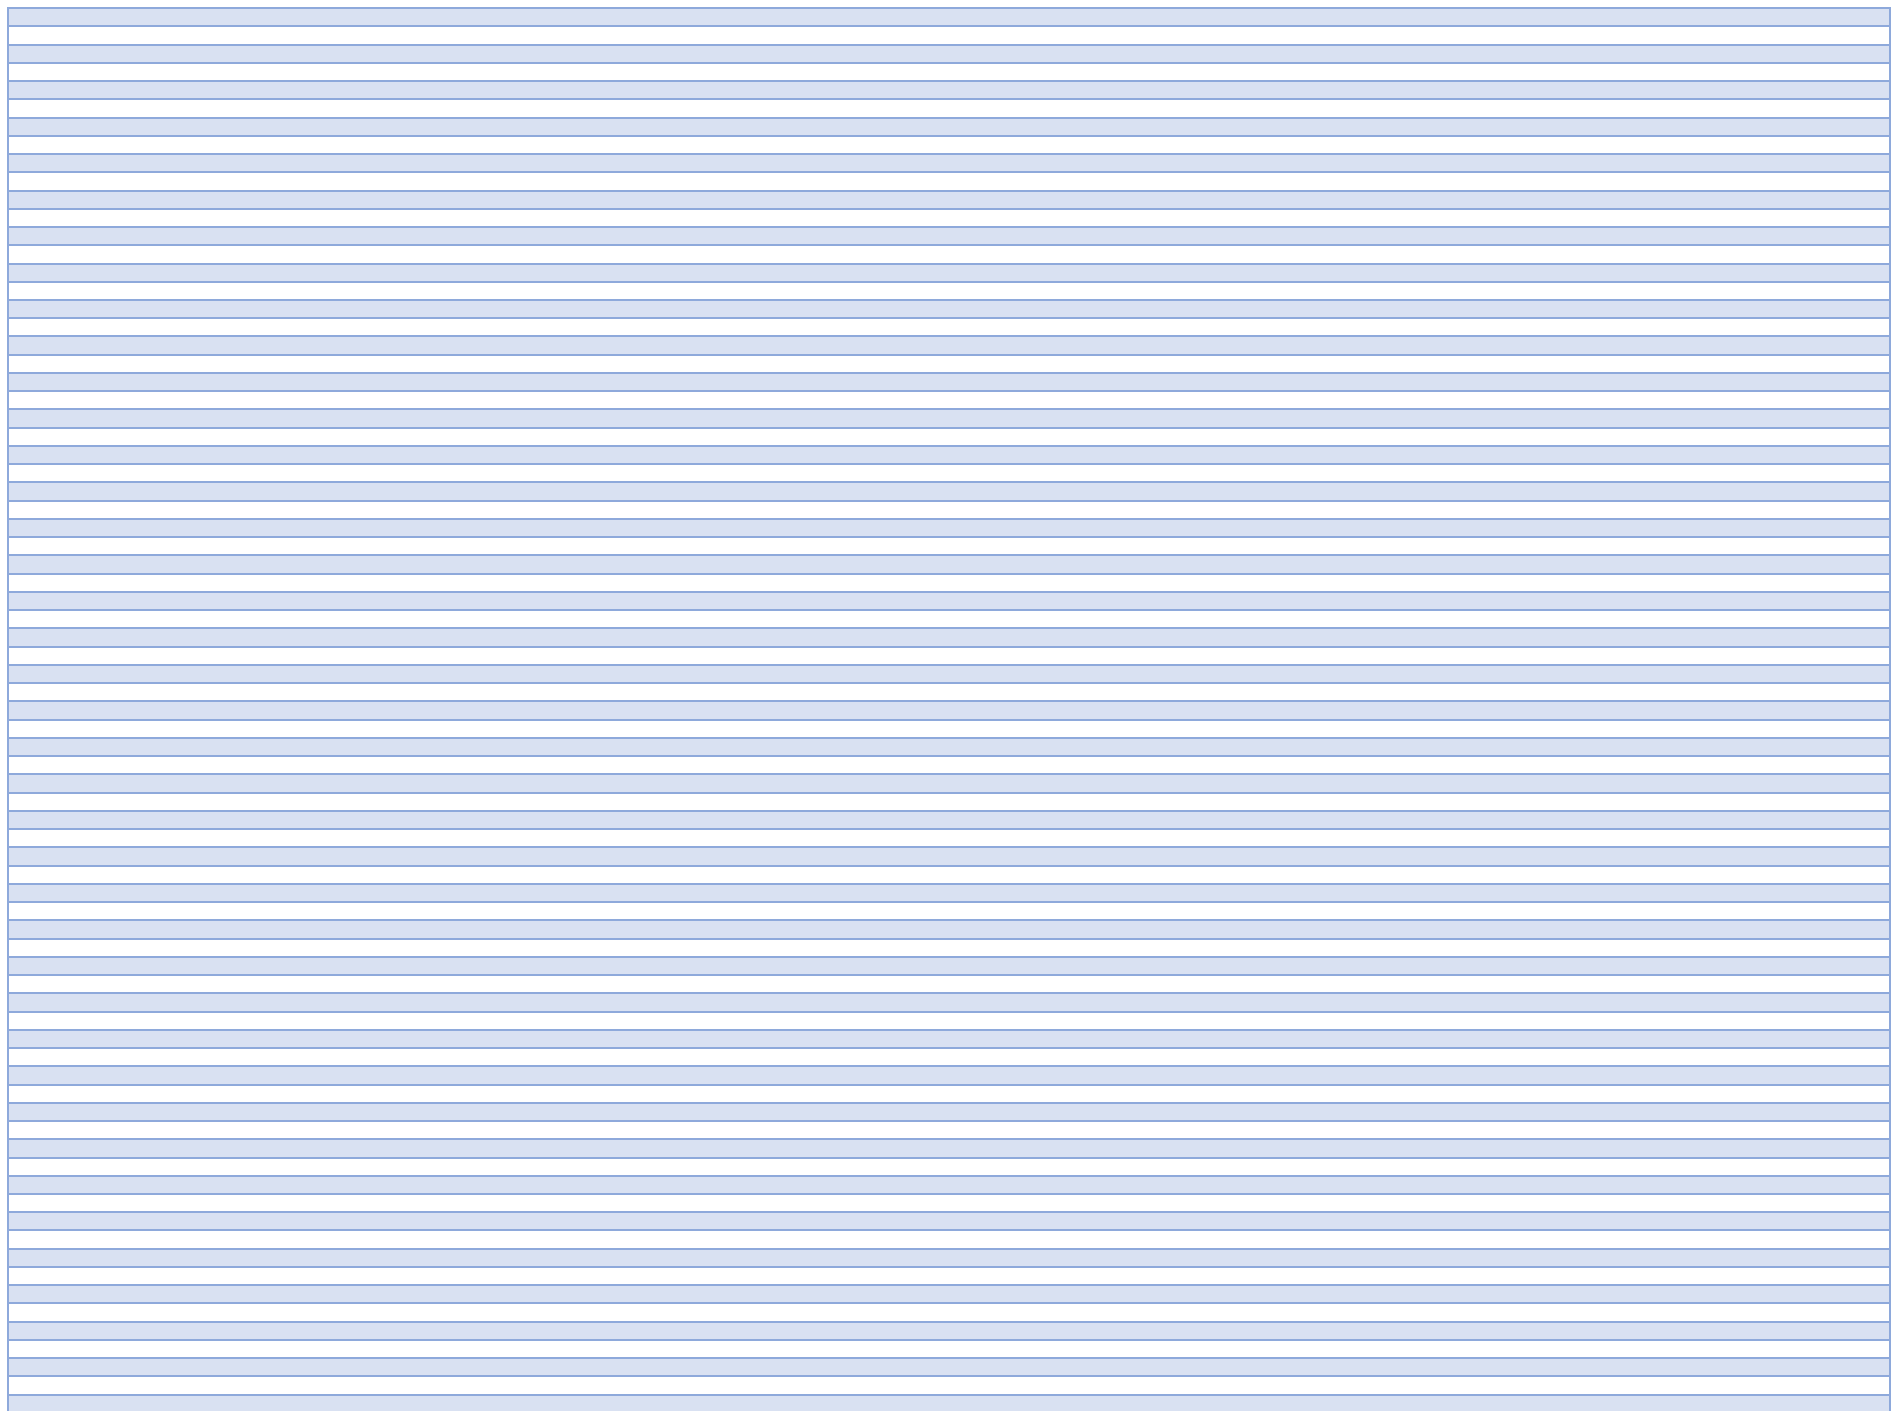

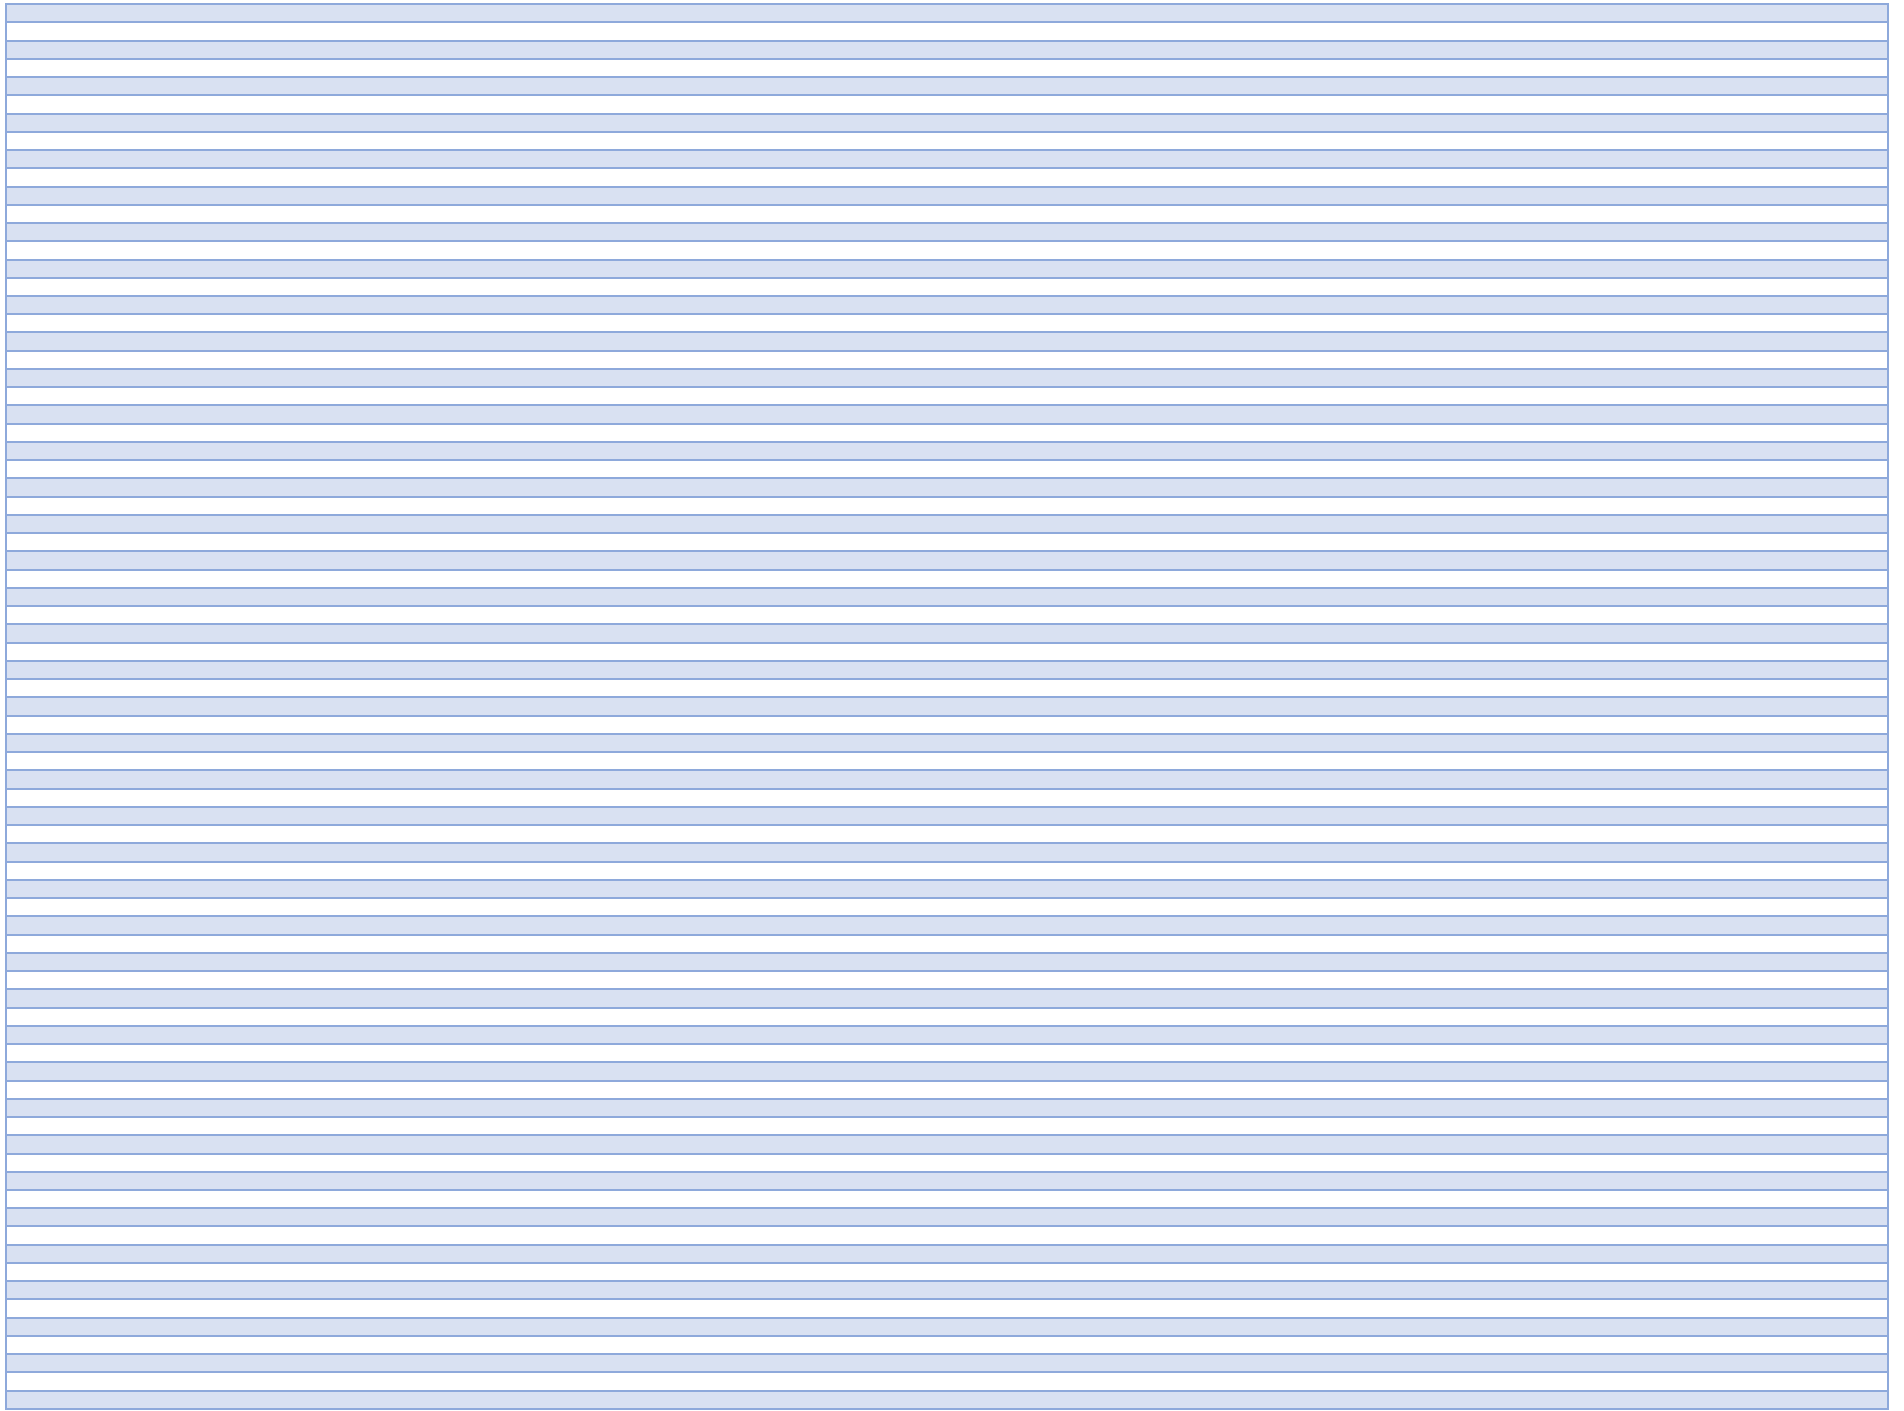

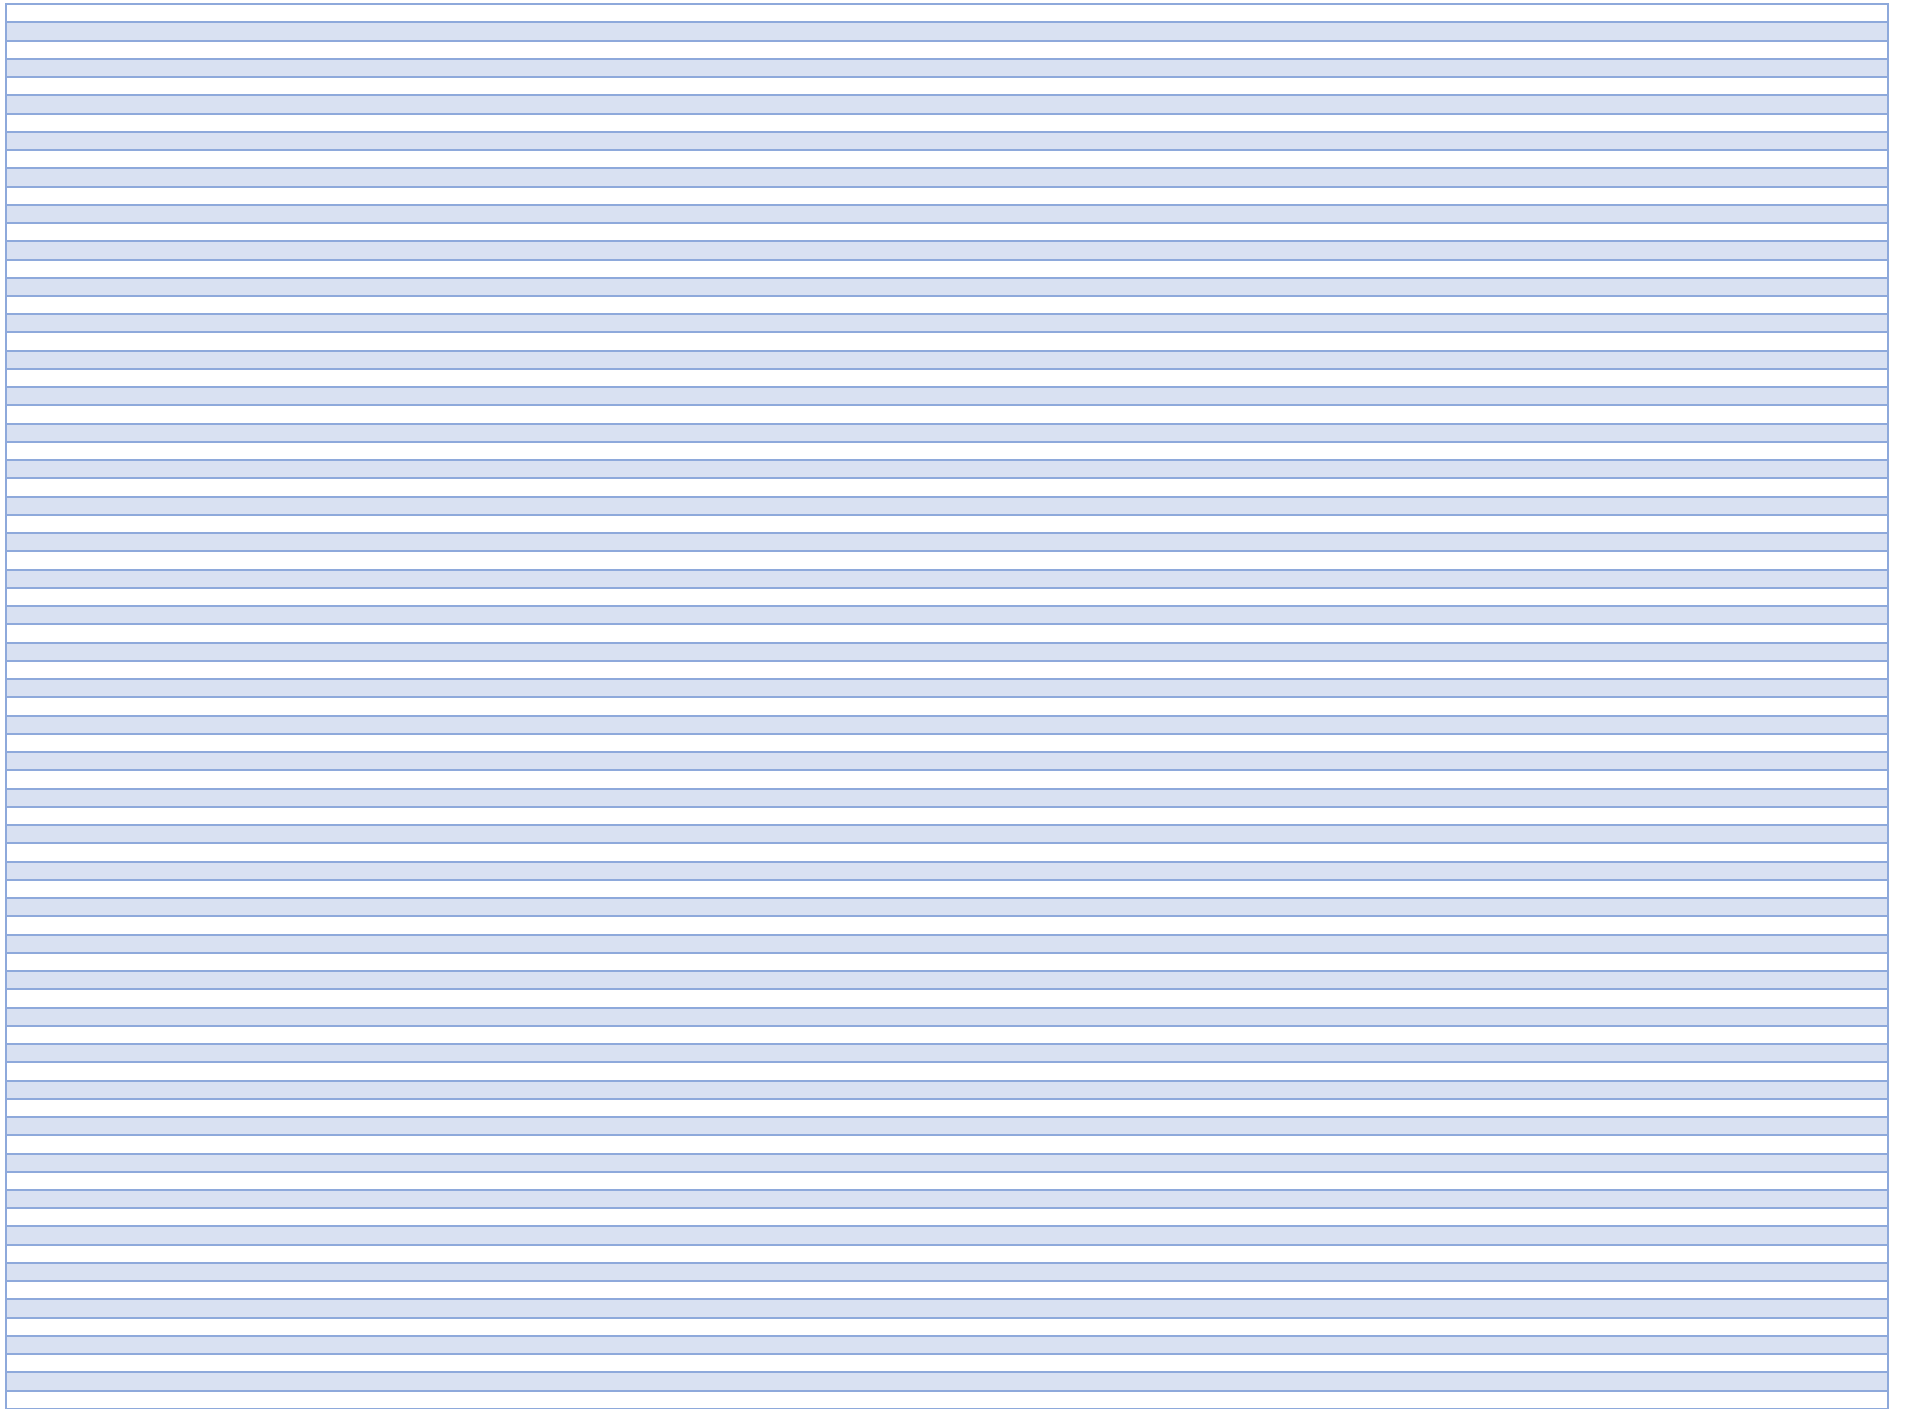

The image consists of 50 horizontal light blue bars stacked vertically, filling most of the page. Each bar is a solid, uniform light blue color with thin white borders separating them. The bars are evenly spaced and extend across the entire width of the page, forming a grid-like structure typical of a data visualization or a list.

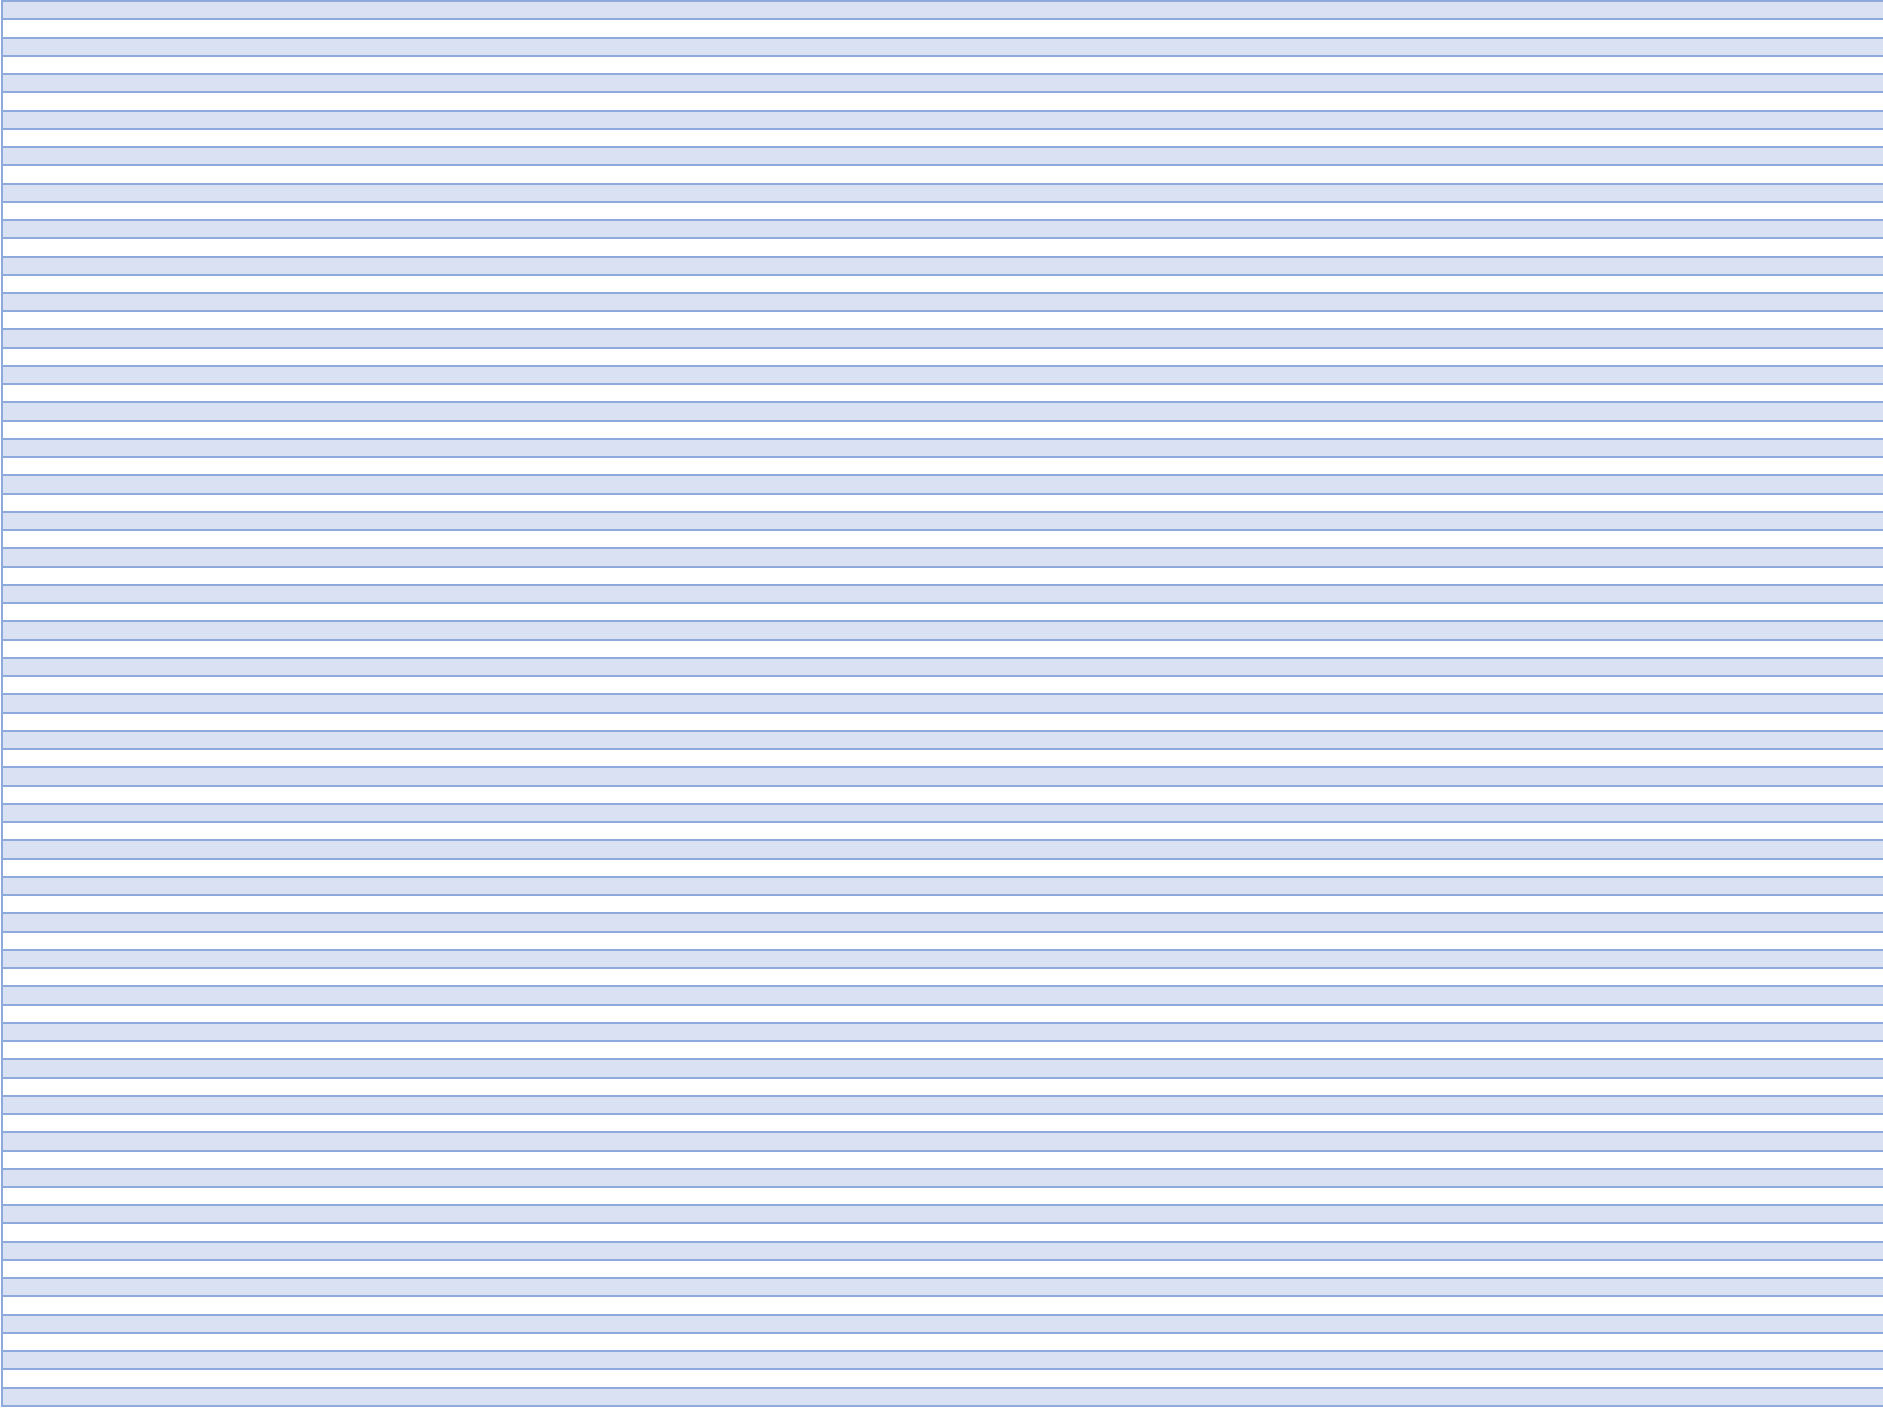

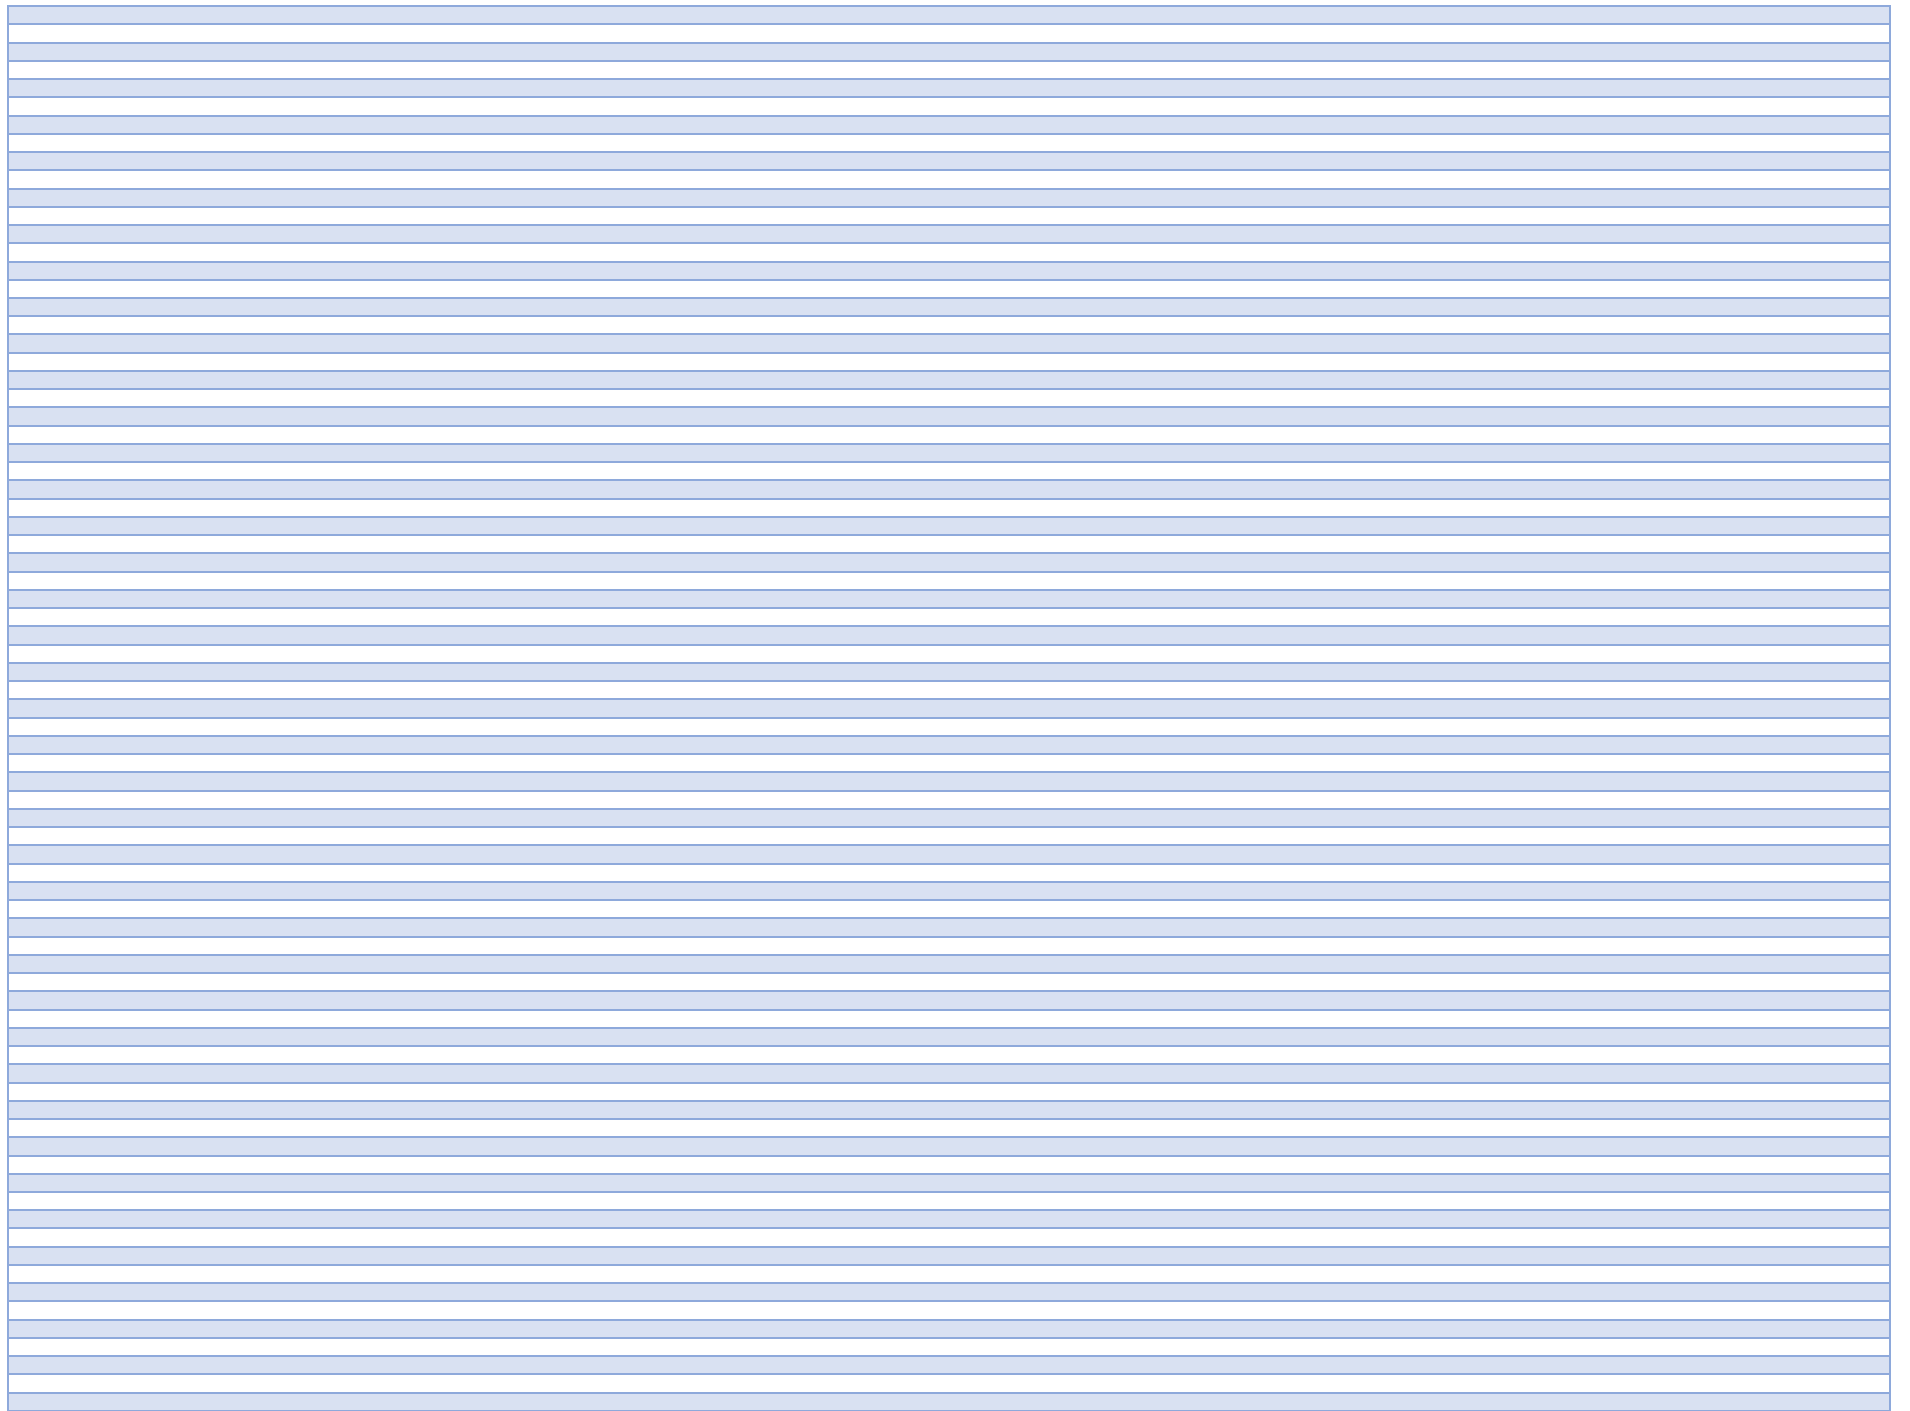

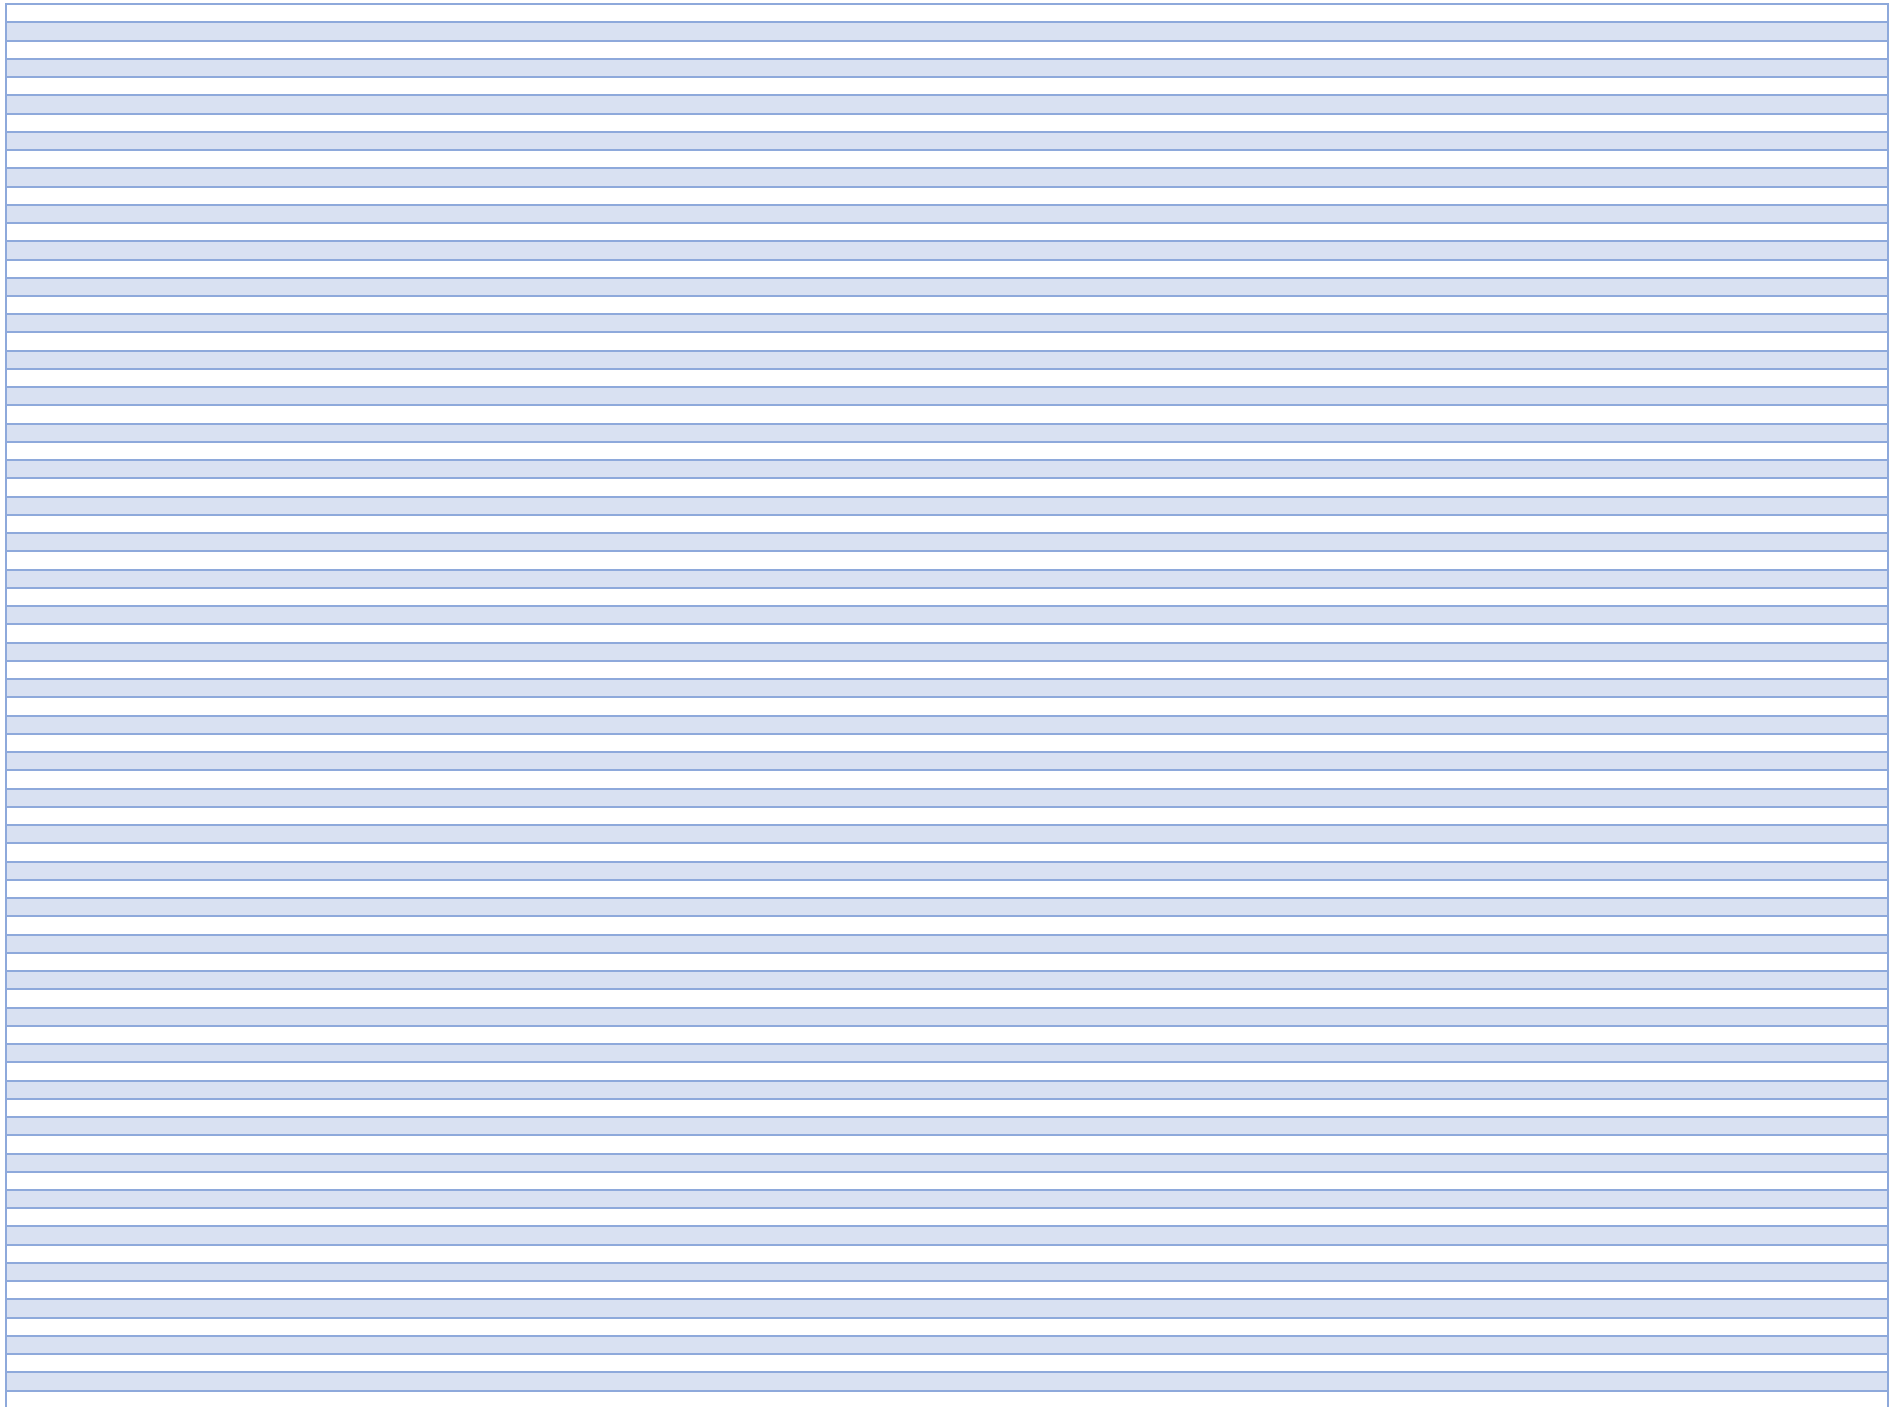

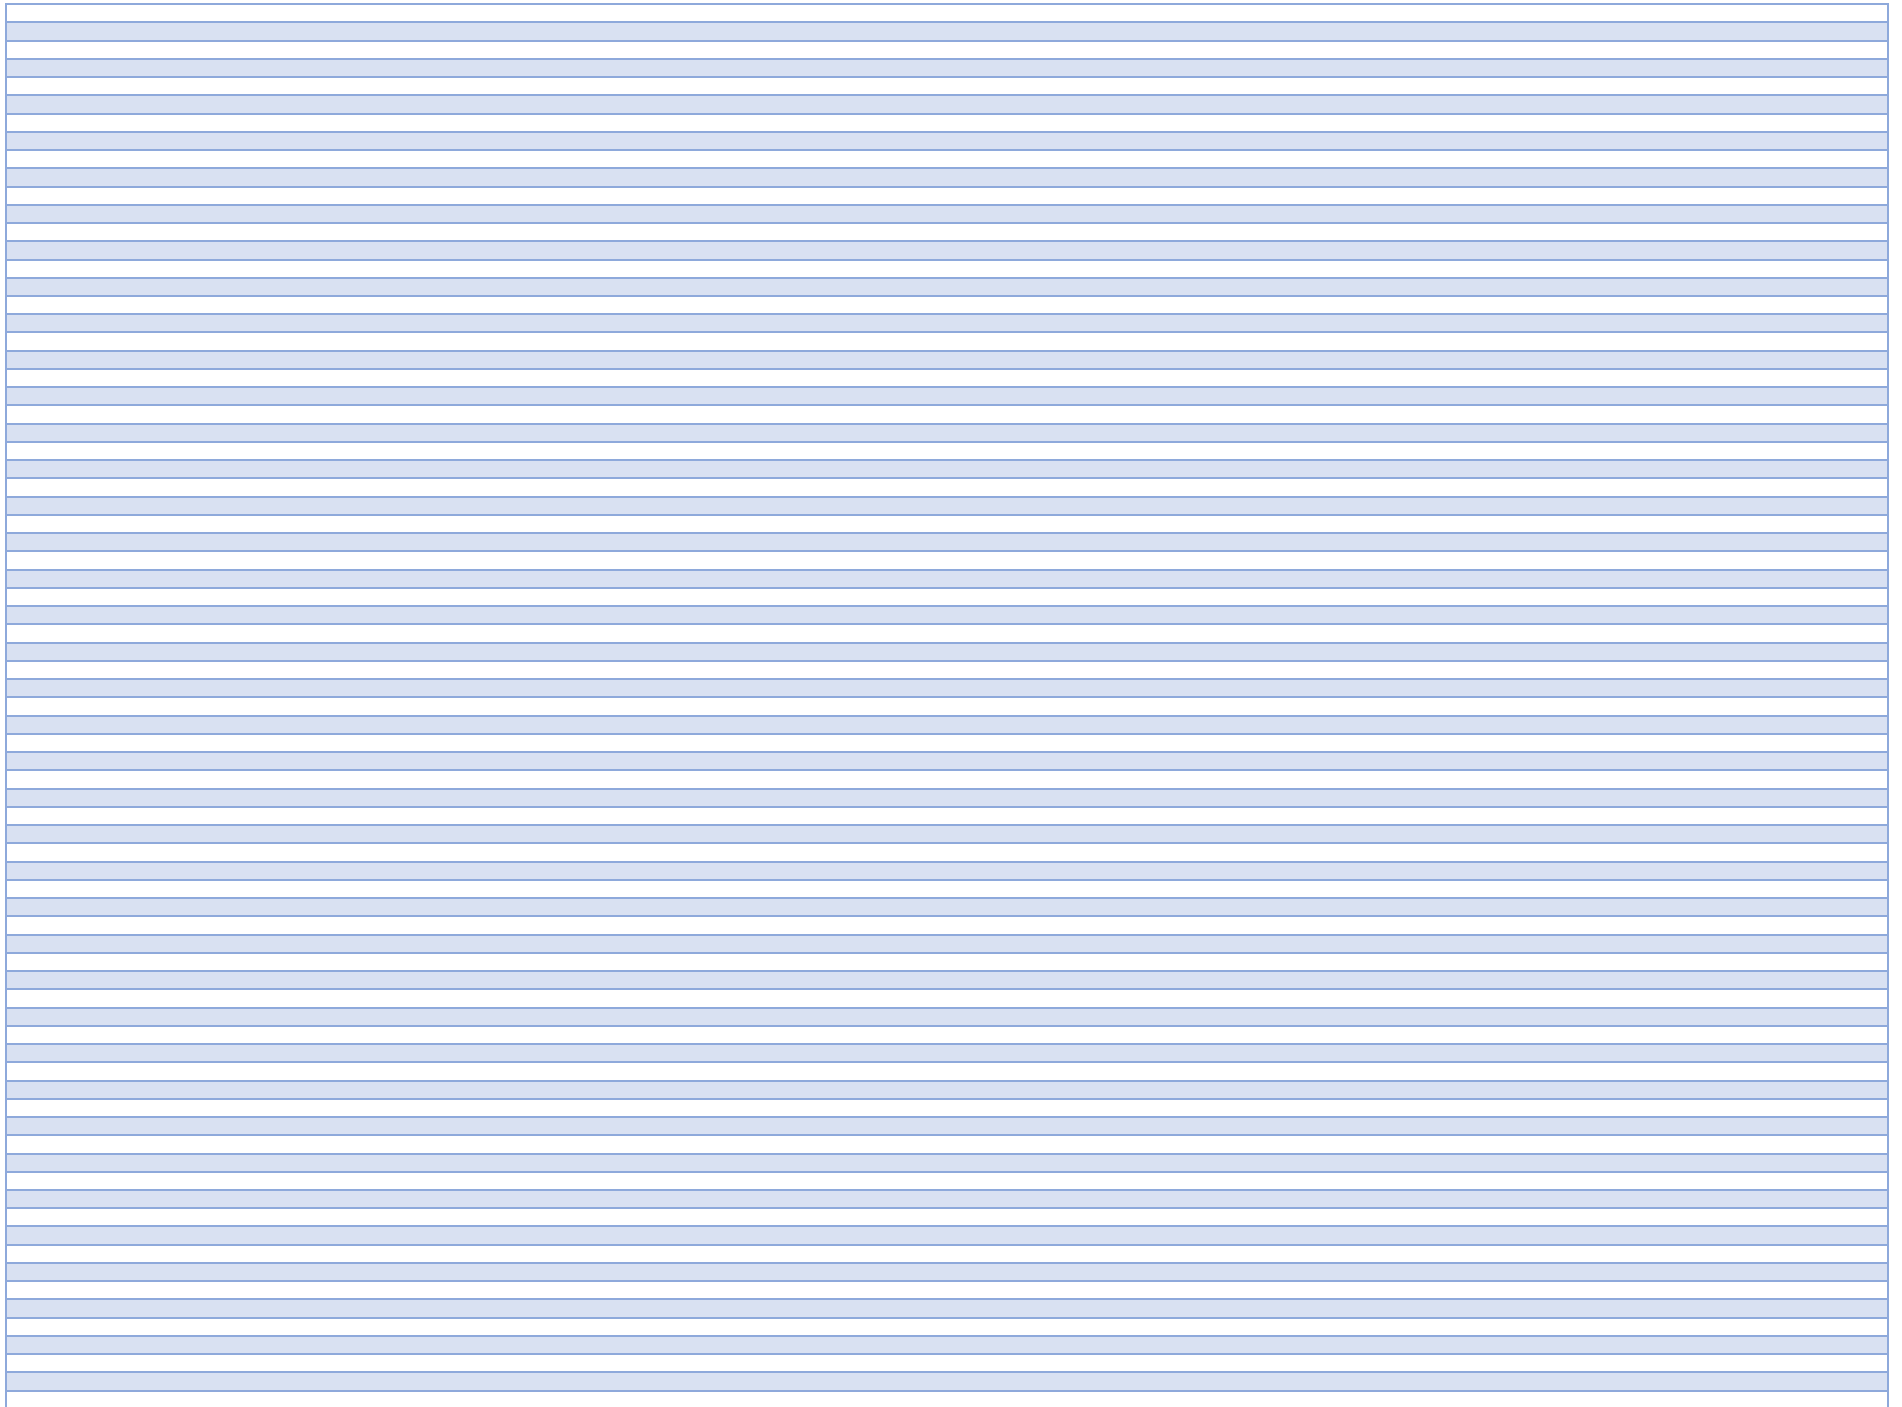

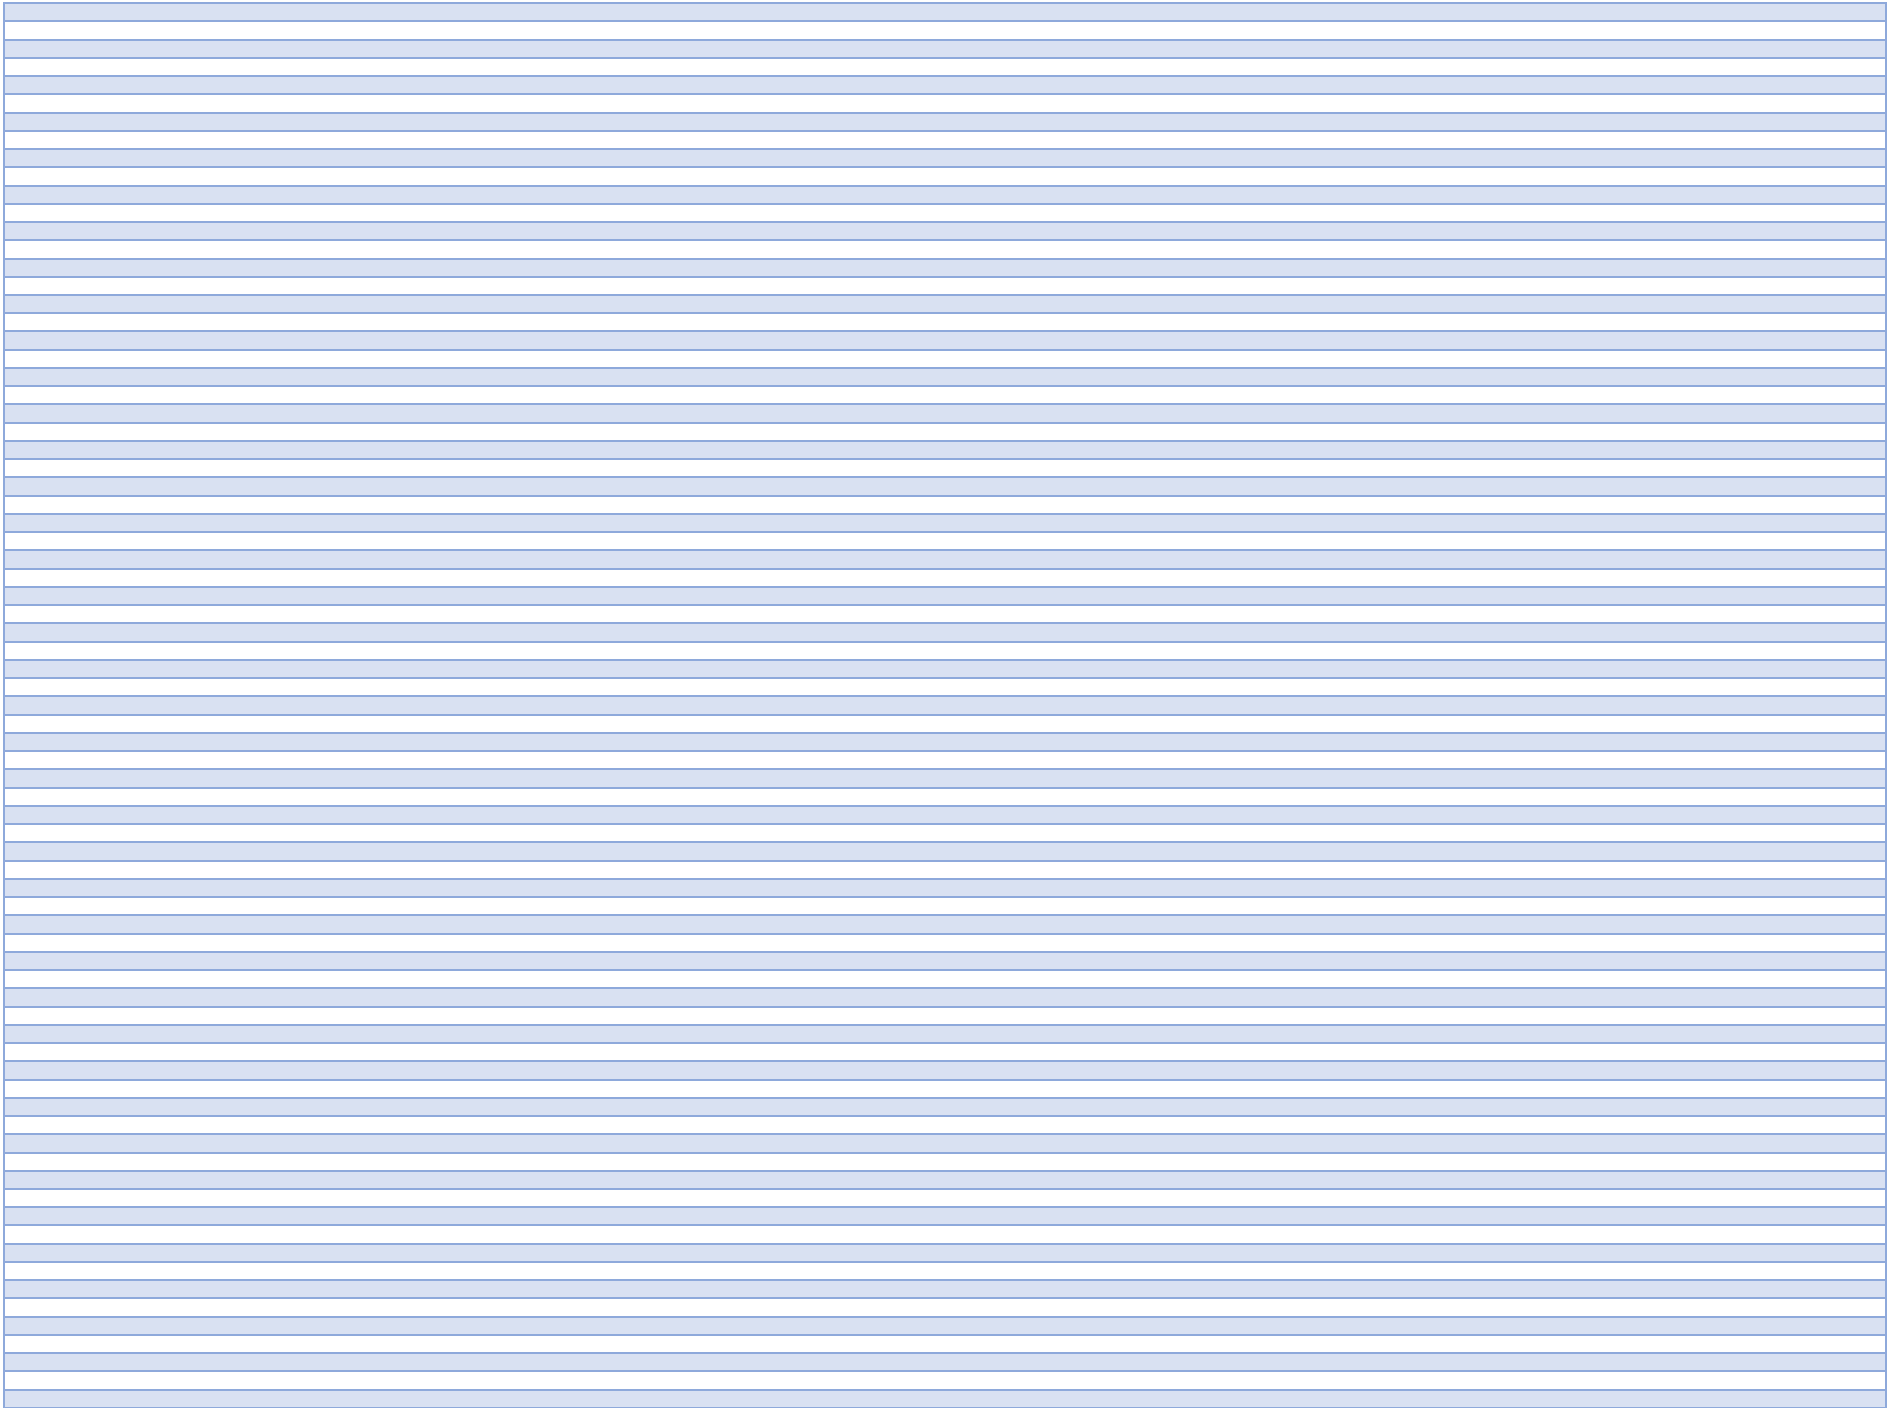

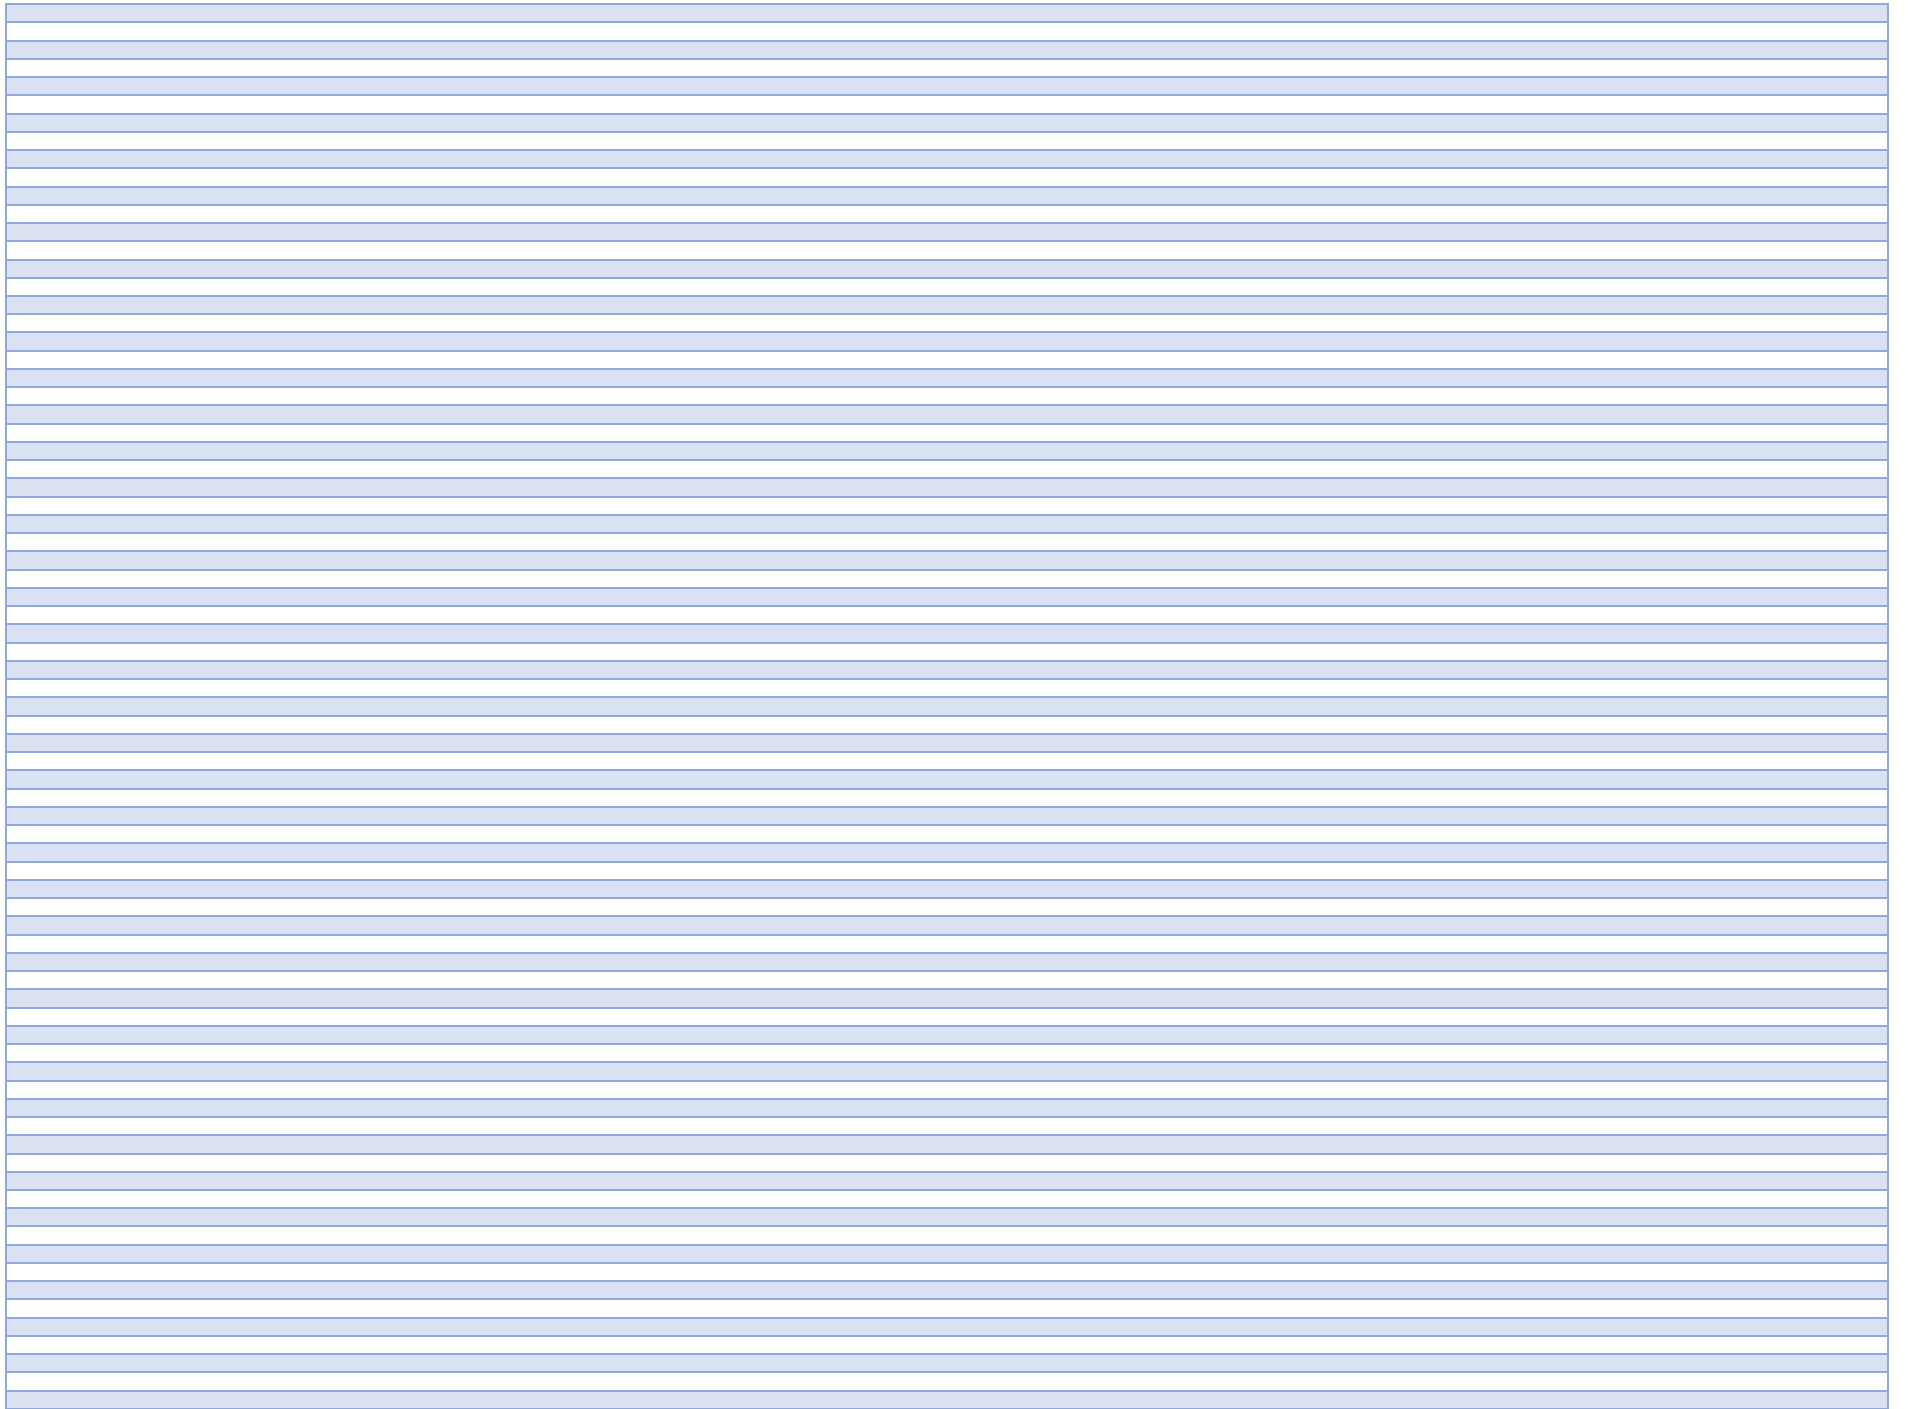

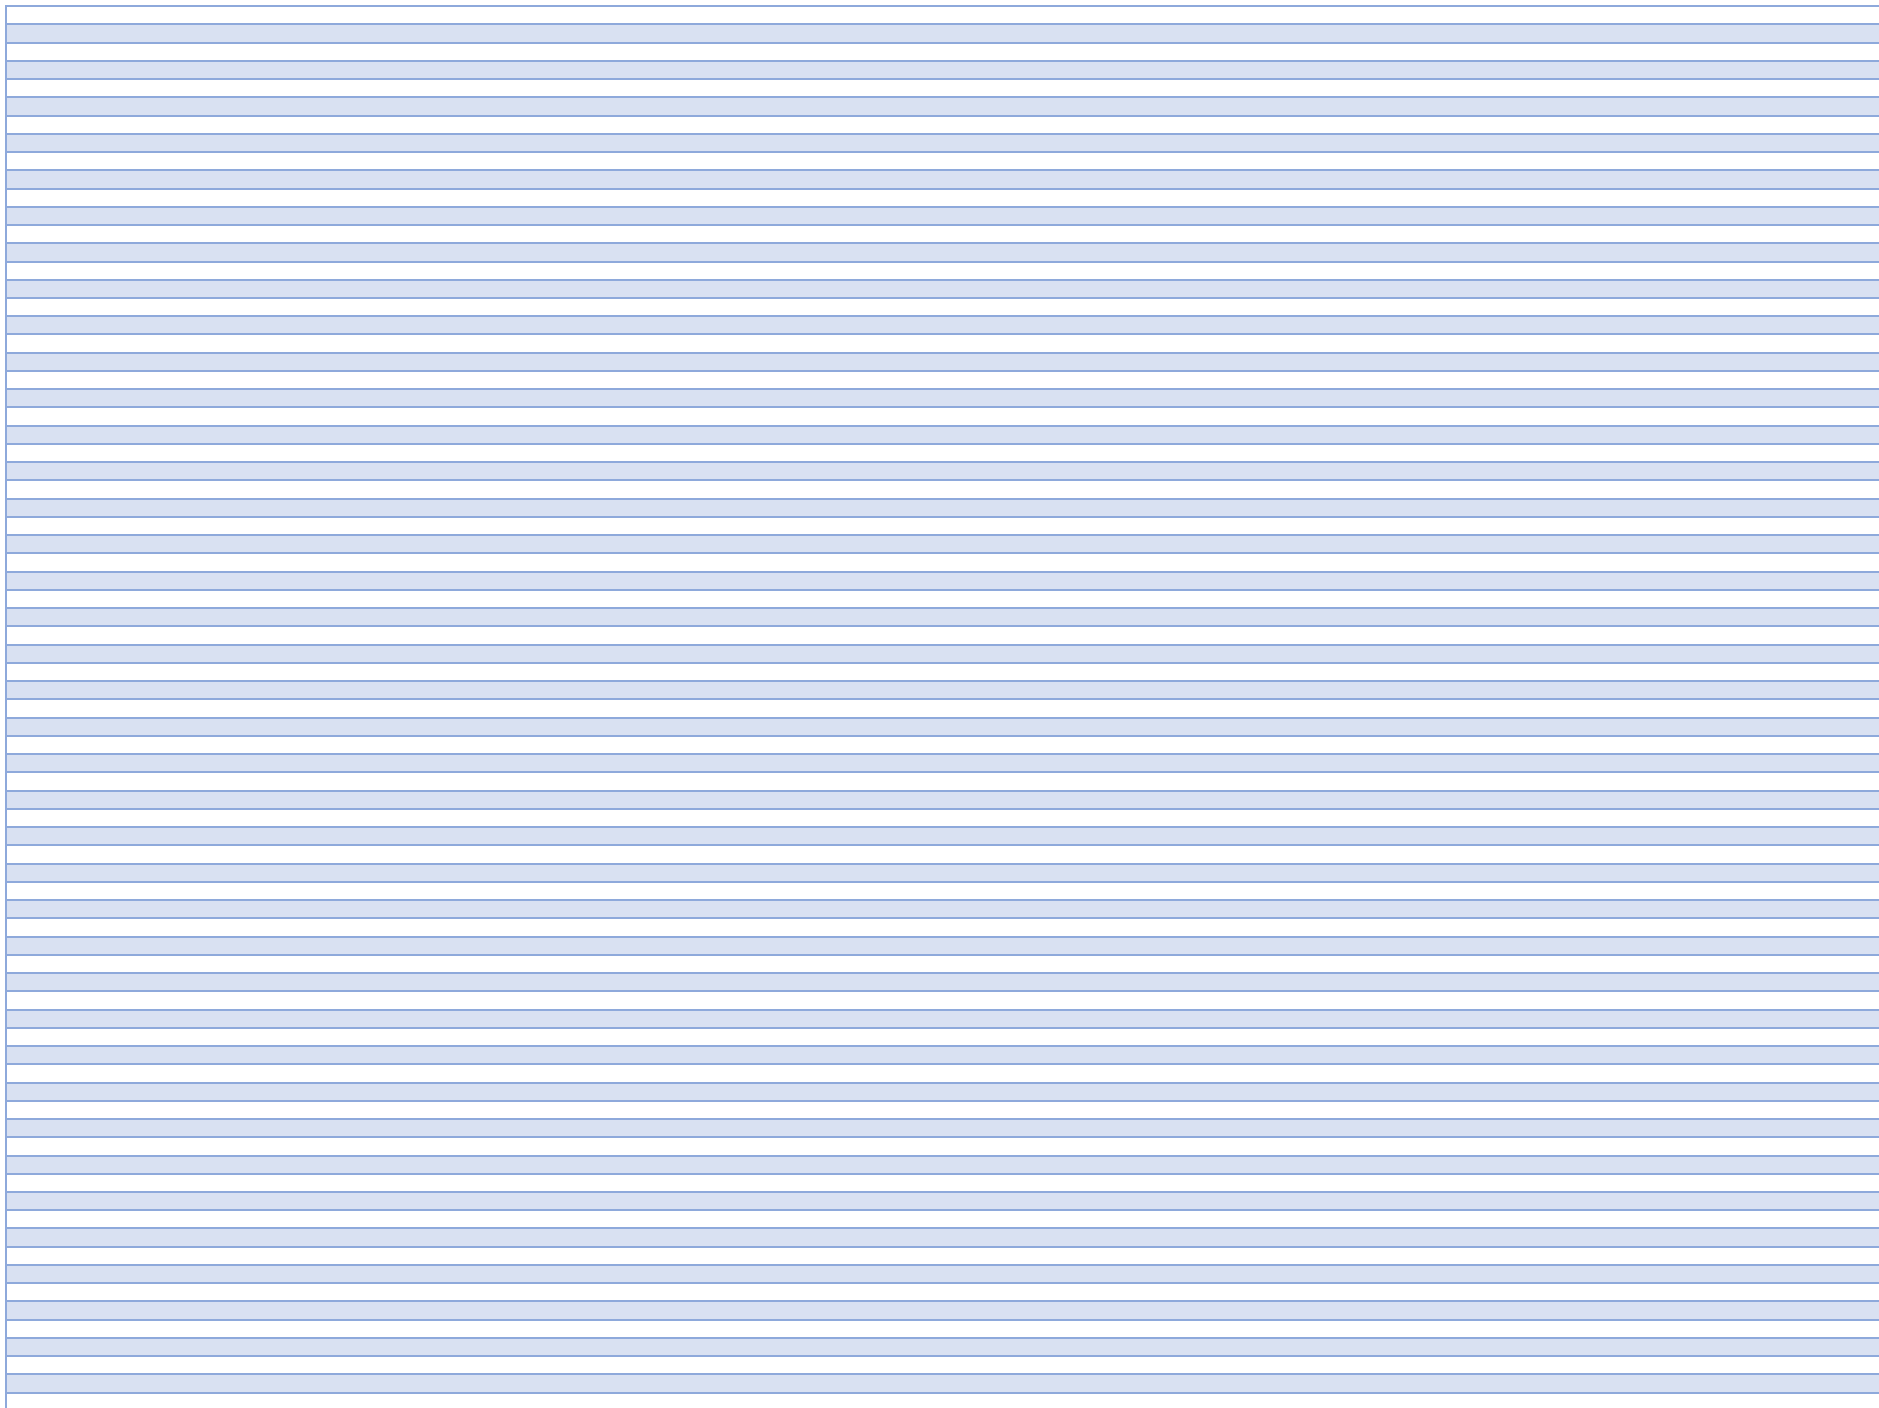

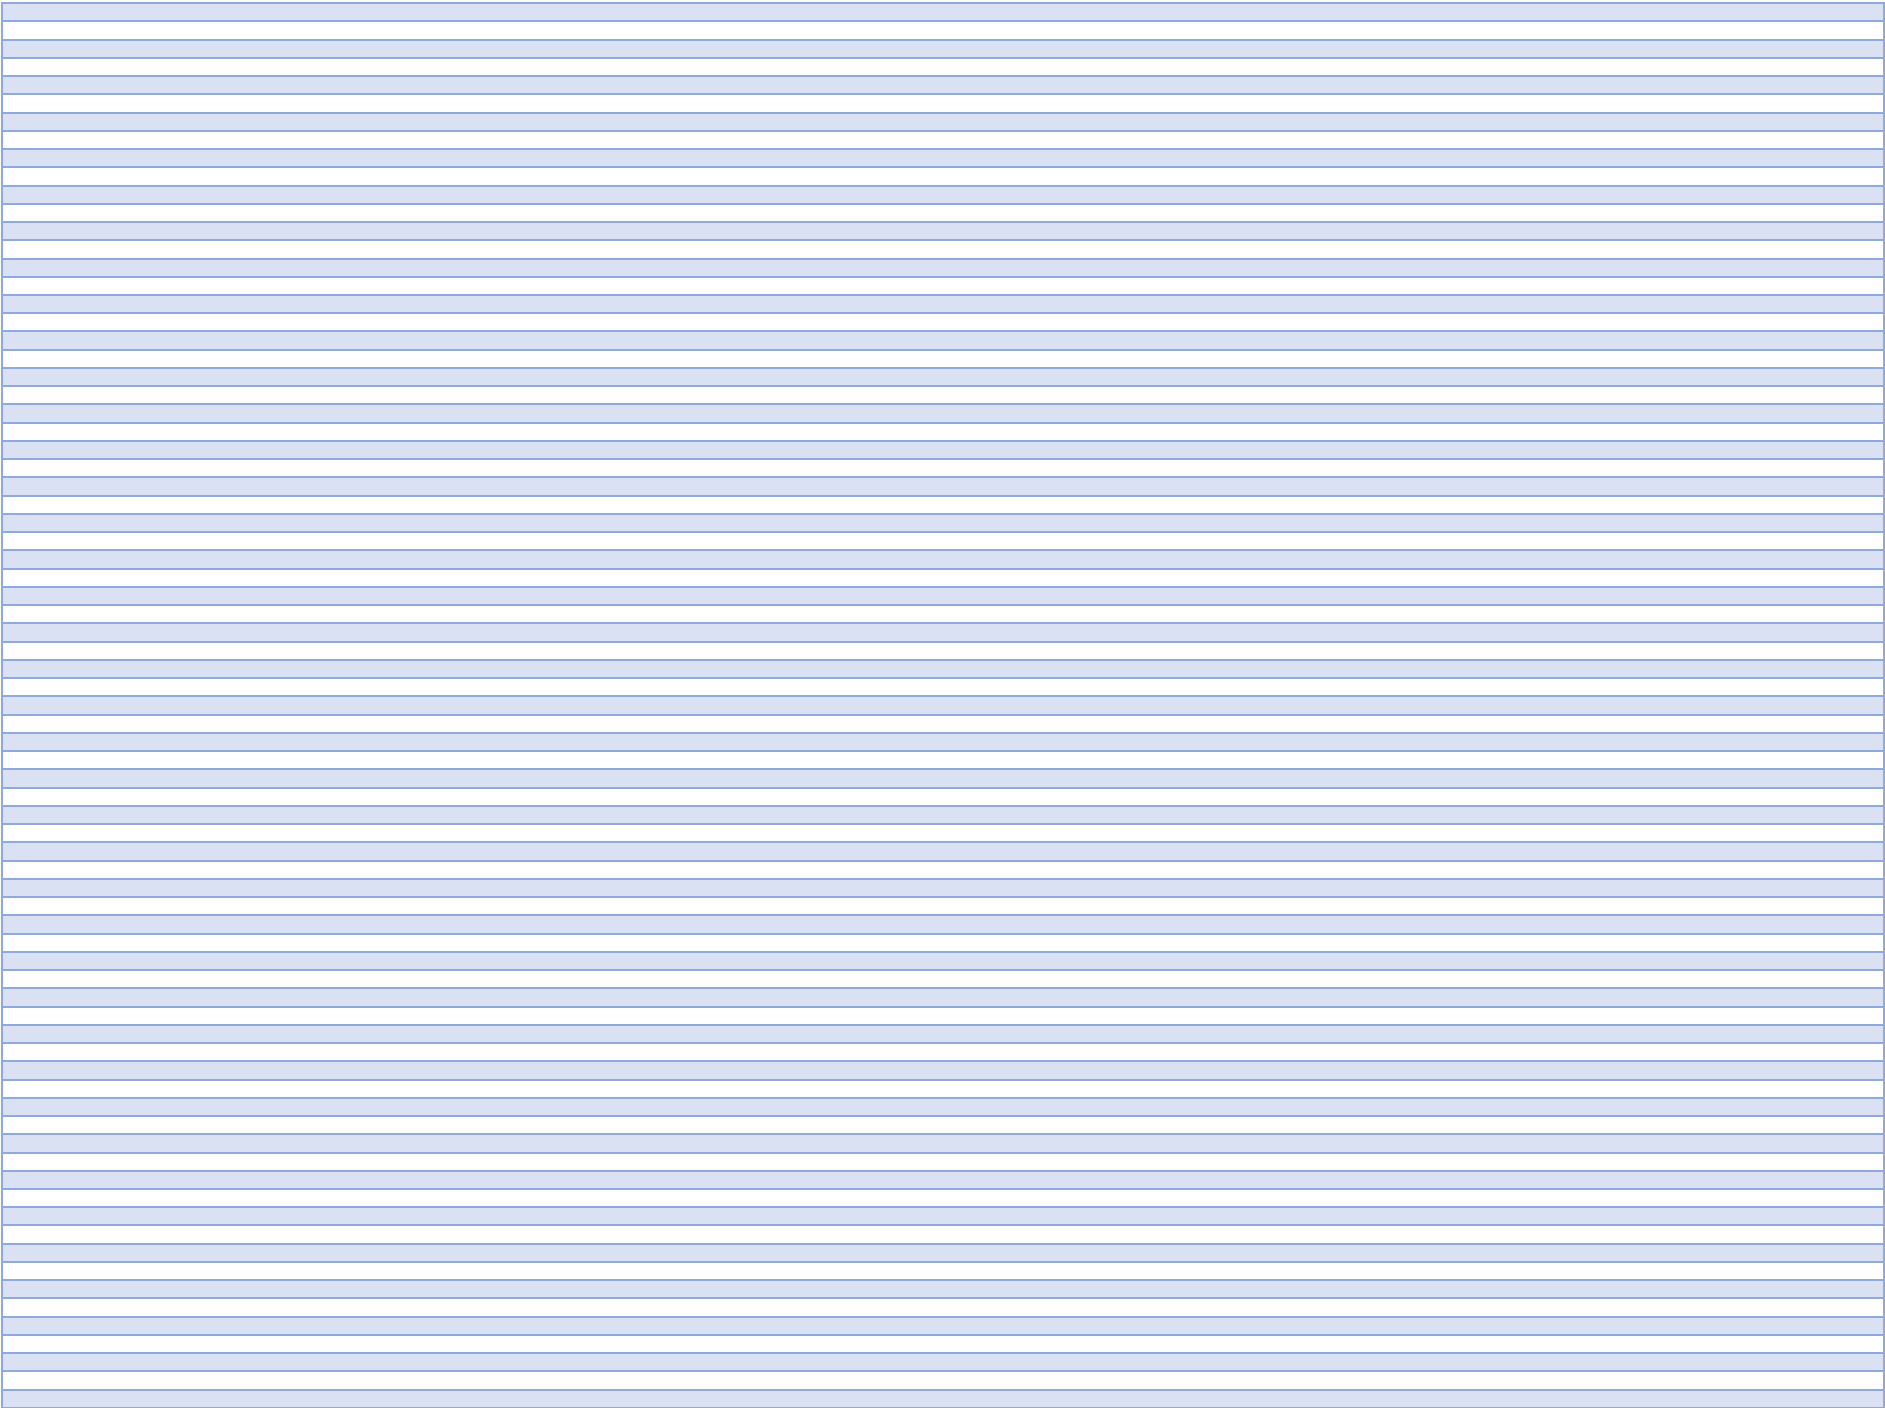

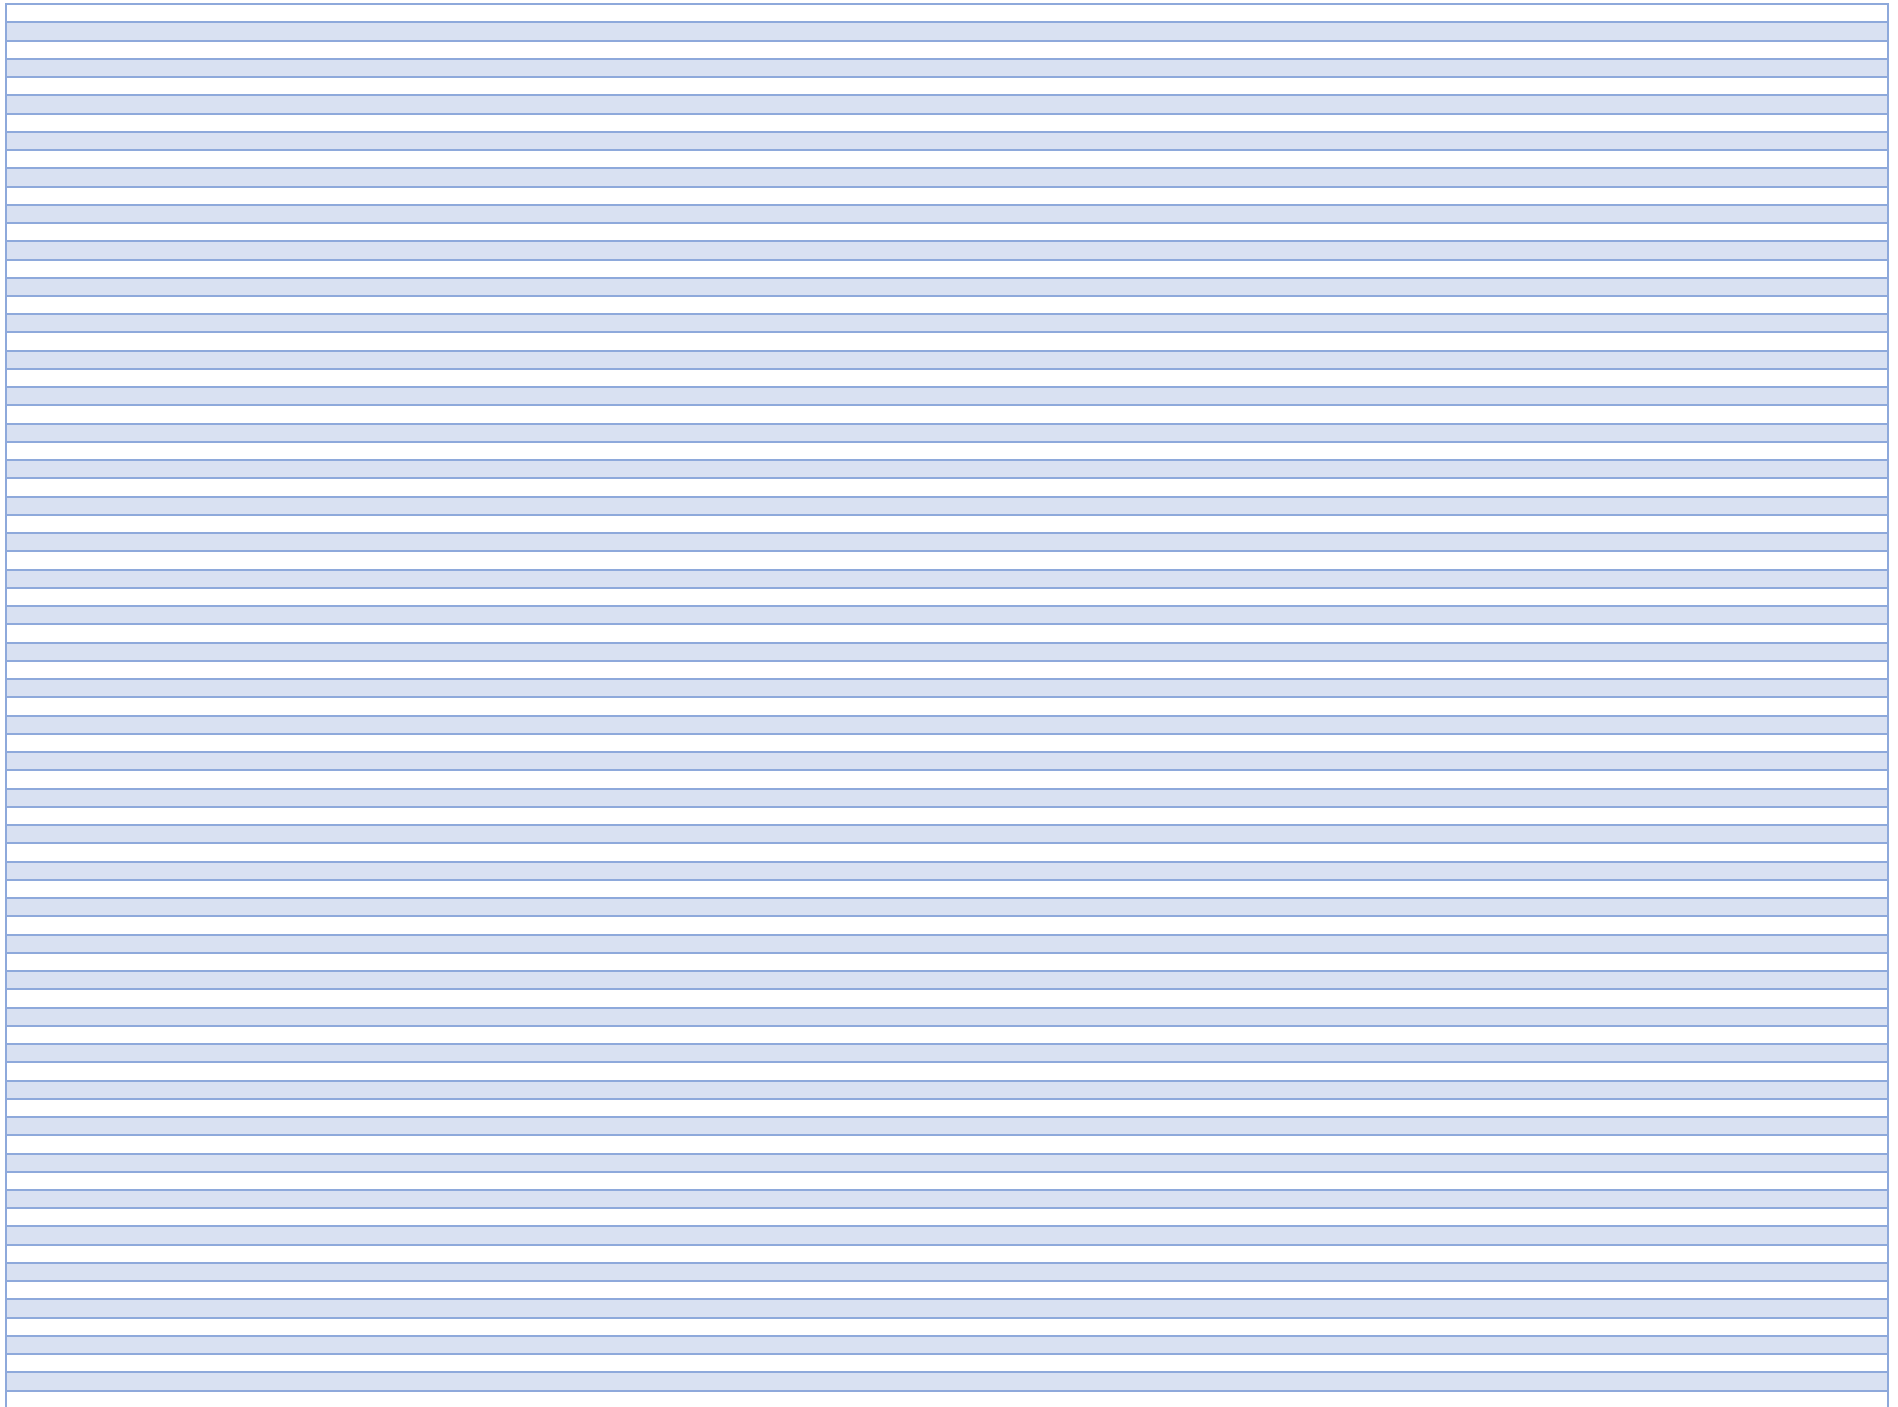

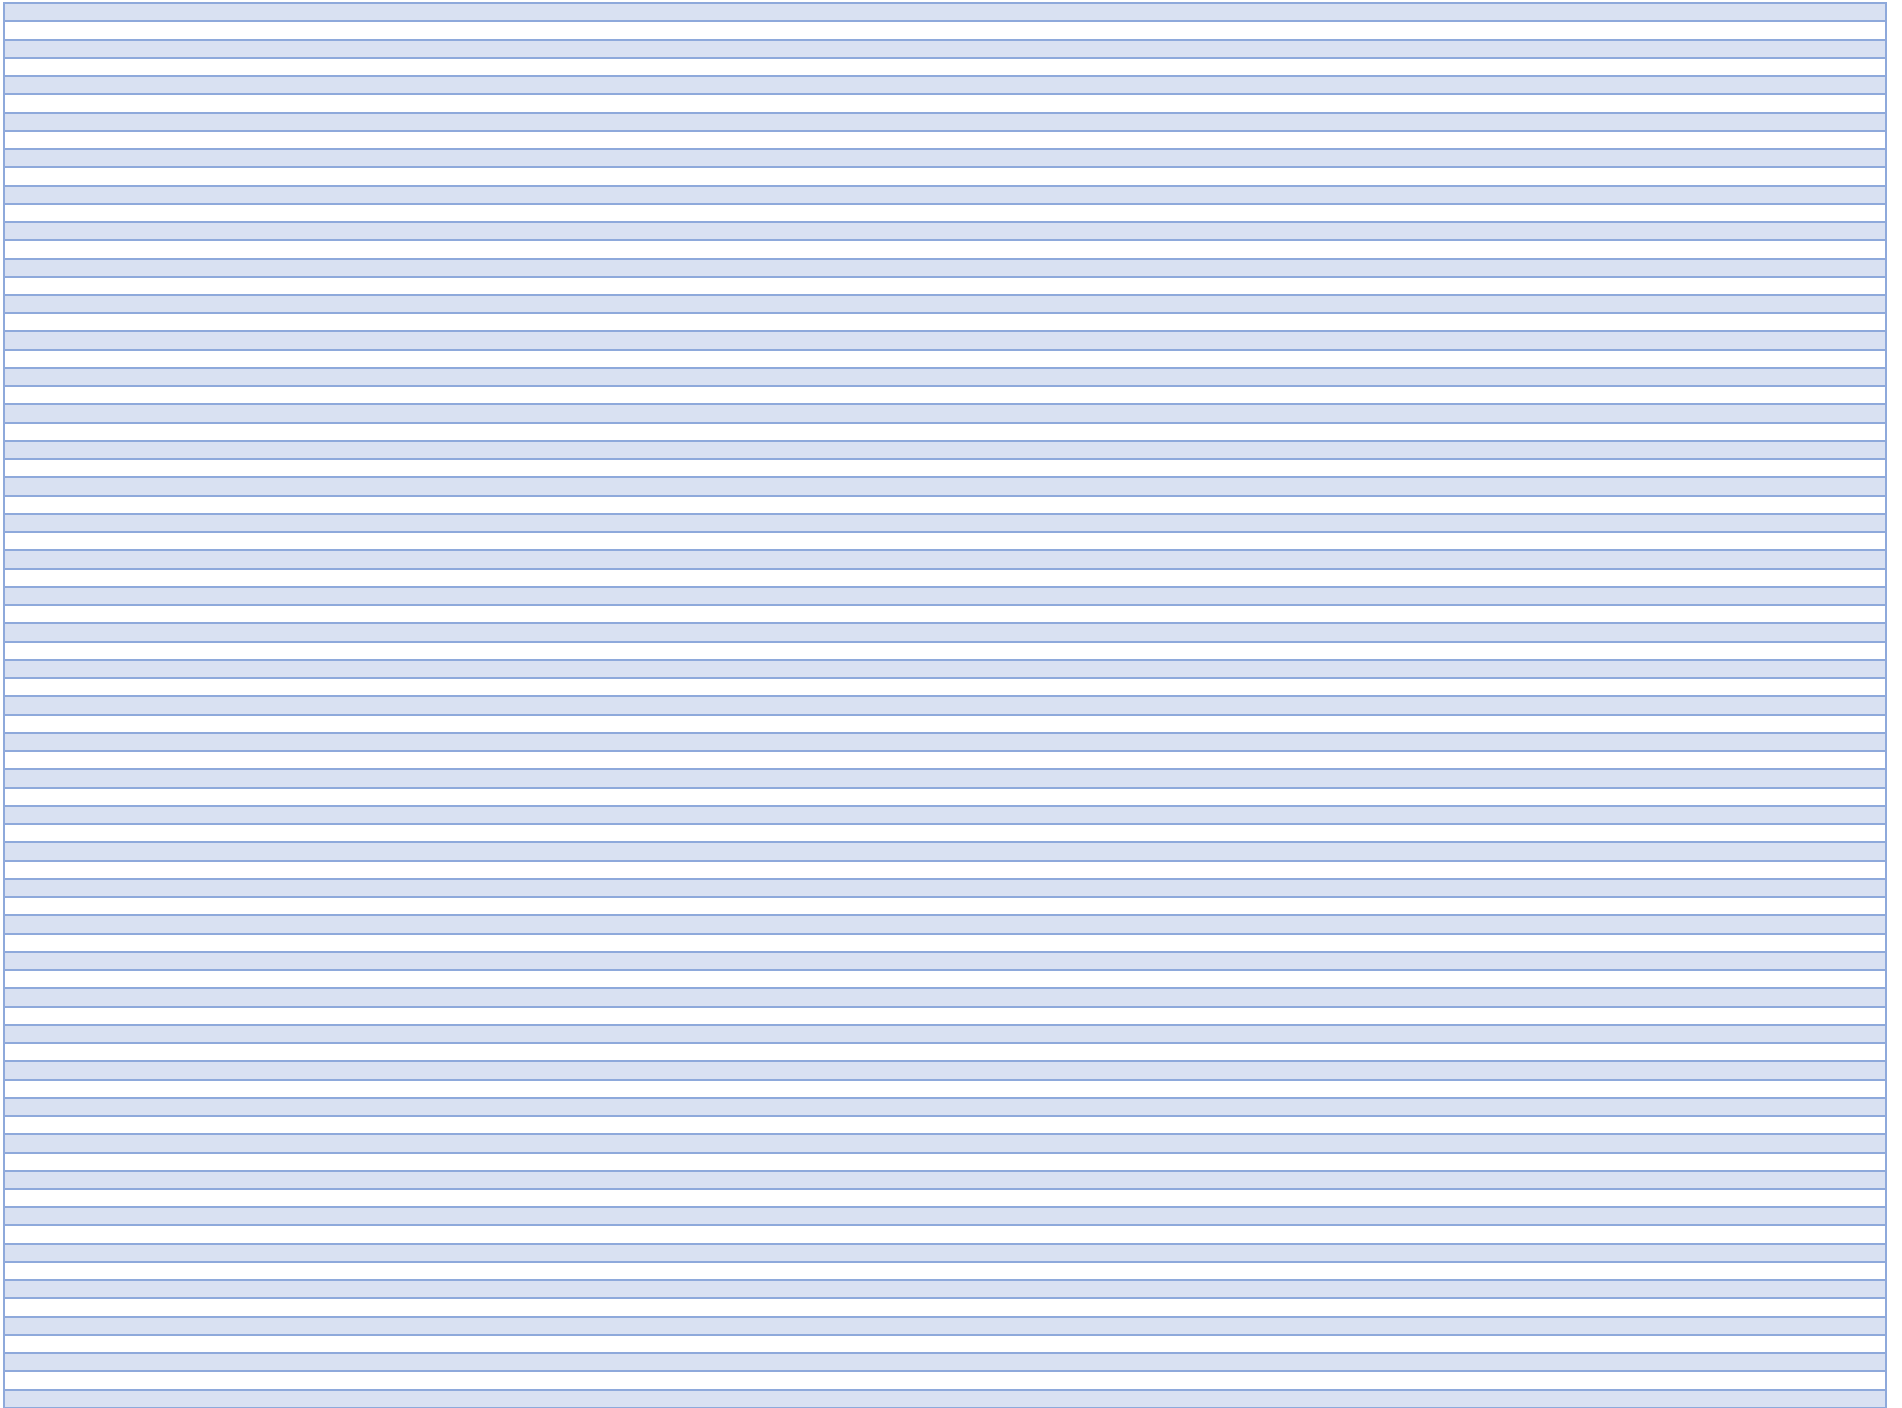

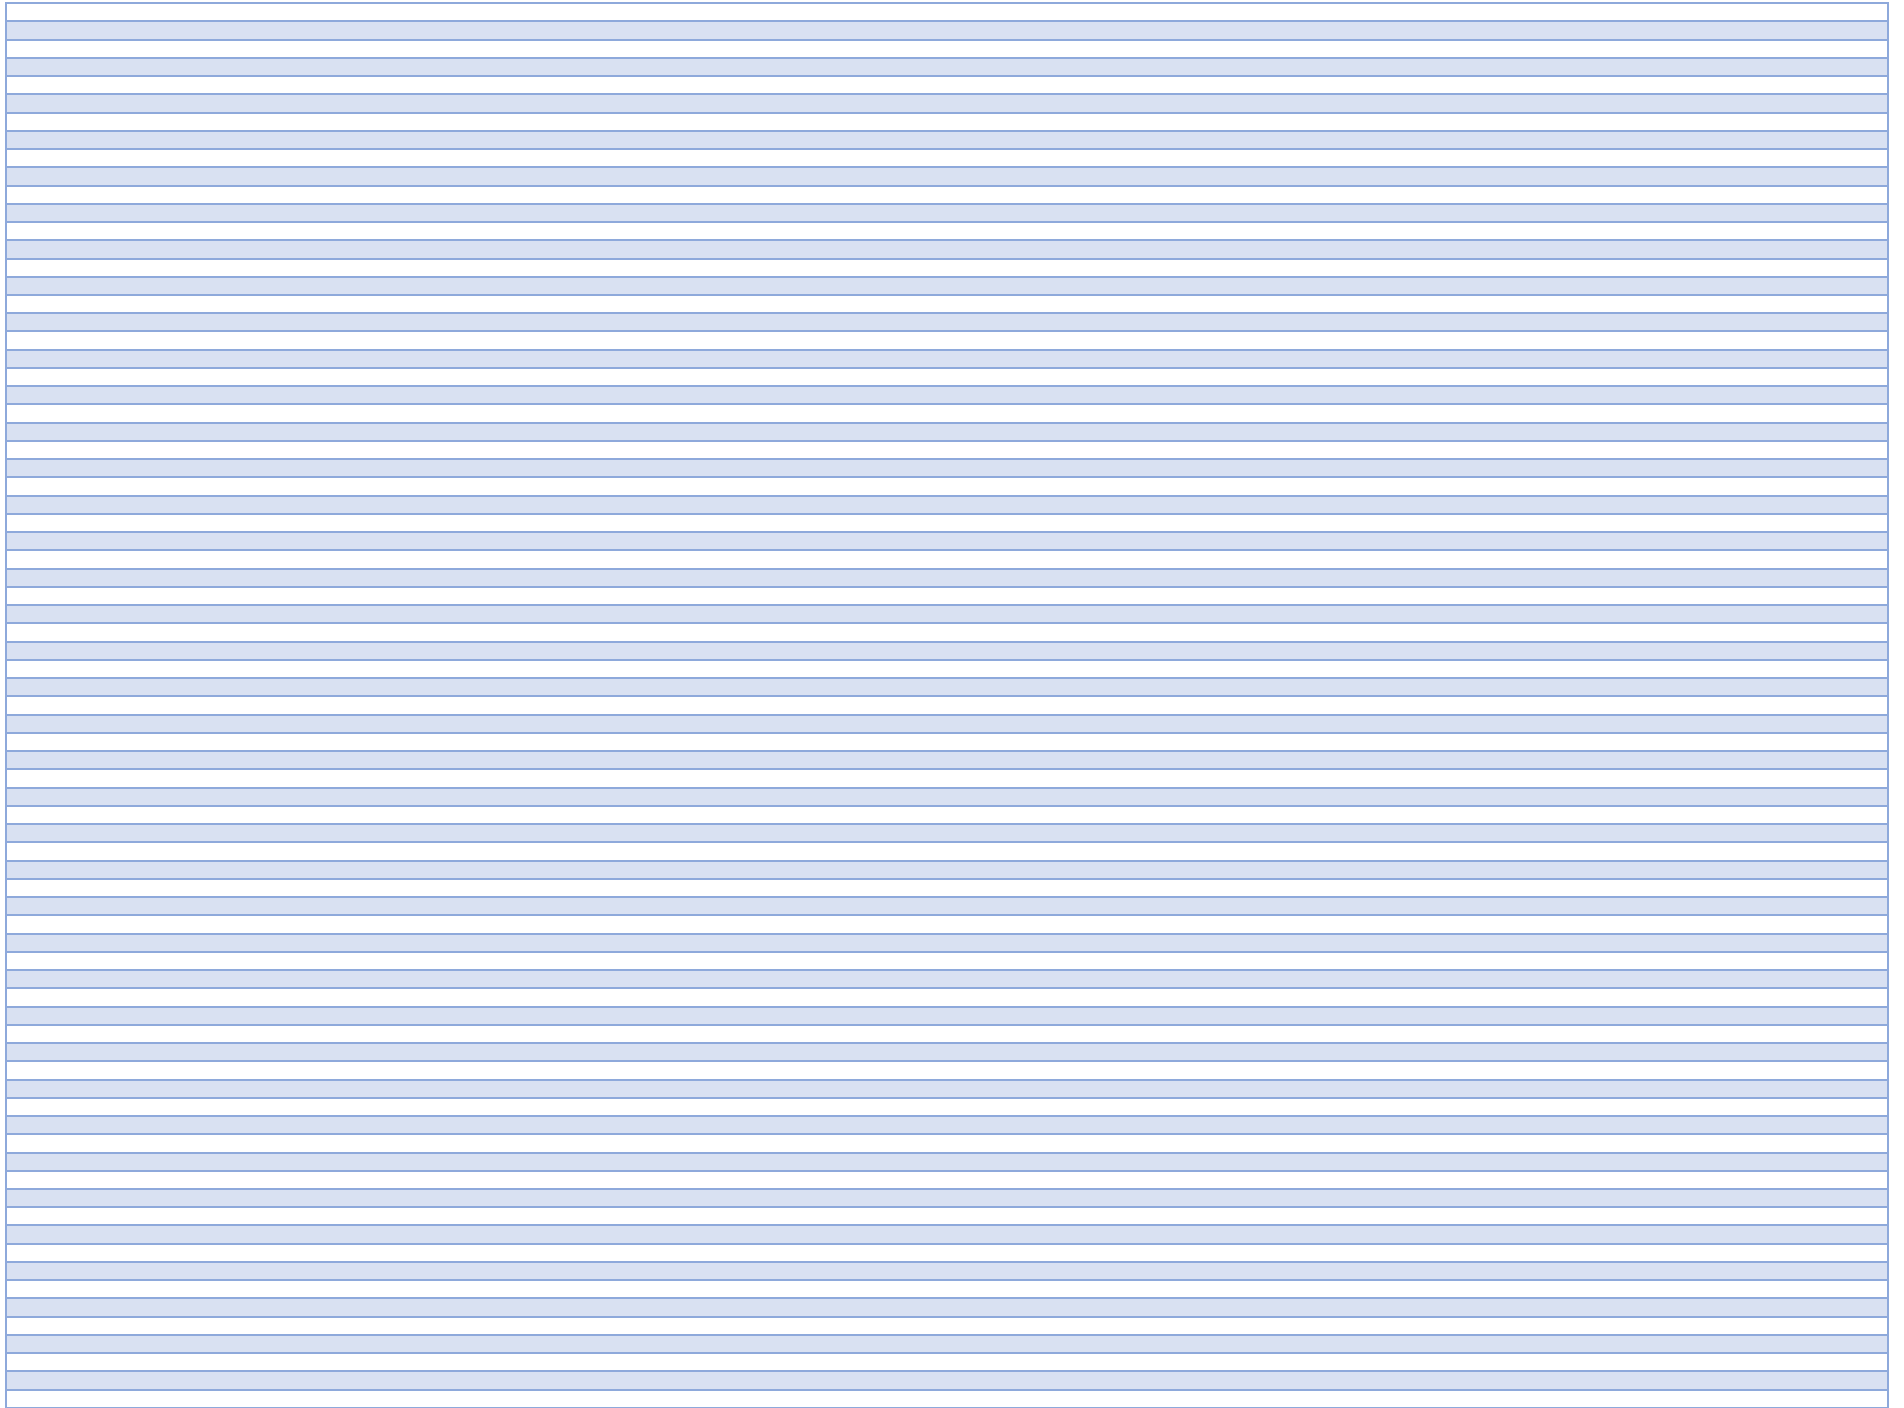

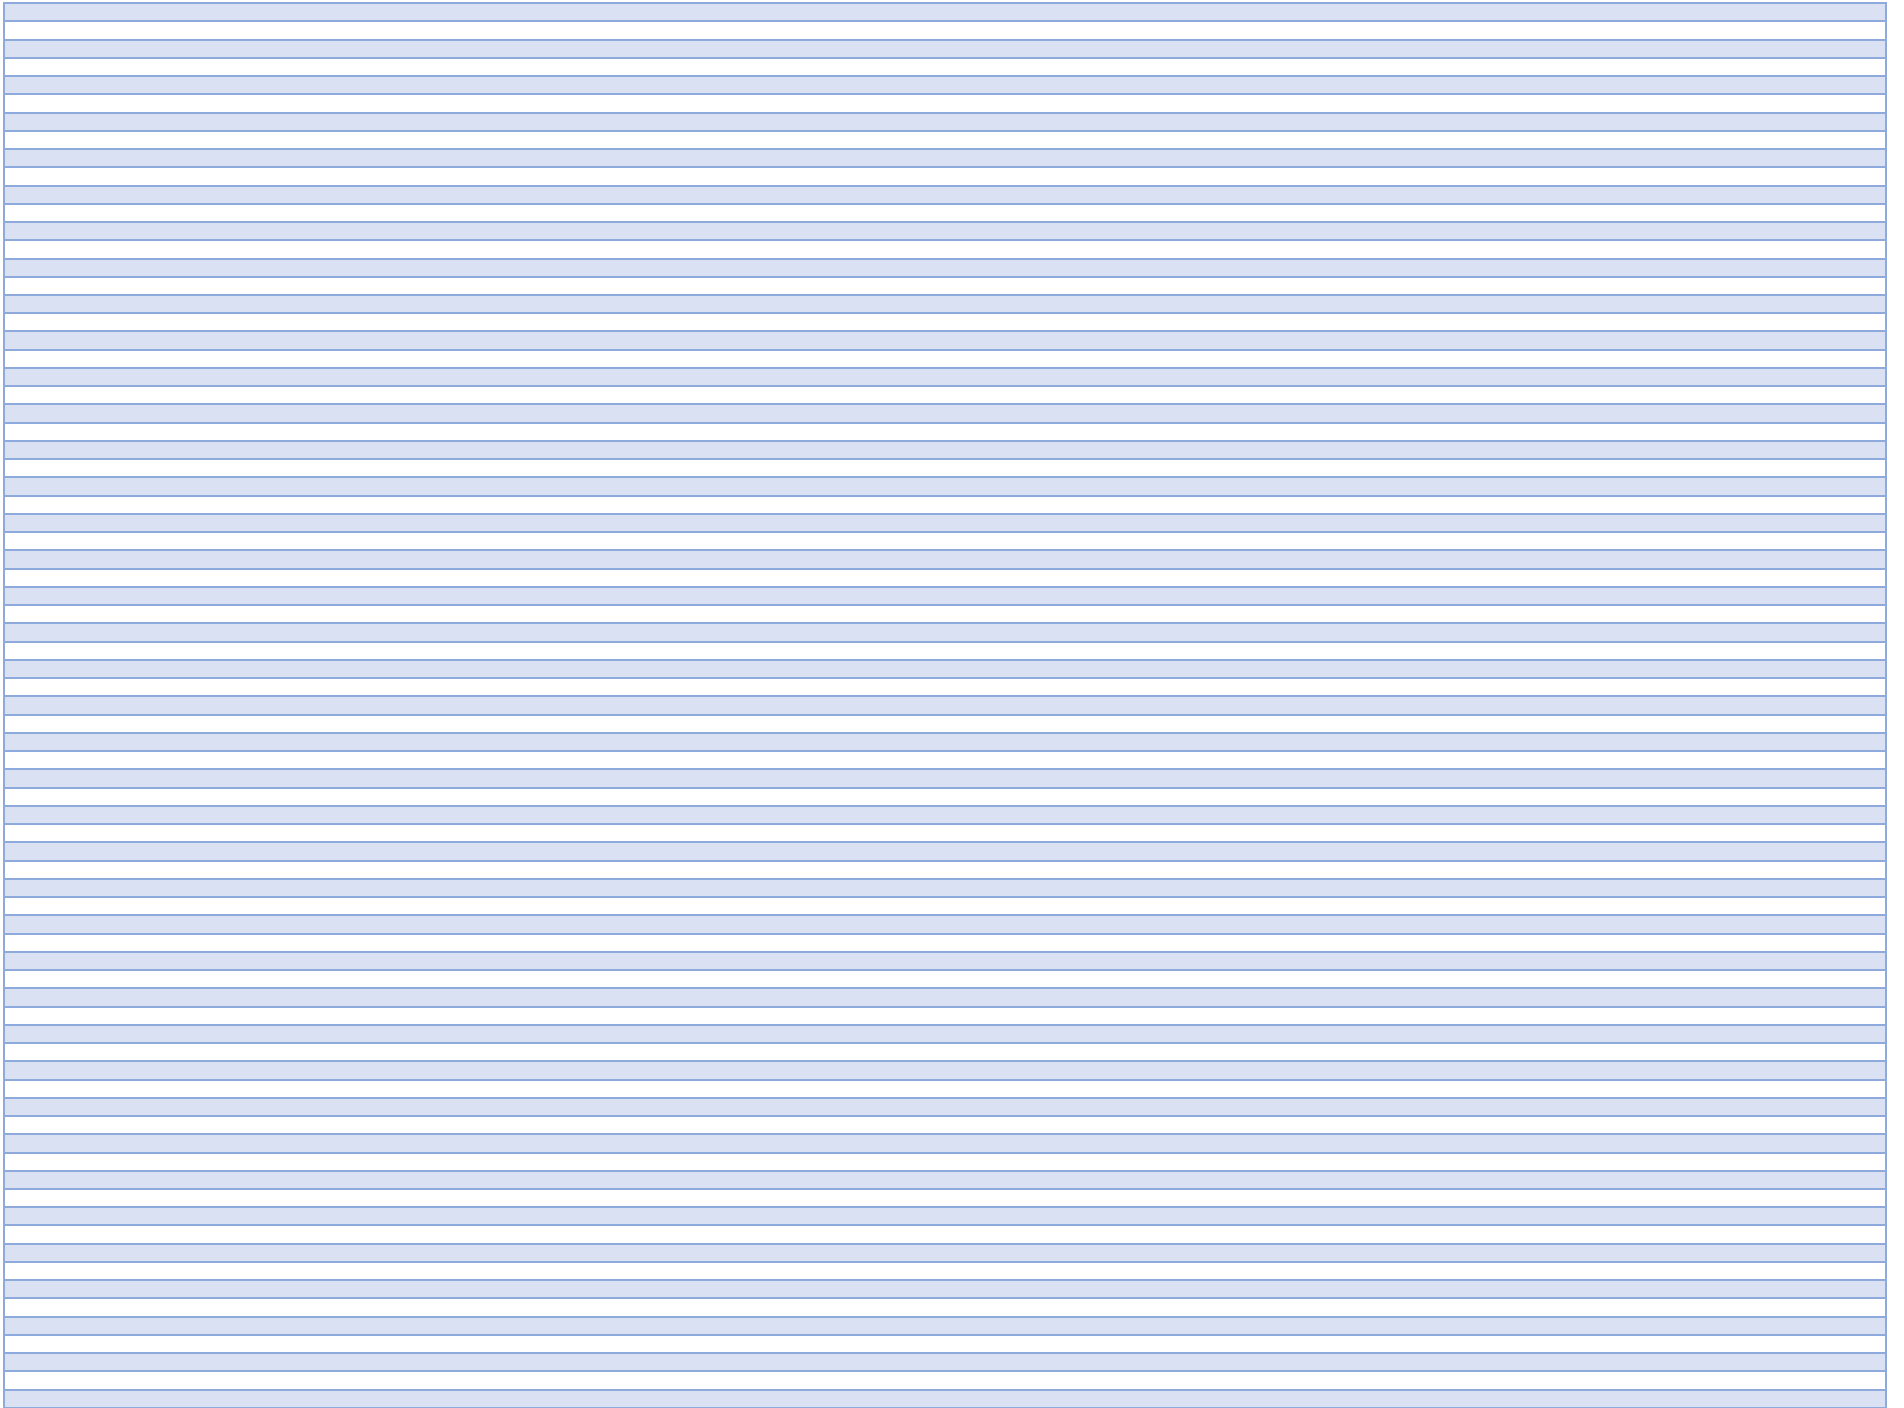

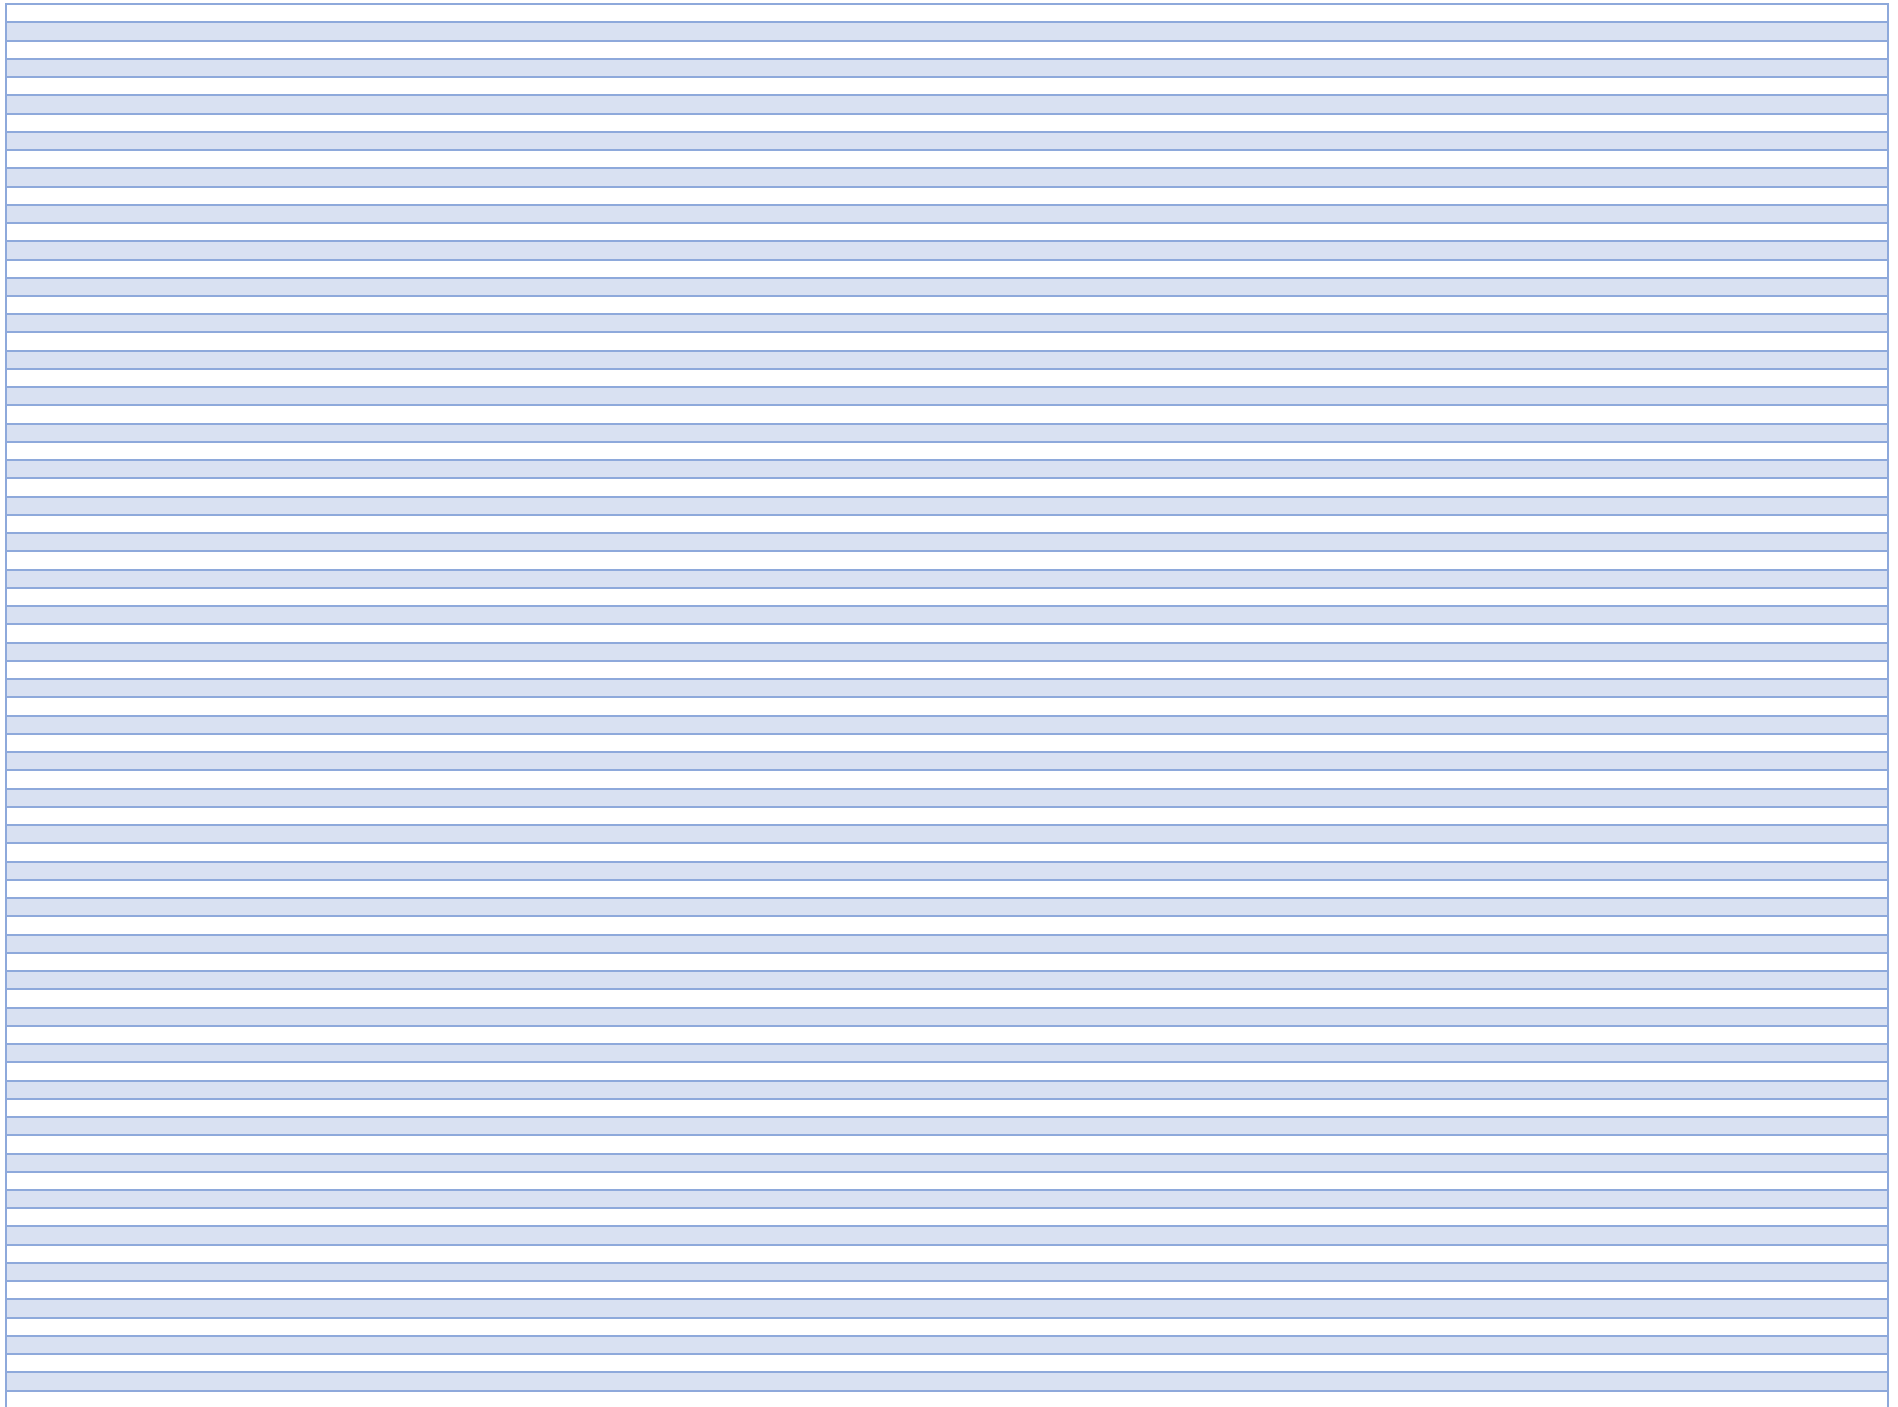

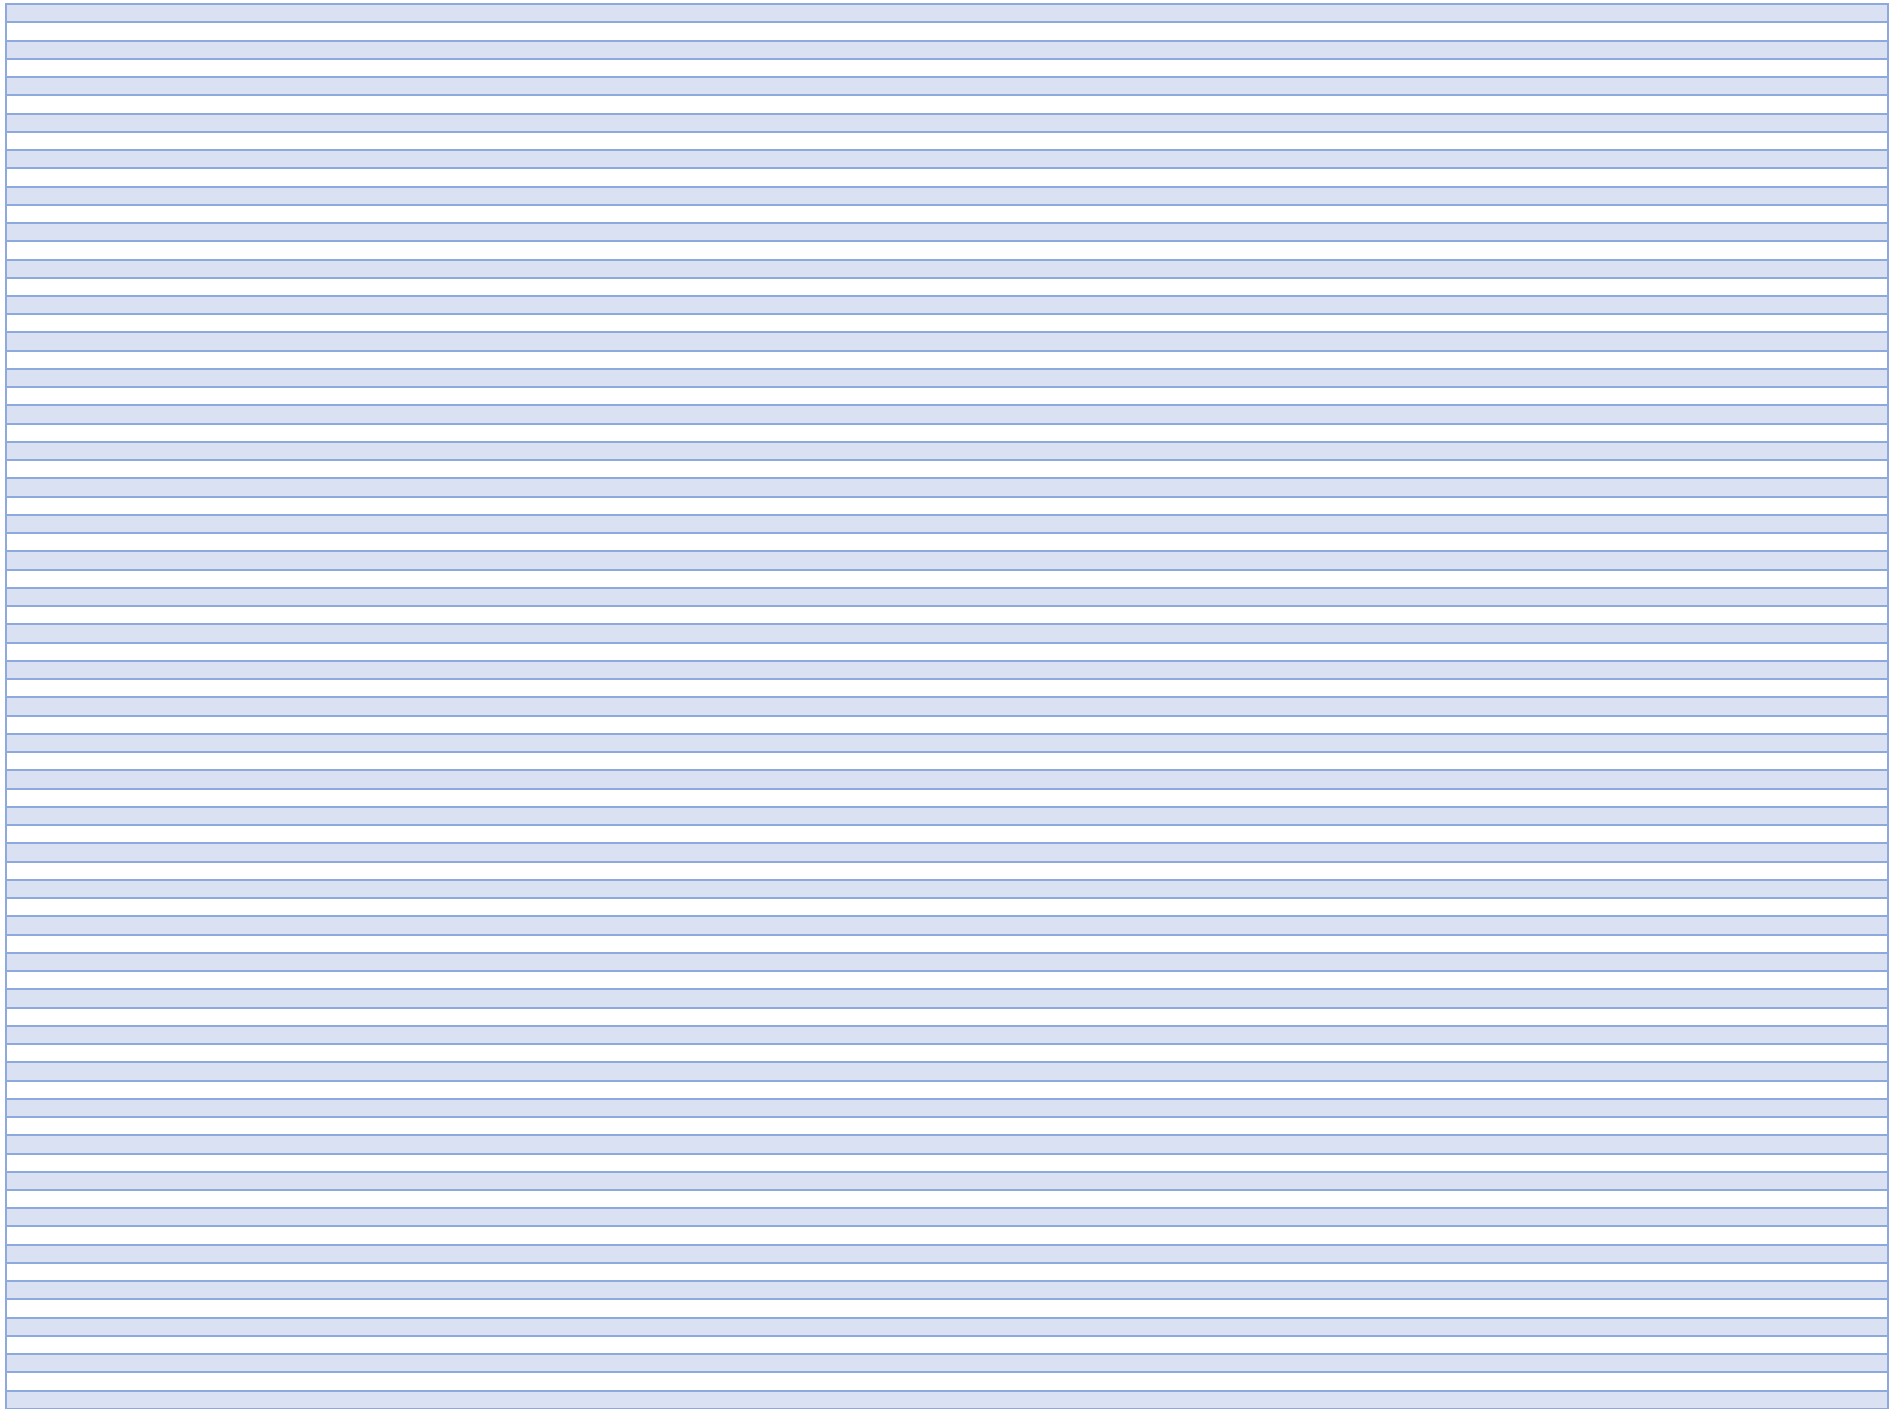

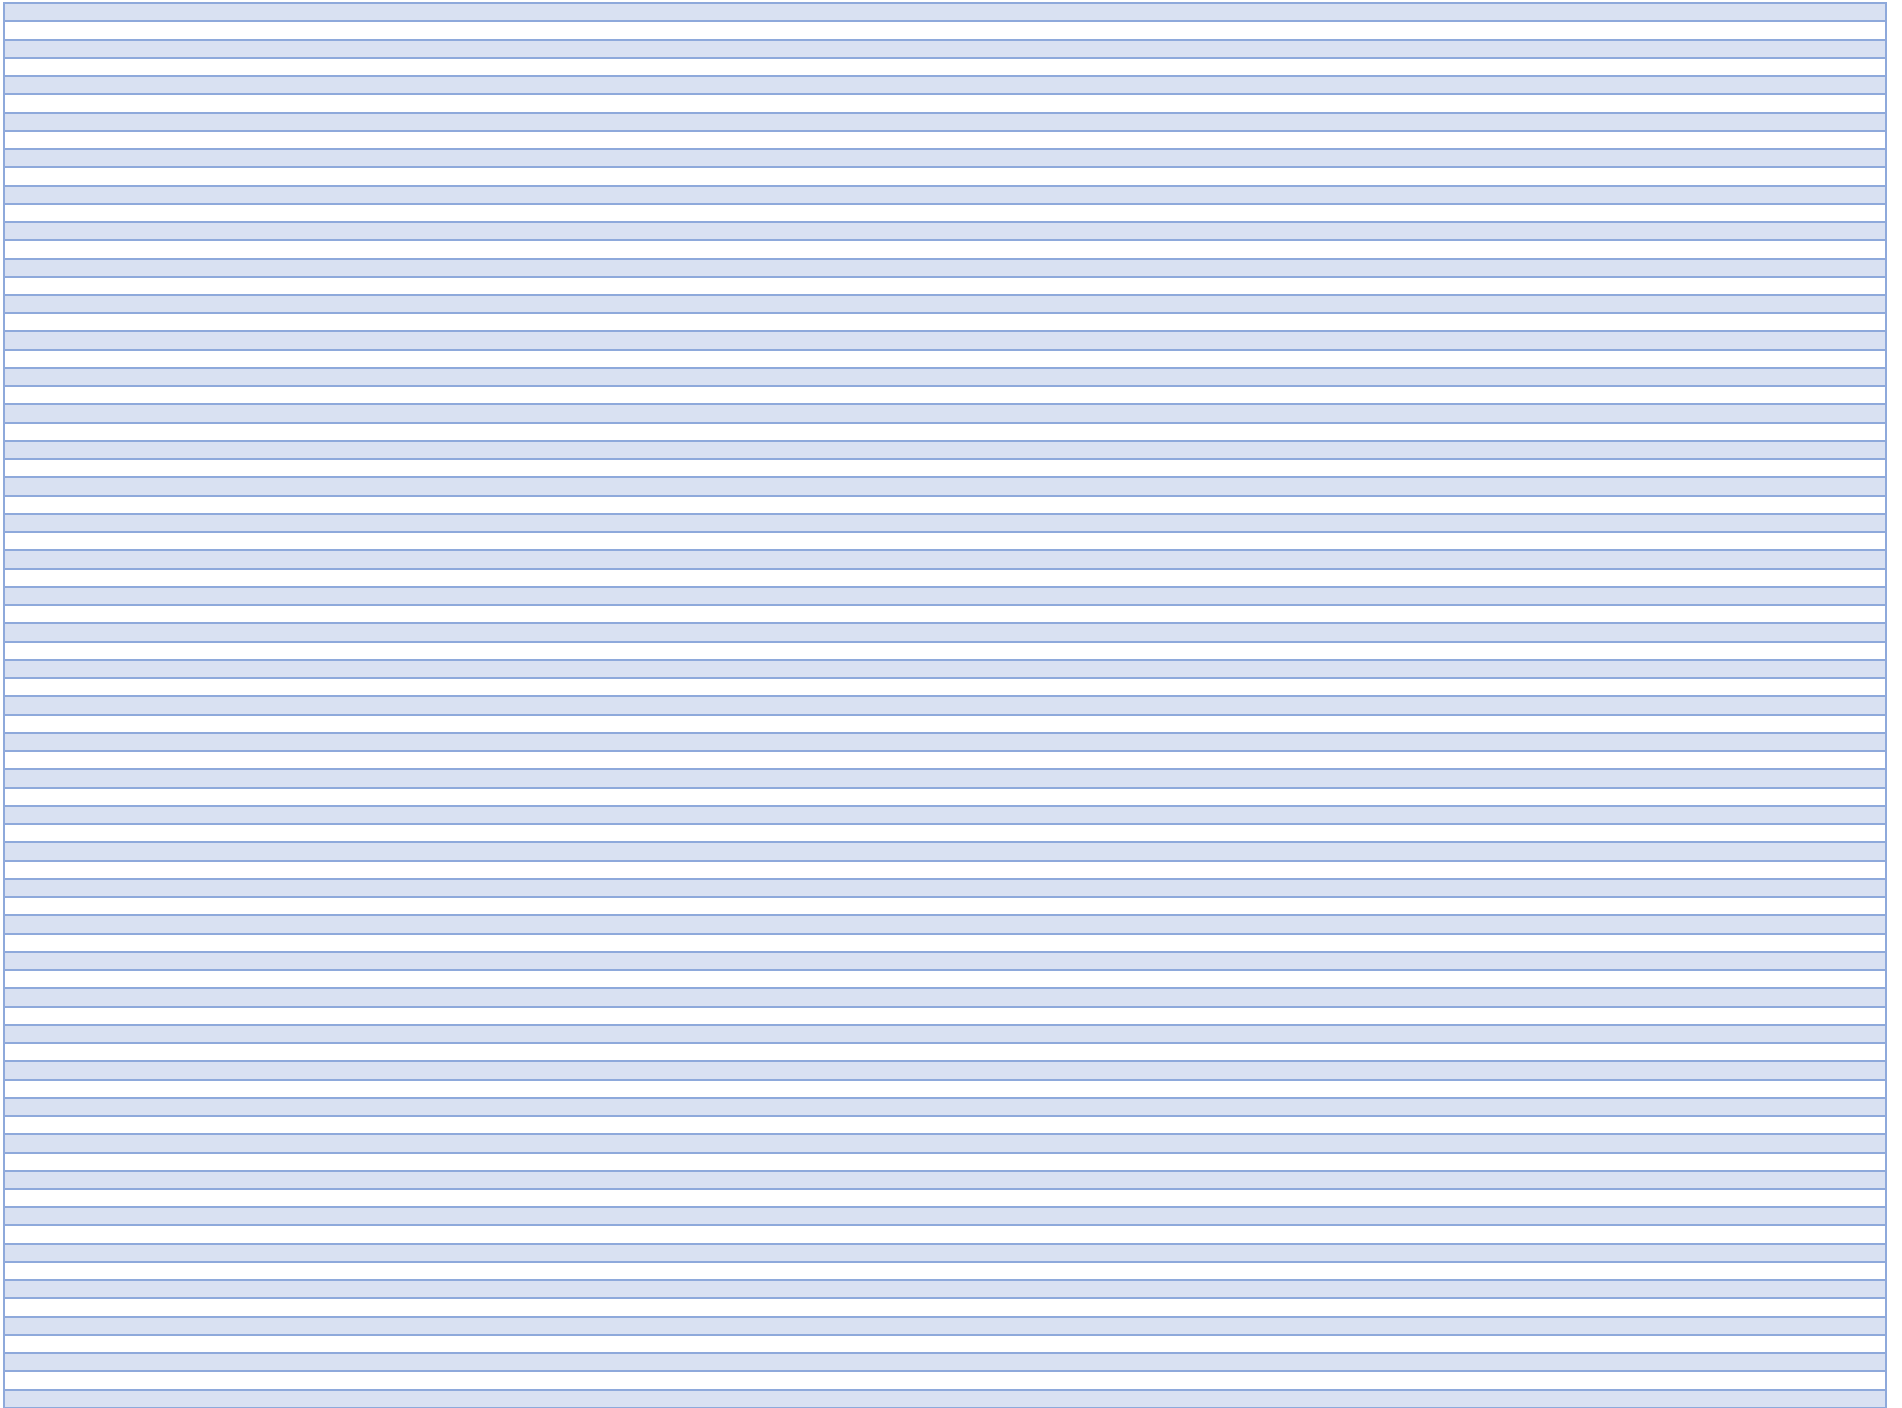

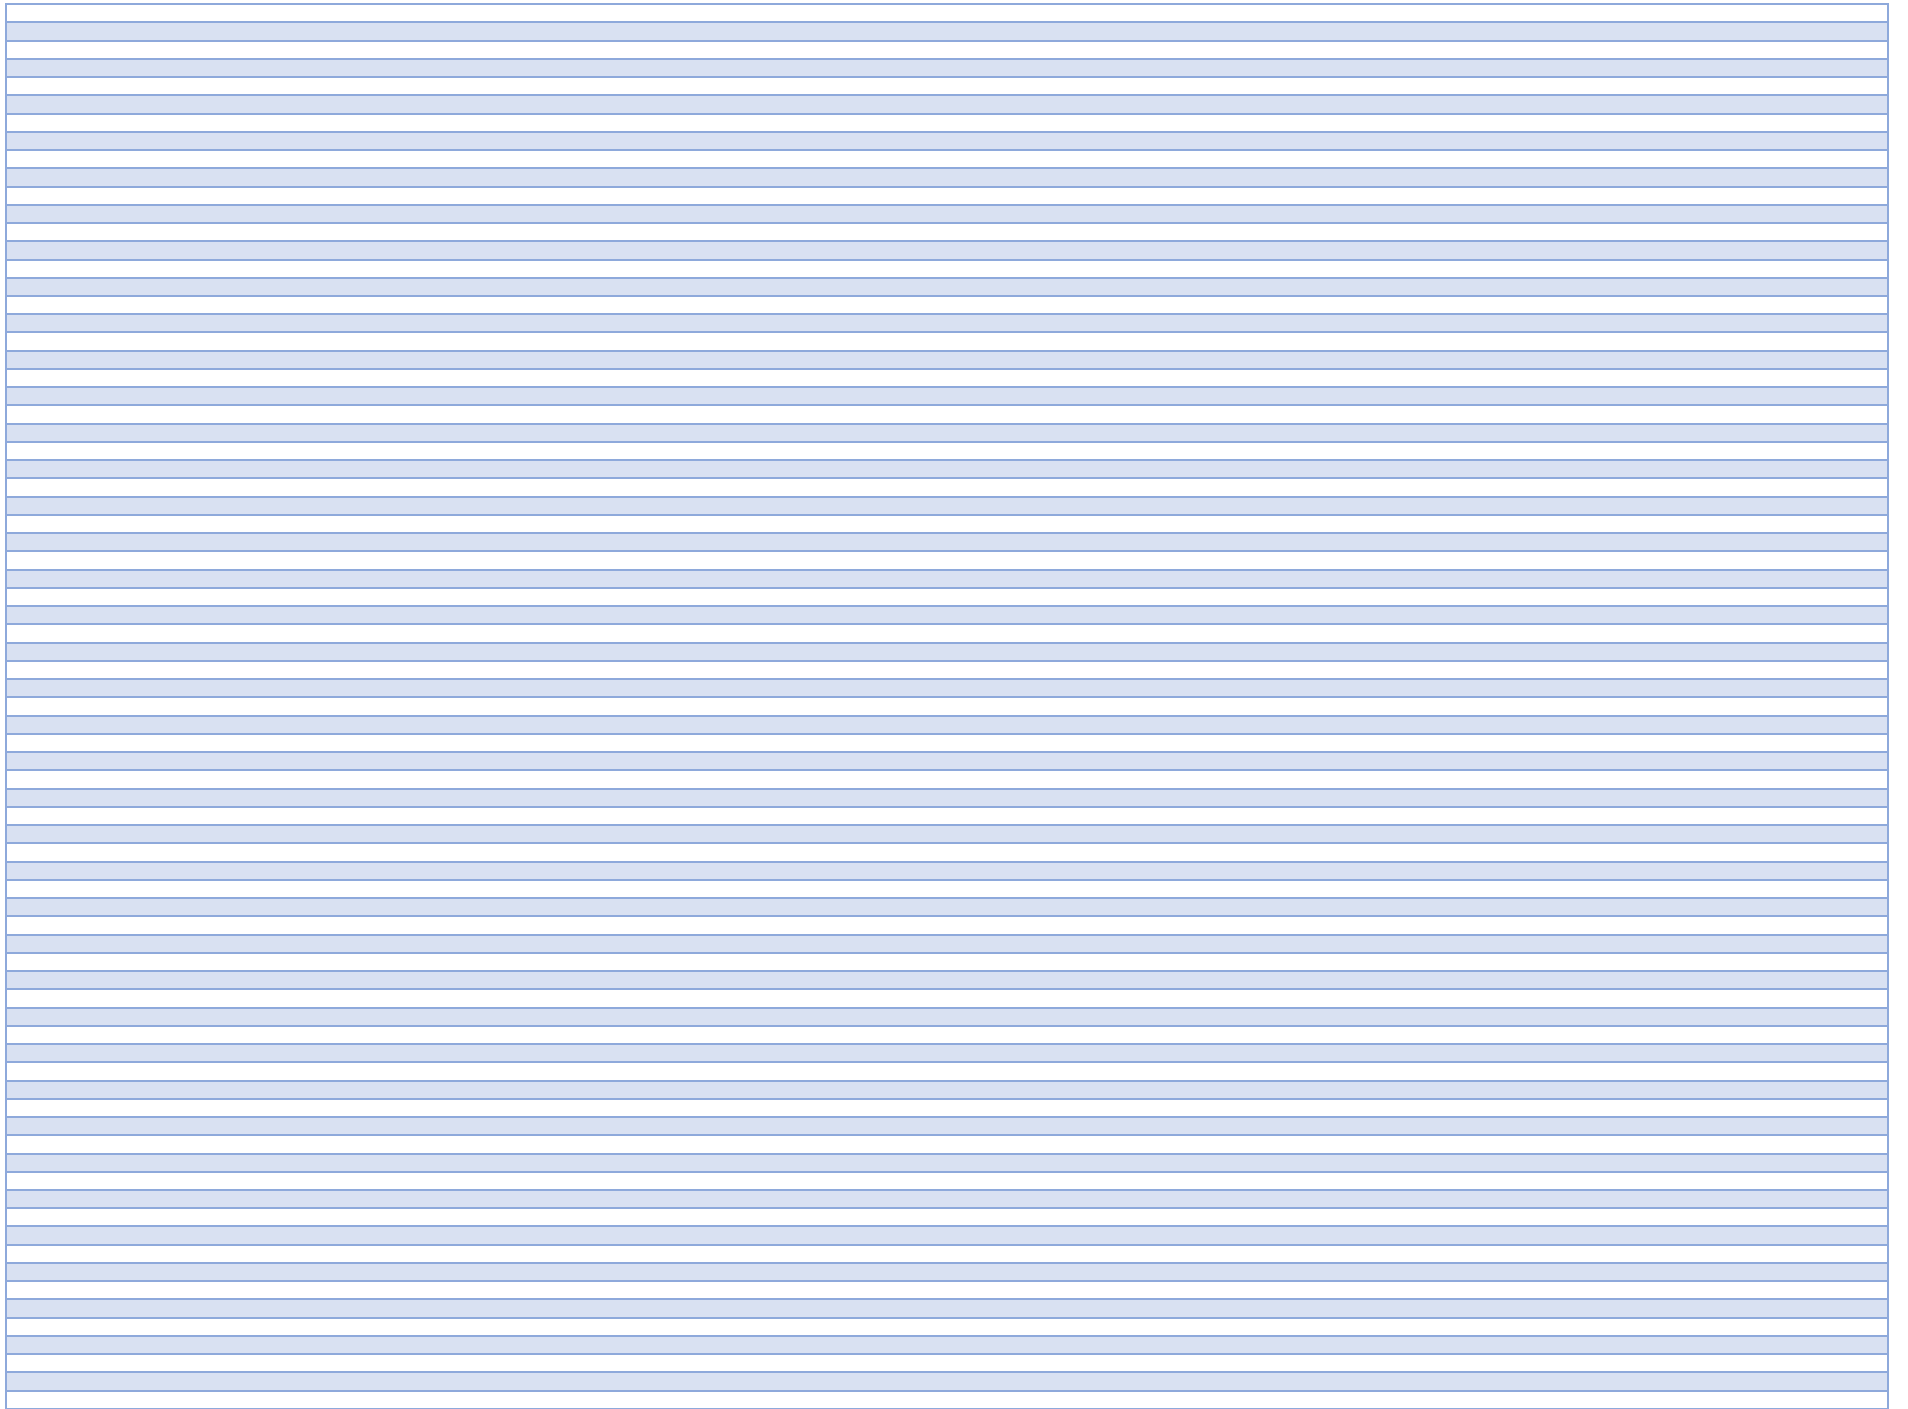

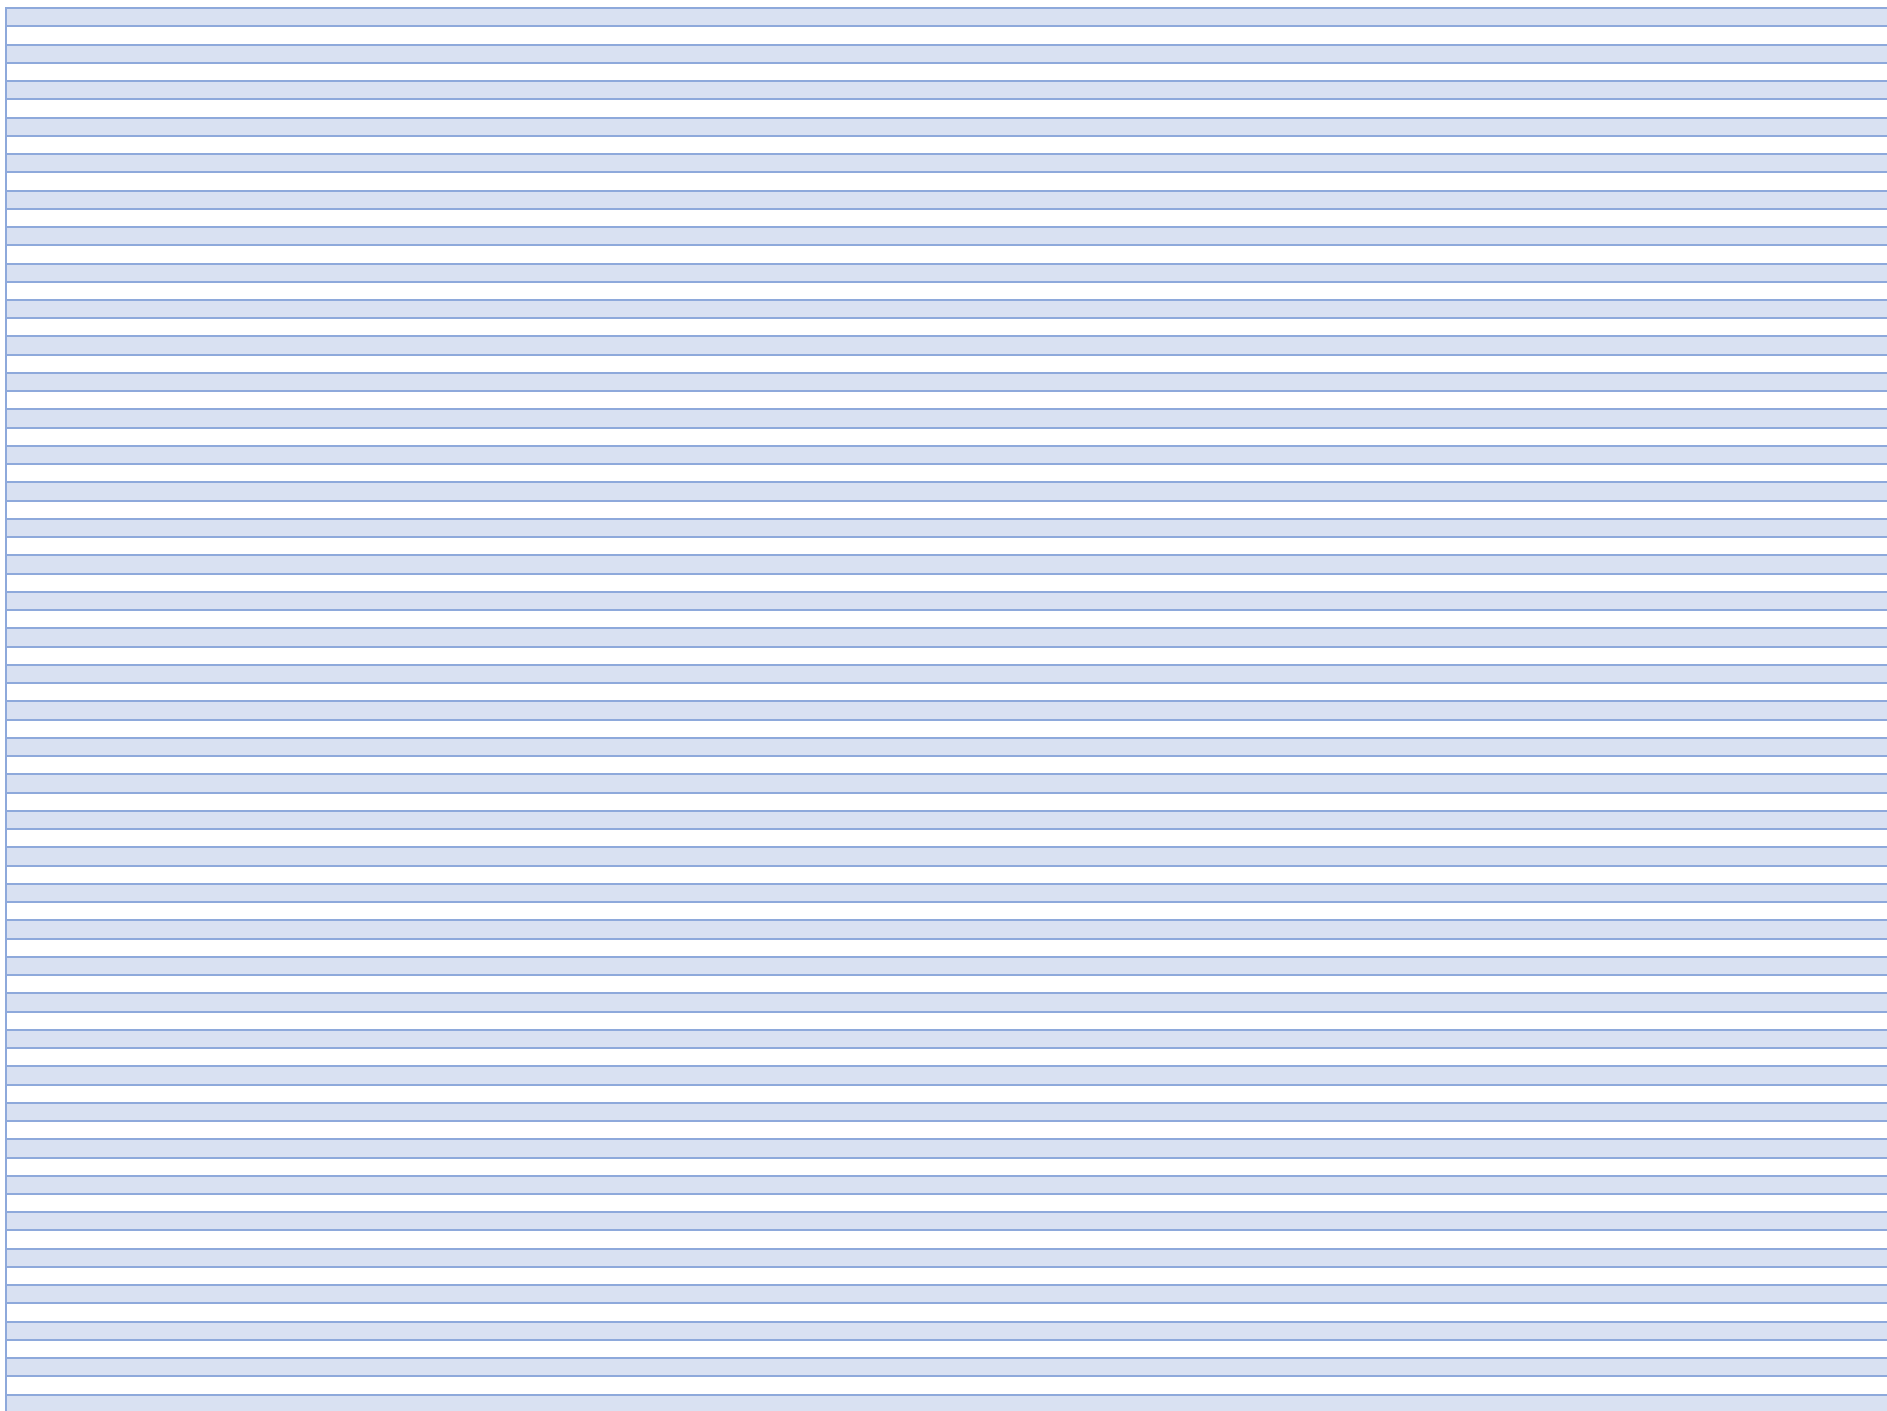

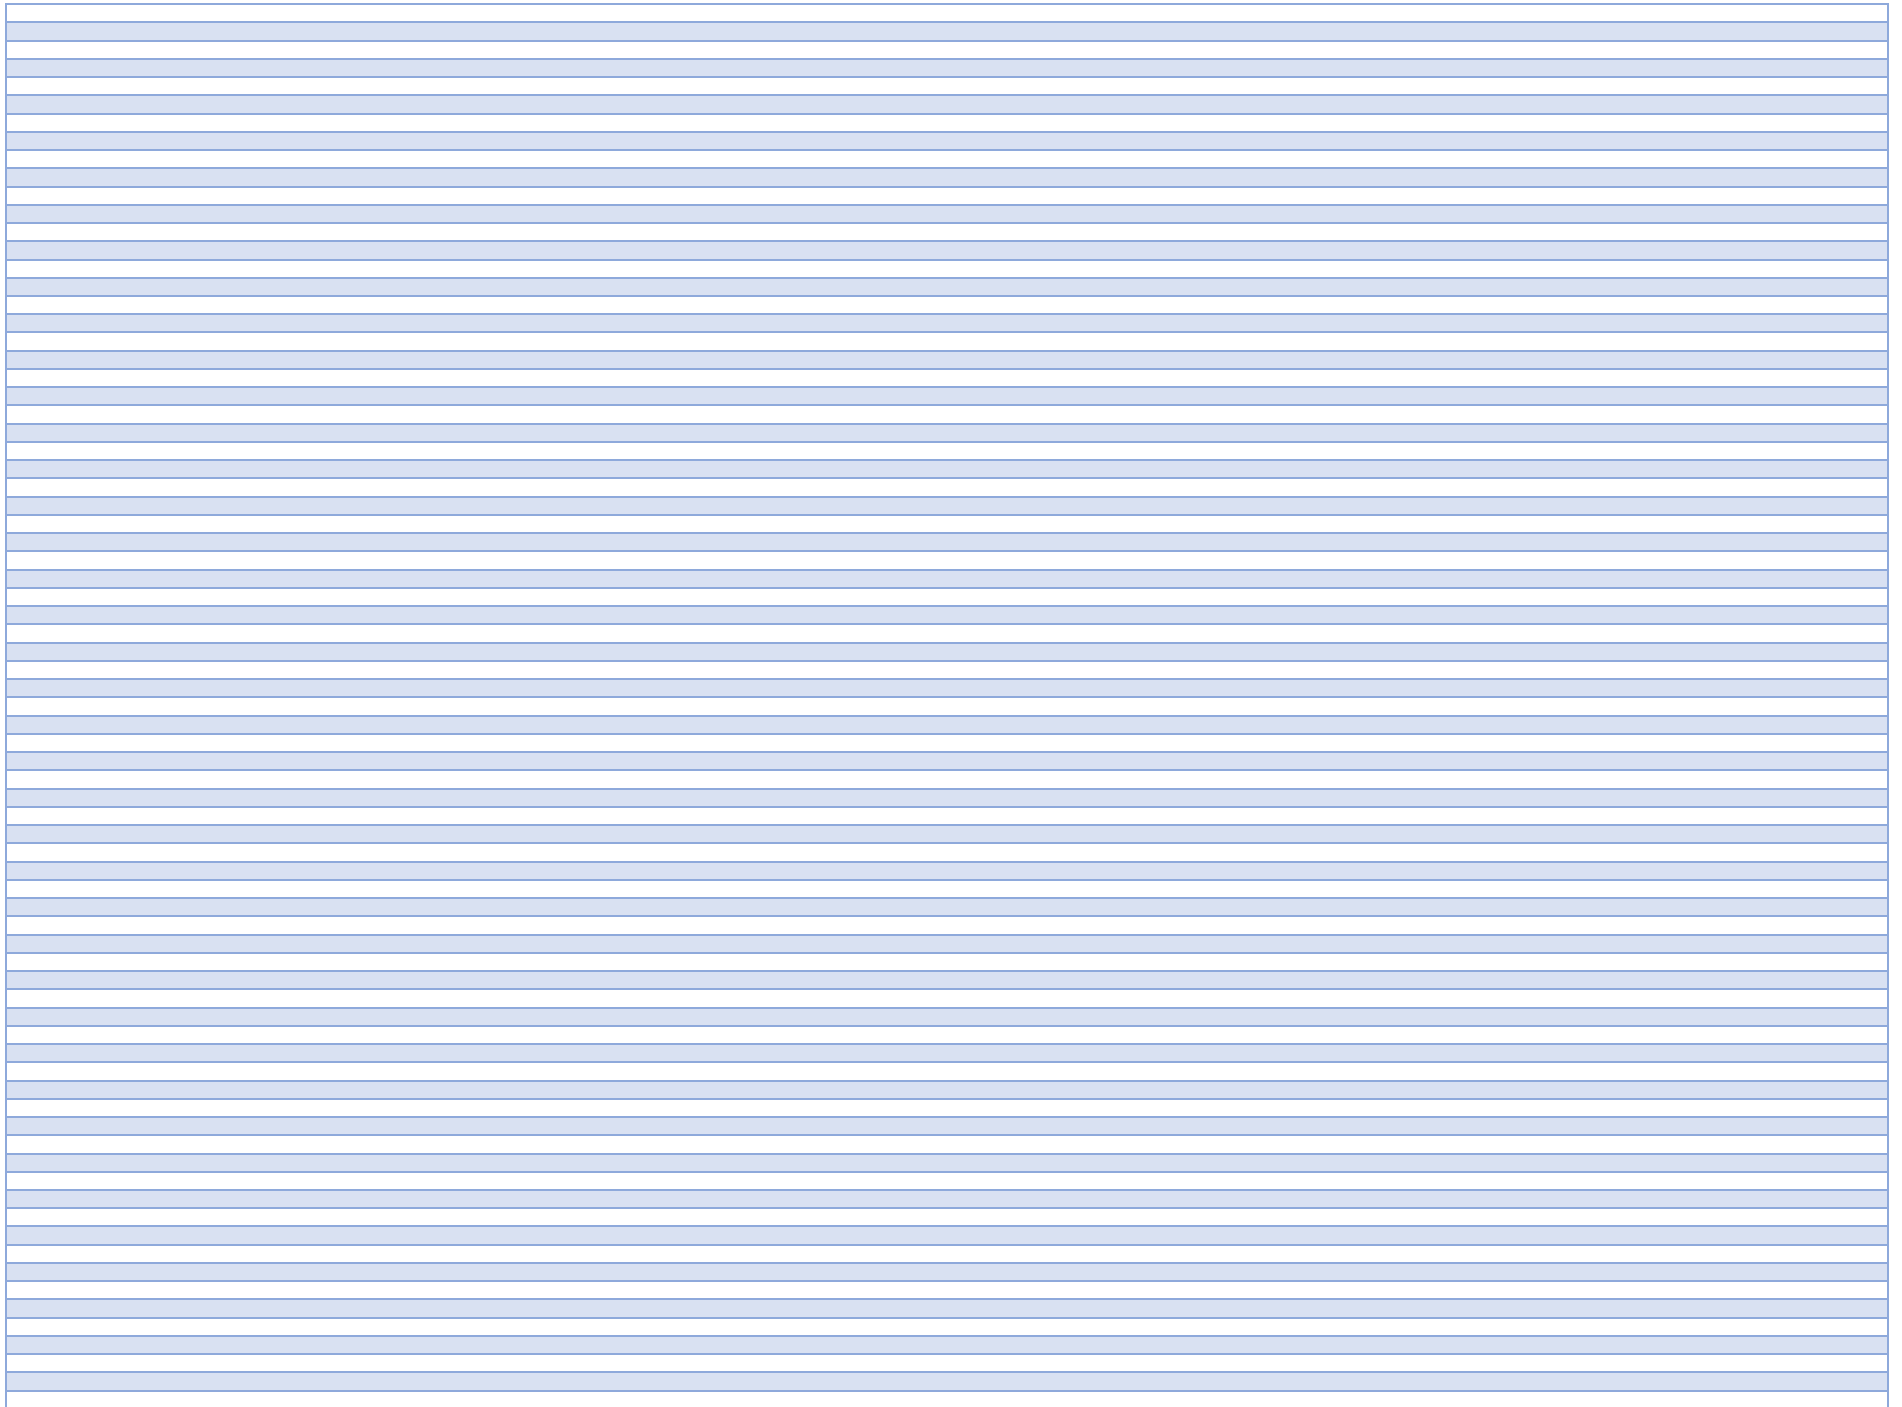

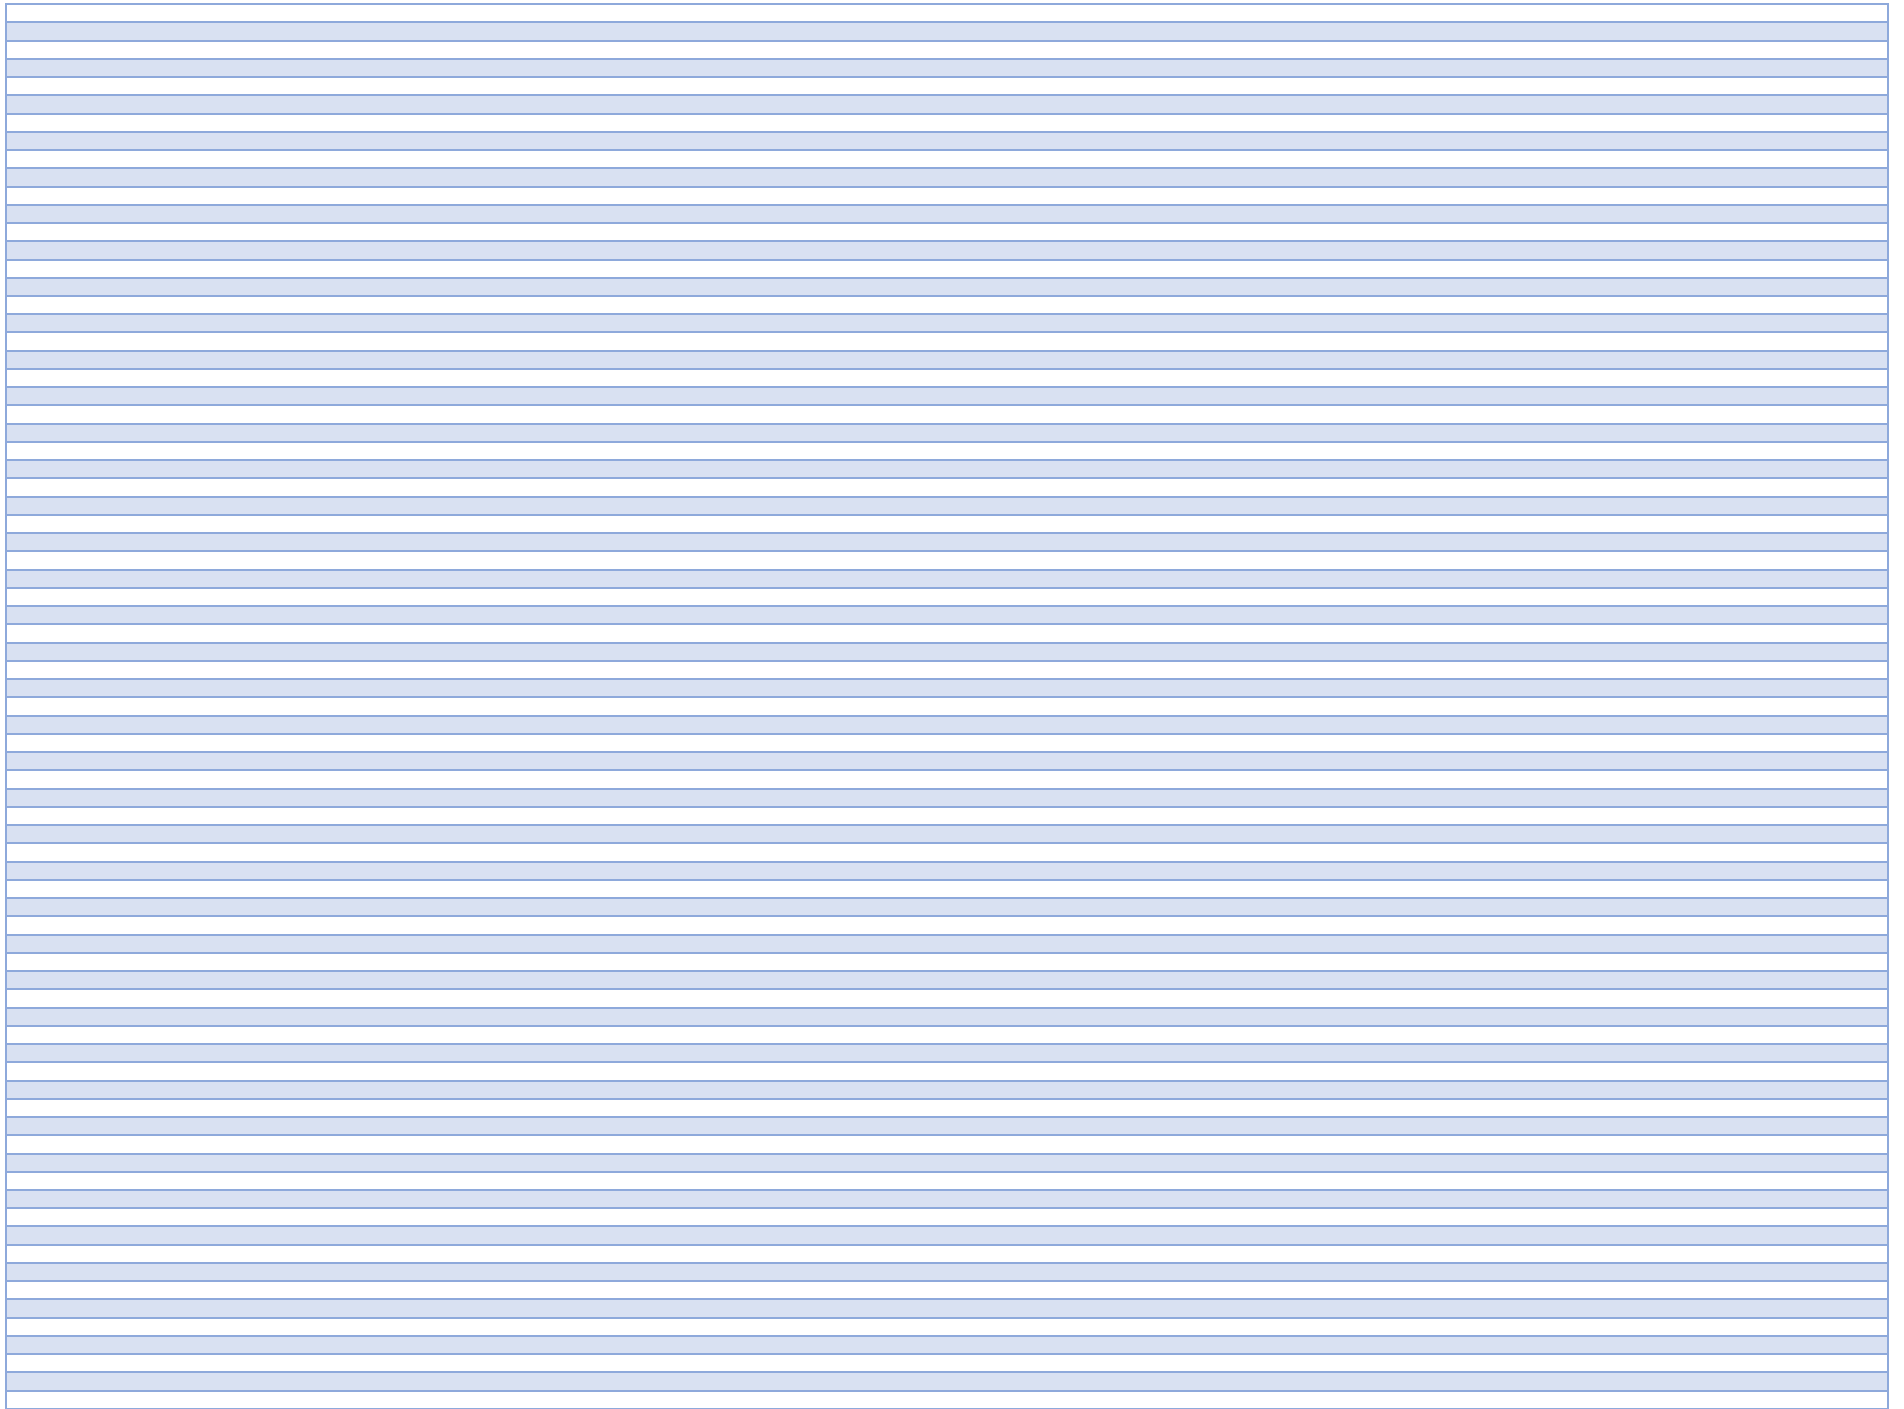

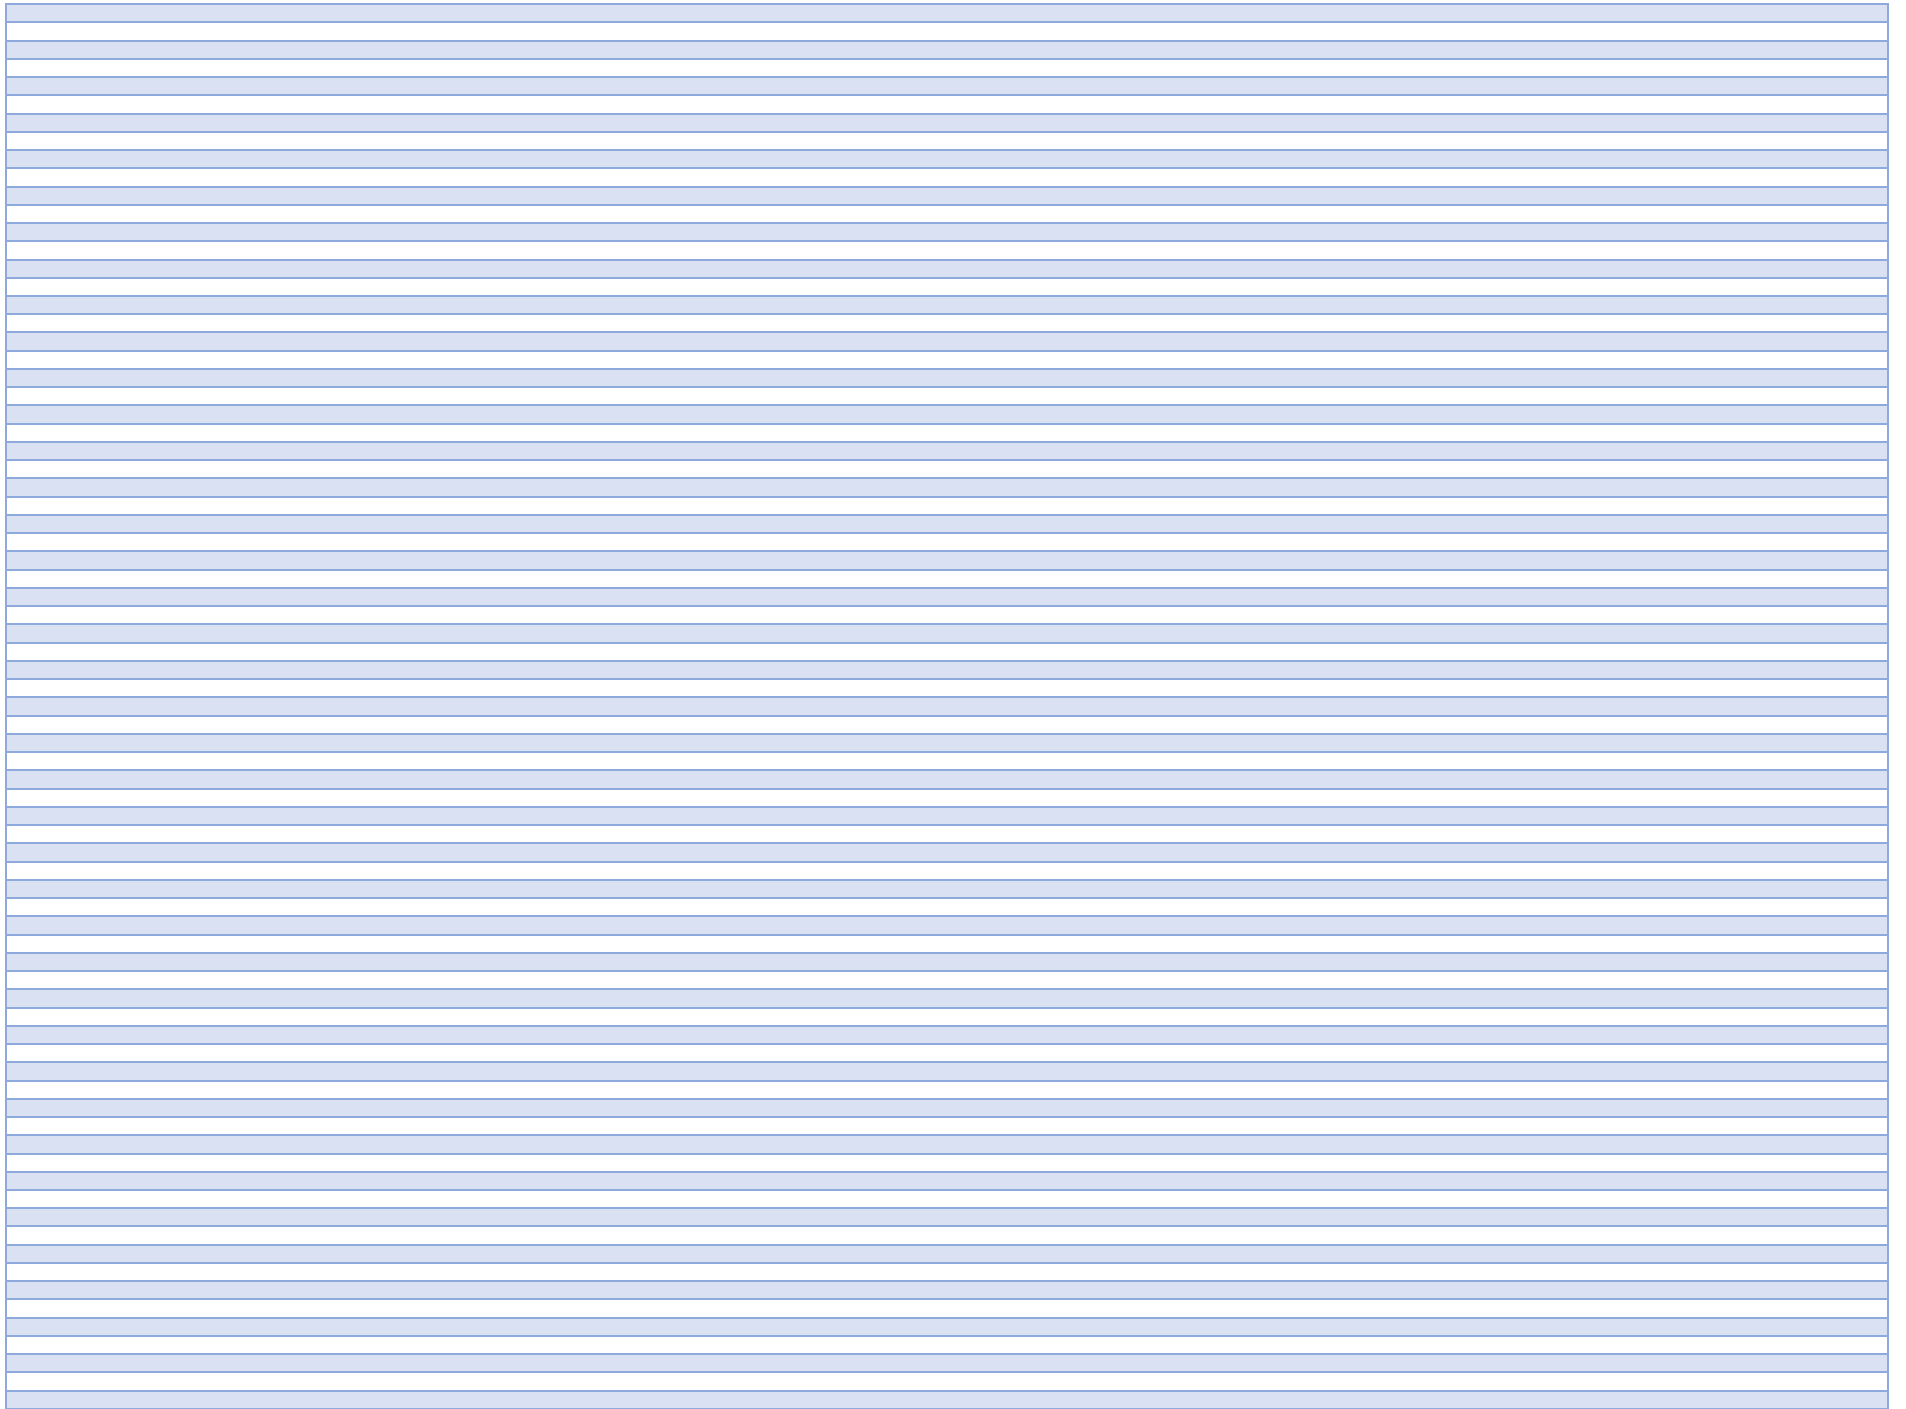

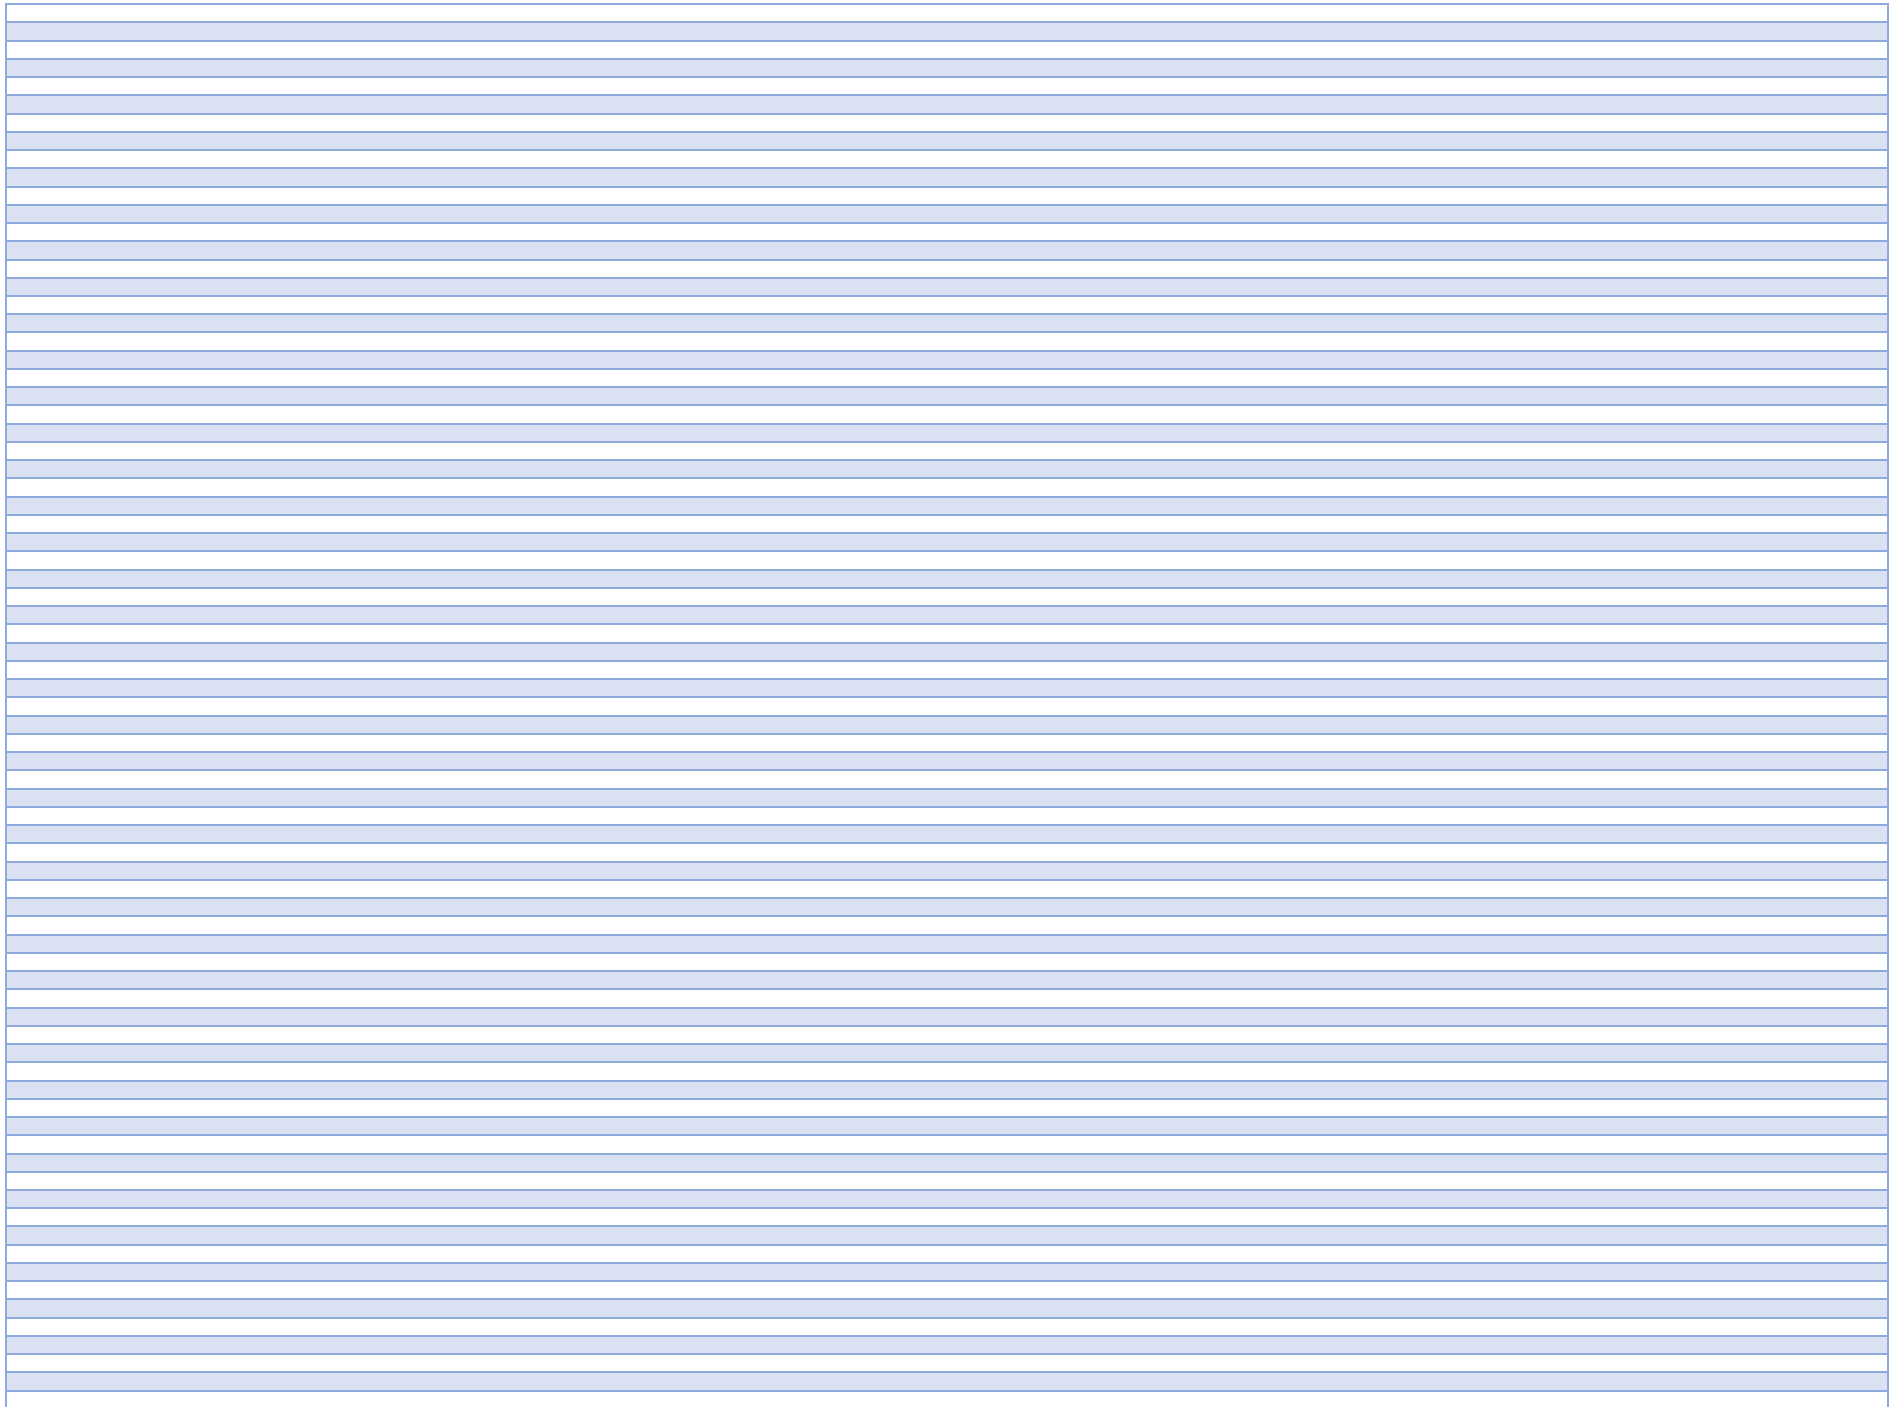

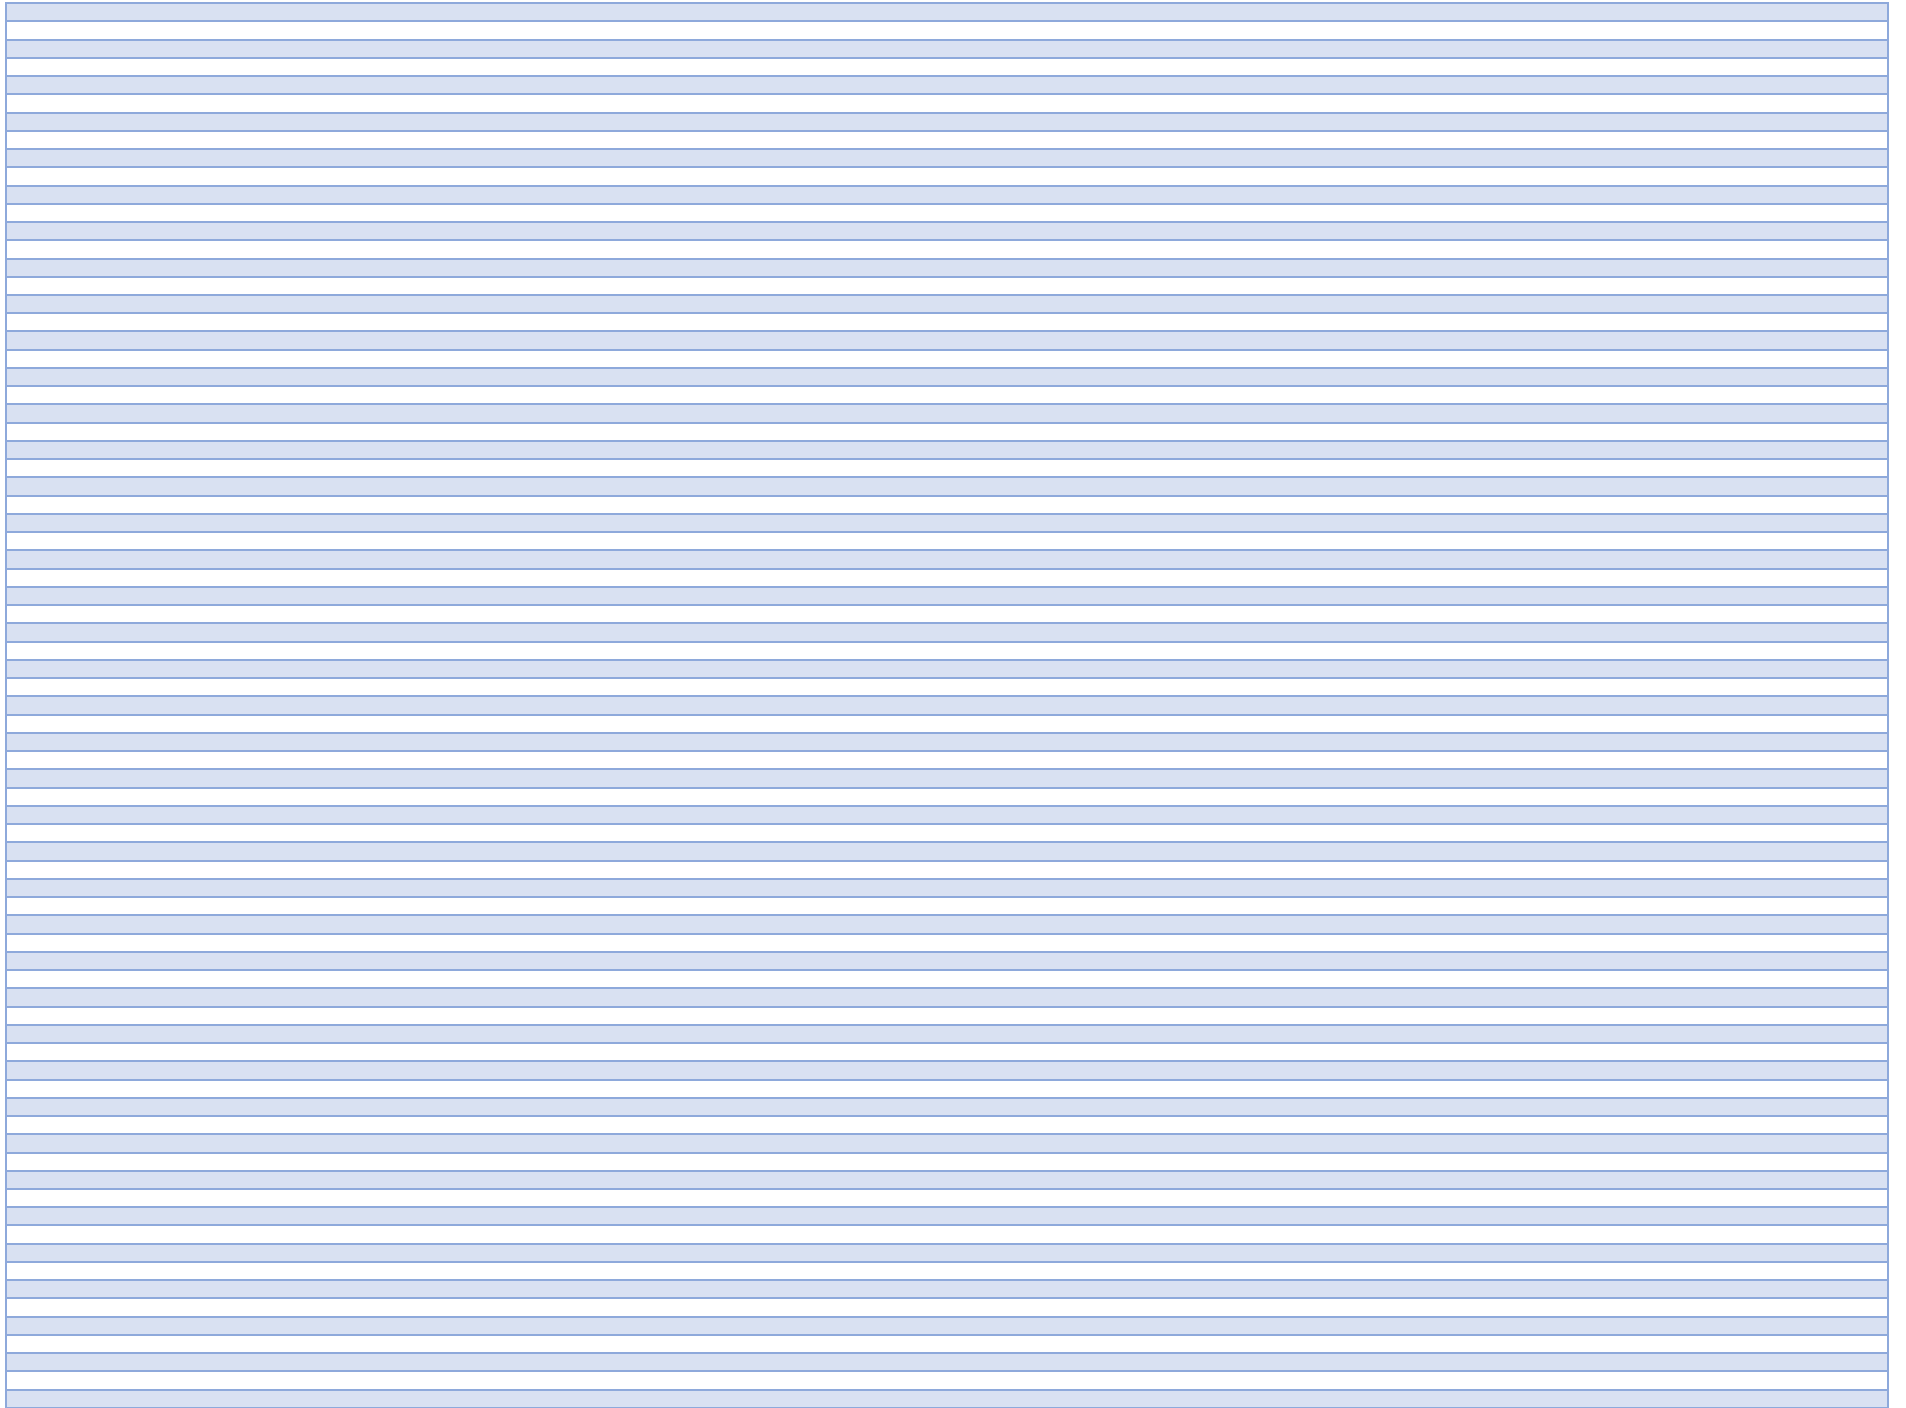

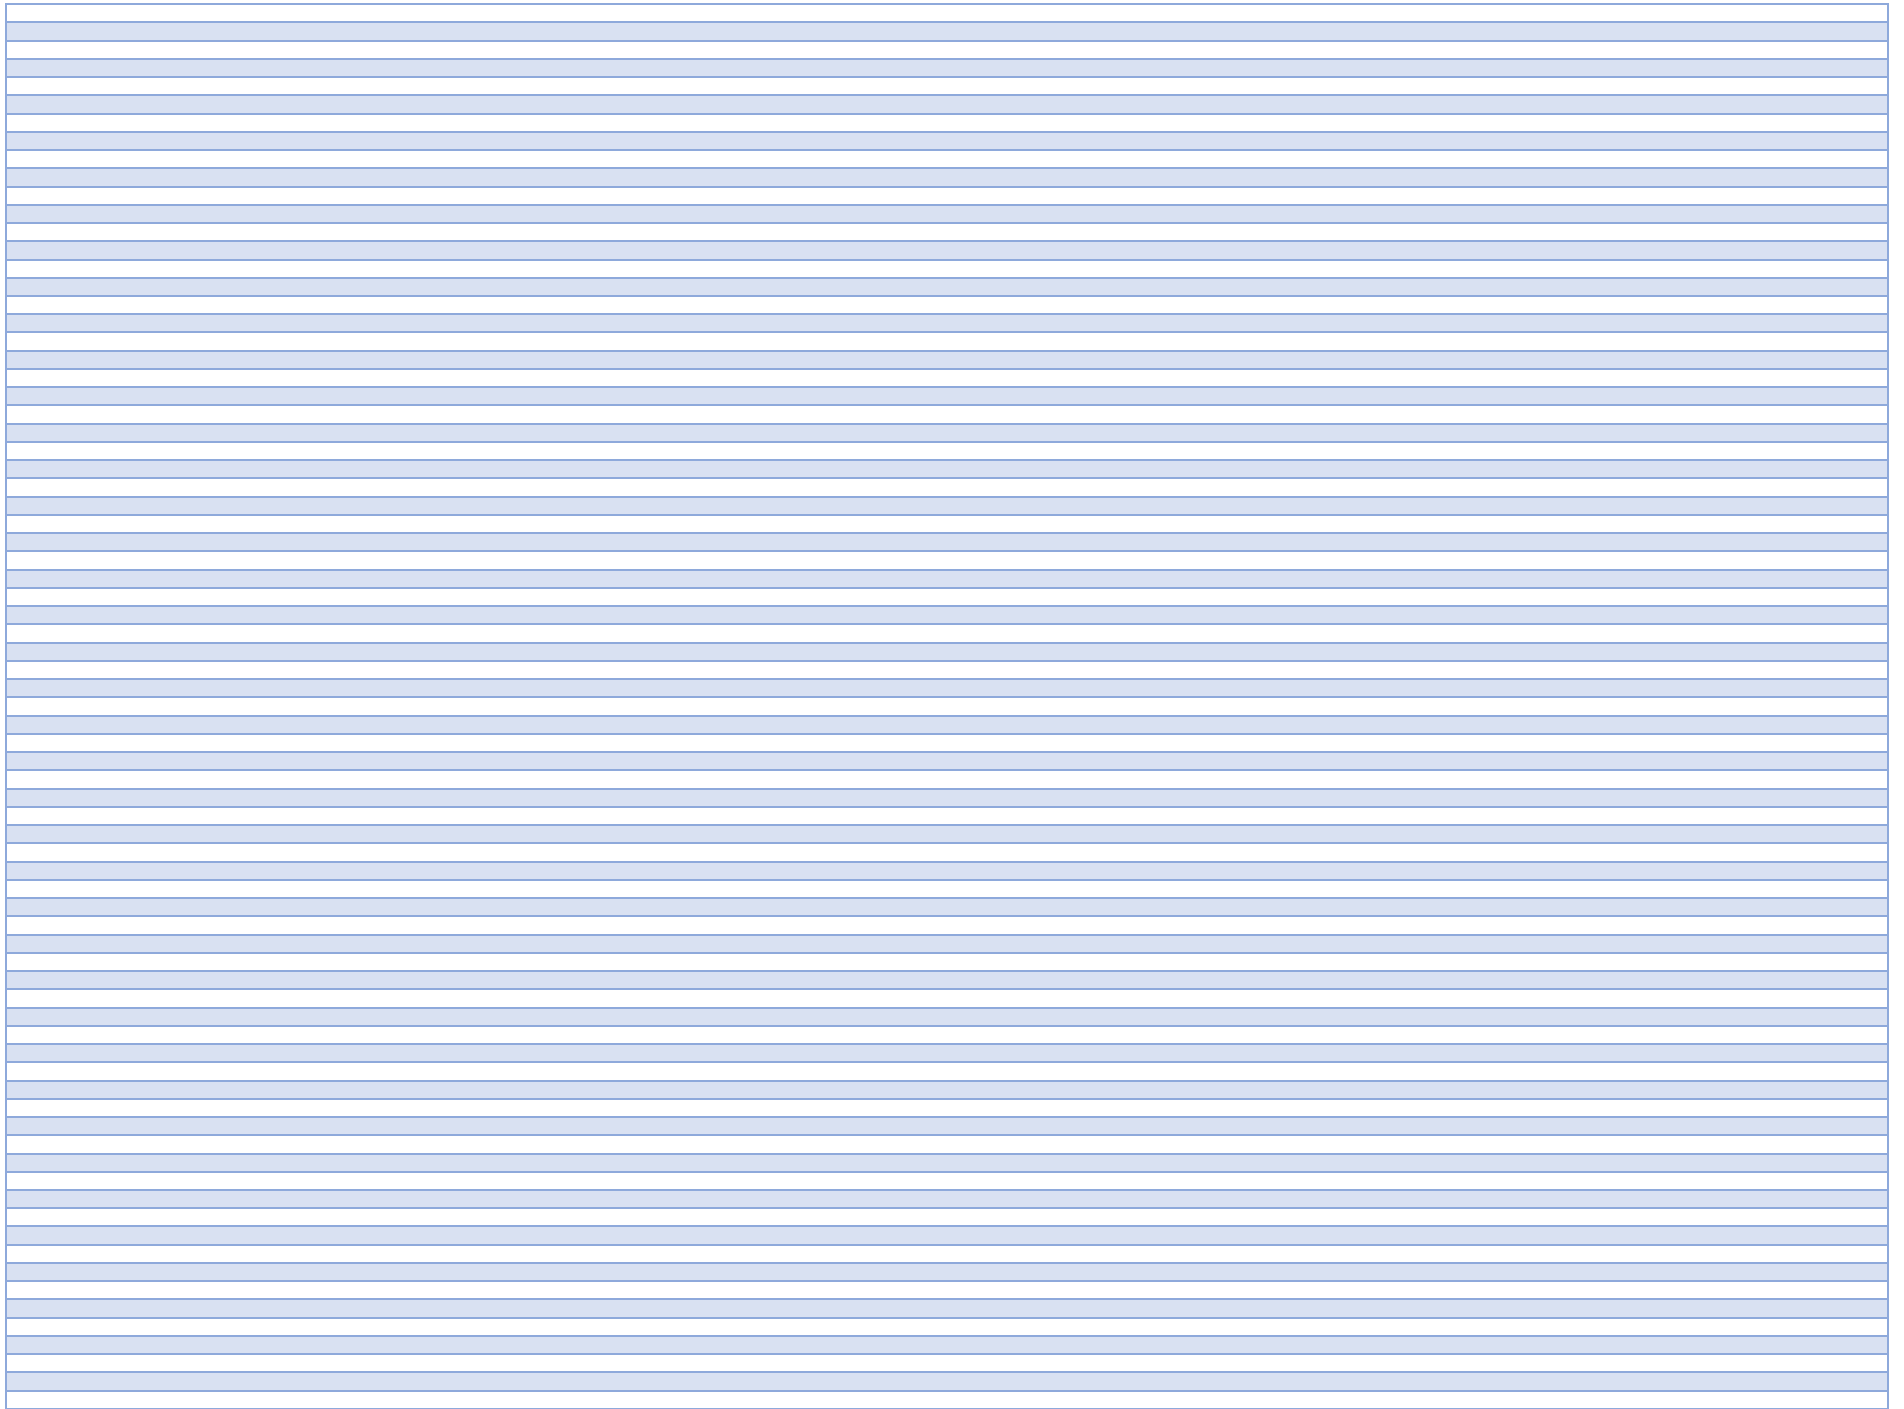

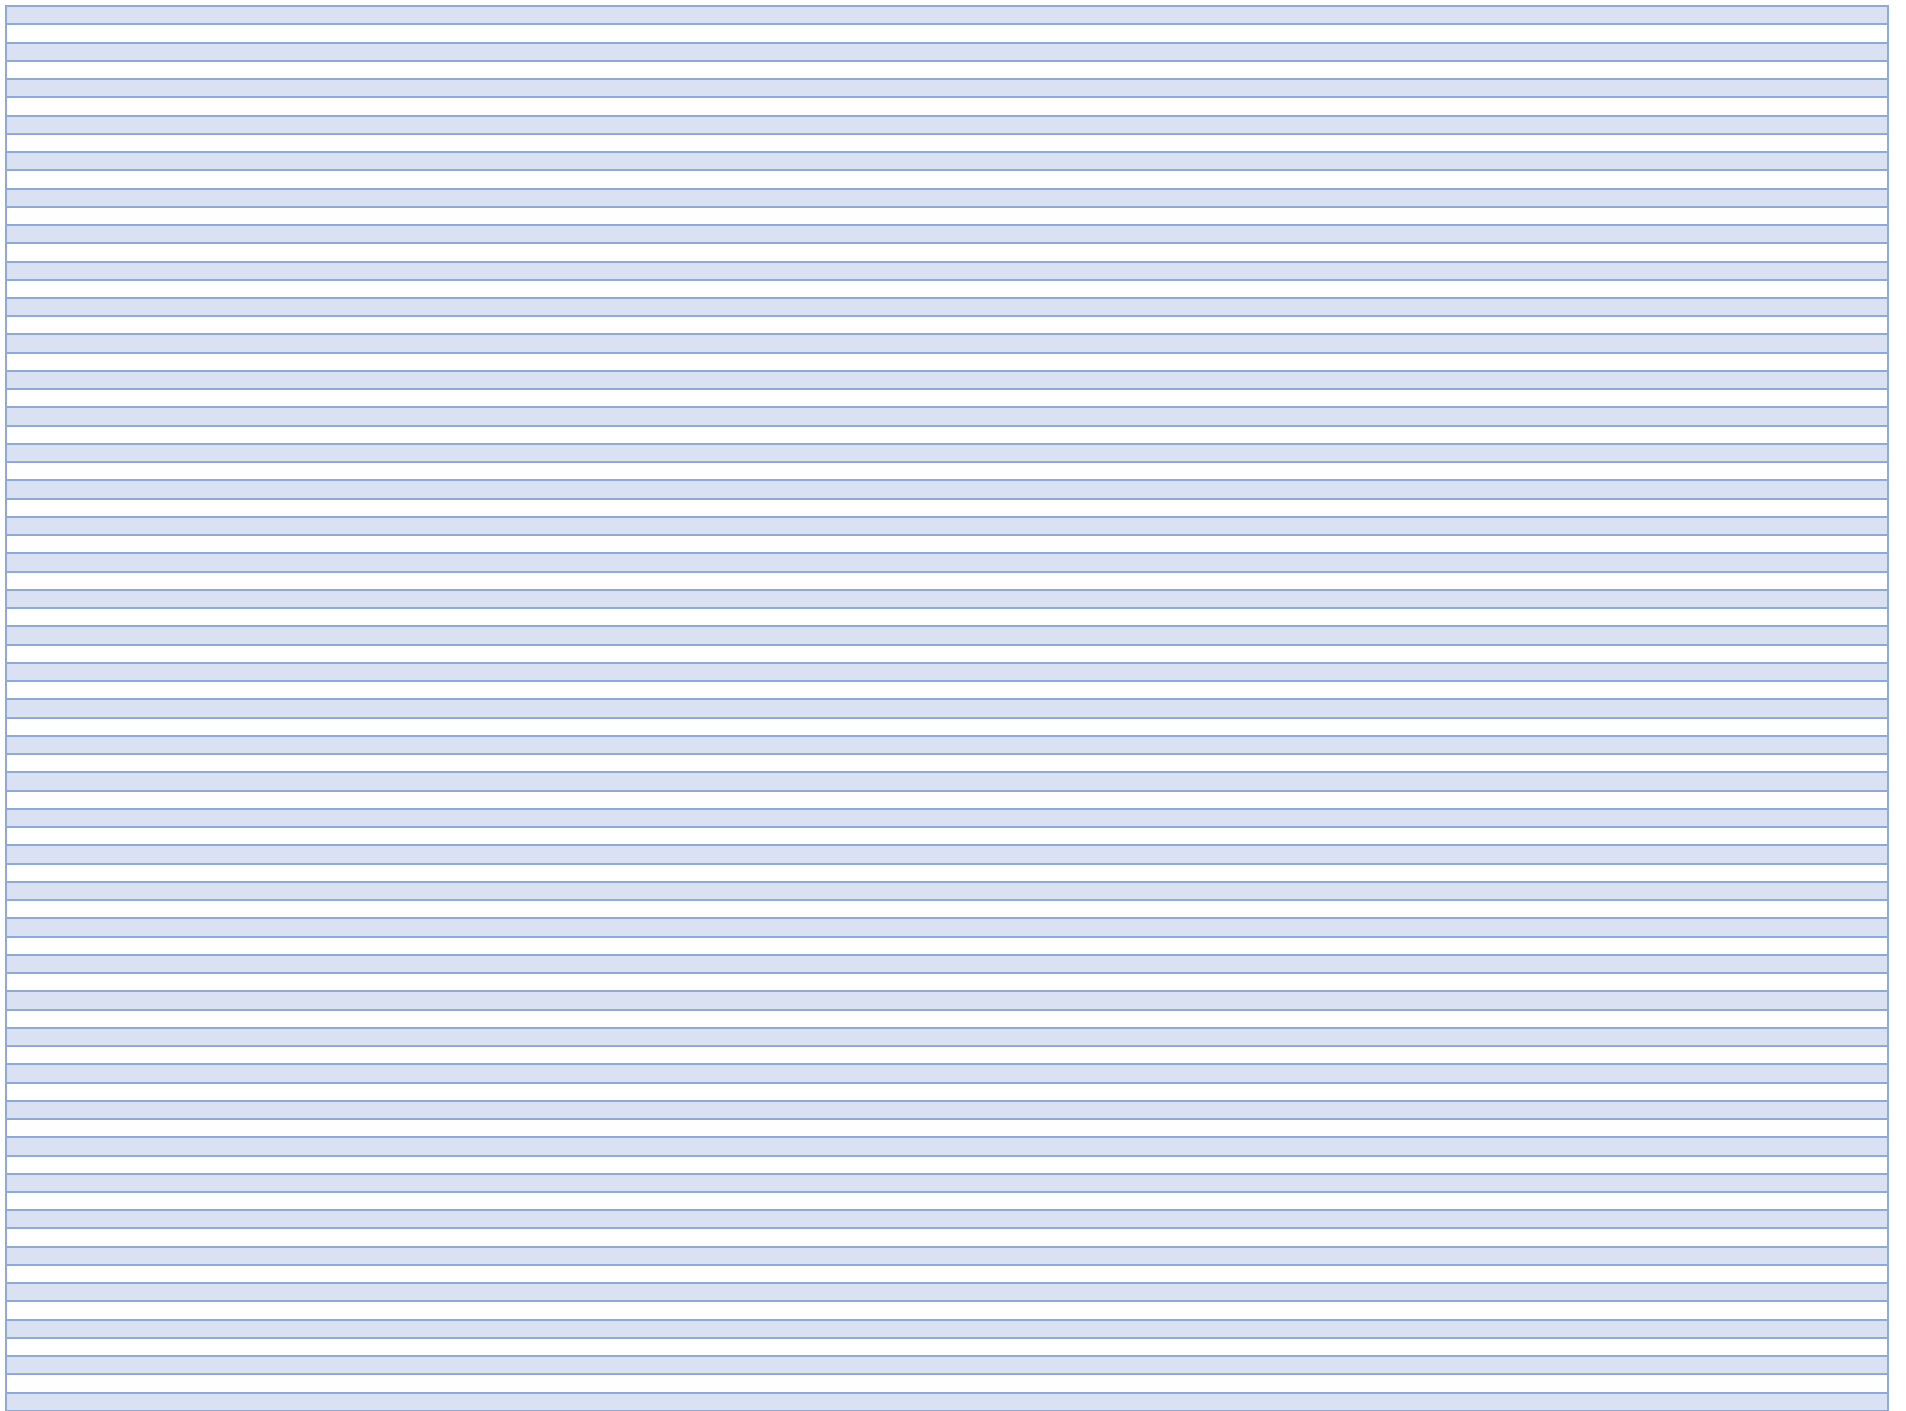

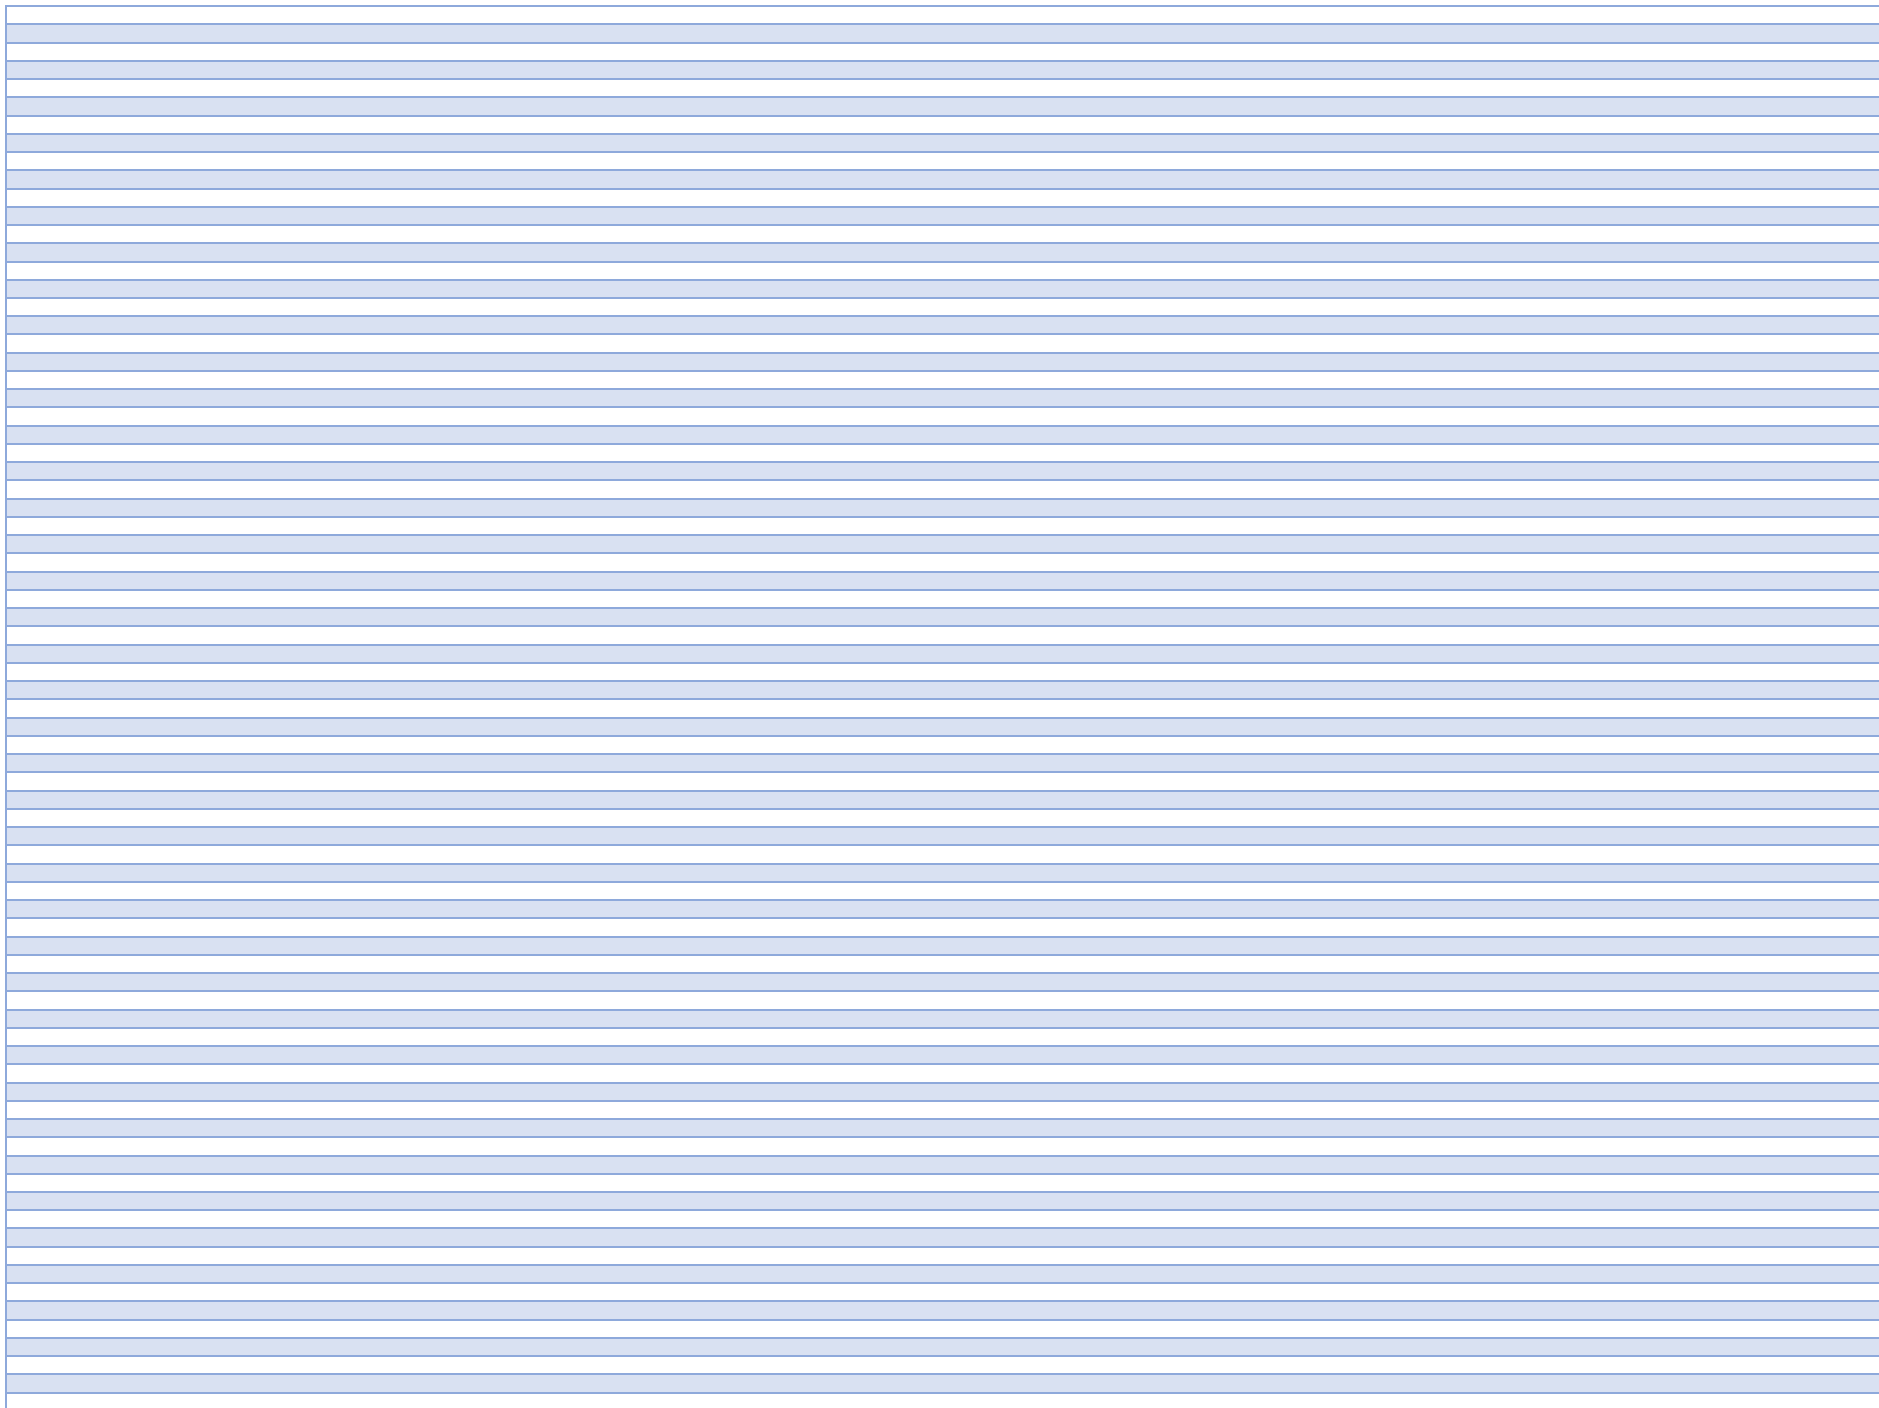

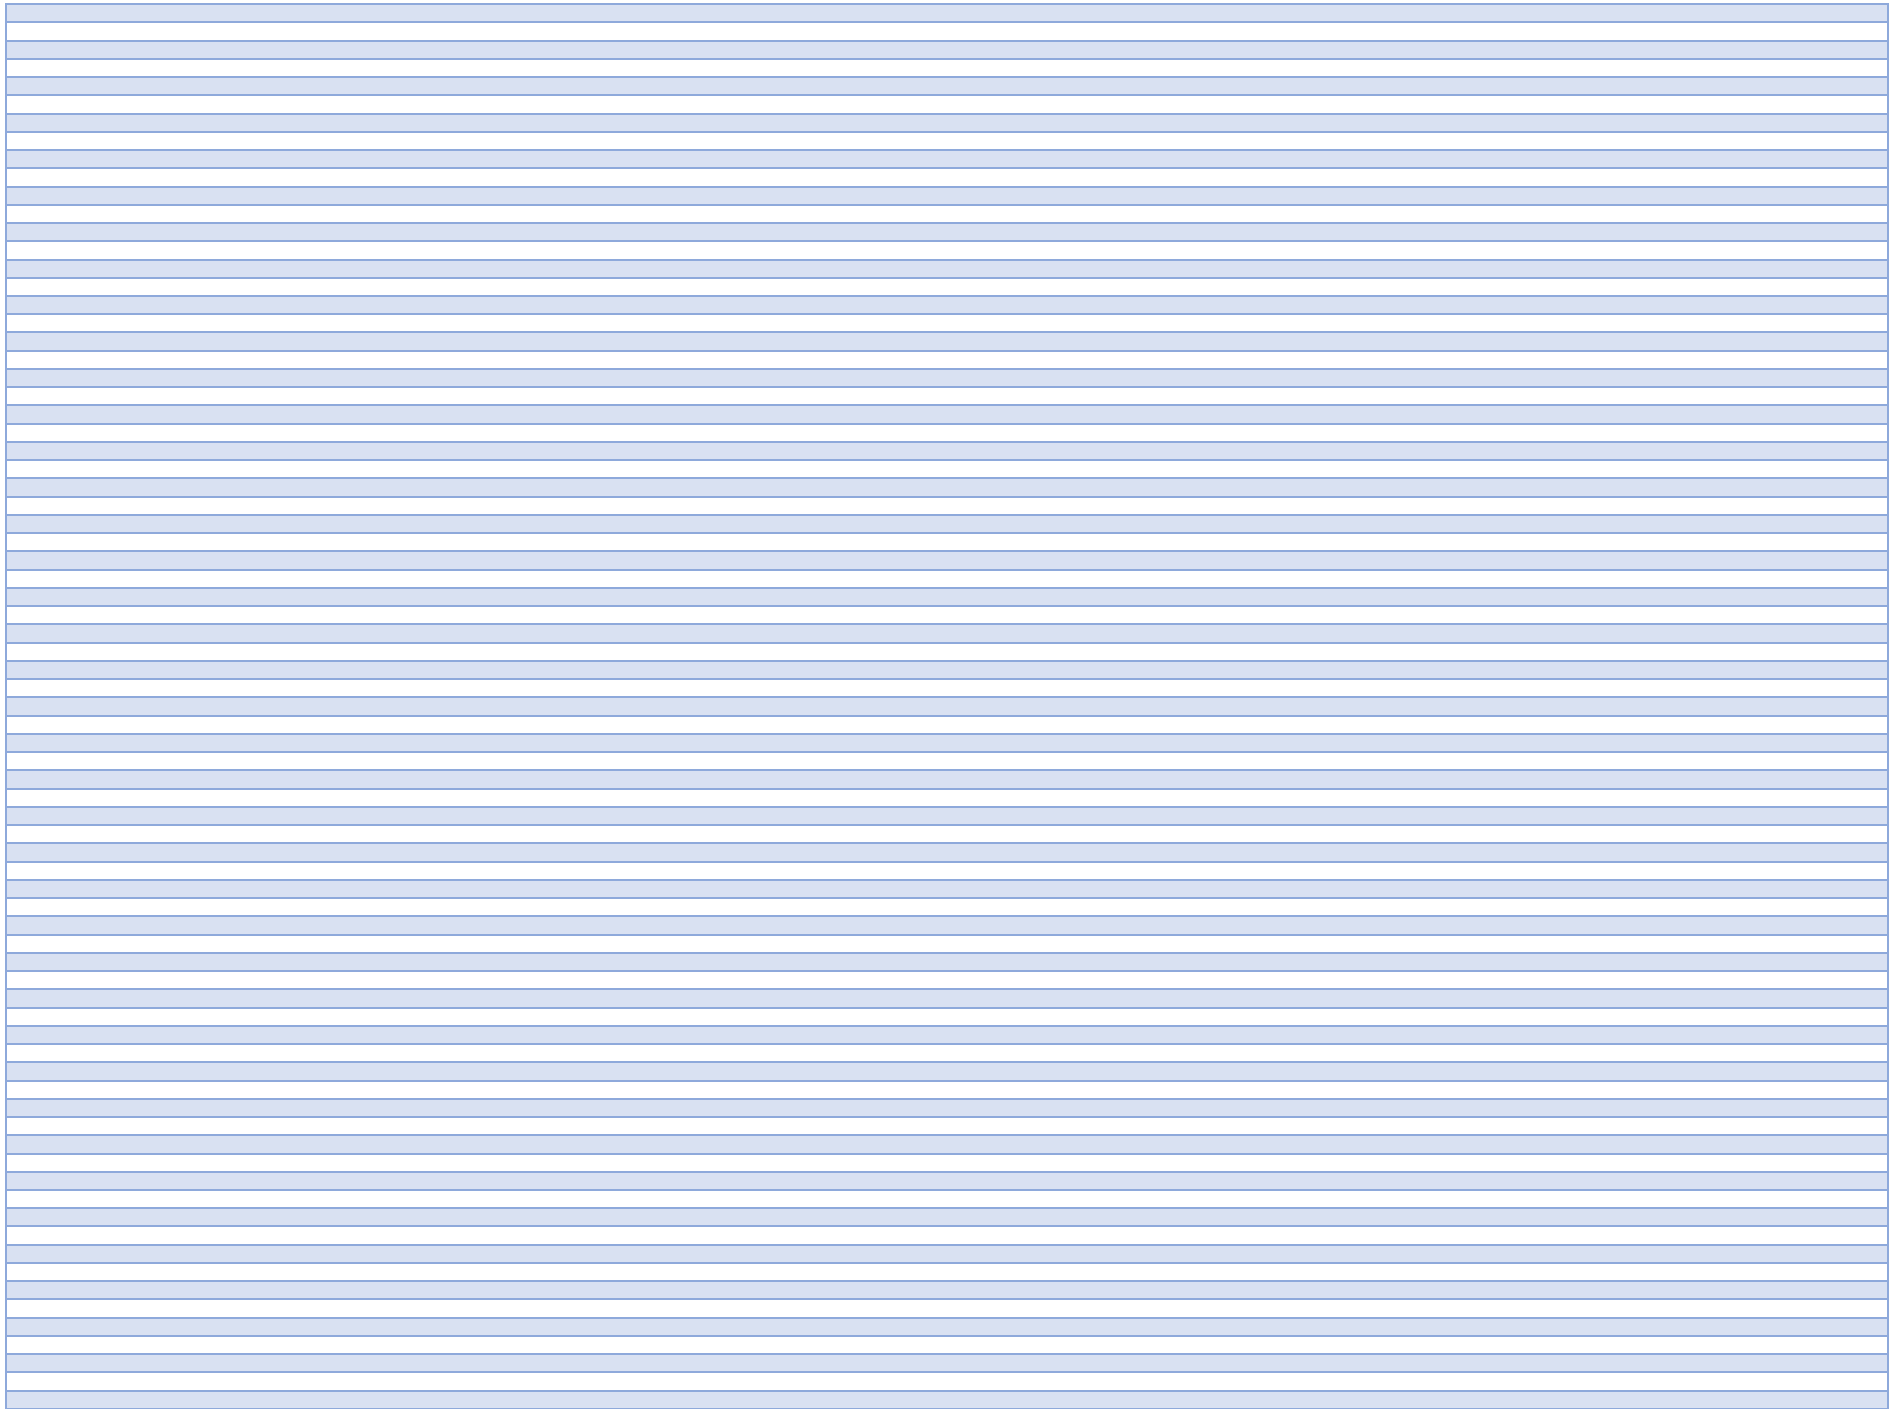

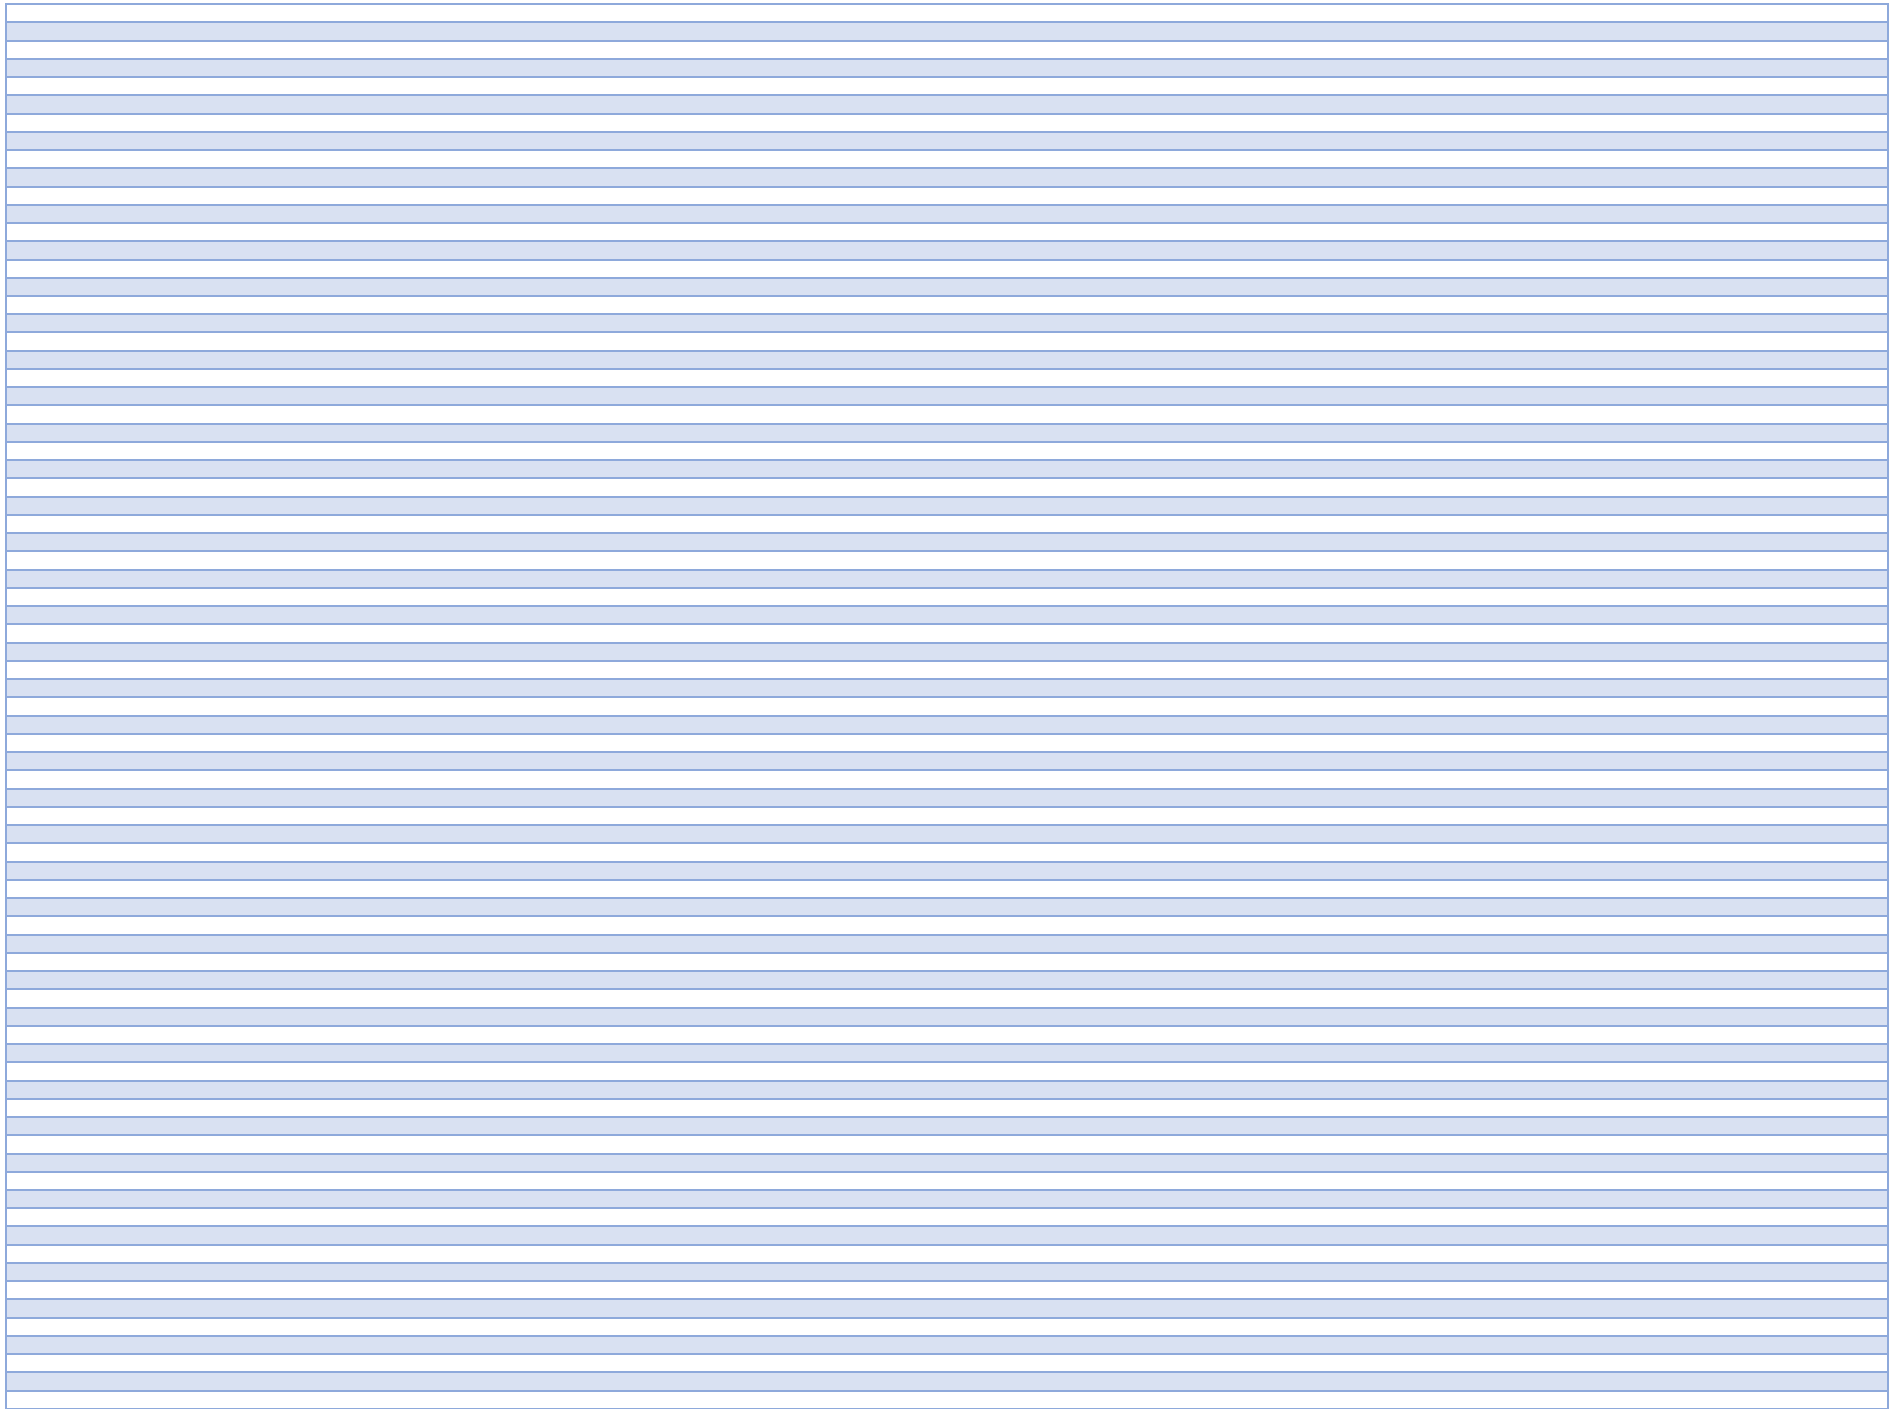

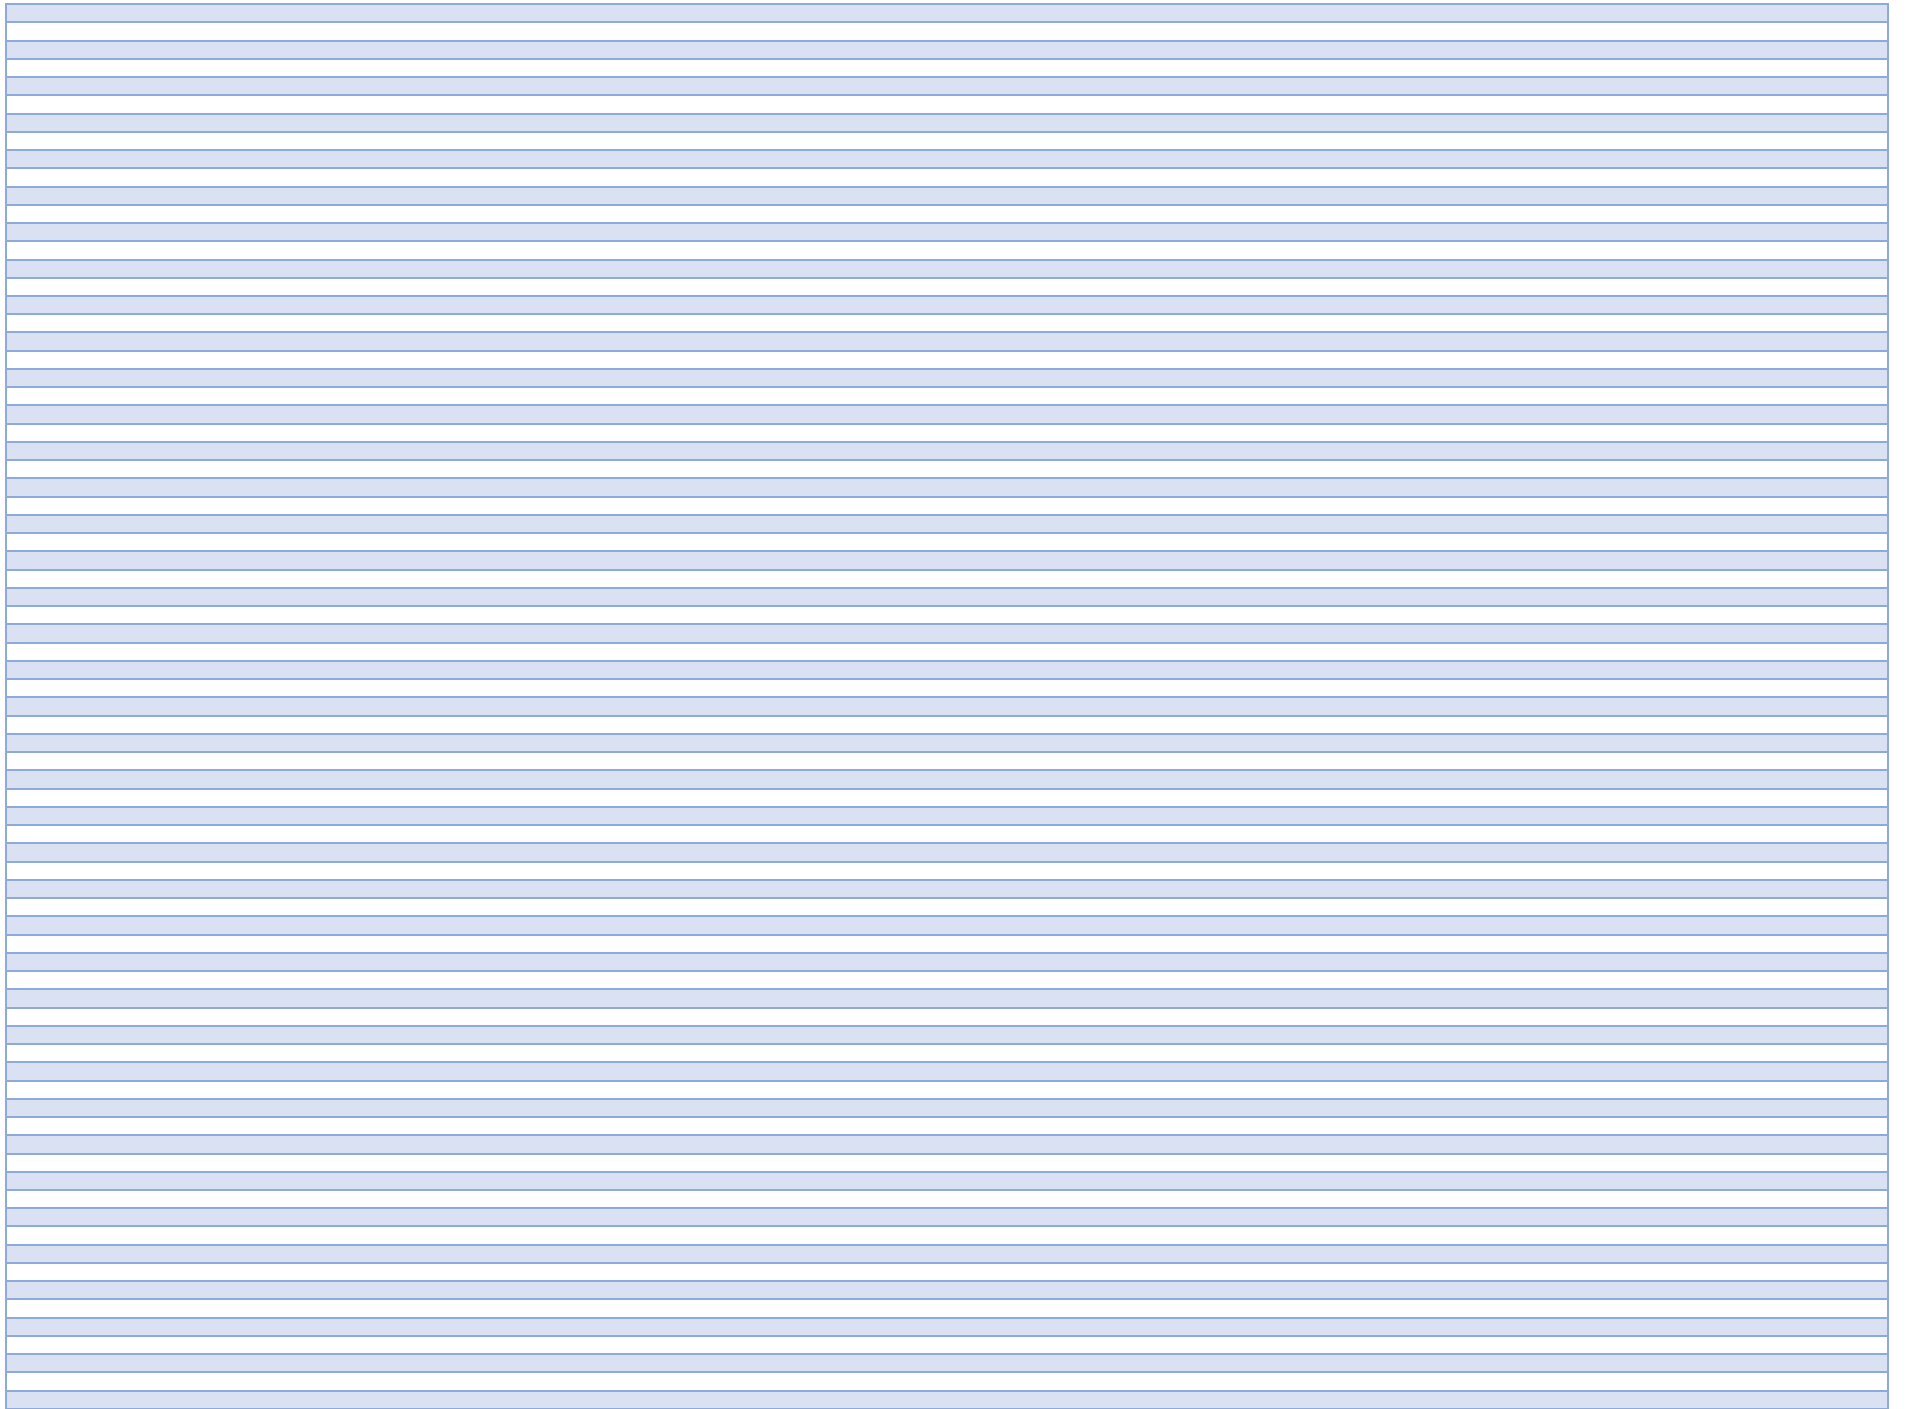

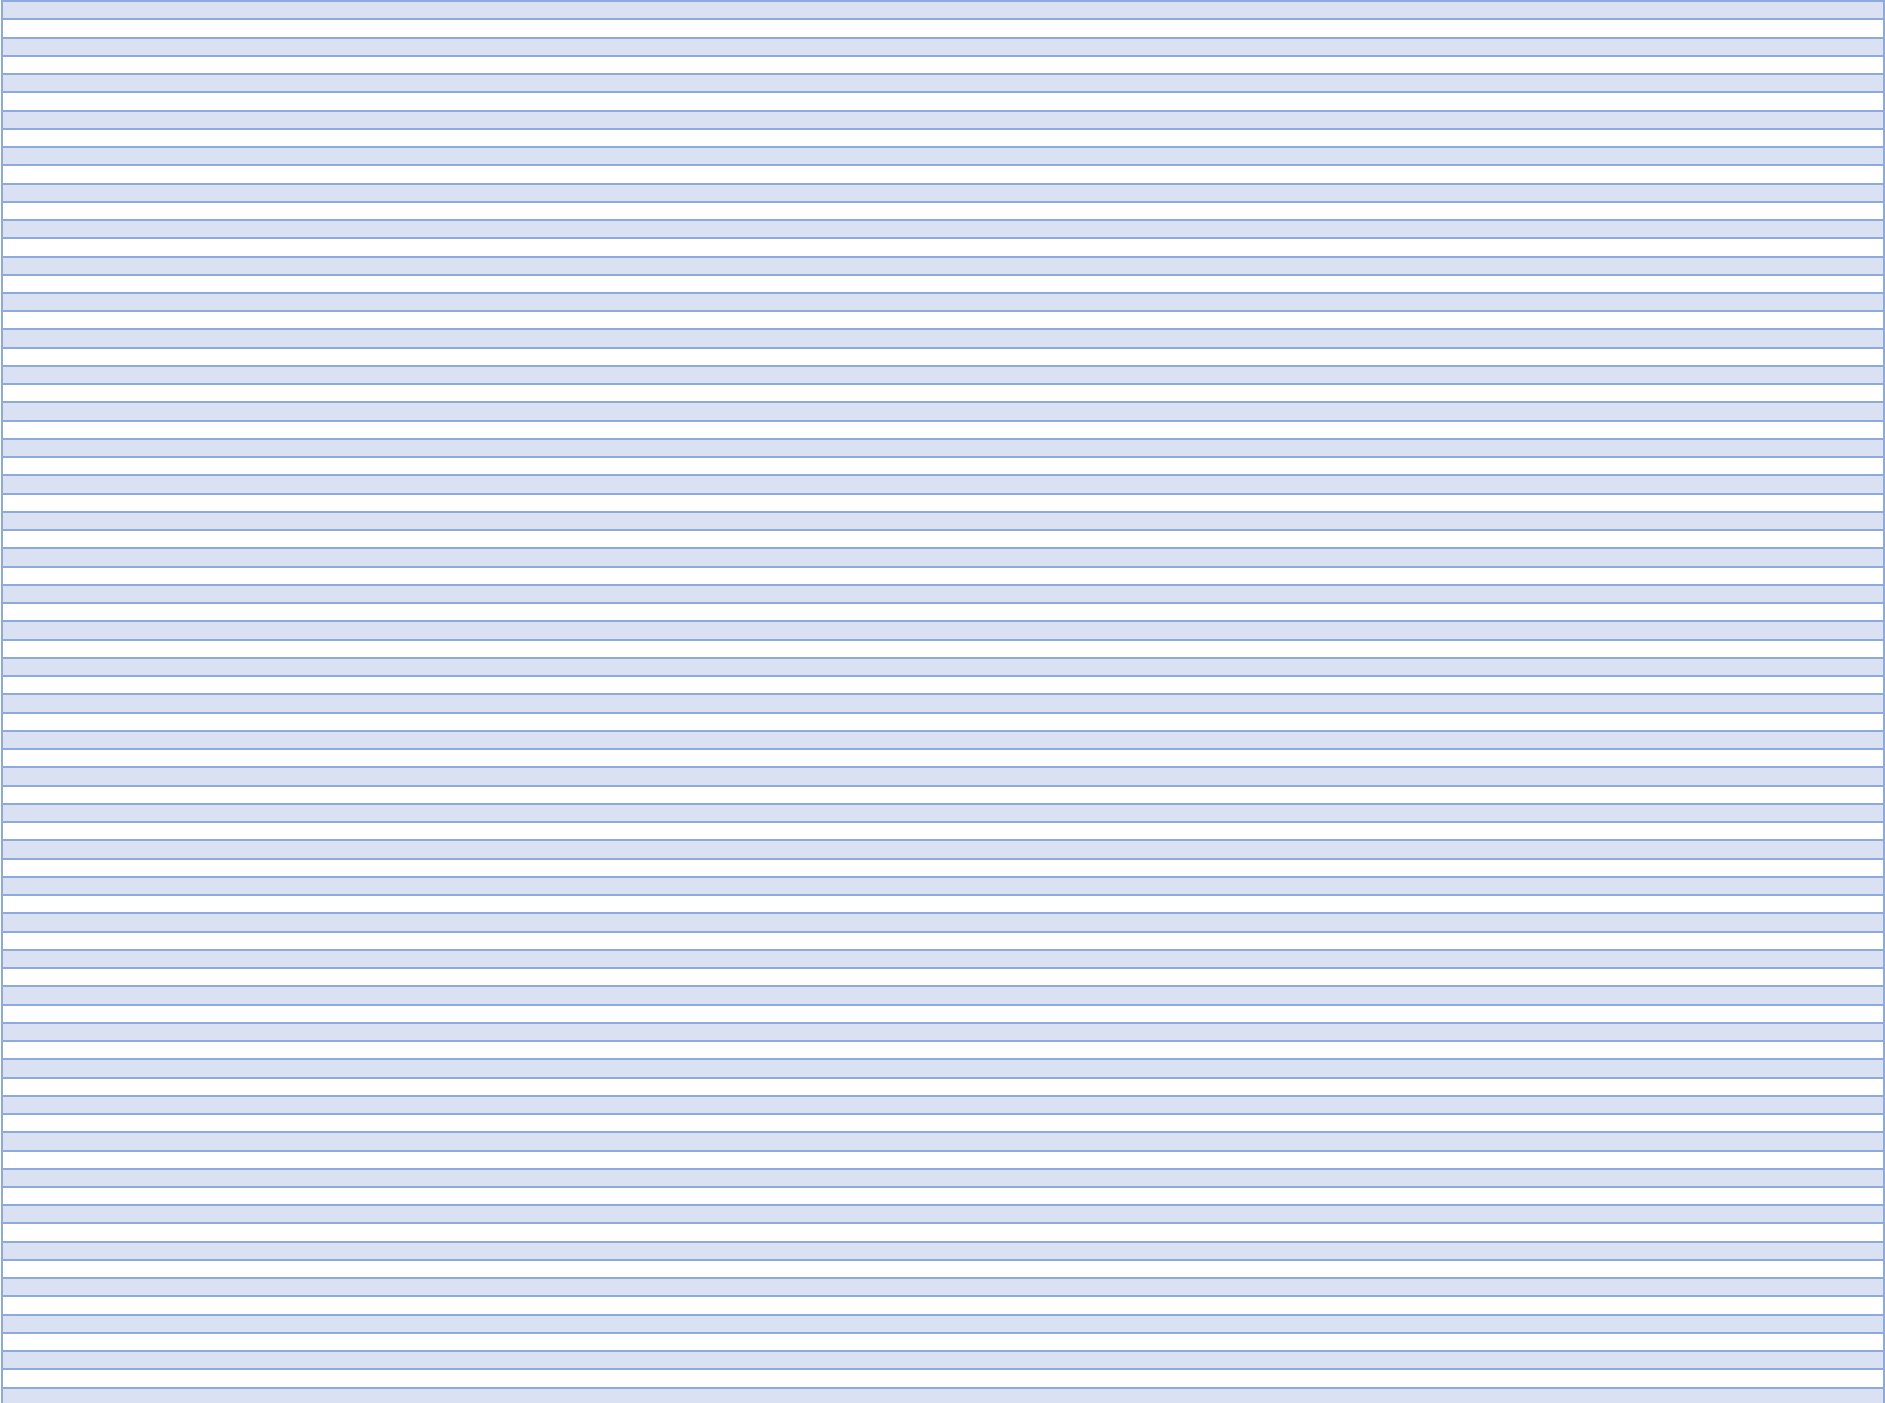

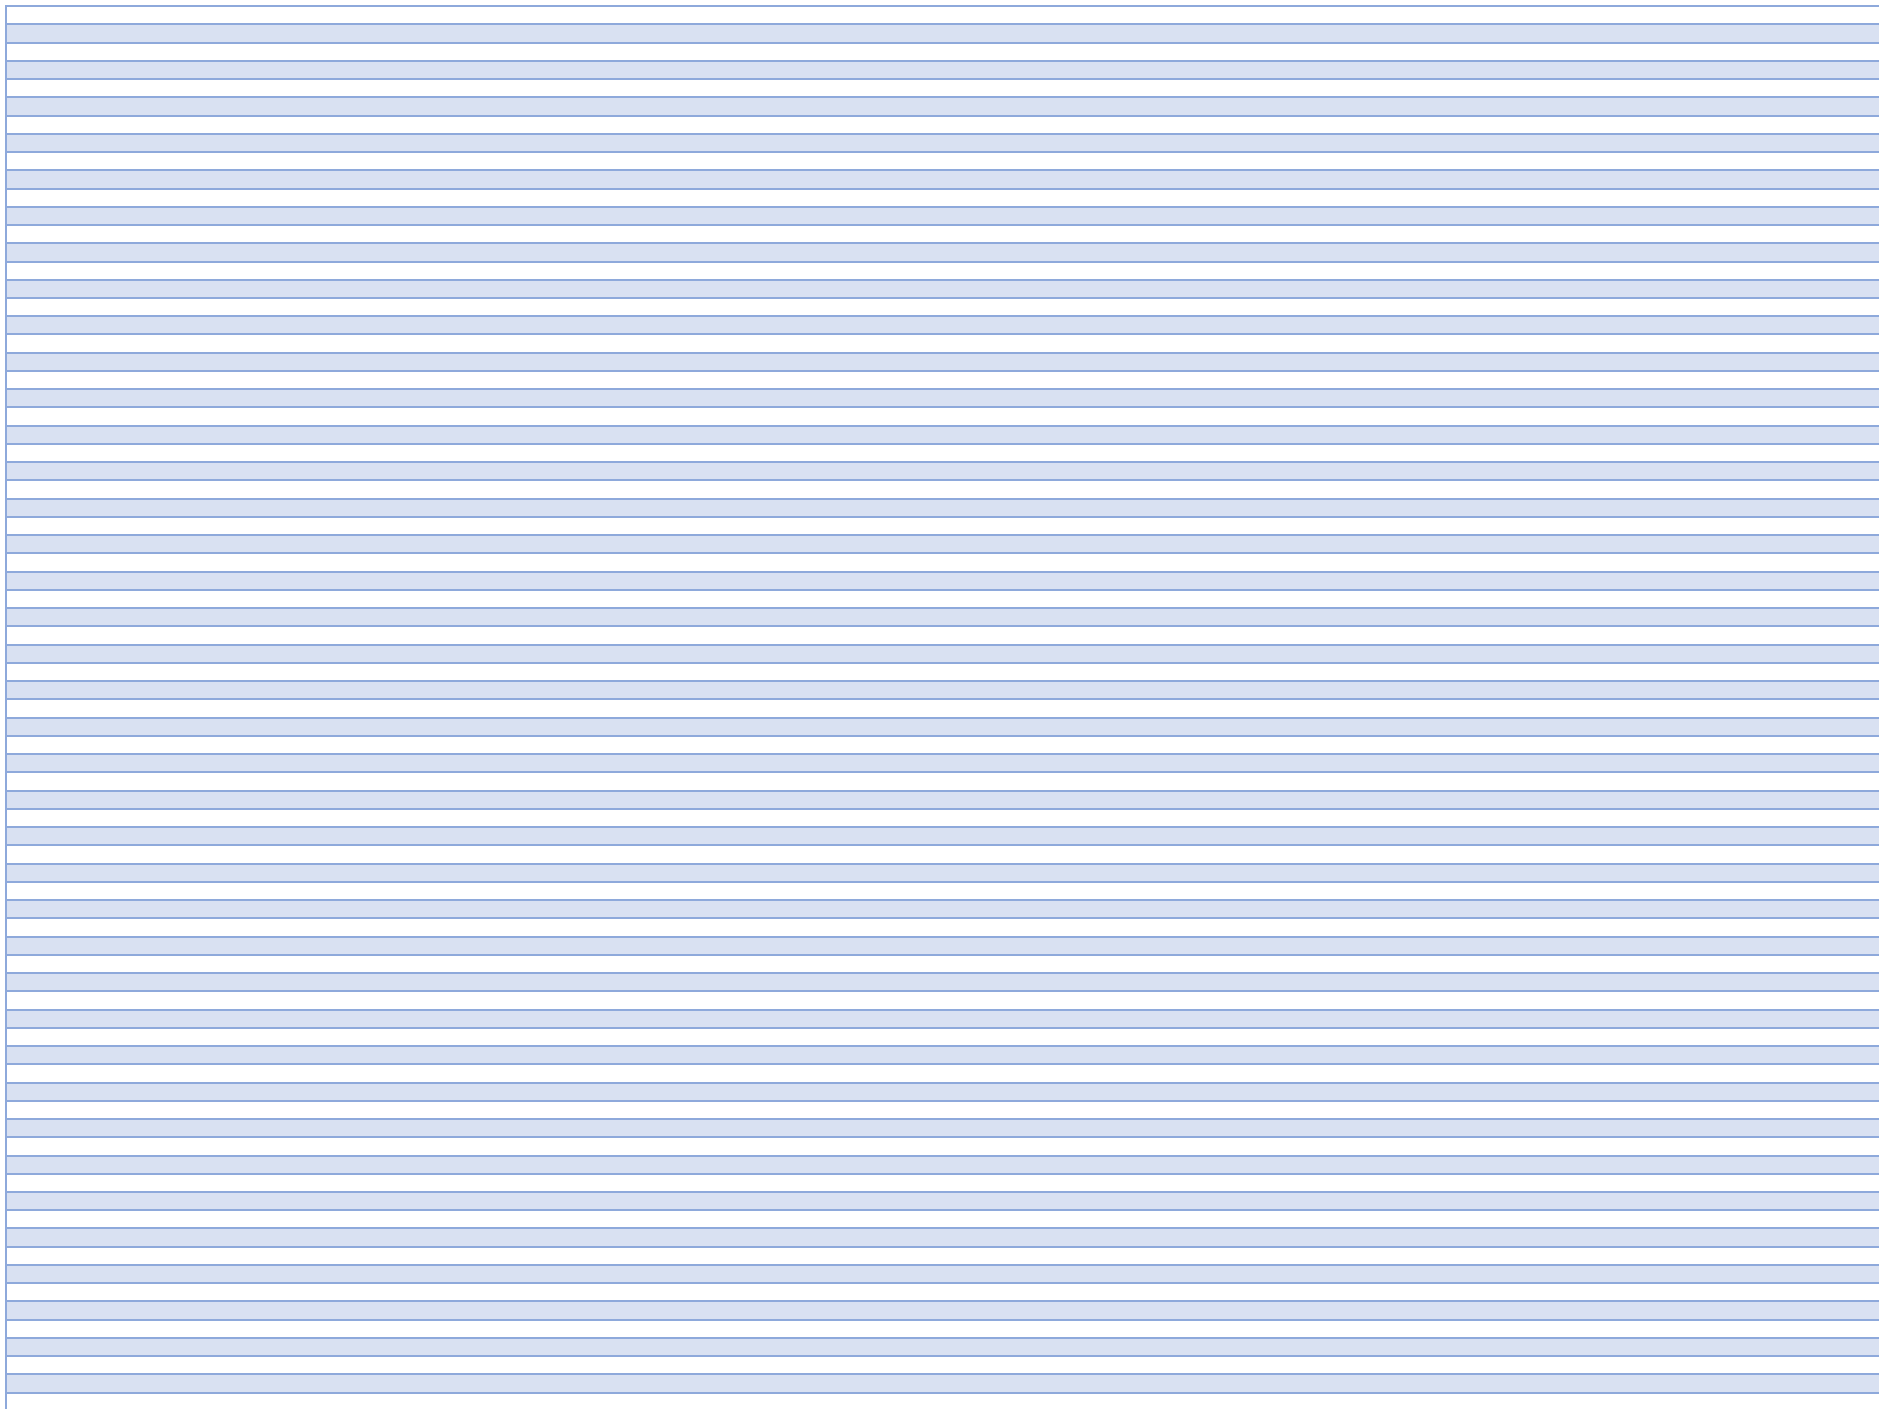

The image shows a large rectangular area filled with a light blue color. This area is divided into numerous thin, horizontal white lines that run across the width of the rectangle, creating a grid-like pattern similar to lined paper. The lines are evenly spaced and extend from the left edge to the right edge of the main blue area. There are no vertical lines, text, or other markings present.

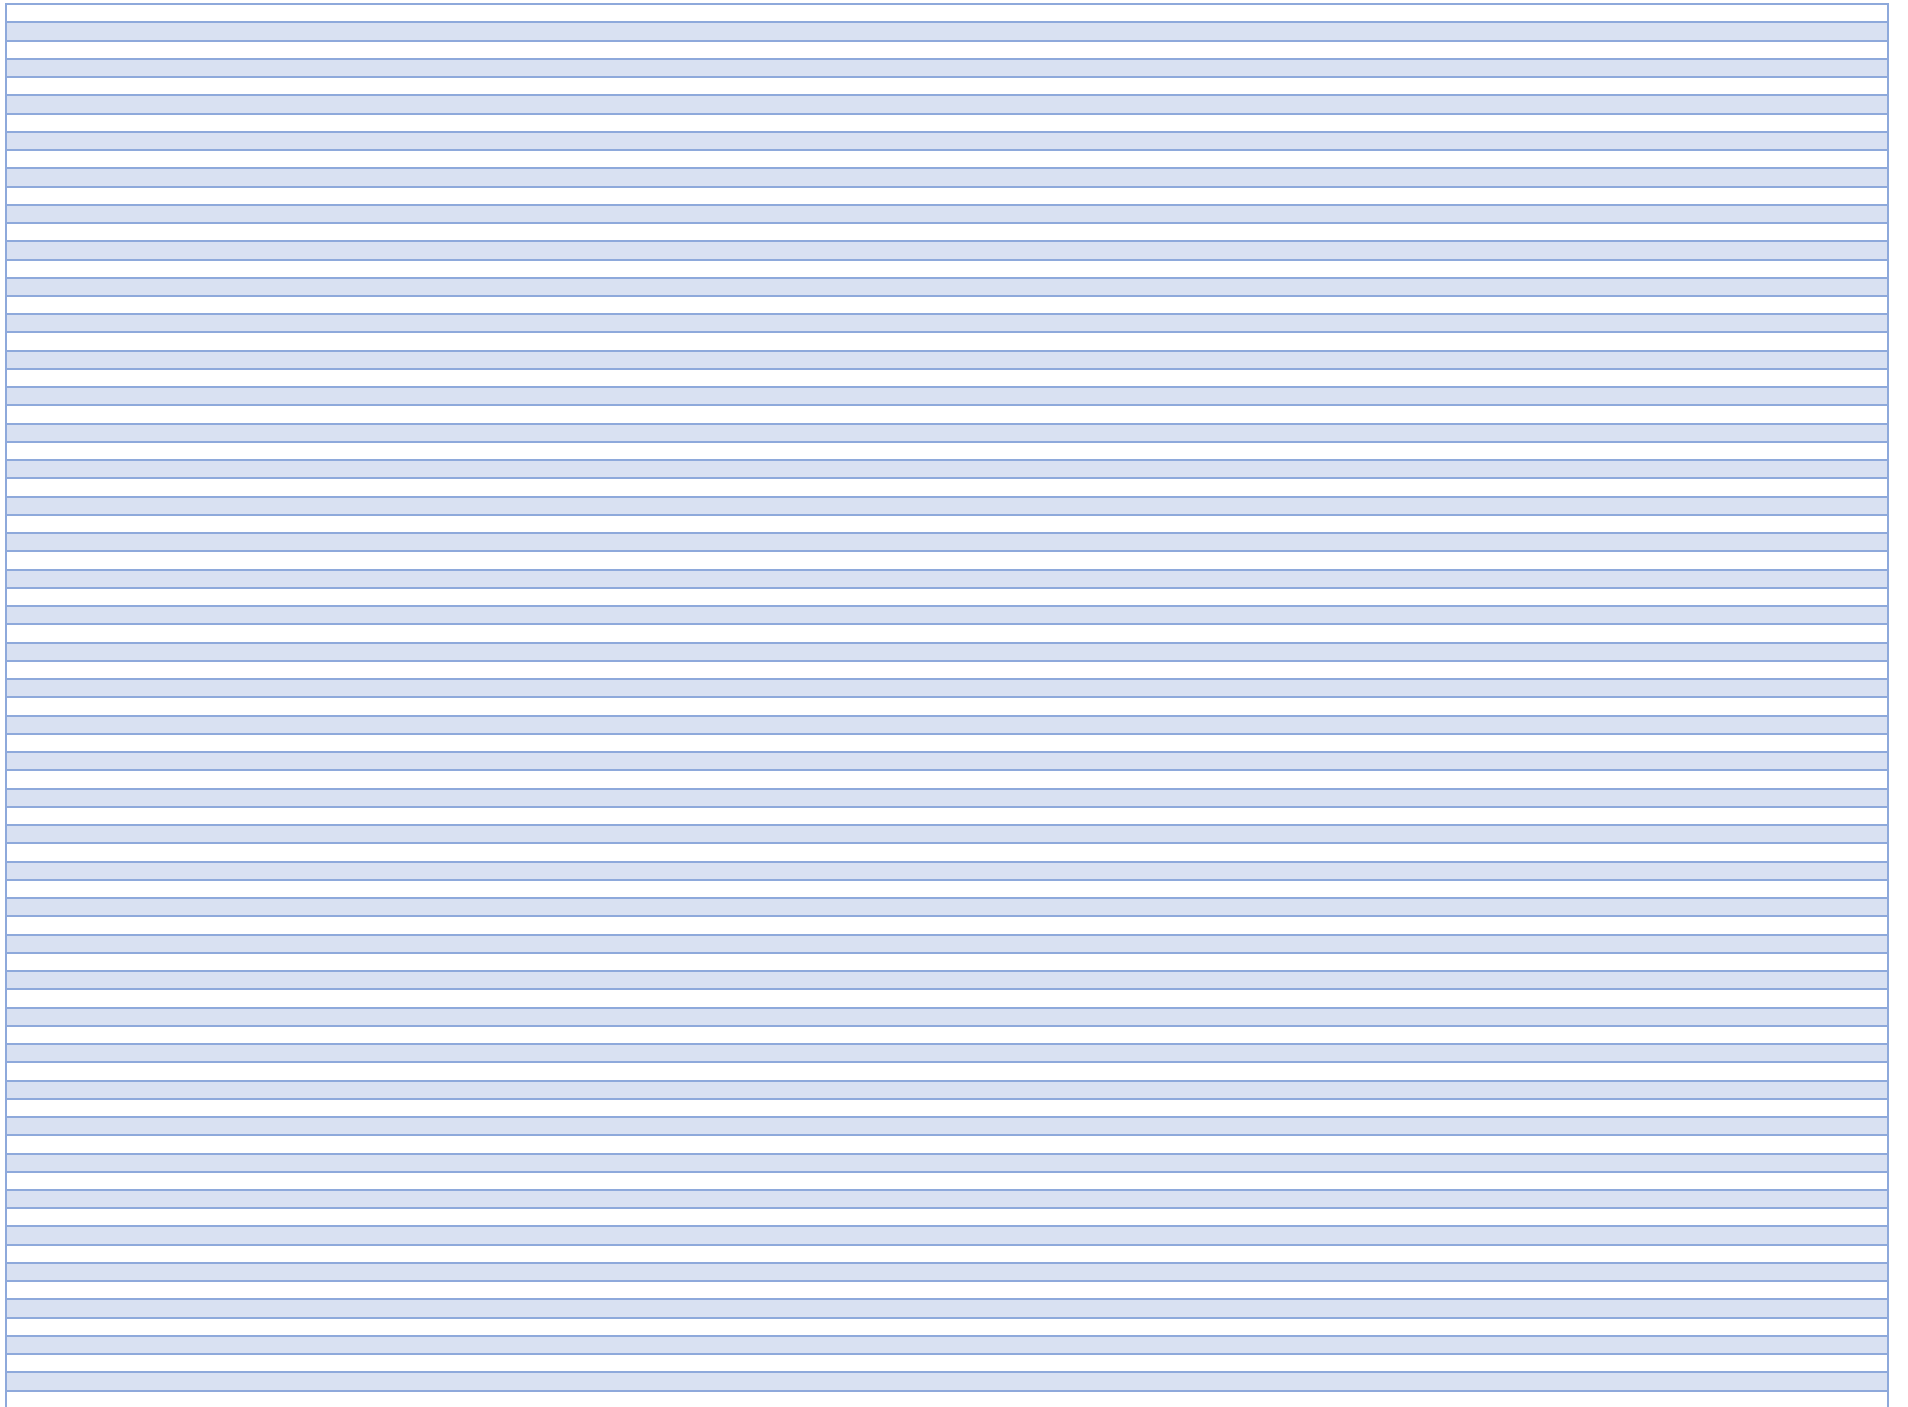

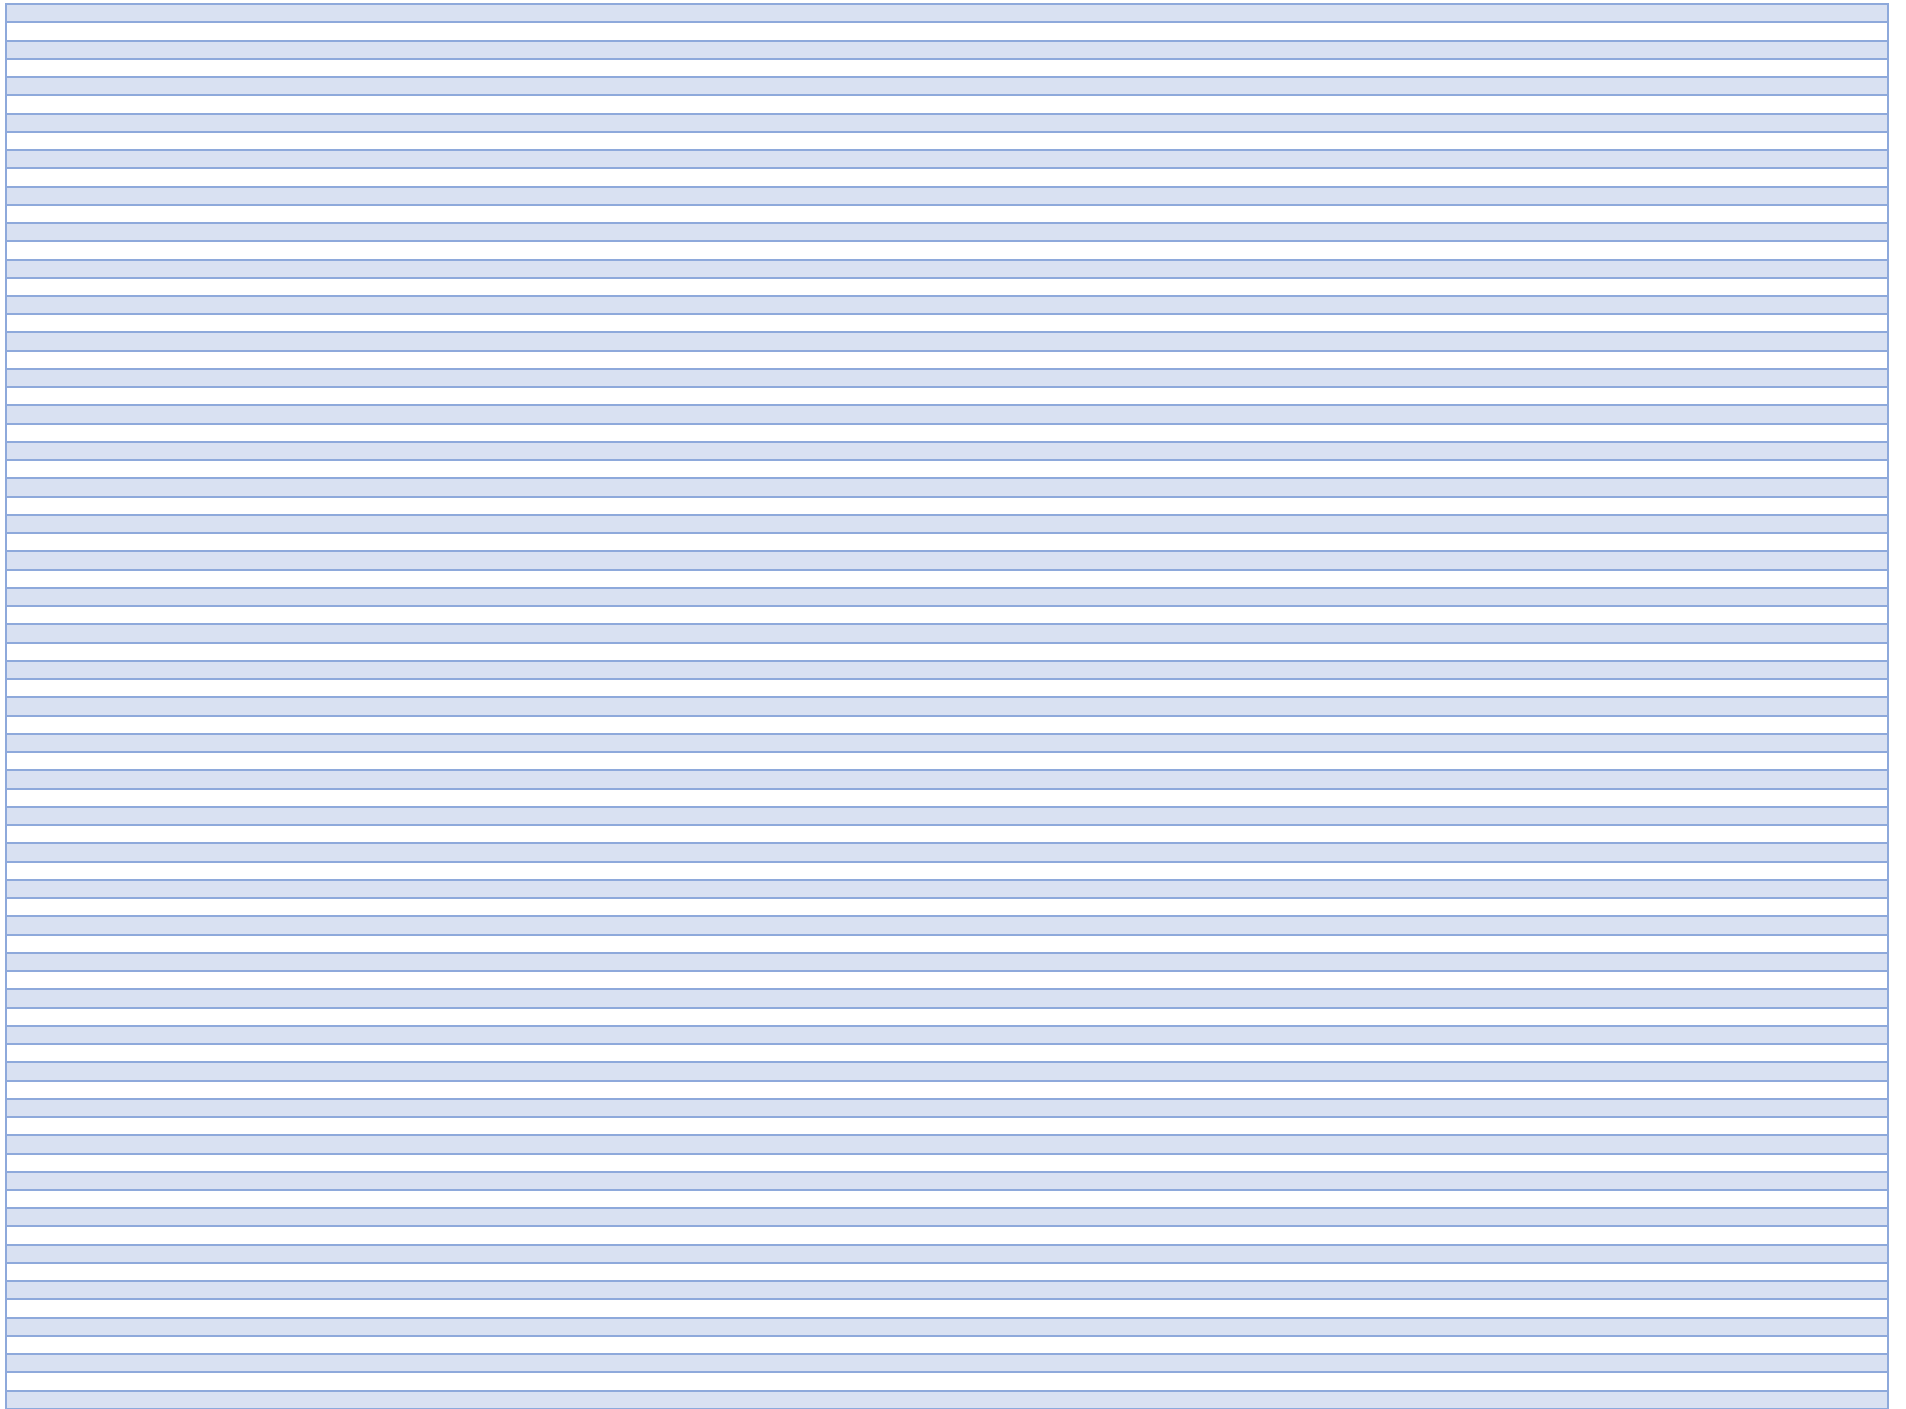

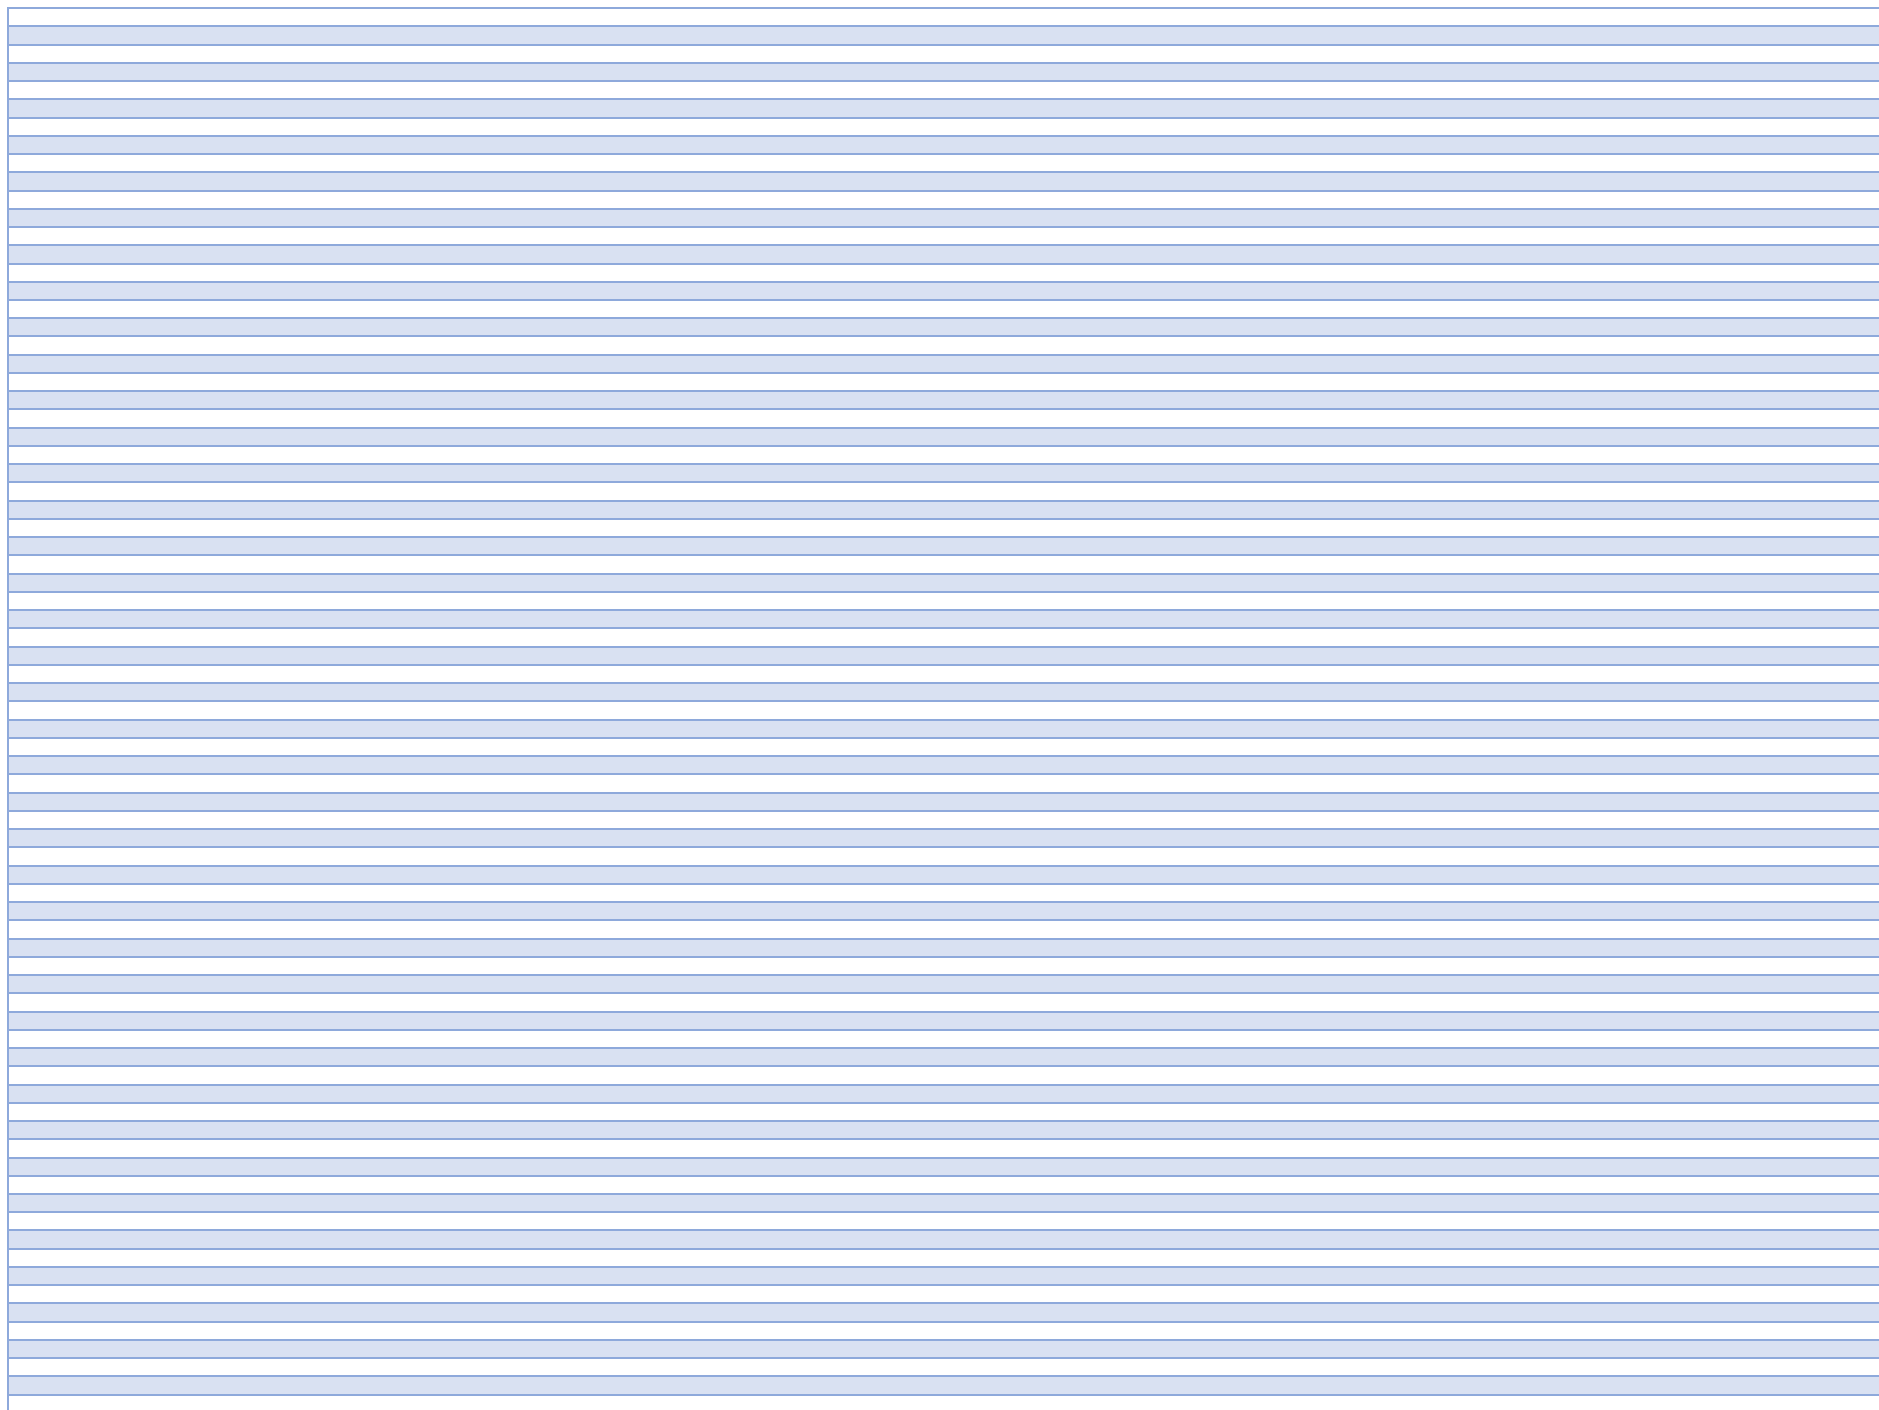

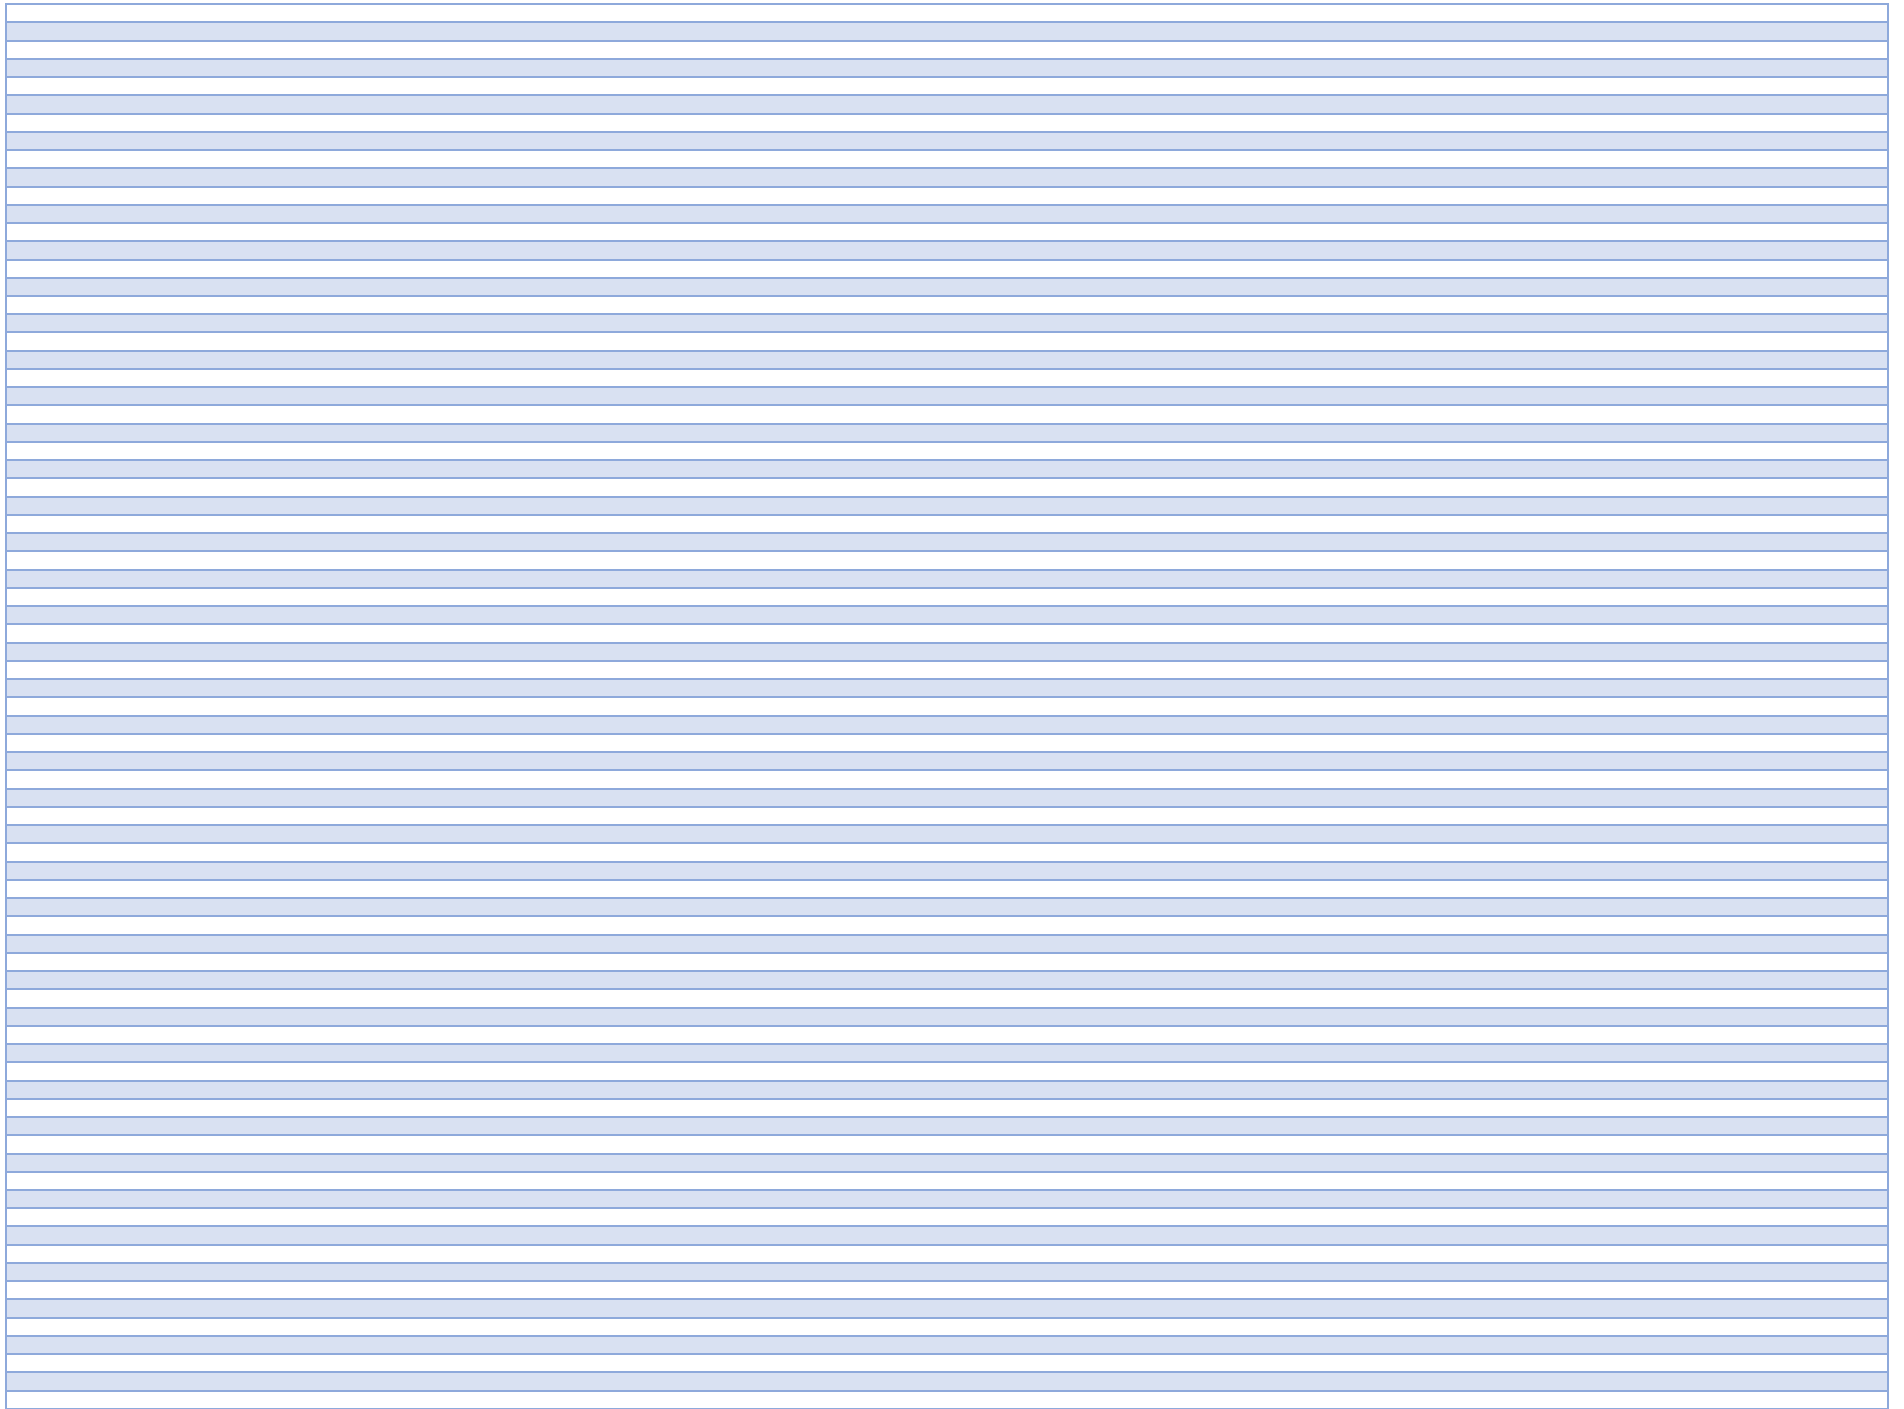

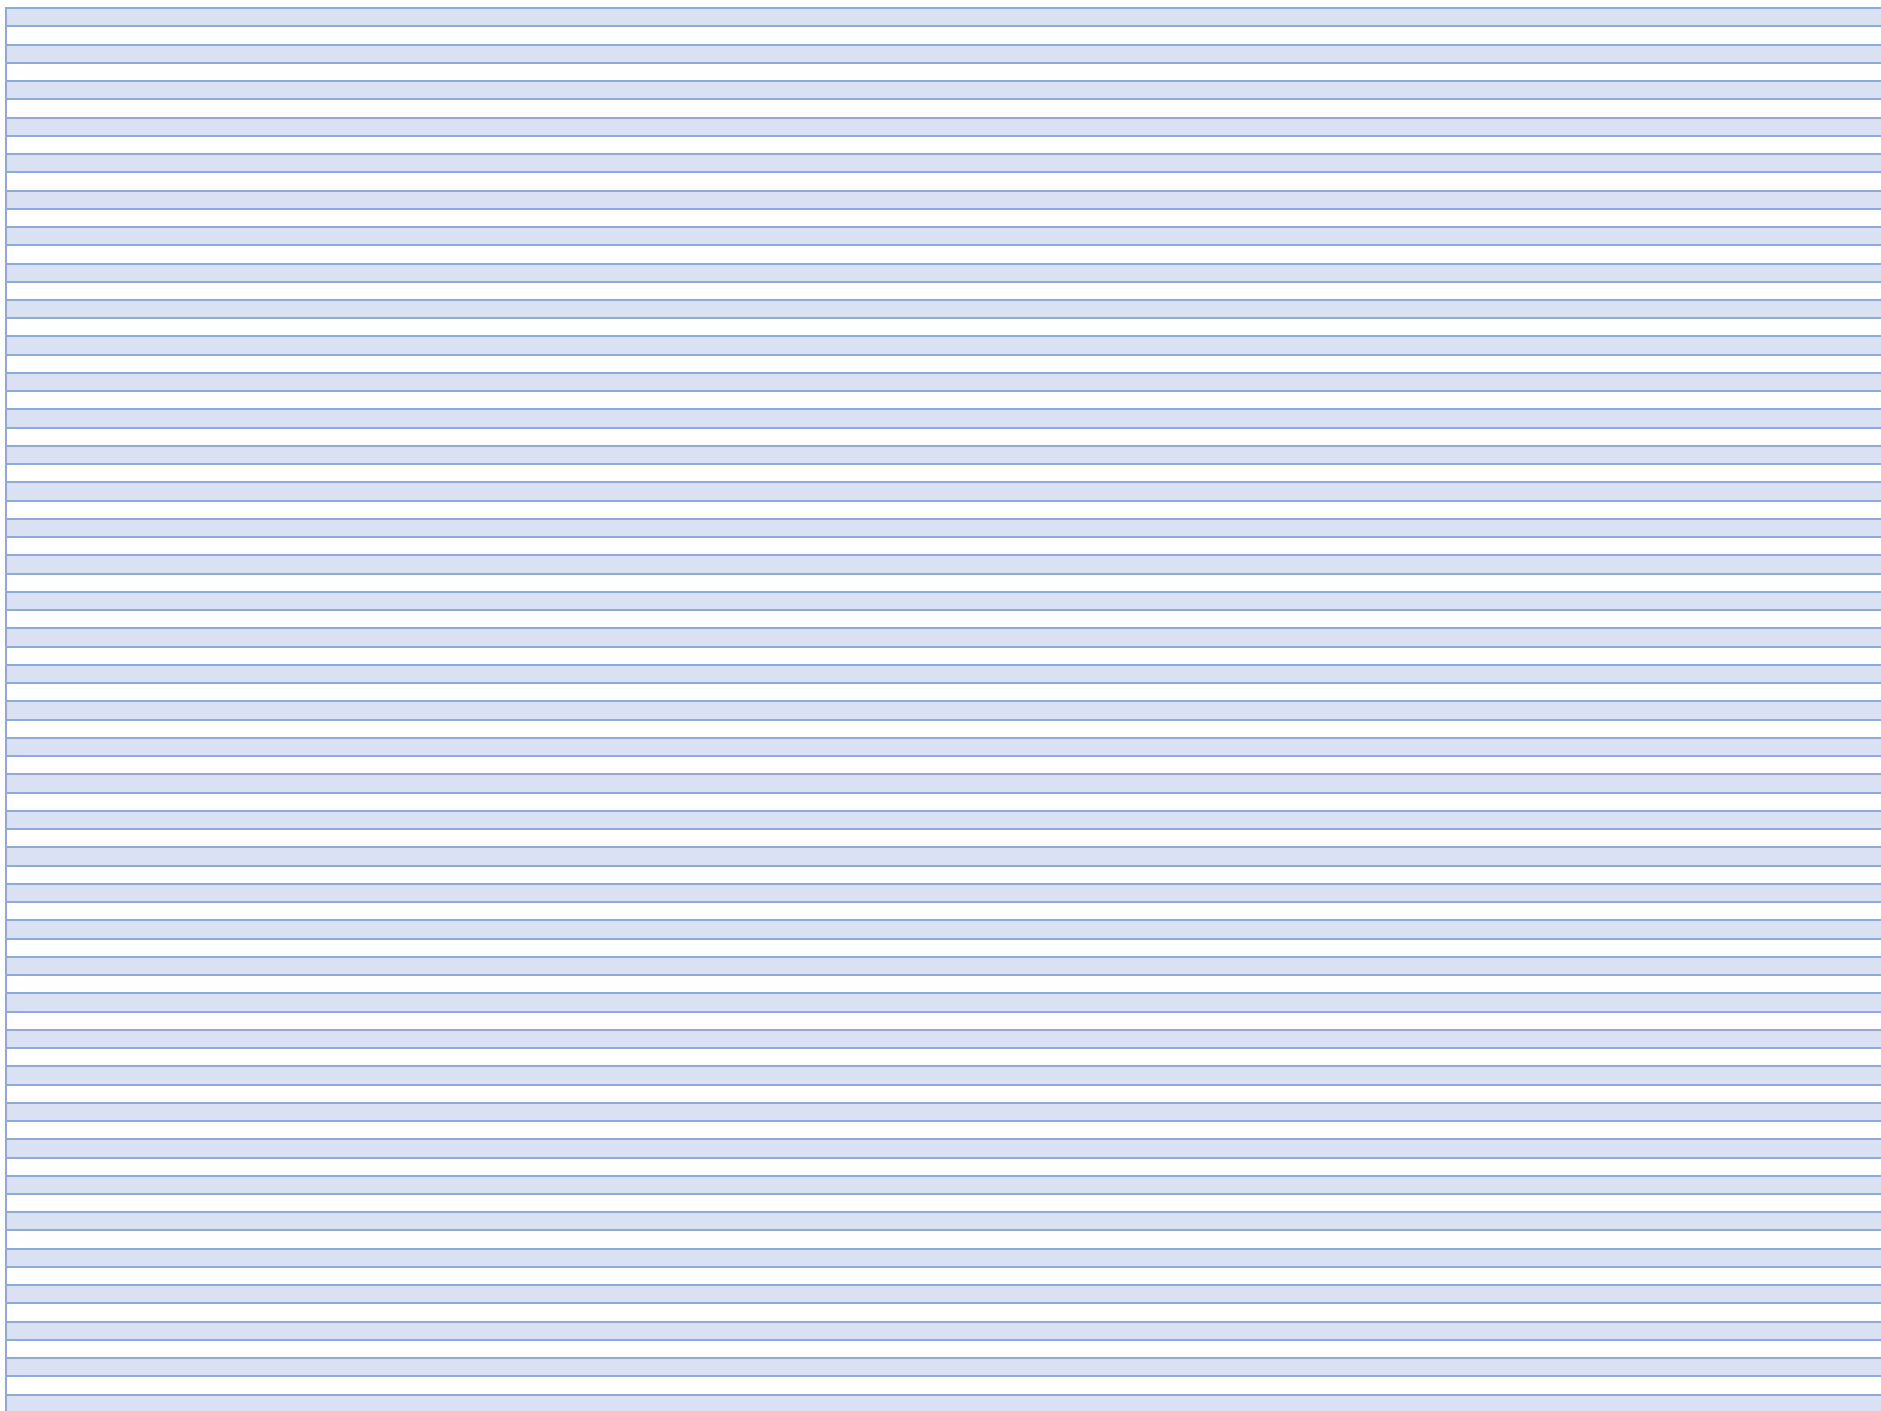

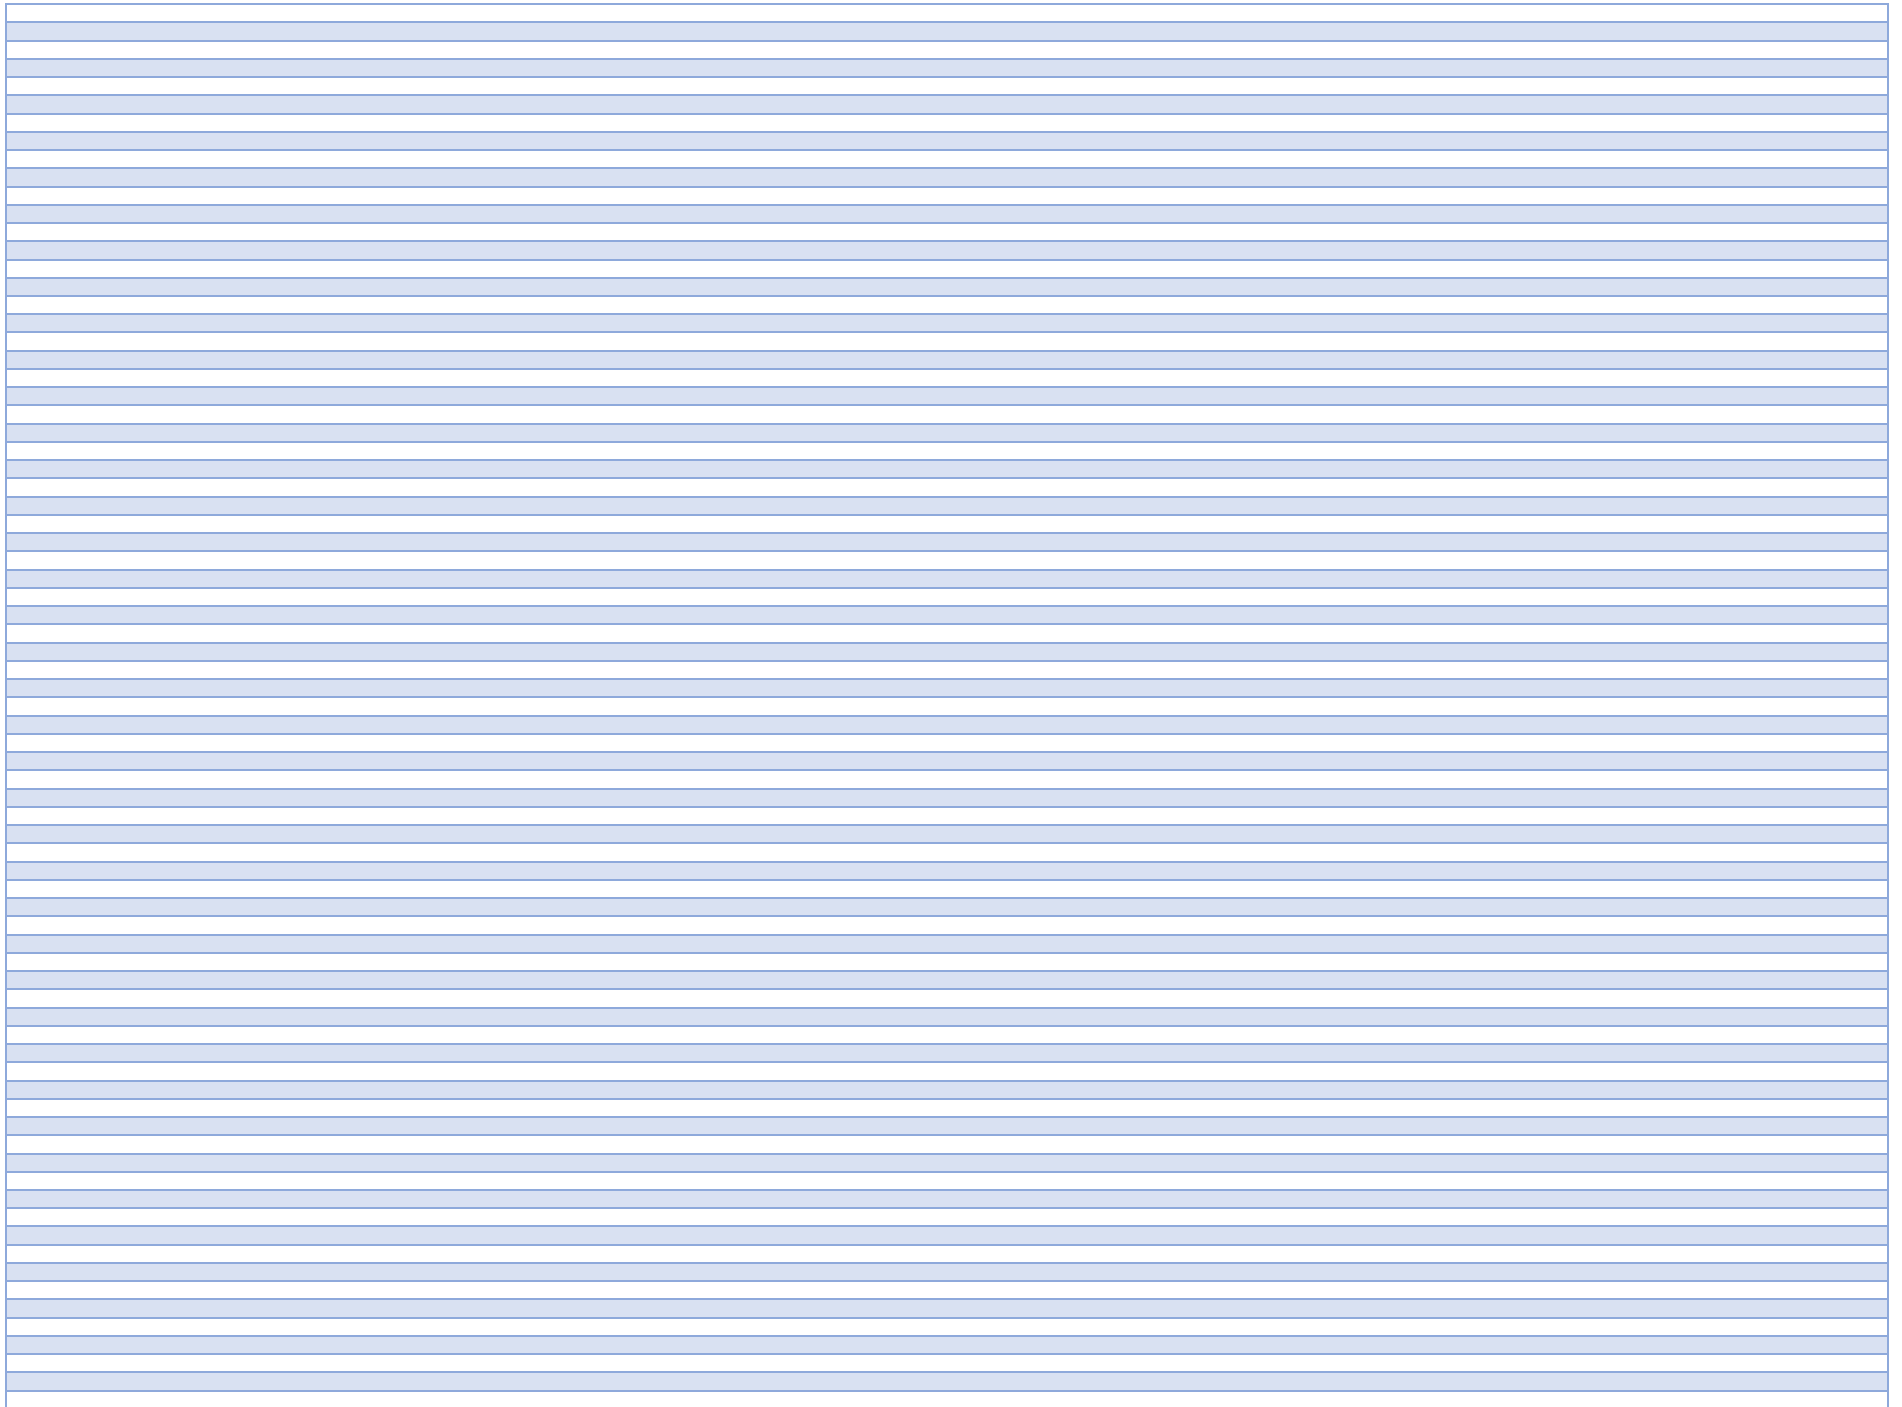

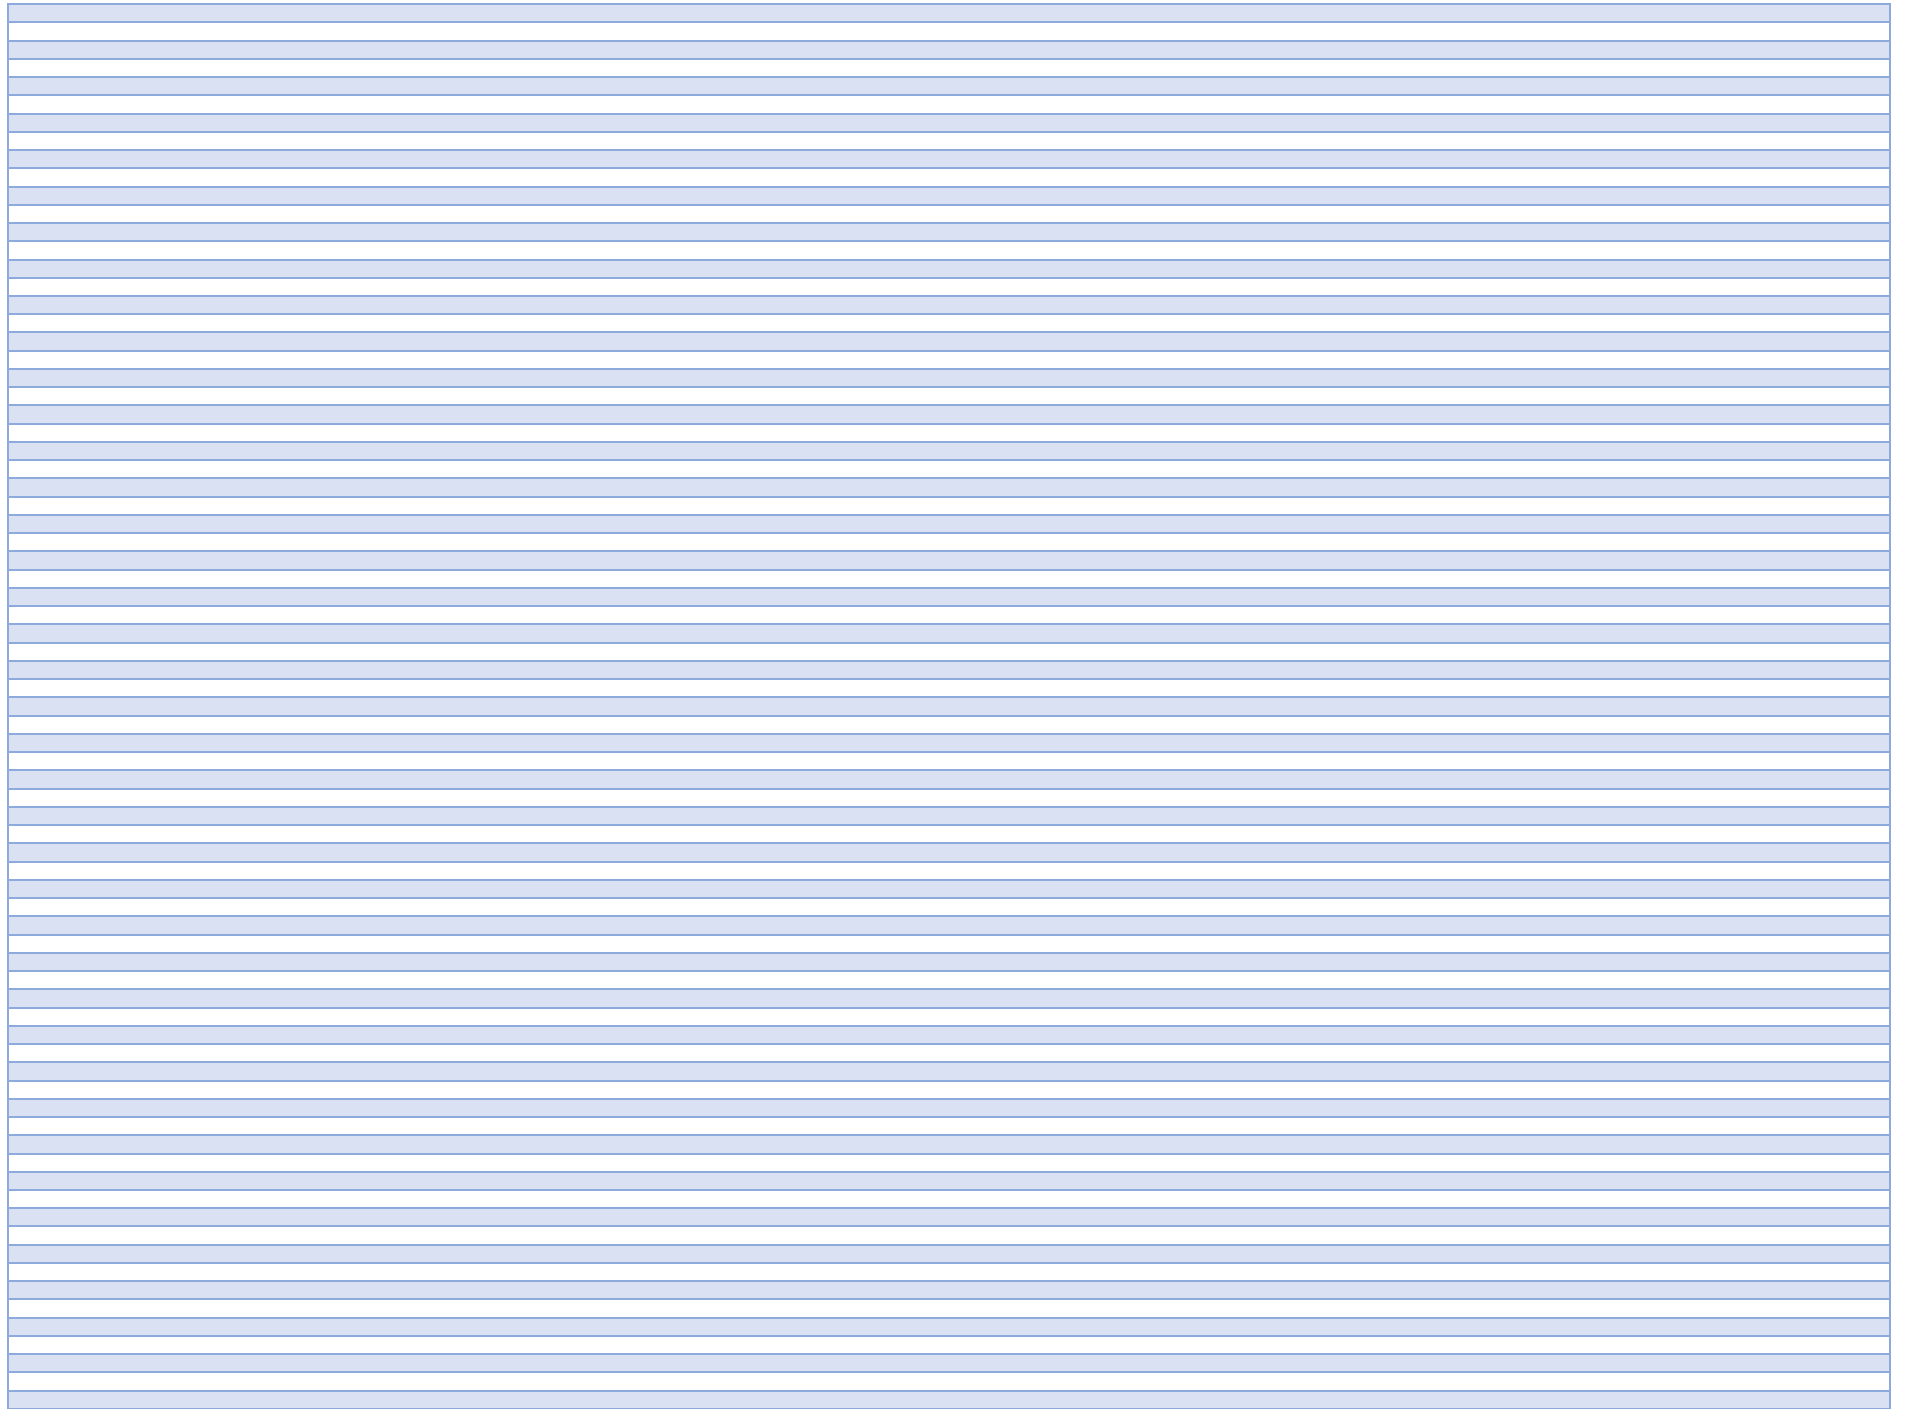

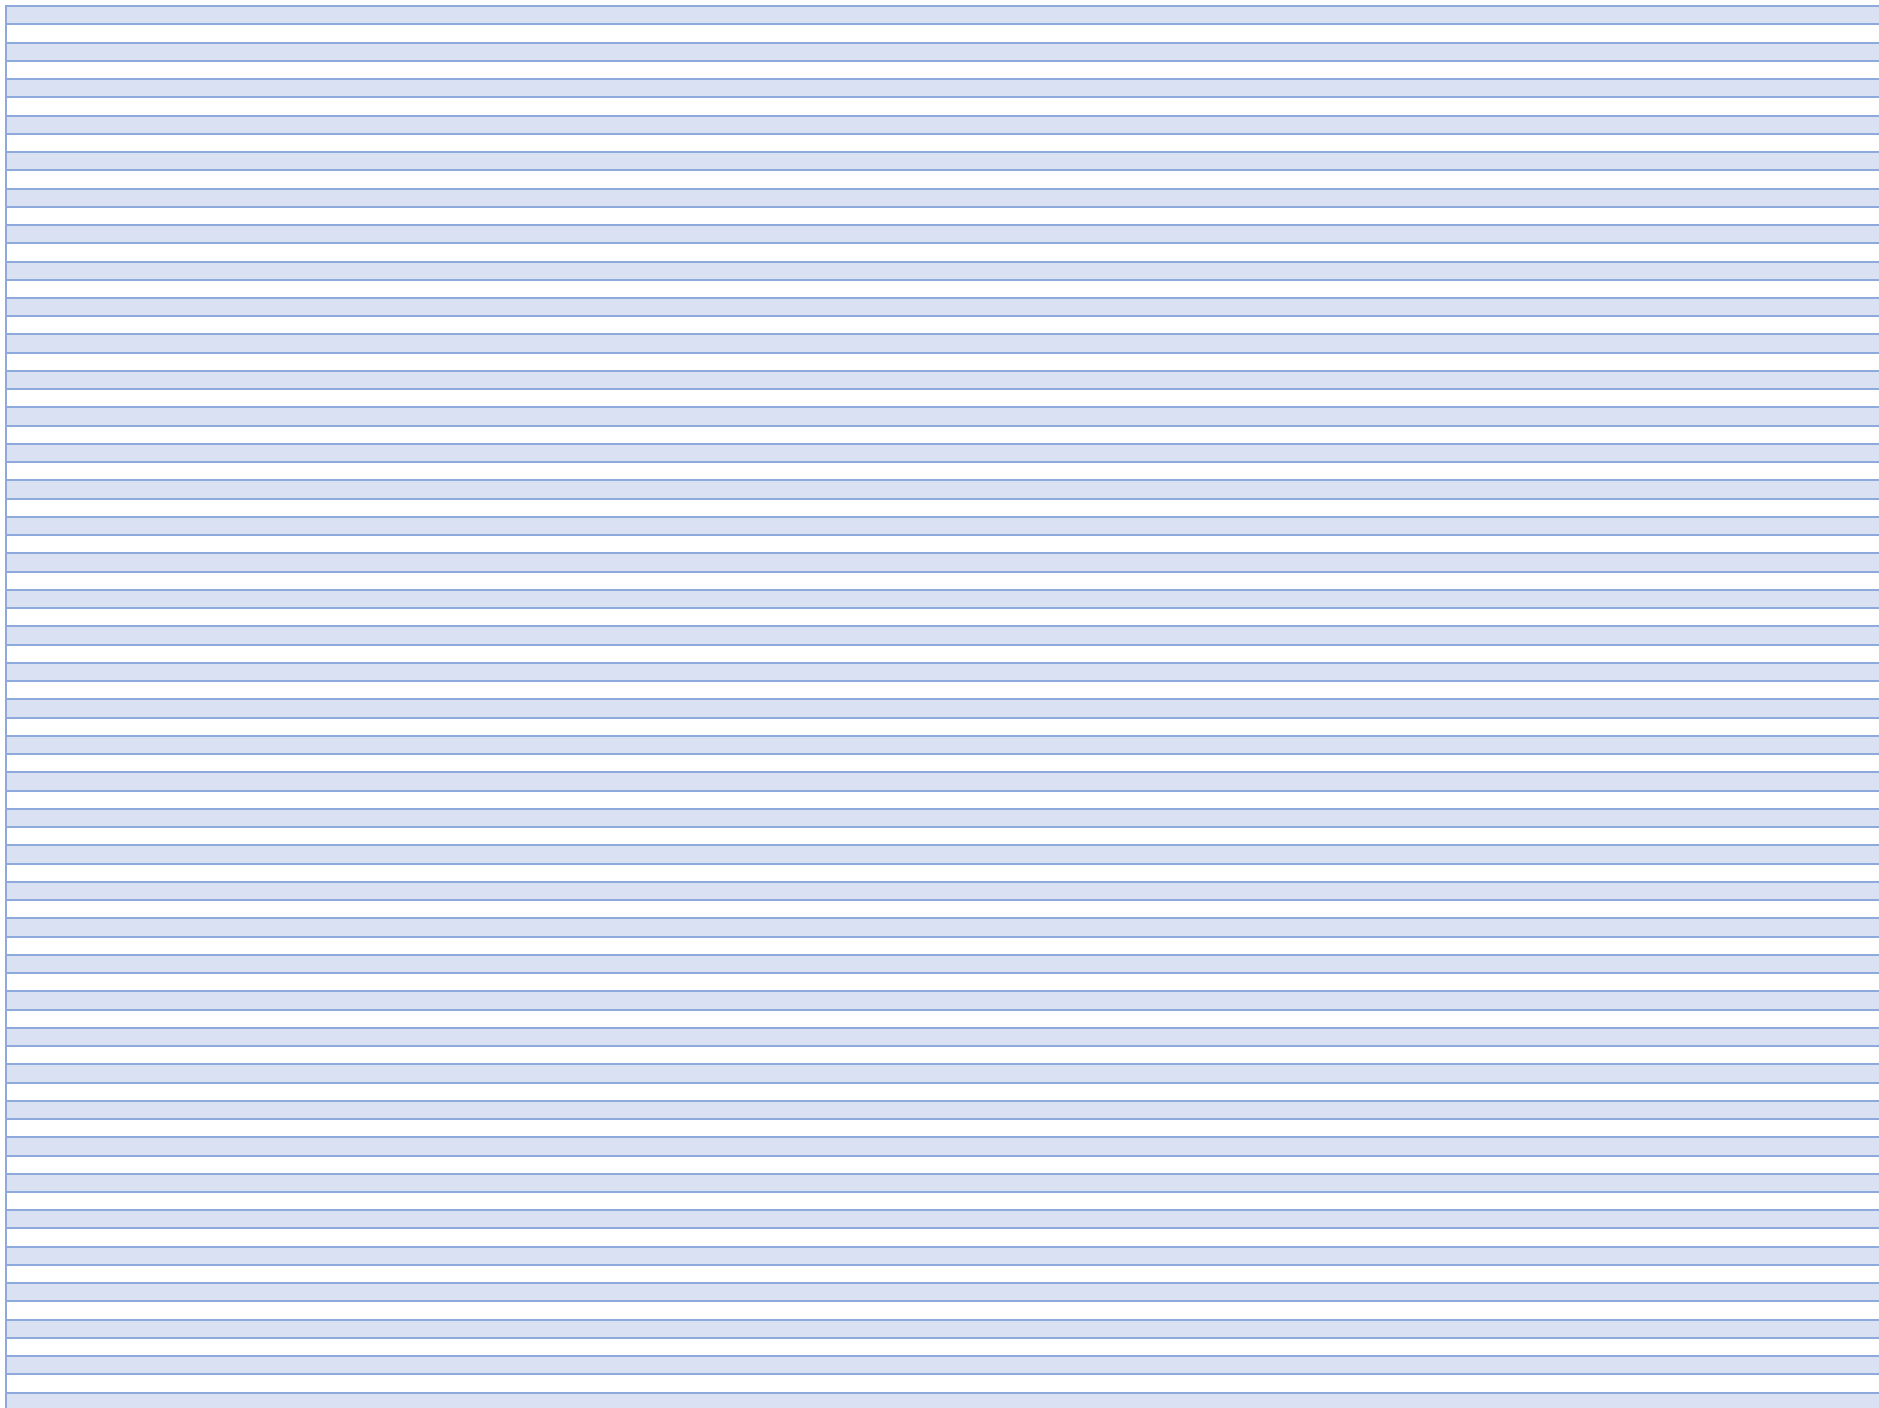

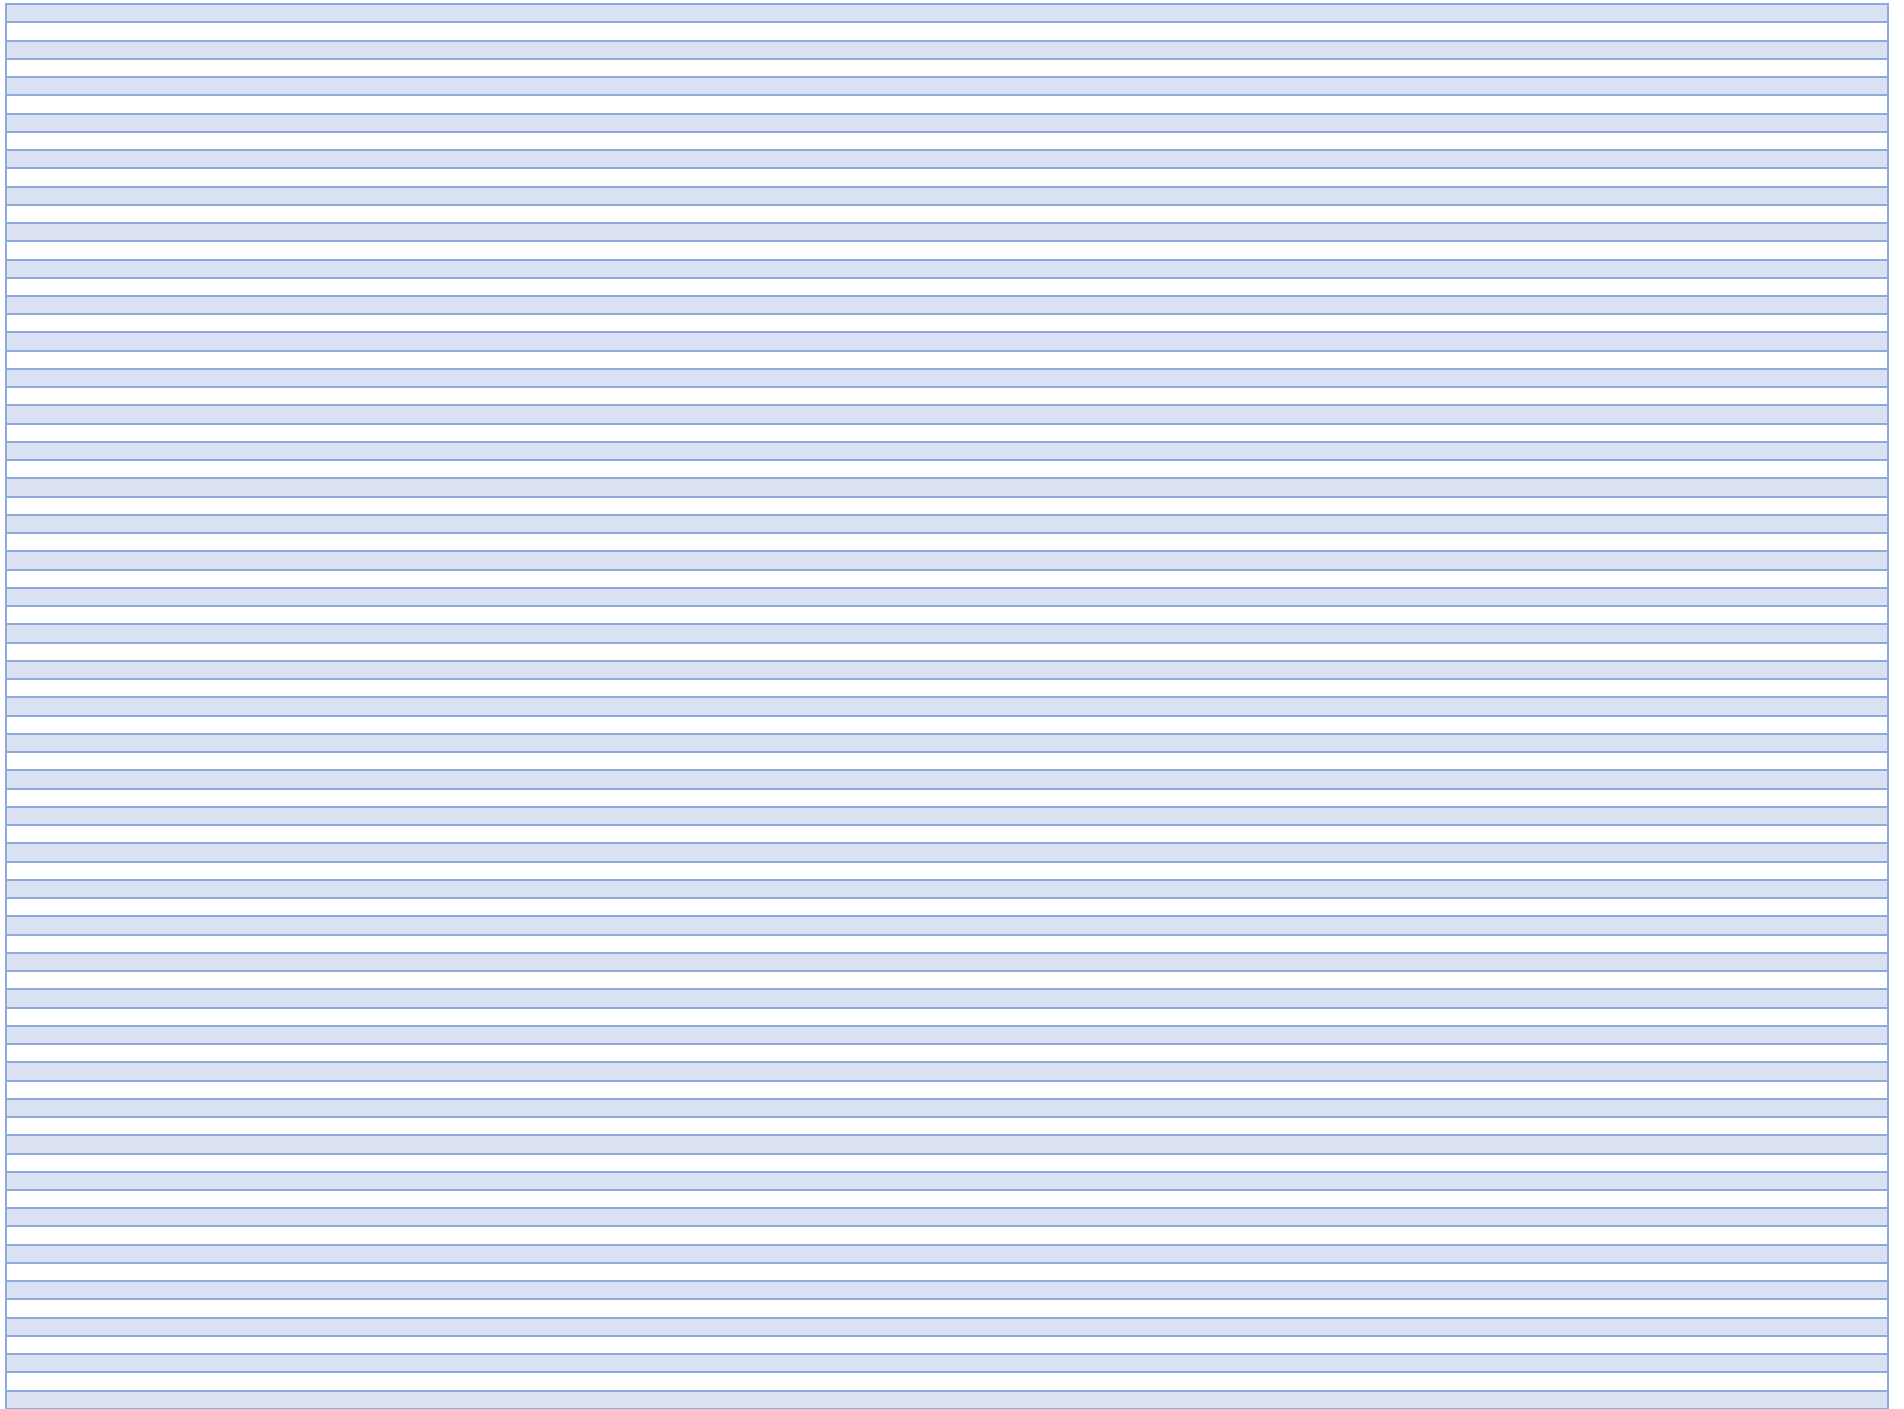

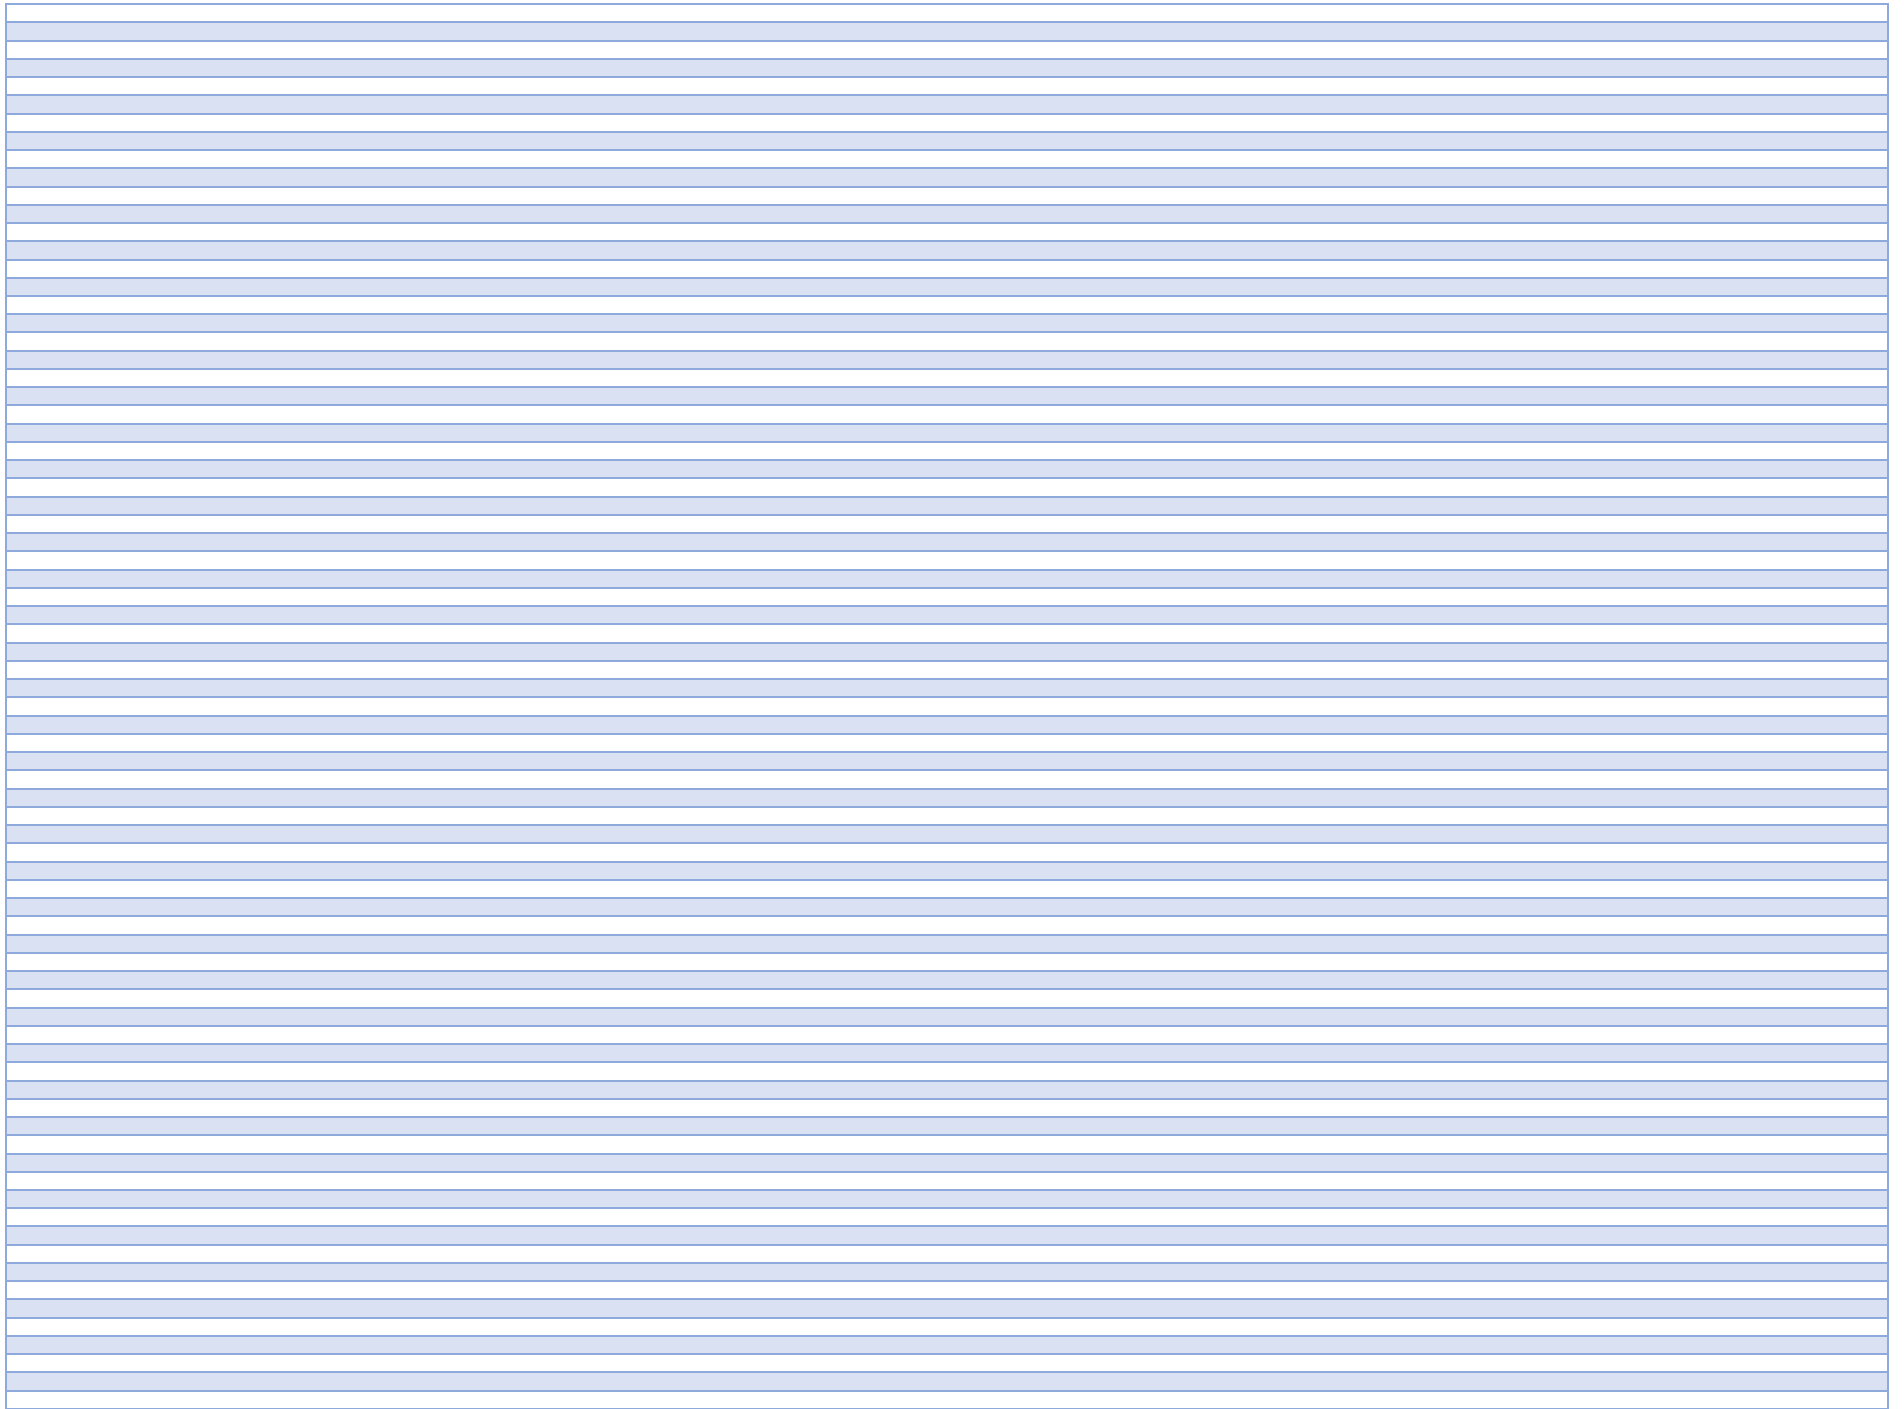

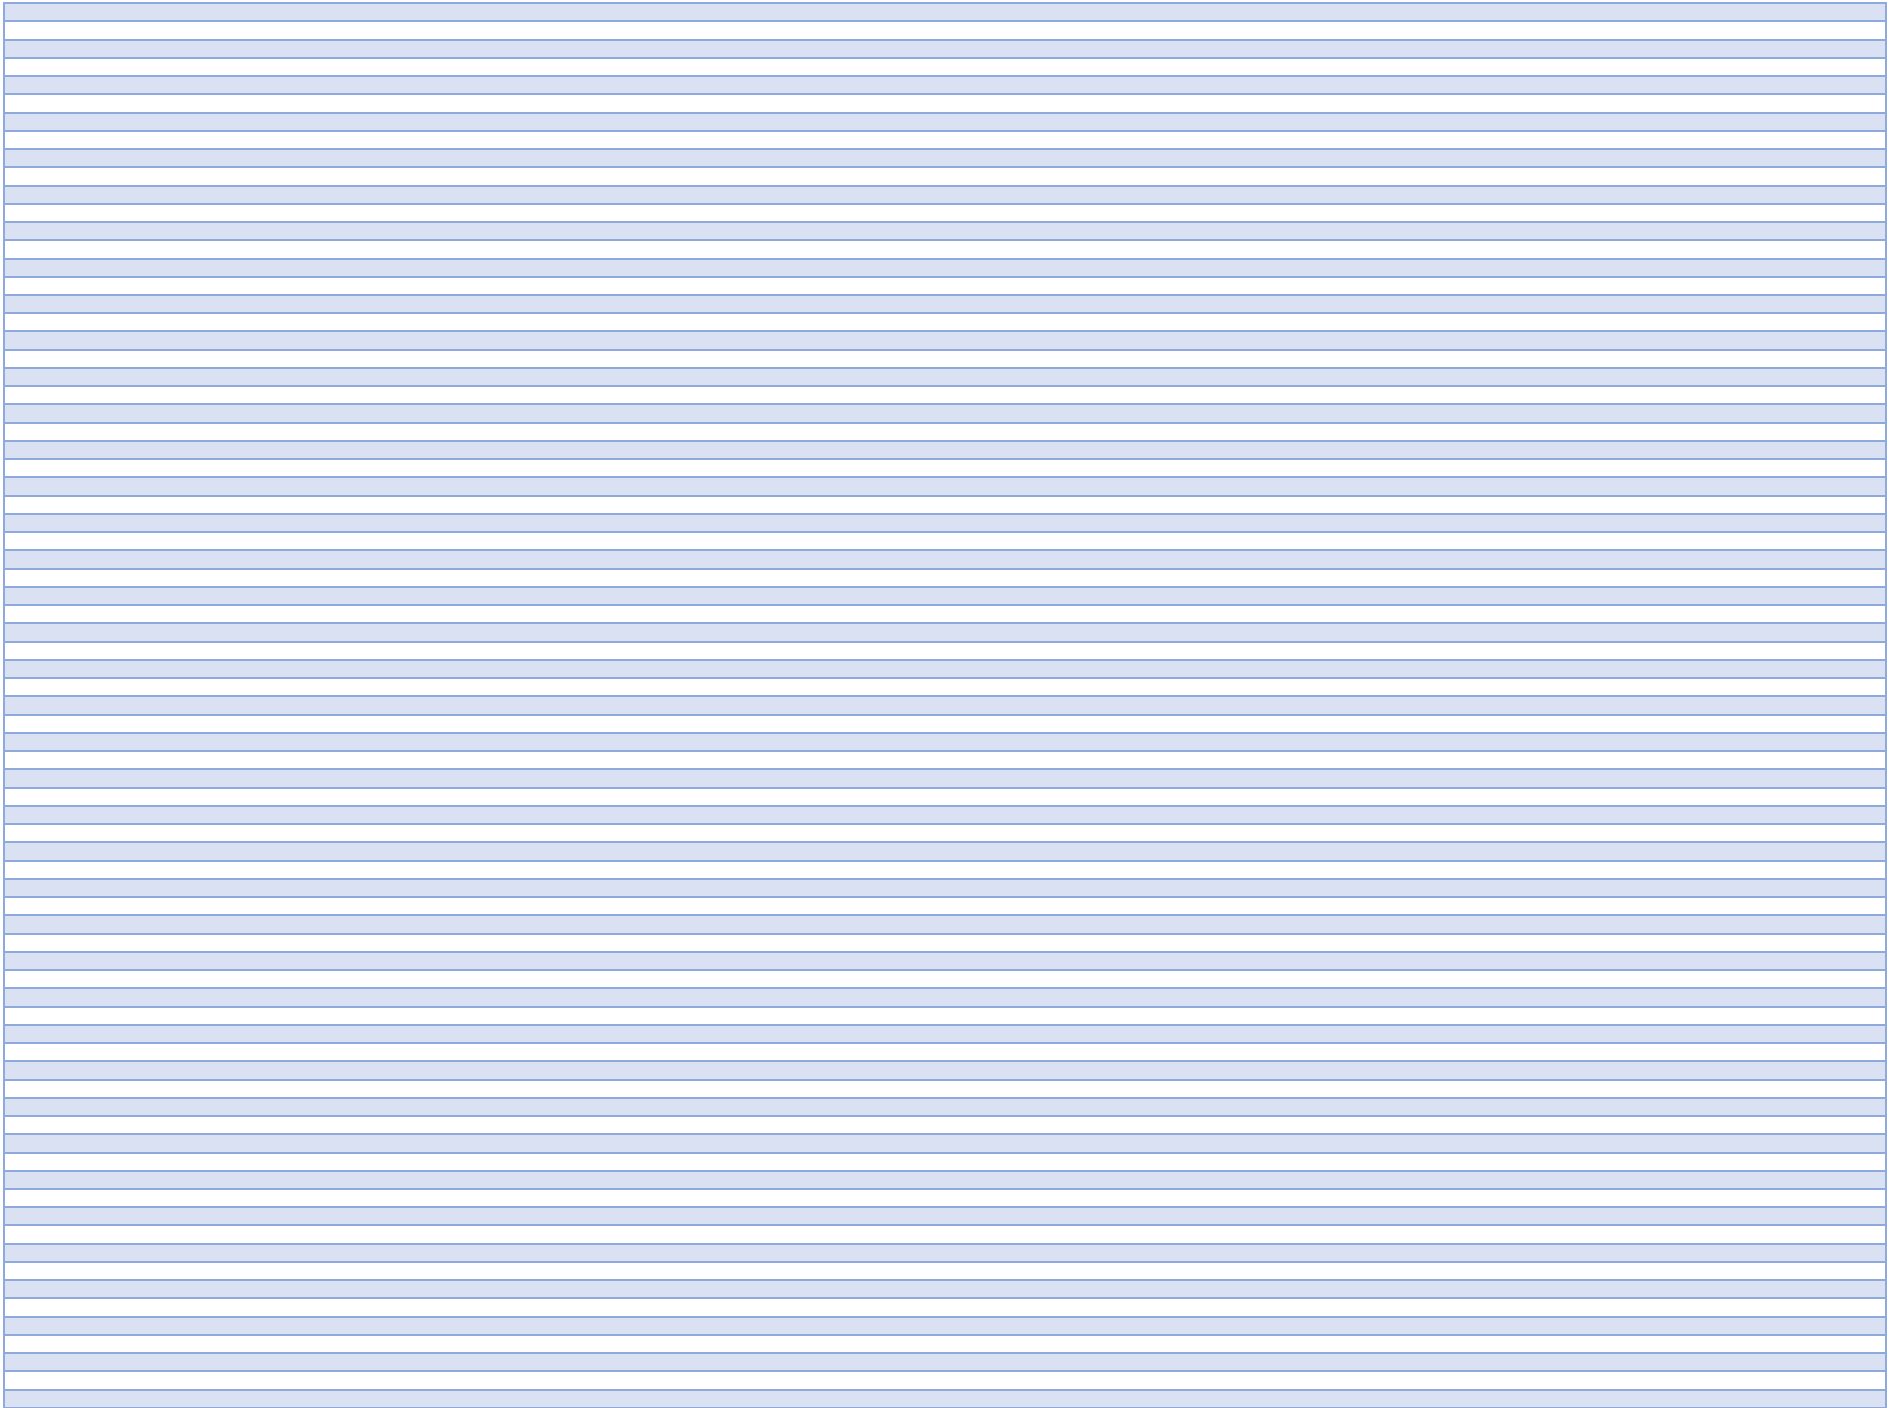

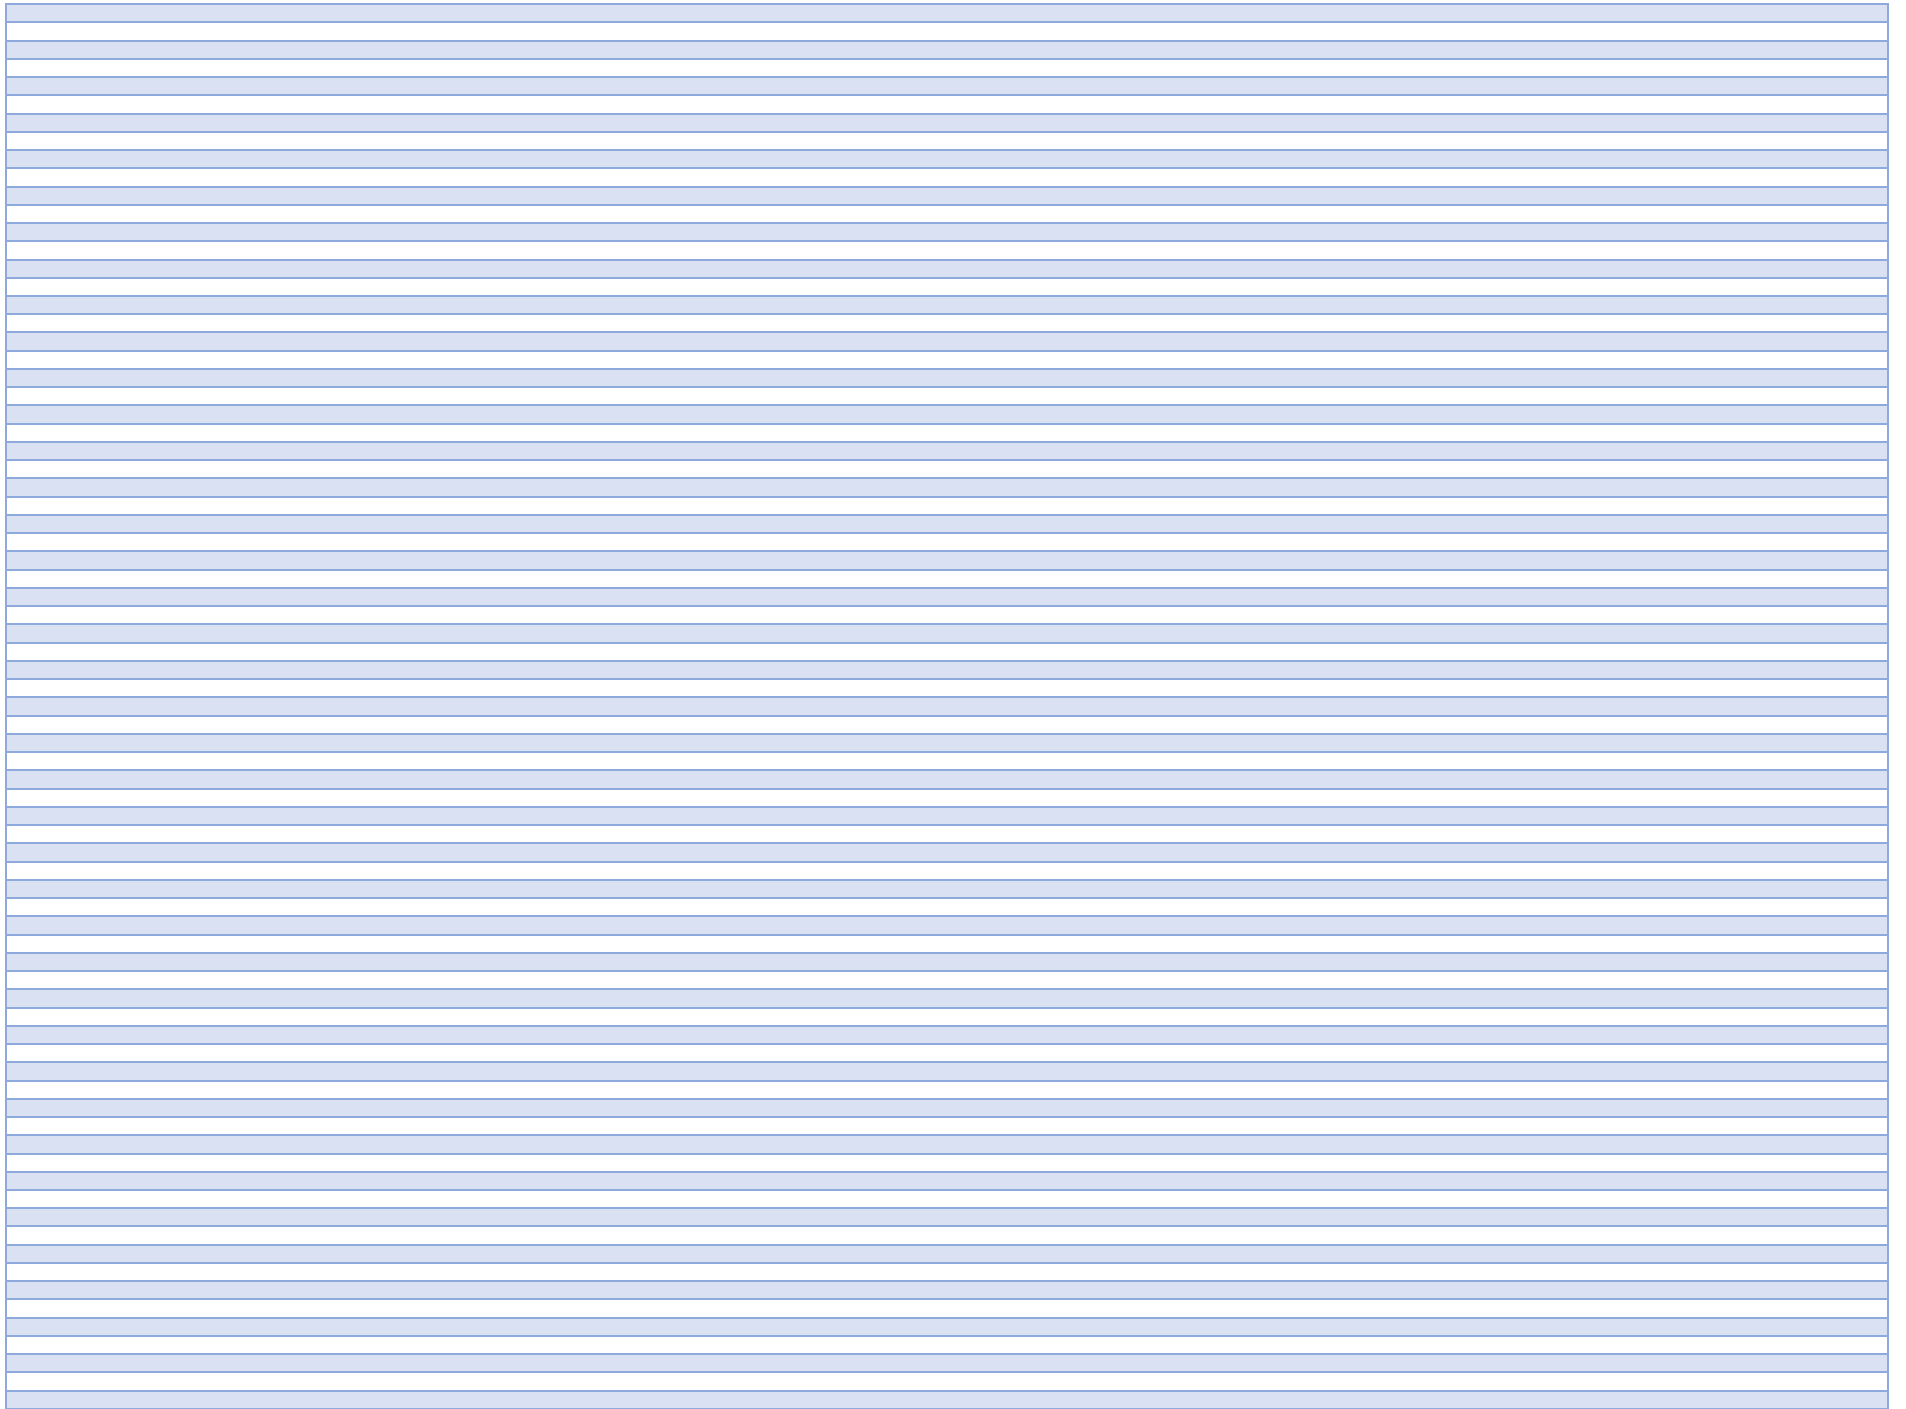

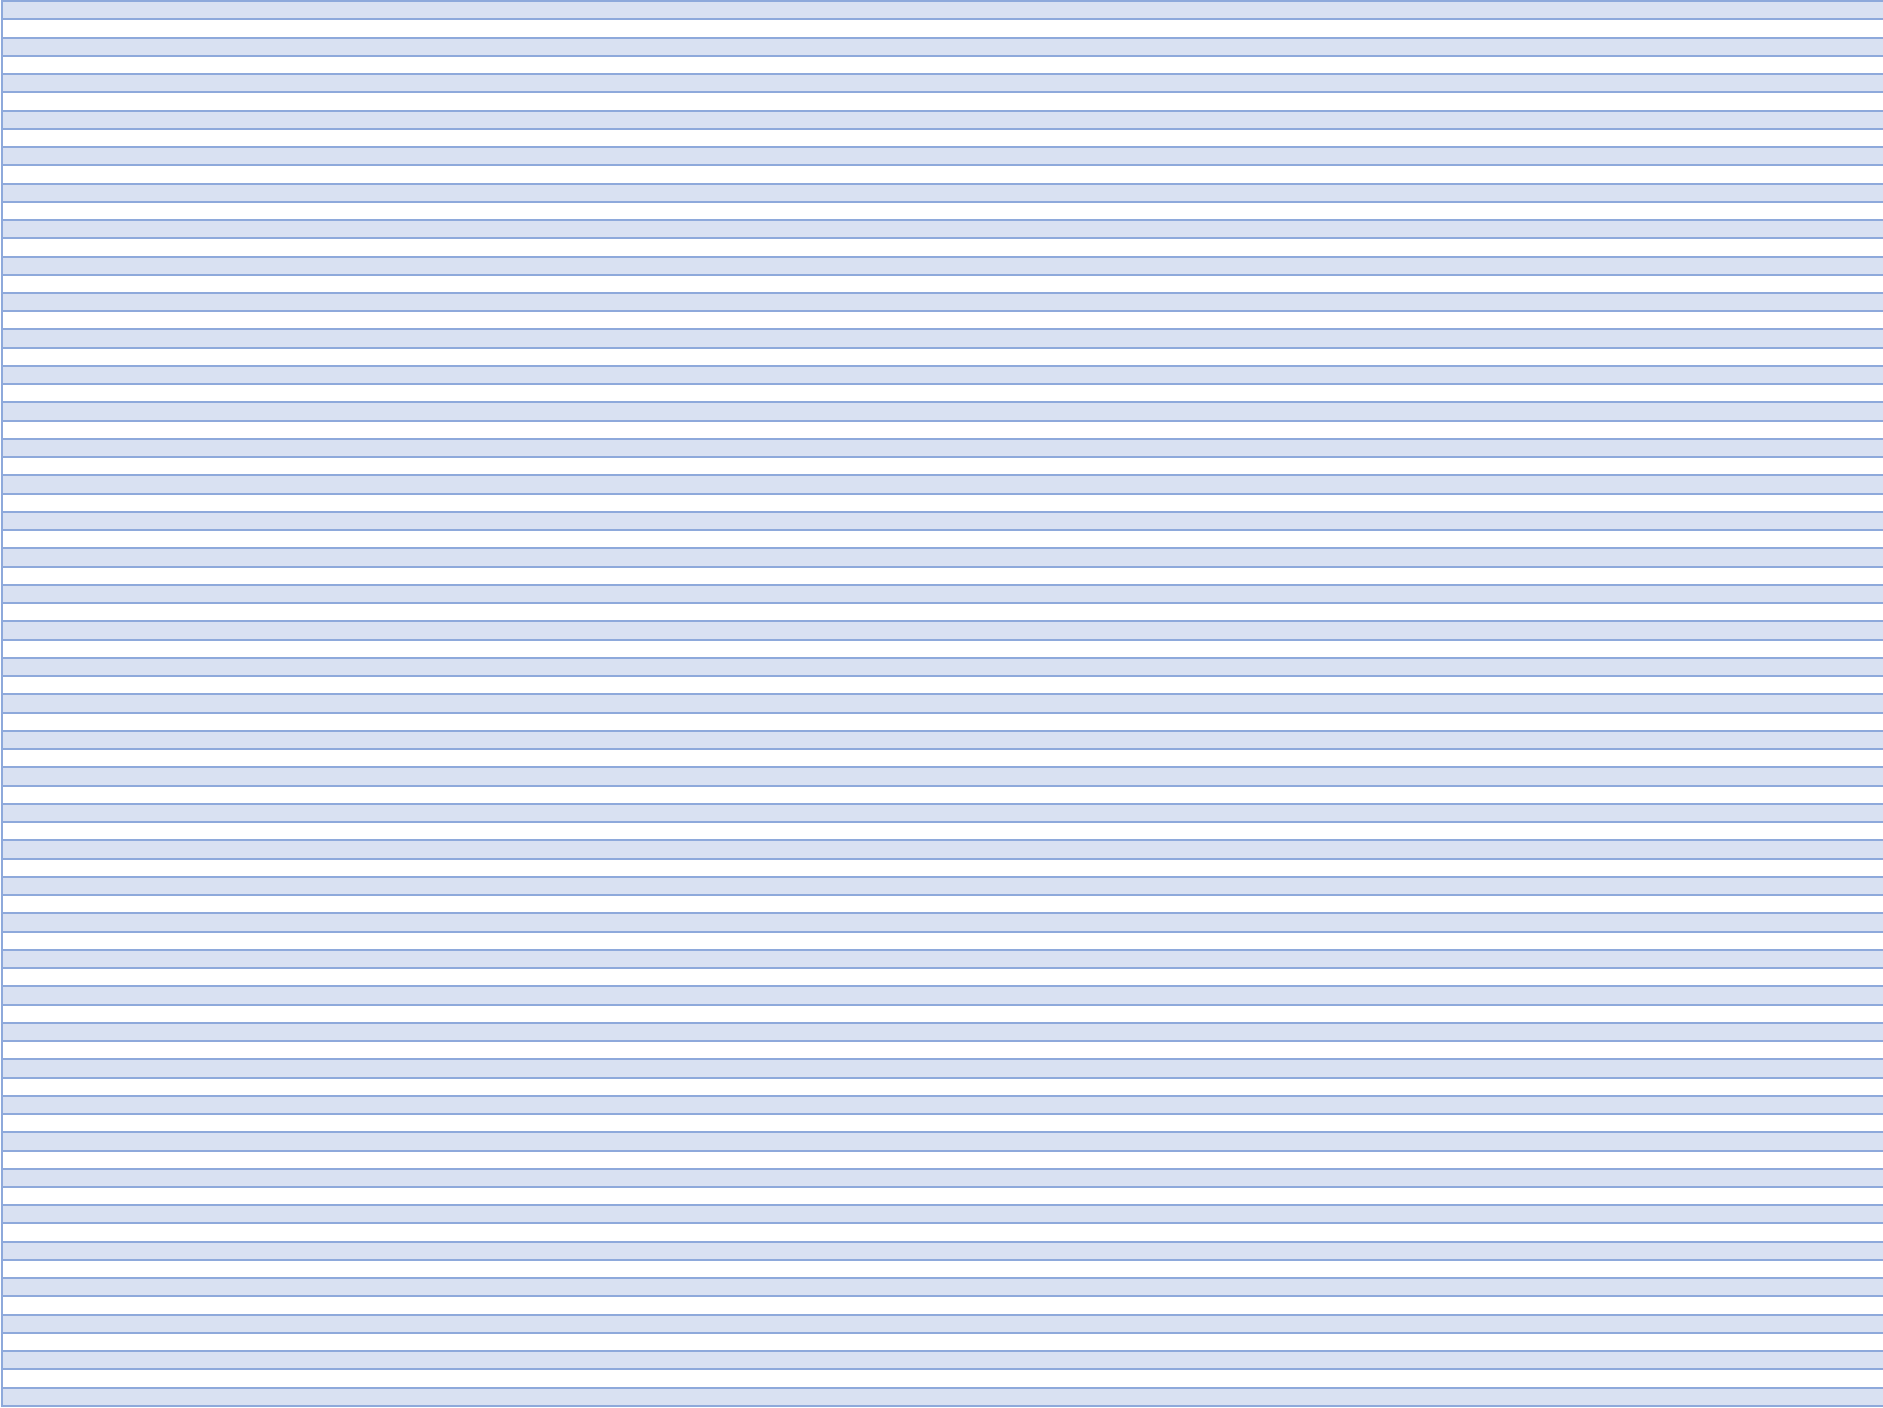

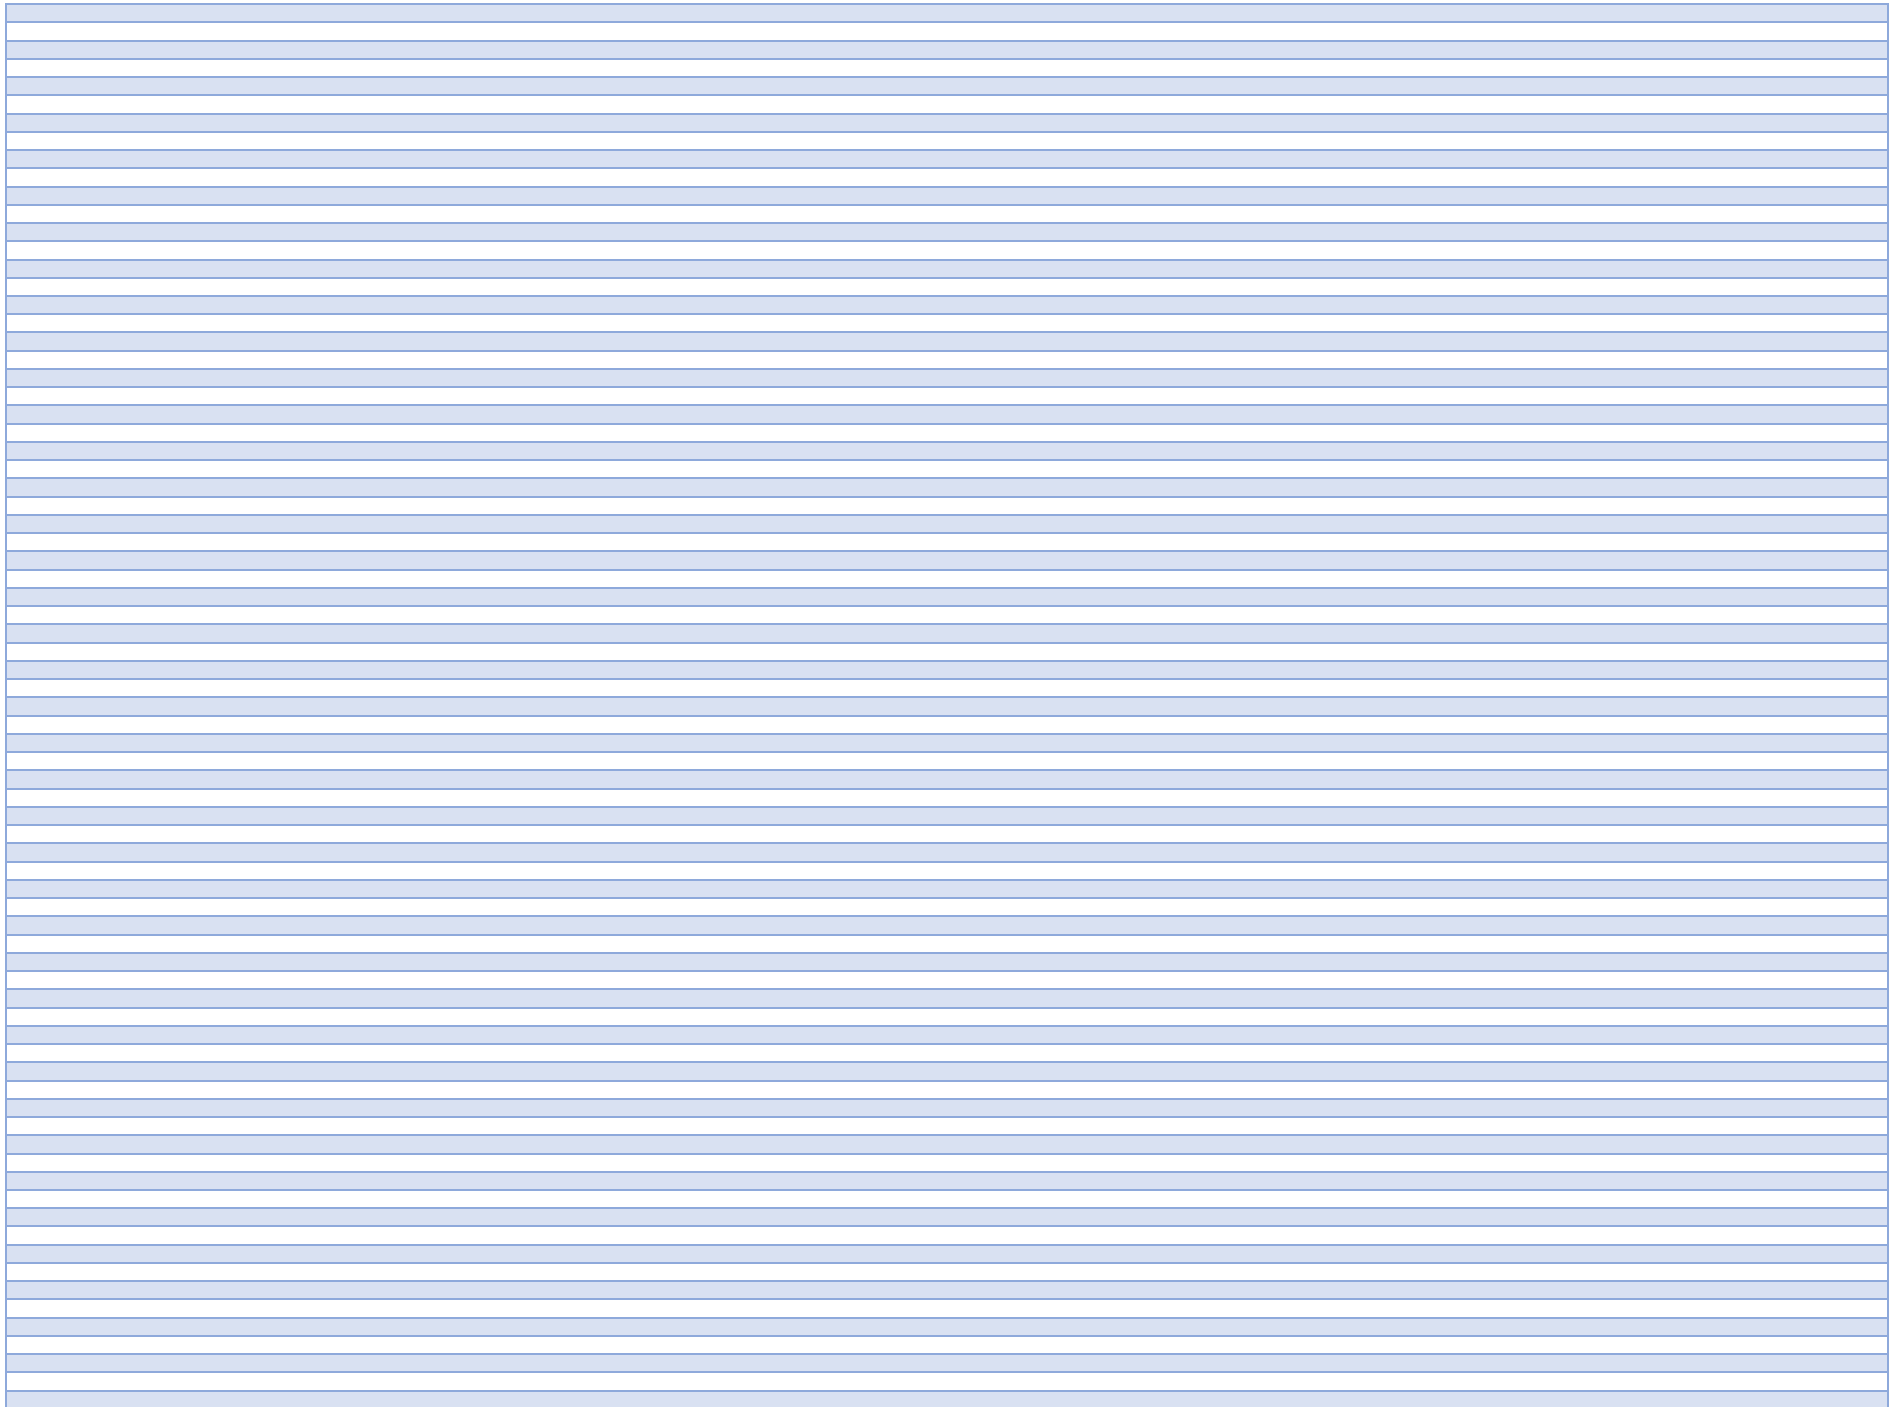

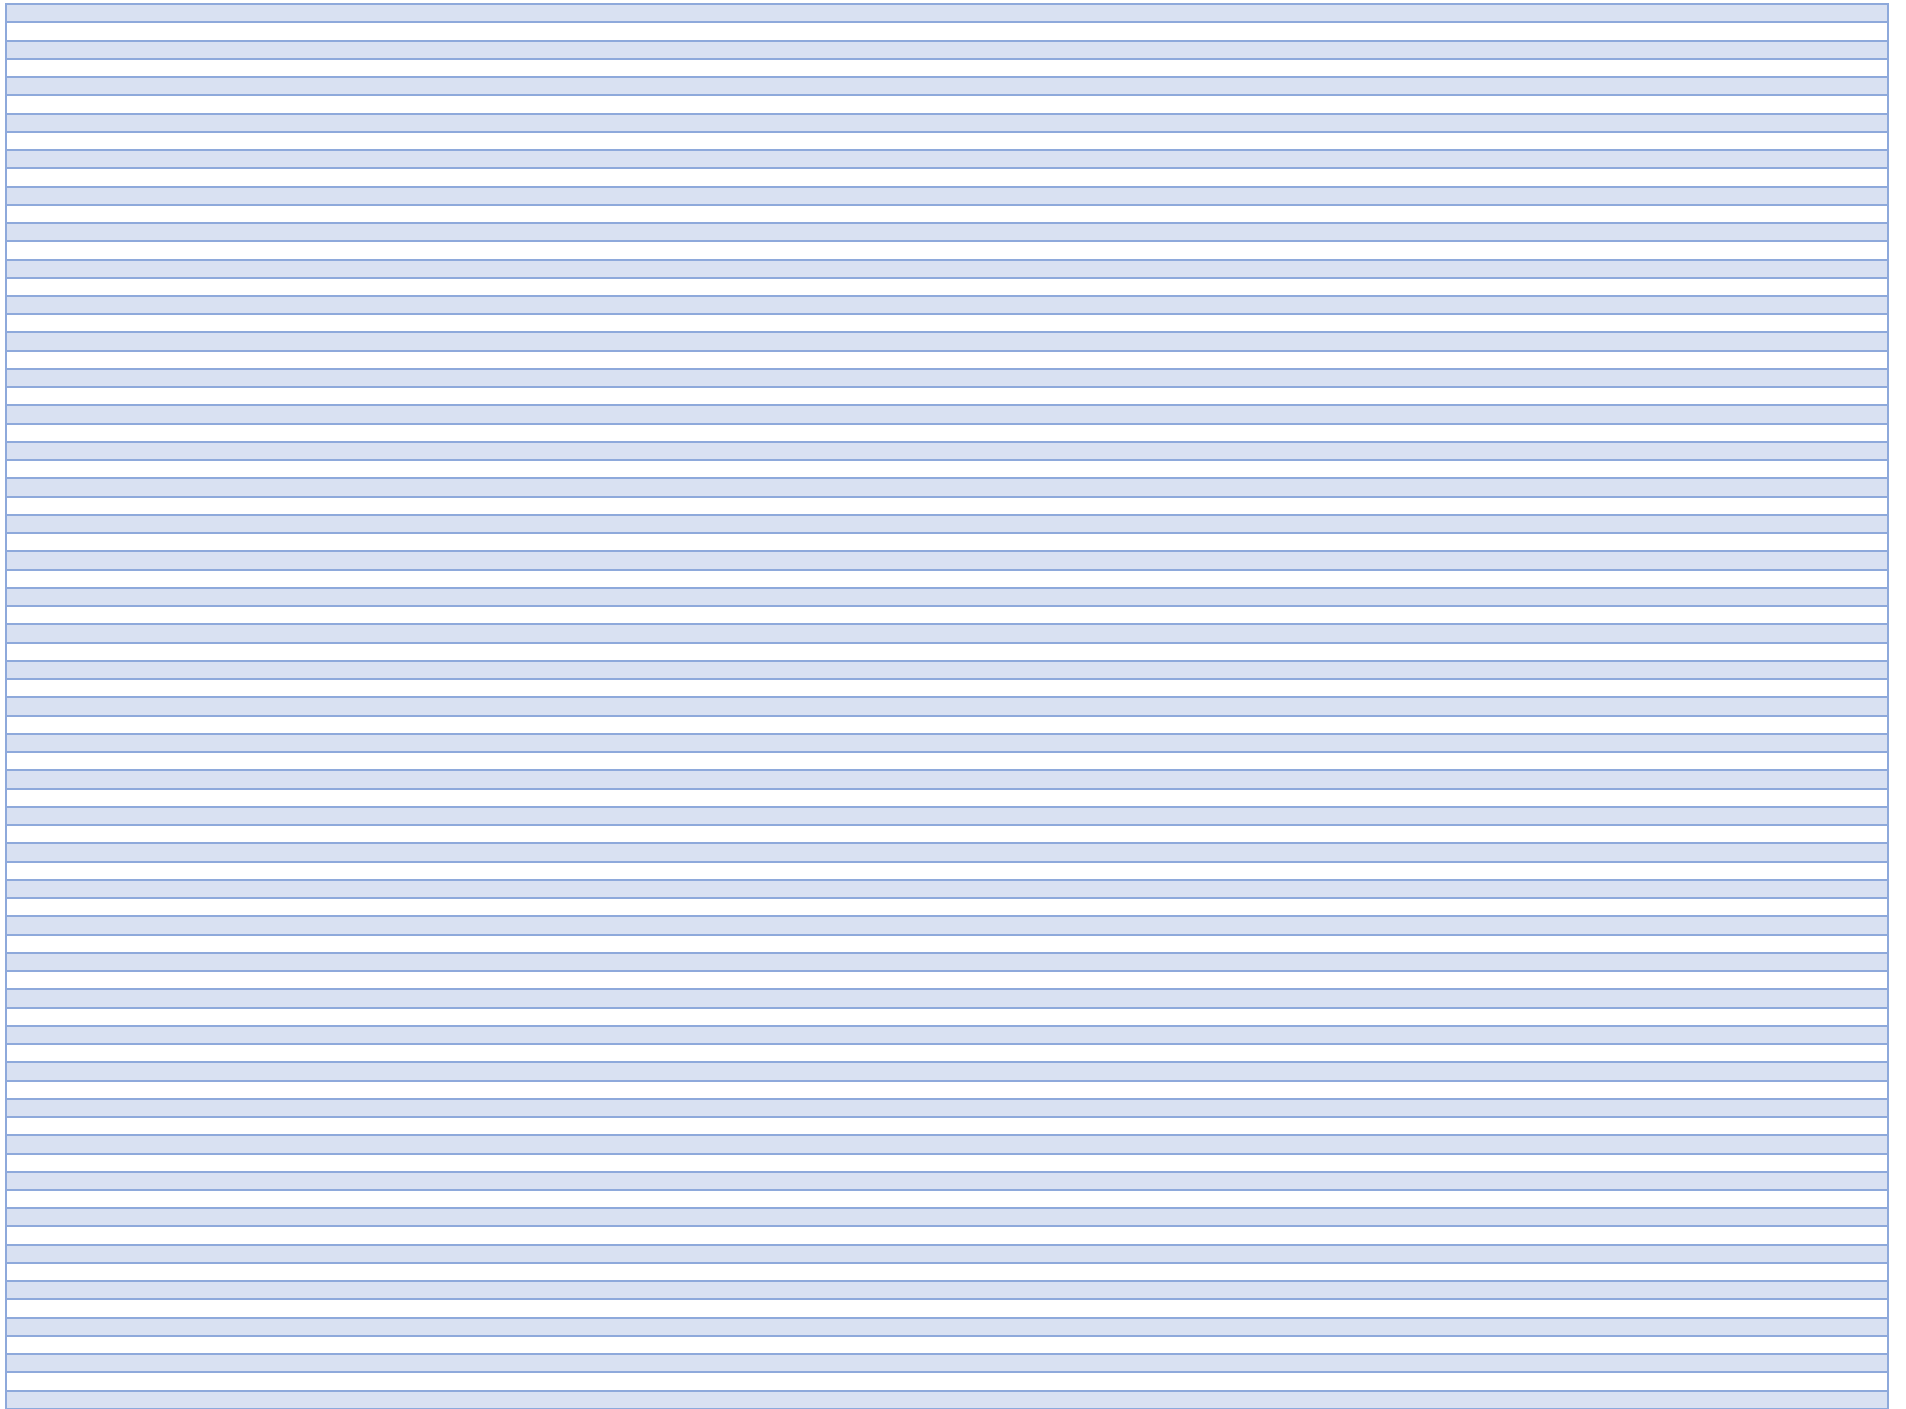

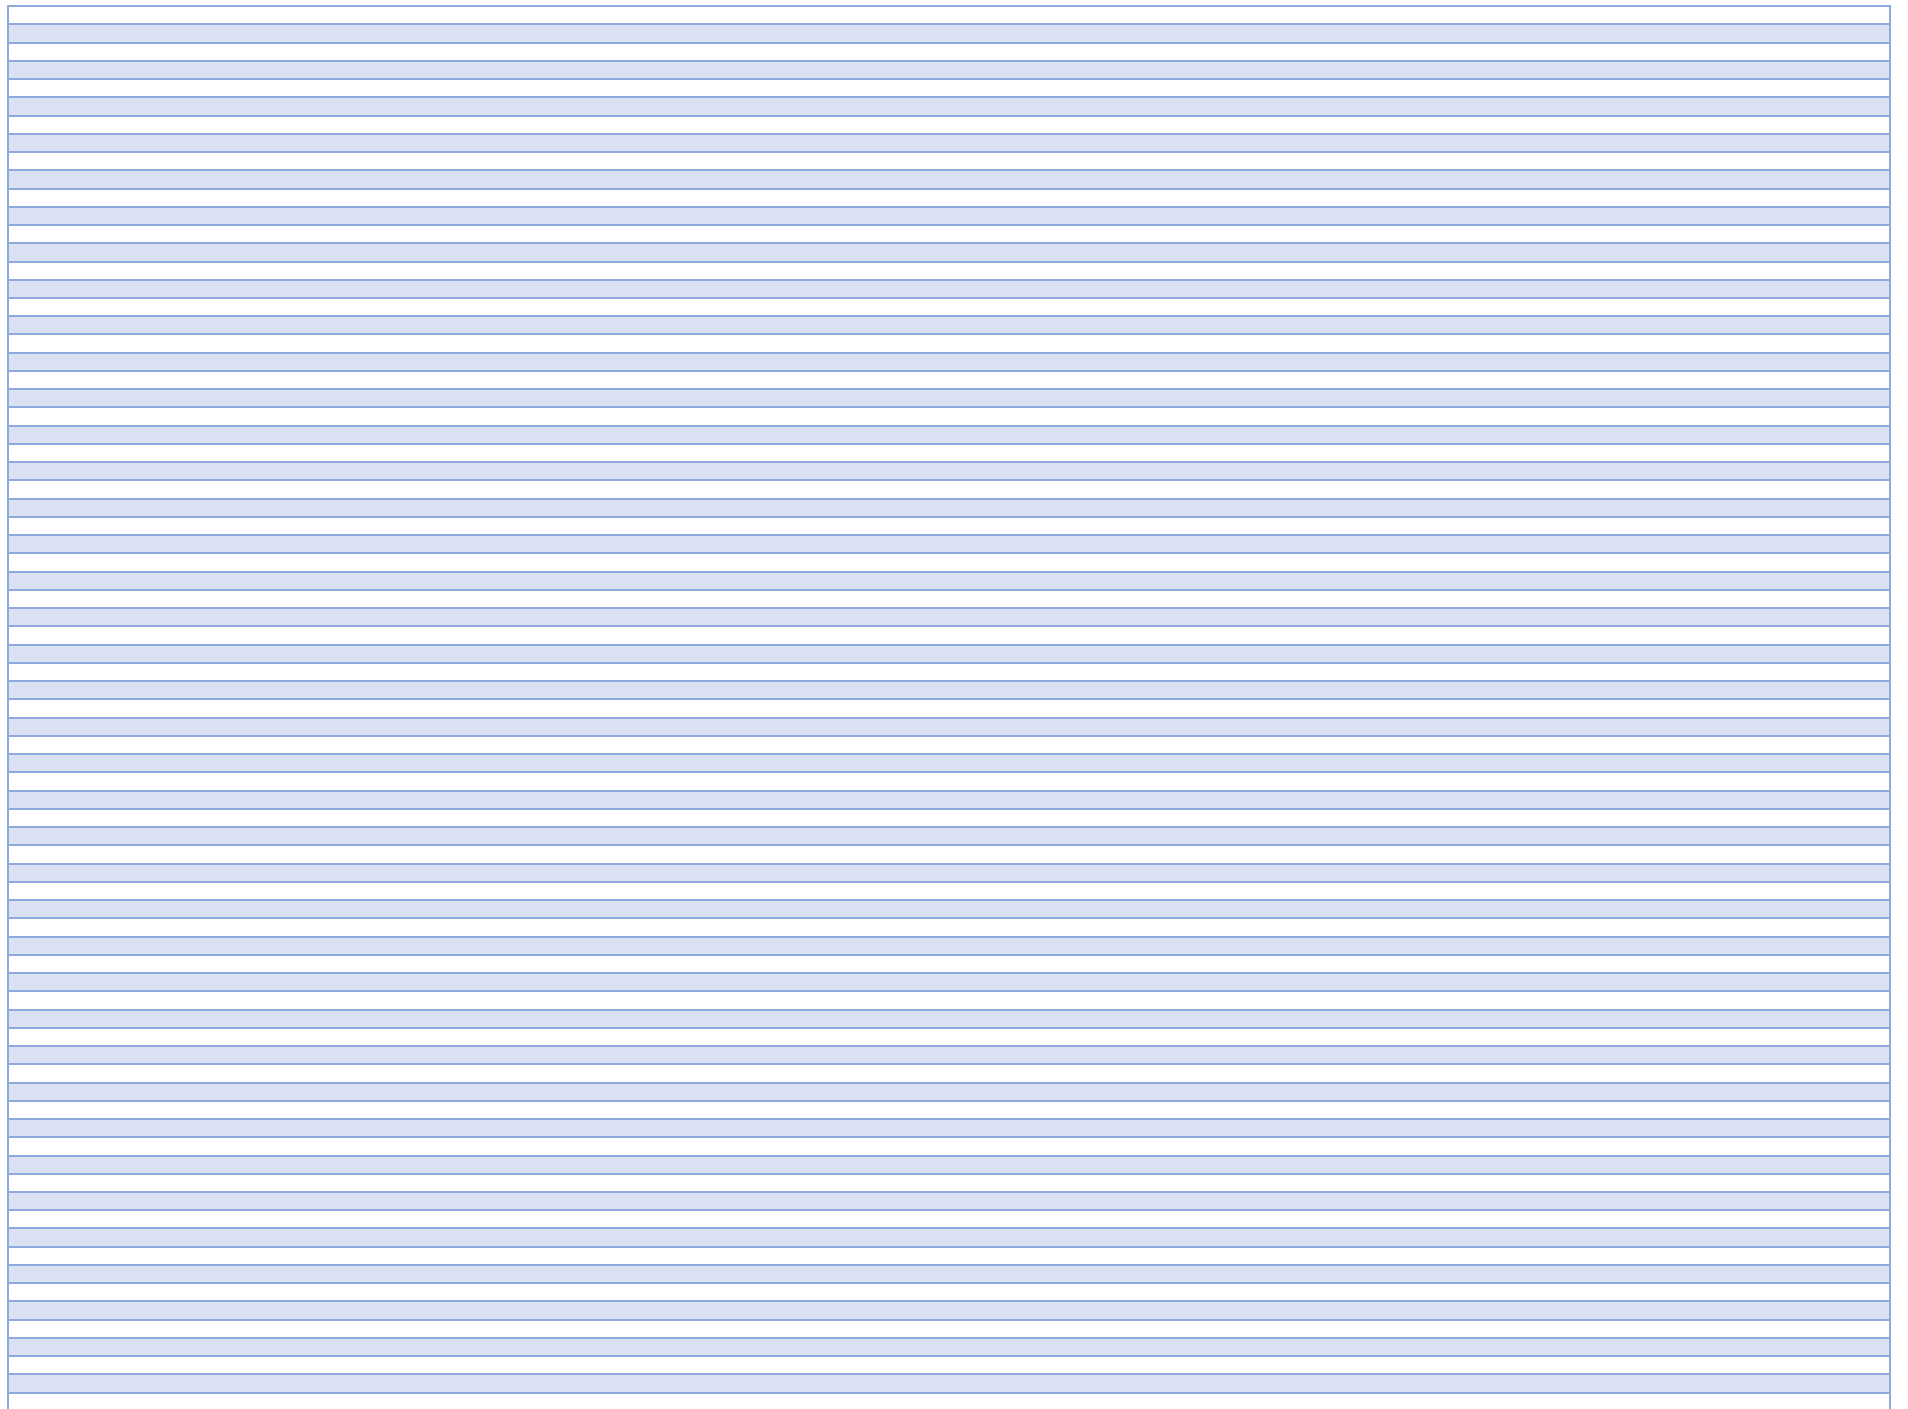

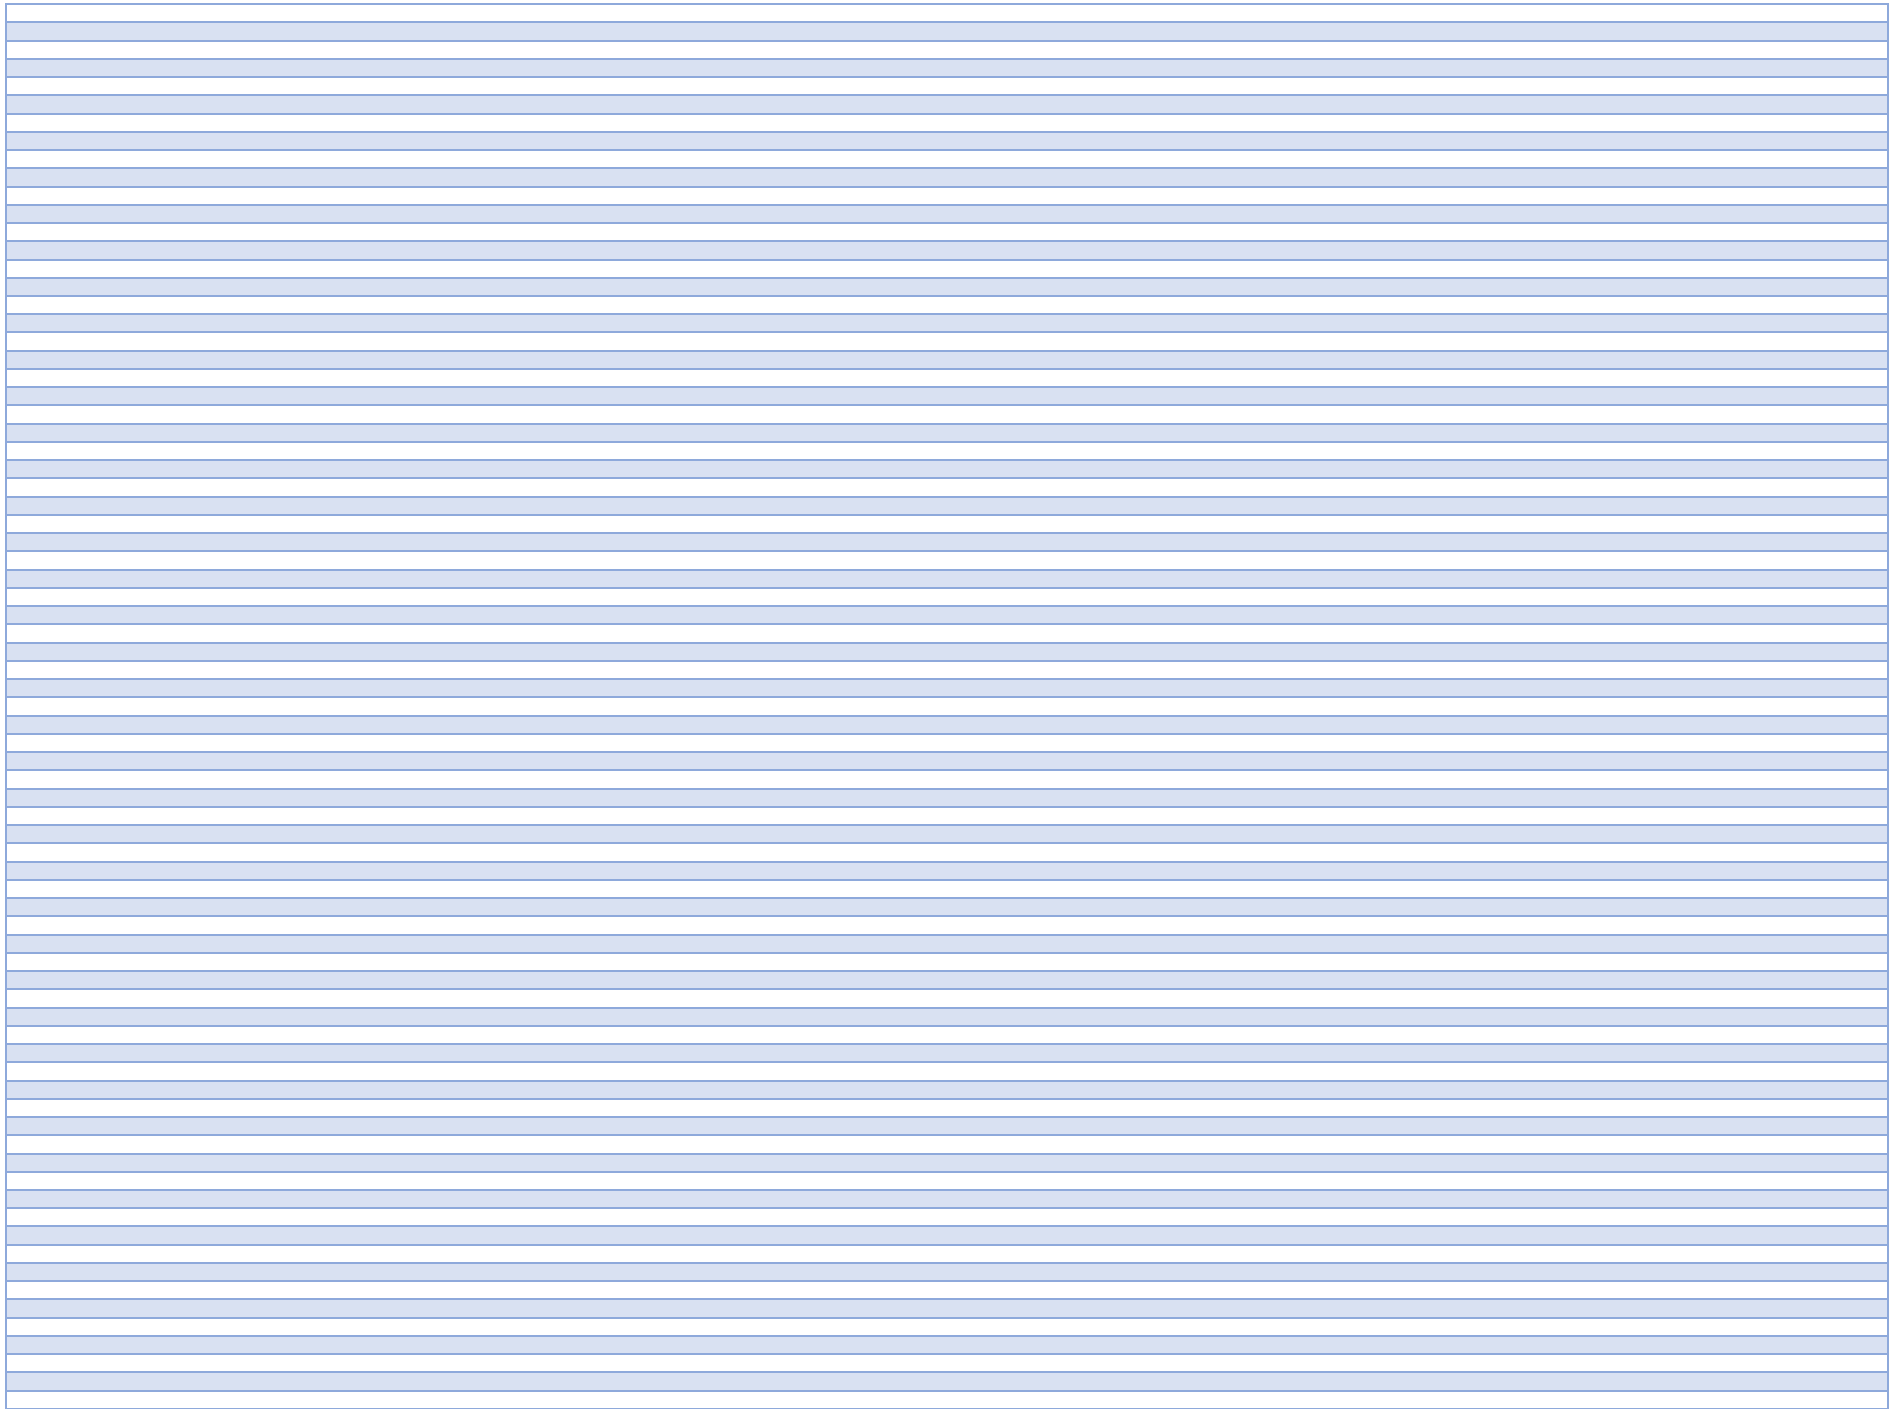

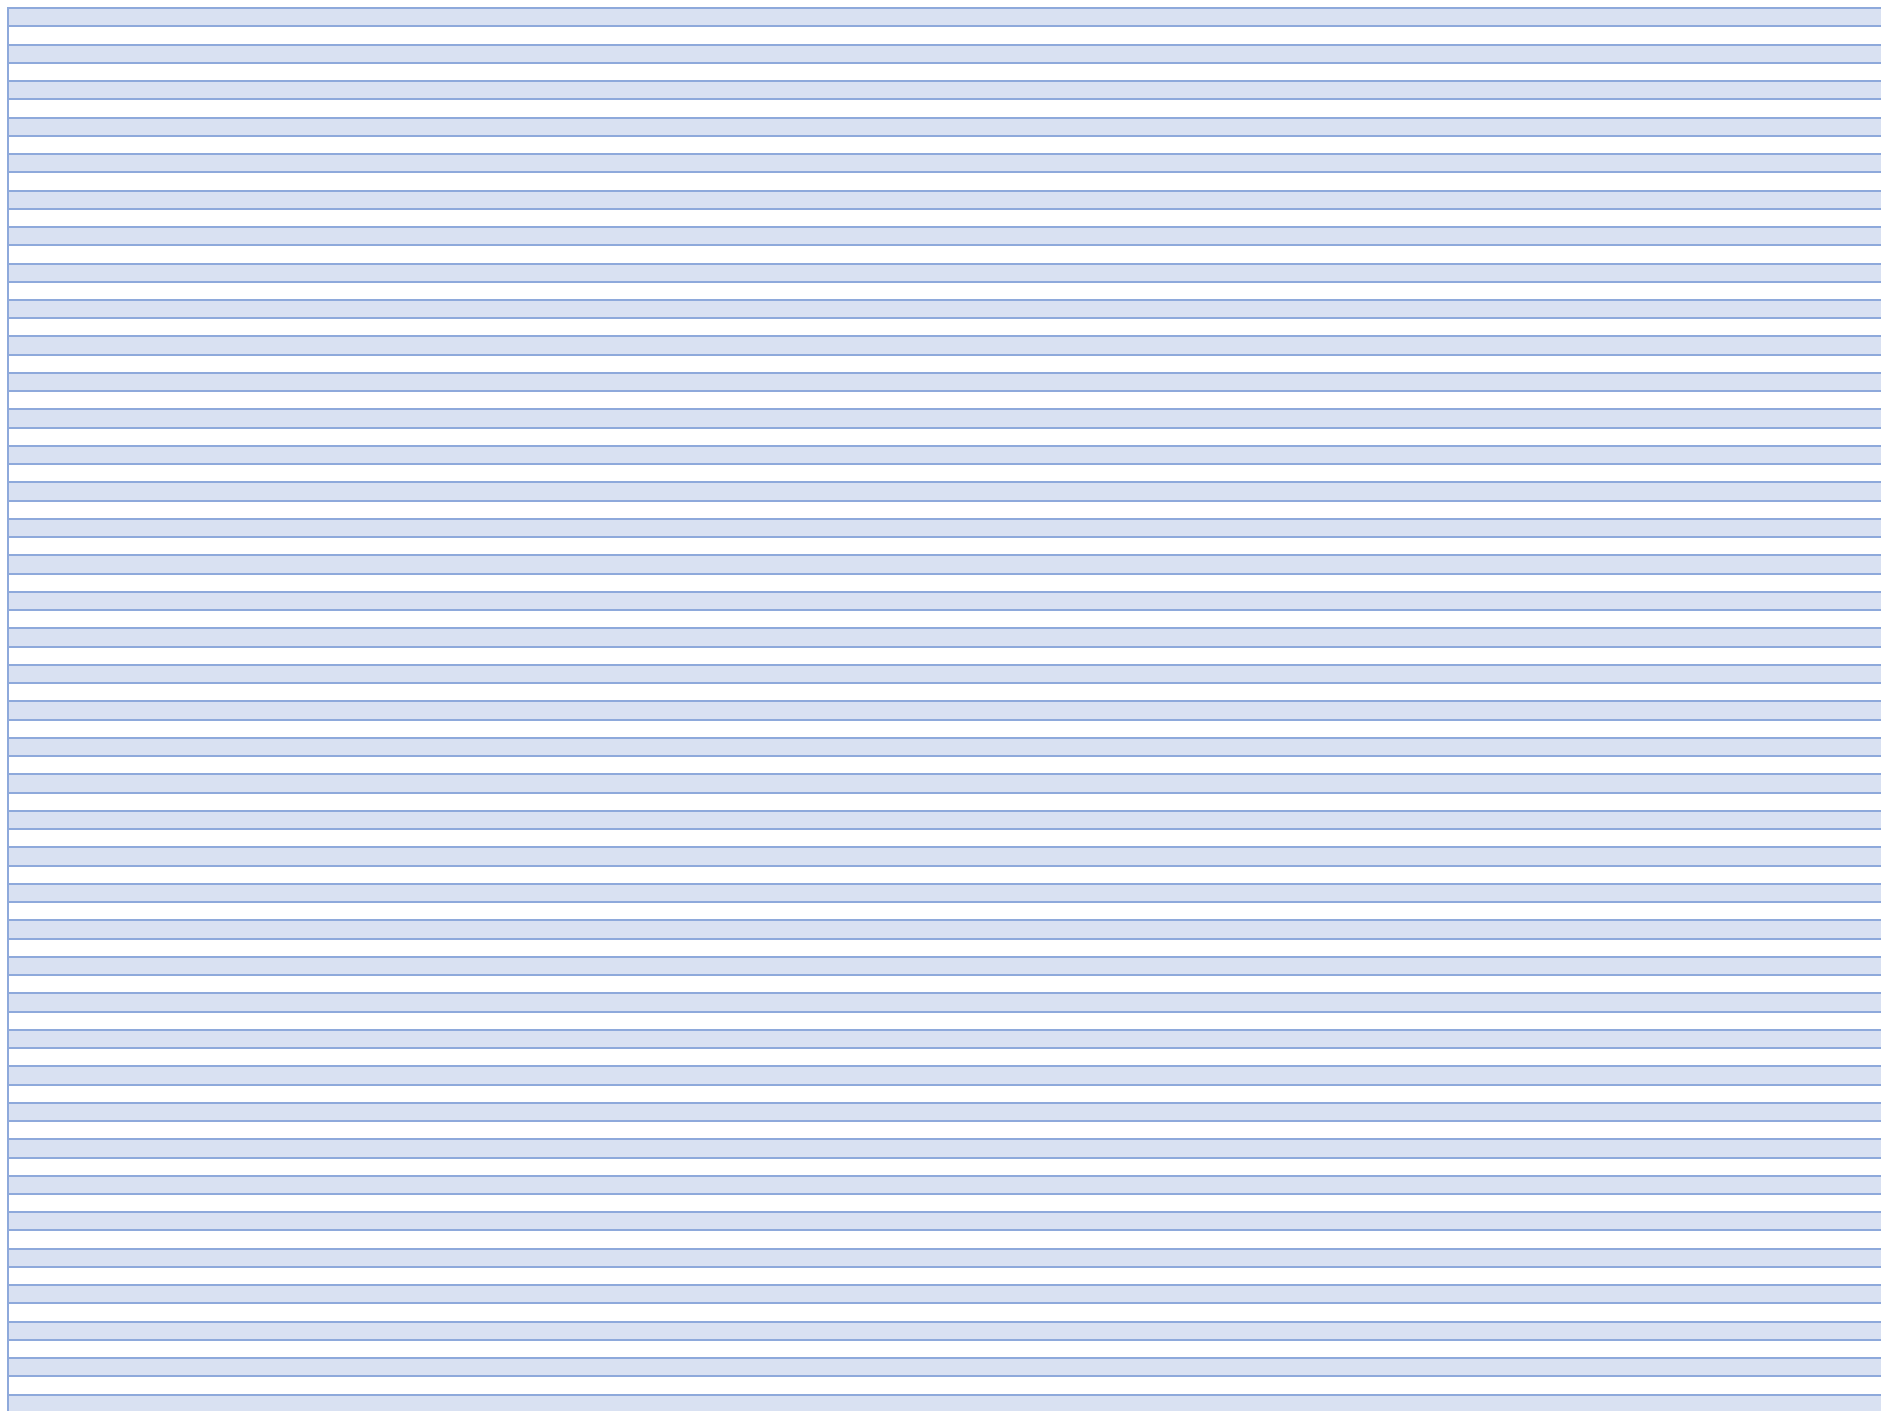

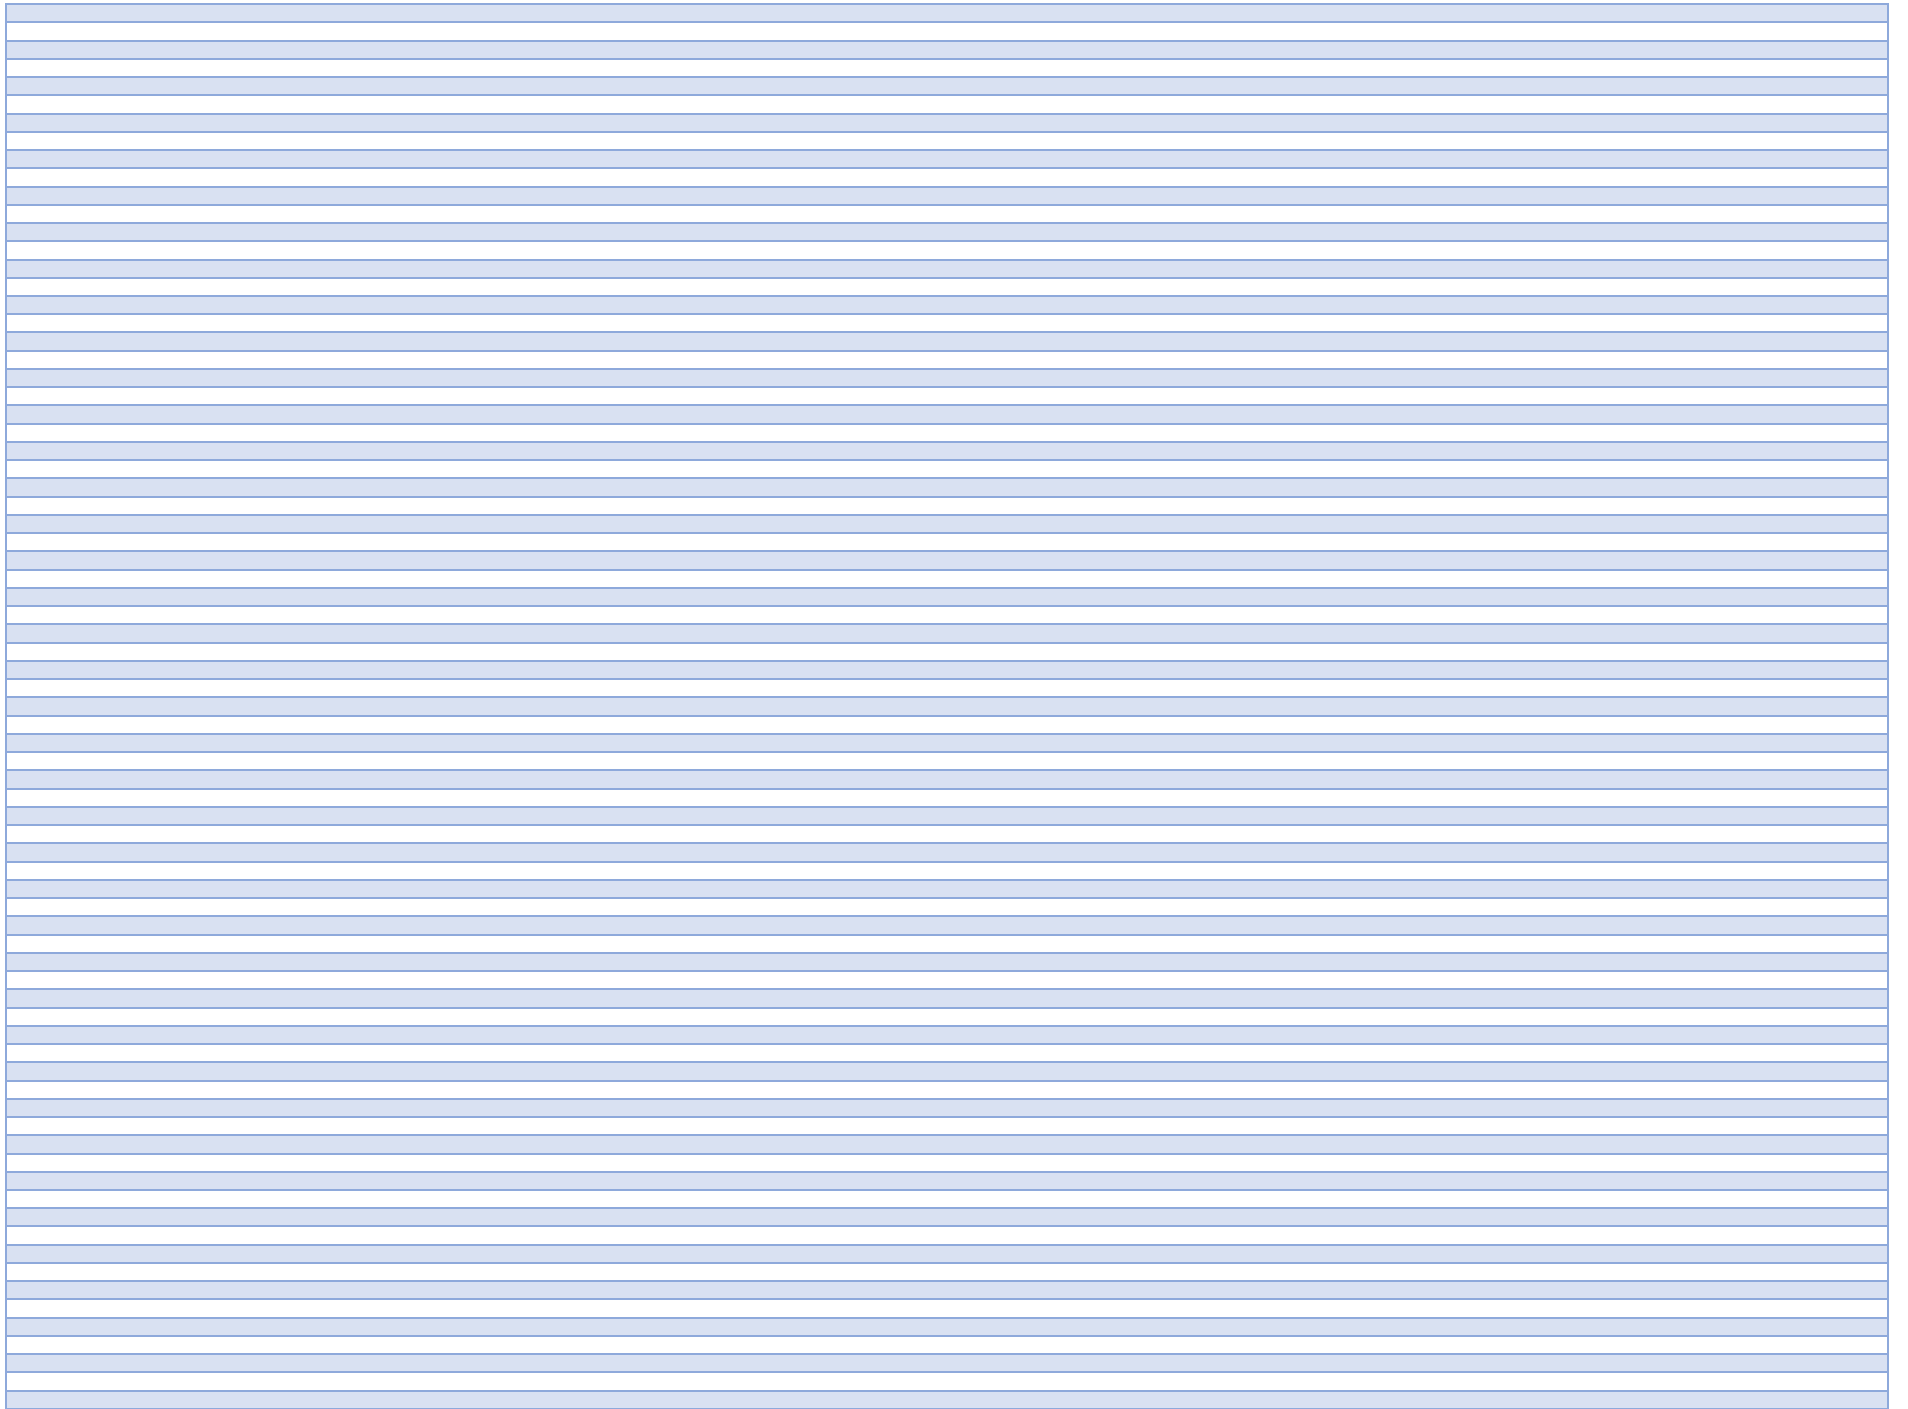

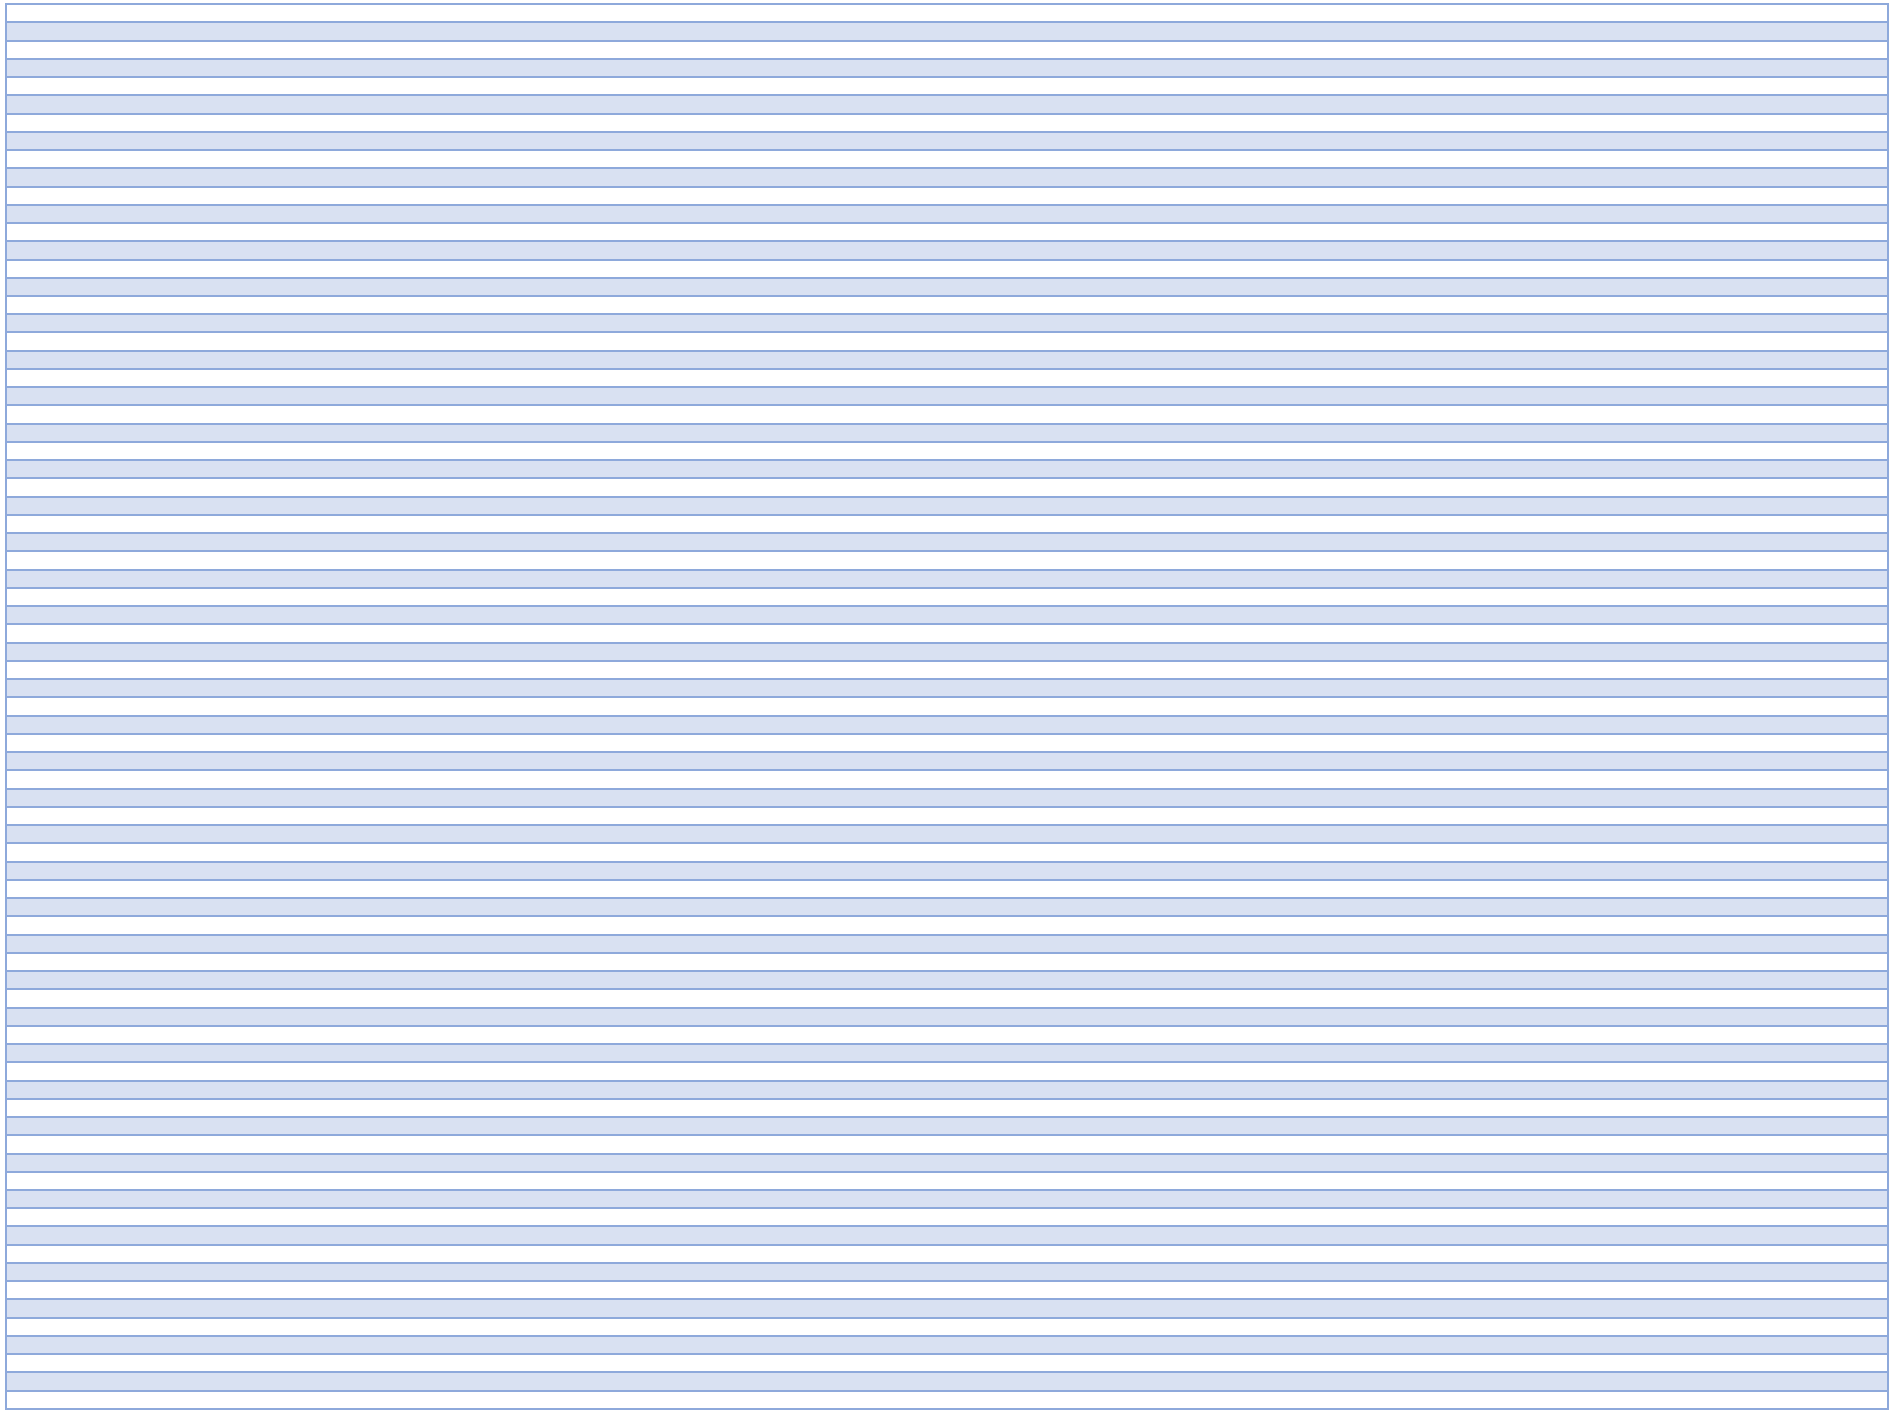

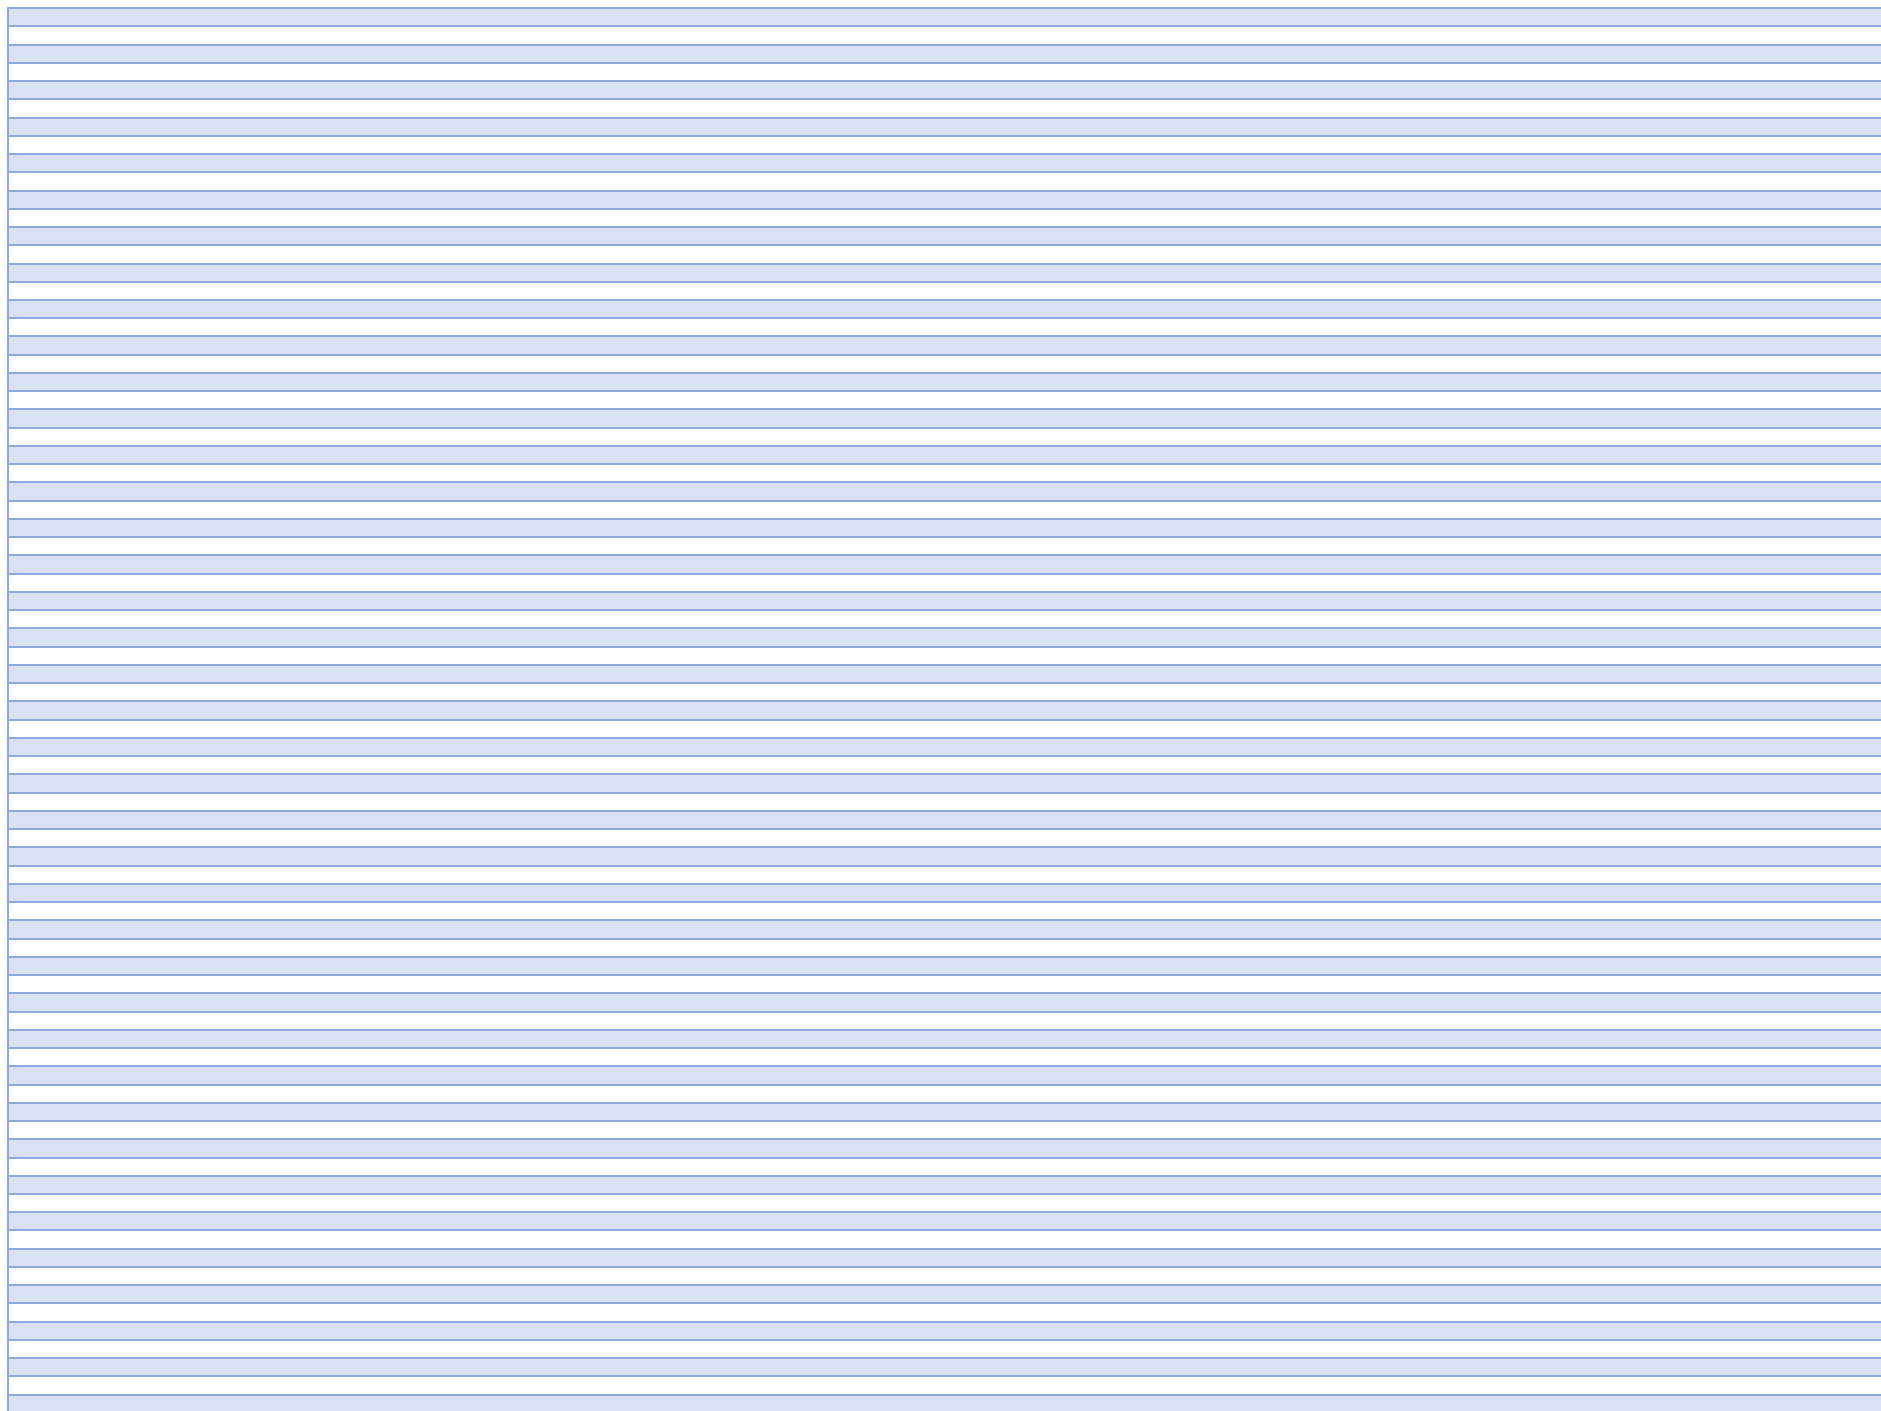

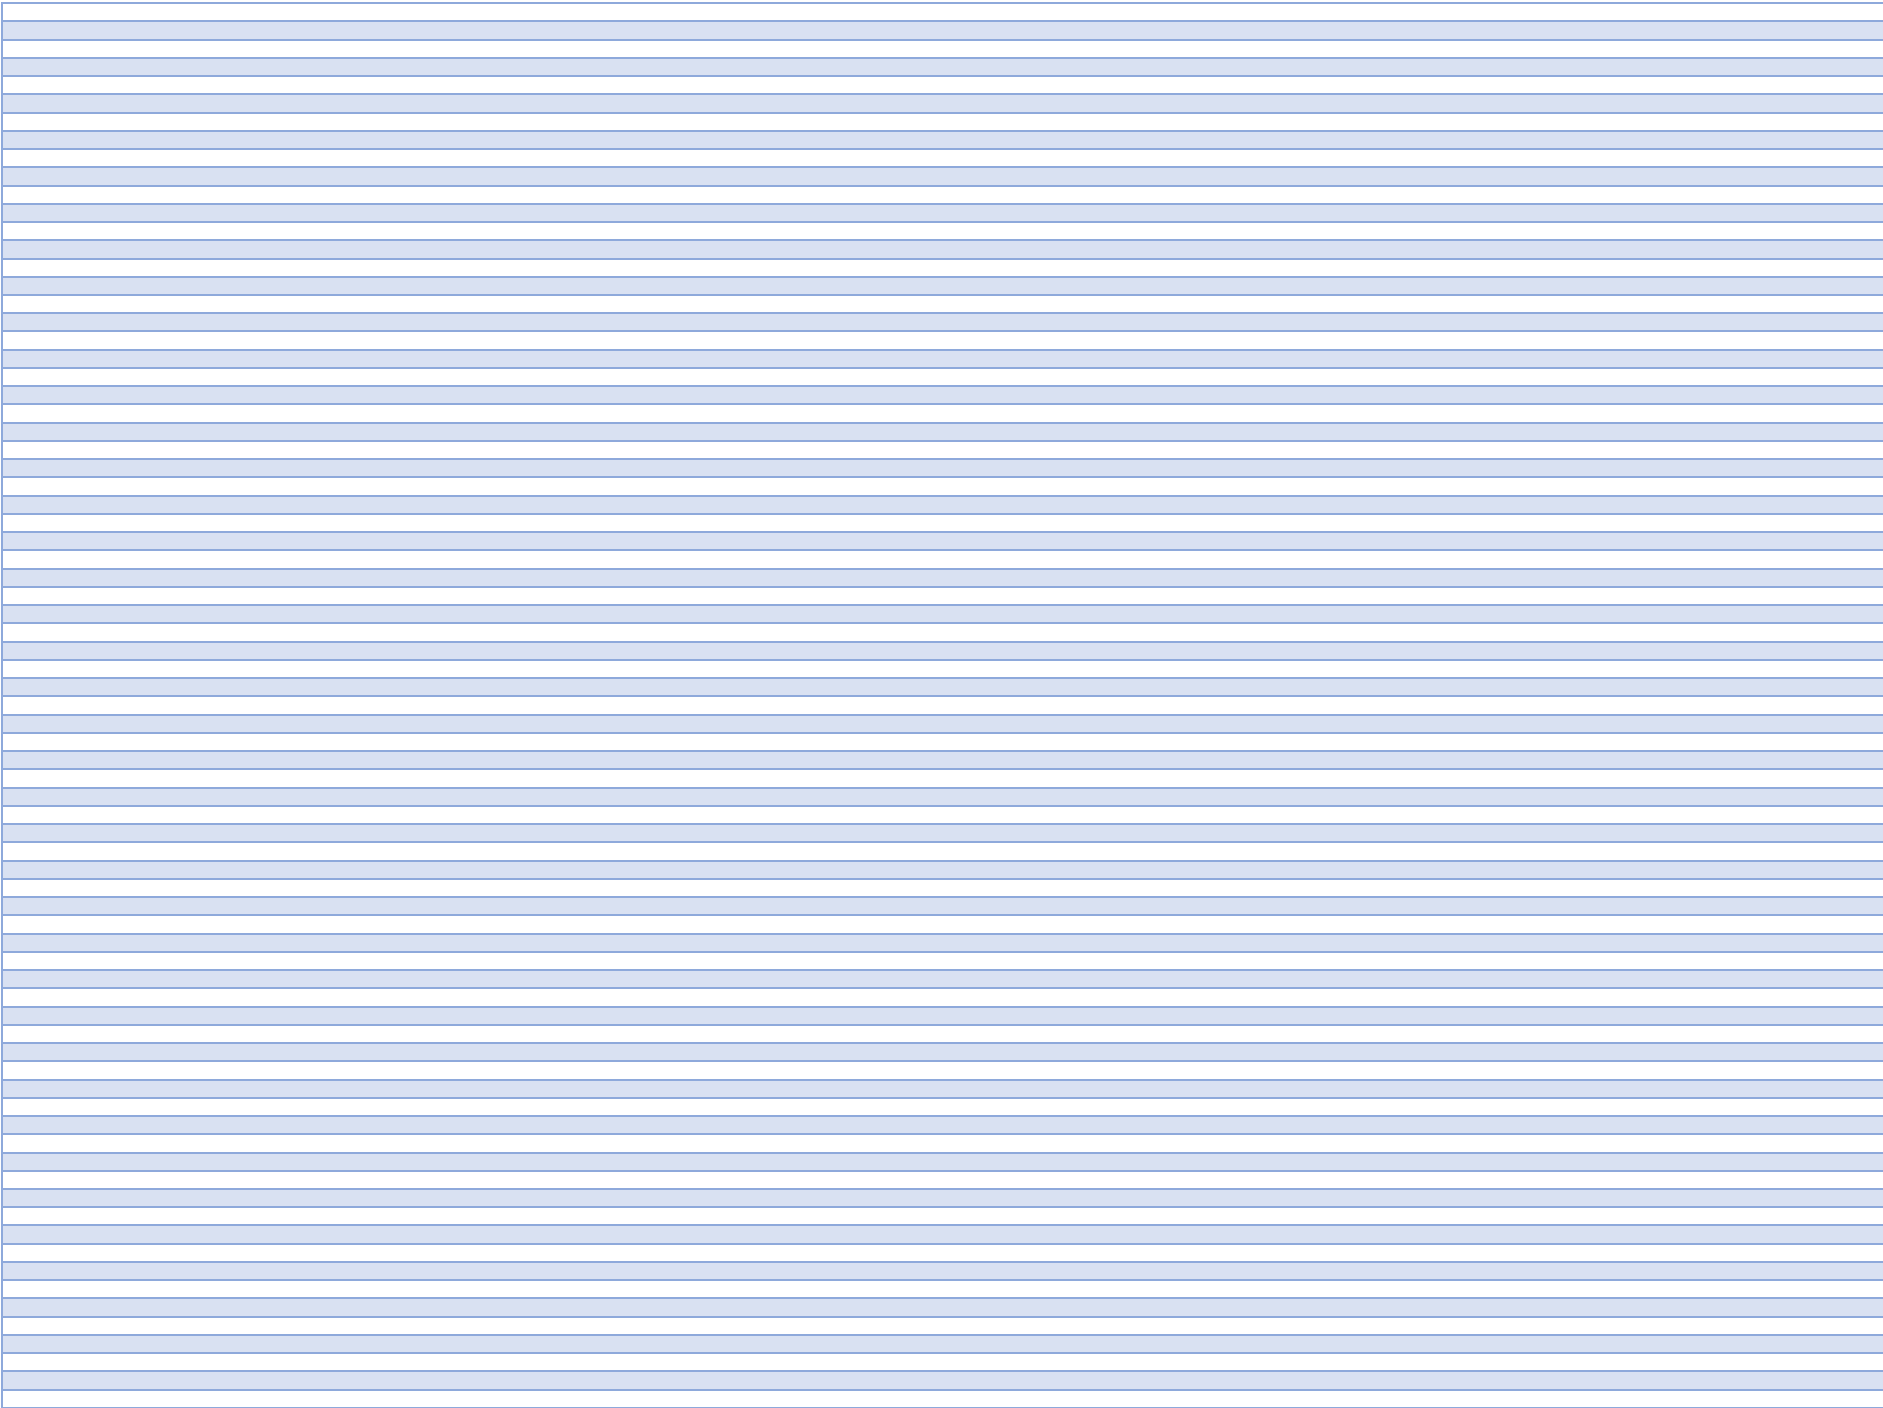

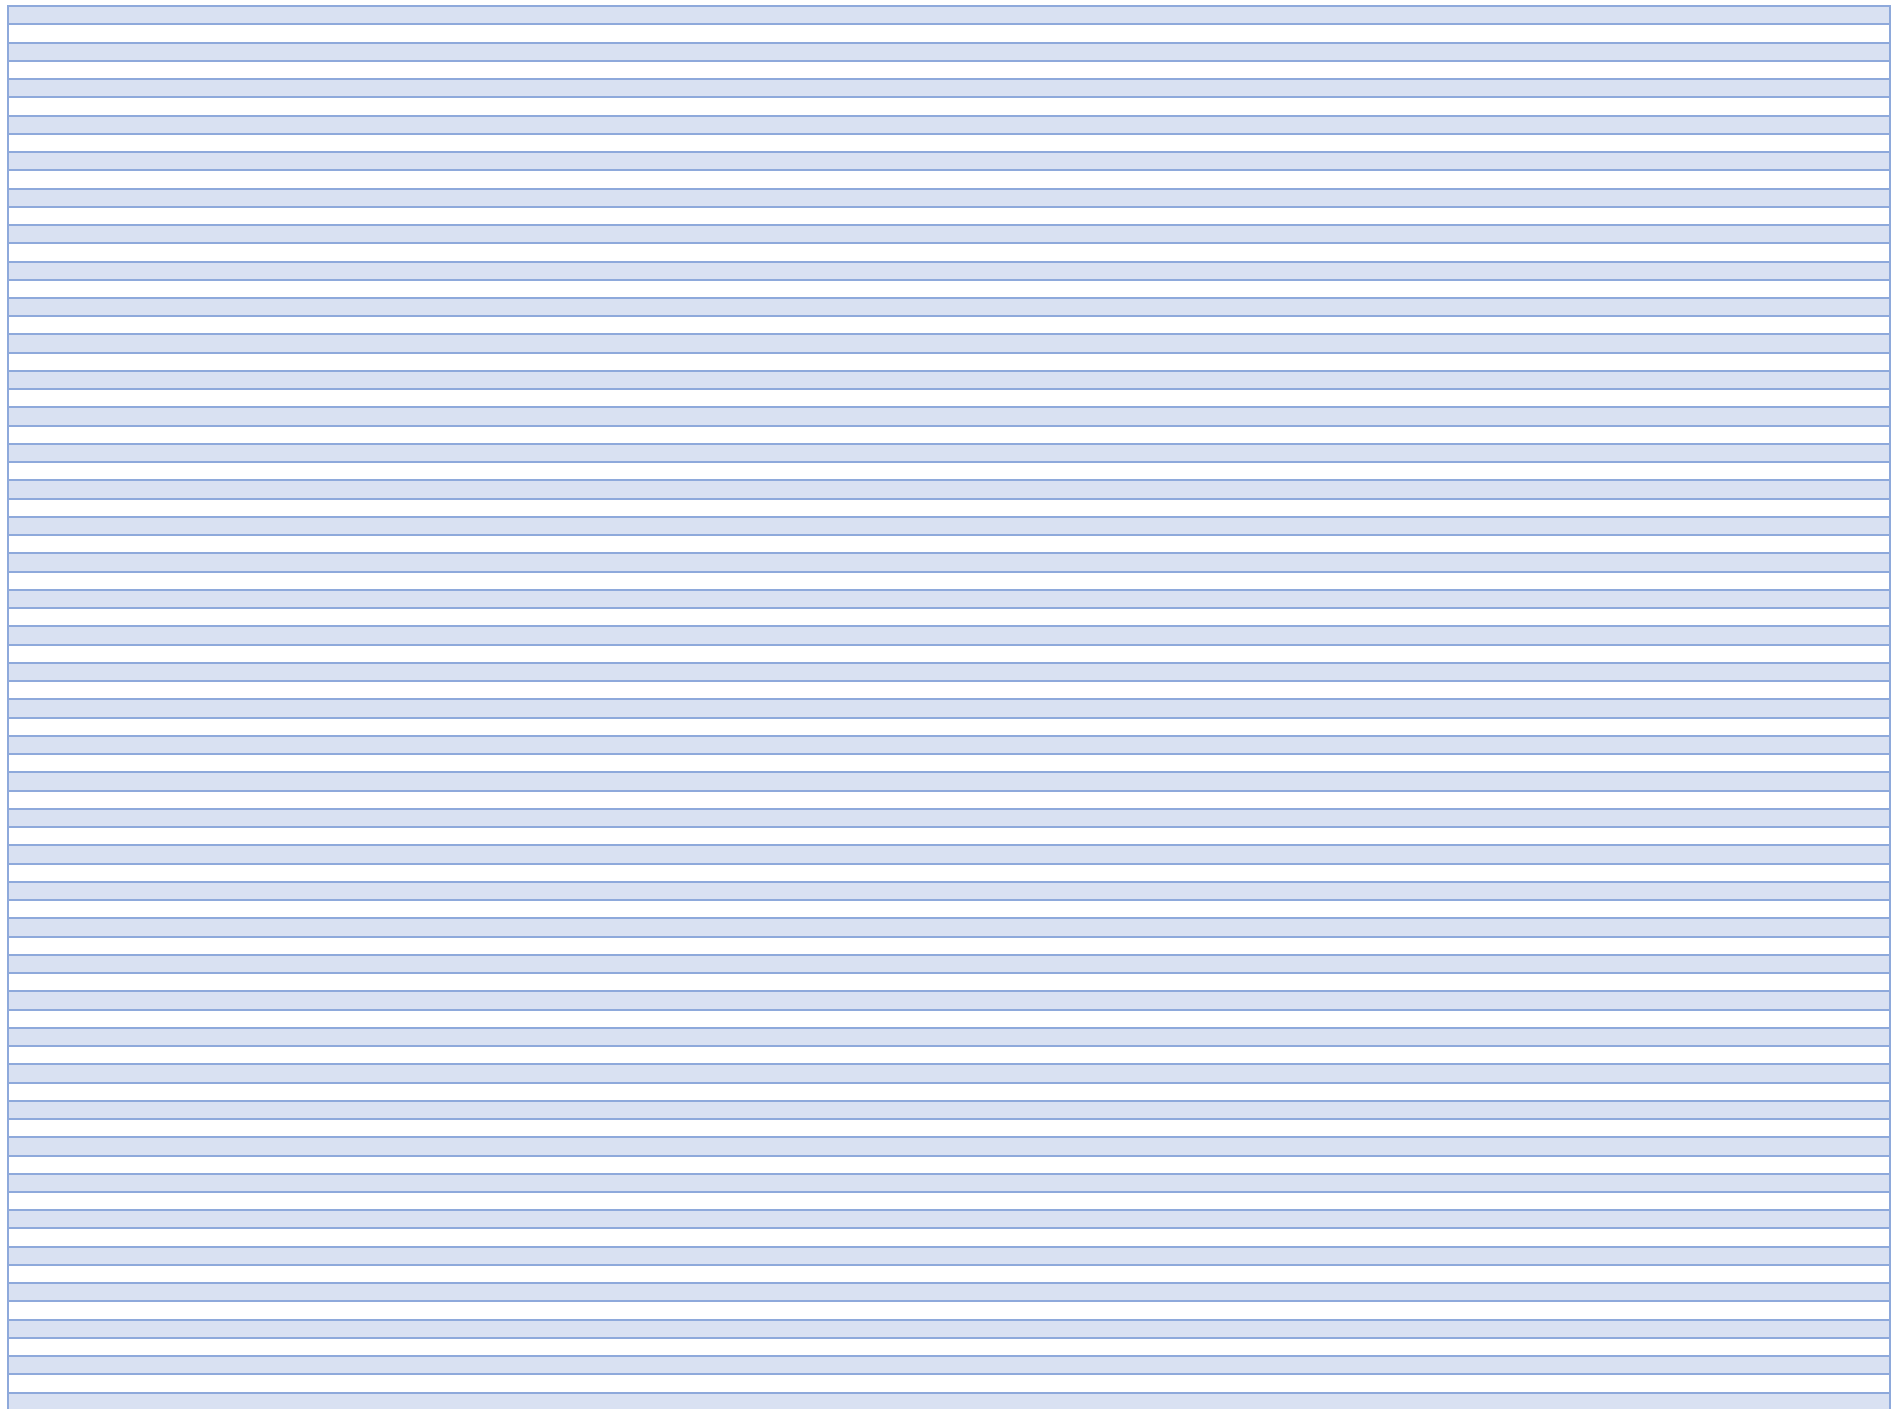

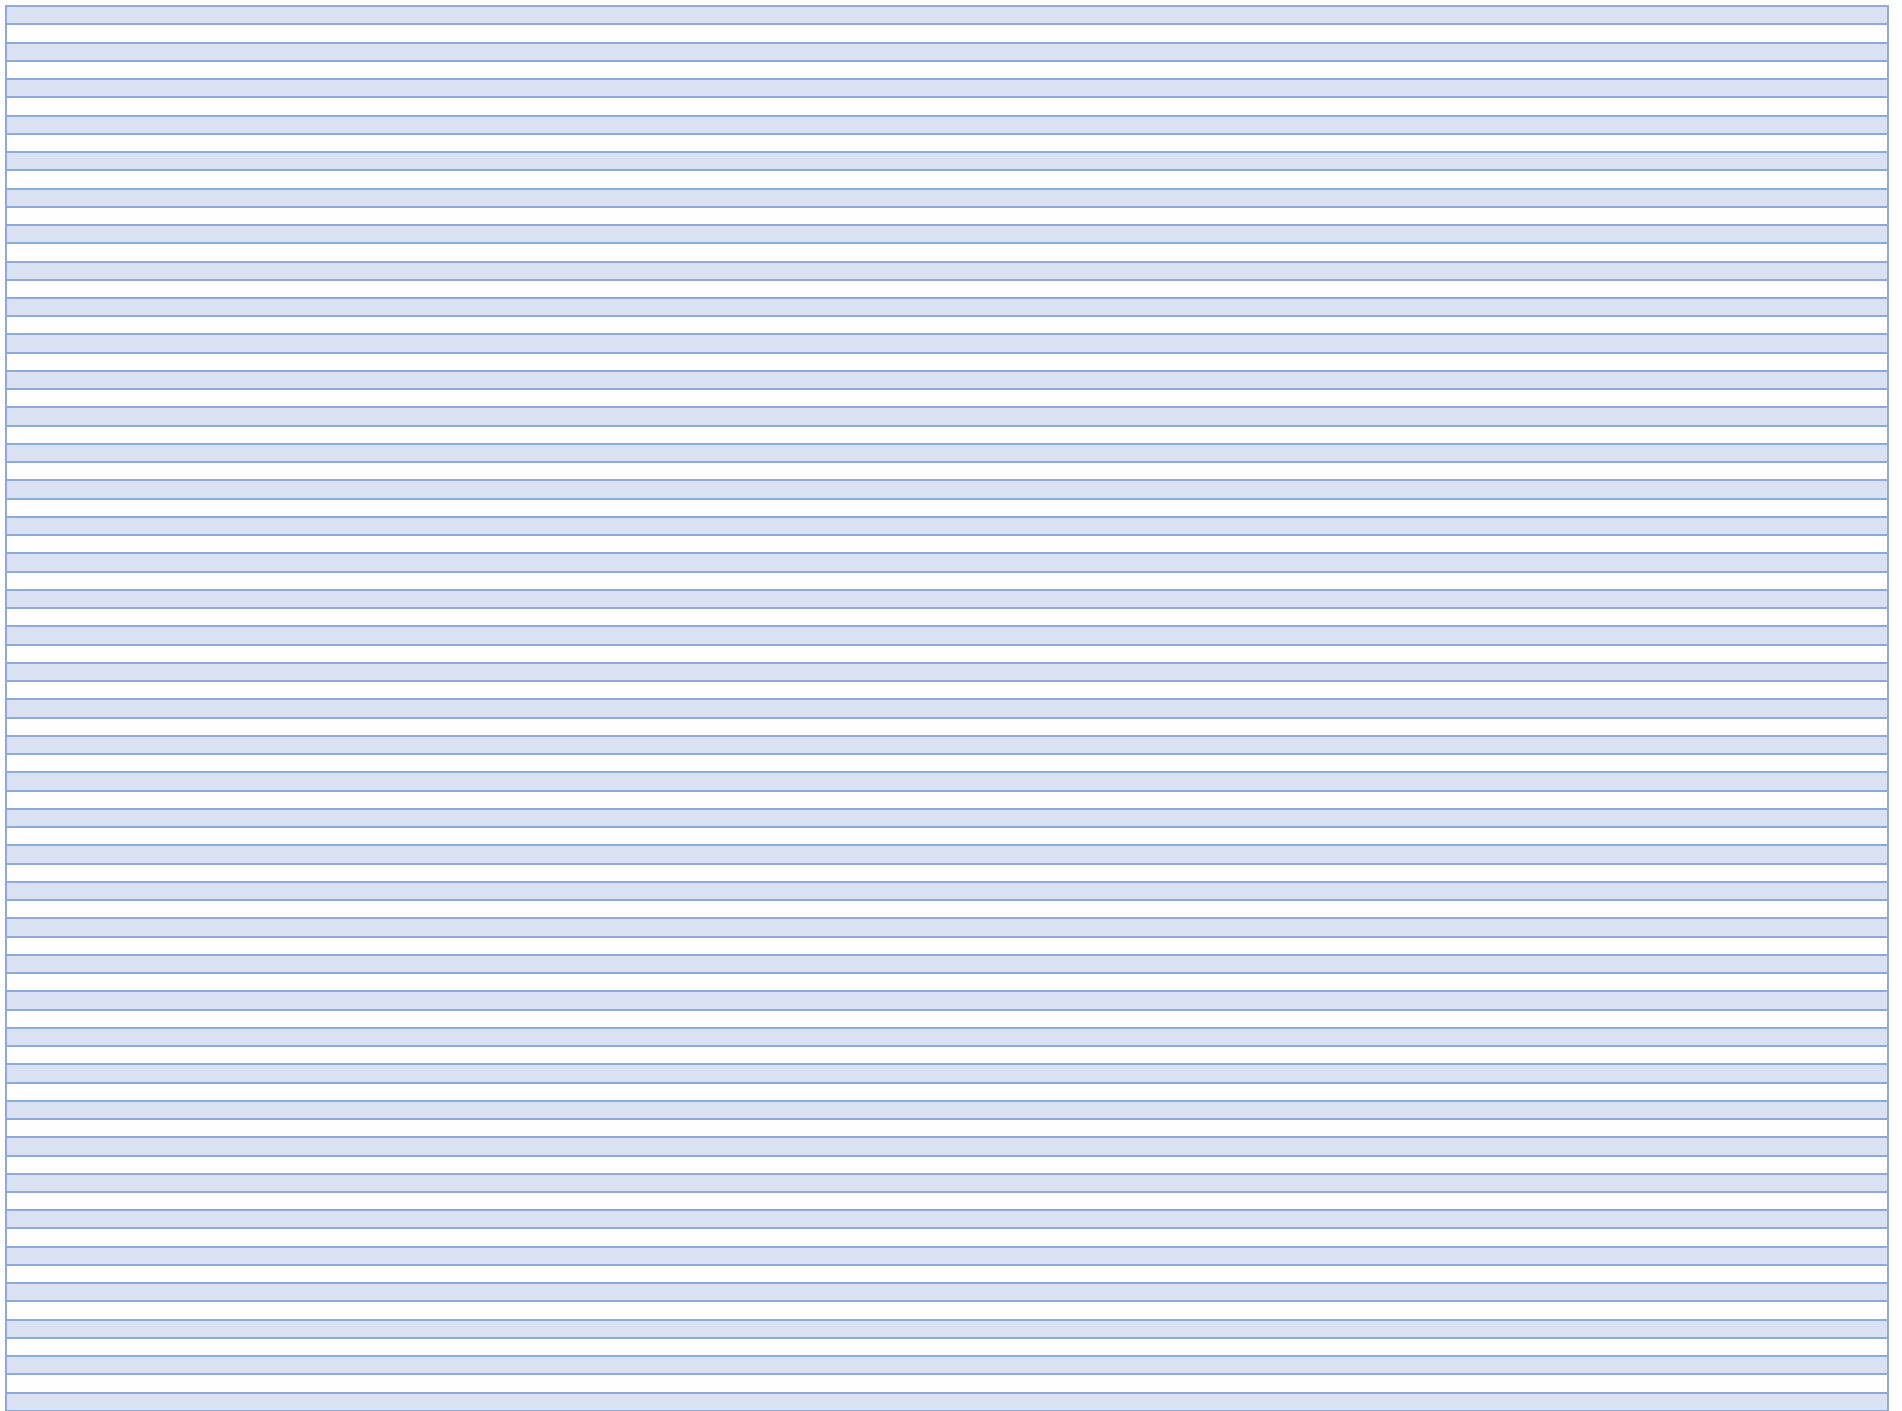

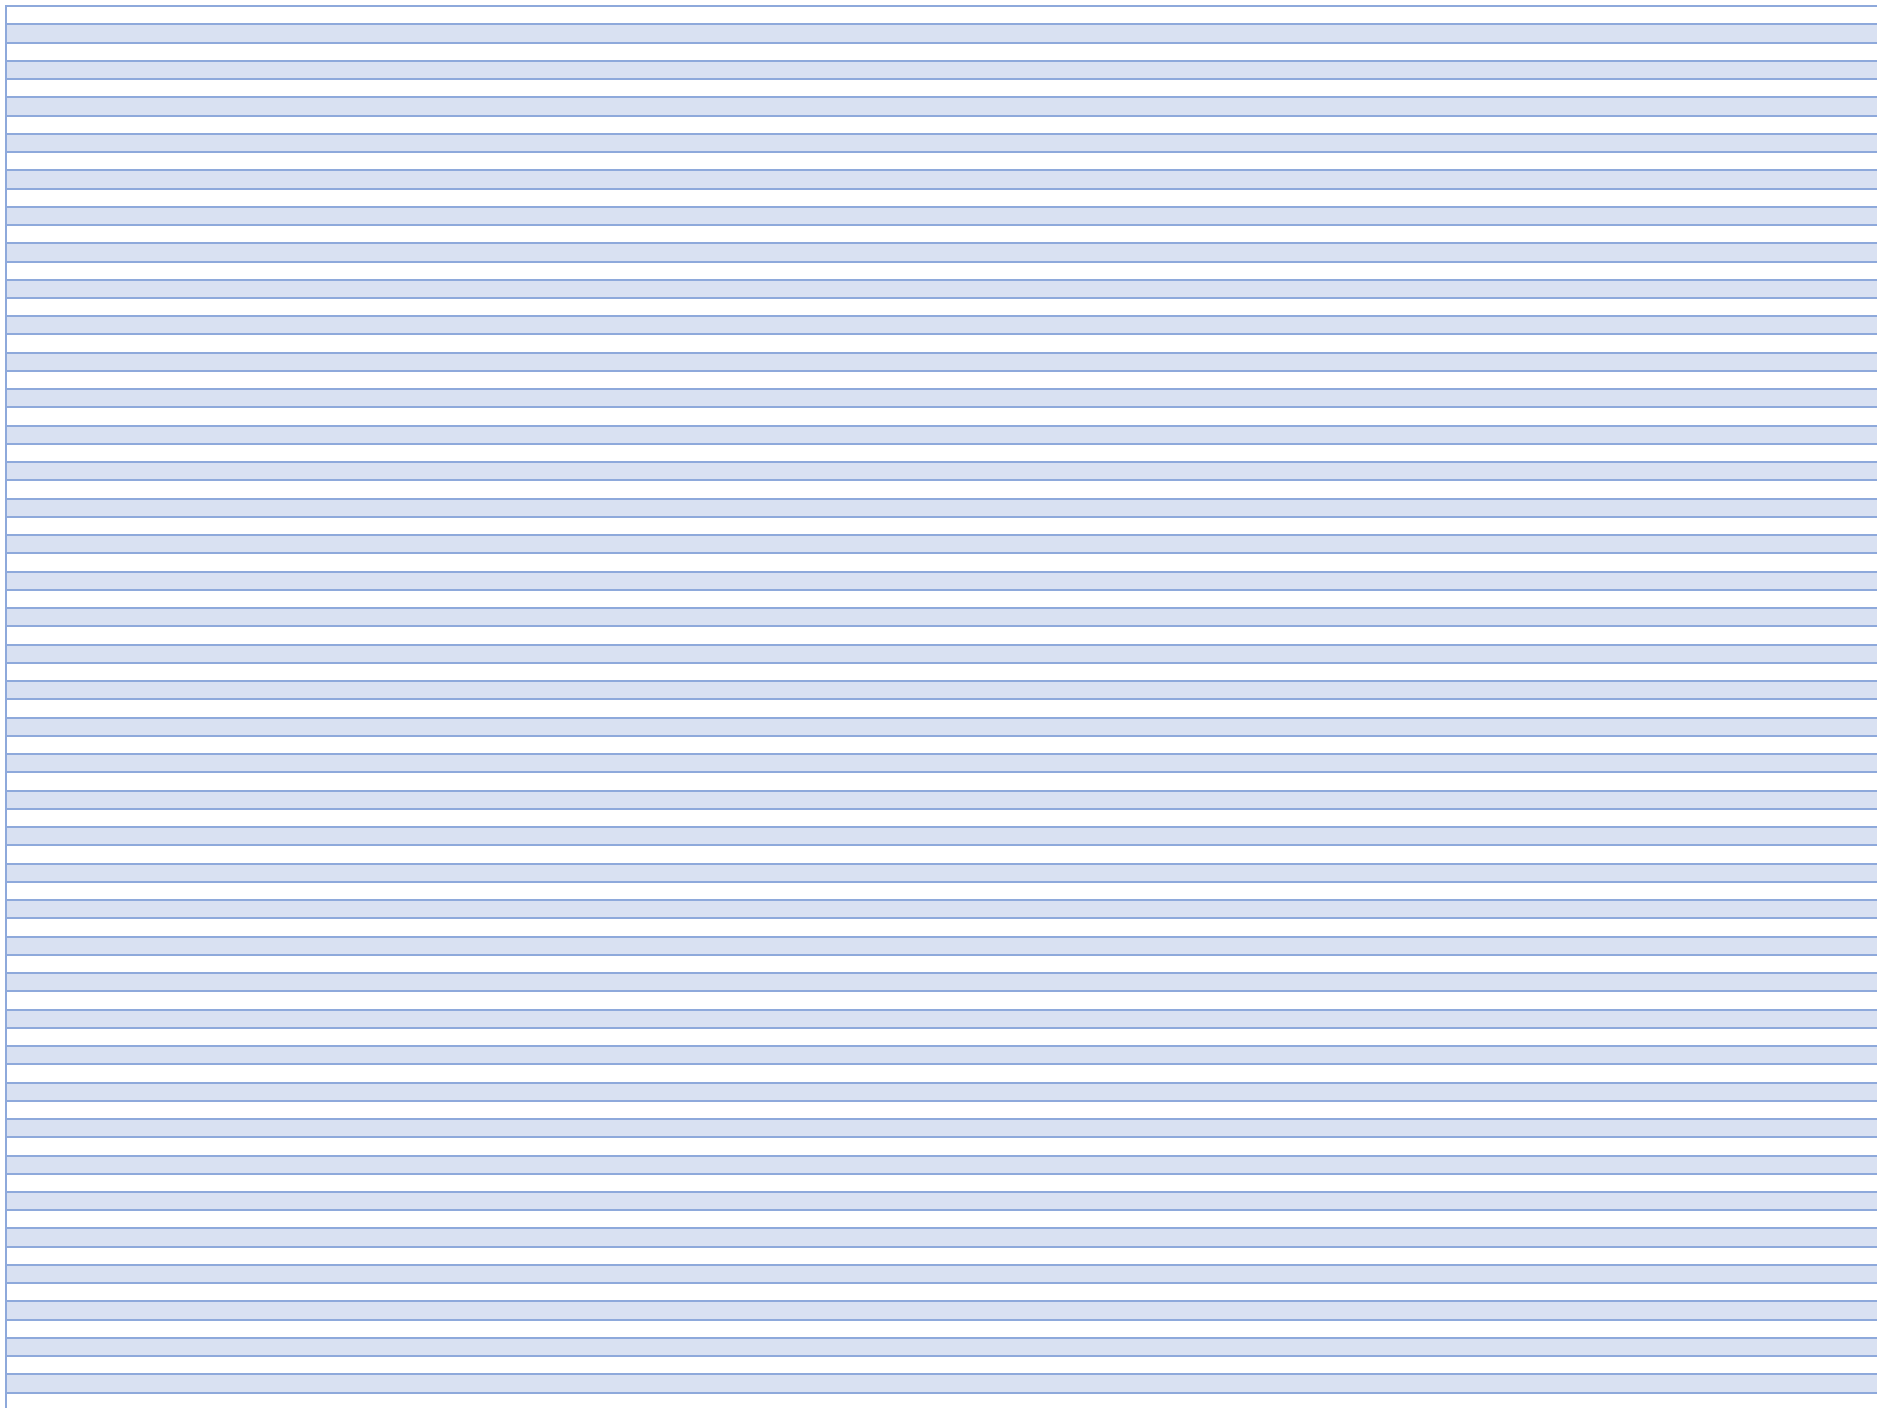

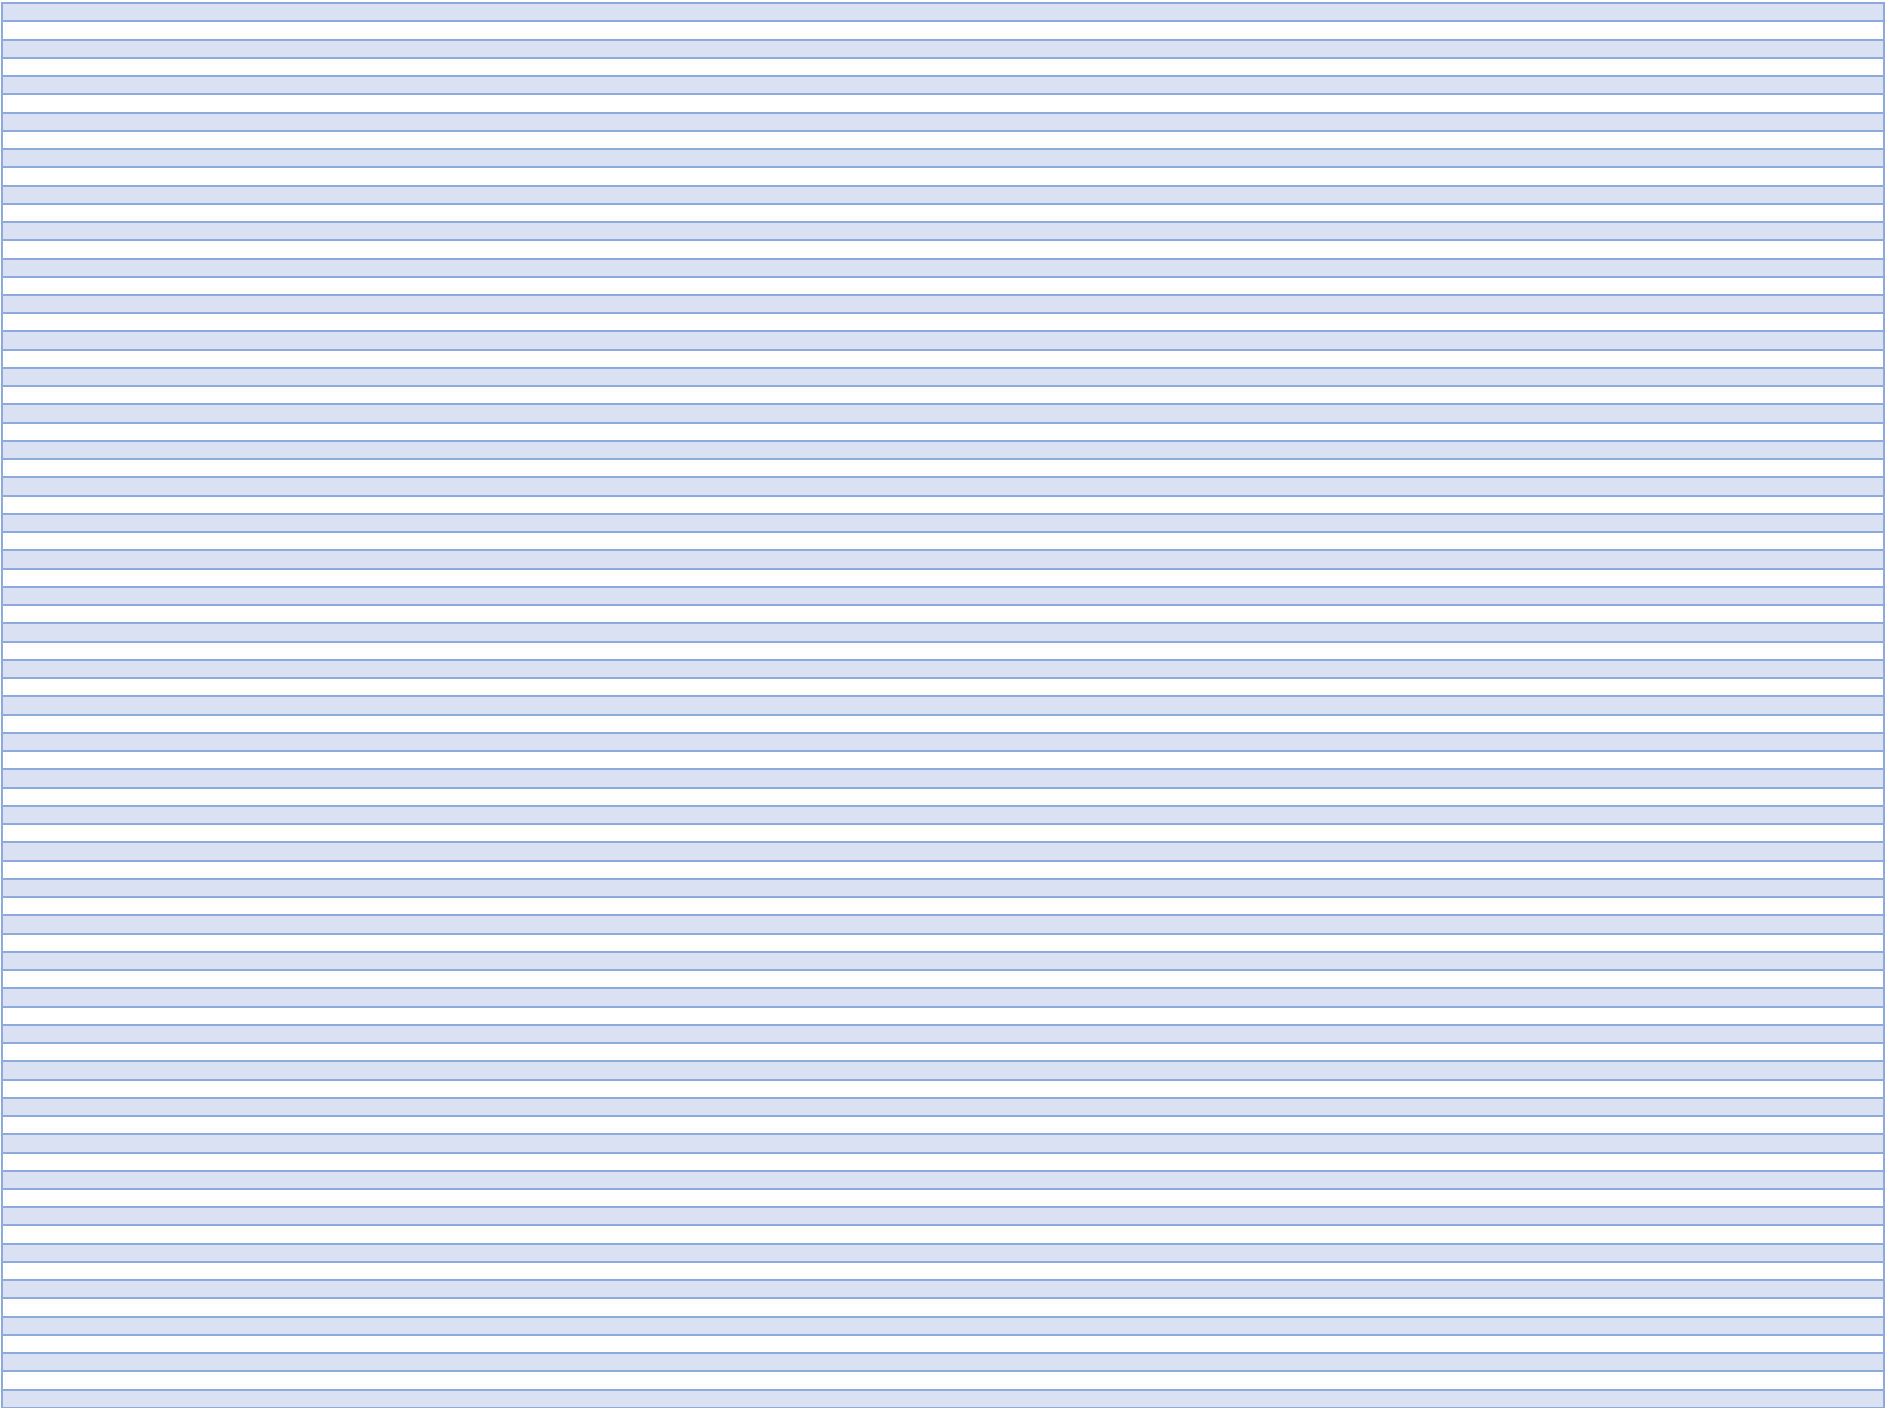

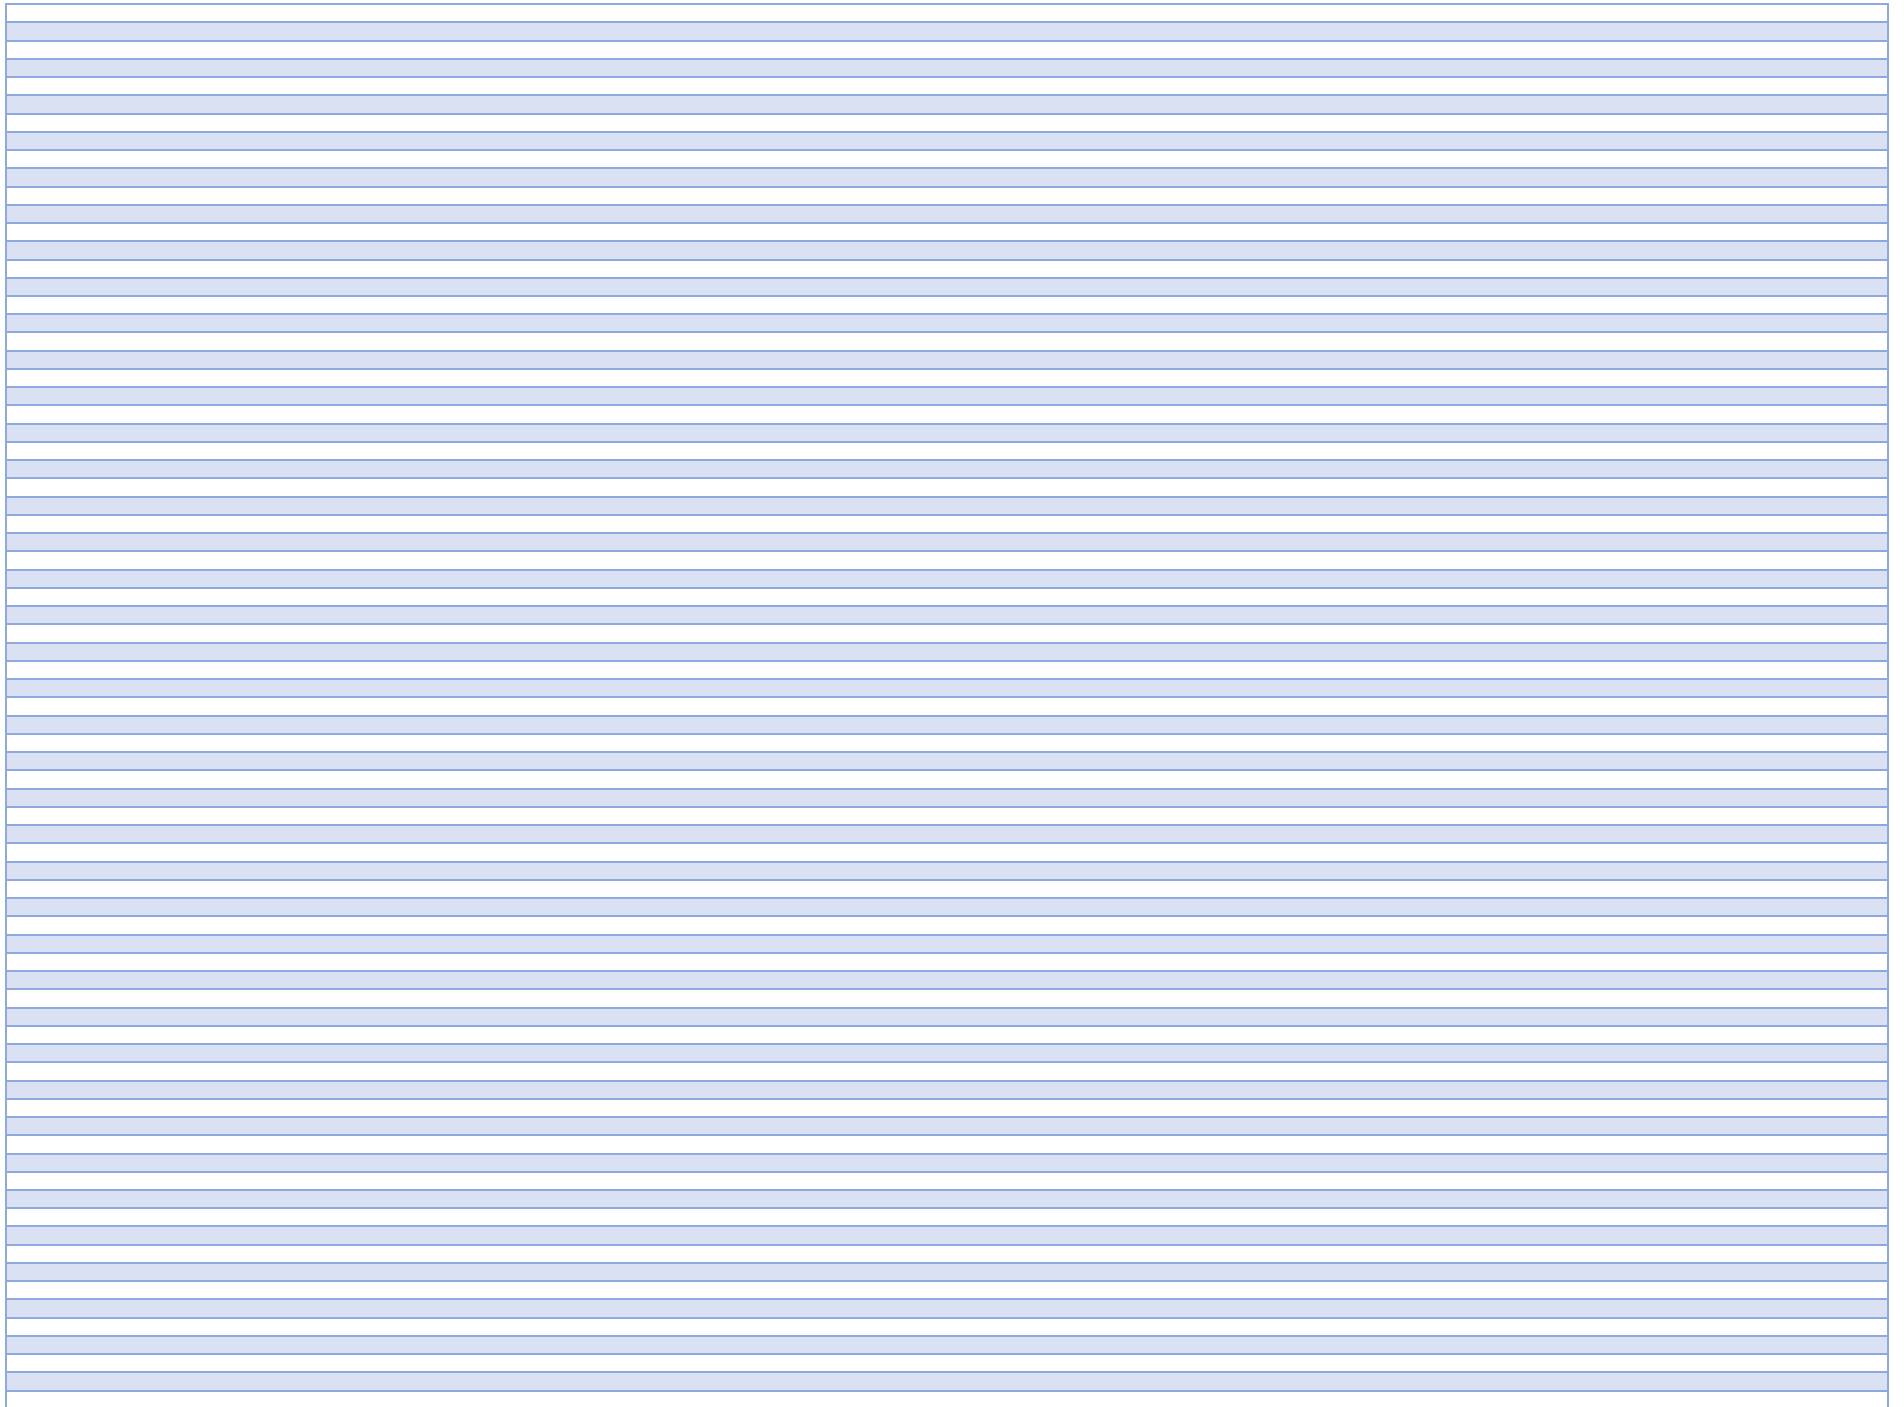

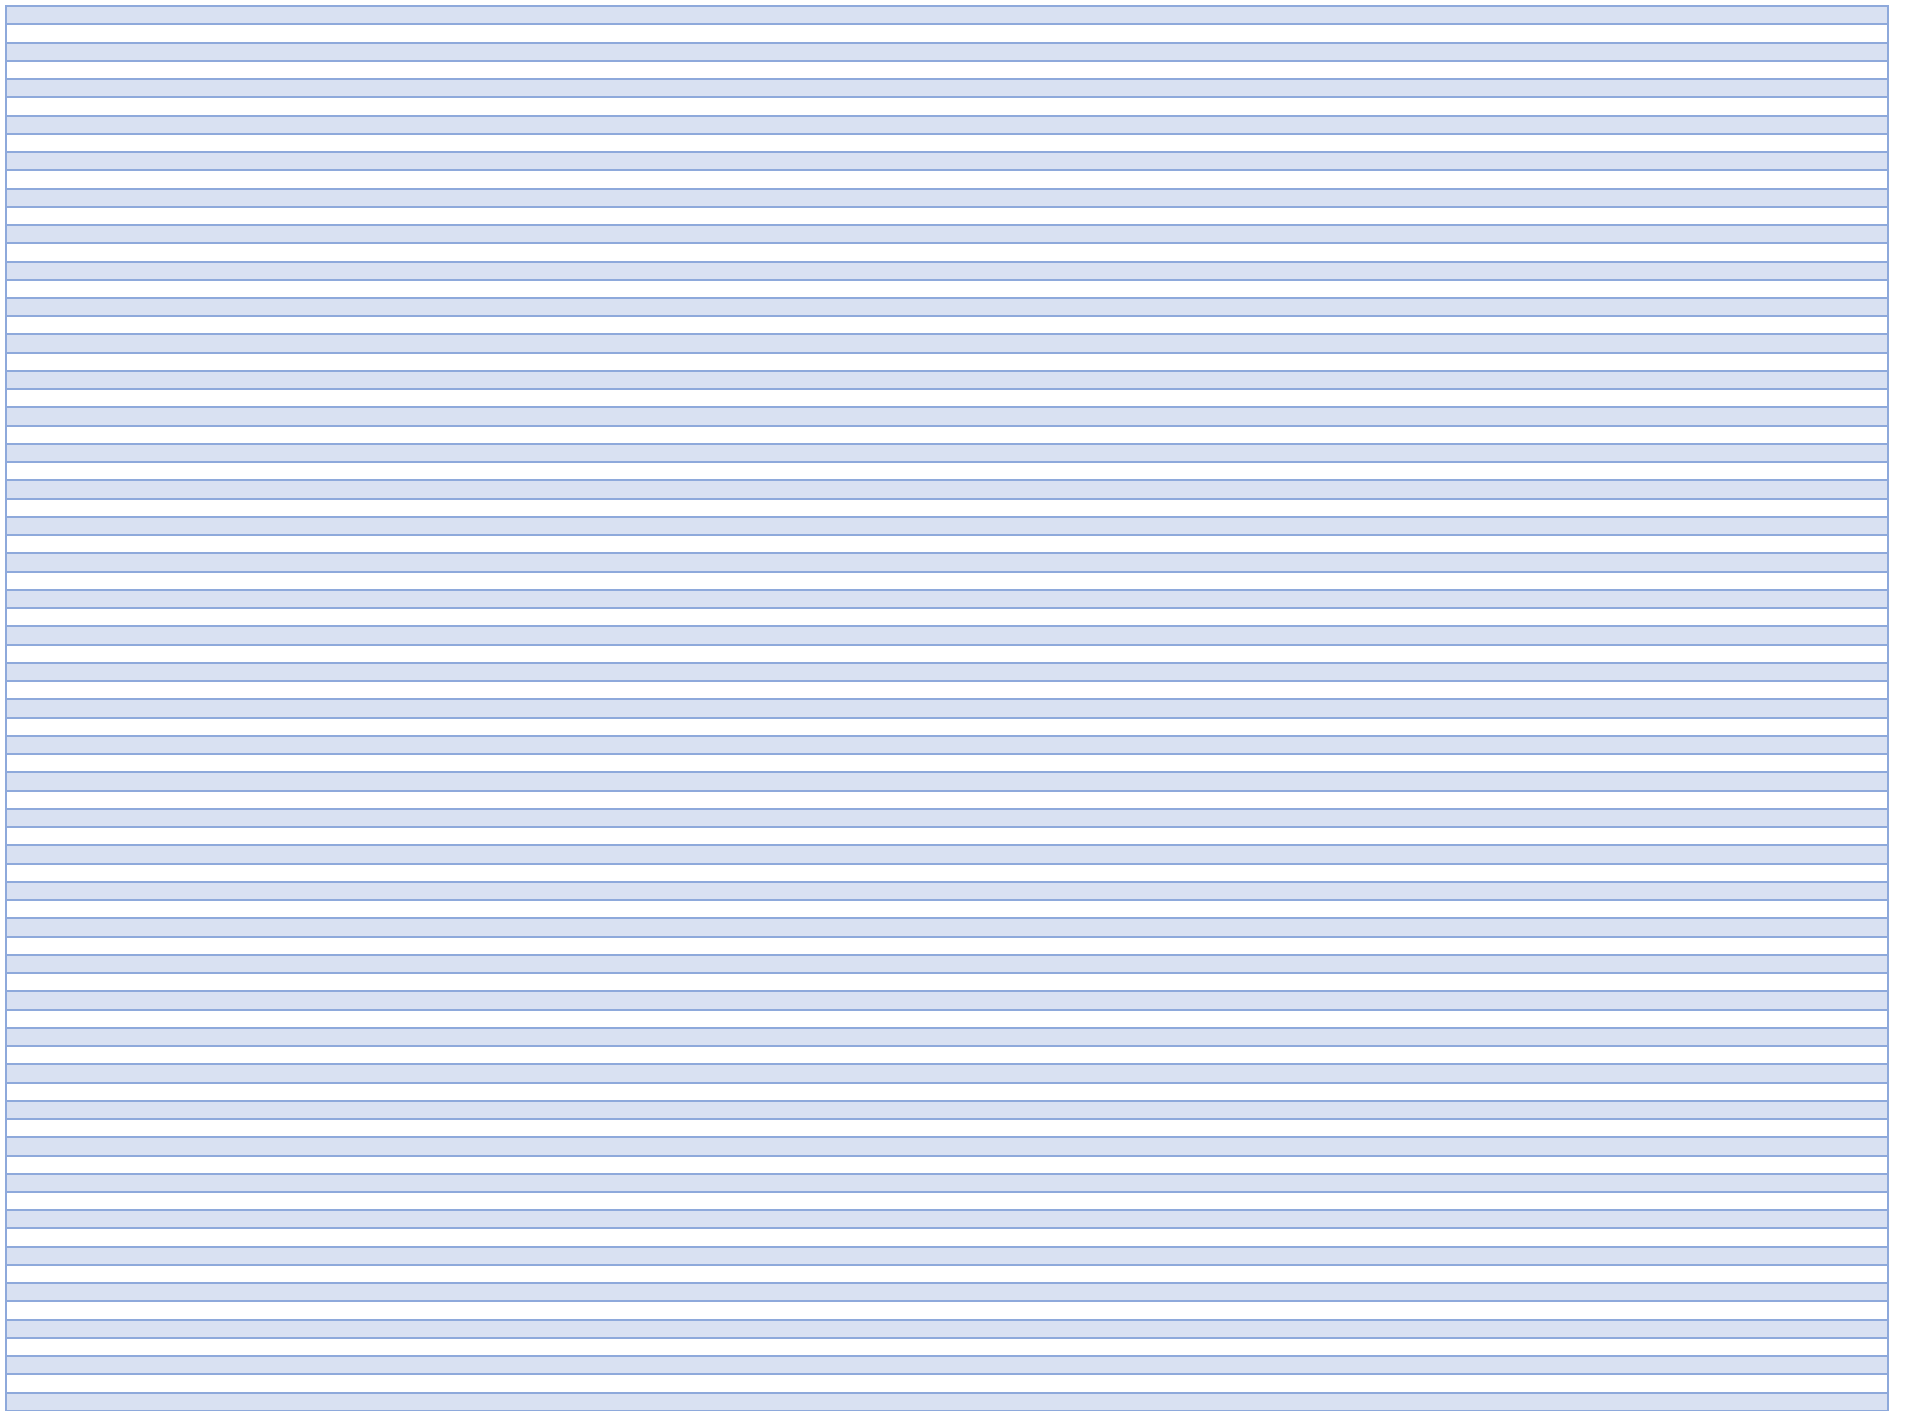

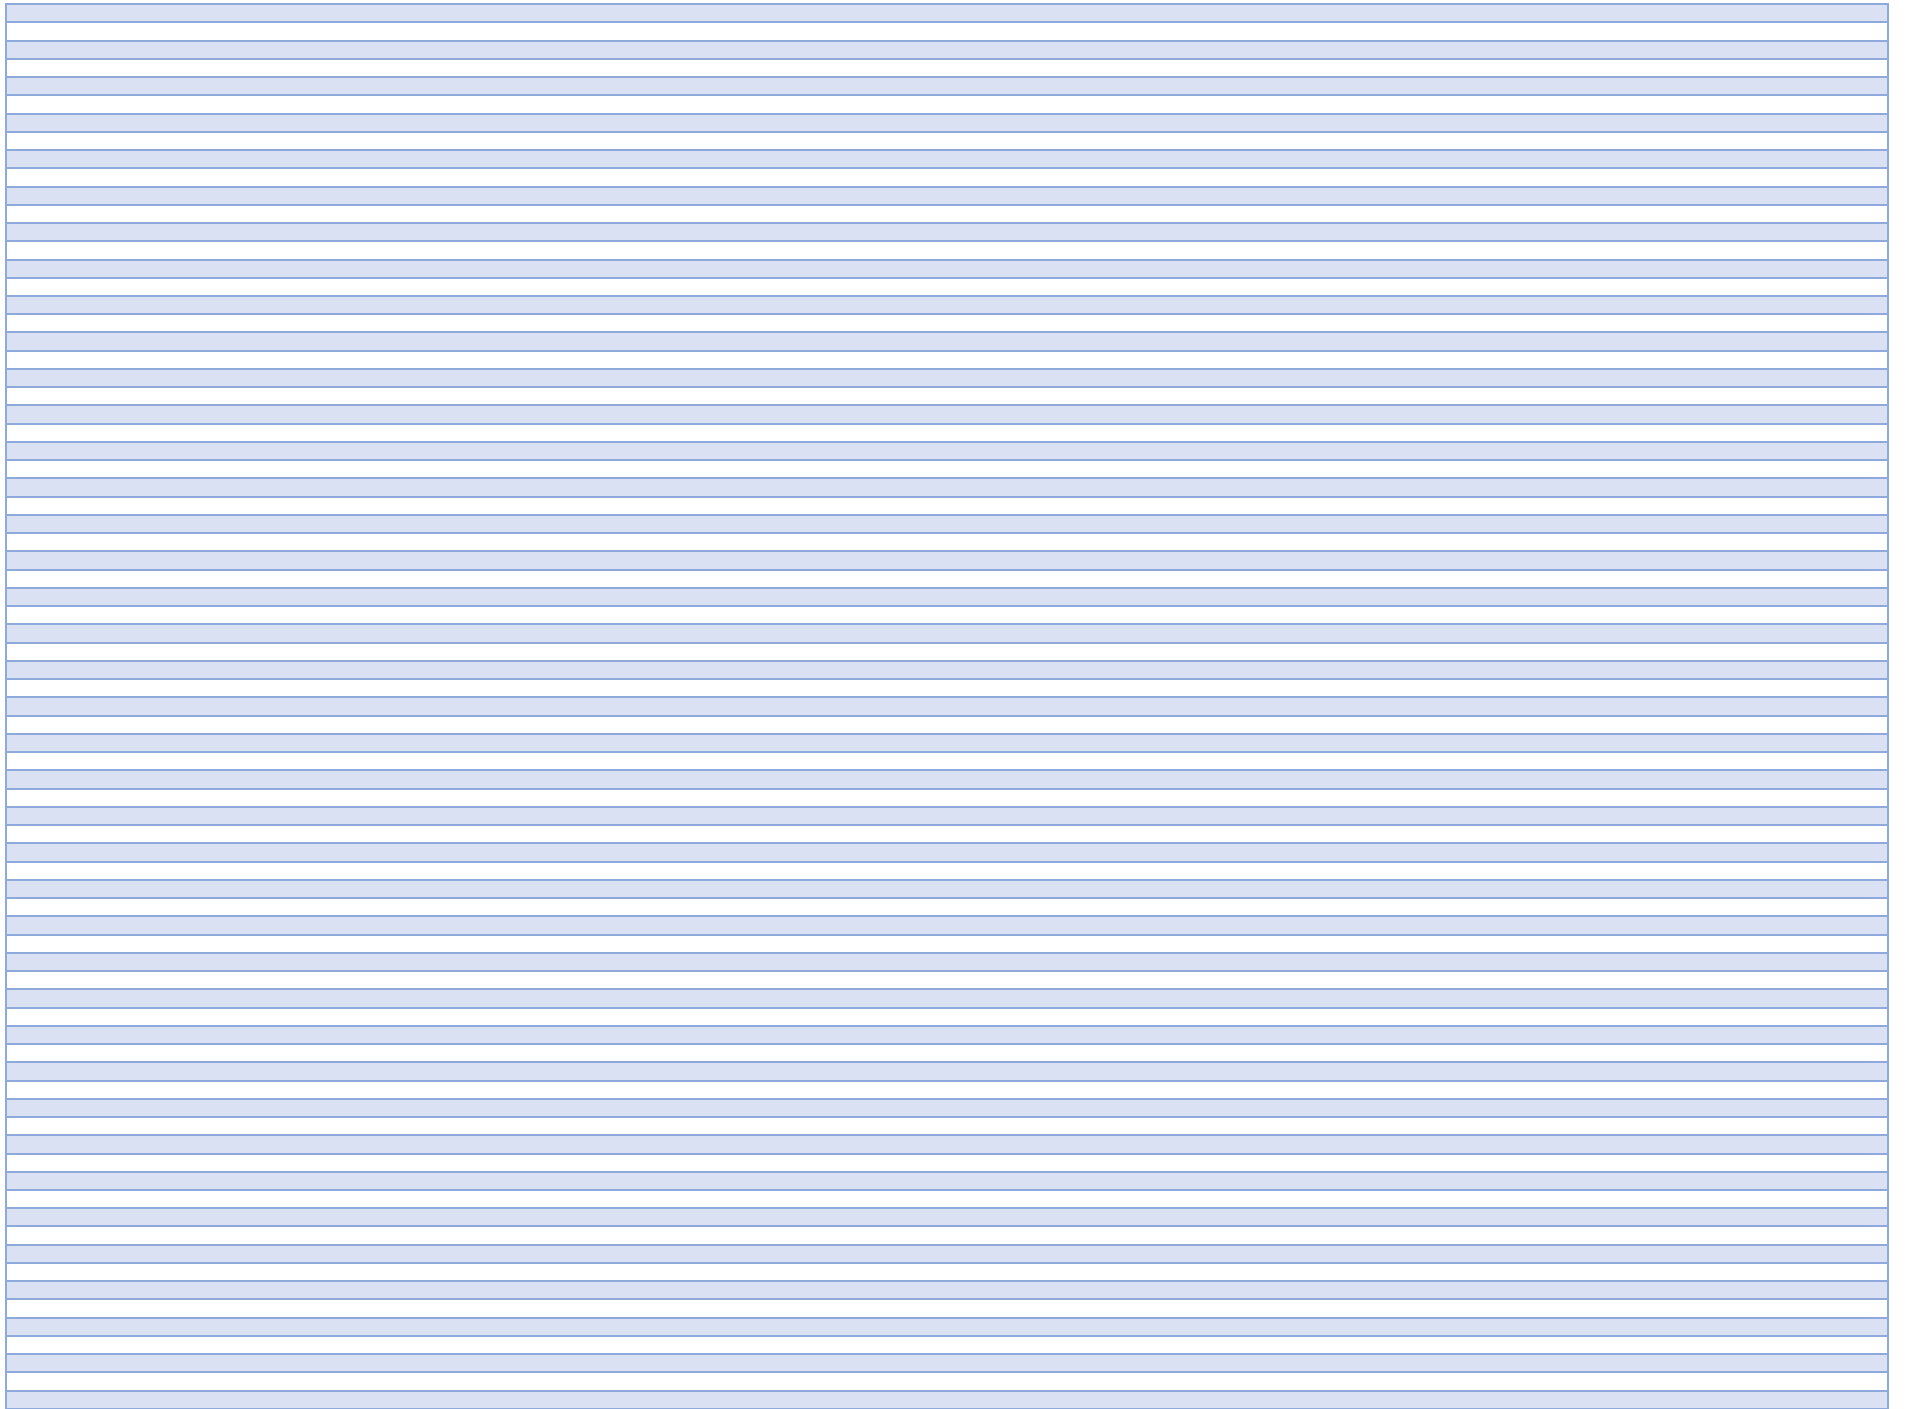

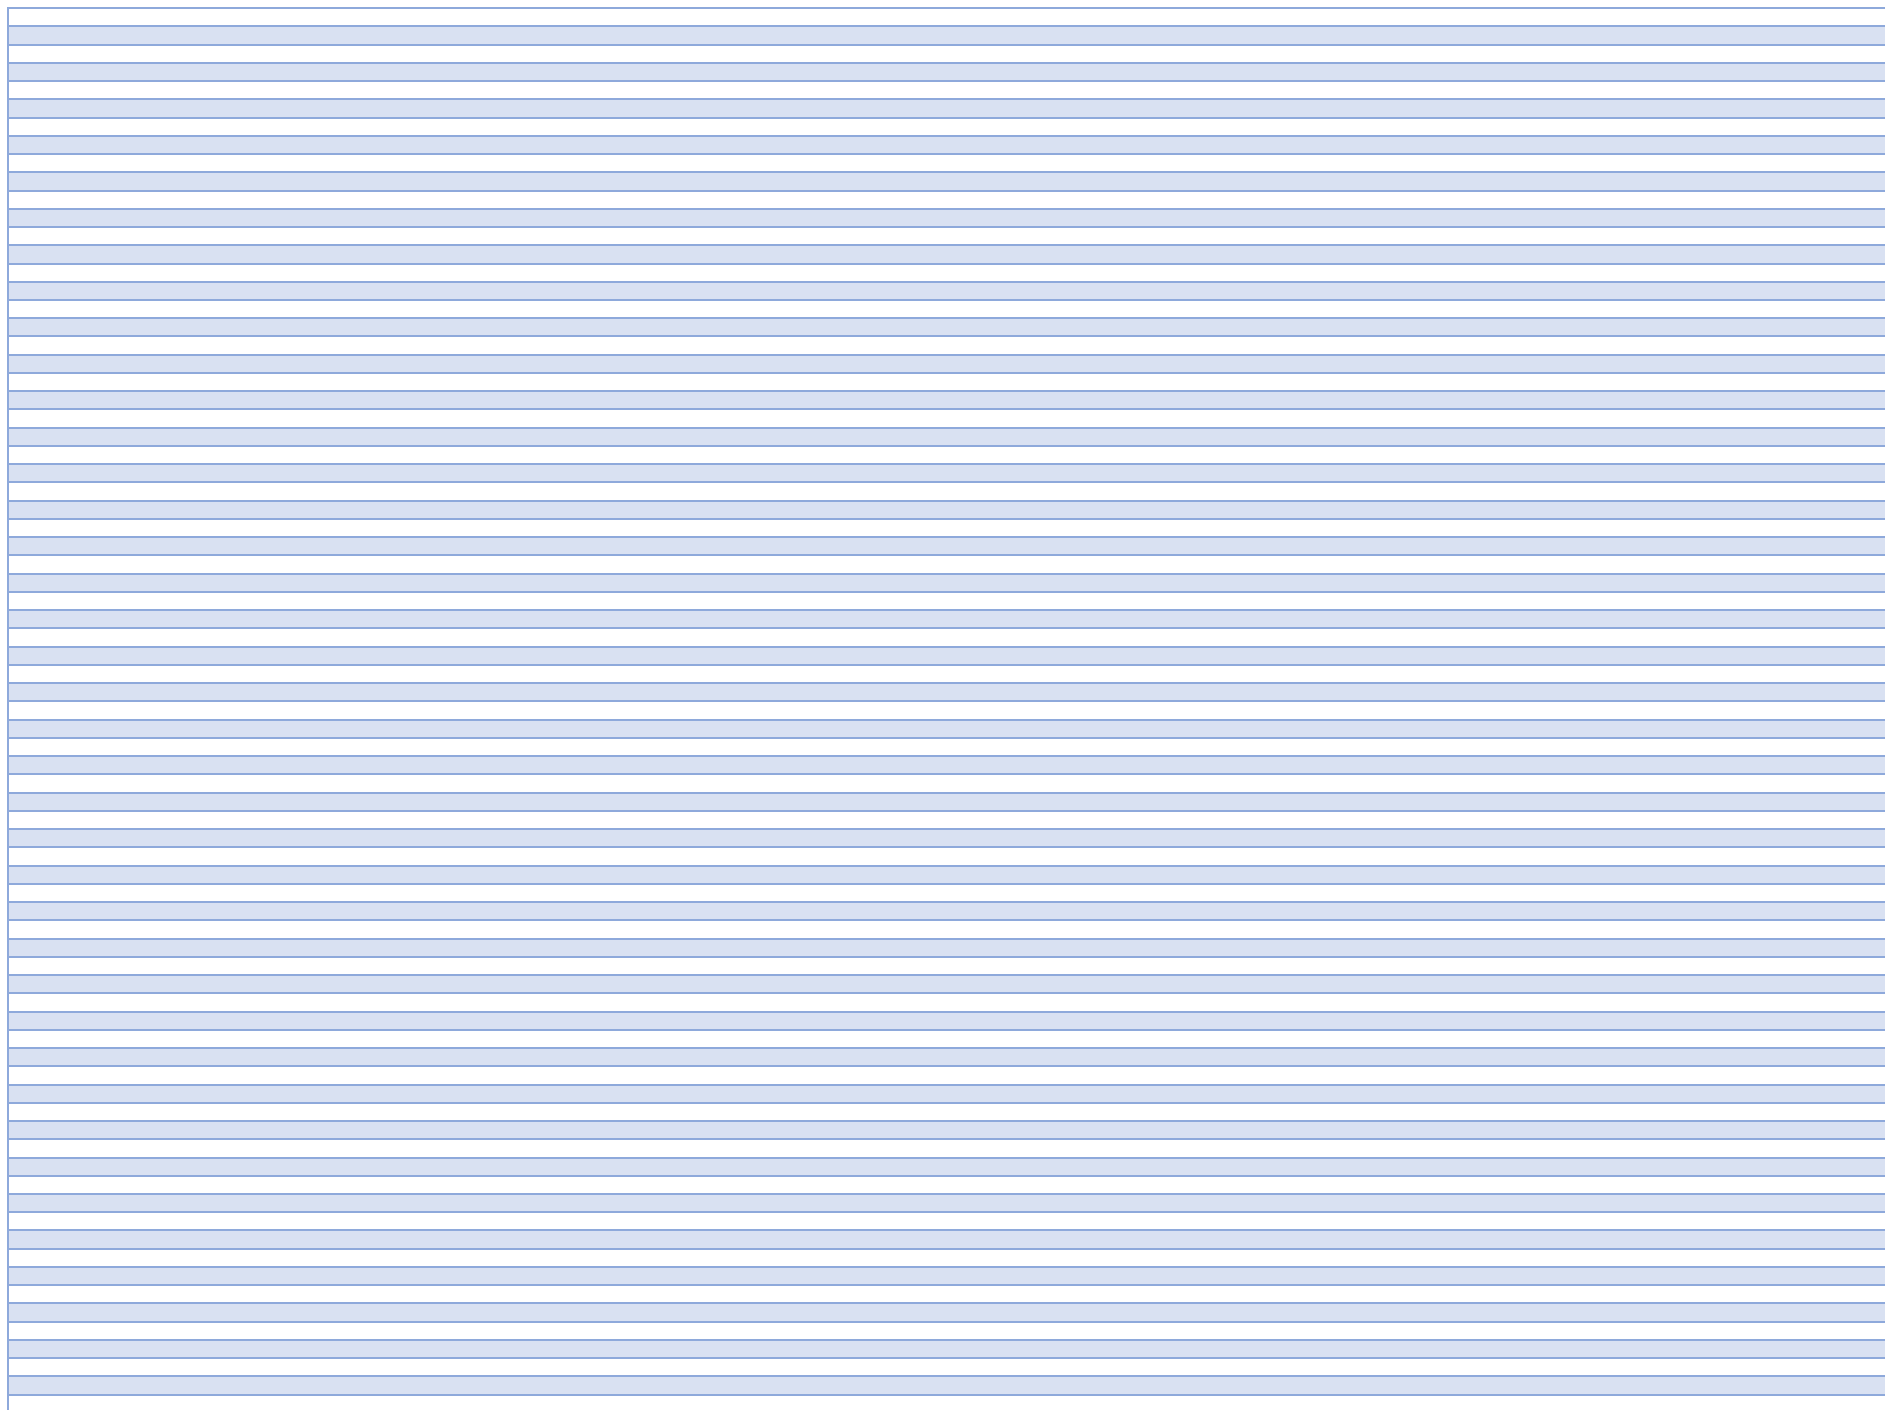

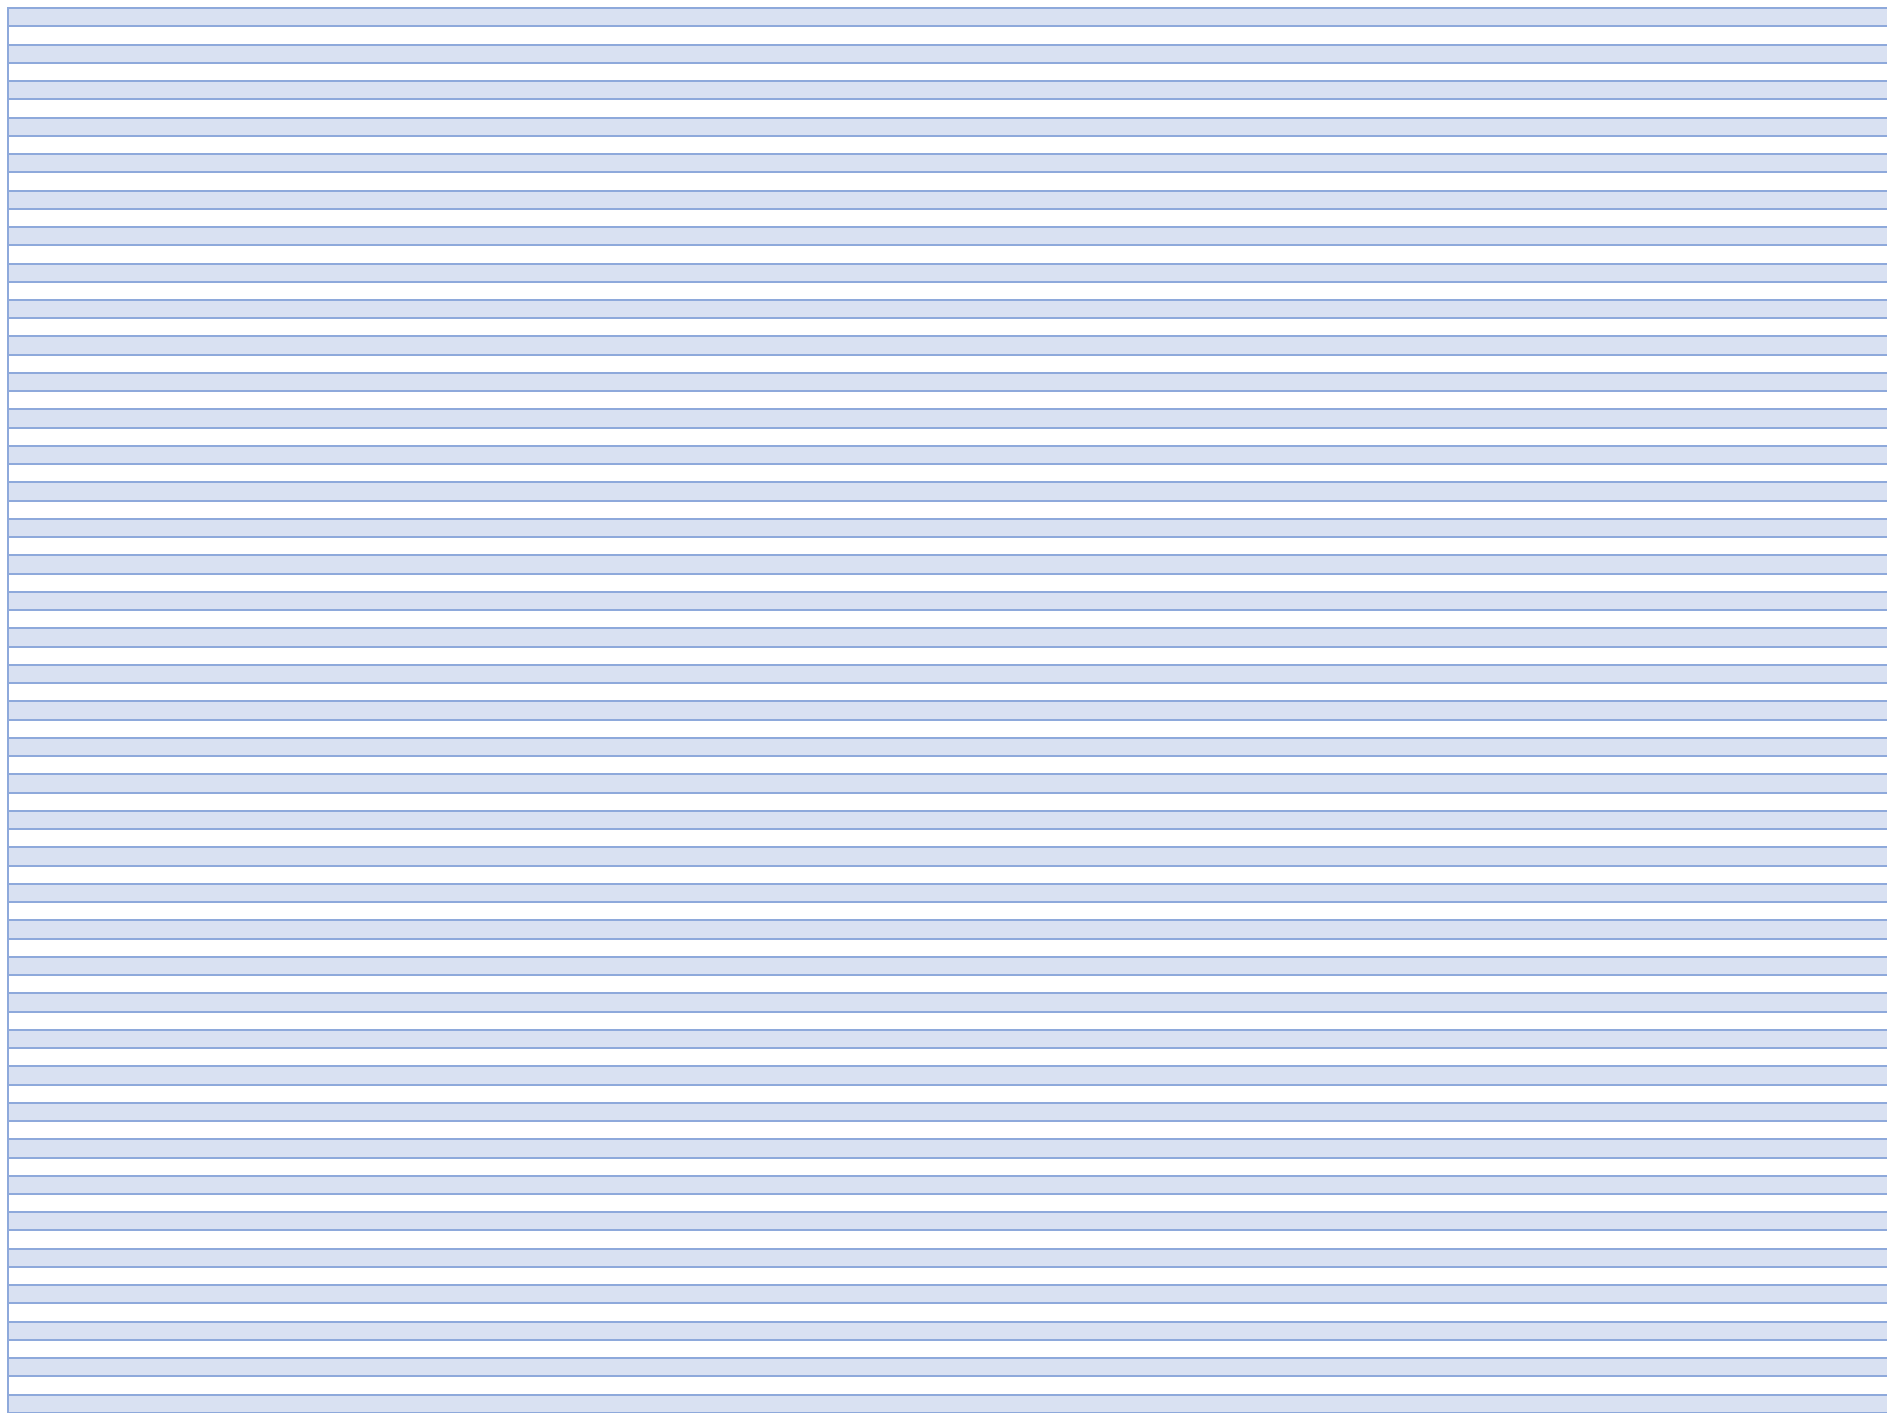

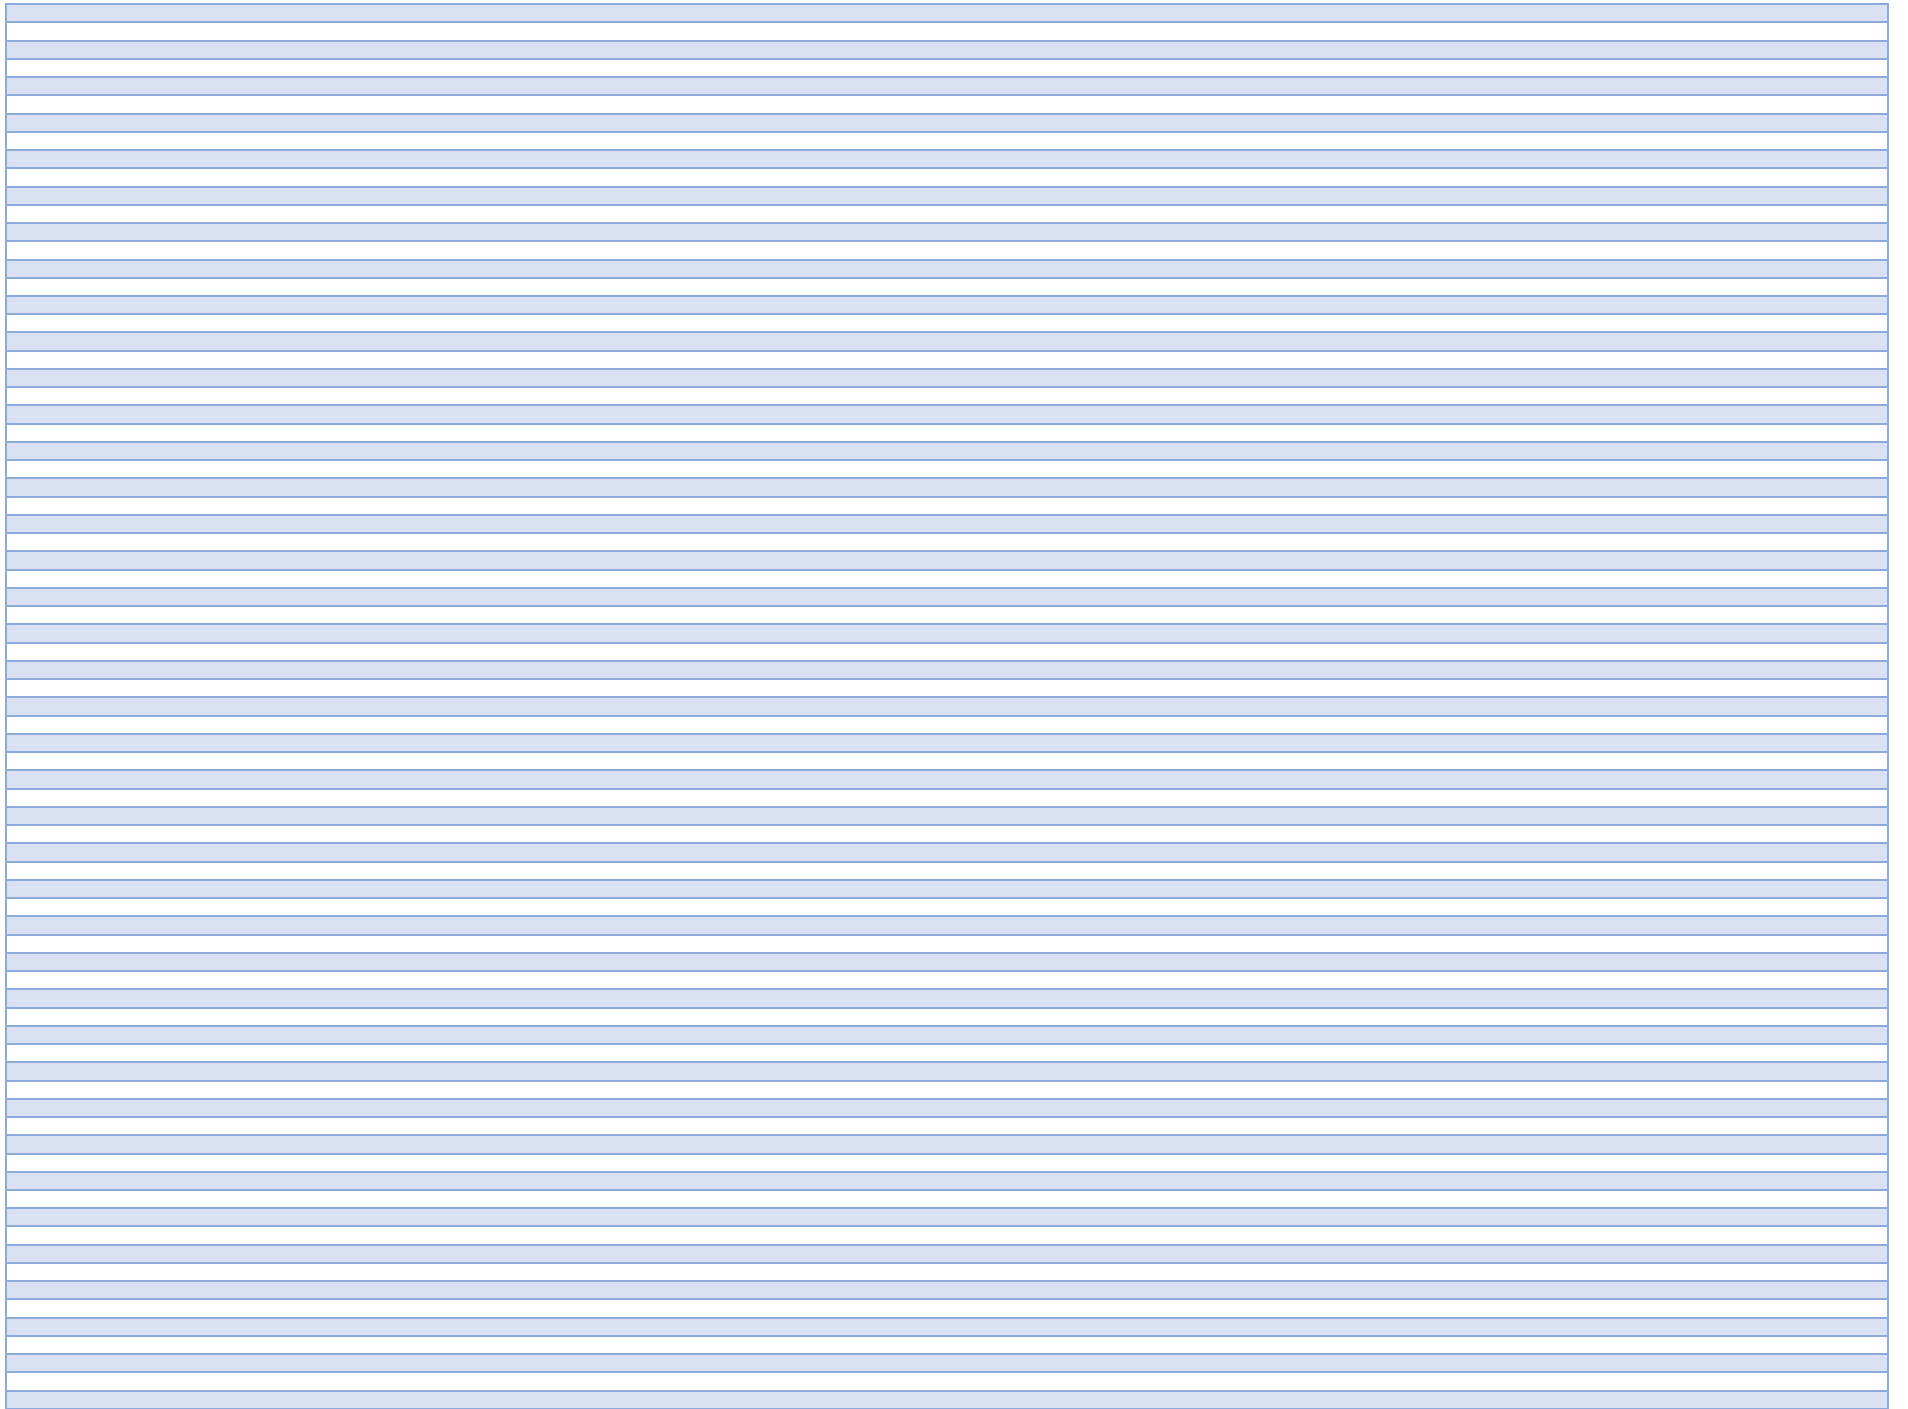

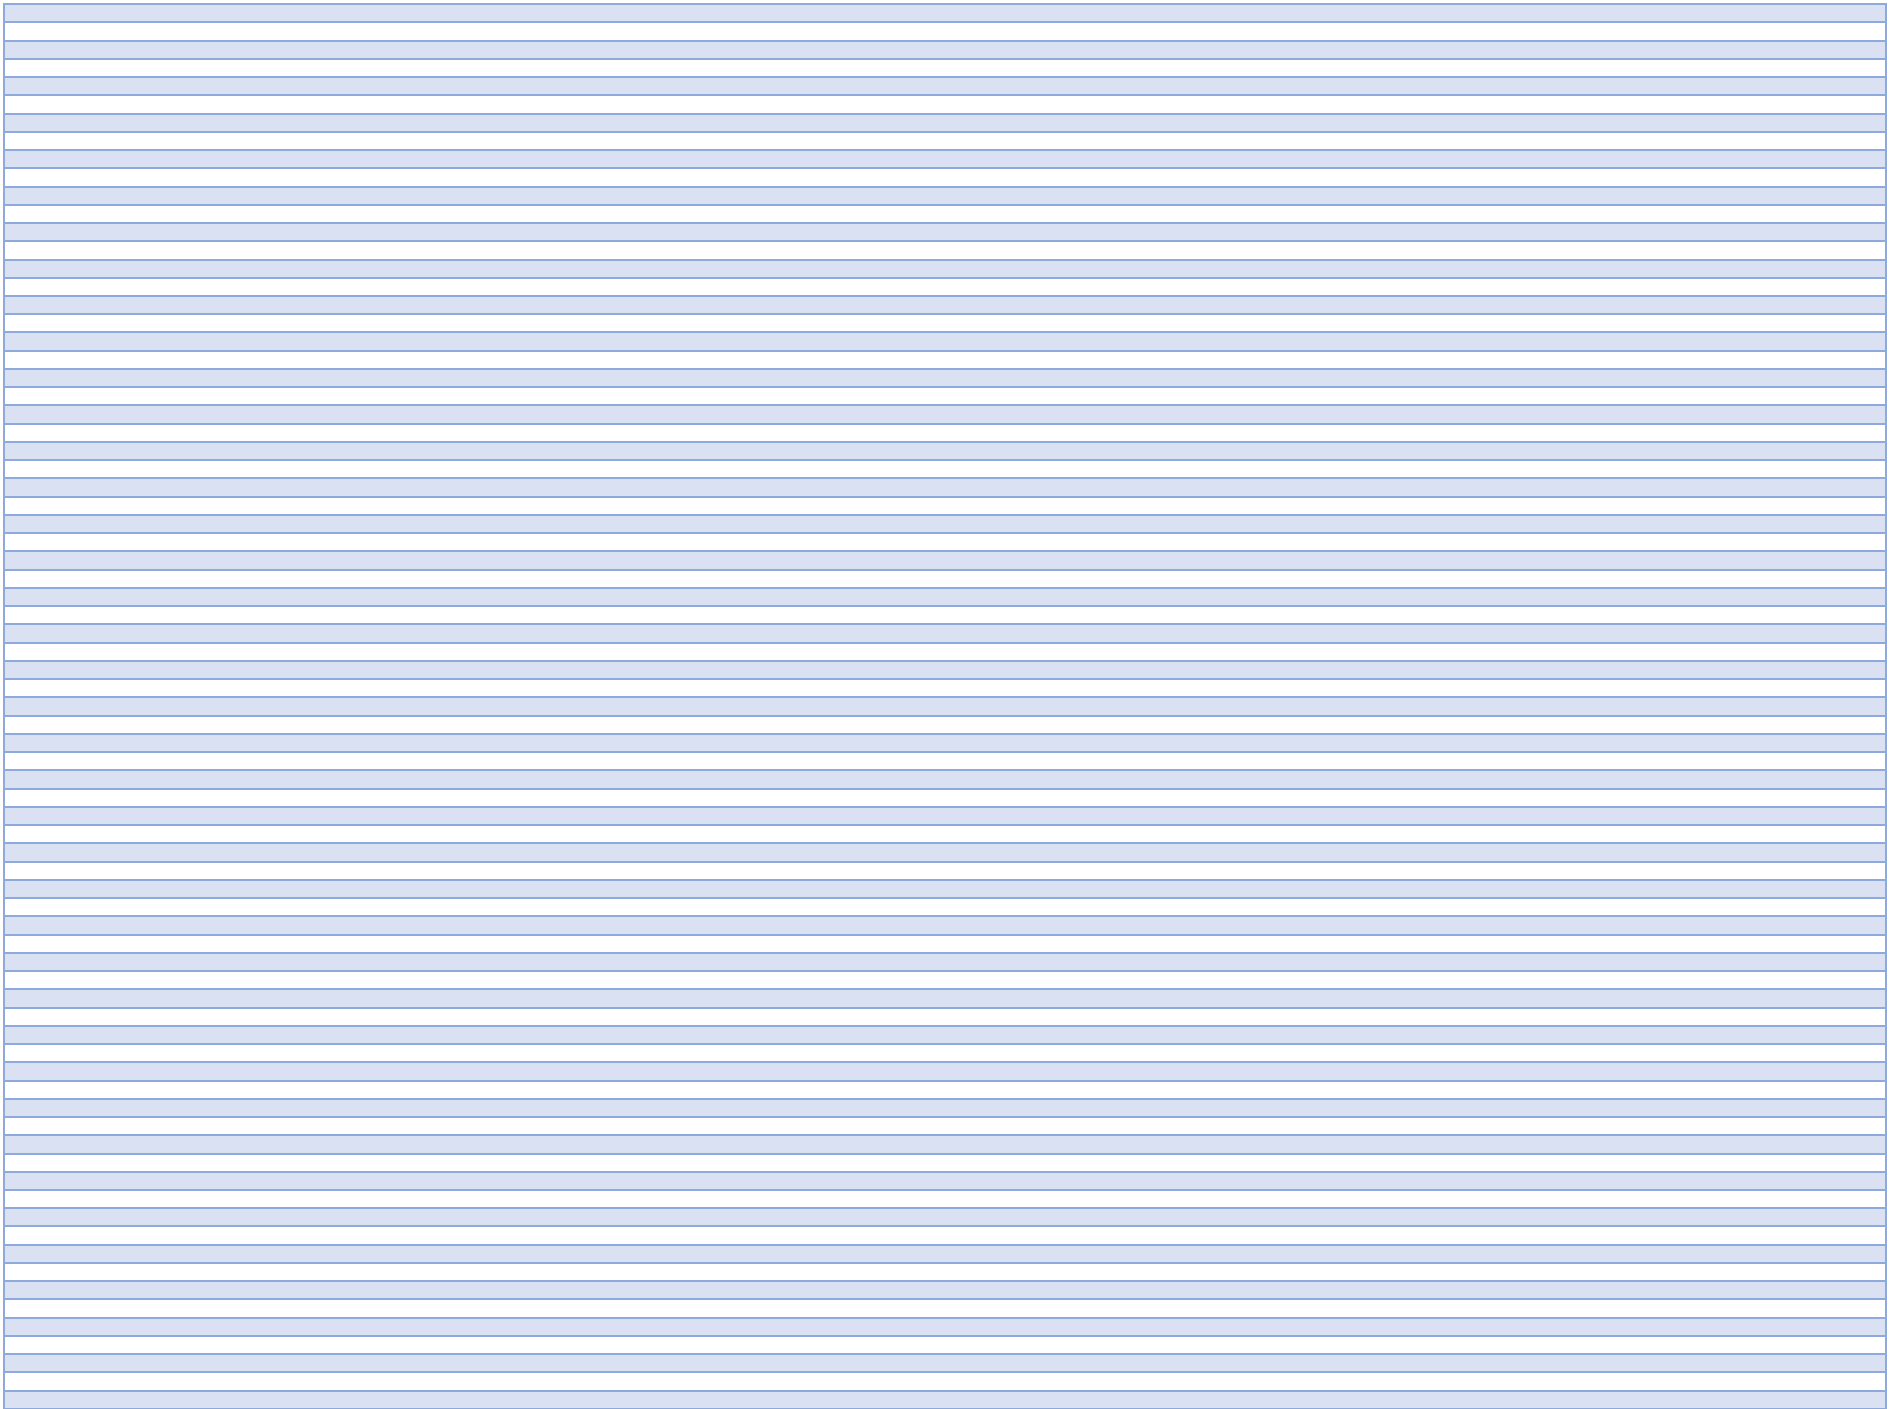

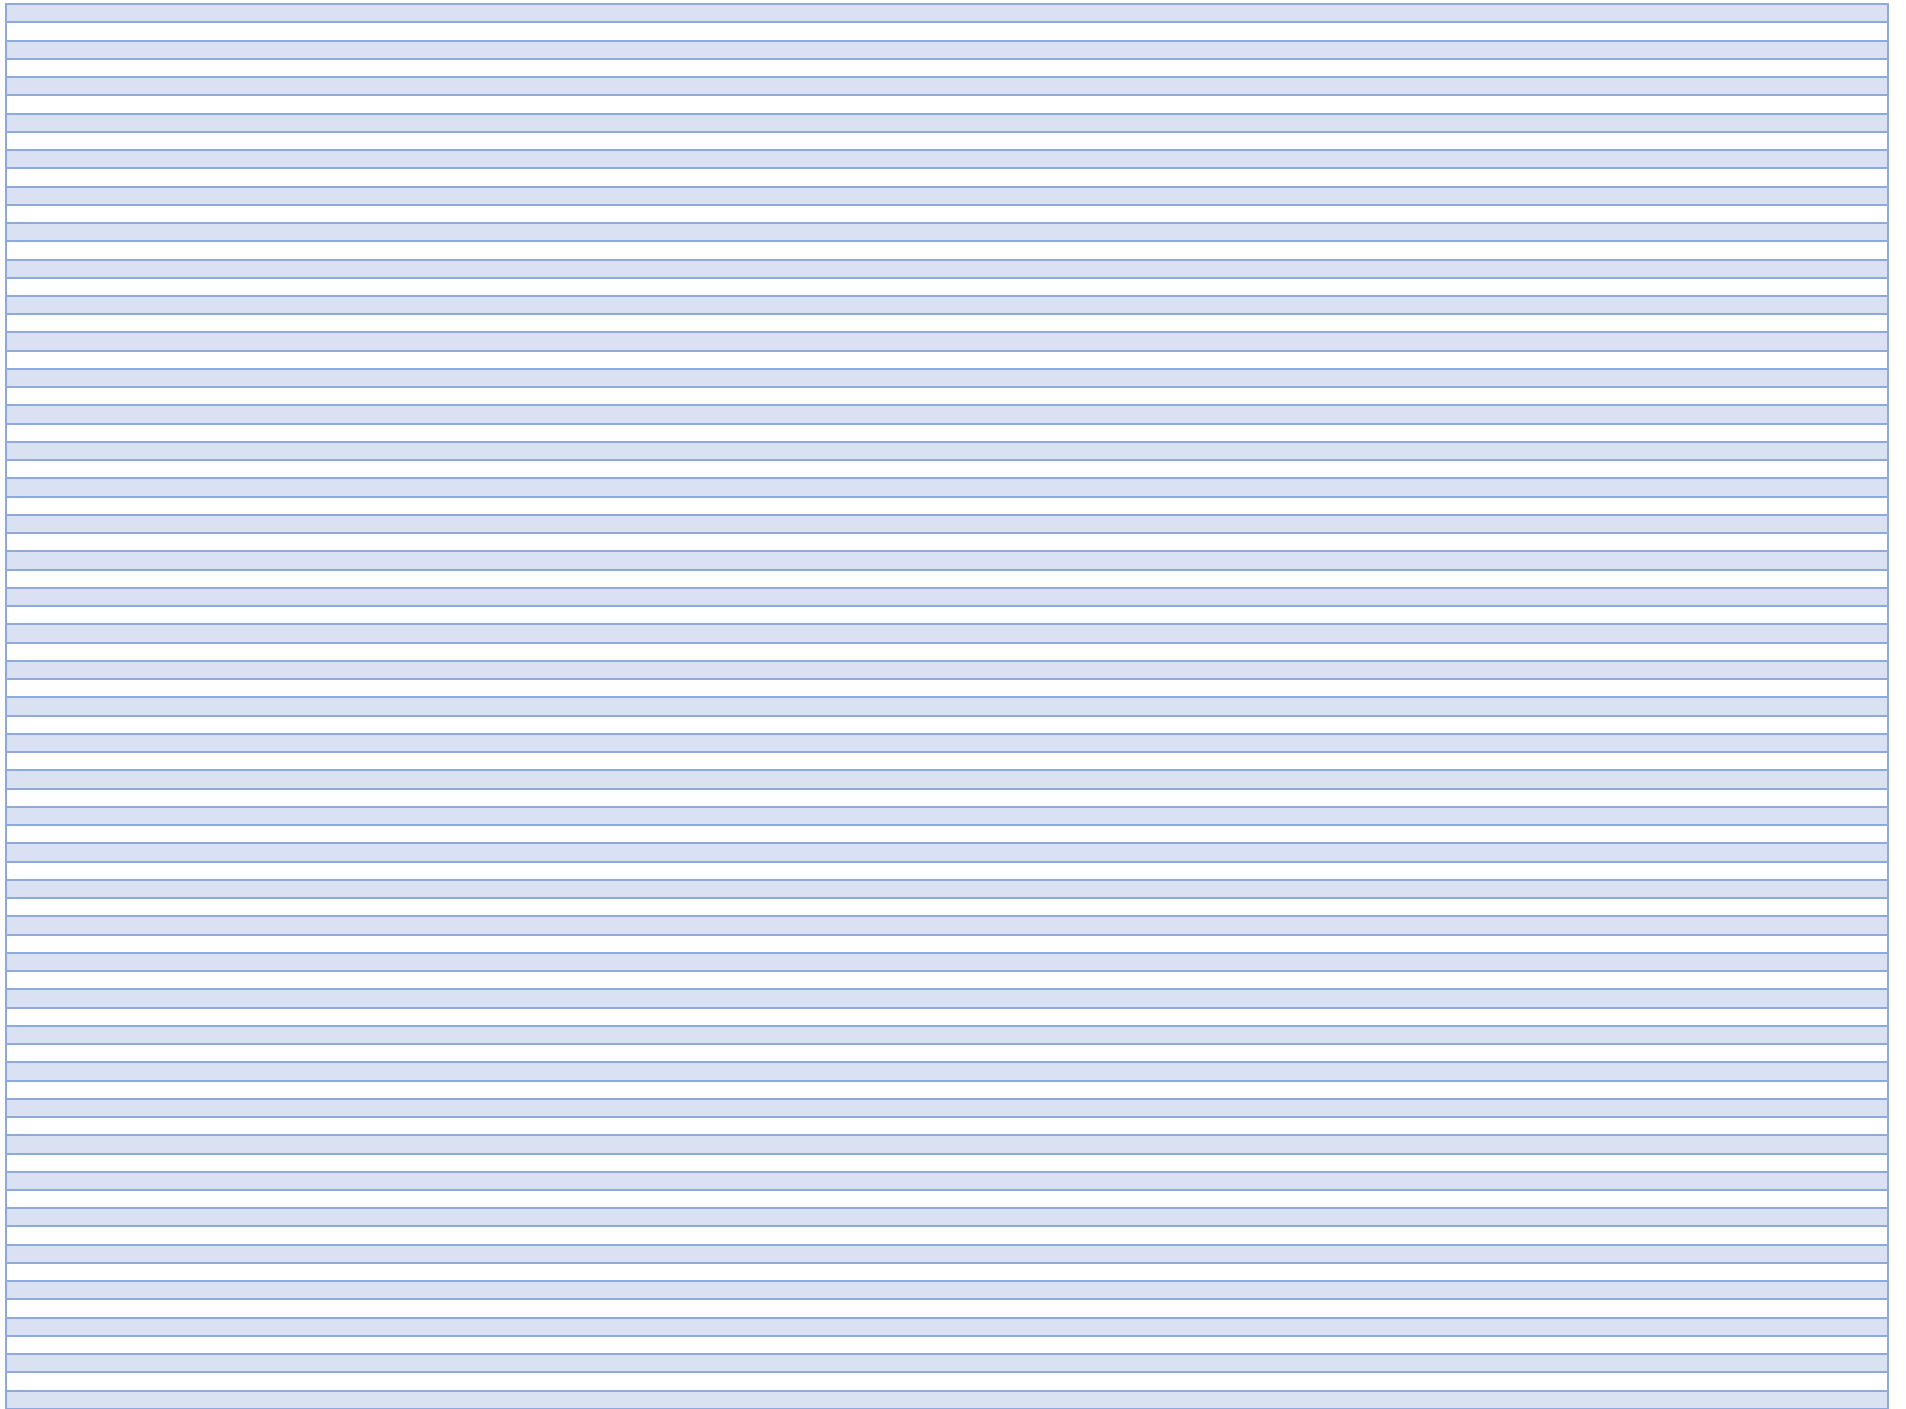

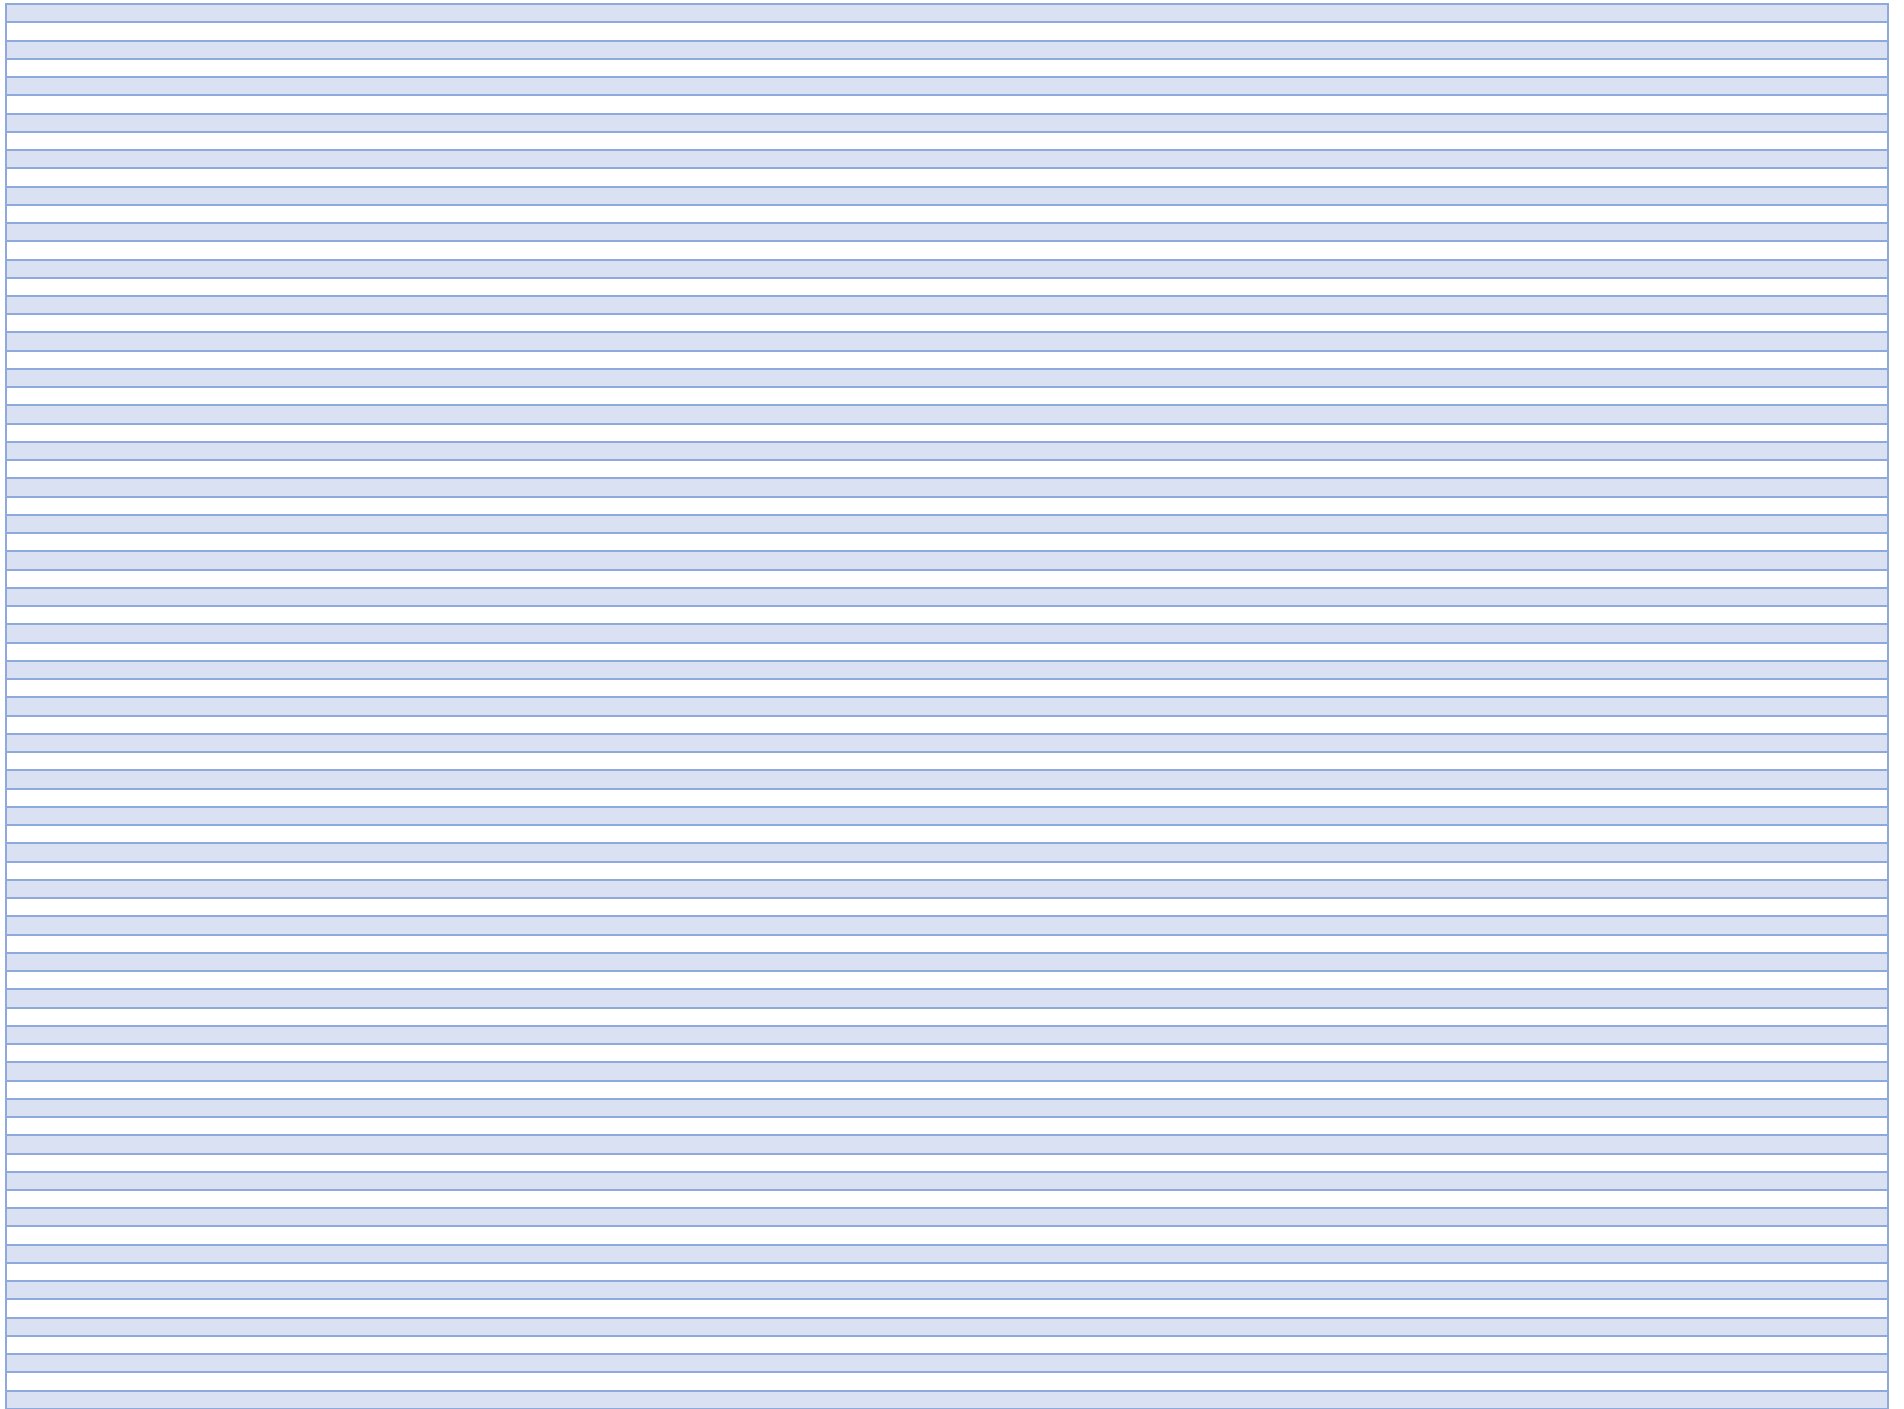

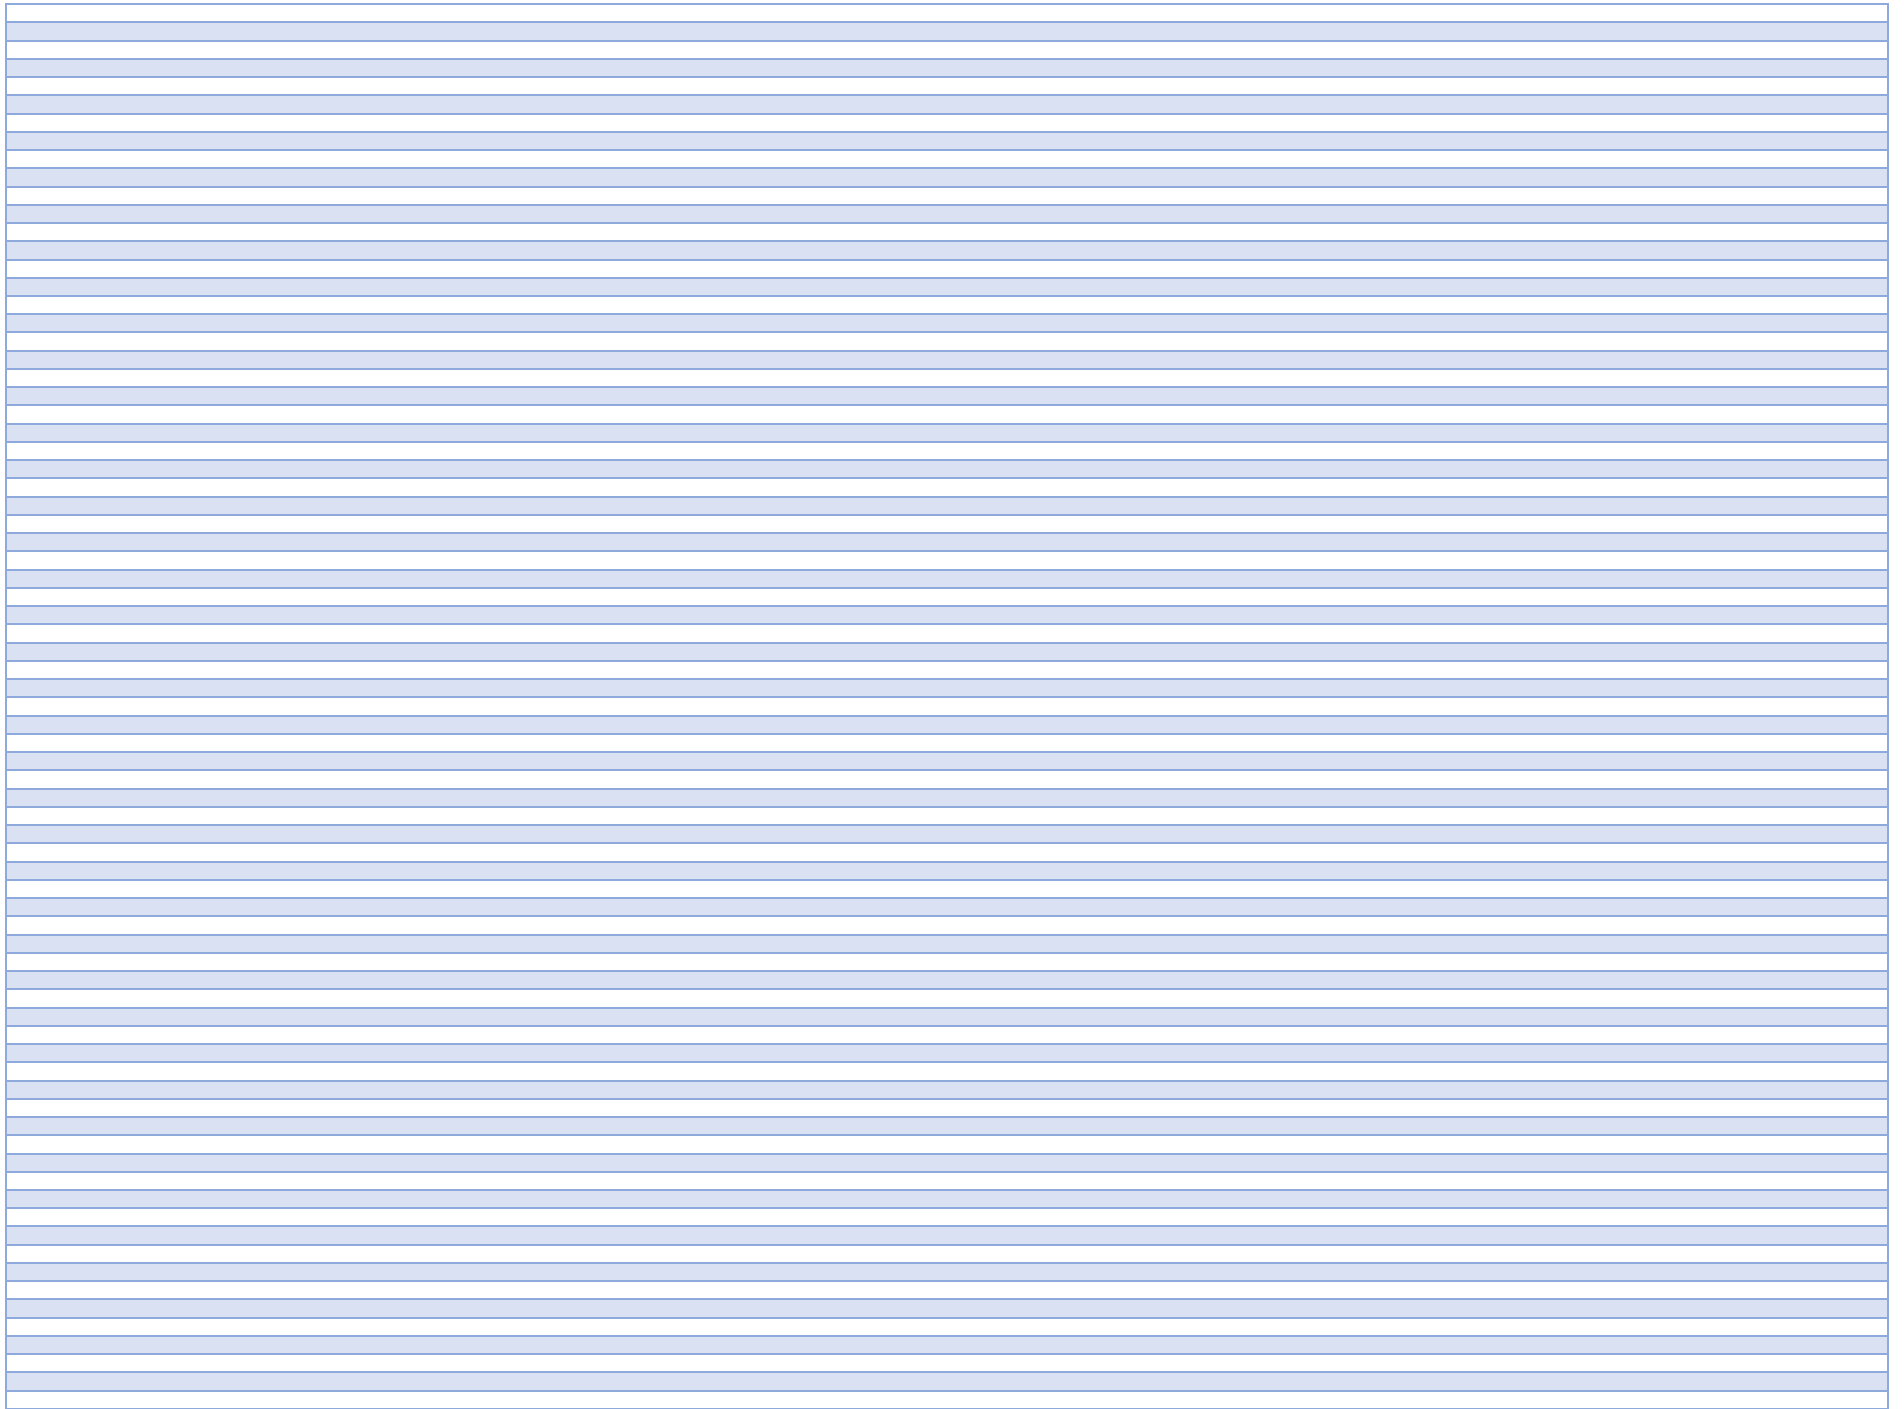

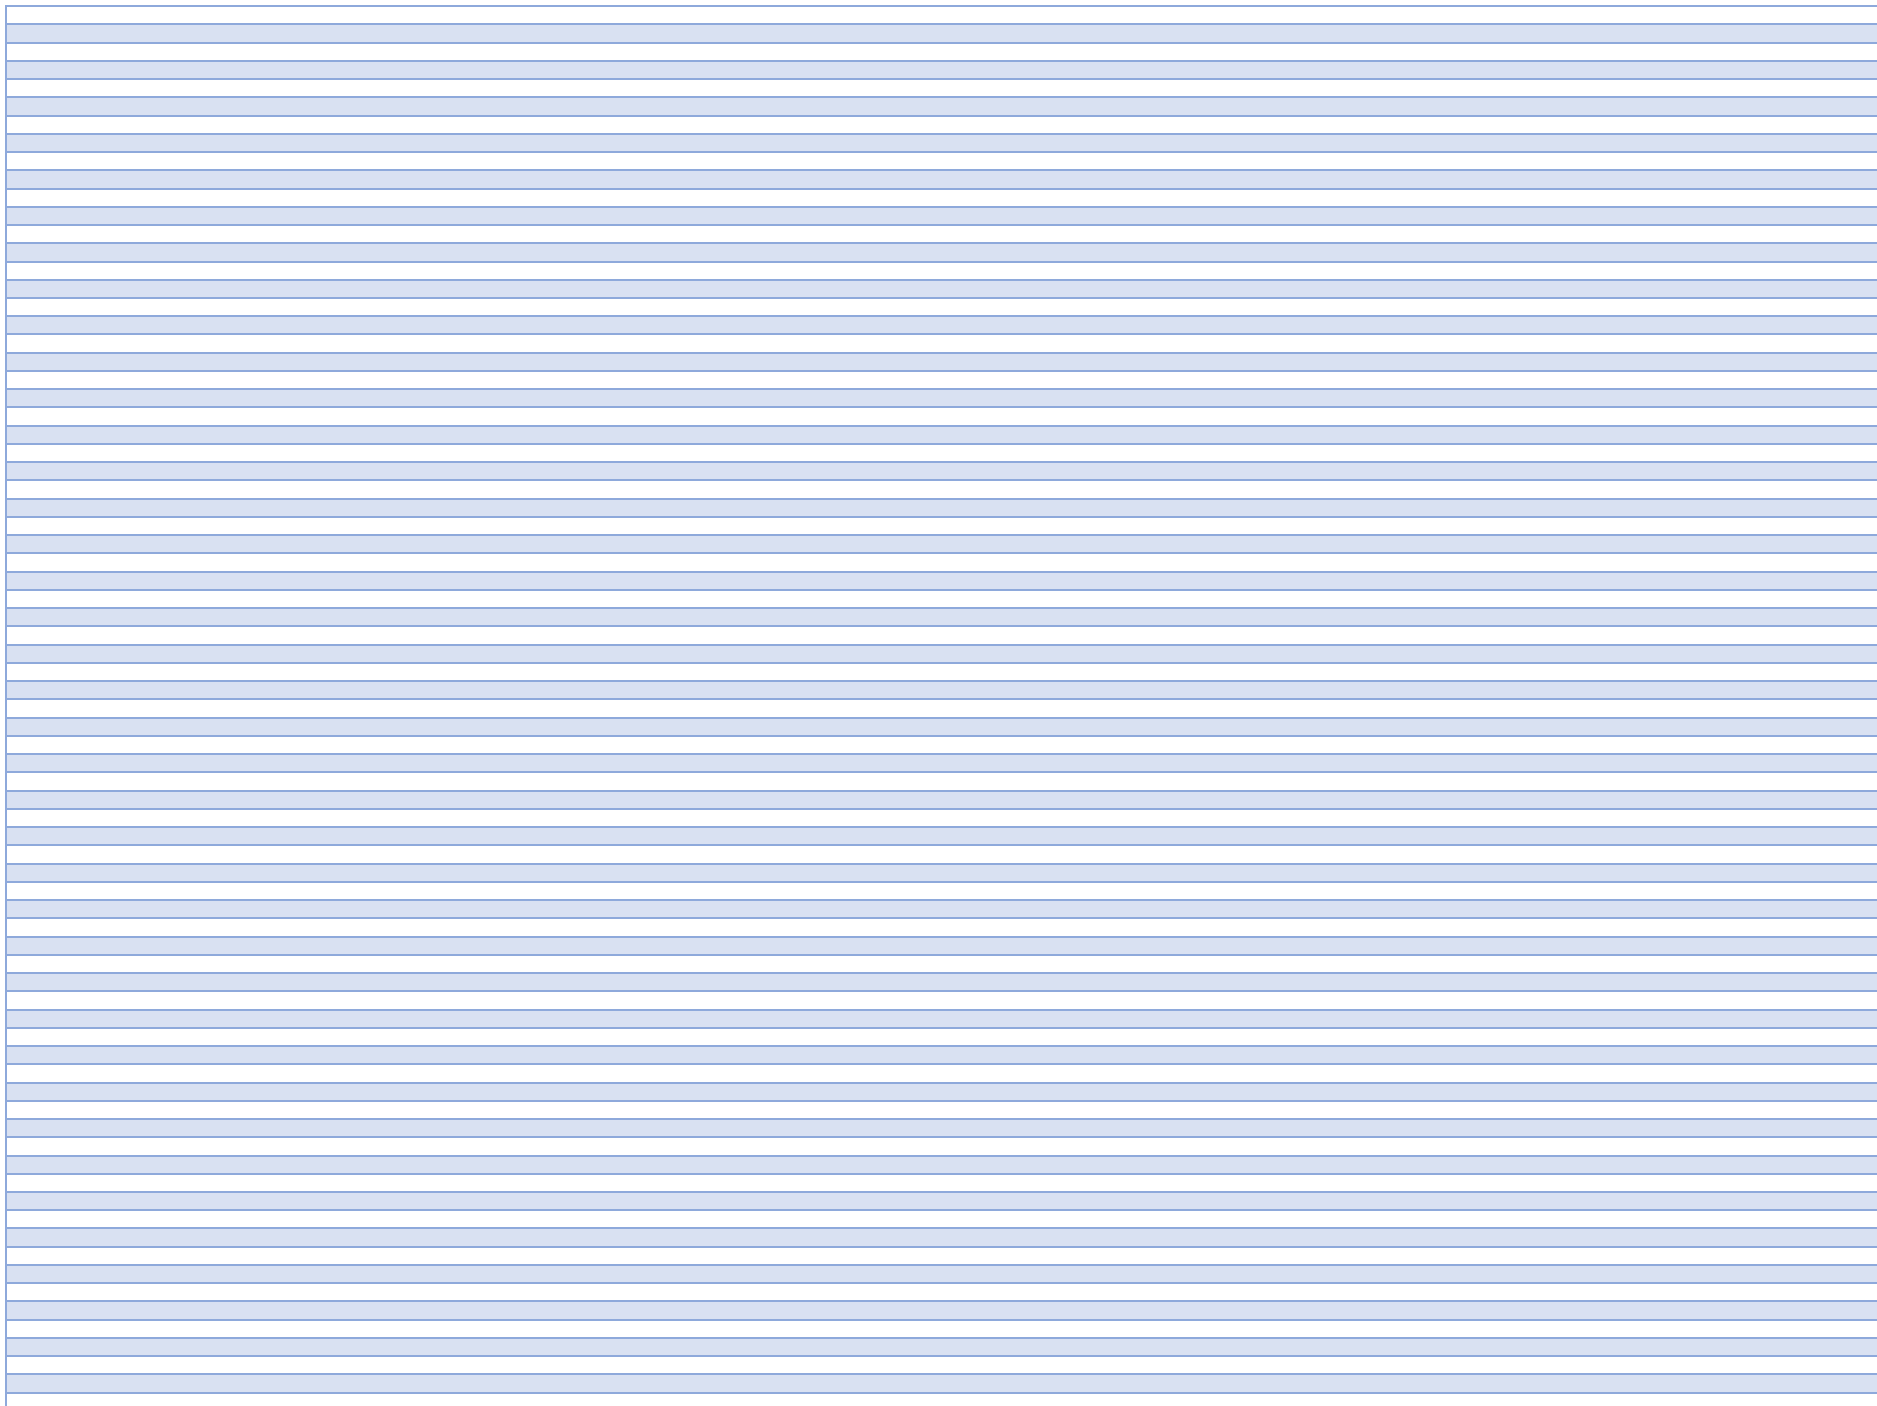

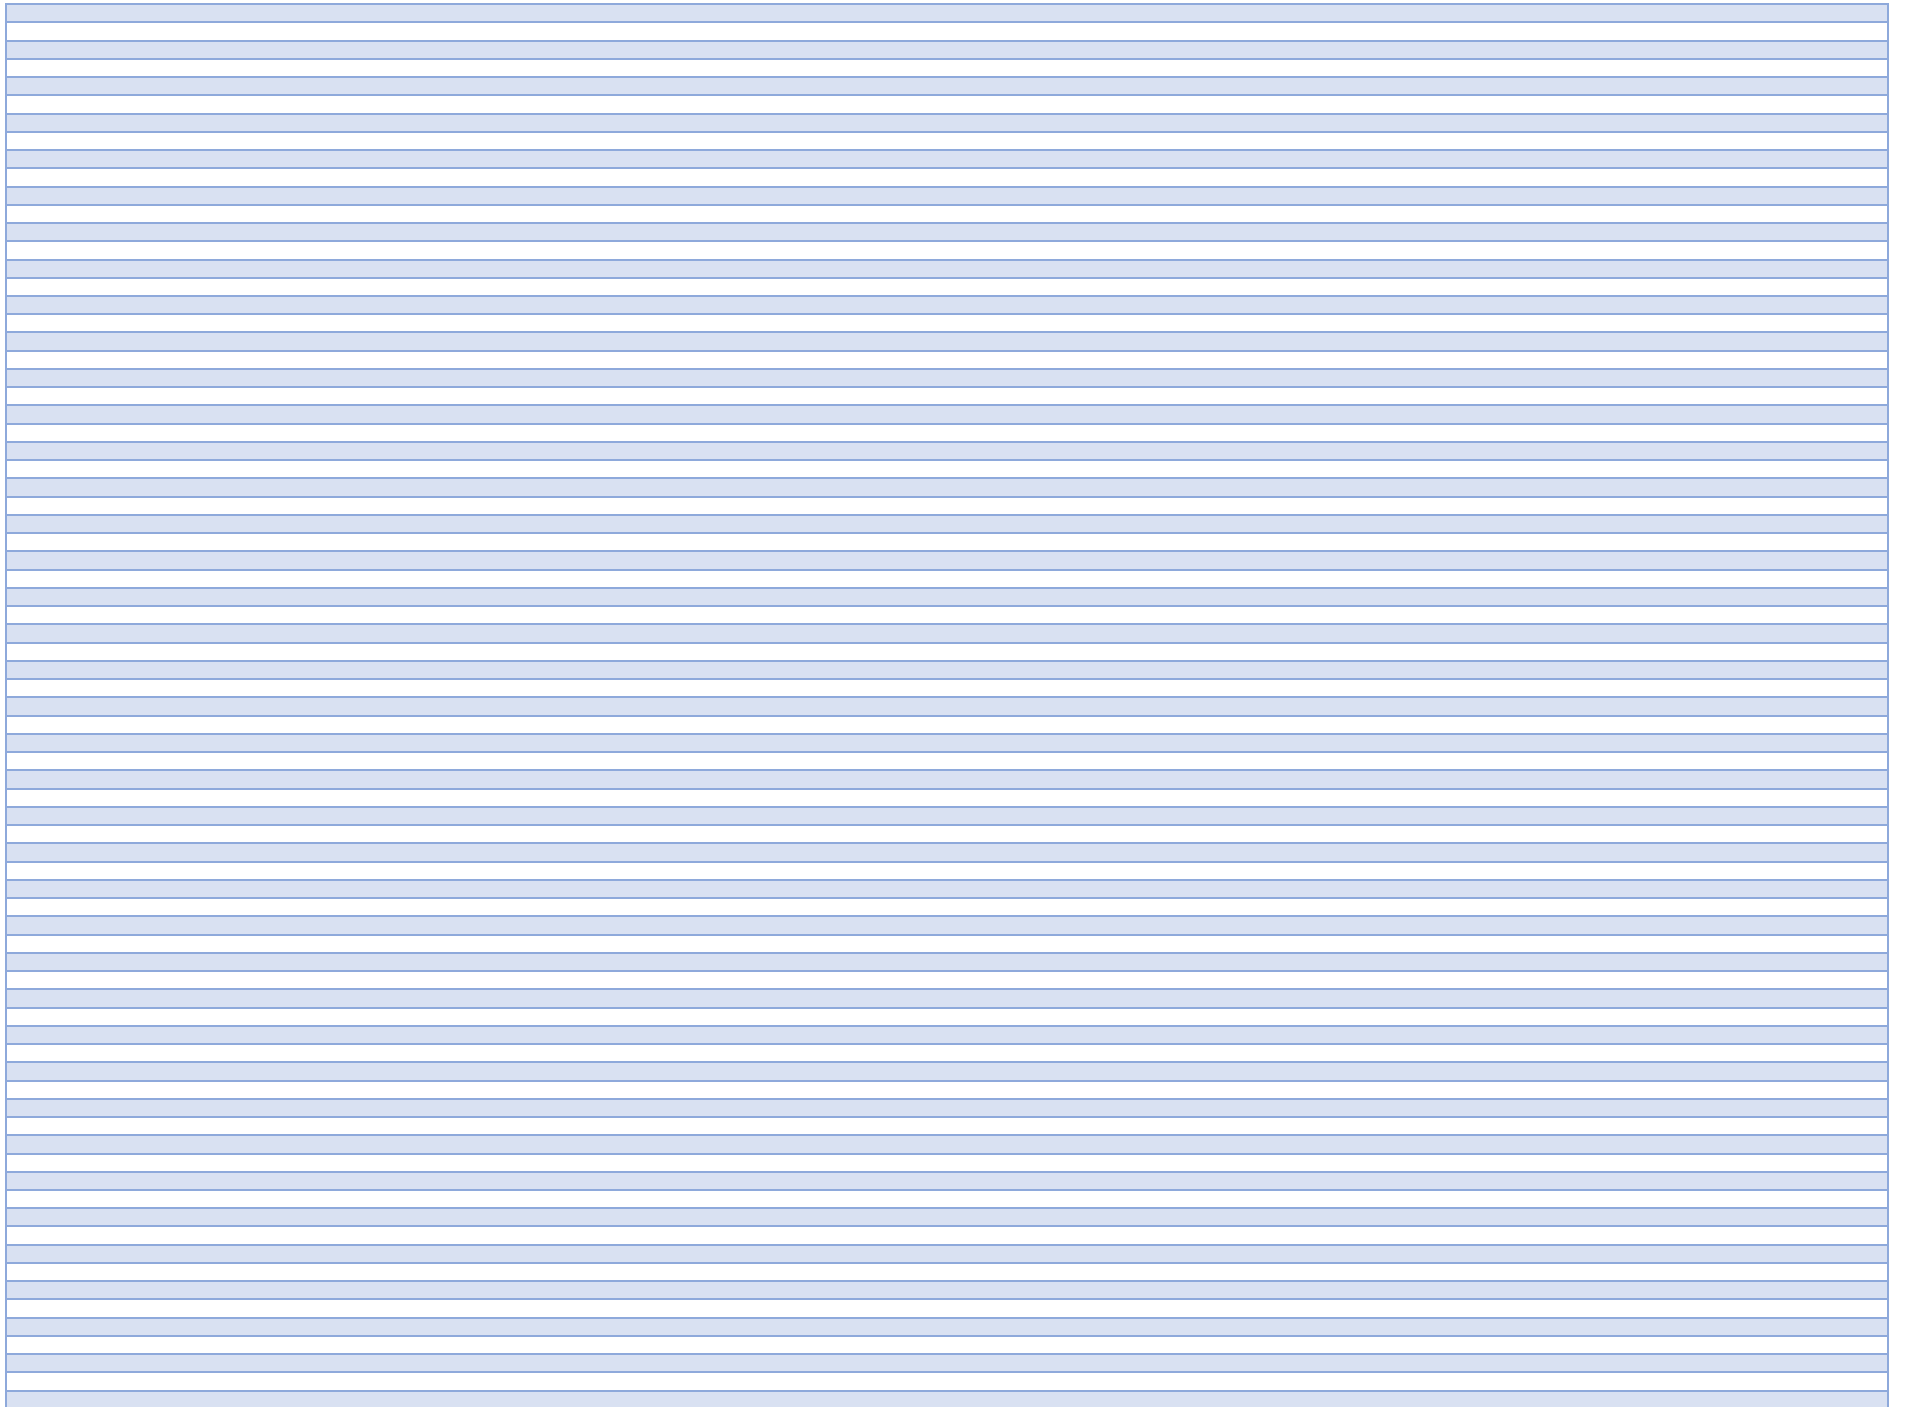

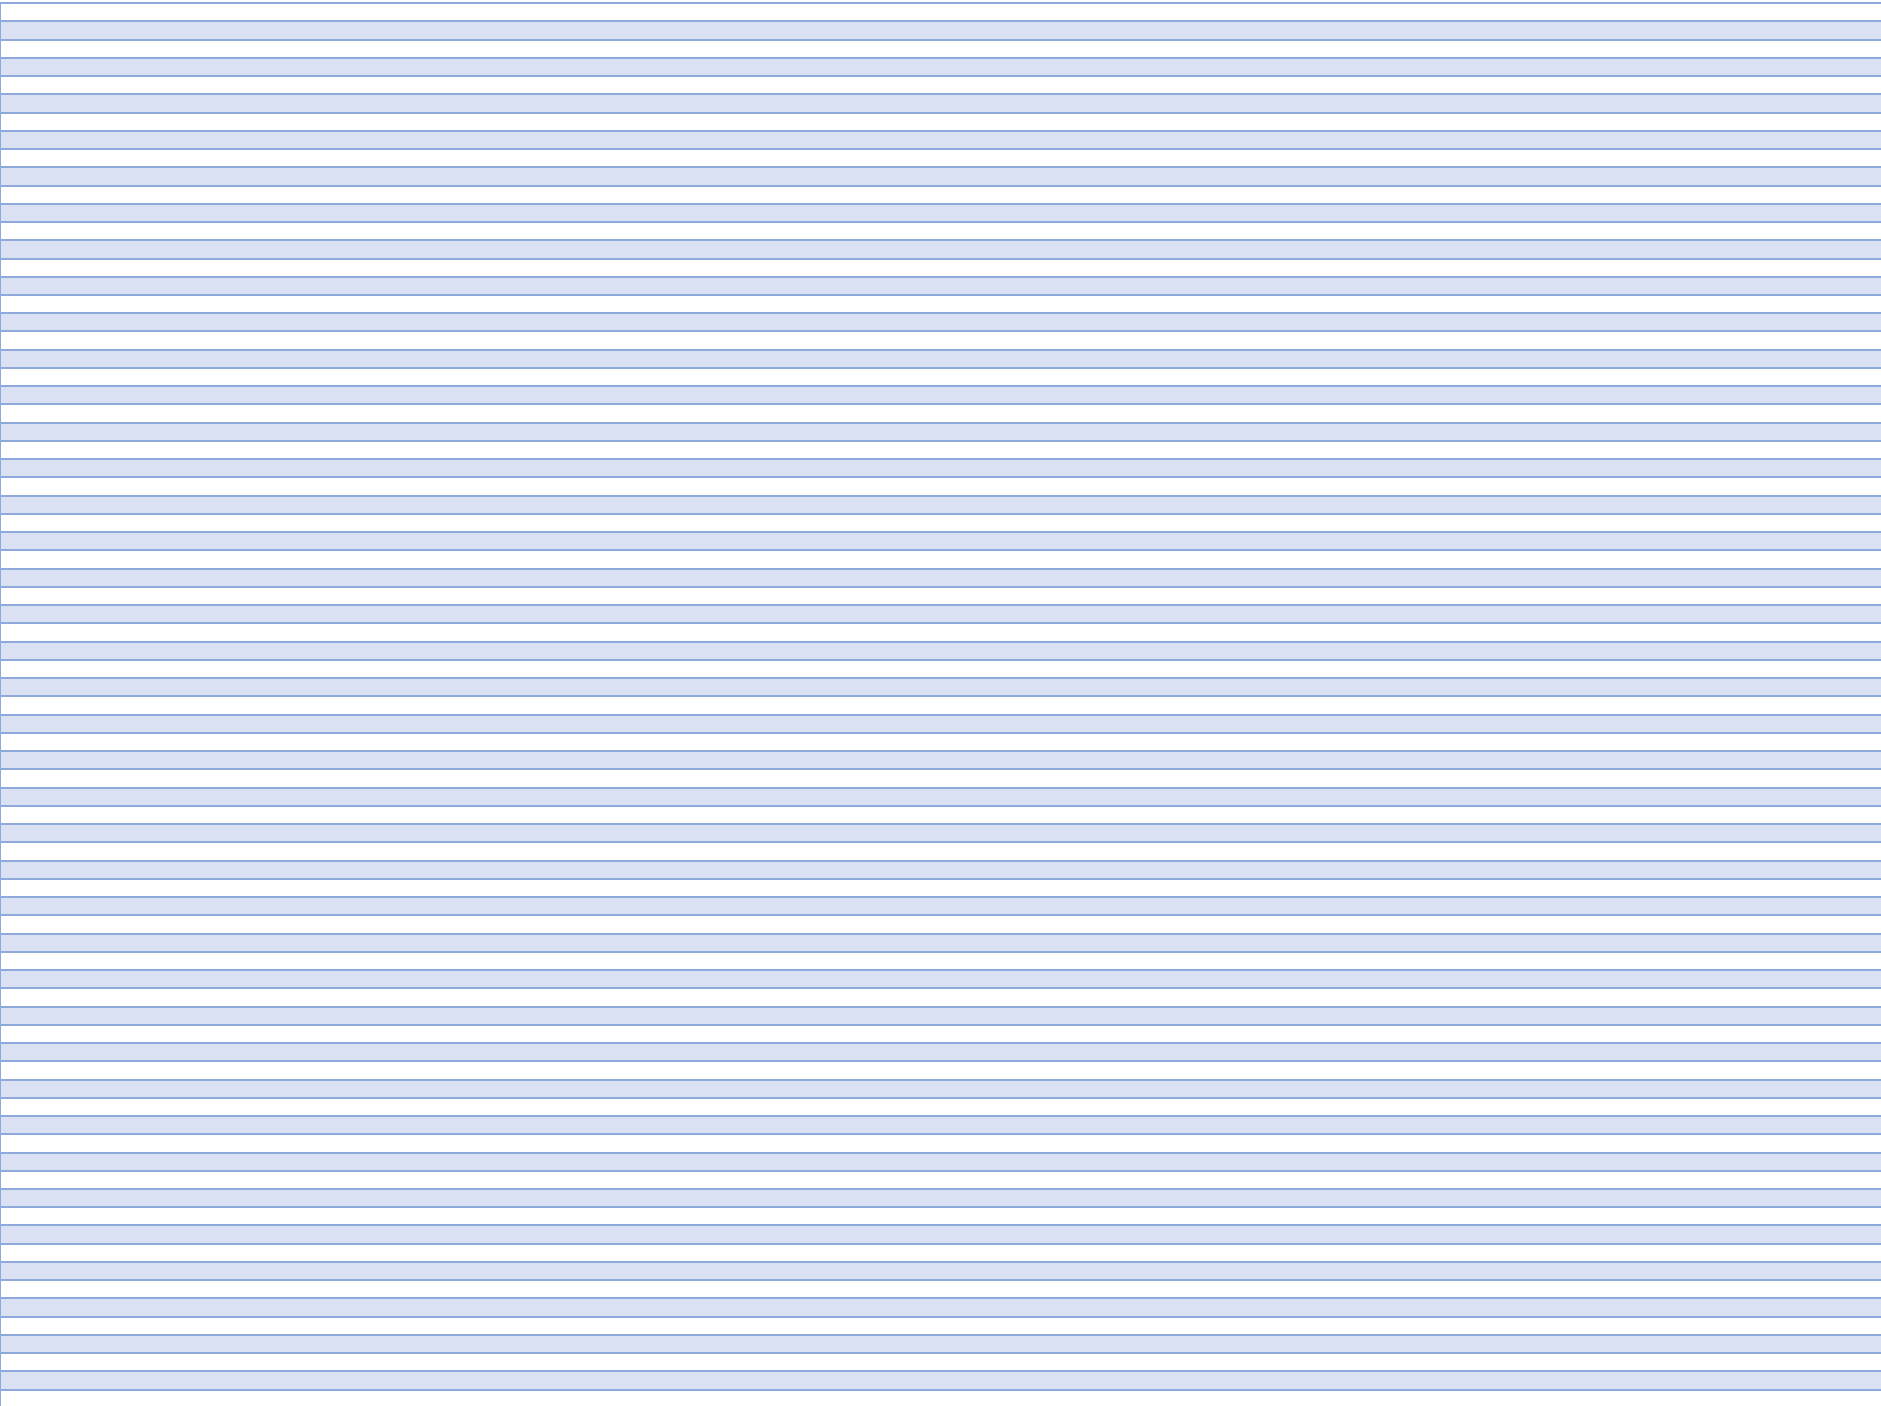

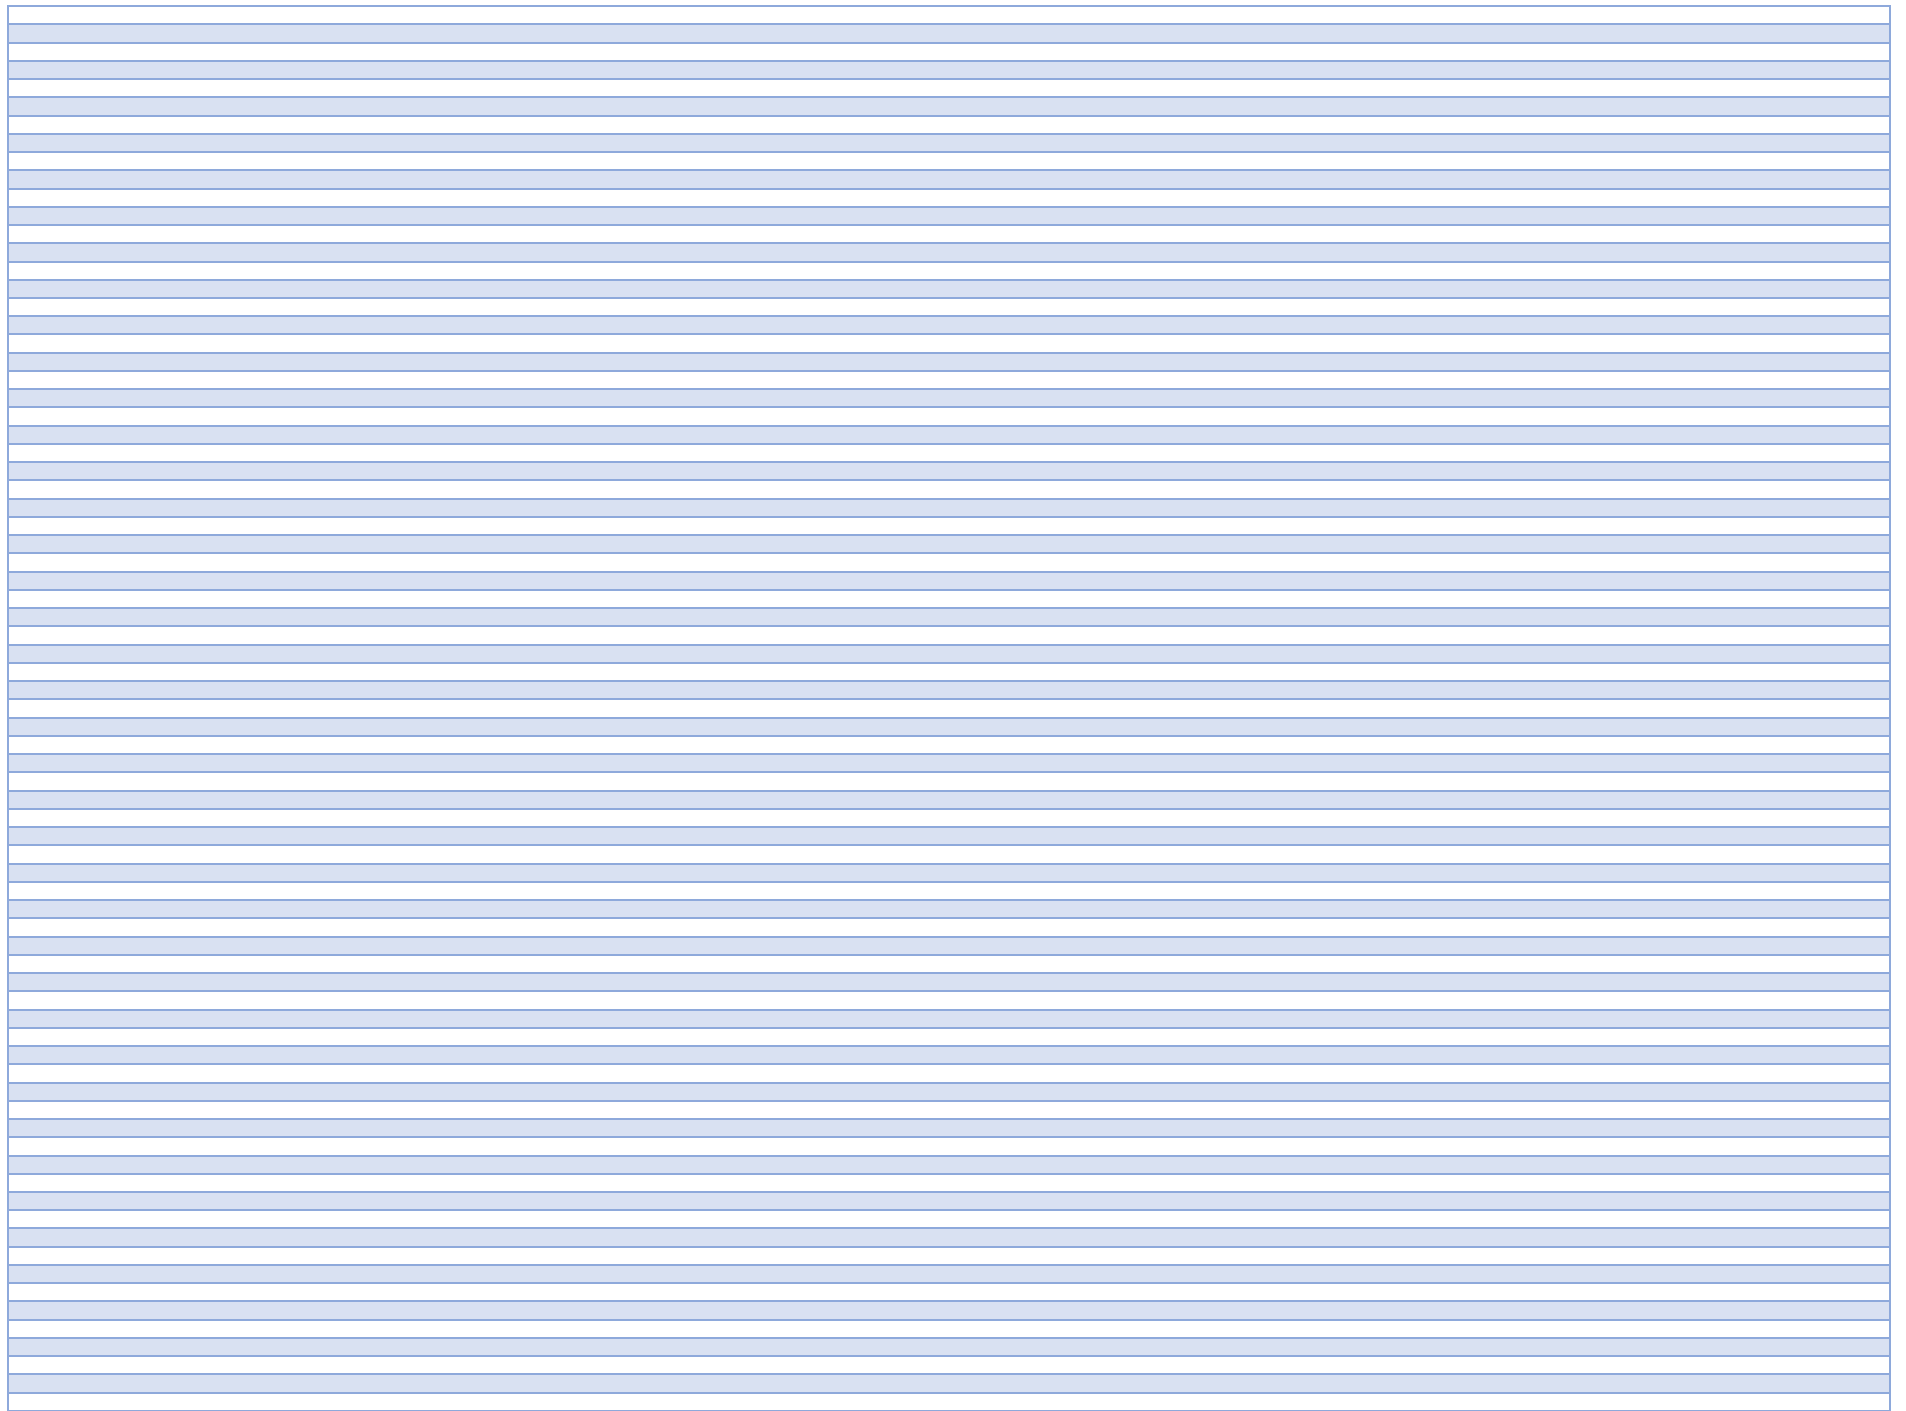

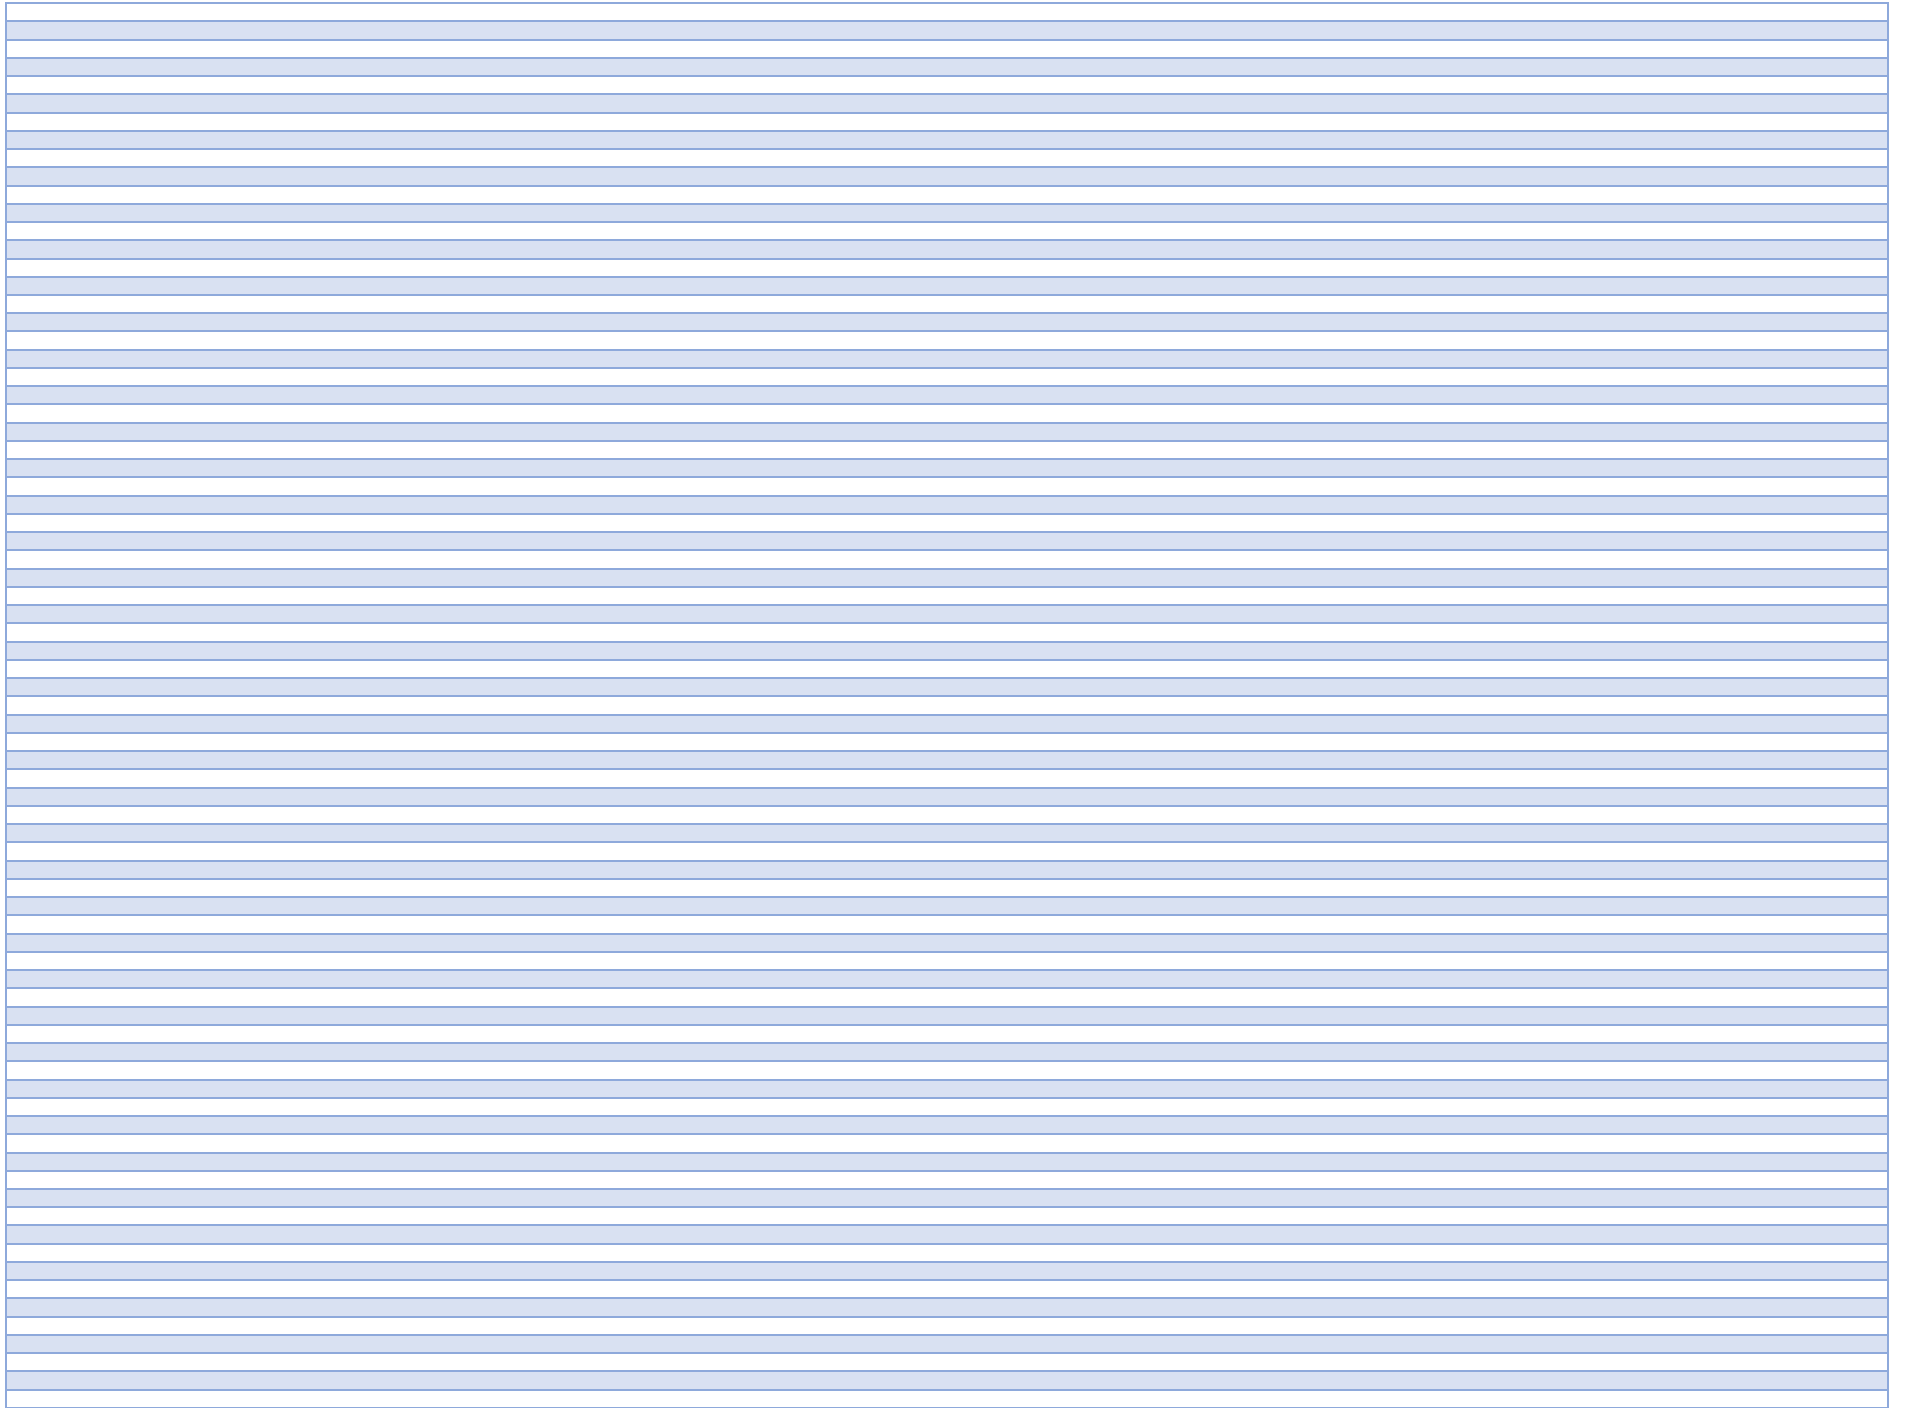

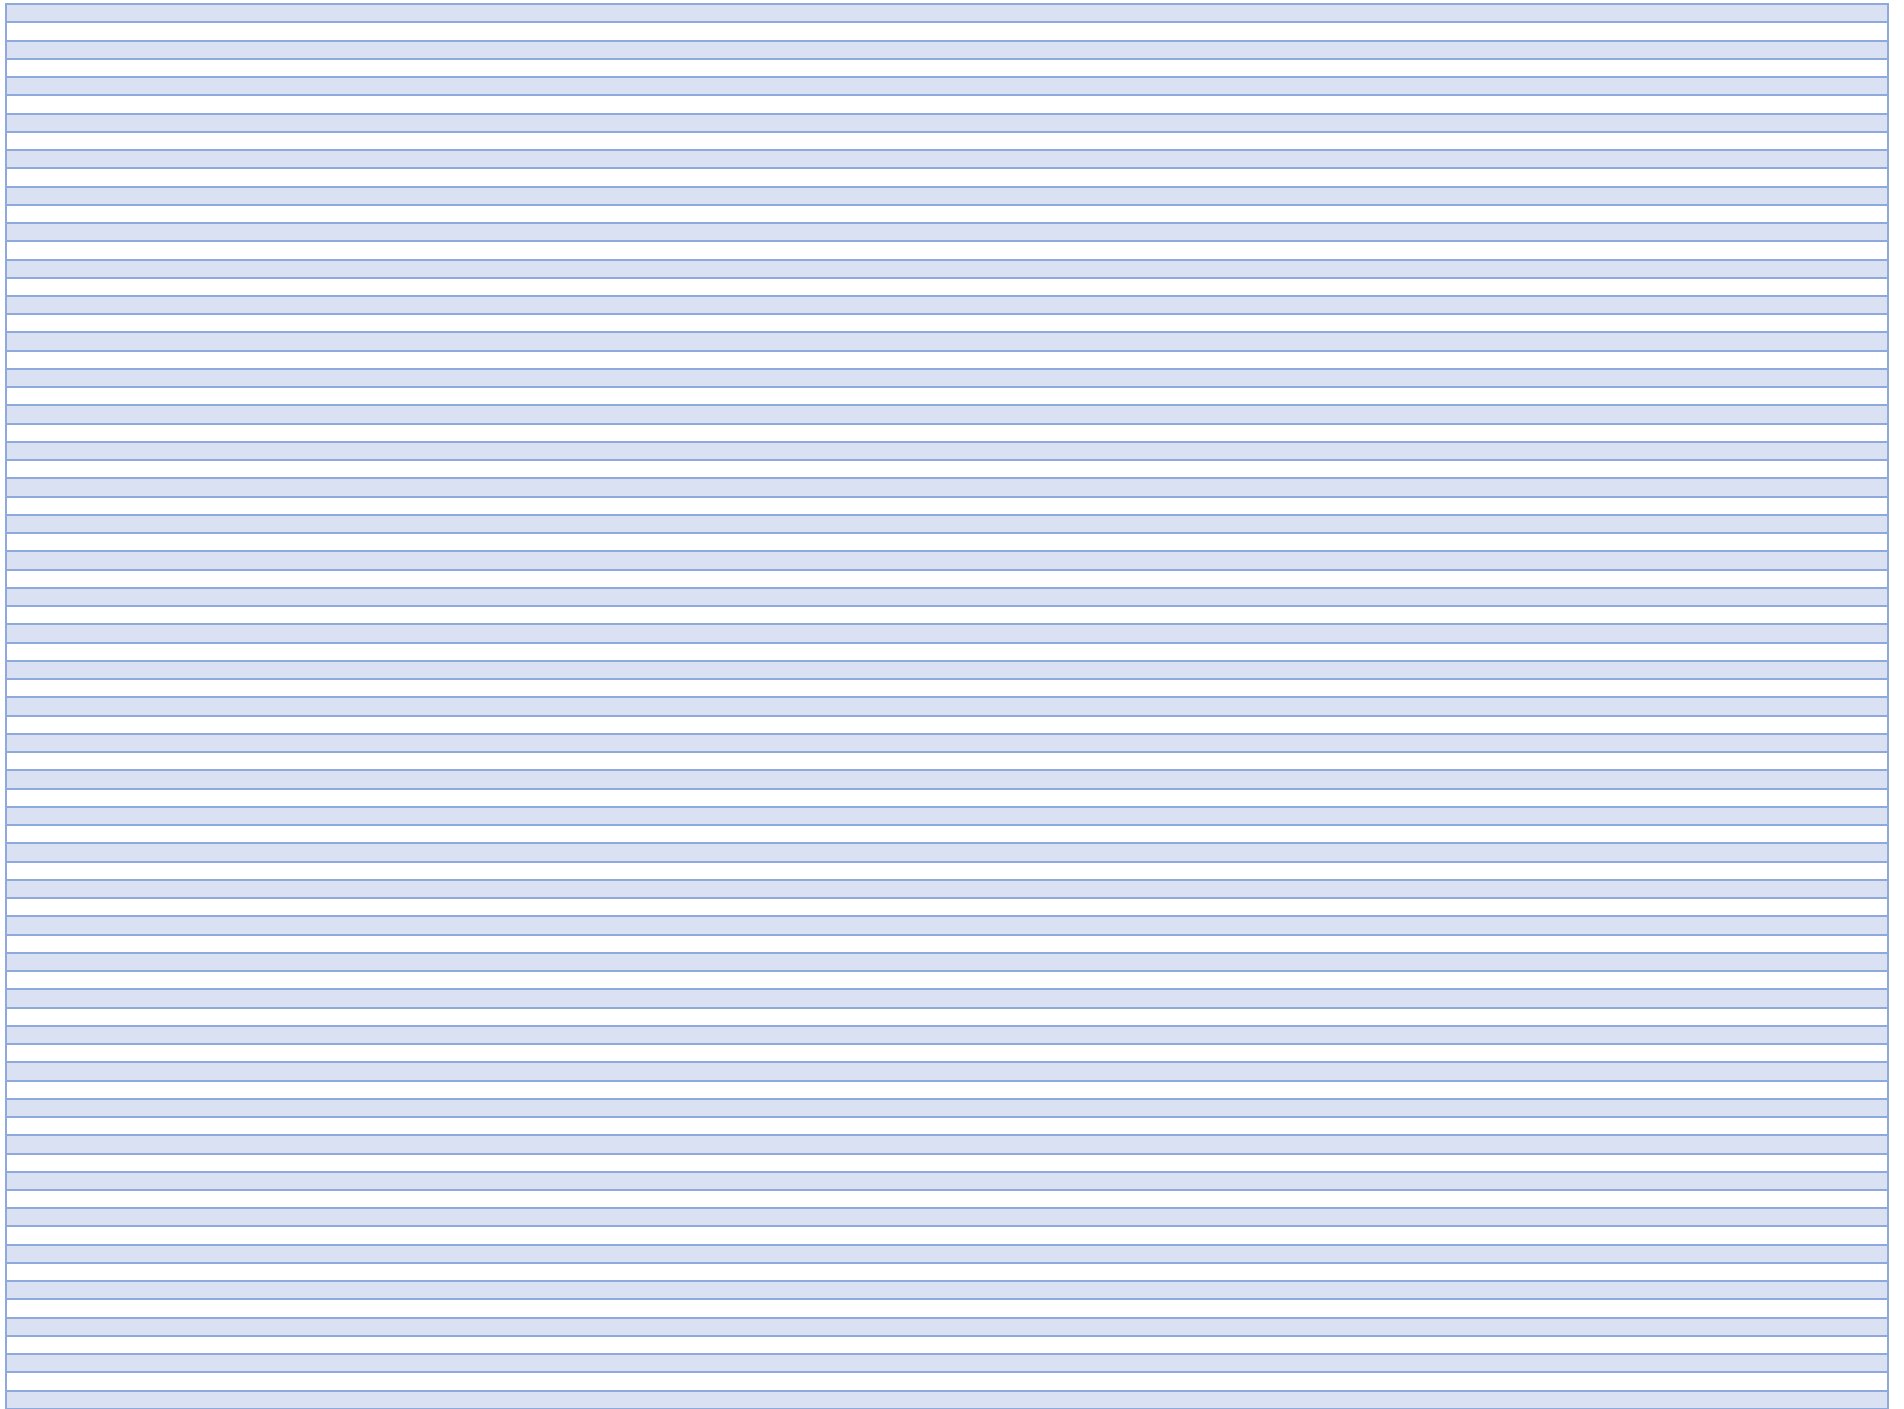

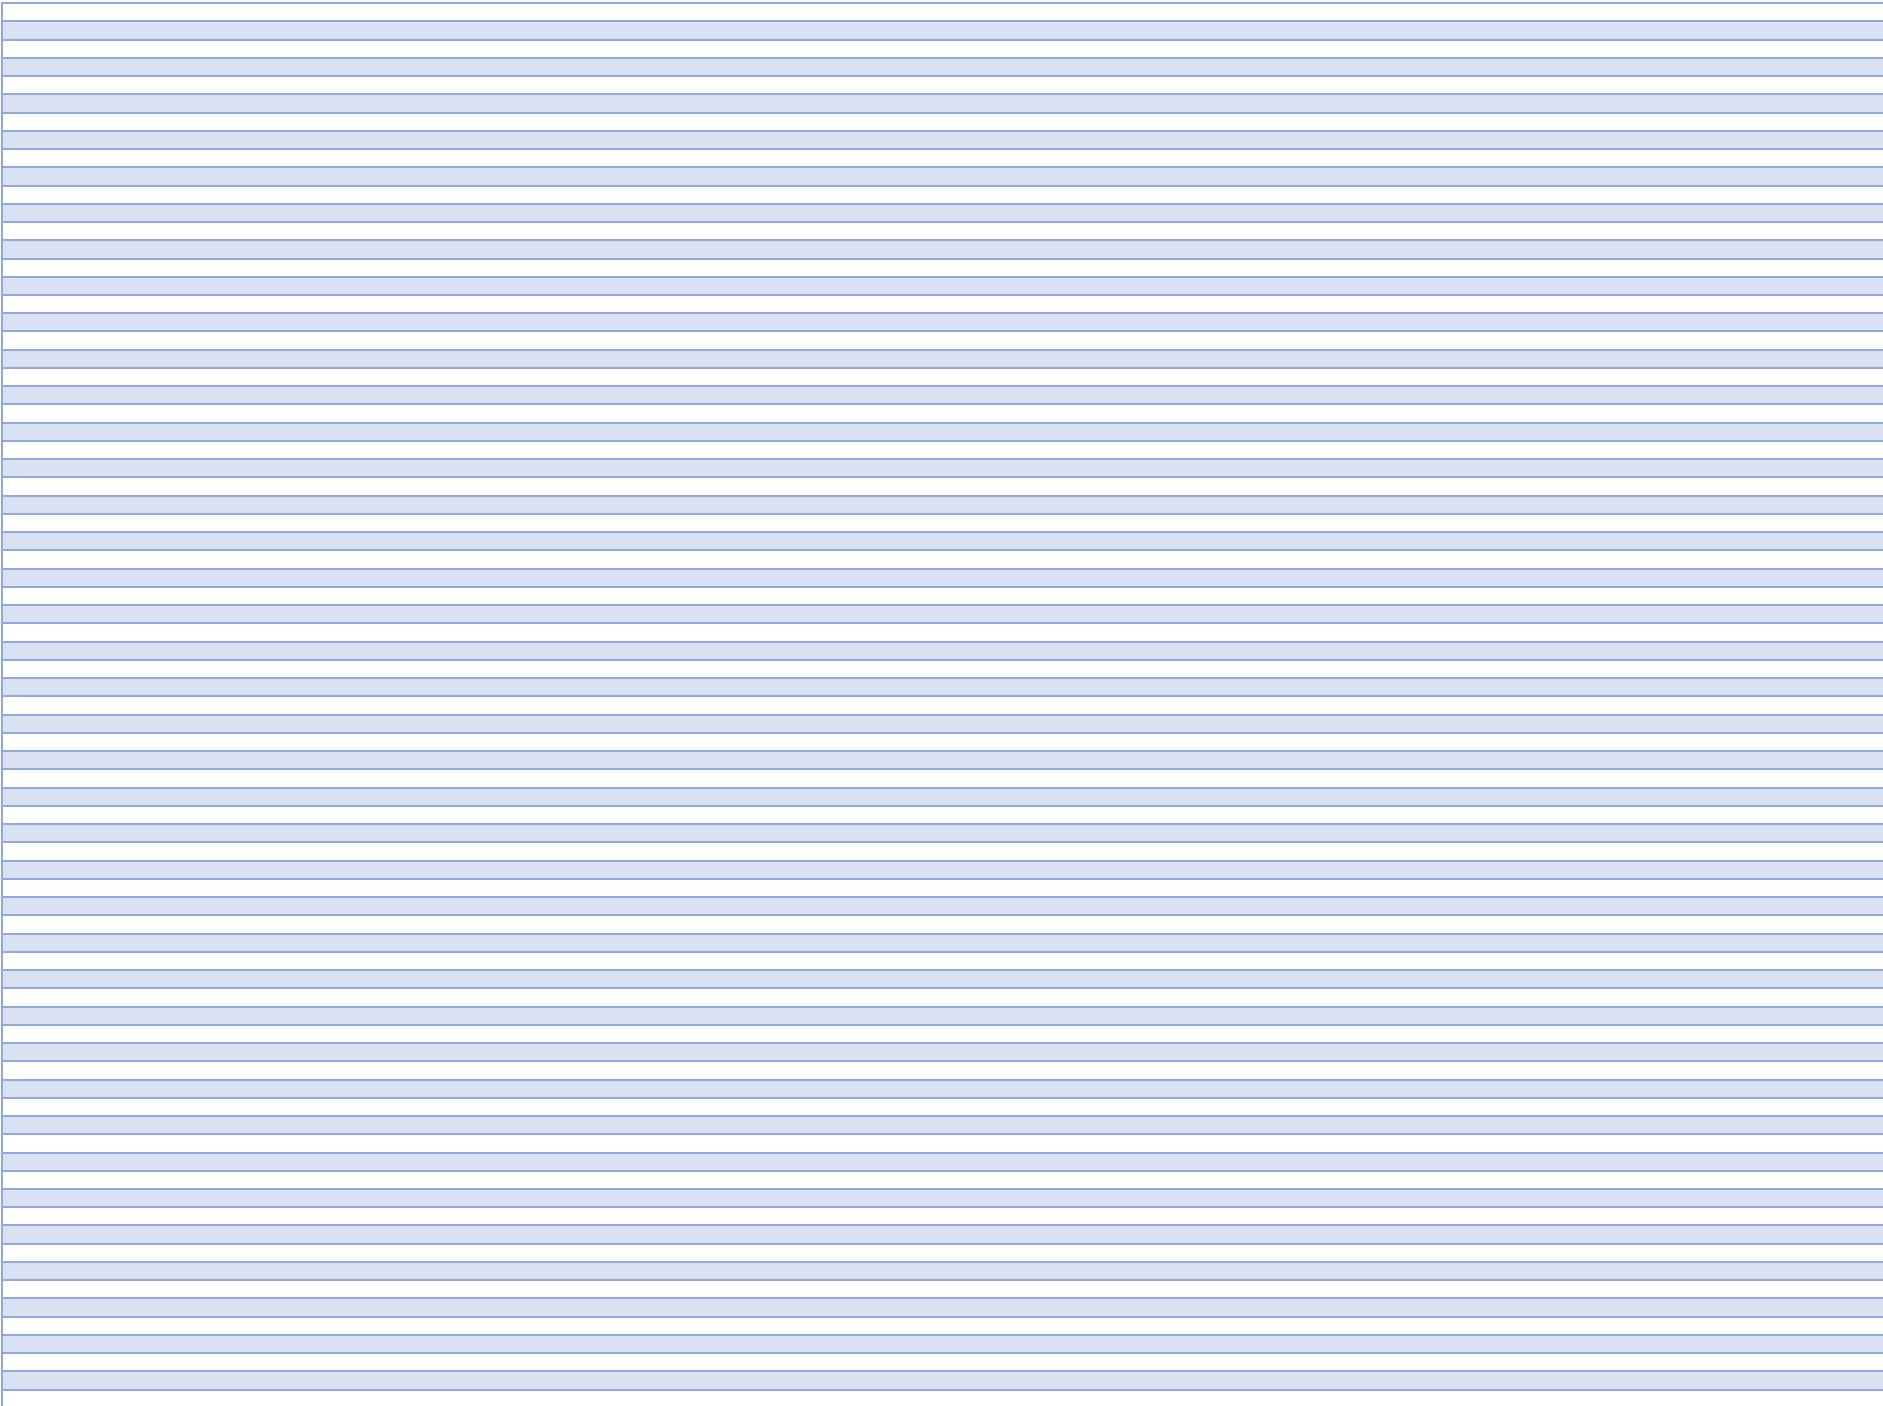

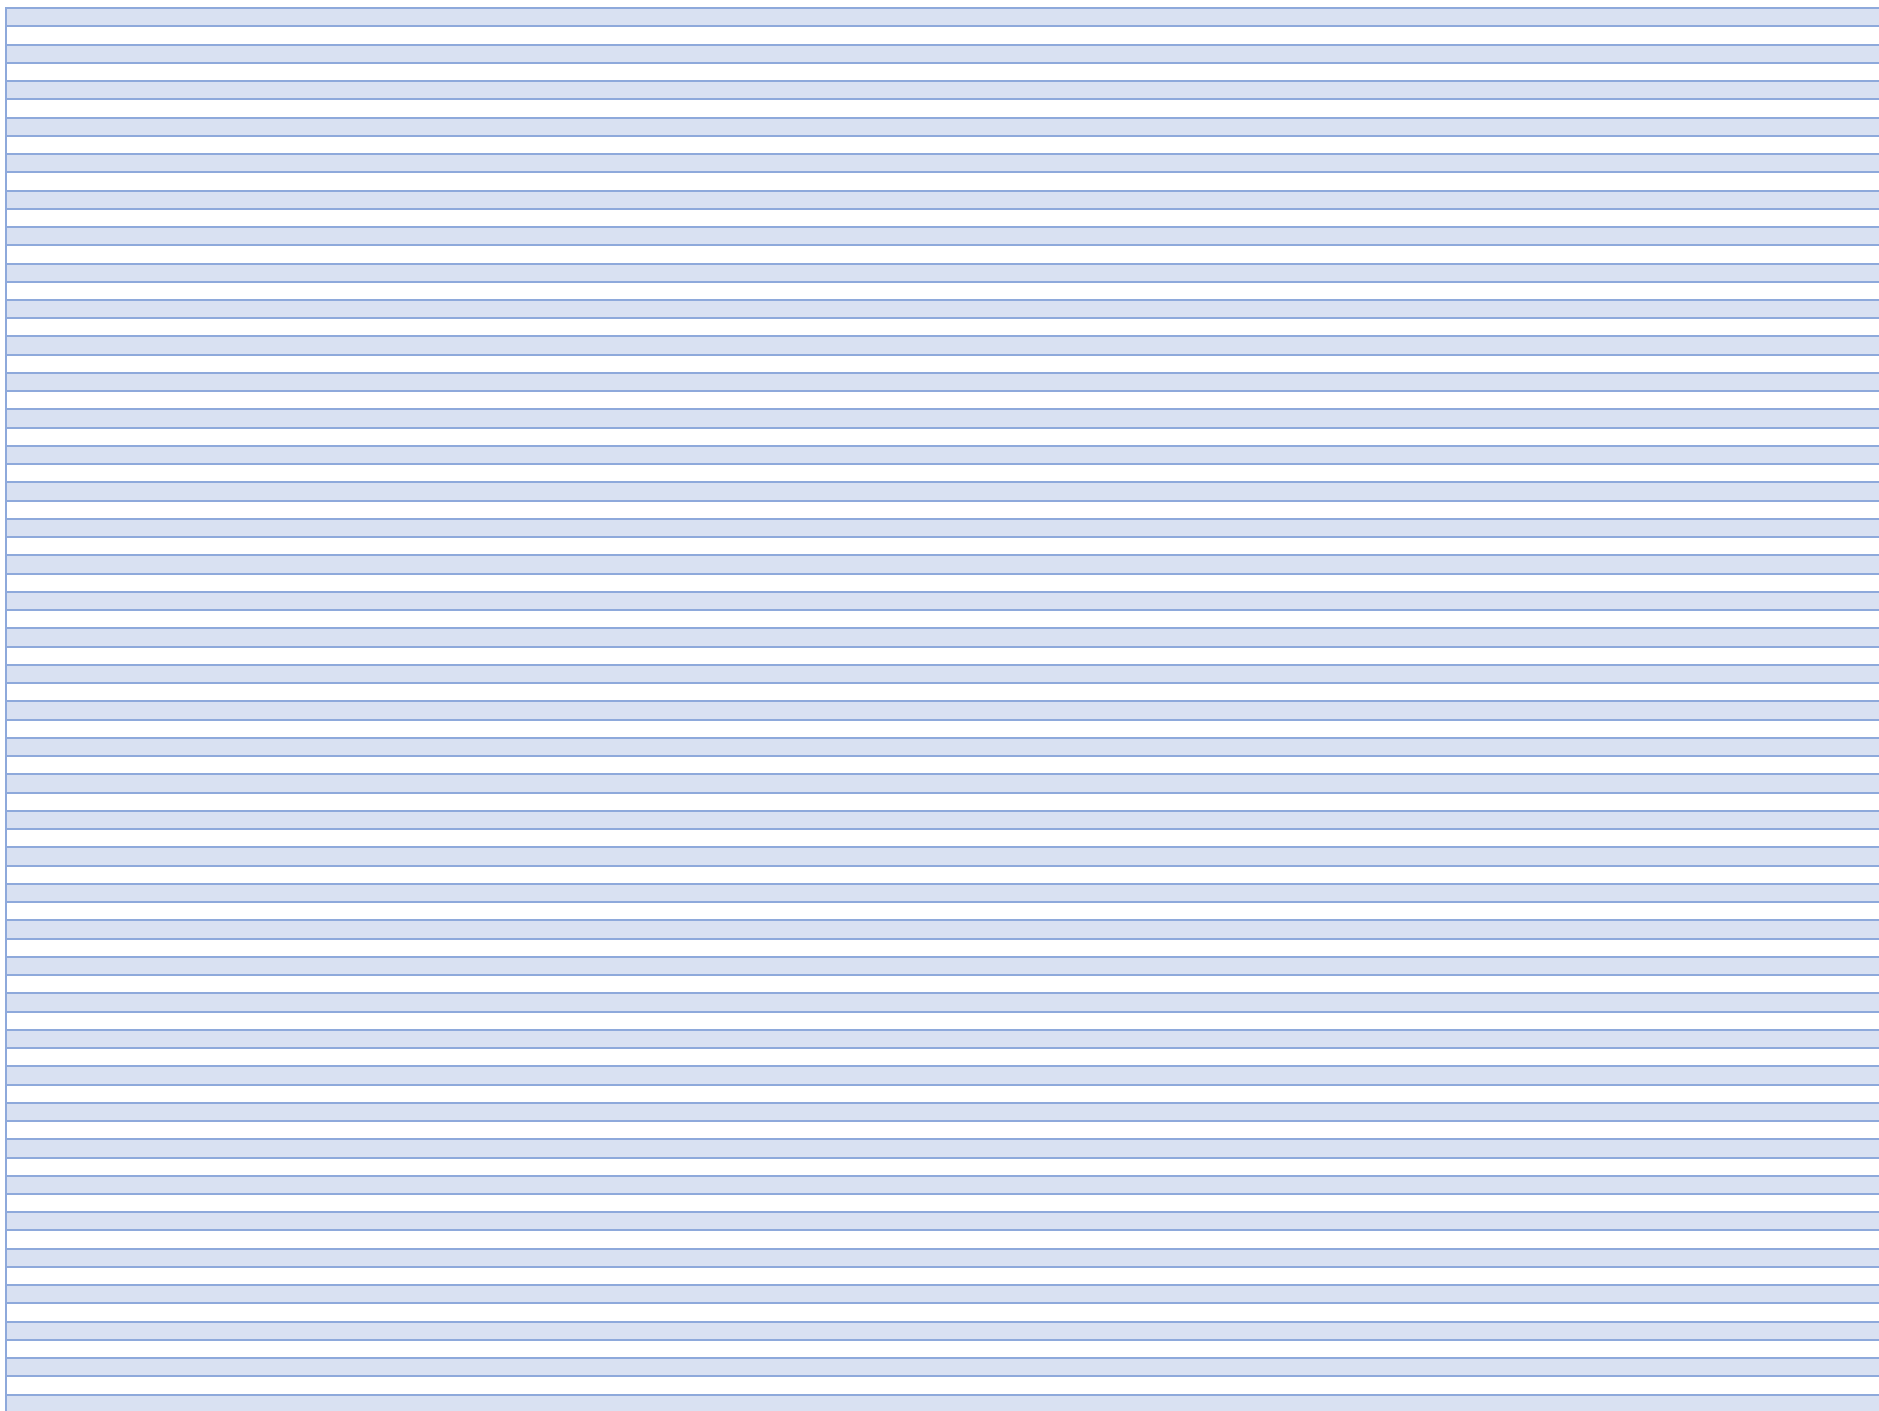

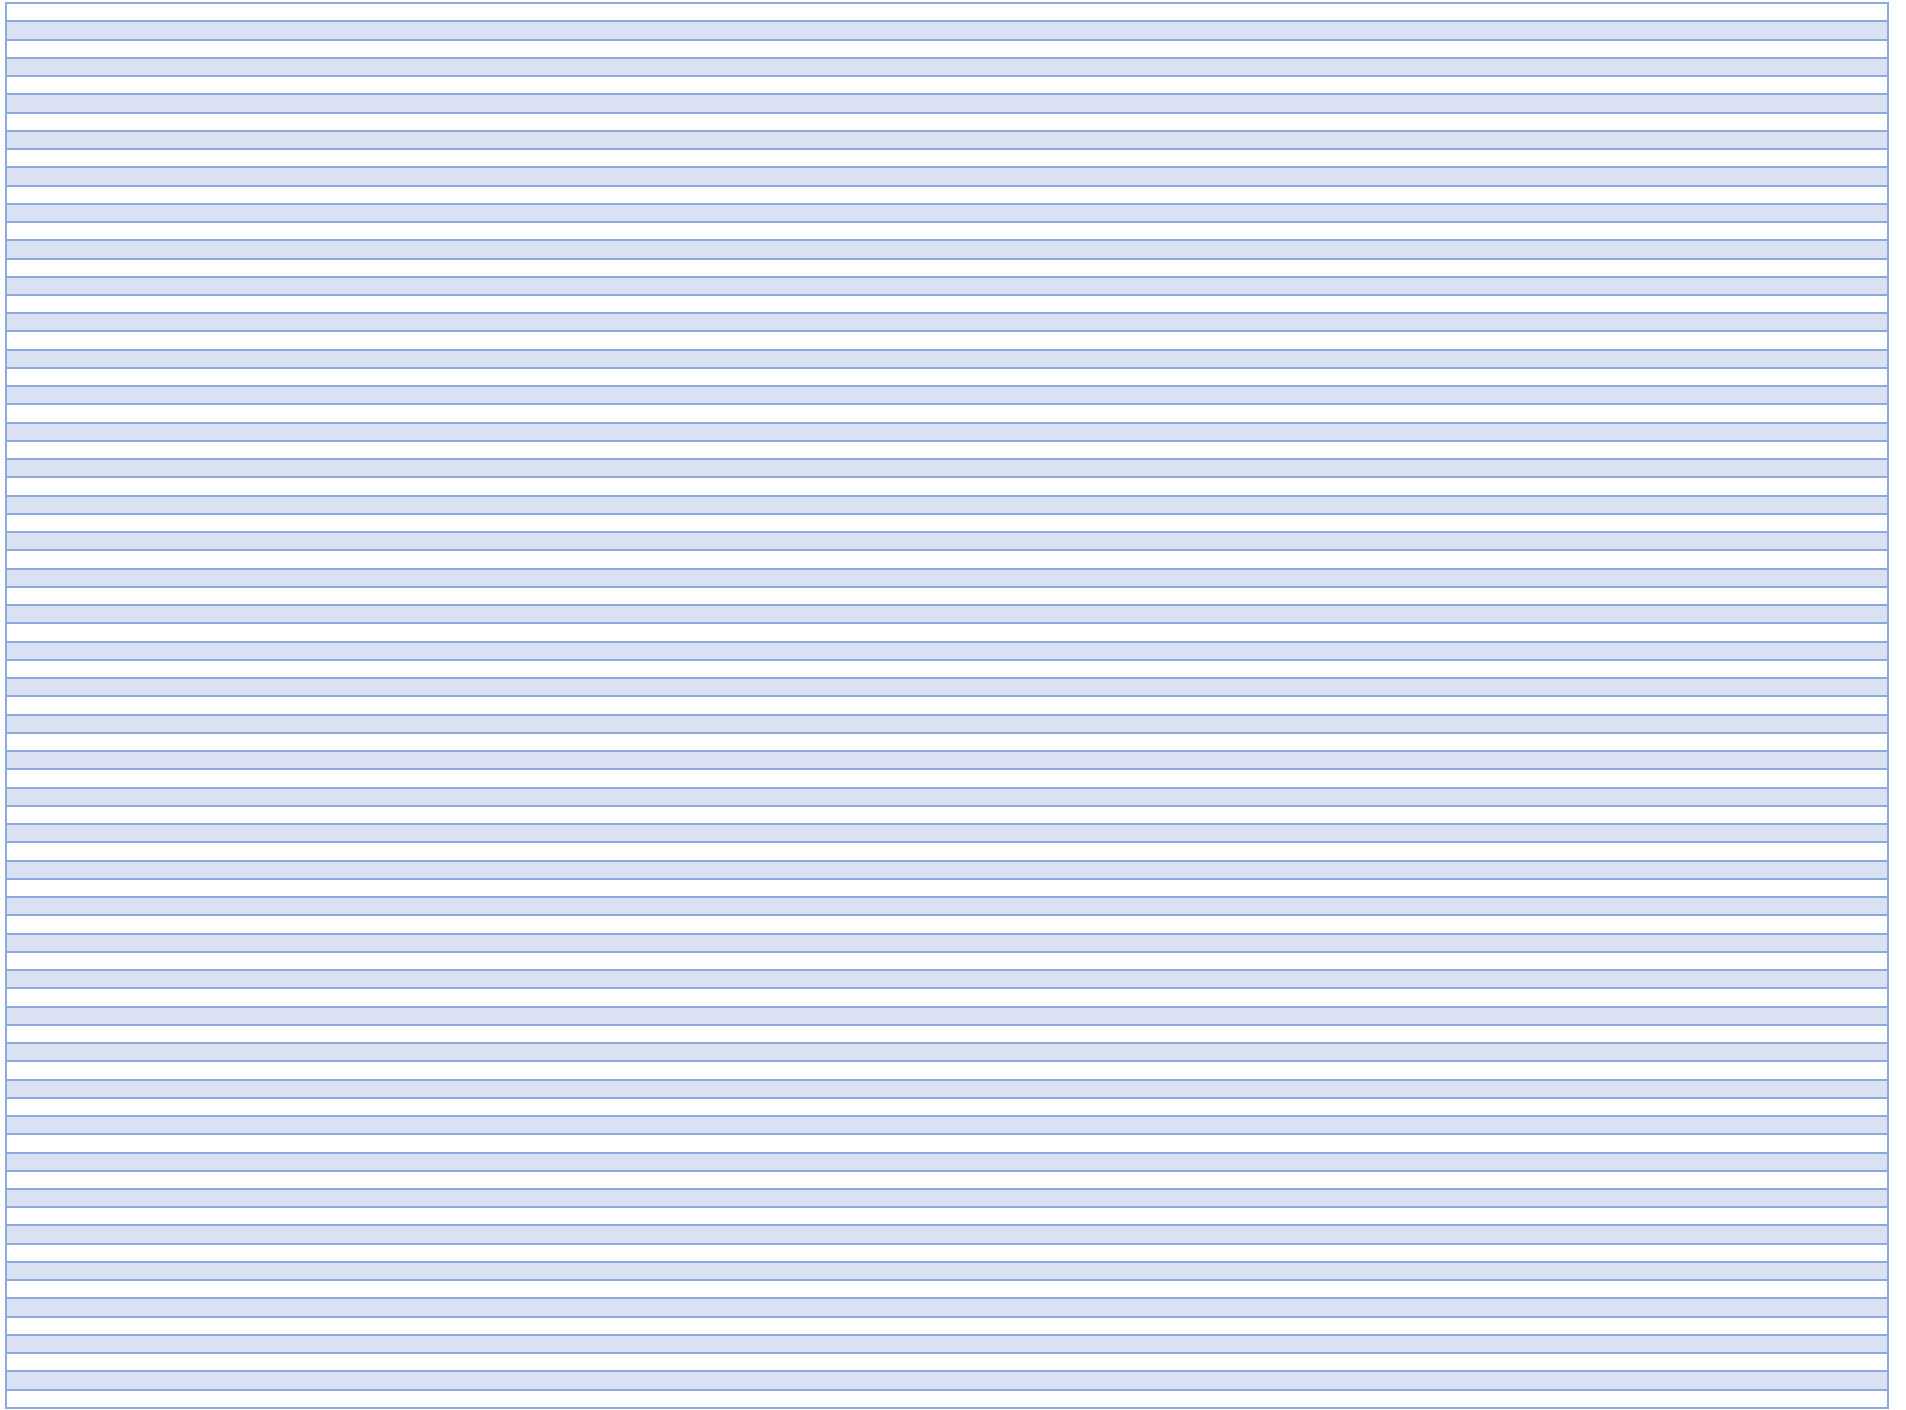

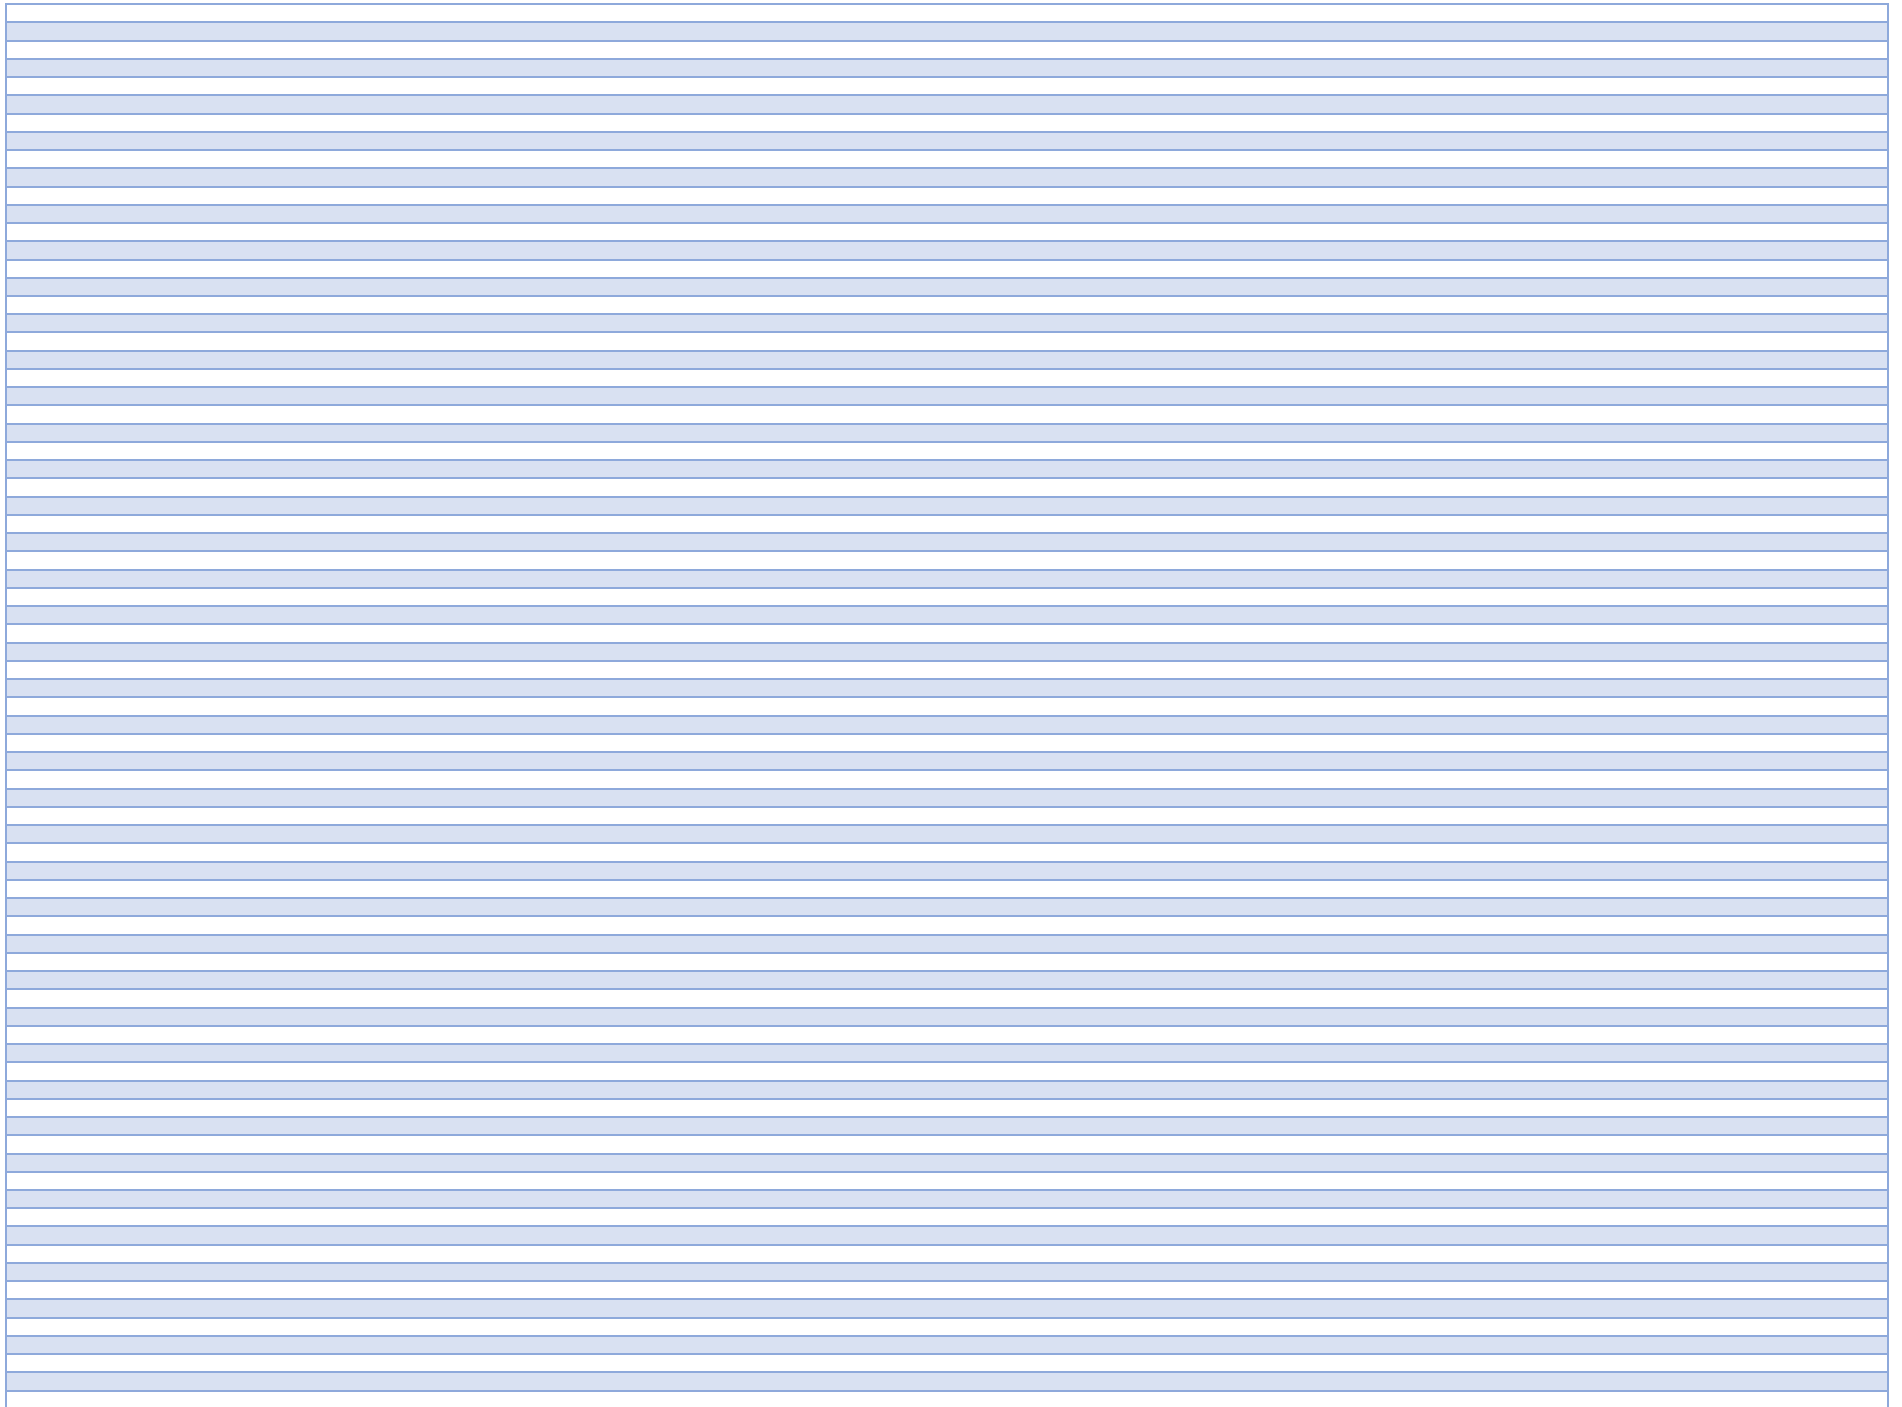

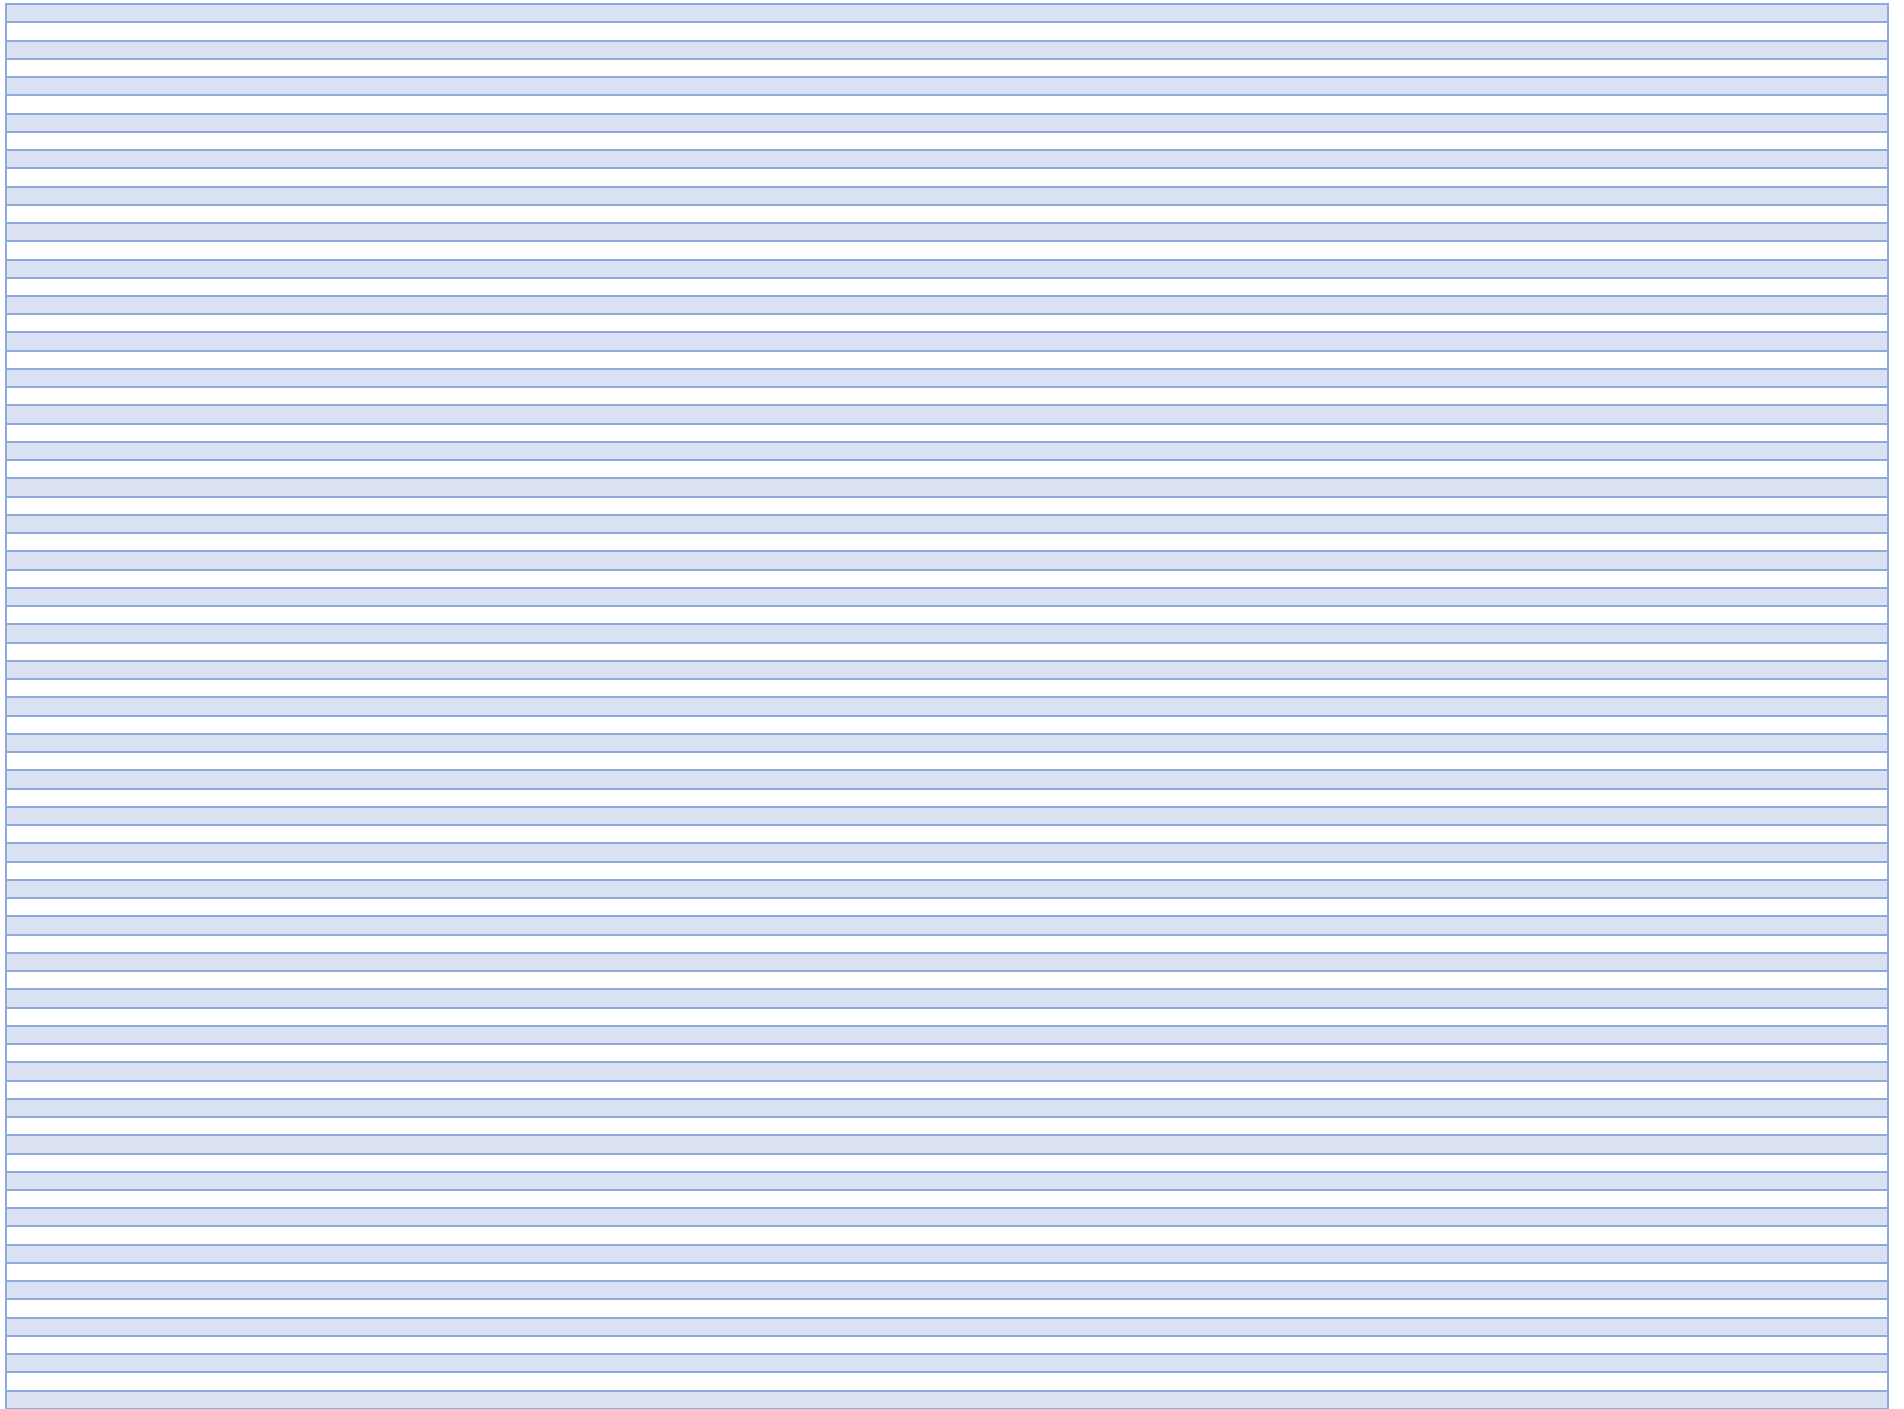

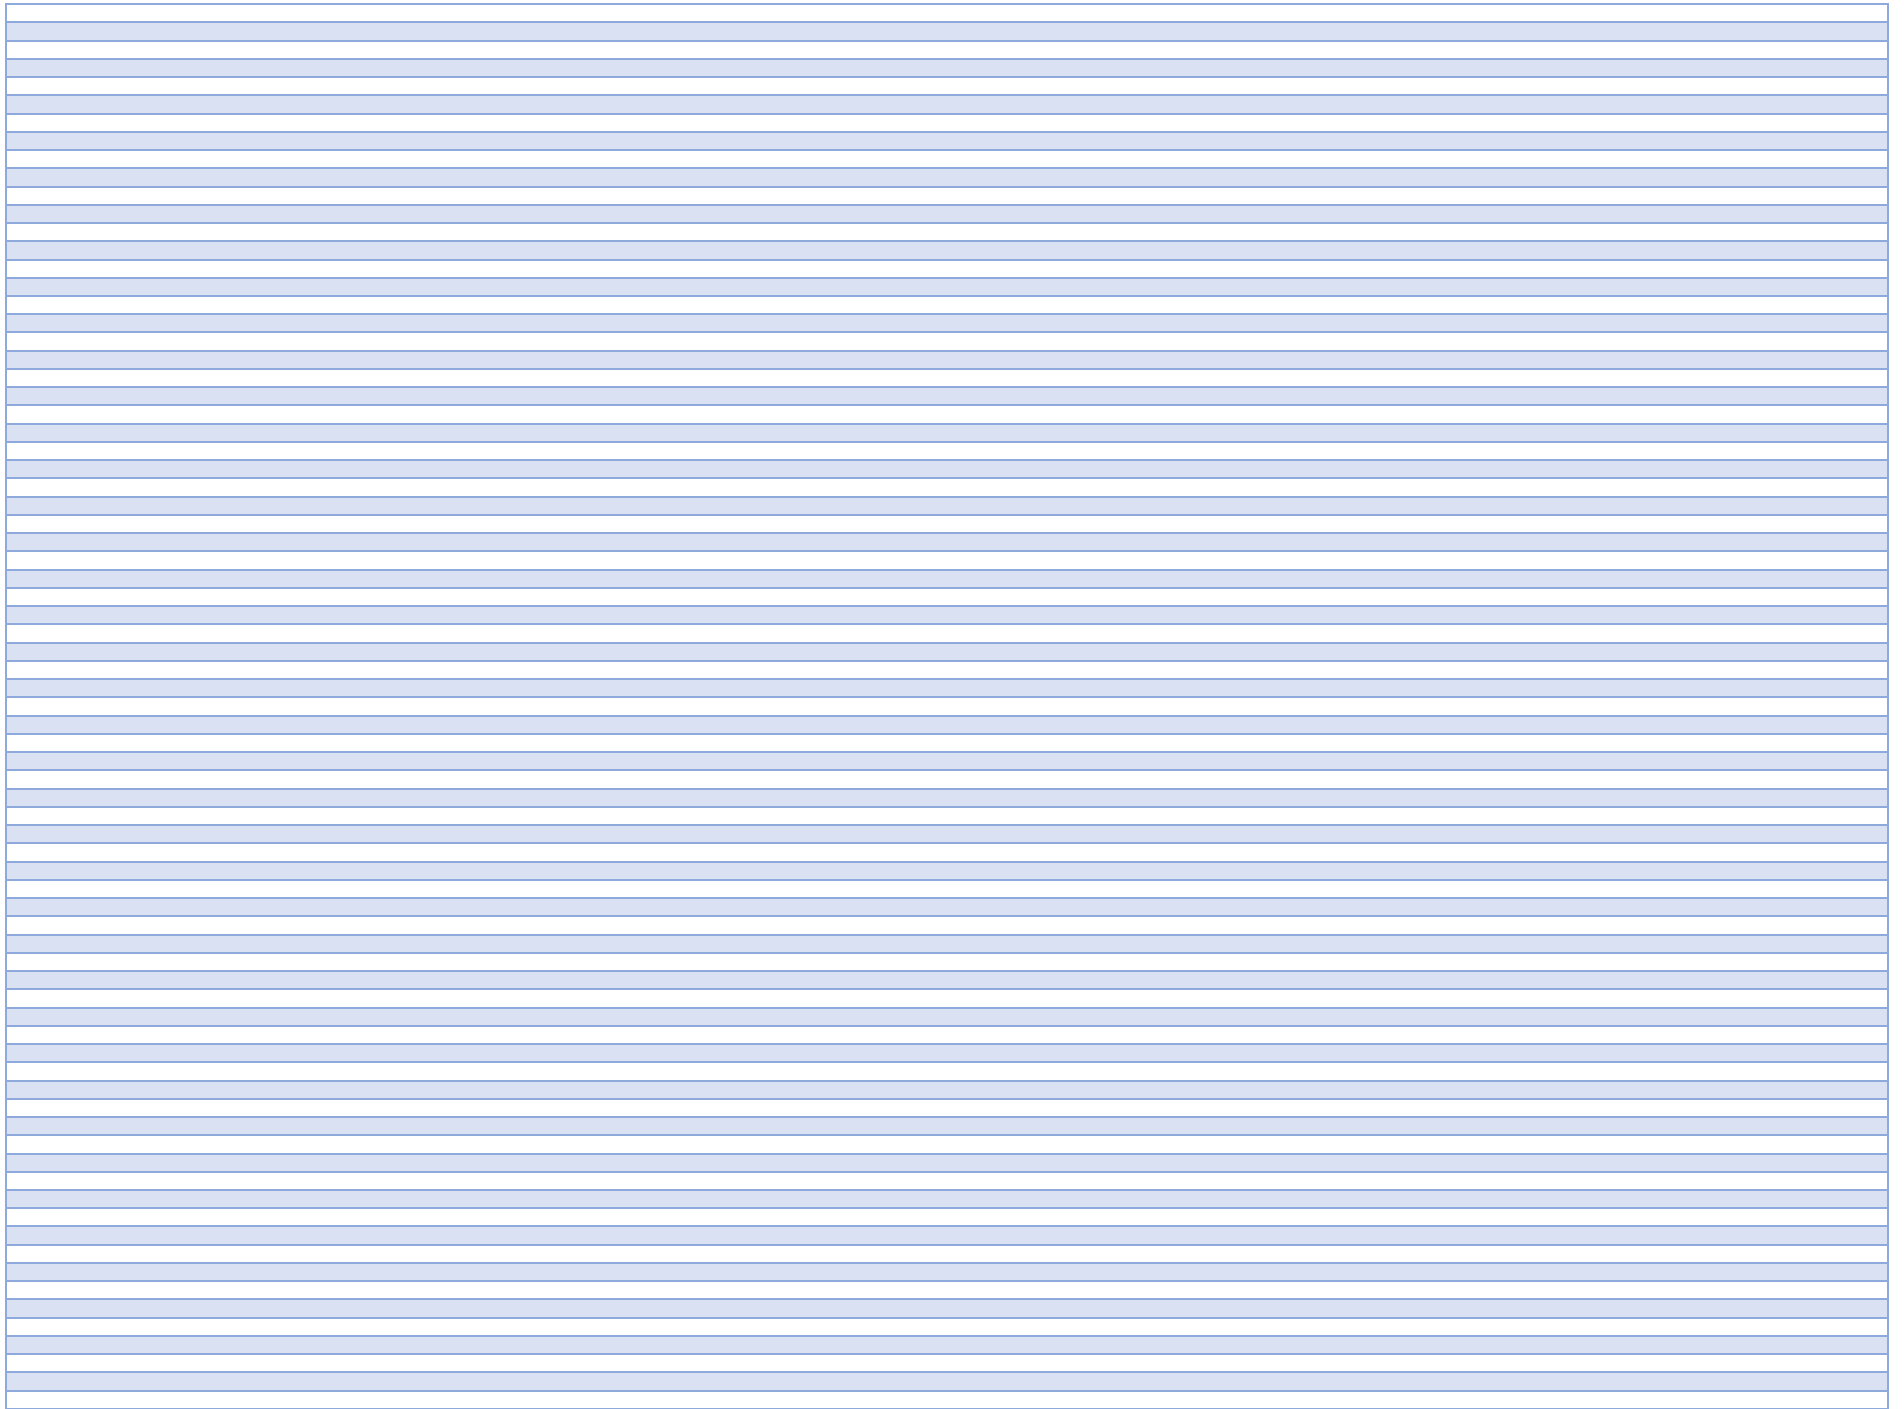

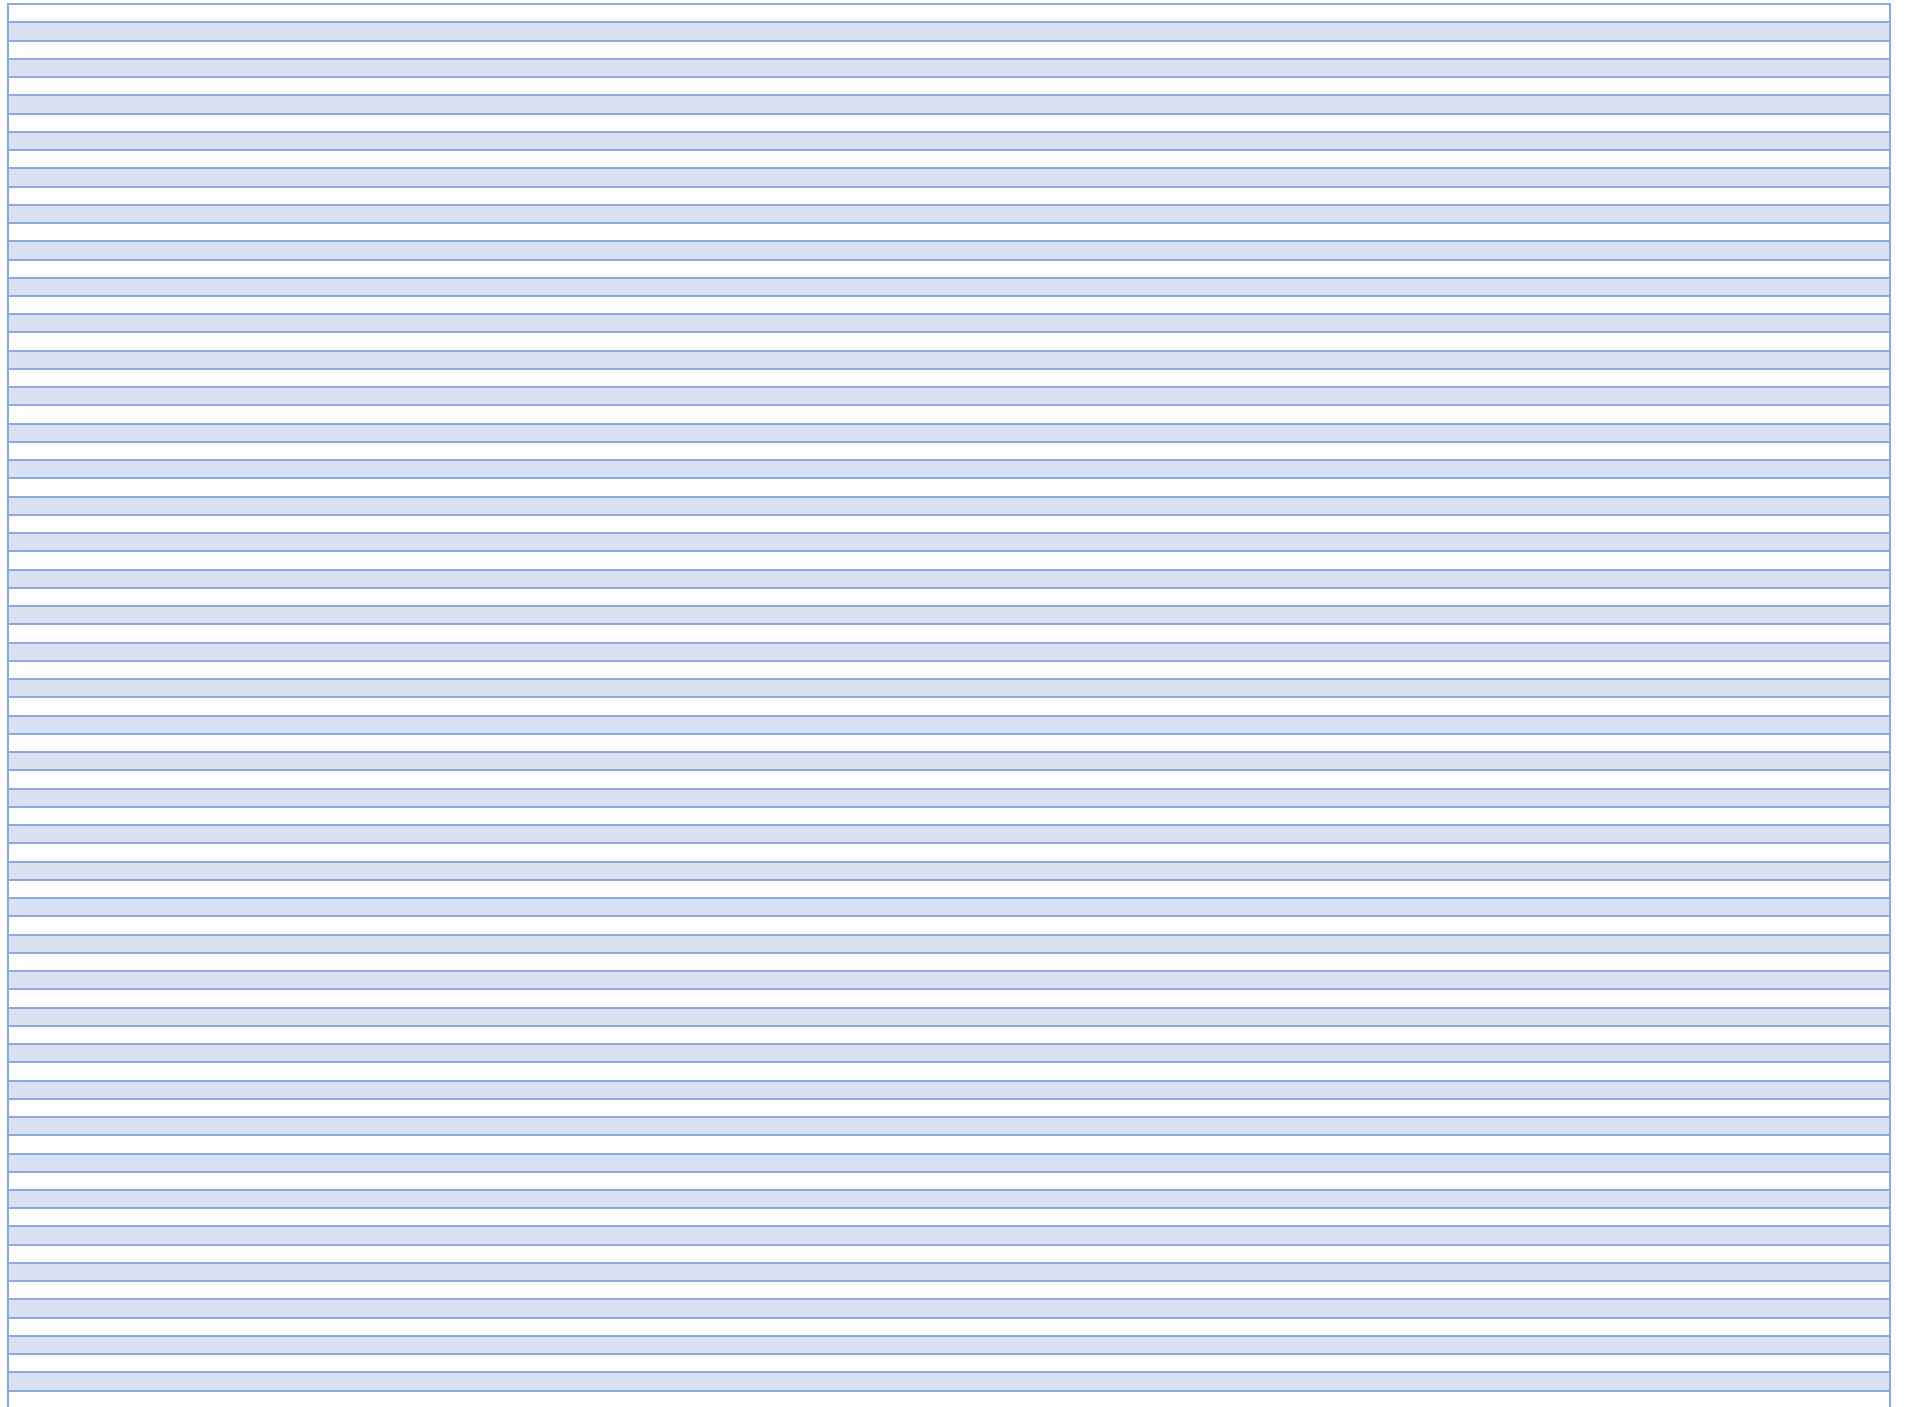

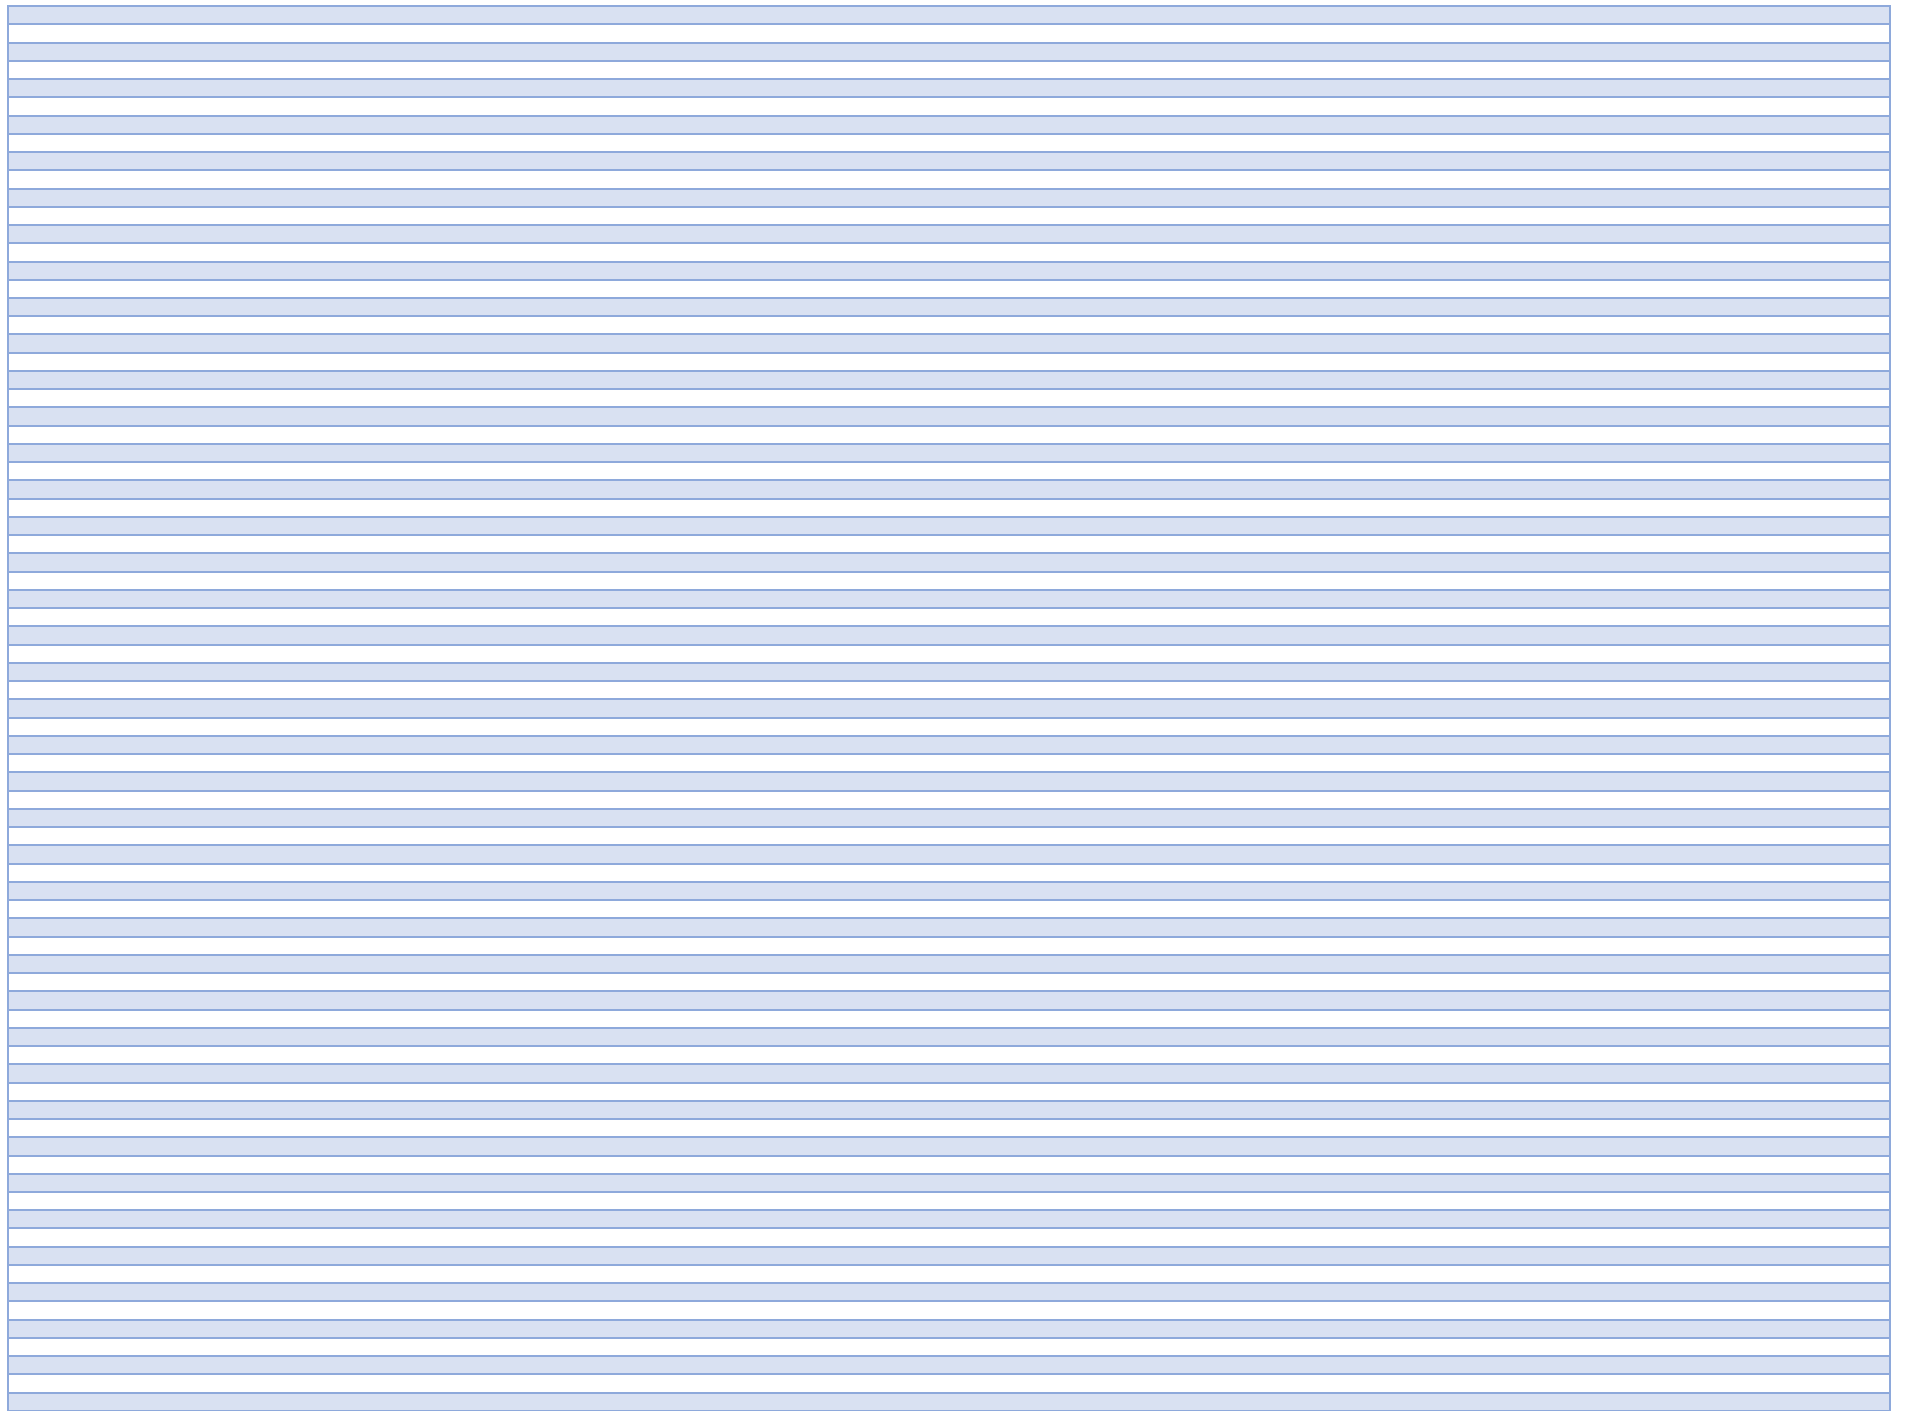

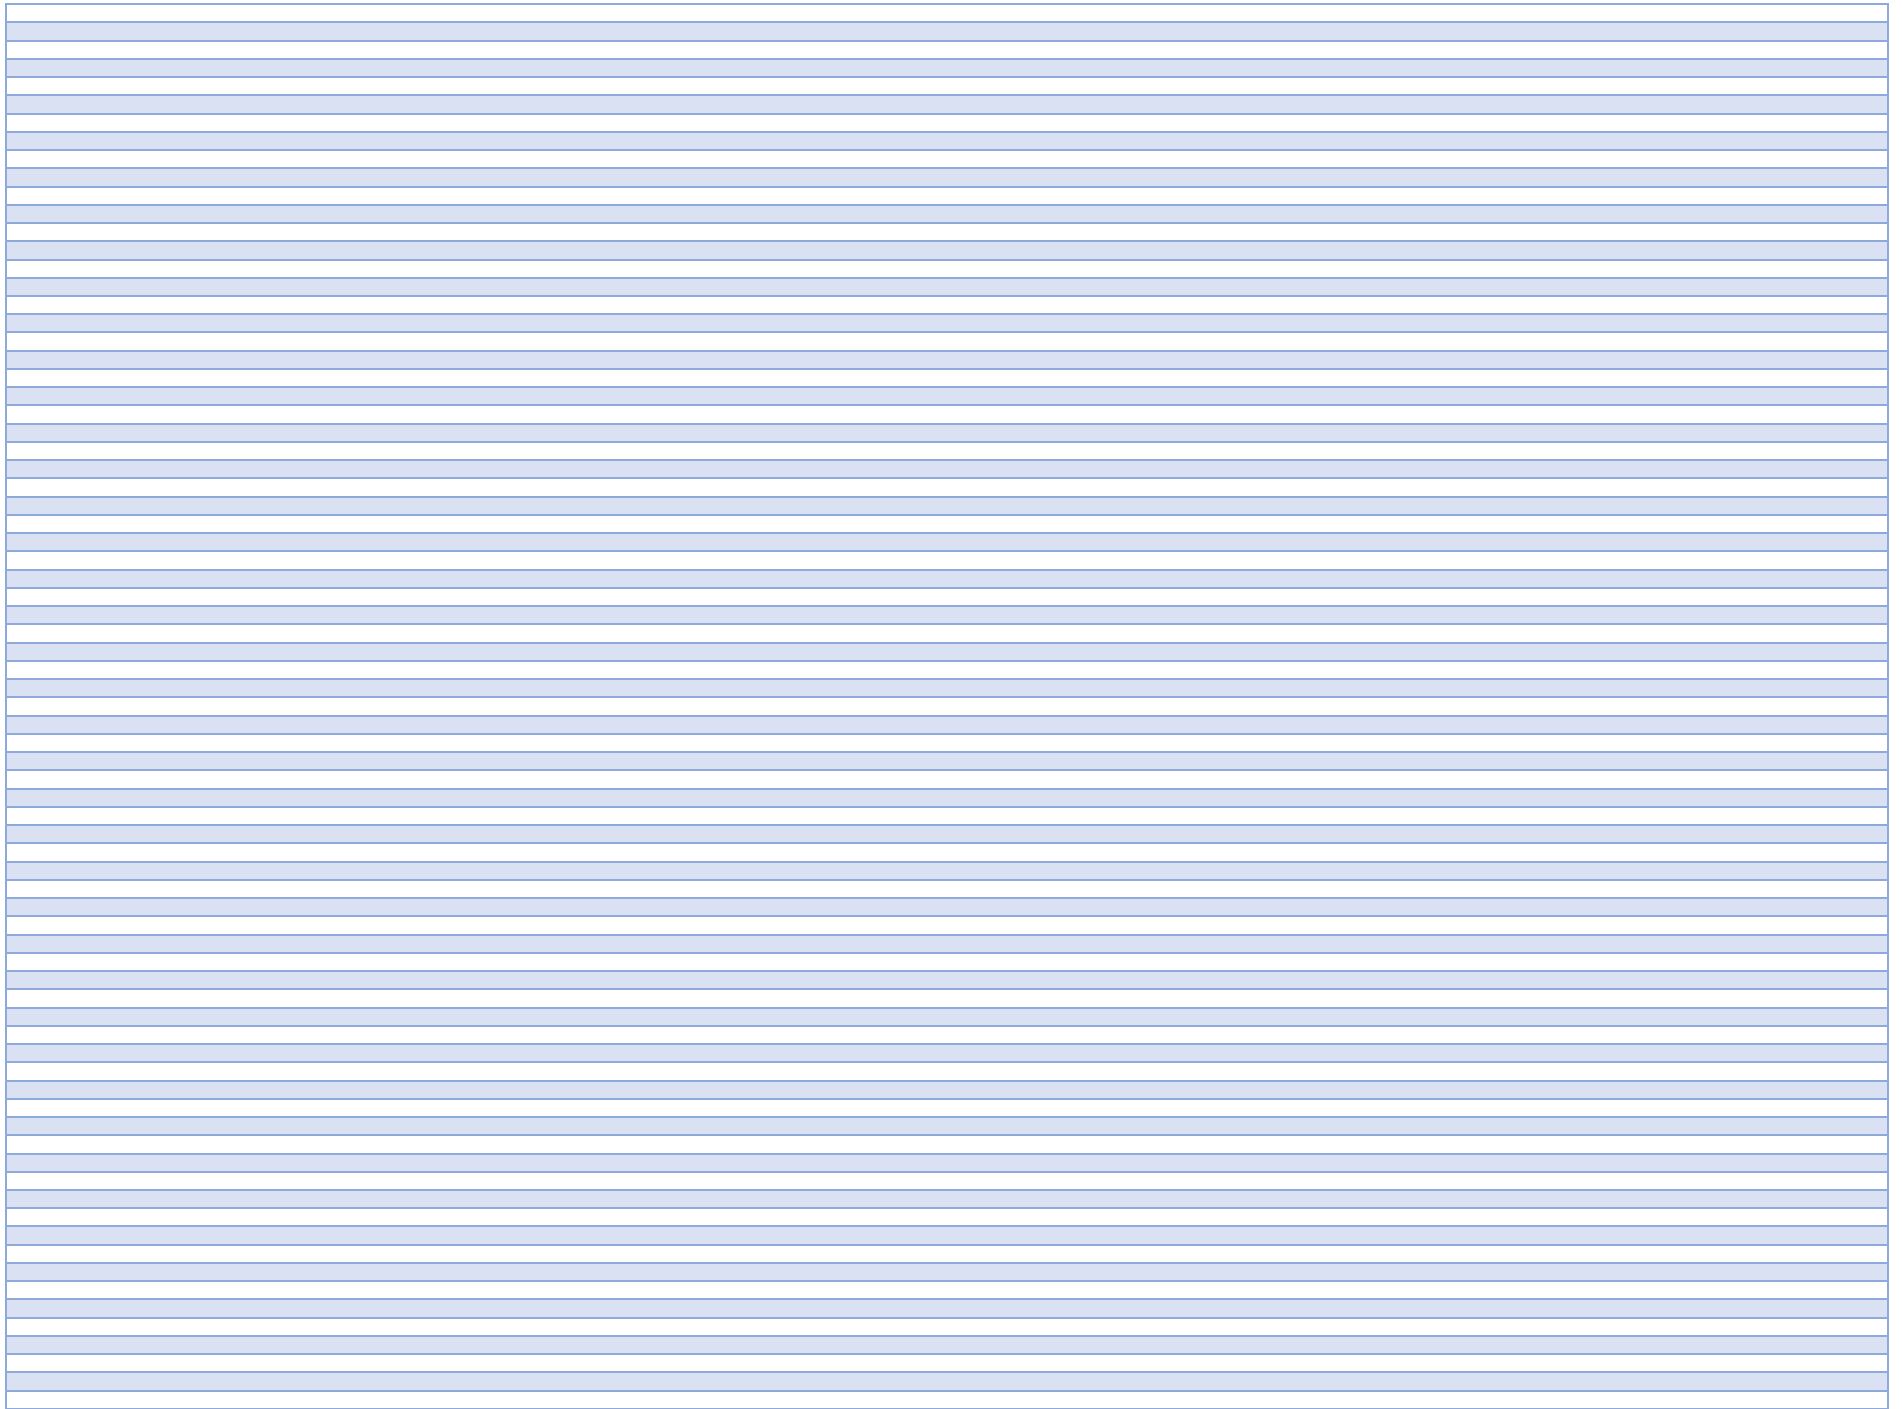

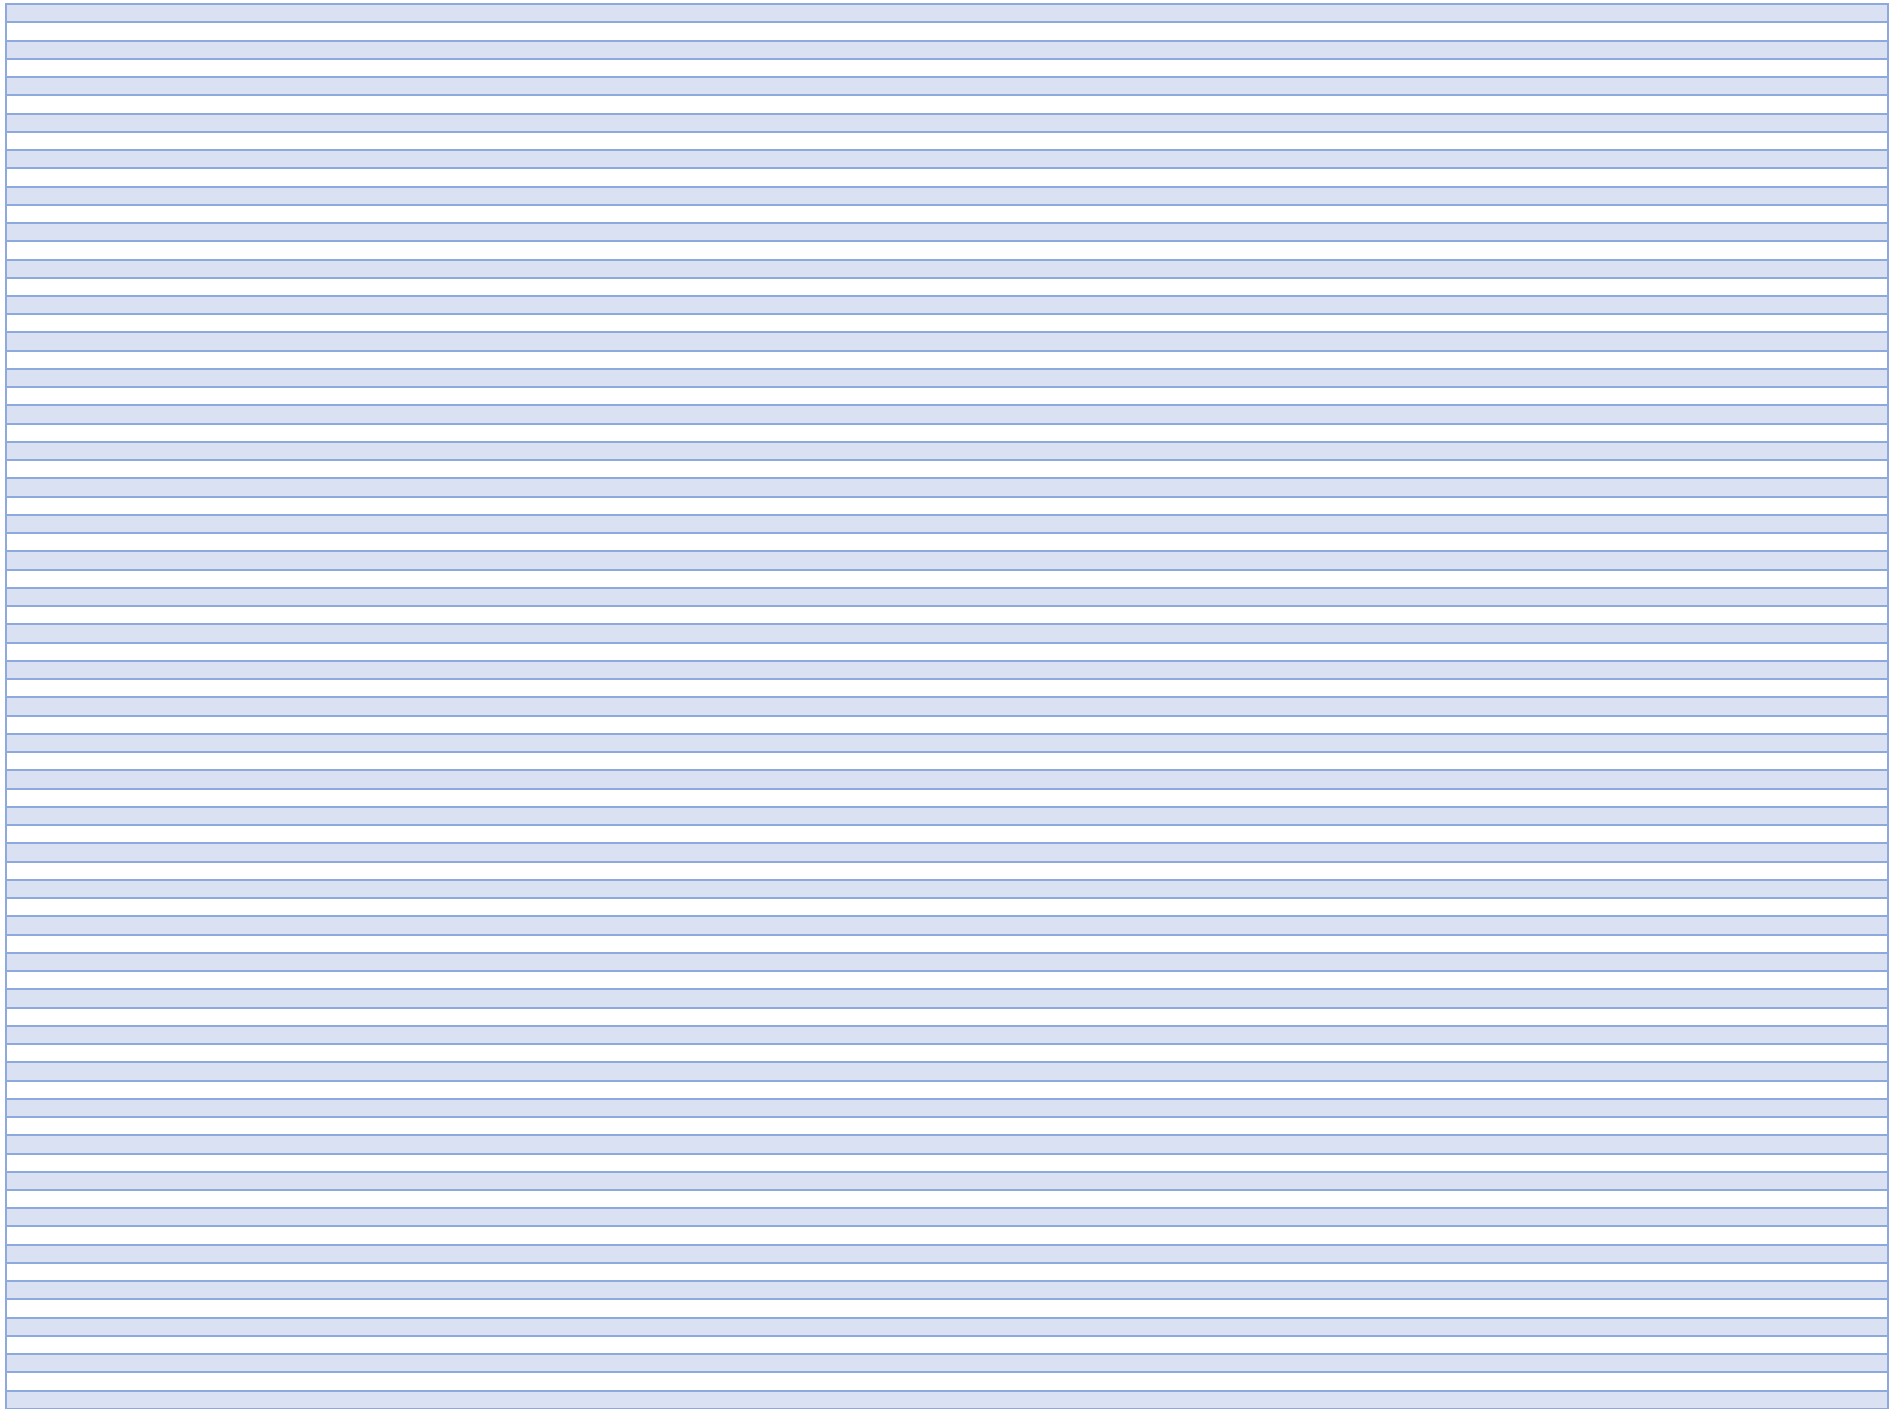

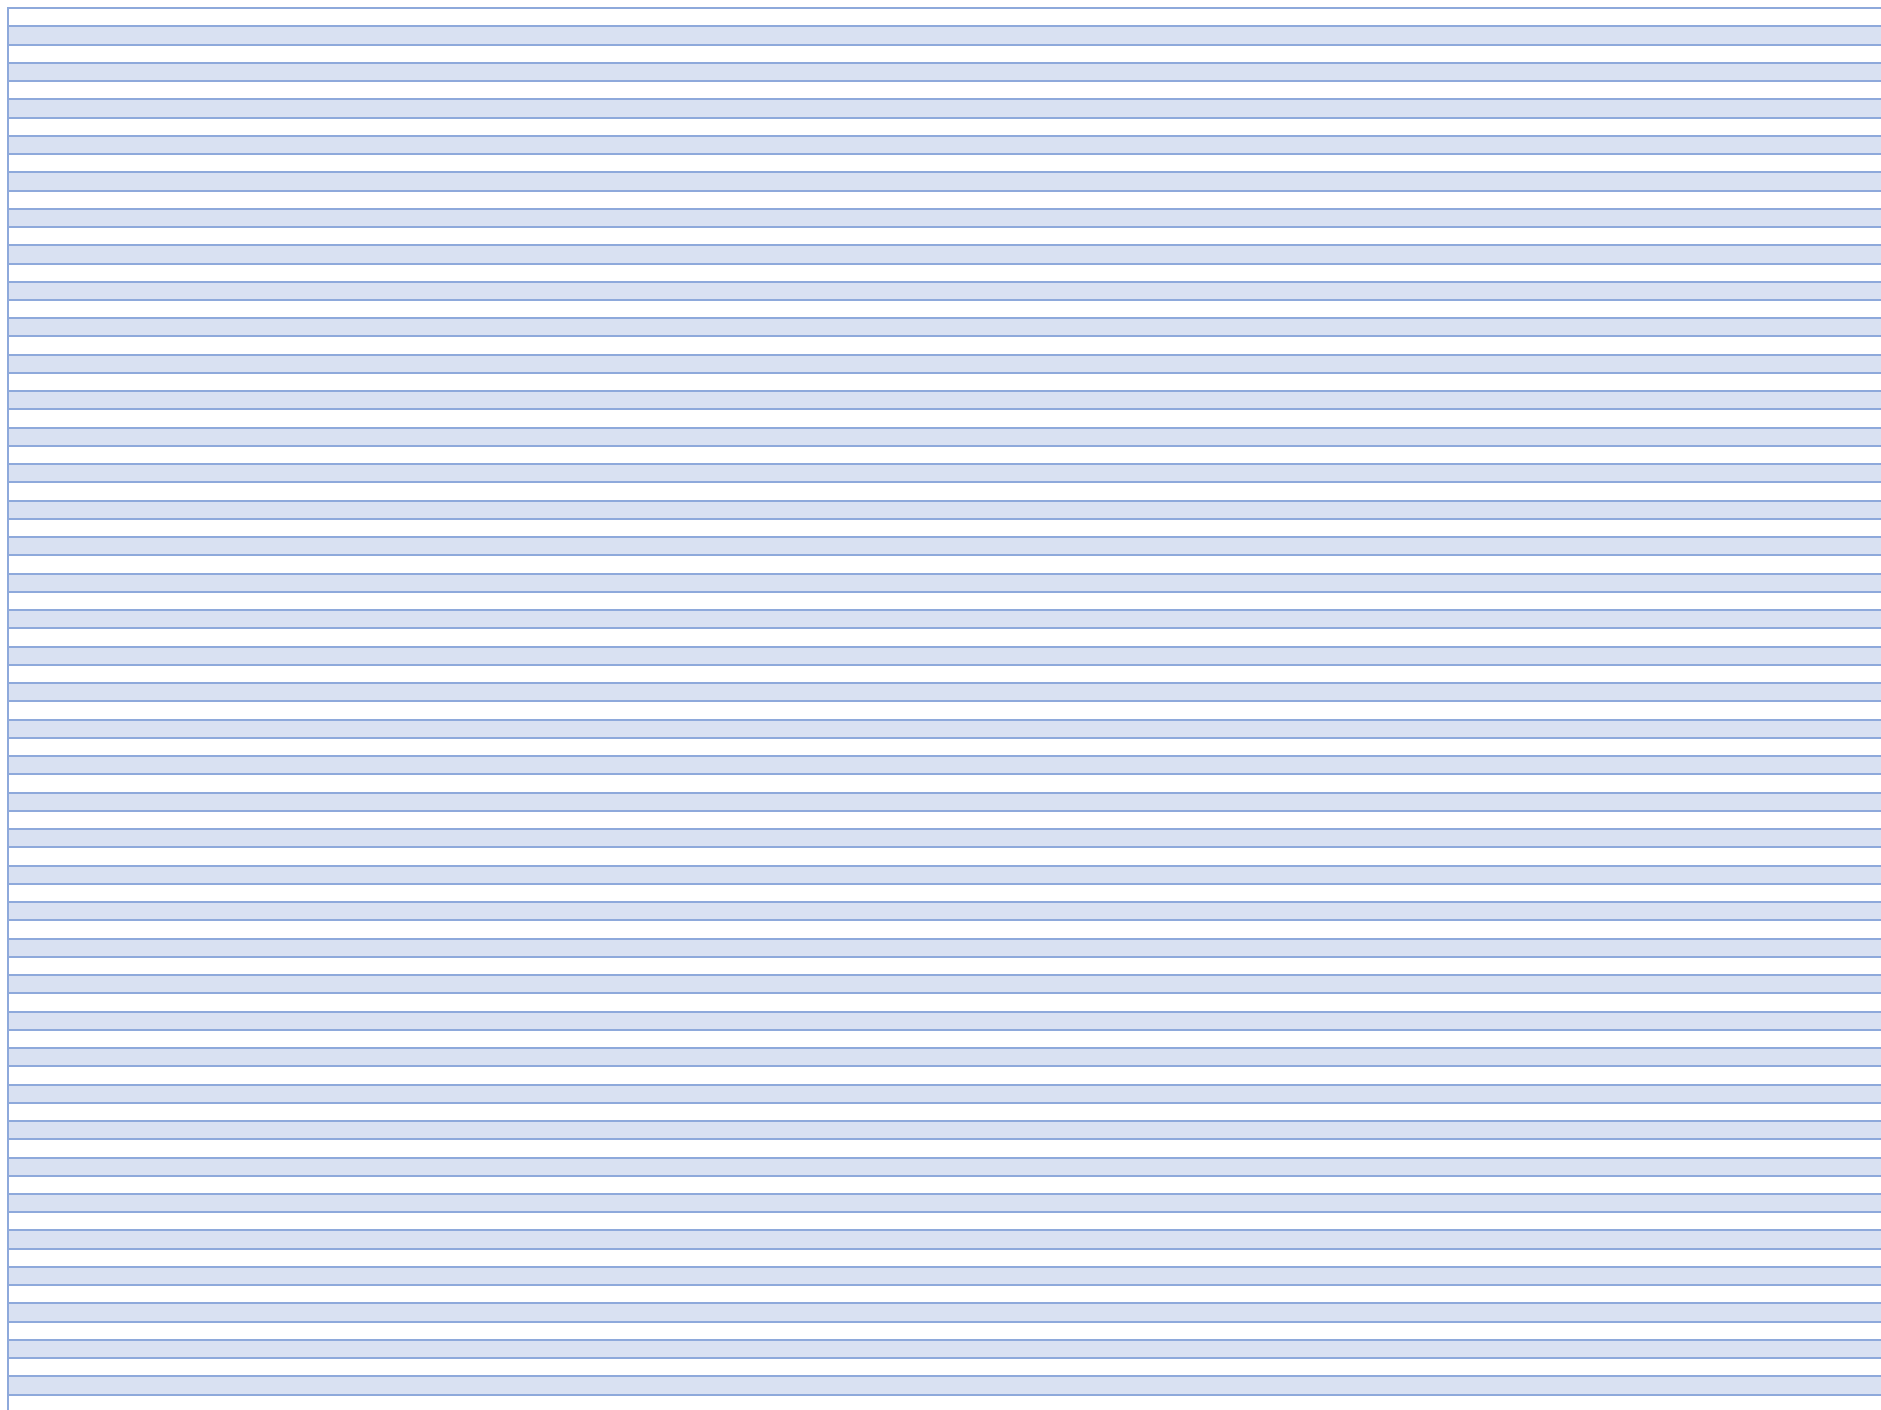

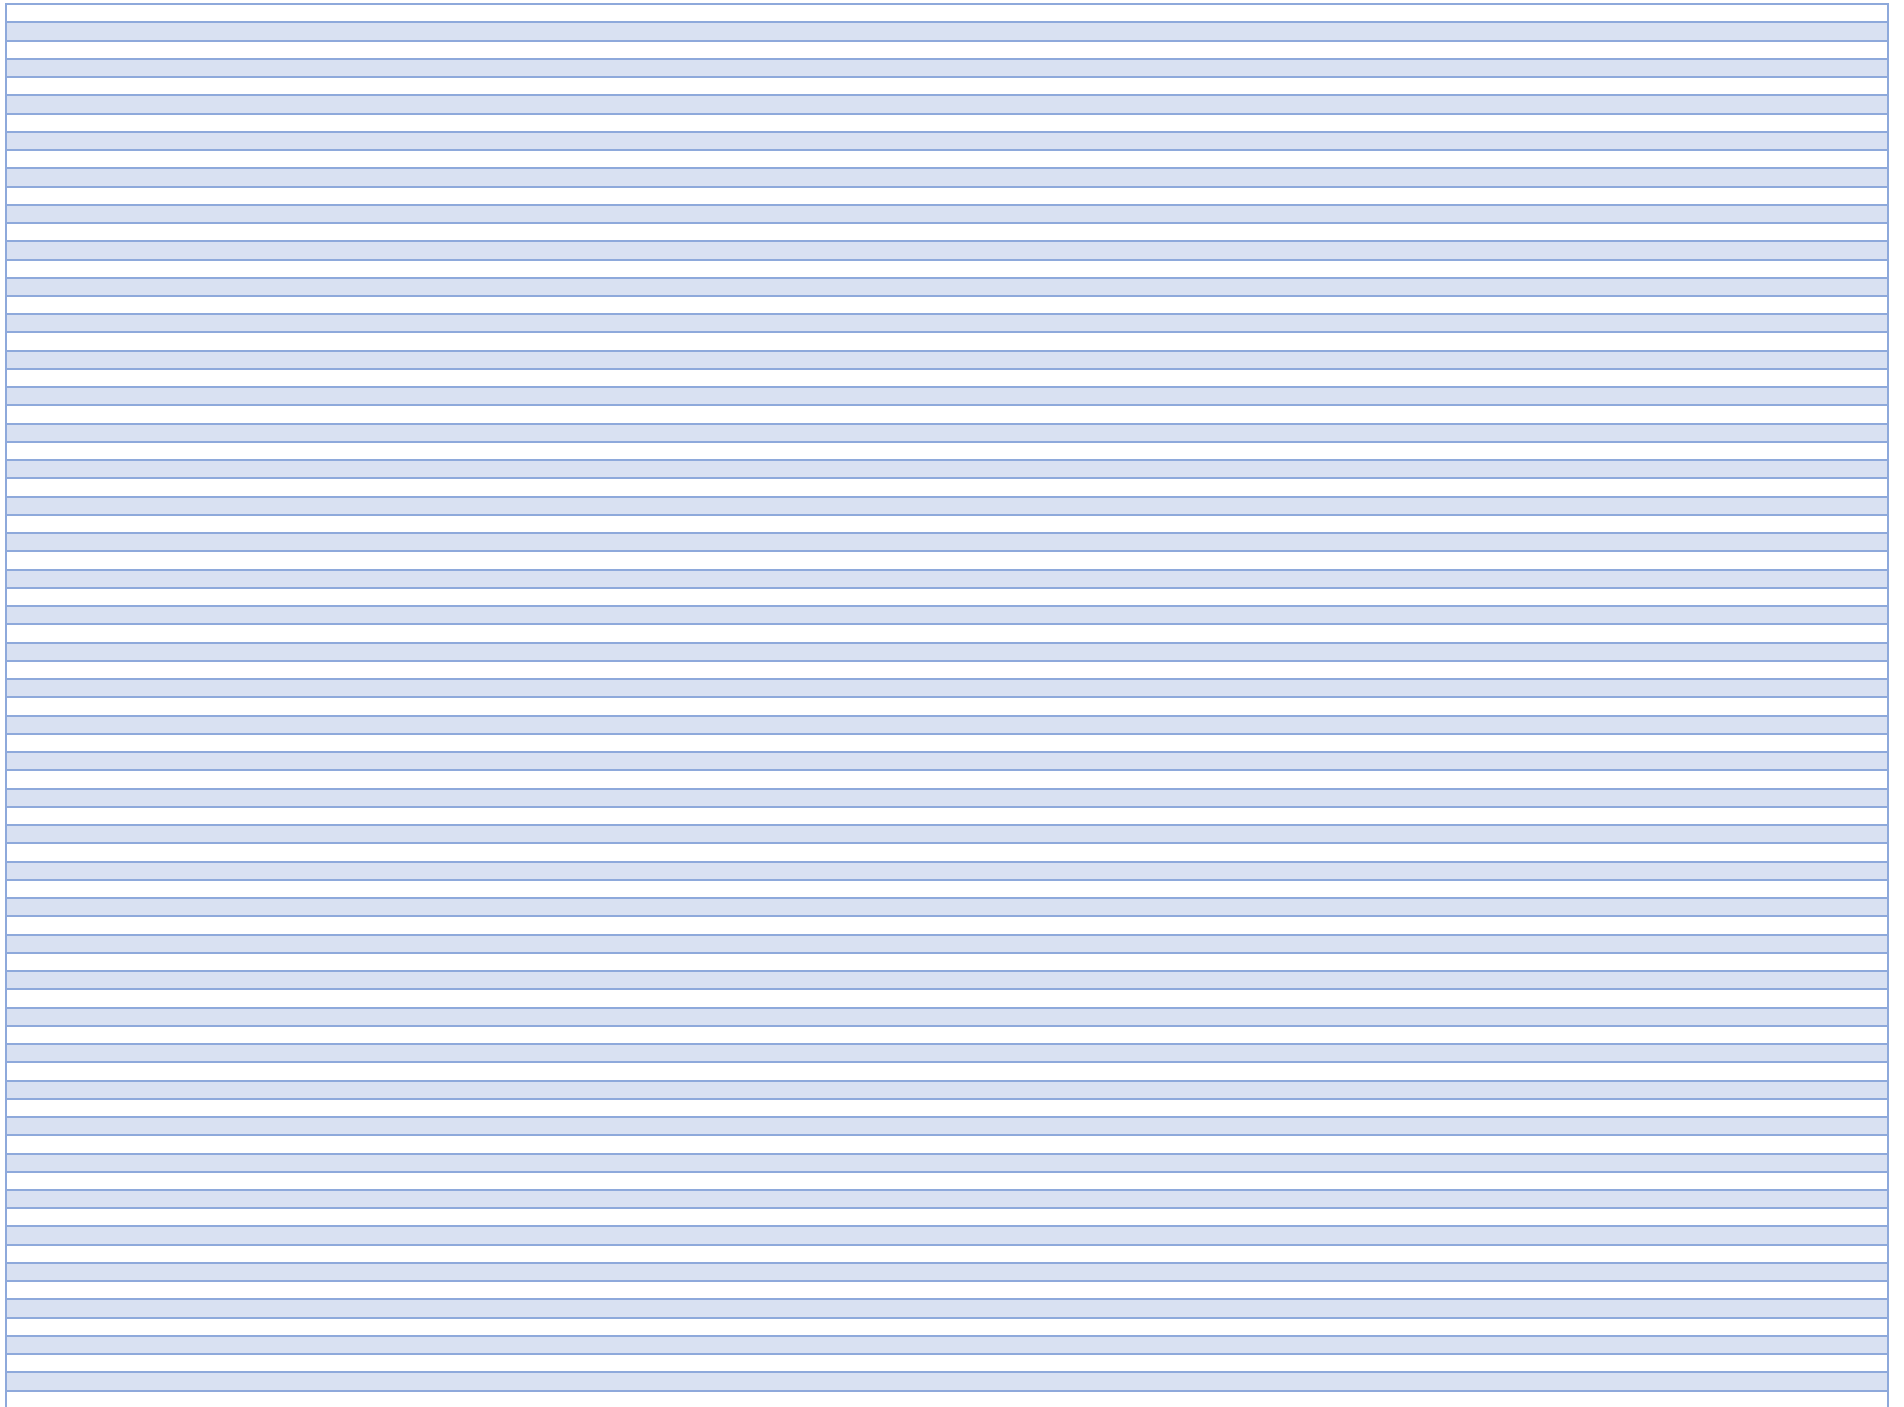

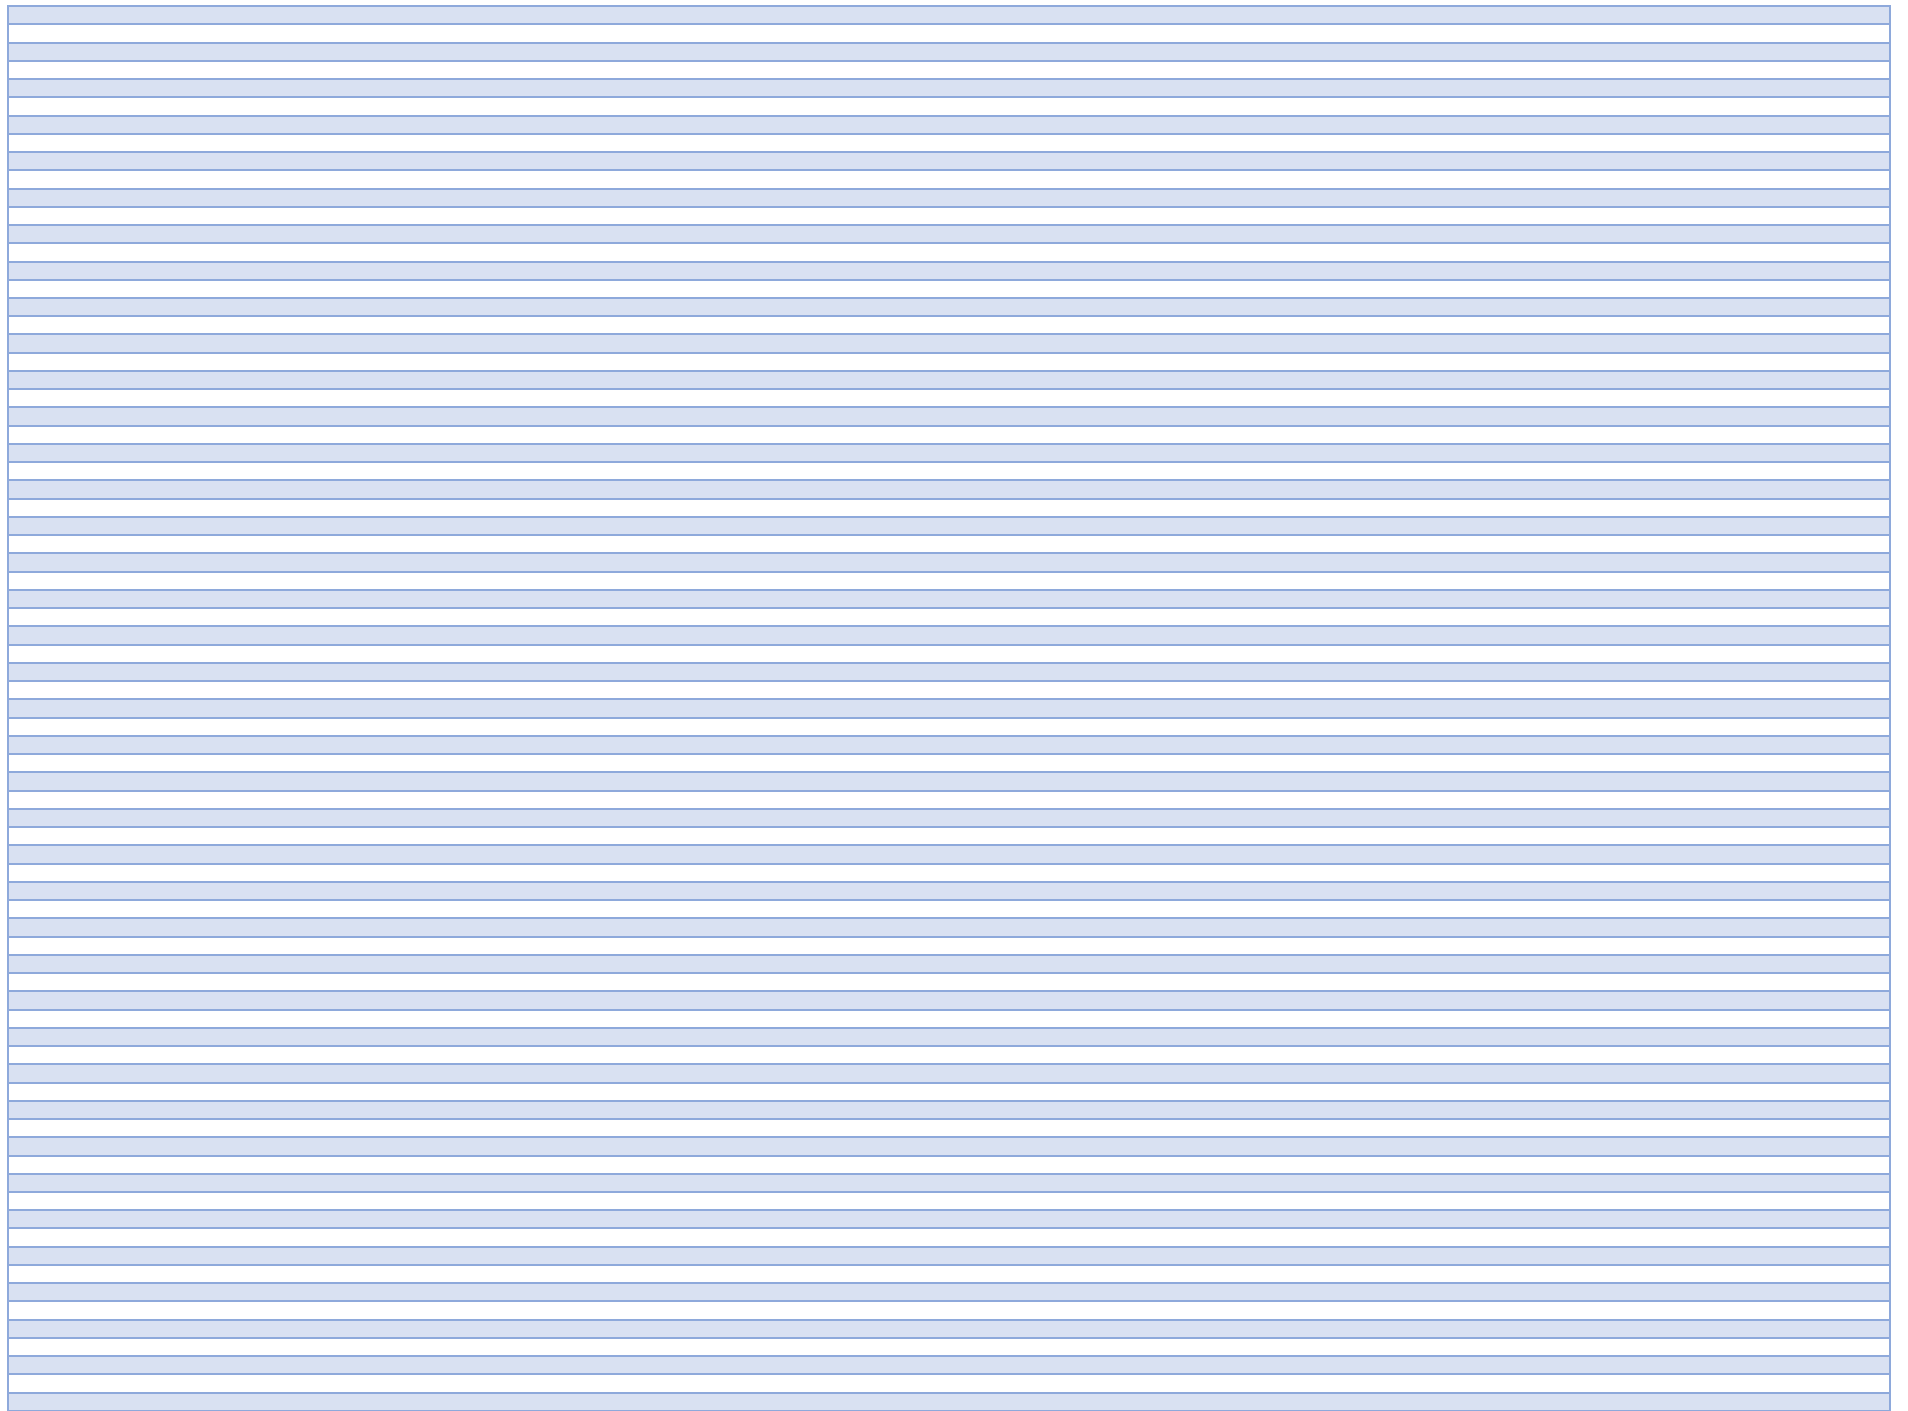

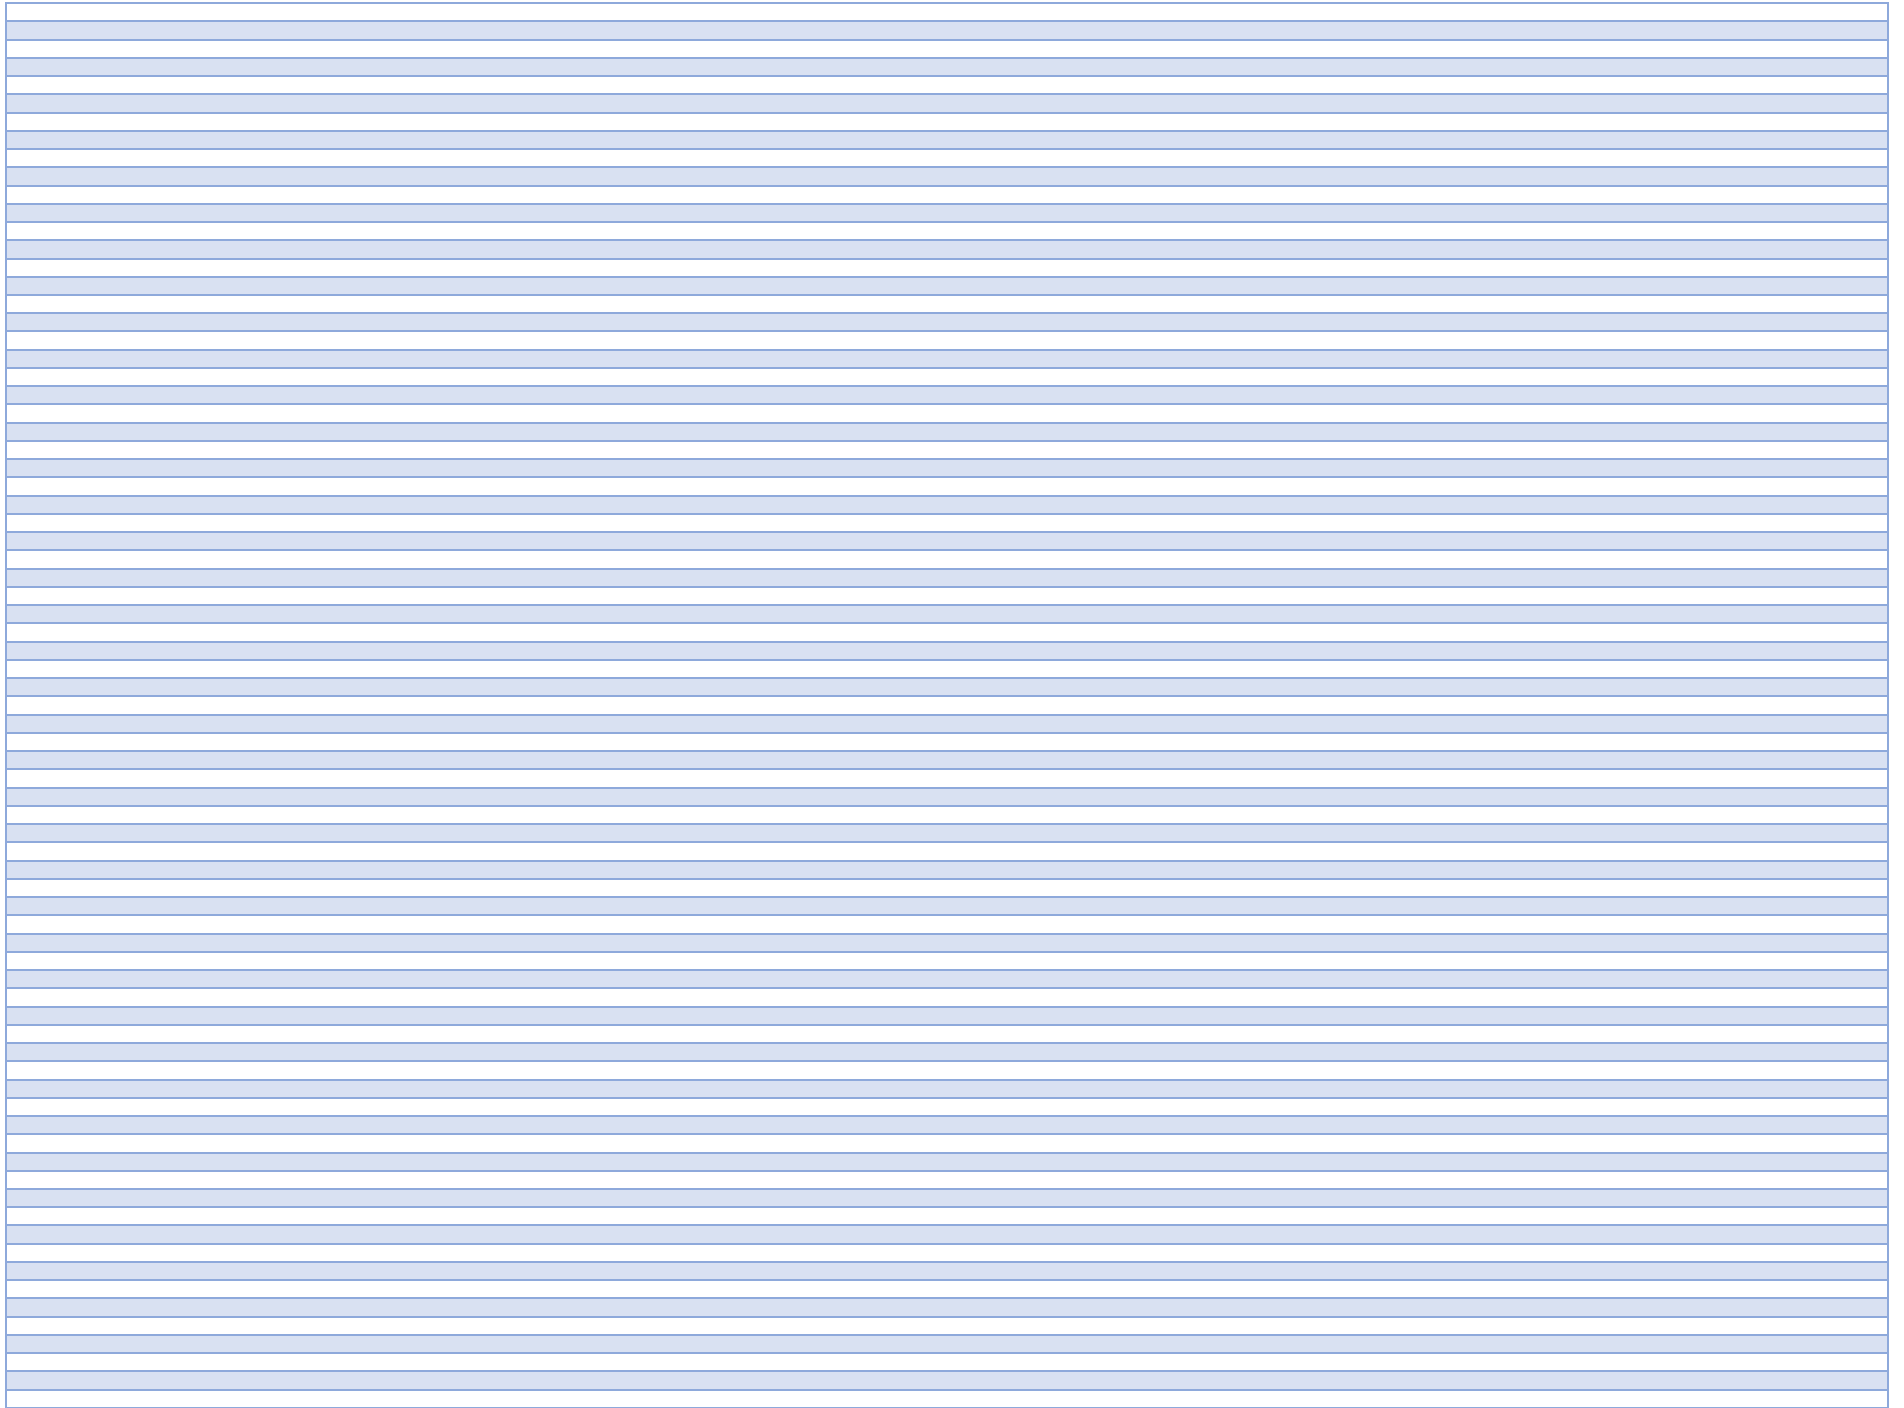

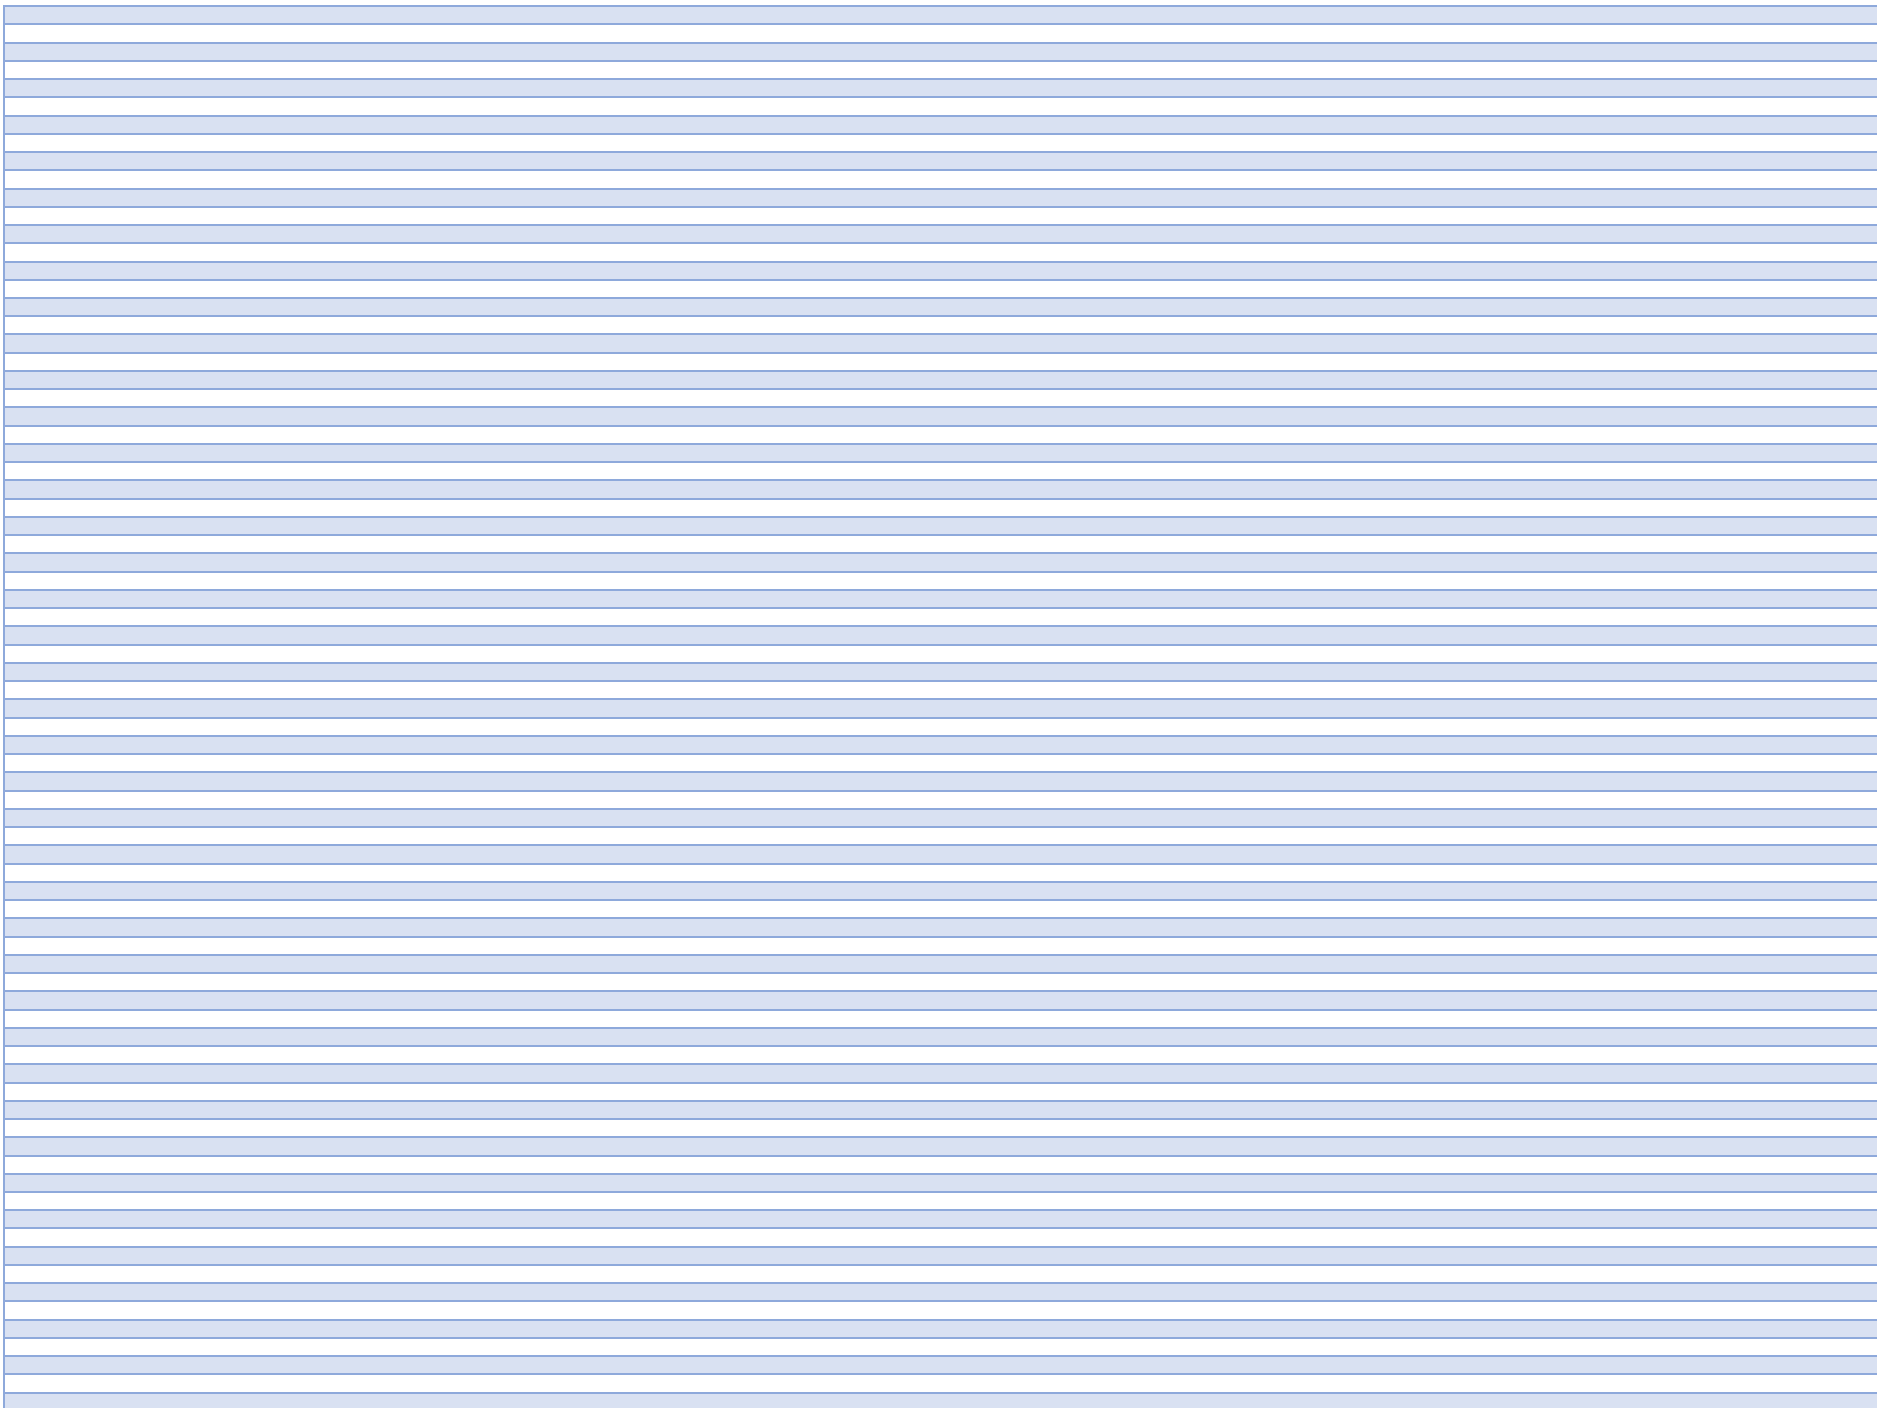

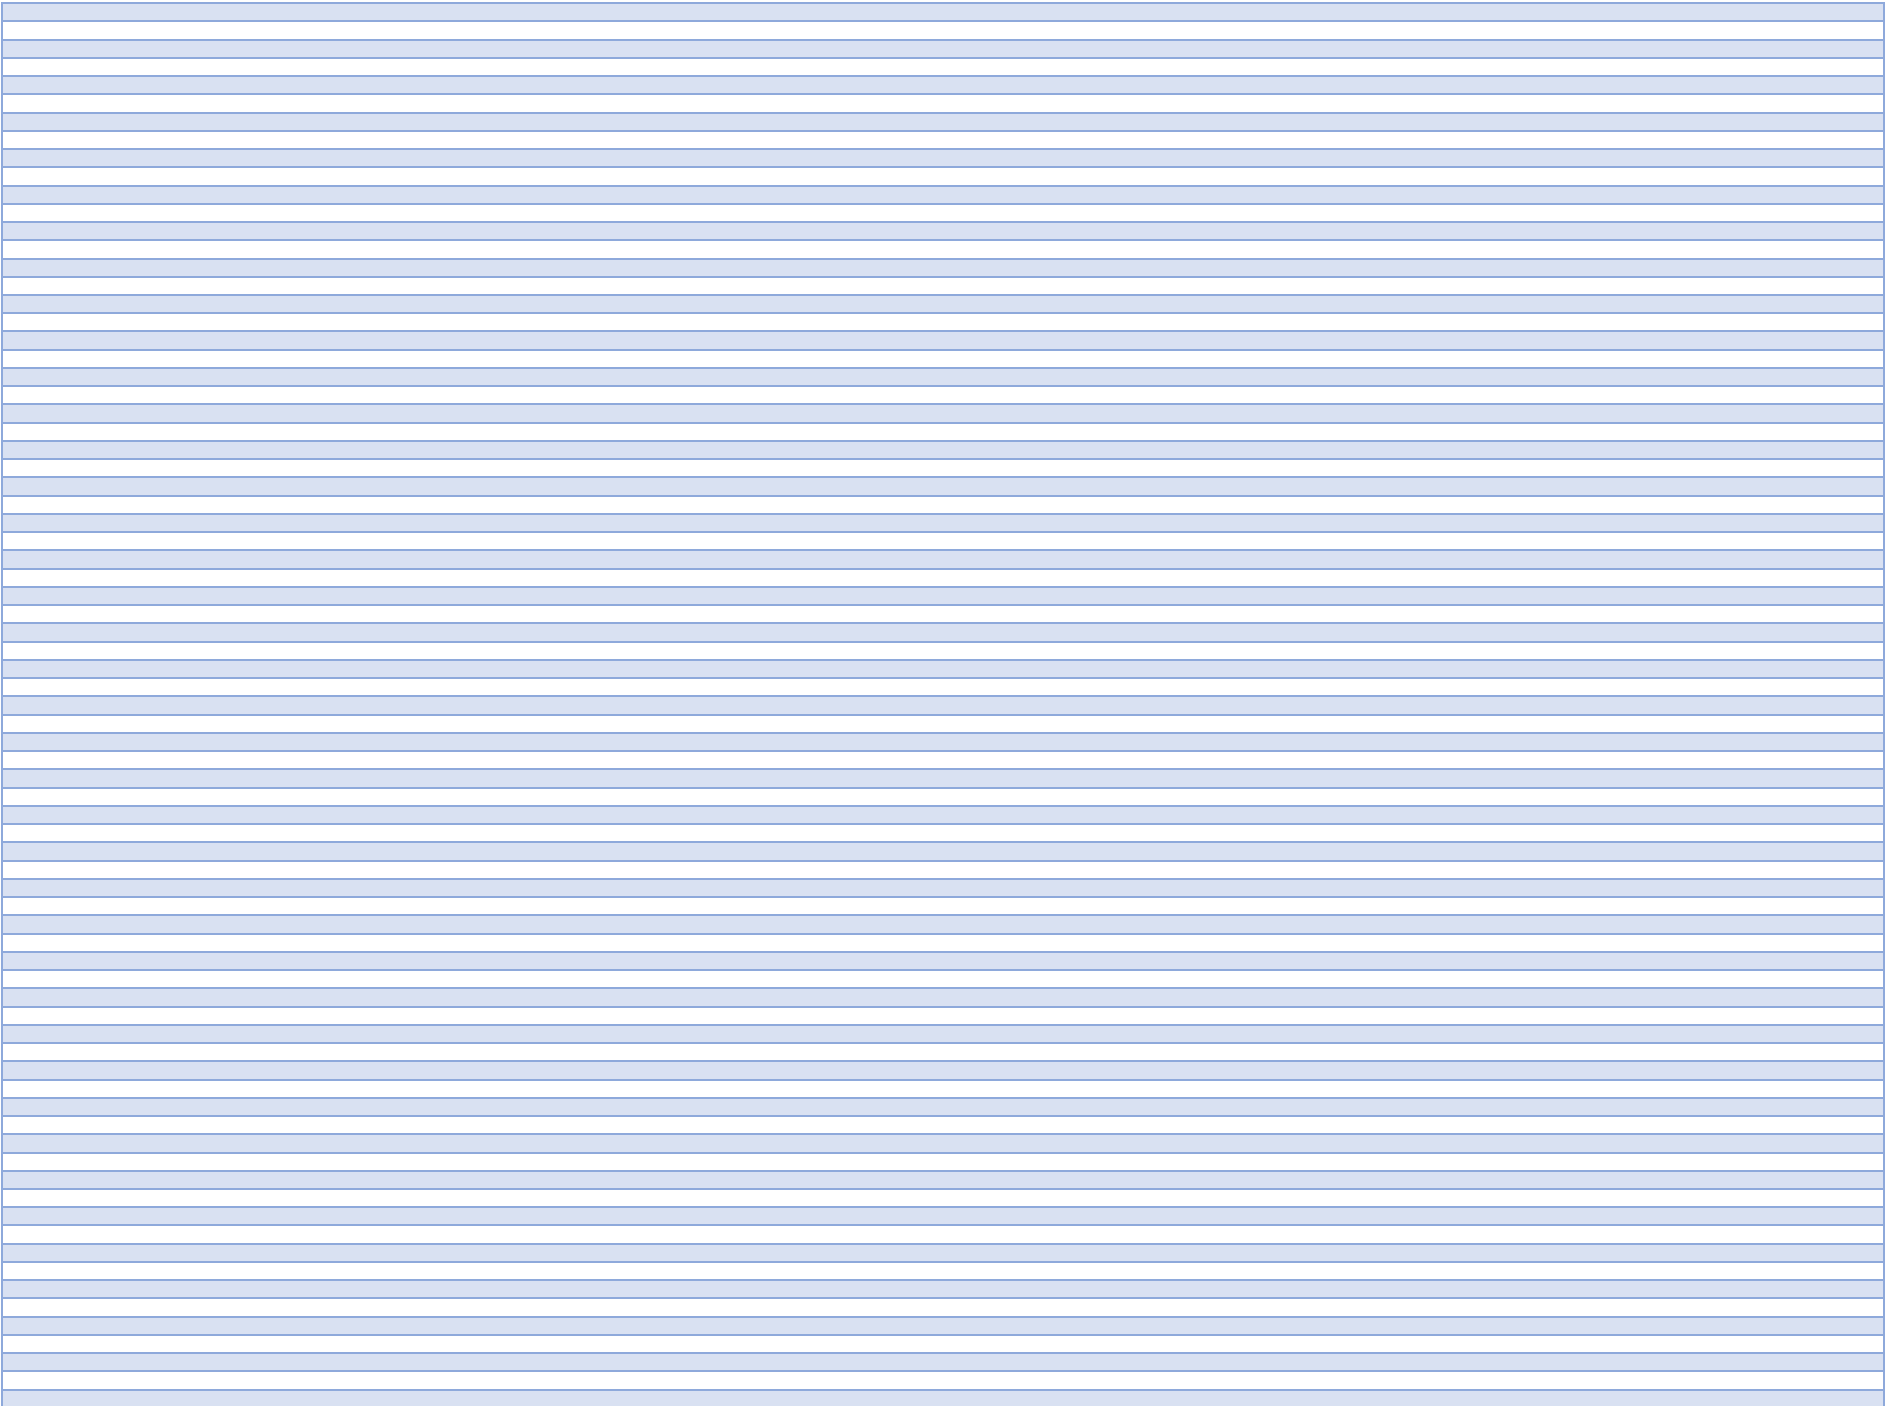

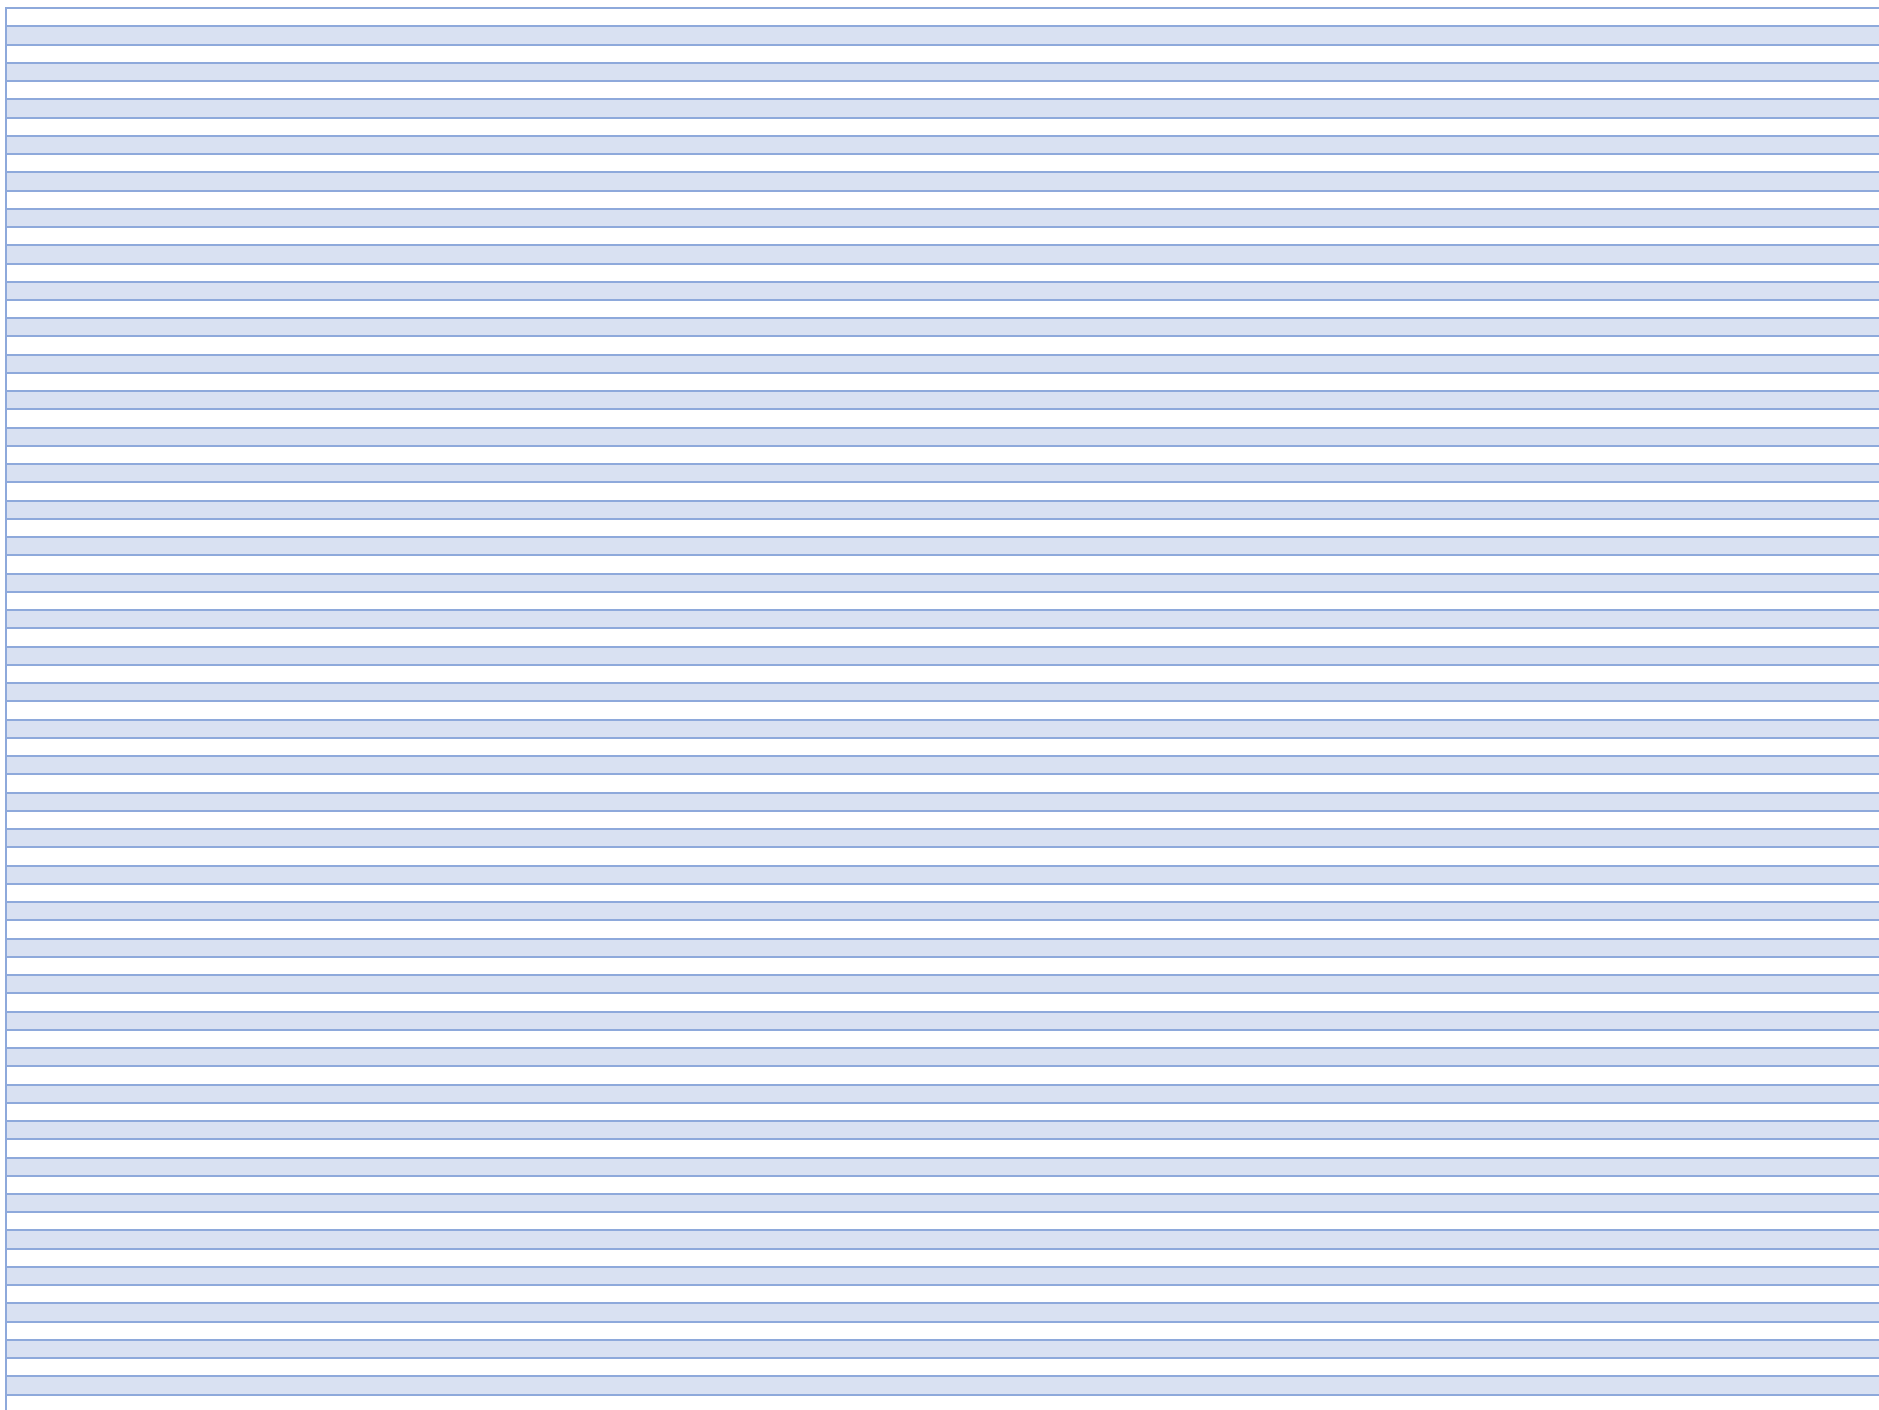

Blank lined paper template with horizontal blue lines.
